WARM WEATHER FEATURES WEEK

Flocks and Herds Assembled Preparatory to Winter Season, Report Says

BOISE, Oct. 12.—Temperatures in south Idaho during the fore part of the week ending Tuesday were about normal, but during the latter half were quite warm, says a weekly summary of weather and crop conditions in Idaho, just issued by Clinton E. Norquist, meteorologist here for the government weather bureau. No rain of consequence occurred over the agricultural sections, but light snows fell in the mountainous regions. Apple picking has begun, and in the Boise-Payette valleys the orchards are laden with fruit; a large field of wheat at Jerome and Jonathans is indicated. The prune harvest is about over and nearly all the prunes are shipped or in the driers. Marketing of head lettuce is proceeding and indications are that, notwithstanding the hot weather, the late variety will be of good quality. Cattle are being started to lower range, and sheep are being started to lower range. All livestock are reported in good condition.

In southeast Idaho, warm days and cool nights with heavy frosts prevailed during the week. No rain occurred anywhere over this section, and due to the prolonged drought, pastures and ranges are very dry. The ground is too dry for fall plowing or seeding. Threshing continued without interruption. Potato digging continued, although some fields are being threshed on account of low price; the digging of sugar beets has begun. Heavy winds over the Snake river plains caused some damage to hay, alfalfa and corn not harvested and apples. Sheep are being moved from the higher country to winter ranges.

In north Idaho, the weather was cool and cloudy most of the week with general rains over the district Monday and Tuesday. Some snow in the higher farming sections Monday. Fair and warmer weather occurred during the last days of the week. Picking, seeding and other farm work proceeded without interruption. Apple harvest in full swing and the getting up shipping of head lettuce is getting under way. Pastures and ranges have improved considerably and stock continues in good condition. Highest temperature at Lewiston for the week was 74 degrees on the 6th, and the total rainfall was 0.31 inch.

Notes From the Field.
Geneva, Bear Lake county: Moderate temperatures, no rain; threshing very lag; sheep being moved to winter ranges; cattle are being gathered from the ranges; range is dry.
Hwy. Washington county: Partly cloudy weather; heavy wind storm, little damage to apple crops; apples being shipped.

Idaho Falls, Bonneville county: Moderate temperatures; no rain; threshing about completed; meadows dry, some being irrigated; condition is poor to fair; lettuce heading.
Mackay, Custer county: Low temperatures froze down all truck vegetables and flowers; apples being gathered in the vicinity; some alfalfa being cut; wheat is being threshed; range very dry.

New Meadows, Adams county: Cool, cloudy weather; light rain during the week; light rain occurred with snow on high peaks; pastures and ranges very dry; livestock generally in good condition.
Aberdeen, Bingham county: Fine weather for harvesting all crops; heavy wind on the 3rd damaged alfalfa seed still in the shock; much of the seed is lost; potatoes being dug; sugar beets in good condition.

Centelle, Bannock county: Moderate temperatures, no rain; third cutting alfalfa completed; threshing of grain continues; potatoes being dug; will begin digging beets today; sugar beets in good condition.
Ashton, Fremont county: Warm days with clear nights and some frost; considerable high winds; too dry for plowing; grain being harvested; grain maturing late; potatoes being dug; winter wheat looking good.

Richfield, Lincoln county: Lots of wind the past week interfering somewhat with threshing and stacking; threshing in full swing; some exceptional good yields being reported; grain digging now started with good yields and very good quality reported.

Caldwell, Canyon county: Week calm, cool and clear; ideal for all kinds of farm work; some plowing; some seeding; marketing head lettuce on and late lettuce of fine quality; apples fine; large yield of Jonathan and Delicious; nearly all prunes shipped.

Twin Falls, Twin Falls county: Weather continues fine; high wind night of third did considerable damage to hay and apples; apple picking lag rapidly; potato harvest commencing; some fields not being dug on account of low prices.

Sheep Hill, Boise county: Week has been cold; vegetation made no growth; pasture and range in very dry condition; cattle being rounded up; some sheep being started to lower range; alfalfa being cut; some fields being dug; farm work well in hand.
Bonners Ferry, Boundary county: Fore part of week cloudy; rain Wednesday night and Thursday; few potatoes have been dug; some apples being picked; potatoes better than expected and yield will be in good shape; great deal of fall plowing will be done.

Chief Dead of Brains.
A well-known politician tells this one on himself. A barber while trimming his locks, remarked: "You have a large head, sir (smiling). It's a fine thing to have a large head, for a large head means a large brain and a large brain is the most useful thing a man can have, for it nourishes the roots of the hair."—Reagan

Camels are made for Men who Think for Themselves

Such folks know real quality—and DEMAND it.

They prefer Camels because Camels give them the smoothest, mellowest smoke they can buy—because they love the mild, rich flavor of choicest tobaccos, perfectly blended—and because Camels leave NO CIGARETTE AFTERTASTE.

Like every man who does his own thinking, you want fine tobacco in your cigarettes. You'll find it in Camels.

And, mind you, no flashy package just for show. No extra wrappers! No costly frills! These things don't improve the smoke any more than premiums or coupons.

But QUALITY! Listen! That's CAMELS!

SKI BREAKS
HIS CONTRACT

**Senegalese Fighter Decides He
Will Not Cross Pond to
Fight Kid Norfolk**

NEW YORK, Oct. 12 (AP)—Information from Paris that Battling Siki, who recently defeated Georges Carpentier and won the light-heavyweight championship of the world, has decided not to cross to the United States to fight a surprise in metropolitan boxing circles as the Senegalese was booked for a bout November 30 at Madison Square Garden with an unnamed opponent.

Tex Rickard, the Garden promoter, who announced that he had closed negotiations with M. Hellera, Siki's manager, for the bout, could not be reached, but his partner, Frank Flourney, expressed complete surprise. He said it seemed improbable to him that Siki would attempt to break an engagement made by Hellera.

Whether his contract with his manager expires on November 30, as your cable states, Mr. Flourney said to the Associated Press, "It is of no consequence, because Siki is bound by what arrangements M. Hellera makes while that contract is in effect. We shall expect Siki to come here."

It still would be possible for Siki to fight in New York November 30 and return to Paris to meet Jack Dempsey in a heavyweight championship bout in December, Flourney said.

It was reported here that Dempsey and Jack Kearns, his manager, were expected to arrive in San Francisco today, and efforts to verify the report that offers had been made for a title bout in Paris were unsuccessful.

Kid Norfolk, negro light heavyweight, has posted a \$2500 forfeit with the New York boxing commission and has challenged Siki, and it is understood, would be the Senegalese's first opponent if he comes here.

WHITE SOX EVEN SERIES

Alexander Loses Pitchers' Battle with Leverette; Sheely Drives in Winning Run

CHICAGO, Oct. 12 (AP)—The White Sox evening up the series with the Cubs today by taking a pitchers' battle, 4 to 3. Each club now has won two games.

The veteran, Grover Alexander, was opposed by the rookie, "Dixie" Leverette, and more than held his own until the sixth inning when he began to weaken.

The Sox then started their upthrust fight and at the end of the seventh had tied their rivals. Alexander then tightened up until the ninth when Sheely shot a hot grounder over third base which sent Hooper home with the winning run.

Leverette held his opponents to seven hits, three of which were made by Stitz, while the Sox touched Alexander for 10 anfielders. Hooper making three and Collins and Sheely two each.

ORIGINS NEED ONE VICTORY.

ST. PAUL, Oct. 12 (AP)—Baltimore's International league champions today defeated the St. Paul American association champions here today, 6 to 1, giving them a 4-to-1 lead in the game standings for the series. Ogden, pitcher for Baltimore, held St. Paul to two hits and struck out 11 batters.

Baltimore now needs only one more victory to attain the minor league baseball championship. The next game will be played Saturday.

FILER AND TWIN FALLS ARE READY FOR CLASSIC

Gridiron Warriors to Clash in Annual Football Game; Both Teams Confident of Victory

The day of days has arrived, and this afternoon at 3 o'clock the fans will journey out to Lincoln field for the annual Filer-Twin Falls football classic.

Both teams are ready for the battle and each team figures on winning the game, Twin Falls basing her hopes on its heavy line and fast back field and Filer figures to cut some experts with Timm, Aman and Charlie Diehl leading the assault.

That the largest crowd of the season will be present is manifest in Filer's football fans asking for reservations. Twin Falls fans will be out there, too to cheer the locals to victory.

Both teams had light workouts last evening, merely going through signal practice. Coach Evans stated that his team was in fine condition, and should Filer win the game all credit would go to Coach Dauman, and Twin Falls would have no alibis to offer.

The probable lineup for today's game:

Twin Falls	Position	Filer
Puckett	Left end.	Atkinson
Flynn	Left tackle.	C. Diehl
Nye	Left guard.	Marvin Cole
King	Center.	Morris Cole
Frazelle	Right guard.	G. Diehl
Leiser	Right tackle.	Hall
Robinson	Right end.	Ennis
Scott (Capt.)	Quarter.	Aman (Capt.)
Jenkins	Left half.	Marlin
Garity	Right half.	Love
Selek	Fullback.	Timm

WINS AERIAL MAIL TROPHY

New Jersey Man Takes Detroit News Prize Covering Course in Average of 100 Miles an Hour

MOUNT CLEMENS, Mich., Oct. 12, (AP)—Pilot of a heavy Martin transport driven by two 400-horsepower Liberty motors, Eddie H. Nelson, of Montclair, N. J., won the Detroit News aerial mail trophy race for multi-motored planes here today. He covered the 240-mile triangular course at an average speed of 103.1 miles an hour.

The Detroit aviation country club trophy race, flown over the same course, was won by Lieutenant Harold P. Harris, one of the two army entrants, in the "Honeymoon Express" equipped with a 400 horse power Liberty 12 motor. Lieutenant Harris averaged 135 miles an hour in this event, which was for light commercial planes, finishing four laps ahead of G. B. Jones, in a Curtiss-Oriole, who averaged 110 miles an hour.

JAIL DOORS CLOSE AGAIN ON BELLIGEROE SETTLER

Fred Perkins, Who Threatened Roseworth Project Head, Made Prisoner

Asserting that he had fulfilled to the letter his promise to his attorney to "leave the state" after receiving a cash payment in settlement of his claim against the Idaho Farms Development company, Fred Perkins, former Roseworth project settler, protested to operatives of the sheriff's office Thursday afternoon when he was placed in detention in the county jail. Records of the probate court show that Perkins is a fugitive and that he was confined in jail here for some weeks in default of \$1000 bond to keep the peace. The bond has not yet been furnished.

Perkins was arrested some weeks ago upon complaint of F. J. Meredith, president of the Idaho Farms Development company. Testimony was offered at a hearing in the case that Perkins had made threats against the life of Meredith.

Perkins was taken in custody Thursday when sheriff's office operatives discovered his presence in the court house where he had been listening to testimony in a case on trial in the district court.

POLICE ARE PUZZLED

(Continued from Page One)

Walker made the purchase. The officer said he asked for an inexpensive weapon.

According to the account of the shooting given by Mr. Christ to police officers, he returned to the theatre from lunch and entered Mr. Walker's office and found him crumpled upon the floor. He shut the door, he said, and telephoned the police station. When the officers arrived they found Mr. Walker's body lying on the floor before his desk with a revolver in his hand.

Performers and audience were not informed of the shooting and the afternoon performance proceeded as usual. Mr. Walker is survived by his widow and a 14 year old son.

ISSUES ARE BADLY MIXED

Nebraska Voters Faced With Variety of Questions in Forthcoming Election

OMAHA, Neb., Oct. 12 (AP)—Many and varied are the issues before Nebraska voters in the present campaign, according to statements by candidates for United States senator and others, seeking election November 7.

R. B. Howell, of Omaha, republican senatorial candidate, has stressed America's foreign debt as an issue, declaring "we should not insist on the payment

of interest and ultimately every dollar owed by European governments."

Mr. Howell is "opposed to the present Each-Cummins railroad law, charging it prevents competition in rates, favors the farm bloc in congress and development of the St. Lawrence waterway project. He has announced his opposition to any modification of the Volstead Act, and would remove limitations from the cooperative farm banks "to the end that they may compete with private loan agencies on an even basis, that farmers may benefit from better service and lower rates of interest on farm loans."

Uses Are Economic.
U. S. Senator Gilbert M. Hitchcock,

Mr. Howell's democratic opponent, has asserted that the issues were economic, including over-taxation, falling prices, contraction of currency, deflation of credit, collapse of commerce and what he termed "the new rubber tariff, bringing increased cost of living." An attempt had been made, he said, to divert public attention from the questions of the campaign by bringing in prohibition, which, he said, was a dead issue.

"Nebraska six years ago adopted prohibition and put it in our constitution. That settled the question as far as Nebraska is concerned. Later the constitution of the United States was amended to provide for national pro-

hibition. I opposed those great changes but I accepted them when they were triumphant, and I have since supported the laws necessary to enforce them. This I propose to continue to do."

A Remarkable Record
Chamberlain's Cough Remedy has a remarkable record. It has been in use for colds, croup and whooping cough for almost half a century and has constantly grown in favor and popularity as its good qualities become better known. It is the standard and main reliance for these diseases in thousands of homes. The facts that it can always be depended upon and is safe and pleasant to take are greatly in its favor when it is wanted for children.—adv.

Social Notes

Edited by Mrs. E. B. Williams

Mrs. Thomas Bowberry and Mrs. C. C. Corbett entertained at the home of the former Tuesday afternoon honoring the eighth birthday of Mrs. Corbett's little daughter, Irma. Marian and Margaret Moore and Miss Bowberry entertained the little folks with games on the lawn until a late hour when they were taken to the dining room where the honored guest was seated in the center of a circle formed by the children with the birthday gifts placed before her, after they had been opened and passed around for inspection. The lovely birthday cake bearing eight candles in yellow and white was brought in and this, with the other dainty refreshments, was served by Miss Valene Bowberry, while the children were seated on the floor. The guests were Marjorie Brown, Virginia Stanley, Laddie Stanley, Gwendolyn Lester, Arthur Miller, Clara Bowles, Charlotte Bowles, Lola Ethel Crotty, Ann Louise Crotty, Opal Corbett and Irma Corbett.

Miss Effie Hinton entertained at a delightful dinner party Wednesday evening at the Hotel Perrine. The table was most attractive with bowls of fall flowers, and the subject being in Halloween costume. Following dinner the guests spent the evening at the theatre. Those present were Mrs. George Carter, Mrs. Charles H. Hinton, Mrs. G. E. Duke, Mrs. William Baker and Mrs. W. O. Smith.

The M. S. and S. club met Wednesday afternoon at the home of Mrs. Carrie Butler with Mrs. Lucella Butler and Mrs. Decker assisting the hostess. Roll call was answered with a verse from a favorite song. The afternoon was largely devoted to business, many matters of importance being discussed and voted upon. Mrs. Charles Bowlsby read a splendid paper, the subject being "Why Our Young People Leave the Farm." Refreshments were served at the close of the afternoon by the hostesses, assisted by Miss Dowling, who is demonstrating Masala products in this section.

The Presbyterian Missionary society met in the church parlors Thursday afternoon. Mrs. M. J. Swecley led the devotionals and the business session was presided over by the vice president, Mrs. L. L. Breckenridge. Mrs. A. R. Scott was in charge of the program, the subject being Alaska and India. She was assisted by Mrs. F. P. Bracken, Mrs. Hatcliff and Mrs. W. W. Glouschek. Mrs. G. P. Duvall sang an Indian song. During the social hour refreshments were served by the hostesses, Mrs. William Scott, Mrs. W. O. Keith, Mrs. Charles Jones and Mrs. John Harvey.

The Altar society of St. Edward's parish held their regular meeting at the home of Mrs. Charles Burton Thursday afternoon. Mrs. H. B. Sherman, the vice president, presided at the business session which was followed by these:

musical numbers, two piano solos by Mrs. D. E. Regan, "Impromptu No. 2," Schubert and "Exquisite Du Temps," by Mooling. Helen Schweininger rendered "The Battle of Waterloo," by Anderson, and "Playful Kittens," by Dawson. There was a large attendance and refreshments were served by the hostess, Mrs. Burton, assisted by Mrs. Owen Buchanan, Mrs. T. Beaulac and the Misses Milano and Della Bisconotto.

The parlors of the Methodist church were most attractively decorated with autumn leaves and fall flowers for the meeting held by the Home Missionary society on Thursday afternoon. Devotionals were under the direction of Mrs. T. F. Warner. There was the usual transaction of business and the program was given by Mrs. John Noble's division, the society now being divided under the leadership of certain members who will look after the activities of the various branches. A clever little playlet was first listened to, entitled "Work Among the Negroes," and was followed by a vocal solo by Mrs. W. H. Dwight; piano solo, Miss Mildred Elrod; vocal selection, Mrs. Frank S. Roll, and a reading by Mrs. H. J. Weaver. Refreshments were served by Mrs. E. B. Johnson's division.

Mrs. C. C. Higgins was hostess to the Episcopal Guild Thursday afternoon at her home on Sixth avenue east. The usual order of business was held at which time plans were made for a float in the parade to be given during the Elks' Circus. The society will also have a booth at this affair, with Mrs. Higgins, Mrs. George Lepp and Mrs. H. P. Laird in charge. Roll call was answered to by a quotation from Genesis, and was followed by a very fine paper by Mrs. H. P. Blair on "Noah, the Redeemer." During the meeting the ladies sewed material for rugs, and before adjournment Mrs. Higgins, assisted by her daughter, Miss Edna, and Mrs. H. P. Laird, served dainty refreshments.

Mrs. J. A. Flynn gave a theatre party Thursday evening to her son, Donald, on his birthday anniversary. Members of the high school football squad were guests. A section was reserved for them at the Idaho theatre. The members of the school band were also present as guests of the management. At the end of the first show the football game for Friday was announced and all the boys sang and indulged in a few rousing college yells. Mr. Dunkle then played the "Twin Falls High," a march composed by T. J. Bainbridge.

The Progressive Women's club met Wednesday afternoon with Mrs. Wallace with thirteen members present. Following the business session, a delicious luncheon was served. The next meeting will be held with Mrs. Ahern on October 25.

Look Over This List of Good Values

We have never been advocates of high prices, in fact, it has been our contention that prices will be lower. THE RED CROSS.

The Red Cross is one of the greatest agencies for the relief of suffering humanity in the world, but, according to the terms of its charter, it is expected to function only in time of and in connection with war, famine, or other great disaster of national or international or lesser scope. It is not now and never was intended to usurp the functions of the Salvation Army, the Associated Charities and every other agency for individual relief.

Red Cross Home Service has fulfilled a splendid mission in the care of the needy service men, but when this work is finished the Red Cross should be cheerfully willing to step out of the picture until such time as national emergency again calls it into being. Under normal conditions there should be no such thing as Red Cross "home service," because such activity contravenes the authority under which the Red Cross was created—this by way of comment upon the published views of Mrs. August Belmont on the subject of future Red Cross activity.

RIVALS OF WINSTED.

Winsted, Conn., the home of the unnatural in the animal, vegetable and mineral kingdoms, seems about to lose its standing. Not only has Mason, Ia., produced a child which at five minutes of age distinctly spoke the word "mother," but near Kenton, Ohio, just the other day, two live, full size lions were soon coursing over fields and fences.

While Winsted alone is was glorious, and perhaps all its phenomena are not yet done. With the name of the Connecticut town must ever be connected that of Louis Stone, newspaper correspondent.

He it was who first told the world of the hen which rode on the headlight of a locomotive for several miles, and then paid her fare by laying an egg. It was his sharp reportorial eyes that glimpsed a cow, wading in a stream, being milked by a heron, a Winsted variety of fish.

Mr. Stone chronicled, too, the amazing adventure of a chicken. It swallowed two toothpicks and a ball of worsted. Then it got mixed up with an electric fan and was killed. When the autopsy was held, Biddy was found to have within her a neatly knitted sweater. But her owner, Mr. Stone added, didn't keep it because there were three faulty stitches, and it was too small for practical use.

Thus Stone of Winsted. But now, if other cities are going to start it, we soon shall not dare to look a cat, a dog, a cow or a baby in the face, for fear it will do some freak thing of other.

Heriticulture in Mustaches. Children are consistent and logical in their thinking, if nothing else. Uncle Jim removed a mustache he had worn for a year or so. A relation remarked, "he never had seen Uncle Jim with a mustache, and another member of the family said, "Oh, yes, he grew it about two years ago." "Did he plant the seed?" Little Babbie asked.—Indianapolis News.

CHAPLIN GAINS HIS POINT

Screen Comedian Granted Temporary Restraining Order Against Player Using Similar Methods

LOS ANGELES, Oct. 12 (AP)—A temporary injunction restraining the Western Famous company, a motion picture concern, from exhibiting a film which starred Charles Amador under the name of Charles Chaplin was granted to Charles Chaplin, motion picture comedian in the superior court here.

In the film, Amador or Apin wore a costume much the same as that common associate with Chaplin's motion pictures and it was because of this that the latter asked the court for a permanent restraining order. He declared that if the injunction was not granted to him that he have the exclusive right to baggy trousers, oversized shoes, tight fitting coat, small derby and bamboo cane.

Counsel for the defendant asserted the costume was "old stuff" that Chaplin had "borrowed it from various actors down through the last half century" and therefore Amador or Apin had as much right as Chaplin to it.

"I came here," he explained earnestly, "with no bad intention; no desire to injure any one. Miss Coolidge; my only thought the possibility of being of some service to you."

"But even then, is this wholly fair?"

"I am quite grateful."

"Then I am going to ask you a favor. Release my hands and feet. You need not be afraid; I give my pledge to make no attempt to escape while we are together. Will you do this?"

BIG EATERS GET
KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Back-ache

The American men and women must guard constantly against Kidney trouble, because we eat often too much red meat and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy; full of sediment, or you are obliged to seek relief two or three times

during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus often ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia water beverage and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time—any day.
