

DIPLOMATIC RELATIONS ARE ENDED

Saxony and Bavaria Recall Their Ministers; Split on Communistic Proposals; New Dangers Confront Cabinet

BERLIN, Oct. 15 (AP)—Diplo-matic relations between Bavaria and Saxony have been severed. Saxony today dismissed its charge d'affaires to Bavaria and announced the appointment of a new minister, whereupon the Bavarian government replied, declining to receive the new minister as long as the communist party was represented in the Saxony ministry.

BERLIN, Oct. 15 (AP)—With the situation in the Ruhr and Rhineland rapidly approaching a condition of an actual and economic crisis with Saxony's socialist-communist ministry continuing its defiance to the central government, and with Bavaria having severed diplomatic relations with Saxony, Chancellor Stresemann's coalition cabinet is confronted with issues which will afford it an early opportunity to make use of the dictatorial authority voted it by the Reichstag in the emergency power bill.

Chaos Increasing. While these are the outstanding issues which harbor elements of a managed danger, the internal situation in its entirety, especially with regard to the financial cataclysm toward which all classes of the population are heading through the further depreciation in the value of the mark, is automatically constituting itself a contributory factor which will have a decisive bearing on the further course of events. With the dollar soaring around the nine billion mark notch today a new period of price chaos has set in and with it the government's helplessness with respect to the adoption of speedy reparatory measures became more emphasized.

Socialists Restive. The social situation growing out of the complete wreck of the nation's economic structure is making the socialist party restive, in that it apparently no longer is able to cope with the clamor of the masses, whose cause is being espoused by the more mili-

California Officers Stumble Again; Held Wrong Men in Jail

Three Arrested as Suspects in Train Robbery Released when Mistake is Discovered

SACRAMENTO, Cal., Oct. 15 (AP)—O. J. Underwood, J. L. Millett and John D. Carroll, arrested here Wednesday as suspects, are not the men who held up Southern Pacific train No. 13 and killed four trainmen near the Oregon line October 11, Police Chief Bernard McShane and Inspector Arthur Ryan announced today after they had subjected the three suspects to a six-hour grilling. The men, however, will be held for a few days, police said.

GOVERNMENT SMASHES BIG LIQUOR BRIBERY SCHEME; WAR ON SALOONS

TWO MEN ENTOMBED IN MINE ARE FOUND ALIVE

Two Workmen, Buried in Depths of Utah Mine Since Monday, Brought Out Alive by Fellow Employees

SALT LAKE, Oct. 15 (AP)—Joseph Norden, superintendent of the Utah-Apex mine, and Jose Bataia, a workman, who have been imprisoned in the mine since 4 o'clock Monday afternoon, were rescued tonight at 11:30.

Eleven Conspirators Bagged by Agents on Orders From Capitol

Declare Federal Officers Accepted \$700,000 to Keep Hands Off Booze Business in Great Eastern Centers; Prominent Men Under Arrest; Fifty-Four Suits Filed

NEW YORK, Oct. 15 (AP)—The federal government today fired a double-barreled charge into the wet forces alleged to be drooling New York and New Jersey with illicit liquor.

MASONS STAND FOR EDUCATION

Scottish Rite Council Favors Americanization and Establishing National College

WASHINGTON, Oct. 15 (AP)—Support of an educational program, including a campaign for creation of a federal department of education and establishment of a national university here to be supported by the government, was reaffirmed today by the supreme council, thirty-third degree, ancient and accepted Scottish Rite southern jurisdiction.

Other features of the program endorsed include compulsory teaching of English in the public schools, Americanization of aliens, equalization of opportunity for children of the rural districts and improvement of the status of teachers. "Unless the United States attacks this problem of education in a more earnest and comprehensive manner than we have done up to the present time, the nation is headed for disaster," declared John H. Cowles, sov-

BRUTAL ASSAULT ON YOUNGSTER IS LINKED WITH BANK ROBBERY THAT STARTLED EASTERN IDAHO IN 1922

VETERANS URGE PREPAREDNESS

Legion Men Favor Adjusted Compensation, Stronger Naval and Air Forces

SAN FRANCISCO, Oct. 15 (AP)—The American Legion elected its state today by adopting all pending resolutions, including drafts favoring adjusted compensation for ex-servicemen, the 5-5-3 naval plan, a strong and adequate air force and complete rehabilitation and hospitalization for the disabled veterans, and prepared for electing its new national commander, vice commander and national chairman tomorrow and adjourning until next October, when it meets in St. Paul.

The convention delegates voted unanimously to maintain the five-year term of the Legion in favor of an adjusted compensation. The committee report covering the subject pointed out that the plan was not originally the Legion's, but the Legion drafted the compensation law at the invitation of the ways and means committee of the senate.

Would Equal England. The resolutions advocated by the

Officer Believed Man Who Beat Up Soda Springs Lad Came Back to Seek Hidden Loot

IDAHO FALLS, Oct. 15 (AP)—An echo of the robbery of the Jefferson County National bank at Bigby on July 7, 1922, when "Billy" Flunker and Ernest Saxey alias "Swede" Beed held up the bank, came to light here today when local officers were asked to be on the lookout for an automobile bearing license number 61830 driven by Saxey, who stole the car from a Soda Springs lad Monday night.

According to the story reaching the sheriff's office here, a stranger, later identified as Saxey, approached a 15-year-old Soda Springs boy Monday afternoon and hired the lad to drive him into the country. A few miles out of town the stranger showed the lad a fake star and told him he was a detective looking for a famous Chicago bank robber. He jumped into the back seat of the automobile and later struck the boy over the head, rendering him unconscious.

Was Tied with Ropes. The boy was then tied with ropes and thrown into the back seat of the car. When he recovered consciousness the man was standing by the side of the car and proceeded to search his pockets. Finding only a dollar and a pocket knife he threw them back to the lad with the remark, "I don't need

PAYS RESPECTS TO MEMORY OF BELOVED DEAD

England's War-Time Minister Stands with Bared Head at Lincoln's Tomb; Praises Him as One of Greatest Men

SPRINGFIELD, Ill., Oct. 15 (AP)—David Lloyd George came here today and paid homage to the memory of Abraham Lincoln

With bared head, he, in spite of a cold driving rain, the war-time premier of Britain, approached the monument and entered the tomb of the martyred president where he placed on the sarcophagus his wreath with his card bearing the words:

"A humble and reverent homage to the memory of one of the world's greatest men."

Accompanying him were Dame Margaret and Miss Magon. Lloyd George was as well as members of the official reception committee.

Standing with head slightly bowed below the sarcophagus and for a moment in deep reverie, the man who also has known the pressure of greatest responsibilities of the world, said:

"He is the greatest man grown up on the American continent. He is growing too—oh, yes, he grows."

The wreath was placed on the top side of the sarcophagus just above one standing in front and placed there several months ago by President Coolidge when he was vice president.

Before going to the tomb, Mr. Lloyd George visited the Lincoln home near the center of the city. Evidencing the greatest interest in all matters concerning the great president, who he regarded as his ideal since boyhood, the former premier went through the different rooms and examined all articles with minute attention to all details. In the room where Mr. Lincoln was notified of his election as president, the distinguished visitor pointed out a remark to Dame Margaret and others:

"This is the room where he heard that he had been elected."

Burley Votes Park and City Hall Bonds

Citizens Approve Municipal Issues in Sum of \$23,000 to Meet Obligations

BURLEY, Oct. 10 (Special to The News)—Citizens of Burley at an election today cast four to one vote in favor of two bond issues aggregating \$23,000.

Issuance of bonds in the sum of \$17,500 "to finish paying for the city hall and the lots on which it stands" was approved by a vote of 294 to 65. The city previously had been obligated on this account by issuance of warrants, and the proposition when submitted to vote on two prior occasions had been defeated.

Purchase of property commonly known as the fair grounds, to be used as a city park, was authorized by vote of 273 to 69 for bonds in the sum of \$5,500 to be issued for the purpose. This property comprises some 70 lots together with the fence surrounding it, and all corral, sheds, bleachers, buildings, grandstands and campuses. It last June, and practically \$1000 has been turned into the purchase fund by the American Legion and other organizations.

KIWANIS CLUB PLEDGES SUPPORT TO BOY SCOUTS

Speakers for the Boy Scout movement in Twin Falls who were guests Monday at a regular meeting of the Kiwanis club were told by Judge O. P. Davall, acting chairman, that the club would support the movement financially and in every other way possible. The statement of the presiding officer followed an announcement made in behalf of the Boy Scout movement by J. E. Madsen referring to a campaign soon to be conducted here to raise funds for Scout activities during the coming year. It is probable, Mr. Madsen said, that a campaign committee will be formed with a membership composed of representatives of several local organizations.

RESTRICTS BUILDERS' LIEN

Supreme Court Holds Completion of Main Work Sets Time for Presenting Claim

Restrictions with respect to time for filing laborer's lien for unpaid wages are set forth in a recent decision of the Idaho supreme court in the case of the Gen. State Lumber company against Witty and others, which were received Friday by local attorneys.

Where the contract for the construction, alteration or repair of a building is regarded by the parties, as substantially completed, the subsequent rendering of sum small as been furnishing sum material to remedy a defect in the original construction work, does not operate to extend time for claiming of a lien or revival of a lien that has expired."

And in the same case the court says: "One who claims a lien for material or labor furnished in the construction, alteration or repair of a building, after having substantially completed his contract, may thereafter unreasonably or purposely delay in finishing it, and the doing of a small amount of work thereon after such a delay is not sufficient to extend the time in which to file a material man's or laborer's lien."

OFFICIALS MAKE REPORTS

Showing earned fees amounting to \$525 during the quarter ending October 8, Probate Judge O. P. Davall, in a quarterly report just approved by the board of county commissioners, reported fees in the sum of \$45 for marriages performed during that period and \$10 fees in connection with two adoptions of children. The income of the court was further distributed as follows: Civil fees, \$107.35; criminal fees, \$110; estates, \$17.

During the same three months' period fees in the sum of \$100 for C. Siggins, county auditor and recorder and clerk of the district court, amounted to \$3113.10. Fees earned as recorder totaled \$1215, and as clerk of the court \$1331.35.

The sheriff's office reported earned fees for the quarter amounting to \$233.50.

# SUGAR TARIFF INQUIRY WILL BE CONDUCTED

### Federal Commission to Begin Public Hearings on January 15 in Line with Determination to Get at Facts

WASHINGTON, Oct. 18 (AP)—The tariff commission on January 15 will begin public hearings on its inquiry into the effect, if any, of tariff duties on the price of sugar to the American consumer.

It was announced that the commission is determined to go to the bottom of the question and hopes to be able when it has completed its investigation, to make a definite recommendation to President Coolidge as to the advisability of action under flexible provisions of the tariff act.

Investigators for the commission have about completed their field work in gathering production and consumption figures, together with information obtained at the hearings in January, is expected to provide the commission with incontrovertible facts on the subject. The inquiry was begun after charges had been made that the tariff duties of 170 cents a pound on sugar imported from Cuba and 250 cents on sugar imported from other countries, had resulted in exorbitant prices. The investigation at first dealt only with sugar, but later was broadened to include cane sugar.

## NATIONAL MEETING OF CATHOLICS IS ENDED

### Ku Klux Klan Is Indirectly Referred to in Resolutions; New Directors Named; Officers Re-elected

CINCINNATI, Ohio, Oct. 18 (AP)—With the adoption of important resolutions, in which the activities of the Ku Klux Klan were referred to indirectly, the election of new directors and the re-election of the entire list of officers, the third annual convention of the national council of Catholic men ended its business sessions here Wednesday.

The council defined its attitude on the repeated outbreaks against law and order and reaffirmed its allegiance to the principles of government, reiterated its faith in the Catholic system deplored abrogation of powers granted each of three divisions of government, and the growing tendency toward divorce.

The council expressed its joy at the announcement of the Holy Father, Pius XI, that the canon of the constitution of the late Pius X be introduced at an early date.

The election of directors resulted in the election for three years of Francis R. Lowther, St. Louis; T. J. Cahill, Choyenne, Wyo., and Martin Conboy, New York, who are the only Catholics, and the addition of two new members, A. W. Norcor, Ey Paso, Texas, and Harry A. N. Dalley, Philadelphia.

## TEAPOT DOME CLAIMED TO BE SMALL PRODUCER

WASHINGTON, Oct. 18 (AP)—The celebrated Teapot Dome naval oil reserve, the center of a bitter row in congress because of its supposed rich deposits of petroleum, has produced but a small part of the returns which government officials had expected from it.

Estimated by geologists when set aside to contain upwards of 300,000,000 barrels of crude oil, it is indicated now that it will supply only 50,000,000 barrels on the basis of a recent survey reported to the interior and navy departments.

## SILVER PRODUCERS UNITE

SAN FRANCISCO, Oct. 18 (AP)—The finance and organization committee of the Silver Producers' association of America, formed recently at Reno, Nev., met here yesterday with United States Senator Key Pittman of Nevada and prepared a plan for permanent organization. The committee is composed of Alfred Farrell of Salt Lake City, Cal., Judge W. J. Snyder of Salt Lake City and Henry M. Elvcs of Nevada.

GORDON BROWN, shown here at his desk in Washington, is in charge of the purchasing and transportation department of the American Red Cross and is buying all the supplies now being sent to stricken Japan. He has spent more than \$100,000,000 for the Red Cross since he has held his present post.

## LEGION BATTLES ON KLAN ORDER

### Michigan Resolution Is Adopted; Consider Hooded Band "Menace to Liberty"

SAN FRANCISCO, Oct. 18 (AP)—St. Paul was selected for the sixth annual convention of the American Legion in 1924, by the American Legion convention here today.

Paris, France, was recommended as the convention city in 1928, on the tenth annual anniversary of the signing of the armistice.

SAN FRANCISCO, Oct. 18 (AP)—A verbal battle over pro-Ku Klux Klan and anti-klan resolutions in which the press of the country was charged with trying to split the American legion over the Klan question, raged for several hours at the fourth day's session of the fifth annual American Legion convention here, resulting in the adoption of the "Michigan" anti-klan resolution, which avoids using the name of the hooded order.

A total of 938 delegates made it known that while the legion objects to the Klan order, it will not denounce it through a resolution which calls it

spade a spade. With equal force it voted down a resolution the Oklahoma delegates introduced to offset a denuncatory resolution offered by Charles F. Kendrick of San Francisco. Unanimously Carried.

The resolution which was carried by a roar of "noes" to the weak cry of a score of "noes," was as follows: Resolved: By the American Legion in national convention assembled, that we consider any individual, group of individuals, or organization which creates or fosters racial, religious or class strife among our people, or which takes into their own hands the enforcement of law, determination of guilt or infliction of punishment, to be un-American, a menace to our liberties and destructive of our fundamental law; and be it further

Resolved, that we consider such action by any individual, groups or organizations, to be inconsistent with the ideals and purposes of the American Legion.

Oppose Kendrick Plan. The Kendrick resolution, which was lost on a roll call vote, 816 to 142, with 36 not voting, was as follows:

Resolved, that the Ku Klux Klan is an organization which is destructive to American principles and ideals and is unfair to hundreds of thousands of our comrades in arms during the world war. This convention, therefore, most unequivocally denounces the Ku Klux Klan as being an un-American organization and unworthy of membership by loyal American citizens.

Major Kendrick cast a lone ballot for his own resolution in the California delegation; the other 36 delegates voting no.

Elasmann Voted Down. The "Oklahoma" resolution, voted down was submitted by E. W. Whitney of Oklahoma, who stated he was a member of the Klan. The resolution follows:

"Whereas, the convention of the American Legion recognizes the rights of the members thereof to their own free opinion in matters of religion and politics, and,

"Whereas, the basis of membership in the American Legion is service, irrespective of the religion or politics of the members, now, therefore, be it Resolved: American Legion adheres to its original purpose and stands for time that the American Legion, if it the service man irrespective of belief for; if it has what we thought it had

all such to its fold. That within this fold the question of such belief or affiliation be never raised to the prejudice or hurt of any one, but that the same be out in the open against things that are destructive to our American government and to our constitution."

Major Kendrick accused the members of pussy-footing on the K. K. K. question and announced that he was there to "tear the mask off things and see just where we are." He said:

"Far be it from me to inject into this convention a religious issue. However, much as I desire that such not be the case, there is a religious issue here and there has been on for more than two years. The only way to meet the issue is to meet it squarely, meet it face to face, the same as we met other issues in times gone by."

"We can't pussy-foot in this organization and get anywhere. Let's tear the mask off things and see just where we are. You all know just as well as I do what happened at New Orleans. You know perfectly well that Bill (William) Doogan's candidacy was proposed down there and the most important factor regarding him was his religion."

Withdraws Statement. Major Kendrick withdrew the statement when it was objected to by California delegates, and said:

"I withdrew the statement, but you all know, and merely say that I know it, and let me get a little closer to home with you. In Kansas City when my name was proposed throughout the convention as probable candidate for commander, on all sides I found my religion was a most interesting matter to men who desired to know whether they should or should not consider me as a possible commander."

"This is not a small matter to some little village; it has got so that a great state had to declare martial law because of it, and other states in the Union are considering the question in a great statewide way and it is high to its original purpose and stands for time that the American Legion, if it the service man irrespective of belief for; if it has what we thought it had

in the war, if it has courage on both ends of the fun, if it has that, it will stand pat and stop pussy-footing and come out in the open against things that are destructive to our American government and to our constitution."

# Reduction in Price of COAL!

We have on hand some coal which we have forked out of the Lump and Egg. Some dealers call it Pea Coal; we sell it at \$5.00 per ton, but we think that Nut coal at \$8.50 is cheaper.

We suppose you know where that Pea Coal got its name; it is from that pea. Now when it gets down to that size, it is in constant danger of falling through the grates and getting lost in the ashes, then your radiator might freeze up and you take pneumonia and you would have a doctor bill to pay.

You can buy Pea Coal for \$1.00 less per ton; that is saving about 30 per day. Does it pay to take chances? Our coal is Hot Stuff and makes WARM FRIENDS. Look for the Red Stripes in the Telephone Directory.

# BELIEVE MINERS ESCAPED DEATH

### Voices of Entombed Men Are Heard by Rescuers Working Way Through Debris.

BINGHAM, Utah, Oct. 18 (AP)—That three of the five men who have been entombed in stop number 20 of the Utah-Apex metal mine for more than two days are still alive was definitely determined this afternoon, according to reports reaching the surface. Rescuers expect to reach the men about 10 o'clock tonight. Superintendent Joseph Norden is one of the men, but the identity of the other two is unknown.

The first hint that any of the imprisoned miners still lived came this morning when tappings were heard. At noon the relief party had made sufficient headway to hear voices, and late this afternoon in answer to the question came a weak answer that "Norden is here."

The condition of the men is undetermined, but judging from the footprints which penetrate the rocks, the trapped miners are begrudgingly following the strain of the long captivity. Despite the fact that the rescuers were several feet closer at evening than at noon, answers from those entombed were perceptibly weaker.

The relief party is working with redoubled efforts, restrained, however, lest their efforts at least one of the crumbled ground and blast out the progress already made.

Hundreds of men and women have remained at the mine throughout the entire two days and dozens of miners volunteered for the place of one over-zealous by exhausting the work of medical men and nurses are ready to render whatever services are needed.

# SOLONS ORDER KLAN INQUIRY

### Stormiest Meeting of Extra Session of Oklahoma Legislature; Charges Startling.

OKLAHOMA CITY, Okla., Oct. 18 (AP)—A "startling" investigation into the Ku Klux Klan and its activities has been authorized by the lower house of the state legislature. It adopted unanimously a resolution proposing the inquiry.

The action came at the close of the stormiest meeting of the extra session during which an attempt failed to unseat nine house members and charges and counter-charges of party prejudices in the impeachment proceedings against Governor J. C. Walton were hurled across the chamber.

The house adjourned late this afternoon until Friday afternoon and the senate, which transacted little business, recessed until tomorrow.

### Heat From Kerosene and Coal.

It has been pointed out that kerosene contains a greater quantity of heating energy than coal when the comparison is made upon the basis of weight. One pound of kerosene contains about 19,000 heat units, whereas one pound of high-grade coal shows about 16,000.

The cost of the various fuels for heating purposes depends largely upon the relative supply.

### Near the Year's End.

The last orchids of the year bloom in September and October. They are the ladies' treasures, probably the most common of the orchid family in the eastern North America, says Nature Magazine. All country dwellers know their stiff, upright, slightly twisted blossoms. The two most common are the scolding ladies' tresses and the slender ladies' tresses.

### Story in Countenance.

There is in every human countenance either a history or a prophecy which mustadden, or at least soften, every reflecting observer.—Coleridge.

# NEW LAMP BURNS 94% AIR

### Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise, no pumping up, no cleaning, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, W. R. Johnson, 161 Union Ave., Portland, Ore., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

# Today's Sporting News

## GRAYSON COLT READY TO RUN

### My Own to Be Shipped to Belmont to Be Held in Readiness to Succeed Zev

WASHINGTON, Oct. 18 (AP)—Rear Admiral Cary T. Grayson's My Own will be shipped tomorrow morning to the Belmont park track where Zev and Papyrus are scheduled to race Saturday, according to word received here from Laurel, where the colt is now quartered. My Own has been selected to race Papyrus in the event Zev is considered unfit to compete.

Admiral Grayson has announced his intention of transferring his colt to the New York track, the message said, after he had a telephone conversation with August Belmont, one of those arranging for Saturday's international race.

NEW YORK, Oct. 18 (AP)—August Belmont, chairman of the Jockey club, declared this afternoon that the shipment of My Own to Belmont park did not mean that Zev would be withdrawn from the international match race Saturday. He explained that Rear Admiral Cary T. Grayson's colt would be ready to substitute for the Raneocens star, in accordance with the selection of My Own as the first alternate.

## MAJORITY OF ENTRIES FINISH AVON CONTEST

### Predictions of Expert Horsemen Are Upset when All But Two of 16 Months Complete Fourth Lap

ROCHESTER, N. Y., Oct. 18 (AP)—Upsetting the predictions of expert horsemen all except two of the remaining 16 entries in the national 300-mile endurance contest at Avon pulled into the stables in the minimum time limit of nine hours at the completion of the fourth 60-mile lap yesterday. Despite the gruelling route yesterday, the stiffest in the history of the riders, Jane Gray and Red Cloud, Morgan, entered by the U. S. Morgan horse club, suffered time penalties of eight minutes and one hour and ten minutes, respectively. Jane Gray was an hour late at the noon halt, but steadily decreased the deficit during the afternoon.

Contest records will be broken this year, according to Wuyue Dismore of Chicago, chairman of the board of supervisors, who is noted as saying that in 45 hours flat, the shortest time possible. Vendetta, winner of the previous year's endurance contest at Fort Ethan Allan, Vermont, made the same distance in 45 hours and 17 minutes.

## KANSAS CITY BLUES WIN FROM BALTIMORE

KANSAS CITY, Mo., Oct. 18 (AP)—The Kansas City Blues American association pennant winners, took a step toward the minor league championship of the world here today by defeating the Baltimore Orioles, 5 to 2, in the fourth and final game in Kansas City of the junior series. The series now stands, Kansas city 3, Baltimore 1.

### Eye Emits Strange Power.

That the human eye emits some unexplained power, probably an unknown light ray, has been demonstrated by an English scientist with delicate electrical experiments.

## Shift Cougar Lineup for Game with Idaho

PULLMAN, Wash., Oct. 18 (AP)—A complete shift of the lineup of the Washington State college team for its game tomorrow with the University of Idaho, was predicted today by Coach Examining.

## COLLINS MAY BE PICKED TO FILL GLEASON'S JOB

### Captain and Second Baseman of Chicago White Sox Talked as Probable Successor to Managership

CHICAGO, Oct. 18 (AP)—Eddie Collins, captain and second baseman of the Chicago White Sox, probably will be selected to succeed "Kid" Gleason as manager of the club, it was reported in baseball circles tonight, although President Comiskey of the Sox would not affirm or deny the report.

DETROIT, Mich., Oct. 18 (AP)—William "Kid" Gleason will not be engaged as assistant manager of the Detroit team of the American league, it was announced here today by Frank J. Navin, president of the Detroit club. Late in the season, when there were rumors that Gleason would resign as manager of the Chicago White Sox, there was a report current that the Chicago manager would be selected to assist Ty Cobb.

## NOTRE DAME CONSIDERS CONTEST WITH BULLDOGS

### Telegram from Coach of Eastern Team Indicates They May Meet Gonzaga in Stadium at Spokane

SPOKANE, Oct. 18 (AP)—Notre Dame is "seriously considering" a game with Gonzaga university on the western trip of the eastern team, it is declared in a telegram received by Coach Dennis of Gonzaga from Coach Roekens of Notre Dame. He said the matter of a game here would be placed before the faculty committee next week.

## OREGON AGGIES ON TRIP

CORVALLIS, Ore., Oct. 18 (AP)—Eighteen Oregon Aggie warriors and the coaching staff have left Corvallis for Berkeley, Cal., where they will meet the University of California Saturday.

This game is expected to be one of the toughest on the Aggie schedule. The last game between the two teams in 1920, was won by the Bears, 17 to 7.

## McTIGUE IS SIGNED FOR BOUT WITH U. S. CHAMP

Light Heavyweight Champion of the World to Meet Gene Tunney in 10-Round Battle at New York

NEW YORK, Oct. 18 (AP)—Mike McTigue, light heavyweight champion of the world, today signed with Promoter Tex Rickard to defend his title in a 10-round match with Gene Tunney, of New York, holder of the American light heavyweight crown, at Madison Square Garden on December 10.

The match, which has been hanging fire ever since McTigue returned from Ireland early in the year, with the title he won from Battling Siki, was clinched at a conference between Rickard and the rival manager, Billy Gibson for Tunney and Joe Jacobs for McTigue.

McTigue has but one decision, match since he won the 175-pound crown. That was his recent affair with Young Fighting at Calumet, Ill., where Referee Henry Erilo declared the contest a draw.

## DRINK WATER TO HELP WASH OUT KIDNEY POISON

### If Your Back Hurts or Bladder Bothers You, Begin Taking Salts

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of uric acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weaknesses.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and headache. By all means, have your physician examine your kidneys at least twice a year.—adv.

## SAGE TEA DANDY TO DARKEN HAIR

### It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful. This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.—adv.

### Colors Worn by Jockeys.

There are records to show that King Henry VIII as early as 1530 dressed his jockeys in colors, but nothing to prove that the colors were always the same. In 1702 the Jockey club posted a notice to the effect that several owners of racing horses had selected colors to be worn by their jockeys. Some of the colors chosen then are still in use by the same families.

THE GUMPS—CAVEAT EMPTOR!

Paddock Exhibits Speed for Bruins Gridiron Squad

Football Players Enjoy Memorable Experience with Champion Sprinter

FRIDAY'S FOOTBALL GAMES

Twin Falls Bruins vs. Fort Hill Indians, 2:30, Lincoln Field. Oakley at Filer. Burley at Albion (high school). Bull at Shoshone. Wendell at Gooding.

Coch Evans' Bruins were given a treat at Thursday night's practice. Charles Paddock, world-famous sprinter and holder of many records, was out in a football suit to get a little exercise, as he expressed it. Paddock arrived on the noon train and delivered a lecture at the high school Thursday night.

Word was passed around town that he would be out to practice and there was a good crowd in the bleachers to see him. The Bruins forgot all about football and were standing around watching him in action. He was going down after pass and Missell, Tims and Day, and, needless to say, he is fast. Moose's comment was: "Gosh, I never hoped to see that guy." That is what a lot of others thought, but didn't say. Moose and Paddock staged a race after practice that was a boner while it lasted, but Moose lasted only two jumps and Paddock was grinning back over his shoulder at the big Moose.

Paddock's fastest time was made in a 220 some years ago when he stepped the distance in 20 4-5 seconds. Coach Evans and Paddock went to an enjoyable afternoon reminiscing, for they attended rival schools, Evans at California and Paddock at U. S. C. Only a light workout Thursday in preparation for Friday's game. Jenks and Crom were absent and Swim was not in a suit, although he worked with the team. Just at five o'clock to lumber up and no scrimmage. The game is called at 2:30 to allow the Indians to catch the evening train. The game with Ricks Academy will be played next Thursday instead of Friday, as was first thought. The Blue team is on a tour and had to play here either Thursday or Monday, and the Bruins decided that Thursday would be the better day.

VANDALS TO MEET COUGARS Gridiron Clash at Pullman, Opening Conference Season for Idaho, to Add Chapter to Long Series of Games

UNIVERSITY OF IDAHO, Moscow, Oct. 18—University of Idaho and Washington State College 1923 football teams meet at Pullman Friday to add another chapter to the long series of historic games which have marked the quarter of a century of gridiron relations between the two schools. Not since the 3-0 victory of 1913, gained when Jim Lockhart scored on a drop-kick from the 35-yard line, has an Idaho eleven emerged victorious. Eight times since that date Washington State has won. Last year it looked like an Idaho victory, for the Vandals were masters during the first three periods.

Idaho will face the Cougars Friday without those eight consecutive victories counting very much. Showings of the team in condition are this year have taken the punch out of the aged statement, "By virtue of the long string of victories the Cougars are favorites for tomorrow's clash."

The two teams will be about equal in weight. Idaho will probably have the edge in condition as this year she has not met disaster in either of her early season games her basic attack should be a trifle more dependable. This game will mark the opening of the 1923 Coast conference season.

Youngsters Given Section in Stadium

DES MOINES, Iowa, Oct. 18 (AP)—Knot holes in the Drake university stadium walls and points of vantage around the bowl have lost some of their popularity. This fall with the inauguration of a "kid" gate through which the youngsters have the run of the handrails to watch the Drake gridirons in action. University authorities say the "kid gate" probably will be continued throughout the present football season. One entire center section of seats is given over to the youngsters who are admitted for 25 cents.

MONTANA STATE DEFEATED

BOZEMAN, Mont., Oct. 18 (AP)—The University of Denver won a Rocky mountain interstate football game from Montana State today, 7 to 6. Boyd, Denver back, scored a touchdown in the second period on a run of 25 yards and O'Donnell kicked goal. An 18-yard forward pass to Mashin placed Montana in a position to score in the same period, and three line plunges carried the ball over. Goal was missed.

BRUTAL ASSAULT IS LINKED WITH ROBBERY

(Continued from Page One) These? Some four hours later the lad made his way into Soda Springs and at the sheriff's office identified a picture of Saxey as the man who had attacked him. Officers believe that Saxey returned to secure \$3200 stolen from the bank and which had never been recovered. In near Idaho and officers from all towns in this part of the state joined in the chase for the robbers, who sped over the hills, east of Idaho Falls in a large automobile. Finkler was captured near Soda Springs but Saxey made his escape. Some securities and mutilated currency were recovered but none of the gold and bank notes.

Finkler was tried on the robbery charge at Rigby last spring and sentenced to five to 15 years in the state penitentiary. Both he and Saxey were ex-convicts, having been sent up from Bonneville county on larceny charges. No trace of Saxey had been found after he disappeared near Soda Springs and officers are certain that he returned Monday and recovered his cache of money.

ANNOUNCEMENTS

Vishnu camp No. 2070, Royal Neighbors, will meet Friday evening in the E. O. F. hall. Refreshments will be served at the close of the session.

An important meeting of the women of the First Presbyterian church will be held in the church parlors on Friday afternoon at 3 o'clock. The Rev. Walter M. Irwin, D. D., will be here and give an informal address to the women. At 7:30 p. m. on the same date Dr. Irwin will address the men of the church in the auditorium at the first meeting of the Presbyterian Men's club this autumn.

On Monday, October 29, Axel Skovgaard, Danish violinist, and his wife, Alice McClurg Skovgaard, pianist, will give a concert at the high school auditorium under the auspices of the Twentieth Century club. The proceeds will be given to the first district loan scholarship fund.

LET'S ALL GO to the Big Football Dance DANCELAND Friday, Oct. 19 Blue and White Orchestra

VETERANS URGE PREPAREDNESS

(Continued from Page One) naval committee and adopted by the convention, covered the following: Recommendation that the navy department keep the United States fleet equal to that of Great Britain, including the auxiliary and maintenance of such bases and navy yards as may be necessary; that bases on the Pacific coast as recommended by the Rodman board be developed at the earliest possible time; building up of the merchant marine, because "if all navies were sunk by treaty, the United States would then be the principal source of naval power, and on this basis Great Britain would at present have as much power as all of the larger nations combined."

Wants More Planes. The Legion unanimously adopted the aeronautics committee report stating that it objected emphatically to any program which tends to make the United States impotent in the air while other nations build up their offensive and defensive power. Until an international air limitation is completed there should be no treaty made energetically an intelligent building policy, the committee stated. The aeronautics committee recommended that the American merchant air marine be fully developed in time of peace in order that the "planes, equipment and personnel might be ready in time of emergency."

Adquate preparation for national defense act, and the organization and maintenance of an efficient national guard and organized reserves, were approved without a dissenting vote. The rehabilitation committee report, which was carried, advocated compensation awards for dependents of deceased service men; giving training pay until recovery to vocational trainees incapacitated during their training; abolishing the present medical rating board and substituting boards composed of doctors and eighth division representatives; assuming under the law that organs of chronic constitutional diseases first appearing more than five years after service, can be traced back to service origin, and removing the time limit for filing claims for disability compensation. The Japanese earthquake does not solve the problem of Asiatic immigration, but accentuates it, according to a report of the legion's Oriental committee's report, which was carried unanimously.

FOUR SAILORS DROWNED

Members of Crew of American Three-masted Schooner Lost Lives in Hurricane Off Gulf of Mexico

MOBILE, Ala., Oct. 18 (AP)—Four members of the crew of the American three-masted schooner Bluefields, sailing from Mobile to Tampa, Fla., with lumber, were drowned in the hurricane of the past three days in the gulf. The vessel was wrecked ten miles west of Pensacola, Fla., according to news received by the owners. The dead are First Mate NeKicks and three seamen.

Control of Market by Growers Is Plan Approved by Meyers

WAR Finance Director Tells Oregon Farmers and Bankers of Value of Co-operation PORTLAND, Ore., Oct. 18 (AP)—Organization of wheat growers of the United States into a great co-operative marketing association through which they may control the flow of wheat to market in an orderly manner is the only solution for the present dilemma of the growers, according to a statement made here today to a large group of wheat growers, bankers and grain dealers of Oregon by Eugene Meyer, Jr., managing director of the war finance corporation. Meyer was here with Frank W. Mondell, director in the corporation, on a tour of the United States investigating the problems of the wheat farmers at the request of President Coolidge.

OFFERS AID TO VETERANS

Red Cross Calls Attention to Desirability of Obtaining Certificate of Injury Before Time Limit Expires Veterans of the world war who suffered from any disease or wounds while in service must apply before March 1, 1924, to the United States veterans bureau for a certificate of injury, if they are to receive compensation by reason of disability arising from such cause, according to a statement issued Thursday by the Twin Falls chapter of the Red Cross. Announcement is made that the local Red Cross, with offices in the Twin Falls Clinic rooms open afternoons, will be glad to be of assistance in obtaining these certificates. Obtaining of the certificate now, the statement says, is a protection to the man who may not become disabled from injury or disease in service until some future time, when it might be difficult to prove that the disability was connected with his service. Request for certificate must be made over the signature of the ex-serviceman, giving his name, serial number, service organization, dates of enlistment and discharge and date of the injury received in service.

TRIAL OF ASTROLOGIST ON COURT'S CALENDAR

Arthur Covell Is Permitted to Withdraw His Plea of Guilty to Murder of His Sister-in-Law MARSHFIELD, Ore., Oct. 18 (AP)—Arthur Covell, crippled astrologer of Bandon, Ore. Saturday, pleaded guilty to a charge of first degree murder in connection with the death of his sister-in-law, Mrs. Ebbis Covell, was permitted today to withdraw his plea and the court accepted a plea of not guilty, on motion of Clavd G. Ailes, counsel for the defense, appointed by the court. The trial had been set for tomorrow.

PAYS RESPECTS TO MEMORY OF LINCOLN

(Continued from page one) Mr. Lloyd George was shown about the house by Mrs. Mary Edwards Brown, a grand-niece of Mrs. Lincoln. Returning to his hotel, Mr. Lloyd George prepared to attend a public dinner tonight and later to depart for St. Louis. Mr. Lloyd George was officially welcomed to the state tonight by Governor Small at a public dinner in the Leland Hotel. Speaking of the distinguished visitor, the governor said that "his has been a courageous life of service to his country and to his fellow men, as was that of our martyred president."

In his address Mr. Lloyd George said: "I have come here today with one purpose and one purpose only—to pay my humble and reverent tribute of respect to the memory of one of the great men of the world. It is difficult to express the feelings with which I visited the home and the last resting-place of one of the noblest figures in the history of mankind. There have been great men whose lives constitute part of the history of the world and of the great men whose lives have become part of the legends of humanity. These are the greatest, and Lincoln's name will ever remain conspicuous among these. His fame is wider than that of his was at the date of his death, and it is still enduring. His influence is deeper and it is still deepening."

"Even if this were the occasion I do not feel competent to pronounce any judgment on the qualities that made him great and on the deeds or words that will make his name endure forevermore. Least of all would I presume to do so in the city where there are still living men who know him. All I know about him is that he was one of those rare men whom you do not associate with any particular creed or party or even country; he belongs to the human race, in every clime, land and age."

District Attorney Fisher today disclosed that he has in his possession a number of notes made by Arthur Covell which relate to murders, robberies and fires which Covell is alleged to have planned. These are written in plain English. Among the notes was one inciting Covell had planned to spend some of the money derived from robberies to build himself a house and keep therein as prisoner a Bandon girl whom he planned to kidnap.

# GOVERNORS HAVE VARIED PROGRAM

### Legislation, Prohibition, Farming and Penal Reform Talked at Big Gathering

WEST BADEN, Ind., Oct. 18 (AP)—Agriculture, prohibition, penal reforms and uniformity of state legislation were considered today by the fifteenth annual governors' conference, here to discuss national problems.

While the formal morning sessions today were given over exclusively to agriculture, the question of prohibition enforcement was the overshadowing topic of discussion among the governors. Announcement of a move by several executives, including G. P. Baxter of Maine and W. E. Sweet of Colorado, to prepare a memorial to the people of the country urging intensified enforcement activity, but that issue squarely before the conference.

The first session today, presided over by Governor J. N. Dixon of Montana, was devoted to a paper on wheat marketing and uniformity of legislation. E. H. Nestos of North Dakota, in which he urged immediate relief measures by the federal government for the exclusive wheat farmer.

Governor John M. Parker of Louisiana spoke on agricultural problems with particular reference to those of the southern states, concluding with the suggestion that unless the present disparity between wheat values and general price levels was soon equalized, the stability of the entire farming industry would be jeopardized.

**Discusses Pardons**  
The afternoon session considered executive clemency, pardons and parole, and uniform legislation.

In the opening discussion on executive clemency, Governor Sweet of Colorado staunchly defended the parole system, condemned retributive punishment and defined the obligation of penal institutions to encourage inmates to reform themselves and to give the wisdom of such policy can be judged by American experiences which are powerful arguments for the extension of the program, he said.

"The reformation of the criminal is part of the duty of the state," Friday's session of the conference was devoted to the problem of water power development. Shortly afterward the state executives will leave on a special train for Washington, where they are scheduled to meet the president at a luncheon conference Saturday.

**Hold Night Session**  
The executives met tonight and were in session for three hours. Governor Sweet of Colorado presented his suggestion for a memorial to President Coolidge on the prohibition question and his proposal was discussed with great vigor.

After the discussion it was decided to draft the suggestion for the memorial, the last paragraph of which was understood to contain a statement by each governor that conditions in his state had improved since the advent of prohibition.

This clause was understood to have been opposed by certain of the executives who contended that there had not been such an improvement.

The governors actively interested in presenting the memorial tonight are redrafting the suggestion presented by Governor Sweet and the subject will be considered again at tomorrow morning's meeting.

The executive committee tonight was re-elected. It is composed of Governors Cox of Massachusetts, Hardee of Florida and McCray of Indiana.

## LEGISLATIVE ACTION IS TOPIC OF SPECULATION

Leaders in Philippine Congress Announce Proposal to Ignore Recommendations in Wood's Message

MANILA, Oct. 18 (AP)—In view of the Washington administration's renewed pledge of full support to Governor General Leonard Wood in his regime in the Philippines there is much speculation here as to how far the legislature will go toward carrying out its announced policy of non-cooperation.

Leaders in the legislature and of the coalition party announced here the legislature convened Tuesday it was proposed to ignore Governor General Wood's message insofar as its recommendations were concerned, saying that under the Jones law he had the authority to submit nothing except budget. Later it was announced that legislation would be enacted which it was known the governor general would veto, as a means of making a test of the Jones law.

Among the specific recommendations contained in Governor General Wood's message were the following: Adoption of woman suffrage; conversion of the Philippine national bank into an agricultural bank; eventual establishment of a powerful radio station at Manila for communication with the provinces because of the frequency of cable breaks due to the shift currents in Philippine waters. It was recommended that the legislature make no appropriations but provided for in the budget without providing definite and specific revenues for them.

## Senator King Makes Predictions as to Presidential Race

### Utah Democrat Picks McAdoo to Head Bourbons and Hughes as G. O. P. Leader

WASHINGTON, Oct. 18 (AP)—Senator King, democrat, Utah, today predicted that William G. McAdoo would head the democratic national ticket next November and Charles E. Hughes, the republican, the senator, who returned from Russia, also said he favored sending a commission to that country to negotiate a resumption of diplomatic relations.

## Personal

**Back From Extended Visit**—Mrs. S. H. Kayler has returned from an extended visit with relatives in southern Illinois.

**Leave for Guyer**—Mr. and Mrs. Charles Macaulay have gone to Guyer springs in the Wood river region to spend several days' vacation.

**Twin Daughters Born**—Twin daughters were born Saturday to Mr. and Mrs. P. Vasquez of Hansen, at the home of Mrs. W. Moniuch, 1129 Fourth avenue east. The mother was formerly Miss Lola McCracken.

**Strawberry King Here**—F. E. Bentley of Kalamazoo, Michigan, nationally known as the "strawberry king," arrived here Thursday to visit at the home of his nephew and inspect his farm property interests here.

**Returns From Visit**—Mrs. Kate Taylor returned Thursday from several months visit in the east, spending part of the time with her daughter, Mrs. James L. Ivory, in Boston, and with a sister in Philadelphia. She also visited relatives and friends in Lunark and Dixon, Illinois.

**Commissioner Returns**—H. E. Powers, United States commissioner, returned Wednesday from Los Angeles where he spent 10 weeks visiting his daughter, Mrs. Charlotte Wells, and undergoing treatment at a sanitarium. His health is much improved.

**Attends Mother's Funeral**—A. J. Myers, Twin Falls city attorney, returned Thursday from Thornton, Iowa, where he attended funeral services for his mother. Mr. Myers was called to Thornton by word of the critical illness of his mother and arrived the day after her death.

**Leaves of Father's Death**—Ira Wynn, Blue Lakes boulevard, received word Thursday of the death that day of his father, J. L. Wynn, at Somerset, Kentucky. Mr. Wynn's final illness was of but a few months' duration. He was for 25 years employed as a traveling salesman and subsequently engaged in business in Somerset.

**Leaves for Moscow**—R. E. Brossard, Twin Falls county agricultural agent, left Wednesday for Moscow where he will attend sessions of the entire college of agriculture of the University of Idaho, including new laws of the extension division, October 20-27, for intensive study and instruction on Idaho farm problems under the leadership of Dean E. J. Ildings.

**What Keeps Bird in Air**  
The manipulation of birds' wings has been analyzed to a certain degree by an ultra-rapid camera invented by C. Francis Jenkins of Washington. Mr. Jenkins has shown the exact motion of a pigeon's wings. His pictures demonstrated that the back stroke, when the wings touch over the head, was of but a few millimeters forward progress when the wings meet under the body, sustains the pigeon in the air.

## BOOSTS FORD AS DRY CANDIDATE

### Henshaw Asserts Manufacturer Will Represent Prohibition Party Next Year

LOS ANGELES, Oct. 18 (AP)—Henry Ford, in all likelihood, will get the presidential nomination of the prohibition party, according to Virgil G. Henshaw, chairman of the prohibition national committee, who issued from here today a call for a national conference at Washington, December 12.

"Ford seriously considered our proposal to nominate him in the last presidential election, but eventually he decided to support President Wilson," Henshaw said. "This time, however, he is almost certain to be our choice."

The call issued here today by Henshaw, who has just returned from a trip into Mexico, fixes the Raleigh hotel, Washington, D. C., as the place of meeting and adjourns for the two-fold purpose of analyzing and remedying present conditions as to enforcement of the prohibition laws, and to arrange the time and place of meeting of the national convention in December and adjourns for president and vice-president.

"It seems that the administration which has been in power at Washington, while uttering beautiful platitudes, has made appointments literally designed to desecrate instead of enforce the law against liquor violators. What the nation needs is a deal, in government, and by the help of God and the people whose eyes have not become blinded by their prejudice, it will have one in 1924."

## DIPLOMATIC RELATIONS ARE SEVERED

(Continued from Page One)

tant of the communists. This phase of the situation already is seriously affecting the united socialist party's attitude toward the coalition government, in which it is holding three cabinet posts; and as the party, as such, also is demanding the repeal of the state of emergency act in an effort to placate the rampant Saxon government. It is viewed as not impossible that the socialist party will instruct its members of the cabinet to retire from the government.

**Ministry in Danger**  
Such an eventuality in all probability would wreck Chancellor Stresemann's cabinet, unless President Ebert in the emergency should give Stresemann carte blanche authority to wield his dictatorship without heed of party or partisan consideration.

Herman Mueller and Otto Wels, who are traditional enemies of the socialist party, when important assignments are decided on, today had a long conference with President Ebert. Representatives of the socialists and communists also have been conducting informal deliberations looking toward the creation of a "proletariat working alliance," although the ultra radicals have put forward such extreme demands that the conference have been postponed for the time being. The conference, however, are significant as representing the first serious attempt to unite both the radical parties on a common platform, especially as the socialist party, as such, up to quite recently has openly and repeatedly asserted its refusal to make common cause with the communists.

**Partial to Red Regime**  
Since the German nationalists joined in the formation of the Saxon ministry, the previously existing line of cleavage has become considerably blurred and there is an insistent demand on the ranks of the Berlin socialists that the central government forthwith assume a more conciliatory attitude toward Premier Zeigler and his red Saxon regime.

By way of laying stress on its defiance of the Berlin government, the Saxon government today announced the appointment of two radical communists, Herr Boettcher and Herr Hecker, as Saxony's delegates to the federal council.

What is useless to you may be valuable to others—advertise it in the classified columns.

## Greenfield Is Held on Federal Warrant

### Companion of Rock Creek Girl in Flight to Canada Pleads Guilty to Charges

Gordon Greenfield, 25, who accompanied Thelma Van Eaton, 14, daughter of L. M. Van Eaton, Rock Creek, on a flight from Twin Falls September 27, in an automobile to Laurier, Washington, where he was taken in custody, was arraigned Thursday before H. E. Powers, United States commissioner, here, and entered a plea of guilty to a charge of violating the white slave traffic act preferred by the state in the federal district court in justice. In default of \$2000 bail Greenfield was remanded to custody of the sheriff of this county. Further proceedings in the case will be conducted in the federal district court. Federal warrant for Greenfield's arrest was issued Thursday by Deputy United States Marshal Sutherland.

Greenfield told the commissioner he was willing to plead guilty to charge of transporting the girl to Washington, but to no other charge or implication of the complaint. Greenfield was arrested at Laurier upon request of the authorities here, who held a warrant, issued at the instance of the girl's father, charging him with grand larceny of the car in which he and the girl made the trip. He was brought back to Twin Falls in custody of Deputy Sheriff Charles E. Jones of this county; and was accompanied by the girl, who, since her return, has occupied quarters in the county jail.

## EARTH SHOCKS FELT ON ATLANTIC COAST

ASHEVILLE, N. J., Oct. 18 (AP)—Distinct earthquake shocks were felt at nearby points between 2:30 and 3 o'clock this afternoon, according to reports received here tonight. At Hendersonville and Saluda it was said the shocks were very perceptible, but were not of sufficient intensity as to cause damage.

## SOCIETY

Mr. and Mrs. H. C. Maguire entertained four tables of players at pinocchio Wednesday evening at their home on Fourth avenue north. Mrs. E. N. Rendahl was the ladies' prize for high score and C. North, the gentlemen's. The rooms were most attractive with Halloween decorations and refreshments were served after the games. The guests were Mr. and Mrs. C. A. North, Mr. and Mrs. Robert Lutz, Mr. and Mrs. W. E. Evans, Mr. and Mrs. B. N. Bond, Mr. and Mrs. Thomas McElwain, Mr. and Mrs. Amie Broseman, Mr. A. F. Oland, Miss Gladys Tucker and Mr. Ross Nelson.

Mrs. A. J. Wilson was hostess to the Kimberly Bridge club at her home in the Hotel Pennsylvania at one o'clock luncheon. The centerpiece for the table was a lighted jack o' lantern in a shock of corn. Place cards and other decorations were in yellow. The rooms were decorated with autumn leaves and flowers. The usual luncheon and bridge were played. Mrs. J. Frank Henry was the club favor and Mrs. Charles Fisher the guest prize. Consolation was awarded to Mrs. G. S. Steelmist. All the eight members of the club were present and Mrs. Charles Fisher, Mrs. Harry Wilson and Miss Flo Henry were guests.

Mrs. Morgan Hoop entertained the Episcopal Guild on Thursday afternoon. The usual business was transacted with the president, Mrs. O. C. Siggins, presiding. Mrs. George Leopold read an interesting paper on Home and party were played. Mrs. Hoop followed during which Mrs. Hoop, assisted by Mrs. F. F. McAtoe, served delicious refreshments.

Members of the Unity club met Wednesday at the home of Mrs. J. E. Belleville. The members met for a meeting and took the form of a farewell party for Mrs. Frank Osborne, who with her husband and family left Thursday morning for California to make her home. Owing to the busy time on the farms only ten members and one visitor were in attendance. There was a brief business session and the remainder of the afternoon was spent socially and delicious refreshments were served. The house was beautifully decorated with dahlias in many colors.

The Shamrock club met with Mrs. Fred Davis on Thursday afternoon with the president, Mrs. J. L. Dallas, presiding. Eleven members responded to roll call. "This being the first meeting since early in August, considerable business had accumulated to be disposed of after the business session a paper was read from the Rural Federation on the "Status of the American Farm Woman," and an interesting discussion followed. After a delightful social hour delicious refreshments were served and the club adjourned to meet with Mrs. B. A. Graham November 1.

Mr. and Mrs. R. B. Pitcairn, formerly of this city and now residing in Long Beach, Cal., have announced the engagement of their daughter Katherine to William G. Kendall of that city.

The Drama and Literature department of the Twentieth Century club will meet this afternoon with Mrs. Don Henry on Maple avenue. The program will be given by the first division.

## GOVERNMENT SMASHES BIG BRIBING SCHEME

(Continued from Page One)

"they could get rich quick" if they would be "reasonable." In August Special Agents Roche and Barber of the special intelligence unit of the treasury department joined Grill and Dunigan. All pretended they were corrupt and they were working hand in glove with the conspirators.

Collected Fortune  
While the agents collected the \$80,000 in bribes, they saw the other bribe collectors were receiving a harvest of money on promises that would establish connections in high places in Washington with people who would make her running and selling absolutely safe.

Most of the money, the agents found, went into the pockets of the collectors and go-betweens whose pretensions of influence in high places were false. Bribes accepted by the agents ranged from \$400 to \$6000; some of the go-betweens received as much as \$20,000 for a single "fixing job."

Today while some of the agents waited in the Hotel Pennsylvania, other agents drove over to New York on trucks. It was felt that it would be better to capture and try the alleged violators in the jurisdiction of New York rather than New Jersey.

All of the eleven arrested were arraigned before Federal Commissioner Boyd and held in \$15,000 bail each for a hearing November 1.

Bail was provided by a bonding company.

## RAIL MEN ADVOURN SEATTLE, WASH., OCT. 18 (AP)—After meeting at the Hotel Pennsylvania, the annual convention of the American Railway and Bridge Building association adjourned its annual convention here today.

# HEAVY DEMAND MADE FOR CARS TO MOVE FRUIT

## Shippers Fear Temporary Traffic Stringency as Result of Sudden Spurt in Movement of Apple Crop to Market

Demand for refrigerator cars occasioned by a sudden increase in shipments of apples and some other perishable crops threatens a temporary traffic shortage in the Twin Falls region, according to opinion expressed here this evening by a number of shippers here.

Cars loaded with apples and moved Thursday from Twin Falls county points were more numerous than for any previous day this season, shippers said. Figures quoted show that there were loaded or moved 10 or 12 carloads of apples from Twin Falls; nine from Buhl; two from Ellet and two from Kimberly.

No Market Improvement. Sudden increase in the movement of apples is attributed to the purpose of the fruit of previous years. Much of this crop as possible before the coming of storms. Little or no improvement has been observed in market conditions.

Delicious apples are bringing from \$35 to \$40 per ton, or about twice as much as many varieties. The Red and Rome Beauties, the only two other varieties that are moving to any extent, are quoted at about \$15 per ton.

Most of the apples now moving are packed in baskets, according to statement Tuesday evening of E. H. Littoy, chief of the state department of agriculture, inspector, who has been detailed from Boise district to work in this region. One carload of boxed apples was loaded at Twin Falls Thursday.

Growers here, Mr. Littoy said, are making little or no use of the special fruit grade adopted by the state department of agriculture, following a meeting of growers here at which it was ratified. Slightly hill marked apples, for the most part, he said, are being included in what is termed the combination grade, which is packed in baskets.

Most Apples Go East. Some of the Twin Falls apples are being shipped to California, the bulk of the shipments, however, being billed to eastern points.

Practically all of the growers of this region, which are subject to inspection, Mr. Littoy said that at the present time few potatoes or onions are being moved, most of the harvested crop going into storage. Onions that were exposed to the moisture during recent rains, he said, have been resigned in water, and are approximately are materially less suitable for storage.

Spuds Go In Storage. In regard to other crops of this region, which are subject to inspection, Mr. Littoy said that at the present time few potatoes or onions are being moved, most of the harvested crop going into storage. Onions that were exposed to the moisture during recent rains, he said, have been resigned in water, and are approximately are materially less suitable for storage.

## YOUTH GOES TO PRISON FOR VIOLATING PAROLE

Court Orders Sentence of 1 to 14 Years Imprisonment Carried Into Execution in Case of Albert Jensen

Albert Jensen, 18, who was convicted in district court here last December of complicity in the theft of an automobile, will serve a term of one to 14 years in the state penitentiary, in accordance with an order issued by Judge W. A. Babcock Thursday afternoon, when Jensen admitted that he had violated provisions of his parole to the Idaho state industrial school. The court ordered that the sentence imposed upon Jensen at the time he was convicted of the offense here be carried into execution.

With his admission that he had violated his parole, Jensen confessed his guilt of having appropriated an automobile at the industrial school on September 10, last, and fleeing to Pocatello, where he was taken in custody.

The lad was turned over to the authorities here Wednesday by Mrs. Zola E. Cook, parole officer of the industrial school, and information as to the lad's violation of the parole was taken before the court by the prosecuting attorney's office.

# Champion Sprinter Captivates Hosts

## High School Lads Entertain at Dinner for Charles W. Paddock, Here as Lecturer

The Zu Zim club had a distinguished guest in the person of Charles W. Paddock, world's champion sprinter, Thursday evening, when they entertained the local athletes of the high school at dinner in the banquet room of Tom's cafe. Mr. Paddock was in Twin Falls in connection with the Lyceum course, giving a lecture in the evening in the high school auditorium on "The Spirit of Citizenship."

The Zu Zim club undertook the part of being host to the distinguished athlete during his stay in Twin Falls, as a part of their program to aid the community. Mr. Paddock is an old acquaintance of Clifton Evans, the local high school coach, as he was a member of the Zu Zim club while on the track team at the same time Evans coached a rival team in Pomona, California, the two becoming acquainted at that time.

The Zu Zim club for their guests, besides Paddock, the members of the "Zu Zim" club, in addition to the Zu Zim club, Superintendent M. C. Mitchell, Mr. Miller, Phillip King and H. W. Merritt. After dinner Joe Deiss, president of the organization, acted as toastmaster, calling first upon John McMartin, a prominent member and former officer of the club.

Mr. Paddock's talk was one that interested the local athletes. The informal way in which he entertained them on his subject, athletics, will be remembered long by those present. Mr. Paddock is an interesting talker and held the attention of everyone with his description of the start, stride and finish of a sprint which was supplemented by personal experiences and demonstrations, and was filled with facts and anecdotes.

Each of those present were also honored by the sprinter's autograph on their eleven-piece cards, a task which kept the champion busy for some time. After the dinner the guests attended the lecture in the high school auditorium where they were further convinced of Paddock's ability as a speaker.

Mr. Paddock has recently returned from an extensive trip to Russia, Germany and other foreign nations. Mr. Paddock denied that he was entering thelympic at San Francisco next Thursday, saying that he had been asked to participate, but would be unable to because he did not have the time.

In his talk to the boys Mr. Paddock explained how he had developed his remarkable "flying" finish, which is his most distinctive feature in racing, which consists of a leap of a foot to the tape in the finish of the race. He also told of other methods of finishing, ways in which he developed his stride, and his experiences in meets in foreign countries where most of his victories were won.

Mr. Paddock's talk was up by preliminary celebrations and had been preceded by a meeting in which he had run 14 times before the final race. He also warned the boys against more than two track events in high school.

## PROMINENT LODGEMAN TO ADDRESS MASONS HERE

Rev. Elmer I. Goshen of Salt Lake, Coming to Twin Falls for Pleasant Hunt, Accepts Invitation to Speak

The Rev. Elmer E. Goshen, pastor of one of the principal Unitarian churches of Salt Lake, and a noted speaker, who is expected to arrive here early next month to be the guest of Burton E. Morse, on a pleasant hunting excursion, has accepted an invitation extended by Twin Falls lodge, A. F. and A. M., to address Masons at a meeting here on the evening of November 7, it was announced Thursday by Charles E. Jones, master of the lodge. Mr. Goshen is grand chaplain of an organization of thirty-third degree Masons, and is regarded as an authority on the traditions and teachings of the order. He has addressed fraternal organizations on previous visits to Twin Falls, but has not been here for several years.

## REFORM FORCES GIVEN WARNING FOR VIGILANCE

Work of Temperance Advocates Not Ended with Eightieth Amendment, W. C. T. U. Convention Is Told

Adoption of the eighteenth amendment to the constitution has not solved the prohibition problem in the United States, Dr. Charles E. Whiting, pastor of the Methodist church, declared in an address Thursday evening before delegates and convention visitors assembled in the Methodist church for the second evening meeting of the state convention of the Women's Christian Temperance Union, southern Idaho division, which today will conclude three days' session here.

"Constitutions do not solve problems, but great issues, test constitutions," the speaker continued. "The perpetuity of the American government and American constitution depends upon development of a stalwart public opinion shot through and through with Christian idealism."

Nullification Possible. "Neither the eighteenth amendment nor any other amendment to the constitution," the speaker continued, "can be nullified. The only thing that can save them is for the W. C. T. U. and every other organization that has humanitarian and human betterment for its goal to stimulate healthy public opinion, and to assist in the restoration of the moral and the sacrificial spirit that has been partly lost in America since the war."

Although, the speaker said, when congress convenes next December, the senate will be "three votes drier and the house 37 votes drier" than previously, the work of the W. C. T. U. and kindred organizations is not completed, he said. "We have got the votes, and we have got the moral sentiment; we must see that officials in the city, county, state and nation are men who will put piety before profit, manhood before mammon, and righteousness before rum."

Church Must Help. In this undertaking, the speaker said, the church must cooperate with the W. C. T. U., which, he said, displays the white ribbon as the emblem of the advance guard of workers

# REFORM FORCES GIVEN WARNING FOR VIGILANCE

## Work of Temperance Advocates Not Ended with Eightieth Amendment, W. C. T. U. Convention Is Told

### TODAY'S PROGRAM FOR W. C. T. U. CONVENTION

9:30 a. m.—Devotional; led by Mrs. F. E. Rowan; reading of minutes and report of executive committee; reports of superintendents; demonstrations by local units that raised their budgets; discussion of the budget system; parliamentary drill; report of the auditor and treasurer; report of the credentials committee; election of officers; noonday prayer.

1:30 p. m.—Nominating committee for superintendents. 3:00 p. m.—Devolutions led by Mrs. F. E. Rowan; reading of minutes and report of nominating committee; election of superintendents; report of appropriations committee; music furnished by the Christian church; report of young people's work; invitation for next convention; unfinished business; adjournment.

for civic reform all around the world. "The church," he said, "tends to purify politics and public opinion. The church must drain the malarial from the social swamp so as to aid in the perpetuity of the government. Morals do not promulgate themselves; it requires institutions and organizations."

Voicing the appreciation of delegates and convention visitors of Dr. Whiting's address, Mrs. Emma F. A. Drake, state president of the organization, declared that "the strength of the W. C. T. U. is not directed toward fighting the liquor traffic, but toward putting into the hearts of the children the high principles that will cause them to bring America into the position the nation ought to occupy."

Moulding of public sentiment is the principal work of the W. C. T. U., as it is carried on through its various departments, she said. She declared that indifference is among the most insidious and powerful enemies of the movement and counseled persons identified with the movement to be on their guard against it.

Closes Busy Day. Devotions at the opening of the evening meeting were conducted by the Rev. C. W. Rank of the Church of the Brethren. The musical program included a song by a mixed quartet.

One of the interesting features of the program was a play presented by eight Twin Falls women, setting forth the scope and purpose of the Americanization work of the W. C. T. U. melodramatically.

The evening meeting brought to a close the busiest day of the three-day convention. Outstanding events of the day included the president's address, delivered by Mrs. Drake, at the opening of the afternoon session, and a symposium devoted to discussion of the several phases of the organization's activities—law enforcement, scientific temperance instruction, Sabbath observance and child welfare.

Annual memorial services were observed just before the noon hour. An interesting feature of the afternoon session was an Americanization demonstration in which children of several alien parents took part.

Piano tuning. Phone Logan's, 108.

# BUHL DOCTOR IS ACCUSED

## Serious Charge Made Against James Monroe by Couple Suing for Aggregate of \$63,000 Damage

Dr. James Monroe of Buhl was made defendant in a suit for \$63,000 damages instituted in district court here Thursday by Melvin Barney and Josephine Barney of Buhl. The complaint charges that the doctor, through R. K. Hackman, alleged that Monroe induced Mrs. Barney to submit to an examination and later subjected her by force to a second examination, as a result of which she contracted blood poisoning and was compelled to undergo three surgical operations, and was a patient for 300 days in a county general hospital. The complaint further alleges that Monroe is guilty of reprehensible professional practices, and that he has been expelled from Idaho medical societies of which he was formerly a member.

for civic reform all around the world. "The church," he said, "tends to purify politics and public opinion. The church must drain the malarial from the social swamp so as to aid in the perpetuity of the government. Morals do not promulgate themselves; it requires institutions and organizations."

# France on Trial For Writing Bad Check

## State Forges Links of Evidence Expected to Convict Youth on Felony Charge

Successive links in the chain of evidence by which the state expects to convict Glenn France, Twin Falls youth, of a felony charge of issuing a fictitious check, were built up by testimony of seven witnesses introduced Thursday afternoon when selection of the jury was completed after five additional jurors had been summoned under special venire served by Coroner P. J. Gossman. The state had not completed presentation of its case when recess was ordered by the court Thursday evening. Witnesses for the state were closely questioned on cross-examination by W. P. Guthrie, attorney for the defendant. The case for the state was conducted by Prosecuting Attorney J. W. Taylor.

Evidence was introduced by the state to show that France on June 18, last issued a check in the sum of \$12.00 which he signed the name of R. O. Hillbar, a fictitious character. The check was issued, the state contends, with the purpose of defrauding William Helm of the Twin Falls Yulcanizing works, by whom it was cashed.

An interesting exhibit offered in evidence by the state was a blotter, which, according to testimony of the state's witnesses, was used by France when he wrote the check in question at the vulcanizing works. This blotter, as well as the check in question and other specimens of France's handwriting, was identified by H. S. Hamilton, former deputy sheriff.

Considerable testimony was introduced by the state to show that no such person as R. O. Hillbar exists. Witnesses for the state Thursday included William Helm, Floyd Lyon, Charles Slack, H. S. Hamilton, O. P. Duvall, Mrs. Cecile Ambrose and E. F. Prater.

Members of the jury empaneled to try the case are J. E. Roberts, Robert Brose, D. B. Hutton, George W. Deane, Charles Worrell, D. D. Ryan, John Lundahl, L. I. Benoit, J. N. Clear, Nephil Larsen, W. F. Baker, L. E. Prother.

Temperature dropped early Thursday to 25 degrees setting a new low mark for the season, according to the records of the government weather observer's station here. The temperature slump was followed by one of the finest days of the autumn, mercury rising to 61 degrees, and sunshine prevailing throughout the day. Full advantage of the fine weather was taken by hundreds of farmers and volunteer workers in fields and orchards in a determined effort to complete harvest of perishable crops before the coming of storms.

## IDAHO WEATHER

Friday, fair.

## CROSBY ANSWERS SUMMONS

Charles J. Crosby, former resident of Twin Falls, who served four years as coroner of this county, died Wednesday at his home in Santa Ana, California, from spinal meningitis, according to a word received here by Charles E. Jones, master of the Masonic lodge, of which Mr. Crosby was a member. Funeral services, it was stated, will be held Friday.

Mr. Crosby was for several years engaged in the business of an undertaker here. He left Twin Falls about five years ago, going to California, where he obtained a franchise for the operation of a motor bus system between Long Beach and Huntington Beach. He was actively identified with this enterprise when he was fatally stricken.

Mr. Crosby was not married and made his home here with his mother, who accompanied him to California.

## NOTICE OF CALL FOR REGISTERED WARRANTS.

The following registered warrants of the City of Twin Falls, Idaho, are called for payment this date and will be paid on presentation at my office. General fund, Nos. 15751-15759, inclusive. Waterworks, Nos. 3471 to 3529, inclusive. Sprinkling, Nos. 962-973, inclusive. Interest on these warrants ceases October 28, 1923.

KATHARINE PROVOOST, Treas. Dated at Twin Falls, October 18th, 1923.
