WIFE SUSPECTED IN MURDER CASE

Mrs. Walburg Osterreich is Held in Los Angeles Jail to Face Charge

LOS ANGELES, July 12 (AP)—Mrs. Walburg Osterreich, whose wealthy husband, Frederick Osterreich, formerly a clothes manufacturer of Milwaukee, Wis., was shot to death in their residence in a fashionable district of Los Angeles more than a year ago...

The first suspicion came after the police had received information that Mrs. Osterreich had disposed of two automatic pistols of the same caliber as that with which the husband had been slain...

Both boxes received a gale of cheers and hurrahs, the announcer, informed the crowd that the Kansas weighed 243 pounds and the man from Argentine 214. Harry Lewis of Newark, who tipped the scales 195, then was introduced as referee.

Terrific Attack to the Jaw Puts Willard Out in Eighth; Johnson Takes McAuliffe's Measure in First

RINGSIDE, JERSEY CITY, N. J., July 12 (AP)—Joe Willard, the man-mountain from Kansas, went back to flitio oblivion tonight but he staged the last, though futile act of his comeback before a vast throng of more than 10,000...

There was no question of the superiority of the brilliant Argentine brawler tonight, for correct and when Joe Galette, negro pugilist, acting as referee, announced Johnson as winner, fight fans thought that he had disqualified himself on Boyle's thirty-second knock-out an epilogue to the Willard-Firpo fight.

One of McAuliffe's handlers sprang into action on his back as he crowded the referee's attention to the fact that the negro pugilist, acting as referee, announced Johnson as winner, fight fans thought that he had disqualified himself on Boyle's thirty-second knock-out an epilogue to the Willard-Firpo fight.

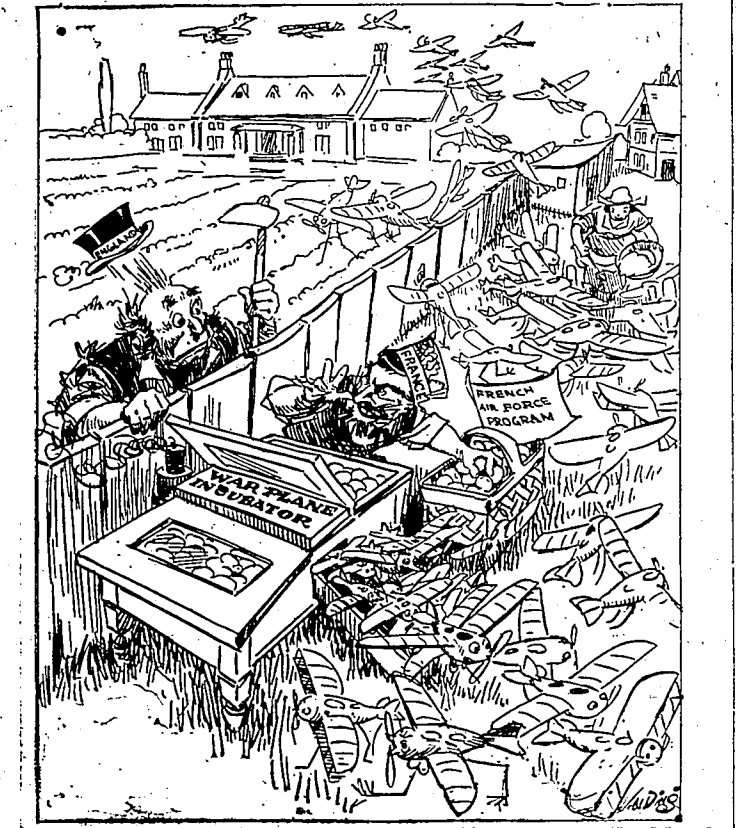

Firpo, already ringed, was first to enter the ring at 10:05. He wore a black and white bathrobe with purple trim and a white cord around his neck as he took his corner and removed his gaudy outer raiment, disclosing himself garbed in purple tights.

Willard stepped through the ropes a minute later wearing a pair of dark green tights and a white cord around his waist. Over his shoulders were draped two sheets of paper bulging from the pockets. He received even a greater ovation than Firpo.

Jack Johnson Enters The first flurry marked the entrance of Jack Johnson who once was hailed as champion before Jess knocked the crown from his head. Some excited Latin-American shouted "First and second round" and when he was in, when out of the group that followed him into the cup emerged Johnson and his 18 karat grin.

STARTING A CHICKEN RANCH NEXT DOOR TO A GARDEN PATCH HAS ENDED MANY A BEAUTIFUL FRIENDSHIP

FRENCH ARE PLEASED AT ENGLISHMAN'S ADDRESS

Statement of Premier Baldwin Was Less Severe Than Many Were Led to Believe; Ruhr Problem Vexed

PARIS, July 12 (AP)—Although the text of Premier Baldwin's speech in the British house of commons arrived here too late to permit official examination tonight, it was indicated among authoritative French sources that the impression in general was distinctly pleasing...

None of the official text had arrived before Premier Poincare left his office for the day, but sufficient of the press summary came to permit a number of high authorities to examine the general principles of the address. What seems to please these circles most is that they see no sign of separatist action by Great Britain in dealing with Germany.

The French take as a distinctly good sign Mr. Baldwin's gentle but firm warning to Germany not to over-emphasize the importance of minorities among the allies. They commented, however, with more reserve on the British premier's assertion that the inability of reparations and the allied debts, although until the official text is received they are unwilling to criticize this part of his address adversely.

PETER THE BREWER WINS

TOLEDO, Ohio, July 12 (AP)—Peter the Brewer, a 10-year-old boy, won the Grand Circuit meeting at Port Miami track in Toledo, Ohio, when he won the second mile in 2:01 1/2. Carr-Worthy was second in the first heat, but Great Britain placed in the second. The third race was won by Peter Brewster in 2:05 1/2.

NOTED ENGINEER DIES

SALT LAKE, July 12 (AP)—Alfred William McCune, 75, widely known Utah mining engineer, son of Alfred William McCune Sr., financier and former candidate for the United States senate in this state, died yesterday in Los Angeles, relieved here, where he resided today. Mr. McCune, who also was prominent in railroad circles, was 50 years old.

Request Guards for Convention of Klan

Protection for Meeting in Washington State is Asked; Governor Declines

SEATTLE, July 12 (AP)—Luther I. Howell, king klan of the Ku Klux Klan for the Pacific northwest domain, announced tonight that he had requested the governor of Washington to send national guard troops to protect a convention of the Washington state branch of the klan to be held at Renton Junction, here, on Saturday.

DECLINES REQUEST

OLMPIA, Wash., July 12 (AP)—Declaration that he would not send troops to Renton Junction, near Seattle, to protect a convention of the Ku Klux Klan Saturday night unless the civil authorities first request it, was made by Governor Hart tonight in a telegram to Luther I. Howell, Seattle, king klan of the klan in the Pacific northwest domain.

IDAHO WEATHER Friday: Fair, continued warm.

# RAIL STRIKERS DEFENDANTS IN COURT'S ORDER

## Shopmen's Walkout of 1922 is Rehearsed Following Granting of Sweeping Decree of Injunction

CHICAGO, July 12 (AP)—Four hundred thousand employes and officers of the railway shop crafts unions who went on strike a year ago in protest against a United States railroad labor board decision, today were permanently restrained from interference in any way with the operation of railroads in what is regarded as the most sweeping injunction ever granted.

The final decree, which makes permanent a temporary injunction granted the federal government October 2, 1922, on application by attorney General Daugherty was entered by Judge James H. Wilkerson in district court today.

The defendants named, which comprise the railway employes department of the American Federation of Labor, were given 60 days to file an appeal.

On entering the decree, Judge Wilkerson said that the evidence in the case showed "beyond doubt that it was part of the purpose of those engaged in this combination to interfere with the strike by acts of violence."

**Violence Cited.**

He then cited numerous acts of violence during the strike and noted that damage to roads during the strike, according to the evidence, was more than \$96,000,000.

Referring to the contention of the unions that the temporary injunction was an interference with their right, Judge Wilkerson declared it a "misnomer" to characterize any of the acts of the defendants as peaceful.

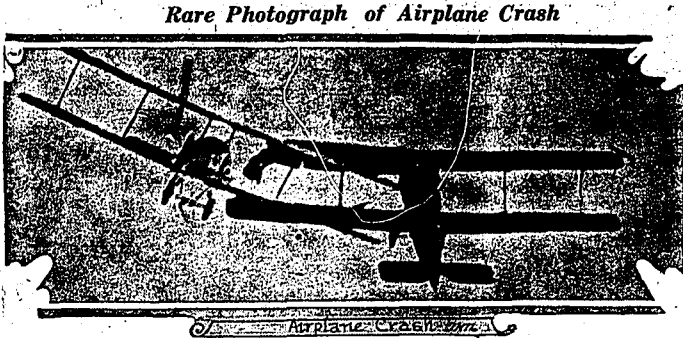

The labor board decision which resulted in calling the shop crafts strike July 1, 1922, ordered a wage cut effective that date. For two months leaders of the unions insisted that the strike was becoming more effective each day while railroad heads asserted that the striking men were being replaced without serious interference on the service. Different roads, however, sought injunctions restraining interference with the service and alleged that workers who had replied to the striking men were being interfered with.

Then on September 1, 1922, two months after the strike began, Attorney General Daugherty appeared unexpectedly in federal court in Chicago and sought the injunction which was made final in a supreme court decision.

In support of his petition, the attorney general declared that the strike was accompanied by violence. The granting of the injunction, he argued, represented the interests of the shop crafts, but a temporary injunction was granted October 5, 1922.

**Agreement Reached.**

In the meantime, however, the striking men returned to work on 31 major railroads of the country on the basis of what was known as the Baltimore agreement, an accord which was reached during September, 1922, between representatives of the striking men and representatives of the railroads. Under this agreement, the men accepted the wage cut ordered by the labor board and left the question of seniority, which developed into the main point of dispute, to a commission. Other roads also came to terms from time to time with representatives of the striking men, but the strike was never officially called off.

Rare Photograph of Airplane Crash

This is one of the most unusual photographs ever taken of the collision in midair of two airplanes. The picture, made near London, shows the wings of the machines interlocked. The airplanes fell several hundred feet, and the pilots were seriously injured.

## TWO KILLED IN TORNADO

Victims are Caught in Collapse of Home in Oklahoma; Property Loss is Heavy; Several Persons Hurt.

GRANITE, Okla., July 12 (AP)—Two persons were killed and several injured when a tornado struck this city late today. Considerable property loss was reported.

The dead: Theophilus Ellison, 3, Oklahoma City; J. G. Mullanx, 65, Granite. Jim Christy and Will Bench Christy were seriously injured. All the dead and injured were caught in the collapse of the Christy home.

## LOS ANGELES POLICE TO ENFORCE AUTO BRAKE LAW

LOS ANGELES, July 12 (AP)—Motorists who plan to drive through Los Angeles have been warned not to become alarmed if one or more policemen suddenly appear ahead in the road shouting "halt," because the officers probably do not intend to make an arrest. They may be members of the "auto brake" squad, which the police department plans soon to form, and they will only want to test the brakes of the car.

If the brakes are in good condition the motorist will be allowed to proceed, but if they are working improperly the policeman will drive the car to a shop where the brakes will either be adjusted or repaired, the cost of which will be borne by the owner of the car. The squad, which will have other traffic duties including enforcing both pedestrian and automobile drivers, will be modeled after one now successfully operated in New York.

## INCREASE OREGON TROUT.

EUGENE, Ore., July 12 (AP)—Approximately 39,000,000 trout eggs will be placed in the state hatcheries of Oregon this year, according to Matt Hysman, superintendent of hatcheries. This will be the largest trout-egg brood of any state in the Union. Hysman says that 9,000,000 greater than the trout egg brood taken in the state of California this year.

## Pleasure in Doing Good.

Great minds, like Heaven, are pleased in doing good, though the ungrateful subjects of their favors are barren in return.—Rove.

## A Splendid Medicine for the Stomach and Liver.

"Chamberlain's Tablets for the stomach and liver are splendid. I never tire of telling my friends and neighbors of their qualities," writes Mrs. William Vollmer, Eastwood, N. Y. When bilious, constipated or troubled with indigestion, give them a trial. They will do you good.—adv.

## HEAVY DAMAGE DONE BY EXPLOSION OF AMMONIA

Two Persons Severely Burned and Damage of About \$500,000 Caused by Fire in Sausage Casing Plant

CHICAGO, July 12 (AP)—Two persons were severely burned, 50 women workers were driven to the street and damage estimated at \$500,000 was done today when fire originating from an explosion of ammonia pions in the plant of Wolf, Sayer and Heller, sausage casing manufacturers, swept the two upper floors of the six-story brick building housing the plant.

Panic-stricken workers, mostly negroes, were knocked down by the force of the explosion and there was a wild rush for elevators and fire escapes. Officials of the company estimated the total damage by fire and water at \$500,000.

## GERMAN MONEY SEIZED

DUESSELDORF, July 12 (AP)—Sixty billion marks, consigned from Berlin to private individuals in the Colorado area, were seized by the French today at Volwinkel. The shipment arrived without declaration, and an investigation is proceeding in an effort to discover for whom it was intended.

## Pitcher Plants.

The pitcher plants are for the most part found in bogs. The leaves of all of these, while varying in details of structure, are pitcherlike in shape and modified for the purpose of alluring, catching and digesting crawling or flying insects and a few other animals. Insects, spiders, and the like, are attracted to these plants partly by the brilliant colors of their pitchers and partly by the nectar drops exuded by the honey glands. They move to the lid where the secretion along the outer margin is abundant. From here they step upon the inner surface of the lid and slip the honey on the conducting surface. Upon reaching this surface they waver and slip off and fall into the water detentive region. They find exit impossible on account of the downward projecting hairs. They drown in the water and their bodies are digested by a juice secreted by the glands lining the lower portion of the pitcher cavity.

Running insects such as cockroaches and ants are the principal prey of pitcher plants, but flies and wasps are also caught. A drowned rat was found in one specimen of Nepenthes.—Exchange.

## Two Are Cut from Sheriff's Payroll

Deputies Hamilton and Ham Released from Service Tuesday as County Officers

Deputy Sheriffs H. S. Hamilton and Frank Ham were released Tuesday from service as members of the county sheriff's force, according to authentic reports.

Mr. Ham and the members of the force who remain in service declined to discuss the matter and in the absence of Sheriff Finch, who is reported to be out of the city on official business, the cause of the release of the two officers could not be learned. It was reported, however, that they were removed from the force in the interests of financial economy.

Mr. Hamilton leaves the position of office deputy after a continuous service in that position covering several years, including the greater part of the last term of E. R. Sherman as sheriff. He is an ex-service man who saw lengthy service overseas in the 146th artillery regiment. Mr. Ham is also well known here. He was appointed a deputy when Sheriff Finch took office in January of this year.

Future plans of the men released are not known and the identity of their successors was not learned.

## GOOD SPUD MARKET SEEN

Prospects for marketing the potato crop at a profit are much better this year than last, according to W. E. Anderson, of Greeley, Colorado, president of the W. E. Anderson company and of the Colorado Potato Shippers' association, who called Saturday upon C. L. Conrad and William Taylor in Twin Falls. Mr. Anderson is making a trip through Idaho in an attempt to size up the situation. He will go from here to Nampa.

Mr. Anderson bases his estimate of the potato situation upon reports that the acreage devoted to the crop this year is considerably less than that given to it in 1922, and that in some districts damage to the crop has been considerable.

# FIRPO WINS BY KNOCKOUT FROM FORMER CHAMP

**Terrific Attack to the Jaw Puts Willard Out in Eighth; Johnson Takes McAuliffe's Measure in First**

(Continued From Page One)

member of Firpo's training camp, and Tom Roper, of Chicago, struggled to a draw, in the opinion of most critics, in a eight-round bout, the first preliminary. Bright opened a cut over Roper's eye in the third round, but he was wild and an easy target for Roper's jabs. Bright weighed 206 and Roper 180.

Tox Richard, promoter of the Willard-Firpo bout, announced during a preliminary that more than 100,000 persons were massed on Boylo's Thirty Acres to witness the fray. These figures would make the attendance the largest on record for a pugilistic encounter to date. The greatest previous crowd was '93,000 for the Dempsey-Carpenter match.

**Herman Losses**  
Cliff Kramer of San Francisco outboxed and outgassed "Tiny" Jim Hanson of Omaha, in a sharp eight-rounder, the second preliminary. He earned the victory, critics agreed, as the result of a sensational rally in the closing rounds, having Herman close to a knockout in the sixth.

A six-round bout, the third preliminary, between George West of London and Charles Nashov of Jersey City, was stopped in the fourth round to save West from further punishment. Both weighed 160.

**The Fight by Rounds**  
Round One—Firpo came from his corner with a characteristic rush. Willard blocked his right and jabbed with a left. Firpo landed a light blow to the head. He came back right again to Willard's ribs. Firpo forced Jess to the ropes and cut off the big fellow about the head at close quarters. Blood trickled from a cut on Willard's left ear. He drove home a right to the side of the head and the bell sounded.

Round Two—Jess carried the fight to Firpo but missed a right up pursuit. Firpo landed one in the ribs but was short with a right. The big Kansan blocked Firpo's attempts to attack his body. Willard's left side showed the patches of red from opponent's punches. Firpo shot a hard right to the jaw but Willard stopped out of the way of another wallop aimed at the same spot as the gong sounded.

**Willard on Defense**  
Round Three—Willard jabbed Firpo about the head at close quarters. The Argentine forced Willard back into a corner with a body attack. Willard's long left stopped Firpo's short right to bore into him. Willard seemed content to employ defensive tactics, blocking Firpo's powerful rights. They were sparing as the round ended.

Round Four—Willard jarred Firpo with a left to the head. Firpo swung both fists as they went to a clinch but inflicted no damage. Willard caught Firpo with an uppercut coming in. Firpo bounded to the ropes, landing a right to the stomach. He pummelled Willard about the arena at close quarters and Jess only smiled. Willard was with a right and absorbed further punishment about the head. Firpo rushed in with both fists landing heavily. Jess rallied and drove Firpo to a corner as the bell rang.

**Round Five**—Willard sent Firpo's head back with a straight left. He took a hard right to the jaw as they clinched. Firpo was shot repeatedly as Firpo was blocked in his attempts to reach Willard's body. The crowd, whose sympathies obviously were on the big American champion, hurrahed Jess as the bell rang.

**Work at Long Range**  
Round Six—Firpo shot in his right to the neck. Willard covered up as he was short with his left. He jabbed lightly at long range as Firpo clinched his opponent in search of an opening. Firpo drove rights and lefts to the jaw but failed to shake big Jess. Willard's left stopped Firpo's right. The Argentine's aim was bad with his left but he shot in a right to the body as the gong ended the round.

**South American Wins**  
Round Eight—Willard came out of his corner to take the aggressive. He landed two left jabs to Firpo's jaw. The latter clinched twice apparently trying under the referee's nose to be hit. But as he drew away from Willard he suddenly launched a whirlwind drive to both head and body. Pressing his advantage as Willard dropped from a hitting pace, Firpo rained a volley of rights and lefts to the giant former champion's head. Willard tried to ward off Firpo's blows but his defensive tactics were ineffective. A powerful right straight to the chin sent big Jess reeling back to the ropes. Dazed and groggy he dropped slowly to one knee. He shook his head much as if he had been hit. He tried to rise at eight but could not lift his big bulk to his feet. He was lifted to his corner in a daze.

THE GUMPS—BABE WINS

HUH! DID YOU SEE THIS? HERE IS SOMETHING THAT WILL INTEREST YOU-

IT SAYS—"OUR ARTIST CAUGHT MISS BABE SUMMERS, THE WINNER OF THE FIFTEEN-DAY AND DURING CONTEST, AS ONE OF HER MOST CAPTIVATING POSES."

GOSH—SHE CERTAINLY IS A SWEET-LOOKING GIRL—YOU CAN'T TAKE THAT AWAY FROM HER—SHE SURE LOOKS FINE TODAY—NO WONDER SHE WON THE FIRST PRIZE—I NEVER BEFORE SHE LOOKED LIKE THAT—

OH—YOU NEVER KNEW WHAT SHE LOOKED LIKE? WELL YOU DIDN'T MISS MUCH—I CAN'T UNDERSTAND HOW ANY WOMAN WOULD APPEAR IN PUBLIC DRESSED LIKE THAT—WOULDN'T LEAVE BURNING BUILDING WITH SO FEW CLOTHES ON—

WHAT MEN WANT WOULD DRINK THAT? A FINE CHANCE A GOOD, SWEET, HOME-LOVING WOMAN TO COMPETE WITH PERSON LIKE THAT—IF HE WANTED MARRIAGE WHY DIDN'T HE MARRY ONE? WHEN HE GOES INTO AN APARTMENT IN AN AQUARIUM AND LIVE WATER DRIED UP—

GO ON AND RAVE—KEEP IT UP—SOME DAY THEY'LL MISS ME AROUND HERE—

LAST NIGHT I HAD DREAMED SHE WAS IN A COZY BOAT ROWING DOWN A RIVER OF GREEN-BACKS BETWEEN 12 NATIONAL BANKS, AND WOKED TO FIND \$3000 UNDER HIS PILLOW— YET SOME FOLKS SAY DREAMS NEVER COME TRUE—

TODAY'S SPORTING NEWS

ELECTRICIANS BEAT BANKERS

Hullihan's Wire Nippers Take League Championship from Money Grabbers 5 to 4

Jimmie Hullihan's Electricians won the Twilight league championship Thursday evening, winning a hard fought game, 5 to 4, from the Bankers. It was one of the best games of the season, both teams playing tight edge ball, errors being few and far between.

Art Hannak tried to pitch the second game this week for the Electricians and got away in neat style until the fifth, when he lost the location of the plate, and gave way to Laval Jarman, who stopped further damage.

The first two innings went off in a hurry, neither team being able to get a runner across.

In the third the Bankers sneaked one over, when Lyons singled and moved around to third on two passes, scoring when Putzier failed to get Hannak's throw of Jarvis' roller.

The Electricians did their heavy work in the fourth, four hits, one a two-bagger to right by Hannak, and an error counting four runners.

The money juglers made another in the fifth when Kleffner stretched a double into a triple, and scored on a fielder's choice.

Hullihan's error made it last run in the sixth. An error by Kleffner, and a two-bag hit to left by Webster doing the work.

The Bankers rang the bell in the sixth when Hannak went wild and passed two men and allowing Kleffner to hit.

Jake Yochem featured with the willow, smashing out three hits out of four trips to the bat.

Fix repeated eight chances at second without an error.

Box score for Electricians vs Bankers. Columns include player names and statistics for AB, R, H, PO, A, E.

BASEBALL

Summary—Stolfs bases—Jamison, Jarvis, Hammond. Two bas hits—Hannak, Webster. Three base hit—Kleffner. Struck out—by Lyons 3, by Jarman 1. L. Jarman 1. Hit by pitcher—Lyons. Umpire—Gottwaster. Time of game 1 hour 20 minutes.

POCATELLO HAS A SNAPPY TEAM

Reports from Invaders Camp Show Railroad City with One of the Best Teams in the State

Pocatello will bring one of the strongest teams in the state when the railroad city ball club tangles with the locals at Athletic park Sunday afternoon, according to Manager Slingerland of the invaders.

Starting behind the bat Slingerland has Rickard, first string catcher for Notre Dame last year. Ross Phillips is slated to do the twirling, with Treseder, an old time Utah leaguer, at the initial station. Treseder was one of the best hitters in the Utah State League in 1922, and according to reports is going fine again this season.

At second there is Hill, said to be one of the best base-stealers in the business. Jackson, Pocatello high, is at short, with Pett taking care of the rollers that sizzle down to third base.

At third the invaders have the best fielder in the state, Fred Steadman, who is stationed in left field. Fieldstead bats from the port side and is of the slugging type.

Roundbush is in center field, while Froyl will take the high ones that drift to right.

Rupp, an extra pitcher, is also making the trip.

Pocatello has an enviable record thus far this season, having won nine straight games, lost the tenth, and then won the next three.

Last Sunday Pocatello went down to defeat at the hands of the Pocatello players in a hard fought 2-to-1 game.

Even these reports haven't put a damper on the locals, as they are set on winning the present game, and will leave nothing unturned to gain their point.

The team will practice this evening at 6 o'clock, and with Whitel at first, Scilley on second, Kleffner at short, Watson at third, the Twin Falls team will present the best infield line ever represented in the town, that is, a team composed of home players.

In the outfield there is Ostrander, Hill and Hullihan, a trio that will be hard to beat.

Fix and Don Linville will essay to do the twirling on Sunday, although the management is on the lookout for another good chucker.

Sunday's game will start at 3 o'clock.

FIGHT ON LABOR DAY FAVORED BY DEMPSEY

LOS ANGELES, July 12 (AP)—Jack Dempsey, heavyweight boxing champion, after reading the Associated Press story of the Firpo-Willard fight in Jersey City tonight, said he was "very much satisfied with the result," and that he "believed the best man won."

"Of course," he added, "I am anxious to meet Firpo or Harry Wills, and it is up to my manager, Jack Kearns, to sign up one of them for a match for me on Labor day."

RICKARD TO SIGN FIRPO

Promoter Will Confer with Title Holder's Manager for Bout Between Dempsey and South American

RINGSIDE, JERSEY CITY, N. J., July 12 (AP)—Tex Rickard tonight said he would begin negotiations as soon as possible to match Angel Firpo with Jack Dempsey for a title match, either in September or October.

Rickard, as Firpo under contract, met Dempsey and will confer with Jack Kearns, the title holder's manager, in the near future.

General opinion is that Rickard will choose the site of tonight's fight for his next championship venture.

Kearns was at the ringside tonight and declared his readiness to sign for a Firpo match if his terms are met. Just what these are he did not reveal.

NET EXPERT WINS TRIP

Eddie Murphy, Oregon Junior Champion Tennis player, defeated Seattle man in Three Straight Sets

PORTLAND, Ore., July 12 (AP)—Eddie Murphy, Oregon junior tennis champion, won the junior title in the Northwest sectional tournament today and with it the prize of a trip to Boston next month to play in the national sectional championship, by defeating Harry Shaw of Seattle in straight sets, 8-6, 6-0, 6-3.

Wallace Scott of Tacoma won the northwest sectional championship, by defeating Harry Shaw of Seattle in straight sets, 8-6, 6-0, 6-3.

WIN FORTUNES IN FIGHT

Estimate Willard's Share of Jersey City Scrap at \$120,000; Winner May Get \$80,000 as His Share

RINGSIDE, JERSEY CITY, July 12 (AP)—Jess Willard may receive about \$120,000 and Luis Firpo approximately \$80,000 as their share of the gate receipts for the battle tonight. These figures were based on estimated total receipts of \$400,000. Willard received 20 per cent and Firpo 22 per cent of the gross amount.

ENGLAND WILL MAKE REPLY

(Continued from Page One)

the commons and only a minor discussion in the house of lords.

In the upper house Lord Birkenhead put his finger on what he regarded as the weak point when he asked what was likely to happen in the almost inevitable event of France refusing to assent to the proposed reply to Germany. Rumors have been in circulation here for the last day or two of the more amicable disposition of the Poincare government and whether there was any foundation for the rumors. The prime minister's statement evidently was designed to refrain from any language which might needlessly alarm or offend the French ally.

SUBMIT DRAFT NEXT WEEK

LONDON, July 12 (AP)—The government's draft reply to Germany on reparations, it was stated tonight, will be submitted to the allies early next week, probably on July 15.

The draft is likely to give the British and French governments the most favorable impression of the question of Germany's capacity to pay to an impartial tribunal, provided such a tribunal can be formed of a sufficiently high standing to command confidence.

A canvass of political quarters tonight showed that while Premier Baldwin's statement did not excite enthusiasm generally, it was received markedly so among business men.

The most active criticism is likely to come from the proponent of the French section of the conservative party and from the Lloyd George party. The latter party held a meeting tonight and condemned the statement as inadequate and surprising, and was expressed that after so many weeks delay the government had failed to come to more definite conclusions.

U. S. NOT INFORMED

WASHINGTON, July 12 (AP)—An authoritative statement here today made it clear that the Washington government had not been consulted by British officials regarding the forthcoming British reply to the German note on the reparations situation.

It was added also that Washington had volunteered no suggestions and that press reports that there had been interchange of views through the London embassy were without foundation in fact.

In support of the official denial that there had been any negotiations, it was pointed out that the state department was dependent today on press accounts in London for light as to the nature of the British plan—department officials declined to comment in any way on what the premier said.

Believe Theodore Goldsides Mr. Baldwin's phraseology at several points was generally regarded in Washington as implying that some attempt was in process to find a remedy for the reparations action through joint international action to determine Germany's capacity to pay as an economic fact. If that should prove to be the substance of the British cabinet proposals when they are announced, undoubtedly the plan would have much in common with the suggestions made by Secretary Hughes.

WHEAT CROP HEAVY

SPOKANE, Wash., July 12 (AP)—Warehouses will overflow with wheat as the Palouse farmers rush their bumper crop to market. W. B. Skoy, general agent of the Union Pacific system, said here upon his return from a week's inspection of the Palouse country.

"Everything points to an enormous crop and grain will have to be piled outside if it comes in a rush," he said. "Weather conditions have been ideal."

JAPS CAN LEASE LANDS

Billing of Los Angeles Judge Permits Rental of Property for Other Than Commercial Purposes

LOS ANGELES, July 12 (AP)—The right of a Japanese to lease land in California for other than commercial purposes was upheld in a decision handed down by Judge Leslie R. Howitt, of the Los Angeles county superior court.

The ruling was made in the case of the state of California against T. Tagami, Japanese and attorney, and Eopulveda, leasor, of a tract of land near Fort McArthur, at Los Angeles harbor.

The state instituted proceedings against Tagami and Eopulveda some time ago, alleging that the latter's lease to the former of land for the establishment of a sanitarium for Japanese, violated the California alien land law. The state sought to force Tagami to vacate the lease, which was valued at \$10,000.

# WARM WEATHER FAVORS CROPS

### Moderate Temperatures and Plenty of Sunshine Make for Rapid Growing Conditions

Moderate temperatures, plenty of sunshine and scattered thunder showers in Idaho's weather record for the week ending Tuesday—a week that was highly favorable for rapid advance of all farm crops—according to a summary issued by Clinton E. Nerquist, Boise, meteorologist for the government weather bureau.

Wheat and barley are well headed and beginning to ripen throughout Idaho. In the far the report says, some of the early maturing fields are ready for harvest. Second crop alfalfa is coming along rapidly. All fruits, corn, potatoes, sugar beets, canny peas, beans—all made satisfactory progress, and so far as reports indicate, no crop is suffering from stress of weather or insect depredation.

Notes From the Field  
Burley, Cassia County: Good week; stacking hay all week; heavy demand for water.

Buhl, Twin Falls County: Moderate weather very beneficial to all crops; belated haying is advancing rapidly.

Twin Falls, Twin Falls County: A good growing week; nearly all hay in stock; wheat and alfalfa excellent; headed oats, beets, beans and potatoes advancing fast; cherries ripe. Rupert, Minidoka County: We have had a week of very hot weather, and where the moisture is sufficient, trees are making rapid growth; apple trees must be supported to carry the heavy loads of fruit; harvesting of first crop alfalfa is going on rapidly; beet and grain crops are in the gutter; beans and potatoes; vegetables of all kinds are looking fine.

# HARDING LAYS RETURN PLANS

### Will Travel on U. S. Transport, Henderson; Address at New York Probable

ABOARD U. S. S. HENDERSON with President Harding July 12, 1923.—President Harding will make the trip from San Diego, Cal., to New York via the Panama canal and Porto Rico on the mail transport Henderson instead of on the shipping board steamer President Harrison and American Legion.

Definite arrangements for the use of the Henderson were concluded today and announcement was made that the schedule for the return provided for the arrival of the presidential party at New York August 27. It was considered likely that the president would deliver an address there before proceeding to Washington. The Henderson today continued on her course across the Gulf of Mexico en route to Seward where she was due to arrive shortly after noon tomorrow. After a short stay there, the party will go aboard the Seward and start over the Alaska railroad for Anchorage and Fairbanks.

The chief executive was still undecided today whether to make the three-day trip from Fairbanks over the Richardson trail and then down the Cooper River and Northwestern railroad to Cordova or to return over the Alaska railroad which Seward and then take the Henderson to Cordova. Rough weather, expected in the Gulf of Alaska did not put in its appearance and the entire day's sailing was over a comparatively smooth sea.

# END OF WARS IS HOPE OF JUDGE

### Speaker at Annual Banquet at Women's Club Convention Urges Treaty

PORTLAND, Ore., July 12, (AP)—War should be made illegal by agreement among civilized nations and a start in that direction should be made by treaty between the United States and Great Britain, or the United States and South American nations, Judge Florence E. Allen of the supreme court of Ohio told the fifth annual convention of the National Federation of Business and Professional Women's clubs here tonight.

# Counts Combined in Contempt Case

### Defense Credited with Gaining Point in Proceedings Involving Editor

LAS VEGAS, N. M., July 12, (AP)—The case of C. E. Magee, Albuquerque editor, charged with contempt of court, will be decided by District Judge D. J. Leahy here soon after court convenes tomorrow morning. This was decided upon late today when both the prosecution and the defense announced that they rested.

R. A. Hanna, who is chief counsel for Magee, would be exonerated. One has been set for hearing tomorrow and the other on July 20. During the progress of the trial Hanna was cited for direct contempt by Judge Leahy and this has not been disposed of.

# IMMIGRATION HEAVY

NEW YORK, July 12, (AP)—The British quota of 15,468 immigrants to the United States was exhausted tonight, immigration officials announced. Fifteen other quotas including that of Russia, second in size to the British, already have been exhausted.

TWIN FALLS WEEKLY NEWS

Established 1904
Twin Falls News Publishing Company, Ltd., Publishers
Issued on Thursday of every week
Entered as second class matter December 12, 1904 at the Post Office at Twin Falls, Idaho, under the act of Congress of March 3, 1879.

MORE EVIDENCE.

Gradually but surely evidence accumulates that the Short Line will begin construction of the Wells-Rogerson line this fall. That such line will be completed by December thirty-first of this year is not unreasonable although it will not be surprising if a longer period is actually consumed. But the main thing is the start, at this stage of the proceedings at any rate.

There is no reasonable ground for supposing for a minute that there will be more than the necessary time consumed in the investigation by the Interstate Commerce Commission which is necessary before the certificate of necessity and convenience can issue. There is no basis whatever for the thought that anything can interfere with such issue in due course. Some further days may be consumed, possibly some weeks, but from all the evidence the Twin Falls country has a new railroad within her grasp, with all its accompanying advantages to all Southern Idaho.

This is a time for optimistic words and a confident outlook. The new road is going to spell salvation for many a worthy man and not one of us but will be benefitted materially in more or less degree by the development which will accompany and follow construction of the line.

WALKING ON THE ROAD.

A person interested in traffic safety wants to know why people walking along a highway do not walk on the left instead of the right side. It seems to be a case of where tradition is stronger than reason.

Some people do walk on the left, because they have figured out for themselves that it is the safest way. Thus they are away from the dangerous side of the vehicle, and they only have to watch vehicle traffic in one direction, and the easiest direction at that. They need not turn their heads continually to look back. A car coming up behind passes them without either to itself or to them. The same reasoning applies when for any reason it is necessary to walk along between the curbs of a city street.

It might be a good thing to have this innovation sanctioned in general traffic rules.

FIREPROOF EXPERIMENTING.

A new building under construction in Chicago has several unique features. One is the elevator. When the lift reaches the fifth floor, its bottom automatically collapses, precipitating its load 50 feet to an especially prepared bed of extra thick reinforced concrete. The second and third floors, it is said, are hung like hammocks from girders overhead instead of being supported from below in the usual fashion. A fifty-five foot tower with an automatic hoist is built at the rear of the edifice. Furnaces on the first floor heat safes to a high degree. The hoist will take them from the furnaces, lift them to the top of the tower and drop them to the concrete below.

It sounds like the dream-house of a madman. It is only an experiment building being added to the Underwriters' Laboratory for the testing of fireproof materials and construction. Its freak features should all mean greater safety for buildings of the future. In spite of its perfectly sane and reasonable purpose, it suggests possibilities for ambitious comedy stars and scenario writers.

BOISE AND TWIN FALLS FIND SIMILAR SOLUTION

Idaho Cities, Working Independently, Hit Upon Same Methods of Finance Under Legal Restriction
Boise and Twin Falls city commissions, working independently, have solved problems of municipal finance under restrictions imposed by the last session of the state legislature in the same manner, according to Shad L. Hodgkin, mayor of Twin Falls, who this week attended a session of the Idaho county commissioners at Boise, where the same method was adopted.
"Both Boise and Twin Falls have found ways for the general purpose of levying taxes to the full 10 mill levy permitted under the statute," Mr. Hodgkin said. "and both have made numerous special levies for library, street lighting, water department and other purposes permitted under the law, to raise surplus funds that may be diverted to the general fund that otherwise would be inadequate for necessary requirements."

Short Line Files Return to South Line Questionnaire and Takes Up Options Here

Early Issuance of Permit for Construction of Rogerson-Wells Road is Predicted by Congressman Smith, Announcing Word from Union Pacific President on Steps Taken

Developments of importance in connection with the interstate commerce commission's return to the Oregon Short Line questionnaire are announced by Congressman Addison T. Smith, who in the further announcement by M. J. S. Smith, president of the Union Pacific, west of Rock Creek for terminals and new lines.

Insistence of the interstate commerce commission that the construction of the line is to be expected within the next three or four days, Congressman Smith advised in connection with the announcement of his receipt from Carl E. Gray, president of the Union Pacific system, of a telegram stating that the railroad's return to the questionnaire had been filed with the commission at Washington on July 7.

Officials of the road heretofore have announced their purpose to begin construction of the line coincident, if possible, with the issuance of the permit. It is known that the force of engineers engaged in making the survey has been increased from time to time during the past three or four weeks.

Voluntarily Document. "It is apparent," Congressman Smith said in announcing that the return to the questionnaire is rather a voluminous document and it is probable that it may take the commission some days to examine it thoroughly. This examination, I am convinced, is all that is necessary.

Way Clear for Issuance of Permit for Rogerson-Wells Railway Line

WASHINGTON, July 7. (Special to The News.)—The protest of the Idaho-Nevada-California company against the Oregon Short Line plan to build a road from Wells to Idaho Falls has been withdrawn, but the Short Line has not yet submitted its reply to the questionnaire to the interstate commerce commission, and until its reply is filed and considered, the certificate of necessity and convenience cannot be issued.

There is now no known opposition to the project.

Withdrawal of the protest

CIVIC MATTERS GET ATTENTION OF COMMISSION

Chautauqua Question is Settled; Adopt Sprinkling District Ordinance; Talk Over Proposed Jitney Bus Line

Action on the matter concerning the adoption of a city ordinance for the Chautauqua park, passage of a sprinkling district ordinance, consideration of permits and reports and a conference with Fred Smeed, city engineer, to formulate a jitney bus line in Twin Falls occupied the attention of the city commissioners at their regular meeting Monday night.

Commissioner of Finance J. S. Keol reported that the application of the Chautauqua association for the use of the city park had been withdrawn and that satisfactory arrangements had been made. The commission tendered the association the use of the library for the holding of the attraction for the year.

The sprinkling ordinance adopted includes the same districts as last year, with the exception of one, where petitioned their properties out. An opportunity for protests is afforded before the ordinance goes into effect.

As a result of the conference with Mr. Spencer the latter will furnish the council data showing the route and time schedule for the proposed jitney bus line. Mr. Spencer expects to have one in operation at first and to start operations very shortly after he is granted a franchise.

The commission was presented with a petition signed by several residents asking that a poultry company be prevented from occupying the building known as the 'Big White' at the corner of Main and Washington streets, located on lot one, block 161. The commission found it had no authority to act in the matter and tabled the petition.

The Allen Oil company was granted permission to erect two more service stations, one at Second avenue east and one at the corner of Main and Washington streets, near the station on Main avenue south. In constructing the station on Main avenue the company will be forced to use the city sidewalk for the extension of the sidewalk, near the company's building.

The Lind Auto company was granted permission to erect a building extending over the sidewalk, near the company's building.

Employ Accountant. On motion of Commissioner W. T. Leffler, the auditor John Ledwith, accountant, to check over the delinquent tax lists and to inquire into the city's tax accounts. He will do the work in the order of priority.

The city treasurer's report showing a substantial balance on hand was received, approved and ordered filed. The commission also considered a report submitted by J. S. Schultz, which contained considerable discussion at the last meeting. Mr. Schultz based his claim on a month's notice at the other plan.

The maintenance of the William Harkins barn was the subject of a strong protest on the part of L. W. Harkins, and a committee consisting of Addison Avenue, near Main. The council was unable to take any action, and as a result Mr. Harkins expects to submit a petition to the city council for the neighborhood asking the abatement of the barn on account of their objectionable odor and appearance.

Ways Weeds Out. Newell S. Wright inquired as to the plans of the city in regard to cutting weeds along Buchanan street. The council was not informed as to its legal right to make any order, and referred to City Attorney A. J. Myers.

No action was taken on the request of the proprietor of the Orphanum shop for a month's notice at the other plan and the purchase of meters. Half a dozen companies manufacturing meters submitted their price lists which varied from \$1.00 to \$2.00. The council is in favor of the extension dial which is favored by Commissioner B. S. All. The extension dial would cost about \$3.00 per meter, and it is estimated that on the type of meters to be installed and apparently a considerable amount of further discussion will be necessary.

FALLS HIGHWAY IMPROVED

Graveling of More than Three Miles East from Falls to Scenic Attraction Proposed by Scenic Attraction
Considerably improved travel to Shoshone Falls is afforded through the graveling of the highway from the gravelled road extending east from the J. A. Waters corner.

The graveling extends three miles east from the J. A. Waters place and a quarter of a mile north, connecting with the hard-surfaced road at that point. The work was done at a total expense of about \$13,000, the expense being divided between the Twin Falls highway district and the farmers living along the line where the work was done. The property owners who furnished part of the labor for the project, which was constructed under the supervision of the highway district.

Astronomical. The sun is a million and a quarter times as big as the earth and 332,800 times as heavy. The size of the fixed stars and the planets varies greatly; some are smaller than the earth, while others are larger. The earth revolves completely on its axis every 24 hours, or 365 times a year.

School District Has Surplus Sum

School Board Finds Last Year's Revenues Exceed Expenditures by \$6,816.27

Independent school district No. 1 closed the school year with a surplus of \$6,816.27 on hand, expenditures being \$299,006.51, and revenues \$212,222.75, according to the district annual financial report submitted at the regular monthly meeting of the school board Monday night in the superintendent's office at the high school building. The surplus will be transferred to the sinking fund of the district. The meeting was otherwise featured by an item of discussion of the tentative budget for the coming year. The budget, which calls for an expenditure of \$299,760.24, was not adopted and will possibly be revised and submitted before final action is taken. Cash receipts last year were \$289,070.43, and total disbursements were \$291,530.12, the report, considering routine business the school board allowed regular bills and awarded the contract for furnishing the winter supply of 700 tons of coal to the Intermountain Coal company.

TWIN FALLS TO CLAIM REDUCED POWER CHARGES

Consumers' Association Executives Debate Possibility of Presenting United Front at Valuation Hearing

Because of its proximity to power development plants in Idaho Falls, Twin Falls probably will assert a claim to lower rates for power for domestic use at a hearing before the Idaho state public utility commission on the valuation of the Idaho Power company's application for approval of a valuation of approximately \$14,000,000 put on its property, according to Misses Glad E. Hodgkin, executive committee of the association, where he attended a meeting of the Idaho Power Users' association executive committee, of which he is a member.

Whether the power users, as an association, or as individuals, will appear before the commission in this hearing is still a question. The executive committee of a meeting to be held July 10.

Three Principal Issues. It is anticipated, Mr. Hodgkin said, that the general questions will be presented.

There are, first, validity of the power company's claim for increase in its valuation. The present expense of production of some \$2,000,000 for improvements since the valuation formerly was fixed at about \$11,000,000 three years ago.

Second, power company's cost of operation and maintenance. Third, rates to be charged consumers in various parts of the county.

It seems probable, Mr. Hodgkin said, that members of the association, which is composed of municipalities, irrigation districts and other groups of power consumers, will deem it to their advantage to cooperate in the presentation of their cases in respect to the first two questions. The association, however, presents a problem of individual interests in which conflict may arise to made united action inadvisable or impractical. As a company, power consumers, will deem it to their advantage to cooperate in the presentation of their cases in respect to the first two questions. The association, however, presents a problem of individual interests in which conflict may arise to made united action inadvisable or impractical.

Assessment. In the event of continuation of the association and united action in the valuation hearing is decided upon, the association will make an assessment against the city of Twin Falls in the approximate sum of \$900. This is the price assessment made against members of the association to date, and a half of one per cent of the power bill paid annually by each community affiliate with the association.

The association which was formed three years ago and with which Twin Falls has been identified from its inception, is given principal credit for reduction of rates from \$100,000 to \$11,000,000 in the valuation for which the power company sought approval at that time.

EXPECT SCOUT EXECUTIVE

Scoutmasters to Confer with Douglas Hawley, New District Official; Will Arrange Camping Plans
Douglas Hawley, who has recently been employed as Boy Scout executive in the Boise district, is expected to arrive here Sunday noon. A meeting of local Scoutmasters has been arranged to be held Sunday afternoon at 2 o'clock at the home of Mr. Hawley, arrangements for his first work here will be discussed.

Among other things the matter of the summer camp in Shoshone basin will be discussed. It is probably reached as to whether the remainder of the troops will go into camp at the same time. To date the only camp in the city is at the falls, and are the only ones that have been in camp.

Also for Letter's Creditors. Credit is a fine thing for the thrifty and it is a bad one for the reckless.—Boston Evening Transcript.

OPPORTUNITY TO DISPOSE OF HOLDINGS, HELD OUT BY SHORT LINE MAKES LITTLE APPEAL TO FARMERS

The financial condition of farmers in the west end of Twin Falls county is apparently very favorable and property owners are not inclined to sell their farms, according to G. D. Sullivan, Short Line agent, who is conducting a canvass of the district and making reports in connection with the Union Pacific's plan to conduct an extensive campaign in the middle west to advertise farm opportunities. "If anyone thinks the farmers, generally speaking, are broke, he is mistaken," said Mr. Sullivan. "Furthermore, they are not standing in line, and the few who agree to place their farms on the market do so only on condition that they could withdraw their offers and sell to all if they choose to do so at any time."

Holding Larger Acres. "Many of the farmers with the larger acreages were not inclined to divide up their holdings and dispose of part of their land, but they are holding on and operates 120 acres alone. He says he is getting along satisfactorily and declined to put up a part of his farm for sale."

"The farmers I met were of the opinion that Twin Falls county is good enough for them, and in view of the fact that they are established here, they are not inclined to sell out and move elsewhere."

Crop Conditions Promising. Crop conditions in the west end are very promising, Mr. Sullivan stated. His survey covered the districts around Buhl and Oastford. Several property listings have been obtained, although the nature of the listings is not clear. The nature of considerable more time before it is completed, he said.

WARM WEATHER SALES IN CROP

Weekly Report Shows Grains in Good Condition; Too Much Heat for Head Lettuce
The weather prevailing throughout the southwest Idaho during the week ending July 4, was favorable for most crops, although the abrupt change from coolness and rains to bright sunshine and intense heat was somewhat damaging to strawberries and lettuce, according to the weather bureau summary of weather and crop conditions in Idaho.

The report states "apples and prunes are making remarkable progress, but heavy dropping of both fruits is reported in some localities." The second crop of alfalfa is making a very favorable start and the very favorable weather to get the first cutting of hay into the stack and most of the crop is now secured, except in the late districts. Ranges feed is abundant, and much of the alfalfa is being put on flesh rapidly. It was not so good weather and this crop took on color and now is well started."

Southwest Idaho experienced hot weather, temperatures being above 90 degrees. Wheat, oats and barley are reported good and there are reports of good and cutting has begun in the south part of this district, the report says. Potatoes, sugar beets and seed peas are said to be in good shape.

Weather during the week in the Twin Falls district has been excellent for crops, but was hot for head lettuce and this crop is being harvested rapidly. Alfalfa in this vicinity has been cut and much of it stacked.

Increasing temperatures in the Buhl district toward the end of the week advanced crop and hay and farmers were busy putting up hay and irrigating.

Crops are reported excellent in Minidoka county and farmers are jubilant over the weather of the past week. In the Buhl district the week was cloudy and cool during the first few days and hot during the latter part. Haying is under way at full speed.

TOURISTS CAMP AT PARK

More than a Thousand Passengers Stopped Here During Latter Part of June; Yellowstone Attractions
W. H. Dyrgert, city tourist park superintendent, reports that during the last half of June the city had a total of 1022 passengers, stopped at the park.

Tourist travel started earlier this year than last year and it is estimated that the traffic last year by a considerable margin.

The park presents an interesting sight daily as the cars and trucks arrive with camp outfits. The cars are almost invariably piled high with luggage of every sort, although occasionally a few are seen with only a few articles. The great bulk of the traffic consists of the Yellowstone national park or have just left it.

REAL ESTATE TRANSFERS

THE MARKETS

WHEAT PRICES FLUCTUATE

All Deliveries Show Brief Advances to Above Demand Mark but Bag Wheat Late Demands Less Force

CHICAGO, July 12 (AP)—Although predictions were removed that black rust would yet cause serious damage to part of the spring crop, wheat advanced little lower in price today, demand being insufficient volume to absorb increased hedging sales when the market bulged. Closing quotations were unsteady at 1 1/8 to 1 3/8 net decline, September 99 1/4 to 83 1/2 and December 1 1/2 to 1 1/4 to 1 1/8. Corn finished unchanged to 3/4c lower, oats at 1 1/8 to 1 1/4 up, and provisions unchanged to a netback of 2 cents.

At first the wheat crop reports at hand asserted to indicate that no serious damage from black rust was probable. All deliveries of wheat temporarily rose to above \$1 a bushel and then sagged again in the late dealings when it was apparent that there was without much force and that export demand was slow. Estimates were current that the carry over of wheat in the United States for July 1 this year was 20,000,000 bushels more than was the case a year previous, but that the total available supply expected for the 1923-24 season shows a decrease of 21,000,000 bushels.

Rains in Kansas and Nebraska had a harmful effect on corn. There were reports of a heavy rain in the latter part of the week. Higher quotations on hogs stand; the provision market.

CASH QUOTATIONS

CHICAGO, July 12 (AP)—Wheat—No. 4 red 1 1/2; No. 2 hard 1 1/4 to 1 1/8 to 1 1/2. Corn—No. 2 mixed 85 to 85 3/4. Oats—No. 2 white 40 3/4 to 41 1/2; No. 3 white 38 5/8 to 40c. Rye—60c. Barley—64 to 66c. Timothy seed—\$2.50 to 2.60. Cloverseed—\$1.50 to 1.75. Pork—Nominal. Lard—\$10.92. Ribs—\$9.92 to 9.50.

POTATOES AND PRODUCE

CHICAGO, July 12 (AP)—Potatoes—Steady; receipts 46 cars; total U. S. shipments 558; sacked 77,000; 25,000 to 26,000 near elevator at \$2.25. Butter—Steady; receipts 10,000 tubs; creamery receipts 37 1/2; standards 37c. Eggs—Receipts 13,334 cases; unchanged. Poultry—Alive, unchanged to higher.

Hogs—Nominal; mixed 125; prime light 45.75 to 50.00; smooth heavy 250 to 300 pounds \$7.50 to 8.50; smooth heavy 300 pounds \$8 to 8.75; subject to heavy \$4.50 to 6.00; fat pigs \$3 to 3.75; hogs \$3.50 to 4.00; extra subject to deck \$2.50 to 4.00.

Sheep—Lamb 25c higher; sheep steady; receipts 41; choice yearling lambs \$10.50 to 11.00; medium \$9.50 to 10.50; light yearlings \$7.50 to 8.00; heavy \$6 to 6.50; wethers \$6 to 6.50; heavy \$5 to 5.50; ewes \$4.50 to 5.50.

CHICAGO LIVESTOCK

CHICAGO, July 12 (AP)—Cattle—Receipts 9000; netive; best steers and yearling heifers strong to 10c higher, mostly 10 to 15c higher; top \$11.50 for 1270 to 1234 pound average; few loads \$11 to 11.40; choice yearlings absent; hogs \$10.25; heavy mixed steers and heifers; bulk beef and yearlings \$6.25 to 11.00; week's decline mostly recovered; she-stock unevenly higher; bulls heavy \$10.25; heavy mixed steers and heifers; bulk hogs \$5.50 to 5.85; bulk beef steers \$9 to 10.00; few calves to packers \$7.50 to 7.60; veal cutovers early up to \$12.50.

Hogs—Receipts 25000; good kind fairly heavy, 10 to 15c higher; others steady; heavy, strong to 15c higher; top bulk desirable 150 to 250 pound average \$7.70 to 7.75; top \$7.80; bulk good and choice \$7.50 to 7.60; top bulk desirable \$8.25 to 8.25; bulk desirable (throughout) \$6.40 to 6.60; best strong weight plus \$6.75 to 7.10; estimated holder 22.000.

SUGAR

NEW YORK, July 12 (AP)—The raw sugar market is little steadier on a sale of 1250 tons 14 1/4 to 14 1/2 to an export refiner at five cents, cost and freight, equal to 60.75 for centrifugal. New York market for refined sugar was bidding 5 cents at the close yesterday were indifferent today.

NEW YORK STOCK MARKET

July's total sales 344,300 shares. Twenty individual averages \$7.64; net gain, .16. High, 1923 105.28; low, 87.64. Twenty railroads averaged 78.11; net gain, .38. High, 1923 100.63; low, 76.85.

NEW YORK, July 12 (AP)—Extreme dullness characterized today's stock market, the quietest full day session in over a year. Price changes, as a rule, were narrow and irregular.

Stocks started off fractionally higher and early gains were extended as a result of short-covering prior to the publication of Premier Baldwin's statement in the house of commons. Business was virtually suspended while a synopsis of the statement was being published in the United States and Wall Street's first reaction as reflected on the ticker, was slightly unfavorable.

preferred, Famous Players, Liggett and Myers B. Air Reduction, Woolworth, Bath Forks, Hanna Sugar, Standard Steel and Pierce-Arrow preferred, up 3 to 5 points. Call money held at 5 per cent except about the day. Time money continued firm with brokers paying 5 1/4 per cent. New commercial paper was slow in coming in and the demand was moderate; the bulk of the prime names commanding 100 to 110 days.

GOVERNMENT BONDS

NEW YORK, July 12 (AP)—Liberty bonds closed: \$1000 74 1/4, 1000 74 1/4, 1000 74 1/4, 1000 74 1/4, 1000 74 1/4, 1000 74 1/4, 1000 74 1/4, 1000 74 1/4, 1000 74 1/4, 1000 74 1/4.

LEGAL ADVERTISEMENTS

Estimate of Expense of Village of Hansen, Idaho, for Fiscal Year commencing on First Tuesday in May, 1923.

It is estimated by the Chairman and Board of Trustees of the Village of Hansen, Idaho, that the probable amount of money necessary to defray the expenses to be raised in said Village during the fiscal year commencing on the first Tuesday in May, 1923, with the objects and purposes of expenditure, is as follows:

General purposes \$ 847.57 Lighting 505.05 Total \$1352.62 The entire revenue of said Village for the previous fiscal year was \$2187.42.

ORDINANCE NO. 31

An Ordinance of the Village of Kimberly, State of Idaho, making appropriations of money for the use of said Village for the fiscal year beginning on the first Tuesday in May, 1923, and ending on the Monday preceding the first Tuesday in May, 1924.

For the general fund, \$3604.00. For interest on bonded indebtedness, \$882.00.

Be it ordained by the Chairman and Board of Trustees of the Village of Kimberly, State of Idaho, as follows: Section 1. That there is hereby appropriated the following sums of money to be used as hereinafter specified by the Village of Kimberly, State of Idaho, for the purpose of paying interest on the bonded indebtedness of said Village and for the purpose of meeting the current expenses of said Village for the fiscal year beginning with the first Tuesday in May, 1923, and ending with the Monday preceding the first Tuesday in May, 1924.

For the general fund, \$3604.00. For interest on bonded indebtedness, \$882.00.

Approved by the Chairman of the Board of Trustees, this 9th day of July, 1923.

W. F. BRACKON, Chairman, Board of Trustees. E. W. DILLBY, (SEAL) Village Clerk.

Human Frailty. "The world is full of lightwads," says the Suburban Sage. "Some people are never happy unless they get help happiness for nothing."

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often four cents properly invested, like buying stocks, properly invested, save several dollars outlay later on. It is the same in buying Chamberlain's Cough and Bronchitis Remedy. Its costs but a few cents and a bottle of it in the house often saves a doctor's bill of several dollars.—adv.

Stray Bit of Wisdom. What is beauty? Only a convention, a coin made current by time and place.—Isben.
