COMRADES CALL FOR REVIEW OF CRONKHITE CASE

Congressional Investigation of Enforced Retirement of 80th Division Commander Sought by Fellow Officers

WASHINGTON, Feb. 15 (AP)—A congressional investigation of the recent enforced retirement from the army of Major General Adolph Cronkhitte, Eightieth division commander in France was requested today by General F. Wise, who served as a lieutenant colonel in the division and who said that 50,000 of his former comrades in arms under General Cronkhitte were determined to stand by their old commander.

The request was contained in a letter sent to the Republican House of Representatives, in which General Wise revealed that he was one of those who helped prepare a pamphlet recently circulated among members of congress setting forth the views of General Cronkhitte's friends regarding his retirement. Colonel Wise said that Ashby Williams, also a lieutenant colonel in the Eightieth division, and other former officers and men of the division living in Pittsburgh and Bethlehem, Pa., New York city and Virginia and West Virginia, had had a part in preparing and circulating the pamphlet. Both Colonel Wise and Colonel Williams are lawyers here.

Would Block Successor.

Senator Reed was not ready to announce whether he would comply with the request that he introduce a resolution to inquire into the retirement of Cronkhitte. The senators, however, including Senator Glass, democrat of Virginia, within whose state the Eightieth division was trained, made known their intention to block confirmation of General Cronkhitte's successor, Brigadier General Hanson E. Ely, of the army service school at Fort Leavenworth, Kansas, until the facts are established.

In correspondence with the war department published in the pamphlet, General Cronkhitte attributed his retirement to his energy in bringing to justice those whom he held responsible for the death of his son, Major Alexander P. Cronkhitte, who was mysteriously shot and killed in 1918 at Camp Lewis, Wash. In one instance it was quoted as declaring that the attorney general had dropped the case at the request of Senator Hoover, Senator Calder, republican of New York and others, a statement which resulted today in denials from both Mr. Hoover and Mr. Calder.

His only action in the case, Secretary Hoover said, had been to write a note to the attorney general saying he hoped the captain Rosenbluth, one of the men indicted in connection with the killing, could be given an early trial. Senator Calder likewise declared he had sought only to expedite the trial of the accused man.

Seeks Only Facts.

Colonel Wise's formal request for a congressional inquiry was addressed to Senator Reed, he explained, because the headquarters of the Eightieth Division is located in Pittsburgh, the senator's home town. He explained in his letter that those who prepared the pamphlet dealing with the case had no desire to remove their identity, although they did not regard it as material to the inquiry, and continued: "Our purpose all along has simply been, upon a statement of the case as known to us, to have introduced a resolution in the senate calling upon the military affairs committee to report to the senate the facts of General Cronkhitte's retirement, and such a resolution we sincerely trust your judgment will permit you to introduce."

WELCOMES INVESTIGATION.

NEW YORK, Feb. 15 (AP)—Louis Marshall, counsel for Captain Robert Rosenbluth, who was accused of the murder of Major Alexander P. Cronkhitte, today wired Senator Calder of New York that Captain Rosenbluth would "heartily welcome a full and unlimited congressional investigation of the charges and institutions that have been made against him."

FREE STATE TO USE IRON HAND

Ireland's Government Convicts Average Citizen that New Rule Means Business

DUBLIN, Feb. 15 (AP)—The Free State's ruling extending the death penalty to cover a wide range of crimes heretofore dealt with as petty, has convinced the average Irish citizen that the new regime means business and realizes that the time has come to test its powers to govern. The effect of the new ruling is to apply the death penalty fearlessly to every person proved to be assisting in any way the campaign of the irregulars against the constituted government. In future the mere possession of hostile plans or documents, and the unauthorized possession of military uniforms, will involve the death penalty. Threatening letters have been falling like snowflakes on all prominent supporters of the government, but now the sending of a threatening letter will involve penal servitude.

Trials for all these anti-state offenses will be held in private by military courts. Although some deputies, including Mr. Fitzgibbon, member for Trinity College, hesitated at conferring such broad powers on the army, General Mulcahy's insistence on them caused his opponents to waive their objections, and in the vote on the question the government had no opposition except 13 members of the Labor Party. There has been some expression of uneasiness regarding the silence of the army on the exact condition of the country, and this has been criticized by such papers as the Irish Times, but there is a disposition on the part of the average citizen to give the new ruling a chance to prove its worth.

ITALIANS ARE PLEASED WITH MUSSOLINI METHOD

Citizen on Street Rejoices that Government in Foreign Policy and is Above Political Barter.

ROME, Feb. 15 (AP)—It's a real government," is the way the average Italian sums up his opinion of the new administration of Premier Mussolini. While he may not be of Fascist inclination, yet after recounting the many vicissitudes which the various Italian governments have suffered since the armistice, the Italian on the street complacently goes to his tasks and rejoices that, at last, there is one government in power which has a policy, and is free from bartering and maneuvering for votes in Parliament in order to hold its own.

The bold front which Premier Mussolini and his cabinet have presented in facing the problem of reducing the cumbersome bureaucracy of the state, with its army of state employees, has found joyous acceptance in the minds of the ordinary citizen, who sees therein a chance for the reduction of the heavy taxes which now weigh on all classes. And when accounts are read in the newspapers of long and arduous cabinet meetings, with efforts to reform all the departments of government, the general comment is, "after all, it is a government."

DISSENTION EXISTS AMONG PROTESTANTS IN POLAND

WARSAW, Feb. 15 (AP)—The Protestant churches of Poland have been authorized by the government, under the Polish constitution, to draw up their own statutes covering the administration of the church. Under this decision a Protestant synod was summoned and has been sitting for some time. Due to the fact that there are great differences of opinion between the German and Polish Protestants, it was suggested that two Protestant churches be formed, but the synod decided to defer the discussion of all questions in dispute, and this among them, and to take up only those upon which a compromise appeared possible.

The last session of the synod was particularly animated. The Polish members, found themselves in a slight minority, and left the hall as a sign of protest.

MORE BABIES IN 1922 THAN LAST FIVE YEARS
SACRAMENTO, Calif., Feb. 15 (AP)—More cases of babies were reported in California last year than in the five preceding years, according to the report of the state board of health. In 1922 there were 544 cases, while 176 were the total in both 1921 and 1920, and 75 in 1919, 29 in 1918 and 41 in 1917. Only four cases, all of them in Los Angeles county were confined to human beings. Four hundred and twenty-seven of the animal cases likewise were from the southern county.

HUGHES' WORDS CENSORED FOR CHINA SOCIETY

Princeton Professor Serving as Toastmaster, Omits Refer- ence to Killing of American, to Spare Guests' Feelings

NEW YORK, Feb. 15 (AP)—Notables, both Chinese and American, heard only part of a message written by Secretary of State Hughes and intended for delivery at the tenth annual dinner of the China society of America last night.

The toast master, Prof. Robert McElroy of Princeton, censored Mr. Hughes' message, because, he said, he did not want to "offend any of the guests," many of whom were official representatives of the Chinese government in this country.

"I take pleasure in extending my cordial greetings to the members of the China society of America," he expressed his hopes for the maintenance of the traditional friendship between the United States and China," the toastmaster read. He omitted the following passage to Mr. Hughes' message:

"I regret that these relations are at present disturbed by the killing of an American citizen and the firing of an American cannon by Chinese soldiers and by the failure of the Chinese government to make any adequate response to the representations this government found it necessary to take in this connection with this very grave incident."

Shows Relations

"I can only hope that the Chinese government will one day become conscious of its responsibilities in this matter and will make such response as will remove this shadow upon mutually friendly feelings of the two peoples."

The grave incident referred to in the telegram was understood to be the killing of Charles Coleman, an American merchant, at Kalgan, just beyond the Chinese wall by Chinese soldiers on December 11 last.

He was in an automobile with Sammie Sokolin, the American consul at Kalgan, and a friend carrying a sum of silver to Ugee to buy furs when stopped by Chinese sentries who fired when the party attempted to proceed.

Minister Schurman made representations to the Peking government demanding reparations but at least a temporary deadlock between the two governments has ensued, partly due, it has been claimed, to the inability of the central government to compel the local authorities involved in the matter to take any action.

Z. L. Chang, consul general of the republic of China, was speaker at the banquet. When he concluded, he went to an adjoining room, where reporters read to him all of the Hughes message.

China Always Pays

Professing his comments with the reminder that he was not a diplomatic but a commercial representative of his country to the United States, and therefore "not very familiar with the matter," Mr. Chang emphatically declared that "China always pays in full, and rights all matters in which it is concerned."

All foreigners, including Americans, receive the greatest respect in China and are always safeguarded, he said. He expressed a belief that there was "some provocation" for the action of the Chinese soldiers, meeting his was of the opinion that the Americans were attempting to smuggle silver to Manchuria, in direct violation of existing laws.

One "searcher" has had only three jobs in the last 12 months. Americans used to be good customers, but today they hardly ever appear.

Loyal Legion Seeks Elimination of Strikes, Lockouts and Sabotage in American Lumber Production

TACOMA, Wash., Feb. 15 (AP)—Cooperation between employers and employees, on the lines worked out by the Loyal Legion of Loggers and Lumbermen, will eliminate strikes, lockouts and sabotage in American industry, according to Norman F. Coleman of Portland, Ore., president of the Four L's.

In a recent address where Mr. Coleman said that the relation of employer and employe is changing from the status of master and servant to one of association and industry.

"When the interests of the workers are recognized they work on fair terms to the satisfaction of their employers," he said, adding that the Four L's in the lumber industry had proved that fact. The new relation, he said, had liberated two new resources, the intelligence of the men on the job and a feeling of good will that is tremendously important.

HAVE KIDNEYS EXAMINED BY YOUR DOCTOR

Take Salts to Wash Kidneys if Back Pains You or Blad- der Bothers

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much acid food formations which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and waste their energy in suffering with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is hot you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids, to help cleanse the kidneys and flush out the body's urinous waste, get four ounces of Lud Salks from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then get fair. The famous salts is made from the acids of grapes and lemon juice combined with lithin, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Lud Salks is inexpensive; cannot injure and makes a delightful effective lithin-water drink. By all means have your physician examine your kidneys at least twice a year.—adv.

Wild Ducks Imbibe Too Freely of Mash and Suffer Effects

JOPLIN, Mo., Feb. 15 (AP)—Partaking too freely of corn whiskey mash, which has been discovered in large quantities on a small island above Riverton, Kansas, is, in the opinion of Charles Hanna, United States deputy game warden, of Arkansas City, Kansas, the reason for strange actions of thousands of wild ducks in the last few days near Riverton.

The birds apparently are "intoxicated" Williams stated in reporting the result of his investigation to Hy Connolly, president of the Joplin Sportsmen's Protective league today.

PROFITEERING IN RENTS BANNED BY CHINESE RULE

BOSTON, Feb. 15 (AP)—A "gentlemen's agreement" has been invoked in Boston's Chinese district to combat rent increases in tenements and stores. By custom, it is said, a Chinese will not move into quarters from which a fellow countryman has departed whether voluntary or not, unless the latter consents.

Regardless of the landlord's views on the subject of property rights, if the departing tenant is not satisfied with the landlord's treatment, he may refuse to release to another person a certain indefinite equity he is supposed to possess. As a result it is declared there are today many vacant tenements in Chinatown.

ON TRAIL OF ARSON GANG

SHANGHAI, Feb. 15 (AP)—Shanghai police are devoting their time to a search for members of an arson gang whose presence in the International Settlement came to light when two packing cases stored in the west Hong-kow police station burst into flames. Three packing cases were found near the Honan Road bridge and were sent to the police station by a Chinese police constable. Several hours later, five of the boxes burst into flames and released rivulets of oil which carried the fire in all directions. The third box was removed to an open area and in due time it, too, burst into flames. Examination of the boxes revealed that they had been packed with oil soaked cotton waste containing jars filled with kerosene, to which was attached clock-like mechanism to start the spark. Thirty more packing cases of this infernal machine variety have been found in obscure warehouses but no arrests that could lead to prosecutions have been made.

The Troy Laundry won the old game from the Shoe Market brigade last night at the Twin Falls bowling alleys, taking the first and third spasms.

Rolling an even 900 in the last game, the Troy Laundry team proved that the local fans will see some high class bowling before the season ends.

THE END OF A PERFECT DAY
The largest crowd of the season turned out to witness the three games.

No, Charlie, missing the head pin and failing to make a high score doesn't mean poor sportsmanship.

The high school kids who seem to have organized a Rooters' club, occupied the top row against the last and pulled for the Shoe Market team.

Jack Tritt, who claimed that he was a sicker man than Andy Gump, started off with 300 and ended with 302.

Ray Cubit had a wonderful time. The pin setters were playing hide and seek with the head pin, with Cubit doing most of the seeking.

Jimmie Hulihan popped them on the nose, and totalled 400 for the evening. Jimmie is getting to be some bowler.

Bill Bailey couldn't get started in the opener, but finished up in nice shape. Bill is the most dangerous man in the league when it comes to picking a strike when a strike is needed.

Bowling League Recruit Takes Top Place on Week's Record of Averages

The official bowling averages of the Twin Falls bowling league for the fifth week have been released and show a new man at the top, Elmer Atulp, the extra bowler for the Shoe Market team, clipped off an average of 178 in the first three games he has bowled in the league.

Bill Towan of the Rogerson Cafe team, who led the league the first week, and has been hanging around the top ever since, in the hopes that some of the three and six game bowlers will let him get back to his rightful place at the top, in second this week with an average of 176.

NEW LEAGUE IS LEADING TOPIC

Proposed Organization Causes Diversity of Opinion in Baseball Circles

NEW YORK, Feb. 14. (AP)—Baseball's chief topic of discussion—the proposed continental or inter-allied league, reported to be in process of organization in eight eastern cities of the United States and Canada and to have major league approval, if not actual backing—today developed a diversity of opinion in baseball circles here and throughout the country.

Chief among these developments was an informal conference held by John A. Heydler, president of the National League, with most of the club owners of the senior circuit, who remained in the city after yesterday's schedule meeting.

Charles H. Ebbets, Brooklyn president, was known not to be opposed to permitting the use of his park by a new league club, providing the national league schedule, which gives his club 19 Sunday home dates during the summer, was not interfered with.

al improvement in all his games. 136, 139 and 142 is the way the scores marked his games. Shift gears, Dug.

Walter Buchanan hit a snag in the first, stopping at 125. His other two games were much better.

This evening at five o'clock the Sugar Factory team will do battle with the Bank and Trust pin smashers.

All bowling fans with lots of patience are invited to attend.

Defeats "Kid" Lewis on Points in 20-Round Bout at London and Retires Championship

LONDON, Feb. 15 (AP)—Roland Todd tonight defeated Ted "Kid" Lewis on points in a 20-round bout in Albert Hall, thereby regaining the middleweight championship which he lost to Lewis November 20 last.

Butchers Compete on Bowling Alleys

Central Market Squad Takes Three Straight Games From Independent Crew

Triumphant the Central market butchers marched on the Twin Falls bowling alleys after winning three straight games from their bowling enemies, the Independent mess market.

The first game ended with the Centrals knocking down 634 pins to 632 for the Independents. McKinley was high in this game with 169.

The second shot showed the Central men bowling 718 which is the high mark in this state for a butchers team. The Jungat clan stopped at 625 in this game. Connie Mangel toppled over 17 in this fracas.

Clark Griffith, Washington magnate, also was quoted as leaning favorably toward the project.

Colonel T. L. Huston, part owner of the New York Yankees, expressed general approval of plans for a new league which would afford an outlet for major league material, but otherwise there was little official comment.

As revealed last night from apparently authoritative sources, it was planned to put clubs in the new circuit in Montreal, Washington, Brooklyn, Providence, Toronto, Baltimore, Buffalo and Newark. The latter four cities already hold international league franchises.

provided. All in all, it is a typical "Patheux" production.

In his new Pathé serial, "Speed," Charles Hutchison performs a few new thrills for his admirers which are photographed under the most unusual conditions—under water. In one hair-raising scene the Pathé stunt star is seen battling under water with a huge man eating shark, and in another episode he is shown trying to get the half-nelson on a gigantic alligator. And there was no camera-faking about it, either.

With a prairie fire two leaps behind him, Tom Mix carries to safety the girl who is his sweetheart in his latest Fox picture, "For Big Stakes." The horse that he rides does not need to be urged for he knows the danger, and gives every ounce of speed that his double burden will allow. This thrilling film drama comes to the Orpheum theater today.

A horse that is almost human, that knows what his part is in a motion picture, and carries out every detail in the scene requires the sharpest instincts. The name of the film is "For Big Stakes"—and the name of the star's horse is Tony. Some stars—and also some horse.

MEMORY FAILS CONFESSED SPY

Accuser of Detective Agencies in Interests of Communists, Forgets Simple Facts

CHICAGO, Feb. 15 (AP)—The memory of Albert Ballin, alias Balanow, confessed spy and agent provocateur, which enabled him for three days to tell a story of crimes alleged to have been committed by the W. J. Burns and Thiel detective agency and operatives of the department of justice, failed him today.

Under cross examination by O. L. Smith, assistant attorney general of Michigan, Balanow, who made his deposition to the Federal grand jury for 23 defendants in the Michigan communists case, forgot his age, the date of his birth, the date of his birth, the name of the ship on which he came to America, the town where he was born and many other facts about himself.

He refused to tell the names of his brothers and sisters in this country who might supply the information, and after accusing Smith of trying either to make a fool out of the witness or himself, refused, on the pretext of not to tell where in America he landed or any other facts about his coming to this country.

Volunteers Deposition.

Allen O. Meyers, assistant general manager of the Michigan authorities, who said he could not be found by subpoena servers when Mr. Walsh attempted to question him in Philadelphia, New York and Washington, appeared today and volunteered to give a deposition.

Although the Michigan authorities have arrested but 22 of the 77 men and women who are alleged to have attended the communist convention at St. Joseph on last August 22, and warrants for the missing 55 have gone unexecuted since last September, one of the missing ones is attending the hearing here as a reporter. He is M. Backal, a representative of the Jewish Freiheit, a New York newspaper.

Although he sat through the hearing today within a half dozen of Mr. Smith, prosecuting attorney Gore of Berrien county, Mich., and Max Burger, former department of justice agent who is assisting the Michigan authorities, he was only recognized by fellow reporters. Backal told newspaper men he did not attend the convention.

SEES CHURCH IN EUROPE IN NEED

Presbyterians in Session Told That Denomination Abroad Must Have Aid in Task

TORONTO, Ont., Feb. 15 (AP)—If the Protestant Church of Europe is to aid in the rehabilitation of that continent we must help them to do it, they are too weak to do it themselves. The greatest mission field of our churches today, next to our foreign and home missions, is the continent of Europe.

Dr. James I. Good, of Philadelphia, spoke at the opening of the World Presbyterian Alliance, now in session here. Mr. Good is secretary of the Committee on Work in Europe.

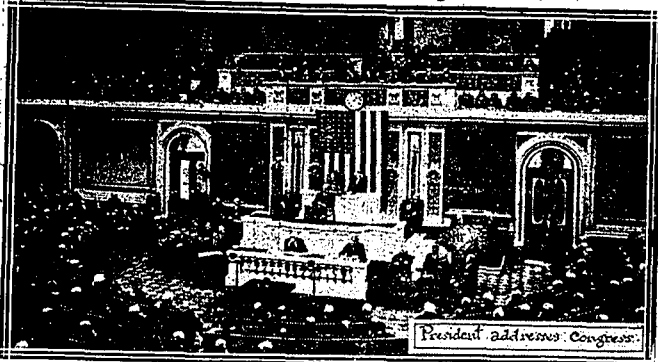

"The religious condition of Europe is very much the same as a year ago," Dr. Good's report goes on to say. "There is the same story of need everywhere. The need of money for church buildings is increasing everywhere. This is true in France and Belgium, but especially so in Bohemia. If they are to be helped, our churches must do it. And what is done must be done quickly."

"Several new needs are becoming more prominent. The first is the need of supporting their students for the ministry. There is a lamentable dearth of ministers in those lands except in Germany and Hungary proper. Only four ministers to 40,000 Lithuanians, only five ministers to 20,000 Poles, Bohemia could use 50 more ministers than she has. In Hungary more than a quarter of their congregations are vacant, and there is danger of disintegration. Some of those churches will shut out unless they get more ministers. Then, too, three of those European countries have no theological schools for the education of their young candidates. They are Lithuania, Poland and Jugoslavia."

"So finally a plan has been evolved by your committee on clothing for Europe. They sent an appeal to each of the Theological Seminaries of our family of churches in America asking them to take at least one continental student, educate him, pay his necessary and traveling expenses, and send him back to work in those churches. Four of our Theological Seminaries have already done this. Princeton has four, Lancaster three, Central has two, and Western of Pittsburgh has one. The foreign students in all. Five more Theological Seminaries are now being asked to take a student, Louisville, Union Seminary of Richmond, Columbia, the United Presbyterian Seminary of Pittsburgh, and the Dutch Reformed of New Brunswick."

"Still another need is also emerging—the need of theological books for the libraries of their theological universities. One of the theological professors of one of the oldest of the Hungarian universities, Saros-patek, said to us last summer: 'I have not a new book since I before the war. How can I prepare my students on dogmatics if I do not keep myself abreast with the times?' Another bright young Privatdozent in Budapest said to me: 'Unless we get books for our libraries, we are in danger of cultural degeneration and intellectual

President Urges Debt Refunding Measure

President Harding is shown addressing Congress on February 7, urging passage of the measure to permit the refunding of the British war debt and the passage of the ship subsidy measure.

"A third and last new feature of the present in that the field is enlarging, because Russia is just coming into the range of our vision. Last summer we were told in Lithuania that there were 100,000 of our faith in Russia. We also learned that it did not have a single pastor, as all had left the country. We also learned from the congregations in Moscow and Odessa that they were starving and wanted food drafts."

Miss Virginia Pedal Anderson and Craig F. Bracken were quately married Tuesday morning at 9 o'clock at the home of the bride's parents, Mr. and Mrs. J. W. Anderson, 346 Sixth avenue north, the Rev. A. G. Peterson of the Presbyterian church officiating. The home was beautifully decorated with red carnations and a delicious wedding breakfast followed the ceremony. The bride wore a handsome blue velvet suit with a hat to match. Immediately after breakfast the young couple left for a wedding tour to Elgin, Mr. and Mrs. Bracken are both well known in Twin Falls, Mr. Bracken being a prosperous business man, while Mrs. Bracken was formerly an art teacher in our city school. Those present were Mrs. F. E. Bracken, mother of the groom, Mr. and Mrs. Eidon Bracken, Mrs. Leo Bracken, Mr. and Mrs. J. W. Anderson, Mr. and Mrs. D. Anderson, Mrs. D. K. Frost and daughter, Irene, and P. H. Stowell.

decorations in keeping with St. Valentine's day. The next meeting will be held with Mrs. Assendrup on March 1.

One of the most pleasant sessions ever enjoyed by the ladies of the Woman's Progressive club was held at the home of Mrs. Albert Huntman Wednesday afternoon. After a brief business meeting the following fine program was given: Piano solo, Mrs. G. C. Benson; a talk on "Older Work," by Mrs. William Fisher of the Kimberly Road club; song, "Twilight," by a quartet, composed of Mrs. George Wiley, Miss Edna Graham, Mrs. George Westcott, Miss Crystal Kelly, Mrs. Henry Numemaker and Mrs. Aubrey Henderson; and a vocal solo by Miss Edna Graham. The hostess, assisted by Mrs. Arcaux, then served a dainty luncheon and the afternoon closed with two piano duets by Mrs. Huntman and Mrs. Huntman. Plans were also made for a party to be held at the home of Mrs. Huntman on Tuesday evening, February 20. The next regular meeting will be held at the home of Mrs. Kirkman on February 23.

Mrs. Edna and Mrs. Virgil Williams entertained the Addison Avenue Social club on Wednesday afternoon. Eleven members were in attendance and each received a card in memory of Abraham Lincoln. A very interesting explanation was given by Mrs. W. O. Smith of why we observe St. Valentine day. It was decided that a committee of one representing the membership of each church in the club be appointed and that the club devote one afternoon each week to the church in charity work which may be needed. After the transaction of business the afternoon was spent piecing quilts. The hostesses served delicious refreshments attractively decorated with tiny red hearts carrying out the Valentine idea. On Tuesday evening the club gave a delightful Valentine party for members and their families at the home of Mr. and Mrs. V. B. Fulton. The evening was spent with games and at a late hour the hostess, assisted by Mrs. W. O. Smith, Mrs. Arcaux Williams and Mrs. H. Larson served refreshments. The Addison Avenue club gave a jolly crowd when they got together, and all proclaimed this a royal good time. The club will meet Wednesday, February 23, with Mrs. M. A. Strunk.

Mrs. H. C. Gottert, superintendent of the primary department of the Baptist Sunday school, assisted by the teachers of the department gave a Valentine party Wednesday afternoon at the church which was beautifully decorated for the occasion with hearts, Cupids and other symbols emblematic of the day. Games and contests were enjoyed, among them being walking a string, the prize for which was won by Addie Butler, the youngest of all who entered. Each child received a valentine from a box presided over by a Cupid. And there was a Valentine song by four little girls of the third grade. Refreshments were served in keeping with the day. Those assisting, Mrs. Gottert were Mesdames Sherlock, Dean, De Witt, Davis and Crotty.

WILLING GIVERS AID BOY SCOUTS

Contributions from Local Organization Evidence Approval and Support

That the Boy Scout movement is a valuable asset to the Twin Falls community and that local organizations of various kinds to recognize it is demonstrated by the fact that approximately \$300 has been donated or promised since the beginning of the Scout "Roundup Week" Monday.

The Elks lodge at its regular meeting Thursday night subscribed \$25 and the Rotary club has contributed \$100. The Kiwanis club board of directors has decided to recommend a contribution of about \$100. The L. D. S. church has guaranteed \$25 and the Catholic Women's league at the meeting Thursday night voted to donate \$25. The American Legion is also entertaining the contribution of money to the fund. The funds are to be deposited in the name of the Boy Scouts, particularly in regard to the Scout camp.

HARD BATTLE SCHEDULED

Doubleheader Here Friday Nights

Boys' and girls' basket ball teams of the Elks and Twin Falls high schools will meet this evening on the high school gym floor in a doubleheader that gives promise of being two of the hardest fought cage battles of the season.

With both Elks teams holding wins over the local school, the fans will turn out in masses to help the blue and white athletes even up the score.

This is not an easy matter, as Elks has two teams that have been winning consistently during the entire season of the year. The Elks' record is 1-1 and it is determined to make it two straight.

The girls' game will start at 7:30 sharp.

ANNOUNCEMENTS

A meeting of the board of the Rural Fraternity club will be held Saturday at 2 p. m. at the home of Mrs. A. S. Marth, 542 Second-avenue west.

On this (Friday) evening the R. N. A. will hold their session at the lodge at the I. O. O. F. hall followed by a social and mystery supper. All R. N. A.'s and families and M. W. A.'s are invited.

The Pythian Sisters will meet this (Friday) afternoon at 2 o'clock in the Business Women's club rooms.

The W. C. T. U. will meet on Friday at 2:30 in the parlors of the Methodist church, with Mrs. Hibbard as leader. The program will be a Frances Willard Memorial service. There will be special business to be attended to and it is hoped there will be a large attendance.

NO JURORS SELECTED IN HERRIN MINE RIOT CASE

Court Rules Contributor to Defense Fund is Not Disqualified for Jury Service

MARION, Ill., Feb. 15 (AP)—Participation in the one per cent checkoff which has been levied by the Illinois miners' union against its members to be used for defending members indicted in connection with the Herrin mine riot, does not disqualify a prospective juror from serving in the second trial, Circuit Judge D. T. Hartwell ruled today.

The ruling was occasioned in the examination of Kio Jennings, a former union coal miner, who said he supported the one per cent checkoff had been taken from his wages. C. W. Middlekauff, assistant attorney general contended that contributing to the defense fund of the men on trial was sufficient cause to bar him from jury service but the court held the contribution was involuntary and was not sufficient cause for disqualification. The prosecution then excused Jennings with its sixth peremptory challenge.

No jurors have been definitely agreed upon.

SOLVES DEATH MYSTERY

LOS ANGELES, Feb. 15.—Miss Rhoda Hodges, young student of Boise, Idaho, whose death here Sunday under mysterious circumstances caused the authorities to investigate, died from acute indigestion and carbon monoxide poisoning, the coroner announced today.

The announcement followed an autopsy performed on the young woman. The doctor who examined the body said to have been caused by a heating system in the apartment occupied by Miss Hodges and her mother, Mrs. Stella Hodges, who also became seriously ill, but when physicians said today they expected to recover.
