

URGE CHANGES IN MEASURE ON IMMIGRATION

Score of Speakers at National Conference Submit Demands for Alteration of Nations' Quotas

NEW YORK, Dec. 13 (AP)—Demands for a change in the present immigration quota law which expires next June were made by a score of speakers at the national immigration conference today, although they split into three factions in advocating methods of its execution.

Industrialists and agriculturists stood together in an appeal for restrictive immigration to obtain laborers for factories and farms. Administrators forced, led by Assistant Secretary of Labor E. J. Henning, advocated further restrictions under the existing law, a view which is understood to have the approval of labor.

Smith Wants Change. A change in the administrative features of the quota law to admit workers for the basic industries—agriculture and manufacturing—was demanded by Hal J. Smith of the Michigan Manufacturers' association, Detroit, who said he reflected the views of industrialists, farmers and workers of the middle west.

"Farms as well as factories have been denuded of cheap labor," he asserted, "and so have been injured seriously."

Unemployment. Asserting that unemployment threatened to become a menacing epidemic, Stuart H. Hoisington spoke for a further drastic reduction of the percentage quota, urging a change in the basis of limitation from the number of aliens admitted to the number of aliens naturalized.

While selective immigration, based on the needs of the country probably would be the most interesting best, he said, strict enforcement of a law, fixing definitely the number or percentage of aliens to be admitted, was absolutely essential.

OLD DISPUTE APPEALED

Suit of J. E. Steiner Against Oakley State Bank Involving Title to Land Again Goes to Supreme Court

Issues involved in the suit of J. E. Steiner against the Oakley State bank instituted in 1918, were laid before the state supreme court for a second time Thursday when C. L. Bowen, deputy clerk of the district court, completed and transmitted to the tribunal a transcript of the proceedings in the case heretofore. The action was brought by Steiner to quiet title to farm property in the vicinity of Burleigh, by which asserting title to the land under a sheriff's deed. The district court sustained the bank's contention and the case goes to the supreme court for a final opinion on appeal from that judgment. Questions raised in a demurrer previously had brought the action to the attention of the supreme court.

POISONED BARBER RECOVERING

Continued improvement was reported Thursday in the condition of Curtis Fuller, who was removed from hospital from a Shoshone street barber shop, where he was found in a dangerous condition. The sufferer was taken from an overdose of a bromide. Fuller was identified Thursday as a barber who had been employed here 15 years ago by A. W. Sewell. Fuller had returned only recently to Twin Falls.

FEDERATION HAS HEAVY PROGRAM

American Farm Bureau Executives Give Attention to Demands of Members

CHICAGO, Dec. 13 (AP)—The executive committee elected by the American Farm Bureau yesterday is studying the first meeting today to study of the will of the federation as expressed in the resolutions adopted yesterday.

Some of these were of an unexpected nature, including one which called for immediate adoption of a vigorous foreign policy based on the principles embodied in America's war aims and terms of armistice. This, and the vote of commendation of Gray Silver's tour of investigation in the Ruhr were repeated by some, expanding on a similar belief that farmers are uninterested in foreign affairs. The discussion of resolutions held the hour throughout the day and in consequence naming of a permanent secretary and other matters growing out of recently adjusted differences had not been touched at late today. Action was not expected on these matters before late tomorrow, and there were rumors in agricultural circles of underlain postponement of the secretarial question.

Pinchot Plan for Control of Coal Industry Accepted

Council of League Calls Meetings to Fight Dope Traffic

Two International Conferences to Be Held at Geneva to Fight Opium Trade

PARIS, Dec. 13 (AP)—The battle against the world wide opium evil in which the United States has taken the initiative was put into organized form tonight by the council of the league of nations, which decided to convene two international conferences at Geneva in November of next year. The original idea was to summon the meetings for July but Lord Robert Cecil, backed by M. Hanotaux, argued that the interested countries distantly situated would be unable to formulate their proposals in time for summer meetings.

Think Woman May Survive After Drop From Sixth Floor

Young Newspaper Woman Ends Celebration by Sensational Attempt to Take Her Life

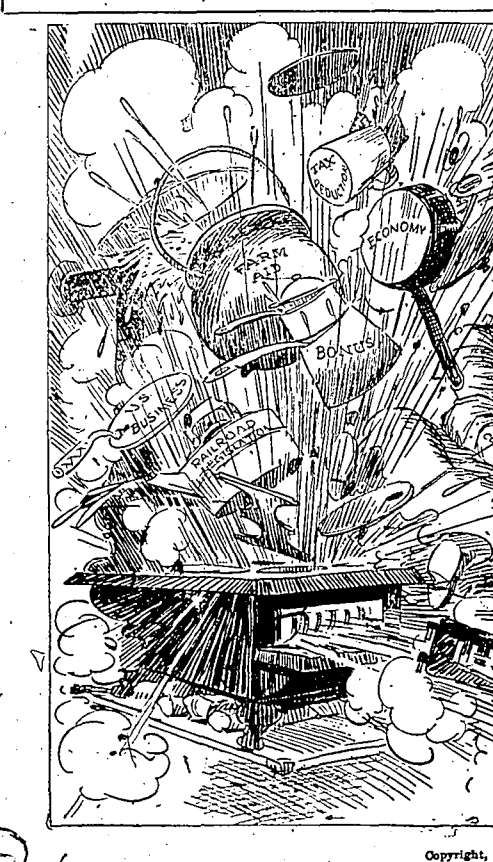

NEW YORK, Dec. 13 (AP)—After celebrating her resignation from Women's Wear in order to travel, Anita Sutcliffe, 23 years old, of Brooklyn, left 35 girl companions whom she was entertaining at luncheon at the Hotel Brevoort in Greenwich Village, ascended to the sixth floor of the hotel and leaped to the street, crashing through the roof of a sedan parked outside. She was taken to St. Vincent's hospital, where surgeons said she would live.

Her motive tonight remained a mystery. At the hospital she spoke cryptically of her "husband" but her companions told the police they knew nothing of her being married.

The girl was handed a check for \$22 after the luncheon, at which she had laughed and joked with her companions, all fellow workers on the publication by which she was employed.

"I am going to get some money," she said after scanning the bill. She left the main dining room and went to the sixth floor, then came the crash. The unpaid luncheon check was found beside her when she was picked up.

THAT'S THE TROUBLE WITH INEXPERIENCED HELP

FRAME PROGRAM FOR ACTION ON INDIAN AFFAIRS

Semi-Official Committee Named by Secretary of Interior Draws Up Lengthy List of Suggestions

WASHINGTON, Dec. 13 (AP)—A comprehensive program of action for dealing with problems affecting the Indian wards of the government was included in the resolutions committee's report adopted today by the advisory committee of 100 on Indian affairs, the semi-official body named by the secretary of the interior. The resolutions touched, among many questions, on health, education, land leases and Indian dances.

The committee urged the granting by congress of appropriations "for education sufficient to secure, through largely increased salaries, teachers of ability and training, competent to achieve the mighty task committed to their care." Establishment of public school systems on reservations equal to those of the white schools and encouragement of religion among the tribes was also recommended.

Proceeds from oil, gas and other mineral rights on reservations would be paid wholly to the Indians under another resolution adopted. Prompt action by the departments of interior and justice in deciding cases now pending affecting Pueblo land titles also was recommended, as was legislation to admit Indian wards to the court of claims.

Dance Order Commanded

The committee commended the general purpose and spirit of various orders of the Indian commissioner on dances. The orders were interpreted by members of the committee as discouraging only those undesirable dances which might be considered injurious to morals or otherwise, such as the "give away," which often leads to the giving away of the individual's most valued possessions.

Dirk Lay, a missionary, urged the support of legislation favoring the interior department to begin immediately construction of San Carlos dam in Arizona to provide water for the Pima Indian farmers. Many telegrams, including one from Governor Hunt of Arizona, were read urging committee support of this.

Major General Hugh L. Scott, retired, one of the two committee chairmen, in a paper which was referred to Secretary Wood, favored a reorganization of the Indian bureau.

Highjackers Get in Action on Big Traffic in Booze

Busy Canadian Bootleg Market in Confusion and Rum Flow Temporarily Stopped

MALONE, N. Y., Dec. 13 (AP)—The busy Canadian bootleg market was thrown into confusion today by a wave of renewed activities of highjackers unloading cargoes of whiskey from boats south, evident tightening of the lines of prohibition agents near the border line and the seizure of the great rum fleet off the Jersey coast. Consequently there was a resultant temporary stoppage of the steady flow of contraband along the Atlantic coast.

The authorities have received within the past 48 hours confidential reports of a number of successful kidnaps by highjackers in which rumplugs figured. In some cases these kidnaps were reported to be Indian.

The authorities estimate that several hundred persons are being engaged in smuggling liquor through the northeast from the United States into Canada, and that their descriptions given to the agents along the line.

STATE OFFICES TO BE FILLED

Christmas Presents in Form of Appointments to Be Handed Down by Moore

BOISE, Dec. 13 (AP)—Several Christmas presents in the form of appointments to state offices will be handed out soon by Governor C. C. Moore. It is possible that one of these, the appointment to the office of director of insurance, will be made within the next 48 hours.

The resignation of Howard J. Brice, recently, as director of insurance gave the governor a problem to solve. He has been working on this appointment recently for a few weeks, and is ready to make his selection from the many applicants.

The governor is also going to fill the vacancy in the department of public investments created by the death of S. D. Parke of Burley. In addition to these there are some changes to be made in heads of state institutions, but the governor declines to say where the axe is going to fall.

Responsible Job. The position of director of insurance is one of the most responsible in the state, and the governor has five years' experience in the insurance business, and must cover all contingencies with insurance companies before entering the position. The office is also one of the state's largest sources of revenue, exclusive of taxation, several hundred thousand dollars being turned into the treasury annually.

If the governor has a choice for the head of the department of public investments, but the governor declines to say who he has in mind. The state county feels that it is entitled to this position, and the governor is expecting organization leaders there to submit names of capable applicants for his approval. Allure to the county to make suitable recommendations may result in the appointment going elsewhere.

The state board of land commissioners, which is interested in the head of the investment department, and of which the governor is president, feels that the person chosen for this position should be a man who is a better collector than an inventor. It is the opinion of the board members that they would rather have the least other man off or brought up to good standing, and for this reason they are unanimous in indorsing a man for head of the investment department who is a good collector.

BANDITS KILL MERCHANT

Arkansas Business Man Slain by Two Negroes Who Rob Store; Son Tells Story of Witnessing Tragedy

LITTLE ROCK, Ark., Dec. 13 (AP)—Two negro bandits tonight shot and killed Andrew J. Jones, 50, a merchant at Wrightsville, 12 miles south of this city, looted the store and made their escape, according to reports received by the sheriff's office here.

Jones, 12-year veteran in this position according to the report. He told the officers his father was killed when he offered resistance to the robbers.

DEMES BOOZE POSSESSION

Mrs. A. W. Wray, proprietress of the Keith rooms, 235 Main avenue east, was absent last Monday when a court order closing the premises was served by a deputy sheriff, was arrested when she returned and in probable court Thursday entered plea of not guilty to a charge of illegal possession on October 5 last of a pint bottle of whiskey on which the closing order was based. She was released on \$250 cash but pending preliminary hearing.

CHURCHES DENOUNCE KLAN

COLUMBUS, Ohio, Dec. 13 (AP)—Discussion of inter-racial problems, including a denunciation of the Ku Klux Klan as an organization embodying many of the evils which the church has been denouncing for years, occupied today's session of the annual meeting of the executive committee of the Federal Council of Churches.

IDAHO WEATHER.—Friday: Rain or snow.

OBREGON SEES EARLY ENDING OF MEX REVOLT

President of Republic Objects to Term "Revolution"; Says Government Has Ample Support Among Citizens

EL PASO, Dec. 13 (AP)—Declaring his belief that peace and order soon would be restored to Mexico, President Obregon in a telegram to the El Paso Times received today, asserted that "the movements headed by Generals Estrada and Sanchez, and which were inspired by Adolfo de la Huerta could not be dignified by the term revolution, for their importance does not warrant that designation."

"On board special train, Guanajuato, Dec. 12. "If please me greatly to give this information to your newspaper, the movements headed by Generals Estrada and Sanchez, and which were inspired by Adolfo de la Huerta should not be dignified by the term revolution, for the importance does not warrant that designation."

"The great masses of the people have no sympathy with these movements and thousands of men in all walks of life have offered their services to the government to combat treason. I have reason to believe it will be a matter of but a short time when the traitorous military leaders are overthrown and peace and order restored throughout the country. A revolution in Mexico has prospered only when it has been fought by the people in the interest of liberty and against oppression. Traitors have not a chance to control the government of Mexico today.

Inspects Troops

"I am in this city of Guanajuato to make a personal inspection of the troops about to depart for Guadalajara and other military posts for the traitor, General Estrada. With these troops are some of the most distinguished military leaders of the republic among them, the Generals Joaquin Amaro, Luis Gutierrez, J. J. Mendos, Luzaro Cardeas, Rodolfo L. Gallegos, Jose Amarrillas, Benigno Serratos, Cleudio Fox, Andres Giguero, Anacleto Lopez and others. The troops are in the finest spirits, enthusiastically loyal to the government, and in my judgment there can be little doubt of the issue of the campaign. (Signed) "A OBREGON, "President of the Republic."

PRISONERS RELEASED

MATAMORES Mexico, Dec. 13 (AP)—Miguel Elizondo, mayor-elect of Matamores, was taken to Mexico City this afternoon under guard of federal troops. All other political prisoners who have been held since this city went under martial law last Friday have been released, but they are not permitted to leave Matamores.

GARCIA IN CHARGE

NOGALLES, Ariz., Dec. 13 (AP)—General Eduardo Garcia has departed from Magdalena Sonora about 50 kilometers south of here under orders of the federal government at Mexico City, to take command of the garrison at Luis Potosi, it was learned officially here today. Garcia formerly was commanding officer of fiscal guards at Nogales.

JUAREZ, Mexico, Dec. 13 (AP)—Official dispatches received in Juarez today contain reports of the first clash between the federal forces and those of the rebel general, Estrada, in Jalisco. The fight occurred today at Octulcan, according to the reports, and resulted in victory for the federals. A rebel column with 150 men and 2,000 pounds of mine deserted Estrada during the fighting and joined the federals.

AUTO OWNERS MUST PAY TAX

Jeter Intends to Carefully Check All Cars in Idaho to Collect State Dues

BOISE, Dec. 13 (AP)—A careful check to see that all automobiles in Idaho are either registered in 1924 or a personal property tax is paid on them will be made by A. Jeter, secretary of the state, who was announced today. The state official feels that in the past many owners have evaded either registration or personal property tax by getting around the law and operating with old licenses the other part. "This practice will be watched carefully this year, and every man's machinery at his command will be put in motion to see that the automobiles of the state are either registered and licensed under the fee paid, or assessed for taxation by the county assessor as other personal property. All peace officers of the state, including sheriffs, deputies, constables, policemen, the state game warden and all deputies, are authorized to make arrests for violations of the automobile registration law and the law making it their duty to do so.

GROUND IS BROKEN ON NEW ROAD

Twin Falls People Join in Event at Rogerson Marking Beginning of Construction of South Rail Outlet

Between 20 and 25 cars, each with a full quota of passengers, braved the inclemencies of a more than usually cold day and made the trip to Rogerson Friday to witness the beginning of work on the new Wells-Rogerson outfall.

A brief address was delivered by Senator M. J. Sweeley, during which he read a message of warm congratulation from Governor Moore, who was unable to be present in person.

The site of operations is about a half a mile from the hotel at Rogerson where most of the crowd took dinner, after which there was a general exodus across the snow-covered sagebrush.

The event which we have come here today to witness is of such importance to the entire state of Idaho that Governor Moore has recognized it by sending his message, which I give to you.

He then read the message, being as follows: "I regret that I cannot be at Twin Falls for the breaking of ground for the Wells, Nevada, railroad, and shall appreciate it if you will kindly represent me at that occasion. Please say for me to the people of Twin Falls that I heartily congratulate them on the many years of progress and development. I believe it will be the means of providing for the shipment of produce from Southern Idaho to San Francisco and Los Angeles, will save freight and will induce the building of other coast cities. The breaking of ground for this railroad is the opening of a bright future for the Twin Falls section and I join in your rejoicing. Success to you."

Mr. Sweeley then added: "Governor Moore has in a large way, expressed what is in the mind of all of us, but those who are residents of southern Idaho, and who are interested in the Twin Falls tract, realize more particularly what the beginning of the work that is inaugurated today means to us. The construction of a railroad from Rogerson to Wells is what we have dreamed about, prayed for and done our best to bring about for the last 25 years. As I have said, it is the beginning of a period of development for our portion of the state in general and the Twin Falls county in particular that will surpass anything we have ever seen."

"We have contributed our mite in the way of moving dirt, and with congratulations to ourselves and our people in general, leave the remainder of the work to the construction crew, with entire confidence that it will be well done and in the full belief that the road will be completed in a short time and that it will mean to us all that we have ever hoped for."

Among those present were Burton E. Morke, John Clair, George P. Sprague, F. W. Bronough, Roy A. Read, Mrs. M. C. Channell, J. C. Root, A. W. Cron, Dr. Carl Hays, Harry Beal, Paul Johnson, Arthur Vincent, E. E. Holmgren, Dr. Oliver Harestad, Tom Koto, Frank Wagner, Tom Owens, H. C. Van Auden, John Owens, Bert Francis, G. M. Simpson, Dr. W. H. Dwight of Twin Falls, and E. O. Walsh, Dr. A. D. Wright, A. O. Madland and G. W. Hamilton of Filer.

FARMS IN POSITION TO TAKE UP LAPSED LOANS

Insurance Company Officials See Evidence of Improved Conditions in Agricultural Regions of Northwest

Tangible evidence that there has been a turn for the better in farming and stock-raising in the northwest is shown by the large number of applications for reinstatement of insurance policies which passed eighteen months ago.

"We are much gratified at the evidence of improved conditions," writes Mr. Cunningham, as reflected during the past two months in the voluntary applications for reinstatement of lapsed policies. A most favorable sign is that these applications are confined to no particular district and to no special class. Farmers are resuming their insurance in all sections of the state.

"When times were hard and money tight farmers and stockmen reluctantly dropped their insurance, it being one of the few obligations for which a statement of assets was required. Now, when they are applying for reinstatement and they are prepared to take up their back indebtedness."

VINEGAR PLANT BLAZE TRAGEDY TO COMPETITOR

Fred Brandes of Payette Confesses, Sheriff Says, to Charge of Arson in Connection with Fire Here

Fred Brandes, 30, secretary and treasurer of the Payette, Idaho, Cider and Vinegar works, according to county authorities, has confessed that he attempted to set fire to the new home of the Twin Falls Cider and Vinegar works here last Friday night.

Evidence of attempt to burn the elder plant was discovered by the manager when the place was opened Saturday morning. A fire had been kindled on the floor in the center of one room but had gone out without causing material damage. An empty two gallon can that is said to have contained kerosene was found in the room.

New Trial Asked in Condemnation Suit

Meredith Interests Would Present Reservoir Case Before Jury for Third Time

The Idaho Farm Development company, of which E. T. Meredith, former secretary of agriculture, is the principal officer, will ask for a new trial in its suit against Sarah E. Brackett and others to condemn lands for the reservoir site for its irrigation project southwest of Buhl, according to a notice filed in district court here Friday.

The new trial, if granted, would be the third trial of the case in district court, the jury in the second trial, held last month, having returned a verdict awarding \$59,881.25 to the defendant land owners. This award was approximately \$7000 greater than the award given by a jury in the first trial of the case about three years ago.

As reasons for urging a new trial at this time, the company contends that excessive prejudice has been given "under influence, passion, prejudice"; that evidence was insufficient to justify the verdict, and that errors in law occurred during the trial which were excepted to or deemed to have been excepted to by the plaintiff company.

"The strongest experience of my life was one day while in our orchard. Presently I got up and started away. Scarcely had I gone four steps ere a large dead branch fell to the spot where I had been sitting. I did not venture under dead branches again for some time.—Chicago Journal.

AUDITORS GIVE FINDINGS AS TO COUNTY AFFAIRS

Voluminous Document Devoid of Sensational Features Although Some Irregularities Are Pointed Out

One of the most exhaustive county audits ever filed in southern Idaho is that of the Edwin A. Wilson company, covering the receipts of Public Treasurer from January 1, 1919, to January 7, 1923, and turned over to the county commissioners yesterday.

The document consists of a book nearly an inch in thickness containing 127 pages of typewritten matter including numerous tables of receipts and disbursements and the transactions of the various offices. While a number of paragraphs deal with technical irregularities and more or less loose methods employed in the transactions of the county's business in some departments, the document as a whole is devoid of sensational features.

probate judge on the date of the filing of the audit are given as, due from estates, \$10,000; due from guardianships, \$805.00; marriage fees, \$15.00; and other fees, \$100.00. It is stated in the statement that in the case of the marriage fees no collection was made and none is now possible. The item of \$100.00 is stated by the judge, heretofore in a comparatively short time. The item of estates, amounting to \$916.00, is uncollected. It is an official notification filed by him with the board of commissioners.

You are hereby advised that the auditor's report of fees earned in the office of probate judge show certain balances due the county, and that such fees are in estates and guardianships that have not been closed and it being the policy of this office for many years prior to the time the present judge has held office to collect these fees when estates are closed and it further appearing there is a legal question as to just when such fees are due, yet, nevertheless, whether such fees are collected or not, in order to avoid any legal controversy, I will remit all balances due as shown by said report in my next quarterly report, January 3, 1924."

Washable Paper.
Many possible uses suggest themselves for a special paper recently produced and patented by a Japanese inventor. The paper is said to be reasonably strong and can be crumpled up and washed with soap and water. So long as the paper is kept dry it can be used as a covering for umbrellas and, when soiled, can be easily cleaned at home. As a wrapping paper, it could be used over and over, being washed when soiled. It is said that the product can be made at a reasonable price. It has a texture somewhat like cloth, and is not to be confused with oil paper.

THE GUMPS—THE SILVER LINING

BREAK SEEN IN CLOUDS OVER ORGANIZATION

Republicans Approve Committee Assignments in House; Bourbon Slate Ready; Insurgents Still on Warpath

WASHINGTON, Dec. 13.—The way was cleared today for house action tomorrow leading to the organization of all its standing committees. The republican conference, over the protest of Representative Nelson, Wisconsin, leader of the insurgents, approved the assignments given republicans, democratic selections already have been made and the two slates will be presented to the house by Representative Longworth, Ohio, the majority leader.

The insurgents' objection is to the personnel of the rules committee. Mr. Nelson said his group will meet tomorrow to decide whether they would carry their fight to the floor. In any event it was not expected that they would be able to bring about a situation similar to that existing in the senate where there still exists a deadlock over the election of the chairman of the interstate commerce committee.

Senate Voting Deferred.

With further senate voting deferred until Monday, conversations between republican leaders and the insurgents' chairman of the committee were continued but apparently without success. While several republican propositions were put forward some of the insurgents insisted that Senator Smith of South Carolina, the ranking democrat on the committee, must be elected next Monday over Senator Cummins, republican, Iowa.

Nelson Disappointed.

At the conference of house republicans today, Mr. Nelson said members of his group felt they had not been given satisfactory representation on the important committee, and he indicated no concerted efforts were made by the insurgents to fight ratification by the conference of the committee assignments, members of the group apparently being satisfied with the prop-

tests voiced by their leader.

In addition to approving the committee slates, the conference endorsed the proposed creation of a "veterans" committee, which would handle legislation affecting former service men. The proposal previously had been approved by democratic members of the house.

Woman to Be Chairman.

Mrs. May Nolan, republican, California, is woman member of the house, and widow of former Representative John Nolan, will be the first woman to be chairman of a house committee. She will head the committee on expenditures in the postoffice department and in addition will be a member of the labor committee.

Victor Berger of Wisconsin, the one socialist member of the house, was assigned by republican leaders to the labor, women's suffrage and alcoholic liquor traffic committees.

After adjourning tomorrow the house will recess until Tuesday. Convicted that none of the committees will be able to organize and report on important legislation before the Christmas holidays, Mr. Longworth announced to the house today that it was planned to recess from December 21 to January 3.

CLOVER

CLOVER.—Word has been received from Rev. and Mrs. E. Riedel at Hankow, China, who sailed from Seattle October 5. They arrived in Hankow December 10. They were the first Japanese concession two blocks from the seminary in which Rev. Mr. Riedel teaches.

Edmund Becher, a freshman at the University of Idaho, was one of the four chosen to take part in the triangular debate among the universities of British Columbia, Oregon and Idaho on January 18. The subject is "Resolved, That the United States Must Recognize Russia." Mr. Becher takes the affirmative side and will either start in Moscow or go to Vancouver.

Katherine Martens is on the sick list with mumps.

SOCIETY

Edited by Mrs. E. B. Williams Telephone 398

The Woman's Council of the First Christian church met at the home of Mrs. C. H. Brown on Fourth avenue north Thursday afternoon. The business session was presided over by the president, Mrs. W. A. Patrick, and the following officers were elected: President, Mrs. W. A. Patrick; four vice presidents in the order named, Mrs. E. M. Jones, Mrs. A. J. Houghell, Mrs. W. S. Parish, Mrs. H. W. Farrar; secretary, Mrs. H. E. Deiss; treasurer, Mrs. Harry Eaton.

A social program was given by Mrs. Farrar's division on "What Christian Nations Are Doing for the Children." Miss Jessie Fraser, public librarian, spoke on the influence of good books. The Rev. Mr. Burka told what the church is doing for the orphans. John R. Aull spoke of the juvenile court. Mrs. E. G. Sturdevant sang a solo and Howard Patrick gave a reading entitled "Guessing Time." A social hour followed and Mrs. E. M. Jones' division served delicious refreshments to about 50 ladies.

Mrs. Vera Fulton was hostess to the Ladies Avenue Social club Wednesday afternoon. The house was charming with decorations in the Christmas colors and emblems. Roll call was answered with suggestions of help and good cheer. A description of Christmas in other countries was enjoyed.

Tuesday, December 27, was decided on as the best time for the children's party and the mothers are asked to bring them to the party at 2 o'clock. Alma Parsons and Lenora Klosting, accompanied by Mrs. Parsons, sang a duet. A grab bag in which each member was rewarded according to her skill in grabbing, caused much merriment. The hosts, assisted by Mrs. Parsons, served a dainty luncheon, the place cards and menu carrying out the holiday colors. Mrs. Hammons will entertain the club on January 9.

The Methodist Women's Home Missionary society met Thursday afternoon in the church parlors, which were brightened with Christmas decorations. Mrs. L. C. Schneider led the devotional services. Mrs. Turner K. Hackman had charge of the program, the topic being "Childhood."

Miss Etta Riley gave a paper on "Play and Work for Children," and Mrs. Schneider reported on the first forenoon of the national convention in Sioux City, Iowa. Mrs. E. G. Sturdevant sang a solo, and Miss Clara Knill rendered a piano selection. Refreshments were served to about 45 members and friends.

The Woman's Progressive club held an all-day meeting Wednesday at the home of Mrs. Frank Knogger. A delicious dinner was served at noon and the day was spent sewing for the two children adopted by the club at the home in Boise. The next regular meeting will be held at the home of Mrs. Wahl, December 19, with Mrs. Carl Jungst as hostess.

The Presbyterian Missionary society met in the church parlors Thursday afternoon. Mrs. G. M. Hill presided and devotions were led by Mrs. M. J. Swevel. Roll call was responded to with Thanksgiving quotations. Mrs. A. K. Beaver had the program in charge and was assisted by Mrs. D. F. Sweet, Mrs. G. W. Witham, Mrs. Leo Bracken and Mrs. T. J. Douglas. The subject for the day was "The Child in the Home," and a quote led by Mrs. J. Swevel brought out a most interesting discussion. The hostesses were Mrs. R. V. Marsh, Mrs. Swanick and Mrs. L. E. Salladay.

Special price, not only on Saturday, but every day, on meat that's good to eat. Public Market.—adv.

Basketball Shoes

The Varsity

This shoe is designed to meet the requirements of the most exacting coaches and players. It has the BUFFED CUSHION SOLE, a feature considered by experts as the best yet for basketball work.

SPECIAL PRICE TO TWIN FALLS HIGH SCHOOL PLAYERS. \$3.75

The Centre

A less expensive basketball shoe suitable for the juniors and grade schools. This is a medium weight shoe, well made, and looks as well as the No. 1 style. Laced to toe; has full leather trimmings, and splendid suction sole.

Boys' sizes, 2 1/2 to 6, price \$2.50
Men's sizes, 6 1/2 to 11, price \$2.75

The Knock-a-Bout

Still a lower priced shoe for the boys who want a light weight shoe to play around the gymnasium, and also a shoe that can be used for light practice in basketball. This particular number comes in the YOUTH'S, BOYS' and MEN'S sizes at a low cost.

Men's, 6 1/2 to 10, price \$1.75 Boys', 2 1/2 to 6, price \$1.50
Youths', 10 to 2, price \$1.40

Don't overlook the Toys and Radios—but don't overlook the boys' Suits and O'coats either.

A Suit or O'coat, no matter how nice, isn't a Christmas gift without toys, games and books—nor do playthings make a Christmas without the famous players Suits and O'coats.

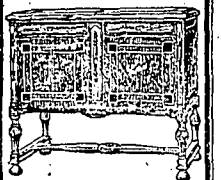

All ready here—this store is ready to do a big boys' Christmas business—it has the clothes.

In O'coats—soft, warm, fuzzy materials, developed in 1924 models, \$14.50 to \$65.00.

In Suits—just in—especially purchased for Christmas—boys' suits with two trousers—Wear-pledge—and they'll wear like iron, \$7.50 to \$20.00.

Shirts—Ties—Caps and everything else for others to give boys—but the suit or o'coat usually comes from Dad—and this is the stock to have it come out of.

Victrola No. 405

An Instrument You Should See

A model which will fit in with tastefully chosen surroundings, and upon which, as upon every Victrola model, the greatest artists are heard, as they wish to be heard, on Victor records.

Leadership

The steady growth of this bank in total resources, in deposits, and in the number of its patrons and the fact that it is the largest bank in Twin Falls County, is evidence that the public recognizes its leadership in both service and safety.

Eighteen years of successful banking have shaped the policies of the Twin Falls Bank and Trust Company and serve as inspiration to those who continue its conservative policies.

TWIN FALLS BANK & TRUST CO.

Under Both State and Federal Reserve Bank Supervision

Xmas Shopper

Only nine more shopping days, until Xmas

The holiday spirit—good will toward all—prevails and bids us select our gifts with the utmost care. Nothing pleases Mildred more than something ready to wear. A new dress or blouse or coat all ready to put on, without the trouble and worry of home dress-making, is more satisfactory in every way, and the selection we have to offer you at this season is of the best. Then we have the new bags to match the gown. Any style you wish, the price varying from the inexpensive to the more elaborate beaded bags. Perhaps a sweater in the new brushed wool styles or rough neck, which have just arrived at our store, will interest you. A bungalow apron makes a useful gift for Mother. There is a wide variety of styles in percales, gingham and satens. Several styles are particularly good for the stout woman. There is nothing more beautiful than silk underwear. A gown or teddy is a necessary requisite in every girl's wardrobe or hope chest, and the holiday season brings many dainty models to choose from. This store welcomes the Xmas shopper and insures each and every one the most courteous treatment. Below we quote a few prices on the many bargains to be found in our store.

One lot silk dresses, all sizes	\$16.50	Sport coats, special	\$20.00
One lot silk dresses, all sizes	\$25.00	New brushed wool sweaters	\$4.25
Polart twill and charmees dresses, all sizes, very good	\$25.00	Skirts, sport and plated, tan, blue, gray, brown	\$6.50
			\$5.75

PRINTERS TAKE HIGH AVERAGE BOWLING BAKERS DROP TWO GAMES

Times Team Skips Ahead of Leading Teams; Bruggeman Heads Individual List

The sixth week of the bowling league finds the Times team far ahead of its closest competitors. The News and Troy Laundry, and no great changes can take place in the final week of the first round.

For the individual standing there is a new man leading the list, Charles Bruggeman, the crack man of the times quintet, who this week wrestled the honor place from Towan, the Baker's star. He took many of the evening print shop squad, takes place in second, forcing the former leader into third place. The fourth place goes to the new light upon the scene, Knöfel, whose score of 618 in this week's bowling places him among the best in the league.

Another new bowler who is taking his place near the top is Knöfel, who made his debut Thursday night. Yochem is also deserving of honorable mention for the week.

The total pin standing for the week goes to the Times who took a six-pin lead over the record of the rival printers. This is about the only change in pin standing from last week.

Again last night the dope was spilled. The lovely Shoe Market Slacks arose and took two from the supposedly strong Bakery squad.

The addition of Knöfel and a general tightening up all around on the Shoe Slacks quieted gives indications that they have a good team.

"Back" Buchanan, the Slacks' anchor man and captain, took the honors for the evening with steady bowling and a final score of 560.

Maxwell who last week hung up a new record took a 203 score in the first game with ease, but was unable to duplicate his feat later in the evening. The first game was a close one with the Shoe Market coming out with the largest score, winning by 33 pins.

The Slacks rallied but dropped the second one by the narrow margin of nine pins, while the old game easily went to the Shoe Market.

The Slacks total 615 pins for the evening to 2437 for the Bakery.

MEYERS IS MATCHED.
SALT LAKE, Dec. 12 (AP)—Spug Meyers of Pocatello and Frankie Davren of Salt Lake, have been matched for a 15-round bout here next Monday night.

GRANTS DIVORCE TO HUSBAND
Upon ground of desertion, Judge W. A. Babcock in district court here Thursday granted to Ward J. Blakelee of Filer, a decree of divorce from Mrs. Blakelee, who, according to the bill of particulars, has been a resident of California since November, 1919. The court previously had denied Mrs. Blakelee's application for attorney's fees and \$25 a week alimony for the support of herself and adopted daughter, evidence that she had an independent income having been offered. Blakelee was represented by Attorney W. D. Gillis of Filer.

The tiny babe should not be forgotten. Buy a few pair of white all-wool hose. This is a special one **.....50c**

TWIN FALLS WEEKLY NEWS

Established 1904

Twin Falls News Publishing Company, Ltd., Publishers

Issued on Thursday of every week

Entered as second class matter December 12, 1904 at the Post Office at Twin Falls, Idaho, under the act of Congress of March 3, 1879.

TAX REDUCTION.

A nationally known firm of certified public accountants, analyzing Secretary Mellon's tax reduction plan, finds that the man of small means who earns two thousand dollars to six thousand dollars a year would have his taxes cut forty-one and sixty-one-one-hundredths per cent, the man with a thousand dollars to ten thousand dollars a year would save twenty-three and thirty-seven-one-hundredths per cent, the man with fifty thousand dollars to one hundred thousand dollars would save ten and sixty-one-one-hundredths per cent and the man with over one hundred thousand dollars would have an average saving of two and fifty-nine-one-hundredths per cent. In the case of the man with an income of one million dollars or more, the saving would be reduced to less than one-fourth of one per cent.

This is the direct saving on personal incomes. Roger Hanson estimates that the indirect saving, from reduced cost of living, would average 2 per cent of the taxpayer's income. The firm of accountants above referred to, combining its figures with Mr. Hanson's, concludes that the direct and indirect saving for over seventy-five per cent of all taxpayers, those with incomes net over three thousand dollars, would amount to about one hundred dollars a year apiece. If these figures are accurate, and they probably are, there seems good reason for considering the tax plan a very democratic proposal, made far more in the interest of the poor than the rich.

BUILDING AND LOAN IS ONLY ONE OF CLAIMANTS

State of Nebraska and Receiver Lay Claim to Bonding Company Against Which Garnishment Is Sought

Claim against the Mutual Building and Loan association against the Lion Bonding and Surety company for \$5000 under contract and bond for Frank George Leichter, former secretary of the association, is one of the four claims already asserted to a fund of \$10,500 held by Richards and Haga. Also statutory agents for the bonding company, out of the deposit with the Idaho state treasurer under the law relating to surety companies.

Statement to this effect is made by Richards and Haga, in their answer to interrogations in a notice of garnishment which the building and loan association seeks to make effective against the bonding company. Prior claims include the firm of Richards and Haga, seeking \$3000 for legal services rendered. A receiver appointed by the district court in Idaho and the Nebraska state department of trade and finance, also claim the fund. The several claims are involved in litigation now pending in the federal district court in Idaho, and no disbursements can be made from the fund, it is stated, until the claims are adjudicated.

Mummies Once Ground Into Paint. In times when mummies were thought less of than today many were exported and purchased by color manufacturers, who ground them down by machinery and turned them into a delicate brown paint which was the delight of all artists.

The News is read by the permanent warning classes.

FILER

FILER.—The annual election of officers of the chapter No. 40, O. E. S., was held Friday night at the Masonic hall. Officers elected were: John A. Ladd, worthy patron; D. H. Davis, worthy patron; Emma Case, associate matron; Edith Boring, conductress; Edna Munyon, associate conductress; Ethel McMillan, secretary; Edna Scholten, treasurer.

Mr. and Mrs. Ray Williams are the parents of a son born December 3. Mr. and Mrs. B. H. Wolfelich and children and Mr. and Mrs. Sam Knapp of Twin Falls left last week for southern California, making the trip by auto.

Mrs. Charles Gramble and little granddaughter, Irene Bromers, left Sunday for North Platte, Neb., where they will spend the holidays with relatives and friends.

C. C. Cartney, an attorney of Lincoln, Neb., is visiting at the T. L. Cartney home. Mrs. L. B. Otto returned home last week from Galena, Mo. Otto is a patient in the Caldwell hospital having submitted to a successful operation. A large crowd attended the dance at the I. O. O. F. hall Tuesday night—the first dance of the season to be given by the Tuesday Night club. A community dinner was served preceding the dance.

An old-fashioned dance was held at the I. O. O. F. hall Thursday evening, attended by a large crowd and enjoyed by all. Another dance of this nature will be given Thursday night at I. O. O. F. hall by the Twin Falls members of the club or the Filer club members. E. A. Deem and Isaac Deem left last week for southern California, making the trip by auto, where Uncle Ike will spend the winter, and E. A. Deem will return by rail in a few weeks.

Word has been received here of the birth of a son to Mr. and Mrs. Arvid Johnson of Los Angeles, Cal., but for merely of this date.

A. E. Craig spent the past week in Rupert attending to business there.

HANSEN

HANSEN.—The Women's Community Council held its first election last Thursday afternoon and the following officers were elected for the year ending September 1, 1924: President, Mrs. Arlye Scott; vice president, Mrs. J. R. Hall; secretary, Mrs. Gertrude McVey; treasurer, Mrs. M. Kirkpatrick.

The chairman of standing committees and departments will be announced at the regular business meeting Thursday afternoon.

Mrs. A. G. Pearson of Twin Falls is spending a few days with Mrs. Tom Elgert.

The community chorus will hold its rehearsal at the home of J. R. Hall Thursday night. "Booster Boys' Club" will have a business session and party in the community social room Friday night.

There were 119 present at the community church school last Sunday morning, which is the best attendance this year, an increase of 500 per cent over the summer average.

Mrs. E. W. Barber of Eden visited relatives here the first of the week. Mrs. Brown of Twin Falls, sister of Carol C. Clark, is filling the position of English teacher in the high school while Miss Mildred McCymond is recovering from an operation at the county general hospital.

The Latawah club entertained a number of ladies at a meeting at the country home of Mrs. Clyde Taylor last Friday. The ladies spent the afternoon with fancy work and a delightful luncheon was served by the hostess at four o'clock.

Paul Barnard left for Alexandria, Idaho, Sunday morning, where he expects to secure employment and will later send for Mrs. Barnard and the children.

Mr. and Mrs. A. B. Case and family and Mr. and Mrs. Ralph Taylor attended the conference of the Latter Day Saints church at Twin Falls Sunday.

E. C. Pettygrove will assist as clerk at the People's store until after the holidays.

The Ladies of the G. A. R. gave their annual "covered dish luncheon" at the church Tuesday.

XMAS SHOPPER'S LUNCH SERVED ALL DAY SATURDAY, 25c. Hot roast of sandwich, pie and our delicious coffee. Why buy factory candy when you can get it made fresh daily. Xmas chocolates 3c, 3 lbs \$1. Our famous Xmas mixed 20c pound. HENBEST & RAMBO.

Creation of Salmon River Irrigation District Gets Approval by Majority Vote

Acquiring of Water Rights and System of Project of 35,000 Acres Is Authorized by a Vote of 329 to 106 at Tuesday's Election; Board of Five Directors Elected.

VOTE CAST ON SALMON RIVER IRRIGATION DISTRICT AND FOR MEMBERS OF FIRST BOARD OF DIRECTORS

Table with columns: No. 1, No. 2, No. 3, No. 4, No. 5, District No. Rows include Rogerson, Hollister, Haggard, Berger, Allendale, Kunkle, Joslyn, Treanley, Carter, Parrott, Morgan, Hayward, Dislike Yes, Dislike No.

NEW DIRECTORS ARE CHOSEN BY COMMERCE BODY

First Election Under Organization's Lately Adopted Constitution Brings Five New Members into Directorate

Twin Falls Chamber of Commerce board of directors, elected Friday, includes five new members and seven who served as directors last year. In accordance with the lately adopted constitution, six out of the 12 directors elected Friday were chosen for two-year term, and six for one-year term. Members of the new directorate as determined by the election, who will meet early next week and organize by election of officers, are the following: Two Year Term—Dr. D. L. Alexander, S. L. Houlgin, C. E. Lind, T. J. Lloyd, M. C. Mitchell, Curtis Turner. One Year Term—D. D. Alford, Kenneth Beach, Elmer Hollingsworth, W. T. Leslie, William Simpson, J. E. White.

New members of the board are Alexander, Lloyd, Turner, Beach and Simpson.

Ballots Total 162. A total of 162 ballots was cast in the final election of directors, some what more than one-half the membership of the organization participating in the voting. In the primary election last week at which candidates for directors were nominated, 154 ballots were cast.

Canvass of the ballots cast in the final election began Friday evening within an hour after the polls closed at 6:30 o'clock, and was completed in about two hours. Members who served as tellers were James Fitzgerald, F. L. Stephan, C. P. Cosgriff, Dr. E. F. Milford, B. N. Bendahl, George O. Wallace.

READ THE CLASSIFIED ADS.

to vote of the resident settlers. Claim will be made for all of the water rights appurtenant to the Salmon River project, which waters are to be applied to the 35,000 acres within the restricted area of the project.

THE MARKETS

WHEAT DELIVERIES SMALL

Price Average Slightly Higher; See Better Profit Chances by Carrying Stocks; Argentina Trade Small

CHICAGO, Dec. 13 (AP)—Wheat deliveries on December contracts here much smaller than had been expected for the week averaged a little higher in price. The close was unsettled on a rumor which varied from 18 to 18 1/2 cents for the December 11-13 and May 11-13 1/2-1/4. Corn finished unchanged to 1/2 cent lower; oats a shade to 1/8 cent, and provisions unchanged to 1/8 cent down. The market generally predicted that owing to the fact that lake navigation was at an end the delivery of wheat on December contracts here would be a good deal enlarged. On the contrary, however, deliveries today totaled only 11,000 bushels and the inference was drawn that the market was generally correct in its forecast that the delivery of wheat on December contracts here would be a good deal enlarged. On the contrary, however, deliveries today totaled only 11,000 bushels and the inference was drawn that the market was generally correct in its forecast that the delivery of wheat on December contracts here would be a good deal enlarged.

On the other hand, downturns in the price of corn had some bearing on wheat, especially during the latter part of the week. The committee was in a measure, ascribed to the relatively high quality of the corn arriving here from the west. It is generally felt that quality would be poor, but that the weather here would be better than the condition of corn attracted attention. Word was received also that 300,000 bushels of Canadian wheat would be shipped to Chicago, and that Russian exports of 500,000 bushels of wheat were being shipped to Chicago.

Soiling pressure in corn developed after something of an upturn in price. The market was generally correct in its forecast that the delivery of wheat on December contracts here would be a good deal enlarged.

STRIKES GOLD ORE YIELDING \$1,000 A TON

Operators of Alpha Property Make Richest Discovery in History of Jarbidge, Nevada, Mining District

The richest strike in the history of the Jarbidge, Nevada, gold mining district was made within the past three weeks in the Alpha property, owned by Tacoma interests, where a big body of ore returning an average of \$1000 in gold to the ton has been encountered, according to word brought here by Theodore Parks, pioneer mining operator of the Jarbidge district.

The big strike, Mr. Parks stated, was made when the Alpha operators, after working out a ledge by means of a stone, decided to sink a shaft from the floor of the tunnel directly below the ledge. The shaft is four feet square, and all four walls are within the ore body. It is the purpose to continue the shaft downward for 100 feet.

The new workings in the Alpha property uncovered the first sulfide ore discovered in the district. Sulfide is regarded by mining men as an indication of permanence of the ore body.

One is being removed from the mine as rapidly as possible under handpick control. The ore is being stored at the mine for shipment next spring.

In Center of District

The Alpha property is situated almost in the center of the Jarbidge district.

The strike, Mr. Parks said, has brought an additional impetus toward further development of the Jarbidge district by the Hunter Mining company, representing New York capital, which is rapidly completing a new mill of 150 tons capacity, which will be ready for operation about the first of the year. It is the largest mill in the district, its capacity being one-third greater than that of the Elkora company, or Guggenheim interests.

IDAHO SCHOOLS CONFRONTED BY FINANCE ISSUE

Question of Revenue to Be Determined at Election Is Presented at Parent-Teachers Meeting by Superintendent

Elected officers of the Twin Falls school district, in common with those of numerous other school districts throughout the state, will be called upon within the next few days to determine at an election whether the board of education shall be authorized to lay a tax levy next year sufficient to operate the existing schools and standards, or whether it must limit its levy for this purpose, under provisions of a new law, to a maximum of eight mills, as compared with levies of 15 mills in 1922, 14 1/2 mills in 1921 and 14 mills last during the past three years.

Announcement to this effect, together with an explanation of the situation giving rise to the problem, and a review of the Twin Falls school system, viewed as a community industry, was made by M. C. Mitchell, superintendent of schools, in a report before the parent-teacher association at a meeting Thursday evening.

Mrs. Jenks Retained as Helm

The association at this meeting elected its officers for the coming year. Mrs. I. E. Jenks was re-elected chairman, Mrs. J. C. Porterfield vice chairman, and Mr. Dinglo secretary and treasurer.

Attention also was recorded to give a home talent benefit play, the proceeds to be used for purchase of playground equipment for the junior high school. Mrs. F. Biggs, a member of the association, it was announced, had volunteered to give her services as coach in the undertaking.

Announcement was made at the meeting of two dances to be given and presented next week by high school students, "The Old Toys," to be presented Tuesday evening by students of the junior high school, and the annual junior class play to be presented Thursday evening next. In connection with the announcement of the junior school play, made by Miss Dorothy Cox, a member of the staff, Dorothy Dinkelacker, in the part of a French doll, gave a dance number.

Reports on Christmas Seals

Proceeds from the sale of Anti-Tuberculosis Christmas seals in Twin Falls to the present time is equivalent to the entire receipts from the sale of seals throughout the entire county last year, it was announced by Mrs. D. L. Alexander, chairman of the anti-tuberculosis organization, who stated that Twin Falls' share of the proceeds to date amounted to about \$100. Twin Falls' share, amounting to sales here, will be turned this year into the fund for nutrition program in the schools. It had been suggested, Mrs. Alexander said, that an appeal be presented by the anti-tuberculosis organization to employ a public health nurse for Twin Falls county.

Highlights of the Twin Falls school system was suggested by Mr. Mitchell at the beginning of his talk by reference to figures showing the district's area of 48 square miles with a valuation that had risen to \$1,000,000; school buildings insured for \$600,000; 130 persons, including 90 teachers and supervisors employed full time; 28 wagons and a motor truck carrying one-fourth of the entire number of pupils enrolled to and from school.

Diseases Current Budget

Turning to the district's budget for the current year, amounting to about \$229,750, Mr. Mitchell compared it with the district's largest budget made in 1920 and amounting to about \$304,000, and with subsequent budgets showing reduction of 20 per cent in 1921 and further cut of 10 per cent in 1922. The budget this year, he said, had been increased slightly, for the reason, primarily, that reduction previously had been made to a point where continued efficiency of the schools could not be assured.

Mr. Mitchell said that during the past three years, he said, expenditure for instructional service in Twin Falls schools has amounted to about 67 per cent of the total budget, whereas expenditure in school finance agreed with the outlay for this service should run between 70 and 75 per cent.

Twin Falls schools, as well as the schools of most other school districts in the state, cannot be operated on "any kind of a basis such as you would want at all," Mr. Mitchell said, "if the board of education is authorized by electors early next spring to lay more than a tax levy for operation of schools."

Under provisions of a new law, he explained, the board must obtain authorization at an election for laying any tax in excess of \$2 million. Therefore it has been possible to increase the levy for this purpose from 10 to 15 mills upon application to the state board of education. Mr. Mitchell said, had been seriously considered at the recent meeting of the

Animal Poisoner Resumes Activity; Setter Pup Victim

Physician Finds Evidence of Strychnine Dose Sufficient to Kill Several Children

A better pup, the property of George A. and Jean Sprague, is the latest victim of the dog poisoning man in Twin Falls.

The little animal was released from the house about 1 o'clock Thursday afternoon and was securely out of sight of the house and within 15 minutes was dead.

A physician friend of the family pronounced the cause of death strychnine poisoning and stated that an enormous dose must have been put out, a quantity probably sufficient to cause the death of several children.

The possibility of youngsters being poisoned through the childish habit of tasting almost anything which resembles food is pointed out as one of the worst features of the series of dog poisonings which have been going on here for the past six weeks.

DEATH SUMMONS IDAHO PIONEER

S. D. Davis, Twin Falls Police Magistrate and Early-Day Educator, Is Called

S. D. Davis, 64, pioneer educator and attorney of southeastern Idaho, and for six years suffered for 20 years. The body will be taken for burial to Malad, Idaho, where he deceased resided for almost half a century, before coming to Twin Falls four years ago. Immediately before his appointment as police magistrate, Judge Davis served under the preceding administration as Twin Falls city attorney.

Judge Davis was admitted to the bar in Idaho, and served as county attorney and probate judge in Oneida county. He attracted wide attention in Idaho for his services as a criminal lawyer. It was his boast that some of Idaho's best known attorneys had begun their legal training in his office.

He was the father of seven children by a former marriage and leaves also a widow and five children in this city and a sister in Malad.

He was an active and prominent member of the S. S. church serving in the high council in Malad and Twin Falls.

UPPER CLASSES AGAIN VICTORS

Juniors Beat Sophomores and Seniors Defeat Frosh in Interclass Cage Games

STANDING OF THE TEAMS.

Seniors	Won	Lost	Points
Juniors	2	0	1043
Sophs	0	2	0000
Frosh	0	2	0000

Upper classmen were again triumphant in the high school interclass basketball meet Thursday evening. The Juniors defeated the Sophomores in a nicely fought contest, 16-7. Cole did the bulk of the scoring for the upper-classmen, gathering five goals all told. While Ross and Martin were able to count one each for the only field goals the Sophs got.

The Seniors romped all over the Frosh and piled up a 41 to 6 score. The Froshmen forced the Seniors to battle for every point, however, and the game was good to watch despite the one-sided score. The Seniors held the Frosh scoreless the first half but the Cubs came back with a lot of pepper in the final period but only gathered five counts. Jenkins and Cron are a sweet pair and work together like clockwork and with Lelzer under the basket they made a great scoring combination. Jenkins is like a man on a floor and has possession of the ball most of the time. His shots are rotten but they will probably improve with practice. Cron is sure with his shots, but is not as fast and shifty as the Swede.

On Business Trip—L. L. Allen of Salt Lake, a former resident of Twin Falls, arrived here Thursday on a brief business trip and is a guest at the home of his sister.

Here For Holidays—Mrs. Harry F. Allen arrived here Thursday on a brief business trip and is a guest at the home of her sister.

Guests of Parents—Mr. and Mrs. C. A. McPho were guests of Mrs. McPho's parents, Mr. and Mrs. L. J. Benoit, last night and left Friday morning for Los Angeles, where they will spend the holidays. They are making the trip overland via Portland.

Duck Shooters Penalized—H. C. Malberg and Ivan Rilo, arrested Wednesday evening by Deputy Game Warden George Bovius and charged with hunting ducks after sunset, were sentenced Thursday by W. S. Mallory, justice of the peace, to pay fines in the sum of \$51.

Reports Stock Shipments—Nine carloads of livestock were loaded and shipped Wednesday from Twin Falls county by the Idaho Livestock Commission, Frank Murphy, county brand inspector. One carload of household goods ETA One car of livestock and household goods was shipped from Filer to Salem, Utah.

Leaving for New Home—Mrs. John E. White and son, Harper, and daughters, Laura and Mary, Blanco, will leave this morning for Sulphur, Oklahoma, where they will join Dr. White, who has been placed in charge of a veterans' hospital there. Miss Constance White, another daughter, will remain in Boise where she is teaching until the end of the school year.

GROWERS WILL RECEIVE CHECKS FOR \$200,000

Best sugar farmers of Twin Falls and vicinity will receive checks Saturday for approximately \$200,000 from the Amalgamated Sugar company representing the final payment of the 1923 crop. This is the largest payment of the year and in addition to this the sugar company has a pay roll in the factory of over 800 employees. Next week will practically close the season's run at the local mill, which is handling the last refinement of molasses from the Burley and Paul mills which are already closed.

SKATING POND DISCUSSED

Skaters who depend upon finding a nice smooth sheet of ice covering the high school playground lot opposite the Presbyterian church on Friday are due for a disappointment. The matter was discussed yesterday, it is understood, but no decision reached. When the present mild spell is over steps will be taken to provide the ice.

CHOOSING NEW OFFICERS

The Ladies' Aid society of the Lutheran church, at a meeting Thursday afternoon at the home of Mrs. R. Billiar, elected the following officers for the coming year: President, Mrs. Rebecca Ehlers; vice president, Miss Pauline Ehlers; secretary, Mrs. Bertha C. Gihring; treasurer, Miss Ida Billiar; flower committee, Miss Ida Billiar and Mrs. B. C. Gihring.

Ten members and two guests attended the meeting. The hostess was assisted in serving by Miss Ida Billiar.

ALLEGED KIDNAPER ASKS HEARING ON DETENTION

Joe Nobel Obtains Writ of Habeas Corpus; Changes Imprisonment Here Unwarranted by Evidence

Under provisions of a writ of habeas corpus ordered Thursday by Judge W. A. Babcock, Joe Nobel, charged with kidnaping 11-year-old Veronika Davling, will be brought into district court here Monday next, for hearing on his allegations that he is being illegally held a prisoner in the county jail here. Nobel was held to answer in the district court to the kidnaping charge after preliminary hearing last week before Probate Judge O. P. Duvall, and was admitted to \$1000 bond which he has been unable to furnish.

In his application for the writ of habeas corpus Nobel alleges that no evidence was offered at the preliminary hearing to show that he had enticed the girl to leave her home near Rogerson, or that he had any knowledge that she contemplated coming to his cabin near Constance, where she was discovered by her mother two days after her disappearance on December 2. The habeas corpus proceedings were instituted by W. P. Guthrie, as attorney for Nobel.

DEAD WOMAN'S NIECE RESISTS ADMINISTRATOR

Ownership of three costly rings, a watch and a sedan automobile, valued in the aggregate at \$2775, is at stake in the suit of George D. Allen as administrator of the estate of Anna Washburn Schrage against Marie DeLany Oliver, which was tried Thursday before Judge W. A. Babcock in district court here. Mrs. Oliver, a resident of Filer, is a niece of Mrs. Schrage, whose death occurred in Chicago April 30, 1918. She holds possession of the property under litigation since her death. Judgment in the case was taken under advisement by the court. J. Paul Thoman appeared as attorney for the administrator, and Squad L. Houghlin for Mrs. Oliver.

Fall of Steel Here Fulfills Prediction

Bringing an early fulfillment of the official forecasters' prediction of rain or snow for today, a rain of sleet late last evening covered the streets here with a slush which seemed likely to be turned into a glare of ice before morning.

Temperature's range Thursday was almost identically the same as for the preceding day, according to records of the government weather observer's station here, showing high at 35, the same as the preceding day, and low at 15, a decline of one degree.
