

NEW SCHEME TO BUILD RAILWAY COMES TO LIGHT

California Man Says His Principals are Negotiating Purchase of Idaho Central Company's Certificate

You can say that the people I represent are not satisfied with Joseph L. Stewart, of the Idaho Central Railroad company for the purchase of the certificate of necessity and convenience held by his company for the proposed Bowen-Wells railway...

In connection with the visit here of Mr. Wolfe, the following statement was issued by Secretary N. S. Wight of the Twin Falls Chamber of Commerce:

As far as I know and from any information I have, the members of the Chamber of Commerce in this county have the certificate of convenience and necessity has not been sold by the Idaho Central Railroad company...

Mr. Wolfe spent the first part of last week in Contact following his arrival here from his home in Oakland, Cal. He has been making a tour of the country...

Use for One Purpose

I came here from the coast on a hurried trip for but one purpose, Mr. Wolfe continued, and that was to see two or three men. One of these was W. A. Gray, of Contact, and another was J. Maxwold, of this city...

Must Win Main Line Aid

They ask nothing from the people of southern Idaho," added the visitor, "excepting that it develop upon them to build a road which they will like the goodwill and co-operation of the residents of the districts benefited."

Mr. Wolfe asked that as little as possible be made of his visit here, explaining that as a company sought little publicity in their undertakings, and that if the plans of his concern materialized, there would then be plenty of time for publicizing the same.

REPRESENTATIVE SMITH IS CALLED TO CAPITAL

Idaho Congressman is Forced to Cancel Engagements at Several Points

Representative Addison T. Smith, who has been in Idaho since the recent taking by the house of the recess, was notified by wire of President Harding's call upon members of the house to assemble in Washington next Tuesday, August 15.

Mr. Smith was compelled to cancel engagements at Blackfoot, Idaho Falls, St. Anthony, Ashton and in Blaine county, and will leave here Friday morning, returning to Washington.

He said Tuesday that he expected to return to Idaho about October 1, following anticipated adjournment of congress.

Population Gain in Twin Falls Shown by Waterworks Records

There are more water consumers in Twin Falls now than there were two months ago, according to records of the municipal waterworks department compiled by Superintendent J. T. Krivanek showing that during the month of July the department connected 40 residences with the system and disconnected 34, so that connections exceeded disconnections by six.

The showing is considered especially favorable in view of the normal tendency of Twin Falls' population to decrease during the summer months, and increase again in the fall when families come into town with their children entering school.

COURT PAROLES YOUTHS TO PAY DAMAGE CAUSED

Paul Allen and Bryant Allen, of Twin Falls, Sentenced for Car Theft at Jerome

Paul Allen and Bryant Allen, brothers, who were arrested near their home here last month by Twin Falls county deputy sheriffs, pleaded guilty in district court at Jerome to charge of stealing an automobile July 11 from J. W. Johnson at Jerome, according to word received here Wednesday at the office of the clerk of the district court.

Each youth was sentenced to serve an indeterminate term of from one to 14 years in the penitentiary, and each was paroled to go to work and repay the damage resulting from their act. Each is to report regularly to John R. Ault, Twin Falls county probation officer, and to the sheriff of Jerome county.

NEW CARS SWELL FREIGHT RECORD

First Six Months of 1922 Sees 23 Carloads of Motors Delivered Here

Five carloads of automobiles were received in Twin Falls during the month of July, making the total for the first six months of the year, 23 carloads, as compared with 16 carloads of automobiles received here during the entire year of 1921, according to records of the Oregon Short Line freight offices here.

Carloads of freight received during July, 1922, totalled 300, as against 276 during the corresponding month last year, and a record of freight during the entire year of 1922, according to records here during the month just closed totalled 195 as compared with 194 in July, 1921.

Comparative figures on the freight movement to and from Twin Falls in July, 1922, and the corresponding month last year are shown by Short Line records as follows:

Table with columns for Carloads Received July 1921 and July 1922, and Carloads Forwarded July 1921 and July 1922. Lists products like Apples, Barley, Brick, Coal, Canned Goods, Cement, Flour, Oil, Fruit, Vegetables, Stock, Gravel, Sugar, Wheat, Wool, Miscellaneous.

PRECINCT COMMITTEEMEN WILL FORM ORGANIZATION

Sessions of Leaders of Three Political Parties to be Held Simultaneously

Members of the county central committees of the three political parties participating in the campaign just opening, who were elected in each precinct at primary elections last Tuesday, will assemble in Twin Falls at noon Saturday, August 12, when all three meetings will be called to order simultaneously. All three meetings probably will be held in the same hotel, different rooms being used by each political group.

COMMITTEES TO FORM LINES FOR NEXT CAMPAIGN

Party Representatives in Each Precinct, Chosen at Primary Elections, to Meet Here and Form Organizations

Organizations of county committees, with the election of chairmen and secretaries and executive committees, and appointment of precinct committeemen for precincts which failed to fill the positions at the primary elections last week, is the business before meetings of the county committees of all three parties to be held here at noon Saturday.

Each county committee is made up of 28 precinct committeemen, one from each of the precincts into which the county is divided, together with its chairman and secretary who are not necessarily precinct committeemen themselves.

Five Vacant Places

The newly elected Republican county committee will have five vacancies resulting at Amsterdam, Berger and Shoshone Basin through failure to hold primary elections, and at Lucerna and Allendale through neglect to name committeemen. In addition the votes were recorded for candidates for committeemen at Hollister, Maroa and Rock Creek, and at Rogerson, W. M. Hines, who was nominated for state representative, was elected committeeman with two votes, J. B. Langford receiving one.

Buhl precincts will be represented by new committeemen. In Buhl No. 1, C. E. Budy defeated William B. Green, Jr., the incumbent, 65 to 49, and in Buhl No. 2, E. H. Brooks was chosen to succeed J. O. Eastman, who has served as committeeman from this precinct for several years.

Republican Committeemen

- The list of newly elected members of the Republican county committee follows: Twin Falls 1—Wilbur S. Hill. Twin Falls 2—W. O. Taylor. Twin Falls 3—H. O. Van Ausden. Twin Falls 4—J. O. Blackstone. Twin Falls 5—Alan P. Sabin. Twin Falls 6—E. V. Larson. Twin Falls 7—E. J. Hornbrook. Buhl 1—C. E. Budy. Buhl 2—E. H. Brooks. Filer—A. A. Shear. Kimberly—W. F. Brockton. Hansen—Stuart Foster. Murtaugh—T. T. Rutledge. Castleford—F. W. Neale. Rogerson—W. E. Edward Demorez. George Crockett or Frank Ogg (tied with one vote each). Butte—J. F. Clark. Roseworth—E. K. Grimm.

Democratic Committeemen

- Members of the newly elected Democratic county committee are: Twin Falls 1—J. M. Diamond. Twin Falls 2—J. E. Roberts. Twin Falls 3—B. S. Brinkman. Twin Falls 4—W. A. McKindler. Twin Falls 5—W. A. Minnick. Twin Falls 6—W. B. Lawrence. Twin Falls 7—T. M. Robertson. Buhl 1—W. B. Morrison. Buhl 2—Harry W. Barry. Filer—C. E. Dickov. Kimberly—J. H. Sudweeks. Hansen—W. F. Brower. Murtaugh—James Mathews. Castleford—N. L. Jordan. Hollister—B. E. Moorhouse. Deep Creek—W. F. Cox. Maroa—E. J. Malone. Berger—H. Crookham. Rogerson—W. S. Storck. Roseworth—J. F. Marodith.

No choice was made at Butte and no elections were held at Rogerson, Allendale, Amsterdam or Shoshone Basin. Returns from Clover have not been received.

Progressives Chosen

- The Progressive choice of precinct committeemen so far as reported comprises: Twin Falls 1—H. H. Freedheim. Twin Falls 3—O. Shriver. Twin Falls 4—Fred Hillis. Twin Falls 5—F. H. Franklin. Twin Falls 6—E. Ed. Vance. Buhl 1—R. R. Schaeffer. Filer—A. S. Dickov. Filer—Elmer Amann. Kimberly—L. Walton. Hansen—J. F. Scherup. Murtaugh—S. H. Walton. Maroa—H. Murphy. Deep Creek—Charles C. Merrill. Clover—George A. Childs. Thomas—A. P. Bond. Amsterdam—A. E. Caldwell.

Perplexing Problem Faced by Man Whose Wine Store is Gone

Ranchman May Prosecute Alleged Thieves but Will Face Charge of Assault

Whether to prosecute a number of young men for theft of three gallons of home-made wine from his cellar and at the same time face prosecution for assault with one of the 'jugs' containing the wine upon one of the alleged burglars, or to accept the loss of his beverage and dismiss the notion of appealing to the law, is the question being debated by a Filer district ranchman, according to a story told with fight and reason, as reported notified by Probation Officer John R. Ault. Both sides of the case have been investigated by the probation officer, and the decision as to subsequent steps in the premises rests upon the despoliated victor.

It seems that this ranchman treasured three gallon jugs of home-made wine in his cellar. One day they were missed and his suspicions pointed to a number of young men of the community. Guided by these suspicious the ranchman laid in wait and one evening, armed with a shotgun, he caught them on their way to a dance. He recognized one of his jugs in the car. He rode along with them for a way, and watching his opportunity, seized the jug and quit the car. Stopping the machine, the youths turned back to recover the jug. The ranchman aimed his gun and they fled. He fetched it down on the head of one of the young men with such emphasis as to render the youth unconscious, and to break the jug so that its contents were wasted on the thirsty soil.

And so the situation stands. If the ranchman prosecuted for theft of his wine, he faces prosecution for assault upon one of the alleged thieves. It is his problem.

KEEL NEW HEAD OF ROAD BOARD

Twin Falls Realtor is Chosen Successor to Asher B. Wilson

J. S. Koel, prominent Twin Falls real estate operator, announced a member of the board of directors of the Twin Falls highway district at a meeting held Saturday. Mr. Koel was chosen to fill the vacancy in the board membership caused by the resignation several weeks ago of Asher B. Wilson, president of the board. J. B. Langford, Rogerson, is president, and A. E. Mann, Hansen, are the other members of the board. Miss May Smith, of Hansen, a former employe, was chosen office director to take the place of Paul B. Taber, who has resigned to take another position.

Let's Graveling Contact

At its last meeting Saturday the board let the contract for graveling eight and one-half miles of roadway between Hollister and Knoll. The contract was divided between William Harkins and William Hoops. Fourteen hundred yards of gravel to the mile is required on this piece of construction.

Other matters acted upon by the board included the allowance of the monthly pay roll and bills against the district.

DEATH SUMMONS ORCHARDIST ON BUSINESS TRIP

Body of E. L. Tyler, Manager of Crystal Springs Ranch North of Filer, is Found on Bed in Room at Rupert

RUPERT, (Special of The News)—Strutched across the bed in an attitude of repose, the body of E. L. Tyler, manager of the Crystal Springs ranch north of Filer, and secretary of the Twin Falls County Horticultural association, was found in his room at a lodging house here at 6 o'clock Tuesday afternoon, about five hours, physicians here here expired.

There was no evidence of violence on the body, and death was attributed to a heart affection from which Mr. Tyler is known to have suffered. In his possession there was found \$180 in cash and a similar amount in checks. Mr. Tyler, manager of the resort, was booked elders and collecting for fruit from the Crystal Springs ranch. The body was removed to the W. A. Goodman, undertaking establishment here and relatives at Filer were communicated with. Mr. Tyler was about 38 years of age.

SHORT LINE SUES FOR RETURN OF TAX MONEY

Calls for \$133.32 It Paid for Removal of Albion State Normal School

Suit against Twin Falls county and Mrs. E. L. Warren, as county treasurer and tax collector, was Tuesday filed in district court here by the Oregon Short Line Railway company to recover \$133.32, which it claims was illegally collected as that portion of first installment 1921 taxes assessed to provide for removal of the Albion state normal school to Burley.

The Short Line cites that legislation providing for this assessment has been declared unconstitutional and void by the state supreme court.

The assessment made by the legislature for this purpose was one-eighth of a mill. The Short Line figures this additional assessment on its property in Twin Falls county amounted to \$260.63, and is asking for return of the first installment which it paid last December under protest.

The complaint was filed on a printed form, indicating that similar actions have been instituted by the Short Line in all Idaho counties where it has property.

EIGHT NEW CARS LICENSED EVERY DAY THIS MONTH

Records of Assessor's Office Give Evidence of Brisk Sales of Automobiles; Regulations are Cited

During the first five days of this month forty-two state auto licenses for new cars purchased since August 1, have been issued by the office of S. C. Wood, assessor, according to F. W. Brown, deputy. This is an average of more than eight a day, conclusive evidence that sales of automobiles in this county have been brisk.

The assessor's office points out that owners of all new cars purchased in 1922 after August 1, are required to have their cars licensed under the law. However, a new regulation this year requires that second-hand cars, even though purchased after August 1, must have a full year's license fee paid on them.

Figures for Year Licenses for 4,589 cars in this county were issued by the assessor's office up to August 1. The total to date is 4031. The month from license up to the first of the month totalled 607,150.00. The fees received after that date brings the total up to \$70,000.

ALLEGED FORGER WILL CONDUCT OWN DEFENSE

Howard Harnish Denies Guilt and will Go Into Court Without Counsel

Howard Harnish pleaded not guilty to charge of forgery when he was arraigned Monday before Judge O. P. Duval in probate court, and preliminary hearing in the case was set for Wednesday morning. Harnish indicated that he would conduct his own defense without legal assistance.

Harnish was arrested some days ago by Twin Falls police. It is charged that he forged the name of E. H. Koch to a check for \$10 and cashed it at the Three Rules store and that he issued several such checks.

James Turner, Hansen, pleaded not guilty to charge of having been drunk and disorderly proferred by W. M. Krumm, Hansen constable, and hearing in the case was set for Friday.

ALSIKE SEED SELLING ON BUYERS' MARKET

Cash Prices Range from 12 to 15 Cents a Pound with Co-operators Figuring Value at 15 Cents

Alsike seed crops now being threshed in the Twin Falls country are being sold on a "buyers' market" here at from 12 to 15 cents a pound, while a co-operative marketing agency, under its contract to advance 60 per cent of the value of the crop, is advancing 9 cents a pound, estimating to value of No. 1 seed at 15 cents a pound. This was the average price obtained for alsike growers through the co-operative agency last year. Practically no export demand exists for the domestic crop, it is said. This situation is explained with the statement that Canadian growers are throwing their crop on the market at a figure with which growers of the United States cannot compete.

MURTAUGH ROAD DISTRICT GIVEN \$39,573 CREDIT

Appraisers Submit Joint Report on Three Months' Investigation of Financial Status of Old and New Organizations

Subject to various enumerated contingencies, the amount which the Murtaugh highway district is entitled to receive from the Twin Falls highway district, out of which it was created last February, is \$39,573.50, according to a joint report made Monday by the Twin Falls district by the appraisers, Edwin A. Wilson, Twin Falls, and J. B. Schofield, Salt Lake, for the Murtaugh district.

The appraisers have thus completed a task begun last May. Each appraiser furnished to the other, and to the joint report represents the conclusions upon which they agreed at the end of the task. Each appraiser also filed an individual report.

Appraisal in the case of the Rock Creek highway district, which also was found to be in arrears to the Twin Falls district, has been completed and a balance sheet compiled, but no reports have been made by the appraisers for the reason that the settlement as between the Twin Falls and Murtaugh districts will necessarily affect the Rock Creek settlement.

Tax Suits a Factor. Among the contingencies enumerated as affecting the amount due the Murtaugh district, the appraisers include litigation involving tax assessment against Salmon River project lands. The Twin Falls district, under the law, will have four years to pay the younger districts the amounts given them in the settlements.

Total value of the Twin Falls district's property, including roads and bridges, fixed by the appraisers at \$119,000. The Murtaugh district's share, as based on its assessed valuation, is given at \$69,200.50. The appraisers figure that the Murtaugh district already has received roads and bridge work to the value of \$41,000.47, leaving a credit on that account in the amount of \$28,199.45.

To this amount there is added a credit of \$12,980.05 as the Murtaugh district's share in the rock quarry and crusher plant which is listed as "undividable property" and a further credit of \$11,000.00, as the Murtaugh district's share in net assets and "undividable" property and equipment.

The cost of a bridge over the high line canal in the Murtaugh district, amounting to \$18,151.50 is charged against the district, to be deducted from the total of credits heretofore listed.

Bonds Remain Liability. Bonded indebtedness and interest fund do not enter into the settlement, and a proportionate share in the bonds remains a liability of the now districts.

It was necessary for the appraisers to lay out the original source of income and disbursements from the date of the organization of the Twin Falls district. In this work they discovered a credit due from the county to the district in the amount of \$35,059.00, for the taxes and underpayment to the district.

FIRE DETECTED IN WOODLANDS SOUTH OF HERE

Rock Creek Resident Locates Blaze at Edge of National Forest; Little Damage Seems Likely to Result

Fire in woodlands apparently at Indian springs at the edge of the Minkdoka National forest and about 16 miles south of Rock Creek, was Tuesday reported by a resident of Rock Creek to the sheriff's office here, and by the author here to the forest ranger residing about 15 miles from the supposed scene of the blaze.

Smoke Seen Here. Evidence of the blaze also was observed by residents of Twin Falls and vicinity.

Apparently heavy rains passed over the region Tuesday afternoon. Persons here who are familiar with the region said that damage that could result from fire at that point would be small for the reason that trees there are mostly quaking asps and junipers, growing in comparatively widely separated clumps.

# GERMANY AGREES TO CLAIMS PACT

### If Two Commissions Are Unable to Agree American Umpire Will Make Decision

WASHINGTON, Aug. 10. (AP)—Announcement that an agreement between the United States and Germany providing for the determination of the amount of claims against Germany was signed today in Berlin was made tonight by the state department. The agreement provides for a claims commission to be composed of two commissioners and an umpire.

### Judge Day Is Umpire

Associate Justice Day of the United States supreme court, it was announced today, is to select President Harding as umpire. He will have authority to decide finally upon questions on which the two commissioners may disagree.

### Will Pass Upon Claims

Under the agreement, the commissioners will meet in Washington within two months from the date of its signature and will pass upon (1) Claims arising from damage to American property within the former German empire; (2) claims arising as a consequence of the war and occurring since July 31, 1914, and (3) debts owed as between the nationals of the two countries.

# HEAVY RAIN AT MURTAUGH

### Electrical Storm Puts Some Telephones Line Out of Commission

MURTAUGH—Murtaugh was visited Tuesday afternoon by a heavy rain and hail storm. Some of the gardens were badly beaten down by the hail. Some telephones lines were out of commission by the electrical storm. Murtaugh people were enjoying the use of electricity for the first time Saturday evening.

Mrs. William Taylor and children who have been visiting at Parma for some time, have returned home.

Mrs. J. E. Skelton, left Tuesday morning for a week's fishing and outing trip.

Mr. and Mrs. E. S. True, Mr. and Mrs. Carl True, Mrs. A. B. Hartley, Miss Collier True, Cecil Boyd, Mr. and Mrs. Oliver Johnson, Mr. and Mrs. F. W. Wachholz comprised a fishing party which motored to Wood river Saturday evening.

Mr. and Mrs. B. F. Jain and sons, Glen, Francis and Everett, and Mr. and Mrs. Lloyd Jain and daughter, June, motored to Albion Sunday and spent the day.

Lucia Boyd of Bliss was the guest of Katherine Fahy Sunday.

Mrs. L. B. Bettley was called to Colorado Wednesday evening by the serious illness of her mother.

Mrs. Louise Downey of Twin Falls is visiting at the home of Mrs. Madhava.

The three-year-old daughter of Mr. and Mrs. C. C. Dudley is quite ill with spotted fever.

Mrs. H. Burton and two children of Pocatello, who have been visiting at the home of Mrs. Burton's cousins Mrs. Eva Blair and Mrs. A. Hoover, returned home Tuesday.

Mr. and Mrs. L. C. Witt and Mrs. L. H. Merriam of Ormeo, Idaho, spent the latter part of the week with Leland Witt, Mrs. Witt's brother, in their home from the Yellowstone National park.

Mr. and Mrs. W. C. Dieck and children, Mr. and Mrs. W. R. Dieck and Mrs. Edna Wachholz motored to Burley Monday evening to the Chautauquan.

Mrs. S. A. Pickett, age 72 years, of Oakley, and sister, Mrs. S. E. Dunham, 72 years, of Pocatello, are visiting at the home of the former's son Hyrum Pickett.

Mr. and Mrs. J. J. Byers and their daughter expect to leave Thursday evening for Hill Top, Nevada, where Mr. Byers has been employed.

Zina Pickett, who has been visiting at the home of her sister, Mrs. Lew Rawlings, of Jerome, returned home Thursday morning.

The News is read by the permanent singing classes.

# SEATTLE VETERANS WILL GREET WARTIME COMRADE

### "Tin Derbies" and Overseas Equipment Emerging for "Wild West" Reunion

SEATTLE, Aug. 10.—With "tin derbies" polished and overseas equipment emerging from attic trunks with the odor of moth balls still strong upon them, local members of the Ninety-First division are ready to greet their comrades of the "Wild West" reunion when they gather here in reunion August 19 and 20. Organization of a corps of aides to meet all incoming trains, hotels and buses has been completed, according to O. W. Schmitz, general chairman of the reunion committee.

William M. Evans, chairman of the Tacoma committee, sent word to reunion headquarters that all is in readiness for the reception at Tacoma on Aug. 20 and for the divisional review to be held at Camp Lewis on that day. Major Bortram Cadwallader, formerly with the Ninety-First division, now stationed at Camp Lewis, has charge of the review plans and the facilities of the entire camp will be turned over to the Powder river men, according to word from Major Cadwallader received at reunion headquarters in the Railway Exchange building.

Arrangements for sending 1000 men at the divisional banquet to be held in Seattle on the opening night of the reunion have been completed and the big event will be staged in Koller's pavilion rink and Director Schmitz of the division will be much in evidence in the decorative scheme in Seattle. Contracts just awarded by the city council for decorating the city's streets and buildings during the week of August 14 when the Veterans of Foreign Wars hold their annual convention called this week for fall crop; grain being cut and threshed; apples making rapid progress; prunes dropping heavily the last ten days; potatoes looking fine but not harvested at account poor prices.

New Meadows, Adams county: Hay harvest made good progress until interfered with by rains at end of week;

Wind lodged oats and barley crops badly; range and pastures holding out well; stock in good condition.

Twin Falls, Twin Falls county: Rains of the 1st to the 4th have put a stop to threshing of wheat, and delayed harvesting; all crops doing excellent; wheat harvest just commencing; lettuce coming up and growing rapidly; an abundance of apricots being harvested.

Copeland, Boundary county: Very hot and dry week with some smoke from fires.

Geneva, Bear Lake county: Favorable week for hay and crops; range slightly improved.

Montpelier, Bear Lake county: A favorable week; crops looking good, range refreshed by light showers.

Grave, Blaine county: Favorable week; heavy rains; beets, peas and other crops looking good.

Blackfoot, Blaine county: Moderate temperatures with showers on three days. Some damage to grain by strong winds.

Clifton, Franklin county: Week was favorable for all crops and farming operations; beets and other crops doing well; harvest of spring wheat started.

Lava Hot Springs, Blaine county: Heavy showers, moderate temperatures, favorable for maturing crops; potatoes and meadows looking fine, other crops favorable.

Mackay, Custer county: Showers were general in this section the past week; dry lower ranges are improving. Corn is in the silk and grains are maturing.

Spencer, Clark county: Showers nearly every day this week; fine for range and dry land crops, but interfered with hay. All range stock in excellent condition.

Pocatello, Blaine county: Moderate temperatures, good rains, favorable for rapid growth of crops. Second cutting of alfalfa delayed by rains;

Boise weather bureau station

The summary follows:

Boise, Washington county: Good growing week; crops maturing fast; unusually large yields of all crops.

Boise, Ada county: Excellent growing conditions; rain delayed harvesting somewhat but greatly benefited all crops; considerable prune drop and indications of further droppings; apples dropping some; second crop alfalfa cut and stacked, good crop secured.

Freeland, Payette county: Weather is somewhat cool; lettuce being planted this week for fall crop; grain being cut and threshed; apples making rapid progress; prunes dropping heavily the last ten days; potatoes looking fine but not harvested at account poor prices.

New Meadows, Adams county: Hay harvest made good progress until interfered with by rains at end of week;

Wind lodged oats and barley crops badly; range and pastures holding out well; stock in good condition.

Twin Falls, Twin Falls county: Rains of the 1st to the 4th have put a stop to threshing of wheat, and delayed harvesting; all crops doing excellent; wheat harvest just commencing; lettuce coming up and growing rapidly; an abundance of apricots being harvested.

The summary follows:

Boise, Washington county: Good growing week; crops maturing fast; unusually large yields of all crops.

# HOPPERS WORK HAVOC IN HAY

### Washington County Farmers Report Alfalfa Fields Infested by Pest

BOISE.—Grasshoppers have destroyed portions of the second crop of alfalfa hay in Washington county, according to the weekly summary of weather and crop conditions, issued Wednesday by Delbert M. Little, observer, temporarily in charge of the Boise weather bureau station.

The summary follows:

Boise, Washington county: Good growing week; crops maturing fast; unusually large yields of all crops.

Boise, Ada county: Excellent growing conditions; rain delayed harvesting somewhat but greatly benefited all crops; considerable prune drop and indications of further droppings; apples dropping some; second crop alfalfa cut and stacked, good crop secured.

Freeland, Payette county: Weather is somewhat cool; lettuce being planted this week for fall crop; grain being cut and threshed; apples making rapid progress; prunes dropping heavily the last ten days; potatoes looking fine but not harvested at account poor prices.

Wind lodged oats and barley crops badly; range and pastures holding out well; stock in good condition.

# World's Water Power

The total available horsepower in the world derivable from falling water is reckoned at 489,000,000. Africa leads with 100,000,000. Asia has 71,000,000. Europe is credited with 45,000,000. South America with 54,000,000 and North America with 62,000,000.

# HOPE-TOLD TALE

One of interest to Our Readers. Good news: hoarse repeating and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a Twin Falls man is confirmed after seven years.

Wm. Secord, carpenter, 235 Main Ave., says: "I had pains all aches in my back and suffered terribly. I was also bothered with my kidneys acting irregularly. Doan's Kidney Pills were recommended and I found them fine. Since then when I have caught cold and been bothered with kidney disorder I have used Doan's and they have always given me prompt relief."

LASTING RESULTS. Over Seven Years Later Mr. Secord said: "The relief Doan's Kidney Pills gave me has lasted."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Secord had. Foster-Milburn Co., Mrs. Buffalo, N. Y.

# Hot Weather Diseases

Disorders of the bowels are extremely dangerous during the hot weather of the summer months, and in order to protect yourself and family against a sudden attack, get a bottle of Chamberlain's Colic and Diarrhoea Remedy. It can be depended upon. Many have testified to its excellence.

REDS TAKE 3 STRAIGHT

Pull Giants Down, with Addition of Roush in Field—Cards Swamp Braves

NEW YORK, Aug. 10, (AP)—Cincinnati made it three straight from the New York Nationals today. Scott was knocked out in the seventh when a Cincinnati batting rally yielded four runs. Dabert hit a home run in the right field bleachers in this inning with two on base. Ed Roush, former National league batting champion, started his first game of the season for Cincinnati. Score: R. H. E.  
 Cincinnati 7 11 0  
 New York 3 11 0  
 Batteries: Dabert and Hargrave; Scott, V. Barnes, Jonnard and Smith.

CARDS GAIN FULL GAME

BOSTON, Mass., Aug. 10, (AP)—St. Louis defeated Boston today, hitting Marquard for the second, third and fourth innings. Gainer's homer to right center in the third was home with two on bases.  
 R. H. E.  
 St. Louis 7 11 0  
 Boston 3 8 1  
 Batteries: Pfeiffer and Altmire; Marquard, McNamara and O'Neill.

11 STRAIGHT FOR PIRATES

PHILADELPHIA, Aug. 10, (AP)—Pittsburgh won its eleventh straight victory today by defeating Philadelphia. Carlson hit the home team to eight hits while his teammates were hammering Ring and Welner for 16 safeties. The Pirate pitcher had a home run as did Walker of Philadelphia.  
 In the four-game series, Pittsburgh scored 67 runs and made 84 hits for a total of 108 bases.  
 R. H. E.  
 Pittsburgh 14 10 2  
 Philadelphia 4 8 4  
 Batteries: Carlson and Schmitt; Ring, Welner and Heinke.

CLUBS SWAMPED

BROOKLYN, Aug. 10, (AP)—Brooklyn swamped Chicago today, 16 to 1, in the fourth, Brooklyn made three hits

HEYDLEB TO CALL MEETING

NEW YORK, Aug. 10, (AP)—John Heydler, president of the National League, today announced that a joint meeting of both major leagues would be held next Monday in Chicago for the purpose of voting on proposed changes in the barnstorming rule as it applies to world series players.

Told of Victor Hugo.

Of Victor Hugo it is told that once when a word used in one of his poems was criticized as "not French," he calmly replied: "It is now." The story may not be true, but it might have been, for no doubt, if occasion had arisen, Victor Hugo was quite capable of saying just that, and of believing it, too. Moreover, his confidence in his own reason for his day his right to increase the French vocabulary was about as good as that of anybody else.—New York Times.

Divorce Among Birds.

Contrary to general belief, the house wren frequently is divorced from his mate during the season, says an ornithologist. Some wrens return year after year with the same mates, while others are discovered with different mates.

Cause of Appendicitis.

When the bowels are constipated, the lower bowels or large intestines become packed with refuse matter, that is made up largely of germs. These germs cause the vermin appendicitis and set up inflammation, which is commonly known as appendicitis. Take Chamberlain's Tablets when needed and to make sure bowels are kept open. Have little to fear from appendicitis, adv.

WARNING!

It's only fair to warn all male citizens of this city between six and eighty, that I'm headed straight for town. I've had enough of the new mown hay and the frost on the pumpkin, of ham and eggs country style; I'm fed up on shocking corn and playing hymns on the melodion and sewing carpet rags. I'm lookin' for bright lights and a good time. Twin Falls looks good to me. I'll just go to the Idaho Theatre today and see that there Home Spun Vamp. That May McAvoy looks good to me. The manager also sent word there was a Mack Sennett film what hangs up the long distance laugh record. Crackin' good, he says. An' best of all, he says, there is one of the Sport Reviews which has a kick in it for everyone that ever went fishin'.

IDAHO SPUD TRADE QUIET

Buyers Holding Off and Sales Too Few to Establish Market

CALDWELL, Aug. 10.—Buyers are still holding off the potato market, according to Wednesday's report of the United States department of agriculture, issued here by C. E. Schultz, local representative. Haulings continue light and there is little wire inquiry. Practically all potato shipments are reported consigned with sales too few to establish a market. The last quotation here was 85 cents a hundred pounds. Twenty-six carloads of potatoes were shipped from Idaho Tuesday. Primary destination of 28 cars shipped from Idaho and Eastern Oregon that day were: Aberdeen 1; Amarillo 7; Baker 1; Denver 12; Omaha 1; Pondolou 1; Portland 4; Spokane 4.

They Use Butterflies as Food.

Butterflies, which are very prolific in Australia, are suffocated in millions by the aborigines, and separated from their wings, pressed into cakes and eaten.

Hunger, the Best Sauce

Sauce is used to create an appetite or relish for the food. The right way is to look to your digestion. When you have good digestion you are certain to relish your food. Chamberlain's Tablets improve the digestion, create a healthy appetite and cause a gentle movement of the bowels.—adv.

LEGAL ADVERTISEMENTS

ALIAS SUMMONS

In the District Court of the Eleventh Judicial District of the State of Idaho, in and for Twin Falls County.

Henry White, Plaintiff,  
 vs.  
 Jeannette White, Defendant.

The State of Idaho sends greetings to Jeannette White, the above named defendant.

You are hereby notified that a complaint has been filed against you in the District Court of the Eleventh Judicial District of the State of Idaho, in and for Twin Falls County, by the above named plaintiff and you are hereby directed to appear and answer said complaint within twenty days of the service of this summons if served within said Judicial District, and within forty days if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time herein specified the plaintiff will take judgment against you as prayed in said complaint. This action is brought for the purpose of dissolving the bonds of matrimony heretofore existing between the plaintiff and defendant on the grounds of cruelty.  
 Witness my hand and the seal of said District Court this 7th day of August, 1922.

C. C. GIGGINS, Clerk.  
 By John F. Hanson, Deputy.

W. P. Guthrie, E. J. Hornbrook, Attorneys for Plaintiff, residing at Twin Falls, Idaho.

One Explanation of the Pyramids.  
 Modern scholars do not believe the Pyramids were built by any lost art of engineering. Probably it was mere brute strength working on long ramps.

Wright's A GOOD THING TO TRADE

The Last Saturday of the August Sales

The August Sales will come to a close the 15th of the month. This means that this will be the last Saturday of the sale. The astounding values advertised last week are still in effect and will be until the last day, which is Tuesday next.

Every department of the store has contributed to the offerings of the sales and the result has been very satisfactory. We are selling you regular merchandise at reduced prices. When we say lower prices on everything, we mean what we say.

The advertisements of last week will be posted in the store where you may conveniently read them. Every one brings a message of lower prices.

# MAYNARD PUT TEETH IN PROBE OF OIL PRICES

### Head Officials of Greater Oil Companies to be Called Before Senate Committee for Quizzing

WASHINGTON, Aug. 10. (AP)—Decision to call head officials of many of the greater oil companies who can talk about the inside of the oil industry, was reached today by setting Chairman McNary of the senate manufactures committee as the next step in Senate investigation of the gasoline price situation.

Senator McNary said he was determined to have relevant facts instead of side issues, in the committee record.

**Doubts as to Competition.**  
The investigation would show, Senator McNary said, whether there is "actual competition, for instance, among the units of the Standard Oil Co. He believed also, he added, that the investigation would show whether there is "an understanding, or what amounts to an understanding, between selling companies as to the 'artificial gasoline prices shall form.'"

The committee has heard in the past four days R. L. Wolch, secretary of the American Petroleum Institute, and John D. Clark, vice president of the Midwest Refining Company. Both gave testimony which the chairman said he regarded as "highly interesting and frankly offered," but stated that he did not "get anywhere in the committee's plan." Consequently the committee adjourned today to meet again probably early next week when it is proposed to call witnesses from the ranks of high oil companies' officials.

**Would Probe Deep.**  
In addition to the subjects mentioned, Senator McNary explained that the committee would inquire into the makeup of the big companies, the names and nature of their officers, their capital, net returns and overhead expenses, the personnel and salaries of the directorates and details as to trade practices. He stated that it was common report that some promoters holding near-monopolies on small fields had resorted to choking wells in order that the production could be held down and the market "buoyed."

In this connection, Senator McNary called attention to statements today of Mr. Clark to the effect that the production of the Rocky Mountain field, where his company operates, was not full capacity. Mr. Clark said this was because the refiners could not dispose of the crude oil as rapidly as it was offered, but Senator McNary said he thought that in some cases the practice might be a move to compel higher prices on finished or refined products.

Mr. Clark told the committee that many of the refiners in the territory where his company is located were proposing to construct large refining facilities to take care of surplus production. He also stated that so far as he knew there had been no efforts to make the recent reduction of gasoline prices "a showing" in advance of the present investigation. The drop in gasoline prices, he attributed to the reduction in crude quotations which preceded the gasoline cut.

**HAD HEARD IT ALL BEFORE**  
Mr. Pastor's Positivism Interrupted by Memories of His Grandfather's Remarks Concerning Time's Trend.

"This boasted progress of ours is mere illusion," grimly said old Festus Pester. "Corruption permeates our entire social fabric. Selfishness has supplanted generosity. The process of disintegration is going on at an alarming rate. Our sole goal has come to be money. Vice is tolerated, and morality is obscured by hypocrisy. Patriotism has disappeared. Waste and idleness abound. Humanity is decaying at heart. Criminally, moral obliquity, class hatred, the destruction of the family sentiment, Positivism and skepticism are evident on every side; and so on and so forth."

"In fact, I would mention that a crisis is at hand, and also that it is a pretty kettle of fish, if I did not recall that my venerable grandfather held practically the same opinion of the world and his fellow men at his stage of the game and there are still in existence letters written by his grandfather wherein is set forth a like estimate of the folks and affairs of his day, and there is a tradition to the effect that his ancestors felt the same way about their own times and associates. And very likely I might run for office on the strength of the awful condition of everything if I hadn't always been fairly respectable and reasonably able to earn an honest living."—Kansas City Star.

Silver Shoes Pass as Currency.  
The Chinese use an ingot in the form of a woman's shoe as a basis of currency, which is determined by the weight and genuineness of silver. It is expressed in so many "taels of silver." The purseness and weight of the shoes are certified by a Chinese official called "Kiang Ku."

Classified advertising is the cheapest thing you can buy—measured by the profits it may bring you.

# CITY GAS TANK OPENED UP FOR COMMISSIONERS

### All's Disclosure and McAuley's Admission Result in Legalizing of Practice for Use on Municipal Business

Commissioner S. B. All's disclosure to one member of the city commission used gas and oil from the city's supply for his car and had his car repaired by a workman in the city's employ, followed by Commissioner E. G. McAuley's admission that he was the official referred to, and the adoption by the commission, with All alone voting no, of a motion authorizing members of the commission to draw on the city's supply of gas and oil for their cars when in use on municipal business, was one of two extraordinary developments at Monday night's session of the Twin Falls city commission.

**Experts Stage Debate.**  
The other was a debate between E. R. Dooley, city chemist, and Dr. John W. Visher, city chemist, which the latter described as being "earnest and acrimonious" in regard to specifications for bids outlining the duties of the city chemist, and the commission's action in receiving Dr. Visher's alternative specifications and decision to submit to the city, together with the original specifications drafted by Dooley to the state board of health to determine which was the better adapted to needs of Twin Falls. All declined to vote on this proposal, which the commission adopted by unanimous vote of the other four members.

**Adopts Adik Ordinance.**  
The commission also adopted a lengthy ordinance revising regulations as to the dairy industry and providing for a new sealing scale of license fees, and ordered the ordinance printed in pamphlet form for distribution among dairymen. Printing of the pamphlets ordered involved at Dooley's expense of from 3 to 4 cents each, and was objected to by Commissioner All on the grounds that it was a needless expense.

Another ordinance providing for removal of weeds from uncultivated lots by the city, together with the work to be charged against the owner or lessee and collected, if necessary, by civil action in the courts was introduced by McAuley and placed on its first reading.

**All makes Disclosure.**  
Commissioner All's disclosure relative to a commissioner's use of the city's gas and oil for his own car came during a lull in the proceedings following the action on these two pieces of municipal legislation.

"I have been informed," he said, "from sources outside of the city hall that one of the members of the commission has used gas from the city supply and had his car repaired by a workman employed by the city. I use my own car on the city's business but don't draw gas from the city's supply, and I wouldn't be doing right if I knew this were being done by another and did not report it."

"I guess I am the man alluded to," McAuley said after a moment.

"If the garment fits, put it on," was All's rejoinder.

"I use my car a great deal on the streets," McAuley went on to explain. "and if the council don't want to stand for the little gas I use—I think it was three gallons last week."

and then inquired of the other members: "What are you going to do about it; establish something here; shall this go?"

"I want to say," McAuley asserted, "that I am putting in all of my time on this work."

Commissioner J. E. Roberts then moved that city commissioners using their own cars in municipal business should be given the privilege of using gas and oil from the city's supply for this purpose. "I figure it will result in a saving of dollars to the city for the few cents that it will cost," he said. Commissioner F. L. Cogswell seconded the motion. The vote was four to one, All voting no.

"I suppose you all have devices on your cars that will show just how much gas you have burned while you were out on city business," All said when the motion was put.

There was no reply, but the mayor broke in with evident heat: "There is no member of this commission who is so dishonest, so little so low, so contemptible in the sight of man and his Maker who would aim to rob the city of a few gallons of gas or oil."

**Visher Refers to Request.**  
The commissioner's action in the matter of the bids of applicants for the place of city chemist was in a measure foreshadowed by Dr. Visher's opening statement when he was called upon by the mayor to address the commission.

"Mr. Mayor," he said, "you requested me to make out specifications according to Dr. Almond's letter, which you gave me, defining the duties of the city chemist and bacteriologist. He referred to Dr. W. Almond, head of the state board of health. Specifications for this purpose previously had been drafted by E. R. Dooley, city chemist, and bids were to have been received Monday night on Dooley's specifications."

Dr. Visher presented an alternative set of specifications, and said that the Dooley specifications were "so erroneous" that he and the institution with which he was associated would refuse to bid for the position.

He indicated possible savings through deviation from the chemist's specifications.

**Chemist Defends Methods.**  
Dooley interrupted the doctor when the latter asserted that chlorine tests were of no value in determining the presence of bacteria in water.

"I can do it, and am doing it," Dooley declared about an hour and a half ago. "I will show you how it's done."

Some objection to the adoption of an ordinance to lengthen the milk regulations on the grounds of expense involved was made by All. In reply to his question, Dr. W. L. Ikard, meat and dairy inspector, said that the ordinance was susceptible of successful defiance on the part of any milkman who chose to do so, and pointed out that it was possible under the old regulation for a milk dealer to dispose of his product with only an application for a license. There was one case of that kind last year, Dr. Ikard said. Other features of the new ordinance which he considered desirable were pointed out by the inspector.

The mayor pointed out that no objection had been made by any of the milk vendors to the new regulations.

**Argues for Printing.**  
Authorization for printing the ordinance in pamphlet form was granted on motion of Roberts, seconded by Cogswell and endorsed as a "good idea" by McAuley. All asked how many persons outside the milkmen would be interested in the pamphlet, and suggested that a printed sheet would serve the purpose at less expense. Roberts said there were about 100 milkmen and that under the new ordinance they would pay into the city treasury about \$500 instead of \$100 as heretofore for license fees. In return, he said, for the application for the city would furnish the pamphlet which would not cost more than 4 cents.

The new ordinance is to take effect 10 days from its adoption, and the commission provided for 30 days period in which milkmen may obtain new licenses, receiving credit for the credit due on old licenses.

**Youngsters Worry Driver.**  
A. G. Hahn, driver of the street flusher on the day shift, reported to the commission that he had learned after quitting work Monday evening that a small boy had fallen under the flusher and had his toes crushed during the afternoon. He appealed to the commission for assistance in dealing with the problem of children playing on or near the flusher. "I have been in several cities," he said, "but this beats any of them for kids playing in the streets."

Members of the commission discussed probability of accident resulting when children play near the heavy motor flusher, and finally decided there was nothing the city could do about it, but advised the driver to "use your best judgment and do the best you can."

Hahn has been employed as driver of the flusher for almost two years and is regarded as an exceptionally careful and skillful operator of the machine.

**Information Rewards Mayor.**  
Hahn's allusion to the habit of children throwing rocks at the flusher tank, attracted the interest of the mayor, and he was rewarded with the information that the propensity has been observed to a more marked degree this summer than last.

The commission authorized payment by warrants of claims against the general obligations fund in the sum of \$3106.95; against the street fund in the sum of \$724.45, and against the waterworks fund in the sum of \$728.01.

# KNEW MUCH OF SANITATION

### Explorer Points Out Error in Classing People of Old Times as Absolutely Barbarian

During a protracted stay in Arabia and other parts of the Near East, Col. W. G. Archer of Evanville, Ind., master plumber and field agent of the National Association of Master Plumbers, made a study of ancient sanitation equipment. He returned to the United States only a few months ago and was in this city recently, says a San Antonio correspondent.

"We prize of our great civilization and we discount the ancients, because we know next to nothing of their methods or their customs," Colonel Archer said. "I found bathtubs made of onyx in Babylon and evidence of tubs made of metal and various other kinds of stone. They are identical with those of today. They are identical with those of today, and in for letting it out. The Babylonians had sanitation, plumbing and bath facilities practically as we have them today."

"I know a number of Englishmen who are 'digging' in the ruins of the island of Crete, and I recently received pictures of vitrified bathtubs and toilet fixtures that they have unearthed there."

**Aldermen Is Tax Exempt.**  
There are no taxes of any kind in the island of Alderney.

When Washington Prayed.  
New Jersey was a camp and a battlefield during the greater part of the Revolutionary war, and the inhabitants learned to know Washington and his men. Traditions of Washington are treasured and handed down in many families, whose ancestors had homes about Morristown when Washington was encamped there and living in the Ford mansion, now "Washington's Headquarters." Washington's prayer in the woods of the Short hills at a dark and critical period of American history is one of these local traditions.

**Preferences.**  
We know a man who is in honest crook. That is, he is a crook and frankly proud of it. As a crook he rather expects that he invents a crooked thing, while others follow the rule. But the point is, he is a crook, says so himself and does not blush. We also know a deacon who plays poker on Thursday, gets drunk on Friday, bawls out his family on Saturday and goes to church three times on Sunday. Between the two, we have our choice.

## A Far-Sighted Banker's Idea of Advertising

by FESTUS J. WADE  
President, MERCANTILE TRUST COMPANY of St. Louis

DO I believe that a banker considers reputation, as developed by advertising, in extending credit? There probably are bankers who will give a negative answer to this question and believe they are giving the right answer.

But let those bankers be approached by a credit-seeking national advertiser, who has established his name, therefore a market for his goods, and see what happens. In nine cases out of ten the fact that those goods have become a household "by-word" will be the greatest factor in granting the credit.

The banker himself will become subconsciously sold on the firm, through its consistent advertising. He will say, "Oh, yes, that's a big house—well known, good reputation," etc., not realizing that it was advertising that did the work.

The next minute he may be approached by a new company, trying to make its name, and turn down the loan because too much of it is to be spent for the purpose of advertising. In the first application he has helped the big advertiser to cash in on his reputation, and in the second was depriving the newcomer of the right to build a reputation. This is only a hypothetical case, and I am glad to say I don't believe it happens as often as it did in the past. Just as we learn something new every day, so every day another banker wakes up to the underlying power and pull of advertising.

(Published by The Twin Falls News, in cooperation with The American Association of Advertising Agencies)

Here's a genuine evaporated MILK

It Whips

SEGO MILK

YOUR BABIES AND OUR BABY

For years SEGO MILK has served the people of unvaried quality. From babies to grown-ups they never become estranged with cream's only rival. SEGO MILK comes to your doorstep in two sizes—"tall" and "baby." Tell him next time you want a half dozen "baby-Sego's."

Creams Only Rival

### SOME SHOW

# INCREASE POWER OF THE COURTS URGES MR. TAFT

### Declares More Power Given to Federal Judges Will Prevent Many of Our Failures of Justice

**SAN FRANCISCO, Aug. 10, (AP)**—More power given to federal judges will prevent many failures of justice, Chief Justice Taft told the American Bar association convention today, while others declared that justice cannot prevail unless the people rally on the courts. Vice-President Calvin Coolidge was a speaker before the night session of the convention, declaring that the time had come to supplement the appeal to the law, which he said must be a limited one, with an appeal to the spirit of the people, which he declared to be unlimited.

### Coolidge Makes Appeal

"No reliance upon the national character ever has been betrayed," said the vice-president, "but our countrymen must remember that they have and can have no dependence save themselves. Our institutions are their institutions; our government, their government, our laws are their laws."

Both the committee on American ideals and Mr. Coolidge denounced the proposal to give congress power to make valid by re-enactment a law declared unconstitutional by the supreme court, saying it would deprive the people of the protection of the constitution and subject them to the will of two-thirds of a legislative body, endangering freedom of speech and action.

Respect for American law and courts has suffered through popular ignorance, according to this committee, which urged the fostering of respect and confidence in American legal institutions through instruction in schools and colleges and in the formation of a "department of American citizenship" in every newspaper and magazine.

Reports of committees occupied the afternoon session. One report recommending renewing American participation in The Hague peace conferences, to which Mr. Taft suggested an amendment asking the conference to amend its rules so the United States could participate without sacrificing its traditional policies.

## BRITISH AND FRENCH AGREE WITH PREMIERS

### Both Lloyd George and Poincare Have Support of Cabinets; Deadlock Certain

**LONDON, Aug. 10, (AP)**—Premier Lloyd George now has secured the full support of his cabinet, so that his policy may have been decided upon by the British delegates to the conference which has been considering the German financial question, while the French cabinet also has given Premier Poincare a free hand. Thus, although the full conference has not yet formally rejected the proposal whereby France would consent to a moratorium for Germany, a deadlock seems to have been reached which, in the opinion of observers will only permit the winding up of the conference when the allied statesmen meet tomorrow.

## BUCKET BRIGADE GOES TO RELIEF

### Long Rows of Military Barracks Ablaze from Evening Until Early Morning

**ROCKFORD, Ills., Aug. 11, (AP)**—Fire which has swept through long rows of barracks at Camp Grant here since 9 o'clock last night, was still burning fiercely at 1 o'clock this morning. City and camp firemen, fighting a combined battle against the flames were reducing their efforts to a minimum. A drill ground area presented a new opportunity to check the spread of the flames. It was a long chance but with some improvement of the water supply, it might be done. Volunteers from among Rockford residents, appealed to by leaders of the fire fighters, formed bucket brigades and worked far ahead of the flames, stopping the roof fires which twice have grown to enormous proportions when it was thought the fire was under control.

**Mass Professional Crew**  
City and camp firemen were massed at the threatened point leaving the "jump" fires to the volunteers. A breeze which sprang up shortly before midnight is aiding the fire-fighters in their efforts. Embers, which were borne high up by the heat, were only to fall again to the ground, being carried north out of the area by a breeze from the south.

## Sues Brother of Marilyn Miller

Just as Marilyn Miller, star of the "Bally" Company, was being married to Jack Pickford, in California, Edwin D. Reynolds, Miss Miller's brother, was being sued in Minneapolis by Mrs. Lola Reynolds, who asked a divorce on the grounds of desertion and charged that another woman had won his affections. Mrs. Reynolds is working as a department store clerk at \$25 a week and asks alimony of \$75 a month and the custody of her daughter, Marilyn, named for the actress.

## Miss McCormick and Oser Reach Lucerne for Fortnight Visit

### Father of American Heiress is Said to be Planning Purchase of Castle

**LUCERNE, Switzerland, Aug. 10, (AP)**—Miss Matilde McCormick, her governess and Max Oser, her fiancé, arrived here today. She is staying at the Grand Hotel Kurhaus in Seelisberg, near here. Miss McCormick is expected to stay for a fortnight and then will visit her aunt at Prangins. Oser will return to Lucerne soon on urgent business.

For some days it has been rumored here that Harold F. McCormick is staying at Seelisberg, in company with intending to purchase Hertenstein castle.

## AIRPLANE FALLS, TWO ARE KILLED

### E. Schillo, Automobile Race Driver, Dies When Flyer Crashes Into Street

**CHICAGO, Aug. 10, (AP)**—Edward Schillo, widely known automobile race driver, and Roy J. Keller, former service and automobile man, were killed to night when an airplane piloted by Keller plunged into the streets of Naperville, about 80 miles from Chicago.

### Schillo Is Burned

Keller was instantly killed, but Schillo, who was in the rear seat, was seen trying to free himself from the strap binding him into the plane. Before rescuers could reach him, however, the gasoline tank caught fire and the wreckage was covered with a sudden rush of flames which drove back the spectators.

Keller, a former army flyer, began some "stunts" for the benefit of the home crowds he knew were watching him from below.

### Plane Side-Slips

After several evolutions, the plane was seen to side-slip and then plunge into a dizzy tailspin. When scarcely 150 feet above the earth, the craft seemed to right itself, and glided smoothly for a moment, only to tumble into a shapeless mass and plunge toward the earth.

### BISHOP KILO IS DEAD

**CHARLOTTE, N. C., Aug. 11, (AP)**—Bishop John C. Kilo of the Methodist Episcopal church, South, died at his home here at 1:45 this morning, after having been extremely ill since last Sunday when he suffered a severe heart attack.

### READ THE DAILY NEWS.

## Timber Far Ahead

What of their timber assets in the national forests? They contain 553 billion feet of standing timber, or twenty-five per cent of the remaining timber in the United States, says the American Forestry Magazine. All told the national forests embrace seventeen per cent of all forest growing land in the United States. In addition to the many millions of acres containing forests of merchantable size, there are twenty million acres bearing young growing forests which are being protected against fire and other forms of devastation so that they will produce timber crops in the years ahead. The American Forestry association calls on the owners, the citizens, to protest against taking the control of these forests from the United States forest service.

### Linotype Laughs

C. D. Gibson of Life has a choice collection of newspaper misprints, some of which are screams. At a dinner in New York he quoted a number of them. One was about a bishop who was laid up with a cold. A newspaper reported that he was "confined to the house with a violent cold."

Another told of a "surgeon" being taken alive in the river and being sold for six cents a pound. But the most amusing one, he said, was clipped from a Vermont paper. This paper, "which is my in praise of a very aged and distinguished citizen that he was 'a noble old burglar proudly living in his native state,'" was made to say, according to Mr. Gibson, "John Green is a noble old burglar, growing wrinkled in a naked state."—Boston Transcript.

### Rural Development

"I understand you are going to make some improvements on the old place?"  
"Yes," replied Farmer Courtosel. "Development is going along mighty fast and I've got to keep up with it."  
"What kind of improvements are you going to make?"  
"I haven't made up my mind yet whether to put up a new barn or an apartment house."—Washington Star.

### No Gold Coins for France

For the first time in history not a single gold coin was struck at the French mint in 1920. The minting of silver, continued at the beginning of the year, was stopped when silver reached a record price on February 11.

### Sure to Be Found Out

The man who dresses himself up in borrowed garments to appear wiser and better than he really is, is certain to be discovered. Far better to light and carry his own little candle and strive vigorously to connect with the electric wires of experience and knowledge.

### Mr. Boyle Outdoors

The advertising manager of an oil concern, speaking on the value of window displays, said: "A window display is an arm which reaches out to the eye of the passer-by and says, 'See me! Here I am.'"—Boston Transcript.

## Social Notes

Edited by Mrs. E. B. Williams Telephone 396.

Mrs. H. W. Wilson and Mrs. A. Wilton Peck entertained at the home of the former Thursday afternoon with a mother's and daughter's party. The house was most attractive with decorations of garden flowers. Those who were fond of cards spent the time with bridge, Mrs. Z. H. North winning the favor for high score. Sewing and conversation occupied those who did not play cards. Later delicious refreshments were served, the hostesses being assisted by Alice Taylor. The guest list included Mrs. T. F. Wayner, Mrs. Henry J. Wall, Mrs. E. J. Ostrander, Mrs. H. O. Miller, Mrs. O. D. Thomas, Mrs. J. S. Stewart, Mrs. P. J. Costello, Mrs. D. H. Peck, Mrs. Stuart Taylor, Jr., Mrs. Henstock, of Hollister, Mrs. E. B. Williams, Mrs. Dorman Johnson, Mrs. H. C. Alexander, Mrs. Wilbur Bolton, Mrs. Sidney Graves, Mrs. Marlin Batley, Mrs. Z. H. North, Mrs. Harry Bonoit, Miss Florence Costello, Miss Byrd Wall, Miss Beatrice Ostrander, Miss Harriet Warner and Miss Alice Taylor.

The home of Mr. and Mrs. John E. Kimes on Eleventh avenue east was the scene of a pleasant party Wednesday evening when the members of the Optimist club entertained their husbands and several guests with a rook party. Mrs. Frank Bellville being the successful contestant. A dainty supper was served at midnight. The guests of the club for the evening were Mr. and Mrs. Charles Stevens, Mr. Border, Dr. and Mrs. Hal Levin of Texas, Mrs. H. B. Gagner and Miss H. Gagner of Cincinnati. Members of the club in attendance were Mr. and Mrs. Robert Shankel, Mr. and Mrs. L. C. Cross, Mr. and Mrs. James Denny, Mr. and Mrs. Frank Bellville, Mrs. Moore, Mr. and Mrs. Robert Nave, and Mrs. E. D. Hopkins.

The Catholic Woman's League gave a successful lawn party at the Benoit flats Thursday evening. The grounds were attractively lighted by electricity and there was a large crowd in attendance. A tidy sum was realized for the church fund.

The regular meeting of the Woman's Home Missionary society of the Methodist church was held Thursday afternoon in the church parlors with the president, Mrs. O. A. McMaster, presiding. An interesting miscellaneous program was given in charge of Mrs. Frank Kollogg. During the course of light refreshments were served by the following committee: Mrs. O. F. Strobeck, Mrs. E. L. White, Mrs. A. Fish, Mrs. H. J. Kingsbury, Mrs. E. Laubenheim, Mrs. Benton, Mrs. Earl Dougherty, Mrs. E. Butchiff, Mrs. Stevenson and Miss Edna Riley. About seventy members were present.

Stratton, Shoshone.

### Traces of Old Civilization

Five miles from Dartford, England, on the old Dover road the modern road-makers are making great discoveries. Just ahead of them is a Roman camp. Under their feet are traces of Celtic, even earlier, civilization. The biggest find so far has been the skeleton of a woman, six feet three inches in height, crouched with hands clasped in a praying attitude. Clearly not a Roman burial, for the pose is Celtic and there was no trace of a coffin. The skeleton lay where the body was placed, in a hole cut in the solid chalk.

The road makers are keeping careful watch for more of these "finds." Already they have accumulated portions of a Roman tessellated pavement, some characteristic ornaments of the period, and other signs that the area covered by the camp is being approached.

## SWEET VOICE WON HUSBAND

### Romance of Fortunate New York Telephone Girl and Wealthy Young Mexican.

A romance was recently enacted entirely by telephone in one of the New York hotels. Six weeks ago a wealthy young Mexican arrived on business and engaged an expensive suite. A few hours later he was knocked over by a motorcar and suffered a broken leg. He insisted on being taken to his hotel, rather than to a hospital, and since there was no consideration, he was installed with nurse and attendants in his own suite.

He kept to his room for six weeks and when he felt able to work a little, he hired a secretary and proceeded to carry on his affairs by telephone. They were complicated and required an immense number of conversations. Within a day or so he became aware that his calls were handled with skill and patience. The next discovery was that the voice at the other end of his private line was easy to listen to. There was a smile behind the voice.

Day by day the telephone conversations grew longer. It began with a respectful inquiry as to the patient's health. Gradually the inquiries went more into details. By the end of two weeks the invalid and the voice at the hotel switchboard were on good terms. The end of a month long conversations were the order of the day. When the sixth week had passed the man's brother arrived just as the patient's leg was strong enough to permit a visit to the hotel lobby.

"Where do you want to go first?" the brother inquired.

"I want you to help me walk down to the telephone switchboard," the invalid explained. "I want to see the girl there. And oh, by the way, I am going to marry her."

"Great heavens, what's she like?" the brother inquired.

"Haven't seen her yet, but we've fixed it all up over the phone."

The voice with the smile is now directing an establishment in the City of Mexico.—New York Sun.

### Smallest Known Races

The smallest known races are some negroes living among the other negroes of Central Africa; one tribe of whom, called Akkas, dwell on the west of Victoria Nyansa. The men and women of this tribe, who have been seen by many travelers, are four feet in height. They live by themselves, in separate communities.

## Going to The Park—Want One More Passenger

Man or woman. Will start next Tuesday. See Ed Minnerty at the Majestic Pharmacy or phone 415-J.

## Wright's A GOOD PLACE TO TRADE

### Warner's WRAP-AROUND

For the woman who has found that the new frocks have made the old corseting impossible, we are showing a charming version of the wrap-around, or corset without laces.

Unequaled in daintiness of appearance, this wrap-around has irresistible attractions for the woman who wishes her natural grace emphasized and wishes to keep her youthful freedom of movement.

For average and full-average figures as well as the more slender types, and developed in lightweight but durable fabrics, with a panel or panels of elastic which stretch just enough to let you "wrap them and snap them" on.

TWIN FALLS WEEKLY NEWS

Established 1904
Twin Falls News Publishing Company, Ltd., Publishers

THE TIMES
The present generation has been branded as immoral; but a less superficial survey will reveal the fact, rather, that it is increasingly critical.

The plays which are drawing the largest crowds on Broadway, it is true, may contain problems heretofore considered too intimate for discussion.

But a true critic should be also a close student of history. Have those who made those judgments studied similar conditions in other periods?

Governor D. W. Davis, upon whose invitation the experts came to Idaho on the tour they are now completing...

The eastern men, the governor said, are "avid" on Idaho. Their trip through the state thus far has brought to their personal attention in a forcible manner the wonderful natural adaptability of the state for development of the dairy industry...

Members of the party expressed from various viewpoints their appreciation of the opportunities existing here for development of the dairy industry.

Several dairy herds of this vicinity were inspected by the visitors before their departure on the afternoon for Rupert, where they stayed Thursday night.

Speakers at the luncheon here besides Governor Davis were H. A. Harding, head of the dairy research division of the Frederick C. Matheus company of Detroit; C. L. Durlingham, president of the Ayrshire Breeders association of Brandon, Vermont; Karl B. Master, secretary of the American Guernsey club of Peterboro, New Hampshire; Reed Murray, secretary of the Wisconsin Livestock Breeders association; C. W. Larson, chief of the federal department of agriculture dairy division; and J. H. Frandsen, former professor of dairying at the University of Idaho...
