COURT BEGINS WORK ON HEAVY CRIST OF TERM

Arguments on 51 Motions or Demurrers in Pending Suits Set for Hearing; Two Murder Cases on Calendar

Attorneys' arguments on motions or demurrers in 51 pending civil actions will be heard before Monday, October 1 when the jury has been summoned to report for duty, according to a schedule formulated Friday by Judge W. A. Babcock upon the opening of the September term of district court here. Settings were made out of a total of about 80 cases appearing on the motions and demurrers calendar.

Arguments on who, however, is opposed by the city in the suit instituted by J. D. Tucker, former mayor, to restrain Twin Falls city administration from proceeding under its contracts to convert waterworks distribution system by installation of additional meters was set for 9:30 o'clock a. m. Thursday, September 27. Opening of the court term was postponed Friday morning by almost a score of attorneys of the district. The court promptly got down to the work in hand, and calling of the motions and demurrers calendar was begun. A number of motions and demurrers, it developed, are to be argued before Judge T. Halley Lee, junior judge of the district, and a number of demurrers were responsible for failure to set others for immediate hearing.

Two Murder Cases

Cases on the criminal calendar were called at the opening of the afternoon session, at which time Melvin Blackburn, charged with first degree murder of his wife, and Benulo Lemus, charged with first degree murder of Andrew Ortega, appeared for the reading of information filed by the prosecuting attorney's office. Both took the statutory time to enter their pleas, which are to be heard Saturday afternoon. The hearing was postponed by Judge Martinez, charged with retaining an officer. All three defendants have been held prisoners in the county jail for two or more months.

On Criminal Calendar

Other cases on the criminal calendar include David Lityin, charged on two counts with receiving stolen automobiles; Anton Fiorio, charged with resisting an officer; and Glen time charged with issuing a fictitious check; Fred Hoops and O. Goodyear, charged with grand larceny of cattle; Orson Alton, Peter Walsh, Fred L. Cobb, Ver- nio Taylor, Earl Love and Omar Maxwell and John Maxwell, charged with illegal possession of intoxicating liquor.

CITIZENSHIP IS SOUGHT BY EIGHT PETITIONERS

Three Natives of Sweden and Five of Canada and England to Appear in Naturalization Hearings

Hearing on the petitions of eight applicants for naturalization as citizens of the United States is to take place before Judge W. A. Babcock in district court here Saturday morning, beginning at 10 o'clock. Examinations of the applicants will be conducted by Del L. Sullivan, of Salt Lake, naturalization commissioner, who arrived here Friday for that purpose.

Three of the applicants are natives of Sweden, and the others expect to renounce allegiance to the ruler of the British empire.

Prospective citizens who are scheduled to appear in the hearings Saturday are:

Oscar F. B. Peterson and Emil Johnson of Twin Falls, and Gus Lundholm of Filer, all of whom are natives of Sweden; Selwin W. Davidson and Ernest Liljewally Farnham of Twin Falls, who came to this country from Canada; Frederick W. Clover Seed Grower Pays High Crop Rent

Sale of the crop of red clover seed from a field of 25 acres grown this season on his ranch near Huhl, grossed \$1845, according to word received Monday evening by James S. Reel from W. J. Glasgow, tenant on the property. The crop yielded approximately 19,000 pounds of seed and would bring \$12.75 per bushel reckoned. Mr. Reel estimated his share, two-fifths of the crop, represents rent at \$35 per acre. He said that he had lately refused an offer to rent the place for three years at \$200 an acre cash rent.

ASKS FOR TIME TO SHOW STATE FREE OF PEST

Congressman Smith Requests Postponement of Hearing on Proposed Quarantine Against Idaho for Eel Worm

With a view to making possible a more adequate presentation of the case from Idaho producers' standpoint with respect to a proposed quarantine against waters states farm products because of alleged presence of eel worm, Congressman Addison T. Smith, in a telegram to Secretary of Agriculture Wallace, has requested postponement for 60 days of a hearing on the subject scheduled to be held October 2 at Lewiston.

Notice of the hearing, Congressman Smith says, is entirely too short to permit of collecting proper information for presentation on behalf of Idaho producers.

The quarantine, if it were imposed, would affect shipments out of the state of a number of products which, in other states, are known to have been attacked by the pest.

Denies Danger to Idaho.

According to E. R. Bennett of the state university extension division, a visitor in Twin Falls this week, there is little or no possibility of the eel worm becoming a menace to Idaho farm crop production.

"The eel worm," Mr. Bennett said, "has been discovered in potatoes in Canyon county, and two years ago I was inclined to fear that the pest might become a dangerous one in that region. Subsequent experience, however, seems to show that the worm does not survive cold winter weather such as is usual in Idaho, and I am quite sure that Idaho producers need have no fear of damage from this source."

Mr. Bennett explained that the eel worm, a microscopic organism, attacks potatoes and other crops, producing small knots on the surface, each about the size of a match head. Thousands of the worms, he said, will be found in each of these knots.

The eel worm constitutes a serious pest in southern states where winter seasons are mild and where the worms or larvae survive from season to season.

Vegetable crops, such as carrots or tomatoes, for instance, he said, which are infested with the worm, will attain a certain degree of development and then stand still. Examination of the root shows the presence of the small knots containing the pest.

Expects Favorable Decision.

Congressman Smith Wednesday evening expressed confidence that the department of agriculture would give favorable consideration to request for postponement of the Lewiston hearing.

Congressman Smith's message in this regard was as follows:

"Earnestly recommend that an extension of 60 days be given for hearing on account of threatened quarantine against Idaho agricultural products on account of alleged presence of eel worm. Notice given is entirely too short to secure proper information on which to base a brief by those interested."

Salmon Tract Seed Crop Brings \$4800

A field of 40 acres of Grimm alfalfa grown this season on the T. J. Douglas farm near Haggard on the Salmon River tract yielded a crop of approximately 400 bushels of seed, it was learned Saturday when threshing of the crop was completed. Sale of the crop has been contracted at the rate of \$12 a bushel, it was said, bringing the gross return to \$4800, or \$120 per acre.

PARIS AWAITS EFFECTS OF CAPITULATION ORDER

All Regulations Issued by Allied Authorities to Be Maintained Until Situation in Germany Clears

PARIS, Sept. 27 (AP)—All orders and regulations issued by the allied authorities in the Ruhr will be maintained, until the situation in Germany clears and it becomes known to what extent the passive resistance has ceased in consequence of President Ebert's proclamation. Today's dispatches from Berlin gave no basis for any conclusion as to what turn events may take, and the allies can only continue to wait and watch.

Former Chancellor Cuno's repatriation offers are regarded by the allies as having been superseded by the later developments, it is learned, and the Germans will be expected to make entirely new proposals. If they decide to do so, then the allies are ready to turn the repatriation clock back to January 11, and consider the whole situation anew, provided they are assured earnest co-operation from the German government.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, W. R. Johnson, 161 Union Ave. N., Portland, Ore., is offering to send a lamp on 10 days FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

ACTION FILED AGAINST FRIEL

Business Manager of St. Louis Browns Named by Urban Shocker in Complaint

ST. LOUIS, Sept. 27 (AP)—A petition charging breach of contract and asking that Urban Shocker, star pitcher of the St. Louis Browns, be declared a free agent, was served today upon Bill Friel, business manager of the Browns, by Jerome F. Duggan, attorney for the pitcher.

Duggan declined to say whether the petition had been filed in court. Shocker or Friel refused to comment on the action.

Notice of the action, however, was served on the Browns' management coincident with the announcement that the recent suspension imposed upon Shocker for alleged insubordination had been lifted and that he would be in uniform tomorrow when the Browns open a series with the Chicago White Sox.

The petition alleges that the action of the club in several material points of the suspension has breached his contract and that the pitcher no longer is bound to the team.

Shocker's suspension grew out of his desire to have Mrs. Shocker accompany the Browns team on the westward trip. Club officials stated that this was in violation of club rules which forbid a player's wife from accompanying him on a trip during the season.

Writes Chronicle of Sensations as Gas Takes Effect

Once Noted Boxer Leaves a Written Record of Mental Reactions as Death Nears

SAN FRANCISCO, Sept. 27 (AP)—Old-time friends, from whom he had hidden his poverty and sickness, paid their last respects Wednesday to Fred Higgins, whirlwind featherweight boxer and near champion of three divisions ago, who committed suicide by poison and gas and wrote an extraordinary chronicle of his sensations while waiting for death.

The chronicle was addressed to Wolo and began: "I am enjoying this better than any show I ever saw. That is why I am afraid something will happen yet to stop me again. I tried the gas once before. They got it out of my system and woke me up. Twice at the springs I tried it with the white stuff. I asked the doctor there how much it would take to kill me. He said I never feared me.

"I am starting to get sleepy. I took enough white stuff to kill people. "If this does not go I will have to make a hole in the ocean. I have gone this far and it is my wish. An old Billie Jordan once said, 'Let 'er go.' "It is 1:30 and I am not yet awake instead of sleepy. Can you beat that? "It is 2 o'clock now. I have three fots open. I don't understand why I don't get sleepy.

"Three o'clock. It looks like another bloomer. It is after 3 o'clock now. You can see how tough it is waiting for the time."

SAYS AUTHORS' IDEAS OF INDIANS NOT TRUE

CHICAGO, Sept. 27 (AP)—Indian heroes such as some American writers have told about, exist only in the imagination of the authors, Bishop L. Burleson of the Dakota diocese of the Episcopal church, said in an address at the mid-west conference on the Indian affairs, being held at Evansville for the purpose of bettering the condition of the Indians throughout the country.

"There never was any Indians such as James Fenimore Cooper wrote about in his tales," Bishop Burleson declared. "These heroes existed only in his imagination. The Indians, however, are worth while when we stop to think that only 50 years ago they were barbarians, their advancement under the conditions such as the Indians were in. The Indian at heart is a poet. This is seen in the poetic names he gives even commonplace things in his lives. When the Indian is converted God becomes real to him."

The general impression that the Indian race is dying is incorrect, Bishop Burleson declared. In the 15 years, he said, they have increased by 5000 and now number 240,000. He said he did not believe there were more than 500,000 on the continent at present at any one time in the past, because they roved and were found in all parts of the country, he said, there was a general impression that there were millions of them. Some Indians, he said, did not thrive under citizenship, while others have been successful.

INJURIES FAIL TO STOP YANKS

Bob Meusel and Pipp Suffer Leg Hurts; New York Takes 8 to 3 Victory

BOSTON, Sept. 27 (AP)—New York defeated Boston 8 to 3 today, but in the eighth inning Rightfielder Bob Meusel injured his left leg in sliding into home plate and had to be carried from the field. He succeeded in scoring from first on Schang's single.

When the New York team arrived in Boston this morning, First Baseman Pipp stopped off the car, and because there was no parking space in place, sprained his ankle and could not play today. X-ray photographs of both injuries will be made to determine whether any bones are broken.

Pipp's pitching today was effective. Boston bunched for hits in the sixth and made three runs.

Ticket Sales for World Series Hit Extreme Figures

Requests Pour in from All Over the Country for Seats at Annual Classic

NEW YORK, Sept. 27 (AP)—Interest in the coming world's series has not slackened because of the prospect that the same teams, the New York Yankees and Giants, will battle for baseball supremacy for the third successive year, if advance ticket applications pouring into the offices of both clubs can be taken as proof. Executives of both organizations said today they were being flooded by requests for seats from all parts of the country.

The Yankee stadium has a seating capacity of slightly more than 60,000 with sufficient standing room to accommodate from 5000 to 10,000 more. Two thirds of the seats, 20,000 in the bleachers and 40,000 in the boxes and upper tiers of the grandstand, will be unreserved, the tickets being put on sale at 10 a. m. the day of each game. The remaining 20,000 seats, boxes and lower grandstand, will be reserved and sold in advance.

The scale of prices that will prevail at both the Polo grounds and Philadelphia stadium follows: Box seats, \$6.00; reserved seats, \$5.50; general admission, unreserved, \$3.50; bleachers, \$1.10.

Denmark's Alphabetical War. There is a battle of the big and little letters now raging in Denmark. The Danish language, like the German, has hitherto adhered to the Middle-age practice of spelling its nouns with capital letters, but a progressive movement of growing strength demands the substitution of the little letters in conformity with English, French and other languages. The demand has aroused the fury of the conservative elements.

Now Minister of Education Appel has determined to introduce the small-letter practice in the schools. As in the Bolshevik reform of the Russian orthography and the Bulgarian changes, the big letter and the small letter have become symbols of political opinion.

PAPYRUS IN FINE SHAPE ENTHUSIASM REIGNS AS ITALIANS LEAVE CORFU

English Derby Winner Reported to Have Been Greatly Tired of Coast Journey Without Misfortune

NEW YORK, Sept. 27 (AP)—Papyrus the English derby winner, which is due to arrive tomorrow night aboard the Aquitania, has stood the ocean journey well, and is in excellent condition, according to late wireless advice received tonight from Basil Jarvis, the horse trainer. The wounds in Papyrus' hind leg, suffered in the running of the St. Leger stakes shortly before the departure from England, have healed, Jarvis added.

The Aquitania, it was noted, would not reach its pier until about 9 p. m. tomorrow night, but unless Jarvis decides otherwise Papyrus will be disembarked at once and taken to quarters in the Cowden stables at Belmont park.

The Cunard company has erected a special landing stage to disembark Papyrus, covering its floor with matting and taking every precaution to prevent injury to the thoroughbred. Joseph E. Widener's pastoral horse show, with accommodations for both Papyrus and Bay Gold, will transport the horses to their quarters.

'THE BRIGHT SHAW.' Richard Barthelmess has given to the screen another classic of the silent drama.

Greater even than his former masterpiece, 'To'able David,' is his new contribution, 'The Bright Shaw,' which is the first National picture produced by Impression Pictures.

'TO THE LAST MAN.' George Washington would have loved to meet this man. While on location in Arizona recently, Richard Dix and Noah Berry, feature players in Paramount pictures, were being shown the county by Oliver Haught, a game warden. It was the closest scene for Dix.

On a lonely trail they met a man who said he had just shot a deer and asked the three "strangers" if they could help him get the carcass down from a snag in the mountains. "Do you know who I am?" asked the game warden. "I'm game warden for Tonto Basin."

"Well, ain't it funny we should meet," said the hunter, "and me the biggest liar in the Tonto." Paramount's expedition into Arizona was to film "To the Last Man," a Zane Grey production which is at the Idaho theatre now. Other players are Lois Wilson, Robert Edison and Frank Campana.

Rockefeller Recalls Days of His Youth; Is 68 Years of Age

TARRYTOWN, N. Y., Sept. 27 (AP)—John D. Rockefeller Wednesday celebrated his sixty-eighth anniversary of the day he got his first job, which, he said, was the happiest day of his life. He was up even earlier than usual and greeted the members of his household joyfully.

"The day I got my first employment," he said, "I knew many times I have thought of that. For the three years and a half of training I had in that commission house formed a large part of the foundation of my business career and what if I had missed it. My father had said that the world takes care of me, would put me on a farm. How much I should have missed. Do you wonder that I tramped the streets of Cleveland for six weeks in misery weather? I never thought of obstacles. I was bound to find my chance."

Mr. Rockefeller, who is past 84, worked out his correspondence until 10 o'clock, then went to the golf course. He made the green in three and took the usual two putts for a five. He went around the nine hole course in 45. Some friends joined him at lunch and in the afternoon he went for a long drive. There was a family reunion at dinner. He said he could not remember when he had felt better.

Evans Puts Lads to Gamboling on Green

Coach Prevents Interruption to Practice by Abandoning Muddy Field for City Park

Clint had his colts out gamboling on the green in fact Wednesday night. Lincoln field is a sea of mud, so the coach decided that one day of rest was enough and took the squad out in the city park.

It was almost as good as a real game to watch the scrimmage. The second team was punning some pretty big holes in the first string line and making considerable yardage for a time, but the vets got warm under the collar after Evans talked to them a bit and the second string met stiffer opposition.

ROAD-DISTRICT LETS CONTRACTS

William Harkins and W. L. Johnson to Construct Nine Miles of New Highway

Contracts for the construction in the immediate future of approximately nine miles of gravelled highway were awarded by directors of the Twin Falls highway district at a meeting Saturday to William Harkins and W. L. Johnson.

Contracts awarded to Mr. Harkins cover construction of seven miles of road extending east from the half mile west of Berger, and one mile south from the water purification plant south of Twin Falls.

Construction of the roads for which contracts were let Saturday, it is understood, will begin as soon as the contractors have finished work on which they are now engaged, providing weather conditions permit.

Mr. Harkins, completing grading and graveling of portions of the Addison avenue road to the Hansen bridge, which is to be gravelled through under provisions of a contract lately awarded to Goodnight Brothers, highway district officials have been advised, are bringing in the machinery from the scene of their recent operations in Nevada, and are preparing to begin work under their contract here within the next few days.

CHARGE AGAINST DOCTOR IS DISMISSED BY COURT

Charges against Dr. H. W. Wilson, preferred by the prosecuting attorney's office at the instance of E. R. Dooley, and involving alleged commission of a statutory offense, were dismissed Saturday by Judge L. L. Beck in district court here, upon application of the prosecutor.

In an affidavit supporting the motion for dismissing the prosecution, the prosecutor declared that since the filing of the complaint in the case, August 17, "several material and essential witnesses for the state have expressed reluctance to testify, and that without the testimony of said witnesses it is unlikely that a conviction could be secured, and that the prosecuting witness no longer desires to prosecute."

SOLONS REFUSE TO QUIT FIGHT OVER SESSION

(Continued from Page One)
day "the fight is over so far as the house is concerned."
The executive will be represented in the action by Attorney General George F. Short and his assistants.

There are indications tonight that within the next few days the solons would modify his marital law regulations and retro the greater part of the troops now mobilized.

No relaxation in the investigation into cases of mob violence will follow, however, it was made plain.

Question Authority
The injunction petition filed by the legislators declared that the action of Adjutant General B. H. Markham in dispersing them when they gathered at the capitol yesterday and in continuing through force and arms to prevent an assembly, "was and is without authority of law, and was an invasion of the constitutional and civil rights of these plaintiffs."

"It is the duty, purpose and intention of the plaintiffs and each of them as such members of said house of representatives peaceably to reassemble and continue the said session of the house, but plaintiffs are unable to do so because of the force and arms of the defendant General Markham has threatened and still threatens, by force and use of armed soldiers under his command, to continue forcibly to disperse any assembly of said house of representatives and to prevent it from transacting any business and these plaintiffs from attending any session of said house and unless relief be granted in order of this honorable court, he will do so," the petition stated.

Deny Guilt
The legislators denied in the petition that they have been guilty of any offense against the laws of the state or nation and disclaimed mitigation to any such members of said house.

"Under the constitution and laws of the state of Oklahoma, the governor and other elected officers are liable and subject to impeachment, and under the constitution and laws of the state of Oklahoma it is the duty of the house of representatives to present all impeachments to the senate sitting as a court of impeachment, and to draw up, approve and present articles of impeachment and to prosecute the same before the senate sitting as a court of impeachment through a board of managers appointed by it," the petition continued.

Dispersed "in Good Faith"
It related that the house members were dispersed when they assembled "in good faith" to determine whether impeachable offenses had been committed by any officers of the state subject to impeachment. The legislators set out that the session was called in the belief that "many of the guarantees of the constitution of the state have been and are being abrogated by executive action, and that the liberties of the citizens have been destroyed, and that numerous acts of the grossest corruption have been and are being committed."

The house members are represented by C. B. Stuart, J. F. Sharpe, John H. Miley, R. M. Singleton, W. E. Disney and D. E. Hickman.

Mine Strike Gives Splendid Promise

Rich Values in Lead and Silver Found on Property on Upper Salmon River; Development Work is Planned

What promises to be one of the most important mineral discoveries in Idaho in a long time was made last week by Blaine Hanks of Twin Falls in company with Jim Hopkins, Stanley Blesh sheep man.

The property consists of three claims located by the two during their first visit, upon information supplied by Hopkins, who, a few weeks ago, stumbled upon the ledge accidentally. The claims are on Frenchman creek some two or three miles over the Galena summit, not far from the camp of Vienna. Apparently the ground was worked some time ago on quite an extensive scale, which gives rise to the belief that the find may be one of the famous lost mines of the district, the location of which has been current in mining circles for years past.

According to Mr. Hopkins the ledge outcrops strongly from the base to the top of the side hill and carries silver and lead values which assays show to run well over \$250 a ton. Snowslides and washouts over a period of years have resulted in the formation of a gulch the sides of which are almost perpendicular. The entire scene of the find is difficult of access, although in point of actual distance not far from the main road over the summit.

Steps will be taken at once looking to the incorporation of a company to take over the claim. The corporation to be the Twin Devils Mining company.

COOKED FOOD SALE
Saturday, the 29th
By the Episcopal Guild,
at Clos Book Store

SOCIETY

Mrs. J. P. McClure entertained at bridge Wednesday afternoon at her home on Eighth avenue north. There were four tables of players with a prize for high score at each table. Prizes were won by Miss Jane Maxwell, Mrs. O. P. Duvall, Mrs. Clinton Evans and Mrs. C. D. Thomas. Fall flowers were used to decorate the rooms and refreshments served at the conclusion of the game. Mrs. H. W. Dwight sang several delightful numbers during the afternoon.

On Thursday afternoon Mrs. Merline G. Batley and Mrs. E. C. Alexander entertained with a tea and miscellaneous shower at the home of Mrs. Batley for Mrs. H. W. Sawyer, formerly Miss Byrd Wall, who was recently married at Reno, Nev. The guests were the members of the Round Robin and their mother and the time was spent hemming tea towels for the guest of honor after which the gifts were opened by Mrs. H. J. Wall, mother of Mrs. Sawyer, who is to send them on to her daughter. Tea was then served from a delightfully appointed table having for a centerpiece a low green bowl of zinnias in shades of red, crystal candlesticks held green candles and the tea service was presided over by Mrs. Wall.

Mrs. Thomas Robertson was hostess to the Episcopal Guild Thursday afternoon. The usual business was transacted with the president, Mrs. C. C. Siggius, in the chair. The Rev. Charles H. Sumner told of the loss of all the members of the church in the recent earthquake in Japan and reported that none of the Episcopal missionaries lost their lives. A special collection will be taken at next Sunday morning's service to assist in rebuilding. Plans were completed for the cooked food sale to be held at Clos book store on Saturday. Roll call was answered with quotations from the Psalms. It was also decided to hold an all-night meeting at the home of Mrs. F. F. McAttee on Tuesday. Those who cannot come for all day are asked to come for as many hours as possible in order that work being done may be completed as soon as possible. Mrs. Henry Blaser read a splendid paper on Mexico, and refreshments were served by the hostess, assisted by her sister, Miss Lizzie Smith.

IDENTIFICATION SOUGHT
Pocatello Officials Enlist Aid of Sheriff's Office Here in Locating Man Found Mutilated

In an effort to identify a man found murdered September 21 at Pocatello, who, authorities believe, may possibly have been a resident of Twin Falls, the sheriff of Bannock county has enlisted the assistance of the sheriff's office here. A description of the dead man, accompanied by a photograph, has been furnished to the local authorities. According to the description the man in question was white, between 40 and 45 years of age, weight about 135 pounds; height, five feet six or seven inches; sandy complexion and sandy mustache. He wore overalls and blue work shirt, heavy shoes, black slouch hat. He is believed to have been killed with a coupling pin out of a railroad car.

MINING MEN CONSIDER MANY BIG PROBLEMS

Urgo Action.
In the resolution to test the right of the treasury department to revoke all patents of silver for coinage under the Pittman act, the proposition was attacked by the revocation in the following language:

"It is therefore urged that the executive officers of the American Mining Congress, in conjunction with the producers of silver, immediately take such steps as may be necessary to bring the matter before the proper courts for judicial action, to the end that a situation which has caused producers to question the good-faith of the government, may be clarified and the silver producers receive fully and equitably the benefits provided under the act, regardless of the action of a department that is wrongfully endeavoring through widespread propaganda to deceive the people into believing that producers seek an unfair interpretation of the act."

APPLE MARKET INFLUENCED BY BULLISH FACTOR

Growers Here Receive Report of Sales Through Canyon County Association for \$40 a ton for Jonathans

The situation with respect to marketing of this season's apple crop in the Twin Falls district was influenced Thursday by introduction of a bullish factor in the form of a communication received by M. A. Strunk, prominent grower, from A. I. O'Reilly, Canyon county agricultural agent, relative to market conditions in that district.

Canyon county growers, in their determination to hold out for price of \$40 a ton for Jonathans, are meeting with success, according to Mr. O'Reilly, who states that two sales were made Wednesday at that figure.

Growers here are not trying to do business with cash buyers, Mr. O'Reilly's message said. "Many inquiries are coming in from other states asking for prices. Two sales were made yesterday at \$40 bulk, and bona fide offers of \$35 were made this morning for Jonathans. A few scattering sales at low figures are being made by growers where bids are crowding them."

An organization of growers in Canyon county is said to control an output of 600 carloads of apples.

LADINO SEED GROWERS ASSOCIATION CHARTERED

Officers and Committee of Temporary Organization Draft Proposed Articles of Government

A tentative constitution for a state-wide organization of Ladino clover growers, temporary organization of which was formed at a meeting here last Monday, was worked out at a meeting here Thursday evening of the temporary officers and a committee named for that purpose.

The proposed constitution, which, with articles of agreement between growers and the association, will be submitted to the growers at a meeting to be called later, provides for strict supervision by the association over production and marketing of the seed crop.

Members of the committee and the temporary officers at their meeting on Thursday evening, were assisted by C. B. Ahlson, state seed commissioner, and R. E. Brossard, county agricultural agent.

Gives Community's Debt to Childhood

Assumption by Church of Responsibility for Motion Picture Industry Predicted

It is the duty of the community to provide for its children Christian homes, adequate schools and trained and efficient religious education and leadership, the Rev. A. L. Black, of Boise, member of the state executive committee of the Council of Religious Education, declared Thursday evening before an audience of about 400 persons assembled in the Presbyterian church at a session of the leadership training institute being conducted here under direction of the state organization.

Prediction that the church eventually would assume the whole responsibility for motion pictures, taking the industry out of the influence of profits, and directing it toward purposes of education, was made by Mr. Black in the course of his remarks.

He declared it the duty of the church to combat every institution to the extent that such institution tended to interfere with child development along proper lines.

In connection with the institute, which will close three-day sessions here Friday evening, steps were taken Thursday evening toward formation of a county unit of the state and national councils of religious education. The organization plan was placed in the hands of a group of ministers and superintendents of Sunday schools of the several participating churches, and was discussed at some length. Perfecting of the organization, it was indicated, would be deferred until a later date when a number of the ministers now absent from the city, might attend.

The session Friday afternoon will be devoted to presentation by Miss Georgia Parker of a plan of work for the intermediate department; the Rev. A. L. Black, young people's department in church and church school work, and Dr. Franklin J. Estabrook, organist, organization and phases of church school work.

In the evening Miss Parker will speak on the topic, "The Misunderstood Child."

Dance Brings Drive to Successful End

Immense Crowd at Affair Closing Welfare Fund Campaign Offsets Disappointment

Disappointment over postponement because of rains, of the Rotary-Kewanee baseball game, scheduled as a feature event of the final day of the American Legion post's campaign for the benefit of its welfare fund, was mitigated to considerable extent by success attending the dance under auspices of the post, which brought to Danceland Thursday evening one of the largest crowds ever assembled at a similar event in Twin Falls.

Assurance also was given the legion's representatives by members of those organizations, that the Rotary-Kewanee game, conceived with a view primarily to enhance the veterans' welfare fund, would be staged at a later date when weather conditions were more favorable.

Representatives of the Legion Thursday evening would not attempt an estimate of the financial returns of the campaign. It had been started some 10 days previously by Bert Sowie, who took a particularly prominent part in the campaign, the expense of the undertaking had been met by receipts up to that time and that subsequent receipts would inure to the welfare fund.

MRS. AHERN DIES FROM INJURIES

Well-Known Twin Falls Woman Victim of Fatal Automobile Accident

Mrs. Ella F. Ahern, aged 65 years, wife of James P. Ahern, and a resident of Twin Falls for 12 years past, died at 12:45 o'clock Thursday night at the county general-hospital from the effects of injuries received six hours previous when she was struck down by an automobile on the pavement at the southeast end of Main avenue.

At the bedside when she died were Mr. Ahern and one son, Eugene Ahern. The second son, Earl J. Ahern, has been notified by message dispatched to Wells, Nevada.

Mrs. Ahern's death was the result of an accident, according to the bereaved relatives. They attach no blame to two young men, whose names were not divulged, who drove the car by which she was struck down.

According to accounts given by persons who witnessed the accident, Mrs. Ahern attempted to cross the street in front of two cars. She was struck by the second machine. The young men, sorrow-stricken by the accident, brought their machine to a halt and assisted another motorist, passing at the time, to remove Mrs. Ahern to the hospital and assisted in every way possible, according to the relatives.

PREPARES WAY HERE FOR FARM BUREAU CAMPAIGN

Activities in County in Connection with State-Wide Membership Drive Are Outlined at Meeting

In connection with a state-wide campaign to be launched early in October in the interests of the Idaho Farm Bureau Federation, L. W. Fluharty, former director and secretary of the extension division, addressed a meeting here of interested persons in the Parish hall Thursday afternoon, presenting preliminary plans for conducting the campaign in this county.

In the coming campaign, it was stated, which will be directed toward the building up of the membership of the county, there will be no heavy expenses of the farm bureau work in connection with marketing as well as along educational lines.

The campaign in this county probably will not be begun until mid-winter. Mr. Fluharty came here in the stead of C. Ben Ross of Pocatello, president of the state organization, who was unable to attend. It is indicated that Mr. Fluharty will have charge of the state-wide campaign. He left Thursday afternoon for Boise.

SETTLEMENT INDICATED IN WATER METERS CASE

Attorneys for City and Former Mayor Decline to Argue Demurrer in Intersection Action

Hearing on a demurrer interposed by the city in the suit instituted by H. D. Tucker, former mayor, against the present administration of Twin Falls was passed by the court Thursday, in accordance with the requests of attorneys representing either party to the case.

The action was brought by the former mayor to obtain a restraining order preventing the city from proceeding under contracts for completion of the municipal waterworks distribution system by installation of additional meters.

Entries on the court records show that action Thursday in connection with the suit gives to the city a period of 10 days in which to file an answer to the former mayor's complaint.

Probability of a settlement of the case outside of court, however, was indicated by statements of attorneys for either party.

The court Thursday received the plea of not guilty entered by Glenn Francis, a charge of issuing a fictitious check, and trial in the case is set for October 4.

MEMORIAL STAMPS ON SALE

Postoffice Here Is Provided with Issue Put Out in Memory of Late President Harding

Postage stamps lately issued by the federal government as a memorial to the late President Harding were Thursday put on sale at the Twin Falls postoffice. A supply of 50,000 of the stamps has been received here in response to request made several weeks ago. The stamps will be sold to all applicants for 2-cent stamps while the supply lasts, except in cases where stamps are to be used in mailing large quantities of mail matter, postal authorities here announced Thursday evening. It is anticipated that the supply will be sufficient to meet ordinary demands during a period of about 30 days.
