# AMERICAN ARMY LEAVES SCENES OF WAR BEHIND

## Last Contingent of United States Troops Boards Ship at Antwerp on Way Home; Belgians Pay Tribute

ANTWERP, Jan. 25 (AP)—Moving slowly down the river Scheldt tonight on the way home aboard the American transport St. Mihiel, is the last contingent of troops who served the United States in the world war.

The troops arrived here this morning from the Coblenz bridgehead and embarked on the transport which started her voyage for Savannah at 5:30 o'clock this afternoon. With soldiers lining her rails the transport cast off her lines and the departing wave fare well songs and shouted goodbyes, while groups of friends shore waved their adieux.

Then the propellers of the St. Mihiel began to churn the waters, the transport slowly moving on her way toward the flat lowlands of the Scheldt and since still waiting her way toward Flushing, which was due to be reached about midnight. From Flushing the wide sea opens the way for home.

### Belgians Stage Ceremony

The formal departure ceremony took place at 4:30 o'clock, when a company of the 25th Belgian infantry and its band lined up alongside the St. Mihiel. The band played the Belgian national anthem, and the minister of War Devezze, accompanied by General Jacques, representing King Albert, and the burgo-master of Antwerp, Dr. Franz, welcomed the departing contingent. The burgo-master honored the transport, where they were welcomed by the captain of the ship, W. T. Oliver, Colonel Walter P. Hines and the eighth infantry. The American consul, George S. Messersmith, appropriate speeches were exchanged in the main cabin of the vessel. In his address, Mr. Devezze expressed Belgium's appreciation to the United States. The final ceremony was one of many attending the farewell to these last of the American soldiers in Europe.

The St. Mihiel was decked out in flags, with the American flag forward, the efficiency flag of the United States army transport in the middle, and the Belgian flag at the stern and the American flag on the staff aft.

Among the many tokens of affection presented the departing soldiers was a message from Belgium's unknown woman. Timidly she left a bouquet of flowers in the bridge cabin of Captain Oliver. It was not in her own name, but in that of the unknown woman of Belgium, who never could forget the aid the Americans had rendered during the war time needs.

### PUSSY HAS WAR RECORD

Cat Owned by Maine Woman, Born on Battle Sector, Wins Prize at Utah State Fair

AUGUSTA, Mont., Jan. 25 (AP)—A cat with a history is owned by Mrs. Montana August of this city. The cat is a white Persian-Angora, with one blue eye and a yellow eye. Its name is Fluffy and it was born in the Min-La-Tour section of France in the spring of 1918.

Fluffy's mother, Annette, was the mascot of the famous Princess Pats, who obtained her in Belgium in 1917 and took her to France. Colonel A. J. Mulberry requested Mrs. August, who was then Captain Mae Morton of the Salvation Army, to care for Annette, and it was while in her charge that three kittens were born which were named Beauty, Fluffy and Annette.

Colonel Mulberry kept Little Annette, gave Beauty to Secretary E. Parrott of General Pershing's staff, and presented Fluffy to Captain Morton. When the American boys were shipped back to the United States, Captain Morton was moved to Paris, Bordeaux and Brest. Little Fluffy went along. Then the two visited relatives of Captain Morton's father near the border of Scotland before sailing for Quebec.

Since coming to the United States, Fluffy has lived in Salt Lake City, winning first prize at the Utah state fair there in 1921. When Captain Morton, who was in Montana as secretary of the Salvation Army home service department, heard Mrs. Montana August and settled here, Fluffy accompanied her.

CENTRAL EUROPEAN STATES BETTER FINANCIAL RELATIONS PRAGUE, Jan. 25 (AP)—Czechoslovakia and Yugoslavia have come together in financial matters in a way that undoubtedly will prove mutually beneficial. There will be a permanent banking organization to control all financial matters common to both states. Individual banks will subordinate themselves to the organization, and endeavor to influence industry to effective and far-reaching cooperation.

## Are These Men Brewing Trouble?

As France owes duty to German and Germany to continue the advance of her troops, the German soldiers are chanting their song of hate more loudly than ever, seeking to stir up German wrath against the man and his right-blower, General von Ludendorff, are chanting their song of hate more loudly than ever, seeking to stir up German wrath against the man and his right-blower, General von Ludendorff.

### GERMAN WOMEN OF TITLE MAKE CHRISTMAS TOYS

Members of Aristocracy and Brilliant Social Circles in Imperial Days Turn Hands to Labor for Livelihood

POTS DAM, Jan. 25 (AP)—In a quiet, residential quarter of Potsdam a group of women who formerly belonged to the aristocracy and the brilliant social circles of imperial days, are working daily from morning until night at stuffing teddy bears, toy elephants, dolls and other animal figures. Their place of employment is a branch of a toy factory at Gohern, Mecklenburg-Schwerin.

The factory provides the folk "skin" and it remains only for the plant to fill them with wool and to affix the necessary heads for eyes and nose. The playthings produced are intended primarily for export, and a heavy demand has been reported, especially during the Christmas season.

### FRAMEUP HAS KICKBACK

Belonovich Arranges Duel with Popovich. Then Tells Officers Who Carry Deadly Weapon

RED LODGE, Mont., Jan. 25 (AP)—After having arranged with Mike Popovich to fight a duel, Mike Belonovich reported to Police Chief McAllister that Popovich had threatened to shoot him and would be found with a gun in his possession.

Chief McAllister required the couple to appear for the encounter, and "covered" Popovich when the latter appeared. Popovich was so infuriated at this denouncement that he refused to give up his weapon and McAllister was compelled, at the risk his own life, to beat the man over the head before he could disarm him.

### STUDENTS PAYING OWN WAY

PULLMAN, Wash., Jan. 25 (AP)—Eighty-four per cent of the men students and approximately 30 per cent of the women students at Washington State College are earning all or part of their expenses while attending college, according to a report compiled by Graduate Manager Harry Chambers. Questionnaires were filled out by 1,374 men and 723 women regarding their financial status for the first semester.

### RABID WOLVES THREATEN

Molok County, California, Fears Recurrence Scourge of Three Years Ago: Affected Coyotes Blighted

ALTUNIAH, Cal., Jan. 25 (AP)—Another scourge of rabid wolves is feared for Molok County and adjacent regions. Several coyotes, made desperate and fearless by the manly, have been sighted at widely separated points, which prompts the belief that a powerful breed of rabies will ensue. About three years ago, rabid wolf and coyotes became so numerous in this county that people in the fields and on the roads were in constant danger. A coyote in that county did not hesitate to enter a farm yard, or even a house, and is regarded as a particularly dangerous beast.

### FRANCO-JAPANESE HALL TO BE ESTABLISHED AT TOKYO

TOKYO, Jan. 25 (AP)—Under the joint auspices of Japanese and French scholars a Franco-Japanese association hall will shortly be established in Tokio at the estimated cost of several million yen contributed by the general Japanese and French publicists, says Baron Paruchel, one of the promoters. "It is the primary end of the proposed scheme," says Viscount Shibusawa, who also is a promoter, "to promote Franco-Japanese enlightenment and thus to harmonize the oriental and occidental civilizations. The association hall in question will be constructed on a pretty large scale containing various scientific laboratories, apartments and compartments for social purpose."

### FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and brittle, is caused by lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful rich shade of hair which is so attractive, use only this old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wych's Sage and Sulphur Compound," which darkens the hair as naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wych's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance—naturally.

### INDIANS BECOME SHAKERS

Native Tribes of Pacific Northwest Embrace Cult Built on Founder's Strange Story and Experience

HOQUIAM, Wash., Jan. 25 (AP)—The Shaker religion, one of the strangest in the land, is now embraced by practically all the native Indian tribes of Washington and some of Oregon and British Columbia. The Shakers are a cult of the Christian religion. It is so called from the violent shaking of its adherents.

The Shaker religion of the Indians is said to be entirely a native growth and in no way associated with other Shaker cults. John Slocum, formerly a wealthy Indian of Mud Bay, on Puget Sound, is credited with establishing the new form.

### SWEARS OFF BOOTLEGGING

Vacuum Cleaner Salesman Comes to Grief in Spokane Through Attempt at Flyer in Smuggled Booze

SPokane, Wash., Jan. 25 (AP)—The bootlegging business as a "get-rich-quick" scheme is a failure, according to Frank Wright, aged 35, vacuum cleaner salesman, who has been sentenced to 60 days in jail and to pay a fine of \$250 and costs.

### Illious Headache

When you have a severe headache, a disordered stomach and constipation, take three of Chamberlain's Tablets. They will correct the disorders of the liver and bowels, effectually curing the headache.—adv.

### SEGMENT OF FLAOR FIELD TO YIELD UP ITS TREASURE

DOWNVILLE, Cal., Jan. 25 (AP)—A small segment of ground beneath and old blacksmith shop here is soon to yield up its treasure of gold bearing gravel, which according to local tradition, was overlooked when this and ravines of the townsite were stripped of gold in 1850. Whether the building saved the ground from being mined or the water proved too great a difficulty, is not known. The plans are a cult of the Christian religion. It is so called from the violent shaking of its adherents.

### READ THE CLASSIFIED ADS

### CALIFORNIA SHOP LIFTER MAKES HIS ARREST EASY

LODI, Cal., Jan. 25 (AP)—It required no detective of fiction type to solve the robbery of a store here. Joseph Houghton, 24, alleged burglar now under arrest, removed his coat and selected a new coat from the store he is alleged to have robbed.

Joseph, the police said, overlooked one bet; he left his old coat in the store in the pockets of which he left his photograph, his name and address. This, it is said, facilitated matters for the police to a certain extent.

## THAT'S OUR IDEA in making CAMELS—the Quality Cigarette.

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

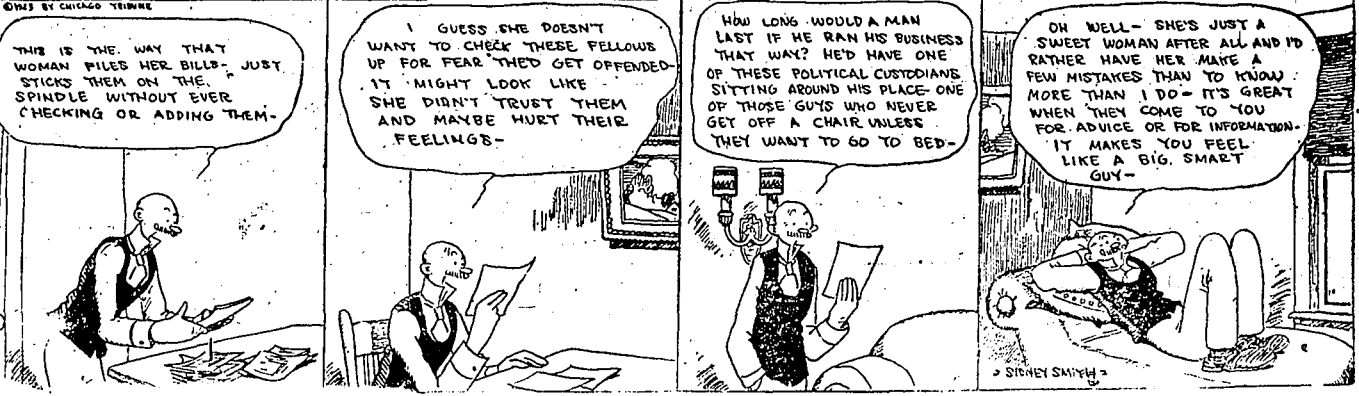

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarette aftertaste.

Camels are made for men who think for themselves.

THEATRE SQUAD CAPTURES GAME

Show House Bowlers Take Three Straight Rounds from Wrights' Pin Busters

The Idaho theatre bowlers continued their march to the league championship, when they took three straight games from the Wright pin busters Thursday evening at the Twin Falls bowling alleys.

The first game was a close one, the young Vascelinos winning by a scant 10 pins, and these came in the last frame. The old high school fighting spirit made itself known in this frame, four of the five men striking. The final score for the first reel was 690 to 680.

High game went to Finkle with 189 topped over. Chat Kerr came in second with 171.

The theatre lads turned hostile in the second and rolled 831, while the best the counter jumpers could do was 618.

The third avalanche occurred immediately after the second one was finished with the result that the theatre lads added to their averages by piling up 753 pins while "Top" Kleffner and his gang stopped at 733.

Finkle broke loose in this game and topped off 185.

High totals for the evening went to Finkle with 507. Denny Sullivan was next with 501.

The final pins for the three games were: Idaho theatre, 2271; Wrights', 2031.

How the theatre lads stayed at the top:

Idaho Theatre	1	2	3	Total
Kerr	171	180	143	491
McRoberts	124	132	138	394
Selek	105	123	143	421
Sullivan	157	170	168	501
T. Jarman	133	171	160	464
<b>Totals</b>	<b>690</b>	<b>831</b>	<b>750</b>	<b>2271</b>

Wright's

Wright's	1	2	3	Total
A. Boone	147	153	130	430
Kleffner	120	123	126	369
Robinson	110	101	142	353
Andriano	92	101	115	308
Finkle	169	130	188	507
<b>Totals</b>	<b>608</b>	<b>618</b>	<b>733</b>	<b>2031</b>

STRIKES AND SPARES

The Idaho theatre boys are still at the head of the list.

The largest crowd of the week was in attendance.

The first game was a humdinger, the high school boys being forced to go on a strike to win.

Owing to the absence of Emery Beaudt, A. Boone substituted for him, and proved "a boone" for the Wright men who were not right.

"Stew" Robinson, substituting for Woodhead of the Wright team, failed to bowl his usual game.

"Pop" Kleffner didn't "add" many points to his average, and is thinking seriously of going to Bowling Green for a few private lessons.

"Pop" had a great time, telling the

THEATRE SQUAD CAPTURES GAME

kids how to used to bowl when he was young.

Some memory.

Denny Sullivan gave a good exhibition, and will be right at the top of the pile when the final games are bowled.

Andrew throws a fast ball and is accurate, but becomes a bit anxious, throwing too quickly at times. Take it easy, Denny. If they won't fall down on the first ball, they will be waiting for you to throw the second.

Andriano still insists that there is a Mongolian curse working on him, as he throws the balls so straight, and they end up so crooked.

"Andy" thought that he was playing baseball in the third inning of the last game, and was called out on a foul.

Walter Selek, commonly known as "Selek," lived up to his name in the second game with 172 for a total.

Laval Jarman did some nice work, although he could put on a little more steam and knock down a few more pins.

McRoberts was not up to standard; he couldn't pass 138.

Finkle is fast founding into shape, picking up most of his spares, and on two occasions picked up a couple of spits.

He throws a fast ball, and when he hits them they go down with a dull, sickening thud.

Clint Evans was an interested spectator, and his melodious voice didn't hurt the boys' bowling a bit.

Tonight the brawlers will play the Show Market bridge in a special affair, which will not have any bearing on the league standings.

Harry Vogel says that there are only two good bowlers in this section, and he is both of them.

Our daily bowling thought; if "McRoberts" fell down would it be the cause of "McCracken" his "Woodhead"?

BASKET SHOOTERS TRAVEL

The Twin Falls high school basketball team will leave this evening for a two day trip, playing tonight at Burley, and on Saturday, evening at Rupert.

Burley has a team this year that will vie with the schools of this section for the right to go higher up toward the state title.

A few weeks ago they won from the fast Oakley team by one point, thus establishing themselves as a team worthy of more than average notice.

A team that wins from the Oakley team has to be pretty close to the top.

Although the two games will have no bearing on the championship title of the south central section, it will give the fans an opportunity to see the relative strength of the east and west sections of this part of the state.

Both games are invitational affairs, and next Friday Burley will return the compliment, with Rupert playing on the local floor February 9.

Couch Evans will take eight men; Jenkins, Cronm and Scott, forwards; Jansen, center; Cole, King, Strickland and Leiser, guards.

KEARNS ACCEPTS RICKARD TERMS

No Contract Involving Championship to be Made Pending Promoter's Offer

NEW YORK, Jan. 25, (AP)—Jack Kearns, promoter of the Dempsey-Jarman fight, today signed an option with Tex Rickard under the terms of which Kearns agreed not to enter into any championship involving the heavyweight championship for a period of six days ending February 1, pending receipt of a formal offer from the promoter.

The agreement, which bars Kearns from accepting, but not from receiving further fight offers during the stipulated period, was signed in the presence of newspaper men into this afternoon after a four hour conference between the promoter and the titleholder's manager. The latter received \$1,000 to sign the option.

Rickard said he would suggest terms for a probably two fights during the season, Dempsey's opponents to be selected by him from the four men he considered to be the leading challengers. These four, he said, were Harry Wills, Jess Willard, Luis Firpo and Tom Gibbons.

Kearns reiterated his insistence that Wills be included as one of the championship opponents under contract to be signed, but Rickard, while declining to commit himself definitely, indicated he favored Willard as Dempsey's first opponent, and either Gibbons or Firpo as the second, providing the champion again conquered the giant Kansan.

The promoter declared he would prefer to stage the first contest June 30, and the second probably on Labor day.

FOUR VETERAN WRESTLERS ANSWER CALL AT OREGON

CORVALLIS, Ore., Jan. 25 (AP)—Only four veterans from last year's wrestling squad will answer Coach Ray B. Rathburn's call for home-entrants. "Puss" Cooney of the 155-pound berth; "Wise" Stenstrom, 175 pounds; "Bob" Fulton, 155 pounds, and "Bob" Johnson, 100 pounds, are the only wearers of the orange "O" who will go out for this sport.

Rathburn's failure to return to school this term is causing the Oregon Aggie coach more grief than the absence of any other wrestler, because he holds the amateur wrestling championship of the 135 pound class.

JUNIOR BASKET SHOOTER THEATRENS EQUILIBRIUM

SANTA CLARA, Jan. 25 (AP)—The younger generation threatens to upset the athletic equilibrium at the University of Santa Clara as a result of the great basketball playing of Jimmy Logan, a substitute from Fresno.

Logan's father and brother of Captain Johnny Logan, a veteran of Santa Clara's varsity. The elder Logan has been considered the star of the team, but the all-around work of his brother threatens to shove him into the background.

STANFORD HAS BIG SQUAD FOR BASEBALL PRACTICE

STANFORD UNIVERSITY, Cal., Jan. 25 (AP)—Forty-five men have reported to Coach Harry Walters for baseball practice here, including Woodward, Peavy, Heckendorf, Lowenstein and Carver, veterans of last year's outfit.

Eighteen games have already been booked on the 1923 schedule. The University of Southern California is added to the Cardinal's diamond program for the first time, with the schedule follows: February 3, Bank of California Jeffersons here; February 7, Ambrose Tailors of Oakland here; February 10, French-American Bank of San Francisco here; February 17, Olympic Club here; February 22, 24 and 28, Ireland's Independents here; March 3, St. Mary's here; March 7, Santa Clara here; March 10, St. Mary's here; March 14, Santa Clara here; March 21, Santa Clara at Santa Clara; March 21, Olympic Club here; April 3, U. S. G. here; April 4, U. S. G. here; April 14, California at Berkeley; April 21, California here.

GIVES BASKETBALL ROSTER

SANTA CLARA, Jan. 25 (AP)—The list of ten men who will comprise the University of Santa Clara basketball team this season, has been announced here by Coach H. E. Avercoches as follows: Forwards, Johnny Yukota, Jimmy Logan, Ray Hulman and Jimmy McAuliffe; centers, Captain Johnny Logan and John Vasconcellos; guards, Harold Toos, Phillip Fawkes, Alex Tosi and David Clancy.

KATO CORRECTS REPORT

Japanese Premier Denies Making Definite Statement in Relation to Naval Limitation Treaty Ratification

WASHINGTON, Jan. 25 (AP)—The Japanese embassy announced tonight the receipt of official dispatches bearing upon the recent interpellation of Premier Kato in the diet with reference to the Washington naval limitation treaty. According to these dispatches, the premier did not say, as reported in press dispatches from Tokyo, that an understanding existed between the three great navies as to a course to follow in case the treaty was not ratified by all five signatories, but that in such event an agreement of some sort might eventually be reached by Japan, the United States and Great Britain.

"The following day, the 24th," the embassy announced, "in the house of representatives replying to a question as to whether or not any understanding exists among the three powers, he flatly declared that there is no such understanding."

PARIS EXTENDS WELCOME TO AMERICAN STUDENTS

PARIS, Jan. 25, (AP)—American students coming to France always will find the latch string outside the door," said Monsieur Paul Appell, rector of the University of Paris, speaking to the Associated Press representative today in connection with the unusually large number of students here this winter.

The entire machinery of university life in France is backed up by the government, and furthermore the various Franco-American good-will societies are doing all they can to help Americans anxious to study here.

Those who wish merely to learn the French language are also assisted. Special help is given in the way of finding homes for the students, especially those who want to live in French families. Previous to the war the French were known for the severe ways in which they excluded foreigners from their family life, but today the contrary is the case, and efforts are being made to show Americans the intimate and familiar side of French home life.

Leon Beaud, Minister Public, International, has proposed to establish at the Fort des Russes, in the mountains near the Swiss frontier, a summer school to accommodate 800 students. Four hundred Americans already have made application.

KINDLY LONDON MAGISTRATE IS MOURNED IN MANY LANDS

LONDON, Jan. 25 (AP)—The death of Horace Smith, the metropolitan police magistrate for 15 years at the Westminster court, will be greeted by a large number of people here and in the colonies.

Mr. Smith was more of a friend and kindly adviser than a stern administrator of the law, and his advice to first offenders was many times the means of sparing them to fresh and better efforts. Often he received letters from overseas announcing progress in the new life, while other men whose lives had been materially influenced for good, never failed to call on him whenever they returned to England.

SWEDISH FIRM TO OPERATE AIR SERVICE TO HAMBURG

STOCKHOLM, Jan. 25, (AP)—Sweden will be twenty-four hours nearer the continent when a new aerial company gets its four machines in operation in the near future. Stockholm, Gothenburg and Malmo will be linked with Hamburg, and then still directly with Berlin, Paris and London.

Letters for England will reach London in less than 24 hours. The daily trip from Malmo to Hamburg, 200 miles, will be made in two stages. The passenger tariff will be \$14.00.

Old and young should visit Dr. Jack for your ailments—will be at the Binlo next week—adv.

COLLEGE GIRLS VOTE ON 10-HOUR DAY FOR WOMEN

Barnard Student Organization Submits Proposed Regulations Governing Day's Activities

NEW YORK, Jan. 25 (AP)—With the eight-hour day for women the predominant cry in industry a ten-hour day for college women, six days a week, is the proposal just announced for Barnard college by the Board of Student Presidents. This organization, after long study, has presented the proposal to the undergraduate body for ratification or disapproval.

The plan proposes a new point system to regulate extra-curricular activity. The Barnard girl's 24 hours, it proposes, shall be divided as follows: Eight hours for sleep, two hours for exercise, four hours for meals and incidental duties at home, and ten hours for college activities.

It is explained that the new method of extra-curricular activities would be regulated by a point system, in which each point would stand for three hours of work. No student of Barnard, under the system, would be permitted to carry more than an aggregate of twenty points a semester of academic and extra-curricular work.

THE SCREEN

"KICK IN" Bert Lytell is honest and upright in private life, but he is so often called upon to portray "crook" parts on the screen that some dark night he greatly fears he may forget he is "one of character" and just naturally hop in the pastime window and live open the safe.

Now Bert is "crook" again in "Kick In," which comes to the Idaho Theatre today. Betty Compton is the featured female player.

"HER LORD AND MASTER" If there were more photoplays like "Her Lord and Master," which will be shown at the Laving Theatre Friday and Saturday, there would be less need of censorship and fewer complaints about motion pictures. "Her Lord and Master" is a clean, wholesome production, free from gump, sex element and melodramatic absurdities.

It presents Alice Joyce in a charming role as she has ever portrayed. The character of Indiana Armstrong, material for clever picture studies of the spoiled child who becomes the obedient wife. Holmes E. Herbert plays opposite Miss Joyce and presents a British aristocrat in a canable manner. He has a role that could easily be overacted and spoiled; but this artist accepts a temperance in drawing his character with a result that is entirely satisfactory.

FRI. and SAT. AT THE LAVERING TWIN FALLS FAMILY THEATRE

ALICE JOYCE The favorite of the screen, has a role entirely new to her one that calls forth great ability.

"HER LORD AND MASTER" The visualization of a famous play, which lends itself well to screen adaptation. A story that will please the whole family. A clean, wholesome bit of entertainment.

ALLIES LOATH TO BREAK INTO OTTOMAN STATE

France and Italy Assent to British Project to Adjoin Near East Conference, But Strive to Reach Accord

LAUSANNE, Jan. 25 (AP)—Janot Faeh, head of the Turkish delegation, declined tonight to comment on the announced allied project to adjourn the Near Eastern conference by the end of the week, whether peace was signed or not.

French and Italians rallied rather reluctantly to the procedure laid down by the British and they were careful to say tonight that there could be no question of a definite rupture which would lead to renewed war, but all would depend on the nature of the answer the Turks gave when the allied treaty is definitely presented.

Door to Peace Open. Marquis di Geronzi, of Italy, said tonight the door to peace would be open even after the adjournment of the conference without definite results, because the allies stand ready to return to Lausanne if there seems any chance of reaching an agreement.

Dr. Grant neither recanted nor offered to resign his rectorship. His letter was a ten page plea for enlightenment and liberty for the pulpit.

BETHLEHEM CUTS MELON. Steel Corporation President Reports Reduced Net Income Because of Absorption of Lackawanna Interests

NEW YORK, Jan. 25 (AP)—Regular dividends for the entire year of 1923 on the preferred stocks of the Bethlehem Steel corporation were declared today at a meeting of the directors.

LEAGUE'S AGENDA OMITTS REPARATIONS QUESTION. Hjalmar Branting, as Sweden's Representative, is Expected to Bring Up Issue at Geneva Session

GENEVA, Jan. 25 (AP)—The agenda for the meeting of the council of the league of nations, which will begin in Paris next Monday, omits the question of reparations and the economic distress of Europe; but Hjalmar Branting, who for the first time will represent Sweden in the council, has indicated that he intends to bring up the question.

Alaskan Volcano, Lately Erupting, is Belching Smoke

Activity of Mount Maties is Accompanied by Two Earthquake Shocks. ANCHORAGE, Alaska, Jan. 25 (AP)—Mount Maties, near Mount Shashindin and Paylor, which were recently in eruption, was today emitting a large volume of smoke according to a wireless message received here from the lower Alaska peninsula.

RECTOR DEFENDS LIBERAL VIEWS

Replies to Demand That He Recant or Resign with Citation to Authorities

NEW YORK, Jan. 25 (AP)—The Rev. Percy Stickney Grant, rector of the Ascension, who recent sermons denying the divinity of Christ, brought from Bishop William T. Manning a demand that he "recant or resign" tonight in reply to the bishop's long letter quoting ecclesiastical authorities for the statements he made and concluding:

"It is pitiful to see how many there are among the professed ministers of Christ who are guilty of popular discourses of some vital truth, are proved, by their perplexity or dismay, or by their unstructured denunciations, never to have thought at all seriously or deeply about most momentous questions."

BETHLEHEM CUTS MELON. Steel Corporation President Reports Reduced Net Income Because of Absorption of Lackawanna Interests

NEW YORK, Jan. 25 (AP)—Regular dividends for the entire year of 1923 on the preferred stocks of the Bethlehem Steel corporation were declared today at a meeting of the directors.

BOOSTS FORD'S CANDIDACY. American Economic League Opens Headquarters in Omaha to Put Motor Maker's Name on Ballot

OMAHA, Neb., Jan. 25 (AP)—Officials of the American Economic League, which today opened its headquarters in this city and announced that it intended to obtain 25,000 signatures in Nebraska to petitions asking that Henry Ford's name be placed on Nebraska's presidential preference primary ballot in 1924, announced today that similar petitions are being circulated in Kansas, South Dakota, and Missouri.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Often Means You Have Not Been Drinking Enough Water

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of acid in the acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and sluggish.

TWIN FALLS WEEKLY NEWS

Established 1904
Twin Falls News Publishing Company, Ltd., Publishers

AS TO PROFITS

More acres on Twin Falls County farms should be planted to sugar beets this year than last because the facts show the growing of beets is not a unprofitable proposition with the factory retaining all the profit and the grower reaping only actual loss from his crop.

Last year was, of course, an extraordinary year in agriculture. With a potato acreage out of all proportion to the needs of the market, not only here but all over the country, it was inevitable that potatoes should prove a losing crop and just as inevitable that the product of the remaining acreage should show reasonably good returns.

But the point of the whole matter is not as to what portion of the farms of the country should be planted to this, that or the other crop but with respect to the best and most profitable use which can be made of the land and there is no diversion of opinion among those generally regarded as authorities on the matter.

By and large, year after year, the man with the well diversified acreage is the man who makes the money. The man who prefers to gamble in crops, putting all his eggs in one basket, with sugar beets this year, wheat next year and potatoes or wheat the third may strike it rich occasionally but his losses will more than offset his profits over a term of years, a fact which is better understood today than has ever been the case in the past.

Ten acres of beans, ten of sugar beets and ten of potatoes is a better bet than thirty acres devoted to any one of the three crops. This would not be the case if the grower could foresee exactly which would carry the long profit when it comes to market time but as long as the element of chance exists the only safe scheme lies in reasonable diversification and in the long run the profits lie there, too.

GIVING THE PUBLIC POLITICAL FACTS

The Committee of One Hundred of the National Civic Federation, at its meeting this week in Washington, adopted Mr. Ethus Root's plan to instruct the American people on international affairs. The idea is worthy and probably will produce some good result, but not as much as Mr. Root and his colleagues expect and desire. Whenever any great international issue arises, the press submit all the facts to the public and generally present conflicting points of view. The press is no fearless today than it ever was before and it strives carefully to give the people full information.

The Root scheme can scarcely be more practical than the forum of the press, and the federation's committee cannot expect to reach the commonality except through the daily newspapers. The committee scarcely can establish a more authoritative hold on the nation's mind than the press. What will be gained, if anything, in trying to acquaint the people with international problems?

It is not by opinion that most of us are moved, but by sentiment. We draw various conclusions from the same array of facts, and frequently we ignore facts altogether because of rigid mental bent. However, any education which seeks to do good is sure to be of some benefit, and the Root plan should be welcomed in the best spirit as a means intended to assist us in subordinating sentiment to common sense.

It would not be inadvisable for the committee to wage a campaign of education on fundamentals of American government. Such a campaign would be enlightening to all of us, without exception.

THE BOPE FOR THE HANGMAN

Lookoff, public executioner for the political secret police of Russia, is said to have hanged two thousand persons in two years. Moscow telegraphs to London that he committed suicide by hanging himself in his room.

We may hear that Lookoff was hanged by the spirits of some of those unfortunates whom he fiendishly dispatched into eternity. But the chances are that he was haunted by the reawakening of conscience and oppressed by grim remorse. It is a horrible aberration, when returning to thoughtfulness from the ghoulish delusions of godless and inhuman pol-

tics, to keep on seeing two thousand trunkless heads and two thousand decapitated bodies heaped and strewn beside a bloodbath spectral ghbhet. The gruesome vision of despair condemned Lookoff to the rope.

THE BALANCE SHEET

Cost of the war to France—Seven devaluated departments, 64 per cent of her steel production; 60 per cent of her sugar production; 75 per cent of her electric energy; 33 per cent of her coal production; 100 billion francs of railroad bonds. And France in three years has had to pay \$7,500,000,000 to rebuild her ruins.

She was hit and cost Germany one inch of soil ruined; one factory damaged; one coal mine destroyed; one sugar beet pulled up; one electric cable broken; one rail station.

And France in three years has had to pay \$1,250,000,000 at the expense of "investors" in marks—Toronto Globe.

THE GREAT ELECTION

The accused power which stands on privilege (And goes with women and champagne and bridge).

Broken by democracy resumed her reign (Which goes with bridge and women and champagne).

George Lucas of Denver, Colo., tried to test his status as a candidate saying there was "a widow after me, and my name is liable to get careless and lose his head long enough to get married."—Boston Globe.

THREE ARE HELD FOR ROBBERIES

Local Youths Confess, Officers Say, to Burglary and Stealing Cars

The robbery of the Longeneberger-Belmont general store at Hazelton last week was the work of three boys of the Reynolds hardware store. Filer and the disappearance of two automobiles from Twin Falls last week were the work of the same trio. Filer and Ralph Hoppe here Monday night and Albert Jensen at Jerod early Tuesday morning.

RESIDE HERE

Fuller and Hoppe are residents of Twin Falls and are said to have been in similar trouble before. Jensen's home is in Minnesota.

That the boys planned an extensive series of burglaries is the opinion of the officers here. They confessed to breaking into the hardware store at Filer, the general store at Jerod, and to other places in this district. Officers here were implored to arrest them.

REAL SECOND CAR

After abandoning the automobile stolen from Mrs. Ernest White north of Shoshone falls the boys returned to their city, and it is said, stole a car owned by C. J. Achenbach, who is a former employer of Hoppe. They circled south of Porcelto, but were forced to stop at Kimberly on account of bad roads. Deputy sheriffs arrested Fuller and Hoppe on the road between Kimberly and Twin Falls. They implicated Jensen, who is in jail here.

ARE IDENTIFIED

The boys were identified by persons living near Jerome from whom the boys borrowed some tools which they used for breaking into the store safe at Hazelton.

THE BOYS CLAIMED THEY GOT ONLY \$40 EACH IN CASH FROM THE HAZELTON ROBBERY

The boys claimed they got only \$40 each in cash from the Hazelton robbery. They were also given \$200 and the other for \$50, which was recovered.

PROVIDENCE SUBSCRIBES TO FUND FOR STUDENTS

Rhode Island City Undertakes to Raise \$100,000 to Assist Working Persons Obtain Education

PROVIDENCE, R. I., Jan. 25 (AP)—A campaign to raise \$100,000 as a fund from which 50 high school students might be enabled each year, by lower scholarship, to complete courses which otherwise would have to be ended for lack of funds, is under way here. So far no one is known of its kind in the country.

The system has made a good start, seven children in 1921 being given scholarships which allowed them to remain in school, and in 1922, eleven were so assisted. State Commissioner of Education Walter E. Ranger, in speaking of the plan said: "It promises to supply a means for the education of the children of the public, children from 7 to 14 years of age attend school, only 60 per cent of the children in their 16th year, are enrolled in school. Obviously any extension of school education must be for these years.

PREPARE DOCKET FOR COURT TERM

Liquor Cases Will Be in Majority in January Trials; Jury is Selected

The criminal docket for the January term in district court will be somewhat lighter than during the last term but it will also be featured by the trial of liquor cases. The docket for the jury term, which begins next Monday morning, has not yet been arranged.

The first case set for trial is that of the Martin Blackburn statutory case in which the jury disagreed at the last term. It will appear in court on Monday morning.

The jurors for the coming term, whose names were drawn yesterday, are as follows: W. P. Brewer, C. W. Guiner, J. H. Hall and Clyde Johnson of Hansen; D. A. McMillan, M. W. Denoyer, A. S. Martin, W. S. Parish, E. J. Compton, L. H. Duwayny, R. W. Steele, A. L. Knight, W. R. Amshary, R. R. Spafford, Albert Estling, Harry E. Barker, W. P. Parmenter, H. B. White, E. Chubb, Krongel and A. C. Boone of Twin Falls; C. H. Hills of Berger; W. T. Conant, W. T. Sautuels, E. C. Swannear, L. H. Van Ripper and C. D. Mecke of Buhl; Joseph H. Eichert of Murtaugh; E. C. Davis of Gulestrey; S. H. Procter and J. W. P. Parmenter.

Four pleaded guilty in district court Monday on liquor charges and will be sentenced Wednesday. They are James Kelly, Juan Adams, Frank Sizemore and Myram Filman.

Arguments will be heard this week on the civil cases in which testimony has been completed. These are Morrison vs. E. R. Sherman; Orr Ross vs. the Twin Falls Canal company, and Cecil Mattice vs. M. Koppelman and others.

KIWANIANS GIVE VIEWS ON NEEDED LEGISLATION

Change in Time of Tax Payments is Advocated and Gasoline Tax Favored and Opposed by Members

Views of individual Kiwanians with respect to legislation desired at the hands of the present session of the state legislature were expressed at a regular meeting of the club Monday. Change in the time for tax payments was advocated by W. T. Leslie who desires that a shorter season for the most unprofitable time in the year for this function.

Enactment of the proposed gasoline tax as a means of raising revenue for maintenance of the system of state highways was favored by C. E. Lind, automobile dealer, and opposed by Wendell Allen of the Allied Oil company.

No action upon the several suggestions was taken by the club, but a standing committee headed by former Senator M. J. Sweeney was instructed to "submit recommendations" in relation to proposed or pending legislation at the next meeting.

Charles C. O'Boyle, director of the federal assay office at Boise, was a guest of the club, and responded in happy vein to a request for remarks. A. B. Colwell, a member of the club, who has recently returned from a visit to his former home in the middle west, reported business conditions improved in that region.

THEATRE TICKET SCALPERS

THIEVE IN RUSSIAN CENTER

MOSCOW, Jan. 25 (AP)—Moscow this winter is a profitable field for the speculator in theatre tickets. The theatre box office shows such a rush for seats for the ballets and other popular pieces that queues are soon formed, and many persons are ready to pay the higher prices to save standing in line.

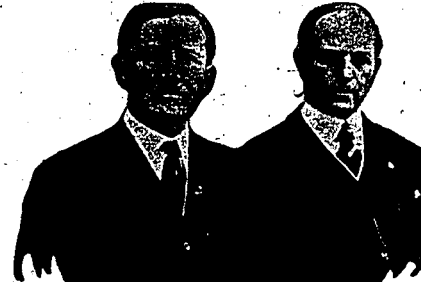

Many workers who, when communism was at its height, had purchased the theatre seats, are now purchasing them regularly from speculators, apparently taking it for granted that the new economic policy, and all that goes with it—the good and the bad—is here to stay.

The people of the city flock every night to the lighted streets. Scores of theatres, more than in the pre-war days, cater to their amusement. And close by are the restaurants and cafes, the gambling casinos and the cabarets.

JAPANESE VOICE COMPLAINT AGAINST RUSSIAN MINERS

YOKOHAMA, Japan, Jan. 25 (AP)—High postal rates charged by the Japanese government which have for long been bitterly resented by foreign business men here have at last been attacked by the Japanese themselves. The Japanese Exporters' association has made representations to the government pointing out that while the United States and Britain some time ago raised foreign postage rates slightly in accordance with the resolution passed at the meeting of the League of Nations, held at Madrid in November, 1920, the Japanese government in January of this year doubled the foreign postage. With the exception of France and Germany, no country has raised the foreign postage to so great an extent as Japan.

Texas Senator May Be Unseated

Senator Sheppard, Senator Mayfield

United States Senator Earl B. Mayfield, of Texas, shown here with Senator Morris Sheppard, of the same state, is to take office on March 4, but has only arrived in Washington on Monday. Talk that efforts will be made to unseat him as soon as he is sworn in. According to Capitol gossip, the case will outrank the Newberry case, since Mayfield's election was based largely on the belief that he was a member of the Ku Klux Klan, the backing of which organization he is supposed to have had.

DEFENDS SOVIET POLICY IN EAST

Champion Strongman of Vladivostok Gives Aims of His Rule in Primora

VLADIVOSTOK, Siberia, Jan. 25 (AP)—Kikita Denisenko, the champion strong man of Vladivostok, a former longshoreman, who is credited with the ability to carry with ease a load of 120 pounds up the gangway of a ship, is the new president of the Primoria soviet. His vice presidents are Constantine Pachenistim and Theodore Protinkoff, and the secretary Nicholas Gushchin, a printer's assistant. President Denisenko in an interview with the Associated Press explained the aims of the new soviet. He said: "In the Primoria, owing to local conditions, there is at present a sharp divergence from the normal constitution in force in the Russian social federated soviet republic, which gives certain persons the opportunity of saying that the government here is a military dictatorship. There is only a transitory stage which is common in Russia in parts of the country which have been cleared of the enemy, and which is being organized. The existence of the provincial military revolution committee is certainly not opposed to the soviet ideal. All authority is in the hands of the workers" and the unanimous election of a soviet in Vladivostok received the immediate sanction of the revolutionary committee.

The continuation of the present state of affairs will rest on our ability to defend the soviet ideal. As soon as it is done and soviet are formed in the various districts and provinces, the full authority of the government will be handed over to the soviet by the provincial military revolutionary committee. At present all questions referring to the government are referred to the provincial military revolutionary committee. The deputies are chosen from the different unions in proportion to their numbers.

"The number of deputies sent from each organization is as follows: The truck organization, 2; the unions, 21; the Metal Workers, 22; Sailors' union, 10; Industrial Workers, 9; teachers, 5; the Food Producers' union, 5; Municipal Workers, 4; Printers, 3; Medical union, 3; builders, 2; sailors, 2; chauffeurs, 2; teacher, workers, 1.

CALIFORNIA'S OUTPUT OF METALS SHOWS INCREASE

Gold Production Lags Due to Argonaut Mine Disaster and Scarcity of Skill of Underground Workers

SAN FRANCISCO, Jan. 25 (AP)—California's output of gold, silver, copper, lead and zinc during 1922 was valued at \$21,625,500, an increase of \$673,177 over 1921, according to the United States Geological Survey estimates.

Gold production was \$4,845,000, a decrease of \$859,822, due the survey says, to the disastrous fire in the Argonaut mine and zinc, which also decreased production. The Argonaut mine, through which work was conducted in trying to rescue the 47 miners entombed in the Argonaut mine.

The government's report states that complaint has been made of the scarcity of first class miners, who seem to have gone into more profitable occupations than the hazardous occupations of underground mining.

Copper production in 1922 was valued at \$3,935,500, an increase of \$1,021,000 over the year 1921. This is a remarkable view of the low price of the metal and the fact that the Mammoth Mountain Copper, Penn and Calaveras mines, formerly the largest producers of the red metal, remained closed.

SENATE APPROVES CAMPBELL

WASHINGTON, Jan. 25 (AP)—The nomination of Mills D. Campbell of Michigan to the federal reserve board as the so-called "dirt farmer" member, was confirmed today by the senate.

BARGAIN DAYS PROPOSED FOR RAIL CARRIERS

Minnesota Commissioner of Highways Suggests Plan for Equalizing Traffic and Ameliorating Road's Ills

ST. PAUL, Jan. 25 (AP)—Bargain days on railroads—the offering of special inducements to equalize passenger and freight traffic under the same principle that the modern mercantile advertisement sales to stimulate trade at times when other advertising is slack—were advanced today by Charles M. Babcock, Minnesota commissioner of highways, toward ameliorating railroad ill in the United States.

"Most of our slack periods as well as those of traffic congestion make up rail transportation problems, according to press reports," said Mr. Babcock, "and my opinion is that by railroad managers of the business stimulants and methods employed by the successful merchants of today will go far toward solving the problem. Many commodities can be moved as well one month as another and inducements in the form of freight rate reductions in the so-called dull months, I believe, would equalize the movement of freight. The same would apply to passenger travel, although in a lesser degree perhaps. Bargain days on our railroads could be made to work for the mutual advantage of carriers and shippers.

Traffic experts of long experience said that proposed legislation now pending in congress provides for seasonal rate reductions to promote the shipping of coal in certain months, but credited Commissioner Babcock with originating the proposal to broaden the plan.

"If material shipments offer a simple example," continued Mr. Babcock, "cement can be shipped almost as well one month as another, almost every car of cement for construction is made up of lumber and steel and various materials entering building and also exempt from seasonal shipping conditions. All that seems necessary to move such freight to best advantage and confidence of the carriers is a cut rate inducement and it must be, enough only to slightly more than offset the investment charges for the car, which probably can be worked out with little difficulty once the plan is undertaken."

DIVING BOARD FILLS NEED

Device Invented by Stanford Swimmer Granted Patent Adopted by Many of Large Colleges and Universities

STANFORD UNIVERSITY, Jan. 25 (AP)—A standardized diving spring board invented by Ernst Brandstater, a Stanford swimmer, intended to obviate difficult encounters between competitors in straits pools has been widely adopted by colleges and athletic association in the United States and abroad.

The Intercollegiate Swimming association, which controls the aquatic sports in many universities, and colleges over the country, will require member universities to install the improved board, it is said. Columbia, New York, Cornell, Yale, Princeton, Cornell, West Point and Annapolis, are among the Pacific coast conference colleges that have accepted it.

The New York Athletic club, Illinois Athletic club, Olympic club of San Francisco, Michigan club of Portland and the Los Angeles Athletic club, in addition to swimming pool and beach resorts, in San Francisco, are also using the standardized equipment. The spring board is made of clear, vertical grain Oregon pine, instead of the usual hickory or ash. Brandstater says that coaches have found pine to be equal, if not superior to more expensive woods. The board comes in two sizes, one for indoor pools where a short headpiece must be used, and the other for outdoor pools.

SURETIES ON APPEAL IN BUHL LAND CASE FILED

Undertaking an appeal from the decision of Judge W. A. Babcock in the matter of the petition of Buhl property owners to have their lands excluded from the corporate limits of Buhl, was filed in district court yesterday by J. M. Maxwell, Leonard E. Smith, George D. Allen, Harriet S. Wilson, Helen Allen and W. J. Allen as administrators of the H. F. Allen, estate, and Asher B. Wilson.

The case represented an appeal from Judge Babcock's finding against the separation of the lands from the town site of Buhl. His decision, made some time ago, was on the grounds that the separation would materially mar the general symmetry of the townsite. The News is read by the permanent reading classes.

# SHEPHERD HEAR MARKET ADVICE AT CONVENTION

**Wool Growers' Committee Recommends Discontinuance of Contracts Before Shearing and Warehouse Storage**

SPOKANE, Wash., Jan. 25 (AP)—Recommendations of the wool marketing committee of the National Wool Growers' association were accepted by the association's annual convention in session here late today. The recommendations included:

- Discontinuance of contracting wool before shearing.
- Establishment of regional wool pools based on freight rate differentials.
- Storage of wool in United States bonded warehouses, with grading by licensed graders, and with the general plan of financing wool growers, based on United States licensed warehouse receipts.

**No Reason for Gloom.**

F. A. Ellenwood, past president of the California Wool Growers' association, presented the report.

Declaring he saw "no reason for gloom" in wool marketing prospects for 1923, Mr. Staff, president of the National Wool Growers' Storage company, Chicago, advised the convention that the "outlook for wool is splendid."

He gave details of market conditions and government regulations, including brief comment on the tariff.

"American wool for American mills is a fine slogan, but I'm afraid it's going to be a slogan that is not working out to be any barrier to exports. Pretty soon there is going to be a great love match between American agriculturists and American business."

**Urges Strong Cooperation.**

Mr. Staff urged strong cooperation between growers, saying "the prices you receive (this year) will depend on the methods you adopt in marketing."

Through formation of joint stock and banks those engaged in agriculture and livestock industries will be able to secure loans at the rate of the improvements on land, C. C. Coit, Portland, Ore., banker, told the convention.

"The joint stock land bank will be similar to the federal rural credit act," said Mr. Coit. "This act will reduce the rates and place agriculture and livestock paper on the market at attractive rates."

## DISPOSE OF COURT CASES

**Criminal Informations Filed Against Prisoners; Alleged Robbers Plead Guilty**

Activities in district court yesterday were confined to filing of cases and criminal informations and entering of pleas on criminal charges.

Informations were filed by J. W. Taylor, prosecuting attorney, charging S. W. Gadd with felony for the sale of shoes to his husband with illegal possession. Gadd was found guilty some time ago on the same offense.

Ralph Hoppie and Albert Jensen, alleged self-confessed robbers, pleaded guilty to larceny charges yesterday. They will be sentenced Saturday morning. Leo Fuller, implicated with them, will probably be sent to the state industrial school.

Cruelty is charged by Mrs. Veva Egan in her divorce complaint filed yesterday against Ernest Egan. She alleges her husband threatened to kill her, called her vile names and beat her.

Motion for a new trial was filed by L. A. Warner, defendant in the damage suit brought by C. A. McManis, and which was tried in district court a few weeks ago. The case will be presented to the court in written briefs.

## FOLKS AT IDAHO FALLS RECEIVE RUMORS OF OIL

**Claim Much Interest in Being Shown and Drilled at Work Seeking Wells in Southeastern District**

"Interest is being shown in the gas and oil prospects throughout eastern Idaho and along the eastern boundary of Bonneville county near the Wyoming state line," says an Idaho Falls newspaper.

To substantiate the report the publication states that a Pittsburgh company is sinking a well in the Star valley and that gas and oil permits on 35,000 acres of land have been issued recently by the land office at Blackfoot to Seattle, north Idaho and Idaho Falls people.

The district which it is said, is to be prospected lies east of Idaho Falls and Blackfoot and extends from Montpellier and Soda Springs to Afton, Wyoming.

There is no evidence as yet to show that a Twin Falls gusher has been found.

## COUNTY FEES INCREASE DURING THE PAST YEAR

**Receipts of Clerk, Recorder and Sheriff's Offices Show Gain; Probate Court Receipts Are Less**

C. C. Sigmins, county auditor, clerk and recorder, will leave Sunday to Boise, where he will attend the convention of county auditors throughout the state on Tuesday. He will be accompanied by Mrs. Sigmins, who will attend a guild meeting.

T. D. Conner, county commissioner, will also make the trip and will be present at the meeting of county commissioners at Boise on Wednesday.

## WELL KNOWN ATTORNEYS UNITE IN PARTNERSHIP

**Firm of Hodgkin, Stephan and North Combine Capabilities of Prominent Barristers**

Capabilities of three Twin Falls citizens, well known in legal and political circles in this district, were invested in a partnership that marked the establishment of a new institution in the city when the law firm of Hodgkin, Stephan & North opened offices in the Guthrie building on January 8.

Of the three partners, Charles Hodgkin, Frank L. Stephan and Charles North, Mr. North and Mr. Stephan were the first to settle here. Both are graduates of the law school at the University of Michigan.

After teaching school in this district for a time Mr. North came to Twin Falls in 1916, and in the same year Mr. Stephan arrived and the firm of Stephan & North was organized.

Mr. Stephan was first elected prosecuting attorney in 1916 and served three terms in that office, Mr. North continuing his practice in the meantime until a year ago, when he became deputy prosecutor.

As prosecutor Mr. Stephan won much credit especially in the prosecution of criminal cases, one of his most notable cases being the Lyda Southard murder case.

Hodgkin is well known throughout southern Idaho. With his parents he came to Idaho from Missouri at the age of 14 years, and five years ago he moved from Boise to Twin Falls to accept the position of sheriff of Ada county and was formerly a deputy United States marshal. On his arrival here in 1917 he became a partner in the firm of Hodgkin & Stephens, in which he continued until last July. Mr. Hodgkin was republican county chairman here in 1918 and again in 1920, and last year he was nominated for lieutenant for his party. He was nominated for district judge at the last election, but declined.

The new firm is quartered in rooms on Shoshone street east, previously occupied by W. P. Guthrie and E. J. Hornbrook, attorneys, who have concluded a one-year partnership agreement, each retaining offices independent of the other. Guthrie has offices in the Babcock building on Main avenue west, and Mr. Hornbrook in the Twin Falls Bank and Trust company building.

## COUNTY EXECUTIVES TO ATTEND BOISE MEETING

**C. C. Sigmins and T. D. Conner to be Present When County Auditors and Commissioners Convene**

Total fees received by the clerk and recorder's office and the sheriff's office a considerable increase for 1922 as compared to those of 1921, and the fees of probate court show a decline, according to figures in the financial report of the auditor.

Total fees of the offices of the clerk and auditor last year were \$20,588.25, as compared to \$19,715.15 for 1921, representing an increase last year of \$873.10. The sheriff's office took in \$10,541.71 in 1922 and \$9,014.02 during the preceding year, making an increase of \$1,527.69.

Total fees of the probate judge for 1922 were \$3,450.45 and in 1921 they were \$4,132, representing a decrease in fees last year of \$681.55.

## WINS HONORS IN JUDGING

**Frank Houston, Senior at Kansas College, Nears End of Envious Record for Attainments in School Work**

Frank Houston of Twin Falls, who is a senior in agriculture at Kansas State Agricultural college, has made an enviable record as a judge of farm live stock during his college career, according to a report from the college.

Mr. Houston won second place in the dairy contest and first place in the pig, sheep and horse judging contest at the junior. He won first place in the student's contest at the state fair at Tropic last fall. He was on the dairy judging team at Waterloo, Iowa, and St. Paul, Minn., being high point man at Waterloo. Mr. Houston was a member of the stock judging team that placed third in the students' judging contest at the International Convention. There were 166 men in this contest and Mr. Houston tied for seventh place.

Besides being a good judge of farm live stock, Houston is an excellent student, belonging to Alpha Zeta, an honorary agriculture fraternity. He takes part in an active part in the agricultural association and is a member of the Farm House fraternity and Athenian Literary society.

## DOGS CAUSE OF TROUBLE

**Police Forced to Act in Several Cases Reported by Citizens With Grievance Against Mongrels**

The determination of the police to quickly dispose of dogs about the city with an inclination toward trouble making emphasizes the advisability of owning and watching their canine pets and seeing that they remain happy. Reports are being received nearly every day from persons who complain about troublesome dogs and the result has been that a great number of animals have been put out of the way.

## REAL ESTATE LOANS

## NEW TRAIN SCHEDULES IN EFFECT ON SUNDAY

**Noon Train Arrives Later Than Usual; Morning Schedule Changed; Evening Passenger Unchanged.**

Changes in the schedules of three passenger trains, effective Sunday, were announced yesterday by local railroad officials.

No. 83, which has arrived at 12:30 p. m., will be due at 1:20 p. m. No. 153, due here at 4:30, will arrive at 4:20; No. 156, leaving at 7:20 a. m., will leave at 7:50 a. m. No. 84, which leaves at 6:10 p. m., has not been changed.

The hours given are those of city time.

## Personal

**Mrs. Bowen Recovering—Mrs. C. L. Bowen, who recently underwent an operation, is reported as improving nicely. She is expected to be able to leave the hospital within a few days.**

**Pipe Expected—The pipe for the water main to the hospital is expected Friday and a crew which has been employed by J. T. Krivanek, street superintendent, will begin laying the main immediately.**

**Auto Improving—John B. Ault, county juvenile officer, who underwent a serious operation at the county hospital about 10 days ago, is improving and will probably be able to return to his office in about a week.**

## FLENNER TAKES RELAPSE

**Reclamation Association Official Confined as Result of Return of Recent Serious Illness**

Guy Flenner, managing director of the Idaho Reclamation association, is again under the care of a physician as a result of a relapse from his recent illness and he will be unable to be in Twin Falls this week, according to information received from Mr. Flenner's secretary.

**COOKED FOOD SALE, by the Catholic ladies Saturday, the 27th, at old Fashion Shop room.—adv.**

**Harold Lloyd special, Dr. Jack, the laugh specialist, will be at the Hialto next week.—adv.**

**LAWRENCE BARRETT IS HERE, adv.**

**Greatest Fishing Stream. The Columbia river is the greatest fishing stream in the world.**

## WEATHER STATISTICS

**HELENA, Mont., Jan. 25 (AP)—Maximum and minimum temperatures at the following cities during the 24 hours ending at 6 o'clock tonight, reported by the United States weather bureau here, were:**

Chicago	High	Low
Edmonton	24	22
Hayne	18	22
Kalispell	29	20
Missoula	30	20
New York	38	32
St. Paul	10	0
Salt Lake	32	22
Sin Diego	65	52
Seattle	42	32
Twin Falls	43	29

**Idaho forecast—Friday: Fair.**

Thirty-three degrees, the high temperature Thursday, was the lowest high daily temperature for more than a month, according to records of the government weather observer here, and was more than 10 degrees under the average high daily temperature this month.

Low temperature of 28 degrees was several degrees above the recent low levels and brought the average for the day to 31 degrees, the same as on Wednesday. No precipitation was recorded Thursday.

## AT THE HOTELS

**Evangelist Tells How To Cure Worry Habit**

**Large Audiences Attend Two Meetings of Dr. Elliott—“Cheap Souls” Friday Topic**

Large audiences attended the afternoon and evening sermons of Dr. J. H. Elliott Thursday at the Methodist church. His topics were “A Sure Cure for Worry” and “How to Insure a Good Harvest.”

In his talk Thursday evening Dr. Elliott said: “You cannot deceive yourself ultimately, nor can you deceive your neighbors, although perhaps you may think you can do so for a time, you cannot deceive God for He knows you altogether and the old law ‘whatsoever a man soweth that shall he also reap’ will always hold good.”

The meeting at 4 p. m. at the Presbyterian church Friday will be for boys and girls over 10 years of age. Guy Curtis will lead the junior chorus and the members will give a yell taught them last week by Dr. Elliott. “Cheap Souls” is the subject of the evangelist for Friday evening.

**NOTICE, BEAN GROWERS**

The annual meeting of the Southern Idaho Bean Grower association will be held in Parish hall, Twin Falls, Saturday, Jan. 27, at 10 a. m.

The presence of every bean grower on the tract is solicited, as all questions affecting the bean industry will be discussed.—adv.
