

TEACHERS SEEK SUBSTITUTE FOR OLD INSTITUTE

Radical Changes in the State School Law Made by Last Legislature Present Important Questions to Educators

POCAHELLO, May 31.—(Special to The News.)—Important educational policies for Idaho are being agreed upon by Idaho county superintendents in annual convention in the Twin Falls institute this week. In view of the many radical changes in state school law made by the recent legislature, this meeting is considered one of the most important ever held.

Let's not look upon the killing of institutes as a calamity, but as an opportunity. Urged State Superintendent Elizabeth Russell. The convention has gone on record as favoring short teachers' meetings for practical demonstration work and for the announcement of important changes in the substitute for the longer institutes.

Among the substitutes for institutes suggested by various county superintendents were: (1) Shorter institutes for inexperienced teachers might observe the work of the best teachers in their own lines; special Saturday teachers' meetings, sometimes covering all the teachers in a county, at other times including certain grades; joint teachers' and trustees' meetings for the purpose of acquainting the latter with the problems of the schools.

Up to Superintendent. The agreement reached in the matter of institutes is that each county superintendent is to try the plan that seems best adapted to her own situation and report success or failure at the next annual convention. Upon these reports a recommendation to the 1924 legislature will be based.

That henceforth they will put the matter of vacation pay in black and white into teachers' contracts to avoid misunderstandings arising from the changes in the law made at the last legislature; that eighth grade examinations should be made more uniform in every particular; that the work below the eighth grade should be strengthened; and that superintendents should exercise even closer supervision over school district business than heretofore.

CREDITORS CLOSE DOWN BIG BROKERAGE HOUSE

Pettitioners with Claims Amounting to \$3,500 Throw Jones and Baker Into Bankruptcy

NEW YORK, May 31.—One of the oldest and largest stock brokerage firms trading on the New York curb market, Jones & Baker, today was plunged into financial difficulties when three creditors filed a petition in bankruptcy and shortly afterward the curb suspended the firm. The curb had been secretly investigating its affairs for a week.

While the assets and liabilities were not given in the petition, unofficial estimates of the liabilities ranged from \$5,000,000 to \$10,000,000.

The company had nearly 10,000 customers' accounts here and in nine large branch offices in other cities. Officials of the company declared that their belief that the firm was solvent.

Counsel for the petitioners whose claims totaled \$3,500, said the action was taken as a result of newspaper reports to prevent disorderly liquidation of assets which would have meant ruin to the firm's customers.

Immediately after the appointment of Alfred C. Coxe, Jr., as receiver by Federal Judge Goddard, the firm issued a statement denying that it was insolvent and declaring that "with careful liquidation of our assets, none of our customers will suffer a loss and we will be able to pay 100 cents on the dollar."

Batteries—Grimes and Taylor; Marquari and O'Neill.

MITCHELL RETAINS TITLE.

MILWAUKEE, May 31.—Pinkey Mitchell, Milwaukee boxer, still retains the junior welterweight championship, regardless of the outcome of the contest with Benny Leonard of Chicago, last Tuesday night, according to Judge A. J. Hedding, father of Wisconsin boxing laws and chairman of the commission in charge of the junior welterweight.

The commission has ruled, Judge Hedding stated, that because of the legality of holding the contest in Illinois was in question and further that Leonard, having refused to weigh in on the afternoon preceding the fight, could not be considered to have made the fight definite.

Pinkey Mitchell is after a return match with the lightweight champion, either as a lightweight or in the junior welterweight class.

BRITISH PREMIER VALUES AMERICANS' FRIENDSHIP

Baldwin Declares Furtherance of an Amicable Relationship is "Important and Congenial" Duty

LONDON, May 31.—(AP)—Prime Minister Stanley Baldwin Tuesday issued a statement to the House of Commons in which he declared that the furthering of Anglo-American friendship would be one of the "most important and congenial" of his duties. The statement follows:

"During the last week I have received many messages of good will from the United States and numerous requests for statements to be published in American newspapers. I should like to answer all these messages individually, but, as I am sure my American friends will understand, the pressure of work renders such a course physically impossible.

"It is indeed, a pleasure to find that I have the good wishes of so many of those among whom it was my fortune to spend last winter, some of the most enjoyable and profitable days of my career.

"I left Washington more than ever convinced that the prosperity and peace of the world depends upon, to no small extent, the steady growth of Anglo-American friendship, and I need hardly say that during my term of office the furthering of that growth will always be one of the most important and congenial of my duties."

Do You Suffer From Rheumatism?

Do you know that nine out of every ten cases of rheumatism are simply rheumatism of the muscles or chronic rheumatism, neither of which require any internal treatment? The pain may be relieved by applying Chamberlain's Liniment, which makes sleep and rest possible, and that certainly means a great deal to any one afflicted with rheumatism.—adv.

SOUTH LINE SURVEY TO BEGIN SOON

Preliminary Work to be Completed to Permit Building Operations Within the Next Sixty Days

In accordance with the purposes of the Union Pacific to carry out the construction of the Rogerson-Wells railroad at soon as possible, company engineers have been engaged with a view of starting the survey of the road within 10 days and in close touch with the development of the project anticipate that actual construction work will be started in 60 days or sooner, assuming that the certificate of convenience and necessity will be granted the Union Pacific in the meantime as expected.

Plans for beginning the survey of the terminal site at Wells on Monday and for the beginning of survey work on the right of way immediately after the completion of work at the terminal site were announced by W. E. Armstrong, chief engineer of the Oregon Short Line, who participated with E. F. Gray and J. S. Keel in the selection of the site of the southern terminal early this week.

Contact Building Reserved

A building has been selected at the contact headquarters at the surveying crew working from that point and arrangements have been made all along the line of the proposed road to care for the workmen, according to J. D. Johnson, who had charge of survey work for the Idaho Central, will take charge of the survey at Wells and will conduct that work until Mr. Stacy, the manager of the original survey for the Union Pacific, can arrive.

Three Crews to be Employed

It was announced that Mr. Armstrong has selected a St. Louis engineer to have charge of the work on the upper end of the right of way. It is understood that the plan is to have three crews, all working on the survey, one of them working north on the unsurveyed stretch from Wells, another of four men working south from Rogerson and another working toward Rogerson from Contact. The Union Pacific's original survey which extended south from Rogerson will be followed and none of the work done by the Idaho Central will be utilized, but Mr. Stacy, the manager of the original survey for the Union Pacific, can arrive.

Further evidence that the long dreamed of project is soon to be a realization is contained in the firm belief that the company expects to let the contract for the construction work of the stretch from Rogerson to Contact. It is without waiting for the completion of the survey from Wells to Contact. The fact that the Union Pacific has already surveyed the open portion of the line and paves the way for a quick completion of this part of the survey and consequently the beginning of first construction at an early date is expected.

Although no option was obtained on the terminal site at Wells Mr. Armstrong and Mr. Keel met with the commercial club at the southern terminal and that body after making an investigation of the full share of the work, appointed a committee to obtain an option on the terminal grounds. A tract of some 16 or 20 acres was selected and the purchase of the same was left in the hands of the Wells citizens. Failing to purchase the land, condemnation proceedings will be started.

The option on the terminal site at Wells is the remaining part of the survey which Mr. Keel and the Union Pacific has agreed to meet the cost incidental to the local terminal, construction of this summer, according to Mr. Keel.

The negotiations for the purchase of the right of way will not be started until the completion of the survey, according to A. L. Swin, president of the chamber of commerce. The chamber of commerce plan on a right of way that will not have a grade of more than one per cent at any place on the line and in view of the fact that the exact location of the line has not been definitely laid out in certain places the local committee will not be able to begin negotiations until the official survey is completed, according to Mr. Swin.

"It is impossible to say at present just what the cost of the right of way may be," said Mr. Swin. "It has been estimated at \$25,000 and I am sure every cog that much if many of the land owners hold out for high prices."

Recommends Chamberlain's Tablets

Chamberlain's Tablets have been used by my husband and myself ever since my first pregnancy. When my husband goes away from home he always takes a bottle of Chamberlain's Tablets with him. I have a heavy feeling after eating, or feel dull and played out. I take one or two of Chamberlain's Tablets and they fix me up. I have a headache and a sore throat. I take these tablets when troubled with constipation or indigestion and they will do you good.—adv.

RESERVOIR AND TO BE ACQUIRED

Purchase of Property for the Right of Way Seen as Next Step by Big District

The purchase of property lying in the right of way at American Falls, and which will be submerged by the waters of the Snake river when the reservoir is completed, is seen as the next important step in the progress of the big irrigation project.

Matters concerning the contract with the government for disposal of the property at American Falls last week of the board of directors and the advisory board, representing the various districts involved in the American Falls project, and the contract was signed by the secretary and placed in the hands of R. E. Shepherd, chairman of the board, who will take the contract to Washington to present it to the secretary of the interior. Mr. Shepherd was given a signed and sealed copy of a resolution passed by the board authorizing him to take such action as necessary in his conference with the secretary of the interior on behalf of the other members of the board. The contract will be stamped with the seal of the big district.

It is expected that Mr. Shepherd will be able to take the matter at Washington to take the action contemplated. It is no difficulties are contemplated. It is the hope of the secretary of the interior are successful and the contract is signed by the government official the government approval is secured and the work also made of this action and forwarded to Washington.

Local persons interested in co-operative association among farmers hope that Twin Falls market plan included in the visit of Aaron Sapiro

Interest Growers in Marketing Plan

Local persons interested in co-operative association among farmers hope that Twin Falls market plan included in the visit of Aaron Sapiro, San Francisco, nationally known authority on farm organization, and national director of the department of cooperative marketing of the National Farm Bureau Federation.

It has been announced that the two officials who are in Idaho June 2 and 3, Idaho Falls and Blackfoot have been included in their itinerary and on June 3 they are expected to be at Burley. The visit of Mr. Sapiro to the Twin Falls cooperative marketing of potatoes is believed to be one of the purposes of the visit of the officials, the plan to be operated in conjunction with the national organization.

The cooperative marketing idea appears to be gradually getting a firm hold on the farmers of the Twin Falls district. The first group to organize is the berry growers and although the first meeting was held only a few weeks ago, it is stated that 75 per cent of the berry growers have signed up or are interested in the movement.

At the initial meeting a committee was organized with W. D. Averitt and J. A. Waters named and their efforts have resulted in further meetings being held recently at Burley, Blackfoot and other points. L. S. Otto of Filer, prominent in cooperative activities, has given much assistance.

The result of the efforts of the growers, berries will be marketed through the new plan for the first time in about two weeks, when the first shipment will be made to the market through Patrick & Johnson, the marketing agency for the association. Later on in the season raspberries will be sold through the same agency.

ARRANGE MEMORIAL DAY SERVICES AT CEMETERY

Address of Day to be Delivered by Mayor Shad L. Hodgins; Parade to Form in Front of City Park

The Memorial Day address will be delivered by Mayor Shad L. Hodgins, one of the closing features of the annual services which will take place at the Twin Falls cemetery Wednesday morning.

J. D. Smith, commander of the local post of the G. A. R., urges that all flowers for grave decorations be at the city by 10 o'clock. A committee in charge can take them to the cemetery and return by 10:30 o'clock, at which time the parade is to form in front of the city park on Shoshone street.

The parade will be headed by the high school band, followed by military organizations and a band. A committee in charge can take them to the cemetery and return by 10:30 o'clock, at which time the parade is to form in front of the city park on Shoshone street.

Children to Ride to Jobs in Field

Sugar Company to Have Stages on Hand to Transport the Youngsters to East End

Commencing Tuesday morning stages will be on hand at 6:30 o'clock at the Twin Falls Bank & Trust company corner to convey local boys and girls to their jobs at the East End. The sugar company to the best fields in the east end of the county, in accordance with the announcement of the company offering employment to boys and girls over the age of 12.

"We will have rollable 'mats' in charge," stated James Scelley, district manager, "so that no parent need have any hesitation in letting children go. They can bring their lunches along and the fields at Amberley and Hanson and leave there at 4 p. m. in the evening."

"In all the sugar beet sections I have been connected with the local people derive a great benefit from the work of spacing and thinning sugar beets in the spring and in harvesting in the fall. This year I have decided to take the boys and girls from 12 years of age up to a chance to earn some money, so that the good people of Twin Falls may get more interested in the sugar beet industry."

"This work is not hard and each boy or girl can earn from \$1.50 to \$4 per day according to their efficiency. In this way a lot of money will be distributed in Twin Falls that would otherwise go to other parts of the county. It will not only relieve the farmers but it will be a good thing for the children and the community."

Voters May Be Asked for Authority to Use Part of \$42,000 Surplus in Arranging 1923 Appropriations

Calling of a special meeting of Twin Falls voters to authorize expenditure by the city of a part of the \$42,000 surplus revenue was the principal theme of discussion at the meeting of the city commission Monday night.

The matter will be gone into more fully at the adjourned meeting called for Thursday night. The expenditure of the surplus was the subject of much discussion along different angles, the authority of the city to use the amount for the purpose of its expected tax revenue being a point at issue. If a special mass meeting is called the proposition of levying an additional five mill will be submitted to the people and if the proposition carries by a two-thirds majority the city will thereby be authorized to spend the surplus for the purpose intended, according to an interpretation made at the council meeting Monday night.

The early part of the meeting was devoted to a discussion of the low water pressure prevailing at the county hospital on account of the use of water for irrigation. The water supply is limited. It was shown that the pressure at times is so low as to endanger the proper management of the hospital and to make operations impossible. The matter was taken up with the owner of the natatorium but the results, apparently, have not been satisfactory. Action was postponed until the next meeting of the council.

Action on the part of the women of the Twin Falls Missionary societies to abolish Sunday baseball was also held over until the next meeting when a full attendance of the committee is expected. All who were absent from the meeting Monday night.

The advisability of decorating the streets for Memorial Day was questioned by the committee. It was said the work would cost the city \$50. Commissioner Dwight and Mayor Hodgins favored decorating the streets but the committee is not in favor of it.

SET DATES FOR SPRAYING

From observations and studies made by Harry H. Horticultural inspector, on emergence of over-wintering cold moth from the cocoons, the date for the first cover spray has been set for June 1. The second spraying is to be made on June 15. The third spraying is to be made on June 30. The fourth spraying is to be made on July 15. The fifth spraying is to be made on August 1. The sixth spraying is to be made on August 15. The seventh spraying is to be made on August 30. The eighth spraying is to be made on September 15. The ninth spraying is to be made on September 30. The tenth spraying is to be made on October 15. The eleventh spraying is to be made on October 30. The twelfth spraying is to be made on November 15. The thirteenth spraying is to be made on November 30. The fourteenth spraying is to be made on December 15. The fifteenth spraying is to be made on December 30.

CITY JOINS IN PAYING HONORS TO WAR HEROES

Large Crowds Attend Annual Memorial Day Services at Cemetery Following Parade Through Streets

Joining with every other true American in a day of reverence, Twin Falls gave an observance of routine daily affairs Wednesday to honor the memory of those who gave up their lives in defense of their country.

Sincere appreciation of the meaning of the supreme sacrifice made by the heroes who fell at Gettysburg, at Richmond and Vicksburg, at San Juan Hill and at other battle fields, was evidenced, particularly at the memorial services at the cemetery.

Plans for the observance of the day were carried out practically according to the program arranged at the city park and led by the local veterans of the Civil War marching with the tread of the stanch parade. They were followed by the members of the G. A. R. and members of all local troops of Boy Scouts.

Prospects Impress Eastern Financier

New York Man is Convinced New Road Will be Completed in Short Time

"I am sure the Union Pacific intends to complete the construction of the Rogerson-Wells railroad project as soon as possible and the people of Twin Falls deserve only the heartiest congratulations for their part in the success of their efforts in this enterprise," said O. M. Ellsworth of New York who arrived in Twin Falls Saturday.

Mr. Ellsworth, who is accompanied by his wife, is making a tour of the west combining business with a pleasure trip. Such business as may be conducted during his tour, he said, is in the inspection of various places in the west from the standpoint of investments, Mr. Ellsworth being associated with large investment interests in the west.

GRASSHOPPERS MENACE TO LOCAL FARM CROPS

Must Begin Poisoning at Once to Prevent Spread of Pests; Brossard Gives Successful Formula

"The significant fact in regard to the grasshopper pest this year is that they are hatching out in unusually large numbers just at this particular time and if crops are not saved from this menace this year the farmers should at once begin laying poison while the hoppers are still small and before they begin to reach the crop," said E. E. Brossard, county farm agent.

DATE IS SET FOR IDAHO POWER COMPANY HEARING

Application of Company for Order Fixing Valuation and Rate to be Aired at Boise on July 15

The application of the Idaho Power company for an order fixing a value upon the property of the company and its rates has been set for further hearing Monday, July 16, at the office of the Idaho public utilities commission, beginning at 10 a. m.

The commission at a recent meeting voted to assist financially in the work of the Idaho Light and Power Users' association in connection with the hearing and for that purpose is preparing to Twin Falls' public utility as compared to that of the other cities participating.

The purpose of the hearing July 16 is to bring the valuation of the property of the company down to date, adjust its rates and prescribe rules and regulations and forms of accounts for the accumulation, protection and extension of the property of the company, according to a communication from C. J. Callahan, secretary of the utilities commission. Any person may appear at the hearing and for any other application, witnesses or offer evidence in his own behalf.

Twin Falls' Future Attracts Canadian

Dr. F. W. MacManus Leaves Drought Ridden Lands to Come on Inspection Trip

Among the numerous persons who have heard the story of Twin Falls and who have been induced thereby to travel long distances to view local conditions at first hand, is Dr. F. W. MacManus, a physician residing south of Edmonton, Alberta.

Dr. MacManus, who is accompanied by Mrs. MacManus, expects to be here about a week. Among other things he expects to spend some time viewing the mining prospects around Contact with the possibility of being interested. In any event he expects to return here for a second visit after going back to Canada, he said.

"I have no doubt that Twin Falls is the nearest and cleanest looking little city I have ever seen," said Dr. MacManus. "Your prospects here are very bright. I believe that the future of Twin Falls will be bright as bright as expected, this should be a most wonderful place in which to live."

Case Conducted Here Before E. M. Sweeley to Set Precedent on Cost for the Use of Spur Tracks

Following a hearing conducted Saturday night in the office of M. J. Sweeley before E. M. Sweeley, president of the Idaho public utilities commission, on a question involving the use of a spur track, a decision is to be made by the commission. The case involves the state of Idaho in the future, the case being the first of its kind in this state to be brought before the utilities commission.

The spur track involved is one extending on the north side of the Oregon Short Line tracks with which it connects. It extends across property owned by Thomas Woods and Henry McCormick.

SUM OF \$22,000 PAID FOR BEETS

Sugar Company Distributes Checks to Over 400 Growers in This District

Checks totaling about \$22,000, representing an advance payment of about 75 cents a ton, were distributed Monday to the growers of sugar beets in the district adjacent to the Twin Falls factory by the Annapolis Sugar company.

Between 400 and 500 growers shared in the advance, about \$25 a acre, or more than \$50 to each grower. Another payment is to be made about October 1.

IDAHO LAMBS BRING TOP PRICE ON OMAHA MARKET

Spring Shipment from Ranch of Robert Rogerson Leads List at Price of \$12.50 Per Headweight

Lambs shipped from the ranch of Robert Rogerson at Omaha, Monday, at \$15.50 per headweight, topped the top price on the Chicago market on the same day, according to word received from the Rogerson. The shipment was the first of this spring and was billed out on last Thursday. It comprised a total of 1700 animals.

The Home of the Soul.

In olden times, it was believed that the seat of the soul was the stomach, most likely for the reason that a man is never completely satisfied until his stomach is out of order. For the cure of ordinary stomach troubles, there is nothing quite so prompt and satisfactory as Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Give them a trial. They only cost a quarter.—adv.

LEGAL HEARING IS PIONEER ON RAIL QUESTION

Case Conducted Here Before E. M. Sweeley to Set Precedent on Cost for the Use of Spur Tracks

Following a hearing conducted Saturday night in the office of M. J. Sweeley before E. M. Sweeley, president of the Idaho public utilities commission, on a question involving the use of a spur track, a decision is to be made by the commission. The case involves the state of Idaho in the future, the case being the first of its kind in this state to be brought before the utilities commission.

The spur track involved is one extending on the north side of the Oregon Short Line tracks with which it connects. It extends across property owned by Thomas Woods and Henry McCormick.

Must Decide Cost.

The case was brought by the Fletcher company, which had arranged for the purchase of lot 134 on which it owned an oil storage tank and the question involved in the hearing was that of a proper rate to be charged for the initial construction cost of the tracks to be paid by the oil company for the use of the tracks in the conduct of its business.

Testimony at the hearing established the fact that it had been shown that the Fletcher company would have to pay for the right to use the track. The cost of the tracks to the Fletcher company was \$165 per 25 foot lot, although they claimed that this price is now too low.

The contracting parties failed to agree on the cost and the matter is now left to the public utilities commission to decide on a reasonable proportionate cost to be paid by the oil company.

SUM OF \$22,000 PAID FOR BEETS

Sugar Company Distributes Checks to Over 400 Growers in This District

Checks totaling about \$22,000, representing an advance payment of about 75 cents a ton, were distributed Monday to the growers of sugar beets in the district adjacent to the Twin Falls factory by the Annapolis Sugar company.

Between 400 and 500 growers shared in the advance, about \$25 a acre, or more than \$50 to each grower. Another payment is to be made about October 1.

IDAHO LAMBS BRING TOP PRICE ON OMAHA MARKET

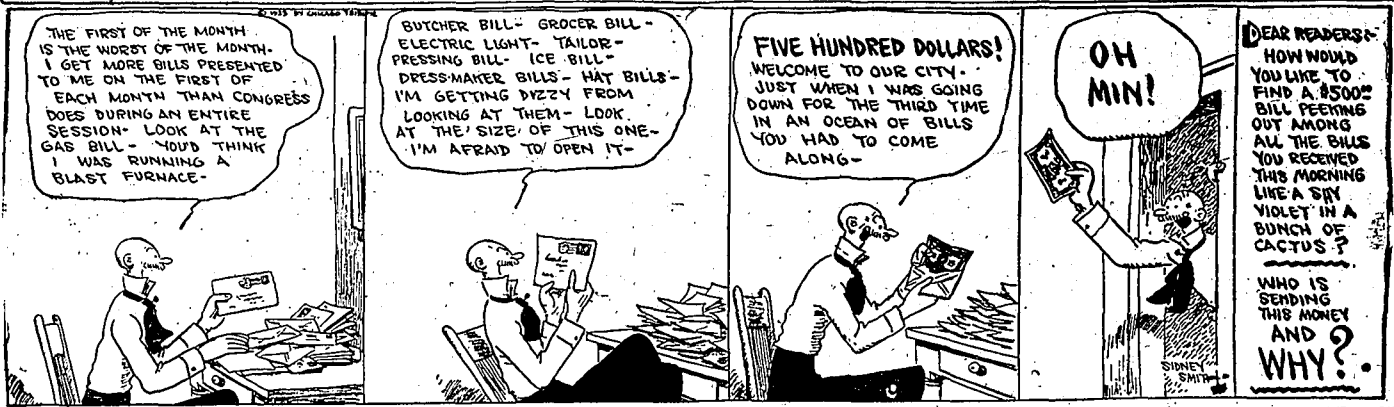

Spring Shipment from Ranch of Robert Rogerson Leads List at Price of \$12.50 Per Headweight

Lambs shipped from the ranch of Robert Rogerson at Omaha, Monday, at \$15.50 per headweight, topped the top price on the Chicago market on the same day, according to word received from the Rogerson. The shipment was the first of this spring and was billed out on last Thursday. It comprised a total of 1700 animals.

The Home of the Soul.

In olden times, it was believed that the seat of the soul was the stomach, most likely for the reason that a man is never completely satisfied until his stomach is out of order. For the cure of ordinary stomach troubles, there is nothing quite so prompt and satisfactory as Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Give them a trial. They only cost a quarter.—adv.

THE GUMPS—THE LIFE SAVER

AUTO SPEEDWAY AT END OF ROPE

Institution's Officials to Discuss Future Use of Track; Patriotic Organizations Score

INDIANAPOLIS, May 31 (AP)—Officials of the Indianapolis motor speedway will meet here within the next few days to discuss the future use of the race course, Carl G. Fisher, founder and part owner, announced today. Mr. Fisher's announcement was prompted by reports that the track would be dismantled and a new speedway built in some other city.

Reports that continued opposition by patriotic organizations to holding the annual 500-mile race on Memorial Day were responsible for abandoning this course were current.

"We have accomplished what we set out to do when we built the speedway here," Mr. Fisher said in explanation of the doubtful future of the course.

Developers American Cars. "At the time it was built American cars were far inferior to European race cars. Our object was to establish a racing institution in Indianapolis where we could make tests on American cars and build up to the standard of European cars. The last few 500-mile races have proved that we have accomplished our purpose. American cars are far superior to European cars at this time, so it was concretely exhibited in the great race yesterday."

Mr. Fisher added that the speedway is getting old, and before another race it probably would be necessary to spend \$200,000 in improvements. The brick oval track is getting rough and needs repairs, he said.

Victim's Condition Critical. Tom Alley, driver of a car that crashed through a fence during yesterday's race, killing Hubert Shoup of Lafayette, Ind., and injuring three of his boy companions, was still in a critical condition today but physicians expected his recovery.

Edwin Robinson, 15, companion of Shoup, was missing today, the police were notified by his parents at Lafayette, etc. The boys, who were with him said they had not seen him since the accident.

A re-check by the official timers of yesterday's race today showed that Tommy Milton, the winner, completed the 500 miles in 2:29:50.17, an average of 90.95 miles an hour. Immediately after the race the time given showed an average of 91.44 miles.

RICH MAN OUGHT PILFERING. CHICAGO, May 31 (AP)—John H. Smith, arraigned in municipal court charged with stealing \$7,000 from a newsstand, when asked how he derived his living, said he owned an apartment building with a monthly income of \$540. He was fined \$200 and cost.

Boys Like the Beech. The beech has many qualities which commend it for highway planting. It is a tree of rugged growth, with dense foliage of surpassing beauty, and lends genuine charm to the roadside landscape, says "Trees as Good Citizens," a book that goes into all kinds of tree planting in plain language. It is one drawback, a minor one, is that its smooth white bark is a perennial temptation to the ravages of lizards.

Amusements Worth While. I am a great friend of public amusements, for they keep people from vice.—Samuel Johnson.

COURT ASSUMES CONTROL OF HOODED ORGANIZATION

Takes Action on Petition Alleging Gross Mismanagement of Ku Klux Klan's Funds

ATLANTA, Ga., May 31 (AP)—The Fulton county superior court today assumed control of the Knights of the Ku Klux Klan, ordered a temporary discontinuance of the expenditures of its funds and set June 9 to hear a motion for the appointment of receiver for the order.

This action followed filing of a petition by David M. Rittonhouse of Philadelphia and others, alleging gross mismanagement of the Klan's funds by Imperial Wizard H. W. Evans and his assistants, charged that he and Emperor William Joseph Simmons had turned the Klan into a "personal machine for the enrichment and personal aggrandizement of themselves," and declared that the organization was breaking up through threats of some kind of the receiver and establish independent orders.

The petition alleges also that Imperial Wizard Evans had called a meeting at Washington, D. C., tomorrow Saturday of the personal henchmen through his invisible empire.

The employees of the imperial palace, at the general headquarters of the Klan in this city, called on being informed of the suit, said that all of the imperial offices were in Washington. Imperial Wizard Evans, Emperor Simmons and high officials of the Klan were said to have departed for Washington before the court action began.

AMERICA MOVES

(Continued From Page One.)

rain. No solution has been reached, but there is good hope that a compromise may be soon effected.

OREW HAS FULL POWERS

WASHINGTON, May 31 (AP)—The state department today announced that full powers had been granted to a treaty or treaties of amity and commerce with Turkey, have been cabled to Joseph C. Grew, American minister in Constantinople. Mr. Grew is now conducting conversations with Turkish delegations at Lausanne.

"Informal conversations," the department said in a formal statement, "have been proceeding between Mr. Grew and Ismet Pasha at Lausanne with a view to ascertaining whether a suitable basis could be found for the revision of existing treaties between the United States and Turkey."

"These conversations have reached a point where the department considered it opportune to authorize Mr. Grew to initiate more formal negotiations and to this end full powers to negotiate and sign a treaty or treaties of amity and commerce with Turkey were telegraphed to Mr. Grew on May 29. The conclusion of such negotiations is, of course dependent upon a satisfactory adjustment of outstanding questions between the two countries."

WILLARD STARTS TRAINING. LOS ANGELES, May 31 (AP)—Jess Willard, heavyweight contender for Jack Dempsey's title, today began training in the Hollywood American Legion stadium for his July 7 bout with Luis Angulo Pippo of the Argentine. Willard took things rather easy but issued a general call for sparring partners, announcing that he expected to be fairly into the heavy grind by next Wednesday, when he plans to leave for Wichita to appear in an exhibition bout.

CHURCH LEADERS FAVOR TRIBUNAL

Federated Council Calls on 125,000 Congregations to Support President's Proposal

WASHINGTON, May 31 (AP)—A call to 125,000 congregations in America to rally to the support of President Harding's proposal that the United States enter the permanent court of international justice was issued here today by the federated council of the Church of Christ of America.

"A day of great occasion for our country and the world has now arrived," says the call, adding that the issue which the world court presents embodies the age-long conflict between law and force.

"To bring around the earth," the message continues, "the people know that if nations are to survive they must subject their individual wills to established process of law; their individual wills to the welfare of all mankind. All that the Christian church itself has built up in the hearts of people through centuries of effort hangs in the balance."

"For war, in the future, aided by the powers of science, simply means self-destruction. This appeal to the sword can be abolished by only one means, the means already found within the state—by building up an appeal to law instead. That is exactly the purpose of the permanent court of international justice. To it we see a great advance in the long struggle of man to civilize himself."

"The court is not a 'private' court of the league of nations. By a decision of the council of the league on May 12, 1922, it has been opened to all the world. In most cases parties to dispute must consent before the court can deal with the dispute. An optional clause in the treaty establishing the court has never been ratified in most countries except on condition of reciprocity by 15 states, giving the court jurisdiction of every dispute between these states wherein is involved any question of international law, of interpretation of a treaty, or of a breach of an international obligation."

No Doctors Nor Nurses. Las Hurdes, a region in Spain measuring some 450 miles square, with 8,000 inhabitants, has no roads, no doctors, no trained nurses, no chemists, and only 11 schools.

CHILDREN BOMBARD

(Continued From Page One.)

purpose; one, was to get as near the president as possible, and the other was to give him their flowers. They were unable to do both, although they crowded up the presidential stand until both the president and Mrs. Harding feared for the safety of the little ones in the crush.

"Then a boy in the rear, concluding it had happened to him to try to hand his flowers to the president, let go with a big bunch of daisies which sailed over the crowd and landed square on the president's shoulders. That gave the others the idea they needed, and soon the air was filled with flying flowers, single blossoms, bouquets and great bunches. As the bloom flew thicker and thicker, the military and naval aides to the president endeavored to shield their chief and Mrs. Harding, who were smiling bravely through the rain of flowers."

When flowers in their hands were all thrown, the children picked up those which had fallen about the stand and handed them to the president and Mrs. Harding. Soon Mrs. Harding's arms were full and the president had an armful that covered his shoulders and rolled off over his head, covering his high silk hat on the floor behind him. Meanwhile the children nearest were seeking to shake hands with Mrs. Harding and one boy more insistent than his companions, hung onto the president's coat tail until his request was granted.

While all this was going on, the crowd at the grandstand was for the most part roaring with laughter and the serene director, white-haired and wringing his hands, was shouting: "Marines, marines, come quick!"

The marines were still too flabbergasted to come had they heard, and they could not hear, because the marine band, hoping to calm the tumult, had struck up a lively tune.

The president, however, realizing the situation, came to the relief of the distracted director. He signaled the band to stop; the marines came in and with the assistance of members of the two army bands moved the children with great difficulty away from the stand.

The president then came in a heap of flowers and brought forth his silk hat; Mrs. Harding, still smiling, replaced her eyeglasses, which had fallen off early in the morning and the presidential party prepared to leave, after the director, still almost speechless, had mumbled that he "guessed the rest of the program."

The director added that he was sorry the next number, Mrs. Harding's favorite song, "The End of a Perfect Day," had not been sung and apologized profusely. The president smiled and declared:

"That's all right. No harm done."

TO ESTABLISH SHRINE IN MEMORY OF MARK TWAIN

FLORIDA, Mo., May 31 (AP)—The plan to establish a Mark Twain Memorial park here, where the humorist was born, has met with an encouraging response, according to officers of the Mark Twain State Memorial Park association, which is fostering the movement.

The executive committee has set August as "Mark Twain month," and the first week in September as "Mark Twain week." All lovers of the famous humorist should read at least one of his books in August, the committee declared, and heads of schools will be asked to have some sort of memorial program on one day in "Mark Twain week."

M. A. Violette, owner of the home here in which Mark Twain was born, has promised to donate the house and its old time curios to the association. Mark Twain was born November 30, 1835, and in his autobiography he humorously speaks of Florida as having "two streets, one a couple of hundred yards long, the rest of the avenues mere lanes, with rail fences and corn fields on either side." Florida, however, has grown into a neat little town, with all the usual business institutions.

The majority of members of the association are editors of newspapers in Missouri.

Our June Sales Will Interest You

AN INCIDENT

Last Saturday a customer asked one of our young ladies for a certain commodity. When told the price, she exclaimed rather vehemently and loudly that she would not pay the price and that she could buy it elsewhere for less money, and turning to her companion, she said: "It is just as Will said, just as Will said, as soon as Wright's move into their new location, they will raise their prices." We felt that the statement was not warranted for this commodity has been selling for the price asked for the past two years and further, it is sold at no profit and is handled only as an accommodation to our customers. But to make positive our position we make the following statement:

We do positively GUARANTEE to sell merchandise of the same brand and quality that is carried by competitors for the same price or lower. And if a competitor is selling the same merchandise at cost or less than cost as a leader, we will meet this price.

With business much better in our new location, with no greater rent, and with even less overhead because of increased business, there would be no justification for increasing prices except were market conditions make it necessary. The fact is we were never in better position to sell for less, and a fast increasing business would indicate that the public as a whole knows this to be true.

ANNOUNCING OUR DOWNSTAIRS DEPARTMENT

To facilitate the handling of our increasing shoe business we have created a downstairs department where in the first place we have lots of room, in the second place we will have no fixture investment, and in the third place we expect to sell you shoes cheaper than ever before. We will not promise a lot of service nor expert fitting, but we do promise to sell good shoes.

Patent One-Strap

We offer a patent one-strap oxford, in sizes 2 1/2 to 8; low rubber heel. To see the shoe you will appreciate this price **\$2.50**

BROWN KID OXFORD

Visiting Realtors Boost Association

Delegation from Pocatello is Entertained by Local Real Estate Men

Progressiveness was much in evidence at a dinner at the Pocatello hotel on Tuesday night when 12 Pocatello realtors and their wives were guests of the local realty men.

The visitors from Pocatello were here in the interests of the Northwest Real Estate Association and for the purpose of arousing interest in realty matters in southern Idaho in general.

Mayor Shad L. Hoaglin delivered the address of welcome to which F. C. McGowan of Pocatello responded. Alex. Wilson of Pocatello also made an address on the history of this district.

He was followed by musical numbers by Mrs. W. E. Ferris of Pocatello accompanied by Mrs. Theodore Turner and an address on the future of Idaho by C. D. Thomas.

W. D. Potter of Nampa and T. W. Zimmerman of Portland, vice-president and secretary, respectively, of the Northwest association, told of its purposes after which Charles Lawrence, real estate commissioner, outlined the operation of the state license law.

At the conclusion of the evening was an address on the coming year by Mark Ellington of St. Anthony. S. E. Brady, who presided, told of the flourishing conditions at Pocatello and outlined the "open house" exposition to be held there on June 4 and 5 in which the featured display will be a model sized block of modern homes which can be built at an estimated cost of \$1,100 each.

The local realtors were extended a cordial invitation to attend the exposition.

The visiting delegation was composed of Mr. and Mrs. E. W. Houde, F. E. Lewis, W. H. G. White, H. S. White, Harry Fox, O. E. Evans, Mr. and Mrs. T. H. Gathie, Mark Ellington, Mr. and Mrs. S. E. Brady, Mr. and Mrs. F. C. McGowan, E. C. White, F. W. Kuska, and daughter, and Mr. and Mrs. Theodore Turner.

The party came here Monday afternoon from Bull and will make a tour of the rich side towns before returning home.

JACKSON LAKE STORAGE

BURLEY, Idaho, May 29—Report from Moran, Wyoming, at the outlet of Jackson Lake reservoir shows the following conditions:

Jackson Lake Storage Area—E. On May 19, 1923 483,010 On same date a year ago 412,580 For same week ending May 19, 1923 70,430

For same week a year ago 23,780 For same week a year ago 24,780 Precipitation at Moran Inches For week ending May 19, 1923 1.10

For same week a year ago 0.22 From Sept. 1, 1922, to May 19, 1923 10.21 For same period a year ago 15.27

Chimneys an Old Institution. It is said chimneys were first introduced into Great Britain in 1500, their use being confined to the kitchen and large hall. They were in general use in domestic architecture in 1810.

How far the Greeks and Romans were acquainted with chimneys as we now know them is a matter of dispute. An ancient mosaic found in Algeria, representing the Roman emperor Nero, shows the chimney stacks projecting above the roof.

Titan Home as a Monument. The house at Plevie di Cadore in which the great patriot Titan was born has been proclaimed a national monument by the government of Italy as the birthplace of the poet and dramatist Count Vittorio Alfieri at Asti.

In the Matter of the Petition of the Board of Directors of the American Falls Irrigation District, an Irrigation District Organized under the laws of the State of Idaho, for Examination, Approval and Confirmation of

the Proceedings for Authorization of an Issue of Bonds by the American Falls Reservoir District.

Notice is hereby given that the petition of the directors of the American Falls Reservoir District, for the authorization of an issue of bonds for irrigation district organized under the laws of the State of Idaho, has been filed in the above-entitled court and that the hearing on said petition has been set for the 31st day of June, A. D. 1923, at 10 o'clock a. m., of said day, at the Court Room in the County of Twin Falls, State of Idaho, and that the proceedings for the authorization of an issue of bonds in the amount of \$2,700,000, by the American Falls Reservoir District, be by the court examined, approved, and confirmed if any person interested in the subject matter of said petition may, on or before the date fixed for the hearing thereof, demur to, or answer said petition.

Given under my hand and seal of the District Court of the Eleventh Judicial District of the State of Idaho, in and for the County of Twin Falls, this 21st day of May, A. D. 1923.

(SEAL) C. C. SIGGINS, Clerk.

By C. L. BOWEN, Deputy. James B. Bethwell, Attorney for Petitioners, Residing at Twin Falls, Idaho.

ALIAS SUMMONS. In the District Court of the Eleventh Judicial District of the State of Idaho, in and for Twin Falls County.

From the St. Steven, Plaintiff, Della Stevenson, vs. Defendant.

The State of Idaho sends greetings to Della Stevenson, the above named defendant.

You are hereby notified that a complaint has been filed against you in the District Court of the Eleventh Judicial District of the State of Idaho, in and for Twin Falls County, by the above named plaintiff, and you are hereby directed to appear and answer said complaint within twenty days of the service of this summons if served within said judicial district, and within forty days if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint.

That said action is brought to dissolve the bonds of matrimony between the plaintiff and defendant here, and to set aside and annul the said judgment of said court.

Witness my hand and the seal of the said District Court this 17th day of May, 1923.

(SEAL) C. C. SIGGINS, Clerk.

By JOHN HANSEN, Deputy. Hoaglin, Stephen & North, Attorneys for Plaintiff, Residing at Twin Falls, Idaho.

ALIAS SUMMONS. In the District Court of the Eleventh Judicial District of Idaho, in and for Twin Falls County.

W. B. Mulford, Plaintiff, Edward Dean, Clara J. Dean, Twin Falls Bank and Trust Company, a corporation, and the Twin Falls Canal Company, a corporation, Defendants.

The State of Idaho sends greetings to Edward Dean and Clara J. Dean, the above named defendants.

You are hereby notified that a complaint has been filed against you in the District Court of the State of Idaho, in and for Twin Falls County, by the above named plaintiff, and you are hereby directed to appear and answer said complaint within twenty days of the service of this summons if served within said judicial district, and within forty days if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint.

The purpose of said action, as shown by the complaint of the plaintiff and the instrument thereto, is to foreclose the mortgage executed by you to Frank L. Cleveland, bearing date of the 2nd day of October, 1919, filed for record in the District Court of the State of Idaho, in and for Twin Falls County, on the 21st day of October, 1919, and recorded in book 33 of Mortgages at page 400, and to recover judgment on the note executed by you to said mortgagee on the 21st day of October, 1919, in the sum of Two Thousand Dollars with interest at ten per cent per annum from the 2nd day of October, 1919, to the 21st day of October, 1922, and for the purpose of selling Fifty-seven and 33/100ths dollars on account of taxes paid by the plaintiff with interest at ten per cent per annum from the 21st day of October, 1922, to the 21st day of October, 1923, and for the purpose of selling Five Hundred Twelve and 40/100ths dollars for and on account of canal charges paid with interest at ten per cent per annum from the 27th day of March, 1923, besides an attorneys fee of Three Hundred Dollars and costs of suit, and asking that the real estate covered by said mortgage, to-wit, the Southeast quarter (SE 1-4) of the Southwest quarter (SW 1-4) of Section Twenty-five (25), in Township Ten (10) South, Range Seven (7) East of the Boise Meridian, with the water right appurtenant thereto, be sold under order of this court to satisfy the amounts claimed by the plaintiff, with interest on the balance of said note and mortgage.

Witness my hand and the seal of the said District Court this 9th day of May, 1923.

(SEAL) C. C. SIGGINS, Clerk.

By C. L. BOWEN, Deputy. Swelley & Swelley, Attorneys for Plaintiff, residing at Twin Falls, Idaho.

ALIAS SUMMONS. In the District Court of the Eleventh Judicial District of the State of Idaho, in and for Twin Falls County.

Maria A. Sheffer, Plaintiff, George B. Sheffer, Defendant.

The State of Idaho sends greetings to George B. Sheffer, the above named defendant.

You are hereby notified that a complaint has been filed against you in the District Court of the Eleventh Judicial District of the State of Idaho, in and for Twin Falls County, by the

above named plaintiff, and you are hereby directed to appear and answer said complaint within twenty days of the service of this summons if served within said judicial district, and within forty days if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint.

That said action is brought to dissolve the bonds of matrimony between the plaintiff and defendant here, and to set aside and annul the said judgment of said court.

Witness my hand and the seal of the said District Court, this 21st day of May, 1923.

(SEAL) C. C. SIGGINS, Clerk.

By F. C. LYNOX, Deputy. Hoaglin, Stephen & North, Attorneys for Plaintiff, Residing at Twin Falls, Idaho.

MAIL MAKE-UP. No. 150 at 7 a. m. No. 83 at 12 m. No. 155 at 4 p. m. No. 84 at 6:30 p. m. Bogerson branch at 12 m.

The foregoing mail make-up is operative and effective under ordinary conditions, if a great amount of mail should be dropped at about the regular closing time it would be impossible to dispatch the mail on the precise hour.

Union Pacific to Spend Forty-two Millions for 1923 Improvements

To care for increased business and to better serve its patrons by handling traffic without delay, even during times of peak business, the Union Pacific has entered upon a program of improvements for 1923 estimated to cost \$42,817,708, the principal items of which are:

Table listing improvements and costs: Branch lines and extensions \$5,992,837; Equipment 11,547,835; Additional main tracks (double tracking) 5,198,756; Additional yard and passing tracks 3,001,022; Shops, engine houses, tools and machinery 3,992,621; Water and fuel stations 1,802,783; Station and terminal facilities 2,651,771; Property for terminal expansion 1,543,763; Elimination of grade crossings 858,364; Additional signals and interlocking 241,530; Heavier rails 1,007,260; Bridge betterments 2,024,255; Ballasting and other road improvements 2,454,880.

Total \$42,817,708

New construction includes a line from Lund to Cedar City, Utah, opening up a territory rich in agriculture, iron and the attractions of Zuni National Park, Bryce Canyon and Cedar Breaks; also an alternate main line through Boise, Idaho, and a branch in the Idaho Falls District. A line from Delta to Tillamook, Utah, not included in the foregoing, was completed last month.

The additional main track will provide double track from Omaha to Ogden and Salt Lake, except for 27 miles. With connections east of Omaha, it means 1,615 miles of double track westward from Chicago, the longest continuous stretch of double track in the United States over which solid through trains are run.

New equipment includes 78 freight locomotives and 57 all-steel passenger train cars. All main line through passenger trains will now be all-steel equipped. These expenditures are in addition to 4,300 box and automobile cars, 45 steel passenger train cars, 80 locomotives and 190 tank cars, purchased last year and delivered this year. Nor do the figures include 8,630 new refrigerator cars of Pacific Fruit Express Company owned jointly by the Union Pacific and Southern Pacific, purchased in 1922 and 1923 that will be available for the 1923 perishable traffic.

These improvements are in addition to the regular maintenance program. They will be made from new capital and not from earnings. The work will give employment to a vast number of persons in the territory served.

This program is entered upon with a firm belief in the prosperity of the Western states and confidence that the people in the territory served by the Union Pacific will cooperate in maintaining the railroad at a point of greatest effectiveness.

Constructive suggestions are always welcome. C. B. GRAY, President.

NATURE'S WARNING

Kidney life come mysteriously. But nature generally warns you. Notice the kidney aches—See if the color is unhealthy—If there are settlements and sediment, Passages frequent, scanty, painful. It's time to fear serious kidney trouble.

It's time to use Doan's Kidney Pills. Doan's have done great work in Twin Falls. Ask your neighbor! A. Wellner, carpenter, F. D. No. 2, Twin Falls, says: "I had a lame back and a soreness over my kidneys that made me miserable all over. When I got down I could hardly get up on account of the sharp, stabbing pains. My kidneys acted too often and the secretions scalded in passage. I used Doan's Kidney Pills and in a short time soon cured me entirely of the complaint. I have had no trouble since."

CLEARING ILLEGAL CITY WARRANTS TOTAL \$8,000

Report on Annual City Audit Shows Big Deficit During Last Year; Seek Authority for Five Mill Levy

Receipt of reports based on the audit of the city's accounts for the fiscal year ending April 30, showing that the last administration issued more than \$8000 in illegal warrants and decisions to the city's most numerous class of voters to decide the question of a special tax levy of five mills, were outstanding features of the adjourned meeting of Twin Falls' commission Thursday night.

After some consideration the commission tabled indefinitely the appeal of the United Mine Workers to prohibit Sunday baseball in Twin Falls.

The report of Wolfenden & Radcliff, accountants, who made the annual audit, showed a total appropriation for the year ending April 30 were \$100,476.50, while total expenditures were \$90,491.02 and total revenues provided were \$87,615.75. The deficit for the year is classified as the amount of the illegal warrants, providing the figures are correct. In the belief of A. J. Myers, city attorney, the deficit can be considered as the total amount of the illegal warrants providing that all warrants issued during the year were legal.

In order to ascertain exactly what warrants are illegal, it was necessary to check over the entire list and compare the total amount of warrants drawn on any one firm with the amount of revenue provided for that fund.

It was brought out at the meeting of the commission, however, that if the commission's income for 1922-23 was approximately \$80,000, then the warrants would be legal.

The annual audit showed that six appropriations had been exceeded by a total amount of \$6,434.45, while there was other appropriations of \$2,670.02 total excess of revenue in the sum of \$10,104.03, which was not spent.

Cannot Be Paid.

The city commissioners see no way in which the alleged illegal warrants can be paid, and apparently the matter can be decided through the courts. It being brought by some person holding one or more of the warrants.

Following a brief discussion concerning the right of the city to spend any part of the \$12,000 estimated surplus classified as revenue it was voted, on motion of Commissioner J. S. Knevel, that the city should be, exhibit the proposition to the voters and abide by their decision. The commission seeks authority to make a city mill levy to pay the deficit, but will not be levied, but its equivalent will be appropriated on the strength of the warrants. The date of the meeting will be fixed at the regular meeting Monday night.

A considerable part of the commission was spent in hearing O. E. Carlson, county assessor, and C. N. Laubenstein, owner of the nautarium, relative to the water supply of the nautarium and the county hospital. Mr. Carlson stated that the hospital live low water pressure created during the time the swimming tank is being filled. The difficulty seemed to rest in the fact that both the nautarium and the hospital are served by four-inch water mains from a principal main of the same size. The construction of another small main may be necessary.

"Lazy Husband" Law.

Mr. Carlson also appeared to the commission for assistance in providing work for prisoners who are held under the "lazy husband" law. The county has no work at present for the hospital and the matter was left in the hands of Mr. Carlson and Commissioner S. S. All.

In regard to the prohibiting of Sunday baseball it was the opinion of the council that a large number of citizens are in favor of the Sunday sport and that the ordinance should, therefore, remain as it is at present.

Commissioner Keel again mentioned the matter of city zoning, and through action of the council the city of Twin Falls is to be divided into the Twentieth Century club and the chamber of commerce for study relative to the advisability of adopting the plan in Twin Falls.

A letter from the state public utilities commission was read advising the time for the Idaho Power company's plan for the canal company.

Commissioner All urged the representation of Twin Falls at the hearing and favored making an effort to lower local rates on water on account of proximity to the source of power.

Sees Increase in Local Population

Oklahoma Man, Interested in Contact District, Lands Prospects for Twin Falls County

H. W. Cardwell of Oklahoma City is in Twin Falls in connection with his extensive interests at Riverside, Nevada. In discussing the prospects of the Twin Falls country with the Twin Falls commission, he stated that he was convinced that the entire Contact mining area constituted one of the richest mineral belts to be found anywhere in that its development was now assured.

Speaking before the Rotary club, of which he is a member in Oklahoma City, he expressed his belief that the question in his mind but what Twin Falls is to be congratulated upon the development which will come about through the new railroad and the new Contact mine. You who are close to the picture will be naturally slower to see it than will outsiders and men from a distance. It is my prediction that the Twin Falls Twin Falls will have a population of 25,000 people and in this prediction I am taking a conservative view.

Mr. Cardwell talked freely of his mining interests in Contact, stating that he had made a thorough examination of the mineral area with the aid of Frank L. Stephens, former prospector, who is thoroughly convinced of the richness of the district. He is associated with Conrad Wolfe in a number of prospecting ventures in addition to his individual interests.

Turner H. Jackman was a guest of the club at the Wednesday meeting and spoke briefly with the Rotary club and the city of Twin Falls.

Another guest of the club was Mr. Holliman, with interests in Krasno and other mines in Nevada. He last visit to Twin Falls took place some years ago. He expressed himself as keenly interested in the future of southern Idaho and Twin Falls in particular.

MURDER CHARGE SEEMS CERTAIN

Believe Blackburn Youth Will Face Trial for Death of Wife by Poisoning

Following the death of Mrs. Melvin Blackburn, age 19, at the county general hospital Thursday forenoon from the effects of swallowing bicarbonate of mercury, it appeared certain that charge of murder would be filed by the prosecuting attorney's office against the girl's husband, who has been held in the county jail since his arrest, but a few months was admitted to the hospital just 20 days ago.

J. W. Taylor, prosecuting attorney, made a statement to the public concerning his course except that he had not fully decided on the charge. It is believed that the charge will be made in the near future and the decision yet to be made is whether the evidence warrants the filing of a first or second degree murder charge.

Both the witness and the defendant Thursday, following the death of Mrs. Blackburn, in going over the evidence in the case, consulting for a time with Frank L. Stephens, former prospector, who is thoroughly convinced of the richness of the district. He is associated with Conrad Wolfe in a number of prospecting ventures in addition to his individual interests.

A post mortem examination was conducted Thursday afternoon by Coroner J. S. Knevel, and Dr. D. L. Alexander, H. W. Clouse, C. R. Scott and E. A. Dwight of Flor, who has attended Mrs. Blackburn during her confinement in the hospital. The report of the examination will be made public as soon as the results of the chemical analysis are announced by E. R. Deoley, chemist, according to Coroner Knevel. Mr. Knevel stated that an investigation probably not be held in view of the belief that sufficient evidence is already available.

Both Mrs. Blackburn and her husband were students in the Flor high school and would have graduated this spring if she had remained in school.

Should Blackburn escape the murder charge he can still be held, it is said, for manslaughter.

Funeral services for Mrs. Blackburn will be held Sunday afternoon at 2 o'clock at the Berean funeral home, under the auspices of the Rev. E. L. White, pastor of the Methodist church, officiating. Interment will be made in the Twin Falls cemetery.

WELLS STAGE CAUGHT BY DRIFTS IN NEVADA HILLS

Shrouded in the Nevada hills, south of Contact, the Twin Falls Wells, Nev., automobile stage will not return to Twin Falls until Saturday, and not then under weather conditions proper, according to word received here Thursday evening by telephone from Dan Morris, driver of the stage.

Reports from Contact Thursday said that between four and six inches of snow had fallen there recently.

Delegates Named to Rotary Meet

Stuart Taylor and Dr. C. E. Scott to Represent Club at St. Louis Convention

Stuart Taylor and Dr. Charles R. Scott will represent the Twin Falls Rotary club at the international convention of Rotary to be held at St. Louis during the week beginning June 18. Their selection as delegates was made at the regular weekly meeting of Wednesday.

Joseph S. Sawyer was named as chairman of the committee on Boy Scout work, which will at once take up the matter of ways and means in connection with the Boy Scout program, and upon in conjunction with the towns of Dun, Burley and Rupert.

Plans to date provided for the employment of a new executive to have direct supervision of the entire Boy Scout work for the next two years. The step is expected to result in a thorough development of the activity in this part of southern Idaho.

H. E. Barber was named as a member of the fellowship committee to take the place of L. B. Breckinridge, who, through press of other work, has been forced to give up the post.

Society

Complicating Mrs. Olen Sturdivant, who, with her family, leaves this (Friday) evening for Long Beach, Cal., to make her home Mrs. P. J. Grossman entertained eight tables of guests at bridge Thursday afternoon. Mrs. Sturdivant received an attractive guest list in favor for first and second scores was won respectively by Mrs. F. C. Boobe and Mrs. D. L. Lewis. The rooms were most attractively furnished with beautiful refreshments. At the conclusion of the card games daily refreshments were served.

WITNESSES TELL LOSSES IN LEE INTERESTS CASE

Government Introduces Additional Testimony of Persons Caught in Alleged Oil Swindles.

FORT WORTH, TEXAS, May 31 (AP)—The entire day in the trial of the defendants in the General Lee interests "oil fraud" case was taken up by the government introducing witnesses who testified for the government in the Lee interests case and for which they received no return on their money.

The government prepared an array of men and women, from the witness stand, told how they had had faith in "General" Robert Lee, one of the defendants, and had placed their money with him on promise of great and quick returns. A clergyman and prosperous looking business and professional men were also placed on the stand.

The witnesses today testified that they had bought blocks of stock ranging from \$25 to \$10,000. The purchases were all made, according to the testimony, before the company was organized. William John of Clifton, Texas, testified that he bought \$10,000 worth of the Lee interests stock, giving cash, liberty bonds and securities in payment. However, he recovered \$1000 in registered liberty bonds and in securities, he said, when he became suspicious of the company and asked for the return of his investment, the witness replied, "not one cent."

FLOOD THERAPY ALBERTA.

CALGARY, Alberta, May 31 (AP)—Heavy rains at Banff and the High River, nearby, have risen eight feet to ten. Serious flood conditions are threatened. Heavy rains are reported all over southern Alberta.

Everyone likes music in some form. There's plenty of it in CAN YOU BEAT IT at the Orpheum, Monday and Tuesday—adv.

Temperature Takes Drop of 10 Degrees

Heavy rains and raincoats were the style in wearing apparel Thursday evening following a day which was established as one of the coldest this spring. Mercury failed to climb higher than the 46 mark during the day and with a low mark of 37 degrees, the average was fixed at about 42 degrees, the lowest since April 23. The wind was otherwise moderate, saturated by more rain, the total for the day being .37 inches.

CLARA PHILLIPS DENIES EPITHE

Not Tiger Woman, Says Alleged Hammer Murders, Still Protesting Innocence

ALPINE, Texas, May 31 (AP)—Clara Phillips, alleged slayer of Mrs. Alberta Meadows last summer, is not a "tiger" woman. So stated Mrs. Phillips, an Associated Press correspondent on board the Sunset Limited bound for the Pacific coast tonight.

"I have been pictured as a hammer-woman. I never used a hammer any time. I am innocent and will prove it to the world."

"I have proof to show that Peggy Caffee is the woman who bought the hammer," she declared.

"There are things that I have not told anyone that will come out when my counsel advises."

The travel-trusted prisoner is not feeling well. She has suffered two nervous breakdowns since her arrest. Many persons, friends and relatives, at Houston, San Antonio, Dal Rio and Sanderson have cheered the Waco, Tex., woman, with many beautiful bouquets and boxes of "to-do and cards."

KITCHEN FUNERAL PLANNED

Services for Former Ministry Leader in Home to be Held at Old Home in Scotland Neck

WILSON, N. C., May 31 (AP)—Funeral services for Representative Claude Kitchin, former minority leader in the lower house, who died at his home here early today, will be held from Mr. Kitchin's old home at Scotland Neck, it was announced today. Death came to the congressman as the culmination of complications he suffered following a stroke of paralysis in 1920. The family was at his bedside when he expired.

FIRST EFFECTS OF BIG PROJECTS IS EVIDENT

Discussion of City and County Officials Shows People Optimistic of Better Conditions in District

That the effects of the certainty of construction of the Roosevelt-Walla railroad project and the American Falls dam are already tangibly evident was brought out during an informal discussion of the future of the city and county commissioners Thursday night.

O. E. Carlson, county commissioner, who attended the meeting on official business, stated that he was convinced that the projects are coming in at present at a much better rate than for some time and that delinquent taxes are being paid and the city is being redeemed in the belief that property values are about to increase.

Commissioner J. S. Knevel expressed the belief that the projects are coming in at present at a much better rate than for some time and that delinquent taxes are being paid and the city is being redeemed in the belief that property values are about to increase.

Commissioner J. S. Knevel expressed the belief that the projects are coming in at present at a much better rate than for some time and that delinquent taxes are being paid and the city is being redeemed in the belief that property values are about to increase.

BELIEVE MAN'S DEATH CAUSED BY POISONING

David D. Dimond, Age 68, Dies on Way to Hospital Thursday; Chemist Seeks Cause of Death

David D. Dimond, age 68, died about 8:30 o'clock Thursday morning while being taken in an ambulance to the hospital from his home in the west section of the city.

His death followed violent convulsions and an analysis of the stomach contents is being made to ascertain the exact cause of the convulsions, it was believed, were the result of poisoning.

Mr. Dimond was apparently in his usual health until he was surprised by a brother, W. H. Dimond, a son, Jack Dimond, and four daughters, Mrs. Anne McGuffin of Denver, Mrs. Kibby of Idaho Falls, Mrs. B. Barker of Simon, Nev., and Mrs. J. F. Kibby, of Richmond, Nev.

CHAPLAIN TO SPEAK ON LIFE IN PENITENTIARY

Rev. C. E. Pounds, Chaplain at State Institution, to Deliver Address Here on Needs of Prisoners

The Rev. C. E. Pounds, chaplain at the state penitentiary, will deliver a lecture at the Church of the Brethren, Third avenue and Fourth street north, at 8 o'clock Friday night on the subject, "Behind Gray Walls."

The Rev. Mr. Pounds, who spoke at Kimberly Thursday night, is appearing in a series of lectures in the interests of obtaining support toward the end of creating a better environment for the state prisoners. He will soon upon his experiences with the men in the penitentiary and other matters pertaining to prisoners and prison work.

ENFORCE TRAFFIC RULES

Four Arrested on Memorial Day Are Fined \$25 in Police Court; Will Keep Close Tab on Speeders

A decision on the part of the police to put into effect a new set of traffic regulations inside the city limits of Twin Falls resulted in the arrest on Wednesday of four persons, who were fined \$25 each in police court Thursday.

Motorcycle Officer Quigley intends to keep a close watch for traffic violations and Police Judge S. D. Davis, in view of the fact that the arrests Thursday, makes it evident that second offenders will not be dealt with lightly.
