

MAN'S BODY IS FOUND HIDDEN UNDER SHOTGUN

Believe Farm Laborer Was Suicide — Told Friends He Was in Trouble — Disappeared on Monday

The body of Henry Kohonen, age 45, a farm laborer, was found beside an irrigation ditch near the farm of William Graham, about a mile northwest of the city Wednesday, huddled over a double-barreled shotgun. The top of his skull was torn away, apparently by one discharge from the gun, both barrels having been fired.

...Suicide was indicated by all evidence and an inquest will be impracticable, according to Coroner P. J. Grossman. Kohonen had been missing since Monday noon and for several days had been in a mood of despondency, according to Eugene Wahl, a resident of the vicinity where the body was found and with whom Kohonen had lived for about five weeks.

"Can't Tell You About It."

Kohonen would not confide his troubles and when asked about them he said, "I can't tell you about it, I am sick," according to his friends.

Kohonen had borrowed the gun from Mr. Wahl, who intended purchasing it. A real sweater worn by the dead man attracted the attention of William Graham late Wednesday, when he discovered the body. He notified the authorities. Twin Falls Deputy Sheriff Burton Sturtevant, Deputy Sheriff Hamilton and Deputy Prosecutor North investigated.

Suicide Evident.

They reported that no cartridges were found on the body but that the gun was apparently fired from the front. Tuesday night, as the clothing was wet and the gun barrels were slightly rusted. The sum of \$175 in bills was found in his pockets.

Kohonen was not married and is survived by relatives in Randolph, Neb., according to his friends. An effort will be made to communicate with his relatives.

Among the effects turned in to the coroner by a former employer Kohonen was found to have come to this country from Luxembourg, Germany, and to have taken out naturalization papers four years ago. He was a Catholic and the funeral will probably be held under the auspices of that church.

SHOW HOW TAXPAYER'S DOLLAR IS DISBURSED

Chart Prepared by County Tax Officials Gives Proof of Exact Tax Distribution

Public educational institutions require nearly one-half the total amount of taxes raised in Twin Falls county, according to a graphic chart posted in the county auditor and clerk's office. The chart shows the exact distribution of taxes, with a dollar being used as the basis for the illustration.

The chart shows that out of every dollar received \$4.42 goes to public instruction; current expenses for running the county taxes \$3.70; the county capital taxes \$2.70; the county \$0.32, while \$0.08 is required for bond redemption and interest for court house and jail bonds.

TRAFFIC MANAGER LEAVES

Leonard Way Will Go to Washington as Secretary; Graham Takes Up Work

In order to more efficiently handle the affairs of the Southern Idaho Traffic Association, Leonard Way, manager of the association, will leave in a few days for Washington, D. C., as secretary to Senator Gooding. It was announced Tuesday.

The local business of the association will be handled by John W. Graham from his office.

"Senator Gooding expects to make a determined fight in traffic matters and I believe my association with him will put me in direct touch with affairs of vital interest to the association," said Mr. Way.

FIRE DESTROYS BUILDING

Clothing obtained for relief work this winter was destroyed rapidly by the fire in the two-story building on East Main avenue owned by T. A. Gibson, early Wednesday morning. The first floor was occupied by Mrs. J. W. Salvo and the top floor by the Salvation Army.

The fire started in the rear of the building and spread rapidly, but the extent of the fire department was of little avail. The building and contents were partly covered by insurance and the total loss was estimated at approximately \$6000.

HACKMAN HITS FEDERAL RESERVE BANK SYSTEM

Democratic Free Trade Tariff Scored as Cause of Unfavorable Economic Conditions

The federal reserve act was criticized by Turner K. Hackman in the principal address at the republican meeting in the school house at Hollister Wednesday evening. Other speakers were M. J. Sweeney, J. W. Taylor and W. G. Gillis.

Mr. Hackman condemned the federal reserve act as being the cause of inflating prices and then suddenly bringing about deflation and contraction of currency. These conditions, with the democratic free trade tariff, he said, were responsible for serious economic conditions.

Mr. Sweeney pointed out places where money could be saved for the state and made several forceful declarations in support of the republican platform.

Mr. Taylor spoke up a statement attributed to H. P. Samuels to the effect that the state constabulary comprised hundreds of employees which he said was proven untrue by the records which show only three are in the state service.

UTAH STUDENTS INSPECT CANAL

Seventeen Seniors From Utah Agricultural College Guests of Operative Officials

Seventeen senior irrigation engineering students of the Utah Agricultural college returned to their classes Monday after having spent two days investigating the Twin Falls irrigation project.

They were accompanied on the trip by O. W. Israelson, professor of irrigation engineering; Professor Ray W. West, director of the school of engineering; and Professor J. B. Coburn, secretary of the college.

The students were met at Millerton dam by General Manager J. O. Whitaker and General Superintendent William N. McCormick, superintendent of the Millerton dam, who escorted the party over the works.

Then followed an inspection of the ship work on the main line where they were accompanied by Frank McElhany, superintendent of maintenance.

The party was met at the operation by John J. Negus, water master of district No. 1, who went with the students over a portion of the low line canal to the big siphon.

Later a trip was made to Shoshone falls. The visitors were guests of the canal company at a 6 o'clock dinner at Tom's Cafe Saturday evening after which they returned to the canal company offices and heard a short lecture on irrigation by Mr. Wheelon. The party made an evening trip to Burley, and returned to Logan.

DEMOCRATIC NOMINEES PRESENT PARTY ISSUES

Whitaker and Thompson Spoke at Lavering—Defend Former Governor's Acts

Party issues were discussed by W. P. Whitaker, democratic candidate for lieutenant governor, and Raymond Thompson, democratic candidate for lieutenant governor, in public addresses at the Lavering theatre Monday night. About 350 persons were present.

Mr. Whitaker particularly contended that Representative Addison T. Smith had failed to secure reclamation legislation in congress and that he had properly supported the Idaho farmers.

Mr. Thompson declared statements which have been set forth in relation to the candidacy of Moses Alexander are "misrepresentations." He devoted a part of his speech in further support of the acts of the former governor while in office.

The speakers were introduced by E. J. Finch, democratic county chairman.

DAKOTA'S CROP AREA CUT

Unusually Dry Soils Together with Early Start to Reduce Production of Winter Grains

GRAND FORKS, N. D., Nov. 2 (AP)—Reduction in acreage of winter grains to some extent in the Dakotas and Montana, due to unusually dry soils as well as an uneven start of the winter grain, already has been indicated in semi-monthly reports from the north-west for the last half of October, is said today by J. G. Diamond, statistician for the United States bureau of agricultural economics.

DOVER, N. H., Nov. 2 (AP)—The Strafford county prisoners, reopened today with 16 inmates. The superintendent said his institution had become necessary once more because of the widespread manufacture of illicit booze.

WARN TOURISTS OF DANGERS IN WATER DITCHES

City Council Discusses Means of Averting Traffic Accidents Near Water Main Construction Work

Twin Falls city commission at a brief meeting Tuesday night, discussed the danger of tourists being struck by construction work on the water main. The meeting was called by the city engineer, who proposed that an ordinance be passed forbidding the placing of signs or obstructions at highway intersections and the granting of bills and licenses.

Mr. May Brown, who appeared before the council last Tuesday to obtain a license to operate the Lynn road, was granted a license on motion of Commissioner Coburn, after lengthy list of recommendations from citizens of Mountain Home was presented.

Milk and dairy licenses were granted to Ed Hughes, J. C. Fuller, M. P. Kenworthy, J. W. Mallock, B. J. Jones and H. B. Sherman. A taxi license was granted to G. Driscoll.

All points out danger.

Mr. All again urged the abolishment of the signboard at the intersection of Blue Lakes highway and Kimberly road. After some discussion it was deemed advisable to take up the matter of creating an ordinance regulating the building of signboards where they are liable to obstruct the view from the highways at intersection.

Mr. May Brown, who appeared before the council last Tuesday to obtain a license to operate the Lynn road, was granted a license on motion of Commissioner Coburn, after lengthy list of recommendations from citizens of Mountain Home was presented.

Milk and dairy licenses were granted to Ed Hughes, J. C. Fuller, M. P. Kenworthy, J. W. Mallock, B. J. Jones and H. B. Sherman. A taxi license was granted to G. Driscoll.

An increase of salary of \$10 a month was granted Arthur Jarman, night watchman at the police station, for added duties consisting of work in the warehouse adjoining.

RUSSELL NAMED MANAGER OF BANK AT POCATELLO

Institution Head Retains Position Here with Acquisition of Additional Interests

POCATELLO, Oct. 31.—(Special to The News)—James S. Russell, Twin Falls, was elected vice president and manager of the Citizens bank here at a special meeting of the institution's directors held Tuesday evening. Mr. Russell has purchased a substantial block of stock in the bank, will enter upon his new duties at once. The Citizens bank is one of the oldest in southeastern Idaho.

Mrs. I. N. Andersen-Greene was continued by the directors as president of the institution. The directors are George A. Greene, A. B. Dean, W. M. McCarty and W. J. Harvey.

Mr. Russell's agreement of interests in the Citizens bank at Pocatello will not occasion any change in the personnel of the officers of the Twin Falls Citizens bank. It was stated Tuesday evening by J. G. Bradlev, cashier of the Twin Falls bank, Mr. Russell has been associated as an officer with the bank for the past three years, having been president of the institution for the past 15 months. Prior to that time he was president of the Bank of Boggs.

WOMAN WEEPS AS POLICE CARRY HER TO STATION

Wife of Men Serving Jail Sentence on Liquor Charge Resists When Arrested

Mrs. Juan Asascho, whose husband is serving a two months' sentence on a liquor charge, was arrested Wednesday morning in the Eureka rooms for having liquor in her possession.

The arrest was made by Police Chief Cress and Officer Mackey after the seizure of the sale of liquor had been furnished them, Chief Cress said. The woman resisted arrest and reinforcements were necessary before she could be placed in custody. She burst into tears and was carried most of the way to the police station, police said.

A pint of liquor concealed in a hole in the wall back of a sink and covered with a cloth, and several liquor glasses were held as evidence. She was released on bond of \$200.

HEARING UNDER WAY ON IRRIGATION COMPLAINT

Appeal From Petition Filed in 1920 to Have Lands Excluded From Hilldale Project Argued in Court

The action brought by Isaac Bennett, S. S. Brooks and others to have their lands excluded from the Hilldale irrigation district, was heard by Judge T. Bailey Lee at Jerome Monday and Tuesday. Ten days was given in which to file briefs for the irrigation district and another ten days for the protestants to answer.

The case also includes a procedure brought by the Hilldale district to have confirmed by the court the bond value of approximately \$400,000 for the district.

The plaintiffs had about 50 others ask that their lands be excluded from the district if they claim in their petition that an adequate water supply is already afforded by the North Side canal. The petition was filed in 1920 and when heard by the directors of the district last year, the case is now being heard on an appeal from that decision.

The property involved lies in the first segregation of the North Side district around Hilldale, Eden and Hazelton. Judge James F. Bothwell is appearing for the protestants and H. M. McLaughlin is arguing the Hilldale irrigation district.

MOORE FAVORED BY SOUTHEAST

Idaho Falls Editor Tells of Great Receptions Given Republican Nominee

Southeastern Idaho is practically unanimous for Lieutenant Governor C. Moore in his race for the governor. According to H. H. Read, editor of the Idaho Falls Post-Journal, who was here last night with Mr. Moore, "In his campaign last week Mr. Moore visited eight counties in the southeast and was accorded a magnificent reception in every place," said Mr. Read. Attendance records for political meetings were broken at Preston, when over 1400 jammed the theatre to hear Mr. Moore and at Malad several people were unable to get into the hall, where 1000 Oneida county citizens had gathered to hear him. Settling close to his home territory Friday and Saturday Governor Moore was accorded a continuous ovation in Bonanza, where 125 boys, 125 girls, 125 farmers along the roadside, groups in country stores and men in stores and offices of the larger towns were present to greet him and to thank their support to him and announced that they were working to elect him.

"Moore for governor buttons are the regular thing around here," said Mr. Read. "He has actually opened his Fremont farm for many years and left the harvest field to enter the campaign. Seventy-three of his farmer neighbors recently made a public affidavit that they were a genuine farmer. This was in answer to a statement made up by Mr. Moore by political opponents, and came from people who knew the true situation. Southeast Idaho is proud of Mr. Moore and will register that pride on election day with the largest vote from that part of the state ever given to any candidate."

MERCHANTS WILL CLOSE DOORS ARMISTICE DAY

Business Men at Meeting Monday Decide to Close From 12 A. M. Until 4 P. M.

Twin Falls stores will be closed between 12 A. M. and 4 P. M. Armistice Day. This decision was reached at a meeting Monday of about 35 business men in the Chamber of Commerce.

The matter of closing was discussed at length and was put to a vote which disclosed that the merchants were in favor of remaining closed five hours, as specified. The American Legion has not announced its completed program for the day, but the matter of holding a parade has evidently been abandoned.

The principal attraction of the entertainment program will be the football game between T. A. F. and Moscow, originally scheduled for 6 o'clock, but has been set ahead an hour, to start at 2 o'clock.

CLAIMS LOST HANDBUFFS

Owner of Lost Coat Appears at Sheriff's Office; To Use Handcuffs for Doorlock

The owner of the lost coat which was carried in to the county sheriff last week has claimed his property and handing over the coat to the sheriff. The owner, who is a farmer living south of Kimberly, said he bought the handbuffs, which were found in the pocket of the coat, from a mail order to use as a lock on one of his buildings.

CHILD LEAVING CHURCH STRUCK DOWN BY MOTOR

Lucille Wallace Receives Painful Bruises Under Wheels of Skidding Automobile

Lucille Wallace, age 7, daughter of Mr. and Mrs. George O. Wallace, is recovering from painful injuries received Sunday noon when struck by an automobile driven by Superintendent Kennedy of the Hagerman schools. The girl is not in a critical condition and no bones were broken although she barely able to move about, according to a report from the Wallace home Monday night.

The accident occurred when the little girl and her sister came out of the Catholic church attending the late mass Sunday. In crossing the road they passed an automobile and apparently were not seen by Mr. Kennedy until he was within a short distance of them.

On seeing the girls the driver applied his brakes but had struck Lucille before being able to stop. The car skidded several feet, according to witnesses, and when stopped the girl was found underneath, although the wheels had not passed over her.

Mr. Kennedy gave her every attention possible, it was said, and took her to her home where Dr. F. F. Coughlin was called. She received bruises about the arms and legs, and her back was injured and her clothing badly torn.

CLAIM ALCOHOL FATAL TO RAILROAD LABORER

Death of Aged Mexican in Hospital Here Attributed to Drinking Too Much Damaged Alcohol

Manuel Trujillo, aged 65 years, Mexican railway laborer, who is said to have come here a week ago from New Mexico, died Wednesday at a hospital here of the effects, it is believed, of drinking damaged alcohol. Trujillo was received as a patient at the hospital Monday. He is said to have been a welder and nothing is known here concerning his relatives in New Mexico.

The body was taken to the P. J. Grossman undertaking establishment. Funeral services will be held at 2 o'clock Thursday afternoon at St. Edward's Catholic church.

LAXITY AMONG PARENTS AIDS LAW BREAKING

Annual Report of Juvenile Court Officials Shows Economic Pressure Has Serious Effect

Although major charges of delinquency among boys and girls with whom the juvenile authorities have come in contact during the past year do not indicate a general trend of irregularities in school attendance has recently increased, mainly on the excuse of being forced to aid parents in harvesting crops, according to Twin Falls county's juvenile court. The court officials have just completed their annual report to the governor on juvenile cases for the year ending Tuesday.

During the year a total of 150 boys and 15 girls were brought before the juvenile court, charged with delinquency, whether they appeared in court or not, are as follows: Disorderly conduct, 50 boys, 6 girls; truancy, 125 boys, 10 girls; larceny, 25 boys, 15 girls.

Handle Many Cases.

A part of the report says: "The 165 cases brought before Juvenile Judge O. P. Duval and passed upon by him do not indicate a general trend of irregularities in school attendance has recently increased, mainly on the excuse of being forced to aid parents in harvesting crops, according to Twin Falls county's juvenile court. The court officials have just completed their annual report to the governor on juvenile cases for the year ending Tuesday."

The particular purpose of Mr. Barber's visit here, he said, was to establish contact with land owners willing to rent their lands to the state, through a thorough and personal investigation of Idaho's dairying possibilities before discussing of their interests in Wisconsin.

TAX ROLLS ARE REDUCED TOTALS THIS YEAR SHOW

Difference of More Than \$400,000 Between Totals of Two Years Is Ascribed to Decreased Valuations

Real property tax rolls on which total taxes were extended this year totaled \$1,466,507.16, according to figures made public by the county auditor, showing a reduction of \$403,448.88 under last year's total for 1931 being \$1,869,956.04.

The reason is accounted for largely in decreased valuations of farm lands, livestock and mercantile stocks.

MOORE STANDS ON OWN FEET AS CANDIDATE

Republican Nominee for Governor Tells Voters Here He Alone Will Be Responsible For His Administration

Charles C. Moore will be governor of Idaho in truth and in fact, if chosen by the voters at the November election for the position to which he aspires, he declared in an address here Tuesday evening before an audience of about 400 persons who had come through a drizzling rain to hear the republican candidate discuss issues of the campaign.

Mr. Moore made emphatic denial of charges of political opponents that he is the candidate of a political machine or that his administration would be a continuation of the Davis administration. "When I am elected governor," he said, "you will find me in the state house on the job as governor and not a political machine for me."

"I tell you plainly and emphatically," Mr. Moore declared, "that when I am elected governor, the administration will be a Moore administration, not controlled by any individual, group, faction or party."

Shad L. Hodgins, republican state committeeman, in introducing Mr. Moore said that in the candidacy of Mr. Moore Idaho voters were presented with an opportunity to elect a "real farmer" as governor. The state, he said, has had seven business men, two lawyers and one banker as governors, but never a farmer. He urged unanimous support for the election of Mr. Moore as being one who is "trustworthy, sincere and well acquainted with the duties of the office to which he aspires."

A constructive program for the betterment of conditions in Idaho was laid out by Mr. Moore. He urged that his experiences as a citizen of the state in meeting problems and trials of the producers. For 23 years your problems have been my problems. I have helped to build canals, not only with my money, but with my own labor. I have picked potatoes from the dirt when it was a losing game. I have sold wheat for cents a bushel that cost me \$1.20 to produce.

"With a determination to enforce the law, a demand for tax reduction, requiring the strict attention of all state officials to the situation, I am prepared to do it. I ask your cooperation in solving these problems before us as Idaho producers."

Attorney General Roy L. Black discussed the "check and balance" form of state government and showed that instead of increasing state officials it reduces them. In connection with this statement he showed a map of Idaho explained by means of charts and micrograph statements placed in the hands of his hearers. Mr. Black quoted from the constitution of the state treasurer's office to show substantial reductions in tax bills of several Twin Falls county taxpayers. In one of these cases the tax bill was reduced this year to \$620.77, from \$1224.74 in 1931, and in another the cut was to \$722.44 from \$1290.54 last year.

CHEESE MAKER INQUIRES ABOUT CONDITIONS HERE

Establishment of New Industry in Idaho Dairy Region May Result From Expert's Visit

As a direct result of the visit to Idaho last August of leading dairy experts who were guests of the state, inquiries have come to state officials from persons considering the establishment of a cheese factory in Idaho, according to statement made here Tuesday evening by O. H. Barber, state commissioner of immigration and labor. Mr. Barber said that his department was in the process of making a factory builder while investigating possibilities here for the proposed establishment.

The particular purpose of Mr. Barber's visit here, he said, was to establish contact with land owners willing to rent their lands to the state, through a thorough and personal investigation of Idaho's dairying possibilities before discussing of their interests in Wisconsin.

TURKS DIVIDE OVER STATUS OF CALIPHATE

Violent Scenes Mark Proceedings of First Angora Assembly During Discussion of Sultan's Status

CONSTANTINOPLE, Nov. 2 (AP)—Violent scenes marked the proceedings of the first Angora assembly during the discussion today of the status of the sultan. A number of the opposition deputies left the hall. Others favored postponement of the question until after the conclusion of peace.

Dr. Riza Nur Bey, member of the national assembly, to Lausanne, yesterday pointed a motion picture by 76 deputies, declaring that a new Turkey had sprung from the ruins of the Ottoman empire and proclaiming the sultan non-existent.

World Liberate Caliphate.
This motion was amended today by the addition of the words: "The great national assembly of Turkey will liberate the caliphate from captivity."

After a lively discussion of the motion it was referred to a commission of judicial experts.

Mustapha Kemal Pasha in a two-hour speech outlined the course of Turkish history. He pleaded for the separation of the sultanate from the Caliphate, pointing out in support of his argument the inconveniences of having the sovereign and caliph identical, and insisted upon the necessity of a discussion of the project.

The assembly finally adopted a resolution moved by Dr. Riza Nur Bey, that the telegram sent to the Angora government by Tewfik Pasha, the grand vizier of the sultan's government, was an act of treason and the author of it must be punished.

Vizier's Message.
(Tewfik Pasha, in his telegram to the national government renewed his plea that a union of the two governments be negotiated, declaring that abstention of the sublime Porte from the Lausanne peace conference would have a bad effect on the whole Moslem world, but that non-participation by the nationalists would prevent the realization of peace and throw the whole world into anarchy.)

Call Dimples Marks of Beauty.
Is the dimple a mark of beauty? Or is it the mark with that bewitching birthmark and the Cupid's bow mouth less beautiful and intelligent than her sister without these attractions?

Dr. A. S. Warthin, eminent pathologist of the University of Michigan, says they bear a relationship to the barrel and the cleft palate which never get in this or any other land have been accepted as beautiful. They mark a girl as "below par," says Doctor Warthin.

He said it during a lecture on "The Inheritance of Disease," in which he made a direct appeal for eugenics, better living conditions that would breed better humans, and a plea for the recognition of certain inheritances.

He declares that the old proverb, "Blood will tell," has proven its truth throughout the ages and that today this fact was becoming recognized and that civilized people were at least considering what could be done to breed a better race.

Feminine Vice Chairman of Democratic Committee Calls Coming Election Real Test

WASHINGTON, Nov. 2 (AP)—Next week's election will stand as a "test" of the women voters, Mrs. Emily Newell Blair, vice chairman of the democratic national committee, declared in a statement Wednesday in which she said that the women now have had time to chart a course and select party alignment. She explained that when they were granted the franchise, it was immediately ahead of an election in which they had had no voice in the picking of candidates.

"This time," she continued, "it is different. They were called upon to vote in the primaries and so faced the fact that if they were to make full use of their franchise and help select the candidates they must choose a party. Unfortunately, when many of them made their choice in the months immediately following their enfranchisement, the outstanding difference between the policies and pronouncements of the two great parties had not been clearly emphasized by the parties themselves. As this campaign progresses, however, these differences are becoming more and more marked and that fact is not lost upon the women."

Particle of Radium

Efficiency of Instrument is
Demonstrated in Test Made
in Portland Home

PORTLAND, Ore., Nov. 2 (AP)—The efficiency of the electroscopic in the finding of lost radium particles was illustrated today by a successful search conducted by Dr. A. A. Knowlton, professor of physics at Reed College, in the residence of Mrs. F. L. Nitsch, in which a place of radium smaller than a pin point and worth more than \$500, was detected by the instrument, and recovered from ashes in the kitchen stove.

The radium particle, owned by a physician who had used for the treatment of a nasal ulcer, and had been thrown away by mistake. So sensitive is the electroscopic that in determining in which part of the house the radium particle had been lost, it instantly recorded the presence of radioactivity on being introduced into the kitchen, following which it was necessary only to sift the stove ashes for the melted plaque.

The search was instituted by an insurance company which has issued a policy covering the valuable mineral.

IDAHO SCHOOLS REDUCE
EXPENSE OF EDUCATION

Dr. E. A. Bryan Says Per Capita Cost of High School Training Has Been Cut 20 Per Cent in Year

MOSCOW, Idaho, Nov. 2 (AP)—The per capita cost of educating high school pupils in Idaho was reduced 20 per cent last year from the cost of the year before, according to Dr. E. A. Bryan, state commissioner of education.

Dr. Bryan stated that the average monthly cost prior to last year was approximately \$15 per capita, while reports recently issued for last year place the cost at about \$10. The reduction in the cost of high school operations in the state is due to conservative management in the various districts and not due to reduction in teachers' salaries, according to Dr. Bryan. The salary reductions, the commissioner stated, were very slight, in many places the same salary being paid as was in force the previous year. Other economies were put into effect which did not detract from the efficiency of the schools, but which reduced the per capita cost materially.

Gift to Veterans

Unveiling is Planned in Connection with Convention of Grand Army Men

SPOKANE, Nov. 2 (AP)—Plans to immediately partially finance the construction of a Lincoln memorial monument to be presented next June as Spokane's gift to Civil War veterans are being formulated by a committee from the Lincoln-Civil War Veterans' Memorial association.

The committee, including members of Spokane patriotic and civic organizations, plans to raise \$2000 immediately for an initial payment, and \$10,000 by January 1, 1923. The total cost of the proposed monument is estimated at \$25,000. The monument will be an 11-foot bronze figure and will be located in a parking strip at the intersection of Main and Monroe streets.

Alonso Victor Lewis, western sculptor has been selected to design the figure. Kirilind Cutter, a Spokane architect, will assist in designing the base on which the figure will be mounted.

It is planned to unveil the monument during the convention of the Washington and Alaska Civil War veterans here next June.

Purpose to Assemble Nation's Producers and Business Men for Marketing of Crops Announced

WASHINGTON, Nov. 2 (AP)—Invitations to attend a national convention of farmers cooperative marketing associations scheduled to be held here December 14, 15 and 16, were sent out Wednesday to more than 200 such organizations by the executive committee of the National Council of Farmers' Cooperative Marketing associations. According to the committee's announcement the forthcoming convention will be the first attempt at a nationwide gathering of farmers and business organizations for the orderly marketing of crops and produce.

Among the matters intended for discussion at the convention are the general subjects of rural credit legislation and the problems confronting the marketing associations in handling farm products. It is the hope of these marketing associations that the convention will be a definite program of recommendations as to credit and other legislation affecting the agricultural industry may be worked out.

Mose Proved An Expensive Fixture

The Democratic candidate for governor handles figures as carelessly as he does facts. "Millions" are a mere bagatelle insofar as platform conversation goes.

Some Facts

Mose Made The Increase:

The tax budget for 1920 was \$3,172,000. Alexander added other funds and revenue to make up, approximately, the amount of \$3,667,493.

THIS ESTIMATE WAS MADE BY ALEXANDER'S ADMINISTRATION in providing revenue for the incoming administration in 1919. It remained practically unchanged at the time the cabinet form of government was adopted.

However, the big thing that Moses dodged and which constituted the principal amount of the tax estimate consisted of twenty-two items, of which the largest seven, amounting to \$2,307,500, were as follows: Educational institutions, \$402,000; charitable and correctional institutions, \$259,000; road levy, \$1,069,000; bonds, \$165,000; deficiencies, \$187,000; soldiers' welfare, \$166,000; Gem irrigation district, \$59,500.

These items covering MORE THAN HALF OF HIS ESTIMATE, had nothing whatever to do with the cabinet form of government.

Alexander's administration created the increase, acknowledged it, OK'd it, and made the estimate for it.

THE REPUBLICANS PAID IT, WHILE MOSE WAS RANTING ABOUT "HIGH TAXES" OF HIS OWN CREATION. MOSE IS BARKING AT HIS OWN SHADOW.

Moses' main accomplishment after four years trial was passing the buck to the people. A third term is unnecessary.

Vote for Moore and the Republican ticket and there will be no administrative hang-overs or put-backs for the people to pick up when he finishes his term.

STAGE SET FOR TIGHT CONTEST

Jerome and Twin Falls Grid Teams Meet Here Today to Battle for Title

Today is the day for all good men to come to the aid of their football team.

Twin Falls and Jerome will tangle this afternoon at Lincoln field for the championship of the south central division. Both teams have won all of their games in their respective sections.

Reports from the North Side state that the Jerome team has been working hard for two weeks getting ready for the battle, and in order that the students from the North Side will be able to make the trip across the canyon, the Jerome high school will close at 10 o'clock today.

Jerome has a team that will come within five pounds to the man of weighing in with the locals, which means that it will be a battle of strength and endurance as well as of wit.

Behind Closed Doors.
The local team has been working behind closed doors all week, even the dyed-in-the-wool fans being refused admission to the field. The reason was used owing to the fact that Coach Evans has been working on a lot of new plays and wanted them to be new when they were tried out this afternoon.

What Jerome has up its sleeve remains to be seen. When asked for a statement last evening, Professor Sundgras, principal of the Jerome high school said: "Our boys are going out on the field to win. They have been working hard for two weeks and want to show it will be to a better team. We know that the game will be clean, as Twin Falls has always been known to have a clean bunch of players. Let the best team care the right to play the winners of the eastern division."

Probable Lineup.
Coach Evans when approached for a lineup on today's classic, gave out his usual statement—nothing.
The lineup of the two teams follows:

Jerome	Position	Twin Falls
Blakemore	Left end.	Puckett
Reed	Left tackle.	Plynn
Garrison	Left guard.	Nye
Morris	Center.	Kling
Pyron	Right guard.	Frazelle
Bosworth	Right tackle.	Leiser
Schag (Capt.)	Right end.	Robinson
O'Rourke	Quarterback.	Scott (Capt.)
Turley	Left half.	Jenkins
Lee	Right half.	Garity
Gorman	Fullback.	Solek

Clothes and The Woman

Mrs. Mabel Champion.

As women's clothes are an aid of defense in a criminal trial? That is a question that stirred psychologists in the trial of Mrs. Mabel Champion, in Cleveland, Ohio, for alleged murder of Thomas Connell, a Yale graduate. Mrs. Cham-

pion and her husband were seated to a restaurant when Connell entered and began talking to them. A quarrel followed and three shots killed Connell. Both the Champions were arrested, but the husband was freed and the wife

tried for murder. The trial attracted widespread attention, because Mrs. Champion appeared each day in a beautiful new black gown, said to have been selected with an eye to influencing the jurors. Mrs. Champion was represented by Walter D. Meals and John Orgill.

JURY CONVICTS MRS. CHAMPION

Ohio Woman Found Guilty of Killing Carnival Promoter, Receives 20 Year Term

CLEVELAND, Ohio, Oct. 2 (AP)—Mrs. Mabel Champion, charged with the first degree murder of Thomas A. O'Connell, carnival promoter of New Haven, Conn., in a restaurant here last July was found guilty of manslaughter by a jury composed of seven women and five men in common pleas court here tonight.

Judge Burton immediately imposed the maximum sentence of 20 years in Marysville reformatory.

Attorneys for the defense entered a motion for a new trial, which was denied.

When the verdict was read, Mrs. Champion broke down and cried. O'Connell was shot to death in a downtown restaurant here last July while he and Ausley Champion, husband of Mrs. Champion, were engaged in a fist fight following an argument over a drink of whiskey.

On the witness stand Mrs. Campbell admitted firing the fatal shots, but swore they were fired by accident when

O'Connell lunged toward her and seized her arm.
State's witnesses testified Mrs. Champion had risen from her seat, held the revolver at her hip and cried to her husband:
"Stand aside, daddy, and I'll riddle him with bullets."

HIGH SCHOOL NOTES

The Blue Triangle club gave a Halloween costume party Wednesday evening in the gymnasium. Faye Hertz won the prize for the most artistic costume, and Helen Fisher won the prize for the funniest costume. Apple eating contests, whistling contests, cracker eating contests, and peanut races were features that added much to the pleasantness of the evening. Games were played and at the close of festivities refreshments were served.

Miss Geopfarth, a secretary of the Y. W. C. A., will arrive in Twin Falls Friday and will be the guest of the Blue Triangle club. Miss Geopfarth is visiting the different Blue Triangle clubs in the northwest, and as a result of her visit the girls of the local club hope to gain information concerning activities and methods of organization used by other clubs of this section.

RAILWAY CHIEF DIES SUDDENLY

Thomas DeWitt Cuyler Suffers Fatal Heart Attack and is Found Dead in Private Car

PHILADELPHIA, Nov. 2. (AP)—Too much hard and continuous work is believed by friends to have been the chief factor that led to the sudden death of Thomas De Witt Cuyler, national railroad figure, who was found dead in a Pennsylvania railroad private car today. They had for some time warned him "to go slow," telling him that for a man of his years—who was 65—he was working too hard.

Mr. Cuyler, who was chairman of the association of railway executives, and a director in the Pennsylvania, the Santa Fe, and New York, New Haven and Hartford railroads, died as his car was coming into Philadelphia from Rochester, N. Y., where he spoke yesterday on railroad matters.

Heart Attack Proves Fatal

A report made to the coroner's office gave the cause of death as acute dilatation of the heart. The body was taken to Mr. Cuyler's home at Havertford, a suburb.

President Samuel Rea, of the Pennsylvania system, in paying a tribute to Mr. Cuyler, said that his death was a loss, not only to the Pennsylvania railroad, to all the railroads of the country. No personal sacrifice was ever too great for him to make to advance the interests of the railroad, Mr. Rea said.

Governor Pays Tribute

Governor Sprout of Pennsylvania, said that Mr. Cuyler was "a leader in all of the undertakings with which he was identified." His services to the transportation interests of the country, the governor said, "have been monumental in the restoration of the railroad properties of America."

OFFERS RICHEST PURSE IN RACE HORSE ANNALS

Stake at Pimlico Will Aggregate \$117,050; Thirty Entries Will Run in Two Sections

BALTIMORE, Md., Nov. 2. (AP)—The richest purse ever offered for a horse race will be the prize at Pimlico Saturday afternoon. Provided 30 colts and fillies pay the \$1000 entry fee in the Pimlico future, to which will be added the nomination fee of \$7050 from the 2-year-olds nominated, and the \$80,000 of the Maryland Jockey club, the total purse will aggregate \$117,050. This is the highest stake in the history of the sport in this country and abroad.

Since it is impossible to start 30 horses at one time unless they be started in two rows, the race will be run in two sections. The purse will be half of the main pool, or \$58,525. The conditions of the race as listed by the Maryland Jockey club, call for the division of the \$12,000 among the second, third and fourth horses to finish and between the owner and breeder of the winner. This would make first money in each race worth \$16,050. The second horse will receive \$5000, the third \$2500 and the fourth \$1000. The victorious owner will get \$4000 and the breeder \$1000.

BUHL AND HAGERMAN TO BATTLE FOR SUPREMACY

Post Season Game to be Played in West End Town—Barry's Team Crippled

BUHL, Nov. 2. (Special to The News).—The local high school football team will play the Hagerman wall-poppers Friday afternoon at Fells field, here, the game being scheduled to start at 3 o'clock sharp.

That Coach Barry's team will have a hard time with the North Siders is shown in the fact that four of his star players are still in the hospital, recovering from injuries received in the Buhl-Twin Falls game of last week.

Moore, star punter, and the main cog of the team, is hobbling around with the aid of crutches. Moore received a twisted knee. Wagoner, the clever center, is also a victim of knee trouble, and, although not as bad off as Moore, is still nevertheless unable to get into the lineup.

Machosch and Giesentanner are the other two "cripples." These four men out of the game, leaves Buhl a very weak lineup to start off with, but one never knows what may happen in a football game, and in all probability the game will round itself into a struggle well worth watching.

Hagerman has been playing great football of late, and a large crowd of fans from the valley town are making the trip to witness the contest.

WESTERN CONFERENCE FACES NEW UPHEAVAL

Eligibility of Players Issue is Raised With Barring of Wisconsin and Illinois Stars

CHICAGO, Nov. 2. (AP)—A new upheaval in western conference football circles over the eligibility of players was seen today in the simultaneous announcement that two stars—Donald Murray, of the University of Wisconsin, and Allison R. Augur of Illinois—had been barred.

The protest against Murray was made by Coach Zuppke of Illinois, and upon being notified that the player had been declared ineligible Coach John H. Richards of Wisconsin declared that he would protest five members of the Illinois squad.

The disbarment of Augur and Murray came as an echo of the famous Taylorville-Carlinville professional game of last fall which resulted in the virtual disbarment of both the Notre Dame and Illinois football squads, all of the members of the two teams who took part in the contest being ruled out of further participation in conference athletics.

ACCUSED WOMAN CALLS STATE'S WITNESS SLAYER

Mrs. Clara Phillips, on Stand in Own Defense, Declares Peggy Caffee Dealt Fatal Hammer Blow

LOS ANGELES, Nov. 2 (AP)—Peggy Caffee welded the hammer that bent the life out of Mrs. Alberta Meadows, according to the testimony given here today by Mrs. Clara Phillips, on trial for Mrs. Meadows' slaying.

Peggy Caffee was the state's star witness against Mrs. Phillips and was accorded with being the only eyewitness to the alleged slaying of Mrs. Meadows.

Mrs. Phillips told of the events leading to the killing last July, to Mrs. Meadows' alleged statement that she was preparing to run away with Arthur Phillips, husband of the accused slayer, and of a fight that followed between her and Mrs. Meadows, and said that when Mrs. Meadows was getting the best of the fight, Peggy Caffee rushed in with the hammer.

"Peggy came with the hammer and struck at Alberta and beat her with it, and everything went black before my eyes," was the dramatic climax of her testimony.

Weeping and rubbing her eyes with a handkerchief, Mrs. Phillips gave her version of events surrounding the slaying.

It was a tale of jealousy and alleged false accusations which, according to the defense's contention, caused her to go into a "brain storm" the day Mrs. Meadows was beaten to death with a hammer.

Mrs. Phillips detailed the circumstances leading to the arrival of herself, Mrs. Caffee and Mrs. Meadows at the spot where the slaying occurred and told how the three talked over the slaying of Mrs. Meadows and Mr. Phillips.

According to her Mrs. Meadows admitted that she loved Phillips and was preparing to go away with him.

"Then she slapped me and we fought," said the witness, and went on to tell the details of the struggle.

When she said Mrs. Meadows was the best of it and the witness called Mrs. Caffee.

Who she had told of Mrs. Caffee's alleged response to her, Mrs. Meadows stopped the direct examination.

Mrs. Phillips was so discomfited, however, that little headway was made for some time with the cross-examination.

PRESSMAN SUFFERS INJURY.

MILES CITY, Mont., Nov. 2 (AP)—Allen Worrick, employed as a pressman on a local daily newspaper here tonight suffered the loss of two fingers on his left hand when he accidentally got them caught in the plunger on the press as he was engaged in examining the ink balls. He was taken to a local hospital immediately.

"Rope of Rat Tails."

A rope made of 8,000 gopher (ground squirrel) tails was shown on display at the office of the Montana extension director, awaiting shipment to the biological survey of the United States Department of Agriculture. The rope was made by the Blackfoot Indian chief Split-Ear, and his tribal assistants, who live near Browning, in Glacier county, Montana. The Indians have taken an active interest in the campaign against the rodents, and after buying more than 1,400 ground squirrels decided to save tails for the 10-foot rope now on exhibition. It is estimated that at least 15,000 rodents were destroyed by the Indians during the drive.

MINE WORKERS ARGUE FOR COMPLETE UNIONIZATION

Non-Union Areas Sources of Industrial Trouble, Committee Tells Federal Coal Commission

WASHINGTON, Nov. 2 (AP)—Complete unionization of all the bituminous coal fields within the United States and elimination of the non-union mining areas which have supplied a part of the country's coal supply during national strikes, will go far towards eliminating the general strike problem in the industry, a committee of the United Mine Workers of America reported today to the United States coal commission.

The committee held that the non-union fields, by lower scale of wages, continuous fighting of the union, and otherwise, prevented stabilization in the whole industry.

As to local strikes, the committee said, a large number are due to the conduct of the "arrogant petty officers of mining companies," and to violation of contracts fixing wages and working conditions by either the company or the union itself.

Among the members of the union itself, the committee agreed, there was "a very small minority" which occasionally violated contracts, but the organization itself was said to have "a traditional policy of observance of its contracts."

The two general strikes of the industry that stood out in the minds of the public, the committee said on this point, "were those of 1919 and 1922, and were directly due to the refusal of the coal operators to negotiate new wage agreements with their employees."

The committee further suggested that the commission employ investigators to look into actual causes of coal strikes and select "thoroughly competent and experienced newspaper reporters" for the task.

The all day meeting which the War Mothers had scheduled to meet with Mrs. Thomas Irwin on Tuesday night with Mrs. David Brown at the Reed apartments, the rainy day making the change necessary. The morning hours were devoted to sewing for the Red Cross, and a delicious luncheon was served at the Reed apartments. After dinner the regular business session was held with War Mother, Mrs. David Brown, presiding. The remainder of the afternoon was spent with games and stunts, under the direction of Mrs. G. M. Simpson and Mrs. David Brown. The day was arranged to give an outing for several War Mothers who were convalescing, and it was voted one of the most successful gatherings in the history of the organization.

The Presbyterian Ladies' Aid met Thursday afternoon at the home of Mrs. C. A. Eames on Fifth avenue east. The meeting was presided over by the president, Mrs. H. J. Youngs, and was devoted almost entirely to the completion of plans for the bazaar to be held Nov. 17 and 18 in the Elks' building. Mrs. Hugh Lewis was in charge of the program for the afternoon and Mrs. A. E. Slifer gave a reading which was greatly enjoyed. During the social hour dainty refreshments were served by the hostesses, Mrs. Eames, Mrs. James Fitzgerald, Mrs. H. W. Clouck, Mrs. S. I. Johnston, Mrs. Oliver Harstad and Mrs. W. A. Eason. Tea and coffee were served from a beautifully appointed table presided over by Mrs. H. J. Youngs and Mrs. J. D. Kautz. The home was most attractive with decorations symbolical of the Halloween season.

The Catholic Women's League met Thursday afternoon in the Business Women's club rooms. After a short business session a report on the state convention at Pocatello was given by Mrs. Charles Macaulay and a paper on the life of St. Edward was read by Mrs. Smith.

The Woman's Missionary society of the Christian church met in the church parlors Thursday afternoon. After the usual business session an interesting program was given by one of the divisions with Mrs. Schuster as leader, the subject for discussion being Africa. Special papers were given by Mrs. Kruger and Mrs. C. A. Jungst. A social hour was enjoyed after the program and refreshments were served to the large number in attendance.

Mrs. J. C. Moore was hostess on Wednesday afternoon to the Harmony club. The usual games of bridge were enjoyed, Mrs. B. B. Bobler winning the club favor. Following the card games the club surprised Mrs. C. B. Stevens with a shower. Ten members were present and Mrs. D. Lavin, Mrs. A. Alexander and Mrs. J. B. Williams were guests. Mrs. Moore served delicious refreshments at the close of the afternoon.

Mr. and Mrs. Ed Miner were hosts Tuesday evening at a Halloween party for their son, Harold. The time was spent with games and dancing until a late hour when refreshments were served by Mrs. Miner, assisted by Mrs. Clarence Miner. Those present were Howard, Holler, Teresa Hink, Guy Hunter, Gertrude Hall, Harry Roberson, Phoebe Merrill, Mr. and Mrs. C. E. Minor, Harold Miner and Evelyn Witt of Marysville, Cal.

Mrs. Oscar McNeils was pleasantly

surprised Sunday by a number of her friends who arrived with well-filled baskets to spend the day, the occasion being in honor of her birthday. It was also the birthday of J. W. Miller and Master Earl Estlinger. Those present were Mr. and Mrs. Oscar McNeils, Mr. and Mrs. J. W. Miller, Mr. D. T. Shurr, Mr. and Mrs. Church, Mr. and Mrs. Frank Slater, Mr. and Mrs. M. E. Burrow, the Misses Marie McNeils, Anna McNeils, Bernadine Mills, Wilma Mills, Blanche Church, Lester Church, Wilma Estlinger, Edna Slater, Cecil Slater, Moarra, Earl Estlinger, Chester Estlinger, Verla Mills, Bernice Mills, Sherman Church, Floyd Sharp, Wade Sharp and Ralph Sharp.

One of the most delightful parties of the season was the masquerade given by the Misses Mae and Althea Whit at their country home Saturday evening. The rooms were beautifully decorated in a profusion of autumn leaves and various Halloween symbols. Nurturings in pumpkin baskets added to the beauty of the soiree. The prizes for the best costumes were awarded to Miss Bernadine Mills, the Oppy fortune teller, and Melvin Sullivan, Irish vagabond. The fortune teller's den was weird nook made attractive by Jack-o'-lanterns, witches and black cats. The evening was spent with games and telling ghost stories. At a late hour the guests enjoyed a wondrous feast and cider. The guests were Misses Mae and Althea Whit, Anna and Marie McNeils, Bernadine Mills, Edna Slater, Alma Sherlock, Helena Sherlock, Stella Averitt, Lucille Wyman, Lavern Parish, Leona Ellsworth, Nora Whit, Lena Cooper, Mrs. J. W. Miller, Mr. and Mrs. J. W. Whit, Messrs. Howard Sherlock, Bernice Mills, Eric Jones, L. C. Jones, James Schut, Sherman Church, Earl Sparks, Leola Averitt, Harold Ellsworth, George Winsler, Ralph Hall, Robert Dostulesaux, Watt Phillips, Kenneth Henderson, Melvin Sullivan, Howard Hall.

Without Vanilla Also.

Julian Wetzel, of the Keystone Press, speaking before the Service club at Indianapolis recently, told a story illustrating what happens when one ditty person meets another. "I went up to a drug store soda fountain," said Mr. Wetzel, "and ordered a soda without flavor." "Without flavor?" queried the youth behind the counter, smoothing his long hair back. "Without flavor, did you say?"

"Yes, without chocolate flavor." "Oh, we haven't any chocolate flavor. You'll have to do without vanilla."

Spared His Feelings.

A little girl has been deeply concerned about the possibility of ascertaining the exact shape of the earth by means of synchronized wireless messages. A few random experiments seem to show that the term "globe" is not quite a happy one, and that Mother Earth may indeed be pear-shaped. Mary has been duly impressed.

"Mother," she exclaimed, on coming home from school, "our teacher said today that the earth is round."

"Well," ventured the mother interrogatively. "I didn't tell him he was wrong," said Mary, loftily.

SUGGESTS REMEDIES FOR FREIGHT CAR SHORTAGE

Northern Pacific President Sees Hope in Grouping of Roads and More Efficient Exchange Scheme

SPOKANE, Wash., Nov. 2 (AP)—Improvement of operating conditions on railways through grouping of roads and through the devising of systems to get cars back to their railroad owners more quickly, was one of the big factors in preventing a recurrence of the present freight car shortage, President Charles Donnelly of the Northern Pacific railroad said here today. Mr. Donnelly, with other Northern Pacific officials, is on a tour of inspection of the company's lines in the west.

"I confess I can see no full solution of the problem," said Mr. Donnelly. Pacific coast routes to meet water competition would also be a factor in overcoming conditions bringing about car shortages.

Writer of Popular Songs of the 80's Believed Suicide

Edward Green Dies of Gas Poisoning in Plumbing Shop Where He Worked

NEW YORK, Nov. 2 (AP)—Edward Green, famous 40 years ago as the composer of "Will You Remember Me," "Mother's Memory," and other ballads of the 80's, was found gaspoisoned today in the small plumbing shop where he had worked the last years of his life.

As a young man, Green had sung in the music halls of the city. Circumstances of his death indicate suicide, the authorities say.

Statement of JOHN W. HARDIN.

Candidate for State Senator on the Republican Ticket.

I have always been in favor of a state wide direct primary and since my nomination at the republican primaries of Twin Falls county, I have endeavored to ascertain the sentiment of the voters of the republican party concerning a state wide direct primary, and feel that I can safely say that a large majority of my fellow republicans are for it.

I believe in a majority rule, and consider myself in no wise bound by the republican state platform on that subject, inasmuch as I was nominated at a primary election held weeks prior to the Wallace convention.

Therefore, if elected to the senate, I shall support and work for a state wide direct primary measure.

I also favor any measure for the relief of the veteran of the great war and any measure having that end in view will receive my wholehearted support and effort.

If I am elected to the office for which I am nominated, it shall be my aim and purpose to support any legislation that may be proposed for the benefit of the majority of the people, and shall give every attention to any legislation that the people of Twin Falls county may from time to time suggest.

IT'S A PITY

If there were just half as many grooks, politicians and otherwise, in Twin Falls County as certain interests would have the people believe, then Twin Falls County is no place for a Christian, a white man or an ordinary every day self respecting citizen.

If vice and graft, extortion, villainy and downright larceny both petty and grand were just exactly half as prevalent as is indicated by the riot of printers' ink which deluges the City and disgraces Twin Falls citizenship from time to time of late, it were better to abandon the countryside, forsake the town, start out afresh if necessary and begin life over again at some other point.

If, we say, these foul and scurrilous stories, veiled accusations and libel proof innuendoes were based even fifty per cent upon facts.

One of the thoroughly disgusting features of politics is the opportunity it supplies for wholesale vilification. Apparently no price is too high to pay for the defeat of a political enemy. Methods are resorted to which should earn only the contempt of decent men; sense of shame is cast to the four winds; suspicion and distrust are deliberately set up in the minds of men—for what? That the public mind may be confused and an element of the public stampeded into voting, not for anybody in particular but against the enemies of the warped intelligence always to be found back of attacks of this nature.

It's a pity. It is always easier to appeal to certain men through their prejudice than through their reason just as the tendency to condemn can be stirred into action much more readily than the tendency to commend. This is the work of the political trickster, the underground worker, the interests which enter to the baser elements of humanity, the workers whose tools are hatred, suspicion and mistrust.

It is a question if any election on the face of the earth is worth the cost to the citizenship of Twin Falls County which is entailed through this sort of politics. Clean minds revolt at such practices; honest men visit upon the proposition of county government as a whole the wrath engendered through such tactics. Everybody suffers and nobody gains. No section so afflicted can possibly become a better place in which to live while any considerable percentage of its people are willing to condone such methods. Liberty and toleration, under these conditions, become as any other weakness. An indifferent electorate is the one sure result and general indifference to political issues is just as certain to breed real graft and dishonesty in public office as that night follows day.

We repeat, it's a pity. What has Twin Falls or her people ever done to merit the disgrace?

Such tactics are in constant use in certain political subdivisions of New York and Chicago and reputable newspapers seldom carry over a reference to them. Possibly The News is wrong in employing newspaper space in any different manner.

THE AMERICAN RIDDLE

Is the so-called "business cycle" which brings this country alternately fat and lean periods, something the causes of which may be fathomed so that ultimately these panics may be done away with? Is it possible to gather definite facts about what causes these ever-recurring periods of depression, or is their origin still for some years to come to remain a mystery to be classed with the canals on Mars or spots on the sun?

If the matter can be done, Herbert Hoover, secretary of commerce, may be expected to give presently a more correct answer to these questions than has been had to date. A special fund has been set aside, and various agencies for research will be called upon to help in getting the material from which valid conclusions are to be drawn. Experts in economics, in finance, in labor problems of all kinds will be consulted in the hope of finding some means of doing away with business panics.

Needless to say the world awaits the outcome of this investigation with no little anxiety. To any one who approaches this dismal social phenomenon it must be ever a source of wonder how the civilized nations of the world have submitted in patience to

labor under this burden of recurring industrial depressions with no attempt to prevent them. Quite aside from the financial losses occasioned by them, which are stupendous beyond all belief, these depressions entail hardship and suffering to untold millions of people. From the very peak of national prosperity people look forward to lean years with fear in their hearts.

If Mr. Hoover's committee can devise any method to banish hard times, this group of men will be justly entitled to every ounce of gratitude that can be bestowed on them.

GERMANS WILL BE QUESTIONED UPON FINANCES

Allied Commissioners at Berlin Conference Feel Warranted in Seeking Former Enemy's Viewpoint

BERLIN, Nov. 2. (AP)—The official discussions between the allied reparations commission and Dr. Hermann, German minister of finance, have reached the stage where Mr. Barthou and his colleagues believe they are warranted in asking the German government to state its view on the establishment of budget equilibrium and limitation of the floating debt, constituting two of the problems with which the entente representatives primarily propose to occupy themselves in the course of the present conference.

Mr. Barthou, who is president of the commission, communicated this report to Dr. Hermann at the close of today's session and the minister on Friday will present a carefully prepared memorandum dealing with all phases of German currency and financial and economic conditions in their relations to reparations.

RECEIVER WOULD AMEND RAILROAD UNION RULES

Chicago and Alton Representative Urges Labor Board to Change Wage and Rule Schedules

CHICAGO, Nov. 2. (AP)—Efficient and economical operation of the Chicago and Alton railroad, Receiver W. G. Biers, told the United States railroad labor board today, demands the elimination of restrictive overtime and the rule of preventing double-handling of freight trains.

Receiver Biers was before the board urging changes in the overtime and Friday schedules affecting members of the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Engineers, the Order of Railroad Conductors, the Brotherhood of Railroad Trainmen and the Yardmen's association.

His request is opposed by these organizations.

How Not to Take Cold.

Some persons are subject to frequent colds, while others seldom. If ever, have a cold. You will find that the latter class use cold cream on their faces. They take a shower or cold sponge bath every day in warm room, avoid over-heated rooms, sleep with a window open or partly open, avoid over-eating, becoming over heated, and they chilled and getting feet wet. Then, when they feel the first indication of a cold, they take Chamberlain's Cough Remedy without delay and it is soon over.—adv.

PRAISES SMITH'S PART IN ADMINISTRATION

Idaho Citizen's Duty to Give Largest Possible Vote to Twin Falls Congressman, Anderson Says

Ascribing to Congressman Addison T. Smith of Twin Falls, Idaho, generous credit for the "successful and business-like record of the present republican administration," the observer Carl G. Anderson, former Twin Falls newspaper man, writing from Washington to The News, says it is the duty of Idaho citizens irrespective of party affiliations, to give the largest possible vote, "both as a compliment to, and an expression of confidence in, Congressman Smith." The letter follows:

If any administration ever proved itself deserving of its return to office, the Harding administration has done so. Any unbiased observer can testify to the record of service. Coming into power following the close of the world war when the nation was left depressed and struggling by the democratic regime, the administration has not only kept the country from slipping into a depression, but has actually brought about a revival of the nation's economic life.

Speak Louder Than Words. The relief of agriculture, the smoothing out of industrial differences, the improvement of business, the revival of industry, the increase of employment, the averting of a panic, the lightening of taxation, the enactment of a tariff that promises to continue stimulation to prosperity and the pursuit of a foreign policy that has avoided embarrassment and restored the nation's confidence in its dealing with outside problems is a partial list of the results and achievements under the present administration that speak louder than words. It is a record that speaks for itself. On such a record the nation's electorate justly cannot fail to give the republican party unequalled support.

Congressman Addison T. Smith of Idaho is one of the prominent legislators to whom much credit must be given for the successful and business-like record of the present republican administration. He has cooperated fully with the administration in carrying out a policy that has gone far in promoting prosperity. His record, like that of his party, speaks for itself.

Heads Irrigation Committee.

As you are aware, Mr. Smith has succeeded to the chairmanship of the committee on irrigation in the house by reason of the recent death of Congressman Kinnel. It is indeed fortunate, not only for Idaho, but for the western states that Mr. Smith was ranking member of that committee during the chairmanship of Mr. Kinnel. To whom was a great assistance in promoting legislation relating to that committee. During his ten years as a member of congress, Mr. Smith has been a leader in legislation pertaining to the great west, and many of such laws enacted during that time were

framed by him, and by him championed through to enactment.

For twenty years prior to his election to congress in 1912, Mr. Smith served as secretary to Senators Shoup and Hayburn, those sturdy and far visioned statesmen from Idaho, for periods of ten and twelve years respectively. Thus, for the past thirty-two years as secretary and congressman, Mr. Smith has become thoroughly grounded in the art of legislation, and more than any other member of congress he understands the needs of the west and the proper legislation that will satisfy such needs. In fact he is regarded in Washington as an authority on all land matters, and rarely do other members of congress introduce a measure of that character without first consulting with Mr. Smith and receiving from his fund of information, opinions and suggestions that carry weight in securing the desired legislation.

Gives West Advantage.

A measure of great importance to the west is now pending in congress. It is known as the Smith-McNary bill. The joint authors of which are Congressman Addison T. Smith of Idaho and Senator McNary of Oregon, each of whom is now chairman of the committee on irrigation in the house and the senate, respectively. This combination can be counted upon to effectively carry needed legislation for the western states.

The voters of Idaho have a pardonable pride in the distinction that has been meritoriously attained by Mr. Smith, and they should return him to congress, not by a winning vote—for he will receive that anyway—but by the largest vote he has ever received. Hereafter they have voted to "keep a good man on the job." All the more reason now, this year, for their voting in the same manner.

As it has done in the past, The News cannot render a better party service this year than to impress upon the electorate of Idaho, irrespective of their party affiliations, that it is their duty to give the largest possible vote, both as a compliment to, and an expression of confidence in, Congressman Addison T. Smith.

Sedan's Slow Development.
It has taken 277 years to develop the one-passenger sedan, carried on poles by men into the incursions of second-century, pre-driven sedan of 1922. In the first three-quarters of the eighteenth century the sedan was at its zenith of usefulness in England, though it was in general use in America in 1645. The nobility and people of wealth owned their own beautifully decorated sedans, which were often padded and cushioned with brocade silks.

The sedan stood in the lobby of the town mansion ready for instant use, and it was an interesting sight to see several old sedans, carried by footmen and escorted by "link boys" bearing the richly dressed members of the family. When the family was delivered in safety from footpads the link boys thrust their flambeaux into the trumpet-shaped extinguishers which were placed at each "door check" of the high and mighty, and disappeared until time for the home journey.

Better suited than coaches to the steep streets and narrow lanes of Edinburgh, sedans were more used in that city than even in London. Now they have all gone into discard and are only to be seen in museums as curiosities.

Distinguishing Factor.
If time demonstrates that an epigram contains some measure of truth, the thing is thereafter called a platitude.

CANDIDATES FOR CONGRESS HOLD EXPENSES DOWN

Representative Alice Robertson Among Highest Spenders — Few Report Over \$1000 Expenditures

WASHINGTON, Nov. 2, (AP)—Most of the candidates for the house of representatives have reported nominal expenditures in the fight thus far to hold or capture seats. According to preliminary statements, less than 100 have spent more than \$1,000 each in the election campaign, not counting primary expenses. The total cost to candidates—primary and election—has not been reported until within 30 days after November 7, when each candidate must show expenditures whether above or below \$5,000, the limit fixed by law.

Committee Reports Gifts
Additional reports were filed today with the clerk of the house by campaign committees showing contributions since the first filing a week ago. The republican national committee is reporting gifts of \$10,722; the democratic senatorial \$10,000, and the republican national committee contributions were \$3,727.

Preliminary Reports by House Candidates
Preliminary reports by house candidates show that about 200 spent nothing in the general election fight. The list included those without opposition, next week, although most of them previously had reported more or less expense in the primary. House officials familiar with congressional fights have found that in some instances a man's principal expense is reported after the election.

Heaviest Expense Last
"He still may keep well within the law and not tip his hand prior to the voting," an official explained. "Most over the biggest cost is in the last few days of the campaign and on election day."

Representative Alice Robertson of Oklahoma, the only woman member of the house, was among the highest spenders, according to the preliminary reports, her total being \$4,696. Among contributors, Miss Robertson reported one of \$200 by Secretary Weeks and \$1,100 by The Women's National Republican Club, Inc.

In the seventh Minnesota, Representative Volstead, author of the prohibition enforcement act, reported that he had spent nothing. O. J. Kvalø, a minister, opposing Volstead, reported the expenditure of \$274.

Among house members seeking reelection those reporting general election expenses of \$1,000 or more include: Timberlake, Colorado, \$1,357; Leatherwood, Utah, \$1,307; McArthur, Oregon, \$1,200.

Socialist Holds Low Record
Candidates, not incumbents, reporting general election expenses of \$1,000 or more include: Winters, Wyoming, \$1,000.

John R. Hoffman, socialist candidate in the ninth Illinois, held the economy record. He reported the expenditure of four cents for postage.

TARIFF MAKER SHOWS BENEFIT TO GEM STATE

Congressman Smith, in Address at Buhl, Cites Advantages Already Accrued From Measure

BUHL, Nov. 2.—(Special to The News.)—The tariff was thoroughly discussed by Representative Addison T. Smith at a meeting at Buhl Thursday night. Mr. Smith will speak at other nearby points before closing the campaign with an address in Twin Falls Monday night. Turner K. Hackman and M. J. Swoley also spoke at the Buhl meeting. W. H. Green provided.

Congressman Smith recalled the interesting points in the history of tariff laws from the formation of the first law in the administration of George Washington to the present time. He showed that immediately after the Underwood tariff was adopted millions of men were thrown out of work and prices declined.

Farmers Reap Benefits.

He gave several instances showing an enormous spread between the price received for foreign made goods. Under the present tariff, which was one of the principal acts of the republican congress, he showed farmers and stockmen are receiving better prices for their products and his principal statement in support of the Fordney tariff was the money for foreign countries to buy American made products remains in this country.

Through the war finance corporation, he said, \$500,000,000 was appropriated and of this sum \$7,500,000 was distributed in Idaho. There was 950 individual loans of \$2000 or less, and 275 loans of \$2000 to \$5000.

CANNING CLUB WINNERS SEEK GREATER HONORS

Agnes Shubert and Leona Stoddard Leave to Compete for Championship

With a determination to win the trip to Europe by virtue of their skill at canning, Agnes Shubert and Leona Stoddard, Idaho canning club champions left Thursday morning, accompanied by A. I. O'Riley, county club leader for Portland where they will compete with teams from the other northwestern states.

If successful in the Portland contest the girls will be entitled to compete for national honors at Chicago. The winners of the national contest will be awarded a trip abroad.

The display of prize ribbons and the exhibits by which their work was won which have been on view in the office of Mr. O'Riley attest the numerous successes of the two girls in local and state canning contests. It indicates the possibility of their winning greater honors.

The party was taken by automobile this morning to the home of R. E. Broadard, county agricultural agent.

CHAMBER OF COMMERCE BALLOTS TO BE MAILED

Members Will Designate Choice for Officials to be Elected at Annual Meeting

Primary nomination ballots for the annual election of officers of the Twin Falls Chamber of Commerce will be mailed to all members of the chamber Friday. The election will be held at the annual meeting and banquet November 12.

Elections will be held to fill the offices of president, vice president and nine directors. The primary ballots contain this announcement:

"In order that every member may have a more complete choice in the election of officers this year the board of directors has recommended that every member make his nominations from among the business men of the city and that the three highest ballot nominations for president and vice president and the 27 highest directors be considered the nominees to be balloted on at the annual election."

It is requested that all ballots be in the hands of the secretary by noon November 10. All new members for the year whose applications are received prior to November 10 will be entitled to nominate and vote the same as the older members.

TOURIST SUDDENLY ILL

Oklahoma Man is Taken With Internal Affliction While on Motor Trip to California

J. E. Mohney of Fairfax, Okla., is a patient in the county general hospital in a critical condition as a result of internal trouble with which he was suddenly stricken two days ago while on an automobile tour to California with friends.

Mr. Mohney was taken ill at the tourist camp and was confined in the hospital. Dr. Joseph Segal was called and an operation was performed on Wednesday. His present condition is such that immediate developments cannot be predicted.

Stomach trouble developing into more serious complications was given as the cause of the illness. Mr. Mohney's friends are remaining in the city.

APPLES SET NEW QUALITY RECORD

Shipment From Hislop Orchard Claimed to be Finest Sent Out of Idaho

Three carloads of Delicious apples totalling 1,897 boxes from the orchards of T. George Hislop & Son were shipped out of Twin Falls Tuesday, comprising a shipment which, it is claimed, sets a new record for size, color, freedom from worms and other imperfections and for high quality of grades.

Of the entire number of boxes 1,170, or 62 per cent, graded extra fancy; 66 per cent packed 160 to the box or larger, and they had less than one-half of one per cent of worms," said Mr. Hislop, "was made up entirely of extra fancy grade and is pronounced by Harry Hillier, state fruit inspector, the finest car of apples ever shipped out of the state of Idaho and the finest he has ever inspected."

"These apples cannot fail to attract the attention of the buyers seeking the highest quality of fruit another season to Twin Falls in search of more of the same kind."

"There is nothing mysterious or very difficult about the growing of high grade apples. It just means thorough and careful pruning, thinning, spraying, irrigating, fertilizing, harvesting, hauling and packing and keeping it at."

"Our orchards were sprayed no oftener than the other orchards and the same spray material, lead arsenate, used by many other growers did the work."

"They were, however, sprayed at precisely the right time and a sprayer of sufficient power was used. This country has about 3500 acres of apples, numbering some 200,000 trees. They should produce now or within a year six boxes at least to the tree, or a total of over 1,000,000 boxes per year, and this is a very low estimate as compared with production in other fruit growing districts."

"A box of high grade apples will sell for \$2, f. o. b. Twin Falls in average years. A box of the ordinary kind brings perhaps \$1 and it costs nearly \$1 to produce either kind. Figure it out. The ordinary stuff hardly pays its cost. A million boxes of high grade apples would bring a million dollars in profit to the growers. Will it pay to try?"

FORMER SENATOR FLAYS BOTH DOMINANT PARTIES

K. I. Perky Says Test of Efficiency is Not Question of Cost But of Courage

"The best test of governmental efficiency is not so much a matter of cost as it is how the officials maintain their courage and keep their pledges," said K. I. Perky, former democratic senator from Idaho, in an address on progressive party issues at the Laverne theater Thursday night. About 250 persons attended.

The speaker took up the excess profits law, the Esch-Cummings act, the Fordney tariff and the attack on Moses Alexander. He condemned excessive expenditures and attacked what he termed the policy "of trying to make a factious government out of what should be a Ford government."

Mr. Perky endeavored to show that economic depression of recent years was to be attributed to the policies of the major parties. The speaker was applauded at intervals and he made use of anecdotes and incidents to illustrate his speech.
