

YANKS TURN TABLES ON GIANTS, WINNING 4 TO 2

Babe Ruth Puts Americans in Lead with Terrific Circuit Drive in the Fifth; Home-Runs Featured

NEW YORK, Oct. 11 (AP)—The attendance at the second series contest today was 40,402. Gross receipts were \$158,408. Players received \$89,833.98, and each club \$29,564.08.

NEW YORK, Oct. 11 (AP)—Babe Ruth crossed with mighty tread today the threshold of world's series glory that was barred to him for two years.

Driving out two thundering home run threats in successive innings, a feat unparalleled in championship baseball history, Ruth was the dynamo in the powerful attack that turned the New York Yankees to turn the tables on the Giants, capture the second game of the series by a score of four to two.

Score Tied. First up in the fourth inning, with the score tied one-nil, the great slugger Babe Ruth, with a terrific, towering blow that landed atop the second tier of the right field grandstand, started the downward slide of McGraw's Giant team.

Spectacular Triumph. It was a spectacular triumph for the Yankees, who have mastered John McGraw's strategy and gave them the world's series victory they have known since the fifth game of the 1922 championship—a span over which eight defeats and one tie have been the disastrous parts of the American league champions. It was a brilliant day for Herb Penneck, fragile left-hander, two twirled the Giants into submission in the fourth and fifth.

Thus it was a triumph even greater for Ruth than for the Yankees; the ascendancy of brute force, the power of the giant over the delicate, the power of John McGraw's baseball "mastermind."

For behind the struggle for premier diamond honors from the start has been the desire to frame, of all the matings of Ruth's dynamic individuality against the strategy of the gray-haired, silent giant, the Giants.

Two years ago Ruth was handicapped in the series by injuries; last year he was a "husk"; out-gunned, baffled by the tactics of the "Little Napoleon" who might have been a vital force that upset with might the best calculations of his opponent.

And, knowing the confidence that he had in his own strength, inspired he may prove the deciding factor in the outcome of the third straight battle between Gotham's great baseball team and the Yankees' great third successive championship.

Ruth's feat of two home runs in a single world's series game has been done twice before in the history of the world's series, but in none of these instances were the circuit blows made in successive innings and successive times.

Yesterday the story of victory was one of giant smartness, alertness and generosity, plus the desire to win the home run game. Stengel. Today the situation was reversed and it was pumch, typified by Ruth, that decided the issue.

Except for two innings Penneck, southpaw star of the Yankees, twirled with consummate, invincible skill, and backed up by a defense that at times was spectacular. Opposed to the Yankees were the Giants, led by Harry E. Huggins, who drove out home runs in the third and ninth innings of the Philadelphia National League game in 1917. Bobby Kauff of the Giants, who hit for the circuit in the fourth and eighth innings of the fourth game of the series with the Chicago White Sox.

Fear Ship's Crew of 30 Men Drowned when Steamer Sank

KEY WEST, Fla., Oct. 11 (AP)—But little hope is held out here tonight for the crew of 30 of the tanker City of Everett, which sank between 7 and 8 o'clock this morning, 150 miles west of Dry Tortugas. The Mallory Line Comar reported this afternoon that she had reached the spot where the Everett went down and tonight, after a search of the sea in that vicinity, sent a message to the shore authorities stating that she had been unable to find any trace of the Everett's lifeboats.

BANK CONTROL GIVEN SUPPORT

Par Collection of Checks Is Also Submitted to Congressional Investigators

WASHINGTON, Oct. 11 (AP)—Par collection of checks and the placing of all banking under federal supervision were among the measures urged today before the joint congressional committee investigating failure of state banks to enter the federal reserve system.

J. H. Tregoe of New York, secretary-treasurer of the National Association of Creditmen, advocated both proposals, while W. W. Orr, assistant secretary of the association, stressed the desire for the par collection in his testimony.

Declaring banking was one of the functions belonging to the federal government, Mr. Tregoe said his association advocated the operation of the banking business under national law. There are too many banks, he said, and congress should enact a measure which would deny the privilege of the federal reserve system.

Urges Collection Plan. Par collection of checks was urged by Mr. Tregoe as one of the most important to the business of the country. Checks, he said, have become currency and about 95 per cent of all business is conducted in that way.

The witness asserted the federal reserve board had accomplished more than even its warmest friends had hoped and that if properly supported and kept out of politics will keep the country out of panics.

Retired Relative. James Moore Surrenders After Fight Following Discovery of Mangled Body of His Uncle in California Home

REDDWOOD CITY, Cal., Oct. 11 (AP)—James H. Doolittle, wealthy retired hotel man, was found beaten to death today at his home here, after his nephew, James Moore, had slayed three members of the Doolittle family in separate rooms.

News of the tragedy was given to the police by J. C. Doolittle, a son, who had been with Moore at the time when he had been found bound.

Members of the Catholic Women's league of Twin Falls at a meeting Wednesday evening in the Y. W. C. A. club room, expressed sympathy for Mrs. E. M. Wolfe, president of the local organization, and past president of the state federation of Catholic women's leagues, who was painfully injured in an automobile accident last night.

Two Gangsters Murder Engine Crew in Cold Blood, Blast Mail Car; Flee with Valuables; Armed Posse at Work

REDDING, Cal., Oct. 11 (AP)—Armed posse tonight are scouring the mountains for the remains of the Oregon-California state train for bandits who held up Southern Pacific southbound passenger and mail train No. 33, at 12:40 o'clock Monday night, and killed three trainmen and blew open the mail car and a safe, killing a mail clerk. The robbers escaped into the mountains with an unknown amount of loot.

FORD EXPLAINS OFFER TO BUY HUGE PROJECT

Alleges Political Influences Were Brought to Bear Against Him from Obtaining Muscle Shoals Plant

DETROIT, Oct. 11 (AP)—Henry Ford's offer for the purchase of the Muscle Shoals project in Alabama is still in progress and will not be withdrawn, Henry Ford said today in a statement, his first public assertion since the sale of the Gorgias plant to the Alabama Power company.

Mr. Ford charged that political influences were brought to bear to keep him from obtaining the plant and that "some influences prevented a vote in the house last spring" in the sale of Muscle Shoals to the Ford Motor company.

Mr. Ford's statement says: "The United States' government, through Major General Lansing H. Beach, asked me to bid on Muscle Shoals, not on a piece of Muscle Shoals, I did not, and because my bid included all of Muscle Shoals it was the only one thought worthy of reporting to congress. But I have a very strong conviction that while the government negotiating with Mr. Weeks, we have not been negotiating with the United States government, John W. Weeks repeated assertion that Henry Ford would never get Muscle Shoals, neither with the Gorgias plant, nor without it, in evidence that the parties to this matter are not the United States government, but other parties best known to the man who is at present secretary of war.

Attacks Weeks.
"Long ago Mr. Weeks matured in his mind the plan to break up Muscle Shoals and dispose of it piecemeal. When he sold the steam plant at Gorgias he pulled the first stitch in unraveling the greatest single prospect ever held out to the American farmer and manufacturer.
"The next steps are so plain that a child can see them. It only remains to sell the gigantic nitrate plant No. 1 and then nitrate plant No. 2, and finally the Wilson dam itself, and that is the end of Muscle Shoals as a possible demonstration of the cheapness with which power and fertilizer can be produced.
"They may get other offers for other pieces of Muscle Shoals and the total sale price may exceed the original value, but the initial payment rated for under my offer, but the sale price is the smallest sum in Muscle Shoals. Even if the friends of John W. Weeks should pay the original cost, dollar for dollar, Muscle Shoals would still be a complete loss to the people, because John W. Weeks' friends will not develop any marketless fertilizer and will not use it for the public benefit. It would be well worth while for the water power and fertilizer financiers who control this situation to pay \$100,000,000 if thereby they can retain the endless millions which they now make through exorbitant prices of power and fertilizer. The demonstration which we could make at Muscle Shoals would be a death blow to such exploitation.

Offer Still Stands.
"My offer is still before congress. I shall not withdraw it. There is nothing whatever for me to explain. There is nothing that John W. Weeks can explain though he should talk from now until he leaves public life, but I want to say this: If I get Muscle Shoals, we will run power lines 200 miles in every direction from Muscle Shoals. We have been working and have learned how to send power long distances without losses by leakage. It is not to me that John W. Weeks has anything to explain. I know just how much value to attach to his explanations. Let him explain to the farmers."

NEW RECORD.
LOS ANGELES, Oct. 11 (AP)—The southern California district during the month of August paid 20,000,000 admissions to moving picture theaters, according to figures sent to the public by Rex Goodell, collector of internal revenue. This figure sets a new record. Admission tax receipts for August aggregated \$322,434, as compared with \$249,926 in August, 1922.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 25 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—its burning up is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, W. R. Johnson, 161 Union Ave., Portland, Ore., is offering to send a lamp on 3 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for an order blank. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

Humorists of Road Design Names for Tourists' Autos

Phrases Originated by Travelers Arouse Much Amusement Along the Highways

LIVINGSTON, Mont., Oct. 11 (AP)—Humorists of the open road have enjoyed themselves during the season in designating entirely new phrases which describe their flivvers, or solans and attract the attention of people along the routes they traverse. Jokes on the lowly flivver and play on the names "Henry" and "Ford" probably lead the list, although there is a wide variety to be seen.

One car bore the warning, "Look out. This car driven by a blind man." A flivver passed through carrying ten children besides the mother and father, wearing the words, "The Family Car"; one high priced touring car reversed the joke by carrying the name "Henry" blazoned across the radiator.

Other catchy signs and slogans noted during the tourist season were "Welcome to the Glorious West"; "On the back of a flivver; "Oscar the Third"; "From Detroit"; "We Took Your Day, Now Take Yours"; "To the Glorious West"; "Back to God's Country and a Woman"; and "Spark Plug, driven by Barney Google Himself."

COMEDY STAR IS OLDER

HOLLYWOOD, Cal., Oct. 11 (AP)—Frankie Bailey, woman star of the old Weber and Fields theatrical combination and known a decade or more ago as the girl with "the million dollar legs," is serving behind the counter in a Hollywood drug store.

WITHDRAW CASE AGAINST RAILROAD DIRECTORATE

NEW YORK, Oct. 11 (AP)—United States District Attorney Hayward today formally withdrew proceedings against nine directors and former directors of the New York, New Haven and Hartford railroad, thereby quashing indictments brought in 1914 and 1915, alleging violation of the Sherman anti-trust law.

EARLY DIAGNOSIS SAVES TUBERCULOUS PATIENT

KANSAS CITY, Mo., Oct. 11.—Tuberculosis is not at all the cure it used to seem and, with early diagnosis and prompt treatment, is readily curable.

Dr. F. M. Pottinger, of Moorovica, Cal., national authority on the disease, asserted in an address before the first annual southern clinical conference here tonight.

The conference registration has reached approximately 1400.

DISCUSS RAIL WAGE INCREASE

Conferences Expected to Be Held Shortly to Talk Advances of About \$80,000,000

CHICAGO, Oct. 11 (AP)—Conferences throughout the country are expected within the next 30 days relative to the wage movement of the railroad train and engine service organization, which government figures indicate involves on class one carriers 329,817 employees and requests for aggregate increase of about \$80,000,000. This aggregate is exclusive of such wage adjustments as the restoration of the switchmen's pay and differential.

Request for wage conferences have been received from general chairmen of the four brotherhoods and the switchmen's union by roads in the west, east and south. In several instances, though not universally, the conductors' and trainmen's brotherhoods are acting jointly, as are the engineers and firemen's brotherhoods. Negotiations will be with individual carriers.

The organizations seek restoration of schedules by effect before the reduction authorized by the United States railroad labor board July 1, 1921. The board in wages survey report No. 3, estimated the price and material decrease affecting some 136,652 engine service employees in class one roads on account of this decision as \$33,882,645.96. It placed the decrease for the 189,000 train service employees on these roads at \$48,400,088.88, making the total for the 325,652 men in both groups \$82,282,734.84.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and luster to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wynett's Sage and Sulphur Compound" you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you thinned your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and run this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application the remaining hair becomes beautifully dark, glossy and attractive.—Adv.

MEXICO FAVORS NEW LINE

International Railroad Project Earning South from Salt Lake Meets Approval Among Engineers

EL PASO, Texas, Oct. 10 (AP)—Mexico looks with favor on proposals to build a new international trunk line railroad from Salt Lake, Utah to Guadalajara, Jalisco, according to Professor Payette S. Jones, of Albuquerque, New Mexico, chief engineer for the proposed road, who has just returned from a trip to Mexico City.

The proposed road would have an approximate length of 2059 miles, about equally divided between the two republics, would cost \$30,000 a mile, or a total of \$60,000,000, and would take six years to construct, Professor Jones says.

From Minaca the road would go, it is proposed, to the rich mining districts of Durango and on to Durango City, and from there to the east of the Sierra Madre mountains, through Zacatecas and Guadalajara. On the northern side of the international boundary the road would run through the resourceful sections of southern Utah, the farm and oil sections of northwestern New Mexico, and cross the border at Columbus. Within a few years, it is said, the Southern Pacific of Mexico will effect a connection with Guadalajara and

Pacific and El Paso and Southwestern from El Paso, so that trains could run from El Paso to Salt Lake and Guadalajara, it is said.

U. S. SUMMIT DRAFT OF GERMAN FACT

BERLIN, Oct. 11 (AP)—The United States government, it was officially announced today, has submitted to the German government the preliminary draft of a trade and consular agreement which is under examination here. No negotiations between the two governments have yet occurred.

ASSERTS JAPANESE ONCE INHABITED PHILIPPINES

ANN ARBOR, Mich., Oct. 10 (AP)—The veil has been lifted from the prehistoric past of the Philippine islands and discoveries have been made rivaling those in the tomb of Tutankhamen, according to a report received today at the University of Michigan from Dr. Carl E. Guthe, heading an archaeological expedition now in the islands.

Dr. Guthe's report hints strongly for the first time that Chinese formerly inhabited the islands, a conclusion which he says is substantiated by the deposits unearthed by him during the last year. Material so far discovered, Dr. Guthe's report says, included hundreds of pieces of pottery, broken and unbroken, much of it of the Ming period, some Tang, some Sung, and much to be identified. There also have been found human bones, chip-stone and iron implements

and weapons, copper and bronze articles, gold inlaid teeth, and gold, shell, coral, glass and stone ornaments.

Dr. Guthe values several of the articles at many thousands of dollars.

BOOTH MERCANTILE COMPANY

THE GUMPS—BIG BUSINESS

SPORTS
BRUINS SET FOR
ALBION ELEVEN

Hour of Clash is Advanced to 2:30 o'Clock to Permit Visitors to Get Away

The Albion game will be called at 2:30 Friday at Lincoln.

Might as well close up the town for the afternoon, because everyone will be at the world's series until 2 or after and then it is just time for the mixup on Lincoln field.

Coach Evans put the Bruins through a light workout Thursday evening, stressing signals and more work with the line. Considerable improvement can be noticed this week, but the machine is far from smooth yet, and will take a week or two more of hard work to get a finished product.

Day will probably start at end and possibly Cron at quarter, with Alvord in reserve, or the other way round. Musel probably will hold down the other end, with Swin at center; Humphrey and Garry at tackle; Captain Lester and Farrar at tackle; Timm, Jenkins and Garry in the backfield.

The big question among the fans last night is will they fight? Much speculation was rife as to the affect of the defeat last Friday. There is no doubt about the backfield's fighting but it seems hard to get the line aroused. Perhaps Friday's game will see a change.

The field, from all indications, will be fast which will materially aid the Albion team, as they are reported to be fast. Incidentally, it will not hurt the Bruins' chances a bit either, if either Timm, Alvord or Cron get away they will be hard to catch.

The Albion aggregation will arrive on the noon train Friday, and want to get away on the evening train, hence the hour is changed to 2:30. This will give the local student body their first chance to see their new in action. They are making elaborate preparations for organized cheering and the high school band will be out to give the team its support.

The News will have the result of the Idaho Falls-Rupert game at the conclusion of the game. The game is called at Idaho Falls at 3:30.

Score and Summary

The official box score of Thursday's game of the world's series is as follows:

High School Band to Make Its Debut

Student Musicians to Make Initial Appearance of Season at Head of Football Parade

Twin Falls high school band will make its first public appearance this afternoon when it leads the parade to Lincoln field for the game with Albion Normal. J. T. Bainbridge, leader, has an excellent aggregation of musicians this year, as in former years. This year's band numbers 28 pieces and it is expected to add to the fame of Twin Falls, which is recognized as having one of the best high school bands in the northwest.

Last spring the members of the band gave a minstrel show to raise money to purchase uniforms. Now the idea of uniforms has been discarded in favor of white coat sweaters with a blue emblem on the right-hand side and a white hat which will be worn by the members of the band this year. However, they will not appear in their new regalia Friday because the swaters have not yet arrived.

The following is the personnel of the band for this year: Clarinet: Russell Potter, Willie Moffat, Donald Lenz, Mark Swan and Alton Young; cornets, Raymond Ashdown, George Monro, Merritt Shotwell and George Duke; alto, Hoyt Stoverson, John Swenson and William Pariah; baritone, Bernard Marty; bass, Paul Lantz and Temple Wright; saxophone, Kenneth Henderson, Walter Weaver, Farris Larson, Ellsworth Moore, Harry Putzier and Milton Hammond; drums, Russell Denoyer and Kenneth Kenworthy, snare, and Julia Boone, bass.

In addition to this band, Mr. Bainbridge also has a junior high school band of beginners, numbering 21 members, an advanced orchestra in the junior high of 10 pieces which contains some real talent, and a beginner's class of violins numbering 19. There is also the regular high school orchestra of 16 pieces which is getting along very nicely according to Mr. Bainbridge. He reports that over 100 students in the junior and senior high school are taking courses in some sort of instrumental music.

FRIDAY'S GAMES

Albion Normal at Twin Falls, 2:30; Lincoln F. L. Rupert at Idaho Falls, Albion High School at Filer. Gooding at Buhl, Shoshone at Richfield, Hagerman at Wendell, Burley at Jerome, Gastorford at Oakley.

BASIS LAID FOR MARKETING UNIT

Series of Meetings for Presenting Idaho Exchange Plan for Potato Growers is Closed

A series of four meetings held at central points in Twin Falls county in the interests of the Idaho Potato Growers' exchange, was brought to a close Thursday evening at Hansen, where an audience of a score or more of growers and business men heard explained the plan of cooperative marketing of potatoes through the state exchange affiliated with a national organization.

Members of the assemblage indicated their approval of the plan and pledged their active assistance and support in furtherance of the organization work.

The meetings this week which were held at Filer, Kimberly, Buhl and Hagerman, were arranged primarily for the purpose of presenting the plan and purport of the Idaho exchange. Within the next few days these meetings will be followed up with meetings at Filer and Kimberly, and, later, a general meeting at Twin Falls, at which it is expected a county unit of the state organization will be formed.

The meetings at Filer and Kimberly were addressed by W. S. Hill of Fort Collins, Colorado, secretary of the Colorado State Farm Bureau, who was called Wednesday to confer in Ogden with Aaron Sapiro, nationally known authority of cooperative marketing, who was enroute to New York. Mr. Hill will return to assist in subsequent steps toward completion of the organization here.

PINKLEY MITCHELL OUTPOINTS FIGHTER FROM MONTANA

MILWAUKEE, Oct. 11 (AP)—Pinkley Mitchell of Milwaukee, outpointed Joe Simovich of Little Rock, in a 10-round no decision bout here tonight, in the opinion of newspaper men at the ringside. Mitchell led by a margin during the early rounds, but Simovich absorbed the heavy punishment and landed some hard blows, which did not over come Mitchell's lead.

WILLS DEFEATS SMITH

NEW YORK, Oct. 11 (AP)—Harry Wills, negro heavyweight of New York, tonight knocked out Homer Smith of Kalamazoo, Mich., in the second round of a 15-round match in the Queenborough stadium, Long Island City.

LITVIN NAMED AS PURCHASER OF STOLEN CAR

Twin Falls Garage Operator, on Trial, Hears Self-Admitted Car Thief Tell of Business Relations

David Litvin, Twin Falls garage operator, on trial in district court here, Thursday witnessed the forging of the first links in a chain of evidence by which the state expects to convict him of guilt of being the purchaser of a stolen automobile.

Produced as a witness for the state, Hannah told his own story of his relations with Litvin. Under cross-examination by F. L. Stephan, former prosecuting attorney, Hannah admitted that he had never told Litvin the cars he delivered to him had been stolen.

Hannah testified that he received from Litvin \$215 each for the first cars he delivered to him. Later, he said, Litvin reported difficulty in obtaining license plates for the cars and demanded that the price be reduced.

L. S. Biel, Hazelton, testified that he had paid Litvin \$200 for the car which Hannah testified he had stolen from Compton in Salt Lake. Biel said that the car was taken from him by the authorities soon after he left the court house.

Testimony of G. W. Shroat, deputy county assessor, was offered by the state. Shroat testified that he had been offered difficulty in obtaining licenses for cars received from Hannah.

Harold Ferguson, a former employee of Litvin, testified that Hannah delivered several cars to Litvin, and that in each instance Hannah used the same license plates which he removed after completing the sale.

P. O. Herriman, Twin Falls chief of police, who preferred charges against Litvin, testified that he interviewed Litvin at the time of Hannah's arrest in Salt Lake, and that Litvin then denied knowing Hannah. Later, the police chief said, Litvin admitted that he had bought a car or three cars from Hannah.

Three scraps of what were purported to be bills of sale for cars delivered by Hannah to Litvin were introduced in cross-examination of the defense during confession of the defendant.

During the defense examination of Hannah, demand was made by Mr. Stephan upon J. W. Taylor, prosecuting attorney, for a copy of a confession alleged to have been made by Hannah. A document was produced from which Mr. Stephan read a paragraph to the effect that "Dave Litvin never knew that these cars were stolen."

Selection of the jury in the trial of the garage man was completed Thursday forenoon. Members of the panel are D. B. Hutton, Nephel Larsen, W. C. Claudi, W. G. Dean, A. J. Requa, P. E. Dean, Charles Worrall, Al O'Brien, George D. Akers, D. Harvey Cook, Robert Brose.

DANCE GEM ROOF GARDEN FILER TONIGHT

SOCIETY

Edited by Mrs. E. B. Williams • Telephone 396

Mrs. W. J. Wallace was hostess to the Women's Progressive club on Wednesday afternoon. Mrs. Carl Jungst and Mrs. Itallian were visitors, and 14 members were present. The president, Mrs. Frank Krueger, read a paper on cooperation from the Twentieth Century Club, which was by far the most interesting and helpful. The remainder of the afternoon was spent with sewing and work of various kinds and the members visited. Delicious refreshments were served before adjournment.

On Thursday afternoon the regular monthly meeting of the Woman's Home Missionary society of the Methodist church, the members visited. Delegates, Mrs. Ansel Fisher, conducted the devotional service. After business was concluded the president, Mrs. C. D. Weaver, gave a talk on the conference meeting in Poacello, which was attended by herself, Mrs. T. F. Warner and Mrs. L. C. Schneider, the latter being elected corresponding secretary of the church in Ohio, urging the adoption of orphans' boys into Christian homes. Mrs. W. G. Thompson read a paper entitled "The Child and Home Missions," after which the topic being "Children, Our Orphanages and Children's Homes." Mrs. H. J. Weaver gave a paper from the children's home in Cincinnati, Ohio, regarding the adoption of orphan boys into Christian homes. Mrs. W. G. Thompson read a paper entitled "The Child and Home Missions," after which the topic being "Children, Our Orphanages and Children's Homes." Mrs. H. J. Weaver gave a paper from the children's home in Cincinnati, Ohio, regarding the adoption of orphan boys into Christian homes.

The silver tea given by the Episcopal Guild at the home of Mrs. E. Williams on Thursday afternoon proved to be very successful, both socially and financially. There was a splendid musical program arranged by Mrs. D. L. Alexander, who sang two selections. Other vocal numbers were given by Mrs. O. P. Duvall and Mrs. Zenia Smith. Mrs. Lawrence Hodgins was the Clara Kail rendered piano.

The Women's Council of the First Christian church met at the home of Mrs. C. E. Allen on fourth avenue east Thursday afternoon with 36 members and one guest present. The rooms were most attractive with vases and bouquets of the late garden flowers. A short business session was presided over by the president, Mrs. W. A. Patrick. A splendid program followed, given by Mrs. A. L. Houghtlin's division, the subject being "American Her Resources and Possibilities." Rev. L. L. Cook had a fine paper on the topic, "Mrs. E. E. Duggan gave a talk on "Conservation of Our Forests," which proved most interesting.

WEATHER MAN OBSERVES CLOUDS' SILVER LINING

Recent rains interrupt farm work. But Are Beneficial to Pasture and Put Soil in Excellent Condition

Recent rains which interrupted farm work, particularly apple picking and third cutting of alfalfa throughout the state, were very beneficial to fall range and pastures and they put the soil in excellent condition for fall plowing and seeding, according to a summary of weather and crop conditions in Idaho for the week ending October 9, just issued by Clinton E. Norquest, Boise, meteorologist for the federal weather bureau.

All lines of farm work are generally well in hand, the summary continues, and all but the latest crops have now been secured, generally in fine condition. Vegetation, even tender garden plants, continues green in the principal agricultural sections, damaging frosts have been confined almost entirely to the higher plateau regions.

The following report on conditions in Twin Falls county contains the summary: First of week fine; a

Mrs. C. H. Laartz read an excellent paper on "Alaska." A vocal solo by Dora C. A. Miller was greatly enjoyed. During the social hour refreshments were served by division No. 2, Mrs. W. S. Parish, chairman.

The Presbyterian Missionary society met in the church parlors Thursday afternoon with Mrs. A. E. Slifer presiding. Devotionals were led by Mrs. William Fisher. The topic for the evening was "Service." Plans for entertaining the Union Missionary society on November 2 were perfected. Mrs. O. W. Witham was in charge of the program, which was the last chapter of the book on Japan. She was assisted by Mrs. F. C. Dawson, Mrs. L. E. Salladay, Mrs. H. S. Cowling, Mrs. Estel Williams and Mrs. C. E. Swearingen. A social hour followed during which Mrs. J. D. Knutz and Mrs. C. H. Kreuzer, who were hostesses for the afternoon, served refreshments.

The Altar Society of St. Edward's church held their first regular meeting Thursday afternoon at the home of Mrs. C. B. Channon on Maple avenue. Plans were completed for the bazaar to be given at the Parish hall on November 8, 9 and 10. This is to be the largest affair of the kind to be given by the society, and Mrs. Fred Klass is chairman of the bazaar committee. There was a helpful talk by Mrs. D. L. Alexander, who sang two selections. Other vocal numbers were given by Mrs. O. P. Duvall and Mrs. Zenia Smith. Mrs. Lawrence Hodgins was the Clara Kail rendered piano.

The Mentor club met Wednesday afternoon with Mrs. C. E. Showers. Response to roll call was made with suggestions for "left-over dishes." The first number of the uniform program sponsored by the Rural Federation was led by Mrs. Bowen, the subject being "Cooperation." Mrs. Gentry assisted the hostess in serving refreshments at the close of the program. The next meeting will be on October 24 at the home of Mrs. C. L. Smith, and poems on October will be used for roll call.

OPPOSES PRICE FIXING

KANSAS CITY, Mo., Oct. 11 (AP)—A fixed price by the government on wheat would only aggravate the farmer's burden, Henry C. Wallace, secretary of the United States department of agriculture, said in an address today to delegates to the seventeenth annual session of the International Farm congress, in progress here. "Any fair price that might be fixed," Mr. Wallace said, "would be a stimulated price and would do more harm than good. For three thousand years governments have tried to adjust prices and in an exhaustive study of their methods and the ends attained, I failed to find a single success. "To buy and hold the surplus grain would be harder on the specialized grain farmer than the price condition that now exists, for next year and every year thereafter would be a surplus. Hence, to buy the surplus one year only postpones the situation the farmer will have to face later."

ABSENCE OF RAINFALL CAUSE OF REJOICING

Throughout the Twin Falls country there is general rejoicing Thursday over the fulfillment of the prediction made by forecasters, both official and otherwise, that there would be an absence of rain that day, following a six-day period of wet weather. Under the rays of the reappearing sun, pavements dried rapidly Thursday afternoon, though little improvement was noted in the miry condition of earth roads.

Records of the government weather observation station here showed lower temperature levels, with a minimum exactly coinciding with the point of freezing. High for the day was 53 degrees, a decline of 16 points, and low was 32, a fall of eight degrees.

DEATH MESSAGE BRINGS SHOCK TO COMMUNITY

HANSEN, Oct. 11. (Special to The News)—Hansen community was shocked Wednesday when the message came telling of the death of Miss Mera Lacourse, only daughter of Mr. and Mrs. H. Lacourse. Miss Lacourse was a teacher in the schools of Comptonia, Washington, where her death occurred. She was ill only one week, death resulting from typhoid fever. Miss Lacourse leaves besides her parents and four brothers, a host of friends in Hansen and elsewhere to mourn her loss. Funeral services will be held in the Methodist church at Hansen, the time to be determined and announced later.

ANNOUNCEMENT

The Pythian Sisters Social club will meet this afternoon with Mrs. Ellen Woodhead, 461 Second avenue west. A homecoming meeting will be held in the First Christian church Friday evening, October 12, at 7:30. A good program has been prepared and every member is urged to be present.

PAYMENTS WELL KEPT UP

Federal Farm Loan Examiner Well Pleased with Management of Associations in Twin Falls County

Loans made by the five national farm loan associations in Twin Falls county have reached a total of approximately \$2,300,000, according to C. T. Fairfield, examiner of national farm loans, who is spending a few days in this section in connection with the work of the association. The business of the various associations here is in good hands, according to Mr. Fairfield, with capable management, and payments well kept up. Loans made by the various associations of the country are about as follows: Kimberly, \$500,000; Twin Falls, \$500,000; Hollister, \$100,000; Buhl, \$1,200,000. Buhl has two associations, the last formed having loans amounting to about \$100,000.
