

Street Reports Tell of Disorders at Upper Main Avenue Pool Hall

Disturbances at the Pastimo pool hall, Main avenue south, Wednesday afternoon and evening, according to reports current on the street, resulted in a man named Weinberger receiving a wallop with a glass from the hands of an employee of the place called Eddie. The police were understood to have inter-

DRY LAND CROPS NEED MOISTURE

Intense Heat and Uninterrupted Sunshine Force Growth in Irrigated Sections

BOISE—The intense heat and uninterrupted sunshine caused, vigorous growth in the irrigated districts where all crops made rapid progress, but in the dry farm sections growing conditions were far from favorable, says Clinton E. Norquist, meteorologist, in a weekly summary of weather and crop conditions in Idaho. Crops are needing rain badly, particularly in the panhandle counties, and the combination of dry weather, high temperatures, brilliant sunshine, and occasional hot winds, was too much for crops lacking ample soil moisture to sustain growth. Drought conditions obtain also in some localities of the southeastern plateau, and unless the situation is relieved soon by rain the spring wheat crop will be materially reduced. Pastures and ranges were also adversely affected by the hot dry weather. However, the

high range continues generally good and livestock are reported in good condition and making satisfactory gains.

Notes from the Field

North Idaho: The weather continued hot and dry until near the close of the week, when it was cooler; all grains, root crops and pastures reduced by drought, although light showers occurred in mid-week in the northern counties; all fruits good; oats poor; wheat fair to good; harvest beginning; no storms; some hot winds.

Boise, Ada county: Crops are growing rapidly where well irrigated, but rain is needed to keep pastures and ranges in good condition.

Twin Falls, Twin Falls county: First of week clear and hot but closing days rainy; all crops doing fine; nearly all hay in stack; high wind Friday.

Malad, Oneida county: Sunshine adequate; crops growing nicely; a good rain would be very acceptable; pastures and range doing well; hay in full operation.

Geneva, Bear Lake county: Very hot weather all week; no rain; grain burning up; range drying very fast; alfalfa hay good; fair crop; livestock in fine shape.

Frutland, Payette county: Very favorable for all crops; apple thinning being done where needed; cherries being picked; early potatoes looking fine; lettuce growers getting around in shape for planting.

Montpelier, Bear Lake county: We had a nice shower the middle of the

week which freshened things considerably and cooled the atmosphere, otherwise the week was dry and hot with drying winds, although the nights have been generally cool and pleasant; spring seeding suffering from lack of moisture and will not make without rain; fair seeding is not suffering so badly but the yield will be light unless we have some moisture in the very near future; ranges are becoming quite dry.

Cuprum, Adams county: Pastures and range excellent; temperatures rather high.

Copeland, Boundary county: Temperatures above normal; good shower Friday night.

Lava Hot Springs, Blaine county: Week dry, hot and smoky; high wind Saturday; crops needing rain; hay in full swing.

Wahler, Washington county: Week unusually hot; all grain in good condition; potatoes about ready to dig for early shipments; cherry picking in full swing.

Richfield, Lincoln county: Hay in full swing; good yield but hard to cut on account of being down; strong wind latter part of week interfered with stacking.

Burley, Cassia county: Relief from extreme heat the last two days given farmers a chance to catch up with irrigation; hay doing well along with a good yield of fine quality hay.

Aberdeen, Bingham county: The week has been hot and dry; alfalfa hay cutting and stacking has been going on steadily with very favorable weather

for the work; crops all doing well, but requiring lots of water.

Bliss, Gooding county: First cutting of alfalfa in stack; good yield of good quality hay; potatoes in bloom and doing nicely; grain growing well; wind drying soil rapidly; heat sore part of week was damaging to crops.

Murtough, Twin Falls county: Alfalfa mostly stacked; beets and potatoes growing rapidly but due to rapid loss of soil moisture are requiring frequent irrigation; last three days very windy, causing wheat to lodge where newly irrigated.

New Meadows, Adams county: Clear, warm weather prevailed which fostered growth of meadows and favored farm work; extensive preparation for haying which will become general next week; prospects for a good average crop; showers needed for grain; mountain range good and stock doing well.

Parma, Canyon county: A warm week, but nights a little cooler; irrigators well up with their work; winter wheat and barley being cut; pastures getting short; grain and potatoes hurt some by hot weather; fruit doing well; apple thinning full swing; farmers busy getting ground ready for fall lettuce.

Lewiston, Nez Perce county: Dry, hot week with some hot winds; all wheat in valley and lower uplands has been harvested; most fields fair to good, but some poor; growth of vegetation at standstill except where irrigated; irrigation water very short and restrictive measures in effect. Maximum temperature 109 on the 3rd.

Conversational Cement. As you say, Aurelia, honeyed words are often used to mend broken promises.—Boston Transcript.

Biliousness and Constipation. "For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Tablets. The tablets relieve the digestive action, strengthen the system to do its work naturally," writes Mrs. Rosa Potts, Birmingham, Ala.—adv.

DECLARES POLL TAX LAW CAUSE OF MANY EVILS

President of Northwest Sheriffs and Police Association Criticizes Statute in Effect in Washington

COEUR D'ALENE, Idaho, (P)—Characterizing the poll tax law of the state of Washington as being responsible for hundreds of acquittals in criminal cases in that state, L. B. May of Seattle, president of the Northwest Sheriffs and Police association, made a bitter attack upon the poll tax law in the keynote speech of the joint convention of the Northwest association and the Idaho State Sheriffs' association here Thursday.

"The poll tax law in Washington has forced upon the public and the judicial system of the state a horde of irresponsible and incompetent jurors," said Mr. May, "any man or woman who pays the poll tax is eligible for jury duty. Young men of immature years and transients who have no interest in the enforcement of the law are thus called for jury service. For this reason, if for no other, the poll tax law should be repealed or amended."

Effect Declared Bad.
Mr. May also touched upon the parole system and the giving of suspended sentences. He said the presence of a suspended or paroled criminal in a community had a bad effect upon the youth of the community and was a cause of juvenile delinquency. He also advocated a pension system for police officers.

He stated that 40 officers have enrolled for the institute of criminology which will be opened August 1 in Seattle under the auspices of the association. According to Mr. May the institute will also offer extension courses to officers unable to take the classroom work.

INSPECT SITES FOR HOSPITALS

Prospective Locations for Government Institutions Examined by Federal Man

SPOKANE, (P)—Prospective sites in this vicinity for government hospitals for convalescent men were inspected Thursday by Col. Charles R. Forbes, head of the United States veterans' bureau, who arrived here from Tacoma, on a tour of the Pacific coast.

Colonel Forbes Thursday visited the F. Lewis Clark estate on Hayden lake, Idaho, 30 miles east of here, and said that he would visit Fort Wright, near here, Friday. He said that while he has not been informed of any intention on the part of the war department to abandon Fort Wright as a military post, he wishes to be informed concerning its adaptability for use as a hospital, in case it should be given over for military use.

J. B. Milliken, assistant director of the veterans' bureau; L. C. Joseph, manager of the Thirtieth district of the veterans' bureau; and other members of Colonel Forbes' party inspected the local branch of the veterans' bureau and the county tuberculosis hospital Thursday.

What is useless to you may be valuable to others—advertise it in the classified columns.

BANKERS HEADED WEST

Six Hundred Financial Institution Officials and Wives Beach Spokane En Route to Portland

SPOKANE, (P)—More than 600 American bankers and their wives left here late Thursday night for Seattle en route to Portland, where they will attend the convention of the American Institute of Banking. The party is traveling in a special train of four sections.

The visiting bankers arrived in Spokane early Thursday afternoon and were entertained by automobile drives through the surrounding country. Near by summer resorts where they could indulge in bathing proved particularly delightful to the visiting financiers. A dinner and dance given in honor of the visitors by the local chapter of the institute occupied the evening.

COTTON TARIFF IN HOT DISPUTE AMONG SENATORS

First Real Split in Republican Ranks with Respect to Administration Bill May Take Some Days to Heal

WASHINGTON, (P)—The first real split in republican senate ranks over the administration tariff bill came Thursday during consideration of the cotton schedule with a result that the committee amendments proposing increased rates on various kinds of yarns and on silver and roving were rejected one after another as fast as they were reached. The majority opposition was led by Senator Leapor, of Wisconsin, and reached its maximum strength on the first roll call, 12 republicans opposing the committee rate on a roll call by which the amendment was rejected, 32 to 24.

The 12 republicans were, Dorn, Capen, Cummins, Jones of Washington, Leapor, McCormick, Nelson, Norbeck, Sterling, Townsend and Willis. The lowest republican vote against any amendment was nine, with the average running at 10. With a single exception on each roll call, the democrats voted solidly against the proposed increases.

With the basic duties on yarns reduced, it was predicted that cuts in the rates on at least the lower grade cotton cloth of even greater proportions than recommended Wednesday by the finance committee majority would be made as the senate proceeded with the schedule. That probably will be some time next week, as the schedule is to be laid aside Friday in favor of the embargo provision of the bill. A vigorous fight over it is foreseen.

The Old Nantucketer.
The Nantucketer, he alone resides and clings to the sea. There is his home; there lies his business, which a Noah's flood would not interrupt though it overwhelmed all the millions of China. He lives on the sea, as prairie cocks in the prairie; he hides among the waves, he climbs them as chimneys hunters climb the Alps. For years he knows not the land; so that when he comes to it at last, it smells like another world, more strangely than the moon would to an Englishman. With the landless gull, that at sunset folds her wings and is rocked to sleep between billows; so at nightfall, the Nantucketer, out of sight of land, furrows his sails, and lays him to his rest, while under his very pillow rush herds of walrus and whales.—Herman Melville.

ENORMOUS SPUD CROP INDICATED

Idaho's Potato Production Jumps Three Million Bushels Over Last Year

Idaho's estimated potato production for 1922 is 13,064,000 bushels, an increase of more than three million bushels over last year's record yield, says Julius H. Jacobson, statistician for the Idaho crop reporting service, in his report for July. Average planted—last year totals 79,000, an increase of 22,000 acres or 39 per cent over 1921, and the largest reported in the 41 years that records have been kept in this state.

The estimated United States potato crop is 428,095,000 bushels, which, if harvested, will be the second largest in the history of the country. In 1921, a crop of 442 million bushels was harvested.

Last season Idaho ranked fifth as a potato shipping state with a early movement of 14,641 cars and was exceeded only by Maine, Minnesota, Colorado and Michigan. The earliest movement in Idaho amounted to 83 per cent of the total 1921 crop. If present conditions hold up and there is a like demand, 18,000 cars should roll this season.

The July 1st condition of 92 per cent of normal, however, is six points below that of a year ago and one point above the 10-year average. A backward spring delayed planting and inferior seed has resulted in reduced stands of 15 to 20 per cent in many fields.

The early district, centering around Caldwell, which extends from Klamath to Weiser, shows the heaviest increase in acreage, it being 64 per cent greater than last year. Shipments in this district have increased from 127 cars in 1916-1917 to 2503 cars last season. In the northern counties the acreage has increased 15 per cent; Rupert to Buhl, 33 per cent; Pocatello north 40 per cent and Pocatello east and south, 53 per cent compared with last season.

All the principal potato producing states show substantial increases in acreage this year, North Dakota leading with 75 per cent over 1921. In the early potato district of Kew Valley, Kansas, the acreage is 17,000 or 1600 acres more than last year. Condition July 1st was 75 per cent of normal compared with 80 per cent in June. The heat wave in mid-June was followed by daily rains from June 28th to July 3rd and there is now danger of second growth. Acreage in the Kearney, Nebraska, district has increased one-third over 1921. Shipments last season were 600 cars and the estimate this season is 1,000 cars. The crop in these two districts is now moving in carload lots and will compete with our Golden Wonder district, where shipping will be active about July 20th.

Following is a list of important potato

A Splendid Medicine for the Stomach and Liver

"Chamberlain's Tablets for the stomach and liver are splendid. I never tire of telling my friends and neighbors of their qualities," writes Mrs. William Volmer, Eastwood, N. Y. When bilious, constipated or troubled with indigestion, give them a trial. They will do you good—adv.

ROGERSON HOTEL PHARMACY

"Service—Quality"
C. P. KENNEDY, Mgr.

into states showing the acreage in per cent of last year, condition, and estimated production July 1st:

State	Acreage in per cent of last year	Condition	Production Forecast
Maine	105	84	25,515,000 bu.
New York	104	88	31,712,000 bu.
Pennsylvania	105	91	24,085,000 bu.
Wisconsin	107	92	35,182,000 bu.
Minnesota	110	90	34,534,000 bu.
North Dakota	175	82	42,905,000 bu.
Colorado	168	86	18,550,000 bu.

Wheat

The total crop is estimated at 23,810,000 bushels, a decline of 535,000 from June 1st. Winter wheat condition July 1st was only 78 per cent of normal, the lowest since 1915, when it was 72 per cent the same dating. A year ago it was 90 per cent, while the 10-year average July 1st condition is 88 per cent of normal. A crop of 8,155,000 bushels is forecast compared with 10,379,000 harvested in 1921. Spring wheat declined 3 points from June to 88 per cent of normal. A year ago it was 97 per cent and the ten-year average is 85 per cent. Indicative production is 15,655,000 bushels. Heat and drought the last half of June were very detrimental in northern counties and all highest wheat in Idaho. Wheat on the Rexburg Bench in Blaine county is still holding up satisfactorily. Only 4 per cent, or 1,084,000 bushels, of last year's 27,979,000-bushel wheat crop remained on farms July 1st, compared with 7 per cent, or 1,652,000 bushels, a year ago.

The nation's wheat crop is estimated at 817 million bushels, having been decreased by 38 million bushels in June. Of the 793 million bushels harvested last year only 4 per cent, or 31,641,000 bushels, remained on farms July 1st, compared with 56,707,000 on July 1, 1921, and 33,442,000, the five-year average, 1916-1920.

Oats and Barley

Both oats and barley suffered from heat and drought in all non-irrigated districts. The condition of oats is 68,477,000 bushels against 7,740,000 bushels harvested in 1921. A condition of 88 per cent of normal compares with 95 per cent a year ago and equals the 10-year average. Barley promises a crop of 2,921,000 bushels against 2,784,000 bushels harvested in 1921. Condition is only 87 per cent of normal compared with 93 per cent a year ago and 95 per cent the 10-year average.

Corn

Farmers in northern, western and southern counties have increased their corn acreage 10 per cent over last year for a total of 65,969 acres. The forecast is 1,842,000 bushels, assuming all will be cut for grain. A condition of 92 per cent is 6 points under a year ago because of the late start this spring. Hot weather at present is causing rapid improvement.

Hay

In northern counties the hay crop has suffered severely while in western counties alfalfa harvest has reduced yields, which accounts for a 4-point reduction in condition from last month to 89 per cent of normal July 1st. Production is estimated at 2,933,000 tons against 3,180,000 tons harvested in 1921.

Fruit

Apples improved 3 points during June to 81 per cent of normal, forecasting a production of 4,275,000 bushels. A year ago the condition was 75 per cent, while the 10-year average is 72 per cent. Last year's production was 4,400,000 bushels. Peach condition is 89 per cent of normal compared with 51 per cent a year ago and a 10-year average of 58. The estimated production is 220,000 bushels compared with 150,000 bushels harvested in 1921. Prunes are flourishing in all districts. Condition this month is 90 per cent of normal compared with 80 per cent June 1st.

The apple forecast for the United States is 189,540,000 bushels compared with 160,000 bushels harvested in 1921 and an average of 179,000,000 bushels, the 10-year average, 1916-1920. Following is a list of important apple states showing the total, or agricultural crop, and the commercial crop.

State	Production, Agricultural Bushels	Commercial Barrels
New York	27,762,000	5,537,000
Virginia	8,304,000	1,632,000
Pennsylvania	10,099,000	1,077,000
Arkansas	3,920,000	620,000
Missouri	7,694,000	1,025,000
Indiana	4,130,000	724,000
Illinois	7,556,000	1,326,000
Colorado	4,000,000	905,000
Oregon	6,230,000	1,451,000
Washington	47,000,000	7,470,000

BURCH IS SAVED FROM TESTIFYING

Co-Defendant in Obenchain Trial Has Narrow Escape from Witness Box

LOS ANGELES, (AP)—Arthur C. Burch, co-defendant with Mrs. Madeline Obenchain on trial for the murder of J. Belmont Kennedy, was called as a witness by the prosecution Thursday, but on objection by his counsel, did not testify.

Burch, who is charged with having shot Kennedy at the instigation of Mrs. Obenchain, faced her from the witness chair as she sat at the counsel table, but no sign of recognition passed between them. He replied to a question asking his name, after which his counsel objected to his testifying unless the indictment against him was dismissed. When the prosecution stated it would not dismiss the indictment, Burch was excused.

The principal witness Thursday was Paul Roman, convict who previously testified that in several conversations at the county jail and in letters written to him while he was in Folsom prison, Mrs. Obenchain sought to have him give false testimony for her.

The defense introduced two more letters which Roman identified as having been written by him to Mrs. Obenchain while he was in Folsom prison. In one of them he said he was spending his leisure time writing a romance in which there was to be a "big, old castle and a machine. The girl I have already picked," he wrote, and followed it with a description of Mrs. Obenchain. The automobile he described as being of the same make as that owned by J. D. Kennedy, father of the slain man. The letter ended: "My mind is constantly with you and my thoughts are always of you, also dreams. And besides I am utterly lonesome and blue."

REMOVE BARRIER

(Continued from Page One)

purification, and of new springs for the street flusher coming between \$70 and \$125. It took under consideration the superintendent's statement that a water main on Addison avenue west to the county general hospital would have to be replaced in the near future with cast iron pipe. Action of alkali on metal hoops around wood staves in the pipe now in place there, the commission was told, has so weakened the line that breaks are frequent and costly. One such break occurred Sunday afternoon, the superintendent said, and repair was not completed until 11 o'clock Monday forenoon. Four breaks have occurred in the line recently.

Police Chief Makes Report

George M. Eckert, chief of police, brought to the attention of the commissioners, a case of violation of city ordinance involving distribution of large paper posters put out by a Buhl concern, a dangerous situation existing on Main avenue north where a sidewalk has been undermined, he said, and his recommendation for a regulation to prohibit persons under the age of 14 years driving automobiles.

C. E. Blincoe was assured that consideration would be given the condition he complained of where all of the drainage from the entire block was permitted to run off through an alley back of his premises on Second street east.

An exception to requirement of an ordinance providing that gasoline tanks must be installed not less than 25 feet distant from fire plugs was made by the commission in the case of E. O. Havens, who was permitted to install a tank within 15 feet of a fire plug at his place of business on Shoshone street south. Havens told the commissioners he could not install the tank farther from the plug without getting onto another person's property.

Presents Auctioneer's Case

While before the commission, Havens took occasion to discuss the question of municipal license for auctioneers and to recommend as a "duty in gratitude to Mr. Loe," that the prevailing scale be revised to provide for a lesser license fee. He charged that a former administration for reasons that he could give, had discriminated against him, as an auctioneer, after raising the license fee from \$5 to \$20 a quarter, by permitting outside auctioneers to ply their calling here upon payment of the \$5 fee. When the subject had been introduced by Havens, Loe made a further explanation of the situation. He said that he felt that the fee should be reduced; that he had not paid the fee for the last quarter and that he did not expect to continue in a business unless the fee were reduced. Upon recommendation of the mayor, the question was passed until the next meeting.

ing with the understanding that in the meantime a schedule would be worked out that would be "fair to all."

Would Be Inspector

Application for the position of meat and dairy inspector, being filled temporarily by Dr. W. L. Ikard, an appointee of the former administration, was made in person by W. C. McPherson, who came to Idaho last fall with Scott's "modern caravan" from Brooklyn to Rosworth. He presented his certificates of graduation from the Kansas City Veterinary college and veterinary school of the University of the State of New York, together with other credentials. He said that he was leaving Rosworth but would welcome an opportunity to remain in Idaho if he could find something to do here.

With assurance given by H. C. Alexander, that the report of James S. Hall, former city treasurer, for the quarter ending June 30 was "absolutely correct, at least, in accordance with ledger entries," the commission accepted the report and ordered its publication. Resolutions were adopted defining the duties of appointive officers and fixing the salaries and wages of officers and employees.

SERVICER OVERTAILED

BALTIMORE, (AP)—Declaring its inability to get assurance of protection to the lives of employees and property of the company at Garrett, Ind., and Willard, Ohio, important points on the Chicago division on the road affected by the shermen's strike, the Baltimore and Ohio railroad has announced a temporary curtailment of its passenger service "through the territory affected by these conditions."

EMPLOYEE KIDNAPED

MUSKOGEE, Okla., (AP)—Frank Owens, employed at the Missouri, Kansas and Texas shops here was seized by a band of about 20 men said to be strikers as he was leaving duty late Thursday. He was beaten over the head and carried away in an automobile. There were five cars in the kidnapping party, witnesses said. All available police officers were kept in pursuit.

ROUNDHOUSE CREW OUT

MUSKOGEE, Okla., (AP)—The entire roundhouse crew of the St. Louis and San Francisco railroad here went on strike Thursday in sympathy with the striking shopmen. The walkout, according to officials, will seriously hamper service.

Unless men can be hired by Friday morning to replace the roundhouse strikers service on the "Frisco" will virtually cease on the branch from Fayetteville, Ark., to Okmulgee, officials say. The strikers include engine wipers, firemen and laborers. Thursday night there was no one at the roundhouse except a clerk and the general foreman.

LIBERTY MAKES ALL ONE

Today is Bastille Day, natal day of French independence. One hundred and thirty-three years ago an angry mob, incensed by persecutions and oppressions, inspired with age-old love of freedom and the zeal of revolutionaries, stormed the ancient walls of the fortress prison and razed it to the ground. No vestige of it remains, but on its site stands a lofty column of bronze, topped by a gilded figure of the spirit of liberty. All Paris today gathers about it to celebrate the heritage wrought by their forefathers on this spot; all France unfurls the tricolor to the breeze with thought of the significance of this day in the great upheaval that changed the course of western Europe.

In many parts of the United States tribute will be paid to the French republic, even as a few days ago the people of France exulted with us in celebration of liberty's birth. It is indeed fitting that these two great free peoples should unite in exultation, for their historic achievements have been long intertwined. Without French aid the American republic might never have been realized. "French ships, French money, French men came to our assistance at a time of direst need. Only a few years were to elapse before these same volunteers, who with Lafayette sustained our cause, were to take notable part in winning freedom for their own people. In these later days, when the two peoples have stood shoulder to shoulder against the assault of resurgent autocracy, realization has come to each of their historic comity as pioneers for the rights of man.

One hundred and fifty years ago there was not a free government of freedom anywhere on the face of the earth. Today there is not a continent where there is not a government of the people, by the people, and for the people. The United States of America, in revolt against the German king of Britain, first hurried defiance into the face of autocrats. The American people proved that across the seas could be established a nation in which men should rule themselves and in which the only divine right should be the divine right of man to live their lives in peace and happiness. Quickly thereafter the people of France inspired by this example, proved that a free people can live at the very gates of tyranny.

Independence day and Bastille day might well be observed by the free peoples of all lands as the symbols of their liberation.

THE PEOPLE ARE FOR THIS

Brigadier General H. M. Lord, the new budget director, may not be able to present his facts and figures with the picturesque abandon of Charles G. Dawes, but so long as he has the will for the job and the whole-hearted support of the president the good work will go on.

The heart of the whole budget process rests in the sincerity of its operation and that implies that the budget director speaks and acts with the full consent and approval of the executive. Even General Dawes would find his vocabulary and energy alike ineffective if the bureau and departments did not know that his voice was the voice of supreme authority and that no man among them could go behind the director to the president, without jeopardy to himself.

The sayings may not be sensational, but they exist, and what is more, the country is in full possession of the facts, how the savings were effected, and where more savings are possible and expected, and why it was possible to cut down the expenditures. For the first time the American public was given the opportunity to know what character of service they were spending their money for. Probably no governmental advance in many years has had such a substantial effect on the education of the citizenship with its stimulus to interest in and understanding of public business.

General Lord has the support of President Harding, but what is vastly more important, he has the backing of the entire American public.

Pope Had Worn in 860.
Originally the thorn or triple crown of the pope was a plain high cap, much like those in which dukes of Venice are so often represented in oil pictures. It was first introduced by Pope Nicholas I. in 860. Just when the first coronation was adopted is a matter of uncertainty, but the second was placed by Pope Boniface VIII in 1255 and the third by Pope Urban V. about 1303.

MODIFICATION
IS CONSIDERED

President's Peace Plan for Settlement of Coal Strike Under Analysis

WASHINGTON, (AP)—While all government action bearing upon the coal strike situation remained in suspension Thursday and will continue so, according to official statements, all Monday, which final responses from the bituminous industry to President Harding's arbitration are to be made, efforts to effect a modification or interpretation of the president's plan were continued by operators and miners union representatives.

Barry N. Taylor, president of the Southern Anthracite Operators' Association, headed a committee of bituminous employers who discussed phases of what the operators consider obstacles to their acceptance of the president's peace plan.

White House Blunt

Likewise communications bearing upon the arbitration offer went directly to the White House. There were no indications in government circles as to what the president's policy might be. Operators have objected to reinstating the prostrike wage rates in the bituminous fields and to the makeup of an arbitration commission with large groups of other employers' employees representatives upon it. The miners' proposals will be framed by the day after tomorrow, the union, called by John L. Lewis, its president, to meet Saturday. The union disaffiliation with the offer rests upon the question of whether the prospective arbitration award can be made to apply to all the mines and workers which they claim as unionized.

FORD TO INVADE MEXICO

Detroit Manufacturer Said to Plan Erection of Extensive Assembling Plants

WASHINGTON, (AP)—The Ford Motor company plans the establishment of a large plant for the assembling of its cars in Mexico, according to advices received here Thursday from Mexico City.

Company representatives, it was said, conferred recently with the authorities of the state of Coahuila and business interests of Saitillo with view to the possible selection of Saitillo as the location for the plant.

The governor of Coahuila, it is said, has offered the company all possible facilities, including the donation of land, tax free, and other assistance.

FIRST STEP IN PLAN

DETROIT, (AP)—Henry Ford's plans to erect a new automobile plant in Mexico is but a step in his scheme to "pacify Mexico with factories" revealed several years ago during the last period of strained relations between that country and the United States. It was stated on high authority at Mr. Ford's office in Dearborn, Thursday.

WILL FUND FRENCH DEBTS

Preliminary Negotiations Begun Looking to Arrangement of International Obligations

WASHINGTON, (AP)—Preliminary negotiations for the funding of the French war debt of \$3,500,000,000 to the United States were begun Thursday at the treasury by Secretary Mellon, chairman of the World War Debt Funding commission, and Jean V. Parmentier, director of finance of the French treasury. This was the first direct contact between the country and the allies on the subject of the war debts which aggregate \$11,000,000,000. Great Britain is expected to be the next to ally to begin refusing negotiations. Although official advice are lacking, information has been received, it was said Thursday, at the treasury indicating that Ambassador Bredon's return here soon, would be accompanied by British financial experts authorized to treat with the debt commission.

MOBILIZED TROOPS ARE GIVEN ORDERS TO MOVE

Detachments Held for Service for Fast Week Will End for Scams of Duty

SEDALIA, Mo., (AP)—Detachments of the national guard, numbering 250 men of officers which have been mobilized here for a week, received orders early Friday morning to strain for duty, presumably in connection with the raid on the 7th at 7 a. m. It was learned from an authoritative source.

It could not be learned to what part of the state the troops would be sent, but it was learned that they were not entraining for the state encampment.

One Dollar Saved Represents Ten Dollars Earned

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying shares for his garden, will earn several dollars a day later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.

Insurance Will Cover It

An inheritance tax is a mortgage that matures at death.—Exchange.

LEGAL ADVERTISEMENTS

NOTICE OF WRIT OF ATTACHMENT

In the District Court of the Eleventh Judicial District of the State of Idaho, in and for the County of Idaho, Guy B. Shover and Guy B. Nichols, Assignees for the benefit of creditors of Filor Hardware Company, a corporation, Plaintiff

BELLE WILSON HENDERSON, Administratrix of the estate of Robert Wilson, deceased.

ALIAS SUMMONS

In the District Court of the Eleventh Judicial District of the State of Idaho, in and for the County of Twin Falls.

L. F. Martin, vs. Plaintiff

W. W. Reed and Hazel B. Reed, husband and wife; Irma Pence, widow of W. E. Pence, deceased; Harvey Pence; all unknown heirs of W. E. Pence, deceased; all unknown devisees of W. E. Pence, deceased; and all the owners of that piece or parcel of real estate situated in Twin Falls County, Idaho, and described as the South Half (S1/2) of the Northeast Quarter (NE1/4) of Section Five (5) Township Ten (10) South, of Range Seventeen (17) East of the Boise Meridian, the above named defendants.

The State of Idaho sends greetings to Irma Pence, widow of W. E. Pence, deceased; Harvey Pence; all unknown heirs of W. E. Pence, deceased; all unknown devisees of W. E. Pence, deceased; and all the owners of that piece or parcel of real estate situated in Twin Falls County, Idaho, and described as the South Half (S1/2) of the Northeast Quarter (NE1/4) of Section Five (5) Township Ten (10) South, of Range Seventeen (17) East of the Boise Meridian, the above named defendants.

You are hereby notified that a complaint has been filed against you and the above named plaintiff and you are hereby required to appear and answer said complaint within twenty days of the service of this summons, if served within forty days of the date of filing of this complaint, and if served elsewhere, and you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed for in said complaint.

Said action is brought to foreclose a real estate mortgage of date January 2, 1919, made, executed and delivered by W. W. Reed and Hazel B. Reed, his wife, to L. E. Hickok and H. C. Brown, covering the South Half (S1/2) of the Northeast Quarter (NE1/4) of Section Five (5) Township Ten (10) South, of Range Seventeen (17) East of the Boise Meridian, together with all water rights appurtenant thereto or held in connection therewith, together with the teneaments, hereditaments and appurtenances thereto belonging or in anywise appertaining, Twin Falls County, Idaho.

which said mortgage was given to secure the payment of one promissory note in the principal sum of \$14,000.00. Witness my hand and the seal of said District Court this 20th day of June, 1922.

(Seal) C. O. SIGGINS, Clerk.

By C. L. Bowen, Deputy Clerk.

Frank L. Stephan, Attorney for Plaintiff, Residing at Twin Falls, Idaho.

NOTICE

Notice is hereby given that a petition has been filed with the Clerk of the Board of County Commissioners of Twin Falls County, Idaho, by J. O. Lincoln, and others, for the organization of an irrigation district. It is proposed in said petition to co-operate with the United States in the construction of the American Falls Reservoir and to purchase by contract with the United States the right to storage capacity in said reservoir for the purpose of supplementing the water supply of the lands under certain existing canal systems in the Snake River Valley. The lands proposed to be included in such district are the lands covered by the following canal systems:

- (1) Twin Falls South Side Canal System, or the canal system of the Twin Falls Canal Company.
- (2) Twin Falls North Side Canal System, or the canal system of the North Side Canal Company.
- (3) Aberdeen - Springfield Canal Company's Canal.
- (4) Woodville Canal Company's Canal.
- (5) Martin Canal Company's Canal.
- (6) Lemmon Canal Company's Canal.

Notice is further given, that said petition will be presented to the Board of County Commissioners of Twin Falls County, Idaho, on the 24th day of July, 1922, at a regular meeting of said board to be held on said date at Twin Falls, Idaho.

C. O. SIGGINS, Clerk of the Board of County Commissioners of Twin Falls County.

NOTICE FOR PUBLICATION

Notice of Proof of Application of Water to Beneficial Use

Notice is hereby given that at 1 a. m. on the 15th day of July, 1922, at Rogerson, County of Twin Falls, State of Idaho, before W. M. Hines, Notary Public, proof will be submitted of the application to beneficial use of 10 cubic feet per second of the waters of Little House

Creek and an unnamed spring in accordance with the terms and conditions of Permit No. 12,983 heretofore issued by the State Engineer of the state of Idaho.

The name and postoffice address of the person or corporation, holding said permit are Lula Faustet, Rogerson, Idaho.

The use to which said water has been applied is irrigation and domestic use. The amount applied to beneficial use is 10 cubic feet per second.

The place where said water is used is E. B. M. 1st, Sec. 23, Twp. 15 S., R. 12 E. B. M.

The date of the priority which said user is prepared to establish is April 29, 1910.

W. G. SWENDBSEN, Commissioner of Reclamation.

NOTICE-TEACHERS'

EXAMINATIONS
The regular teachers' examinations for all classes of Idaho Teachers' Certificates will be held at the office of the County Superintendent of Schools, Twin Falls, Idaho, beginning Thursday, July 27, 1922. All persons expecting to teach in Twin Falls County must hold a valid Idaho Certificate.

BRITTONARY WOLFE, County Superintendent.

ALIAS SUMMONS

In the District Court of the Eleventh Judicial District of the State of Idaho, in and for the County of Twin Falls.

J. W. Tritt, vs. Plaintiff

Stella Tritt, vs. Defendant.

The State of Idaho sends greetings to Stella Tritt, the above named defendant. You are hereby notified that a complaint has been filed against you in the District Court of the Eleventh Judicial District of the State of Idaho, in and for the County of Twin Falls, by the above named plaintiff, and you are hereby directed to appear and answer said complaint within twenty days of the service of this summons if served within the said Judicial District, and within forty days if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed for in said complaint. This action is brought to dissolve the bonds of matrimony now and heretofore existing be-

tween plaintiff and defendant.

Witness my hand and the seal of the said District Court this 9th day of June, 1922.

(Seal) C. C. SIGGINS, Clerk.

By F. C. Lynne, Deputy.

Porter & Witham, Attorneys for Plaintiff, residing at Twin Falls, Idaho.

NOTICE FOR PUBLICATION

DEPARTMENT OF THE INTERIOR,
U. S. Land Office at Hiley, Idaho,
July 13, 1922.

Notice is hereby given that Charles L. Salles, of Hollister, Idaho, who, on June 19, 1913, made Desert Land Entry No. 015489, for Lots 1 and 2, E. 1/2 NW 1/4, NE 1/4 Section 20, Township 12 South, Range 10 East, Boise Meridian, has filed notice of intention to make final three year proof, to establish claim to the land above described, before H. E. Powers, U. S. Commissioner at Twin Falls, Idaho, on the 28th day of August, 1922.

Claimant names as witnesses:

Edward E. Babcock, of Hollister, Idaho.

Edward Henderson Turner, of Hollister, Idaho.

George A. Salles, of Hollister, Idaho.

William A. McDonald, of Ellier, Idaho.

BEN R. GRAY, Register.

Klond Word for Old Garments.

I love old garments; they are tried friends, companions of toil and struggle and I take my old winking spectacles and plant this venerable gaze on my head. It seems to me that we cannot together to say in the face of a volatile and capricious world: We stand our ground! With this old memento about my shoulders, I feel invested with fidelity and constant attention to what is enduring. But I flinch from me on the pretext of charity; where is the poor man who has ever refused a new garment? Let him have it; for my part, I prefer the old.—Charles Wagner, in "By the Fireside."

Undoubtedly.

A ghost which spends its time sitting on the edge of a bath must see its appearance in a large country house near Hiltch. Probably the spirit of a departed plumber who died waiting for his name—Passing Show, London.

Studebaker
BIG-SIX SPEEDSTER

The new Studebaker Four-Passenger Speedster is mounted on the Big-Six chassis with the same dependable 60 horse-power motor that made enthusiasts of thousands of owners during the most critical buying period in history.

Every item of its complete equipment and finished detail suggests ultra style and riding comfort.

The front seat is tilted at the correct angle for comfortable riding. An upholstered arm-rest divides the tonneau into

two individual seats which provide the comfort of an overstuffed armchair.

The touring trunk at the rear, with tray and suitcase compartments, is easy of access, because the two spare disc wheels are mounted on each front fender.

These disc wheels, complete with cord tires and tubes, are furnished without extra cost.

This latest Studebaker creation reflects Studebaker's seventy-year-old reputation for building fine vehicles.

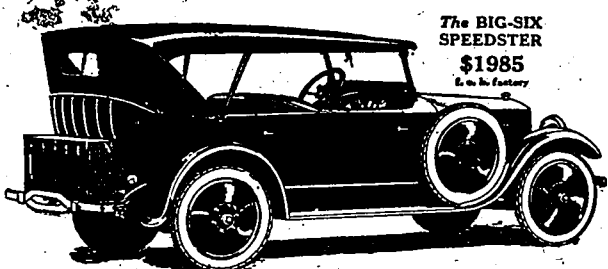

In addition there is a handsome set of nickel-plated bumpers front and rear, a courtesy light on the driver's side, built-in, thief-proof transmission lock which is operated by the same key that locks the ignition switch and tool compartment in the left front door. Ask for the Studebaker "Yardstick," a measure of the greater value that Studebaker offers

AUCTIONEERS' LICENSE FEES ARE DEFENDED

Merchants, Before City Commissioners, Will Present Arguments for Retention of Existing Regulations

Members of the Twin Falls Chamber of Commerce merchants' bureau, headed by O. E. Wright, pursuant to instructions delivered by the chamber directorate at a meeting Tuesday night, will appear before the city commissioners Monday to urge retention of the existing scale of municipal license fees to be paid by auctioneers.

Bureau members were instructed to explain to the commissioners the necessity, as the tradesmen see it, for the license scale, and also to explain the week the co-operation in carrying out the "blue card" system for regulating activities here of solicitors and other persons seeking contributions of money for various causes.

Alter Views on Train Schedules

In view of argument put forth by H. Masters, the directors voted to recommend to the Oregon Short Line management that westbound passenger train No. 155 be scheduled to arrive here at 3:45 p. m., or at the same time it arrived here before the change in the schedule made effective some three weeks ago. Previously the chamber of commerce had applied to the Short Line for revision of the schedule to provide for advancing the arrival time of this train two hours, making it due here at 2:45 p. m. D. S. Spencer, general passenger agent for the Short Line, in reply to this request, said that the change asked for would be made effective within a week or ten days.

The directors voted unanimously to lend support and co-operation to the Southern Idaho Traffic association in its efforts at a hearing before the state public utilities commission at Boise Aug. 7, to obtain an order compelling the railroad to reduce freight rates for Southern Idaho. The directors' action in this regard was suggested by report of the railroads and utilities bureau prepared after full discussion last week with Leonard Way, secretary of the traffic association, as to the course to be taken at the hearing.

Push South Line Plans

In view of the expiration Monday of the time limit set in a call heretofore made upon officials of the Idaho Central railroad company at San Francisco, to begin construction of the new line from Rogerson, Idaho, to Wells, Nevada, or to negotiate surrender of their interests in the enterprise, the directors instructed the railroads and utilities bureau to proceed with alternative proposals in co-operation with E. F. Gray of Contact, Nevada, and with the Idaho Nevada Holding company, which holds approximately \$350,000 subscribed by Idaho and Nevada citizens as a bonus to be paid to builders of the road.

These alternative proposals comprehend an effort to force the surrender of the certificate of necessity and convenience granted by the interstate commerce commission to the Idaho Central company; an effort to obtain from the interstate commerce commission an order requiring construction of the line by the Union Pacific, Southern Pacific or Western Pacific systems; and an effort to provide for the building of the line through organization of a local corporation.

Will Invite Auto Men

The directors voted to extend to the Idaho Automobiles Trades association, holding an annual convention at Halley Friday and Saturday, an invitation to meet in 1923 at Twin Falls.

Delegates representing apple growers throughout the United States, returning from a convention at Seattle early in August, will be made welcome in Twin Falls, both by fruit growers and business men of this region. The directors voted to offer the co-operation of chamber of commerce membership to the county horticultural association in furnishing transportation to these visitors.

The directors placed their stamp of approval upon a proposal contemplating holding here during the first week of August a five days school of salesmanship and recommended the proposition as one worthy of the consideration of all persons engaged in the sale of any wares.

Inability to mail parcels after office hours at the postoffice also was brought to the attention of the directors, and the utilities bureau was directed to apply to the postal authorities for more adequate facilities for this purpose.

Hearing Delayed.—Preliminary examination in the case of Vidal Corona, Mexican, charged with making assault with a deadly weapon upon Francisco Garcia, a fellow countryman, who was shot July 4 at the Blue Light pool hall here, has been continued until Friday afternoon by Probate Judge O. P. Deval because of the absence of material witnesses when the case was to have been heard Wednesday. These witnesses are said to be in Pocatello.

TWIN FALLS DELEGATES AT BELLEVUE CONCLAVE

Young Peoples' Conference Has Representatives From Idaho Churches

Twin Falls is represented at the fourth annual young people's conference at Bellevue, July 11 to 18, of Presbyterians and Congregational churches of Idaho, by a delegation composed of a number of young people of the Presbyterian church here and including the Rev. and Mrs. A. G. Pearson, Mrs. G. M. Simpson and Mrs. G. M. Hall.

Delegates will camp in a tent colony with a general dining tent for accommodation of those who do not wish to do their own camp cooking. Special events will add to the recreation features which will comprise each afternoon's program.

Among the denominational notables of the Presbyterian church who will speak are: The Rev. John T. Stone, D. D., former moderator of the Presbyterian general assembly and at present pastor of the Fourth church, Chicago; the Rev. William H. Hudson, D. D., returned African missionary of Youngstown, Ohio; Paul Brown, California, head of Christian Endeavor societies of the west; A. B. Keeler, of Seattle, in charge of the Country Life department for the northwestern states; Mrs. Williams, Portland, secretary of the Women's Board, for Foreign Missions and Prof. H. H. Hayden, of the denominational college of Idaho, Caldwell.

J. Edwin Spence of the Boise high school faculty will have charge of the music features and will conduct a special class in church music. Ernest Grewe, of Boise will be in charge of recreation.

Special services will be conducted in the evenings to alternate with social gatherings incorporating "stunt nights," jamfests, caterings and other programs. On July 17 the conference will join with the young people's conference of the Baptists and Methodists also in the Wood river country, in a quadrangular track and field meet.

Recreation features will include mountain hikes, tennis, baseball, swimming and fishing.

Local Brevities

Makes Business Visit.—L. L. Wood of Filer made a business visit to Twin Falls Wednesday.

A TWIN FALLS REPORT

Fully Corroborated and Easily Investigated.

Do you need a good kidney medicine. Then read the reports in these very columns of Twin Falls persons cured or benefited with Doan's Kidney Pills. You won't have to go far to find out if they are true. Twin Falls case is an example. Others will follow.

Roy Michael, carpenter, 388 Monroe Ave. says: "I had attacks of kidney trouble, my back ached and sharp pains darted through it until I could hardly do my work. The kidney secretions passed too often and were highly colored. I used Doan's Kidney Pills and in a short time they strengthened my kidneys and cured me of the trouble."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Michael had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

which he has been elected at a salary considerably in excess of his compensation here. Mr. and Mrs. C. B. Cabel will leave for Oregon after a vacation trip they have planned to make to the Wood River region early next month.

Learn of Brother's Death.—Mrs. A. B. Widener, 425 Blue Lakes boulevard, Monday received word of the death in Tennessee of her youngest brother. Death resulted from lockjaw.

Wallace, Miss Wilma Keel, Miss Hazel Ormsby, Miss Helen McKinnis, Miss Florence Denton, Miss Viola Evans, Miss Helen Broadhead, Miss Carmen Sanger, Dudley Swin, Fred Hall, Theodore Taylor, Randall Victory and Joseph Johnson.

DITCH BUILDER IS GIVEN AWARD AGAINST COMPANY

Court Decides \$9,000 Under Contract With Milner Concern

Constraining a contract under which John R. Butler labored in construction of an irrigation system for the Milner-Twin Falls Land and Water company in 1917, Judge W. A. Babcock in district court here Tuesday rendered a decision awarding judgment for \$4532.52 and interest in favor of Butler and against the land and water company. The total amount of the judgment is estimated at about \$6000. Butler sued for approximately \$11,000.

The irrigation system in question has been sold by the land and water company to the Milner Low Lift Irrigation district, comprising lands in the region of Milner and Murtugah.

Any One of Them.
Any bond is a good bond as long as its market value is above par and the interest on it is paid regularly.

TWIN FALLS SHORTHORN HERDS ON EXHIBITION

Excursion for Breeders in Southern Idaho Is Due Here Today

Attention of Idaho Shorthorn breeders will be focused upon Twin Falls county Wednesday when the state wide excursion of breeders, accompanied by business men and financiers interested in the industry, will be conducted through this county for inspection of several of the principal herds of the breed owned both by senior and junior breeders.

The excursion, which started Monday on the Mialloka project and traversed the North Side district Tuesday will be concluded Friday at Caldwell with a big convention and program.

Persons taking part in the excursion will start from the courthouse here at 8:30 a. m. Wednesday, inspecting several herds in the vicinity of Kimberly and Twin Falls and spending the noon hour on the county fair grounds at Filer where picnic lunch will be spread and informal discussion arranged for, with talks by A. E. Lawson, northwest field representative for the National Shorthorn Breeders' association, and E. F. Rinschert, field animal husbandman of the state university extension division.

MEXICAN WOMAN SEEKS MISSING SPOUSE HERE

Gomes From Burley in Quest of Man Whose Disappearance Is Unexplained

In search of her husband, Louis Garcia, who, she says, disappeared July 3 from Burley, upon unexplained circumstances and from whom no word has been received since, Ermantina Garcia came to Twin Falls Wednesday, and with the aid of an interpreter, made known the purpose of her quest. She will remain here for some time in the hope that trace may be found hereabouts of the missing man. Garcia is described as being short of stature, weight about 150 pounds; smooth shaven with light complexion and reddish face, with black eyes. He is 35 years of age.

Before and After.
Before a man's married to the girl the door mat says, "Welcome." Afterward it says: "Wipe Off Your Feet."

Social Notes

Edited by Mrs. E. B. Williams Telephone 390.

The marriage of Miss Bertha Norton, daughter of Mrs. Mary V. Norton and Mr. Ross Irving Johnson, was solemnized at the home of friends in Chicago on June 30. The beautiful service of the Episcopal church was read by the Rev. Mr. Tibbels. The bride was attired in a handsome cream colored gown. After the ceremony a delicious lunch was served to the group of friends and guests. Mrs. Johnson is a native of Idaho, her father being a well known cattleman of the Rock Creek section. She is a graduate of Stanford university and has taught in various localities since her graduation, being one year at Fairbanks, Alaska. The first wife of Mr. Johnson, who is an electrical engineer now located in Chicago, where they will make their home.

The wedding of Miss Ruth Russell of Boise and Berkeley Johnson took place at 6 o'clock Wednesday evening at the home here of the bride's sister, Mrs. Ralph B. Smith. The ceremony, which was witnessed only by relatives and close friends, was performed by the Rev. C. E. Helman of Buhl. Mr. and Mrs. Johnson will spend a few days in the upper Wood River region and return to Boise where they will make their home. The bride is well known in Twin Falls, having been a guest of her sisters here on several occasions and having been employed here for a time as an abstractor. Mr. Johnson is associated with the federal geological survey.

Mrs. J. C. Moore entertained the Harmony club on Wednesday afternoon. Bridge was the diversion, Mrs. M. O. Conover winning the club favor. At the conclusion of the games Mrs. Moore served delicious refreshments. Mrs. Lee Chase, Mrs. J. Paul Johnston and Mrs. A. W. Ostrom of Buhl were guests. Club members present were Mrs. H. P. Barger, Mrs. M. O. Conover, Mrs. J. A. Campbell, Mrs. Ernest White and Mrs. A. E. Blifer and the hostess.

Mrs. R. Lower entertained on Tuesday afternoon with a surprise party for her little daughter, Gwendolyn, in honor of her ninth birthday. Games were played on the lawn and late in the afternoon dainty refreshments were served. The centerpiece for the table was a lovely birthday cake decorated with candles. Fifteen guests were in attendance.

Members of the Henry V. Walling circle, in view of the fact, were entertained at a meeting Tuesday evening at the home of Mrs. B. W. Magel on Third avenue north. Mrs. T. O. Boyd, past president, presided at the business session after which the hostess, assisted by her daughter, Miss Anna Mary Magel, and Mrs. Christie, served refreshments during a social hour.
