

DAVIS PLEDGES CO-OPERATION IN BIG PROJECT

United States Reclamation Director Gives Assurance of Government's Purpose to Serve in Enterprise

Before an audience which taxed the capacity of the room, A. P. Davis, head of the United States reclamation service, and F. E. Wymouth, chief engineer, Wednesday discussed the American Falls dam project at a general meeting in the form of a luncheon held at the hotel Wednesday noon. Between 100 and 150 persons probably were present.

The meeting was called to order by Arthur J. Feavey, president of the Rotary club, and by him turned over to Roy F. Flenner, manager of the Idaho Reclamation association. Mr. Flenner introduced speakers with brief remarks and on the occasion of the presence of such a large number of engineers, Wednesday discussed the American Falls dam project at a general meeting in the form of a luncheon held at the hotel Wednesday noon. Between 100 and 150 persons probably were present.

The meeting was called to order by Arthur J. Feavey, president of the Rotary club, and by him turned over to Roy F. Flenner, manager of the Idaho Reclamation association. Mr. Flenner introduced speakers with brief remarks and on the occasion of the presence of such a large number of engineers, Wednesday discussed the American Falls dam project at a general meeting in the form of a luncheon held at the hotel Wednesday noon. Between 100 and 150 persons probably were present.

Development Incomplete
"Twin Falls," said Mr. Davis, "is one of the best known and most widely celebrated cities of the country, due to its rapid growth and extraordinary development, but not all that can be done has been done in this valley. This country should continue to progress because progress is the natural order of mankind, and without progress stagnation or even retrogression must take place. The Twin Falls country, all the more must move forward or it will move backward."

Pledges Co-operation
"The details you will have to work out for yourselves. I am not expected to do that, but I can give you the broad outline of the project. You have your hands in carrying to a successful conclusion the project which you have undertaken, you can rest assured of that."

"I am advised that your representative in congress, who hails from your own particular county, has been made a member of the reclamation committee in the house, and I want to say to you that there is no one more deserving of the honor. As the co-author of the reclamation bill, Mr. McNary, of the Idaho legislature, has contributed in a splendid sense to the reclamation work of the west and to the Western states as a whole."

"Now with respect to the American Falls dam let me say that it has all the physical recommendations which such a project should have. The waters there can be intercepted at the lowest point where such interception can be successfully carried out. The investigation of the project, as you know, was completed by the government some time ago. Tentative steps looking to the impounding of waters were begun. The contract was made and a result of existing high prices and general conditions due to war activity in the land, conditions were not complied with and lapse for some time. The estimate has been completed and a tentative program again worked out, and as your servants, under the law and the limitations subscribed by the reclamation act, we want to help to the fullest extent in the carrying out of the program if it shall be decided to go ahead with the program."

Government Needs Aid
"Efforts have been made to have the government, through the reclamation service, undertake the work in its entirety. This is impossible. The tremendous expense involved, the scarcity of public funds for reclamation purposes and the many small projects demanding attention, preclude such action, nevertheless that can be done has been and is being done. The matter has been recommended back to secretary Fall for solution and that solution is now being considered."

Engineer Gives Viewpoint
Mr. Wymouth spoke briefly of his interest in Idaho, of which state he has been for eight years a resident. He referred briefly to the amount of work given up to the new dam project and declared that if the reservoir at American Falls is built it will be possible to reclaim all the land in the Snake river valley, which will never be again flooded from the standpoint of irrigation until this is done."

DEAD MAN'S DESCRIPTION FITS MAN MISSING HERE

Commissioner W. W. Parish Recalls G. M. Oddie as Employee on Ranch

Published descriptions of the unidentified man who was found dead last week on the bank of the Umatilla river near Pendleton, Oregon, bore close resemblance to G. M. Oddie, of Twin Falls, whose name has entered into the case by reason of the discovery near the body of a woman's handkerchief bearing laundry mark with which Oddie's laundry was marked, according to records of the Troy laundry here. Statement to this effect was made Wednesday by W. W. Parish, Twin Falls county commissioner, by whom Oddie was employed ten years ago as a farm laborer. Mr. Parish had forgotten the former employee, he said, until he had been asked to refer to check books and discovered the stub of a check made out in 1912 to George M. Oddie.

No word as to the whereabouts of Oddie has been received here, and a bundle of clothing bearing the mark that may prove a clue to the solution of the mystery remains unclaimed at the laundry here.

According to advices from Pendleton, an attempt will be made by Harvey B. Davis, of the American Falls reclamation service, by sending out to all the laundries and cleaners of the northwest the marks appearing on the clothing of the dead man. There had been three marks on the coat and two on the trousers. Those on the coat are 0032, 7117 and 8019. The numbers 0032 and 7117 also appear on the trousers.

SUSPECT LEADS RANGERS CHASE

Lodging House Operator Attempts Escape but is Caught and Faces Prosecution

Paul Dawson, operator of the Weaver rooms, Twin Falls, was taken on Sunday at Rogerson Wednesday afternoon a few hours after his wife, Jane Dawson, had been placed under arrest following the discovery of the body of a man held early Wednesday morning. Both are held under bonds furnished by each in the sum of \$500 to answer to charges of illegal gambling.

Uses Masked Bill
The principal witness for the prosecution is said to be a traveling salesman who gave the name of Emmerich Dixon to the police. He is said to have had results that terminated in his arrest at an early hour Wednesday morning. He had been arrested at Rogerson, and was equipped for the transaction with a marked bill provided by the police.

Police headed by their chief followed the salesman to the Dawsons' establishment, and were assured by him that he had consummated the deal. Events subsequently moved rapidly, the police say. Dawson, they say, smashed a quart bottle of liquor over a bedstead and a half-dozen bottles of beer in the hands of the salesman, consigning that one also to destruction. Mrs. Dawson is said to have exhibited a belated and desperate effort to escape, and her hurried search through dresser drawers is believed to have been in quest of firearms. There was no gun, however, and the police say the salesman failed to disclose any more liquor.

Makes Use of Opportunity
Dawson made his escape when the raiders, who carried only a search warrant, left to procure a warrant for his arrest on a charge of illegal gambling. It was said the officers came back with the warrant.

Co-operation of the sheriff's office was enlisted and the search of the Weaver rooms was continued. The search was continued by Patrolman William Kessler in quest of the fugitive. Dawson was arrested at Rogerson, and was taken to the jail here on Sunday.

The complaint against the Dawsons charges them with illegal sale of two drinks of canned beer for \$25. According to Kennedy Packard, justice of the peace, by whom the warrants and complaint were issued, the police and the sheriff's office are now waiting trial on a charge of illegal possession.

KICK OF HORSE BREEDERS MILNER RANCHER'S LEG

C. E. Hack Suffers Injury in Attempt to Harness Team

MILNER, Idaho, Aug. 30 (Special to The News).—Escaping from the attack of two horses after one of the animals had broken a harness, C. E. Hack, a Milner district rancher, dragged himself from the stable and summoned a neighbor carrying water to the vicinity, who assisted him to his residence. Surgical attention was summoned and the injured man is now resting comfortably. The attack was made by two horses and was in the act of bridling one of them when it kicked at him, causing the fracture. Both animals were killed and the man fell against the manger in which he found refuge.

CANAL BOARDS TALK BUSINESS WITH DIRECTOR

Reclamation Service Head Satisfies Managements of Twin Falls and North Side Companies with Assurances

Directors of the Twin Falls and North Side canal companies, after a conference here Wednesday with Arthur P. Davis, Washington, director of the United States reclamation service, expressed satisfaction with assurances given by Mr. Davis with respect to provisions of a contract to be negotiated by the reclamation service with the proposed Snake River irrigation district for the purchase of storage waters in the American Falls reservoir.

Clears Up Moot Points
Mr. Davis, with F. E. Wymouth, Denver, chief engineer for the reclamation service, came here from Montana in response to request of the directors of both canal companies to discuss provisions of the proposed contract in order to clear up misunderstandings with respect to the big irrigation district plan which the board of Twin Falls county commissioners is now considering at a hearing on a petition for an election on creation of the district.

Directors of the two companies sought assurances from Mr. Davis that, in the event of transfer of water rights from Jackson Lake to American Falls, the former reservoir would remain under the control of the government until the transfer and lease contracts were completed.

Minimizes Possible Default
In response to another question, Mr. Davis said that in the event of failure of any contracting company or district to meet its payments involved in construction of the American Falls reservoir, the remaining contracting parties would assume the responsibility for the defaulted payments and would receive the water rights which the defaulted company had contracted for.

He suggested that the greater portion of the expense involved would be met by the first payments and that the remaining balance would be received by the additional water at a cost considerably lower than that of the water for which they had themselves contracted.

Cost of construction in connection with power development at American Falls for the Minidoka extension project would be paid by these two companies by agreement. He suggested that the greater portion of the expense involved would be met by the first payments and that the remaining balance would be received by the additional water at a cost considerably lower than that of the water for which they had themselves contracted.

Offers Suggestion
Director Davis suggested that a draft of the proposed contract be prepared here for submission to the reclamation service. He suggested that the wishes of the directors would be complied with so far as possible.

Committees from among their own numbers were named by the directors to prepare a draft of the proposed contract. The committees will meet here Thursday in joint session to take action along the line of Director Davis' suggestion.

OBJECTORS TO DISTRICT WILL OFFER ARGUMENTS

Attorney Indicates Line of Action Adopted by Opponents of Scheme

Landholders under the Twin Falls canal system who are objecting to the formation of the proposed Snake River irrigation district to assist in financing construction of the American Falls reservoir will present their formal objections Tuesday before the board of Twin Falls county commissioners now considering the district. It was said Wednesday by S. L. Hodgins, who has been retained as attorney for the objectors.

Mr. Hodgins indicated, however, that the objectors would not be based on the claim that the several tracts of land that would compose the proposed district are not irrigable, but on the further claim that the proposed district would not be organized for development purposes but to finance payments by the several landholders on their contracts for American Falls storage water.

In addition, argument probably will be made that there is no necessity for supplemental water supply here.

INQUIRY CLEARS RANCHER

Weeds Found Responsible for Loss of Water Attributed to Theft

Charge of theft of irrigation water preferred against Harry C. Jeffers, rancher of the Maroon district, was dismissed on motion of the prosecuting attorney, after investigation this week indicated that a considerable portion of the water alleged to have been stolen had in reality been wasted as a result of accumulation of weeds in the ditches supplying Jeffers and neighbors at the same distance the prosecution was instituted.

Woman's Claim to Gift Car is Denied by Jury

Purchaser's Payment of \$500 Counts for More Than Evidence of Husband's Gift

Claim asserted by Miss Lucinda Tyron of Jerome in an automobile which she said, her husband gave her the day after he took back and sold to Mark Woods of Twin Falls for \$500, was denied by a jury at a trial in probate court here Thursday.

Mrs. Tyron told the court and jury that her husband gave her the car after an altercation in which he struck her and broke her neck. Later, she said, her husband left their home, taking the car along with disposing of it.

The defendant Woods offered proof that he had paid \$500 for the machine.

MILNER CROPS BOUNTIFUL

Farmers of District Agreeably Surprised by Threshers' Returns

MILNER (Special to The News).—Milner district cereal crop yields as indicated by threshers' returns are proving an agreeable surprise to farmers generally of the district. In most instances yields exceed anticipations based upon conditions a few weeks ago.

Mrs. and B. C. Ringgold are the parents of a daughter, born Sunday at their home here.

Returned from Twin Falls, where she visited her parents, Mr. and Mrs. McConnell.

Mrs. W. L. Booth and son, Horace, visited friends in Kimberly Tuesday.

WOMAN VICTIM OF AUTO WRECK

Mrs. J. E. Polk, Former Kimberly Resident, Fatally Hurt at Winnemucca

Victim of a fatal auto accident, the body of Mrs. Nellie Polk, aged 29 years, wife of J. E. Polk of Oakland, California, was brought Wednesday by the bereaved husband from Winnemucca, Nevada, to the home of her parents, Mr. and Mrs. J. W. Gollaty, at Kimberly.

Arrangements for funeral services to be held at Kimberly are incomplete, and word from relatives elsewhere is expected.

Car Turns Turtle
The fatal accident occurred last Thursday in the vicinity of Winnemucca, through which Mr. and Mrs. Polk were passing on their way by route from Oakland to Salt Lake.

According to Mr. Polk's account of the accident, the car was traveling over a rough ground and struck a deep hole and became unmanageable, plunging over the side of the road and turning completely over. Mrs. Polk was pinned under the wreckage. Her spine was broken and she suffered other injuries. She was taken to a hospital at Winnemucca, where she underwent an operation Saturday. Death occurred shortly after midnight Monday morning.

Mother Makes Long Drive
Mrs. Gollaty, mother of the deceased woman, and a brother arrived in Winnemucca the day after the accident occurred. They drove constantly for nine hours to the scene of the wreck at Kimberly to Winnemucca.

LAUNDRY MARK CLUE TO IDENTITY OF DEAD MAN PROVES DISAPPOINTMENT

Nothing toward solution of the mystery surrounding the death of an unidentified man found last week on the bank of the Umatilla river at Pendleton, was contributed by George M. Oddie, Twin Falls district rancher, who put in a belated appearance Thursday at the coroner's inquest into the death of the unidentified man in Oregon, which here the laundry mark 092.

The same laundry mark appeared on a woman's handkerchief found near the body of the unidentified man in Oregon. Oddie explained his belated appearance here with the statement that he had been threshing and too busy to come in as usual for his laundry.

MANY BISHOPS ARRIVING

Church Dignitaries Gather at Portland for 47th Convention of Church

PORTLAND, Ore., Aug. 31. (AP).—Episcopal bishops arriving today for the 47th convention of the church which opens next week went immediately into the formal session of bishops at the ready here to consider matters of church policy which will be before the convention.

Topics under discussion today included details of proposed changes in the book of common prayer relating to marriage, baptism and burials. The bishops are meeting in a hall at the Methodist auditorium where the main sessions of the convention are to be held.

MAN AND WIFE FURNISH BOND ON LIQUOR CHARGE

Preliminary Hearing is Scheduled in Case of Paul and Jane Dawson

Preliminary hearing before Kennedy Packard, justice of the peace, in the case of Paul Dawson and his wife, Jane Dawson, operators of the Weaver rooms, who are charged with illegal sale of liquor, was Thursday set to be held Friday afternoon at the hearing. The sum of \$500 each, signed by W. F. Burg and A. T. Dalzell, were Thursday filed for Mr. and Mrs. Dawson to secure their appearance at the hearing. They will be represented by J. R. Bothwell and W. Orr Chapman, attorneys.

Dawson was arrested Wednesday at Rogerson. George M. Oddie, who had been taken in custody, following a police raid on their establishment. The principal witnesses for the prosecution are said to be a traveling salesman who gave the name of Emmerich Dixon, and who is said to have used a marked bill provided by the police in a purchase of liquor from the Dawsons just before the officers appeared on the scene.

DEATH SUMMONS PIONEER CITIZEN

William A. Austin Succumbs at Pocatello to Sudden Attack of Illness

William A. Austin, resident of Twin Falls since 1905 and a member of Twin Falls' police force about six years, died Thursday afternoon at a hospital at Pocatello following a sudden attack of gallstones and complications with which he was suddenly stricken Monday. The body will be brought here Friday by Mrs. Austin, who was summoned to Pocatello Wednesday evening, and their son, Charles W. Austin. No arrangements have been made for funeral services.

Once Sold Implements
Mr. Austin, with his family, came here from the state of Washington, where he was engaged for a number of years in farming on a large scale. He operated a threshing machine here for a time and later entered the employment of the Consolidated Wagon and Machine company and of C. O. Meigs, as an implement driver.

Almost six years ago he was appointed a member of Twin Falls police force. He served in that capacity under three administrations and left with the incoming of the present administration in July. Subsequently he entered the state constabulary and was detailed to duty at Pocatello where he had been stationed about six weeks when stricken by the fatal attack.

Mr. Austin leaves behind his widow, three children and one daughter, who are Chester Austin of Eugene, Oregon; Charles W. Austin and Ray Austin of Twin Falls. The daughter is Miss Jessie Austin of Pocatello.

"Always True Blue"
"Mr. Austin's death is a real loss to the community," said Captain P. W. McRoberts, former mayor, with whom administration Mr. Austin left his position as a police officer, who was appointed of the occurrence Thursday night. "Mr. Austin was true blue in every way and all the time. We need more men like him."

W. H. Eldridge, predecessor of Captain McRoberts as Twin Falls mayor, also paid a tribute to Mr. Austin. "He was a true blue in every way," he said. "As an officer he was cool-headed, fearless and unwavering in his devotion to duty. He was a splendid man and citizen."

CONNECTICUT YANKEE WINS APPRECIATION

Splendid scenic and stage settings combine with exquisite humor in the photoplay production of the "Connecticut Yankee at King Arthur's Court," to make a theatrical offering well worth any non-winner. The play opened a three-day run Thursday evening at the Lavering theatre. It drew, at the initial presentation, an audience that manifested its appreciation with frequent roars of laughter.

Readers of Mark Twain's story will anticipate the succession of mirth-provoking incidents in the play. The eight reels depicting the adventures of the Yankee, placed with all of the wonders of modern science at his command, in the midst of the reign of King Arthur and his Knights of the Round Table.

WIFE CHARGES DESERTION

Mrs. Mary Fairchild Reeks Deeds of Divorce and Former Man

Alleging desertion and failure to provide necessities of life, Mrs. Mary Fairchild, through her attorneys, Outram and Green of Buhl, Thursday instituted a divorce suit here against her husband, John Fairchild, who she claims deserted her and failed to provide for her and their children.

The divorce suit was filed in the county court here. Mrs. Fairchild claims that her husband deserted her and failed to provide for her and their children. She claims that her husband has been away from home for a long time and that she has been unable to find him.

TAKE STEPS TO DROP RAW LANDS IN BIG DISTRICT

Commissioners Will Ask for Reports from Assessors of Various Counties as to Character of Land Signed Up

Landowners, represented by signatures on the petition for an election on the proposed American Falls irrigation district are being listed by the Twin Falls county commissioners, and lists of the lands will be sent to the several assessors to be checked up before final action is taken on the petition. The assessors to be consulted are:

Each assessor will be provided with a list of the lands in his county that are represented by signatures on the petition, and each assessor will be asked to report as to whether or not the land is actually a part of the territory under a canal system which has contracted for American Falls water.

The purpose of this inquiry, members of the board explained Thursday, is to make sure that no raw land is included in the proposed district.

Raw lands in the Twin Falls and North Side areas already have been listed by directors of both Twin Falls and North Side companies for exclusion from the proposed district, so that the district, when formed, will include none but reclaimed lands.

Enter on New Phase
Twin Falls county commissioners Thursday entered upon this phase of their work in connection with the petition on the petition which opened Monday, and which it is expected will be completed early next week, although under the law it may be extended over a period of four weeks.

TWIN FALLS GIRLS WILL COMPETE FOR NEW HONOR

Business Men Donate Fund to Send Idaho Title Holders to Spokane

Twin Falls business men Thursday subscribed to a fund to meet the expense of the Idaho state championship girls' training team of this city. Spokane business men will compete against championship teams of other states for the northwestern championship.

The champion canning team, which won the title last year at the state fair, and which is composed of Miss Leona Stoddard, Miss Elizabeth Miller and Miss Roberta River, of McMillan, will leave for Spokane Tuesday morning at 4 o'clock to take the train at Caldwell and will arrive in Spokane Wednesday morning.

Its members will demonstrate their skill at canning on Friday, and it is expected that the result of the competition will be announced late Saturday. A. J. O'Brien, secretary of the team, will accompany the team members to Spokane.

EDUCATION BOARD TAKES NO PART IN ELECTIONS

Member Explains Attitude of Body Toward Political Action

Twain Falls board of education Thursday took no action relative to the election of any of the candidates for school officers. The board, which met at a public session Thursday by the school board, stated Thursday by the school board, that the board had no part in the election of any of the candidates for school officers.

STEEL MERGER IS PRONOUNCED TO BE ILLEGAL

Federal Trade Commission Issues Report on Proposed Consolidation Reversing that of Attorney General

WASHINGTON, Aug. 31 (AP)—The federal trade commission today issued a formal complaint, charging that the proposed merger of the Midvale, Republic and Inland steel companies was in violation of the law in that it constituted an "unfair method of competition." The commission's decision was exactly the reverse of that reached by the department of justice, which recently informed congress that the proposed combination was not in contravention of the Webb, Clayton or the Sherman anti-trust laws, but was in line with previous action of the commission in issuing a complaint against the Bethlehem-Lackawanna merger, which merger, too, was declared by the attorney general to be as free of "unfair trade practices" as the proposed Midvale-Republic-Inland combination.

In its complaint the commission named as respondents the Midvale Steel and Ordnance company of Philadelphia, the Republic Iron and Steel company of New York City, and the Inland Steel company of Chicago, and allowed 30 days in which to file answers, upon which, it was explained, will be determined the issue "to be tried out in formal manner."

Bliminate Competition
The complaint declared that the commission had reason to believe after preliminary investigation that the proposed merger or consolidation of the three competing steel companies "which will center the control of some 35 corporations in one group, will eliminate competition between the companies, lessen competition and restrain trade and tend to create a monopoly on iron and steel products in interstate commerce."

This condition, it was averred, would be felt particularly in Pennsylvania, Ohio, West Virginia, Kentucky, Indiana, Michigan and Illinois.

Commissioner Van Fleet, who dissented from the majority decision, reserved the right to file a memorandum setting forth his reasons.

Why He Explained
Chairman Gaskill, in a formal statement accompanying the complaint, explained his vote by analyzing the various anti-trust laws and setting forth in detail the scope of authority vested in the federal trade act. The case at issue, he said, "like that of the complaint against the Bethlehem-Lackawanna combination, is of paramount importance to the parties involved and to the public."

Hobbies
One stride made by the modern mind, both in philosophy and ethics, is that of doing justice to the hobby. Hobbies not infrequently assume a scientific or at least a quasi-scientific form. Happy is the man who is an amateur botanist, an amateur zoologist, an amateur anything, which brings him into kindly contact with nature. Take it by and large, the world is much better off for hobbies than it would be without them. Even in the tolerant and half-plying smile bestowed on the hobbyist there is recognition that his hobby is harmless. But in one hundred and ninety-nine cases out of a thousand, the hobby is a positive benefit. Almost always it is a health-preserver, and more times than it gets credit for it has proven a life savior.—Buffalo Times.

Baroness D'Erlanger Startles Deauville

Baroness d'Erlanger, the former Mrs. Peter Cooper Hewitt, widow of the noted American inventor and scientist, according to rumor from the continent, is making even Deauville, France's famous watering place and gambling resort, "sit up and take notice" by lavish expenditures and gaming losses.

STARTS SUIT TO RECOVER "Million Dollar Swindling Gang" Made Defendant by One of the Victims

DENVER, Aug. 31 (AP)—Seeking the recovery of \$25,000 lost in a "bunko" game, A. Nitsche of Houston, Texas, today filed suit in the district court here and asked for an attachment against all the tangible property of 30 members of the alleged "million dollar swindling gang" arrested in raids by Denver authorities last week.

If his petition is granted, more than \$150,000, including cash in banks, personal property and other securities, now owned by the suspects, will be tied up, according to District Attorney Philip Van Cise.

Other similar civil suits will be filed, the district attorney said. Bond for J. H. French, who, police declare, is the leader of the alleged "bunko" ring, was fixed at \$50,000 by Judge Clarence Morley here today. The bond for the other suspects was set at \$25,000. The higher bond for French was asked by the district attorney, who announced today that five cases against French have been uncovered by local authorities.

Daily Thought.
How oft the sight of means to do ill deeds makes deeds ill done.—Shakespeare.

WEEK REPORTED UNUSUALLY HOT

Temperatures Above 90 Degrees on Six Days, Weather Bureau States

BOISE.—Unseasonably warm weather during the week ending Tuesday, with temperatures reaching considerably above 90 degrees on all but the first day, were recorded in southwestern Idaho according to a summary of weather and crop conditions issued by the federal weather bureau here. The summary follows:

North Idaho: The weather opened cool but soon warmed up and continued hot. No rain occurred in this district. Grain harvest is about completed in the later sections and threshing is well along. Some seeding has been done, but rain is needed to put the ground in shape before this work becomes general. Pasture, improved by the rains of last week, are holding up well, and corn, beans, fruit and all irrigated crops continue good. All stock are in good condition and some fat cattle were shipped. Highest temperature at Lewiston was 100 degrees on Friday.

Southwest Idaho: The weather was unseasonably warm during almost the

entire week, temperatures reaching considerably above 90 degrees on all but the first day. The nights, also, were unusually warm for this section. There was considerable cloudiness, but sunshine was ample for all crop needs. Fairly heavy showers occurred in scattered localities Monday night and the amount of precipitation was sufficient to freshen vegetation. The warm weather and warm drying winds hastened the maturing of all crops. Irrigated corn did exceptionally well. The third crop of alfalfa, which is about ready to cut in the earlier districts, made rapid growth. The weather was mostly quite favorable for harvesting and threshing and this work was pushed. Apples and prunes are coming to maturity rapidly. Apples are almost full grown and are coloring. Prunes are about ready for market.

Southeast Idaho: Warm weather with light to heavy showers prevailed during the week. Hail did considerable damage in the northern counties of this district. Harvest is progressing rapidly in the lower valleys and beginning in the upper. Grain is generally good. Threshing is in progress. The second crop of alfalfa is being cut in the upper valleys and the third crop is growing rapidly in the lower valleys. Potatoes, beets and other vegetables are growing well. Seed peas have been cut and are now being threshed.

Notes from the Field

Bites, Gooding county: Crops in general good shape; large acreage potatoes with good yield and good quality; grasshoppers working on alfalfa seed in some sections.

Richfield, Lincoln county: Good growing weather all week; second crop alfalfa now being harvested, and grain harvest full swing; all crops good condition.

Oakley, Cassia county: Second crop alfalfa mostly in stack; grain about all cut; threshing spring grain just begun; third crop alfalfa coming along well; truck crops good and fruit plentiful; range and range stock good; some lambs being shipped.

New Meadows, Adams county: Clear hot days; excellent weather for ripening grain; wheat and barley being cut. **Pocatello, Bannock county:** Hot and dry; light shower on 27th; harvesting progressing; potatoes good; beets growing well; range doing well; livestock good.

Birth, Blingham county: High temperatures; light showers one day; barley, oats and spring wheat good condition; potatoes doing well; range and meadows fair.

Soda Springs, Caribou county: Harvesting of rye, barley and winter wheat beginning; potatoes good condition, range fair; moderate temperatures with heavy rains for the season.

Aberdeen, Blingham county: Moderate temperatures with heavy rains two days; barley, oats and spring wheat good; potatoes and vegetables fine; sugar beets doing well; alfalfa very good.

Blackfoot, Blingham county: High temperatures with light showers; second crop alfalfa mostly cut; grain nearly all cut; threshing progressing rapidly; third crop alfalfa growing rapidly; sugar beets doing well.

Geneva, Bear Lake county: High temperatures, very light showers; winter wheat being cut; spring wheat and oats improving; barley ready to cut; second crop alfalfa being cut, fair condition.

potatoes looking good; ranges improving.

Mackay, Coeur county: High temperatures with moderate rainfall; crops good shape; range much better than two weeks ago; corn about ready; second crop alfalfa about ready to cut; oats holding out well; potatoes good condition.

Boise, Ada county: Week oppressive; warm with two good showers; crops maturing rapidly; third crop alfalfa rapid growth; harvesting and threshing pushed; apples almost full grown and coloring; prunes well colored; good corn weather and crop coming along fast.

Caldwell, Canyon county: Week clear, calm, and the last four days rather warm for the season; crops all maturing nicely; corn here best over; melons excellent; third crop alfalfa about ready and generally good; apples beginning to color; prunes mostly colored; never so much potatoes, but price too low to market; all kinds of garden stuff excellent; tomatoes, cucumbers, beans, melons—no rain.

Ashton, Fremont county: High temperatures with heavy rains early in week accompanied by hail storm which did considerable damage at points in eastern part of county; late grain maturing fast; cutting of spring grains progressing; seed peas about all cut and threshing has begun; potatoes and other vegetables good; range doing well; lettuce not doing so well and is going to seed unevenly.

Her Vision

A wealthy woman of fifty was told that her husband was in love with his stenographer. "You can see it yourself," they told her. She replied: "No, I cannot see it. A young woman or a blind woman might see it; but I am fifty and I am not blind. I know what not to see."—Charleston News and Courier.

Same Old Story But a Good One.

Mrs. Mahala Burns, Savanna, Mo., relates an experience, the like of which has happened in almost every neighborhood in this country, and has been told and related by thousands of others, as follows: I used a bottle of Chamberlain's Colic and Diarrhoea Remedy about nine years ago and it cured me of flux (dysentery). I had another attack four years ago and a few doses of this remedy cured me. I have recommended it to dozens of people since I first used it and shall continue to do so for I for bowel troubles.—adv.

TWO GAMES FOR DODGERS

Wallop Giants for Second Time,
Sending Jesse Barnes to
the Showers

BROOKLYN, Aug. 31 (AP)—Brooklyn made it two straight from the National-league leaders today, winning a hard-hitting game. The Dodgers knocked Jesse Barnes out of the box in the third inning and the Giant handed Sherry Smith the same dose in the seventh. Mameaux, who relieved Smith, retired the Giants without a hit in the last three innings.
Score: R. H. E.
New York 4 12 0
Brooklyn 7 13 1
Batteries: J. Barnes, Ryan, Jonnard, V. Barnes and Snyder; C. Smith, Mameaux and Miller.

BEAVES WIN DOUBLE-HEADER
BOSTON, Aug. 31 (AP)—Boston took both games from Philadelphia today. Roser's single to left off Meadows in the eighth inning of the first game scored two runs and in the sixth he went back to the wall and pulled down Finch Hitter Peters' terrific drive for the concluding out. Winter was hit hard in the second game and was accorded wretched support.
First game: R. H. E.
Philadelphia 5 10 3
Boston 7 7 2
Batteries: Meadows and Heulne; Marquand and O'Neill.
Second game: R. H. E.
Philadelphia 2 7 6

Sponge Fisheries.
There are large sponge fisheries along the shores of Greece, certain parts of the Adriatic sea, as well as on the coasts of Tripoli and Tunis; but the world's best sponges come from Syria. In the well-equipped fisheries the divers go down into the sea for the sponges, dressed in cork jackets, or by means of diving bells; but, in many places they descend from boats, to pull the sponges from the rocks; for as long a time as they can remain under water. Long tridents are sometimes used to dislodge the sponges, but this practice is apt to tear the soft structures and injure them. Hand picking is the usual method. After being gathered, the sponges are well beaten and washed, to rid them of the black coating and jelly-like substance which cling to them. Finally, they are bleached, graded, packed, and shipped to all parts of the world.

PARTY LINES IN VOTE BY SENATE ARE SET ASIDE

**Soldier Bonus Measure Passes
47 to 22—House Agrees to
Immediate Conference. Under
Special Rule**

WASHINGTON, Aug. 31, (AP)—Wiping out party lines, the senate today passed the four billion dollar soldiers' bonus bill by a vote of 47 to 22. Immediately thereafter the senate directed that the measure be returned to the house with a request for a conference. Representative Mondell, Wyoming, the republican leader, said the house would send it to conference tomorrow under a special rule.

Since there is no serious dispute between the two houses on the bonus, the conference are expected to lay aside the tariff bill long enough to agree to a report on the bonus.

The treasury apparently is confident that the president will veto the bill if it passes as it now stands. High officials today indicated that the president had not changed from his announced intention to disapprove any bonus legislation that does not carry the means of raising the revenue required and the senate measure, treasury officials said, does not meet that requirement.

Senate discussion on the bill was opened by Senator Lodge, who argued that the government owed compensation to the soldiers, and disputed the theory that the proposed bonus would prove too great a burden on the treasury.

Debate Runs Four Hours

Four hours of debate preceded the voting. Neither senators nor spectators manifested particular interest in the proceedings as the discussion proceeded, but just before the vote came at 3 p. m., both the senate chamber and galleries filled rapidly.

With the announcement of the result, there was applause from one section of the galleries where there were a number of service men. No effort was made to prevent this demonstration.

Government experts estimate the total cost of the bonus at \$3,845,650,481 on the basis of 75 per cent of the veterans electing the certificate plan, 25 1/2 per cent the cash and home aid, and 2 1/2 per cent the vocational training. This cost would be divided annually as follows:

Division of Cents
1923, \$77,440,889.
1924, \$22,177,728.
1925, \$73,100,962.
1926, \$70,235,885.
1927, \$148,962,510.
1928, \$137,564,254.
1929, \$22,177,728.
1930, \$36,372,944.
1931, \$36,372,944.
1932, \$36,372,944.
1933, \$36,372,944.

1967, \$36,372,944.
1968, \$36,372,944.
1969, \$36,372,944.
1970, \$36,372,944.
1971, \$36,372,944.
1972, \$36,372,944.
1973, \$36,372,944.
1974, \$36,372,944.
1975, \$36,372,944.
1976, \$36,372,944.
1977, \$36,372,944.
1978, \$36,372,944.
1979, \$36,372,944.
1980, \$36,372,944.
1981, \$36,372,944.
1982, \$36,372,944.
1983, \$36,372,944.
1984, \$36,372,944.
1985, \$36,372,944.
1986, \$36,372,944.
1987, \$36,372,944.
1988, \$36,372,944.
1989, \$36,372,944.
1990, \$36,372,944.
1991, \$36,372,944.
1992, \$36,372,944.
1993, \$36,372,944.
1994, \$36,372,944.
1995, \$36,372,944.
1996, \$36,372,944.
1997, \$36,372,944.
1998, \$36,372,944.
1999, \$36,372,944.
2000, \$36,372,944.

This total is exclusive of any appropriations that would be made under the \$100,000,000 loan reclamation provision, but under that provision the government finally would receive these funds. The total of the certificate plan is \$3,845,650,481, and the cash and home aid plan is \$1,000,000,000. The vocational training plan is \$500,000,000.

FACTS ABOUT THE OSTRICH

The ostrich is the biggest bird on earth and has the smallest brain. It weighs as much as a cow and its brain weighs two ounces. Yet it is not stupid. The ostrich lives to be about thirty years old.

Many people believe that period furniture had its origin in the old California missions. The truth is a manufacturer made two very ugly and clumsy chairs, the legs being usually three-inch posts and the whole chair rough and crude. For some reason the chairs were shown at an exhibition of furniture where they attracted a good deal of attention as a novelty. At that time the California missions were being talked about and a clever dealer bought both chairs and advertised them as coming from the California missions. Another dealer thought that it might be a good idea to make furniture along the lines of these two chairs and named them "Mission." He further carried out the idea by putting a Maltese cross wherever it would do and therefore increased the belief that the furniture really did come from California.

FACTS ABOUT THE OSTRICH

The ostrich is the biggest bird on earth and has the smallest brain. It weighs as much as a cow and its brain weighs two ounces. Yet it is not stupid. The ostrich lives to be about thirty years old.

MOVIE CAREER IS OFFERED

**Miss Muriel McCormick Given
Opportunity to Join Banks
of Picture Makers**

CHICAGO, Aug. 31, (AP)—William L. Sherrill, who said that he represented New York interests, tonight announced that he had tendered to Miss Muriel McCormick offers to appear on the stage and screen as "Nevanna, XI Cor."

Miss McCormick is the daughter of Harold McCormick, head of the executive committee of the International Harvester company.

Mr. Sherrill said he had seen Miss McCormick in a French play, "Le Passant," in which she took a leading part last fall. "She is brilliant, studious and has the qualities to make her ascent to the zenith of stage success," he declared. Under the terms of the proposed contract it was rumored that Miss McCormick would receive more than \$1,000,000.

The type of motion picture vehicle which is being considered for Miss McCormick's first picture, Mr. Sherrill said, dealt with college life, "fronzed flannels," and girls who faced poverty for love. Her sliver of the proceeds of the picture, he said, was considering devoting to charity.

RIDDICK'S LEAD GROWING

**Returns from Majority of Pre-
cincts in Montana Senator-
ial Race Complete**

HELENA, Aug. 31, (AP)—Returns from 1117 precincts out of 1630 in the state give Carl W. Riddick of Lewistown, present member of the lower house of congress a lead of 2,000 over Attorney General William D. Banks for the republican nomination for the United States senate. The totals stand: Riddick 17,450; Banks 16,237.

The returns from 1089 precincts in the two congressional districts shows that Scott Leavitt of Great Falls has a lead over J. M. Burlingame of the same city for the republican nomination in the second district, while John M. Evans of Missoula appears the probable democratic nominee in the first district. His lead over Byron Cooney of Butte remains about the same as last night.

Official returns from the 54 counties will be gone over by the state board of canvassers September 11 to 13.

TO COMPLETE SENTENCES

NEW YORK, Aug. 31, (AP)—James P. Larkin, Irish leader, and former American ambassador Benjamin F. Glavin, who were convicted two years ago of criminal anarchy and who have been out on certificate of reasonable doubt, Thursday were ordered to Sling Sing prison to finish their sentences of from five to ten years.

TWO STEAMERS SEIZED

NEW YORK, Aug. 31, (AP)—The British three-masted schooner, with \$200,000 worth of Scotch whiskey aboard, and the Canadian steamer, Smithfield, which is alleged to have been carrying a floating bar, were seized by customs and prohibition authorities on Thursday.

SERVICE IS RESTORED

ST. PAUL, Minn., Aug. 31, (AP)—Within the past 48 hours, the Northern Pacific railway has restored 18 trains and the Great Northern railway has restored ten, principally suburban or branch line local trains, it was announced here today.

Old Theory Exploded

It is commonly believed that the great temple of Karnak was built by the ancient Egyptians so that the sun at the precise moment of the solstice should shine straight down the axis of the temple. But the Egyptian survey has made accurate measurements of the temple and proves that the sun has never been visible at all, at any moment in any day in any year along the axis of the temple, since about 6000 B. C., and that it last set along the central line of this axis between twelve thousand and thirteen thousand years ago. "At this date," says the Scientific American, "Europe was still in the Old Stone Age; the cave period was at its zenith, and the hunters of the Dordogne were chasing reindeer over the French tundra. To suppose that the temple of Karnak had been built then is out of the question."

If your property is desirable and is advertised in the classified—you'll find your buyer.

Service Inspired by Headquarters

Long ago it was decided that service offered by the staff of this agency must measure up to the high standard of the company whose policies are offered. That distinction has been achieved.

Can These Men Save Ireland?

George Gavan Duffy, foreign minister in Michael Collins' cabinet; Richard T. Mulcahy, romantic Irish defense minister, and William T. Cosgrave, home minister, have been selected as a triumvirate to attempt to save Ireland, following Collins' assassination. It is believed Duffy will shape the political policies, Mulcahy the military policies and Cosgrave the administrative policies of the Irish Free State. General Owen Duffy, commander of the Southwestern Division and principal aide to General Richard Mulcahy, is thought, will be selected to succeed Collins as commander-in-chief of the Free State army.

HOPE OF RESCUE FADING

**Five Hundred Feet of Rock and
Earth Remain to be Pen-
etrated by Workers**

JACKSON, Cal., Aug. 31, (AP)—After four days of ceaseless drilling to penetrate a wall of earth and rock, hope of rescuing 47 men entombed almost a mile down in the Argonaut mine faded further tonight after officials here had estimated that rescue crews must burrow through about 500 more feet in order to reach the imprisoned miners.

Rescue crews on the 3500 and 3550 foot levels of the adjacent "Kennedy" shaft continued their grim contest to determine which shall be the first to pierce the Argonaut mine. That it will be a matter of days is admitted.

Mine officials were considering the offer of a San Francisco drill concern to furnish drilling equipment with which the company says it would be possible to bore a hole by tomorrow from the Kennedy mine into the Argonaut through which air and food could be given to the entombed men if they still live.

Excellent Varnish Stain.

For the oak-colored floor ingenuity will save the pocket. A tin of Japan black, such as one used for stoves and ironwork, diluted to the requisite color and consistency with methylated spirits, gives the most beautiful oak varnish stain possible at very little cost. A floor already stained but grown shabby will revive to perfection if well washed and treated to a coat of this last-named mixture.

Deaths

Frank Terrill
Frank Terrill, 424 Fourth avenue north, died at an early hour this morning. Mr. Terrill was 74 years of age and has lived here for some years. He was for some time engaged in ranching near Artesian City.

STRIKE IS ASKED FOR
SALT LAKE CITY, Aug. 31, (AP)—Circulars bearing the stamp of the "United Mineworkers of the World" are circulated at the copper mines at Bingham, Utah, Thursday calling on the miners to strike Friday morning at 8 o'clock unless the mining companies grant an 8-hour day and pay increases.

He Won.

The Mudecum, a provocative and debating society was in session and all was proceeding peacefully and harmoniously till the rat story man spoke. "Some people," he said, "consider the rat hasn't got much sense, but they're wrong. For instance, once I saw a mother place her rear-end babe in front of the cottage to sun himself, and to keep his spirits up she gave the little chap a big feeding bottle. As I watched I saw a rat creep up to the child, and my heart was in my mouth. I feared for the baby. But, bless you, the rat was only after the milk! He just slipped the tent out of the child's mouth into his own, and then thoughtfully put the end of his tail into the child's mouth, by way of a comforter. With a great sigh the president handed him the biscuit.—Kansas City Star.

EMERGENCY COAL BILL IS PASSED IN LOWER HOUSE

**Administration Measure for
Control and Distribution of
Fuel Carries but One Change
in Text**

WASHINGTON, Aug. 31, (AP)—The administration bill for control and distribution of coal during the mining and transportation emergency was passed today by the house, 214 to 81, and sent to the senate with assurances of early consideration. Only one change was made in the measure as originally framed, an amendment being passed, 152 to 77, providing that a life of the law should, and January 1, 1924, or a few weeks after the first regular session of the next congress.

In the senate, as soon as the soldiers' bonus bill had been disposed of, attention was turned to coal legislation, the Horn substitute for the bill passed by the house last week creating a fact-finding commission being taken up. Two hours of debate, however, showed the impossibility of action on the matter today and it went over for further consideration tomorrow.

The big fight in the house today was on the section of the control and distribution measure which would give the president the right, after issuance of a presidential proclamation declaring the present emergency no longer in existence, to proclaim the existence of another such emergency, without asking leave of congress. The section was voted out in committee of the whole 85 to 65, but when the bill as finally completed was put before the house proper, Chairman Winslow of the interstate commerce committee, in charge of it, demanded and obtained a record vote, and the section was retained, 148 to 124.

Whole Section Out

Representative Rayburn, Texas, democratic member of the interstate commerce committee, offered the motion to strike it out, and he was supported by Chairman Madden of the appropriations committee. Previously Mr. Winslow had sought to amend the provision so as to give congress the right to say if an emergency prevailed in the coal mining and the railroad world, but his motion to this effect was defeated through the votes of members who were confident the entire section would go out.

Mr. Rayburn's motion to recommit, for the purpose of eliminating the clause to prevent extension in price charged for coal, and to amend and promote the general welfare, was rejected without a record vote.

Mount Ararat.

Mount Ararat is a high mountain of western Asia, Armenia, on the border line of Russia, Turkey and Persia, to each of which it partly belongs. It consists of two peaks, designated as Great Ararat and Little Ararat, one 17,000 feet high and the other 12,840 feet high. Ararat is also the ancient name of the district in which this and other mountains are situated, and the Biblical narrative of the flood says the ark "rested upon the mountains of Ararat," not on Mount Ararat. James Bryce, later Lord Bryce (1838-1922), seconded Mount Ararat in 1870, a marvelous feat, and published a volume on Transcaucasia and Ararat in 1877.

Conceded to be the most marvelous gorgeous and funniest motion picture ever in Twin Falls.

We unblushingly admit it's a veritable knockout.

Just two days more.

GERMANY GIVEN REST OF YEAR TO RAISE CASH

Reparations Commission Consents to Withdraw Demands for Balance of 1922 But Moratorium Still Pending

PARIS, Aug. 31. (AP)—The reparations commission has relieved Germany of the necessity of making any further cash payments in reparations for the remainder of 1922, but defers its decision on the question of a moratorium until the question of Germany's finances are carried out. These include the balancing of her budget and reduction of Germany's foreign obligations, currency reform and the issue of foreign and internal loans.

In rendering its decision, the reparations commission takes into account the fact that "the German state has lost its credit and the mark has depreciated continually."

Announcement of the commission's action was made by Sir John Bradbury this evening, after a session lasting an hour and 20 minutes. The decision was immediately communicated to the German delegates and the various governments by telephone. It is understood that Premier Lloyd George personally approved the settlement by telephone this afternoon.

The decision came as a surprise to some circles, where it was expected that M. Dubois, representing France, would vote against any solution other than one complying with the original demands of Premier Poincaré.

As accepted, the settlement constitutes a modified form of the Belgian compromise proposal, and Belgium is given the honor of having brought about the last-minute agreement, when a break in the commission seemed inevitable and the members of the commission felt that the very existence of the commission was at stake.

Approves on Condition

Premier Poincaré gave his approval upon condition that Germany furnish a gold deposit sufficient to guarantee the deferred payments involved. The threatened breach in the Franco-British relations thus has been averted by the French premier, who was only prevailed upon to withdraw his objection to the compromise after it became certain that independent action by France would be interpreted by Great Britain as a virtual tearing up of the treaty of Versailles.

The matter now passes out of the hands of the reparations commission and becomes a matter of negotiation between Belgium and Germany, the latter agreeing to accept treasury bills from the German government, payable in six months, in lieu of cash payments to which Belgium is entitled under a priority agreement.

Acceptance Looked For

The commission took the view that the proposals of the German government respecting deliveries of coal and wood in 1922-23, which involved private contracts between the German government and German industrial interests, was conditional on granting a full moratorium, and therefore the commission did not feel justified in accepting it but reserved the right to accept it if it present arrangements for the delivery of coal and wood were deemed to be satisfactory. It is believed that this offer will be accepted within a short time.

JACKSON BADLY INJURED

Negro Pugilist Defeated by Harry Wills Seriously Hurt in Encounter

WASHINGTON COURTHOUSE, O., Aug. 31. (AP)—"Tut" Jackson, local negro heavyweight pugilist, who was knocked out by Harry Wills, New Orleans negro heavyweight, in the third round of their scheduled 15-round bout in New York Tuesday night, suffered three fractured ribs and a severe injury to the base of the spine, according to Dr. L. L. Brock, who examined Jackson on his return here today.

Jackson is said to have told the physician that his spinal injury was due to being struck by Wills in the first round while Wills was holding him.

DEMPEY ON EXHIBITION

Champ to Box Ten Rounds With Five Sparring Partners on Labor Day

CHICAGO, Aug. 31. (AP)—Jack Dempsey left here tonight for Michigan City, Ind., where he will box ten rounds with five sparring partners in an exhibition on Labor day.

Jack Kearns, manager of the champion, who arrived here from New York, said that unless the unexpected happens and some promoter can stage a match in this country, he expected to take Dempsey to Europe within a few weeks to prepare for his fight there with Georges Carpentier.

Kearns asserted a match with Harry Wills, negro heavyweight, seemed remote since Wills' showing against Tut Jackson in Brooklyn last Tuesday.

LYNCH MAY BOX ABROAD

Man Scheduled to Meet Pat Moore Has Prospect of Foreign Engagement

MICHIGAN CITY, Ind., Aug. 31. (AP)—Eddie Meade, manager of Joe Lynch, who will meet "Memphis" Pat Moore in a ten-round match on Labor day here on the card featuring Jack Dempsey in ten rounds of exhibition boxing, received a cable from Gus Wilson, representative of Georges Carpentier today, seeking the services of Lynch for two bouts abroad, he announced.

Wilson's offer, it was stated, was \$5,000 pounds for the Paris and London match with Charlie Lecloux, the American's opponent at the French capital, and Tommy Harrison in England.

FORMER CADDIE WINS TITLE

Nineteen Year Old Youth No Taller Than Driver, Claims First Honors

TOLEDO, OHIO, Aug. 31. (AP)—Eddie Held, little 19-year-old former caddie at St. Louis, and not much taller than the driver with which he sends the ball an average of 275 yards straight down the fairway, today became the public links golf champion of the United States by defeating Richard Walsh of New York, six and five, in the first United States Golf association tournament for players not members of private clubs.

FAMOUS RACE HORSE DEAD

Lightning Kills Miner Patch and Stuns Two Men in Attendance

ST. CLOUD, Minn., Aug. 31. (AP)—Miner Patch, race horse owned by W. J. Hines, was killed by lightning which struck the stable at the county fair grounds here this afternoon. To men at work in the horse's stall were stunned by the bolt.

Miner Patch was entered in the 2:15 pace class at the Minnesota state fair at St. Paul.

WINS HOPEFUL STAKES

SARATOGA, N. Y., Aug. 31. (AP)—Dan Linn, 23, Aug. 31. (AP)—Dan Linn, who won the Hopeful stakes, one of the richest juvenile stakes of the year, defeating G. A. Cochran's Goshawk, the speedy Zev, and nine other well-known youngsters.

Exterminator, Willis Sharpe Kilmer's veteran campaigner, won the Saratoga cup for the fourth consecutive year. He defeated Mad Hatter, Rocco's stable entry, by half a length. Don Homme of the Alapa farm, the only other entrant, was 15 length back of Mad Hatter. The time for the mile and three-quarters was three minutes, 25 seconds.

TO PLAY IN FINALS

RUMSON, N. J., Aug. 31. (AP)—Flaming defeated Shuborn, 12 to 7 today and earned the right to meet Meadowbrook in the final match meet Saturday in the international polo tournament for the American national cup. Shuborn conceded the winner eight goals and had the game been played on an even basis, would have won, 7 to 4.

405 SHOSHONE SO.—TWIN FALLS

TWIN FALLS WEEKLY NEWS

Established 1904

Twin Falls News Publishing Company,
Ltd., Publishers

THE HERRIN OUTRAGE

Those who have watched the development of events at Herrin, Illinois, in connection with the convening of a special grand jury to investigate the strip battle in which twenty-two persons were shot down in cold blood, will be keenly disappointed with the attitude of Frank Farrington, state president of the coal miners.

Apparently Farrington takes the position that his men were fully justified in their action against the strip mine workers. That deliberate murder was just naturally called for and, having been provided, it is his duty to do everything in his power to protect the killers from any and all punishment.

In a statement issued by Farrington upon his arrival at the scene of the investigation he is quoted as saying "forces have combined to convict our members."

Some day perhaps, a union leader will be found who is big enough to place law, order, humanity and decency ahead of wholesale murder in the scale of human events, and who will have enough vision to see that unionism itself must go if unionism is willing to even appear to stand for such practices.

Unionism would rise one hundred percent in public favor if Farrington in his statement had said something like this: "Unionism does not believe in murder and does not seek to justify criminality or criminals. The coal miners of Illinois believe in law and law enforcement and, such being the case, we will do everything in our power to help bring to justice the men guilty of the Herrin crime, be they union or non-union men."

Farrington had a great opportunity. An opportunity to place the coal miners' unions of Illinois upon a pedestal before which all America would applaud.

Farrington probably knows his business as a leader, however, and in order to lead it is necessary to have followers. Added to which there is always with us the type of blatherhead who is willing to argue that "they didn't do it maliciously."

PICK THE CARDS

The annuity of America being almost totally dependent upon other nations for world communication demands attention as perhaps the most important of the problems of our foreign relations. Great Britain or France can censor practically every cable message which is sent from the United States to a foreign land.

The subject came to public attention from the reports of various complications growing out of the disposal of German-owned cables during and at the close of the war. The settlement of the dispute with Japan concerning cable communication through Yap, and the adjustment of the question of communication with Latin America which displayed the firmness of Secretary Hughes, momentarily allayed public interest in the matter.

But that the problems are far from solved is revealed by a recent statement made by Walter B. Rogers, American delegate to the International Communications Conference, before the Institute of Politics held in Williams-town, Mass. Great Britain's dominant position in world communication, Mr. Rogers asserted, made London not only the news center of the world, but also the center of the world's trade, from which quotations are sent out to all parts of the East in pounds sterling. The present American cables, he said, are but feeders of other systems.

Apparently the one greatest need in this country is a wise, state-manlike, consistent cable policy which shall be pressed by the government until the United States enjoys cable communication with the world unhampered by foreign interference and free from possibility of foreign control.

The present administration has shown capacity and right purpose and has accomplished much, but the subject is of no great importance as to demand persistent attention. Unsatisfied questions growing out of the war still offer opportunity to advance America's interests and to assert America's rights and there should be no relaxation of vigilance. The position of power which the United States now holds tends greatly to extend our world relations; not less does it afford a leverage to exact that justice which the energetic policies of other nations have denied this country in the matter of cable connections.

INDICTED MAN
S PRESIDENT
OF HIS UNION

Otis Clark, Father of Five Children, Charged with Murder of C. K. McDowell, Crippled Mine Superintendent

MAHON, Ill., Aug. 31. (AP)—In the same narrow cell, in which Scottie Dennis, who precipitated the riots at West Frankfort several years ago, spent the waning days of his life, before ascending the gallows, last night Otis Clark, the first man indicted by the grand jury investigating the Herrin riots which took 22 lives. Clark was taken custody this afternoon. The cell is an ordinary jail compartment usually occupied by women prisoners.

With an open magazine on his knees, the prisoner sat, preoccupied, his thoughts wandering off to Geroville, not far from here, where he had to leave behind his family, a wife and five little children.

The prisoner is charged with having slain C. K. McDowell, crippled superintendent of the Lester strip mine, near which the massacre occurred.

"Dennis was hanged because he killed two men, but at least that was the verdict of the executioners of justice, but I am not guilty," Clark said.

President of Local

Clark appeared to be well educated. For some time he has been president of the local miners' organization at West Frankfort, Ill., and chief workman at the Old Ben Coal company's mine number twenty. He spends the off-mining season farming at Geroville. He is the father of five children and is about 35 years old.

The sale of a moving machine and some farm implements at low prices was what caused the officials to become suspicious that Clark contemplated leaving this vicinity, and as a result the indictment against him was hastened.

It is today Judge Hartwell announced that A. W. Kerr, chief counsel for the Illinois Mine Workers, had filed a petition for the release of Clark on \$10,000 bond.

Agreed on between Attorney General Brundage of Illinois, State's Attorney Duty and Mr. Kerr, Judge Hartwell explained.

LEAD COMFORTABLY LARGE

Returns in California Primary Show Richardson Well Ahead of Stevens

SAN FRANCISCO, Aug. 31. (AP)—Related returns from remote precincts and several revisions operate late today to reduce the margin of Edwin W. Richardson over Governor Wm. D. Stephens for the republican nomination for governor in Tuesday's primary, but left it, in the case of other candidates previously leading, comfortably large.

The figures: For senator, republican nomination 6,648 precincts; Hiram W. Johnson 291, 659; Chas. C. Moore 221, 234. Governor, republican nomination, 5, 981 precincts; Friend W. Richardson 23,854; Wm. D. Stephens 246,970.

Governor, democrat nomination, 4, 714 precincts; Thomas Lee Woolwine 51,274; Mattison B. Jones 29,724. Johnson's opponents in November will be W. J. Fenwick, Los Angeles democrat, Upton Sinclair of Pasadena, socialist, and H. Clay Needham of New Hall, prohibitionist. They had no opposition at the primaries.

Beaches

Beaches are stretches of land bordered on one side by the ocean and on the other side by summer hotels and amusement concessions. Beaches are covered by sand, pebbles, seaweed, ocean breezes, rude stumps and bathing girls. The waves of the sea reach the beach on one side, and the hotels and amusement schemes touch those who visit the beach on the other side. Love is frequently made upon the beach, but it is seldom and more enduring than any other bond which is reared upon sand. Some people visit the beaches because they enjoy the ocean breezes. Many people visit the beaches because they have nothing to do and because they know that there is less than nothing to do on a beach, and because they are sure that they can find any number of idle people to help them do it. Other people visit the beaches because they have nothing to wear, and because they know that next to nothing is worn on a beach, and because they are sure they will find any number of idle people wearing next to nothing.—Life.

First Christmas Card

A stiltman has reminded the "Way of the World" columnist of the Looney-Manning Post that the first Christmas card was published more than seventy-five years ago. This beautiful token of remembrance and friendship, writes the columnist, was invented by Sir Henry Cole, who, in 1843, asked C. G. Horsley, R. A., to design a popular Christmas greeting to be sent by postal card transmissible through the penny post. A trellis of rustic work in the Germanesque style divided the card into a center and two side panels. The sides were filled by representations of the feeding of the hungry and the clothing of the naked. Of the first Christmas card a thousand copies were sold.

The News is read by the permanent sailing classes.

DISCRIMINATION ALLEGED

Kansas City Packing Plants Warned to Cease Unfair Buying Tactics

WASHINGTON, Aug. 31. (AP)—Armour and company, and the Fowler Packing company, as owners of the Missouri stockyards at Kansas City, Kansas, were ordered to cease from certain alleged discriminatory practices, in an order signed by Secretary of Agriculture Wallace, made public today. Specific mention was made of the practice of the stockyards of giving a corn "fill" to hogs shipped by one shipper, while denying it to others. This was held to be a violation of the law, and the stockyards was ordered to extend the feeding to all shippers or to discontinue the practice entirely.

The order issued today under the authority of the packers and stockyards act was the result of the proceedings instituted against the two companies by the Kansas City Livestock Exchange.

Practice Illegal

The practice of the Fowler Packing company in arranging with certain "designated shippers" to have the exclusive right to ship hogs to the Fowler company from certain shipping points, was found to be not in violation of the act, but the alleged practice of forbidding such shippers to accept orders from the buying territory of other shippers was branded as illegal, "as it operates to prevent competition in their respective localities among such shippers, and deprives them of the opportunity of the prices paid to producers of hogs."

AMSTERDAM

AMSTERDAM—Mr. and Mrs. Perhal and children of Grassy Hill are spending several days visiting friends near Amsterdam.

L. V. Dean spent Saturday and Sunday at the county seat.

Miss Hazel Peters of Twin Falls was a guest at the Garret Peters home last week.

Mrs. Mary Wines and daughter, Miss Zada Wines, motored to Amsterdam from their home in Boise on Wednesday and were guests at the Charles Trueman home until Sunday. Mrs. Caroline Trueman of Butte, Montana, is also a guest at the Trueman home. Mrs. Trueman of Butte and Mrs. Wines are sisters-in-law and had not met for forty-two years.

Miss Julia Kunkel spent several days at Rupert during the past week.

Mr. and Mrs. Garret Peters and family and Mrs. Mina Duitman were Sunday guests at the H. H. Sletten home.

Miss Britton Wolf of Twin Falls was an Amsterdam visitor on Friday.

E. C. Niccum and family of Filer were visitors in Amsterdam on Sunday.

Mrs. Emma Kuhns left on Sunday for her home in Twin Falls, where she will reside during the winter.

Mr. and Mrs. Claudio Earl and W. R. Skinner were visitors at the county seat on Tuesday.

Neal Bos and John Koster were business visitors in Twin Falls on Tuesday.

Miss Myrtle Skinner, who is spending some time at her brother's near the high line, spent Sunday with home folks near Amsterdam.

A Tolman was a business visitor in Hollister on Monday.

On Friday Mrs. Caroline Trueman of Butte, Mont., and Mrs. Mary Wines and daughter, of Boise, who have been visiting at Charles Trueman's home, and Mrs. Charles Trueman and daughter, Audrey, were guests at the Gilbert Hull home east of Hollister.

King Solomon's Magic Carpet. Prince Aladdin's story of the magic carpet of Tangue, which would transport any one who sat on it to the place he wished to reach, has his counterpart in the Koran. King Solomon, it is told, had a carpet with the same magic quality. It was made of green silk, and it was placed in his throne when he wished to travel. Spirits stood on the left hand of the king, and on his right stood men and women. Then Solomon told the wind where he wished to go, and immediately the carpet rose into the air with him, and he stood upon it. It traveled swiftly to its destination, while birds with outstretched wings flew overhead to screen the royal presence from the sun.

WEAK, WEARY WOMEN.

When the back aches and throbs. When housework is torture. When night brings no rest nor sleep.

When urinary disorders set in. Women's lot is a weary one. Doan's Kidney Pills are for weak kidneys.

Have proved their worth in thousands of cases. Read this woman's testimony. Miss Amanda Cox, The Cottage Hotel, Rupert, Idaho, says: "I have great faith in Doan's Kidney Pills and have reason to believe they have been of great help to me. When I had attacks of kidney trouble, suffered with sharp pains and a dull ache across my back. The least work nearly used me up and I was bothered with dizzy spells. When I needed I have needed Doan's Kidney Pills they have cured the attack quickly."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Miss Cox had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

REHEARING OF
CASE IS ASKED

Review by Supreme Court Requested as to Famous Coronado Decision

WASHINGTON, Aug. 31. (AP)—Petition for rehearing of the famous Coronado case, in which the United States supreme court recently laid down a far-reaching construction of the suitability of organized labor, although not incorporated, was filed today with the court by John W. Davis, as counsel for the coal companies involved. No action will be taken on the petition until the court reconvenes in October. The original proceeding was a civil suit instituted by the Coronado and other coal companies against the United Mine Workers of America, district 21, and local unions of that organization and individual members for treble

damages caused by destruction of property during the strike of 1916. The supreme court, in a 7-5 decision rendered June 5, 1922, sustained contentions of the coal company that the mine workers' union and other unincorporated labor organizations were liable, but set aside the award of damages made by the lower federal courts.

Decision Attacked

"Essential mistakes and misconceptions of the facts" by the supreme court were stated as grounds for a rehearing, the petition asserting that "when the principles of law announced by the court are applied to the facts actually appearing in the record," the judgment against district 21, as rendered by the lower courts, must be affirmed, and probably also the judgment against the United States Mine Workers of America.

The supreme court set aside the award of damages on the ground that the national union of the United Mine Workers had not been shown to have authorized or participated in the strike and because the evidence did not warrant the jury in finding that the officials of district 21 were actuated by an intent to restrain or monopolize interstate commerce.

READ THE CLASSIFIED ADS

Fire Trees in Calaveras Grove. At the entrance to the Calaveras (Cal.) grove were, until 1910, two fine trees called the Sentinel. Only one is now standing, the other having been blown down in the great windstorm of 1913. South of the Sentinel is a large tree on the road on the hillside the right of the road on the hillside, which has been named Old Dowd, in honor of the discoverer of the grove, which discovery was made in 1822. The south grove extends three and one-half miles and contains 1,800 large trees. Any tree there under 16 feet in circumference is not considered a large tree.

A Triumph for Value

IN the past two months Firestone has built and marketed more tires than in any similar period in its history.

This steadily increasing public preference is proof of the recognition by car owners of the greater values offered by Firestone. It is a tribute to Firestone men—all stockholders in the company—all actuated by the operating principle of Most Miles per Dollar.

The high average performance of Firestone Cords is without equal in the annals of tire making and is reflected by the general tendency to specify Firestone for hard service. Taxicab and bus lines, buying tires by the mile.

are universally equipping with Firestone Cords.

There are many reasons for the high quality of Firestone tires but chief among the special manufacturing processes are double gum-dipping, thus eliminating internal friction by insulating each cord strand, and air-bag cure, insuring a well-balanced and perfectly shaped product.

Don't speculate in tires—you will find the right combination of price and quality in Firestone. Come in and let us tell you about the service these Cords are giving other car-owners whom you know.

SCHOOL HOLDS PLACE THROUGH RETRENCHMENT

Twin Falls High School Still on Accredited Lists of Colleges and Universities, Says Superintendent Mitchell

Standing of the Twin Falls high school on the accredited lists of the Northwest Association of Secondary and Higher Schools, Dartmouth college and other larger universities, has been maintained throughout "this difficult time of economic retrenchment," according to statement of Superintendent M. C. Mitchell in announcements made public Wednesday relating to the opening of Twin Falls schools Tuesday, September 5.

In these announcements, the superintendent says: "School opens Tuesday, September 5. It is planned that all the buildings and equipment for operating the schools will be in readiness, and that all employees of the school district will have arrived a few days previously in ample time to receive the necessary instruction for accomplishing the work of enrollment and registration of pupils. It is very important that all pupils come on opening day of school. The schools must start off with the highest degree of efficiency from the first."

In the high school and intermediate school the roll will be taken each morning at 8:00 o'clock and in the grade buildings at 9:00 o'clock. In all the buildings school will resume in the afternoon at 1:00 o'clock. During the past two years the afternoon session has started in the high school and intermediate school at 1:15 p. m. Pupils and patrons will please notice that this is changed to 1:00 o'clock for the coming year.

"Beginners" Start Wednesday
Part of the foregoing announcement does not apply in the case of those children entering school for the first time and who will be classified in the "First B" grade. Pupils in the "First B" grade should be in school on Wednesday morning, September 6. This enables the principals and teachers to give a larger degree of attention to the older pupils in the grade buildings and to the smaller children in the intermediate school. It is planned to admit to the intermediate school only those pupils who qualify as seventh or eighth grade pupils. All pupils enrolled in grades one and six inclusive, will report to the principal of the respective grade school buildings. After the first week of school, pupils entering school in grades one to six will be enrolled in the office of the superintendent of elementary education. Pupils of the intermediate school building and from there will be directed to the proper grade building. Such pupils will be entered on Monday and Tuesday between 8:30 and 10:00 o'clock.

Type of Organization Same
The high school and intermediate school will continue to be organized and conducted on the same basis as in the past. Pupils are classified for purposes of taking attendance in the intermediate school until their work in the eighth grade has been entirely completed. They may then be placed in the sixth grade in high school providing they have completed the courses in the corresponding subjects in the high school. Such pupils are rated as students of the intermediate school. They cannot participate in high school athletics or other high school activities, except where their participation is involved, however, they are required to pay tuition at the high school rate. This is because their education is costing the school district as much as that of a high school student. In practically all other matters these two organizations are kept entirely distinct and separate. Beginning pupils in order to be regularly entitled to such privileges must be at least six years of age on or before November 30, 1922. Also, it will be deemed inadvisable to enter pupils in the "First B" grade after the first three weeks of school have elapsed inasmuch as the child entering late will be seriously handicapped in starting his first year in school.

Tuition Rate Lower
The board of education has not definitely fixed the rate of tuition for the coming year pending the receiving of the certificate from the state school commissioner, which will give the permission to the district to charge an amount equal to the exact cost of schooling pupils in high school during the preceding year. As is quite proper, the rate of tuition for the coming year will be about \$9.00 per month in the high schools and \$6.00 per month in the grade schools and intermediate school. Tuition charges are required in the case of non-resident pupils only.

Economy in Purchase
Every reasonable effort will be made at the opening of school to assist pupils and parents in securing text books and materials at the smallest possible financial outlay. To assist in effecting this saving, all pupils in the grade and intermediate schools will receive lists of the text books which they actually need in their respective grades. These lists will be handed to the pupils on the opening day of school by the teachers. We urge that parents get no other books or materials until notified by the school officials unless the cost of additional helps entails no appreciable financial burden on the home. In addition to the lists, it is to each pupil, every effort will be made to assist pupils in exchanging books which they no longer need for second-hand books turned in by other pupils.

This work of exchanging books will be conducted the first two or three days of school in each building. In the case of the one or two changes in text books recommended by the superintendent and adopted by the board, the cost of such change has been closely guarded and arrangements made with the local book dealers as to the exchange of old books on the new book which displaces it.

Division of the District
The division of independent school district number 1 into the three sub-districts for the purpose of indicating to what made building pupils shall go is as follows:

Those pupils shall attend the Washington school whose residence is north and east of Sixth avenue, east of the road extending north from the north end of Sixth avenue, which extension is commonly known as Harrison avenue, and north of the road extending east from the east end of Sixth avenue, which extension is commonly known as Elizabeth boulevard.

Those pupils shall attend the Bickel school whose residence is south of Sixth avenue east and of the road extending north from the east end of Sixth avenue, and east of Shoshone street and the highway extending south from the south end of Shoshone street.

Those pupils shall attend the Lincoln school whose residence is west of Shoshone street, south of Sixth avenue north, of the road extending north from the north end of Sixth avenue, and west of the highway extending southward from the south end of Shoshone street.

Transportation of Pupils
The reduction of the expenses of the district seemed to necessitate the elimination of private wagon routes. Consequently those wagons which come into the Washington school will not convey pupils living within three-fourths mile of the school. Those wagons coming into the Bickel and Lincoln schools will not convey pupils living within one-half mile of the old townsite, except that the wagons coming from the north end of Sixth avenue near the railroad station will convey all pupils who live outside the new townsite.

The Hour Period Plan
In the high school and intermediate school the class period will be conducted on the new basis. In the high school, there will be three periods in the forenoon, starting at nine, ten and eleven o'clock, and three in the afternoon starting at one, two and three o'clock. All pupils in these buildings will meet in the morning advisory section for forty minutes at nine o'clock. There will be no afternoon advisory sections. The hour periods will be devoted to both recitation and study in the high school. The hour periods of the teacher who is teaching the subject. This plan is recommended to us by a number of good high schools where it has been tried out of study.

In the first eight grades the courses offered and the method of presentation will be practically the same as last year. In the high school certain courses of study have been eliminated during the past year. The courses which have been eliminated are: mechanical arts or in home economics. The reasons for the elimination of these departments at the present time are: the standing of the public. Not enough pupils have taken advantage of the opportunity of enrolling in these departments to justify the continuance. The instruction leading to a unit of credit in these departments was costing the school district approximately twice what it was costing in any other department of study. It seemed clear to the board that the cost of these courses should be discontinued until such time as the financial condition is not so severe and perhaps until such time as the pupils may enroll in these departments in greater numbers.

Courses will be offered to high school pupils in English, foreign languages, natural science, mathematics, history and civics, and in the study of the hand and orchestra and commerce (typewriting and shorthand). It is believed that a broad opportunity will be offered the students for securing a satisfactory education.

High School on Accredited List
During the past few weeks the question arose in the minds of some school patrons as to whether the Twin Falls high school would remain on the accredited list of high schools. For a number of years our high school has been a member in the Northwest Association of Secondary and Higher Schools. After filling our annual report to the officials of the association in April, 1922, we received notification that our application for membership had been submitted to the committee on the subject and was approved. On August 2, 1922, we wrote to Professor Ph. Soulen, University of Idaho, who is secretary of the Northwest association of Secondary and Higher Schools, that the Twin Falls high school with the Northwest Association of Secondary and Higher Schools is affected because of the elimination of the annual training and household arts. Secretary Soulen replied, "The Northwest Association does not require occasional Curriculum." The Twin Falls high school thus clearly remains on the accredited list of the Northwest Association.

Early in the summer we made application to the Dartmouth college high school placed on the Dartmouth college accredited list, our aim being to make it easy and convenient for our graduates to gain entrance into the college. The cost of the entrance should they desire to do so. On August 10 this reply was received from the committee on admissions of Dartmouth College, Hanover, N. H.: "The Dartmouth college has pleasure in having the Twin Falls high school placed on the Dartmouth accredited list has received careful consideration at the meeting of the committee on admission and they have voted to accredit your school."

If in addition to the above it be remembered that Swarthmore college, one of the best in the country, has offered a splendid scholarship of \$500 per year for four years to one of our graduates in May, 1922, and that other students of the same class are

having their applications accepted at University of Idaho, Stanford University and many other excellent institutions, it becomes perfectly clear that the standing of our high school has been carefully guarded and that the school officials all through this difficult time of economic retrenchment.

LEGAL ADVERTISEMENTS.

NOTICE FOR PUBLICATION
Department of the Interior, U. S. Land Office at Halley, Idaho, August 31, 1922.

Notice is hereby given that Allice Cox, of Twin Falls, Idaho, who, on June 30, 1920, made Homestead Entry No. 015548 for Lot 7, and NE 1/4 SW 1/4, NW 1/4 SE 1/4, NE 1/4 NW 1/4, Section 15, Township 15 S., Range 12 E., Boise Meridian, has filed notice of intention to make final three-year proof, to establish claim to the land above described, before H. E. Powers, U. S. Commissioner at Twin Falls, Idaho, on the 31st day of October, 1922.

Claimant names as witnesses: Harry Noh, of Filer, Idaho. David D. Patrick, of Three Creek, Idaho. William M. Ashby, of Twin Falls, Idaho. John Ward, of Three Creek, Idaho. MAY C. ANGEL, Register.

SUMMONS
In the District Court of the Eleventh Judicial District of the State of Idaho, in and for the County of Twin Falls.

Twin Falls Bank and Trust Company, a Corporation, Plaintiff, vs. Lorenzo Graehl, a widower, Daniel D. Carr and Mary D. Carr, his wife, and Mrs. Paul E. Schreiber, his wife, Defendants.

The State of Idaho sends greetings to Lorenzo Graehl, a widower, Daniel D. Carr and Mary D. Carr, his wife, Paul E. Schreiber and Mrs. Paul E. Schreiber, his wife, the above named defendants.

In witness whereof, I have heretofore set my hand and the seal of this Court in the District Court of the Eleventh Judicial District of the State of Idaho, in and for Twin Falls County, by the above named plaintiff, and you are hereby directed to appear and answer said complaint within twenty days of the date of the service of this summons, or in default thereof, judgment will be rendered in favor of the plaintiff, and you are further notified that, unless you appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint.

The object and general purpose of said complaint is to foreclose a real estate mortgage upon the northeast quarter of the northwest quarter of the northwest quarter of the southeast quarter of Section 2, Township 12 S., Range 17 E., B. M., in Twin Falls County, Idaho, and to obtain judgment for the sum of One Thousand Dollars with interest thereon at the rate of eight per cent per annum from September 23, 1919, against the defendant, Lorenzo Graehl, and to have the judgment declared a lien upon said premises and that said lien be foreclosed under the rules and practices of the State of Idaho.

Witness my hand and the seal of said District Court this 20th day of August, 1922.

C. C. SIGGINS, Clerk. (Seal)

James H. Wise, Attorney for Plaintiff, residence and office, Twin Falls, Idaho.

NOTICE OF WRIT OF ATTACHMENT
In the District Court of the Eleventh Judicial District of the State of Idaho, in and for Twin Falls County.

John H. Glander, Plaintiff, vs. R. E. Better, doer business under the firm name and style of the Castledorf Seed Co., and Theodore Heller, Defendants.

Notice is hereby given that on the 23rd day of August, 1922, a writ of attachment was issued out of the above named court, in and for the County of Idaho, attaching the property of the above named defendant for the sum of \$2,000.00.

In witness whereof, I have heretofore set my hand and the seal of this Court this 25th day of August, 1922.

C. C. SIGGINS, Clerk of the District Court.

NOTICE FOR PUBLICATION
Department of the Interior, U. S. Land Office at Halley, Idaho, August 14, 1922.

Notice is hereby given that Urbert Campbell, of Rogerson, Idaho, who, on June 30, 1920, made Homestead Entry No. 015548 for Section 25, Township 14 S., Range 17 E., Boise Meridian, has filed notice of intention to make 3-year final proof to establish claim to the land above described, before H. E. Powers, at Twin Falls, Idaho, on the 6th day of October, 1922.

Claimant names as witnesses: Joe Welch, of Rogerson, Idaho. Henry Jones, of Hollister, Idaho. Miles Davis, of Rogerson, Idaho. MAY C. ANGEL, Register.

MAY C. SIGGINS
In the District Court of the Eleventh Judicial District of the State of Idaho, in and for the County of Twin Falls.

The Union Central Life Insurance Company, Plaintiff, vs. John Kohler, Helen M. Kohler, his wife, Cyrus M. Walters, a bachelor, The First National Bank of Buhl, Idaho, Albert Carson and W. H. Askew, Defendants.

The State of Idaho sends greetings to John Kohler, Helen M. Kohler, his wife, Cyrus M. Walters, a bachelor, The First National Bank of Buhl, Idaho, Albert Carson and W. H. Askew, the above named defendants.

If served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint.

The object and general purpose of said Cause of Action is to foreclose two real estate mortgages, on the South half (S. 1/2) of the North Quarter (N. 1/4) of Section Thirty-Four (34), Township Ten (10) South, Range Fourteen (14) E., B. M., containing eighty acres of land in the County of Idaho, to wit: one mortgage dated July 10, 1915, for \$2,800.00 together with interest, costs and attorney's fees; and one mortgage dated January 23, 1920, for the sum of \$5,000.00, together with interest, costs and attorney's fees; and the purpose of recovering a judgment against defendants of \$2,846.35 and interest, together with \$500 attorney's fees, on the mortgage dated July 10, 1915, and to recover judgment on the mortgage dated January 23, 1920, for the sum of \$2,012.15, together with interest and \$500.00 attorney's fees; and all costs of this action, and for such other and further relief as may seem meet and just by the Court, premises considered.

Witness my hand and the seal of said District Court this 6th day of August, 1922.

C. C. SIGGINS, Clerk. By F. O. Lynch, Deputy.

James H. Wise, Attorney for Plaintiff, residing at Twin Falls, Idaho.

NOTICE FOR PUBLICATION
Notice of Proof Application of Water to Beneficial Use.

Notice is hereby given that at 9 a. m., on the 28th day of September, 1922, at Rogerson, County of Twin Falls, State of Idaho, before H. L. Snyder, Notary Public, proof will be submitted for application to beneficial use of two (2.0) cubic feet per second of the waters of unnamed stream in accordance with the terms and conditions of Permit No. 1549 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or persons holding said permit are: Jesse E. Smith, Rogerson, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is 2.0 cubic feet per second.

The place where said water is used (if for irrigation) give full and accurate description of the lands irrigated: S. 24 W. 1/4 S. 15 E. B. M., Sec. 1, Twp. 14 S., R. 15 E. B. M.

The date of the priority which said user is prepared to establish is March 21, 1922.

W. G. SWENDESEN, Commissioner of Reclamation.

ALIAS SUMMONS No. 5015
In the District Court of the Eleventh Judicial District of the State of Idaho, in and for Twin Falls County.

Lemuel A. Chapin, Plaintiff, vs. Letty T. Rasmussen and Lou Rasmussen, husband and wife, and Decker Jewelry Co., a corporation, Defendants.

The State of Idaho again sends greetings to Letty T. Rasmussen and Lou Rasmussen, husband and wife, and Decker Jewelry Co., a corporation, the above named defendants.

You are hereby notified that a complaint has been filed against you in the District Court of the Eleventh Judicial District of the State of Idaho, in and for Twin Falls County, by the above named plaintiff, and you are hereby directed to appear and answer said complaint within twenty days of the service of this summons, or in default thereof, judgment will be rendered in favor of the plaintiff, and you are further notified that, unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint.

This action is brought for the purpose of foreclosing that certain mortgage recorded in the office of the County Recorder of said Twin Falls County, in Book 69 of Mortgages, at page 137, thereof, covering real estate situated in the County of Idaho, and known to-wit: Lot Thirteen (13) of Block Twenty-four (24) of the Townsite of Twin Falls.

Witness my hand and the seal of said District Court this 23rd day of August, 1922.

(Seal) C. C. SIGGINS, Clerk. By John F. Hansen, Deputy.

E. L. Ashton, Attorney for Plaintiff, residing at Twin Falls, Idaho.

"Take Him Down a Peg."
To take a person down a peg or two is to cause him to suffer indignity. The expression comes from the custom of lowering a ship's flag, which is regulated by a line attached to pegs. The higher the ship's colors are raised in saluting, the greater the honor.

Busy Business Man (after standing for a quarter of an hour at the telephone, cautiously behind his hand to his clerk): "Here you, William, take the receiver for a while. My wife's got a lot to say to me. You don't have to answer anything. Only when she says 'Are you still there, Henry?' you say very nicely, 'Certainly, my dear Jane.'"

Viciousous.
Busy Business Man (after standing for a quarter of an hour at the telephone, cautiously behind his hand to his clerk): "Here you, William, take the receiver for a while. My wife's got a lot to say to me. You don't have to answer anything. Only when she says 'Are you still there, Henry?' you say very nicely, 'Certainly, my dear Jane.'"

Marvelous Patchouli Plant.
From the Little Review we pick this gem concerning the patchouli plant: "If only Darwin had lived to see the patchouli plant! You have heard of flowers specially adapting themselves to be fertilized by bees or butterflies, or spiders and such-like? Well, this plant which grows in the forests of Java and is only fertilized by the English weevil! On either side of a small crevice may be discerned the fleshy lobes of the calyx. The English traveler seeing this plant is immediately struck by its resemblance to those penny-in-the-slot machines in the railway stations at home. Through sheer force of habit he takes a penny from his pocket and inserts it in one of the crevices or slots. Immediate result—a jet of highly scented liquid pollen is discharged from the spout upon the plant lying below, and the plant gets a lot to say to me. You don't have to answer anything. Only when she says 'Are you still there, Henry?' you say very nicely, 'Certainly, my dear Jane.'"

Advertising is the Sunlight of Business

To all that is healthy and vital in business, it means increased strength and growth, but advertising is a fierce heat which withers and consumes that which is unsound.

A business which is not a good business should not be advertised. A business which would not benefit from widespread appreciation of its ideals had better acquire a new set of ideals.

PUBLIC MANDATE ALONE CAN OPEN UP COAL MINES

General Policy Committee of the Pennsylvania Anthracite Properties Takes Strong Stand on Strike

PHILADELPHIA, Aug. 31. (AP)—Only a "public mandate" would impel the anthracite operators to pay the new old wage scale beyond next April, said a statement issued tonight by the general policy committee of the mine owners after an all-day conference here. They will conform their action to such a mandate, said the statement, but no other reason would impel them to "continue for longer than the present emergency, coal prices to which emphasis, although has already been made."

The operators met to consider the suggestions made to miners and operators by United States Senators Pepper and Reed of Pennsylvania, in Washington for longer than the present emergency, coal prices to which emphasis, although has already been made."

Would Moderate Demands
The miners also met here today and it was reported from trustworthy sources that they would favorably consider modifications in their last demand if the operators also made concessions. When the miners adjourned their conference, it was said they would wait the action of the operators.

The operators announced that they would hold another meeting on Saturday and that in the meantime they would canvass the situation to obtain, if possible, the views of others as to conditions which would be fair to all parties concerned.

No official statement came from the miners as a result of the operators' announcement, but leaders informally said that they were inclined to accept the statement a ray of hope for an early ending of the hard coal mining suspension which now has run five months.

Marvelous Patchouli Plant.
