

RULES AGAINST USING NAVY IN FIGHT ON BOOZE

Attorney General Holds Prohibition Must Be Enforced Without Aid of Ships; Hands Opinions to Chief Executive

WASHINGTON, Sept. 13 (AP)—The navy cannot be used legally in enforcing prohibition, Attorney General Daugherty ruled today. In addition, he decided, there is no national emergency in the situation calling for the employment of warships to make the dry laws effective.

Delivering to President Coolidge the formal opinion, asked last spring by the late President Harding, the attorney general held that the naval establishment could be used as an enforcement agency only by special authorization from congress, in an emergency which made civil process impracticable.

Two questions were submitted originally by President Harding—whether the executive had power to order the navy forces in enforcing prohibition in the absence of an emergency, and, if this was unlawful, whether an emergency existed authorizing their use. Both questions were answered in the negative by Mr. Daugherty, who cited several laws and supreme court decisions as precedents.

Enforce Dry Law

"In general the prohibition act is enforced," Mr. Daugherty said in the course of his opinion. "There are stubborn exceptions in congested localities in some of which local support has not been rendered. There are places where public opinion is unfriendly and the enforcement of this law is difficult. But I cannot believe that such isolated cases constitute a national emergency within the meaning of the act of congress."

Constitutional provisions relating to the maintenance and use of the navy are clearly defined with appropriations and other laws from which Mr. Daugherty said, it would therefore seem that congress did not consider that the president possessed the power to use the naval forces in time of peace for the execution of civil or criminal laws without its expressed authorization.

Advises Only to Army

The opinion was regarded as applicable to the army as well as the navy, precluding also the use of military force in assisting prohibition enforcement although it dealt specifically with the navy.

Secretary Denby and other officials, who have been opposed to the navy being used in prohibition work, were sustained by the attorney general.

ITALY GIVES PROMISE TO WITHDRAW TROOPS

FIGHT RETURNS AT NEWS

RESULTS in the Dempsey-Firpo battle Friday night will be announced blow by blow and round by round at The News office.

Through special arrangements which provide for an absolutely clear wire from the Polo Grounds to The News office during the entire event, Twin Falls fans will be enabled to follow every detail of the struggle practically as quickly as will those occupying ringside seats.

The main event will begin at 9:30 o'clock in New York, which will be 6:30, Twin Falls time.

Everybody welcome.

PAYETTE MEN ARRAIGNED

Former Officials of Defunct Bank Arraigned on Federal Grand Jury Indictment for Misappropriation

BOISE, Sept. 13 (AP)—A. H. Avery, James A. Laurer, C. E. Larson, former officials of the Payette National bank at Payette, and John H. Helman, an attorney of Payette, indicted by a federal grand jury on charges of misappropriation of bank funds, appeared in federal court this morning and were arraigned before Judge Dietrich. Another week was allowed to enter pleas.

LABORATORIES EXPANDED

Idaho Tech Increases Facilities for Instruction in Scientific Branches; Other Departments Spread Out

POCATELLO, Sept. 13—When college students register at the Idaho Tech next week they will find the most equipped and most spacious science laboratories that the institution has ever possessed. The chemistry and pharmacy departments have taken over the first two floors of Paris hall, which gives double the space the laboratories occupied in the administration building and makes possible the accommodation of the increased numbers expected this year. This new arrangement makes it unnecessary for different classes to use the same laboratory at all times.

The removal of these laboratories from the main building makes it possible for the biology and agriculture sections to expand and consolidate in the vacated rooms.

Will Leave Corfu Before October 1

Danger to Peace of Europe from Recent Hostilities Is Removed when Full Agreement Is Reached

PARIS, Sept. 13 (AP)—The danger to the peace of Europe from the Italian occupation of Corfu ended tonight, when, after another difficult session, the ambassadors' council came to a full agreement. Italy finally consented to evacuate Corfu before the end of September. The island was occupied August 31.

It is also understood the council agreed that if on the date of evacuation the inter-allied commission of inquiry reports that Greece has not done all possible to discover and punish the assassins of the Italian members of the Greco-Albanian boundary mission, the 60,000,000 lire deposited by the Greek government will be paid over to the Italian government as reparations.

Up to almost the last moment the Italians insisted that the powers ought to take Premier Mussolini's word as to the evacuation and leave it to him to fix the exact date after the reparations measures had been carried out.

The British ambassador insisted quite as strongly that public opinion throughout the world ought to be reassured by a definite arrangement that would put an end to the talk that Italy intended to remain in Corfu indefinitely. He asked that the Italian premier choose a fixed date which would be early to set all speculation as to Italy's intentions at rest.

Conditions Inquiry

The allies assure the Italian ambassador that the greatest diligence will be exercised in pursuing the inquiry into the assassination of General Tellini and other members of the Italian boundary commission, and pleaded with him to urge Rome to accept the desire of Great Britain and fix a precise date for the evacuation of Greek territory so as to relieve the world of anxiety. The afternoon session was postponed until 6 o'clock and then again to 6:30 o'clock, in order to give time for the ambassadors to communicate with their governments.

Relief Is Evident

Two more hours were occupied by the ambassadors at the evening session before they could come to an agreement, but eventually it was announced with an air of great relief that Italy had agreed to evacuate. An official communique issued soon afterward said:

(Continued on Page Five)

RELIEF DRIVE EXCEEDS QUOTA BY \$1,200,000

Cash Donations Continue to Flood Red Cross Offices; Bodies of 74,000 Victims Are Cremated at Tokio

WASHINGTON, Sept. 13—The American Red Cross relief fund for Japanese earthquake and fire sufferers tonight exceeded a million and a quarter dollars the original \$5,000,000 asked for. The total reported up to six p. m. was \$6,200,000 with donations coming in steadily.

Of the six divisions to which the work of collecting funds was allotted, four have exceeded their quotas, and the others are making ground rapidly. It was announced at Red Cross headquarters. A check for \$600,000 was received today from the New York county chapter, bringing the cash received at headquarters up to \$3,070,000. A check for \$25,000 from the Heights of Columbus was received by Chairman John Barton Payne.

In a letter made public by the Red Cross, General Pershing, who at one time served as military attaché in Japan, called upon every one in the United States who could do so to contribute something to the fund, declaring that the best the country could do would bring but a small measure of amelioration of the terrible conditions. "This disaster is a world tragedy and all civilized countries are rallying to the assistance of their stricken people," said General Pershing. "The United States must not be surpassed in this service of mercy."

MANY DISTRICTS SHAKEN

WASHINGTON, Sept. 13 (AP)—Seventy-four thousand bodies were cremated in Tokio up to Sept. 10, the Japanese embassy was informed today in dispatches from its foreign office dealing with earthquake and fire casualties. Since Sept. 4, the notices said, 600,000 persons had left the capital by train, but no estimate was possible of the number who departed by foot, by boat or other means.

"In Yokohama up to the 11th," the foreign office said, "there were 68,000 destroyed houses out of a total of 93,000. The food supply is fairly good."

"In other parts of Kanagawa prefecture, casualties known to date (11th) are as follows: Houses shaken down, 53,000; houses burned, 4,600; swept away by tidal wave, 70; houses partly burned, 25,000; number of dead, 4,300; injured, 24,000."

Declare Opposition to Annuling Low Export Grain Rate

Montana Interests Prefer Retention of Present Differential in Charges

HELENA, Mont., Sept. 13 (AP)—Preference of certain Montana interests for the retention of a differential grain rate, giving grain for export through Pacific coast ports a lower rate than grain shipped for domestic purposes, was expressed by witnesses at the inter-territory commerce commission hearing here today before Examiner Mackley.

United States Senator T. J. Walsh and Governor Joseph M. Dixon of Montana, as witnesses, declared their opposition to annulling the export rate, the former declaring the export differential rate to be "extremely subject to theory" and the latter saying that it was the "one little crack in the door of hope for the Montana grain grower."

INDICT FORMER BANKER AT BUHL

Frank K. Hyde to Appear in Federal Court on Charge of Embezzling Funds

LOS ANGELES, Sept. 13 (AP)—Frank K. Hyde, of Long Beach, Cal., surrendered to federal officers in Los Angeles today to answer to charges of embezzling funds of the First National bank at Buhl, Idaho. He appeared before the United States commissioner and gave bond of \$5,000 for his appearance at Boise. Officials here said they did not know the amount of the alleged embezzlement.

BOISE, Idaho, Sept. 13 (AP)—Frank K. Hyde, formerly of Boise, was secretly indicted by the federal grand jury on charges of embezzling funds from the First National bank of Buhl, Idaho.

Hyde was an officer of the First National bank of Buhl. He left Boise five or six years ago.

E. G. Davis, United States attorney, said the total amount alleged to have been embezzled would reach approximately \$10,000, extending over about two years. Small amounts are alleged to have been taken at varying intervals.

IDAHO WEATHER

Friday: Fair night; unsettled with thunderstorms south.

UNITY OF MINE OPERATORS IS FAVORED PLAN

Federal Coal Commission Suggests Move as Defensive Measure; Insurance of Necessary Supply Recommended

WASHINGTON, Sept. 13 (AP)—Operation of a national industry so as to insure a dependable supply of fuel to the public, adequate wages to the miners and a reasonable return to the operators is possible, the coal commission declared in a report submitted today to President Coolidge. Thirty-seven specific recommendations were made in the way of establishing the equitable interest of each party.

Alleged detentions by both miners and operators were condemned by the commission, the recommendation being that the two groups join in the study of ways and means of stabilizing the industry to prevent unemployment and conserve production. The suggestion also was made that the operators permit an organization among themselves as effective as that of the miners' "both as a defensive and a cooperative measure."

Would Conduct Probes

Incorporation of the unions would not have the effect of "binding the union to its contracts," the commission declared, adding that apparently "another aide desires that wage contracts shall be specific enough to be binding through judicial enforcement." It recommended special compulsory investigation as a failure to renew an agreement appeared imminent, and inclusion in every wage contract of a clause providing for automatic renewal except respecting such provisions as may be outstanding 90 days prior to expiration of the old contract.

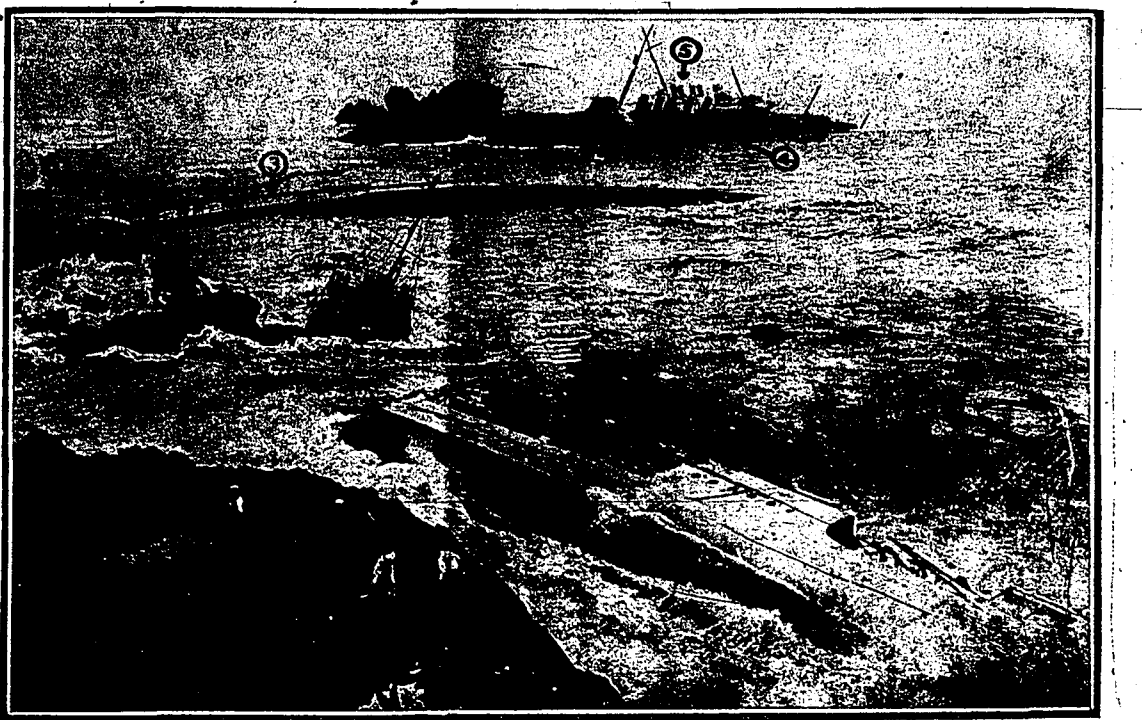

Other outstanding recommendations in the report were: Continuation by the government of its study into the industry generally and into specific phases, such as unemployment and inequalities in rate structure and continuous compulsory collection and publicity of rates and rate changes in non-union fields.

Abolition of convict leasing to operators. "Serious study by both sides" of the problem of undue limitation of output and of causes leading thereto.

LITVIN DENIES GUILT

BOISE, Sept. 13 (AP)—David Litvin, automobile dealer of Twin Falls, indicted on a charge of violating the state automobile theft act, was arraigned before Judge F. S. Dietrich, of the United States district court this morning and entered a plea of not guilty. His case will be set for trial later.

Scene at Graveyard of Seven United States Destroyers off California Coast

Panoramic view of the seven U. S. destroyers on rocks two miles north of Point Arguello, Santa Barbara county, one of the most remarkable photographs of a shipwreck ever presented. Each of the wrecks in the foreground is clearly and fully identified by their position on the reef. No. 1 is the U. S. S. LEE, fast against the cliff; No. 2 is the U. S. S. DELPHY, cut in two; No. 3 is the U. S. S. YOUNG, heeled over; No. 4 is the WOODBURY, 200 yards off shore, right side up; No. 5 in the distance, is the FULLER, right side up. Death Following Arguments Leads to Murder Charge

Nebraska Real Estate Man Killed After Difficulties with Passing Tourists

OGALLALA, Neb., Sept. 13 (AP)—Convict C. Rodman, real estate dealer in this place, is dead, and two tourists, said to be from Detroit, Mich., are in jail here facing murder charges as a result of a roadside argument over a pair of pliers said to have been borrowed from the Detroit tourists by Rodman when his automobile lighting system failed at Brou, near here, last night.

Rodman was run over by a car and twice shot, though the injury caused the car passing the scene, was the cause of death, it was said. The argument occurred about midnight, according to Sheriff F. M. Jump. The lights on Rodman's car went out. He accented a passing car in which Merle Warden and Harry Carlson of Detroit, were riding, asking for the loan of pliers to fix his lights, which they are said to have refused, and continued their journey to Brou. Here Rodman, who had followed them in the car of Dr. Benjamin of Lehigh, Pa., again encountered the Detroiters, and it is presumed the previous argument was renewed.

ENTER PLEAS OF GUILT

Lawrence Bennett and Roy Motlley Receive Sentences in Federal Court for Mann Act Violations

BOISE, Sept. 13 (AP)—Lawrence Bennett, charged with violating the Mann act, pleaded guilty this morning and was sentenced to serve eight months in the Ada county jail by Judge F. S. Dietrich of the United States district court.

Ray Motlley, indicted on a similar charge, also pleaded guilty and was sentenced to serve eight months in the Twin Falls county jail.

Arrest of both Bennett and Motlley was made in Twin Falls by Chief of Police P. O. Herriman, acting upon request of agents of the department of justice. The arrests were made last night and both were held in jail here pending the action of the federal officials.

(For additional view see page 6.)

ITALY'S CHIEF IS SILENT ON FIUME POLICY

Mussolini Refrains from Comment on Governmental Developments if Jugo-Slavia Rejects Joint Agreement

ROME, Sept. 13 (AP)—Premier Mussolini remains absolutely silent with regard to the attitude Italy will take if, at the expiration of the time limit set for September 15, Jugo-Slavia does not accept the conditions laid down in the joint agreement of the Italo-Jugo-Slav commission concerning the administration of Fiume or shows signs of persisting in what is termed her procrastinating policy. One thing seems certain—that Mussolini is determined that the Fiume question shall be settled quickly.

The Italian newspapers say there are signs of an organized campaign abroad regarding Fiume which doubtless had its origin in Jugo-Slav propaganda. They also pretend to detect an inclination to mix up the Fiume question with the Greco-Italian quarrel, and also express the belief that the suggestion of mediation by a friendly state, namely France, between Italy and Jugo-Slavia, which Italy could not accept, is due to this alleged propaganda.

It is considered here as not improbable that Premier Mussolini, if requested by M. Poincaré, Jugo-Slav premier, might postpone the time limit for Jugo-Slavia's answer to the Italian note. If, however, a delay is granted, it is reported it will be for a short time, since, as Mussolini explained today, Fiume is in a very bad material situation owing to the crisis.

REAL ESTATE TRANSFERS

Furnished by the Twin Falls Title and Abstract Company—

Monday, September 10.
 Patent, United States to G. R. Vosburg, W 13, 21-14.
 E. A. Parrott to H. L. Powers, \$2000; lots 19, 20, block 70, Twin Falls.

 A Hollingsworth to W. H. Macaulay, \$1; lot 4, block 2, Eastlawn addition.

Money Not Everything.
 When I hear a man saying that he is in business only for the money he can make and not for the favors he can render, I think of what some wise man said one time: "If a man could pray he would devote his entire prayer to corn and swill, but men should pray for other sorts of things."
 —Tom Dreier in Forbes.

Little Slave Girl Looks Forward to Home of Her Own

Margaret Melton, Age 11, Who Slept in Chicken-House, Will Now Live in Comfort

CHICAGO, Sept. 13 (AP)—Margaret Melton, the 11-year-old child who was torn, like a slave, according to Illinois children's home and aid societies workers, on a farm where she had been pinched after her parents were arrested, will have a new home in New York city with her uncle, Daniel Coghlin. She no longer will sleep in a chicken house and prospects are bright for a happy girlhood henceforward.

Mr. Coghlin, the uncle who had never seen his niece until she came here after reading newspaper stories of how the juvenile authorities had taken the little girl into their care, was given custody of the child today by Judge McEwen, who refused the girl's mother's pleas for custody, declaring that the mother had forfeited all claim to her daughter.

Margaret Melton's parents were divorced four years ago and the father placed the girl on a farm. There, according to the aid society workers, she was made to sleep in a chicken coop, where she was locked in, made to work, given poor food and not allowed to play with other children.

BIDS ARE SHORT ON TUNNEL JOB

Contract for Project West of Denver Is Held in Abeyance; Will Cost Millions

DENVER, Sept. 13 (AP)—Because only one bona fide bid for the construction of the Moffat railroad tunnel through James park, west of Denver, was received by the Moffat tunnel commission here today, the awarding of the contract is being held in abeyance. The only bid, that of Ulen and company of New York, was \$6,075,000. Additional bids were sent in but were not considered as they were not accompanied by the prescribed \$200,000 certified check.

The bid of the New York concern carries with it the provision that the Ulen company will stand a loss not to exceed \$200,000 above the total sum of the bid, but any losses in excess of this amount would have to be borne by the commission. In event the bid is accepted any amount in profit above \$486,080 would be divided equally be-

tween the company and the tunnel commission. Three courses are open to the tunnel commission it was said tonight. It may accept the bid, advertise for new bids or go ahead with the construction work itself. The commission is said to be divided on the question of undertaking the task of construction as a body.

ROCK CREEK

ROCK CREEK—Mrs. Mary Norton is staying up at her ranch a few days and getting her business ready for winter. She has sold all her cattle.

A party of Rock Creek young people went to Artesian to the dance Saturday night.

Mr. and Mrs. George Crockett and family went to Filer Monday.

Mr. and Mrs. Neohi Larson and daughter were in Twin Falls Friday. The Wooden Shoe outfit went out in the hills Monday to round up the cattle for winter. George Scott is the cook.

Thelma and Harold Van Eaton are driving from home each day to school in Twin Falls. Ferris Larsen stays in town to go to high school. Mack Gray goes to Pocatello to the Tech on September 17.

Mrs. Yerna Larsen was in Twin Falls Wednesday on business. She is preparing to drive to Florida by the southern route.

The News is read by the permanent cleaners.

UTAHNS-LAY MEMORIAL FOR LATE EXECUTIVE

Hundreds Gather at Cedar City to Witness Laying of Golden Rail Where Harding Gave Address

CEDAR CITY, Utah, Sept. 13 (AP)—Hundreds of Utahns gathered Wednesday to witness the laying of the Harding memorial golden rail at this town, the termination point of the Cedar City-Lord branch of the Union Pacific railroad. On the exact spot where the special car of the late chief executive of the nation stopped while he visited Zion national park last June on his way to Alaska, a portion of the steel rail was taken up and the gold one put in its place.

United States Senator Reed Smoot of Utah, and President Hooper J. Grant of the Mormon church, were the principal speakers at the ceremony.

EMBEZZLEMENT CHARGED

SALT LAKE, Sept. 13 (AP)—Ernest R. Woolley, prominent Utah business man, was arrested Wednesday night on a warrant charging embezzlement of \$22,500 from the Inter state Sugar company, with which he was formerly connected. In lieu of bonds he is being held in the county jail. The complaint against Woolley was sworn to by Percy B. Glover, treasurer of the sugar concern.

CARD OF THANKS.

WOOL GROWERS WILL ORGANIZE

Three-Day Conference Closes at Chicago; Fifth of Output is Represented

CHICAGO, Sept. 13 (AP)—The three days' conference of growers and bankers from mid-western farm-wool and western range states closed here Wednesday with a meeting of the directors of the National Wool Warehouse and Storage company. "No less than 50,000,000 pounds of wool, one-fifth of the national production, was represented at the conference," said Matt Staff, president of the company, "and that amount, more than ever came to Chicago for handling before, may be expected here for handling after the shearing next spring, for we shall be ready before then."

"This is the present center of the wool trade." Plans were made to start organization of growers' cooperative association in the range-wool states, Mr. Staff said. The associations are expected to apply for long term credit provided under the agricultural credit act of 1923, and to market their wool through the National Wool Warehouse and Storage company as now organized.

A Pronounced Success.

YANKEES EASY VICTORS
 NEW YORK, Sept. 13 (AP)—The New York Yankees easily defeated the White Sox in the third game of the series here today, 9 to 5. The Yankees started off with an eight-run lead in the first two rounds, knocking out Blankenship in the second. Ruth hit his 30th home run of the season off Blankenship in the first inning, leaving him one behind Williams of the Philadelphia Nationals. Score: R. H. E. Chicago 5 8 4 New York 9 12 1 Batteries: Blankenship, Thurston and Cronin; Bush and Schang.

Salt Lake Boxing Fans Are Betting Champ Will Win
 SALT LAKE CITY, Sept. 13 (AP)—Salt Lake City, which Dempsey claims as his home town, no is the big favorite on the eve of his battle in New York City with Luis Angel Firpo of the Argentine. There are few persons here who believe the South American will be able to hit Dempsey's world's heavyweight boxing crown. While Dempsey was born in Colorado he spent a goodly portion of his life in Utah and his parents reside here. The only knockout ever chalked up against Jack was scored against him some years back at Murray, Utah, when "Fireman" Jim Flynn took him into camp in one round. Dempsey fought numerous battles in and around Salt Lake before leaping into fame when he won the title from Jess Willard at Toledo in 1919.

WINS BY PERFECT SCORE
 CAMP PERRY, Ohio, Sept. 12 (AP)—Making a perfect score over each one of the 800, 900 and 1,000 yard slow fire ranges, Sergeant W. E. Hayes, Portland, Ore., national guard, won the Leach cup at the National Rifle Association tournament here. The navy match was won by Fireman L. O. Gordon, while the infantry team match went to the United States infantry team. Hayes' score was 105 plus Dr. Gordon had a score of 94 out of a possible 100. Visit the Idaho Power Co's booth in the Women's Building while at the fair. Vacuum Cleaner FREE if you are a good guesser.—adv.

URGENT SQUARE DEAL FOR CONTESTANT FOR TITLE
 NEW YORK, Sept. 13 (AP)—An appeal to boxing fans to show the utmost of sportsmanship and fair play, regardless of personal sympathies, toward Luis Angel Firpo in his title battle with Jack Dempsey tomorrow night, was made tonight by a group of North Americans who have been residents of Argentina, Firpo's native land, or other Latin-American countries. The appeal was issued in the form of a resolution adopted at a meeting presided over by John Barrott of Vermont, former American minister to Argentina and former director general of the Pan-American union, who has been closely identified with Latin-American affairs for more than a score of years. Whether Firpo wins or loses, the resolution concludes, he should "leave the ring feeling that he has had a square deal from the multitude as well as the referee."

PIRATES SPLIT WITH BROOKLYN
 Adams Hit Hard in First Session; Cincinnati Closes Trip with Close Victory

ATHLETICS WIN HARD CONTEST
 St. Louis Game Goes 11 Innings, 3 to 2; Detroit Drops One to Washington

PITTSBURGH, Pa., Sept. 13 (AP)—Pittsburgh and Brooklyn divided a double-header here this afternoon. Brooklyn winning the first game, 7 to 4, and the Pirates the second, 6 to 3. In the first game Adams was hit hard in the first three innings and gave way to Hamilton. First game: R. H. E. Brooklyn 7 10 0 Pittsburgh 4 7 2 Batteries: Vance and Taylor; Adams, Hamilton and Goech. Second game: R. H. E. Brooklyn 3 9 1 Pittsburgh 6 9 2 Batteries: Henry, Dickerson and Taylor; Cooper and Schmidt.

PHILADELPHIA, Sept. 13 (AP)—Philadelphia won a hard-fought 11-inning battle from St. Louis today, 3 to 2, when Miller singled in the eleventh, scoring Hale. Danforth pitched a fine game for St. Louis despite DeLoak. Heimach of the Athletics gave way to a pinch hitter in the ninth and Harris finished the game. Score: R. H. E. St. Louis 2 9 2 Philadelphia 3 9 2 Batteries: Danforth and Collins; Holmachi, Harris and Perkins.

GOES UP IN EIGHTH
 BOSTON, Sept. 13 (AP)—The wildness of Uhlir in the eighth inning was largely responsible for Boston's 8 victory over Cleveland in the first game of the series here today. Boston used five pitchers. The home run of Brower into the right field stands in the eighth was one of the hardest hit balls seen here this season. Score: R. H. E. Cleveland 8 13 1 Boston 8 9 12 5 Batteries: Uhlir, Edwards and O'Neill; How, Ferguson, Murray and Plintchik.

TENNIS CHAMPIONS IN SEMI-FINAL ROUNDS
 Johnston, Tilden and Morton Among Those Teaching Closing Events in U. V. Tournament Play

REDS SCORE AGAIN
 CHICAGO, Sept. 13 (AP)—Cincinnati closed its road trip today by defeating Chicago, 5 to 3, in ten innings, making a clean sweep of the two-game series and gaining one-half game in the pennant race. Great hitting by Harver and Duncan, the latter making five hits in five times at bat, helped the Reds to victory. Fonseca was hurt in a collision at first base when O'Farrell ran into him in the fifth inning and had to be carried off the field. Score: R. H. E. Cincinnati 5 11 1 Chicago 3 9 2 Batteries: McQuaid, Keck, Donohue and Hargrave; Aldridge, Osborne and O'Farrell.

TIGERS 3, SENATORS 7
 WASHINGTON, Sept. 13 (AP)—Walter Johnson gained the decision over Sylvester Johnson today, Washington defeating Detroit 7 to 3. The game was marked by free hitting on both sides, neither starter on the mound finishing the game. Harris was ejected from the contest in the first inning for protesting a decision. Blagoe moved from third to Harris' place and was forced a little later to leave the game when a ball took a bad hop and struck him in the face. Score: R. H. E. Detroit 3 13 4 Washington 7 12 3 Batteries: S. Johnson, Pilette, O.

GERMANTOWN CRICKET CLUB, PHILADELPHIA, Sept. 13 (AP)—William M. Johnston, San Francisco, holder of the world's title; Francis T. Hunter, New Rochelle, N. Y.; William T. Tilden II, Nassau champion, and R. I. C. Norton, South Africa, today reached the semi-final round in the tournament for the lawn tennis championship of the United States. Johnston defeated F. T. Anderson of New York; Hunter beat Robert Kinsey, San Francisco; Tilden disposed of Manuel Alonso of Spain, and Norton eliminated R. Norris Williams, Philadelphia, captain of this year's American Davis cup team, in the fourth round. In the semi-finals tomorrow Johnston will meet Hunter, and Tilden will play Norton.

No other National games played today.

ATTENDANCE OF NEARLY 6,500 BREAKS RECORDS AT FAIR

THROUGHS REMOTE POPULARITY OF COUNTY'S SHOW

Paid Admissions Reach \$2,974 on Third Day; All Buildings Taxed to Capacity; Spirit of Good Humor Prevails

Old Man Hard Times received a right to the fair Thursday that "put him away," as far as Twin Falls county is concerned, when the last crowd in the history of the Twin Falls county fair was in attendance, 5949 paid admissions making a total of \$2974.45 taken at the main gate.

The view of the fact that this is a busy time on the farm, threshing and harvesting is in full swing and the fruit crop is coming on so that a great many farmers are ready to get out of the home, such a record breaking attendance is regarded as convincing evidence of returning prosperity and increasing interest in the fair.

Crowd Arrives Early The crowd to arrive fairly early Thursday morning and by noon every inch of available parking space in the grove was taken up by automobiles of every description, their occupants picnicking or enjoying a good time generally.

The barns and exhibit halls were thronged all day long and the midway games and riding devices were taxed to capacity at all times. The grandstand started to fill as early as 12 o'clock and by 1:30, when the grand stock parade commenced the grandstand was full and the aisles and bleachers were filled.

Automobiles were parked almost completely around the track, only a small stretch on the far side of the track was left open. Beautiful weather again greeted the visitors Thursday and times it was too hot to be comfortable.

All in Good Humor The crowd was unusually good humored and so far as could be learned there was not a disturbance of any kind on the grounds. The town of Buhl practically closed up for the day, the schools were let out and the stores were closed so that a large part of the crowd today was made up of Buhl people.

Children's Day Friday Friday is children's day, all school children will be admitted to the grounds free and the school will be closed early to allow the children to attend. The officials are making preparations to take care of another record breaking crowd for Friday for the entire day. It is expected that about 4000 paid admissions besides the children that will be admitted free. A splendid racing program is on the hill for Friday and everyone is urged to attend. It is a day to help put this fair over as a record breaker in every way.

RACING EVENTS PROVE POPULAR

Records Established in Speedy Events at Filer; Three Jammed in Second Pace

One of the fastest, snappiest racing programs of the season was pulled off at the fair Thursday afternoon. The races were started in the afternoon and there was very little waiting between events. The huge crowd that packed all the available seating capacity and crowded the fence at every race, was kept on edge throughout the program.

The first event was the 2:17 trot or pace, which is the fastest race of the meet, and proved to be a race with plenty of thrills. Although Mary J., owned by Williams, took all three heats, she was pressed closely in every contest. The result: First heat, Mary J., second, Wireless Message, second and Appanee, third. Time 2:16 1/4. The second heat: Mary J., first; Appanee, second. Wireless Message, third. Time 2:19 1/4.

The second race, a three-eighths of a mile run, was won by Irish Tide, owned by Whicary; Sleepy Kate, owned by Murray, second; Bob, owned by Cooper, third. Time 2:05.

Livestock Parade Viewed by Crowds

Blooded Animals Elicit Admiration when Led Past Crowded Grand Stands at Filer

Gaily bedecked horses and cattle, each on a prize ribbon and wearing the purple and red ribbons denoting awards, filed past the crowded grandstand at the fair Thursday. Headed by the Buhl band, the grand stock parade started promptly at 1:30, passed down the track past the grandstand and annex, and turned and filed by again giving everyone a chance to see the wonderful livestock exhibit that has been the talk of the fair this year.

As the animals passed the grandstand Council E. O. Taylor announced the names of the animals and owner and the prize won in this show, making the event doubly interesting to the spectators. One of the features was the appearance of a chance to see the wonderful livestock exhibit that has been the talk of the fair this year.

Judging Nearly Ended The judging of exhibits was practically completed with the finishing of the show. The flowers are the only display left to be judged and they will be completed at an early hour Friday morning. The show is a beautiful affair compelling all visitors to stop for a time to drink in the beauty of the sight.

The Amalgamated Sugar company has a novel display that attracts much attention and keeps a crowd in front of the place at all times. They are exhibiting 12 jars of sugar and offering a 50-pound sack of sugar to the person who can distinguish between the cane and beet sugar. In addition they have some of them of unbelievable size. There are booths showing the effects of irrigation and other attractive exhibits connected with the sugar industry.

The Idaho Power company also has a fine exhibit of different electrical appliances in the women's building, keeping up on an exhibition of the application of electricity to the home. The prepared food exhibit attracts a large crowd and receives much attention from the visitor. Beautiful golden brown loaves of bread, fancy cakes and pastries are on display. The canned food exhibit is a real feature of the fair, showing a large variety of all kinds of goods with each other in their beauty and appeal.

The needlework section is a paradise for the ladies and receives much attention from the visitor. Many beautiful pieces of embroidery, crocheting and knitting are on display, giving the appearance of a real section of a huge department store.

Grid Squad Turns Out for Practice

Coach Evans Calls on Candidates for Team to Play Hard But Clean Game

The Twin Falls high school football squad turned out for the first practice Thursday night 85 strong. Only preliminary work was engaged in. Coach Evans gave the men a real talk on what he expected of them and on the game itself telling them that football was not a game for babies and that he would expect the best that every man had in him at all times during the season.

The bunch were divided up into squads with a last year's veteran in charge of each squad and such preliminary work as falling on the ball, blocking and proper position for the line was gone through as well as the setting-up exercises to get the men in the best physical condition to stand the long, hard grind ahead of them.

Morning practice will be held Friday morning at 10 o'clock, school being closed for the day. Coach Evans does not expect a full squad out, as some of the boys are working and have permission to be absent.

DILLON GETS DRAW WITH PACIFIC COAST CHAMP

SEATTLE, Sept. 13 (AP)—Tod Morgan, Pacific coast featherweight champion, and Danny Dillon of Minneapolis fought a six round draw here Wednesday night. Morgan had a shade the better of the exchange but Dillon's great work in the sixth round caught the eye of the referee.

ITALY GIVES

(Continued From Page One)

The ambassadors' council has adopted a solution which it considers such as will put an end to the question created by the assassination of the Italian delegation. The solution will be immediately transmitted to Athens and also communicated to the league council and will be made public tomorrow afternoon.

The members of the commission of inquiry will leave tomorrow to take up their work with instructions to pursue their investigations with the greatest energy.

Oldest Known Will

A will executed in 2948 B. C. is the oldest extant. It is written on papyrus by an Egyptian named Ub. In it he gave his home and other property to his wife, to be left by her to any of their children; arranged for the burial of himself and wife, and appointed a guardian for a son. In fact the will differs little from one which might be executed today.

Uncle Eben

"Some day," said Uncle Eben, "I may feel that it's up to me to go on one of dese here hunger strikes. If it ever happens I'll have to be at de time of year when it's too late for spring chickens an' too early for watermelon."

Opportunity a Sycophant. Opportunity is like everything else, always ready to call on a man who is already successful.—London Answers.

IDAHO LOSER'S SERVICES OF HUSKY GRID PLAYER

Dale Vohs, Tackle in Vandal's Line, Buled Out of 1923 Games Because of Success at Eastern School

UNIVERSITY OF IDAHO, Moscow, Sept. 13—Because the faculty committee on eligibility found that sometime in the past he played a few minutes of varsity football at Notre Dame University the services of Dale Vohs of Emmett, husky Vandal tackle, have been lost to the 1923 team. Vohs has played two years on the Idaho team and until the committee investigated his record he was listed among the veterans around whom the 1923 eleven will be formed.

Although Vohs is an Idaho boy he went to Notre Dame after completing his high school work and easily made the varsity team at that institution. He was a variety candidate his social and athletic record being such that he participated in a collegiate game until recently. The football revival at Idaho, which started in the fall of 1920, attracted Vohs westward and during two seasons he was one of Idaho's prize tackles.

When the committee's action was known Coach R. L. Mathews jumped at the chance to get another assistant coach to complete his staff. Vohs, with his familiarity with Notre Dame football and his two seasons at Idaho, will make a valuable addition to the Vandal staff. Mathews is himself a veteran of one of the famous Notre Dame eleven of former seasons.

MASONS SELECT NEW OFFICIALS

Grangeville Man Chosen Head of Lodge in Idaho at Three-Day Meet at Boise

BOISE, Idaho, Sept. 13 (AP)—Victor Peterson, of Grangeville, was today chosen worshipful grand master of the Idaho grand lodge of Masons, which held a three-day convention with installation of elective and appointive officers.

Other officers elected were: Frank Knox, Emmett, most honorable deputy master; Will H. Gibson, Boise, worshipful senior grand warden; Jay Mason, Idaho Falls, treasurer; Curtis F. Pike, worshipful grand secretary.

They and the following officers appointed by Mr. Peterson were installed at the closing session tonight: O. E. Cleaves, Pocatello, chaplain; R. N. Dunn, Coeur d'Alene, orator; R. L. Curtis, Sand Point, senior deacon; Roy Gilbert, Nampa, junior deacon; Fred Mansford, Caldwell, marshal; S. J. Robertson, Jerome, senior steward; E. T. Lillibridge, Pocatello, junior steward; W. R. Patton, St. Anthony, sword bearer; E. Calheart, Harrison, sergeant; Ralph DeFouché, Lewiston, tyler.

The installing officer was Andrew Christenson, past grand master. Frank W. Man, Jeremiah Robinson and Dr. W. T. Smith, all of Boise, were elected trustees of the grand lodge for the coming year.

ELBERTA PEACHES. Fancy grade just in from Gourley's ranch. Most of the peaches are being sold by the car and shipped out, but we have a limited amount for customers who do not want culls or seconds. Also some fancy Bartlett pears ready to eat or can now.—adv. ED. VANCE, Public Market.

EGG MARKETING PLAN DEVELOPS

Committeemen Named to Count Hens with View to Forming Co-operative Association

Additional steps toward formation in Twin Falls county of a co-operative egg marketing association were taken at a meeting Thursday evening of several Twin Falls citizens. The number of commerce offices here at which announcement was made by A. L. Swin, president of the chamber of commerce, of a party of some five years, but have been living in northern months, working on farms in North Dakota, South Dakota and Nebraska. They expect to return to Iowa in the spring, over the Santa Fe trail.

The meeting was attended by Pren C. Moore, poultry specialist of the state university extension division, who on previous visits here recently had suggested the advisability of forming the proposed organization. It would be necessary, Mr. Moore advised, that at least 1,000 hens be represented in the initial organization.

The meeting was held primarily for the purpose of presenting the organization plans before Twin Falls growers and dealers in eggs, none of whom, however, attended. Their absence was regarded as an indication that they were not out of sympathy with the proposed organization.

Mr. Moore advised that farmers and business men of Jerome and Gooding already have practically completed a co-operative egg marketing organization such as is proposed to be formed here. It was suggested at the meeting Thursday evening that in the event too few hens were found here to justify proceeding with the local organization, arrangements might be made for uniting with the North Side enterprise.

Only one co-operative egg marketing association has heretofore been formed in Idaho, Mr. Moore said. That is in Caldwell. Its activities, Mr. Moore said, have been attended with a high degree of success. Members of the committee which is to make the survey looking toward the formation of an association here, as announced Thursday, are Vance Naylor, Hanson; James Kilpatrick, Filer; J. H. Troandley, Hollister; O. E. Potter, Twin Falls; Herbert Lambing, Kimberly.

COMMENTS HEARD AMONG TOURISTS

A party of young men from Conesville and Keosauqua, Iowa, consisting of Job Hasselbine, R. M. McCormick, W. M. Cox, Floyd and Walter

Workers are working their way to the coast to spend the winter. They have been on the road for more than three months, working on farms in North Dakota, South Dakota and Nebraska. They expect to return to Iowa in the spring, over the Santa Fe trail. Mrs. James B. Redfield, Mr. and Mrs. Johnnie B. Redfield, Mr. and Mrs. James B. Redfield and Emory Johnson, of Des Moines, Iowa, are going to Los Angeles to try that city the second time. They lived there for five years, but have been living in Iowa for the last 13 years. Mrs. Redfield said that if Los Angeles does not look as good as it used to they are surely coming straight to Twin Falls, as it is the prettiest and cleanest town that she has ever seen. She also added that the tourist park here is the most convenient one that she has visited, even better than the much-lauded one in Omaha.

Mr. and Mrs. O. C. Schaeffer of Chicago are wandering around in search of a more congenial climate. He said that he had been on the road so long that he had lost all idea of time; in fact he did not know the hour, the day, or the week or the month, but that when he reached Twin Falls he thought that it must be June, because he had never seen such a profusion of flowers in any other month.

Growers Fix Apple Price. CALDWELL, Sept. 13 (AP)—Something like 400 cars of apples were pledged at a meeting of the farm bureau office of the newly organized Apple Growers' association of this section. All the growers pledged themselves to sell through the association and fixed their price at \$40 per ton or \$1.25 in baskets. The association is sending out letters to prospective buyers advising them of the amount they have for sale and the price expected.

"What I'm going to have this winter is a good looking sport coat,"—

And then you begin to wonder just where you are going to find your ideal sport coat.

Really it isn't difficult after all—because we have Wooltex Knockabout coats for you, the best looking, best tailored service coats we could obtain. They are built on manish lines and designed particularly for rough weather wear, for the business woman and the woman who drives her own car. The fabrics are of the swagger outdoor type, all-over plaids, plain or plaid chinchilla or poulaires. Reasonably priced, too, at

\$28.00 to \$60.00

WRIGHT'S

The store that sells Wooltex

Coats which are costumes in themselves

One does not choose a coat today merely because it's a "nice coat" or "warm and snugly." It must be of fine fabric, flawless tailoring and lasting smartness. It is just this which we have secured for you in Wooltex coats.

This season Fashion has devoted herself to coats as never before. Lines are as sophisticated as those of one's Frenchiest gown—long and slender to the point of the writh-like. The Wooltex coats we have for you are tailored out Lustrosa, Excello, Fashiona, Bonivoine and many other lovely fabrics, collared in the material or in beaver, squirrel, Eastern fox, wolf, etc.

Models for the woman and the younger girl

First National Bank of Twin Falls We Seek More Business on Our Record

TWIN FALLS WEEKLY NEWS

Established 1904. Twin Falls News Publishing Company, Ltd., Publishers

Entered as second class matter December 12, 1904 at the Post Office at Twin Falls, Idaho, under the act of Congress of March 3, 1879.

THE LEAGUE OF NATIONS

The Greek-Italian squabble seems to have been settled by the Council of Allied Ambassadors instead of by the League of Nations.

The settlement itself comes gratefully. No one with any common sense, in any country, really wants any more war.

BOOKS ABOUT JAPAN

Most accidental ideas about Japan are hazy, at best. Now, with the world's attention centered on that ancient, beautiful and mysterious country, many people find their curiosity stimulated and wish to learn more about it.

For those who care to go a little further into the subject, the most sympathetic of all studies of Japanese life and character are found in the books of Lafcadio Hearn.

Hearn married in Japan, lived and died there. His "Japanese Miscellany" is light and charming. His "Gleanings in Buddha Fields," "Kokoro," "Glimpses of Unfamiliar Japan" and other books get deep into the heart of his adopted country.

With the development of ever faster transportation, the far countries of the world come closer. With air travel perfected, Japan will be just around the corner.

POULTRY MEN SEEK TO ORGANIZE ASSOCIATION

Plans for Co-Operative Egg Marketing Scheme Are Discussed at Meeting of Farmers and Business Men

Steps looking toward the formation of a co-operative egg marketing association were discussed Tuesday night at a meeting of a group of farmers and poultrymen with members of the chamber of commerce.

COUNTY FAIR OPENING DRAWS INITIAL CROWD

Livestock Display Declared Second to None with Interest Running High; Women's Department Attracts Many

With fair weather prevailing and interest more keen than ever before, the Twin Falls county annual fair opened at 10 o'clock Tuesday morning in a manner most auspicious and notwithstanding the usual small crowd on opening day the evidence of the increased popularity of the event and the presence of the best that Idaho has to offer in the way of agricultural exhibits forecast the most successful event of the kind in this district in recent years.

For mothers there was but one feature throughout the entire program—the baby clinic, conducted by the state department of public health with the cooperation of local organizations.

The judges in the various divisions were many and judging commenced shortly after the fair opened. Awards in the women's department were soon made, and the horse judging was then completed.

Steer riding and roping also will be one of the features each day; also, a check riding trial will be on the program, every day featuring Mrs. Peck, who has taken many prizes at the Pendleton show, and Killy Ganutt, who is a fancy and trick rider of note.

LIST OF AWARDS
