War Department Statement Claims Four Columns of Troopers Have Started Advance on Two Objectives

MANY PRISONERS REPORTED TAKEN

Yaqui Indians Under Federal General Capture Rail Junction; Obregon on Battle Line

MEXICO CITY, Dec. 20 (AP)—Four columns composed of 30,000 federals began an advance upon Guadalajara, Puebla, Esperanza and Oriental, according to a war department statement today. The statement added that it was expected Oriental would be captured in a few hours.

The advance from Puebla involved columns from Apizaco and San Martin, while that upon Guadalajara is by way of Coahuila and Zacatecas, the latter being where the vanguard of the federal army is reported to have cut the line of communication to the Estradistas.

According to the latest official report, General Eugenio Martinez is commanding the Vera Cruz front with headquarters at San Marcos. The federal column under General Francisco Urbalejo, arrived last night at a point eight kilometers from Oriental from which point the revolutionists are retreating toward Vera Cruz, destroying large stretches of track during their retreat.

More than 50 prisoners captured at San Marcos, who were ordered freed by the president last evening have positioned to be re-enlisted in the federal army for the purpose of returning to the Vera Cruz front to fight the revolutionists, on the ground that they had been betrayed by their officers.

PRISONERS TAKEN

MEXICO CITY, Dec. 20 (AP)—The important railway junction at San Marcos was captured last evening with 187 rebel prisoners, according to the war department, by a column of Yaqui Indians under Urbalejo.

President Obregon has arrived at the Vera Cruz front, leaving tonight for Leon to meet the advance against Guadalajara. It has been learned that General Antonio Villarreal, former secretary of agriculture, is in command of the rebels at Puebla, having taken charge after the federal withdrawal. His troops later were reinforced with followers of Generals Maycotte and Oscar Castro.

Eduardo del Huemac, attorney general, announced that Adolfo de la Huerta and numerous civilians, including congressmen participating in the revolutionary movement, had been charged with sedition in the federal courts and that the military courts were dealing summarily with the militarists when they are captured.

Radio Cheers Men Locked in Frozen Sea in Far North

Message Received from MacMillan Expedition, Held in Grip of Polar Ice, Tells of Life at Top of the World

NEW YORK, Dec. 20 (AP)—Frozen fast in the ice, 11 1/2 degrees from the North Pole, the arctic expedition of Captain Donald MacMillan has been listening to radio programs broadcast from all parts of the United States and Europe, according to a radio message received from the expedition and made public today by the Aerial League of America.

The message says in part: "Here at the top of the world in the darkness of the great arctic night, isolated as we are from even contact of civilization, the men are conquered solitude, banished anxiety over welfare of friends and relatives at home.

"It has removed monotony during necessarily inactive periods. We have already listened to stations as far as New York, the United States, from Europe, and even from far-away Honolulu. Music, vocal and instrumental, speeches, prayers, sermons, are penetrating aural belt and reaching little Bowdoin fast frozen in ice.

"We are almost incredulous at Eskimos that this can be so. But here we are and nightly it comes to mind us intimately with the great busy world to south of us."

Reports Concerning Mexican Revolt Are Still at Variance

Claims of Opposing Factions Make Impossible Exact Appraisal of Present Situation

By the Associated Press

The claims and counter-claims of the opposing factions in Mexico still make impossible any exact appraisal of the prevailing situation. Each side is claiming successes for its armies and each is denying as untrue the official declarations of the other.

As an instance of these conflicting claims, the revolutionists assert that they have been victorious over the federal forces in the chief area of hostilities east and southeast of Mexico City and now are in a position formally to advance upon the capital, while from government sources comes the statement that not only have the de la Huerta troops been defeated, but are being driven back toward Vera Cruz, from which point they began their advance with Mexico City its chief objective.

There is practically no news regarding the situation in other parts of the republic, other than the zone between the capital and the Gulf of Mexico. Such reports as are creeping in across the American border are badly delayed.

Boy and Wife, Age 51, Married Second Time

Jersey City Youth and Wealthy Widow Are Remarried to 'Make Their Union More Certain'

RALEIGH, N. C., Dec. 20 (AP)—To make more certain their union, Barton B. Tucker, Jersey City, N. J., youth and the wealthy widow of Joseph Simpson today were remarried before Squire Jesse Fry, at Carthage, N. C., according to a story sent the Raleigh News and Observer by its Carthage correspondent.

The second marriage followed a lengthy conference of the couple with U. L. Spence, Carthage attorney, and took place in the attorney's office, the correspondent stated.

HOPKINS FLAYS FORD'S ACTION

Calls Him Reactionary and Believes Nomination of Coolidge Has Been Made Certain

NEW YORK, Dec. 20 (AP)—Henry Ford was characterized as "a reactionary of the first water" for his assertion that he intends to support President Coolidge, in a statement issued today by J. A. Hopkins, chairman of the committee of forty-eight. "Mr. Ford has rendered Mr. Coolidge's nomination a certainty," the statement said, "but he will not carry the so-called Ford following into the republican camp, for he has stamped himself a reactionary of the Coolidge type. . . . The Ford proclamation of Coolidge as safe sound like political fundamentalism."

Mr. Hopkins declared that a coalition would gladly join you in its return, but not in the manner which President Coolidge or Secretary Mellon apparently desire it returned. The same coalition now would be given to "some candidate whose progressivism is to matter of proven record."

BOURBONS PLAN OPPOSITION TO TAX PROPOSALS

Senator Simmons Warns of Impending Fight on Mellon Program; Claims Democrats Would Change Schedule

WASHINGTON, Dec. 20 (AP)—Notice was served in the senate today by Senator Simmons of North Carolina, that there will be democratic opposition to what he characterizes as Secretary Mellon's "millionaire tax" program. At the same time he said the democrats would support the soldiers' bonus.

Mr. Simmons is the ranking democrat on the finance committee which will handle both the changes in legislation. He declared the democrats on that committee would vote to cut off taxes, "but not in the way Mr. Mellon and the millionaires and the profiteers want to take them off." He then declared specifically for reductions in the rates on small incomes and for repeal of the so-called nuisance taxes.

A Senator Simmons was outlining his position, the house ways and means committee proceeded with consideration of the administrative provisions of the treasury's tax bill under a program calling for a temporary shelving of the soldiers' bonus until house republicans in party conference after the holiday recess have decided whether a bonus measure is to be reported.

Experts Testify

Experts were called in to explain the administrative changes proposed and were kept busy at a blackboard figuring out the effects of the changes proposed. Republican members said substantial progress was made, but the committee is not expected to complete this phase of its work before conference on January 3.

Senator Simmons told the senate that \$300,000,000 surplus announced by the treasury "represented just so much money illegally filched from the pockets of Americans," explaining that coolidge has given out only after taxes sufficient to supply money necessary to meet ordinary expenses of the government. "This money should be returned as soon as possible," he said, "and we will gladly join you in its return, but not in the manner which President Coolidge or Secretary Mellon apparently desire it returned. The same coalition now would be given to 'some candidate whose progressivism is to matter of proven record.'"

All-Night Movie Solved Problem of Living Costs

Chicago Man Out Expenses by Sleeping in Show; Took His Alarm Clock Too

CHICAGO, Dec. 20 (AP)—William Lachey solved the age-old problem of whether it is cheaper to move than pay rent by attending all night movies and carrying an alarm clock to insure against oversleeping, he told a judge in municipal court today. He was brought in when his alarm clock startled the all-night movie patrons early today.

"I set the alarm to get to work on an all-night get me up for a dime a night," he told the court. He made a reluctant promise to sleep elsewhere and was discharged.

PLAN TO SELL WIFE IS TOLD

Scent Law Violation in Case of Man Who Would Sell Spouse to Negro for \$500,000

LOS ANGELES, Dec. 20 (AP)—Helen La Maie, who yesterday in divorce proceedings charged that her husband, Elmer La Maie, motion picture director, had attempted to sell her to a negro in Juarez, Mexico, for \$500,000, told her story to federal authorities who wanted possible violation of federal statute.

Letters purporting to have been written by the negro to La Maie from Oakland, Cal., and Juarez, were shown the government officers, it was stated.

At a late hour today efforts to reach La Maie had been fruitless. It was said his friends in Long Beach, where he resided, that he had left that city, his whereabouts being kept secret. Mrs. La Maie, too, has moved from her home in the beach city and is said to be living with friends here.

According to Mrs. La Maie, her husband was well known in Boston and Dallas and El Paso, Texas. In the Texas cities he operated dramatic schools. Last year in Dallas, according to the wife, he produced a motion picture in which Helen Howe, daughter of Mrs. E. W. Howe, a prominent attorney as correspondent in the divorce action, was starred. He also attempted the organization of a motion picture production in Dallas, Mrs. La Maie said.

Knowledge of a second woman who says she is Miss Violet La Maie, was denied by the woman here.

CHARGE HUGHES WITH FRAMEUP

Executive of Workers' Party Makes Sensational Charges Concerning Alleged Plot

CHICAGO, Dec. 20 (AP)—Charges that the letter issued by Secretary of State Hughes exposing an alleged plot by soviet Russia to overthrow the American government for communism was a forgery and part of a frameup on the part of the Coolidge administration against the recognition of Russia, is contained in a statement issued here tonight under name of the Central Executive Committee of Workers' Party of America and signed by C. E. Ruthenberg, executive secretary.

"The secretary of state has had published a letter supposed to have been sent by Gregory Zinoviev, chairman of the communist international to the workers' party of America," the statement said. "The letter from first to last is falsification. "The frameup of the secretary of state is not the only one, the communist international instructs the workers' party to practice shooting and 'apper' work. The workers' party declares that it has never received such a letter.

"The communist international never sent out and never could send out such stupid and insane instructions. The whole idea was conceived by madmen who are professional spies living off fake exposures of an alleged 'red' member. He publicly accused the department of state and the department of justice with having forged this letter to mislead the people of the United States.

"We call upon the progressive congressmen to demand an investigation of this fraudulent letter and to continue their fight for the recognition of the Russian soviet republic."

Copies of the statement were forwarded to Secretary Hughes and Representative J. A. Frazier and Senators S. W. Brookhart, E. F. Ladd and W. H. King.

DISTRICT WILL RAISE QUESTION TO BOOST BONDS

Basis for Supreme Court Review of American Falls \$2,700,000 Issue to Be Brought Up Here Today

Hearing in district court here in proceedings for confirmation of the assessment of benefits and apportionment of cost of participation by the American Falls reservoir district in the American Falls reservoir project has been held today, following the issuance by the court Thursday of a decree confirming the contract between the district and reclamation service under which lands under five southern Idaho canal systems included in the district will participate in the big reservoir project. The court previously had confirmed proceedings with respect to the organization of the district, and its \$2,700,000 bond issue voted last spring.

With a view to enhancing the value of the bond issue and making possible an estimated saving of from \$500,000 to \$400,000 in interest charges, appeal to the supreme court will be taken immediately from the decree of the district court with respect to the confirmation of assessment of benefits and apportionment of cost.

Statement to this effect was made Thursday evening by James C. Bothwell, attorney for the district, who announced also that, in order to make possible such an appeal, the district had invited J. P. Thrall of Jerome to raise at the hearing here as many questions as possible in order that they might be raised up by the preme court, and all question as to the validity of the bonds laid at rest.

An important question to be raised, Judge Bothwell stated, is whether the assessment as made is to become a lien against the lands in the case of delinquency in the case of other lands within the district. If the supreme court's determination of this and other issues is favorable to the construction placed on the law by the district, Judge Bothwell said, it is probable the more bonds will be obtained and a considerable saving effected.

Idaho's supreme court has never passed upon some of the questions to be raised in this case, and the question of liability of the district as a whole for delinquency is said to have been passed upon only by the supreme courts of Washington, Oregon and Colorado and the Colorado circuit court of appeals. Colorado's supreme court alone is said to have handed down an opinion adverse to the construction that the district at large would not be liable in case of delinquency.

Authorization was given by the voters to the district to enter into the contract which the court Thursday approved, this question being submitted with the question of authorization for the bond issue at an election last spring.

People Save Money on Clothes to Buy Autos, Dealers Say

Average Man No Longer Has Sunday Suit But Is Buying Car, Merchants Assert; Big Trade Prospect Goes Wrong

CHICAGO, Dec. 20 (AP)—"The average man no longer has a Sunday suit" of clothes, but he owns an automobile or is buying one on the installment plan, according to a nationwide survey made by the National Association of Retail Clothiers.

"People don't seem to care much about clothing any more, according to the result of the survey made public today. And one state is about as bad as another in that respect, according to representatives of the association, although Texas, Iowa and New York seem to have become the most careless about their appearance, judging from the inquiry just made."

In a certain Texas district where there was a big cotton crop and prosperity in generous measure was anticipated by the merchants, the most clothes stacked up heavily. But instead of a clothing rush, a thousand automobiles were sold.

In an Iowa district when ex-soldiers received their state bonus money, the retailers again got a job, for 850 more and second-hand automobiles were sold.

The survey showed Denver, Colo., as a typical victim of the automobile fever where, in a city of less than 300,000, there is a registration of 51,000 automobiles, nearly one for each family.

THE STRAIN OF THE CHRISTMAS SEASON HAS BEGUN

LEGION LEADER RAIDS RELEASE OF PRISONERS

L. F. Albert, Idaho Adjutant and National Vice-Commander, Addresses Veterans in District Convention

Premature release of prisoners convicted of delinquency during the world war was condemned by Lester F. Albert, Boise, Idaho department adjutant and vice-commander of the national Legion, at an address at Tuesday evening before about 100 members of the American Legion and auxiliary assembled here to attend a fifth district American Legion convention.

"So long as we cherish the memory of 50,000 of our comrades who fell overseas and remain faithful to another 250,000 who came out of the war crippled and disabled, we ought not to be asked to subscribe to any such policy," Mr. Albert said. "I care not what President Coolidge may say, or what Senator Borah may say, but I do care that I shall not see these disloyal persons should remain behind the bars until they have served out every day of their sentences."

Gives Legion's Objectives

Objectives of the Legion were reviewed in addresses before the convention by Paul Davis, Boise, department commander, and the visiting Legionnaire representing the other 10 posts of the districts and delegates from the auxiliary organizations were welcomed by Shad L. Hodgins, Twin Falls mayor; O. H. Krenzel and J. E. Madson, commander and commander-elect, respectively, of the local post, and Mrs. B. E. Morse, president of the local auxiliary. Visiting speakers included S. Aarud, Jerome; W. D. Gillis, Filer, and Wayne Thompson, Gooding, grand chief de train of the Idaho grand volume forty and eight.

Peck New Commander

Unanimous vote of the convention was cast for the election of the following district officers for the coming year: Commander, A. Wilton Peck, Twin Falls; vice-commander, J. C. Jones, Paul; adjutant-finance officer, Mrs. T. D. Conner, Filer.

Resolutions reported by a committee headed by W. D. Gillis and adopted by the convention urged Legion posts of the district to enroll 100 per cent of their membership before January 1, next; recommended distribution of the flag code among members of the Legion and civic organizations; and expressed appreciation of entertainment provided by the local Legion post and auxiliary and the Elks club.

Explains Forty and Eight

Purpose of the Forty and Eight, an organization composed of active members of the American Legion, was explained by Wayne Thompson, who expressed the hope that a local organization or volume might soon be formed here.

Visiting auxiliary members were entertained during the convention's evening session by the local auxiliary in the Elks lodge reception rooms.

Speakers at the banquet were introduced by Harry Denoit, co-treasurer, and the Legion and auxiliary attending the convention were guests after its adjournment of J. E. Madson at a motion picture performance at the Idaho theatre.

FREIGHT RATES TO BE LOWERED

Transportation Charges on Commodities from Twin Falls Undergo Downward Revision

Effective January 25 next a number of reductions in freight rates on commodities shipped from Twin Falls are announced by the Oregon Short Line through D. E. Sullivan, local agent. Chief among these are a cut of 2 1/2 cents per hundred pounds on potato shipments to Oklahoma. In addition to this the reductions are as follows: On vegetables of all kinds to Colorado, 2 cents per 100 pounds, to Missouri river points 1 1/2 cents, to Chicago 2 cents.

On shipments to Memphis the reduction on potatoes is 5 cents per 100 pounds and 1 1/2 cents on all other vegetables; to New Orleans 4 1/2 cents on potatoes and 1 cent on other vegetables; to Oklahoma 2 cents on vegetables other than potatoes, and 3 1/2 cents on potatoes.

SALMON RIVER DISTRICT BOARD BEGINS ITS WORK

Directors of the Salmon River irrigation district, which was voted last week, to take over the irrigation system and water rights of the Salmon River project, passed their organizational project with the election of Ross Carter of Berger as president, and Beryl Kunkel of Rogerson as secretary, and designation of Hollister as the place of business for the district organization.

The directors at their first meeting also authorized Attorney John W. Graham to institute proceedings in the district court for confirmation of the district's organization.

The directors held their first formal meeting in the Allendale schoolhouse on their way home from Twin Falls, each in the sum of \$500, the amount of the bonds being fixed and the bonds being later approved by Judge O. P. Duvall in probate court here.

CITY CLERK TO ASSUME DUTIES OF MAGISTRATE

Municipal Commission Votes to Combine Offices, Returning to Former Arrangement; Death Causes Vacancy

Returning to an arrangement by the Elkhart administration and upon which the Tucker administration took office in 1922, Twin Falls municipal commission at a regular meeting Monday evening voted to combine the offices of city clerk and police magistrate. An ordinance adopted for this purpose made the arrangement effective in 10 days.

The mayor's additional compensation to be allowed the city clerk for his services as police magistrate was not discussed at this time, but will be determined at next week's meeting when a resolution fixing the salary will be presented.

Work of the city clerk's office was further increased by action of the city council Monday night, which voted to dispense with services of the stenographer in the clerk's office after January 1. Assurance was given that stenographic services might be obtained as needed under the new arrangement.

Clerk Gives Assent

Assent was given by James L. Moe, city clerk, to the rearrangement of his official duties.

Moe's action relative to combining the offices of city clerk and police magistrate came with the necessity for filling a vacancy in the latter office which was created last week of S. D. Davis, the incumbent. Three applications for the position were received.

The city will not purchase property graded and covered with gravel by the highway district in order to make a round corner on the road leading from Blue Lakes boulevard south to the corner of the city street. This effect was given Monday to P. S. Barnhart, who recently purchased the property from T. J. Woods. Question as to whether the city would purchase the property has been deferred until it should extend his property line to square the corner was presented, several weeks ago to the commission by Mr. Woods.

Another problem was presented Monday when M. A. Strunk, Twin Falls postmaster, communicated to the commission the contents of a federal postoffice department that it would not be liable for payment for sidewalk, street sprinkling or other special assessments against federal property here. The commission delegated to Mayor Shad L. Hodgins the solution of this problem, and it was suggested that a way out might be indicated through contact with Congressmen Addison T. Smith.

Frank H. Murdock told the commission he considered establishing a fish market in Twin Falls and inquired as to animal regulations covering this enterprise.

Warrants were ordered drawn in payment of claims against the general fund here, the amount of \$730.00, works fund, \$288.54; street sprinkling fund, \$19.35.

FILER

FILER—Mrs. Lois Anderson, the worthy matron of the O. E. S., has chosen the following as her delegates: Mrs. Edna Childs, Ada; Mrs. Julia Gode, Ruth; Mrs. Nina Dillingham, Eather; Mrs. Katharina Mallory, Ellettsville; Mrs. Elizabeth E. E. Madson, Rogerson; Mrs. Gertrude Dwight, warden; E. O. Walter, sentinel; Mrs. Alice Snyder, marshal, and Lewis Snyder, chaplain. Installation of new officers will take place at the next regular meeting, January 4.

ROAD BUILDERS LET CONTRACTS FOR NEW WORK

William Harkins to Construct Mile of Highway South of Knull and One and One-Half Miles East from Twin Falls

Contracts for addition of gravelled roads aggregating two and one-half miles, to the Twin Falls highway district's highway system, were awarded by the district commissioners at a regular meeting Monday evening at William Harkins of Twin Falls, one of five contractors participating in the bidding.

The contracts cover graveling of a mile of road a mile south of Knull, at a cost of \$2800, and grading and graveling one and one-half miles of the road forming the continuation of Elizabeth boulevard east from Twin Falls, involving a cost of \$3760.

Work to Begin at Once

Work on the road south of Knull will begin early this week, Mr. Harkins stated. Work on the road east from Twin Falls probably will not be started before spring because of weather conditions rendering grading difficult.

Gravel for the Knull road will be hauled from the district's pits southwest of Berger.

The commissioners divided two to one in voting on the award of both contracts, Commissioner Robert Ray opposing the award of the Knull road to Mr. Harkins on the grounds that the bid of the Johnson was \$50 lower, and objecting to improvement of the road east of Twin Falls on a half-section line while other roads on section lines remained unimproved.

Donations Bring Roads

Award of the contracts at this time, members of the board stated, was made possible by reason of contributions made by owners of adjacent lands. Donations on the part of land holders served directly by the road in the case of the Knull road, amounted to \$600. The estimated cost of the improvement of the road east of Twin Falls amounted to \$225 in addition to \$310 voted by the city administration to cover the cost of improvement of the portion of the road that lies within the city limits.

Rapid progress has been made recently in the improvement work within the district. It was stated Saturday by officials of the district.

Haggard Road Finished

Graveling of one mile of road west from Haggard was completed Saturday by Contractor Harkins, and graveling of a mile of road running east and west through Berger will be started this week. The graveling of the road will be completed in two weeks' time under favorable weather conditions.

The highway bridge near Godwin, under which the property of the district was opened Saturday and travel resumed over that portion of the road.

ORATORY REIGNS IN CONGRESS ON EVE OF RECESS

Senators Take Final Elocutionary Workout as Holiday Vacation Approaches; Republicans Twitted on Deadlock

WASHINGTON, Dec. 20 (AP)—Congress got away today on a wave of oratory for a Christmas recess that will end on January 3.

Partisan politics held the center of the stage, but taxes, the recognition of the Russian soviet government and farmers' aid figured in the debate, which, in the senate at least, was the most extended of the session.

Senator Harrison, democrat, Miss Isippl, opened political discussion by twitting the republicans upon what he characterized as their apparent inability to act upon "the really courageous" message of President Coolidge.

Urging prompt action on Muscle Shoals, Senator Harrison said the subject had not yet been mentioned in the senate, but added that "we may hope for something after yesterday's revelations."

Half a dozen senators then got into the discussion with Senators Simmons, North Carolina, Fletcher, Florida, and Jones, New Mexico, democrats, carrying the debate for the minority, and Senators Smoot, Utah; Moses, New Hampshire, and Brookhart, Iowa, republicans, replying on behalf of the majority.

In the house, Representative Howard, democrat, Nebraska, urged republican insurgents to form an alliance with democratic "progressives" for the purpose of liberalizing house rules and of supporting progressive legislation. On the other hand, Representative Longworth of Ohio, the republican leader, pleaded with democrats and republicans alike to "play politics" as little as possible so that the house might function efficiently.

DETAILS STILL LACKING ON DEBT INQUIRY PLAN

Washington Has Little Exact Information on Course to Be Pursued; Available Capital Is Vital Point

WASHINGTON, Dec. 20 (AP)—Pending completion by the reparation commission of its plans for the second committee of inquiry to be composed of international experts, officials here have no detailed information as to the ways and means by which the experts are to pursue their search for German capital in other countries than Germany.

Since the committee is to consider and report to the reparation commission on this phase of the inquiry, however, it is believed here that the experts will not have any great difficulty in satisfying themselves as to the general situation with regard to German capital abroad. That information, it is said, should be sufficient to afford the experts a basis for the formulation of advisory recommendations in connection with the commission's broad inquiry into Germany's financial situation.

HONOR MEMORY OF NEGRO

AMES, Iowa, Dec. 20 (AP)—A bronze plate on which is inscribed his last letter has been placed in the gymnasium at Iowa State college by athletic letter men in honor of Jack Trice, star negro tackle on last year's football team who died as the result of injuries received in the game with Minnesota last fall.

LINCOLN, Neb., Dec. 20 (AP)—The Oregon Agricultural college football team will appear in Lincoln against the University of Nebraska eleven next Thanksgiving day, athletic officials announced tonight.

The Oregon Aggies were asked today to come here after the University of Southern California had declined to make the trip due to a heavy schedule away from home.

MAIL ROBBER RELEASED

ON GIVING \$100,000 BAIL LOS ANGELES, Dec. 20 (AP)—Benjamin F. (Jack) Ehrlich, arrested recently on a federal warrant charging participation in robbing the mails of more than a million dollars in money and securities in connection with the Herbert Wilson gang has been released by furnishing \$100,000 bail. Ehrlich's bail was fixed originally by the grand jury at \$250,000, the largest ever set in a federal court in this district.

ASSERTS NEED OF MORE SHEEP

Federal Officials Predict Promising Future; Claim Industry Now Building Up

WASHINGTON, Dec. 20 (AP)—Considerable expansion of the sheep-growing industry is needed, officials of the department of agriculture stated today, in predicting that the future holds promise of much greater stability for the industry than it has enjoyed in the past. The industry reached a low point during the recent period of financial depression, it was said, but is now building up.

Officials do not expect an early saturation of the home demand because the market for mutton is continuing strong and the country normally has to import about half its wool supply. Eastern and mid-western farmers, it is said, can more readily meet the competition of the western range operators because of good nearby markets and in many cases their ability to raise sheep at lower cost. Problems facing sheep raisers, it was pointed out, include winning a stable market for lamb and mutton and orderly marketing.

Consumption of lamb and mutton in the United States averages 62 pounds annually per capita, compared with nine in Canada and 26.7 pounds in the United Kingdom.

Denver Man Shoots Life Mate and Her Relative and Commits Suicide Before Eyes of Three Children

DENVER, Dec. 20 (AP)—Mrs. Carrie O'Malley and her sister, Miss Flora Mansford, were shot and instantly killed Wednesday afternoon by Win O'Malley, husband of Mrs. O'Malley, who then shot and killed himself in the apartment of his wife in the downtown section of the city. The double murder and suicide was carried out before the eyes of three minor children of the couple.

OVER FOUR MILLION FANS SAW BIG LEAGUE GAMES

CHICAGO, Dec. 20 (AP)—The aggregate attendance in the American league for the season of 1923 was 4,602,688. This is a decrease as compared with the three previous years, 1923 being the banner year of the organization. The New York club with its new park is understood to have outdrawn the other clubs of the circuit.

BRUINS DEFEAT ALBION'S FIVE IN CAGE GAME

Twin Falls Hoopsters Emerge Victorious, 29 to 25, in Contest Featured by Opponent's Strong Rally

The Bruins hoopsters gathered in the first basketball game of the season Thursday night, winning from Albion high school, 29 to 25.

The Bruins took an early lead and maintained it throughout a slow first half. Both teams seemed to be waiting for something to happen during the first period, especially the Albion aggregation.

The Bruins defense was very good at times and Albion was forced to resort to long shots most of the time.

Keeps crowd in Uproar. A good sized crowd witnessed the game and was kept in a continual uproar during the entire time of the last half.

For the Bruins Jenkins gathered the highest number of field goals, the best number of free goals, the best free throw percentage and the best number of assists.

Yearley, forward, and Powell, center, played the most minutes. They made a lot of long shots and some of them from almost the center of the floor.

Clean, Fast Game. The game was clean and fast, and it gave the fans their money's worth.

Times Team Takes Defeat in Evening Featured by Close Contests; Larsen Stars

Table with columns: Team, Won, Lost, Pct. for various bowling teams like Times, Troy Laundry, Idaho Theater, News, She Market, Royal Bakery, Sugar Factory, Golden Rule.

The Times team, which heads the bowling list, took the pill of defeat Thursday night as a climax of the first round. The pill was administered by last week's cellar occupants, the Sugar Factory bowlers, who won by seven pins by virtue of their two-to-one victory.

Even though beaten twice the Times demonstrated a superior brand of bowling, netting 7 pins more in the totals second period and in a sensational rally the Albion gang forged ahead only to be held by the Bruins and the score, and it was anyone's game during the last part of period.

High honors of the evening go to Larsen, who now tops the list of bowlers for the first round, with a total of 589 pins. He was followed by the rival captain and anchor man, Squires, who made 555 in the three games.

NEW REGIME IN GREECE MAY PROCLAIM REPUBLIC

ATHENS, Dec. 20 (AP)—Admiral Takas Eklis as Regent During Absence of King; Movement for Governmental Change Gains Force

Admiral Takas Eklis has assumed the regency of Greece. Colonel Plastiras of the military directorate administered the oath to the new regent at 6 o'clock this evening in the presence of the holy synod and members of the cabinet.

It is possible that a republic may be proclaimed in the next few days if the movement begun by General Panagoulas, military governor of Athens, and the extremist leader of the republican party, continues to gain headway.

Panagoulas threatens week-end manifestations against the present revolutionary government, headed by Colonel Plastiras and Premier Gontas; he demands the resignation of the cabinet and the dissolution of the parliament.

M. Papanastasiou, leader of the democratic party, is counselling moderation. He declares he does not want the republicans to assume power before the meeting of the constituent assembly which has been fixed for early in January.

Close of Season Finds Seven Out of Eleven Title Holders Claiming Eastern City as Home

NEW YORK, Dec. 20 (AP)—The close of pugilism's championship program for 1923 finds seven out of the eleven former meetings of the champion of products of New York's flat state.

John Dundee, veteran Italian boxer, holds two titles, the featherweight and junior lightweight, while other New Yorkers at the top of various classes are Frankie Genaro, American flyweight; Joe Bonomo, American light heavyweight; and Gene Tunney, American heavyweight.

Paolo Villa, world's flyweight king, resides in New York, though he began his fighting career in the Philippines, while Mickey Walker of Elizabeth, N. J., won his welterweight title here.

The far west claims Jack Dempsey, heavyweight king, while Harry Grob, middleweight champion, puts Pittsburgh on the list.

COURT SUSTAINS EXTORTION PLEA

C. S. Hudson, Buhl, is Relieved of Liability for Payment of Extra \$200 for Wreck

Charles S. Hudson, Buhl, was Thursday relieved by ruling of Judge V. A. Babcock in district court here, from liability for payment to E. C. Bennett of \$200 on account of a promissory note which Hudson testified he gave to Bennett "under extortion and duress."

In settlement of damages alleged to have been caused by Bennett's wrecking of an automobile collision near Arlington, Oregon, in September, 1921, Hudson disclaimed responsibility for the damage, although, he said, he had paid Bennett \$200 at the time and that Bennett, in company with a deputy sheriff and his machine, was awarded \$200 more to pay which Hudson gave his note secured by chattel mortgage on his own car.

The court ruling Thursday made permanent an injunction restraining Bennett and E. R. Sherman, as sheriff of Twin Falls county, from proceeding with sale of Hudson's car under foreclosure of the chattel mortgage.

Deposition of a garage man was introduced in evidence to show that the cost of repairing Bennett's car after the accident was \$25.

The accident occurred, according to Bennett, when Bennett was traveling in front in the same direction, turned to the side of the road when Hudson signalled to pass, swerving back into the middle of the road as Hudson's car drove alongside, so that a front wheel of Bennett's car was removed and his machine overturned.

The case for Hudson was conducted by John E. Davies, Twin Falls, and J. M. Shank, Buhl, while T. K. Hackman, Twin Falls, appeared as attorney for Bennett.

Police Dispatch Animal Dragged for More Than Mile by Automobile Starter Crank Through Neck

Impaled on the starter crank of an automobile through its neck and dragged for more than a mile, a little dog, still alive, was discovered by the driver of the car when he arrived here Wednesday evening from Kimberly.

The motorist communicated with the police, who dispatched the little animal with a merciful bullet.

On the road from Kimberly, the motorist said, he had observed a cat crossing ahead of his car. It was his opinion that the dog, in pursuit of the cat, was caught and dragged by the car from that point.

Robert Dr Dewey's Rescuers Find Cases of Liquor Floating Near Wrecked Aircraft

NEW YORK, Dec. 20 (AP)—Robert L. Dewey, said to be a second cousin of the late Admiral Dewey, and two of his crew were saved from drowning today after their flying boat plunged into the ocean off Jones inlet in the heart of rum row.

Captain Joe Rainey, who arrived at the bulk of the sea plane when Dewey and his two aides, one of them already dead, were found, all his clothing, were preparing to plunge into the icy water, found the wrecked plane amid a small flotilla of cases of whiskey bobbing about in the water. The plane sank. Taken to Freport and later to the Rocky Point air station, Dewey denied ownership of the whiskey and asserted he had made his flight to test an electric sign device he had intended to use for advertising purposes.

Commerce Committee Makes Adverse Report on Voting of Chicagoan to Shipping Board Position

WASHINGTON, Dec. 20 (AP)—An adverse report on the nomination of Edw. P. Farley of Chicago as a shipping board commissioner was voted unanimously today by the senate commerce committee. Immediately afterward President Coolidge sent to the senate a message withdrawing the nomination of Frederick J. Thompson of Mobile, Ala., and Bert E. Haney of Portland, Ore., which had been approved by the committee.

The president in his message gave no reason for the withdrawal, but at the White House it was said that in view of the adverse action of the committee he undoubtedly would be confronted with the task of selecting a chairman to replace Mr. Farley and that he desired therefore to consider all of the vacancies anew.

JUNIORS SCORE IN CLASS PLAY

Presentation of Comedy, "Fifty-Fifty," Provides Mirth for Record Audience

A large audience attended the annual junior class play given Thursday evening in the high school auditorium. The play which the class of 1925 presented was "Fifty-Fifty," a three-act comedy by Frederick Johnson. The story was of the luck of two young artists, the parts being well taken by Charles Brown and Lawrence Turner, who shared every success until they succeeded in selling a picture under peculiar circumstances, and from then their luck changed with every picture that kept the audience smiling for the remainder of the play.

The work of Louise Owen, as Mrs. Podge, the landlady, was an exceptionally good interpretation of the part, as was the part of Josephine, taken by Juanita Glover. The two female leads, taken by Misses Donna Wynne and Harriet Clapp, also were well executed. Captain Green, although a minor part, was splendidly portrayed by Walton Swim. Others of the cast who also reflected the coaching of Miss Lindley splendidly were Albert Murphy as Pat O'Malley, part janitor; Ruby Denton as Mrs. Hawley, a collector; and Leonard Mee, in the comedy role of Smudge, the negro valet.

The high school orchestra furnished music between the acts which were held in the studio of "Fifty-Fifty" part, in New York, and in a hangar in the Adirondack mountains. Other members of the class who assisted with the play were John Wolf, stage manager; Robert Fix, assistant; and John Corcoran and Joseph Christensen, business managers.

Mr. and Mrs. Sidney H. Graves, Mr. and Mrs. Leonard C. Vincent, Mr. and Mrs. Harry E. Bayler and Mr. and Mrs. Arthur H. Vincent have issued invitations for a dancing party on Wednesday evening, December 20, at the Lavington.

The Women's Progressive club met at the home of Mrs. Wall with Mrs. Carl Jungst as hostess, on Wednesday afternoon. The regular order of business was followed by a general social time occupied the afternoon. Delightful refreshments were served. The next meeting will be held at the home of Mrs. Kelly on January 9.

Mrs. Giffler entertained the Optimist club at her home on Seventh avenue east Wednesday afternoon. The regular order of business was transacted and officers elected as follows: President, Mrs. L. L. Patrick; secretary, Mrs. F. W. Black; press reporter Mrs. Paul Beer.

The rooms were beautifully decorated with evergreens, holly and pine cones. The table where refreshments were served had as a centerpiece a miniature Christmas tree surrounded with a holly wreath. A delightful social time was enjoyed during which Mrs. Black played two piano solos, and Miss Lottie Montgomery sang. Little Miss Vereta Giffler gave a recitation.

The Highland Vlnor club will hold their New Year's dinner in the dining room of the sugar factory hotel.

Mrs. Lee Kirkman was hostess at a meeting of the Salmon Social club

A number of the young ladies who have recently organized the J. H. Bridge club held their first meeting Thursday evening at the home of Mr. L. Cloe with Miss Margaret Bennett acting as hostess, assisted by her aunt, Mrs. Cloe. The members of the newly organized club are: Misses Esther McRoberts, Friedella Munsion, Eleanor Munsion, Margaret Bennett, Amanda Boyer, Dorothy McCall, Ruth Beachamp, and Mrs. Wilbur Rowberry.

Honors for high score were taken by Miss McCall at the first meeting.

Stout's Velverette Coat Fox Trimmed \$69.50

A Coat Sale for Large Women

\$69.50

Until the day after Xmas we may keep these coats, and then they may be returned. Having no investment in them we are selling them very close. In fact there is not one coat among them that is not worth even at this time of year \$100.00.

This is no doubt the first coat sale ever held exclusively for women who wear coats from 42 1-2 to 50 1-2. Every coat is tailored just to fit the women who are hard to fit.

The materials are the very newest. Fall materials, such as Fashiona, Lusterosa, Targona, Marmondale, Velverette, etc. Colors are brown, navy and kit fox. Each coat is fur trimmed with genuine squirrel, fox and beaver. Linings are all silk.

We feel that this is an opportunity and expect to interest a number of ladies before these must be returned. If you have ever had difficulty in obtaining a coat in your size, ask to see these.

Just one price,

TWIN FALLS WEEKLY NEWS

Established 1904

Twin Falls News Publishing Company, Ltd., Publishers

Issued on Thursday of every Week

Entered as second class matter December 12, 1904 at the Post Office at Twin Falls, Idaho, under the act of Congress of March 3, 1879.

CHRISTMAS SHOPPING

Probably the peak of the Christmas business in Twin Falls has not yet been reached, notwithstanding the fact that already sales have been greater during December to date than was the case in the corresponding period last year.

Procrastination has ever been one of the chief sins of men and women and the matter of Christmas shopping is no exception to the general rule. Probably the Christmas trade was slower in developing this year, perhaps the months of October and November were something of a disappointment, but the year's business as a whole is a great deal better than that of last year, and December, the culminating month, bids fair to run a long way ahead of last December.

And the stores themselves were never better supplied with the sort of goods which the season calls for. The old idea that a wider variety might be obtained in larger places is rapidly diminishing in and around Twin Falls and all Southern Idaho is the gainer thereby. Time was when tastes were simpler than they are today and fewer dollars sufficed to keep everybody in good humor, in the matter of Christmas gifts and purchases. That the stores have kept pace with the growing demands of patrons contributes materially to the upbuilding of the city and makes of Twin Falls a trading center in fact as well as in name.

Those who have not obeyed literally the command to "do your Christmas shopping early" may be assured of plenty of opportunity remaining. Monday next, the day before Christmas, is expected to partake of the general and characteristic of Saturday in the in-liont novels, intimates that sincerity torrests of eleventh-hour Christmas is the chief quality that makes for the shoppers. It's a part of the Twin success of an author's work.

AN AUTHOR IN POLITICS

The high esteem in which H. G. Wells, the novelist and historian, is held in this country, makes Americans wonder that England neglects to avail itself of his public services. Running for Parliament for the second time, he has been overwhelmingly defeated, emerging a poor third in a three-cornered fight.

A well-qualified man is generally considered to have a better chance in England than he has in America. Men of proved ability are kept in office there longer than they are here, and their tenure of office is helped by the British system which allows a citizen to be a candidate for Parliament in any district, no matter where he may live.

Wonder subsides in this case, however, when the precise nature of Mr. Wells' candidacy is observed. He was running, or "standing," as the British express it, on the Labor ticket, for London University.

Several British universities have the right to send representatives to Parliament. It is as if Harvard, Yale, Columbia, the University of Chicago, Leland Stanford and a few others were each entitled to elect a member of Congress, as a corporate right. And imagine what would probably happen to any American running as a university's candidate on the Socialist ticket, which is our nearest approach to the British Labor ticket.

Those London University voters may have been wise, too, with all their preference for ultra-conservative candidates. A brilliant writer will not necessarily make a brilliant statesman or successful politician. Mr. Wells is a poor speaker. He may do far better poking up sluggish minds from the printed page.

As for the party in whose name he ran, it seems destined to rule England.

Telegram from Husband at Tampico Confirms Report of Death of Former Baker School Teacher

BAKER, Ore., Dec. 20 (AP)—Confirmation of the report that Mrs. Emily Christensen Earhart had been killed at Tula, Mexico, by bandits, was received Wednesday by J. F. Penrod, in a telegram from R. H. Earhart, the woman's husband at Tampico. Earhart said in his telegram that he and his two small children were safe. Mrs. Earhart taught school here before her marriage.

Judge Owl's Job By DADDY

Judge Owl wants an inside job during the winter. Jack and Janet help him find a couple of jobs that do not suit him.

CHAPTER V

The Job on the Fence. JACK and Janet had gotten two jobs for Judge Owl, both of which he had given up. Now Judge Owl needed them to find a third job.

"I don't want a job that calls for so much brain work as that of a whistler in a sawmill," hooted the judge. "I don't want a job so exciting as watchman in a bank when burglars are around. I don't like night prowling."

Janet shook her head. "If you don't like night prowling, you would not like the job my daddy has open," said she.

Judge Owl opened his ears. "What is it like some night prowlers," said he. "I am a night prowler myself. What is the job your daddy has open?"

"Well, it isn't exactly a job," said Janet slowly. "But last night yowling cats gave a concert on our back fence, and this morning I heard daddy say he would like to hire some one to chase the cats away."

"Whoa! That is a job that would just suit me," said Judge Owl. "But I am afraid it would be chilly."

"You can stay in the warm attic while waiting for the cats to yowl," said Jack.

"What is fine?" hooted Judge Owl. "Take me to that job."

Jack and Janet led Judge Owl to the attic and there they fixed him up very comfortably. An open window served as a door through which he could dash at the cats should they come to yowl.

And the cats did come to yowl. In the dead of night when folks were sound asleep, old Thomas Cat came parading along the top of the fence.

"Mar-tee! Mar-tee! It is a fine night for a concert," he yowled.

And Maria, the Maltree cat, heard Thomas yowling on the fence and agreed it was a fine night for a concert. She came parading along from

The concert was on!

the other end of the fence. She hooted at the cats in the middle.

"Good evening, Mar-tee!" yowled Thomas. "Spitz-z-z! Er-ow! Good evening, Thomas. I'll bet I can yowl louder than you can!"

"I'll bet you can't, Mar-tee! Er-ow-ow-ow!"

And then the concert was on. Folks set up. They prepared to throw things at the cats. But out of the attic window came swooping Judge Owl. Silently he darted at the cats.

"Er-ow-ow-ow!" said Maria, "ending in a sudden frightened 'Spitz-z-z!' Away went Maria, but she left part of her fur behind in Judge Owl's claws."

"What's the nut-ter-er-ow-ow!" wailed Thomas, who didn't see Judge Owl at first. Judge Owl, swooping past Thomas, caught him by the tail. "Up into the air went Thomas, and then down, a badly frightened cat. Judge Owl dropped him in the top of a big bush and when he scurried away, screeled to death."

"Whoa! Whoa! I told you this was a job for me," hooted Judge Owl, boastfully. "Whoa! Whoa! Bring us more cats and I'll scare them away."

(But it wasn't quite such a fine job as Judge Owl thought, as will be shown in the next chapter.)

Breakfast Food "Matrimonially Speaking" By MRS. HUGH MCKAY

My husband like to have things around our house just like his family used to have them at home.

According to him, his mother is the last of the Great Housekeepers. Any ideas on house-making that didn't originate with her are ruled out.

Our development is placed in a certain position before the fireplace, because that's the way the one at his home used to be.

Our wall papers were selected with the main idea of getting patterns that would remind him as much as possible of home.

Our dishes and our furniture and out meals all have to be the kind that he's used to, or he doesn't like them. He can't stand innovations, or what he calls "foolish ideas."

When it comes to liking to see things done in the good old way, he'd make a stand-pat politician look like a dangerous radical.

He's so old fashioned that I wouldn't be surprised if he had the electric lights and the telephone taken out, because there wasn't anything like them in the house where he was born.

COMMERCE BODY TO DIVIDE WORK AMONG MEMBERS

Directors Adopt New Plan of Organization Abolishing Standing Committees; Secretary's Resignation Accepted

Twin Falls Chamber of Commerce directors at a meeting Tuesday evening adopted a plan of organization for the coming year and accepted the resignation of Newell S. Wight as secretary.

Mr. Wight, who has served as secretary of the organization for four years, submitted his resignation at the first meeting of the new directorate last week, but action on it was deferred until this time. The resignation was dated November 22, prior to the primary election for directors. It asked that the resignation be made effective December 21, but the directors requested Mr. Wight to remain a month longer or until January 31, next. The motion for acceptance of the resignation expressed warm appreciation of Mr. Wight's services as secretary of the organization and stated that he should be given a "strong letter of recommendation."

Abolishes Standing Committees. Under the new plan of organization, standing committees or bureaus are done away with, and members of the board of directors are assigned to duty as heads of departments, in which capacity they will call on their assistance as problems may be presented, committees to be composed of members out side the board.

The assignment of department heads is announced Tuesday evening by President D. D. Alvord, follows:

- 1. Merchants—Kenneth Beech.
- 2. Civic—Dr. D. L. Alexander.
- 3. Utilities—Shad L. Hodgins.
- 4. Reclamation—J. E. White.
- 5. Roads—C. E. Lind.
- 6. Parks—Curtis Turner.
- 7. Advertising—E. Hollingsworth.
- 8. State relations—T. J. Lloyd.
- 9. Education—M. C. Mitchell.
- 10. Industrial—William Simpson.
- 11. Agriculture—W. T. Leslie.

Membership of the chamber of commerce will be assembled once each month at a membership forum meeting. Committees in charge of arrangements for forum meetings will be chosen from among members outside the board of directors and each committee will serve for a period of four months. Members of the committee named Tuesday evening to serve during the first period are P. W. Bronnaugh, W. Orr Chapman and E. L. Ashby.

To Follow Up Subscriptions. The directors decided to continue the "blue card" plan for regulating solicitation for donations and to continue activities as an employment agency.

Appointment of a "sifting" committee to check up various funds that have been subscribed in Twin Falls for various purposes during the past few years was requested. The opinion was expressed that balances remaining in

FIXES DISTRICT COURT TERMS FOR COMING YEAR

W. A. Babcock, Senior Judge, Issues Order Designating Time for Convening of Terms in Four Counties

In accordance with an order issued Saturday by William A. Babcock, senior judge of the eleventh judicial district, terms of court within the district during the coming year will be convened as follows: Twin Falls county—January 21; March 10; May 5; September 8; November 10. Cassia county—January 14; May 9; November 11. Blaine county—February 18, October 13. Jerome county—March 24; September 17.

Court terms designated by this order will be held and continued until the business of each term is disposed of.

Loosens a Stopper. To loosen a glass stopper in a bottle put one or two drops of sweet oil around the stopper and place it a little distance from the lip. When the bottle is quite warm strike the stopper with a stick with a cloth wrapped tightly around it, first on one side and then on the other. This will loosen even the most obstinate stopper.

Christmas Spirit Rules in Twin Falls Schools

Holiday Observed in All Class-Rooms with Exercises Ranging from Beginners' Songs and Recitations to High School Girls Party for Little Folks; Churches Plan Programs

The spirit of Christmas that just now holds away generally throughout Christendom, this week has pervaded Twin Falls schools which will be closed this evening for the holiday vacation continuing until Wednesday morning, January 2.

Drawings and verses appropriate to the Christmas occasion have appeared this week on the blackboards in practically every class room and Christmas has been the motif for programs and exercises throughout the schools, ranging from Christmas songs and recitations in which the beginners took part to a somewhat elaborate annual Christmas observance given Wednesday evening by high school girls of the Blue Triangle club for the benefit of little folks who might otherwise have had a less joyful Christmas.

Students of the junior high school at an assembly today, will present a program under direction of Miss Hornor and Miss Ford, depicting Christmas customs of many countries. Christmas in the churches this year will be generally an occasion for musical programs, with special observances for the younger folks and children. One of the first of the Christmas events in the churches was the Christmas party last evening for the junior department of the Methodist Sunday school. Young people's societies of the Baptist church will stage a Christmas program Sunday evening, while special musical programs will be given in the evening in the Presbyterian and Methodist churches.

Pupils of St. Edward's school gave a Christmas program in connection with a meeting of the Catholic Women's league Thursday afternoon, the program including piano and violin solos and readings, and concluding with a beautiful and impressive tableau representing the birth of the Christ Child. Christmas tree programs with distribution of gifts among children from less fortunate homes will be given during the holiday season by the Salvation Army and the Elks lodge. The Salvation Army exercises will be staged Thursday evening, December 27, in the corps hall on Shoshone street south, while the time and place of the Elks' Christmas program for the little folks has not yet been announced.

SHEEP HERDER HELD TO ANSWER LARCENY CHARGE

Tom Jensen, employed as a sheep herder by Jack France, was held Thursday by C. G. A. Divilbiss, justice of the peace at Buhl, to answer in the district court to a larceny charge of theft of 10 sheep from his employer. In default of bond he was remanded to the custody of the sheriff, being delivered to the authorities here Thursday evening by Prosecuting Attorney J. W. Taylor, who conducted the case for the state at the hearing in Buhl.

Attempt to secure Jensen's release by habeas corpus proceedings will be made at once, J. H. Shertoy, attorney for the defendant, stated.

THEATRE MEN'S ACTION BOOSTS RELIEF ACTIVITY

Heaps of Food and Clothing Brought by Show-Boat Patron, Received by Salvation Army

Heaps of food and clothing piled up Thursday afternoon in the lobbies of the three local motion picture theaters offered evidence of the success of the theatre men's plan for cooperation with the Salvation Army in Christmas and winter relief activities. The aggregate of the donations brought by patrons of the theaters, who were admitted to the afternoon performances upon presentation of an article to eat, wear or use, is believed to have been about the same as last year, when the plan was introduced here.

School children, bringing sacks of potatoes, boxes of apples and contributions of canned foods or wearing apparel, made up large audiences at the show houses, in the late afternoon after their elders, bringing similar donations had attended for the most part earlier in the day. Officers of the local Salvation Army corps Thursday evening expressed appreciation of the cooperation of the theater managements and their patrons on this occasion.

SATURDAY NEXT MARKS TAXPAYERS' ZERO HOUR

Receipts of Collector's Office Indicate Proportion of Delinquencies Will Not Be Abnormal This Year

Collection of the first installment of 1923 taxes in Twin Falls county was greater during the first weeks after issuance of tax notices than in several years preceding, and, while payments have slackened somewhat during the past few days, the proportion of delinquencies will not be abnormal, according to the county tax collector's office.

Saturday next is zero for Idaho taxpayers. Taxes assessed for 1923 were due and payable November 26, last, and might be paid prior to the fourth Monday of this month, without penalty.

If at least one-half of the total tax is not paid Saturday, under existing law, a two per cent penalty will be added to the original tax and bear interest at the rate of 10 per cent per year from January 7, 1924, until paid on the entry of a judgment in an action of foreclosure. If the first half of the tax is paid on or before Saturday, the balance may be paid at any time prior to June 21, 1924, without penalty.

LEGAL FIRM DISSOLVES

Dissolution of the law firm of Hodgkin, Stephan and North, which was formed here about a year ago, was announced Thursday. Members of the firm are Shad L. Hodgkin, Twin Falls mayor; Frank L. Stephan, former prosecuting attorney, and Charles A. North. Mr. Hodgkin, in the future, will continue to practice alone, with the expectation that his son, J. L. Hodgkin, soon will be associated with him. Mr. Stephan and Mr. North, resuming a partnership which they established here about 12 years ago, will move December 29 into quarters in the Twin Falls Bank and Trust company which they formerly occupied. Dissolution of the firm was agreed upon, it was stated, because of the belief, shared by all persons concerned, that the volume of legal work here would not justify establishment of a firm composed of four members.

NOTICE TO STOCKHOLDERS

The annual meeting of the Owyhee Livestock Company will be held at the office of the company in Twin Falls, Idaho, on Tuesday, January 8, 1924, for the purpose of electing three members to the board of directors and transacting such other business as may properly come before the meeting.

VETERANS READ BURIAL SERVICE

Pride in Traditions and Respect for Dead Comrade Brings Out Men of Grand Army Post

Three officers of Dan McCook post, Grand Army of the Republic, Thursday conducted the ritualistic burial services at the grave of their comrade, Alfred M. Elam, 70, whose death occurred Wednesday after a long illness. Pride in their comradeship and traditions caused the officers of the post to take charge of the burial service after surviving relatives had been disappointed in this respect, believing that the number of Civil war veterans here was too few to conduct the organization's services for its dead.

Officers who conducted the services at the grave ranged in age from 70 to 81 years. They were J. E. Smith, post commander; J. M. Bice, adjutant, and W. W. Humphrey, chaplain. Two others making up a delegation of one-half the membership of the post, attended the funeral services in the Methodist church but did not go to the cemetery. They were D. B. Pettigrew, 90, and A. S. Lambert, 93. Services at the church were conducted by the Rev. Charles E. Winning.

Mercury Tumbles as Daylight Vanishes

Temperature fell rapidly with the coming of sunset Thursday, the low mark for the 24-hour period at 11 degrees above zero, being shown at 8:30 o'clock Thursday evening, according to records of the government weather observer's station here. This was 15 points under the low temperature mark of the preceding day. High temperature Thursday was recorded at 36, an advance of two degrees over the preceding day's maximum.

One inch of snowfall was recorded Thursday, bringing the total depth of the past two days up to 3 1/2 inches.
