**Twin Falls Chapter to Conduct Drive to Secure Funds for Annual Relief Work; Central Committee is Chosen**

Plans for the annual roll call and membership drive were discussed at the monthly meeting of the Twin Falls chapter of the American Red Cross at the Twin Falls Clinic last night. Dr. George H. Caldwell, president of the chapter, presided.

Central Committee Named.

It was decided to have a central committee of five members who are to be elected from all the local churches, lodges and similar organizations will be represented in the national call, which will be held from Armistice day to the following day. The names of the members of the national committee for membership on the national committee were suggested at the meeting last night and they will be asked by Dr. Williams to meet in New York.

The chapter plans on staging a very comprehensive campaign this fall with an extensive amount of relief work to be done. Officials of the chapter announced that the members of the national membership fee will be required to be sent to the national organization, the remainder 40% remain in the local

## PAVES WAY FOR ELECTION CALL

### District Court Dissolves Injunction Against Vote on American Falls District

Temporary injunction restraining Twin Falls county commissioners from calling an election on formation of the proposed Snake river irrigation district to cooperate with the federal reclamation service in construction of the Americans Falls reservoir project, was dissolved by Judge W. A. Babcock in district court here today.

The court denied the contentions of Thomas Costello, L. L. Bruckenridge and E. J. Malone for a permanent injunction, and sustained the county commissioners' demurrer to their complaint. The court's decision was issued following a hearing Friday on an order to the county commissioners to show cause why the temporary injunction

Counsel for the commissioners at the hearing argued that injunction proceedings, instituted during a hearing on the petition of calling of the election, were irregular and illegal.

Formation of the proposed district would be legal in that the district would include areas that are not con-

## UNITED STATES WILL SIT IN AT PEACE PARLEYS

America Will Send Observer to  
Near East Conference But  
Will Not Be Signatory to  
Treaty to be Evolved

WASHINGTON, Oct. 26 (AP)—The United States probably will be represented at the Near East peace conference by an official observer. There is virtually no chance that the Washington government will participate directly in the conference, however, or be a signatory of the treaty of peace to be evolved.

**American Policy Unchanged.**  
Decision of allied governments to invite American participation as a party to the peace negotiations, it can be said on authority, finds the attitude of the Washington government unchanged. While the reply to the invitation can be formulated only after the invitation has been received, probably tomorrow, there is no reason to doubt that the nature of the American answer will be. The American policy of standing aloof from European political tangles and of confining itself strictly to questions in which it has a direct interest, commercial or otherwise such as the Turkish straits, has undergone no change.

**Invited Through Embassies.**  
Paris dispatches indicate that the invitation is to be presented to Secretary Hughes through the British, French and Italian embassies in Washington. That it will be met with every courtesy, is to be expected. At the same time, however, the embassies will be very fully advised that as a non-belligerent in the war between the allies and Turkey, the United States feels that it cannot have any direct share in a peace conference to bring that war to an end.

**America Gains Stand Aloof.**  
American interests are too deeply involved in the final solution of the problem of the Turkish straits, however, and also in the immunities that American citizens shall enjoy in Turkish territory, both in commercial and religious matters, to permit the Washington government to stand wholly aside from the peace parley.

## HAPSBURG PROPERTIES BEING TURNED TO CASH

Benefits of Sale and Lease of  
Former Court Buildings to  
Go to War Invalids

VIENNA, Oct. 26 (AP)—The liquidation of the vast Hapsburg holdings in Austria with the exception of the possessions considered private, will be completed shortly, and the final report is expected to show the disposal of properties valued at many millions of crowns. Most of the funds realized through the sale and the leasing of former court buildings will be used for the benefit of war invalids.

The large reduction in territory now under the government of Austria has greatly diminished the amount of space required for administrative purposes, and many blocks of office buildings have been rented to private individuals.

The possessions considered as private have been reduced to the minimum. Many personal presents made to former Emperor Francis Joseph, Empress Elizabeth, and the late Emperor Karl by foreign monarchs, Austrian cities and communities, were included in the sale. A large number of costly vases, clocks, pictures and china; the czar's present of magnificent tables and vases of lapis lazuli, and works of art presented by the emperors of China and Japan, were among the objects sold to foreigners, particularly Italians, who paid large amounts for their purchases.

The old and new court palaces, the court stables, and a number of famous castles, villas and estates in the provinces were the principal buildings sold.

## ORAZE FOR BOBBED HAIR STRIKES MEXICO CITY

MEXICO CITY, Oct. 16 (AP)—Bobbed hair is now so popular in Mexico City that young girls with long tresses are considered unusual.

The craze for short hair was started some months ago when a number of young women who had been attending schools in the United States returned home. The idea became popular and, overthrowing the old belief that only women of doubtful morals wore their hair bobbed, it was not long before the younger set of the capital adopted it unanimously.

## LIVESTOCK EXPOSITION TO CLOSE ENTRIES SOON

Management of International Show  
Takes Steps to Handle Large Influx  
of Exhibits

CHICAGO, Oct. 26 (AP)—Entries in the individual classes of the International Live Stock Exposition, to be held here for the first week in December, will close November 3, according to an announcement by the management.

"In order to be amply prepared for the influx of thousands of cattle, horses, sheep and swine, which exhibitors will bring from all parts of the country, it has been found expedient to close the entry books a month before the opening day," said the statement. "Stockmen contemplating exhibition should make their applications immediately."

"All applications for entry of the twenty different kinds of grain, seeds and hay in the fourth annual Grain and Hay Show, to be held in connection with the stock show, must be filed not later than November 10."

## CHARGES GREEKS WITH DEVASTATING THRACE

Kemalist Representative Takes Issue  
With Statement That Evacuation  
Was Without Disorders

CONSTANTINOPLE, Oct. 26 (AP)—Imam Bey, the Kemalist representative here, issued a statement today accusing the Greeks of extensive devastation of Thrace during their withdrawal.

"General Harrington," he said, "was deceived if he thinks the Greeks had done no harm. He assures us that the evacuation was orderly. Our information is otherwise."

The nationalist government has notified the International Red Cross committee that the Greeks must release all Turkish civil prisoners immediately or the Turks will declare all Greek civilians in Anatolia war prisoners.

## IF KIDNEYS AND BLADDER BOTHER

Take Salts to Finish Kidneys  
and Neutralize Irritating  
Acids

Kidneys and bladder irritations often result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it may remain a day or more, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief five or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is often overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will help neutralize the acids in the urine so it no longer is a source of irritation to the bladder and other organs, which then act normal again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who

are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever. Here you have a pleasant, effervescent lithia-water drink, which often quickly relieves bladder irritation.—adv.

## CLOSE GAME AT BUHL EXPECTED

Annual Clash With West End Team Arouses More Than Ordinary Interest This Year

At noon today the Twin Falls high school football team will leave for Buhl, making the trip in cars.

This annual clash with the West End eleven has aroused more interest this season than in years gone by, for the reason that Buhl has a team that has been playing fine football.

Coach Barry has rounded out a team of players that are good on both defensive and offensive, several members of the squad being of a caliber that would come close to putting them on the all-state picked team.

Clint Evans, as usual, refused to say anything about today's game, although he hinted that he figured Buhl to be the hardest game of the season so far.

**Evenly Matched Teams.**  
The locals will have a slight advantage as to weight, and a possible shade as to speed, but the Buhlites will shine when it comes to the punting part and an even break when it comes to end runs.

Both teams will be handicapped with regulars being out of the game due to injuries. The local team may have to do without the services of "Stew," Robinson and "Pat" Flynn. In case these two players are unable to play it is possible that Seaver will be sent in at left tackle for Flynn and either Moroni or Chester Jamison will be seen at right end.

"Stew" received a hard jolt on the arm and has to take a back seat for a few days. "Pat" is still suffering with a bum ear.

Buhl will be handicapped by being minus the services of Machacek and Johnnie Wilson, although Coach Barry stated that he was going to try and use these two members.

**Buhl Works to Win.**

That Buhl is confident, is shown in the statement that the West Enders are going to spring a surprise on the locals. When asked whether keeping Twin Falls to a short score wouldn't be considered as a victory, Coach Barry said that nothing short of a victory would satisfy his team.

What the surprise is remains to be seen, but in all probability Coach Barry has a bunch of trick plays that he has been saving for Twin Falls. It is this because the fans making the trip this afternoon will be more than rewarded.

Close to 200 students of the local high school are going to make the trip to Buhl, taking the noon train, and returning on the evening rattler. There will be ample time for connections, as the game will be ended at least an hour before the train pulls out for Twin Falls.

**Probable Lineup.**

The following is a possible lineup of the two teams with the weight of each:

Twin Falls	Position	Buhl
Puckett (165)	Butler (147)	
Flynn (178)	Left end, Clinton (171)	
Nye (175)	Left tackle, Brabb (147)	
King (165)	Left guard, Weaver (186)	
Frazelle (178)	Center, Dearing (167)	
Leiser (178)	Right guard, Machacek (142)	
	Right tackle.	

## VANDALS PREPARED FOR BATTLE AGAINST OREGON

Silver and Gold Squad on Train to Portland for Fifteenth Annual Gridiron Clash

UNIVERSITY OF IDAHO, Moscow, Oct. 26.—Vandal football followers who had been anxiously awaiting a chance to see their grid machine in action were given some real thrills in the annual tussle with the W. S. U. Cougars. These fans saw the silver-and-gold squad hold the heavier Washington State team through three periods only to lose the game when the breakers turned against them in the last quarter.

With the clash now a matter of history the Vandals are preparing for the invasion of Oregon. The fifteenth clash between Idaho and Oregon football teams will take place at Multnomah field in Portland this Saturday.

Robinson (150)	Right end, Shearing (140)
M. Jamison (165)	Wilson (144)
Scott (145)	Quarterback
Powers (160)	Dunn (164)
Jenkins (175)	Left half, Cox (137)
Garrity (178)	Right half, Moore (166)
Selck (140)	Fullback.

The News will give scores of all games played today as soon as the games are over. It is well to remember that The News always gives the FINAL score. For authentic scores on South Central football games call 32.

and with both teams in good shape it promises to be a battle equal to the others experienced by the Vandals so far this season.

Coach Mathews and his squad left Moscow Thursday evening. After the Oregon game they will have a two weeks' rest. This will give them ample time to get in shape for the Armistice Day game at Boise. Utah's stride in the Rocky mountain conference assures a tough game. After Utah, the Vandals head for southern California to meet the other "baby" member of the Pacific coast conference at Pasadena November 18.

CANADIAN BOAT AGAIN FISHERMAN'S CHAMPION

Bluenose Scores Second Race Against Challenger

GLOUCESTER, Mass., Oct. 26 (AP)—The schooner Bluenose of Canada, is again champion of the international fishing fleets. Captain Angus Walters and his fellow Lunenburgers today scored a second success against the Henry Ford, American challenger, and Captain Clayton Morrissey and his crew of Gloucestermen. The margin was one of seven minutes, 51 seconds, about the same as the Bluenose led yesterday. While the Gloucester boat in fact, won two races, the first was declared unofficial. Captain Morrissey took little part in today's activities because of recurring illness. In his place, Captain Al Mitchell, one of Gloucester's hardest drivers, had the wheel much of the time. Today was another smashing contest. A nor'wester that ran from a moderate speed at the start up to 28 knots, blew the boats about the forty-mile course in the fastest time attained to date, 48 minutes, 48 seconds, for the Bluenose, four hours, 56 minutes, 20 seconds for the Henry Ford. This was an average speed for the winning schooner of 7.2 minutes to the mile, speedily sailing with a one mile boat to windward, including a final three or four miles of extra sailing.

GERMAN MARRIAGES LESS

Records Show Large Decrease in Number of New Homes Established During Year

BERLIN, Oct. 26 (AP)—The number of marriages and births in Germany for the first quarter of 1922 show a large decrease over the same period of 1921. According to the statistics just issued, the number of marriages during these three months was 8.4 per thousand persons as against 10.4 for last year. The number of births was 25.6 as compared to 27.7 and the number of deaths was 18.5 as against 15.6 in 1921. The corresponding quarter for the year 1918 showed marriages were 6.2 births 28.6 and deaths 14.8.

BOISE PREPARING FOR ARMISTICE DAY GAME

Seat Sale for Idaho-Utah Football Game Opens at Capital City with Rush for Coupons

BOISE, Oct. 26.—Seats were placed on sale today for the Idaho-Utah football game at Boise. In connection with this announcement, eagerly awaited since the opening of the football season, a statement was made by Claude W. Gibson, manager of the game for the University of Idaho club of Boise, which has caused the fans to prick up their ears. "Seats and standing room will both be limited this year," said Gibson. "Not only will it be necessary to make reservations early for the choicest seats, but those who want to watch the game standing on the sidelines—and there are many who won't be happy with anything else—will have to be at the gates early on the day of the game." The game is to be played this year at Cody park, Boise's old baseball grounds, on Warm Springs avenue. Though a natural theatre, the park has lacked sufficient stands and bleachers for such crowds as attend the Armistice Day game, and there was new section, 50 feet in length. The old bleachers, lining one side of the gridiron, are only four tiers in height. "There will be 2000 very choice seats," said Mr. Gibson, and 2100 other reserved seats, some of which are very good and others not so good. And because the old style bleachers cover so much ground, good standing room will be scarce. "For this reason we have made all reserved seats and all standing room seats, \$1.00. Early reservations will secure the best seats. One row of boxes—those with six chairs selling at \$12, and those with eight at \$16—are also available." The Idaho ticket office will care only for direct sales. Mail orders, which must be accompanied by check and stamped, self-addressed envelope, should be sent to Mr. Gibson, 630 Empire building, Boise, Idaho.

CHAMPION WINS FIRST BLOCK

PHILADELPHIA, Oct. 26 (AP)—Ralph Greenleaf of New York, national pocket billiard champion, tonight won the first block of the 450 point championship match with Bonnie Allen of Kansas City, Mo., former champion. The score was Greenleaf 158, Allen 90. They will play the second block tomorrow night.

Many South Idaho Teams Will Meet in Gridiron Contests; Flier to Entertain Rupert

Boise is not the only town in this section that will have a football game today. Flier is going to entertain the Rupert warriors on the Flier field this afternoon at 3 o'clock. Flier has an old score to settle with the endermen, and today is the day set aside for revenge. Whether Coach Donnan's proteges will be able to wipe out the 35 to 0 defeat of last season remains to be seen. At Burley the Oakley squad will take on Canby, Karahank and company. There is considerable rivalry between the two teams and the Burley fans are patiently waiting for the opening whistle. The North Side division will have two games with the Jerome champions remaining idle. Gooding will travel to Wendell, while Shoshone will move over to Hagerman.

STATZ HITTING SLUMP SAVES CHICAGO NATIONALS \$10,000

CHICAGO, Oct. 26 (AP)—Failure of Arnold Stutz, star outfielder of the Chicago National to keep up his hitting in the last four games of the 1922 season, saved his club \$10,000, it was revealed today. The Chicago club had agreed to pay the Los Angeles club of the Pacific coast league this amount in addition to the cash and players already given for Stutz, if the star should finish the season with a batting average of .300 or better. Stutz, however, knew nothing of this agreement.

TICKET SCALPERS' PATRONS SUE UNIVERSITY OF CHICAGO

CHICAGO, Oct. 26 (AP)—Charging that they were refused admission to the Chicago-Purdue football game last Saturday when they presented tickets purchased from scalpers, J. McKelroy, O. E. OTHER GAMES SCHEDULED

Many South Idaho Teams Will Meet in Gridiron Contests; Flier to Entertain Rupert

Boise is not the only town in this section that will have a football game today. Flier is going to entertain the Rupert warriors on the Flier field this afternoon at 3 o'clock. Flier has an old score to settle with the endermen, and today is the day set aside for revenge. Whether Coach Donnan's proteges will be able to wipe out the 35 to 0 defeat of last season remains to be seen. At Burley the Oakley squad will take on Canby, Karahank and company. There is considerable rivalry between the two teams and the Burley fans are patiently waiting for the opening whistle. The North Side division will have two games with the Jerome champions remaining idle. Gooding will travel to Wendell, while Shoshone will move over to Hagerman.

STATZ HITTING SLUMP SAVES CHICAGO NATIONALS \$10,000

CHICAGO, Oct. 26 (AP)—Failure of Arnold Stutz, star outfielder of the Chicago National to keep up his hitting in the last four games of the 1922 season, saved his club \$10,000, it was revealed today. The Chicago club had agreed to pay the Los Angeles club of the Pacific coast league this amount in addition to the cash and players already given for Stutz, if the star should finish the season with a batting average of .300 or better. Stutz, however, knew nothing of this agreement.

TICKET SCALPERS' PATRONS SUE UNIVERSITY OF CHICAGO

CHICAGO, Oct. 26 (AP)—Charging that they were refused admission to the Chicago-Purdue football game last Saturday when they presented tickets purchased from scalpers, J. McKelroy, O. E. Prudden and B. D. Duggan filed suits for \$10,000 each in superior court today against the University of Chicago.

A Remarkable Record

Chamberlain's Cough Remedy has a remarkable record. It has been in use for almost half a century and has constantly grown in favor and popularity as its good qualities become better known. It is the standard and main reliance against those diseases in thousands of homes. The facts that it can always be depended upon and is safe and pleasant to take are greatly in its favor when it is wanted for children.—adv.

Statement of JOHN W. HARDIN, Candidate for State Senator on the Republican Ticket.

I have always been in favor of a state wide direct primary and since my nomination at the republican primaries of Twin Falls county, I have endeavored to ascertain the sentiment of the voters of the republican party concerning a state wide direct primary, and feel that I can safely say that a large majority of my fellow republicans are for it.

I believe in a majority rule, and consider myself in no wise bound by the republican state platform on that subject, inasmuch as I was nominated at a primary election held weeks prior to the Wallace convention. Therefore, if elected to the senate, I shall support and work for a state wide direct primary measure. I also favor any measure for the relief of the veterans of the great war and any measure having that end in view.

What is useless to you may be valuable to others—advertise it in the classified columns.

view will receive my whole-hearted support and effort.

If I am elected to the office for which I am nominated, it shall be my sole aim and purpose to support any legislation that may be proposed for the benefit of the majority of the people, and shall give every attention to any legislation that the people of Twin Falls county may from time to time suggest.

Superstition Concerning Herring.

The herring has always been regarded as a mystic fish by the highlanders of Scotland. They believe it is subject to various occult influences, and when, as has happened, the herring deserted old haunts, the highlanders indulged in queer practices to lure it back.

# SEEKS TO WIN WORLD FOR WAR ON ALCOHOLICS

Extension of Prohibition Move-  
ments to Other Lands and  
Safeguard of Dry Law Here  
W. C. T. U. Objects

PHILADELPHIA, Oct. 16 (AP)—Wearers of the white ribbon of the Women's Christian Temperance Union, will assemble here November 11-16 in the eleventh world convention of their organization. Two great objects of the convention are set forth as follows: "The enlistment of every civilized country in the world in the anti-liquor cause, and the development of a determined offensive against the movement to modify or repeal the United States dry amendment and statutes."

A poliolet prohibition petition which, when rolled up tight, fills seven huge packets, and which contains eight million signatures set down in more than 60 languages, will be unrolled and draped about the hall of assembly in the Philadelphia Academy of Music.

Delegates from abroad will come prepared to make a careful study of the methods used by American women to win the country to the prohibition cause and also those used for its enforcement. Among the nations to be represented are: Finland and Scandinavian countries where prohibition has been tried in a modified form, will focus their attention on the enforcement phase of prohibition, that being the most troublesome part of their own laws.

W. C. T. U. representatives from China, Japan, Ceylon, South Africa, Burma, India, Australia, and New Zealand will be present, prepared to discuss attentively the stories of the experience of anti-liquor crusaders in different parts of the world, also to lay the tales of their own experiences before the convention for counsel and criticism. From Mexico, Cuba and South America generally will come a host of women, many of whom were present at the recent Pan-American Suffrage Conference. Western Europe will be amply represented. Ireland will send its quota and Scotland, which in recent years has been a battle ground for the prohibitionists and the supporters of John Bull's whisky, will send its band of 50 years old.

At the opening of the convention the organization will lack a few months of being 60 years in existence. Its white banner has been visible wherever war against liquor or cigarette smoking has been waged. Reports received at the convention are expected to furnish a barometer of the state of prohibition in every nation of the world.

Due to the death of Lady Carlisle, president of the world organization last year, Miss Anna A. Gordon, vice-president will be chairman at the convention.

Relief Administration Continues Efforts to Assist United States Citizens to Quit Country

MOSCOW, Oct. 26 (AP)—Scattered about Russia, are about 46 "lost" persons whose claims for them as American citizenship, and for whom search is being made by representatives of the American Relief Administration.

Since the A. R. A. entered Russia a year ago, one of the conditions being that all American citizens who desired to quit the country should be permitted to do so, 214 persons who had established their American citizenship have left, most of them for the United States. Late in September there were about 100 other persons awaiting completion of the necessary repatriation operations. In many cases these require weeks, and often months, owing to the various routine matters connected with passport requirements.

## GREEKS APPRECIATE AID OF AMERICANS AT SMYRNA

Press Comments Favorably on  
Action of Sailors in Reliev-  
ing Victims of Sacked City

ATHENS, Greece, Oct. 26 (AP)—The helping part played by American warships in succoring the victims of the burning of Smyrna by the Turks, has been warmly commended by Greek newspapers. The following extracts from papers published in Athens. From the Daily Skripis: "While the fleets of powerful Europe stood silent by the butchery of Christians, America did all she could to save whatever was to be saved from destruction. Never before did the strength of the great American people manifest itself in a more benevolent way." From the Kathimerini: "As soon as they landed in Piraeus, the poor Smyrna refugees knelt down and said 'God bless America and her citizens.' Along with those refugees the whole of Greece is grateful to America. During the terrible tragedy of Asia Minor, the only saviors of the innocent were the Americans." From the Nea Himeris: "The innocent refugees are full of emotion when they speak of the heroism of the American sailors. While the sailors of European warships stood idly by watching a spectacle taken from Dante's Inferno, the American sailors showed all the nobility of their nature and all that is best in human character. They did what they could, these Americans. Revolutions in hand they made superhuman efforts to succor the Turkish refugees their helpless prey. They chiefly protected the women and children."

MOSCOW, Oct. 26 (AP)—Moscow has become so overcrowded that the Soviet government has been making strenuous efforts to relieve the situation by forcing some inhabitants to move to nearby towns. The police plan to rid the city of thousands of men and women who might just as well live elsewhere.

A total of 35,000 students have come into the city, attracted by the educational opportunities offered, and there is no place to put them. One of the largest churches in Moscow has been taken over to provide living quarters. The government gives the students a limited ration of black bread. Foreign relief organizations also will join in feeding them.

## TWIN FALLS WEEKLY NEWS

Established 1904

Twin Falls News Publishing Company,  
Ltd., Publishers.

## ROOSEVELT.

That which we call American is the essence of many characters. The legend of a Washington or of a Lincoln is the memorial of the past which, given life through interpretation, is our today.

Theodore Roosevelt, whose birth occurred just 63 years ago, contributed his character to the national expansion. Far greater than the mere political success of his career is the legend of that Roosevelt, faulty as all may be, wrong sometimes and right often, who was so vigorous a prophet of virile manhood and constructive citizenship.

Time softens the memories of personalities; Roosevelt, not yet far distant from us, has some still to deary him. But time has that way of etching its permanent pictures from a blur of contradictions. Today the Roosevelt of national memory already is taking on sharper line, the figure becomes more rugged, the tone expression more compelling, the whole embodiment something of greater and enduring youthfulness than that day when his quick passing shocked the world.

From the boat of these, the Roosevelts and the others, comes our heritage. Each age expresses itself through its leaders, and, frequently, so little does the crowd know itself, is surprised at the quality of the echo. They bridge time for us, identifying the whole people with those larger works their leadership enables them to achieve. He who leads most truly and is remembered most gratefully is he who was, even for an hour, the people and spoke their voice.

Such on more than one occasion was Theodore Roosevelt. The nation which accorded him the sublimity of that privilege recalls his devoted memory with abiding respect and affection. "The evil that men do lives after them; the good is oft interred with their bones;"—a false word in this land. Here we forgive honest ill and take that which is good to bulwark the foundations of our faith.

## MODERATION THE NEED.

In declining to use argument and persuasion rather than militant onslaughts and recriminations in continuing its efforts for adjusted compensation for World War veterans, the American Legion adopted a policy of moderation that is based on common sense.

The fight for and against the bonus has developed too much bitterness. The campaign has been characterized by such phrases as "looters of the treasury," from one side, and "profiteers" and "ingrates" from the other. Nothing was gained for either side by this bitterness. Indeed, much was lost, for the controversy was shifted from the realm of reasons to that of emotions.

The bonus question, like all others affecting the public interest, should be discussed and acted upon according to its merits, without regard to the motives of some of its supporters or opponents. When the issue is clouded with immaterial charges and counter-charges there is little hope of reaching a rational decision.

The Legion, in announcing its policy, did not criticize the president for vetoing the bonus measure, nor those who opposed its passage, recognizing, apparently, as most observers have, that their opponents in this matter are for the most part like the majority of the American Legion members, actuated by a sincere desire to serve the best interests of the country.

## UNCOVER HUGE LEAK IN TAXES

## Federal Investigators Gather Evidence Against Persons Making False Returns

WASHINGTON, Oct. 26 (AP)—Preliminary investigations conducted by internal revenue bureau officials have led them to the belief that a number of business men over the country have undertaken to defraud the government of taxes by crediting to themselves in their income returns fictitious or unjustifiable losses, running in some cases to huge amounts. Machinery to uncover such instances has been set in motion, it was said today at the bureau, and its operations will be widespread.

It is the view of the revenue officials that the success of the investigation has been taken advantage of a regulation with respect to the audit of tax returns in the hope that their attempted evasion would escape detection.

Officers of the bureau said the investigation had not yet proceeded to a point that would enable them to form even a rough estimate of the amount of taxes of which the government might be defrauded by this method.

## Voliva Will Plead Good Intentions in Libel Suit Defense

WAUREGAN, Ill., Oct. 26 (AP)—The prosecution closed its case today against Wilbur G. Voliva, overseer of Zion, Ill., charged with criminal libel by Thomas H. Nelson, former Voliva disciple, and at present pastor of the Grace missionary church of Zion. The prosecution pictured Nelson as a man who cannot leave his home without being jeered and attributed this fact to alleged libelous articles circulated in hand bills of which Voliva alleged to be the author. G. P. Barnett, counsel for the defense, at the close of the state's case made a motion to have the case dismissed, which was denied by Judge Claire C. Edwards. He then announced that evidence would be introduced tomorrow to show that Voliva's alleged denunciation of Nelson was founded on "truth and good motives."

## How Better Than Pills?

The question has been asked, in what way are Chamberlain's Tablets superior to the ordinary cathartic and liver pills? Our answer is, they are easier and more pleasant to take and their effect is so gentle that one hardly realizes that it is produced by a medicine. Then, they not only move the bowels but improve the appetite and strength, on the digestion.—adv.

# RED CROSS AIDS EX-SERVICE MEN

## Division Official Tells Kiwanis Twin Falls Chapter Has Achieved Envyable Record

Since June 1 last, 1,213 former service men have sought and received help from the Twin Falls chapter of the Red Cross, Miss Anna E. Brakel, San Francisco, field representative for Idaho and the Pacific division of the Red Cross, a guest of the club, told Twin Falls Kiwanis at their weekly luncheon meeting Monday.

Miss Brakel is here for the week, assisting chapters that have not already done so, to perfect their Roll Call organization.

Of the 1,213 former service men who have been helped, Miss Brakel said, 840 are Twin Falls residents, and the others are from neighboring towns and surrounding counties. The chapter here has expended \$1,900 for former service men and their families since January 1, 1922, of which \$1,000 was the form of loans and grants. The balance has been repaid of this amount \$666 up to the present time.

The Twin Falls chapter, which comprises all of the county except the territory included in the Buhl highway district, Miss Brakel said, is and has been outstanding among Idaho chapters in the quantity and quality of work done for disabled veterans.

General discussion of the primary principle was narrowly headed off by John W. Graham, presiding officer, at the close of a talk by E. J. Hornbrook, chairman of the lately organized Republican Primary club, who had been invited to address the club on the subject. Mr. Hornbrook's remarks were entirely favorable to the primary principle and he predicted at the close of his talk that the primary would be adopted in Idaho because of popular demand for it.

The club accepted an invitation extended by Coach Clint Evans of the Twin Falls high school, to attend in a body the Buhl-Twin Falls football game at Buhl Friday. Similar invitations have been extended, it was said, to the Rotary club and American Legion post.

## HARDING AGAINST CUT IN PRESENT ARMY SIZE

President Considers Present Military Force as Small as Consistent With World Conditions

WASHINGTON, Oct. 26 (AP)—President Harding's belief that the regular army at its present strength—15,000 officers and 125,000 men—is as small as should be contemplated unless there should be a decided change in military conditions throughout the world, is stated in a letter to Secretary Cocks, made public today, by which he departs in order to correct any misapprehension as to the size of the army asked for in budget estimates for 1923.

A letter was written in reply to a communication from Secretary Weeks September 21, explaining to the president that while estimates for 15,000 officers and 125,000 men were being submitted, the opinion of military leaders was unchanged that the minimum force to carry out the national defense act of 1920 was 15,000 officers and 150,000 men.

# REPUBLICANS ADDRESS MEETING AT MURTAUGH

## Prominent Party Leaders Take Up Many Subjects of Timely Interest to Voters

Improved conditions and benefits to follow the solid support and election of a republican ticket were convincingly presented by several prominent speakers at a republican meeting at the Murtaugh school house Tuesday night. T. T. Rutledge presided.

Furmer K. Hackman, one of the principal all other speakers, said the problem is not so much one of cost but of value received. He criticized Moses Alexander, former governor, for not conducting himself in his campaign to a greater or lesser extent of value received. He criticized Moses Alexander, former governor, for not conducting himself in his campaign to a greater or lesser extent of value received.

**Praises Tariff Act.**  
Mr. Hackman criticized the federal reserve bank. He praised the Fordney tariff and said it was a great benefit to the American farmer. He put high freight rates under fire and mentioned that practicing all other costs have remained high. Freight rates, he said, have remained high.

A republican administration is needed in Idaho, Mr. Hackman said, because the state needs the aid of the government in irrigation problems and will stand a better chance of getting results from a national administration if the state is of the same party.

**Swallow Speaks.**  
M. J. Swallow predicted improved conditions for the county if the republican ticket is solidly supported and he mentioned the fact that all republican candidates are pledged to the reduction of taxes to the limit. Frank Stephenson, county chairman, spoke on behalf of the county ticket and said that he election of present republican officeholders will mean economy to the taxpayers.

WASHINGTON, Oct. 26 (AP)—The women's rights convention to discuss problems of the national women's party and questions regarded as vital to the progress of women to be held at Seneca Falls, N. Y., next July was decided upon by the executive council of the party in session here today.

*"The Poetic Justice of Yuko San"*

This is the law of the Yukon, and over she makes it plain:  
 "Send not your foolish and feeble; send only your strong and sane:  
 Strong for the red rage of battle; sane, for I harry them sore:  
 Send me man girl for combat, men who are grit to the core;  
 Swift the panther in triumph; swift the bear in defeat,  
 Strong of a bulldog parent, steel in the fume of the fight;  
 Send me the best of your breeding, lend me your chosen ones;  
 Them will I take to my bosom, them will I call my sons."
