

FOOD RUNS SHORT IN RUHR AREA

Germans See Impending Famine In Consequence of Occupation; Berlin Seeks to Gain Ear of France

LONDON, June 21. (AP)—Developments of great importance are impending in Franco-German relations, says an article printed in the Daily Telegraph today.

ESSEN, June 20. (AP)—Reserves of food supplies held by the various industrial cooperative organizations in the Ruhr valley are rapidly being exhausted, according to reports received here.

On Half Rations The German authorities, who for several days have been transporting food for lorries and automobile trucks to the points where provisions are needed, say the situation is seriously aggravated by a shortage of gasoline.

Essen, Dortmund, Hoesum, and Gelsenkirchen, cities of from 200,000 to 400,000 population, have been receiving their food supplies for the past few days entirely by automobile.

LONDON LACKS CONFIRMATION. LONDON, June 21. (AP)—Premier Baldwin stated in the house of commons today that no reply had been received from France to the recent British note on reparations and the occupation of the Ruhr.

BOISE-MOTORMAN KILLED. German Escapes Fatal Hurts. When His Tractor Crashes Into Car Ahead on Curve

BOISE, June 21. (AP)—Caddy C. Hurt, 33, motorman, was fatally injured, and George Curry, conductor, sustained a broken arm, when a motor truck crashed into the rear of another car as both rounded a curve near Conway station, in the Star vicinity, and about 17 miles west of Boise. There were no passengers aboard and the only occupants of the car ahead, Motorman H. L. Marks and Conductor W. H. Smith, were uninjured.

POLAND CAUGHT IN PANIC'S GRIP

Minister of Finance Resigns Because of Collapse of Nation's Currency Unit

BERLIN, June 21. (AP)—The Polish minister of finance and trade has resigned because of the collapse of the Polish mark, according to an agency dispatch from Warsaw. The dispatch adds that all the banks in Poland have been ordered to surrender their foreign currency holdings to the government before tomorrow and that meanwhile all the exchange markets in the country are closed.

SUSPEND EXCHANGE QUOTATIONS. DANZIG, Poland, June 21. (AP)—The stock exchanges in Warsaw, Lodz and Poznan have temporarily suspended exchange quotations in money exchange, it is stated in messages received here, in consequence of severe measures inaugurated by the Polish governmental authorities. Yesterday's exchange rate reached 150,000 marks to the dollar.

STORIES OF UNREST HEARD. BUTHEN, Silesia, June 21. (AP)—Considerable unrest prevailed in Poland at the time private telephone communication was cut yesterday. It is asserted in German quarters here. Disorders were then said to be under way at Lodz and conditions in Warsaw were reported to be such that the bourse was closed on account of panic.

Intrepid Peasant Uses Lava Stream As Field Kitchen

CATANIA, Italy, June 21. (AP)—Although the eruption of Mount Etna has filled all hearts with terror, there have been a few rare exceptions. Wandering among the fields close to where a lava stream had cooled, the correspondent of the Associated Press observed a man dressed in picturesque Sicilian costume crouching over an excavation. He was a peasant, employed on lands nearby, who had devised a new and economical way to cook his dinner. He had dug a hole in the water crust of the lava until he reached the almost boiling lava and had then lowered the pan filled with water which was heated to a point where it could cook food.

WHEAT COUNCIL TAKES UP WORK

Organization Aims at Putting Industry on Prosperous Basis; Plans Detailed Studies

CHICAGO, June 21. (AP)—Permanent headquarters of the Wheat Council of the United States, organization of which was completed yesterday at the National Wheat conference, will be opened here on June 28, it was announced today by Representative Sydney Anderson, of Minnesota, a director of the council. Application for a charter would be made to the Illinois secretary of state immediately, he said, and the council would begin formation of an advisory committee before July 1.

The advisory committee, according to the announcement, will include representatives of the whole wheat industry from producer to consumer, including railroad, millers, elevator men, converters, and farmers.

Threat of Theft of Patron Saint Occasions Clash. Rumor That Neighbors Plan Removal of Miracle Working Statue, Arouses Townspeople

CATANIA, Italy, June 21. (AP)—It is a deep rooted conviction among the inhabitants of Linguaglossa, threatened by the eruption of Mount Etna, that St. Egidio never failed them or their ancestors when faced by the lava stream and insuring the safety of the town. They declare that St. Egidio never failed them or their ancestors when faced by the lava stream and insuring the safety of the town. They declare that St. Egidio never failed them or their ancestors when faced by the lava stream and insuring the safety of the town.

The inhabitants of Linguaglossa during the early days of the eruption moved the statue from the church and placed it on this spur. As the lava was diverted at the very feet of the town, the inhabitants are convinced that he worked a miracle. The statue of St. Egidio was also indirectly responsible for a miniature battle of the century being waged here in learning that Linguaglossa's safety was assured, the residents returned in large numbers to their homes so that now the town is fairly populated.

CATTLE BREEDERS TALK PROGRAM FOR EXCURSION. North and South Side Shorthorn Association Directors Agree on Plans For Annual Event In July

The annual excursion of the North and South Side Shorthorn Breeder's Association will be held in the latter part of July, according to decision of members of the board of directors, met in the office of R. E. Brossard Thursday night. A tentative program for the annual excursion, in which the members of the association will visit various herds in this district, and arrangements for the picnic, were made. Several breeders from outside points are expected to join in the excursion and picnic this year.

WEATHER RANGE FROM EXTREME HEAT TO COLD

Killing Freeze in New Mexico and Low Temperature in Wisconsin Recorded With Heat Wave South and East

CHICAGO, June 21. (AP)—The heat wave which struck Chicago Monday and has since spread southward and eastward to the Atlantic coast, continued here today adding more than 20 prostrations to its list of 17 deaths and numerous prostrations in three days.

Opposed to this was that section from Superior, Wis., that that report had been forced to shelve straw hats and summer clothing and return temporarily to woollens and overcoats by a temperature drop of more than 40 degrees in less than 24 hours.

Boston, New York, Philadelphia and Washington sweltered today in temperatures which forged to the maximum point of the year, but promises of some relief was offered for tonight and tomorrow by the weather bureau's "somewhat cooler" forecast.

Western New Mexico is reported in the grip of a cold wave which has killed virtually all crops of beans, corn and potatoes. At McGaffey, ice was frozen last night so thick it had to be broken before stock could drink. The frost fell in the lowlands, as well as in the mountains, is said to be the most severe ever recorded there in June.

About Salt Lake City and the northern section of the Rockies, unusually cool weather has prevailed for several days and the weather bureau there declared little change is in sight. While relief for the high temperature is forecast in the east, in the Chicago territory the heat wave is expected to continue for the remainder of the week, local thunderstorms predicted to provide only temporary relief.

IDAHO WEATHER. Friday: Fair, except probably thunder showers in southeast portion.

President Renews Plea for Adherence by America to Permanent World Court

Carries Appeal to Patriotism, Humanity and Christianity for Triumph of Justice Over Force

ST. LOUIS, June 21.—President Harding placed before the country tonight a renewed plea for American adherence to the permanent court of international justice "as the one and only existing agency of peace" to which we can safely subscribe without involving the basic principles of our nation being.

Making the first prepared address of his western trip, the president said that to bring about the end he desired he would gladly wipe out factional differences, and propose a reconstruction of the machinery of the international tribunal "to dispose conclusively of all other cited apprehensions of danger from the exercise of any influence whatsoever, either open or furtive, by the tongue of nations or any other organization."

Strikes at Basis of Fears. "This could be done in two ways," he asserted, "first, by empowering the court itself to fill any vacancy arising in the death of a member or retirement for whatever cause, without interposition by any other body; or second, by continuing the existing authority of the permanent court of arbitrators to nominate and by transferring the power to elect from the council and assembly of the league to the remaining members of the court of justice."

Then anticipating the "voice of the doubter" who might inquire whether the 40 nations now represented on the court would consent to these changes in the structure of the tribunal, Mr. Harding answered that "its constituent terms which we consider essential to the preservation of our nationality is not an act of discourtesy; it is the only fair, square and honorable thing a great self-respecting nation can do."

The president devoted virtually all his address to the world court issue, but he also reviewed briefly what had been done by his administration to get the country "back on the right track" in its domestic affairs. Although not clearing his did not "come to take a partisan report," he said he took pride in pointing out that unemployment had been "banished," financial stability

IRRIGATED IDAHO TO DECLARE HOLIDAY ON PRESIDENT'S ARRIVAL

Fifty Thousand Citizens Including 20,000 School Children to Greet Harding at Idaho Falls

IDAHO FALLS, June 21. (AP)—Towns in eastern and central Idaho will declare a holiday on June 28 when President Harding comes to Idaho Falls for his main address to the farmers of the intermountain country and for his longest stop in Idaho. Committees from towns within a radius of 100 miles met here yesterday afternoon to complete details of the president's visit. They brought word that 50,000 people would be here to see and hear the president. School children will come en masse and 20,000 are expected to greet the president and present him with native flowers. A clear space of twenty acres will surround the spot where the president speaks, giving ample accommodation for the crowds.

The president's stop here is looked upon as an official visit to the irrigated sections of the west for it is here that he will be shown the actual results of reclamation.

restored, taxes lightened, and great economic effect in government. Takes Washington attitude.

Washington's farwold address was taken by the chief executive as his point of departure when he turned to foreign relations. American adhesion to the court, he said, squared with the principles enunciated by Washington, who recognized the value of international arbitration.

"The abstract principles of a world court found its genesis in The Hague tribunal," he continued. "The concrete application of that principle has been made by the league. Sound theory and states practice have been joined successfully. The court itself is not only firmly established but has clearly demonstrated its utility and efficiency. True Judicial Tribunal. "It is a true judicial tribunal. Its composition is of the highest order. None better, none freer, from selfish motives, national or racial prejudices or influences could be obtained. That."

HARDING MAKES ROTARY SLOGAN TEXT OF TALK

President Praises Will to Serve In Address Before Convention; Spends Busy Day In St. Louis

ST. LOUIS, June 21. (AP)—Completing the first leg of his transcontinental trip late today, President Harding entered on a round of activities that completely filled the eight-hour visit allotted to him in St. Louis. The chief executive, Harding, entered on a round of activities that completely filled the eight-hour visit allotted to him in St. Louis. The chief executive, Harding, entered on a round of activities that completely filled the eight-hour visit allotted to him in St. Louis.

The presidential party left the train in Forest park and Mr. and Mrs. Harding were placed at the head of an automobile procession that took them over the seven-mile route to downtown St. Louis. The pavements from the park were lined three or four deep and bands stationed at mile intervals hailed the president's arrival in advance of the procession. Soon Force For Progress. Speaking to the Rotarians, the president declared that if he could found Rotary in every community throughout the world, he would do so and then would guarantee tranquility and a forward march for the Universe.

"Rotarians have their problems, and governments have theirs," the president continued, "but if you could plant the spirit of Rotary throughout the world and turn it to practical application, there would not be much wrong with the human prospect. Can understand how you have grown, how you have come to exercise a great influence, because, I tell you, fellow Rotarians, no matter whence you come, service is the greatest thing that the world knows."

"And the thing that the world needs today is not anything else, it is to understand that only service will make the restoration that came of the tumultuous world today. Service, service, service, service, service, humble service, honest service, helpful service, the things that humanity must do to make the recovery upon these things come out of the great dependency and discouragement and distress of the world a new order, and some day when we acclaim it, I fancy I shall see the emblem of Rotary in the foreground, because you of Rotary, representative of the best we have in America, have played your big part in making service one of the approved offerings of human kind worth while." Importance of good city government to good government in the nation was

OUT MAKING HIS NEIGHBORHOOD CALLS

IDAHO CONVICTS STILL AT LARGE

Search for Five Escaped Prisoners Proves Unavailing; Additional Guards Employed

BOISE, June 22. (AP)—Search for the five prisoners who escaped from the Idaho penitentiary early Wednesday evening after sawing through the iron bars of their cells and escaping through two guards, was without results up to an early hour this morning despite the fact that all possible avenues of escape are being closely watched and information and descriptions of the men have been broadcasted throughout the country.

Seven additional guards were employed by the state board of pardons yesterday as the first step of the state to prevent a recurrence of Wednesday night's break. George Roberts, who has been placed in active charge of the prison in the absence of Warden W. L. Cuddy, yesterday asked for the resignation of Patrick O'Brien, Henry Workman and Arthur Eldredge, prison guards. Workman and Eldredge are the guards who were bound and gagged when the break was made. Warden Cuddy, who was given a 30-days' leave of absence following the break, due to ill health, is in a local hospital, having suffered a collapse over Wednesday night's episode.

TWIN FALLS WEEKLY NEWS

Established 1904

Twin Falls News Publishing Company, Ltd., Publishers

Issued on Thursday of every Week

Entered as second class matter December 12, 1904 at the Post Office at Twin Falls, Idaho, under the act of Congress of March 8, 1879.

LONGER LIFE

Various estimates have been made of the additional length of human life brought about by the progress of medical science in recent decades.

If life is a good thing—and the vast majority of people believe that it is—here is a more valuable achievement, contributing more to human progress, than any other benefit brought about by modern civilization.

More interesting still, Dean Eycleshymer declares that a comparison of the organic changes in men and animals indicates that "we should all become centenarians."

This remarkable progress, the Dean suggests, has come about without much regard to the present vogue for gland transplanting.

It is all-around knowledge, good personal habits and wholesome community conditions that will overcome disease and postpone death until men and women have had their fair share of living.

AMERICAN VOICES

Emma Calve says Americans make fine pupils and that America, particularly in the Middle West, has many excellent voices.

But she has a fault to find with American students now; the less they want to go too fast, she says.

Mme. Calve is unquestionably right. Nor is it only in the study of music that Americans want to go too fast.

THE SUBURBAN MOVEMENT

The latest census disclosed the surprising fact that Manhattan borough had lost forty thousand in population in the same ten years that Greater New York had gained eight hundred and fifty-three thousand.

Without waiting for the establishment of "garden cities," town dwellers are seeking the suburbs. Improved transportation facilities—not the least of these being the automobile—scatter a city's suburbs over an increasingly wide area.

Chicago has found that its foreign population is leading in this trek to the more spacious and clean outlying districts.

been farmers in the Old Country, they still crave a piece of land, however small, to call their own.

It has often been predicted that American cities were destined to become hideous, unwholesome, top-heavy things as full of misery as they were of wealth.

LEGAL ADVERTISEMENTS

ASSESSMENT NOTICE

Ella and Eagle Consolidated Gold Mining and Development Company. Notice is hereby given that at a meeting of the directors held the 11th day of June, 1923, an assessment of two (2) cents per share was levied on all of the issued and outstanding capital stock of the company, payable to A. J. Beckwith, secretary and treasurer, at 500 2nd Ave. No., Twin Falls, Idaho.

DEVELOPMENTS COME FAST ON WALL STREET

Attorney General Starts Campaign to Close All Bucket Shops; Reorganization For Exchange Proposed

NEW YORK, June 21 (AP)—The house cleaning in Wall street, inaugurated after the failure of E. M. Fuller & Co. for \$5,000,000, and disclosure that the house was one of scores of bucket shops where brokers bet their brains against their customers' money, brought four important developments today.

1—Inauguration by Attorney General Sherman of a campaign to close all bucket shops by injunction, under the recently adopted Martin act.

2—Announcement that W. S. Skillworth, who has been sharply under fire because of his alleged relations with now bankrupt members of Organized Stock exchange, had decided to resign the exchange presidency next Thursday and that Lawrence Tweedy, vice president, slated to succeed him, would immediately start a thorough reorganization of the exchange.

3—Disciplinary action by the New York curb market against two members alleged to have committed acts injurious to the exchange. One was expelled and one was suspended for a year.

4—Reports that powerful banking interests in the street had inaugurated a series of conferences to seek some means of stabilizing conditions in the financial zone. In this connection, the statement last night of President Cromwell of the New York stock exchange that a movement was on foot to organize a pool to save houses subjected to runs, was recalled.

The attorney general's drive, announced last night, was begun in earnest today when he obtained from Supreme Court Justice Wasservogel temporary injunctions restraining the interlocking brokerage firms of W. W. Woese and company and J. H. Dube & Co. from bucketing or otherwise engaging in fraudulent stock transactions. Wilfred W. Woese and Joe Dube, who recently consolidated, but kept both firm names, were ordered to appear Monday to show cause why the injunction should not be permanent. The firms were said to have no direct exchange connections.

While only two injunctions were sought today, the attorney general's office indicated that similar actions would be forthcoming from time to time as the widespread investigations being conducted by the department bears fruit.

SEES MARKET CONTROL AS GROWERS' ONLY HOPE

John C. Jewett Condemns View Expressed at Wheat Conference That Increased Consumption Will Help

CHICAGO, June 20 (AP)—The problem of the American wheat grower is entirely independent of the volume of consumption here or abroad, John C. Jewett, general manager of the American Wheat Growers' Association, Inc., said Wednesday before the National

Wheat conference, in condemning the suggestion of previous speakers that the gathering might help the farmer by inaugurating a program to increase domestic wheat demand.

The aim of those who sought to help the farmer was to enable him to control the marketing machinery for this commodity, and any conference which did not mark that as the central problem for its consideration, was not truly representative of the farmer interest, he declared. It makes no difference to the farmer whether the per capita consumption of wheat is five bushels or ten, he said; the fact yet remained that the American crop was marketed in a period of 70 days every year, which was the chief difficulty to the farmers' position.

Senator-elect Royal S. Copeland of New York, addressed the conference on the "Place of Wheat in the National Diet," suggesting that by every acreating an extra slice of bread at every meal for a year, the present wheat surplus of 170,000,000 bushels could be consumed without difficulty.

Today's Sporting News

Gibbons Mixes It in Slashing Rounds

Challenger Unlimbers Sharp Hooks and Body Punches in Day's Workout

SHELBY, Mont., June 21 (AP)—Drenched by another driving downpour and chilled by a westerly blast that whistled about fifty knots and flapping tents, Shelby was quiet and her flooded streets almost deserted again today. It was the sixth consecutive day on which it has rained intermittently here.

Tommy Gibbons, who will seek to separate Jack Dempsey from his world heavyweight title on July 4, drew more than 300 townspeople and visitors to the "Green Light," the rambling wooden dance hall, which is the indoor gymnasium in Indian on which he will see a strenuous afternoon workout.

Meantime, Dan Tracey, new executive in charge of the business management of the fight, was in conference with local lumbermen and contractors, who surveyed the new arena in which the big bout will be held, presented final figures on the cost of the arena structure and arranged details of the final payment for work and materials.

Preliminaries for Title Bout Listed

GREAT FALLS, Mont., June 21 (AP)—Three ten-round bouts will precede the Jack Dempsey-Tommy Gibbons heavy-weight championship contest at Shelby, Mont., July 4. Mike Collins, undefeated for the championship contest, announced here tonight.

The boxing carnival will get under way promptly at 12 o'clock upon with the first preliminaries, and Gibbons and Dempsey are scheduled to get into the ring promptly at 3 p. m. on a standard time. Matchmaker Collins expects that he will have a leeway of probably a half hour provided all the preliminaries go the limit, before Demp-

sey and the St. Paul challenger crawl through the ropes. Jimmy Delaney, the St. Paul light heavyweight, working in Gibbons' camp, will meet Jack Kelly, one of the ten-rounders, while Tillie ("Kid") Herman of Los Angeles, also of the Gibbons camp, will meet Joe Simons of Butte, in another preliminary. These are welterweights. The third preliminary probably will be between Lackey Morrow of Portland, Ore., and Brady Dillon, a Kanopolis, Kan., featherweight.

Two Bands Engaged

Two bands have been engaged, Collins said, to entertain the crowd from the time the arena is opened. The Scottish Highlanders of Calgary, Alta., 80 in number, will be stationed on one side of the arena while the Elk State band of 100 pieces will be located in another section.

Storm Stops Workout

Dempsey's training camp, due to the violent rain storm that yesterday, was a quarantine today and the champion was forced to suspend all activities. The lighting system at the camp was out of commission while the Elk State band was so badly rain soaked that working there was out of the question. The champion remained in his quarters, playing one of his favorite tunes of a phonograph. His only exercise was a brief session at shadow boxing to keep his muscles loosened.

PRESIDENT RENEWS

(Continued From Page One.) to the best of my information and belief, is a fact universally admitted and proclaimed, I care not where the court sits. I insist only that integrity, its independence, its complete and continuing freedom be safeguarded absolutely.

The sole question is whether the requirements which I have enumerated as essential to adherence by the United States can be met. My answer is that where there is a will there is a way can be always found. I am not wedded irrevocably to any particular method. I would not assume for a moment that my own manner of conducting an arrangement which appears to my mind as feasible is the best, much less the only one. But such as it is, I submit it in full and in detail, as a basis for consideration, discussion and judgment."

Disclaims Coercion

In presenting these suggestions, the president declared he neither advanced nor retreated from the position assumed in presenting the court proposal to the senate, but merely indicated "my own means for realization of my common aspiration," which he defined as a desire to substitute "justice for warfare in the settlement of controversies between nations."

love for your fellowmen of whatever race or creed throughout the world. I shall speak, as I speak now, with all the earnestness and power of the sincerest that is in me and in perfect faith that God will keep clear and receptive your understanding.

"I could not do otherwise. My soul yearns for peace. My heart is anguished by the sufferings of war. My spirit is eager to serve. My passion is for justice over force. My hope is in the great east. My mind is made up. My resolution is fixed."

The president voiced the "enhanced regard" of this country for Great Britain, "because of her sturdy assumption of her financial obligation to the United States." He recognized the German "democracy's" clear manifestation of faith in our conscientiousness of fairness and of our "disinterestedness."

HARDING MAKES

(Continued From Page One.) emphasized by the president in a brief address given after he had laid the cornerstone of the new home of the City club.

Strikes Popular Chord

Applause that echoed and reechoed in the downtown streets, greeted a declaration by the president that he hoped people who inquire how much "I" contribute to the city are not more than how much I get out of my city," with that he coupled the assertion that "whenever man contributes to his city he contributes to his ownself."

After the cornerstone laying, the president and Mrs. Harding were driven to a hotel where a public reception was held, but the crush of the crowd in and about the hotel was so great that only a small percentage of those holding tickets to the reception could be admitted to the chief executive and first lady.

Crowd Stands and Cheers

The big Coliseum where the president tonight spoke—the scene of several national political conventions—had some empty spaces in the galleries when the president, accompanied by Mrs. Harding, arrived at 8:15 o'clock. As he stepped on the platform the audience arose and cheered.

Grips Heavens Interest

The president's suggestion for reconstruction of the creative machinery of the court was listened to attentively by the audience, sweltering in the hot hall.

Probably the loudest applause during the address came when he declared he was determined not to "impose my will upon any body or anybody."

Mrs. L. F. Morse and Mrs. W. J. Roberts entertained at a Thursday evening at the home of the former on Eighth avenue east. Beautiful pink and white ponies were used to decorate the rooms. Mrs. Morse and Mrs. Roberts will give a second party this afternoon.

Mrs. J. G. Robertson was hostess to the Ladies Aid on Thursday afternoon. The usual business was transacted with the president, Mrs. S. Watkins, presiding. Plans were discussed for future work which the hours were spent with needlework and conversation. Mrs. W. G. Crotty, an officer of the organization, who is to have her Long Bedell, Cal., was presented with a dainty gift from the circle by Mrs. Watkins. Late in the afternoon Mrs. Robertson served refreshments, assisted by Mrs. G. C. Mahaffey. There was a large attendance, notwithstanding the unpleasant weather.

Mrs. George Wallace entertained the S. S. Bridge club Wednesday afternoon at her home on Sixth avenue east. At the conclusion of the games a two-course luncheon was served.

The wedding of Miss Doris Kimball to Benjamin Kinsner of Hollister, took place on the evening of June 12 at the home of the bride's uncle and aunt Mr. and Mrs. J. S. McCullough, at Salt Lake, according to word received here. The bride wore a white gown in white georgette trimmed in lace, with a veil carried with orange blossoms. She carried a bouquet of Cecil Brunner roses and a gift from her bridesmaids, Miss Marie Fox and Miss Mabel Hall, were attractively gowned. Darrell McCullough was best man.

Recommends Chamberlain's Tablets.

"Chamberlain's Tablets have been used by my husband and myself off and on for the past five years. When my husband goes away from home he always takes a bottle along with him. Whenever I have a heavy feeling over, or feel dull and played out, I take one or two of Chamberlain's Tablets and they fix me up fine," writes Mrs. Newton Vreeland, Minn., N. Y. Take these tablets when troubled with constipation or indigestion and they will do you good.—adv.

J. T. EVANS

OPTOMETRIST.

Located at Boise, Idaho, in 1901. I moved my office to Twin Falls in 1912, and five years later returned to Boise. But that was before the railroad was assured to Wells, Nevada. The outlook for a greater Twin Falls is better than it has ever been before. I want to be here for the good time coming and expect to relocate my office here. I did the optical work in Twin Falls before anyone else located here and I expect to be here with the rest of you.

I have done work for hundreds of eyes in my twenty years and I will give a FREE EXAMINATION for any of my old patients.

I have always given what I call a "live and active" price, but people often say, "Why can't you make glasses as cheap as they do in the large city?" Well, I can, and I will. There are people who are past middle life, whose eyes are normal and who need a plain magnifying glass, and who, years ago, could go to a drug store and "pick out" a pair of glasses from stock. Drug stores don't have them in stock now, but I will carry some first quality lenses already ground and put in frames, and I will help them "pick out" a pair, and the price will be reasonable, too.

I will arrive Friday, June 24. I will stop at the Perrine Hotel for a few days and hope you can find a suitable location for an office.

The people of Twin Falls have known me for 14 years, so don't let anyone tell you I won't give you the very best service—and it will be at reasonable prices, too.

I fit glasses correctly and attend each case one year. Don't neglect your eyes.

J. T. EVANS OPTOMETRIST. My Prices Are Reasonable. Your Eyes Are Priceless.

WATER RATES TO BE HIGHER; FIX APPROPRIATIONS

City Commission Agrees on Higher Charges and Use of Meters; Arrage Finances in Hope of Using Big Surplus

Increase of about 25 per cent in water rates with installation of meters was decided upon by the city commission ordinance based on a total appropriation of about \$75,000 was passed at the regular meeting of the city commission.

The increase in the water rate was decided upon as the first step in placing the water works on a self-sustaining basis and the hope is expressed that this schedule of rates will be temporary. It will go in effect about July 1.

The appropriation bill was passed on the basis of \$75,000, with the agreement that the city commission will be authorized to make such changes as may be found to be necessary.

In commenting on the financial situation Mayor Shad L. Hodgins said: "It is my hope that the city will be able to operate on a surplus of \$25,000 next fall when the annual levy is made and it is not sufficient to last the remainder of the year, that the commission can resort to a warrant redemption plan if necessary."

At the opening of the session E. J. O'Connell appeared in connection with the Texas Oil company in the matter of construction of cement pits underneath oil tanks.

The license for the operation of the Blue Light pool hall, owned by Joe Martinez, who is now in jail, was revoked by unanimous vote of the commissioners.

Corn Is Slightly Damaged by Storm

More than half an inch of rain fell during the heavy rainstorm Tuesday afternoon, the precipitation record being .23 of an inch, one of the heaviest rainfalls this year.

ROTARY TURNS ATTENTION TO BOYS OF LAND

Youth Is Nation's Greatest Asset, Delegates at St. Louis Are Told by Boys Work Committee Head

ST. LOUIS, June 21 (AP)—Conserving the nation's greatest natural resource—the boy—to the end that he will grow up with the idea that "he profits most who serves best" is the idea underlying the boys work of Rotary International as outlined by Chairman Everett Hill of the international boys' working committee during sessions of the Rotary International convention here today.

Rotarian Frank D. Slutz of Dayton, Ohio, and Eddie Guest the newspaper port of Detroit, also spoke.

The supreme challenge of each generation is the next generation, Mr. Slutz told the convention. "The supreme challenge of Rotary—an organization of men—is the boys, he said.

"Boys are history and civilization at the source," Mr. Slutz continued. "A fraction of the time spent upon the influencing of adults—of men—if spent upon boys will establish boys, their loyalties and their habits. Every citizen of business, efficiency demands that Rotary train boys in the new ideals.

Service Above Self.

"Rotary can teach the boys of the world that service must be above self if the game of living is to be played in a man's way. With service above self, public responsibility will be placed before business shrewdness and satisfaction. Wealth will be regarded as an opportunity for service.

"The boys can be taught that human personality is the most sacred creation of the universe. Not property, but persons must be first in the eyes of the law.

"Truth must be honored above opinion. Let every man have his opinion where the facts cannot be obtained. Let every man be tolerant of every man's opinion. Let every man have his opinion as an opinion and not as a truth. Men can understand one another in terms of truth. They fight each other over opinions.

"The boys can be taught how to build a world of peace. Nobody but boys can ever do this.

"How can we do these things? By example! Every Rotarian must believe and practice these things himself; by cooperation with the organization now existing for boys; by arranging international conventions of boys and by a Rotary school for leadership."

FINDS USE OF INSULIN HELPS IN TUBERCULOSIS

Discovery of Cure For Diabetes Paves Way for Speeding Recovery of White Plague's Victims

SANTA BARBARA, Cal., June 21 (AP)—"The discovery of insulin for the cure of diabetes by Dr. F. G. Banting of Toronto, Canada, may be considered a great aid in the anti-tuberculosis campaign," said Dr. W. D. Sansum of the Potter Melahoe Clinic, Santa Bar-

barn, Cal., today at the nineteenth annual meeting of the National Tuberculosis association now in session in this city. "A good many cases of tuberculosis are also diabetic. Herebefore the treatment of diabetes meant a severe diet, often causing undernourishment, although the treatment of tuberculosis calls for the best nourishment possible. Cases affected with both diseases have in the past been nearly hopeless. Insulin, Dr. Sansum pointed out, now frees such patients from all diabetic symptoms, and if tuberculosis is present, this may be treated with the best general diet that the market affords. One patient under the care of Dr. Sansum gained 25 pounds, and now weighs 15 pounds more than his usual weight. In every one of his tuberculosis diabetic cases, laboratory findings have shown progressive improvement. "It now appears," said Dr. Sansum, "that such patients have the same chance of recovery as have similar patients without diabetes."

TAFT SETS LAW ABOVE PERSONAL PREFERENCES

NEW HAVEN, June 21 (AP)—Pleading for a return to "Anglo-Saxon respect for law," Chief Justice William H. Taft told his fellow alumni at the Yale university alumni luncheon Wednesday that it was the special duty of those charged with leadership and influence not to yield to personal likes and dislikes and to support the law. He referred particularly to prohibition, which, he said, had become important because it served as a test of the principle of observance of all law.

Mr. Taft declared that prohibition has been legally adopted by a large majority and that there was not the slightest indication that the eighteenth amendment would be repealed.

"I was opposed to prohibition," Mr. Taft said. "I felt it was summary legislation, hard to enforce, and that it would enlarge the duties of the central government, already too cumbersome. I favored that with prohibition an unsettled issue, other issues would not be dealt with because of the extreme on one side or the other. But the vote was against me and those who felt as I did. Now that the law is there, I claim to play the game."

A lecture given by a pilgrim of the INTERNATIONAL BIBLE STUDENTS ASSOCIATION of Brooklyn, New York, at the Parish Hall, Second Street and Third avenue north, Monday night, 8 p. m., June 26th

Come, let us give you hope in revealing to you the God of love, mercy, justice, and wisdom, who will shortly bring about the blessings promised to all the families of the earth. Glad tidings of great joy are coming.

NAVY COMPILES PROGRAM WITH EYE TO FAR EAST

Eight Cruisers, Four River Gunboats and Three Cruiser Submarines To Be Asked of Congress

WASHINGTON, June 21 (AP)—Eight cruisers, four river gunboats and three cruiser submarines will comprise the building program which the navy department will present to the budget bureau and to congress at the coming session.

Since the four-power naval treaty limits cruiser tonnage to 10,000 tons, the general board has been instructed to consider plans which will give the navy

the most efficient vessels of the cruiser type, within this limitation, Secretary Denby said. It was expected, however, the eight new ships would follow closely by the design of the Detroit class now in process of delivery.

The four gunboats will be for the Chinese river patrol. Recent inspection of the old vessels now engaged in that patrol, Secretary Denby said, indicated that they must be replaced as quickly as possible.

"In view of the situation in China and the vast amount of trade at stake," the secretary said, "the department feels it is most imperative that small modern gunboats be immediately authorized by congress."

THE MARKETS

WHEAT GAINS STRENGTH

Markets Take Upward Swing as Result of Increased Export Business, After Touching Low

CHICAGO, June 21 (AP)—Export business estimated at more than 3,000,000 bushels gave local wheat market today after both the September and December had touched a new low price record for the season. Wheat closed firm, 5 1/2 to 1 1/2 up, with September \$1.04 3/8 to 1.04 1/2, and December \$1.07 to 1.07 7/8.

Wheat started with an upward tendency that was ascribed chiefly to buying on the part of export firms. The local market today after both the September and December had touched a new low price record for the season. Wheat closed firm, 5 1/2 to 1 1/2 up, with September \$1.04 3/8 to 1.04 1/2, and December \$1.07 to 1.07 7/8.

ing above 87; estimated holdover 14,000. Receipts 14,000; lambs mostly 50 to 75c lower; fair showing; choice closely sorted natives \$16; bulk \$15.50 to 15.75; culls neglected, selling largely 90 to 10.50; for two-thirds receipts direct to packers, handsy show steady; heaves weak; top fat ewes \$7; big weight mostly \$7.50; fairly good light ewes mostly \$11; seconds to feeders \$10.50.

STOCKS STAGE COMEBACK

Supporting Orders Start Rally of Fair Proportions; Entire Day Turns Upward at Session's Close

Day's total sales, 1,234,100 shares. Twenty industrials averaged 92.56; net gain, 1.45. High, 1923, 103.38; low, 90.81. Twenty railroads averaged 81.54; net gain, .64. High, 1923, 90.83; low, 80.13. Twenty railroads averaged 81.54; net gain, .64. High, 1923, 90.83; low, 80.13.

NEW YORK, June 21 (AP)—Supporting orders placed at the opening of today's stock market started a rally that reached its peak before the close. Recognition of such order influence aggressive short covering operations and there was strong evidence of buying by so-called "bargain hunters." Recurrent liquidation of impaired marginal accounts resulting from yesterday's smash in prices gave the market a spotty appearance until the final hour when the entire list turned upward. Feeling in the financial district undoubtedly changed for the better in the early hours of the day. Evidence of substantial support and some of this strength was transferred to the weaker shares.

Today's list was confined to no particular class of stock but extended throughout the list, with here and there a share falling off because of some development affecting it individually. Baldwin moved up 4-1/4 points, to 41.25. General Electric gained 1/2 point, to 21.25. American Can 3-1/8, Standard Oil 3-1/8. Pan-American 2-3/4. United States Steel, and Kelly-Springfield 2-1/2.

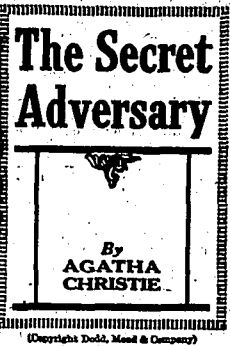

Railroad shares shared in the upward movement, gains ranging from a point to more than four points. Delaware and Lackawanna gained 1/2 point and half a dozen others advanced one point or more.

Sugar shares reflected the improved outlook for the commodity market. American Sugar, American Beet, Punta Algeria and Cuba Coon preferred rising one to three points.

Government Bonds.—NEW YORK, June 21 (AP)—Liberty bonds closed: 3-1/2% \$100.31. First 4-1/8% \$98.11. Second 4-1/8% \$98.10. Third 4-1/8% \$98.10. Fourth 4-1/8% \$98.11. U. S. Treasury 4-1/8% \$93.30.

SUGAR

NEW YORK, June 21 (AP)—There was a further advance of 1-1/8c in the raw sugar market today with Cuba quoted at 6 1/2c cent and freight equal to \$7.28 for centrifugal. A little better demand was reported and there were sales of 20,000 bags of Cuban and 17,500 bags of Philippine islands to local refiners. There was a further buying interest at quoted prices, but holders were asking more.

By AGATHA CHRISTIE

(Copyright Book, Maud & Company)

"There were difficulties. It will not be possible again, I fear. But one meeting is essential, giving a curious impression of having left the sentence unfinished.

"We have received a message. It is important for him to be present in person." He stopped, giving a curious impression of having left the sentence unfinished.

"The Russian tapped his cheek. 'So be it. Let us proceed.' The German indicated the place he had been occupying at the head of the table. The Russian demurred, but he said, 'for—Number One. Perhaps Number Fourteen will shut the door'."

In another moment Tommy was again confronting bar wooden panels, and the voices within had sunk once more to a mere indistinguishable murmur. Tommy became restless.

After listening intently for a minute or two, he put his hand round the door. The passage was deserted. Tommy bent down and removed his shoes, then, leaving them behind the curtain, he walked gingerly out on his stockings and, kneeling down by the closed door, he laid his ear cautiously to the crack.

He heard the handle of the door tentatively. Could he turn it by degrees so gently and imperceptibly that those in the room would notice nothing? He decided that with great care it could be done.

He tried the handle of the door tentatively. Could he turn it by degrees so gently and imperceptibly that those in the room would notice nothing? He decided that with great care it could be done.

"Well, I'm d—d!" he said. "What a dirty trick!"

PLENTY OF FUN FOR YOUTHS AT MILITARY CAMP

Training at Fort Douglas, Near Salt Lake, Is Really Summer Outing at Expense of the Government

Young men of Twin Falls contemplating entering the military training camp at Fort Douglas, near Salt Lake, this year, will find that besides learning how to be of greater service to their country in time of need they will be given ample recreation and entertainment opportunities during the training course.

An official announcement received by Adjutant D. E. Johnson, of Twin Falls post, American Legion, concerning the camp at Fort Douglas, where the Idaho boys will go for the summer camp which extends from August 20 to August 24, states that there will be organized baseball, basket ball, volley ball, tennis and at the completion of camp a swimming race. There will undoubtedly be held in the auditorium of the University of Utah.

The official announcement is, in part, as follows: "The branches of service included in the training at Fort Douglas camp will be infantry, cavalry, artillery, engineers and signal corps. Applicants may state their choice of branch.

"It is especially desired that parents understand that there is no intention of turning the young men over to the military. The course contemplates sufficient work during the day that there will be no desire upon the part of candidates to leave the post for recreation or bright lights during the evening. The post morale officer or recreation officer will see to it that a proportionate amount of entertainment will be provided for the most. Yandeville, moving pictures, wrestling, and boxing matches, lectures by the surgeon, etc., will be provided every evening of the camp. Candidates will be allowed to go to the city on Saturdays and Sundays, but must be back in camp by 11 p. m. Sufficient time will be given to visit the natural scenic and civic attractions of Salt Lake, and the attendance at camp will enable Idaho men to make such pilgrimages and about the city as they may desire.

"All expenses are paid by the government, including transportation to and from camp. No expense, other than pocket money, will be required of a candidate. But very little opportunity will be given to spend money during the camp. Not more than ten dollars will be sufficient for the period of camp for spending money.

"Plenty to Eat." "The food will be of the finest, and we cooked, under the supervision of the best of army cooks, and there will be a proportionate allowance. An unusual ration allowance has been set aside.

"Inasmuch as the government has gone to the expense of maintaining these camps, it is a highly patriotic duty on the part of the young men of the nation to put themselves to the camp. The age limit is from 17 to 25 and will permit the brightest and most energetic type of man to attend. Excellent instructors, men of the finest array in the world, not for setting the highest standards of service to home and country, will be retained at the camp for example to the candidates and for instructing them in the lines of soldier and citizen. The thirty-eight infantry, "The Rock of the Marne," will be at Fort Douglas to put on actual war demonstration, using ball ammunition.

"Visitors' day, a day set aside for parents and the public to visit and see the actual work of the camp, will be August 10, at which time representatives from the officials of the states whose candidates are attending camp will be invited, and permitting parents to look with pride upon the work of the son who attends.

"Application may be made to the chief of staff, Dick Dooley block, Salt Lake, or to Major D. W. Standford, Jr., Poentello, Idaho, or through any post of the American Legion within the state, or through D. E. Johnson, the county representative, at the First National bank."

Why Suffer From Rheumatism?
Do you know that nine out of every ten cases of rheumatism are simply rheumatism of the muscles or chronic rheumatism, neither of which require any internal treatment? The pain may be relieved by applying Chamberlain's Liniment, which makes sleep and rest possible, and that actually means a great deal to any one afflicted with rheumatism.—adv.

Vegetable Crops Making Progress

Recent Weather Falls To Do Serious Damage and Wheat Reported Growing Nicely

The recent weather, although too cool for the rapid advance of most crops in southwestern Idaho, has been exceptionally favorable for head lettuce, which is being marketed in excellent condition, and for wheat, which is heading up rapidly, according to the report of the agriculturist's summary of weather and crop conditions in Idaho for the week ending June 10.

"Dry farm crops and the ranges were greatly benefited," the report says. "By the rains that occurred over large areas. The weather was not favorable for rain work. Spraying was delayed by rain and wind. Cloudiness and rain interfered seriously with the curing of the first cutting of alfalfa. Much hay is down in swaths, windrows or stacks, but the weather is needed to save this crop."

The report says that in the Buhl district beans have been planted, haying has begun, potatoes and corn coming up and wheat is looking fine. Sunshin was inadequate in the vicinity of Hollister and the first crop of alfalfa was cut, although alfalfa looks to be in excellent condition.

The cool weather checked haying around Twin Falls, the report says, but alfalfa has been cut and lettuce is doing very well and shipping has started. Beans in this vicinity are being damaged somewhat by the weevil.

Front in the Burley district that Thursday did no damage and crops are in good condition, with good demand for wheat for freight and water. There appears to be a heavy crop of head lettuce throughout the state this year. In the northern part of Idaho the crop is being reported wonderfully, according to the weekly report, and the growers are sending out the largest and best crop yet raised in the Lewiston valley. The harvest of head lettuce is drawing to a close in the northern section.

TAKE RECEIPTS FOR MAIL

Persons Receiving Special Delivery Articles Must Acknowledge Receipt, Order Goes In Effect July 1

Announcement is made by postoffice officials beginning on July 1, receipts will be taken for special delivery mail. Upon the delivery of an ordinary special delivery article, the messenger will procure a receipt from the addressee or someone authorized to receive it, and the time of such delivery will be noted on the receipt. Then, because of the fact that the addressee is temporarily not in and no person is in to receive the mail, personal articles will be effected and a receipt taken, special delivery articles will be placed in the usual mail receptacle on the reasonable assumption that such articles will shortly return and that such return will be preferable to returning the mail to the postoffice.

SETTLERS DEMAND EQUAL DISTRIBUTION OF WATER

Trial of the suit of R. Glavin and others against the pro-rata distribution by the Salmon River canal company of waters in storage in the Salmon reservoir began in district court Thursday morning. The plaintiff claims that equal distribution of water must be made, regardless of claims of certain settlers on the tract that they are entitled to use such water this year as was unused by them last year.

John W. Graham is representing the plaintiffs and the firm of Bothwell & Chapman, counsel for the Salmon company, represents the defendants. The case is being tried before Judge T. Bailey Lee of Burley.

TAX SALES SCHEDULED

The tax sales of property located in various parts of the county will take place Friday at 2 p. m. at the court house.

Included in the list of property to be sold for taxes are 30 pieces, mostly vacant lots, located inside the city limits of Twin Falls.

Rain on Five Days Shown on Records

The heavy rain, together with occasional showers totaled nearly half an inch in precipitation on Thursday the fifth consecutive day on which rain fall has been recorded at the weather observation station near the city. The recording showed .47 of an inch, while on Tuesday the measurement was .50 of an inch of rain.

SUPERINTENDS PACKING OF MARKET VEGETABLES

George A. Bush Takes Charge of Work Here For Idaho Producers' Union. First Lettuce Is Expected Soon

George A. Bush, who will personally superintend all packing of vegetables here for the Idaho Producers' union this year, has arrived in the city and has taken charge of the work, which will be conducted in quarters near the old dehydrating plant. Packing for the local producers who sold their products through the union last year was done by contract.

The first lettuce to be marketed through the union is expected in a few days. It will be packed by the Rugg brothers at Buhl, and J. D. Schank at Piler. Other vegetables to be marketed later will include cauliflower, celery and onion. Plans of the recently organized growers association for marketing strawberries and raspberries through the union have been given up, it is said, through difficulties of the last hour over marketing contracts.

Personal

On Business—James M. Gibbs of Buhl is in Twin Falls Thursday on business.

Jarbridge Man Here—N. G. Baker of Jarbridge was here on business matters Thursday.

Visits Relatives—Ben Lewis of Long Bay, and Fred Thompson of a visit with Dr. Harry Davis, his brother-in-law.

On Shopping Trip—Mr. and Mrs. J. W. Boutner and son were in the city Thursday from Hollister on a shopping trip.

Visit Friends Here—Miss Marion Caverly and brother, Raymond, of Rupert, are spending a few days here visiting friends.

Returns to Twin Falls—Mrs. J. M. Markham returned Thursday after a visit of several months with relatives in California.

Rains Aid Crops—Farmers on the Salmon tract are pleased with the recent rains, and they expect crop conditions on the tract to be very favorable.

New Lodge Formed—J. W. Babcock of Buhl, secretary of the Modern Woodmen, arrived here Thursday. He will install a lodge at Castleford shortly.

Spends Vacation Here—Harry Hunt, son of Mr. and Mrs. C. D. Hunt, returned Thursday from Chicago, where he has been attending school. He will remain here for the summer vacation.

Spends Summer Here—Miss Marjory Crow, daughter of Mr. and Mrs. C. D. Hunt, who has spent the past two years teaching, and will remain here for the summer at the home of her parents. Mr. and Mrs. P. H. Crow, Miss Crow was accompanied by Miss Mary Traganza of Sacramento, who will be her guest. The trip was made overland, and Miss Crow reports that aside from muddy roads, they experienced no misadventure and were on the road but four days.

A Tom Thumb wedding will be given under the auspices of the Women's Council, Christian church, Friday evening at the Lavering. Adults, 35c; children, 20c.—adv.

Final Day Arrives in Lodge Meeting

Grand Lodge Sessions of Pythians Near Close; "Dokkie" Day Features

The second day of the thirty-first annual convention of the grand lodge of the Knights of Pythians and the grand temple of the Pythian Sisters in Idaho was filled with things of interest Thursday for the 125 delegates and other visitors who are attending the convention at Buhl.

The day was designated as "Dokkie" day. At 6:30 p. m. the grand parade was held in which Knights of Pythians, Pythian Sisters, members of the D. O. K. K. and visitors took part. At 7:30 p. m. the Pythian Sisters put on their work at Odd Fellows hall, and the "Dokkies" held forth in the new Buhl school gymnasium. At 10:20 o'clock the D. O. K. K. dance was given in the chamber of commerce rooms. Grand lodge sessions of the two orders were held at 9 a. m. and 1:30 p. m. Friday will be devoted to the final grand lodge sessions and election of officers. The place of holding the convention next year will be selected at that time.

Wednesday's program included the opening of the grand lodge and the holding of joint memorial services at the Buhl school. The program of the evening and an informal party at Masonic hall, given by the Pythian Sisters for all visiting ladies. Among the Knights of Pythians members from Twin Falls attending the sessions were O. H. Eldred, Frank Baker, W. A. Minnick, Paul Kraft and J. J. Grossman. Delegates are present from various other parts of the state.
