HEARING UPON INJUNCTION IS NOW CONCLUDED

Temporary Order is Extended Until Saturday at Which Time Decision of Court in Case Will Be Announced

CHICAGO, Sept. 21. (AP)—Fate of the government's suit for a nationwide injunction against the striking railroad shop workers will be announced Saturday morning at 11 o'clock by Judge James H. Wilkerson.

In the meantime, the temporary restraining order which has been in effect since September 1 is continued in force, by order of the court. The order would have expired tonight at midnight.

Attorney General Harry M. Daugherty read the draft of the proposed injunction to the court and after a brief statement in defense of the government's right to enjoin the strikers, brought the case to a close at 3 p. m. The hearing started ten days ago today.

The injunction bill differs but little from the restraining order. Its terms, in some cases, have been made more binding, and its phrasing clarified in doubtful passages. With one exception, it is every bit as drastic as the order now in force.

Main Modification

The one outstanding modification is a paragraph specifically asserting that "nothing contained herein shall be construed to prohibit the use of the bank or moneys of any said labor organizations for any lawful purpose, and nothing contained in this order shall be construed to prohibit the expression of any opinion or argument not intended to aid or encourage the doing of any of the acts heretofore enjoined or not calculated to maintain or prolong a conspiracy to restrain interstate commerce, or the transportation of the mails."

The paragraph forbidding picketing in the vicinity of or near the places of ingress or egress of places where railroad employes are engaged to work has been extended to include a ban against picket posts "along the ways traveled by said employes" and from their work.

Will Extend Ban

The ban against threats of violence against the lives of women will be extended if the bill is granted to include not only threats but "intimidation, opprobrious epithets, persuasion or other acts of like character."

To the original restraining order the government has also added in the new bill, an additional provision that the application for injunction should be continued against all defendants who have not been legally served with notice of the present hearing, the application to be heard at such time as the court shall select.

In explanation of the injunction bill, Attorney General Daugherty told the court that this order does not question the right of a man or any number of men to strike, but it restrains them from unlawfully striking back. The enforcement of this decree will not deprive any man of his lawful right. On the other hand, it will afford protection to every man and all men equally, who come within its operation, in exercise of every lawful right.

DANCER IS ORDERED OUT

Supposed Young Girl Dropped From Cast for Immoral Department Turns Out to Be Youth

PORTLAND, Ore., Sept. 21. (AP)—When "A Sinner Beloved," a pageant presented under the auspices of the drama commission of the Protestant Episcopal church, was rehearsed in the auditorium Wednesday night to a packed house, the leading dancer in a band of votaries of the god Baal-Astareth was not in the cast. Protest had been made by clergymen attending the general convention of the church here that the dancer, who led a band of barelegged girls in a dance which was one of the features of the first production of the pageant, was immoral and the dancer was ordered out of the performance by Dr. W. E. Gardner, head of the educational department of the church under which the drama commission operates.

It was announced later that "she" was a boy.

The Key that Unlocks the Door to Long Living.

The men of eighty-five and ninety years of age are not rotund, well-fed, but thin, spare men, who live on a restricted diet. Be as careful as he will, however, a man past middle age will occasionally eat too much of some article of food not suited to his constitution, causing indigestion or constipation and will need a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy to move his bowels and invigorate his stomach. When this is done, there is no reason why the average man should not live to a ripe old age.—Adv.

Onion Cures Bee Stings. For the stings of bees, wasps and other insects, crush an onion and apply the juice. Relief will be almost instantaneous if the onion is promptly applied.

Valentino's Wife Eludes Parents

When Richard Hudnut, multi-millionaire perfume manufacturer, and his wife booked passage for Europe, they also booked passage for their daughter, Mrs. Rudolph Valentino whose marriage to the screen star was called illegal because it took place before Valentino's divorce decree in California became final. Since then Mrs. Valentino has been living with her parents, intending to remain with them until March, when the decree becomes final and she can re-wed Valentino. When the liner sailed Valentino was on hand to say goodbye to his wife, but before the vessel left her plover Mrs. Valentino fled from her parents and rushed ashore. The ship sailed without her. Valentino also is in New York.

BRITISH LIKELY TO TAKE ACTION

Practice of Searching Foreign Ships Beyond 3 Mile Limit May Be Questioned

WASHINGTON, Sept. 21. (AP)—Unless the defendants take an appeal from the decision of the federal courts in Boston yesterday and permit a higher tribunal to pass upon the claim of the American prohibition navy to jurisdiction over the seas beyond the three-mile limit, the British government is expected here to take up the subject diplomatically with the state department.

Up to the present the British embassy has confined its requests for injunctions to facts connected with several seizures and searches of vessels under the British flag by prohibition agents and has made no appearance in the resulting legal proceedings. A representative of the British operations of the rum runners on the part of the British officials is said to have caused the assumption of this attitude, but now that cases have begun to emerge from the court dockets, throwing the weight of judicial decisions behind the claim of extended high seas jurisdiction, it is understood that there is to be a change in this course of the London government.

It is the British contention that the cases raised by the court dockets yesterday in Boston in the case of the British schooner Grace and Ruby, which was held for rum seizures beyond the three-mile limit, are far more grave and important than any mere question of the punishment of a few smugglers, or the enforcement of domestic custom laws.

WILL REDUCE PRODUCTION

Salt Creek Oil Operators Name Committee to Arrange for Curtailment Drilling Program

CASPER, Wyo., Sept. 21. (AP)—Salt Creek oil field operators have decided at a meeting to leave in the hands of a representative committee a rebellion of working out an equitable plan for the elimination of unnecessary drilling in Salt Creek field. Nearly 90 per cent of the acreage in the field was represented at the meeting. It is estimated there will be a well for ever 314 acres under the proposed plan. The curtailment of production in the future because of low prices.

STICKS TO "OTHER WOMAN"

Wife of Chicago Realtor Obtains Divorce Through Sympathy with Plight of Husband's Niece

CHICAGO, Sept. 21. (AP)—Mrs. Mary Reinert, 31 years old, abandoned her love for her husband of more than 38 years to sympathy for "the other woman" and an unborn child, when she obtained a divorce and \$200,000 cash alimony from Matthias Reinert, 65 year old, Chicago realtor. During the hearing yesterday it was disclosed that Miss Marie Bourgois, the "other woman," expected in a few weeks to be a daughter of Mr. and Mrs. Reinert. Mrs. Reinert expressed her willingness to care for Miss Bourgois and the child, expected in a few weeks. According to the testimony at the hearing, Reinert went to Europe in September, 1921, and returned last April. Mrs. Reinert's niece is a widow from Alsace-Lorraine and asserted that she was soon to be the mother of a child of which her uncle was the father. The Reinerts separated, Mrs. Reinert going to the home of one daughter while Miss Bourgois was cared for at the home of a second daughter.

Mountain Climbing as a Sport

Climbing satisfies many needs; the love of the beautiful in nature; the desire to exert oneself physically, which with strong men is passionate craving that must find satisfaction somehow or other; the joy of conquest without any war to be conquered; the prospect of constant increase in one's skill. The mountaineer does not reap any golden harvest by his exertions—even if he writes a book on his subject. He does not exhibit his vanity to applauding thousands; and his vanity is rarely tickled by the praise of many. He must be content with the sport itself and what it offers him directly.—Owen, Glynne Jones.

Accidental French

An American lady in Paris wanted some water, but could not make the man understand she wanted it hot. After several vain attempts, she explained in disgust: "Hot!" The man brightened up suddenly, went off and returned with a pitcher of hot water. It was not some time afterward that she learned from a friend that she had accidentally mistaken "Hot" for "chaud," which is French for "hot."—Boston Transcript.

A Pronounced Success

The uniform success that has attended the use of Chamberlain's Colic and Diarrhoea Remedy in the relief and cure of bowel complaints, both for children and adults, has brought it into almost universal use, so that it is practically without a rival, and no one who has used it knows, it is without an equal.—Adv.

RUM SHIP CALLS FOR QUICK WORK

Prohibition Officials Spend a Busy Day Checking Operations of Booze Craft

NEW YORK, Sept. 21. (AP)—The United States coast guard cutter Seneca was sent to sea today to determine the exact location of the Onward, a vessel flying the British flag, which has defied prohibition officers aboard the Habana, flagship of the rye navy.

The Seneca, it was said, had orders to seize the Onward, if she was within the 12-mile limit. The vessel, prohibition officials said, is believed to be carrying a cargo of liquor and awaiting an opportunity to transfer it to a smaller boat for smuggling into the United States.

The revenue cutter Newberry, sent out early today in quest of the Onward, came across the sea going tug Jeanie L. M. Kohoe, arrested its crew of 16 and seized whiskey valued at \$200,000. The cargo of the tug included 2112 cases of Scotch and rye. The captain of the Onward, which was formerly Henry Ford's private yacht, was said to have threatened to shoot the first prohibition officer who tried to board her when the Habana attempted to seize the vessel.

BACKERS WILL GO SLOW

Chairman of Reclamation Association Discusses Columbia Basin Project

SPOKANE, Sept. 21. (AP)—E. F. Blaine of Seattle, chairman of the legislative educational committee of the Western States Reclamation association, speaking before the board of trustees of the Senate Chamber of Commerce, cautioned friends of the Columbia basin irrigation project against making an immediate appeal to congress for funds with which to commence actual construction work on the reclamation scheme.

"In my judgment it would be a mistake," said Mr. Blaine, "to give congress the impression that an appeal is about to be made for a large appropriation to be used in building the project. It would frighten congress. However, I think it your duty to go to Washington and appeal for a special appropriation with which to make an investigation of the feasibility of the Columbia basin project."

"Burke's Peerage"

"Burke's Peerage" is the name usually applied to a publication entitled "Genealogical and Heraldic Dictionary of the Peerage and Baronetage of the United Kingdom." It was first compiled in 1826 by John Burke, an Irish man of letters. It contained the names of all the British peers and baronets in alphabetical order. The publication is still issued annually and is regarded as an authority on the genealogy of leading British families.

KIPLING NOW DENIES U. S. INTERVIEW

Clare Sheridan's Rudyard Kipling

RUDYARD KIPLING, world famous English author, emphatically denies the interview with him in which Clare Sheridan, famous English woman sculptor, quoted Kipling as saying America entered the war too late, quit too early and lost her soul, though she gained the gold of the world.

Must Be Two-in-One. The man who complains of having been cheated seldom admits his own bad judgment. Yet, he would hardly have lost had he not himself erred. It always has taken two to make a bargain, and always will take two.—Orig.

GIANTS LOSE ONE MORE.
 Pirates Take Second Straight Game; Out Lead to Three and One-Half Games

NEW YORK, Sept. 21 (AP)—Pittsburgh today reduced New York's lead in the National League race to three and one-half games, defeating the world's champion Giants.

Hamilton held New York as safe today as did Cooper, the other Pittsburgh left-hander, yesterday. In six of the nine innings Hamilton retired the side in order.

Pittsburgh hit Nohr, its former jinx hard, while New York's fielding also was listless. Bigbee hit his second home run in successive days into the right field stands.

Marnaville, the Pittsburgh shortstop, punched Hawlings in the head in the third inning after a forced play at second and was put off the grounds by Umpire Quigley. Coach Dolan of New York was put off the coaching lines later in the game.

Score: R. H. E.
 Pittsburgh 1 10 6
 New York 1 6 2
 Batteries—Hamilton and Schmidt; Nohr, Yonnanard, V. Barnes and Snyder.

DOGGBERS BEAT CARDS.
 BROOKLYN, Sept. 21 (AP)—Shriver held St. Louis to four hits today and Brooklyn won. The locals made all their runs off Lester Sell, a recruit, who was hammered for three doubles, a triple and three singles in four in-

pitching by Fred Helmach, coupled with timely hitting, especially by Bing Miller, enabled Philadelphia to beat Chicago today.
 R. H. E.
 Philadelphia 1 6 1
 Chicago 1 6 1

Batteries: Helmach and Perkins; Robertson, Duff, H. Blankenship and Schalk.

RUTH HELPS YANKS WIN
 Knocks Out Thirty-Fifth Homer and New Yorkers Win From Tigers

DETROIT, Mich., Sept. 21, (AP)—The New York Yankees' made a clean sweep of the series with Detroit, taking the final game today, although mopped at every turn by the Tigers who are battling to retain third place in the American league. The work of Ruth and Mousoul with the bat was responsible for New York's victory, each hitting a homer. Ruth's came with one runner on the socks and was made off Oldham, who had replaced Olson in an effort to fan the Yankee outfielder. Mousoul counted two runners ahead of him. Daus who started for Detroit, had things well in hand until he sprained an ankle in sliding into third base in the fourth inning. The Tigers had a comfortable lead up to that time. Daus fanned the first three batsmen to face him.

R. H. E.
 New York 9 11 2
 Detroit 0 14 1
 Batteries: Mays, Hoyt, Jones and Schaub; Daus, Olson, Oldham, Ehmske, Cole and Bassler.

BROWNS FINALLY WIN
 ST. LOUIS, Mo., Sept. 21, (AP)—St. Louis, which mathematically stands in a tight, but very improbable chance of winning the pennant, today won its

Everything for QUALITY
 —nothing for show

THAT'S OUR IDEA in making **T CAMELS—the Quality Cigarette.**

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarette aftertaste.

Camels are made for men who think for themselves.

CASSIA COUNTY FAIR CROWNED WITH SUCCESS

Community Exhibits Provided by Declo and Claremont Strengthen Displays that are Pronounced Unexcelled

BURLEY, Idaho, Sept. 21.—(Special to The News).—What is regarded as the most successful fair in the history of the institution here was closed this evening when the last of hundreds of visitors that have crowded the exhibition halls, swarmed about the race track and clustered at concessionaires' booths during the past three days, departed from the grounds and the gates swung shut on the 1922 Cassia county fair.

Exhibits entered in all departments exceeded in both extent and quality the exhibits of previous seasons, attesting to the productivity of the soil, development of interest in better grades of livestock and increased public interest in the county fair here.

Community exhibits comprising all sorts of farm produce and livestock, provided by Declo and Claremont, strengthened the showing in the farm products department, and competitive displays entered by a feminine farmer are made to attract the attention in the same neighborhood were objects of considerable interest.

The special program was exceptionally strong, and the introduction of automobile races proved a drawing card with the fairgoers.

ENGLAND TO STAND FIRM

British Viewpoint as to Turkish Situation Remains Unalterable, Allies to be Advised

LONDON, Sept. 21.—The conference between Premier Poincaré and Lord Curzon will be resumed at Paris tomorrow morning and while those attending the British prime minister left for his country residence and the other members of the cabinet are in London, it is believed, however, that instructions have been sent to the British foreign secretary to inform M. Poincaré in the most emphatic manner that Great Britain is determined to prevent the Dardanelles straits from Turkish control.

At the same time, special efforts will be continued to win Rumania and Jugoslavia to the British point of view, especially since those powers apparently are hesitating whether to favor the British or the Turkish side.

In some quarters, it was even declared today that Lord Curzon's instructions amounted practically to defining France to support the Turks, with the intimation that inasmuch as France and Italy already had signed left-handed agreements with the Kemalists it was not good taste for them to insist that Great Britain lie in line with their policy.

Troops Have Orders

Regarding Chank, a key position on the straits, it is not doubted that the British naval guns are better sweep all the roads for miles leading to Chank and that the ships have orders to begin firing at the first indication of the approach of Turkish troops.

The British have taken the most liberal precaution of requisitioning all vessels, including small boats, along the coast from Smyrna to the Sea of Marmara, thus making it physically impossible for the Turks to obtain any craft with which to attempt to cross the straits.

On the whole the members of the British cabinet appear to be satisfied with the present situation and that by prompt action Great Britain has won the first move in recovering her prestige which is strengthened by the Komalst successes.

Not Allowed to Kiss Bible

Kissing the Bible is forbidden in any Virginia court by a new law. It is declared that the practice is not only unnecessary, but unwarranted in the extreme. The law provides that no officer shall require any one subscribing to an oath to kiss the Bible or any book thereof, but they are required to place their hands on the Bible. The punishment for any violation of this act is to be a fine of \$100.

"Whence Victoria"

Emil Bertine invented the graphophone, which was manufactured by Victor Franklin of Camden, N. J. At a reorganization meeting of the company extending to the law led to the office of Victor Franklin, the matter of finding a better name for the graphophone was discussed. The name of Victor Franklin on the door suggested the term "Victoria," which was adopted.

CLEVELAND MAN CALLED WINNER

Fifteen Rounds of Indifferent Boxing Result in Defeat of Joe Lynch of New York

NEW YORK, Sept. 21.—(Special to The News).—The fight between the Cleveland man and Joe Lynch of New York at the end of 15 rounds of slow boxing tonight. The New Yorker's title as bantamweight champion was not involved.

The match was billed at 125 pounds for what promoter Richard Celler, "the junior featherweight crown." Lynch weighed 118 pounds and Wolfe 122.

Lynch was so cautious in the first two rounds that the crowd booed. He came clashing out of his corner in the third but quieted down until Wolfe hit him, when the champion had his back turned. Lynch retaliated with a fast jab that did little damage. Wolfe's right cross was ineffectual.

Wolfe had the better of the fourth, punning the champion at the ropes, and the latter was so indifferent in the fifth that the referee cautioned him to fight. Wolfe battered Lynch about in the sixth with both hands and the champion was again warned.

Lynch uncoiled an attack as the seventh opened but it ended quickly. The champion missed often and clinched every time. In the eighth round Wolfe looked poor. Lynch danced around the floor for a full minute in the eighth without attempting to hit his opponent. The ninth was also slow and the crowd hissed and shouted "fight."

There was much clumsy action in the tenth. Wolfe leading and Lynch's toppling the crowd. In the eleventh, Referee Hinely told the crowd he thought the men were "trying." The crowd replied after the next double session with a chorus of boos. The exchanges were few and light in the twelfth.

Neither did damaging work in the thirteenth or fourteenth. Wolfe had the best of what punching there was. The fifteenth began lamely and ended with spirited sparring.

MANAGER SUSPENDED

COLUMBUS, Sept. 21.—(Special to The News).—The Columbus suspension suspended Jimmy Dunn of Cleveland, manager of Bryan Downey, and other boxers, for a period of sixty days, following an investigation which resulted in the finding that the incident had been placed on Downey's record night during his 12 round bout with Jack Malone, St. Paul, middleweight. Malone, alleged at the time of the bout that some of the liniment got into his eyes in the 12th round, partially blinding him.

MATCH DATE FIXED

NEW YORK, Sept. 21.—(Special to The News).—The middleweight boxing match between Jimmy Dunn of Cleveland and Mike O'Dowd of St. Paul, postponed Tuesday night because of uncertainty as to O'Dowd's appearance, will be held on October 4 at Ebbets field. Rosenberg is recognized as world's middleweight title holder by the New York state athletic commission while O'Dowd formerly held the championship.

HANSEN IS READY FOR TRIP

Everything Settled for Games Scheduled at Capital City Starting Saturday

The Hansen ball team, 14 strong, will leave Hansen at 12 o'clock Friday for Boise to tangle with the champs of that section for a three-game series, involving the state title.

One game will be played Saturday, while a double-header has been arranged for Sunday afternoon. This method of procedure will give the Hansen boys a chance to leave Boise Sunday evening after the game, enabling them to be home Monday.

Jimmy Thompson, manager of the Hansenettes, will take the mound in the opener Saturday, and will no doubt throw the second game Sunday. Jimmie is a find when it comes to doing a lot of work, and wants to reduce, any way, a chance at the Mountains.

Lefty Oliver has been working hard all week trying to get into condition, and will no doubt be called upon to do the heavy work in the contest Saturday. Should Frank Fuller's arm be in shape he may be used in the first game Sunday. Then there is "Gimmie" Walters who is fighting for a chance at the Mountains.

Hansen Well Fortified

Thus it is seen that Hansen is well fortified for the trip. They will go Boise a real run for their money. Patton will be relied upon to do the backstopping for the series, with Clyde Hughes ready to make a minute's notice to don the mask. Barnard will be at the initial sack with Captain Lowry stationed at the keyhole bag. "Homo Tom" Ernie Fuller will man the hot ones that stray around third. Hughes will be asked to get all fly balls knocked to left while Zienke will be stationed in center. Goodnight or Weaver will be in right field. All in all, it looks as though Boise will be treated to a real three-game series.

PUNTS AND PASSES

By FULLBACK.

Getting back to the Fly squad, it is found that Coach Deuman has two lists that were at the Twin Falls school last year. Ralph Conant is a busy list that is out trying for a place on the line.

Then there is "Jake" Shaeffer. Jake is an all-around athlete, having done some hard work for the "Fly" team during the summer months. He is a back field man and will do part of the punting. He averages from 40 to 50 yards on his punts.

"Chuck" Lapp played as a sub on the back field last year and is out again this year. Chuck is also a kicker, and kicks with practically the same speed as does Shaeffer.

Thus it is seen that Filer has four men that can be relied upon to do the kicking in Aman, Timm, Shaeffer and Lapp. This net gives Filer quite an advantage, keeping their opponents in the dark as to what is going to happen, as all four men will be in the back field.

Walter Reay, remembered for his great race in the mile event last year at Burley, and his playing at end part of the time last season, is trying to win his place again this year, and is a likely looking candidate.

Keep your eye on Filer's back field, with Aman and Timm doing the heavy work.

Coach Evans of the local school is still undecided as to who his men will be for the opening game. With over 80 leads still working for place and a great many of them classy enough for any team, it is going to be hard work figuring out who is really the best man for the different positions.

With Oakley-Twin Falls game but one week away, Evans will have to get busy pretty soon and get some sort of a team lined up. Word comes from Oakley that they have a team that will average 170 pounds, all of which means that their line will be like a brick wall.

In football, the less that is known of an opponent, the better the coaches like it, as far as the public is concerned, so consequently it is rather hard to get a line on any of the teams.

When Oakley and Twin Falls clash Friday for the first of the South Side

HEAVY RANSOM DEMANDED

American Oil Man Held Captive by Mexican Bandits—Payment of \$50,000 Asked for Release

OKLAHOMA CITY, Okla., Sept. 21.—(Special to The News).—John C. Chaney, an American oil man, is being held captive by Mexican bandits who are demanding \$50,000 for his release, according to a special dispatch from Tampico, Mexico, received tonight by The Daily Oklahoman here. Chaney, general field superintendent of the International Petroleum company (Mexican Standard), was captured at Agua Nielda September 10, while on a trip of inspection covering drilling operations, the dispatch says.

L. E. Gardner, assistant to the resident manager of the oil company, and H. J. Nichols, chief chemist, have returned to Tampico from the Tampico country where they were in an endeavor to get in touch with Chaney's captors according to the dispatch. It was impossible to establish communication, they reported, because heavy rains had made roads and trails impassable.

"It is anticipated no harm will befall Chaney," says the dispatch, "though it thus far has been the policy of the company to refuse payment of ransom for other employees who had been captured previously, but all of whom have been released unharmed."

Guaranteed to be Cured Without Operation

"CAN I be cured and will I remain cured?" is the constant thought of sufferers from Piles.

You can be cured and will remain cured under my non-surgical treatment. No knife, no operation, no anesthetic, no pain, no confinement—and a positive money-back guarantee.

Inlaid, per square yard \$1.50

HOOSIER FURNITURE CO.

HEALTH and WEALTH!

If you suffer from "RHEUMATISM," CONSTIPATION, INDIGESTION, ECZEMA, BRONCHITIS, BOILS, or your nerves are affected in any way, or you desire to have a fine, clear, healthy complexion, we want you to try a package of our **HAARVELOUS BEM-EDY, YEASTOLAX**. Among its various elements Yeastolax contains the highest and most potent VITAMINES, which the scientific world has found to be absolutely necessary to bodily vigor. People all over the world have found a great relief through its use, and now feel the joy of perfect health and vitality. Yeastolax also has the properties of being non-grippingly and mildly laxative, yet its action is sure.

In order to quickly introduce Yeastolax into every community, we will give for a limited time to any person who will mail us \$1.00 to cover the cost of a liberal sized package,

ABSOLUTELY FREE 50,000.00 RUBLES

The Russian Ruble recently was worth 65c per ruble, giving the above a value of \$27,500.00.

Save this money; many a great fortune has been built up by buying foreign money after wars. It is rumored that \$50,000,000,000 worth of radium has been discovered in Russia and the people are calling attention to vast American projects of oil and other industries that are being directed towards Russia. The Chicago Tribune on Sept. 15th calls attention to the new canal which has just been opened for shipping between Russia, Germany, Persia and Central Asia, affording a new source of raw materials for the Russo-German combine, especially oil, manganese and copper and opening up the rich Persian and Central Asian trade to Germany and Russia. Think what this means. Surely you cannot afford to pass up the opportunity to acquire these Rubles.

TWIN FALLS WEEKLY NEWS
Established 1904
Twin Falls News Publishing Company,
Lub. Publishers

CONGRATULATIONS

Taxpayers of Twin Falls County have reason to congratulate themselves—and incidentally the members of the Board of County Commissioners—on the financial showing of the past few years. According to the actual figures, the county tax levy this year is ninety-five cents on each one hundred dollars of assessed valuation as compared with one dollar and fifteen cents last year. This reduction has been made in face of the fact that the assessed valuation of property in the county has declined approximately three and one-half million dollars. It has been made, also, without impairing the cash basis on which the county was established some four years ago.

These figures constitute a magnificent example of the benefits of economical administration of public office and the result set forth in the figures earns warm commendation. Glancing through the entire list of levies, it is apparent that the general trend of administration has been in the direction of curtailment of expenses. In some few cases increases are noted but in each a special reason exists, and on the whole the average is materially lowered.

The taxpayer this year begins to come into his own and the train of thought engendered thereby is one that strengthens and revivifies flagging spirits and tends to dissipate depression that too long has gripped minds of men here and elsewhere.

THE SOLDIERS' BONUS

Whatever may be the individual judgment as to the Soldiers' Bonus question, it is rather refreshing in this day and age, to find a President who has the courage of his convictions. President Harding's position was made very plain; in favor, broadly, of definite compensation for American's soldiers, he declined to sign a bill providing for this which did not also make provision for the raising of the funds with which to pay.

Eventually, of course, some sort of compensation will be worked out, and in the interests of all concerned it is well that action be not too precipitate. Whether or not the payment of a round sum in dollars to each man (which will be taken away from a large percentage of them within the first two weeks on one pretext or another) is the best solution remains to be seen.

In the meantime it should be kept in mind that the government is spending between a million and a million and a half dollars, not every week but every day, for the care of the wounded, the sick and the disabled and no cases of acute want or actual poverty are permitted to exist among the returned soldiers anywhere.

There is no thought in the mind of America of attempting to minimize the value of the services rendered by the Service Men of America, but there is and should be very real concern over the adoption of a method which will best express the nation's views and at the same time, permanently and not merely temporarily, aid the Service Man.

Epidemics and Contagion. Epidemics of disease occur, when atmospheric conditions are favorable to their development. Health and disease depend much more on the condition of the atmosphere than is generally supposed. An old English saying runs: "When the wind is in the east, 'tis neither good for man nor beast." We all know how brisk and cheerful we feel when the atmosphere is one way, and how depressed and downcast we are when it is another way. When certain atmospheric conditions prevail, the disease germs contained much impurity are liable to outbreak of a disease, which takes various forms, according to the prevailing conditions, while those whose blood is pure are exempt. An expert may sometimes prophesy when an epidemic of measles is due, by watching prevailing atmospheric conditions.

Human Temperature. According to the hour of the day, man's temperature varies. It is lowest at about 3:27 degrees Fahrenheit, when it averages 97 degrees Fahrenheit; from then it gradually rises until it reaches a maximum of between 98 and 99 degrees Fahrenheit at 3:30 o'clock in the afternoon, after which it falls. This is the temperature of the armpit, which is always slightly lower than that inside the body.

Metal Well Named. It is said that Ekberg, the Swedish discoverer of tantalum, gave that name to the metal because of the tantalizing difficulties he encountered while investigating it.

THE MARKETS

CHICAGO GRAIN MARKET.

CHICAGO, Sept. 21 (AP)—Conflicting report as to the war outlook kept wheat traders on edge today and prices advanced. The market closed unsettled, 1/2 cent decline to 1-1/2 cent advance, with December \$1.06 5/8 to 1.07 1/2, and May \$1.10 3/8 to 1.10 1/2. Corn finished 3/8c up, with September 32 1/2 to 33 to 33 1/2 and provisions unchanged to 20 cents higher.

At first the wheat market tended downward, Liverpool and Winnipeg quotations having declined, and there being no actual fighting reported from Constantinople. Demands in the last few days for a tremendous amount of Canadian wheat had been purchased for shipment to Europe had a further bullish influence. With no sign of any important new export business being done, profit taking on the part of yesterday's buyers set in but on every day in prices, the market showed constant power to absorb all the wheat that was offered.

Unrest about likelihoods of a clash between Turkish and British forces at the Dardanelles seemed to be the cause of the change in prices during the last part of the day. Nearby deliveries were most affected and September wheat went to a premium over December as a result of covering by shorts, which failed to protect the market as a whole. Notice that the Capper-Tincher bill had become a law was without taking on the immediate result either way in the market.

Corn and oats were depressed through realizing sales on the part of holders, but were not determined to prevent profits slipping away.

Provisions averaged higher in sympathy with the hog market. Packers bought hard.

POTATO MARKET.

CHICAGO, Sept. 21 (AP)—Potatoes work on white stock; steady on Early Ohio; receipts 56 cars; total United States shipments, 284; Wisconsin sacked round whites \$1.20 to 1.30; Minnesota sacked round whites \$1.00 to 1.20; Minnesota sacked sand land Ohio \$1.00 to 1.20; Ohio \$1.20 to 1.25; Idaho sacked Burdick \$1.70 to 1.75.

PORTLAND LIVESTOCK.

PORTLAND, Ore., Sept. 21 (AP)—Cattle steady; receipts 1,000 choice steers \$7.00 to 8.00; 1,000 choice heifers \$6.00 to 7.00; Hogs—Steady; receipts 200; prices unchanged. Sheep—Steady to strong; receipts 618; prices unchanged.

OMAHA LIVESTOCK.

OMAHA, Sept. 21.—(United States Department of Agriculture) (AP)—Hogs—Receipts 7000; active 15 to 25c higher; bulk packing grades \$7.75 to \$1.15; Minnesota sacked round whites \$1.00 to 9.25; to \$9.50. Cattle—Receipts 4000; better grades corn fed heifers steady; others slow and heavy; receipts 1,000; choice steers strong; bulls and veals about steady; stockers and feeders steady to strong. Sheep—Receipts 10,000; all classes fully stocked; market \$1.00 to 1.45; choice natives up to \$1.25; yearlings \$1.00 to \$1.25; feeding lambs mostly around \$1.4.

CHICAGO LIVESTOCK.

CHICAGO, Sept. 21.—(United States Department of Agriculture) (AP)—Cattle—Receipts 12,000; beef steers steady to 15c higher; strictly choice and prime kinds very scarce; top matured steers \$12.95 to \$13.50; feeders 25 to 40c higher; \$11.75; bulk native beef steers \$9.25 to 11.10; bulk western grassers \$6.80 to 7.40; eight loads \$7.00; some heavy \$8.00; \$11.00; feeders \$9.00 to 9.40; plain grades and most packing steers unevenly 10 to 25c higher; big packers slow buyers; packing some heavy \$7.50 to 8.25; medium \$7.00 to 9.00; estimated hogs 10,000. Sheep—Receipts 10,000; fat lambs opened at 15c to 25c higher; closing mostly 25c to 30c higher; \$14.50; bulk natives to killers \$14.00 to 14.25; culs generally \$9.00 to 9.50; bulk fat western \$11.00 to \$11.50; feeders \$9.00 to 9.25; higher; choice light Washington feeding lambs \$14.20; some held at \$14.40; five decks Washington full mouthed heifers \$7.00; low fat packers \$7.00 to 8.00; fat packers \$8.00 to 8.50; steady; bulk heavy ewes \$4.00 to 5; light weights up to \$6.50.

NEW YORK STOCK MARKET.

NEW YORK, Sept. 21.—The sharp reaction in today's stock market was mainly due to further readjustment of the market to the new tax law. Indications that speculative interests had discounted all the bullish developments in sight and were not disposed to add to the commitments on the long side, combined with the making up of the call money rate to the highest figure in seven months, induced extreme selling for both accounts. Extreme reactions were seen in the nearly 5 points exceeded those of Monday when the Turkish war scare was used as an excuse for a shake-out of prices.

Early prices were generally higher but bear traders began picking out weak spots and hammering them down during the middle of the session. They led them to extend their activities in other directions, Rock Island being particularly vulnerable in the early afternoon on extremely heavy selling.

Except for Reading, Union Pacific, Norfolk and Western, Atchafalca, Chesapeake and Ohio, New York Central and Great Northern preferred, trading in

rails was comparatively light and most recessions were of a fractional nature. With Pennsylvania selling not far from par, unconfirmed reports were circulated that a \$5,000,000 issue of new stock would be offered to stockholders before the end of the year.

Standard Oil of New Jersey was the only outstanding exception to the general downward movement being pointed for a net gain of 4 1/2 points in response to reports of capital readjustment which later were denied by the company and further increase in prices of керосин. Associated Oil also registered a net gain of 2 1/2 points, but most of the other oil was reactionary, the 4 1/2 drop in Mexican Petroleum being the most notable. In part the announcement of an increase of more than four cents a barrel in the September production tax of the Mexican government.

Gulf States Steel continued its rise, despite official denial of reports of a possible merger with the Iron Works and further increase in prices of pig iron active, but they were unable to hold their early gains and fell back with the rest of the list, although less sharply. It approximated 1,100,000 shares, raising of the call money rate to 4 1/2 per cent from the opening figure of 4 1/2 per cent was attributed chiefly to the demand for a light demand, suggesting to get goods out of bond in order to obtain the benefit of lower tariff duties. Time money rates hardened a bit and a light demand for commercial paper market was featured by the virtual disappearance of the four per cent rate.

Foreign exchange rates eased slightly, demand sterling bills dropping about 1 1/4 of a cent and corresponding recessions taking place in the other allied continental rates.

GOVERNMENT BONDS.

NEW YORK, Sept. 21 (AP)—Liberty bonds closed: 3 1/2s. 101.35 First 4s 100.70 Second 4s 100.65 Third 4 1/4s 100.16 Third 4 1/4 100.24 Fourth 4 3/4s 100.62 Victory 4 3/4s (called) 100.30

OUTLINES MASONIC VIEW

Sovereign Grand Commander of Southern Jurisdiction in Favor of Compulsory Education

CLEVELAND, O., Sept. 21 (AP)—A national department of education with control over the present system is not, the establishment of a national university at Washington and compulsory education for all children of the nation through the eighth grade were advocated by John H. Corwin of Washington, sovereign grand commander of the Southern Jurisdiction, of the United States of America, and president of the Scottish Rite of the 11th degree before members of the 110th supreme council of the Northern Masonic Jurisdiction.

No Substitute Offered.

Say what you will about druggists offering something "just as good" because it pays a better profit, the fact still stands that ninety-nine out of a hundred druggists recommend Chamberlain's Colic and Diarrhoea Remedy, when the best medicine for diarrhoea is asked for, and do so because they know from what their customers say of it, that it can be depended upon—Adv.

Bad Taste in Cistern Water.

Generally the disagreeable odor and taste sometimes noticed in cistern water is due to the growth of a microscopic plant, occasionally called the "green slime," which is a green material that will add to the trouble. You can add chlorine of lime having about 35 per cent available chlorine in the proportion of one to three pounds per 100,000 gallons of water, and it will kill the growth of bacteria and attack the green slime thoroughly to clean out the cistern and wash the walls, but try the chlorinated lime first. A pump that will stir up the water in the cistern, such as the ordinary chain pump, will be beneficial.

Object of the Machine.

"Say," complained a stranger, stepping into a drug store, "this weighing machine in front of your place is out of order." "I've got nothing to do with that machine," said the sleepy looking young man behind the counter. "Well, somebody ought to have." "Yes," said the stranger, "but anyway, it won't work. I dropped a penny into it just now, and the indicator didn't fly round. I shook the machine and jumped up and down on the platform, and still it didn't move. It's a swindle." "It took the penny all right," said the counter boy. "Certainly not, what's what it's for. There's nothing the matter with the machine, sir."

Encouraging.

"That last thing you sent in was good," said an editor. "We all enjoyed it very much." "Well, in that case," said the reporter, "I'll send you back what I said in the letter. I wrote to you yesterday about my determination never to send you any of my work again. I wrote it in a moment of irritation." The editor slowly shook his head. "Don't do that," he murmured. "What letter is that I referred to?"

Little Mary's Suggestion.

Her father took Mary out for a walk one day in the country. They passed a pasture where some bulls were enclosed. The bulls were bellowing, and Mary's father attempted an imitation of it in the most energetic manner which finally said, "after a long time 'Daddy, wouldn't it be a good job if we were to hide behind a tree, and when people came, by you would undo your voice and frighten them."

Protect Allies in Greco-Turkish War

An allied commission composed of Generals Montebello of Italy; Harrington of Great Britain, and Bumpus of France, has gone to Drusa, Asia Minor

in the heart of the Greco-Turkish war zone to see that no unnecessary damage is done to the town, to obtain guarantees for the minorities, and for the peaceful handing over of the town.

MURTAUGH

MURTAUGH—Mrs. R. Kandel of Pocatello is visiting friends and relatives in Murtaugh and Kimberly this week. Mrs. W. B. Blake and daughter, Berrie, of Federal, Ark., who has been visiting some time with the former's sister, Mrs. A. O. Campbell, left Tuesday morning for Pierce, Idaho, to visit relatives. Mrs. Eva Blair and Miss Flora Adamson spent Wednesday in Burley taking in the fall season, but the natives have now been induced to substitute young goats, calves, etc. They still await a great ceremony of the weekly feeding of the octopus, and though many of them attend the missions, they are generally missing from the school which is the church, and the ceremony of appeasing their hereditary "god" is taking place.

The Ideal Purgative.

As a purgative, Chamberlain's Tablets are the exact thing required. Strong enough for the most robust, mild enough for children. They cause an agreeable movement of the bowels without any of that terrible griping. They are easy and pleasant to take and agreeable in effect.—Adv.

Many Inventors Watchmakers.

Watchmaking was the first step in most of the principal inventions that came from the watch industry. It is today, Carl W. Miltner, curator of the United States National museum, declared at a meeting of the Horological Institute of America in Washington. James Watt, who invented the separate condenser of the steam engine, was first in the development of the true steam engine and began the replacement of hand power and appliances by mechanical devices, was first a watchmaker and then an instrument maker. George Stephenson, whose locomotive first revolutionized the world, was first a watchmaker. The development of the true steam engine and began the replacement of hand power and appliances by mechanical devices, was first a watchmaker and then an instrument maker.

Rapid Action.

"The trouble with my boy Josh is that he's always ahead of the times," remarked Farmer Courtwood. "What has he done?" "Went to town to see about a position. He found a strike in progress and joined the strike before he got the job."

A TWIN FALLS REPORT

Fully Corroborated and Easily Investigated. Do you need a good kidney medicine. Then read the reports in these very columns of Twin Falls persons cured or benefited with Doan's Kidney Pills. You won't have to go far to find out if they are true. This Twin Falls case is an example. Ours will follow.

Roy Michaud, carpenter, 258 Monroe Ave., says: "I had attacks of kidney trouble, my back ached and sharp pains darted through it until I could hardly do my work. The kidney secretions passed too often and were highly colored. I used Doan's Kidney Pills and in a short time my strengthened my kidneys and cured me of the trouble."

Announcement

Announcing the opening of my NEW DENTAL OFFICES in the Smith-Blee Building, over Wright's Store.

DR. F. F. McATEE

Romantic History.

Lady Mary Wortley Montagu has said, with equal truth and taste, that the most romantic region of every country is that where the mountains unite themselves with the plains and lowlands. For similar reasons, it may be said, that the most picturesque period in history is that when the ancient rough and wild manners of a barbarous age are just becoming innovated upon, and contrasted by the refinement of increased or revived learning, and the instructions of civilized and reformed religion. The strong contrast produced by the opposition of ancient manners to those which are gradually, shading them, affords the lights and shadows necessary to give effect to fictitious narrative.—Sir Walter Scott.

Improve This Minute.

This minute is all that really matters. For however largely we talk about the future, it would be as easy to take a trip into the moon, as to get over the tip of our shoe into the country of the future. No matter how long we live, we can never get out of this minute. Make that what it should be and life will be a success.—Exchange.

RESOURCES

REPORT OF CONDITION OF THE FIRST NATIONAL BANK, TWIN FALLS, IN THE STATE OF IDAHO, AT THE CLOSE OF BUSINESS ON SEPTEMBER 15, 1922

Table with columns for RESOURCES and LIABILITIES. RESOURCES includes items like Loans and discounts, Overdrafts, U. S. Government securities, and other assets. LIABILITIES includes Capital stock, Surplus fund, and other liabilities. Total resources and liabilities are both \$1,400,641.70.

STATE OF IDAHO, COUNTY OF TWIN FALLS.

I, J. M. Maxwell, Cashier of the above named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief. J. M. MAXWELL, Cashier. Subscribed and sworn to before me this 20th day of September, 1922. E. B. FOX, Notary Public.

SEIZE CHANGE TO GIVE FACTS

Sponsors of American Falls Irrigation District See in the Court Hearing Opportunity

Although deploring delay incident to injunction proceedings instituted Tuesday to restrain Twin Falls county commissioners from calling an election on the creation of the American Falls irrigation district, sponsors for the undertaking see in the scheduled hearing before the court welcome opportunity to "give information fully and fairly on the subject and meet squarely every objection that might have been raised," according to the statement...

The sponsors of this great and important undertaking, Mr. Fletcher said, "have always welcomed any opportunity to give information fully and fairly upon any phase of the subject and to meet squarely every issue that might have been raised. We will make this available at the earliest opportunity in court, and have every confidence that it will be disposed of favorably to the project."

"We only regret, of course, that there should be any unnecessary delay in disposing of the matter by a vote of the people, who should be the final arbiters."

"We can hardly understand why any should be lacking in faith in the judgment of the people to whom we have been ready to submit the issue just as soon as the necessary legal preliminaries could be completed. We are under the process of winding up the case and hoped to have them completed as an appeal as early as the latter part of next month. This injunction interruption will delay us in getting the subject before the people at the earliest opportunity."

"We are particularly unable to understand the reason of this interference in view of the fact that individual and official notice has been given to all parties who do not desire to have their property included in the district, that it would be eliminated on request."

"We feel that the injunction proceeding will only delay final action by the people, to whom we will submit the case, at the earliest possible date, for their rejection or approval."

Every opportunity has been as yet afforded us to present the subject fully to the people, aside from meetings held over the territory early in the year. It is our purpose to return to the court with permission to give the public complete information and to disburse the public mind relative to a variety of misinformation that has been given them."

WILL NOT BE A CANDIDATE

Former Justice John H. Clarke Declares He Has No Intention of Running for Any Office. YOUNGSTOWN, Ohio, Sept. 21 (AP)—Reports that former Justice John H. Clarke of the United States supreme court had resigned from the bench in order to seek the democratic nomination for president in 1924 on a league of nations platform were denied by Clarke in a statement issued here today. Although he "hoped to aid in the search for the man or group of men who would be competent to lead the league cause and proposes to devote much of his leisure to working for the league," he has no intention of becoming a candidate for any office, he declared.

TEEN ADMITTED TO CITIZENSHIP

Three Former Service Men Among Successful Applicants at Hearing in Court Here

Ten out of 12 applicants were admitted to citizenship in the United States following hearings on their petitions at the court here. Three of the applicants were admitted upon presentation of certificates of discharge from the military service of the United States during the world war.

Three Ex-Service Men. They were Edwin Graham Fryer, a teacher at Caspary, native of England, who came to the United States in 1904; Hans Axel Carlson, Eden district farmer, a native of Denmark, who landed in America in 1920, and Louis Georgopoulos, operator of a bottling establishment in Twin Falls, native of Greece, who came to America in 1918.

Others admitted to citizenship by order of the court were: Hans Peter Delf, Buhl district farmer, native of Denmark, who came to America in 1908.

Erick Eriksson Layreene, manager of the telephone exchange at Hollister, native of Sweden, who came to America in 1918.

Frederick Burkhalter, Buhl, native of Switzerland, who came to America in 1912.

That one of his witnesses, Twin Falls sheepman, native of England, who came to America in 1907.

Borgo Wolff Krabbonhoff, Rogerson addition stockman and farmer, native of Denmark, who came to America in 1905.

Pete Kenecny, Buhl district farmer, native of Austria, who came to the United States in 1908, and announced allegiance to the government of Czechoslovakia.

Witnesses Lack Qualification. Petition of O. F. B. Peterson, Twin Falls, was dismissed for the reason that one of his witnesses, Hans N. Hanson, was found not to be a citizen of the United States.

Petition of Walter Freeman, Filer, was continued for further investigation.

Examination of applicants, except in one case, were made by Del L. Sullivan, of Salt Lake, naturalization examiner for the department of labor. Louis Georgopoulos, upon whose application a hearing had previously been held, was examined by the court.

FOREIGN TONGUE HEARD IN COURT

Testimony of Mexicans in Vernacular Strikes Unfamiliar Note in Trial

Testimony of two of the witnesses in the trial of Julio Coron, Mexican charged with assault with a deadly weapon, struck a note of unfamiliar countryman, in the Blue Light pool hall here last July 4, was given Wednesday in district court by natives of their own tongue. The witness used the medium of an interpreter. Sonorous phrases of the foreign tongue struck an unaccustomed note in the court room, but were not at all amusing to the jury.

During the examination of Jose Ramirez, a witness for the state, prosecuting attorney Frank A. Terrill put a question to the witness. It was rapidly translated into Spanish by Frank Pike, the Spanish interpreter, and there came a prolonged colloquy between the interpreter and the witness. "It occurs to me, your honor," Defense Attorney E. V. Larson objected, "that the question may be answered by you or me."

"Maybe that is what they are going to do," Judge Babcock suggested.

Introduction of testimony by the state witness, continued until the evening and will be resumed Thursday morning.

In addition to the testimony of Ramirez, the state introduced Dr. Joseph Corral, county physician, who dressed his wounds, and D. C. Kenaston, a member of the police force on the day of the alleged assault.

Presentment of the case was opened before the jury by prosecuting attorney E. V. Larson, who is in the present term of court here. It is composed of D. E. Shepherd, H. H. Schilling, M. B. Clark, Ray Black, Clarence A. P. Thomas, W. W. Wagoner, W. O. Lindsey, F. A. Kennedy, and E. J. Wosely, R. S. Dudley and Harry Eaton.

Out of the trial jury of 30 citizens for the term, Judge Babcock Wednesday excused six from service, permitting J. D. Samuels, C. Iron Price, H. C. H. Price, and J. L. Andrews, excusing Thomas Van Patten because he is a member of the Buhl fire department and D. H. Peck on presentation of a doctor's certificate. L. Andrews was excused until Friday.

Why the is a "pipkin." How and why the word "pipkin" ever broke into the slang language is not known here, but the word is an Anglicized form of the medieval French word pipkin, which means seed or seedling. When an apple lover of the Dark Ages produced a new variety he called it such-and-such a pipkin. It is said that there is no apple which is not more than 60 years old, though the statement would be hard to prove. A Yorkshire pipkin must be very old, and a pearmain may have descended from the days of the Romans.

FORD PLANT IS ORGAN RUNNING

Detroit Manufacturer Calls Off His Industrial Strike With Coal Supply Assured

DETROIT, Sept. 21, (AP)—Henry Ford's "industrial strike" came to an end tonight.

At midnight his great automotive plants in the Detroit district, employing upwards of 70,000 men, which were closed for an indefinite period last night because of the manufacturer's protest against what he termed "excessive" coal prices, again were the scenes of industrial activity.

The order for the reopening of the plants came late afternoon from Edsel Ford, son of the manufacturer and president of the Ford Motor company, who made arrangements to obtain coal during a long conference in Cincinnati yesterday with fifty mine operators. The reopening order was approved by Henry Ford and official announcement was given to the thousands of Ford workers throughout the country who daily since the shutdown, have scanned the newspaper headlines in their eagerness to learn when their wages would start again.

Coal Now Obtainable. Edsel Ford, in a telegram, copies of which are being sent to every Ford assembling plant in the country, said the interstate commerce commission's latest order permitting the flow of coal into the country, was "adequately" met in the non-union coal fields, thus making it possible to obtain sufficient supply of the class of coal required to operate the Ford factories.

The reopening order late, might shift of workers should report at midnight and that succeeding shifts should resume the usual routine tomorrow. The Ford company, it was announced officially, will start at 12:01 o'clock tomorrow morning on a capacity production schedule in an effort to catch up on accumulated orders.

All Plants Reopen. The reopening order today not only puts back on the payrolls the more than 70,000 Ford workers in Detroit and the 30,000 others in assembling plants throughout the country, but also means reopening of scores of small concerns, chiefly in the Detroit district that were obliged to close last week because the Ford company is their sole or chief customer.

The reopening order will mean employment of 120,000 men.

AMERICAN LEGION COMMANDER DECLARES SERVICE MEN WILL USE EVERY EFFORT TO SECURE BONUS

WASHINGTON, Sept. 21, (AP)—Announcing that the fight of the American Legion for adjusted compensation for the service men during the world war, national commander of that organization tonight declared in a formal statement that "repudiation of those who have defected to any nation is not the good of any country, but it is the duty of every citizen to continue to fight to that objective."

"These men now in congress," he said, "who are fighting for their honest convictions in carrying out the duty of their country, should be assured that the service men and women—and we represent a whole generation—will not forget. We are to prove that the people's will can be carried out and we will continue to fight to that objective."

FAMOUS NATURALIST DIES

Enos Abiluh Mills, Father of National Parks, and Widely Known, Announces Last Moments

DENVER, Sept. 21, (AP)—Within a few feet of the spot where he erected his first cabin thirty-two years ago, Enos Abiluh Mills, father of the Colorado, the body of Enos Abiluh Mills, widely known naturalist, author and lecturer, will be laid to rest Sunday afternoon at 2:30 p. m. in the city cemetery.

His grave will be within the shadow of Long's Peak, 500 yards from the inn which he owned and operated for many years who busily engaged in the collection of birds and mammals. He is known as "Father of the Rocky Mountain national parks."

Mr. Mills died early today.

GHASTLY DISCOVERY MADE

KANSAS CITY, Mo., Sept. 21, (AP)—A young woman, whose badly charred body was found today lying in an isolated spot in the woods two and a half miles from North Kansas City, tonight was identified as Rosie Bechtel.

The body, with a bullet hole through the head, was discovered shortly after midnight by a traveling peddler who was in search of fire wood.

LEGAL ADVERTISEMENTS

Notice is hereby given that Uebel Campbell, of Rogerson, Idaho, who on June 12, 1914, made Homestead Entry, No. 024114, for the southeast 1/4, Township 14 S, Range 17 East, Boise Meridian, has filed notice of intention to make final three year proof, to establish claim of the land above described, before H. E. Powers, U. S. Commissioner, at Twin Falls, Idaho, on the 6th day of October, 1922.

Claimant names as witnesses: Jos. Weech, of Rogerson, Idaho; Fred Craig, of Rogerson, Idaho; Henry Jones, of Hollister, Idaho; Miles Davis, of Rogerson, Idaho. M. A. ANGEL, Register.

SUMMONS. In the District Court of the Eleventh Judicial District of the State of Idaho, and for the County of Twin Falls. Twin Falls Bank and Trust Company, a Corporation, Plaintiff, vs. Lorenzo Grauel, a widower, Daniel D. Carr and Mary D. Carr, his wife, Paul E. Schreiber and Mrs. Paul E. Schreiber, his wife, Defendants.

The State of Idaho sends greetings to Letty T. Rasmussen and Lou Rasmussen, husband and wife, and Decker Jewelry Co., a corporation, the above named defendants.

You are hereby notified that a complaint has been filed against you in the District Court of the Eleventh Judicial District of the State of Idaho, in and for Twin Falls County, by the above named plaintiff, and you are hereby directed to appear and answer said complaint within twenty days of the service of this summons if served within said Judicial District, and within forty days if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed for in said complaint.

This action is brought for the purpose of foreclosing that certain mortgage recorded in the office of the County Recorder of said Twin Falls County, in Book 60 of Mortgages, at page 137, covering real estate situated in said County, described as follows, to-wit: Lot Thirteen (13) of Block Twenty-four (24) of the Townsite of Twin Falls.

Witness my hand and the seal of said District Court this 23rd day of August, 1922. (Seal) C. C. SIGGINS, Clerk. John F. H. C. Siggins, Attorney for Plaintiff, Residing at Twin Falls, Idaho.

NOTICE FOR PUBLICATION. Notice is hereby given that at 10 a. m., on the 14th day of October, 1922, at Twin Falls, County of Twin Falls, State of Idaho, the State of Idaho, before C. C. Siggins, Commissioner, will receive and accept for record the completion of work for the diversion of 300 cubic feet per second of the waters of Snake River, in and for the County of Twin Falls, Idaho, under the terms and conditions of a certain permit heretofore issued by the State Engineer of the State of Idaho.

The postoffice address of such person or principal place of business of such corporation in Twin Falls, County of Twin Falls, State of Idaho.

The number of such permit is 12739, and the date set for the completion of such work is the 15th day of October, 1922.

Said water is to be used for irrigation and domestic purposes.

Said works of diversion were fully completed, and the amount of water which said works are capable of conducting to the place of intended use, is 300 cubic feet per second.

The amount of lands for which such water is to be used is as particularly described as follows: Land embraced in the Miller Low Lift Irrigation District, Twin Falls and Cassia Counties, Idaho. W. F. SWENSDEN, Commissioner of Reclamation.

ALIAS SUMMONS. In the District Court of the Eleventh Judicial District of the State of Idaho, and for the County of Twin Falls. Lucy D. Moore, Plaintiff, vs. Grover McKown and Myrtle McKown, husband and wife, John G. Zollman, husband and wife, F. T. Kenecny, Plaintiff, vs. Frank Caudle and F. T. Kenecny, Defendants.

The State of Idaho sends greetings to the above named defendants, Grover McKown and Myrtle McKown, husband

and wife, John G. Zollman and Dora W. Zollman, husband and wife, Frank Caudle and F. T. Kenecny. You are hereby notified to appear and answer said complaint within twenty days of the service of this summons, if served within said Judicial District, and within forty days if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed for in said complaint.

This action is brought to foreclose real estate mortgage made, executed and delivered by Grover McKown and Myrtle McKown to Lucy D. Moore, covering Lots Three (3) and Four (4) in Section Thirty-four (34), Township Ninio (9) South, of Range Seventeen (17), East of the Boise Meridian, together with the southeast 1/4 of Township 14 S, Range 17 East, Boise Meridian, in the County of Twin Falls, Idaho.

You are hereby notified that if you fail to appear and answer the said complaint within the time herein specified, the plaintiff will take judgment against you as prayed for in said complaint. Given under my hand and the seal of the District Court of the Eleventh Judicial District of the State of Idaho, in and for the County of Twin Falls, this 14th day of September, 1922.

(Seal) C. C. SIGGINS, Clerk. Frank L. Stephan, Attorney for Plaintiff, residence and office, Twin Falls, Idaho.

NOTICE FOR PUBLICATION. Department of the Interior, U. S. Land Office at Halley, Idaho, August 11th, 1922. Notice is hereby given that Herbert E. NOTICE OF WRIT OF ATTACHMENT. In the District Court of the Eleventh Judicial District of the State of Idaho, and for Twin Falls County. H. S. Cowling, Plaintiff, vs. R. F. Moseley and Mrs. Jessie L. Moseley, husband and wife, Defendants.

Notice is hereby given that on September 10, 1922, a writ of attachment was issued out of the above entitled Court in the above entitled action, at which time my hand and the seal of the above named defendants for the sum of \$235.67.

In witness whereof, I have hereunto set my hand and the seal of this Court this 18th day of September, 1922. C. C. SIGGINS, Clerk of the District Court. Frank L. Stephan, Attorney for Plaintiff, Twin Falls, Idaho.

ORDER TO SHOW CAUSE ON PETITION TO REVOKE PROBATE. In the Probate Court of Twin Falls County, State of Idaho. In the Matter of the Estate of Mildred Rose Stubbs, Plaintiff, vs. Paul Monroe Stubbs and Estelle Mitchell Stubbs, Defendants.

W. A. Moore, guardian of the estate of the above named minor, having filed herein his petition, duly verified by affidavit, praying for an order of this Court authorizing, empowering and directing him, as such guardian, to mortgage the real property of the estate therein, and hereinafter described, for the purposes set forth in said petition; and it appearing that it will be of advantage to said estate that said mortgage be made.

It is hereby ordered, That all persons interested in said estate, above named, do appear before this Court on the 25th day of September, 1922, at 10 o'clock in the forenoon of said day, then and there to show cause, if any they have, why the real property of said estate, described below, or some portion thereof, should not be mortgaged for the sum of \$400.00, as prayed for in the petition of W. A. Moore, the guardian, this day filed, or for such lesser amount as to the Court shall appear. Return is made to said petition for further particulars. Said real estate, the property to be mortgaged, is situated in the County of Blaine, Idaho, and more fully and particularly described as follows, to-wit: Lot Eleven, Block One Hundred and Thirteen, Twin Falls Townsite, City and County of Twin Falls, State of Idaho. Return is made to said petition for further particulars. Said real estate, the property to be mortgaged, is situated in the County of Blaine, Idaho, and more fully and particularly described as follows, to-wit: Lot Eleven, Block One Hundred and Thirteen, Twin Falls Townsite, City and County of Twin Falls, State of Idaho.

It is further ordered, That this order be given as published once a week for four successive weeks before the date of hearing, in the Twin Falls Weekly News, a newspaper of general circulation published in said County of Twin Falls, Idaho.

Dated this 18th day of September, 1922. (Signed) O. P. DUVALLE, Probate Judge.

JURY CONVICTS GUN WIELDER OF SIMPLE ASSAULT

Influence of Self-Defense Plea is Reflected in Verdict Returned in Mexican Shooting Case

Vilol Corona, Mexicana, at the conclusion of two days' trial in district court here on a charge of assault with a deadly weapon upon Francisco Garcia, a fellow countryman, in the Blue Light pool hall here last July 4, was by the jury Thursday night found guilty of simple assault, involving a maximum penalty of six months' term in jail and \$500 fine. Sentence will be pronounced Saturday by Judge W. A. Hancock. Conviction on the charge upon which Corona was held would have involved imprisonment in the penitentiary.

Says Garcia Used Knife

Corona shot and inflicted severe flesh wounds upon Garcia, after Garcia had attacked him with a knife, according to evidence introduced by the defense at the trial Thursday. An ordinary butcher knife which Garcia was alleged to have used in the attack upon Corona was introduced in evidence by the defense. Attorney E. Larson and Corona was caused to remove his shirt and drop the bib of his overalls to exhibit to the jury a scar on his left shoulder where, according to Corona's testimony, Garcia had struck him with the knife.

"Sweet Older" a Factor

Testimony on the part of Mexican witnesses was somewhat contradictory. There was general agreement, however, in testimony to the effect that prior to the fracas in which Garcia was shot, the two men had apparently quarreled in a room on the second floor. It was admitted by both the defendant and complaining witness that most of the Mexicans in the room at the time of the shooting were drinking. In response, however, to Prosecuting Attorney Frank L. Stephan's frequently repeated question, came the reply that the beverage consumed was "sweet older like they sell in Twin Falls."

Will Answer Forgery Charge

Trial in the case of Howard Harsh, charged with forgery, is to be opened in district court here Friday. Frank Martin has been appointed by the court as attorney for the defendant. Harsh is alleged to have cashed a forged check for \$10 at the W. E. Collins company store here July 25. He has been held a prisoner in default of bail since that time.

HIGH SCHOOL LADS TO BUILD OWN RADIO SET

Student Organization Members at First Meeting of Year Discuss the Building of Apparatus

Construction and installation of a radio set for use in connection with regular meetings of the club was discussed Thursday evening at the first meeting this year of the Twin Falls high school radio club. In this way, it was stated, every member of the club will gain practical working knowledge of radio apparatus and the information will assist each one in building a set of his own and in operating the set to be installed at the school.

BIBLE SCHOOL TO MAKE DRIVE FOR MEMBERSHIP

Introductory to a house-to-house campaign for Bible school pupils not limited with an similar organization, to be made early in October, 20 teams organized and directed by officers of the school, the congregation of the First Christian church will conduct a rally and a homecoming service next Sunday, it was announced Thursday. Committees have been in session two evenings this week, it was stated, and a force of 100 teams is being homes in town and country in a drive to swell the attendance at these meetings, for which some special features have been arranged.

International Police Chiefs Meet

Detective Vincent A. Hastings of the staff and left squad of the New York police department, is shown displaying a complete and costly burglar's kit, carried in an innocent-looking violin case.

POLICE CHIEF SAYS HE ALONE CHOSE HERRIMAN

Denies Influence of Sheriff's Office Entered Appointment Overturned by Commission

Sheriff E. R. Sherman had nothing whatever to do with the appointment which the city commission has refused to ratify of P. O. Herriman as a member of the Twin Falls police force, according to the statement Thursday evening of J. E. Cross, chief of police, which was corroborated in its entirety by J. E. Roberts, police commissioner. "When I learned that Mrs. Herriman and her daughter were looking for a residence in town some weeks ago, I decided that if Mr. Herriman had not made other arrangements, I wanted him as a member of the police force," Mr. Roberts said. "I did not know Mr. Herriman, but that he would be glad to meet him and to consider my suggestion. Later he met Mr. Herriman, and advised that he was the man for the place. Mr. Sherman could not have known of my decision in regard to Mr. Herriman, and he certainly had nothing whatever to do with the appointment."

MOORE TO STIR POLITICAL POT

Charles C. Moore, Idaho's lieutenant-governor and candidate on the republican ticket for governor, will begin the campaign for the republican party in Twin Falls county, and his address at 7:30 p. m. Saturday evening is to be a campaign for bringing the republican forces assembled to obtain the election of republican candidates for legislative and county offices. It was indicated Thursday at a meeting here of candidates and county committee members.

The pot began to boil with the arrival here Thursday afternoon of L. H. Nash, chairman of the republican state central committee, who, before a number of candidates and committee members assembled on short notice in the office of E. A. Walters, outlined a proposed plan of party organization extending from the assistants of precinct committee men to the state chairman's office. Mr. Nash in this connection, announced the appointment of G. W. Robinson as vice state chairman for the district composed of Cassia and Twin Falls counties.

Pursuant to a call previously issued by Frank L. Stephan, chairman of the county central committee, a larger number of candidates and committee members gathered in the afternoon at the office of the probate court to outline and launch detailed plans for the republican campaign in the county. Definitions on a number of questions, the action on a number of resolutions, to be held soon after the opening of the campaign by Mr. Moore, who is to enter the county Saturday, coming from Burley, will be a speaking engagement at 8:30 p. m. at the hotel.

SUNSHINE MARKS WEEK'S WEATHER

Fall Plowing in Progress in Some Localities with Harvest Work in Full Swing

BOISE, Idaho, Sept. 21.—Uninterrupted sunshine with temperature above normal has characterized the week's weather in Idaho, according to a summary issued Wednesday by Clinton E. Norquist, meteorologist here for the federal weather bureau. Fall plowing and seeding in some localities, and harvesting now in full swing throughout the state, are noted. Weather and crop conditions in the three divisions of the state were summarized as follows:

North Idaho: The past week was one of uninterrupted sunshine with temperatures above normal. All farm work progressed rapidly. Some plowing and seeding were done where there is sufficient moisture, but in many localities this work is being held back for want of rain. Orchardists are preparing to begin harvesting of Jonathans apples. Peach harvest is now in full swing and will be completed in a few days. Corn, beans and fruit continue in excellent condition. Pastures suffered from dry weather and heat this week, but the condition of livestock is good. Highest temperature at Lewiston was 87° Wednesday.

Southwest Idaho: Although temperatures during the afternoons were rather high for personal comfort, during the entire week, they were beneficial for all maturing crops and with sunshine practically continuous every day and no rain, all branches of seasonable farm work made rapid advance. Harvesting and threshing are being pushed in the later districts while in the commercial orchard districts the fruit crop, prunes and peaches, is receiving undivided attention. In the Twin Falls district the bean crop is being secured in fine condition. It was good curing weather and the third cutting of alfalfa is being rapidly put in the stack. Fall plowing has begun in scattered localities. Apples are ripening and have taken on high color. Truck crops and garden produce are maturing in good profusion. The lettuce crop almost everywhere is being held for too much warmth.

Southeast Idaho: Moderate to high temperatures obtained during the week. Sunshine was almost continuous and the only precipitation reported consisted of light showers in Teton county. Grains are about all harvested, except in a few high valleys. Potatoes are ripening in good condition. Second crop of alfalfa cut in upper valleys and third crop doing well in lower country. Range and stock have some lambs being shipped from Bear Lake county.

Extra fine Kentucky Wonder beans, 50 cents bushel in the patch. Bring your baskets. Ed Vance—adv.

Weatherman Records Fall in Temperature and Rainfall Trace

Appreciable recession in the movement of the mercury and a trace of precipitation were recorded Thursday at the government weather observer's station here. Records for the day showed a maximum temperature at 88 degrees, compared with 92 degrees the mark for the month reached on Wednesday at 92 degrees. Low for the 24-hour period was recorded at 45 degrees.

Local Brevities

Back From Oakley—Franny McAttee

Franny McAttee returned from Oakley where he has spent the past three weeks.

Gees to California School—Melvin Chas

Melvin Chas left Thursday evening for Los Angeles, Cal., where he will enter school.

On Business Mission—William MacArthur

William MacArthur has been in Burley for two days past on business for Macaulay Brothers.

Concludes Visit—Mrs. Josephine Hall

Mrs. Josephine Hall of Malad, Idaho, left Wednesday after two months' visit at the home here of her son, O. C. Hall, for American Falls, where she will visit to G. Hall, another son before returning to her home.

Win Awards at Jerome—Walter S. Smith

Walter S. Smith, Twin Falls, and Earl Alworth have been in Burley for two days past on business for Macaulay Brothers.

Judge Exhibits at Burley—R. E. Bessard

R. E. Bessard, Twin Falls county agricultural agent, and James A. Waters, Idaho state horticultural inspector, have returned from Burley where they served as judges of exhibits in the farm products and horticultural department at the Cassia county fair. Leon Taylor, Buhl, also assisted in judging of livestock.

Savings Stamps Sale to Close—Sale of one dollar treasury saving stamps will be discontinued October 1 and treasury savings certificates issued after that date will bear four per cent interest. Both the coupon and one-half per cent as at present, according to announcement of the treasury department made public here through the office of A. A. Strunk, postmaster. Except for the widening of the interest rate, the new certificates and method of handling them will be practically the same as at present.

HARMONY SEEMS ASSURED

France and England Believed to be in Accord with Respect to Reparations Question

GENEVA, Sept. 21 (AP)—M. de Jouvenal, representing France, has succeeded in reconciling France and Great Britain on the question of reparations through his resolution submitted to the disarmament-committee today dealing with reparations and inter-alied debts and their relation to disarmament.

H. A. L. Fisher, the British delegate, was left to await the relation, after Lord Robert Cecil withdrew his proposition saying he was in complete accord with M. de Jouvenal. Briefly M. de Jouvenal's resolution directed that the question of the reparations regarding the means by which the devastated regions can be restored and settlement of the inter-alied debts will require it to be possible to remedy economic chaos, unemployment and variable exchanges and that as material disarmament required previous moral disarmament a solution of the whole problem of reparations and inter-alied debts must be considered first.

The representatives of the allies and neutrals agreed that it was a historic day, resulting in the powers that had seemed to be drifting apart and they were enthusiastic tonight that the reconciliation was full of significance for the future of Europe.

WOMEN ARRANGE FARM MEETING

Assembly of Agriculturists for Discussion of Problems Called by Rural Federation

At a mass meeting of farmers to consider the problems of the industry and especially the traffic situation has been arranged by the Rural Federated clubs of the county to be held at 2 o'clock Saturday afternoon, September 23, in the Twin Falls high school auditorium, it was announced Thursday by Mrs. Carrie Harper White, formerly a member of the Idaho state legislature and now president of the federated clubs.

Discussion of the traffic situation is to be made by Leonard Vay, managing director of the Southern Idaho Farm and Horticultural Association, and the guidance of farmers in dealing with the existing situation are expected.

The meeting will be preceded by a farmers' picnic lunch to be served at 1 o'clock Saturday afternoon in the city park here.

Announcement of the picnic and the mass meeting was made by Mrs. White in the following statement: "Owing to the very critical position in which we find ourselves as farmers and to the imperative need of doing constructive work together this day, the Rural Federated clubs have taken it upon themselves to call a mass meeting for all farmers in this vicinity, and have issued a special invitation to those who joined the Southern Idaho Traffic association.

"The mass meeting will take place at the high school auditorium Saturday, September 23, at 2 p. m. and it will be preceded by a picnic lunch in the park at 1 o'clock.

"Please bring enough sandwiches for your own family and a dish of something else for the general supply as well as your own cups, plates, forks and spoons. Coffee will be furnished.

"Mr. Leonard Vay, who handles the traffic problems so ably, has been invited to tell us the exact situation up to date and to show us where we can help the most.

"We cannot afford to miss this meeting as it is 'our business' and very constructive work will be started at this meeting.

"What concerns one of us concerns all of us, and no one is going to solve our problems for us; neither do we desire it.

"CARRIE HARPER WHITE, "Pres. Rural Federated Clubs."

FUNERAL ARRANGEMENTS FOR FILER WOMAN GIVEN

Friends to Pay Tribute to Memory of Mrs. William Comery Whose Sudden Death Shocked Community

FILER, Idaho, Sept. 21 (Special Correspondence).—Funeral services will be held Friday afternoon at the Methodist church here for Mrs. William Comery, whose sudden death Wednesday at a Twin Falls hospital came as a severe shock to her friends here. Mrs. Comery submitted to an operation for gall stones two weeks ago and was believed to be making a rapid and satisfactory recovery. Death was caused by hemorrhage.

Mr. and Mrs. Jesse Hainline are the parents of a son, born Wednesday, September 20.

Jenn Mallory, four year old daughter of Mr. and Mrs. J. S. Mallory, underwent an operation for the removal of tonsils Thursday morning.

Miss Juanita Quire of Buhl, who has been employed for several months in the C. J. Love store, has resigned her position here and accepted a similar one at Buhl.

It is our business to please. It is our pleasure to make people happy and we do it daily. What a wonderful business is the jewelry business—in which prices excel—adv.

STORY OF DEVELOPMENT OF SKAGGS STORES RECOUNTED

Development of the Skaggs stores is recounted by the Executive Tribune to the growth of great oaks from provincial "little acorns," in connection with a quarterly meeting last Saturday at Pocatello of about 40 managers, district managers and executive heads of the organization.

That old adage about "great oaks from little acorns grow," the Tribune says, is forcibly exemplified in the growth of Skaggs stores. Starting eight years ago at American Falls, Idaho, with one store, this organization now owns and operates one hundred and fifty more shops scattered throughout the northwestern states.

In a personal interview, L. L. Skaggs stated: "We feel justified in believing that the governing principles of our business are fundamentally right. Our business was started and proving itself before the world war. During the war our stores gained in popularity and were popular with our greatest pride is in feeling that we have helped to elevate the business of food distribution to a more scientific, economic and equitable level. One cardinal principle of the founder of our business, I might mention, has been a big factor in our phenomenal growth since the starting of our second stores. We give our men a large part of their store's earnings over and above their salaries. This year we expect to distribute more than \$600,000 that way."

ANNOUNCEMENTS

Mrs. Anna Smith will entertain the Pymouth Sisters social club Friday afternoon, September 21, at the home of Mrs. C. H. Eldred.

The Ladies of the G. A. R. Dan McCook circle No. 3 will have a social afternoon with Mrs. Barnes, 841, Fourth avenue north on Friday afternoon, September 22.

The W. C. T. U. will meet in the Methodist church parlors on Friday afternoon, September 21, at the home of Mrs. C. H. Eldred.

The Brotherhood of American Yeomen have moved to the Business Women's club room over Varney's, and will hold their regular meeting tonight, Friday, September 22, at 8 o'clock. Business of importance is to be transacted.
