

THRESH OUT MANY VIEWS ON PROJECT

Arguments For and Against American Falls District Are Aired by Reclamation Service Men and Citizens Here

Arguments for and against the formation of the proposed American Falls irrigation district and the inclusion in it of lands under the Twin Falls canal system were presented and freely discussed by representatives of the reclamation service and interested citizens at a public meeting held Wednesday evening in the high school auditorium under the auspices of the Rural Federation of Women's clubs, opposing, and the local organization of landowners, supporting the proposition.

Mrs. Carrie Harper White, former member of the state legislature, representing the rural federation, and E. A. Banks, reclamation service engineer, were the principal speakers. At the conclusion of their statements, the meeting was thrown open for general discussion, but continued for more than two hours. Moving for adjournment at 11:30 o'clock, Mrs. White thanked representatives of the reclamation service for their presentation of the proposition, but added that they had failed to answer "unsatisfactory questions" in that they had provided no solution for adverse economic conditions existing in this region.

Sonnet Here Proposition

Several persons voted, during the general discussion, in favor of a resolution offered by Herschel Sonnet, Twin Falls, declaring that the government should build the American Falls project, leave it to individual canal companies to purchase such water from it as they desired, and proposing that the Twin Falls canal contract with the reclamation service for \$1000 per acre of American Falls water, in consideration of its rights to 97,000 acre feet of water in Jackson Lake reservoir and \$300,000 to be paid in 20 annual installments of \$15,000 each.

Arthur W. Swin to refer the resolution to the directors of the canal company.

Won't Provide Finances

Before the resolution was put to vote, Barry Dibble, project manager for the reclamation service, told the meeting that "a resolution won't provide finances," and declared that the government "has no money" and that the government would go ahead and build the project on its own finances and sell water.

O. E. McClain, Twin Falls, objected because of the expense of the resolution to be made public as the sentiment of the entire meeting.

"We don't want any more reclamation in Idaho until the reclamation service has had the money," Mrs. White declared in the course of her argument against the district plan. "More water will not reduce our freight rates, lower our interest charges or solve our marketing problem."

On the grounds that Twin Falls landowners cannot afford to participate in the undertaking; that the Twin Falls canal system would lose its identity and sacrifice its first water rights; and because of the payment of bonds of other participating units in the event of their failure to pay their share of the obligation, Mrs. White summarized her objections to the proposition.

Mrs. White referred also to possibility of aggravating the drainage problem by making more water available.

Take Long View

In rebuttal, Mr. Banks, who in his principal statement had outlined the history of the project, pointed out that estimates of the cost of the project had been the expense of Twin Falls landowners to \$3 an acre, and that the obligation would not be due for 20 years with an additional provision for extension of the time for another 10 years.

"I hope," Mr. Banks said, "that conditions in this country are not so bad that such an obligation could not be paid off in 40 years' time."

Referring to necessity for immediate action on the proposition, Mr. Banks exhibited a memorandum of the application made in August, 1922, by the Pacific Power and Light company to the federal power commission for permit to construct a series of 10 concrete dams on Snake river for power development. The construction of the dams under such a permit, Mr. Banks said, would give the applicant a perpetual right to the winter flow of the river, and

VERDICT IN STATUTORY TRIAL DEADLOCKS JURY

Looked in Rooms at Midnight Deliberating on Blackburn Vordiot; Find Espoltz Guilty

The jury in the trial of Melvin Blackburn in district court on a statutory charge was apparently hopelessly deadlocked and was still deliberating last midnight. The trial in the case was completed and the jury retired for deliberation shortly before 11 o'clock Tuesday forenoon.

Most of the forenoon was devoted to summing up the case by the prosecution and the defense, the latter being represented by W. P. Guthrie and E. J. Hornbrook, the former having brought out important points during the trial.

In contrast to the disposal of the Blackburn case was the case of Charles Espoltz, found guilty of having liquor in possession. The selection of the jury, trial of the case and the verdict occupied approximately an hour. The defendant was not present, and no defense was made. The jury's verdict was announced by deputy sheriff October 13 and 75 bottles of beer and a keg of strawberry wine, alleged to have been seized at his farm home near the city, were introduced as evidence.

Joe Martinez, proprietor of a pool hall, was placed on trial late in the afternoon on a liquor charge. Testimony of witnesses in the case will be taken up again Wednesday.

SUGAR MAKERS' CAMPAIGN ENDS

Operations at Twin Falls Factory Cease This Week; Another Payment Due

The plant of the Amalgamated Sugar company will close Saturday and approximately 300 employees will be laid off until next year, it was announced by officials late Tuesday. Another payment to growers of about half the last payment of more than \$100,000 will be made on December 15 and a bonus will be declared on February 15.

Of 35 men who will be retained to operate the plant machinery and equipment in preparation for the resumption of business next fall. The work will take the entire time of the crew until the plant reopens, it was said.

Local growers and the sugar company have been in dispute since the crop this year in this immediate vicinity was only a fraction of the normal amount and that large amounts of beet sugar had been in a distance, officials said.

The entire local acreage this year was about 1600, compared to 7000 acres last year. The general rule of this season while less than last year's was better than was expected, it was said.

CHICKEN POX OUTBREAK HITS LINCOLN SCHOOL

Find Several Pupils Afflicted; Other Class Rooms May Be Closed After Investigation

One class room at the Lincoln school has been closed as a result of an outbreak of chickenpox and scarlet fever early this week and others may be closed shortly, Dr. A. S. Segal, county physician reported Wednesday night.

The closing of the room followed the investigation of the physician when the teacher reported about half of the class afflicted. Calling at the home of the pupils it was found they were in various stages of the affliction. Orders that they be kept home and isolated from the other children were given.

Dr. Segal reported that about 10 cases of scarlet fever exist in the county outside of the city and four are inside the city limits. Strict quarantine is observed in these cases. Chickenpox has afflicted approximately 35 children in the county recently, he said.

"Serious consequences may result when children are permitted to go to school after symptoms of chickenpox appear," said Dr. Segal. "The disease spreads quickly when one afflicted child mingles with others. Parents can not be too careful in this regard and on the first appearance of unusual symptoms, should report it to their physician."

CATTLE YES, BOOZE NEVER

Salmon Ranchman Declares Recent Arrests in Liquor Raid Did Not Take Place on His Property

Recent arrests in the Hollister neighborhood following the discovery of illicit liquor operations by the forces of Sheriff Sherman, strict no more on his land, C. A. McMaster declares.

"You make it plain that I deal in pure-bred short horn cattle and Dorset hogs," says Mr. McMaster, "and that I am connected with the bootlegging business in any way, shape or form, nor is anybody else on my farm. Short horn cattle and hogs, yes, but not liquor, at all."

Through error Mr. McMaster's ranch was named as the scene of recent booze arrests on the Salmon tract.

FIGHT FOR CUT FREIGHT RATES WINS PROMISES

Union Pacific Officials Pledge Co-operation; Utilities Commission Asks Backing of People in Their Battles

Union Pacific officials are willing to negotiate in changing level of freight rates for southern Idaho, but made no concrete assurances that any particular rate or rates would be reduced, it was reported by Twin Falls delegates on their return from the meeting of the representatives of the Idaho Freight Reduction association with the railroad officials and public utilities commission at Boise Monday.

The meeting invited the utilities commission to attend and Senator Yeaman, spokesman for the rate association, requested the commission to prosecute the case of the producers, shippers and citizens of the state.

Erb Pledges Commission.

President George Erb, who retires from the commission in four years, responded in part as follows: "I am not attempting to bind the future commission, but I am quite satisfied that the commission will be willing to lend its time, talents and what financial assistance we have available to prosecute the case to secure rate reductions."

Commissioner E. M. Swoolley, corroborating the remarks of Mr. Erb, declared that so far as he is concerned, the commission is in a positive accord with the sentiment and will work consistently to relieve car shortage and secure freight reductions in Idaho.

In the resolutions adopted at the meeting the association asked for a permanent tariff to the level of eight years ago on the grounds that agriculture is no longer profitable and investments are insecure and the roads are requested to put in effect emergency rates, particularly on potatoes, grain, fruit and hay going out of the state and on coal coming in.

The association closed its meeting by electing a legislative committee to work with the commission and instructed its rate committee to meet at once with the commission and arrange a schedule of reductions to be worked for.

STRONG PROGRAM IS GIVEN

National Education Week Dealt With by M. O. Mitchell, C. W. Evans and C. H. Krongle

National Education week supplied the text of the program at the monthly dinner meeting of the Twin Falls Rotary club held Wednesday evening. President Krongle presided.

The program was in charge of M. O. Mitchell, superintendent of Twin Falls schools who, after an interesting introduction, addressed the gathering on the subject of the object of the movement. Some of the facts given and statistics quoted proved of keen interest to his hearers and the entire address was listened to with close attention.

Superintendent Mitchell outlined the purpose of National Education week and explained the object of the movement from the standpoint of the educator. Some of the facts given and statistics quoted proved of keen interest to his hearers and the entire address was listened to with close attention.

Illiteracy among the American troops in France was so found it constituted a feature of the address of Captain Krongle, who shed new and interesting light upon the question of America's place among enlightened nations from the standpoint of education.

Figures quoted by Mr. Evans indicated a general condition as to health among both the youth and the adult of the nation which the speaker described as a source of waste, the cost of which in the month of dollars annually, an expense shared in generally by the American people.

NOVEMBER BRINGS LOWER TEMPERATURES AND SNOW

The average of the daily high temperatures during November was 45.4 degrees and the average of the low temperatures was 22.7, according to the monthly report of the weather bureau. The same averages for October were 62.5 and 23.0 degrees.

The highest temperature reached during November was 56 degrees and the lowest was 14 degrees. The average temperature for the month was 34.1 degrees as compared with 51 degrees for October.

Thirteen days during the month were partly cloudy, six days were clear and a total of .37 of an inch of precipitation.

Natives of Idaho to Establish New Home in Gem State

Wedding of Max Ehr, Montpelier, and Jane Schurtz, Hagerman, Takes Place Here

Max Ehr, farmer near Murtaugh, and Jane Schurtz of Murtaugh were married Tuesday afternoon by Probate Judge O. P. Duval, shortly after they obtained their license at the clerk's office. The marriage is one of few such occurrences in which both parties are natives of Idaho. The groom was born near Montpelier and Miss Schurtz was born at Hagerman.

DEATH SUMMONS R. H. STEVENSON

Well Known Figure in Politics and Newspaperdom of Idaho and Ohio, Dies Here

Robert H. Stevenson, widely known figure in the spheres of politics and newspaperdom throughout the states of Ohio and Idaho, died at 5 o'clock Tuesday evening at a local hospital from pneumonia, which he contracted by which he was suddenly stricken Sunday night. The body has been taken to the J. Grossman undertaking establishment.

Mrs. Lloyd Frederick Coates, only child of Mr. and Mrs. Stevenson, is on her way here from Los Angeles, and other relatives in Los Angeles, Kentucky and Ohio have been contacted with. Arrangements for funeral service will be held in abeyance until word is received from relatives.

Was Harding's Chum.

Born July 27, 1867, in Georgetown, Ohio, Mr. Stevenson in his youth learned of printing and before he was 30 years of age he was serving as political editor of the Cincinnati Enquirer, and was then an intimate associate of President Harding, who also was engaged in newspaper work. More than 20 years Mr. Stevenson occupied a seat at reporters' table at all national political conventions. He was elected with C. W. Stevenson in the campaign for John B. McLaughlin, democratic candidate for governor of Ohio in 1908.

Only two years in 1908, Mr. Stevenson lived for about a year in Seattle, and then came to Gooding, Idaho, where he published the Gooding Eagle for a number of years. Mr. Stevenson was engaged in the publication of the Wallace, Idaho, Press-Times. After serving for a time as business manager of a Cheyenne newspaper, Mr. Stevenson came to Twin Falls in October, 1918, and purchased the Twin Falls Chronicle, which he converted into a daily newspaper, that was later consolidated with another local paper.

Wields Power in Senate

While residing at Wallace, Mr. Stevenson was elected state senator from Shoshone county, and as a member of the senate served as chairman both of Finance and ways and means committee. Because of his knowledge of the subject, political leadership gravitated to Mr. Stevenson. He took an active part in the campaign this year, in which Mr. Stevenson was elected. Judge William M. Morgan for the democratic nomination for governor.

As a member of the Eikes and Knights of Shoshone, Mr. Stevenson became prominent. Large credit is ascribed to him for securing the loan that made possible the construction of the bridge completed here at Twin Falls, known as the Elks bridge.

Mr. Stevenson was a member of the Knights of Pythias lodge in 1899, and filled many official chairs of various orders, serving last year as the principal officer of the Twin Falls organization.

Continues Work as Writer.

Since disposing of his newspaper interests here about two years ago, Mr. Stevenson has made his home in Twin Falls, serving as correspondent for a number of eastern newspapers and contributing to an editorial syndicate.

Mr. Stevenson serves a lady, his wife, who is Miss Nettie Thomas, his companion for nearly 30 years, and by their daughter. He leaves also two brothers, W. H. Stevenson of Brookings, S. D., and a sister, Miss Martha Stevenson of Los Angeles.

HOLD OPEN HOUSE FOR PARENTS AND TEACHERS

High school and intermediate school teachers will be on hand at the parent-teacher meeting at the high school Thursday evening, at 7 o'clock, for the purpose of pupils and students and confer with them. The teachers will receive the parents from 7:30 to 8:30 o'clock, and the parents will be in the auditorium to discuss plans and aims of the parent-teacher's association.

Florence S. Joslyn is making her announcement Tuesday evening, a large attendance of parents is a means of closer cooperation between the teachers and the parents of their pupils.

The future meeting has been scheduled. On January 25 parents' night will be observed, the program being provided by parents and visiting officials from other schools. A Mary's club will be known as pupils' night with a program by various student clubs. The final business meeting will be held April 19.

TWIN FALLS COMMANDERY HOLDS ANNUAL MEETING

Officers for Ensuing Year Elected at Unusually Large Gathering of Knights

The annual meeting of Twin Falls commandery No. 10, was held Tuesday night at the Masonic temple and new officers elected for the coming year. Following the ceremonial lunch, was served to an unusual number of Knights Templar of Twin Falls and surrounding towns.

Right Eminent Grand Commander Ernest J. Osterander acted as installing officer with Past Eminent Commander Roy A. Read serving as assistant.

The following officers were elected: J. A. Walters, eminent commander; Martin V. Denoyer, generalissimo; George D. Harward, captain general; Minnie G. Denoyer, wardens; Frank Stephan, junior warden; J. M. Maxwell, treasurer; James W. Smith, recorder; John F. Hansen, standard bearer; G. L. Noble of Kimberly, sword bearer; T. L. Joly, warden, and Ross L. Johnson, sentinel.

Dr. R. A. Parrott is the retiring eminent commander.

MILK IMPROVES IN LAST MONTH

Tests of City Chemist Show Quality of Local Dairies Above October Marks

Residents of Twin Falls who served during November with milk of a far better quality than during October, as indicated by the chemical tests made by E. R. Deoley, city chemist, from samples taken from all dairies by City Inspector McPherson.

The greatest advance shown in bacterial count, the legal limit of which, according to the city ordinance is 100,000. During October there were four dairies whose milk averaged considerably above the legal standard, one of them showing the presence of 170,000 in November, the highest count was 33,000.

Only two dairies fell below the legal standard of 12 per cent in contents of solids during November. All dairies were above the solid content standard in October.

In buttermilk all tests showed an average better than the legal standard of 8.2 per cent last month, the highest being 6.4 per cent for milk from the John Rippe herd, as compared to the highest mark in October of 6 per cent shown by tests of milk from the farm of G. W. Matlock. B. Kaylor with a test of 5.8 per cent showed the highest last month in buttermilk tests.

The complete report on tests for November is as follows:

	Buttermilk	Solids	Bacteria
C. M. Millan	5.7	12.9	42,000
J. J. Tacknack	6.7	12.9	42,000
H. B. Sherman	4.3	12.7	6,000
A. J. Young	4.2	13.9	18,500
F. Pollock	6.3	12.9	6,400
J. H. Rippe	6.0	12.8	37,900
J. V. Starns	4.9	12.9	37,000
A. W. Waters	4.2	13.4	63,000
J. H. Rippe	4.3	14.4	21,000
B. Kaylor	5.8	13.2	17,500
Lester Johnson	4.8	13.7	17,200
Blue Lakes Gro.	4.8	13.9	34,000
P. Rudolph	4.1	13.3	22,000
W. H. Matlock	5.8	12.9	17,500
R. C. Arrington	5.7	12.8	28,000
Ray Shaw	3.6	12.8	36,000

WIDOW AND SISTER LEFT FORTUNES FROM ESTATES

W. N. Clark Left Property Valued at \$25,000; W. S. Campbell Leaves Fortune

William N. Clark, pioneer and resident of this district for 20 years, who died here last week, left an estate valued at approximately \$25,000, according to the statement filed in probate court. Probate Judge O. P. Duval set the hearing for December 23.

Mrs. A. Simms, a sister living in Bedford, England. The estate comprised \$12,100 in notes secured by mortgage, \$2350 in United States bonds and the balance in real estate in Twin Falls county, which returns an income of about \$1000 a year.

The estate of W. S. Campbell is shown to be valued at \$34,000, the greater part of which goes to his widow Mary Wood Campbell, of Twin Falls. The Campbell estate was also divided in bonds and real estate. The hearing was set for December 30.

DIES AT AGE OF 107

SANTA BARBARA, Cal., Dec. 7, (AP)—Mrs. Venetia, born here 107 years ago, according to members of her family, died here today. She had spent all of her life in this immediate vicinity.

RAIL OFFICIALS HERE ON SURVEY MEET CITIZENS

Car Shortage Relief and Transportation Facilities for Contact Figure in Talks Here of Short Line Men

Five prominent officials of the Oregon Short Line spent Saturday in Twin Falls on a general inspection preparatory to the meeting of the Idaho Freight Rate Reduction association at Boise Monday. They were: A. Rogers, general freight agent; D. H. Gray, assistant general freight agent; C. G. Gignoux, agricultural agent; J. P. Powers, freight agent at Salt Lake, and J. H. Neuen, chief rate clerk.

The officials conferred with local business men and organizations on shipping conditions and met with several discussions on questions involving the railroad and the shippers. "I believe that idea hits the nail on the head," he said. "It would be good for everyone concerned if we get together and talk things over about the railroad."

Some relief is being obtained from the car shortage situation although there are still many factors that make it so serious a condition, the officials said. The American Railway association is getting in action on the subject but the great majority of the cars in circulation are still retained by eastern lines.

Mining Men Visit

While the railroad executives were in conference with Newell Wright, secretary of the Chamber of Commerce, E. F. Gray, mining man at Contact, Nev., joined the group and the discussion turned to the mining situation around Contact. The officials of the railroad. The discussion was merely as a matter of interest, however. Mr. Gray stated the one great problem at present is the lack of transportation facilities for ore. The building of a carrier line out of Contact. Ore produced up to this time has been shipped through Wells or north by way of Bonanza. Mr. Gray said the scale is awaiting the building of a carrier line out of Contact. Ore produced up to this time has been shipped through Wells or north by way of Bonanza. Mr. Gray said the scale is awaiting the building of a carrier line out of Contact. Ore produced up to this time has been shipped through Wells or north by way of Bonanza.

Investors Here Get Good News

Flow of Oil Reported in Long Beach Oil Well in Which Local People Are Interested

News of an oil strike on the Signal Hill property near Long Beach, California, which eight Twin Falls citizens own a one-fourth interest, was received late Wednesday afternoon. Mr. Asher B. Wilson, one of the investors, said the flow was not indicated in the communication, but it is believed to be exceptionally large.

"I have asked for a wire tomorrow stating the number of barrels per day," stated Mr. Wilson, who received the telegram from Charles H. Mott, also owning part of the stock in the lease, and who now is in Long Beach.

Mr. Wilson predicted the possibility of the well reaching a flow of 3000 to 5000 barrels per day, which would, it is estimated, give a return of approximately \$500 per day for an extended period to Twin Falls investors. Mr. Wilson said that the well was driven to a depth of 3754 feet, the last 600 feet of which was oil sand. Mr. Wilson said.

The investment of the local persons was made in October.

MASONS ELECT OFFICERS

Twin Falls Lodge A. F. and A. M. Holds Annual Session and Names Officers for Forthcoming Year

Twin Falls Lodge Number 45 A. F. and A. M. held its annual session of officers on Wednesday evening at the Masonic temple. Charles E. Jones, senior warden; C. A. McMaster, senior warden; Dr. Charles E. Jones, junior warden; W. O. J. Bradley, treasurer, and W. D. Smith, secretary. A good attendance was present.

## LIQUOR FIGHT FLARES UP IN HOUSE SESSION

Advocates of Prohibition and Opponents Stage Stormy Debate Over Dry Law Enforcement Appropriation

WASHINGTON, Dec. 7 (AP)—An old time liquor fight flared up in the house today during debate on the \$115,000,000 treasury supply bill, with its item of \$8,000,000 for prohibition enforcement.

Starting when Representative MaGee, republican, New York, a member of the committee which framed the bill, declared that defiance of the Volstead law "was as prevalent as the threat of our institutions," it ended abruptly just after Representative Hill, republican, Maryland, a leader in the movement for light wines and beer legislation, had announced what he proposed to offer in the form of amendments when the prohibition section was reached tomorrow.

**Dry's Loose Barrage.**  
Meanwhile, friends of prohibition, overwhelmingly in control, took one shot after another at those who sought to attack the law and by parliamentary methods cut short Mr. Hill's attempt to connect the prohibition unit in a friendly way with the Ku Klux Klan.

In urging congress to give to the states the right to any what alcoholic content would make and how in intoxicating, Mr. MaGee declared it probably would result in a beverage made from pure ingredients and "the restoration of wholesome respect for the law."

Declaring the liquor traffic had thrived on misery until the people handling it as if it were a serpent, had choked it, Representative Gilbert, democrat, Kentucky, shouted to the house that he was getting tired of constant attacks on men who were trying to see that the law was obeyed.

"So determined and vindictive is the small minority that it stands out in open defiance of the Constitution," said Mr. Gilbert, adding that it was backed by influential resources and that members of the house gave aid and comfort. Mr. Gilbert asserted that crimes which flourished in the last room days had decreased to the point where many jails in rural communities were empty.

**Explains Amendments.**  
Half a dozen members were on their feet at once trying to break in with questions when Mr. Hill, with six minutes to close the general debate, explained the nature of his amendments.

"In the first place," he shouted above the hubbub, "I shall propose that the house strike out of the bill the item of \$150,000 for the prohibition unit's publicity bureau. The sum of from \$125,000 to \$150,000 as heretofore, shall not be spent hereafter in open violation of the Volstead law for the purchase of bootleg liquor to be used as evidence; that none of the government appropriation shall be used to defray the expenses of stump speakers sent over the country by the prohibition commission."

All the time Mr. Hill was being surrounded with questions as to whether he was trying to tighten the Volstead law.

"I shall also propose to strike out of the appropriation all funds," he went on, "for legal advisers, special counsel to the prohibition unit, on the ground that its legal force does not know how to construe the law which exists today. Another amendment provides that no part of the fund shall be used by the commissioner for propaganda purposes, in an attempt to defeat members of congress, and finally, to transfer enforcement of prohibition from the treasury to the department of justice, where it belongs."

**Strikes at Klan.**  
Mr. Hill declared that anybody connected with the government "who approves the Ku Klux Klan should not receive government funds for law enforcement." When forced to sit down by expiration of his time, Mr. Hill was attempting to read an extract from a press bulletin by the prohibition unit's publicity bureau, which said "the federal prohibition director of Arkansas had reported that the Ku Klux Klan had organized a campaign against moonshiners." This, he said, was issued last April, and printed. There was another flurry after the bill was taken up, item by item. The

word "alcohol" appearing in the list of the treasury's clearing supplies flared the house up again. Representative Blanton, democrat, Texas, contending gasoline was good enough, wanted it substituted, but failed. Then he tried to make it denatured alcohol, and Mr. Hill insisted it should read "non-leverage alcohol." Both proposals were formally put to a vote on Thursday.

Getting about half way through the bill, the house had reached the section relating to the bureau of internal revenue, when the prohibition appropriation, when it quit work tonight.

## Strikes at Talk of Godlessness of Present Age

Speaker Before Sunday School Board, Denies Young People Are Going to Devil

SPOKANE, Wn., Dec. 7 (AP)—Talk about "the godlessness of this age" and that "the young folks are going to the devil," was denied by Dr. James V. Thompson of New York, president of the reports of the young people's department at a conference of the national board of Sunday schools of the Methodist Episcopal church here Wednesday.

"It is that kind of talk," he advised. "It is induced by the patent leather hair, the short skirts and bobbed hair, but it is notoriously erroneous." "As a matter of fact, a splendid indication point to a general uplift of standards, a general movement for the better that outweighs the sensational reports," he continued. "There never have been such fine relationships as there are in the colleges today. The young people in our colleges are looking to a pulling up of the general standards and the advancement of good sportsmanship—the desire to be a man, win or lose. There never was a time in the history of the world when standards were higher as regards inter-sex relationships or booze."

## COLOMBIA GIVEN CHECK

WASHINGTON, Dec. 7 (AP)—The United States yesterday gave the republic of Colombia a check for \$5,000,000, first payment under the \$25,000,000 treaty ratified in 1921 to cover certain damages incurred in the construction of the Panama canal. The payment was due September 30, but for some unexplained reason, Colombia was not ready to receive it until today. Under the treaty the remaining payments will be made yearly in five million dollar sums.

## ITCHING ECZEMA DRIED RIGHT UP WITH SOLPHUR

Any breaking out of the skin, even when, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings cure from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth. It seldom fails to relieve the torment and discomfort. Sufferers from skin trouble should get a little jar of Rowley Mentho-Sulphur from any good druggist and use it like cold cream.

## Taking Desperate Chances.

It is true that many contract severe colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand such succeeding attacks and saves the way for the more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cures of bad colds may be had for a trifle—adv.

FOR SALE—A good plow. You take it away with you and pay a little down and give a note for an unknown amount.

Does that offer appeal to you as a good bet of business?

Why not?

If you will not buy unknown plows at an unknown price where is the difference between that and buying a fire policy without knowing exactly what the cost will be? That unknown factor has no place in business—that's why this agency sells fire insurance in the old established stock fire insurance companies.

## TAKES OUT BIG POLICY

J. C. Penny, Chain Stores Head, Invests in More Insurance, Bringing Total Up to Three Million Dollars.

NEW YORK, Dec. 7 (AP)—J. C. Penny of the corporation bearing his name Wednesday joined the ranks of big league policy holders, when he took out insurance bringing his total up to \$3,000,000. His annual premiums will be \$120,000.

Only three other Americans are in his class, Rodman Wanamaker, who is insured for \$1,500,000; John Wanamaker, \$3,000,000, and Pierre du Pont, \$4,000,000.

Mr. Penny started his business career in a clothing store at Kemmerer, Wyoming, 20 years ago, with \$500 capital. He now operates a chain of stores extending through 29 states.

## HIGH SCHOOL NOTES

The Blue Triangle club held a meeting in the dome Wednesday evening at 7:30. It was a recognition and initiation session for new members. A few stunts were given and refreshments were served. Everyone spent a very enjoyable evening. There was a short meeting of all the boys of the high school Thursday morning during the third period.

## Chamberlain's Cough Remedy the Mother's Favorite

The soothing and healing properties of Chamberlain's Cough Remedy, its pleasant taste and prompt and effective cures have made it a favorite with people everywhere. It is especially prized by mothers of young children for colds, croup and whooping cough, as it always affords quick relief and is free from opium and other harmful drugs—adv.

## PLENTY OF CARS AWAIT SHIPPERS

Poultry Shipments Interesting  
Feature of Month's Records  
at Freight Office

Plenty of freight cars are on hand for any class of loading and although loading here is very light at present an average of two cars of apples and two cars of potatoes are being loaded daily, according to the monthly report of local railroad officials on the amount of freight traffic for November.

A slight decrease is shown in the total number of cars received and forwarded. The livestock and poultry shipments increased and officials report that a second special stock train of sheep will be loaded Saturday, the first train having left here last Saturday. Two more cars of live poultry will be loaded Wednesday here.

Four cars of live poultry and one car of dressed poultry were shipped out last month while none was shipped during October. Six cars of hay were shipped out and increase are shown in the shipment of flour, beans, wheat, wheat and sugar.

The report is as follows:

Carloads Forwarded November, 1922.	
Merchandise	592
Flour	63
Lettuce	8
Onions	3
Beans	78
Potatoes	70
Apples	1
Sheep	1

## LONG SENTENCE LOOKS FOR AGED ADVOCATE OF SHORT CUT TO WEALTH

Ohio Woman, 63, Found Guilty of Forgery in Connection with Charges of Wholesale Frauds

POMEROY, Ohio, Dec. 7 (AP)—Mrs. Susan Kraus, 63 years old, who is alleged to have obtained more than \$300,000 from friends and neighbors on get-rich-quick schemes, last night was found guilty by a jury of uttering and publishing a forged document. She is liable to a sentence of from one to 20 years in the state reformatory.

Charged specifically with forging the name of her son, Michael Kraus, to a note for \$2000 given to Miss Lizzie Seyfried, Mrs. Kraus sought to show that she had permission from her son to sign his name. He said, however, that he did not remember having authorized her to use his signature.

Mrs. Kraus still faces five indictments charging forgery and one, embezzlement, and her husband and two sons also are under indictment in connection with the alleged acceptance of thousands of dollars on unsecured notes.

## TO ORGANIZE CHURCHES FOR POLITICAL PURPOSE

Enlistment of 50,000 Ministers and 40,000,000 Members Proposed as Means of Betterment

CHICAGO, Dec. 7 (AP)—A campaign to enlist 50,000 ministers and through them 40,000,000 church members to take an active part in the 1924 presidential election was announced yesterday by the Rev. J. Clover Monahan, editor of the Ministers Monthly.

The plan, he said, will embrace organization of the Christian Veterans' league, and the holding of a national convention here shortly before the presidential nominating conventions.

"If the party conventions keep on following the beaten path and refuse to designate candidates that stand for the things that churches uphold, a bolt will be suggested," his announcement continued. "With the churches organized, however, no party can afford to ignore the tremendous vote controlled by them."

## TO PLACE PROHIBITION UNDER CIVIL SERVICE

Methodist Episcopal Church Board in Annual Session Passes Resolutions Providing for Change

WASHINGTON, Dec. 7 (AP)—Resolutions favoring civil service appointments of all federal prohibition enforcement agents and disavowment of the prohibition enforcement service from the treasury department bureau, were adopted at the annual meeting yesterday of the board of temperance, prohibition and public morals of the Methodist Episcopal church.

The board in another resolution declared prohibitionists "should not be misled by sham referendums into diverting energy and campaign money from the actual drive of electing dry legislators and congressmen."

## FRANCE NEARS TURNING POINT ON INDEMNITY

Poincare's Mission to London  
is Seen as Last Try for An  
Agreement Before Independ-  
ent Action

PARIS, Dec. 7, (AP)—Premier Poincare will leave tomorrow for London to attend the conference on the policy problems which is regarded by many here as the last great effort of the entente to reach an agreement on Germany's reparations bill before France sets out independently to collect in her own way.

The meeting is looked upon as in many respects the most important since the armistice, involving as it does the continuance of friendly co-operation between France and Great Britain. A lesser, but not the less important factor, is the prevailing impression that M. Poincare's political existence is at stake in the policy which the proposed Brussels financial conference stands.

### Optimism Gives Way

French optimism over the make-up of the new British government has given way lately to a feeling of pessimism in view of certain definite indications that Premier Bonar Law may be unable to agree with the French on reparations as did Mr. Lloyd George.

Although the British have disclosed no stated policy since the resignation of Lloyd George, Premier Bonar Law seems to agree with his predecessor that Germany should be given a long moratorium from cash payments, that the total of the indemnity should be reduced and that no military measures should be used in attempts to force Germany to pay.

M. Poincare's much discussed plan of settlement is expected to be placed before the present meeting, but it appears that he will reveal it only in its broad outlines, reserving the detailed plan for the Brussels conference.

No Moratorium Without Surrender  
However, it is learned that the following definite propositions, while not constituting the plan, probably will guide the French in their arguments in London:

One—No moratorium to Germany without the surrender of productive guarantees, such as mines and forests.  
Two—Reduction of the German indemnity from forty billion to fifty billion gold marks only on condition that there be a parallel reduction in the French and other allied debts.  
Three—Revision of the percentages of the German payments in favor of France. France at present is entitled to 52 per cent but would claim Great Britain's 25 per cent in return for the indemnity at the suggested amount.

Four—When the voluntary default of Germany is definitely established, or when Germany fails to carry out the financial reforms of balancing her budget and stabilizing the mark, penalties would be imposed. These would include extension of the allied occupation of the Ruhr to the point where the financial reforms of balancing her budget and the economic exploitation and general administration of the Rhineland.

## EXCITEMENT OVER ROAD RUNS HIGH AT CONTACT

Orders for Completion of Survey  
and Employment of  
Rock Crew are Delivered

CONTACT, Nev., Dec. 7.—(Special to The News)—Contact was last night ablaze with excitement following the receipt by Engineer Pommer of the graphic instructions from officials of the Idaho Central Railroad company to proceed immediately with completion of the survey of the Idaho Central line from Contact north to Rogerson, Idaho, and to arrange for the employment of workmen for rock work in connection with construction of the roadbed over the line already surveyed from Contact to Wells.

Contact citizens accepted the word unreservedly as conclusive evidence of the purpose of the Idaho Central company to carry out its plans for building a railway line from Rogerson to Wells, and optimism ran high.

Mr. Pommer has been here for some time awaiting instructions from the Idaho Central company which is said to have been delayed while certain financial negotiations that have been completed, were in progress.

### CLAIM JUMPER IS WARNED

Contact Citizens Take Drastic Action  
Following Reports of Attempt to De-  
rive Location of Holdings

CONTACT, Nev., Dec. 7.—(Special to The News)—Following reports of an attempt by an unnamed twin falls man to "jump" the mining claim of a pioneer resident of Contact, a meeting of about twenty men was held here and a committee composed of M. F. Hickey, J. V. Marshall and Maurice Mulvihill, was appointed to warn the alleged claim jumper. The question is one that has been held by the Contact man for 20 years, it is said, and he is now making final proof on it.

## PLATFORM MEN HEAR PROBLEMS

Arguments for Guarantee to  
France Against Agression  
Figure at Conference

WASHINGTON, Dec. 7. (AP)—World problems—economic and political—had a dominant place in the discussions at the lecturers' conference on public opinion and world peace which was convened here today by the International Lyceum and Chautauque association. Various solutions were advanced, with some of the principal speakers contending that a guarantee to France against possible German aggression was the first essential step in getting the nations of the world back on the road to peace and international relations.

The views of M. Clemenceau, former French premier, on this subject will be presented to the conference tomorrow in the only formal address he is to deliver during his four days' stay in Washington.

Harding Points Way.  
President Harding, in a letter of welcome read at the opening of the conference, expressed the wish that this beginning "might point the way to a new advance into the light of understanding, by which alone we may safely lay our course in such times as those in which we live." He declared the conference suggested "a certain parallel to the intellectual movements in which the universities of Europe are engaged, and the renaissance of learning and humanism had its beginning."

Guarantees for France were suggested to the conference first by Har- J. O. Moulton, professor of political economy at Chicago university, and emphasized in an address by Edward E. Ross, of Boston, former president of the Chamber of Commerce of the United States. Mr. Moulton was discussing the necessity for the balancing of national budgets and contended that this could not be accomplished until there was world disarmament.

### HEAR TAX ADJUSTMENTS

Few applications for adjustment of personal property to assessments have been received from assessors, who are hearing the applications, reported Thursday. The biggest reduction to be made in assessed valuation is \$305. The net amount of reduction will not change the total amount of assessments very materially.

KMBS MIXED  
Candy 15c per lb. at Herbst & Rambo's—adv.

## UNITED STATES VETOS

(Continued from Page One)

dollars to help the Armenians suffering as a result of the war.

Neutrality status, making their first official appearance in the Near Eastern conference, attended a meeting today of the sub-committee on capitulations and pressed the wish that whatever regime may be substituted for capitulations, it will take into account the interests of neutral residents. The countries represented were Spain, Denmark, Holland, Norway, Sweden and Belgium.

## Social Notes

Edited by Mrs. E. D. Williams.  
Telephone 306.

Mrs. Albert Frazier and Mrs. Vernon Scribner were hostesses to the Morning side club at the home of the former on Wednesday afternoon. Several musical selections were given by Mrs. J. C. MacIntyre and Mrs. Harry Smek. Delicious refreshments were served after which each lady received a stocking from Santa Claus. Fourteen members and five visitors were present.

Mrs. Morgan G. Heap entertained the Episcopal Guild Tuesday afternoon at her home on Seventh avenue north. The meeting was presided over by its president, Mrs. L. C. Sigling, during which plans were completed for a rug sale and waffle breakfast on Saturday at 11 o'clock. Roll call was answered with quotations from Exodus, and Mrs. E. J. Ostrander gave a splendid paper on "Moons." A social hour followed and Mrs. Heap, assisted by Mrs. P. P. Miteo and Mrs. S. P. Newman, served most delicious tables.

Mrs. Allen Fender gave a Thanksgiving dinner at her home in Plummer in honor of L. A. Jones and family, who left for North Carolina on Sunday morning, December 3. These present were Mrs. and Mrs. L. A. Jones, Mrs. and Mrs. R. L. Fender, Mr. and Mrs. Marion Fiecor and little daughter, Margaret, Mr. and Mrs. Allen Fender, Mrs. Ruth Fender, the Misses Maude and Mabel Jones, Zolzie and Dorothy Fender, Blanche Church, Edna Slater, Laura Chester Church, Messrs. Elmer Church, Walter Fender, Robert Jones, Hobbs and Herbert Fender, Hoyte and Arnold Jones.

More than one hundred ladies were

## IF KIDNEYS AND BLADDER BOTHER

Take Salts to Flush Kidneys  
and Neutralize Irritating  
Acids

Kidney and bladder irritation often cause acid urine, a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, itching sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continuing for two or three days. This will help neutralize the acids in the urine so it is no longer a source of irritation to the bladder and urinary organs, which then get normal again.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with a laxative and other ingredients of pure and safe to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia water drink which often quickly relieves bladder irritation—adv.

present at the "Guest Day" meeting given by the Presbyterian Ladies' Aid in the church parlors Thursday afternoon. The usual order of business was followed, with the installation, Mrs. H. J. Young, in the chair. An interesting feature of the afternoon was the report of the bazaar, which will net the ladies of the neighborhood of \$1,500. Mrs. L. Breckinridge spoke on the subject of colleges for women of the Orient. A musical program was given, consisting of a quartette by Mrs. W. H. Dwight, Mrs. J. P. Buvall, Mrs. Zenas Smith and Mrs. F. P. Brecken, accompanied by Mrs. Wilton Peck; Mrs. James Hall sang two solos, accompanied by Mrs. Donald Durvas. The social hour refreshments were served. The committee in charge of the arrangements were Mrs. G. M. Simpson, Mrs. H. H. Dwight, Mrs. J. D. Simpson, Mrs. C. W. Simpson, Mrs. Robert Marsh, Mrs. C. H. Krongel, Mrs. E. O. Spielberg, Mrs. H. C. Dickerson, Mrs. Charles Dwight and Mrs. H. J. Youngs.

The Pythian Sisters Social club will have an all-day meeting today (Friday) with Mrs. W. A. Minnick, 602 Blue Lakes boulevard.

The Baptist-Missionary society met at the home of Mrs. W. G. Grotty Thursday. A short business meeting was held, after which there was a missionary program on the "Standard of Excellence," led by Miss Alice Gibbs. Those taking part were Mrs. J. C. Beatty, Mrs. T. F. Tully, Mrs. L. V. Smith, Mrs. Huntman, Mrs. W. W. Dean, Mrs. Howard, Mrs. Barton and Miss Blanche Jewell. Mrs. Westcott sang during the afternoon. Refreshments were served by the hostesses, Mrs. Grotty and Mrs. J. C. Beatty.

The Catholic Women's league met Thursday afternoon in the Business Women's club rooms, with Mrs. Patrick Wynne presiding. During the business meeting plans were made for a party to be given in the former Elks hall on Friday evening, December 15. The following musical program was given: Two vocal solos by Mrs. Dwight, accompanied by Mrs. A. Gilbert, entitled "Down in the Forest" and "Three Little Maids"; an instrumental duet, "Faust," by Gounod, Mrs. Gilbert and Miss Lela Varney; Mrs. C. Ives Price gave a reading, "Christmas Chimes," and Mrs. W. W. Humphrey read a paper on the "Persecution of the Church by the Woman Emperor." During the social hour refreshments were served by the hostesses, Mrs. Patrick Wynne, Mrs. J. B. Ditter, Mrs. Susan Macnealey, Miss Kate Devan and Mrs. W. S. Becker.

The Woman's Missionary meeting of the Christian church met in the church parlors Thursday afternoon. Devotionals were led by Mrs. Beauchamp. After the usual business meeting a splendid program was given by one of the divisions of Miss Reynolds at chairman, including a paper on "Vitalizing Life in Latin America," by Mrs. W. A. Patrick, a delightful musical number by Miss Jane Turner, an interesting paper on "Life for Religious Darknes," by Mrs. T. S. Wason. After the program much discussion was given to preparations for dinner to be given by the ladies at the Elks' building Saturday evening. Dinner will be served at 6 o'clock and a cordial invitation is extended to the public. A social hour followed at which time refreshments were served.

## FOR CORRECT DECISION.

One of the strongest points which has so far presented itself in connection with the proposed American Falls irrigation district is to be found in the fact that the objections as well as the advantages of the plan are being thoroughly brought out.

This is exactly as it should be. The American Falls reservoir plan may be a thoroughly good thing or it may not, but in any event there is little doubt of hasty or ill advised action and there is every indication that when a decision is reached it will be the correct one.

One or two other points stand out clearly as a result of the discussion to date; apparently it is pretty well established that the first cost is the entire cost and that the Twin Falls farmers' bill per acre will not exceed three dollars, for the payment of which he may have twenty years if he wants it, forty if necessary.

That there have been years when the Twin Falls country farmer has not had enough water may also be conceded, as may the fact that under the proposed plan, risk of similar dry years in the future would be pretty well eliminated.

On the negative side of the proposition the objection is advanced that the tendency should be in the direction of a curtailment of the use of water rather than an increase, a point which opens up a wide field for argument. Objectors to the plan refer to steep areas in this section in support of their contention that too much water is being used now, without pausing to consider the fact that the actual extent of such trouble amounts to but a fraction of one per cent of the land irrigated and that this is being taken care of at a cost to the owners of the system which is almost infinitesimal in comparison to the sums employed for general maintenance.

But perhaps the strongest objection so far advanced to the plan is covered by the statements of those who fear that the canal company entering the so-called sub-district will become gradually merged as to management with the entire area served by the reservoir; that a part at least of the management of our own water will be surrendered to a higher authority and that the possibilities of domination of the entire joint area by one group or one individual constitute a menace to the integrity of each separate system to join the movement.

All these are among the points which must be worked out to the satisfaction of all before the necessary degree of unanimity of opinion warranting action can be reached. There are others, of course.

The movement as a whole is not one which should require to be "put over," nor should there be undue urging of either advocates or opponents. The question is as wide as the land embraced within the area of this section of southern Idaho and the verdict should be as general and as all-embracing. Moreover, the problem is primarily up to the land owner for solution and to no other except in a minor sense.

Be it remembered, no responsibility is incurred in connection with the election to determine the question of the organization of the district. The real question, that of the extent of the Twin Falls country's participation in the water, with its accompanying expense, will come later.

But in the meantime it is a matter for congratulation to all alike that the entire subject is being thoroughly investigated. There cannot be too much of this because to make a mistake might entail consequences which our children's children would have cause to regret.

## EDUCATION.

National Education Week has served at least one highly useful purpose. It has caused a degree of thought to be given to the question of education as a whole which cannot help but result in a better understanding and a greater degree of co-operation between all interests in the cause of education.

Nearly everything that can be said upon the subject of education has been said, it would appear, and practically every phase of the relationship of education to worldly success has been gone over again and again, but there is one feature of the matter which has perhaps received less attention than any other, and that is the question of the place in our schools of the element of young men and women who go to school only because they have

to learn just as little as they possibly can, and regard high school graduation as merely the termination of a necessary evil and the end of a disagreeable and useless task period.

Thank Heaven there are but few of these, yet it is idle to deny that the description is accurate.

In every grade school, high school, college and university there are to be found students who, through early training, environment or because of defective intelligence, keep up their studies only because they are compelled to in order to achieve the goal, signalized in their minds by the ceremonies of graduation. They do just enough work to get by, their attitude is one of sullen but warped outlook and a perverted view of the part played by education in the development of the individual and a dogged determination to accomplish a school course and still remain true to an ideal of bluffed ignorance, unloyal and unselfish.

This is a phase of the business of education which has been touched upon lightly during the past few years and prior thereto not at all.

Education goes to waste in cases such as this and to the educator waste is something which should not be.

There would be less expense and greater efficiency in our schools if education were not compulsory in these cases where the student of mature years and normal brain power elects of his or her own volition not to achieve an education, but to avoid one.

One of the problems which earnest, painstaking men and women in a thousand schools are pondering over today and which some day they will solve.

## FACTS ARE ESSENTIAL

It would be difficult to overestimate the importance of the decision to be made by the electors of the Snake River Valley and of the Twin Falls country in particular when they vote next month on the formation of the proposed big irrigation district that is designed to make possible the construction of the American Falls reservoir in the immediate future.

Two principle questions are to be answered in this election.

The first is: Does the Twin Falls country, now or in the future, need additional water for which it craved out with one voice during the last dry season three years ago?

And the second question is: Will the proposed district plan work, and is it the best plan that can be devised to build the American Falls reservoir and assure to Twin Falls country a supplemental water supply?

Considerations in relation to possible forfeiture of money already paid by the Twin Falls Canal company toward construction of the project also enter with others into the problem.

Manifestly there is room here for variety of opinion and honest opposition on the one hand as against equally honest support of the proposition on the other.

The importance of the question alone demands that the verdict shall be rendered in the light of all the facts, and advocates and opponents of the district plan in this region are to be commended on the wise course they have adopted in providing opportunity for fullest presentation and discussion of the subject.

## DUNLAP GIVEN SENTENCE TO STATE PENITENTIARY

From 10 to 20 years in the state penitentiary was the sentence given Saturday morning to H. J. Dunlap, Murtaugh farmer, found guilty by a jury in district court Wednesday of second degree murder for the killing of his brother-in-law, C. A. Russell, on April 30.

Sentence was pronounced by Judge W. A. Babcock. Judge James R. Wells, attorney for Dunlap, announced that a motion for a new trial will be filed.

## LEGAL ADVERTISEMENTS

NOTICE FOR PUBLICATION.  
Notice of Proof Application of Water to Beneficial Use.

Notice is hereby given that at 10 a. m. on the 10th day of January, 1923, at Twin Falls, County of Twin Falls, State of Idaho, before me, C. C. Chapman, a notary public, proof will be submitted of the application to beneficial use of 600 cubic feet per second of the waters of Snake River in accordance with terms and conditions of Permit No. 11883 heretofore issued by the State Engineer of the State of Idaho.

The name and postoffice address of the owner or corporation holding said permit are Twin Falls Canal Company, a corporation, Twin Falls, Idaho. The place where said water has been applied is irrigation.

See exhibit "A" hereto attached and under said permit heretofore issued.

The name of the canal or ditch or other works by which said water is conducted to such place of use is canal system of the Twin Falls Canal Company.

The right to take water from such works is based on Permit No. 11883. The source of supply from which such water is diverted is Snake River. The date of the priority which said user is prepared to establish is December 22nd, 1916.

W. G. SWENDSEN,  
Commissioner of Reclamation.

# LIVELY DEBATE REVOLVES UPON GAMING TABLES

## Mayor Asserts Claim to Personal Responsibility for Granting or Withholding of City Licenses

In a spirited discussion before the weekly meeting of the city commission held Monday night, Mayor J. D. Tucker and Commissioner E. Roberts Tuesday night on the subject of licensing establishments in the city to conduct card tables is seen a warning against gambling.

Passage of the most ordinance was postponed until next Tuesday for further investigation and due to the fact that Commissioner S. S. All was forced to leave the meeting on account of illness.

### Grant Withdraw License

The reporter on the card license subject followed the council's approval of granting a license to Peto Withrow to conduct card tables in his two establishments here. Mr. Roberts brought up the subject and it was discussed at length rather than fighting suits against the city in this form of district court. Two of the suits, which he said may appear on the docket next week, involve damage claims for \$4,100 and \$10,000 for accidents.

Chief of Police J. E. Cress, in his report for November, showed 29 arrests were made. Sixteen were for drunkenness, 10 for violation of traffic ordinances and one was for vagrancy.

### Will Investigate

It was indicated that the matter will be investigated at length to develop a more efficient means of curbing gambling.

S. D. Davis, city attorney, was granted permission to obtain additional counsel to assist him in fighting suits against the city in this form of district court. Two of the suits, which he said may appear on the docket next week, involve damage claims for \$4,100 and \$10,000 for accidents.

### Treasurer Reports

The monthly report of the city treasurer showed a balance of \$28,084.98 on hand November 30 as compared to a balance of \$28,084.98 on October 31. The November balance was distributed as follows: Approved securities, \$9,000; Twin Falls Bank & Trust company, \$10,371.20; Twin Falls National Bank, \$2,454.40; cash and cash items, \$1,068.20. Receipts during the month were \$10,201.20 and disbursements were \$5,108.41.

A total of \$117.75 in costs and \$200.00 in fines was collected in police court, making a total of \$324.25, the monthly report showed.

On motion of Commissioner All a donation of \$25 to the Salvation Army was approved. It was taken from the contingent fund. Total bills of \$3,037.21 were allowed.

### PAY WAR CERTIFICATES

War savings certificates of the 1918 series will mature January 1 and will be payable after that date at \$5 for each stamp affixed, local postal officials announced Tuesday. All post-offices, federal reserve banks and other banks and trust companies will receive unregistered certificates direct from the owners for redemption. Registered certificates, however, may only be cashed through the postoffice at which they were registered.

Owners of the 1918 war savings certificates may now apply for the exchanging of their certificates for treasury savings certificates or for cash payment by the signing of an application. In cases where cash payment is desired a check will be forwarded to the owner so that they will receive it about January 1.

In order that owners of 1918 war savings certificates desiring exchange or payment at maturity may be served with the least possible delay and confusion they should present them as soon as possible, the officials urge.

## Flock Owners Join Hunter and Trapper in Drive on Beasts

### Damage Done by Coyotes and Bobcats Less Than in Former Years Through Campaign

Shoeguns and professional trappers and hunters are thinning out the ranks of coyotes and bobcats and still taking toll of sheep and small farm animals the damage done this year is much less than last year, it is reported.

Since Saturday there were 13 claims for bounties paid by the sheriff's office. The total number of pelts on which bounties were claimed was 62 coyotes and four bobcats. Most of them coming from the vicinity of Hater and Rogerson. L. H. Moser of Rogerson bought in five coyote and two bobcat pelts and the others applying for bounties have produced from one to 20 pelts each.

## THRESH OUT MANY

(Continued from Page One)

would establish rights which could be taken away for irrigation purposes only by condemnation and payments to the power company.

If action is postponed, Mr. Banks said, "I feel certain that you will not be able to obtain the amount of water I feel you need in low water years."

Replying to argument regarding the drainage problem, Mr. Banks said that he had been told by canal company officials that seepage area was less than one-third of one per cent of the project area and that it was being kept down at nominal expense. "It is a question," he said, "whether the drainage problem could be more aggravated by provision for sufficient water when it is needed than by running water through the canal system 12 months in the year regardless of the extent of the supply."

Twin Falls water users could surrender their water right, said Mr. Banks, only by their voluntary act and for compensation.

### Give Government Attitude

Both Mr. Banks and Mr. Dibble, incident to their replies to questions, pointed out that the attitude of the reclamation service in the premises was a disinterested one. "We are not trying to force anything on you that you don't want," Mr. Dibble said, "we have been led to believe through demands made by representatives at Idaho Falls in 1919 and other representations, that you need and want additional water supply."

Elaborating on his statement in connection with the Bonner resolution, Mr. Dibble stated that reclamation service funds are derived largely from monies derived from land sales and that there has been expended in Idaho approximately \$10,000,000 of three and one-half times the amount derived from the sale of public lands in this state. In consequence he said, the Idaho delegation in congress, he said, has had as its strongest and only argument for obtaining reclamation appropriations for the reclamation of the project, the fact that the Idaho citizens are going to contribute the money necessary to pay for their share in the benefit.

### Diminishing Appropriations

It was pointed out that the appropriation for the American Falls project in 1921 was \$1,500,000; in 1922 it was \$1,000,000, and for 1923 the budget estimated \$500,000, but that appropriations were not available until "allotted to the job."

Participants in the general discussion included G. W. Koenig, Swin, Henschel Sommer, Walter Ilanion, W. R. Rice and D. J. Koenig of Hansen.

Mr. Rice objected to the provisions of the district plan which permitted resident electors to vote on formation of the district, and "taxpayers" to vote on issuance of the district's bonds.

It was pointed out by Mr. Dibble that assessments under the district could be levied only in proportion to benefits derived, and that persons showing that they had no need for additional water would be relieved of sharing in the district's payments, without adding to the assessment against persons claiming benefits.

Mr. Tanton declared that most of the farmers do not need or desire additional water rights.

Mr. Koenig, announcing that he had a confession to make, said that he believed additional water was desirable and necessary, but that he entertained grave doubts about the desirability of entering into the district plan.

The chairman also spoke at considerable length on various phases of the

question, and suggested that canal company stockholders should determine in advance of the annual meeting next month, whether it would not be possible to finance Twin Falls' share in the undertaking by another method.

### "Baby Talk" Rebuked.

"Jack, look at the nice boy-woman and a mother to her three-year-old son, out for a walk. Jack looked at her, then up at his mother, and said solemnly, 'I call that a dog.'"

## NATURE'S WARNING

Kidney ills come mysteriously. But nature generally warns you. Notice the kidney's actions. See if the color is unhealthy—

If there are settlements and sediment. Passages frequent, scanty, painful. It's time for fear serious kidney trouble.

It's time to use Doan's Kidney Pills.

Doan's have done great work in Twin Falls. Ask your neighbor!

A. Welton, ex-parte, R. F. D. No. 2, Twin Falls, says: "I had a lame back and a sore over my kidney that made me miserable all over. When I got down it could hardly get up on account of the sharp, stabbing pains. My kidneys acted too often and the secretion needed in passage, due to my bladder being inflamed. I heard of Doan's Kidney Pills and a short time soon cured me entirely of the complaint. I have had no trouble since."

# NEW DISTRICT TO GET RURAL HIGH SCHOOL

Hollister Favored for Location of New Rural High School Six Districts in South Part of County Unite

Formation of rural high school district No. 2 to compose the districts of Rogerson, Hollister, Berger, Amsterdam, Haggard and Springvale, was announced Thursday after the county commissioners completed canvassing the vote on the question taken in the various districts November 23.

The first petition for the formation was filed by residents of the district on August 20. Rogerson was the only district which showed any opposition to the formation of the district. The official vote of November 23, is as follows:

Rogerson, 16 in favor, none opposing; Hollister, 45 in favor, one opposing; Berger, 27 in favor, 20 opposing; Amsterdam, 21 in favor, none opposing; Haggard, five in favor, none opposing; Springvale, 13 in favor, none opposing. The total vote was 165 for the change and 21 opposing.

The high school which, through the formation of this district will be made available to the students, will probably be established at Hollister, where a suitable building is available, although the location has not been definitely announced. The appointment of the trustees of the district was deferred until Friday.

A large amount of local technicalities must be met and an election will be called before the high school is to take permanent form, which will probably be next fall. The tax levy to support the school will be agreed upon by the trustees to be appointed and will be taken only from the newly formed high school district. The project does not in any way affect the grade schools of the districts and they will be maintained as in the past.

# GROWERS FAVOR LICENSE OF FARM PRODUCE FIRMS

State Meeting of Farmers Asks for More Potato Inspectors in Local Districts

Several hundred farmers attending the state agricultural conference at Boise Tuesday went on record as favoring the placing of all produce dealers under a license, urged that inspection of produce at its original shipping point be made final and asked for the abolishment of the Bach-Jummins law.

Apple growers asked for the privilege of including fruit affected by San Jose scale in the grades established by the state department of agriculture. Potato growers favored the continuance of the federal grade and asked that the state continue its inspection and maintain an inspector in each district. Some discussion followed on the subject and it was objected to as being too expensive.

Addresses on agricultural problems including fixing prices and on sheriage and freight rates were given by C. C. Moore, governor-elect; former Senator K. I. Perky and E. M. Sweeney, member of the state public utilities committee.

A large delegation from Twin Falls county attended. The conference was divided into four divisions, each of these appointing a committee to bring the farming needs before the state legislature. William Burton of Burley and H. J. Weaver of Filer were members on the committee to deal with present problems of the potato growers.

# LODGES WILL CONDUCT BITES FOR STEVENSON

Knights of Pythias to Officiate at Services; Elks to Conduct Burial Ceremony

The Knights of Pythias lodge will be in charge of the funeral services for Robert H. Stevenson at the Christian church Friday afternoon at 2 o'clock. Charles E. Rowell, Knights of Pythias official, will read the ritualistic service of the lodge in which will be given a biographical sketch of Mr. Stevenson's life. The Rev. W. W. Burke, pastor of the church and a member of the lodge, will perform the service of chaplain.

The Elks lodge, of which Mr. Stevenson was also a member, will conduct the services at the cemetery. Members of the lodge will meet at the lodge rooms Friday afternoon to attend the service. Burial will be in the Elks' plot at the cemetery.

The pallbearers will be D. T. Connor, Frank Kleffner, H. R. Grant, C. D. Thomas, J. W. C. Deane and James R. Bellwell.

# PARENT-TEACHERS SHOW INTEREST IN NEW WORK

Complete Organization Thursday Night; Speakers Urge Further Support

Mrs. I. E. Joslyn, temporary chairman of the high school Parent-Teachers' association, was elected to fill the position permanently. Mrs. Marie Horner was elected permanent secretary at the meeting of the association at the high school Thursday night. The organization of the association was completed with the adoption of a constitution and by-laws by vote.

The meeting opened with selections by the high school orchestra, after which Mr. C. Mitchell, superintendent, delivered the address of welcome. Mrs. Joslyn, who presided, followed with an outline of the association and urged continuing cooperation between the parents and teachers.

As the parents entered the building they were registered at the door and high school girls ushered them to the parlors where they greeted the visitors with the teachers. An hour was spent, previous to the meeting, in getting acquainted.

Mrs. Charles A. North, superintendent of the intermediate department; A. E. Karnes, high school principal, and Mrs. Joslyn constituted a reception committee who greeted the visitors. The registration showed 160 attended.

In addressing the meeting Mrs. Joslyn said the cost of maintaining each student in high school is \$9 a month and that only one-third of those who enter graduate. She gave as one of the principal purposes of the association the development of closer friendship between the parents and teachers that will increase the number of graduates.

**SEND HUGE SHIPMENT OF APPLES FROM PORTLAND**  
Consignment of Apples Billed to England Would Cover Five City Blocks; New Dock Warehouse Under Way

What is said to be the largest shipment of apples to leave a Pacific coast port in one vessel will be taken on the Royal Mail steamer, "Narenta," from Portland to be landed in England the early part of January. The shipment comprises 125,000 boxes, the contents being produced in the northwest.

The shipment, it is said, would cover five city blocks and the boxes, placed end to end would reach 23 miles. The new apple storage plant of the port of Portland will be ready about January 1 and will hold between 400,000 and 500,000 boxes. The new 60-foot pier is under construction and conveyors will load the apples direct from the warehouse to the ships.

**CONDUCTS BIBLE CLASS**

More than 40 persons entered the Bible class for January being conducted Wednesday evening by the Rev. W. W. Burke, pastor of the First Christian church. The class was prepared by the Rev. Mr. Burke and has been approved by the department of religious education of the Disciples and the Interdenominational Sunday school association of Washington. The course will be covered in 23 weeks and entries will be closed next week, the Rev. Mr. Burke said.

# ADD MORE CARS TO SHIP FRUIT

Pacific Fruit Express to Have 5,000 More Available Early Next Year

The Pacific Fruit Express company, the carrying medium for the greater part of the fruit and vegetables of the northwest, has authorized the construction of 5,000 new refrigerator cars to be made available early in 1923, according to a communication from the company, received by Oregon Short Line railroad officials here.

The communication says: "The approximate cost of these cars will be \$15,000,000 and they are in addition to 3,000 now cars now being built. This will give the Pacific Fruit Express company equipment of between 25,000 and 30,000 cars to be used exclusively for fruit and vegetable business originating in the state of California, Oregon, Washington, Idaho, Utah, Colorado, Arizona, Texas and Louisiana.

The refrigerator car equipment of this company is thereby increased by 12,500 cars since the period of government control and at an approximate cost of \$37,000,000, in addition to which several million dollars have been expended for new and improved icing facilities throughout the country during this period.

It is stated to have been made necessary in order to meet demands occasioned by the growth of fruit and vegetable business in the sections served by this company as indicated above."

# START DRIVE SATURDAY FOR ORIENTAL COLLEGES

Teams of Local Women to Convey \$1,000 to Help Build Oriental Schools

Saturday has been selected as "Dollar Day" when a nation-wide effort will be made to raise \$2,000,000 to be supplemented by \$1,000,000 from the Rockefeller fund for the support of the Oriental colleges for women.

Mrs. L. L. Breckenridge, chairman for the movement in Twin Falls, has appointed the following captains, who, in turn, have chosen scores of helpers: Mrs. M. C. Mitchell, Miss Edna Graham, Mrs. Henry Stumm, Mrs. J. M. Hall, Mrs. T. K. Heckman and Mrs. G. M. Stinson.

These chairmen and their helpers will on Saturday canvass the city for dollar donations. The local quota has been set at \$1000. The movement to establish the seven colleges in the Orient has become one of national interest and has followed the graphic pictures drawn by speakers throughout the country who have told of the critical need of education of Oriental women.

# GIVE A SURPRISE DINNER

Neighbors surprised Patrolman W. C. Griffin and Mrs. Griffin at their home at 822 Main avenue north, on Wednesday evening with a 6 o'clock dinner in honor of Mrs. Griffin who leaves Saturday for Yakima, Wash., to visit her sister.

Music and games provided the entertainment for the evening. About 25 were present.

# McAULEY CALLS MEETING

The second of the cooperative meetings, initiated last month by S. G. McAuley, commissioner of streets and public improvements, will be held Friday evening in Mr. McAuley's office. Employees of the street and water works departments will attend and it is planned to have an address by a local engineer as one of the features, Mr. McAuley said.

# STUDENT ACTIVITY FUND HAS GENEROUS SURPLUS

Cash Balance Moves From \$800 to Nearly \$3,500 in Two Months; Football Squad is Voted Letters

That the cash balance of the student activity fund of the Twin Falls high school moved upward from a little less than \$800 on hand September 1, to \$3,322.90 on December 6, is shown by a financial statement issued as of Thursday. Of this sum \$3,404.75 have been expended, leaving a balance of \$2,018.15 actually on hand December 6. Of this it was voted to pay the school board \$1,000 to apply on the salary of the athletic director. This will leave a balance of \$500 still to be paid on the \$2,000 pledged to this purpose.

Aside from the fact that the school is on firm financial basis the athletic equipment owned by the high school ranks with the first in the state.

The student council also awarded 22 letters to the members of the football squad, while the question of awarding the gold football is still under advisement, the members of the council failing to find a stopping place for the state championship emblem. The difficulty in giving out the gold footballs this year is in the fact that the team won the state title not only with the help of the second string team was this made possible. The entire second team is not in line for the gift oval, but where to stop is the next thing. Following is the list of the members winning letters for their football activities during the season:

Clarence Garrity, Clarence Kling, John Nye, John Lohr, Walter Selck, Merrill Puckett, Stuart Robinson, Larrick Jenkins, Leonard Scott, Jerome Franzell, Donald Flynn, David Alvord, Frank Dowers, Moroni Jameson, Bob Walton, Edwin Swin, Joseph Seaver, Stanley Corn, Marshall Somerville, Ray Hodgkin, Randall Victory, Alton Danton.

# BUCK GOES TO OXFORD AS SCHOLARSHIP WINNER

Graduate of Twin Falls High School and Former Resident of Filer Benefits Under Rhodes Request

UNIVERSITY OF IDAHO, Moscow, Dec. 7.—Phillip A. Buck, winner of the Rhodes scholarship for Idaho, a graduate of Twin Falls high school, is a senior at the University of Idaho, majoring in economics and history in the college of letters and science. For many years he lived at Filer, but two years ago his parents moved to Montpelier, Cal.

He has been active in debating at Idaho, being a member of the Idaho team that debated against the University of Chicago at Boise last year. He also has been a leader in college intramural sports, credited with being the author of three original plays. While he has never been a member of a varsity athletic team he has been prominent in interfraternity athletics on the college campus. He studied on year at the University of Southern California.

Buck won the scholarship in competition with eight other candidates.

He will enter Oxford university, England, next October. There, under terms of the will of Cecil Rhodes, he will have an income of approximately \$1,700 a year for three years, providing him with funds for summer travel on the continent, as well as for winter study.

Appointments of Rhodes scholars representing 32 states have just been announced.

# FUNERALS

Mrs. Sabra Lee.

Funeral services for Mrs. Sabra Lee, whose death at the age of 91 years occurred Monday at the home of her grand-daughter, Mrs. A. D. Saitwell, in Kimberly, will be held at 2 o'clock Friday afternoon at the J. L. DeWitt chapel, and will be conducted by the Rev. W. H. Tolliver of the Baptist church.

# Mercury Drops After Rise in Temperature

Thursday's temperatures were considerably lower than those of Wednesday, when a day of moderate weather broke the recent several days of lowered temperatures. The average was 23 degrees, or 16 degrees below the average of Wednesday. High temperature Thursday was 33 degrees and low was 22, or 10 degrees below freezing.

# KEG OF MOONSHINE IS BOOZE CASE EVIDENCE

Audience Views Liquor Exhibit in Trial of W. P. French on Liquor Charge

A big keg partly filled with moonshine was produced as evidence in the trial of W. P. French in district court Thursday afternoon on a charge of illegal possession of liquor. The case was begun late in the afternoon and probably will be concluded Friday.

The moonshine was seized by the police when they arrested French in a garage here early in September. William Van Eaton withdrew his plea of not guilty to a liquor in possession charge and entered a plea of guilty. Judgment will be rendered Saturday.

The jury in the trial of F. W. Dodge on a liquor in possession charge returned a verdict of not guilty Thursday afternoon.

# Local Brevities

To Salt Lake—Mr. and Mrs. Wendell Allen departed Thursday evening for Salt Lake for a few days' visit.

Gold Stops Construction—Construction work on the new water main to the county hospital has been temporarily postponed on account of cold weather.

Leave for South—Mrs. C. A. Ostrander and daughter, Mrs. Oreta Van Houten, left Thursday evening for the south where they will spend the winter months.

Woodmen Attend Theatre—The election of officers of the Woodmen of the World, which was to have been held at the regular business meeting Wednesday night, was postponed to January 3.
