MERCURY'S DROP BOON TO GRAINS

Cooler Weather of Week Generally More Favorable to Crop Development

BOISE.—The weather of the week was generally more favorable for crop development than that of the two weeks preceding, says Clinton E. Norquist, meteorologist, in a summary of weather and crop conditions in Idaho, for the week ending Tuesday. The change to cooler was favorable for the cereals, which in the later districts are now filling. The rains in the southern portion were highly beneficial, to all dry farm crops and also retarding to vegetation in the irrigated districts. The cultivated crops, corn, beans, potatoes and beets, are making satisfactory progress. Fruit in the commercial orchards is doing well. Cherry harvest, except in late orchards, is about over and picking of apricots and early apples has been started. Prunes are dropping rather freely, but it is not yet possible to determine to what extent the crop is affected.

Southeastern Idaho: Moderate to high temperatures obtained over the entire district. Heavy showers occurred in the southern and central part and scattered showers in the north part of the district. The range conditions were good but it is drying in some localities. Crops are improving in the areas visited by rains but needing rain badly in the dry areas. Grain filling nicely on unirrigated land; there was some damage by wind and grasshoppers. Fruits are coming on nicely and new potatoes are on the market.

North Idaho: Continued dry weather in lower levels; some widely scattered light showers night of 20th in higher sections. Forepart of week hot followed by cooler weather and some cloudiness. Conditions ideal for wheat harvest which is becoming general and will be in progress in the higher later sections by the end of this week.

Now that threshing is beginning in the region around Lewiston extending out over the neighboring prairie to the east, southeast, and northward toward Moscow, the indications are for considerably better crop yields than was thought to be true prior to, and at, cutting time. Corn continues to do well. Beans of which there is a without average and which are a staple crop in some sections, are looking fine but are late. Meadows and ranges continue to suffer from drought.

Stock doing fine, and irrigation water continues to hold out well. Irrigated crops in splendid condition. Farm work up to date and proceeded without interruption throughout the week. Apple thinning in full swing, outlook good, although the codling moth has been exceptionally active this season, resulting in higher per cent of wormy apples than usual. Apricots being harvested and are plentiful.

Notes from the Field.
Burley, Cassia county: Hard rains over the county were very welcome as hay is all up and grain harvest not started.
New Meadows, Adams county: A

good rain Wednesday night very beneficial to grain crops and freshened pastures and ranges; haying good progress except delayed two days by rain.
Oakley, Cassia county: Weather of past week very beneficial to all crops; stock doing well and shipment of early lambs begun; some damage by grasshoppers to dry land crops; wheat ready to harvest.

Wisser, Washington county: Weather hot; range drying rapidly although rain Thursday helped some; harvesting dry land crops in progress; potatoes looking fine.

Malad, Oneida county: Rains of the 20th and 21st were heavy and ranges are looking better. Crops are showing some improvement over last week. Some fields slightly damaged by wind.
Blackfoot, Blaine county: Temperature was moderate and showers fell on three days. Meadows and ranges are in good condition and crops made a good growth although sunshine was below normal.

Gooding, Gooding county: Fore part of week warm with abundant sunshine; latter cloudy and cooler; only a trace of rain; barley harvest begun; some difficulty experienced in getting first crop of alfalfa to seed.

Campanella, Blaine county: Temperature was moderate and good rains occurred on two days. Meadows are excellent and range is improving. Conditions in general are much improved after rain.

Genesee, Bear Lake county: Light showers with moderate temperature and adequate sunshine improved crops, but rain is still needed. Small grain is somewhat damaged by squirrels and burning. Range is improving slowly.

American Falls, Power county: Good rains the past week were just in time to help the heading of small grains. Damage by squirrels and grasshoppers is reported. Gardens, potatoes and truck crops are looking good.

Pocatello, Bannock county: Temperatures were moderate and light showers fell on the 20th. Crops are in good condition on irrigated land but unirrigated crops are needing rain badly. Stock is in good condition but range is drying.

Boise, Ada county: Weather favorable for rapid growth of crops; good rain Thursday, freshened vegetation; second crop alfalfa being cut; winter wheat harvest begun; fruits doing well except prunes dropping too freely.

Frutland, Payette county: Apples and prunes making splendid growth; alfalfa ready to seed; second crop alfalfa ready and being cut; apricots and cherries are beginning to ripen.

Mullanburg, Twin Falls county: Thunder showers Friday and Saturday; beets and potatoes growing fine; barley turning and some wheat almost matured; alfalfa left for seed being cut for hay account of ravages by grasshoppers.

Twin Falls, Twin Falls county: Thunder showers Wednesday and Thursday; all crops making exceptionally rapid growth, especially potatoes and beans; rank wheat lodged badly by storms; alfalfa clover being cut.

UNIVERSITY GRADUATE IS NAMED FACULTY MEMBER

Julius E. Nordby of Genesee Will Succeed R. E. Gossage as Animal Husbandry Professor

UNIVERSITY OF IDAHO, MOSCOW, July 27.—Julius E. Nordby of Genesee, graduate of the University of Idaho in 1915, has been appointed associate professor of animal husbandry at the university to fill the vacancy caused by the resignation of R. E. Gossage.

Professor Nordby was a specialist in animal husbandry and a member of the livestock judging team while a student at the university. Obtaining a scholarship at the University of Illinois, he studied there a year, receiving the degree of master of science in agriculture in 1919. He was employed as an instructor in the Idaho department of animal husbandry for two years and then resigned to enter the army.

After training in the animal motor service he was one of the few who made a commission as an expert on aeroplano motors and was assigned as officer in charge at Dorr field, Arcadia, Florida.

Returning to the University of Idaho at the close of the war, he became associate animal husbandman in the department of feeding investigations. He planned and supervised the construction of the experimental feeding plant at the Old-Well station and had charge of the feeding experiments there for a year.

He then resigned to devote his attention to the Genesee stock farms, of which, with his brother, he is proprietor. While engaged there in raising purebred Shorthorn cattle and Duroc hogs, he has been a contributor to a leading Idaho farm paper.

APPLE CROP IS LIGHTER

Orchardists of Buhl Now Applying Third Spraying to Their Trees

BUHL, July 27.—Farmers of the Buhl country, are applying their third sprays of lead spray to their apple trees this week. The apple crop in this section will be light this year, as compared with the crop harvested last year. It will be from 20 to 30 per cent of a normal crop, according to the estimate of a number of the orchardists. The small crop is said to be due to the heavy yield that was produced last year.

R. P. Davis has 25 acres of apples and five acres of prunes, both of which will produce a fair yield this year. His Delicious apple trees are especially well loaded.

Expects Lighter Yield.
A. J. Miller, owner of the 40-acre apple orchard, four miles southwest of Buhl, has a light crop this year after two consecutive years of good yields. He estimates 1500 boxes this year, as compared with 18,000 boxes last year. George Watt, who lives one and one-half miles east of Buhl, has a 35-acre apple orchard on which he estimates a 40 per cent crop. The apples are fairly well distributed over the trees, so that good varieties may be expected.

JARBIDGE MAN ON VISIT

Pat Donahue Says Excitement Runs High in Camp as Result of the Late Strike

BUHL, July 27.—Pat Donahue arrived in Buhl yesterday from Jarbidge, Nevada, on a few days' business trip. He reports activity in the Nevada mining camp, and considerable excitement over the new strike in the Jarbidge Gold Mining property. According to Mr. Donahue, the vein runs from six to seven feet thick in good values. Mr. Donahue is one of the heaviest stockholders in the Jarbidge-Buhl Mining company, which is made up largely of Buhl owners.

Lewiston Landowner Will Send Candidate for Job to University

UNIVERSITY OF IDAHO, MOSCOW, July 27.—If you want an expert to run your farm, why not send him up to the University of Idaho and have him educated for the job? This is what a Lewiston man is planning to do. He writes:

"Will you please send me full particulars regarding courses in your agricultural department, both short course and a full course? Also please let me know what the cost of such a course would be, including board while attending."

I am not expecting to attend myself, but have a young fellow in mind to look after some work for me in a year or so, and it may be that I will want to send him to Moscow for a year, perhaps longer."

FINAL ACTION ANNOUNCED

WASHINGTON, July 27. (AP)—Secretary Fall today announced that he has accepted the bid offered by the Eagle Picher Lead company for lead and zinc mining leases covering Quapaw Indian lands in Ottawa county, Oklahoma. The leases have been the subject of much controversy and the final action of the interior department was awaited with interest by mining interests.

Champion Declared to Have a
Shade the Better But Both
Men Fighting Hard When
the Bell Rings

RINGSIDE, JERSEY CITY, N. J., July 27, (AP)—Benny Leonard, world's lightweight boxing champion, successfully defended his title against Lou Tonder of Philadelphia in a 12-round, no-decision contest, earning in the opinion of a majority of sport writers at the ringside, a narrow shade in a great struggle.

The challenger, a left hander, furnished the champion the most interesting combat Leonard has had since he turned back Willie Ritchie some years ago.

Tonder, starting with great confidence and skill, carried the fight to the champion. He pummelled Leonard with stiff lefts to the body and sharp rights to the head and jaw and brought blood to the champion's nose early. It appeared in the first four rounds that Tonder was to have things all his own way.

Leonard Steadies Down.

Then Leonard steadied himself and began to find a mark. He carried the fifth, sixth and seventh rounds in a burst of speed.

In the seventh round his mouth bunched. Tonder's shoulder hit his mouth bunched. Tonder's shoulder hit his mouth bunched. Tonder's shoulder hit his mouth bunched.

The eighth round Tonder on the aggressive again. After taking a hard right to the jaw and another under the heart, he fought Leonard at close quarters and swung a number of hard lefts to the jaw. Leonard's knees sagged and he clinched to save himself. From then on the champion took few chances.

Southpaws Hard Game.

When it was over the champion, battered more perhaps than he has been in his career, he won the title from Freddie Welsh, in 1917, said: "These southpaws are hard to solve."

All during his training he had been told that the Philadelphia record and predicted that he would finish the Philadelphia within seven rounds. Tonder too, had said that he would win by a knockout, but he had nothing to say of this tonight. He said he was satisfied with his showing and would seek an engagement with Leonard in a decision match.

Under the terms of the agreement with the principals in the contest they are to receive from \$2,125 to \$6,125 per cent of the gross receipts. Of this Leonard will receive approximately one-third, the other third going to the challenger.

It was 9:13 when Lou Tonder, the challenger, escorted by a squad of police, made his way down the aisle from his dressing quarters and entered the ring. He was accompanied by three men, and was accompanied by three men, and was accompanied by three men.

Both fighters appeared more or less drawn and nervous and Leonard appeared a trifle more drawn than Tonder. Leonard leaned over the ropes and jokingly remarked to a friend at the ringside that the bout would be over in a few minutes. Tonder sat quietly in his corner with downcast eyes and listened attentively to the instructions of his seconds.

The fight by rounds:

Round One
The bell rang at 9:28. Tonder was short with two rights and then landed a light left. They fell into a clinch and began dancing around. Tonder landed a left hook to the chest and followed with a light left to the body. Tonder landed another left and then two sharp rights to the body.

Tonder was rushing the champion. Tonder slipped and fell and standing up slowly wiped off the dust from his gloves. Tonder landed a hard left to the champion's head, cutting his right eye. Tonder was warned for hitting in a clinch. They were sparring at the bell and when he saw down Leonard said a left swing to the jaw. Leonard held a towel to his eye to stop the bleeding.

Round Two
Tonder missed two rights and rushed the champion into a corner. Leonard crossed a hard right to the jaw. Leonard missed a right and left. Tonder had the best of a clinch. Tonder landed a hard left and followed with short uppercuts. Tonder landed a short left. Leonard countered with a right to the body and followed with two short uppercuts. Tonder landed and head and had the champion covering his face with both arms. Tonder landed hard rights and lefts to the head and then three more lefts to the jaw. Blood was trickling from Leonard's eyebrows.

Round Three
Tonder again was warned for hitting in a clinch. Leonard complained of Tonder's low hitting. Tonder replied with a left swing to the jaw. Tonder smiled. Tonder had the best of a body exchange and landed two rights to the jaw. There was another exchange at close quarters. Tonder rushed Leonard to his corner at the bell.

Round Four
Tender tapped lightly to the ribs. They exchanged at close range. Tonder landed a left to the body. Leonard countered with hard right crosses to the jaw. The champion landed short uppercuts. Tonder followed with a cluster of hard uppercuts to the body. Leonard spat blood. Leonard missed with right and slipped to his knees. Tonder walked away. Tonder kept punching away with his left. Leonard landed hard rights to the body. Tonder sank his left in the champion's stomach. Benny took two right hooks to the jaw. Tonder was punching his right to Leonard's jaw at the bell.

Round Five
At this point newspapermen agreed that Tonder was far in the lead. Leonard was short with a right and then plunged heavily into Tonder's body, crossing his left to the jaw and hooking his right. Leonard outfought Tonder in a clinch.

Leonard put two hard rights in Tonder's stomach. He added another. Tonder landed rights and lefts to the mid-section. Tonder kept dropping his left all over the champion. He missed a look left uppercut. He had the best of another clinch. Leonard's best showing was in this round.

Round Six
Tender's right went to the stomach. Leonard rocked Tonder with a left. He missed a right and left to the jaw. Tonder missed with a left. Tonder began to run away and clinch. Leonard landed two hard rights to the jaw. Tonder was again warned for hitting low.

Leonard jabbed away with his left and crossing with his right. Tonder landed three hard lefts to the head. The arena was in an uproar. Leonard shot a volley of rights at Tonder and then sent two hard uppercuts to the jaw. Tonder's lips were bleeding and gone was on his chest when the bell rang.

Round Seven
Leonard predicted before the fight that he would win in this round. Tonder missed two lefts and a right. Leonard had the better of the exchange. Tonder jabbed rights to the body and hooked lefts to the head. Leonard shot two right rights to the head. Leonard spat out a tooth. Tonder sent lefts to the heart. They fought at close range and clinched. Leonard sent an uppercut to jaw and crossed a left to the body. Leonard hooked a right to the jaw. He repeated. Leonard was coming back strongly.

Round Eight
Tender jabbed with his right and crossed with his left. He landed two lefts to the jaw in a clinch. Both swung at long range. Leonard sent two hard rights to the body. Tonder hooked three hard rights to the head. The champion was reeling with rights and lefts to the jaw. The champion hung on and talked to Tonder angrily. Tonder ran the champion around the ring shouting to the referee that Leonard was holding. Leonard shot a left to the jaw. Tonder smiled at the champion and took a hard left uppercut to the jaw. Tonder punched his left to the body and when the bell rang Tonder asked, "How's that?"

"That was nice work," replied Leonard.

Round Nine
Tender hooked his left to the jaw and body. Leonard landed a hard right to the jaw. They kept up animated conversation. Leonard landed a hard left to the body and hooked a right to the jaw. He landed another left. Leonard missed a long uppercut and then sent a hard left to the jaw. Tonder rocked the champion with a left to the chin. Leonard danced away grinning. Leonard sent a hard right to the body. Leonard uppercutted sharply to the jaw with a right. Tonder had the advantage of in-fighting at the bell.

Round Ten
They clinched. Tonder missed a right. Leonard hooked two rights to the body. He sent another and followed with a right to the jaw. He sent two short uppercuts to the jaw. Leonard jabbed lightly and then sent both fists to the face.

Leonard kept landing and landing with his right. Leonard sent two short uppercuts and rushed Tonder to the ropes. Tonder fought back and sent three left hooks to the jaw. Tonder backed away. Leonard jumped like a cat, smashing two rights to the jaw and

sending the challenger to the ropes. Tonder fought back.

Round Eleven
They jabbed away at long range. Leonard was short with two uppercuts. They clinched. Leonard began his dancing tactics. He landed two right hooks, a short right uppercut and a left to the jaw.

They exchanged close together. Tonder sent a series of lefts to the head. Leonard landed a terrific short uppercut to the chin and brought blood from Tonder's mouth. They fought furiously at close range. Tonder missed with his right.

Leonard jabbed with lefts, feinted, and sent a left to the jaw, rushing Tonder to a neutral corner. Leonard seemed to be growing stronger.

Round Twelve
Leonard sank a right to the stomach. Tonder rushed in, landing lefts to the jaw. He swung a hard left to the jaw and right in the head. Leonard landed wide rights and lefts. Leonard had the better of a vicious exchange at close quarters.

They danced around. Leonard landed short rights to the jaw, sent both hands to the body and rushed Tonder to the ropes. Leonard missed a right uppercut and hooked two glancing rights to the jaw. Leonard sent two hard rights to the jaw. Leonard uppercutted with rights and lefts. They were fighting hard at the bell.

FREE STATERS PUSHING SOUTH

Concealed Mines and Impassable Roads Confront Irish Army Forces

DUBLIN, July 27, (AP)—The Free State troops pushing their campaign into the south, have advanced into a region where almost every road has been rendered impassable. They now face innumerable concealed mines, which have been laid for the national forces, and the destruction of these is a task of great importance.

Fighting is in progress, and the national troops are meeting with strong opposition, though the exact location of the fighting is not known here. The national forces are reported to be attacking the irregulars from the rear, bombarding their positions with light field pieces and machine guns. Both troops and civilians are displaying heroism, the civilians assisting in bringing in the dead and wounded under intense fire.

One striking feature of the situation is the unwillingness of the irregulars to take the offensive. The national troops are moving forward in good spirits, but under difficult circumstances.

Irregulars Surprised

The capture of Westport was a surprise to the irregulars who fled into the fastnesses of North Mayo; some of them were captured and others were attempting to burn the town, the post-office and the barracks.

A hundred civilians were rescued from the irregulars today at Rathdowney, Kings County, Ireland. Colonel Reynolds, who was kidnapped at Sligo some time ago.

A party of Free State troops were ambushed today near Kilmaleck, Limerick county, a fierce engagement ensued and three Free Staters were killed. The casualties among the irregulars are not known.

The story hour during the summer months has been conducted by Miss Jessie Fraser, librarian of the public library, assisted by Miss Grace Dygert and Miss Ruth Beauchamp and other volunteer assistants.

CUMMINS HONOR GUEST AT VETERANS MEETING

Commander of American Legion Pay Tribute to Former City Attorney on Eve of Departure

Taylor Cummins, formerly Twin Falls city attorney, who is to leave about Aug. 1, for New York, was the guest of honor at a luncheon meeting of members of the American Legion Tuesday at the Rogerson hotel. On behalf of the Legion men, J. Frank Martin expressed regret over the approaching departure of Mr. Cummins and wishes for his success in his new field of work. He paid a tribute to Mr. Cummins as a citizen and citizen, alluding particularly to his position among attorneys and the part he had taken in the formation of the former service men's organization. With visible emotion, Mr. Cummins responded, expressing appreciation of his associations and friendships formed here and pointing out a field of usefulness lying before the Legion.

PROSPECTIVE TEACHERS TAKING EXAMINATIONS

Ten Applicants for Positions in County Schools Enter Tests on the Opening Day

Ten applicants for positions as teachers in county schools Thursday entered upon examinations for Idaho certificates in progress here under supervision of Miss Britton Wolfe, county superintendent, and continuing until Saturday evening. Persons taking the tests Thursday were the high school graduates and holders of term certificates which have lapsed. A larger number of applicants is expected to take examinations Saturday, which are designed especially for graduates of colleges and normal schools. The examinations are being held in the high school building here.

MINISTER FOUND GUILTY BY BOARD

Oklahoma Clergyman Indefinitely Suspended from the Presbyterian Church

LAWTON, Okla., July 27, (AP)—The Rev. Thomas J. Irwin, former pastor of the First Presbyterian church of Lawton, Okla., on trial here before the judicial commission of the El Reno presbytery on ecclesiastical charges, was found guilty early today on three counts and indefinitely suspended from the Presbyterian church, U. S. A.

The minister was adjudged guilty of the following charges:

1. That he expelled members of the Lawton congregation without due process, as provided by church regulations.

2. That he swore to a false affidavit to obtain an injunction in district court restraining interference with his conduct of the Lawton church.

3. That he brought disgrace upon the Presbyterian church as a whole by wading into a public pool garbed in a bathing suit and marrying a couple also wearing bathing suits.

The trial commission announced that the verdict was unanimous on each separate count.

The commission took notice that Mr. Irwin had filed his intention to perfect an appeal to the synod of Oklahoma, which meets in October.

The Woman's Foreign Missionary society of the Methodist church met in the church parlors Thursday afternoon. The president, Mrs. L. H. Hickling, presided over the business session, during which an interesting report was given of the box recently sent to the Methodist hospital at Tientsin, China, which was filled by the ladies of the congregation. Mrs. L. P. Jones led the devotionals. Mrs. H. C. Maguire sang two numbers accompanied by Mrs. P. K. Rolfe. Mrs. Marshall Brown was in charge of the program and was assisted by Mrs. Mabel Young. The subject was "Evangelistic and Medical Missions." Mrs. A. C. Woods was hostess for the afternoon and refreshments were served by Mrs. C. H. Stinson, Mrs. Mary Whittington, Mrs. William Bak-

er, Mrs. C. E. Potter, Mrs. Albert Estling, and Mrs. Lillie Koch.

The Women's Progressive club met Wednesday afternoon with Mrs. Emma Shaw on Third street. As the chief feature of the evening Dr. W. F. Pike gave an instructive talk on election laws, dealing also with the office to be filled at the coming election, and with the party platforms. Seventeen club members were present, with two visitors.

One Dollar Saved Represents Ten Dollars Earned

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, when buying seeds for the garden, will save several dollars' outlay later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.—adv.

ON EXTRAORDINARY TRIP

Buick Model of 1910 on Last Lap of 400,000 Mile Journey to Pass Through Boise

On the last lap of a 400,000 mile journey and still going strong. That's the history of an old "Red Bird" model Buick car of the vintage of 1910. This Model 33 Buick has covered No. 33 underneath the hood, and George P. and Garry H. Brown, the present owners, claim that the veteran four-cylinder is good for another half

million miles, judging from the way it continues to run under all sorts of adverse conditions.

These fellows should know what they're talking about, because they are headed from San Francisco for North Dakota, having left Los Angeles this week, en route for the middle west via Portland, Ore., Boise, Idaho, and the Yellowstone Park, and thence eastward through Utah, Colorado and other intervening states.

This trip will add at least another 4000 to 5000 miles to the traveling record of this car. Some idea of the power that the motor has can be gleaned from the statement made by George Brown that all of the grades on the coast route between San Francisco and

Los Angeles were easily negotiated in high gear.

No modern equipment of any kind has been added to this old car. The original lamps are still doing duty, while cranking by hand starts the motor. The Brown boys are making this transcontinental trip as economically as possible, as they are carrying all of their camping and cooking paraphernalia right on the rear of the car in a specially built-on body.

Handling the Braggart. There is this benefit to brag, that the speaker is unconsciously expressing his own ideal. Humor him by all means, draw it all out, and hold him to it.—Emerson.

THAT'S OUR IDEA in making
CAMELS—the Quality Cigarette.

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarette aftertaste.

Camels are made for men who think for themselves.

HOW IT WORKS

Self-preservation is the plainly evident motive actuating the Walton interests in the pre-primary election campaign now drawing to a close.

There has been built up by these interests a political machine of greater or less efficiency, that is essentially and entirely a destructive organization. It can no more be turned to constructive purposes than can a hurricane.

It has succeeded in capturing the Twin Falls city administration. If its city administration were 100 per cent efficient and nobody contends that it is—it still would not be sufficient to keep the Walton interests' machine running. It thrives on work of destruction, and it goes to pieces when put to a constructive effort.

Hence it must necessarily look for new fields to attack and, possibly, to conquer. If it were successful in capturing the county administration, it would not stop there, but would have to continue its destructive course until overcome by a superior force.

Self-preservation implies, to greater or less extent, the factor of self-support, and it is reasonable to suppose, since revenue accruing to the Walton interests from the municipal adventure is hardly sufficient to keep the machine running on its own power, that its attacks should be centered upon court house offices from which it may expect revenue. It is noteworthy that exactly such a situation does exist and the evident objectives of the machine are the sheriff's office and the board of county commissioners. It is hardly to be wondered at that friends of the candidacy of O. E. Carlson for the Democratic nomination for county commissioner, for instance, are drawing their own deductions from this circumstance.

STEPPING ON THE GAS

American motorists during May, according to figures just made available, "burned up" more than 600,000,000 gallons of gasoline, an increase of 48 per cent over the consumption in May, 1921. No more reliable barometer could be cited to prove that prosperity in this country is rapidly nearing full-bloom.

To the discerning motorist this wholesale use of automobile fuel dashes his hopes of a reduction in gas prices this year. Only a short time ago the motor world was thrilled with the news that the gas reserve was the highest in the nation's history. According to the law of economics that ought to have meant a drop in the price. But on top of that comes an unprecedented shrinkage in the reserve supply—in figures 25,000,000 gallons over that of May 1—and the reserve instead of reaching the billion gallon mark as predicted will not get within hailing distance of it.

And so "somebody is always taking the joy out of life." In this instance it is the motorist himself. If the law of supply and demand is to operate then the remarkably high consumption points in just the opposite direction to a lowering of the price.

MURTAUGH

MURTAUGH—Mr. and Mrs. V. R. Bell and sons, Mrs. V. R. Bell, Mrs. Edna W. Bell, returned Sunday from a week's camping trip at Alturas lake.

Arline Tolman spent several days last week in Salt Lake City on business.

Mrs. J. E. Steiner returned home last week from Kansas, where she has been visiting relatives. Mr. and Mrs. Steiner are disposing of their household goods preparatory to leaving for California where they will make their home.

Mr. and Mrs. Arthur Williams and children of Twin Falls visited at the H. E. Williams home Friday.

Mr. and Mrs. C. A. Dillon, Mr. and Mrs. Walter Sickafus left Wednesday morning for a ten days' camping trip. They expect to go over the Galiena route to the Red Fish lake and the Robinson bar.

Mrs. Grant Bourne entertained a number of ladies at a "berry bee" Friday afternoon at the F. L. Johnson home. A social time was enjoyed while several buckets of berries were stemmed. Delicious refreshments of sandwiches, salad, ice cream, cake and coffee were served to the following ladies: Mesdames T. D. Nash, C. A. Dillon, G. I. Carman, Eva Blair, A. M. Hoover, W. E. Dickey, E. S. True, Oliver Johnson, Miss Celia True.

Mrs. Charlie Miller, Misses Doris Williams, Beth Roberts, Ira and Charles Johnson left the first of the week for the hills on a week's outing.

Mrs. Chester Russell and L. Kearns of Burley were married at Burley Saturday afternoon. Mrs. Russell is the widow of the late Chester Russell who was shot and killed by his brother-in-law, Harry Dunlap. Mr. and Mrs. Russell and family expect to move to Burley.

One of the largest crowds ever gathered at Artisan celebrated "Pioneer Day" there Monday. A very late pro-

gram was given in the morning. Lunch was served in the grove at 1 o'clock. Foot races, horse races and a ball game were held during the afternoon. A dance was held in the evening at the dancing pavilion.

Mr. and Mrs. B. F. Jain spent Tuesday in Twin Falls.

I hereby announce myself as a Democratic candidate for County Commissioner for the Second District (Twin Falls), subject to the Primary, August 1. If nominated and elected I promise the same devotion, efficiency and economy to the county affairs which I am giving to the Twin Falls schools as treasurer and a member of the Board of Education.

JAMES FITZGERALD,
—adv.

I wish to announce my candidacy for County Commissioner from the Second District (Twin Falls) subject to the Republican primaries August 1, 1922. If elected, I pledge my best efforts to the work. I have lived in this county since the earliest pioneer days, hence I believe I understand its problems and needs. I shall appreciate your support.
Very truly yours,
W. B. WOLFE,
Twin Falls, Idaho
—adv.

I respectfully ask the support of the Republicans of Twin Falls County at the Primary election, August 1, 1922, for the re-nomination to the office of County Treasurer and Tax Collector.
Yours sincerely,
EMMA LONGLEY WARREN.

STRIKE MAY END THROUGH ACTION OF JOINT NATURE

Plans Now Being Worked Out Looking to Calling of Interstate Session to Confer on New Wage Schedule

COAL STRIKE SUMMARY

JOHN L. LEWIS, head of the striking miners, predicted that an interstate joint conference "will be arranged within a few days to permit a resumption of mining."

Governor W. T. McCray in a statement addressed to the public, declared that "if the strike is not terminated within five days from this date, I will take over one or more mines and supply the people of Indiana with fuel."

Work of cleaning up mines in the southwestern district for resumption of work was continued.

Seven mines in Pennsylvania resumed operations with the promise of state protection.

PHILADELPHIA, July 27. (AP)—Powerful influences, governmental and otherwise, are understood to be at work to arrange an interstate joint conference and thereby bring to an end the soft coal strike. John L. Lewis, head of the United Mine Workers, would not indicate today where and how these influences are being exerted, but he let it be known that he had "every reason to believe that an interstate joint conference of the central competitive fields will be arranged within a few days."

Union leaders made it known that as soon as they have assurance that sufficient tonnage will be represented at an interstate conference to make a basic wage scale possible, a call for the meeting will be issued at once. Such a call, it was said, may come any day.

The statement of President Lewis said that "it is undoubtedly true that to all purposes and effect the mine workers have won their present strike, and it is almost universally recognized in industrial and financial circles throughout the country that no wage reductions can be applied in the mining industry."

REPORT IS DENIED

WASHINGTON, July 27. (AP)—Officials of the National Coal association said tonight they had been authorized by Alfred M. Ogilvie, president of that organization, to deny any report that a meeting of operators of the "central competitive field" was in prospect looking to an end of the soft coal strike.

Association officials said at one of the final meetings of coal operators in Washington recently the subject was thoroughly canvassed with the decision that no move would be made in the central field, acting as an entity.

ONE MAN WOUNDED

MIDDLEBORO, Ky., July 27. (AP)—One miner was wounded and about a dozen others narrowly escaped serious injury at Bryson Mountain, Tenn., this morning when a party of alleged strike sympathizers fired a fusillade of shots at them as the miners were en route to work. It was learned here late today. The entire territory is reported as terrorized as the result of two hundred armed miners parading through the mine region last night and today.

NEW NATIONS RECOGNIZED

Four Countries of Europe Accepted by America as of National Status

WASHINGTON, July 27. (AP)—Four more nations born of recent wars in Europe, three of them occupying territory that formed a part of the disrupted Russian empire, have been accorded American recognition as full fledged independent governments.

Already recognized by the principal European powers, the three constituted from former Russian dominions, Estonia, Latvia and Lithuania, are to be treated as sovereign nations by the United States, because they have established a political and economic stability attained by their bolshevik neighbors.

The other state to receive recognition, Albania, was constituted in the course of the Balkan wars and although its development has been handicapped by many complications, a recent special investigation by the state department convinced officials here that it was entitled to a footing of equality in the family of Balkan nations.

In announcing recognition of Estonia, Latvia and Lithuania, the department declared in a formal statement that the move meant no break down in the American policy of opposing alienation of Russian territory, but simply was result of the evidence of the independence given by "an indigenous population" during three years of displacement from the remainder of Russia.

SETTLEMENT IS POSSIBLE

Interstate Conference Regarded with Favor by Governor of Indiana

INDIANAPOLIS, July 27. (AP)—Possibility of a settlement of the coal strike, through an interstate conference of miners and operators, was indicated by Governor McCray today in a statement issued after a conference with representatives of the Indiana operators.

Members of the senate committee of the Indiana bituminous coal operators' association will meet in conference with the governor tomorrow to make a decision concerning participation of Indiana operators in a four-state conference composed of representatives of miners and operators from the central competitive field.

The governor said he was led to believe that Indiana operators will agree to participate in the proposed settlement of the strike.

AVIATORS REACH DENVER

Army Flyers Accomplish Journey from Salt Lake in Six Hours Flat

DENVER, July 27. (AP)—Lieutenants Virgil Hines and Charles Webber, army aviators, who are flying across the country, arrived in Denver at 6:10 o'clock this evening, having accomplished a non-stop flight from Salt Lake City, Utah, in exactly six hours.

The aviators were met here by Mr. and Mrs. E. A. Webber, father and mother of one of the flyers, and were taken to the Webber home for dinner. They plan to remain in Denver two or three days before resuming their flight.

First "Glee Club."

In 1787 a "glee club" was formed in London which flourished until 1857. Since this style of music, which was peculiar to England, was not written until the middle of the eighteenth century, this glee club was probably the first of any importance.

GUARDSMEN ARE DISPENSED WITH

Force of 150 Held at Colorado Camp Disbanded and Returned to Homes

DENVER, Colo., July 27. (AP)—One hundred and fifty national guardsmen occupied near Frederick, Colo., since first reports of threatened strike disorders were ordered relieved from active duty today by Adjutant General P. J. Hamrock of the Colorado National Guard.

A return to an absolute peace-time status in the northern fields of the state was given by Hamrock as the reason for his order.

Governor Shoup said tonight that "the co-operation of the general public and city and county authorities over the state with state troopers and national guardsmen during this emergency has made it possible to maintain law and order."

WOOL SCHEDULE IS STILL TARGET OF REPUBLICANS

Proposal for "Scientific Tariff" Put Forth from Democratic Side in General Argument Over Duty Rates

WASHINGTON, July 27. (AP)—Continuation of republican opposition to rates in the wool schedule, a democratic proposal for a "scientific" tariff, as a substitute for the pending bill, and the virtual rewriting of the silk schedule by the finance committee majority, were outstanding developments today in the tariff situation in the senate.

Senators Lenroot, of Wisconsin, and Nelson, Minnesota, voiced the protests of a small group on the majority side against the wool rates but on roll call the committee recommendations were approved by overwhelming majorities.

Senator Lenroot told the senate he regretted the "utter failure" of undertaking to bring about any changes in the protective duties proposed.

"It could not be done, no matter what facts were shown to the senate," he declared. "The votes are here to put the rates through just as the committee reported them."

Senator Nelson, characterized the committee rate of 40 cents a pound and 50 per cent ad valorem on woolen cloth weighing not more than four ounces to the square yard as an outrage. He said it worked out at 100 per cent ad valorem.

Walsh Continues Assaults.

Continuing his assaults upon each paragraph in the wool schedule as they were reached, Senator Walsh of Massachusetts, in charge of the minority opposition to the schedule, told the senate the duties on yarns, which were approved as originally recommended by the committee, furnished "the most outrageous case" that had come up in the wool discussion. He charged that the protective duties were duties to "bestow special gifts and special favors" upon the spinners. His amendment to reduce the protective rates by 10 per cent was rejected, 31 to 19, and then the original rates were approved 31 to 19. Five republicans, Borah, Cummins, Jones of Washington, Kellogg and Lenroot, voted against the rates, and two democrats, Broussard and Kenrick, voted for them.

Motors Thrive Best on a Balanced Gasoline

AFTER all there's something akin to human nature in a motor. It has its likes and dislikes, its "ups and downs," its pains and pleasures. It coughs and sputters and misses and knocks when things go wrong. It purrs like a contented kitten when everything is right—starts nicely, picks up eagerly and pulls like a demon.

The motor has but a modest two-item diet—fuel and oil. And each of these has a vital effect on its performance. Conoco Gasoline is as near to a "prescribed" motor fuel as anything can be. It is a balanced gasoline. It meets every requirement. There is no weakening of one quality to bolster up another; no stinting of power, for instance, for the benefit of starting ability.

The all-around, four season dependability of Conoco, the balanced gasoline, is the quality that has led so many motorists to standardize on it. You will find it to your advantage to do so, too. Polarine is equally as satisfactory—the perfect motor oil.

POTATO BUYER BRINGS GOOD NEWS TO GROWERS

Boyle Commission Company President Takes Optimistic View of Situation

The transportation situation will be solved by the time Idaho's potato crop is ready for market, that there is small chance of overproduction of potatoes and that Idaho's potatoes are the best he has seen on an inspection trip through western potato growing states are outstanding features of the remarks brought here Thursday by O. S. Boyle of Wichita, Kans., president of the Boyle Commission company.

Mr. Boyle conferred here with members of the Twin Falls County Potato Growers' association, which has contracted with his company for marketing of members' potato crops.

During the past week Mr. Boyle, accompanied by Carl L. DeLong, manager here for the company, has conferred with growers of the upper Snake river valley, and came here from Boise and Parma.

BOARD WILL PUT LIMIT ON CARE OF INDIGENTS

Will Require Assurance of Reimbursement in Cases from Other Counties

Indigent persons from other counties, except in cases of emergency, will not be accepted as wards of Twin Falls county to be cared for at the county general hospital unless assurance is given by responsible persons that this county will be reimbursed, according to provisions of a resolution which the board of county commissioners has now under consideration.

The commissioners' indicated action in this regard comes in consequence of their receipt of a communication from the board of Gooding county, which is interpreted as a repudiation of a previous arrangement whereby Gooding county would reimburse Twin Falls county for care of its indigents.

Similar agreements exist with Jerome and other neighboring counties.

STANDARDIZATION URGED FOR COUNTY'S HOSPITAL

Medical Association Members Invite Commissioners to Meeting

W. W. Parish and W. F. Brockton of the board of Twin Falls county commissioners were present at a special meeting Wednesday evening of the Twin Falls Medical association, which is charged with the duty of organizing the hospital administration in accordance with prescribed principles of standardization.

Under this arrangement, Mr. Parish and Mr. Brockton, the medical association would designate two or more of its members to serve in an advisory capacity with the hospital board.

Dr. J. N. Davis of Kimberly, secretary of the association, was instructed by the meeting to obtain more detailed information as to requirements for the proposed standardization of the hospital.

The meeting was attended by about 20 physicians of the county.

Temperature Range is Slightly Higher Records Here Show

Temperature range in the Twin Falls county Thursday was slightly higher than for the four days previously, reaching a maximum at 87 degrees above zero and touching low at 47 above, according to records of the government weather observer's station here.

Continued fair weather is the official forecaster's prediction for Friday.

PRIMARY CANDIDATES PUT FORTH FINAL EFFORTS TO CAPTURE NOMINATIONS FOR VARIOUS OFFICES

Common Lack of Interest in Results Bid Fair to Continue to Close Campaign; Town Votes Expected to Decide Political Fortunes; Open Attacks on Candidates Confined to New Political Element Which May Have Ax to Grind

LACK of interest, that may be said to prevail generally, as to the results of the primary elections of August 6, has been continuing until the close of the campaign.

The opinion is general among the candidates that the vote will be confined pretty largely to the who's who's, and the common saying is that Twin Falls voters will name the winners in cases where there are contests for nominations.

No Public Meetings

There have been no public meetings held in the campaign now drawing to close, and the candidates who have been most active in advancing their own political interests, have contented themselves with spreading the word by word of mouth, distribution of cards or use of newspaper space, that they are in the running.

Open attacks upon candidates have been confined to a political element of recent origin in Twin Falls. These attacks have been directed against candidates who have heretofore held office or are now office holders, former Senator M. J. Sweeney of Twin Falls, candidate for the Republican nomination for state representative, Sheriff E. B. Sherman, candidate for reelection, and O. E. Carlson, former member of the board of county commissioners and candidate for the Democratic nomination for return to that office, being apparently singled out for special attention in this regard. Thus far no reply has been made to the attacks.

In Race for Toga

Carl J. Miller of Castleford, who is rounding out his second term as state representative, has been reported to the primaries for the Republican nomination for state senator in the person of John W. Hardie of Kimberly, well known fruit grower and grain dealer. There has been some talk in some quarters at Buhl of an effort to throw west end support to Hardie, but friends of Miller say that he will carry Buhl precincts for the first time in his political career.

W. F. Pike, Twin Falls, Democratic candidate for state senator, will have no opposition in the primaries.

Republicans have four candidates for state representatives, with four nominations to be made, while the Democrats have only two announced candidates and the Progressives three.

The Republicans have a contest in nomination for county treasurer, Mrs. Emma L. Warren, the incumbent, being opposed by E. H. North of Twin Falls, while the monopoly on contests for the nomination for probate judge belongs to the Democrats who will choose as between John E. Davies and Kennedy Packard, both of Twin Falls.

Many Would Be Commissioners

Both Republicans and Democrats have entered the race for the office of county superintendent of public instruction. Miss Charlotte Pond, Twin Falls, is the only woman candidate for the office. The Republicans have four candidates, Wilson B. Wolfe, B. S. All, B. N. Rendahl and Alan P. Sengstacke, all of Twin Falls. James Fitzgerald and O. E. Carlson, both of Twin Falls, are the Democratic contenders for the nomination.

In connection with the second district nomination, the report is current that Twin Falls' new political machine operated by the Walton interests is actively interested in securing the nomination of Fitzgerald as opposed to Carlisle, and it is rumored, too, that these interests have an understanding with one of the Republican candidates, although names are mentioned with less apparent certainty.

In the third district, too, only one Democrat has a contest for the nomination for commissioner, with three candidates in the field. They are J. D. Barnhart, Kimberly; W. F. Brower, Halley; and Daniel E. Regan, Marlaugh.

There are no contests in any of the parties for the nomination for clerk of the district court, but there are plenty of candidates for prosecuting attorney. On the Republican side, A. J. Myers, Twin Falls, and J. W. Taylor, Buhl, are the contenders. There are three Democrats in the race, O. W. Witham, Twin Falls; Guy L. Kinsley, Twin Falls, and Arthur W. Ostrom, Buhl.

Both major parties also have contests in respect to their nominations for sheriff. E. R. Sherman, candidate for a second term, is opposed by Harry McKinlay, and on the Democratic side A. D. Wilson, Buhl, and Moses Finch, Twin Falls, are the opponents.

Only the Republicans have a contest in nomination for county treasurer, Mrs. Emma L. Warren, the incumbent, being opposed by E. H. North of Twin Falls, while the monopoly on contests for the nomination for probate judge belongs to the Democrats who will choose as between John E. Davies and Kennedy Packard, both of Twin Falls.

Men Encroached on Customs

At variance with a custom of several years' standing, men candidates have entered the race for the office of county superintendent of public instruction. Miss Charlotte Pond, Twin Falls, is the only woman candidate for the office. The Republicans have four candidates, Wilson B. Wolfe, B. S. All, B. N. Rendahl and Alan P. Sengstacke, all of Twin Falls. James Fitzgerald and O. E. Carlson, both of Twin Falls, are the Democratic contenders for the nomination.

Two Republicans, P. J. Grossman and J. E. DeWitt, both of Twin Falls, are opposing candidates for the nomination for coroner, neither of the other parties having yet put forward a candidate.

In the Republican primaries there are only four nominations for which the candidates are opposed. Five candidates on the Democratic side are assured of nomination without contests in the primaries, and the Progressives have no contests at all, but several vacancies on their ticket.

OTHER TOWNS FURNISH JURORS FOR TRIAL HERE

Kimberly and Filer Citizens to Return Verdict in Case of Accused Policeman

Juryman chosen from among citizens of Filer and Kimberly will determine the verdict in the trial Friday of W. H. Chees, Twin Falls traffic policeman, who is charged with unnecessarily torturing an Alameda dog named Mickey and owned by Dr. F. H. Snook, which he shot last week in front of a residence on Fourth avenue east, and is alleged to have dragged for some distance at the end of a chain on his motorcycle before killing it.

Summons for the juryman were Thursday placed in the hands of P. J. Grossman, coroner, to serve. The coroner decided to choose at least residents of the neighboring towns. The trial will be held Friday morning in the probate court here. Prosecuting Attorney Frank L. Stephens will conduct the prosecution, and H. C. Mills will appear for Chees.

WARREN COMPANY NEARS END OF ACTIVITY HERE

Resident Engineer Goes to Casper, Wyoming, to Start New Work

Activities of the Warren Construction company, in connection with present and ensuing maintenance and repair work in progress here for almost two months, will be concluded within ten days upon the return from Casper, Wyo., of Lee C. Warren, resident engineer and engineer for the company, according to his statement Thursday.

Mr. Chase went to Casper to start operations on the Warren company. A number of the old employees of the company here will be taken to Casper and Sheridan, Wyo., and Billings, Mont., and where paying work is under way. Mr. Chase said.

Mr. Chase will retain his home in Twin Falls as in the past.
