Question of Rights of British to Bring Liquor in on Ships Subject of Treaty Proposal Now Likely to be Accepted

LONDON, Nov. 7 (AP)—Run running by British vessels within range of the American shores, which has been so provocative of American resentment against Great Britain, received a death blow from the imperial conference today. In a unanimous decision, the conference, accepted in modified form the original proposals of Secretary of State Hughes for checking the traffic.

The treaty will confer reciprocal rights on Great Britain in the shape of granting authority to its ocean passenger liners to bring legitimate liquor stores into American ports under seal and interest, and to bring it into the country.

WASHINGTON, Nov. 7 (AP)—Lacking official advice as to the action taken by the imperial conference, administration officials could throw no light on the treaty or the proposed treaty with Great Britain.

At the same time it was desired that the United States should not be placed in a position of disadvantage as to foreign ships due to statutory restrictions on the carrying of sealed liquor stores on such ships in American waters.

Work Hears Plan for Reservoirs in Southern Colorado

Two Big Projects to Cost Total of About \$9,000,000 Submitted for Approval; Seek Preliminary Tests of Sites

DENVER, Nov. 7 (AP)—Two reservoir projects for the San Luis valley in southern Colorado, one for 1,000,000 acre feet of water and the other for 300,000 acre feet, were submitted for approval to Secretary of the Interior Work at Pueblo today by a committee of water users of the San Luis valley.

After presenting the needs of the valley to Secretary of the Interior, the committee came to Denver today and sought the aid of Governor Sweet in the matter of preliminary tests of the dam sites.

RAIL BUSINESS BREAKS RECORD

Officials Claim New Marks Set by Roads Since Great Expansion Was Effected

NEW YORK, Nov. 7 (AP)—Eight new records for freight movement, efficiency of operation and maintenance of equipment have been established by the United States railroad system since it adopted last spring a \$1,500,000,000 program of expansion, directors of the American Railway Association, at a formal session today declared.

Goal Nearly Reached. The average freight car's daily travel distance reached 29.2 miles, an increase of 1.4 miles over the previous record.

Increased rapidity of car movements eliminated congestion at rail yards, and the number of cars in use in yards, making embargoes almost wholly unnecessary.

Early Coal Shipments. The coal tonnage of shipments to the northwest for winter requirements aggregating 23,268,635 tons was dumped at Lake Erie ports much earlier than in previous years.

RAPS STOKES' CHARACTER

CONFESION LETTER IS RULED OUT OF EVIDENCE. NEW YORK, Nov. 7 (AP)—An unsigned document referred to by counsel for James A. Stillman as "the confession letter," which was ruled out of evidence by Referee Gleason as a privileged communication from wife to husband during the hearing of the banker's divorce suit today, was submitted to the appellate division of the supreme court.

RESERVE BOARD ALTERS POLICY ON MEMBERSHIP

Will Require New Member Banks to Refuse to Branch Out without Permission; Fair Competition Sought

WASHINGTON, Nov. 7 (AP)—The federal reserve board decided today to inaugurate a new policy with respect to admission of state banks into the federal reserve system. After February 1, the board will require as a condition of membership that a state bank agree to establish no banks without the board's permission and to relinquish any branches it may have outside the state in which the parent bank is located.

These two general principles will govern the board's action on all applications for membership by state banks. The policy will be rigidly enforced if the recommendations of a committee of its members who studied the question are followed.

Question Studied. The board's action today followed a three months study of the question by the committee. The question also was forced to the fore by a condition in the California constitution, which maintains branches and the committee hinted that continued spread of branch banking by state institutions would eventually destroy the strength of the reserve system.

DETROIT, Nov. 7 (AP)—Thomas Goodrich Earle, former state highway commissioner, has resigned from the Cass avenue Methodist Episcopal church because his policy of churching generally has abandoned the gospel for politics.

Recommendations Revival. In his letter of resignation, Mr. Earle said: "In my opinion, we need a great country-wide revival with the pastors of all Christian churches in the doctrine of Jesus Christ in the pulpits, preaching repentance, forgiveness, brotherly love and so forth; instead of driving the people away with politics and subscription to the Anti-Saloon league, give them the gospel as did the apostles."

OFFICIALS HOLD TO SILENCE ON DEBT INQUIRY

Conversations Continue Between Hughes and Jusserand But Little is Known of Details for Conference

WASHINGTON, Nov. 7 (AP)—Absolute official silence as to the nature of continued conversations today between Secretary Hughes and Ambassador Jusserand is the result of every effort to obtain information as to whether progress had been made toward an agreement on the scope of the proposed debt inquiry into Germany's economic situation as it affects the reparations problem.

It was stated officially, however, that the conversations were continuing. This statement was regarded in some quarters as significant inasmuch as it indicated that no insurmountable obstacle to reaching an understanding among the allies which would result in the extending of a formal invitation for American cooperation in the proposed inquiry was thrown in the way.

Speculation on outcome. In view of this complete silence as to what had occurred speculation as to how far direct conversations between Washington and Paris had advanced toward a clear understanding among the allies which would result in the extending of a formal invitation for American cooperation in the proposed inquiry was thrown in the way.

Bite of the Scorpion.

A venomous member of the spider family is the well-known scorpion, which some authorities consider the most dangerous species. The bite, or rather the sting, of the scorpion is not necessarily fatal unless neglected too long. The pain is very great and the affected part swells and throbs, while extreme nausea is felt. It has been claimed that the venom of this big insect gradually loses its effect upon human beings, successive stings seeming to render a person more or less immune to the usual suffering.

Toy for Rent.

On the anniversary of the battle of Waterloo every year, June 18, the Duke of Wellington has to present to the King a miniature flag like those Napoleon's soldiers carried: A tricolor with a brass eagle perched on the top. COURT MARTIAL IS COMPLETED

Predict Captain Watson Was Found Guilty by Board Probing Naval Disaster

SAN DIEGO, Nov. 7 (AP)—Arguments were closed today in the court martial of Captain Edward H. Watson, U. S. N., accused of negligence in the destroyer disaster at Point Hondo, September 8, and the case was given to the navy court in session here today.

The verdict reached, sentence and recommendations, if any, will not be known until the proceedings of the court have been reviewed by the authority that convened the court by the judge advocate general of the navy and approved by the secretary of the navy.

That the decision of the court was probably a conviction of Captain Watson was indicated, however, by the fact that no verdict was announced. Had the accused been acquitted of the charges the court would have released him from arrest, thought would not have announced its verdict, Captain Watson was not released and it was assumed by his counsel that he had been guilty.

Trial of the case was completed at 2 o'clock this afternoon. For two hours the court, composed of four captains, two rear admirals and one vice admiral, deliberated on its findings and sentence.

The court then opened and the preliminary hearing was held. The court was composed of four captains, two rear admirals and one vice admiral, deliberated on its findings and sentence.

Woodruff's home was said to have been in Iowa.

Control Your Own Thoughts.

It is always your imagination that will win out. Look at your imagination. See what you are imagining. You believe you can take cold. "Yes, if I sit in a draft." You make the law to yourself. Your subconscious mind takes care of it. It is what you imagine and it is the law that you make to yourself that works, says Mrs. Chasler in Psychology. It works while you are asleep, and works when your conscious mind is not working.

Progeny of Walking Sticks.

More than half of the walking sticks used in England come from the hedgehogs of that country. Particularly in Herefordshire and Worcestershire there are miles of the hedges that are allowed to grow so tall that the magpies build their nests in them. The man who supplies sticks in the rough pays the farmer a mutually agreed sum a hundred for the privilege of cutting them, and these, roughly trimmed and still green, are sold to the manufacturers.

HOPE TO SETTLE LIQUOR PROBLEM

Canadian and U. S. Representatives to Discuss Traffic Affecting Yukon

OTTAWA, Ont., Nov. 7 (AP)—The question of whether Canada should be permitted to convey liquor in bond through Alaska for the Yukon and northern British Columbia is expected to be raised by Canadian officials at their conference here at the end of this month with representatives of the United States government when an effort to attain closer cooperation in reducing rum smuggling will be made.

Tim is rounding into shape slowly and will probably be in good shape by Friday. Captain Lester was out in a suit but did not take active part in the scrimmage. Jenks' eye is beginning to look natural again and he will be able to see at least for the first quarter.

Coach Evans and his squad of Bruins will leave some time Friday morning by auto bus for the north side city. Evans will take 18 or 20 men and Manager Hahn.

The Rupert fans are expecting a record-breaking crowd and are making preparations to take care of the largest crowd they have had this season. The game is called for 2:30 and the roads are in good condition on both sides of the river.

Firpo Is Out for Return Engagement with Jack Dempsey

South American to Return for Series of 12 Fights to End in Second Big Battle

NEW YORK, Nov. 7 (AP)—Luis Angel Firpo will return to the United States next spring for a series of about 12 fights in various parts of this country and Canada, leading up to a return match with Jack Dempsey for the world's heavyweight title which probably will take place in New York around Labor day.

This announcement was made tonight by William McCarnoy, who, with his partner, Hugh Garland, will conduct Firpo's tour. Firpo is expected to return to this country in April and start boxing early in May.

Now that we have returned and before another week of hard work begins I must send you word concerning our visit North.

We all had a bully good time and I know the boys will remember the splendid treatment they received both on the field and off.

You were most courteous and attended to all our wants. The trip to the Falls was especially of interest and the fellows along with myself will never forget the sight.

I was pleased with the arrangements at the hotel. Our rooms and meals were satisfactory.

Your right-hand man, Jack Corcoran, was on the job. I am sorry that I could not have stayed over Sunday and shot some birds.

You may be interested to learn that Dern's shoulder is not fractured. Please let Mr. Swin this, as he made and made it to me for the game and kindly offered to drive us to the hospital for an X-ray.

I now thank Dr. Vneser for his first aid.

I met Superintendent Mitchell, but talked with him only a short time, but I know that he is mighty pleased to be cleared so completely and satisfactorily.

Since we have been licked twice in succession I firmly believe that my boys have been convinced that past championships, medals, etc. have nothing to do with the present struggle. I hope for a beneficial reaction unless the consecutive blows have cracked the spirit.

Wishing you success the remainder of the season and hoping that we may play you baseball, I am, Very truly yours, L. E. WARTHAM.

While the hearing at Lawton was in progress, Governor Walton through counsel appeared before the court of impeachment here and entered a plea of not guilty to each of the 22 charges in the impeachment bill. He made a detailed answer to five of the charges.

The answers to remaining charges will be heard tomorrow morning and the actual trial is to start at 1:30 p. m. The action by Judge Cotter is believed to have removed all possibility of a delay in the opening of the trial. His decision not to take action was based on alleged lack of jurisdiction.

Who Are the Houris? The name is given to the black-eyed damsels of paradise whose charms are set forth in the Koran. They are possessed of perpetual youth and beauty and await in the Moslem heaven the coming of all true believers to each of which will be allotted 72 of these enticing creatures. The word "houris" is said to be derived from the Arabic hur al-ayun (black-eyed).

SECOND QUAKE FELT ON COAST

Severe Tremors in Lower California Rock Buildings; Residents in Flight

BRAWLEY, Cal., Nov. 7 (AP)—An earthquake sustained over three seconds swayed buildings throughout the Imperial valley at 4:01 p. m. today. No damage was reported here.

CALEXICO, Cal., Nov. 7.—An earthquake even more severe than that of last Monday rocked this city at 4 p. m. today. The tremors, traveling in a northwest and southeast direction, continued for two minutes. Residents abandoned their homes and buildings in the rush for safety.

Cracks opened in buildings by Monday's tremor were widened and windows displays in stores were thrown in disorder. No injuries were reported. A fire which broke out during the quake was extinguished without damage.

Under the treaty of Washington the Yukon river is designated as an international stream and it would be possible to ship liquor to the Yukon that way were it not for the expense and time entailed. The stretch of territory which separates the Yukon from the Pacific coast is 18 miles wide and government officials look upon Wrangell and Skagway as the logical points of entry.

The territorial government of the Yukon bought \$100,000 worth of liquor. It is still in storage at Vancouver. A liquor store located at Atlin in northern British Columbia also is devoid of stock because of the attitude of the United States.

HAROLD LLOYD HURT

LOS ANGELES, Nov. 7 (AP)—Harold Lloyd, motion picture comedian, sustained injuries here today which his physicians said would keep him away from the camera for two weeks, when a fire hose nozzle he was using in the filming of a comic "thriller" swung around and hit him in the face, cutting his forehead and knocking him off a rapidly-moving truck.

REPORT SHOWS CITY EXPENSES BELOW BUDGET

Financial Statement at End of Administration's First Half Year Shows Saving of Almost \$1000 a Month

Twin Falls municipal commissioners, at their regular meeting Monday evening, desolved a generous measure of satisfaction from consideration of a financial statement, prepared by J. L. McClellan, city clerk, showing at the end of the present administration's first half year a surplus over budget appropriations for the period amounting to \$5,384.20, or almost \$1000 a month.

Total of the budget appropriations for the six months period, according to the statement, was \$29,750.50, while actual expenditures during that period, including those approved Monday evening, were \$24,366.30.

Inherited Costly Claim

Out of 11 funds for which provision is made by budget appropriation, all but two showed substantial balances. Deficit of \$84.50 was shown in the maintenance and inspection fund, and a deficit of \$93.70 was shown in the contingent fund.

Accepts Fargo Plat

The council, upon recommendation of the street department, accepted the proposed plat of the Fargo subdivision, which the Twin Falls Vinegar and Cider works is constructing a new plant involving an expenditure of \$5,500. Acceptance of the plat disposed of a question which had been before the council for several weeks, involving abandonment of a section of the creek canyon and acceptance of a substitute thoroughfare.

SALMON CANAL COMPANY SUES ON WATER RIGHTS

Names 250 Persons Defendants in Action to Establish Water to Filings on Deep Creek and Salmon River

Two hundred and fifty persons, representing ownership of 90 farms, are named as defendants in a suit instituted in district court here Monday by the Salmon River Canal company to establish its claim to water rights in Salmon river and Deep creek.

The company asks that persons named as defendants be required to set forth in court the nature of their claims; that all claims adverse to those of the company be determined by court decree, and that the company be declared the owner of the water rights to which it asserts claim.

The company claims under various filings, 3000 second feet of waters of Salmon river and 100 feet of the waters of Deep Creek. All of this water, it states in its complaint, is necessary for the proper irrigation of the lands under its canal system, aggregating 35,000 acres.

The complaint was filed by James R. Bothwell, attorney for the canal company.

WAY IS PAVED FOR BRIDGING HIGHWAY GAP

Understanding as to Financing of Road Building Between Hansen and Burley is Reached at Conference Here

Complete understanding as to financing of highway construction to bridge the gap of about 24 miles between gravel road west of Burley and pavement at Hansen, on the Old Oregon Trail, was reached at a conference here Tuesday in which H. W. Gregory, state director of highways, and A. N. Ashline, division highway engineer, discussed the undertaking with directors of the Twin Falls highway district and officers and members of the roads bureau of the Twin Falls Chamber of Commerce.

As a result of the conference, the chamber of commerce has undertaken to dispose of about \$3000 worth of the Twin Falls district's warrants, which will provide the full amount of the district's share of about \$8500 to the cost of the improvement. Additional funds to meet the district's share in the cost are to be secured by a revised estimate of the total cost of the undertaking, which is placed at approximately \$115,000.

Other participants ready All other units participating in the undertaking, including the Murtaugh and Burley highway districts, state and federal governments, have funds appropriated and available for the work. Sale by the Murtaugh highway district of \$30,000 worth of its warrants, which was completed recently, removed a principal barrier to the undertaking. The state has approximately \$10,000 available for this work. The federal government will furnish 58 per cent of the total amount to be expended, the state and participating highway districts furnishing 42 per cent.

Approximately 15 1/2 miles of the proposed road to be built lies in Twin Falls county, the remainder being within the borders of the Burley district, which for a long time has had funds appropriated and available for the work.

Completion of the road to bridge this gap will provide a hard-surfaced highway east and west through southern Idaho extending through Poentelto, Burley, Twin Falls, Buhl and Boise. It is believed that a large proportion of tourist travel will be routed over this route when the work is completed.

NEW PARK FOR CITY IS URGED

Senator M. J. Sweeley Points Out Present Opportunity for Acquiring Civic Playground

Direction of community effort to ward immediate securing and improvement of another park for Twin Falls was urged by former Senator Marlin J. Sweeley at a dinner dance given at the Rogers Tuesday evening by members of the Kiwanis club for their ladies.

Property values will never be lower in and about Twin Falls than they are at the present time, Senator Sweeley predicted, while the need for additional parks will become increasingly urgent.

Common Regret. "It is the historic regret of town that has been pressed," Senator Sweeley declared, "that as time goes on, the regret becomes greater that they failed to make provision for adequate parks in the beginning."

Immediate action toward procuring the new park, Senator Sweeley urged, would make it possible to advance development by transplanting large trees which can be done successfully during the winter months.

Declaring that Twin Falls has not in its entire history spent a single dollar for a purchase of park grounds, Senator Sweeley stated that four blocks, two of which now form the city park, had been donated by the Twin Falls Land and Water company upon solicitation of pioneer citizens.

In the west quarter of town had been given to the city by the late Frank H. Buhl.

Senator Sweeley suggested also that a number of nut trees be set out in the city park to take the place of poplars now being planted. He suggested that the park be made the habitat of a number of squirrels.

Vegs Provided for Wigs. A visitor in one of London's churches was puzzled a short time ago to see, at the back of the pulpit and on a level with the preacher's head, a wooden peg which appeared to be a wig. Similar pegs were to be found in other parts of the same church, and in many other city churches. They were once used for hanging up the preacher's and the congregation's wigs.

Orders Trial Jury for November Term

Judge Babcock Calls for 30 Citizens to Try Suits Coming on for Early Hearing

Thirty jurors to serve as a trial jury during the November term of district court here will be required to be in attendance at court next Monday morning, under provisions of an order issued by Judge W. A. Babcock Monday when the term was opened.

Judge Babcock announced that he would call the civil trial calendar at 10 o'clock this morning.

It was indicated that the court would be occupied almost entirely during the term with the disposition of cases on the civil calendar.

Only one case on the criminal calendar, that of George B. Shen, Buhl, charged with assault with intent to commit a statutory crime, seemed likely to be brought to trial during the present term. Shen is held a prisoner in the county jail in default of \$10,000 bond, will be assigned today. There are no other cases on the criminal calendar.

The court will be occupied until next Thursday, according to settings made last Friday, with hearing of motions and demurrers in pending civil actions.

LADINO GROWERS RECORD INCORPORATION ARTICLES

New Seed Crop Producers Form Non-Profit, Co-operative Organization to Act as Agent for Association

Articles of incorporation of the recently formed Idaho State Ladino Clover Seed Growers' association, with headquarters in Twin Falls, were filed Monday in the office of the county recorder here. The corporation, according to its articles, has no capital stock, and members share equally in its property and interests. It is organized on a non-profit, co-operative basis, and its principal purpose is to act as agent for members in buying and selling ladino clover seed in a manner agreeable to a sales contract entered into with the partnership.

Members of the association serving temporarily as its board of directors, who signed the articles of incorporation, are M. A. Thometz, George B. Johnson, William W. Winograd, Jr., J. P. Belleville and Carl D. Irwin.

TWIN FALLS WEEKLY NEWS

Established 1904

Twin Falls News Publishing Company, Ltd., Publishers

Issued on Thursday of every week

Entered as second class matter December 12, 1904 at the Post Office at Twin Falls, Idaho, under the act of Congress of March 3, 1879.

THE REAL WAY OUT.

Six plans for dealing with the present wheat situation are set up in the report to the president on the subject, as compiled by Eugene Meyer, Jr., and Frank W. Mondell, a copy of which has just been received.

Briefly, here are the remedies proposed, based upon the investigation of the committee: (1) Increase in wheat tariff; (2) price fixing by government; (3) government purchase of surplus wheat; (4) distribution of \$25,000,000 profits of Grain Corporation during its existence; (5) modification of immigration laws; (6) wheat grower co-operation.

The report dismisses the first three briefly. On item number four the committee has no accurate information. On item number five the report says: "It may be stated that the enactment for a modification, along selective lines, of the immigration laws so as to permit the admission of a larger supply of more efficient labor is universal among the agricultural interests throughout the territory visited."

The proposition of co-operative marketing occupies more space than all the other items combined and closes with the following paragraph:

We feel, as a result of our trip, that the solution of the wheat problem lies along two lines: First, the adjustment of production to American needs if the world market is oversupplied from other producing countries at lower prices than are satisfactory to the American producer under prevailing conditions; and second, the development of an improved marketing system such as we believe can be brought about by the organization of the producers of the country for the purpose of marketing their wheat under the co-operative marketing plan, making it unnecessary to rely so completely upon the uncertain functioning of the speculative public contract market.

In other words, grower co-operation is the main road out of the difficulty. There may be by-paths leading from the labyrinth, but the broad road is provided by organization of the farmers themselves in their own interests, in a manner which will permit them to get the price to which their product is entitled. It can be done, where is no question about that, and apparently not until it is done will decent prices be paid to the man on the farm.

Twin Falls Guests Overcrowd Hotels

Accommodations Put to Severe Strain; Beginning of Expansion Is Seen

Twin Falls hotel accommodations, during the past week or ten days, have been put to severe strain to care for a heavy tide of newcomers and visitors, according to statements of all hotel managers concurred in by most lodging house keepers. The situation became so serious Sunday night, when every room at bed in every hotel and lodging house was occupied, that cots were set up in halls, and some men were forced to take their night's rest in chairs in hotel lobbies.

No explanation for the situation is advanced by hotel men, except the possibility that Twin Falls is getting fairly started on the way to expansion and development, which every loyal resident believes the immediate future holds in store.

VOTE REQUIRED FOR RESERVOIR DISTRICT BOARD

Directors Call Election for Selection of New Directorate of American Falls District Organization

Notice of an election to be held Tuesday, December 11, for the purpose of electing a board of directors of the American Falls reservoir district, consisting of seven members was issued by the district's directors at a meeting here Tuesday.

Members of the present board, whose terms will expire simultaneously this year and whose places are to be filled at the election, have served since their election last spring when the district was formed for the purpose of providing for participation by several canal companies in the American Falls reservoir project.

The board's member election is to be held in pursuance of provisions of the irrigation district law, under which the American Falls district was formed. The law, however, does not set forth the manner of nominating candidates for director, and tentative agreement was reached by the board at its meeting Monday to adopt provisions of the primary election law in this regard, requiring nominations by petition signed by at least 30 persons. Definite decision on this question is to be announced in a few days, it was stated.

The board, in its notice of election, designated whose places are to be filled in the district, from each of which a director is to be elected to form the new directorate, and named election officials for each precinct.

Precincts Defined.

The several precincts, with the election officials named for each, are as follows:

Precinct No. 1.—Bonnevillie, Blingham and Power counties. Polling place, Springfield school house. Election officials, Henry Berg, Verno Chandler, Ed Ottensend, all of Springfield.

Precinct No. 2.—Portion of Gooding county, Twin Falls. Polling place, North Side Canal company office, Jerome. Election officials, E. C. Gleason, Percy G. Fairman, M. W. McCauley, all of Jerome.

Precinct No. 3.—Portion of Gooding county, Twin Falls. Polling place, city hall, Wendell. Election officials, C. P. Dunn, J. J. Taylor, M. M. Ward, all of Wendell.

Precinct No. 4.—Portions of Gooding and Elmore counties. Polling place, Witholt building, Bilsa. Election officials, R. B. Thorp, John Behrens, Joseph Beardsley, all of Bilsa.

Precinct No. 5.—East portion of Twin Falls county. Polling place, court house, Twin Falls. Election officials, R. C. Letch, Twin Falls; W. P. Brocken, Kimberly; George Dean, Twin Falls.

Precinct No. 6.—Central portion of Twin Falls county. Polling place, city hall, Piler. Election officials, W. H. Graves, W. D. Gillis, Earl Mounson, all of Piler.

Precinct No. 7.—West portion of Twin Falls county. Polling place, city hall, Buhl. Election officials, H. W. Herman, J. F. Constant, Ben Bussman, all of Buhl.

Sixteen Cloudless Days in October

Monthly Weather Report Shows Average Temperature of 45.8 Degrees in Twin Falls

Sixteen days last month were clear; eight partly cloudy and seven cloudy, according to the October report just completed by M. Hammons, government weather observer here, showing a total of 1.81 inches of precipitation and trace of snow.

Mercury reached 70 degrees above zero on October's warmest day, and was low for the month at 20 above. The mean maximum temperature is shown at 58 degrees, and the mean minimum at 33.2. The average temperature for the month was 45.6 degrees.

TRICKY FOX By DADDY

(Chickens vanish from the henhouse, Daddy Dog turns detective. He says a fox has stolen the chickens. Jack and Janet follow Daddy Dog as he trails the fox.)

CHAPTER III. THE FOX FARM.

DADDY DOG sniffed along the ground as he ran swiftly through the woods. "Ki-ki!" I am on the trail of the fox that stole the chickens," he yelped. "The fox is cunning, but I will catch him, Ki-ki!"

So swiftly did Daddy Dog go that Jack and Janet had to run their fastest to keep up with him. Over the hills and across the valley Daddy Dog followed the scent left by the fox. Now and then he stopped. That showed where the fox had stopped to rest or look about.

"Ki-ki!" The scene is growing fresh," yelped Daddy Dog as they plunged into a ravine. "I'll soon have that chicken-stealing fox."

Jack and Janet were glad to hear that, for they were about out of breath. They couldn't go much farther. But Daddy Dog had promised too much. He followed the scent of the fox to a little creek that ran through the woods. He stopped short at the edge of the creek. He sniffed about the ground, running up and down the creek.

"Woof!" barked he in dismay. "The fox went into the creek. Scat! Do not stay on water. So I cannot tell which way the fox went."

Jack and Janet thought it very clever of Daddy Dog to lose his trail in the water. That trick showed what a smart fox he was.

"Woof!" Ki-ki! Perhaps he went up stream," yelped Daddy Dog. The

BULGARIA PAYS APOLOGIES FOR RECENT ATTACK

National Pride Sustains Sore Jolt when Amends Are Made for Assaults on Military Attache of Jugo-Slavia

SOFIA, Bulgaria, Nov. 7 (AP)—The Bulgarian government today carried out that part of its program of apologies to Jugo-Slavia for the recent attack on that country's military attache, Colonel Krastitch, which was most galling to the national pride.

This consisted in the marching of a company of soldiers headed by officers to the gate of the Jugo-Slavian legation, where, with the Bulgarian flag flying, the regimental band played the Jugo-Slavian anthem and the troops saluted the Jugo-Slavia flag.

During the ceremony the personnel of the legation, including Colonel Krastitch, stood on the porch. The face of Minister Rakitch was wreathed in smiles. During the ten minutes the ceremony lasted the attaches of the legation were busy taking pictures of the scene.

Rakitch Satisfied. Afterward Minister Rakitch expressed to the correspondent of the Associated Press his satisfaction over the prompt nature of his country's flag. He assured the correspondent that the negotiations concerning the other demands upon Bulgaria were being satisfactorily brought to a conclusion.

From diplomatic sources it was learned this morning that the Jugo-Slavian notes were couched in strong terms and that it left no doubt of Jugo-Slavia's determination to exact complete satisfaction for the attack on her military attache within the time limit fixed by the ultimatum. It was intimated that at the present moment many thousands of Serbian

Breakfast Food "Matrimonially Speaking"

By HUGH MCKAY

My wife keeps reminding me of the musical career she gave up when she married me.

Now, I don't have the slightest doubt that if you had heard the double amount of time until she'd had the whole musical world at her feet. She's convinced me of that long ago.

And that's why I can't see the point of her telling me all about it every couple of weeks or so.

I think she has a splendid voice. I like to hear her tearing the roof off the Metropolitan opera house as she goes around dusting our furniture. But I do hate to be made to feel that I was the stumbling block in the way of a great career.

I know all about Professor Savanelli saying that she had the finest untrained soprano voice he'd heard for some time. And all about the career her family had planned for her.

But still I can't help thinking that she took a whole lot less of a chance when she decided to marry me and leave music flat.

WHEAT SHOWS STRENGTH DUE TO CORN ADVANCE

Closing Quotations Range from Slight Decline to Advance; Liverpool Report Helps Boost Market

CHICAGO, Nov. 7 (AP)—With the corn market scoring a big advance today, wheat prices advanced from declines. Closing prices for wheat were unsettled at a range varying from 3-8c lower to 1-4c higher.

Although talk about likelihood of President Coolidge asking congress to appropriate money to buy wheat and flour for relief work in Germany had some effect on the wheat market, it was chiefly to the sustained advance in corn.

Provisions were lifted by the advance of corn, hogs and cottonseed oil.

SUGAR MAKERS DISTRIBUTE BIG CASH PAYMENTS

Semi-Monthly Payroll Aggregates \$25,000, while Growers Will Receive \$190,000 for October Deliveries

On May 5 the sum of \$25,000 was distributed to employees of the Twin Falls plant of the Amalgamated Sugar Company, representing the payroll in 14 departments of the plant for one month.

On November 15 approximately \$100,000 will be paid to beet growers for the October deliveries of beets, according to James Scilley, field manager of the plant.

"In addition to these sums which the beet industry turns over," says Mr. Scilley, "I figure that the farmers growing beets will receive approximately \$45,000 more for labor in connection with the beet harvest."

"The sugar beet industry in the territory tributary to the Twin Falls factory is directly responsible for the distribution of enormous sums to growers, to say nothing about the semi-monthly payroll money which goes to our employees. And the present beet crop, in point of acreage, is only a start. All we ask is more beets to enable us to use more money in paying for them. The season which we have a splendid season this year and nobody can possibly be better pleased about it than we are."

Highway Contract Award Scheduled

State Road Builder Promises Early Activity on Bridging Gap on Oregon Trail

Contract for road building to bridge a gap of about 24 miles on the Old Oregon Trail between pavement at Hansen and gravel road west of Burley, will be awarded to the contractor by the state highway department, not later than February 1, according to an announcement made here Wednesday by H. W. Gregory, state superintendent of highways.

The announcement followed Mr. Gregory's conference with directors of the state highway department, which turned over to the state the proceeds of sale of \$300,000 worth of the district's warrants for the purpose of paying for the cost of the project. The warrants were made available in full when it was announced Wednesday by the Twin Falls Chamber of Commerce that it had been successful in disposing of about \$3000 worth of this district's warrants.

PEP BAND DRAWS CROWD

University Musicians Receive Cordial Reception on Visit Here in Connection with Annual Tour

An orchestra composed of members of the University of Idaho's "Pep Band" on its fourth annual tour of the state, was greeted by a gratifyingly large number of Twin Falls people at the Grand Hotel Wednesday evening. It furnished music for a dance given to raise funds to meet the expenses of the tour.

Veterinarian Hits Hog Cholera "Cure"

Dependence on "Panacea" Is Seen as Factor in Recent Outbreak in Buhl District

Dependence by swinegrowers upon a fake hog cholera cure was a factor contributing to recent outbreak of the malady in four herds in the vicinity of Buhl, which now has been followed by a Buhl veterinarian in charge of federal bureau of animal activities in Idaho, who was a Twin Falls visitor Wednesday evening.

"About 80 animals in the four herds were affected by the recent outbreak at Buhl, which now has been brought under control, Dr. Sullivan said, but that there is no cure for hog cholera, and that the only method of combating the malady is by the amputation of the infected through cleaning and disinfection of the premises."

"The sugar beet industry in the territory tributary to the Twin Falls factory is directly responsible for the distribution of enormous sums to growers, to say nothing about the semi-monthly payroll money which goes to our employees. And the present beet crop, in point of acreage, is only a start. All we ask is more beets to enable us to use more money in paying for them. NETTED GEMS YIELD WELL

Buhl District Grower Produces 300 Bunches per Acre on Field of 22 Acres of Certified Crop

A field of 22 acres of netted Gem potatoes, grown this season by O. H. White on his farm three miles northwest of Buhl, returned a yield of 300 bunches per acre, according to word received here. The crop was certified by state authorities. Mr. White has just completed construction of a storage cellar of 4000 bush capacity.

HIGH SCHOOL NOTES

Tuesday afternoon the students of the senior high school held their regular weekly assembly with Frank Horton as the speaker for the occasion. Wednesday afternoon he spoke to the junior high school at their regular assembly. Mr. Horton's talks were in connection with the drive being carried on by the chamber of commerce and dealt principally along the lines of the importance of the public schools. At the junior assembly the junior high orchestra, under the leadership of J. T. Bunnbridge, made its first appearance. This orchestra composed of 10 members and was given a fine performance which the young musicians are advancing splendidly.

In connection with the chamber of commerce drive a questionnaire was distributed among the students of the senior high during advisory period. The questions asked the students were first, what vocation they planned to follow; second, did the student intend to remain in Twin Falls when he finished school; and third, what improvements would the student as a future citizen would suggest to the chamber of commerce for their "program of advance."

The University of Idaho Pep band entertained the combined junior and senior high school bands at a special assembly called at 4 o'clock Monday.

All of the students of the junior and senior high schools whose grades in all subjects are passing will be exempted to attend the football game Friday afternoon when the local team goes to Rupert.

Because a large number of students will be gone Friday afternoon the Blue team has decided to postpone to November 16 its arrival which was to have been Friday.

Preparations for the carnival have been given a great deal of attention. The carnival is to be held on November 16 and will be a most enjoyable affair. The features are, a change of vaudeville every 10 minutes, a show which is run by girls, a fortune teller and the tent of freaks, without which no carnival would be complete.

The carnival is being given to raise money for the camp fund for the club's delegates to the girl reserve summer camp for girls at Payette lake. This camp is to be held from August 11 to August 21, and they hope to increase the number this year. The club pays \$25 for each delegate's expense while they are in the camp.

An initiation and recognition service for the new members of the Blue team was held at the senior high school some Wednesday evening. Twenty-nine new members were initiated into the girls' branch of the girl reserve movement, thus bringing the total number of members to 113 as compared with 110 members last year. This year the high school has not the enrollment it almost half of last year. The cause is due to a very successful year in this line of work.

This year's officers of the club are: Valere Beavers, president; Harriet Clapp, treasurer; Bea Duke, secretary; Marjorie Kuehl, vice president. The last named is also the chairman of the camp fund for next summer's camp at Payette lake.

The Debate and Social Science club under the supervision of Mr. Estro, finally got under way Tuesday evening, when they held their initial meeting in room 103.

Twenty-four students of the 60 who signed up for this sort of work were present. The following officers were elected: Walter Borchers, president; George is the only remaining member of the last year's debating team, and Flo Cook, secretary. A committee was appointed to look after the club's affairs at the next meeting will be held upon the 11th of the president. This year the girls are taking quite an active part in this work, which hitherto has been neglected. The girls of the senior high school, Mr. Estes will have charge of the debate team this year and the triangular debate between Twin Falls, Idaho Falls and Boise will probably be the goal of the team, which will be chosen as in former years by competition in the latter part of December. Their work along social science line and debate within the club will begin at once.

A statement of the proceeds of the East High football game shows that there was a crowd of about 2000, that the total receipts were \$1075 and the profit but \$253. These figures given by H. W. Merritt, business manager of the high school, do not substantiate the popular opinion that a much larger crowd and bigger profit were made on the game. Some estimates placed the amount made by the high school activity fund at over a thousand dollars.

Emphasis Laid on Chamber's Scope

Expansion Campaign Manager to Speak in Church on Civic Ideals in City Building

The modern chamber of commerce as a community-wide organization is being strongly emphasized in the present expansion campaign, according to a statement given out Wednesday at the weekly assembly with Frank Horton as the speaker for the occasion. Horton will deliver an address on this occasion on the subject, "The Power of Civic Ideals in City Building."

The expansion campaign executive committee will hold its second meeting at noon luncheon today at the Rogerson hotel. It is announced. Discussion of financial phases of the campaign is to be the principal item of business. This meeting, according to the announcement, is the most important of this committee, and it is hoped that every member will make special efforts to attend. "Major" and "captains" of the team organizations are invited to attend, as many things vital to the success of the campaign will be discussed.

SUGAR MAKERS TRIM STOREMEN

Factory Bowlers Take Two Out of Three Games with Golden Rule Store Quinnet

The Sugar Factory bowlers won the third game Wednesday evening when they took two out of three. The first game was a close one, the factory team having an easy score of 775 plus to the Golden Rule's 693. "Pop" Kloffner got a little moral support and incidentally some real help in the second game when Vogel went 100 and the clerks took that one 742 to 764. The last one was a rather slow game, with "Dad" Scilley leading the field for final count of 209 and boasting the count over the sugarmen to 809 against the "do into others" boys' 758.

Incidentally, Bill Scilley was the high man in the evening and an individual game score of 208. Vogel of the Golden Rule squad was next with 197 in the second game.

The facts are:
Golden Rule— 1 2 3 Tot.
J. Roy 120 144 168— 432
A. Jones 128 146 169— 443
Lewis 130 130 164— 424
Kloffner (Capt.) 158 154 135— 447
Vogel 147 190 133— 470

Team 693 764 758— 2215
Sugar Factory— 1 2 3 Tot.
Scilley 139 161 208— 508
Borchers 110 118 125— 353
Silver 110 118 125— 353
Substitute 150 150 150— 450
Squires (Capt.) 143 183 178— 504
Team 775 742 809— 2326

STRIKES AND SPARES

"Pop" Kloffner says that the Golden Rule team will do into others as you would have them do unto you. He was strongly upheld in last night's games. We'll all agree that that is what happened, for the clerks lost. Incidentally, help is being given to the showing his bowlers made last evening and threatens to go into secret practice with the pin strakes before next game.

There is something wrong with the strategists of the losing teams, that's what the bowlers feel. The club is being dropped out. The solution of the winning team's success is in its substitute. This statement is upheld by Coach Scilley, who has been in an attitude of mind since the 11th of the evening at the alley. Our suggestion is to use all subs and then you'll be assured of 2500 pins at any rate. The club ought to be tip enough for any captain.

Speaking of substitutes, who was the best of last night's games? According to the score board his name was "Dummy."

And we've got to hand it to "Bill" Scilley when it comes to taking the pins down. In the last game yesterday he went clear through to the ninth frame, marking every time, when he went wild in the ninth he came out in the tenth and evaded matters with three strikes and consequently a score of 208.

Squires, the handsome sugarmaker, set a good example for his team with a total of 506, second only to Scilley.

Tonight the printers from the Times meet the Shoe Fitters from the Shoe Market. We wish them luck, and remember the team with most substitute wins.

The attendance can still be improved. Vogel's bowling fluctuates. One game he is above par, and the next he is occupying a place with the mark. The bowler, however, is not the habit of Dalton, who went completely haywire in the second stanza and was lucky to get out in the last frame with a final count of 430.

JURORS' FIRST WORK OUTLINED

Assignment is Made of Six Cases on Civil Calendar for Early Trial

Six civil suits out of a list of about 30 civil cases at issue in district court here, were Wednesday set for trial immediately following the appearance of the jury for the term next Tuesday. Judge W. A. Babcock announced that he had ordered the jury to appear Monday, would not be required to appear until the day following because of the designation by the government's proclamation of Monday for observance of Armistice Day.

It became apparent Wednesday that the jury during the present term would be required to consider only five cases. The original calendar contains only the case of George B. Shea of Buhl, who Wednesday entered a plea of not guilty to charge of assault with intent to kill, returned in the county jail in default of \$10,000 bond.

Decision Deferred. The court Wednesday took under advisement its decision upon the motion for correction of the judgment in the case of Nathan Hayshurst against the Boylston hospital. The motion was urged by Nathan Hayshurst, who obtained a \$15,250 judgment against the hospital at a former term of court. In support of the motion it was urged that assets of the hospital had been collected and forfeited to the Boyd corporation against which it is sought to make the judgment applicable.

One motion for divorce also claimed the court's attention, a decree being granted in the case of Mary Ann Richardson against Peter Richardson. The divorce was obtained by the former name of Mary Ann Comer. She was represented by E. A. Walters. The defendant was not present or represented by counsel. The marriage took place in September, 1921, in Ogden.

The case of Charles Bruggeman against the Elite Millinery company, for larger judgments made Wednesday by Judge Babcock, is the first that will be presented for the consideration of the jury when it appears in court next Tuesday. In this case E. V. Larson represented the plaintiff and Homer C. Mills the defendant.

Temperature Rises; Weather Still Fair

Temperature, at 63 degrees, Wednesday attained a higher mark than has been recorded here during a period of almost three weeks, according to the government weather observer's station here, and dropped to low, for a 24-hour period ending Wednesday evening, at 22 degrees, just two points above the low mark of the season. The high mark for the day was 86 degrees, higher than the maximum of the preceding day. Weather continued fair and characteristic of the best of autumn weather in the Twin Falls country.

Results of Scout Drive Announced

Campaign Executive Committee Chairman Expresses Appreciation of Support Given

According to W. T. Scilley, president of the Twin Falls Rotary club, the total pledged to the Boy Scout fund now stands at \$3,167.05, of which \$2,002.62 has been paid in cash. The goal fixed was \$3,000, which it is estimated is just about the amount which will be collected allowing for unforeseen contingencies of all kinds.

"I certainly appreciate the way in which the Twin Falls people have backed the movement with their dollars," said Mr. Scilley. "It has been a pleasure to work with the members of the Twin Falls Kiwanis and Rotary clubs on the collection and no better cooperation could have been expected than that given by these two organizations. But the men who wrote the checks are after all the ones who made the drive a success and I know that Rotary and Kiwanis as a whole join me in full expression of appreciation for the splendid aid rendered the movement."

Farm Loan Money
For a time I can furnish farm loan money at a six and one-half per cent rate.
Splendid payment and prepayment privileges.
Come in and let me explain a farm loan that is as attractive as a Federal loan and without the Federal's delays.
I can put through one of these loans in ten days, and you have the full amount of your loan for use instead of 95 per cent of it.
