PONTIFF SEES EUROPE FACING NEW DISASTER

Confesses Failure of Pontifical to Secure Pacification of Old World, With Conditions Growing Worse

ROME, June 28 (AP)—The pope has written to Cardinal Gasparri, secretary of state, saying that despite the attempts made since the beginning of his pontificate to secure pacification of Europe, international relations had not improved, had even become worse, justifying greater anxiety for the future.

"While we are striving with all our strength and all the means our children place at our disposal for mitigation of the present serious general sufferings," writes the pope, "we ought to take advantage of every opportunity to cooperate to bring about the desired pacification of peoples and individuals in Christ. We estimate in their hands to consider the various questions, and that of reparations in that Christian spirit which does not separate the exercise of justice from that of social charity, on which the perfection of the life of peoples is based.

Involves Possible Ruin.

"If, in the intention to repair the very serious damage inflicted, the debtor displayed real goodwill to reach an equitable and definite agreement by invoking impartial judgment on the limits of his solvency and to undertake to supply to the judges every facility for careful and exact scrutiny, then justice and social charity, as well as the creditors' own interests seem to require that more should not be asked of the debtor than he can give without completely exhausting his resources and productive power, to his own irreparable detriment and that of his creditors, not to mention social and international relations which might mean the final ruin of all Europe and resentment which would remain as a continual menace to fresh and ruinous conflagrations."

"It is just that creditors should have guarantees proportionate to the importance of their claims, insuring the latter's recovery, and that their interests depend, but we leave to them to consider if it is necessary to maintain that to end territorial occupations imposing grave sacrifices on the occupied countries and whether it would not be better to substitute even progressively, other guarantees not less efficacious and certainly less painful."

Worth Sacrifice.

"If both parties agree to these specific bases it would not be long before territorial occupation could be gradually reduced until it ceased, and at least could be satisfactorily limited and the economic restoration so ardently desired by all.

"To obtain such bases no sacrifice ought to appear too great."

The pontiff concludes with a prayer to God to inspire all peoples with ideals of peace.

HULL DISPUTES FISCAL RECORD

Democratic National Committee Chairman Takes Exception to Harding's Address

WASHINGTON, June 28 (AP)—Chairman Hull of the democratic national committee, in a statement Wednesday declared that to say that certain statements made by President Harding in his address on taxation Tuesday night at Salt Lake, Utah, "are grossly misleading; is to use the mildest possible language."

"In his Utah speech Tuesday," said Mr. Hull, "President Harding, who, in the transparent disguise of a business trip to Alaska, is now strenuously campaigning for his re-election and reelection, said that since 1920 the cost of the federal government had been reduced more than one-half below the cost of 1919 and 1920. He also said that federal taxes for 1923 would be considerably less than half as much as in 1920. He further asserted that 'we have reduced the national debt to \$22,400,000,000 from its peak of \$26,500,000,000 on August 31, 1919.' The president's speech, the democratic committee chairman declared, "the democratic administration paid off \$2,500,000,000 of the national debt during the 18 months prior to March 4, 1921, or at the rate of \$1,500,000,000 a year," while the Harding administration "during the past 28 months has only paid off

\$1,000,000,000 of the national debt, or at the rate of \$65,000,000 a year."

As to tax reductions, Mr. Hull said that "omitting the repeal of a few miscellaneous taxes, the Harding administration, through its internal tax reduction law, has only reduced taxes in the estimated amount of \$600,000,000." Mr. Hull contended that the "fair and most accurate test of how much the Harding administration is reducing the cost of government is by comparison of total expenditures for the fiscal year ending June 30, 1922, with those for the year 1923."

"Treasury figures," the statement continued, "show total expenditures of \$7,795,000,000 for 1922, and \$7,730,000,000 for 1923, or a total reduction of all expenditures only \$65,000,000. It is upon this paltry reduction of \$65,000,000 that republican politicians hang all their present loud and loose talk to the effect that the Harding administration during the past 12 months wiped out a huge deficit of \$823,000,000 and creates in lieu a surplus of \$200,000,000."

Bible Outlay Increased.

The 1923 budget of the American Bible society for the translation, publication and distribution of Bibles will be \$1,100,000, an increase of \$40,000 over 1922. Frank H. Mann, general secretary, announced recently.

Estimated requirements totaled \$1,406,254, but a cut of \$244,407 was made because income for the full amount was not in sight.

The amount voted will be used in furnishing the Scriptures in more than 150 languages and dialects in practical, lively country in the world.

CANNOT MASTER SHORTHAND

Men of Acknowledged Ability Have Failed in Efforts to Learn Even Simple Systems.

Lord Beaverbrook, speaking at the annual prize-giving of Pittman's school at the Royal Albert hall, says the London Morning Post, said that it was a curious fact that some men of great ability had failed in the attempt to learn shorthand.

He mentioned that Lord Carson was one example, and the present prime minister another. It was not a question of cleverness, or even of memory. Bonar Law possessed an extraordinary memory. When he first became leader of the conservative party, it was his habit on the occasion of any great set debate in the house of commons to dictate to his secretary the speech that he intended to make. He would read it through, and then go down to the house and repeat it with scarcely the alteration of a word. He would sometimes quote long mathematical calculations entirely from memory, yet he confessed to having striven very hard to learn shorthand, and without success.

T. M. Healy, now the governor general of the Irish Free State, used to make use of shorthand in the debates—New York Tribune.

Guinea Pigs in Peru Are Kept to Serve as Provisions for the Unexpected Visitor.

Hiram Bingham, the new lieutenant governor of Connecticut, has just published a book, "Inca Land," in which he describes the famous Yale expedition into Peru, of which he was the director. "Life as he lived in the Andes has a number of points of difference from that in the New England states. For instance, he says that in Peru the housewife keeps fat little guinea pigs running around her kitchen floor to fill in for any emergencies, much as the American will have a few tins of sardines and cans of preserves on hand. A guinea pig, he points out, is, in spite of Eliza Parker Butler, not a pig, and it does not come from Guinea. It is more of a rabbit than anything else, and for thousands of years it has been a prized article of food in the Andes of Peru. Why, he wonders, should the New American guinea pigs be kept only as pets or laboratory victims? The meat, he says, is delicious and not unlike quab.

SHELBY MAYOR INSISTS FIGHT WILL BE HELD

Disclosure of Lack of Plan For Raising Remaining \$100,000 Due Dempsey Upshot of Day's Maneuvers

GREAT FALLS, Mont., June 28 (AP)—The confusion into which the financing of the Jack Dempsey-Tommy Gibbons fight, scheduled for Shelby July 4, was thrown yesterday as a result of the resignation of Dan Tracy as business manager grew in volume as business managers until it became apparent tonight that the promoters have no definite plan for raising the \$100,000 due Dempsey on his \$300,000 guarantee.

From none of the men associated with the promotion of the battle could it be learned tonight that the \$100,000 installment for Dempsey was definitely in sight, or that plans are under way that bring from the promoters anything more than "expressions of hope" that the money can be raised.

Johnson Holds Fast.

The day was filled with rumors, contradictions, denials and evasions originating with various men associated with the promotion. Through it all Mayor Jim Johnson of Shelby, treasurer of the fight, who has personally guaranteed a fortune of \$150,000 in the venture, continued to make announcement that the fight would be held as scheduled and that Jack Kearns, manager of the heavyweight champion, would receive the \$100,000 due him next Monday, if not before.

Mayor Johnson, however, gave no indication of how he expected to raise the money or how he would raise it, or how he was working on two or three different plans.

Early in the day, W. G. Spear, state senator and attorney for Johnson, announced that \$50,000 had been assured by one individual to help make up the \$100,000 installment. Attorney Spear refused to reveal the name of the individual, but it was understood that Johnny O'Neill, a wealthy oil operator and member of the American Rugby team that competed in the Olympic games of 1920, had agreed to furnish \$50,000 of the amount to be raised.

O'Neill tonight emphatically denied this, but declared he was working on a plan to raise the money that gave him reason to hope that he would be successful. He declined to say with whom he was negotiating further than to admit that he was trying to deal with parties located in the middle west.

Kearns Enters Conference.

Kearns returned from Shelby along with Mayor Johnson today and remained at his hotel in Great Falls, where influential Great Falls citizens who want the fight held. He gave no indication that he would agree to any compromise of his contract, which provides that Dempsey shall receive \$300,000 as his guarantee for meeting Gibbons, in addition to \$10,000 for training expenses. Kearns already has received \$10,000.

Johnson said, following the retirement of Tracy, that he was in position to personally guarantee that the \$100,000 due Dempsey would be paid when due and itemized a list of property which he said he would pledge if necessary to make the payment.

He declared, however, that \$200,000 and is unincumbered.

This statement was repeated several times today by Johnson, with the addition that he would draw on his personal resources to put the fight over if it became necessary.

E. F. Cobb of Coysers, Mont., a real estate dealer, offered a deed to a ranch in the Snow mountains, valued at \$150,000 as a substitute for the \$100,000 installment. The ranch is one of the show places of Montana, formerly was owned by R. A. Harlow, former railroad builder, and now a resident of Washington, D. C. Kearns said he could not discuss any alteration in his contract with anybody except the promoters.

The opinion prevails in Great Falls tonight that unless the \$100,000 installment is paid Kearns before next Monday the fight will result in a heavy financial failure, which seems already probable, and that to delay paying the installment until Monday would seriously interfere with the plans of many fans; that it would be too late for them to come from distant points.

CONFIDENCE OF SUCCESS PREVAILS IN SHELBY.

SHELBY, Mont., June 28 (AP)—Heartened by unauthentic reports that Great Falls had arrangements for raising the final \$100,000 of Jack Dempsey's guarantee for his July Fourth bout with Tom Gibbons, were believed to be maintaining successfully. Shelby took on renewed activity again today preparing for the bout.

The fight fans, discouraged by the uncertainty surrounding the holding of the fight, following the abrupt withdrawal of Dan Tracy from the business management, were found in their prime when Mayor James Johnson, who stepped into the breach vacated by Tracy and announced the fight would be held regardless. Shelby is believed to be maintaining successfully a championship battle here July 4.

More than \$100,000 in tickets are still in the hands of those to whom they have been distributed, Phil Campbell, the ticket manager, announced. Many of the largest cities of the country have not reported the total sales, he said, and it would not be possible to estimate the number sold until they have done so.

Crowd Watches Gibbons.

The largest crowd that has witnessed Tommy Gibbons in a workout saw him in his afternoon clash with four sparring partners. Gibbons worked with dash and speed, despite the boisterous sun. The challenger drew his punches and none of his sparring partners interfered.

Jimmy Delaney started off at high speed, but in the second round Gibbons opened up with a barrage of lefts and

TEN STRAIGHT FOR CHAMPIONS YANKEES WIN FROM MACKMEN

Giants Wallop Braves 4 to 2; Toney Beats Alexander in Pitching Duel, 1 to 0

BOSTON, June 28 (AP)—The world champions made it 19 straight victories today by beating Boston here, 4 to 2. John Scott, who started yesterday's game, won the distance today holding the Boston team to eight hits.

Score: R. H. E.
New York 4 11 1
Boston 2 8 1
Batteries—Scott and Snyder; Fillingim, Oeschger and O'Neill.

TONY BEATS ALEXANDER.

CHICAGO, June 28 (AP)—Fred Toney beat Grover Alexander in a pitching duel today and St. Louis shut out Chicago, 1 to 0, in the first game of the series. Toney allowed the Cubs only four scattered hits, while Alexander was touched for six and was largely responsible for his own downfall.

Score: R. H. E.

uppercuts, interspersed with right crosses which came too thick for Dempsey to duck. Gibbons had the St. Paul fighter back against the ropes, and was driving in lefts and rights to the face and body with few returns.

Thille (Kid) Herman gave Gibbons two rounds of infighting. They mixed continually, trading blows at close quarters.

Gibbons started his workout against Bud Gorman, who provided the long range work for the afternoon. The contender whipped in lefts frequently, while Gorman's long, measured blows often swung harmlessly over Gibbons' head and past his face.

Gibbons was initiated into the Black-foot Indian tribe tonight amid tribal ceremonies. He was attired in Indian garb during the rites, which were administered by Chief Carly Bear.

Ever heard of Louis Angel Firpo?

Well he ain't nobody but the guy, (according to some wise crackers), that's gonna make Jack Dempsey listen to the mocking birds. Firpo is heavyweight champion of South America. When Bill Brennan put on the mitts with Firpo recently at Madison Sq. Gardens, they lugged Bill to the hospital with a dented skull, some wallop it musta bin to put an Irishman in a hospital!

Firpo is matched to fight Willard. Dempsey must fight the winner.

On May 17 Willard knocked out Johnson in 11 rounds. Firpo knocked out Jack McAuliffe in third round. Now if you want to see a snappy two-reel picture showing Firpo boxing Philadelphia Jack O'Brien, Stossel World's Amateur Champion, and others; see Dempsey in action, and Harry Wills. ELECTRICIANS IN FIRST PLACE

Win From Elks 9 to 8 In See-Saw Game; Renfro Features In Center Field

With Boone, manager of the Elks team, absent, the antlered herd slipped a cog last evening when they took the short end of a 9 to 8 game with the Electricians.

Laval Jarman opened although nicked for nine hits, held the Elks safe for the exception of the fourth inning, when he was touched for five hits and four runs.

The Electricians started off with a rush in the opening canto, scoring two runs before 'Spivak' Hodgkin got the sixth frame netted the wire artists four runs, and the Elks failed in their last two chances to gather the tying run.

Laval Jarman opened although nicked for nine hits, held the Elks safe for the exception of the fourth inning, when he was touched for five hits and four runs.

The Electricians came back in the sixth with four more runs, a walk, and an error proved the undoing of the purple holed lad in this frame, and being unable to do much with Laval in the seventh, the Elks innings the game ended with the Elks one run short.

Gibbons Outranks All Other Boxers Champion Has Met

NEW YORK, June 28 (AP)—When Tommy Gibbons, St. Paul heavyweight, steps into the ring at Shelly, Mont., July 4 against Jack Dempsey, the champion, he may be compared in some respects to "Gentleman Jim" Corbett, when that dapper boxing wizard squared off against John L. Sullivan at New Orleans in 1890.

Gibbons' chances against Dempsey have been belittled by a majority of the experts, and indeed, the Minnesotan hardly appears heavy puncher enough to flatten the Colorado. But like his middleweight brother, Mike, "The Phantom," Tommy is a master boxer, cool in combat, always clever, always fast, and a puncher of no mean ability.

At least a year older than Dempsey, and inch or two shorter and really light heavyweight, Gibbons may not be able to stand before the champion for 15 rounds. Except in age—Corbett was much younger than Sullivan when they met at New Orleans—Gibbons and Dempsey will be like "Gentleman Jim" and "Terrible John L." in that famous scrap 31 years ago.

Sullivan's terrific punching power, like that of the Dempsey of today, caused many a sturdy opponent's knees to buckle when he brought it, and many of them were defeated by four before Sullivan laid a glove on them. Not so Corbett. When Jim took his

corner at New Orleans John L. scowled, snuffed his feet and spat on the ring floor, his customary greeting. Jim laughed and chatted with spectators as the gloves were being pushed on his hands. He paid no attention to Sullivan.

Through the rounds, as agile Jim sidestepped Sullivan's bulllike rushes, the champion became infuriated. Came then the famous twenty-first round, Corbett still strong and smiling. The year of the fight had told on Sullivan; he was angered, but even then had been able to punch Corbett solidly but could have retained the title. Corbett landed five crushing blows to the jaw.

Sullivan kept his feet, but his eyes began to reel. He was tottering. Corbett measured his man. The fight landed on the point of the jaw. Old John's knees sagged and he keeled slowly over.

His hero, champion, batter-down of a hired heavy-kitting opponent, had been defeated by a master boxer. Dempsey, as champion, has never met a man so well versed in the game as Gibbons. Orpington, the one-punch man, could not evade the Dempsey rushes. Bill Brennan was more than a match for the awkward Billy Miske was another. Willard, stunned by the first of Dempsey's blows, was an easy target until the end.

HARDING TALKS TO HUGE CROWD

Eastern Idaho Turns Out In Numbers to Welcome President to Idaho Falls

IDAHO FALLS, June 28 (AP)—One of the largest, if not the largest, audiences that have heard President Harding give an observation platform address listened to the chief executive in Idaho Falls today.

Governor Moore introduced the president here, as at Pocatello earlier in the day. The governor's introductory address at Pocatello had been a matter of comment among some members of the party on route here and he told the president in the course of his remarks that "we, the people of Idaho" are with you in your refusal to recognize foreign nations until they recognize right from wrong."

This declaration was interpreted by some as having reference to Russia, and in that connection Senator Borah's advocacy of the Russian recognition was recalled.

The presidential special train stopped for a few minutes en route here at Blackfoot, where the president reiterated previously expressed assertions that he recognized no one but the republic and a revived desire to discharge faithfully the duties of his office.

The president and Mrs. Harding were kept busy during their three hour stay here. One of the features of their visit was an inspection trip to a new irrigation project. The presidential train left soon after six o'clock for Montana, where tomorrow the president will make two addresses, one at Butte and the other at Helena.

GUARDSMEN TO QUIT OKMULGEE

Investigation Indicates Oklahoma Governor's Action Was Belated

OKMULGEE, Okla., June 28 (AP)—With the completion of a military hearing at Henryetta into charges of misuse of power lodged against the force of Sheriff John Russell, indications were tonight that martial law would be lifted from Okmulgee county within a day or two.

When the questioning of witnesses was completed at Henryetta today, Adjutant General B. H. Murkham left immediately for Oklahoma City, forecasting that the small detachment of troops on duty in the county would be demobilized probably by Saturday.

Charges to Governor Walton that numerous cases of mob violence had occurred in Okmulgee county in months past were met here today with the statement that the recently organized "Committee on Community Harmony" had done much to allay feeling engendered by secret organizations.

One prominent citizen declared that membership in the Ku Klux Klan had dwindled in the county as a result of the work of the harmony organization, adding that the "True Blues" who handled the case before the Klan were not now functioning.

After Ku Klux Klan officials had been quoted in Oklahoma City as saying they believe Governor Walton's threat of extending martial law into other counties, unless activities of "lawless mobs" ceased, was directed at the Klan, the governor issued a statement declaring his Okmulgee guard was "not aimed at any organization, but at elements that are taking the law into their own hands."

CHLORINE LEAK CAUSES EXODUS

More Than 200 Persons Leave Island to Escape Deadly Gas Fumes

PITTSBURGH, June 28 (AP)—More than 200 persons were hurriedly moved off Neville Island, in the Ohio river, near here today, when a tank filled with chlorine gas discharged its contents into the heavy air overhanging that section.

The tank was being taken into an industrial plant when it sprang a leak and the deadly gas spread along the river. A light breeze wafted it downstream in the direction of a number of other manufacturing plants.

The alarm was quickly spread by telephone and messengers hurried to the summer camps along the river. Automobiles were commandeered and all persons in the danger zone taken to safety.

So far as the authorities were able to learn there were no fatalities. More than 100 persons were treated in emergency hospitals in the island and four men were taken to a hospital in Pittsburgh. Among the injured were a number of men and women from the river camps.

The path of the gas from the leaking tank across the island was marked by dead vegetation.

HUSKIES' CREW WINS CLASSIC

University of Washington Eight Defeats Champion Navy by Length at Ploughkeepsie

POUGHKEEPSIE, June 28 (AP)—Eight stalwarts of the University of Washington, stroked by a brilliant young oarsman who rose from a sketched to row the race of his career, snatched the two-year reign of the Navy's crews and swept to dramatic triumph today in the premier test of America's college rowing, the three-mile race concluding the twenty-sixth annual regatta of the intercollegiate rowing association.

Phonon, driving downpour, Washington and the Navy fought it out for supremacy over the last mile of the "curly" struggle, after distancing their four other rivals, and the Pacific coast men won because they possessed the greater stamina and finishing power. They crossed the finish line in a punishing row, the two-mile whipped Annapolis eight that failed to demonstrate the qualities that carried its predecessors to victory in 1921 and 1922.

Trailing two lengths behind the Navy came Columbia, which weakened after setting the pace for more than a mile. Syracuse, still overhauling the New Yorkers, finished fourth, another three-quarters of a length back. Cornell, but check the rowing, the two-mile, once ruled supreme in college rowing, finished fifth, half a length behind Syracuse, and Pennsylvania was another length in the rear.

BEHIND THE SCENE

The game last evening proves that Twin Falls is getting better baseball than two years ago, and the fans are not responding as they should.

It is because the starting time isn't convenient? If so, let us hear from you, and see what can be done.

It is a pity that the boys have to perform to empty bleachers.

Ray Hodgkin lost the game, but is getting better every time he pitches. This fellow Thomas has done wonders with "Spivak."

Laval looked good in there, too, with his old pal, Mussel, on the receiving end. Thomas made his usual two hits again. Jerry Jarman scored three runs, as did his brother Laval.

PORTLAND, Ore., June 28 (AP)—Plans are being perfected by the E. W. W. on the Pacific coast and in the Pacific Northwest for another strike within the next few weeks.

Special attention being paid to the harvest fields, it was stated by S. Healy, local spokesman for timber workers sections of the I. W. W.

READ THE DAILY NEWS.

It got pretty dark before the last man was put out in the seventh, but before he could well enough to make a nice running catch of Jamison's drive to right center.

Thomas made a beautiful pickup of Linnville's low throw to the plate in the sixth, and nipped Hulthan.

Hammond did a Salome dance twisting for Jerry Jarman's foul ball of third.

ARMY AVIATORS SET NEW MARKS

San Diego Flying Team, on Four-day Flight, Beats Speed Record at 85 Miles

SAN DIEGO, Cal., June 28 (AP)—Records began to fall to Captain Lowell H. Smith and Lieutenant John B. Richter, army aviators, on their long, endurance trip here shortly after 11 o'clock tonight when they passed the 2500 kilometer mark. In reaching this mark they beat by a comfortable margin the speed record of 2500 kilometers held by Lieutenant Kelly and McReady, which was 71.83 miles an hour. Smith and Richter went faster than 85 miles an hour.

SAN DIEGO, Cal., June 28 (AP)—With their Do Haviland airplane performing in perfect form and with three contacts already made with a supply line which twice delivered gasoline, and once provided the two aviators with food, Captain Lowell H. Smith and Lieutenant J. B. Richter, into today had completed the first 12 hours of the journey in the air which they have planned to prolong, if possible, for four days and four nights.

ALCOHOL CONSUMPTION FALLS WASHINGTON, June 28, (AP)—American consumers of alcohol have had 250,000,000 gallons less during the last three years of national prohibition, Commissioner Haynes said in a statement today, than they had in the previous three pre-Volstead years.

CHINESE TROOPS BACK TOWN SHANG HAI, June 28 (AP)—Troops in Hupeh province have mutinied and have pillaged the city. A general appeal is being made to the government for aid in the dispatches which add that the mutineers carried off a number of captives from Mienyang.

SUN STRUGGLES AGAINST ODDS

South China Leader Conscript Laborers and Sells Temples In Face of Hostile Armies

CANTON, June 28 (AP)—Sun Yat-sen's constitutionalist government, in a desperate effort to raise funds in the face of hostile armies driving from the west, north and east, is selling temples and public lands over the protests of the general public, and conscripting large numbers of the working class for service in Sun's front trenches and along his transportation lines.

Recent reports that a reconciliation had been effected between Sun Yat-sen and Chen Chiung-ming, the man who drove Sun from Canton last summer, and who now is commanding the eastern forces opposing Sun, are denied by the constitutionalists.

FALL OF PRICES HALTED

Stock Market Traders Turn to Bull Side When Indications Point to Generally Overvalued Condition

NEW YORK, June 28 (AP)—The reactionary trend of stock prices which has been in progress for five consecutive days, came to an abrupt halt today, closing prices of active issues showing net gains of 2 1/2 to 3 points.

The quick shift in speculative sentiment was ascribed to conditions within the market itself, rather than to any outside news development. The rapidity of the advance in many stocks was generally regarded as indicative of an overvalued condition while market observers showed little doubt as to whether the bull market which began in the summer of 1921 had ended.

The so-called pivotal stocks, namely United States Steel, Baldwin, Studebaker, American Can and American Sugar, each closed 1 to 2 1/2 points above yesterday's final quotations.

The sugar market was easier today but traders were light and sellers were inclined to hold off. Prices were quoted at 51-8c for Cubas, cost and freight, equal to 48.91 for centrifugal.
