

SURRENDER OF MURDERED MEN IS DESCRIBED

Survivor of Herrin Massacre, on Witness Stand, Tells of Agreement Under Which the Victims Left Mine

MARION, Ill., March 22 (AP)—The surrender under a flag of truce and a promise of safe conduct of 48 union workers in the mine of the Southern Illinois Coal company last June was described by Robert Officer, one of the survivors, today at the Herrin riot trial.

Over the objections of the defense and in the absence of the jury, Officer, University of Pennsylvania graduate, and now a resident of Greenville, Ky., testified that he had a telephone conversation with Colonel Sam Hunter, representative of the state adjutant general, the afternoon the pit was attacked.

Hunter said W. J. Lester, owner of the mine, had called him up from Chicago and authorized him to tell us to close the mine down," Officer said. "He said he wanted to see the union officials and that Fox Hughes, vice president of the sub-district, had agreed to come over to the mine with a white flag."

Fire From Farm House.

C. W. Middlekoff, assistant attorney general, who has directed the examination of the state's witnesses, agreed that the substance of this telephone conversation was that Colonel Sam Hunter ordered it expunged from the record. The witness was permitted to state that a white flag was raised after the conversation.

Officer asserted that the first shots were fired into the mine that afternoon from two farm houses and that after the white flag was raised and the mine emptied and heard explosions. He said that the next morning another white flag was raised, the men in the mine were told to lay down their arms and come out, that they would not be harmed.

The witness testified that the prisoners were marched a short distance when he heard a man say he saw an identity make a speech saying, "Kill all of them and wipe out the breed." Other witnesses have asserted that Otto Chis, one of the six defendants, made this speech.

DEATH COMES SUDDENLY

L. R. Steel, Disappointed in Effort to Stave Off Bankruptcy, Dies From Ruptured Blood Vessel in Brain

TOLEDO, March 22.—L. R. Steel of Buffalo, nationally known business man, died from natural causes on a New York Central train entering the union depot yards here early today, according to coroner Charles J. Henseler, who conducted a post-mortem examination.

Death was caused by a ruptured blood vessel in the brain, coroner Henseler found.

Steel's death came while he was en route to Chicago, after conferences with Pittsburgh and Cleveland financiers in an effort to raise \$100,000 which, he was assured, would be believed would prevent his firm from going into receivership. His efforts to raise the money were futile, it was said, and giving up in despair, Mr. Steel started for Chicago to rest.

LUMBERMEN CLOSE MEET

National Association Embracing Merged Wholesale Dealers, Concludes Sessions at Pittsburgh

PITTSBURGH, Pa., March 22 (AP)—Seattle, Wash., was selected from the semi-annual meeting in September of the National American Wholesale Lumber association at the closing session today of the convention in which a merger of the merged lumber dealers' associations was effected. The other meeting will be held in an eastern city, but the time and place was not fixed.

W. H. Chouteau of Pittsburgh, was elected president of the merged corporation.

What is Good Lens?

A "good" lens in the photographic sense, is one which will give a perfectly clear distinct image, without distortion, and without "false tinges," when it is used with a large stop, and over a wide angle. Before, therefore, we are in a position to say whether a lens is "good" or not, we must know at what aperture it will work, and what angle it includes. It is evident, therefore, that something more than a mere capacity to give sharp pictures is necessary.

TIME FAILS TO DESTROY CHARMS OF TWIN FALLS

W. G. Reed, Former Resident Here, Hits Fatalists as Stumbling Block in Way of Future Development

That Twin Falls looks as good to him as ever it did, is the statement of W. G. Reed of Oakland, who for years was resident of Twin Falls engaged in the contracting business, and who is spending a day or two here on business.

California cities, according to Mr. Reed, are all booming and there is no evidence of any immediate let down. The building trades in particular, he says, are exceptionally active, yet the Twin Falls country carries a strong appeal and is frequently referred to in highly favorable terms by California people who are familiar with this section.

"Twin Falls ought to cheer up," says Mr. Reed. "The sand is still here and it is just as good land as it ever was. It will produce just as much to the acre as it ever did and when it comes to actual production it is second to none. But the spirit is not what it used to be. Energy spent in complaining and talk used up in developing conditions which cannot be helped amounts to waste and worse. It discourages prospective residents and sends visitors out with a bad impression of Twin Falls. Advertising but not of that kind which would bring the right kind of worth millions to Twin Falls just now. In fact it is the thing of which this section stands most in need."

Mr. Reed expects to be in Twin Falls for two or three days. He still has extensive property interests here.

Idaho Product Sells as High as \$3.60 in Chicago and it is Scarce, Local Man Reports

Idaho potatoes selling for little or nothing here are bringing as high as \$3.60 per hundred pounds in Chicago, according to a local man who reports that this section stands most in need of product and cannot get it.

This is the statement of William Werner, who has just returned from a trip of three months throughout the middle west. Mr. Werner stated that middle western cities are undergoing an unprecedented prosperity and progress and he reported this condition is causing westward and should be felt here shortly.

"People back there are looking for Idaho potatoes and apples, but they are unable to get them," said Mr. Werner. "Michigan, Wisconsin and even New York potatoes are being pushed and widely advertised and as a result they are selling at the only varieties to be bought. They are priced at \$2.25 to \$2.75 a sack and are far under the Idaho spuds in quality."

While in Chicago I took the trouble to inquire into potato prices. I found that Idaho potatoes are selling as high as \$3.60 to restaurants. These same potatoes, figuring according to present market conditions, would cost about 10 cents a bushel, or 10 cents a sack and a piece of 60 cents to the growers here, could be put on the market at Chicago at a price of \$1.50 a sack.

Mr. and Mrs. Werner went from Twin Falls to Juliet, Ills., where they attended the funeral of Mrs. L. Valentine, Mrs. Werner's sister.

"At Chicago we found conditions wonderful," said Mr. Werner. "There is an enormous amount of building and wages are high. The only workers before the war or have been since. Carpenters are getting \$1.25 to \$2 an hour; brick masons get \$2 an hour and laborers and plasterers are being paid \$20 a day."

Prosperity Reigns. "Milwaukee is prospering and business men there are satisfied and optimistic. In talking with Mrs. Valentin's son who is a contractor at Minneapolis, he told me there was more work than could be done and that building records of seven years ago are being broken. This year will be the biggest ever in the building line for Minneapolis."

All of Illinois is flourishing and prosperous. Farmers here had very few losses, farm valuations have held up well and city property is firm. Bankers at various places in Illinois said money is constant growing more plentiful. Small loans are bearing eight per cent interest and larger ones four per cent.

Denver is building up very well, but conditions are not so good at Pueblo, and from Pueblo to Salt Lake they are not encouraging.

IF BACK HURTS FLUSH KIDNEYS

Drink Plenty Water and Take Glass of Salts Before Breakfast Occasionally

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which helps to remove the body's urinous waste and stimulate them to their normal activity.

The function of the kidneys is to filter the blood. In 24 hours they strain from it 600 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from your pharmacist about four ounces of Jaid Salts. Take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jaid Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder why you became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.—adv.

SHORTS IGNORE TERMS OFFERED IN SETTLEMENT

Stock Exchange Postpones the Date for Delivery of Piggly Wiggly Shares and Scramble Continues

NEW YORK, March 22 (AP)—The ultimatum of Clarence Saunders, president of the Piggly Wiggly Stores, Inc., calling upon the trapped short interest in the class A stock, estimated at 25,000 shares, to settle with him at \$150 a share before 3 p. m. today, or to pay \$250 a share later, apparently was disregarded by the majority of the shorts. Although E. C. Bradford, Mr. Saunders' counsel, expressed satisfaction at the progress of the settlement, which is being handled through about a dozen houses, it was reported that the day's sales at Mr. Saunders' quoted price of \$150 were exceedingly small.

The New York stock exchange, which suspended trading in the issue following its violent 22 point fluctuation Tuesday, today struck the stock from the list on the ground that there was such a concentration of holdings as to make impossible a free market for the stock. The exchange also postponed until 2:30 p. m. next Monday the date for the delivery on Tuesday's transactions, thus giving sellers of stocks coming from distant points time to obtain the same for purposes of delivery.

Shorts in Scramble

Mr. Bradford announced that postponement of the delivery date would not affect Mr. Saunders' terms. New instructions and prices will be given to brokers tomorrow, he said, after he had an opportunity to consult by long distance telephone with Mr. Saunders, who is in Memphis, Tenn.

Mr. Bradford, who is a director of the Piggly Wiggly Stores, Inc., and a Washington attorney, spent most of the day in the brokerage offices of Watkins and Company, where he directed negotiations for the settlement.

Holds Stock in Vault

Mr. Saunders' Piggly Wiggly stock was in the vaults of the National Bank of Commerce, the New York correspondent of the Union and Planters' Bank and Trust company of Memphis, where Mr. Saunders has his account. No stock would be released from that source, he said, except by his instructions.

The last annual report of Piggly Wiggly Stores, Inc., published here today, showed net profits of \$653,058, equivalent to \$2.50 a share on the 200,000 shares of no par value class "A" common stock outstanding.

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens So Naturally Nobody Can Tell

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmamma's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the messy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also produces the soft lustre and appearance of abundance which is so attractive.—adv.

JUNIORS LOSE TO SOPHOMORES

Jamison Delivers Winning Run in Last of Seventh Bringing Victory by 5 to 4 Score

A single in the last of the seventh inning by Chet Jamison with the winning run on third gave the sophs a hard earned 5 to 4 victory over the juniors yesterday afternoon at Lincoln field, in the second of the close games.

The game differed from the freshman game of Wednesday in that the two teams were more closely matched, the sophs being guided by "Moose" Garrity, and the juniors listened to Lariel Jenkins for advice.

Garrity started out as a catcher, taking care of Martin's slants, and did fine work; although the Moose failed to do anything with the willow.

In the fifth inning Garrity took the mask off and went in to pitch, and then the fun started. Throwing with bullet-like speed, the Moose had the juniors completely baffled, but he forgot to take into consideration that his catcher, Russ Robinson, couldn't see them either. After Garrity had fanned the first two men, and both were camping on the paths through missing of the third strike by Robinson, he gave that you hope the gate, and called for Russell Denoyer. Russell fearing the wrath of the fearful Moose, missed the first few balls that were thrown, but after a few minutes got his bearings and did good work. During this inning the juniors made two runs without the least sign of a hit, not even a foul being made. In this inning Garrity fanned five men before the side was retired, but errors being responsible for the damage done.

Jamison Proves Gloutier Asble from the fact that it became known that Garrity can't get excited, and that he will get man if things don't go right, the feature of the game was the batting of Chet Jamison. On the first ball pitched to him in the first inning with Hammond on first by virtue of an error, Chet sent the ball sailing over the right field fence. Then in the seventh inning when a hit meant the game the hard hitting Jamison sent a hot single to left, winning the game for his teammates.

Sheehan in left field for the juniors made a dandy running match of Jamison's long fly that won him a round of applause.

The juniors sent two runs across in the initial frame when Crom walked, went to third on two passed balls, and scored when Leiser singled to left. Leiser scored a minute later on a battery error after arriving at third on an error by Day.

Their last two minkers came in the fateful fifth, when Garrity took the mound.

The sophs made their third run in the fourth inning when McCormick

GROGERS SCORE FIRST VICTORY

Alvord and Mott Bowlers Defeat Wright's Store Team in Tournament Game

Alvord and Mott, tall enders, finally took the odd game at the Twin Falls bowling alleys when they walloped the Wright's store team in the first two games and then lost the last one by 80 pins.

Although they won two games, the Alvord & Mott team did not break any records for total pins as they won the first one with 775 to 738 for the store men, and in the second game they took a game with 702, the lowest score to win a game since the tournament started. In this game, the Wright's store men bowled the lowest league game on record, stopping at 673. In the first game Art Finko and Hank Brueggemann tied for high honors with 399 each, while in the second game Anderson got away with high score on 363.

The last game showed the Wright's store men real peevish and they proceeded to bust a few. Their total in this game was 847, with the grocery boys making 767. Charley Hill had highs in the last stanza with 500, which also went for high for the evening.

LAWYERS HOLD BANKERS TO TIE GAME ON ALLEYS

Count of Total Pins Shows Honors Evenly Divided with 1431 for Each Contender

Harry Benoit's quintet of trained bowlers trained the Bank and Trust pin pushers Thursday afternoon at the Twin Falls bowling alleys when his hard working five held the Bankers 45 to 343 tie.

Funny things happen in a bowling contest, but when two teams smash at pins through two games and then end in a tie, one naturally must think of that beautiful ditty, "Love's Labor Lost."

The first game showed the bankers with a lead of 27 pins, the final reading in the opener being 741 to 714. Harry Benoit worked the pinbusters with 190 which gave him the high game. In the second game the money clincher added to 690, while the appeal artists smacked up to 717. Captain Porter sailed 'em down the alley for a score of 192 in this game, which went for high for the two games.

MILLER DECLINES POST IN GOVERNOR'S CABINET

Farm Work Stands in Way of Appointment as Commissioner. BOISE, March 22.—(Special to The News.)—Carl J. Miller of Castletown has declined the position of state commissioner of agriculture by Gov. Moore.

Carl J. Miller, in Twin Falls Thursday, stated that he had been tendered the position of commissioner of agriculture, but that he had declined the appointment. "I appreciate the honor of this appointment," said Mr. Miller, "but my farming interests are such that I am compelled to decline the position, a fact which I regret. I have always felt about the duty of service to the people and I have felt that it was my duty to do so in the hands of the right man who could be made of the highest value to the horticultural interests of the state."

COMMISSIONER'S DEBATE

(Continued From Page One) tract did provide for installing a new set of books. The mayor then moved that the city pay Mr. Wolfenden the \$500 due him and let the audit go over to the new administration. Mr. All then asked Attorney Davis if the mayor had the right to make a motion to that effect. Forthcoming legal advice was to that effect that the mayor had the right unless a member of the commission rose to a point of order, which was not done.

Mr. Tucker at this point urged that the audit be left to the new officials, recommending that it be done by some of the local accountants who are classified as having been antagonistic to the present administration. Mr. All expressed the opinion that the speaker has had honors enough and that it would be best to divide with the new city officials. The matter was settled with the decision to pay Mr. Wolfenden \$500 on account and the balance when the books are installed.

As a result of the rent on the library building having been reduced to \$80 a month the commission favored retaining the present quarters. Attorney Davis was authorized to file an order for dismissal with prejudice of claims brought by two local music markets for inspection fees paid under a former administration.

Must Plant Seed Free from Weeds

Value of High Testing Stock for Planting Urged by C. B. Ahlson; Offer Free Analysis

Although tests of small seeds may show them to be 99.5 per cent pure, the remaining .5 per cent may contain enough weed seed to jeopardize an entire crop, according to C. B. Ahlson, state seed commissioner with the extension department. Mr. Ahlson returns to Boise Friday or Saturday after having been in contact with farmers and seed dealers here for the past two days urging better quality of seeds for planting.

MEYER FOUND NOT GUILTY

Case on Trial for Two Days Culminates in Verdict for Defendant on Grand Larceny Charge

Verdict of not guilty was returned at 8:45 o'clock Thursday night in the trial of Irvin W. Meyer in district court on a charge of grand larceny for disposing of parts and accessories of an automobile. The jury verdict was given to the jury about 5 o'clock. The case has been on trial for the past two days. Meyer is alleged to have sold a battery, windshield and several parts and accessories of the automobile. Frank Mayer, who is accused of connection with the alleged wrongful sale, is to be tried next week on a charge of receiving stolen property.

Potato Growers to Form Organization

For the purpose of advancing a state-wide organization, potato growers of this district have been invited to attend a meeting at Parish hall Monday night. The meeting is being held as a result of efforts made at Blackfoot and in the Burley district to form an organization throughout the state to market potatoes independently of present marketing agencies, according to reports reaching local growers. Plans are to sound out the sentiment here in regard to incorporating the growers in the Twin Falls district into the general organization. The meeting was called by O. C. Hall of Twin Falls.

Society

Complimenting Mrs. E. R. Van Cott, who is leaving Twin Falls to make her home in Chicago, Mrs. Van Cott was entertained at a charming bridge party Wednesday afternoon at her home on Poplar avenue. There were six tables of players and Mrs. Van Cott received a dainty gift prize, while honors for high score went to Mrs. M. O. Mitchell. Following the card games a delicious two-course luncheon was served at the small tables, having for centerpiece crystal candlesticks holding yellow candles. The menu cards carried out the stately war scheme. Mrs. Dowles was assisted in serving by Miss Katherine Casey, Miss Ruth Mather and Miss Ruth Flynn. The rooms were most attractive with quantities of spring flowers.

The senior girls of the Green and White met Thursday evening at the home of Mrs. Dorothy Simpson on Eleventh avenue east. The assistant hostesses were the Misses Constance Hill, Ada Jensen, June Morgan, Bernice Kelly and Margaret McAtee. At the close of a pleasant social evening refreshments were served.

Mrs. Dena Miller entertained the Shamrock club Thursday afternoon. The home was beautifully decorated with Easter lilies and ten members and one guest, Mrs. Ira Fuller, spent a delightful social afternoon, during which a novel guessing contest was given. Mrs. Skillman being the successful contestant. Before adjournment refreshments were served and Easter lilies were given to the hostesses. The next meeting will be held with Mrs. E. H. Olmstead on April 5.

Mrs. P. D. Kingsbury was hostess to the High View club Wednesday afternoon. Mrs. Frank Hicks was a guest and fourteen members responded to roll call with quotations of their own compositions. During the transaction of business Mrs. Manfrotto was welcomed to membership and arrangements were completed for a party to be held Friday evening, March 30, at the home of Mrs. M. Manfrotto and Mrs. Day. Delightful refreshments were served by the hostess and the club adjourned to meet April 4 with Mrs. Q. Osterloh.

The Episcopal Guild met Thursday afternoon in the social room at the Parish hall. A short business session was held and the time was spent with sewing. The Guild will not meet next week and the week following a tea will be given by Mrs. James R. Bothwell, the time and place to be announced later.
