

## SOCIETY

The P. E. O. Sisterhood met with Mrs. Zenas Smith Tuesday evening. The usual routine business was transacted during which plans were perfected for the reception to be given by the chapter on the evening of June 4 at the home of Mrs. H. W. Wilson, in honor of the supreme president, Mrs. Vina Ives Bowden, and Mrs. Edith Irwin of Boise state president. It was voted to invite the Jerome, Buhl and Gooding chapters to participate. A most interesting history of the local chapter, written by Mrs. W. E. Nixon, Mrs. W. H. Green and Mrs. Zenas Smith was read by Mrs. Nixon. A pleasant social hour was enjoyed before adjournment.

Mrs. Albert Alexander entertained the Harmony club Wednesday afternoon at her home in the Colonial apartments. The usual game of bridge was played. Mrs. H. P. Barger winning favor for high score. Delightful refreshments were served after the games.

The Monitor club met with Mrs. Frank Gentry on Wednesday afternoon. Five guests present were Mrs. R. W. Smith, Mrs. T. B. Bandy, Mrs. R. W. Peters, Mrs. Yelma Ginn and Miss Fern Glick, and 15 members answered to roll call. The following new members were voted into the club: Mrs. Ted Smith, Mrs. Ella Bonney and Mrs. C. J. Schroeder. Delicious refreshments were served by the hostess at the close of a delightful social afternoon. The next meeting will be held on June 4, with Mrs. Walter Hays, roll call to be responded to with quotations on the flag.

Mrs. S. Peters was hostess to the Morning Gladiolus club Wednesday at an all day meeting. An appetizing dinner was served at noon, each member bringing a covered dish. The time was spent with sewing and conversation. This was the last all day session the club will have until the fall activities begin.

### FUNERALS

**SCHIFFMAN**—Funeral services for J. A. Schiffman, whose death occurred late Tuesday, will be held at 1:30 o'clock this afternoon in the J. E. DeWitt chapel, with burial in the Twin Falls cemetery. Services in the chapel will be conducted by the Rev. C. E. Winning, while Twin Falls commandery, Knights Templar, will have charge of the services at the cemetery.

Mr. Schiffman is survived by his wife, Mrs. Lena C. Schiffman, three sons, R. D. Schiffman and W. C. Schiffman of Twin Falls and J. C. Schiffman of Seattle, and one daughter, Mrs. L. A. Kappee of Kearney, Nebraska.

### TOURIST PARK NOTES

D. E. Evans and family of Cheyenne, arrived from Caspelle, on their way to Spokane and other points in Washington.

Mr. and Mrs. E. E. Osborne, and Mr. and Mrs. W. E. Hoag came from their home in Rawlins, Wyoming, via Salt Lake, going to Seattle and Portland. They will return over the Yellowstone highway and spend some time in Yellowstone park.

Mr. and Mrs. W. E. White of San Francisco, are taking a vacation, just wandering. They will go east as far as St. Paul and visit Mr. White's boyhood home in Clark county, Mo.

C. W. Cornelius and family are trekking from Walla Walla to Illinois and Missouri to see if the hills back home look as green as old. They say that the road from Boise to Elmer is not exactly a boulevard.

J. H. Faulkner and Miss Emma Faulkner, who have been in San Diego, California, for several months, are going to Washington on business. They had quite an experience in getting out of California, having been fungeled four times and run through five tanks of disinfectant. They claim to be perfectly free from all human ills, including flies and fleas. They tell some pitiful tales of people leaving pet animals behind, or if they attempt to cross certain lines to have them taken away and killed. One man had just bought a puppy, and when he was told that he could not take it out of the county he said that he would stay there until the

embargo is lifted, even if he had to take a full grown dog back east, instead of a puppy.

Mr. and Mrs. H. A. Miller, with their son and daughter are making a long hike from Spokane to Ohio where they will rest for a short time and then go to Delaware.

Mrs. Henry Atkinson and sons, Henry and Clarence A., and Misses Ethel and Eleanor, are returning to Dwight, N. D., from Marshall, Oregon, where they have been for several months.

A man who has come from California says that there are thousands of people leaving there, and that this section will be flooded with men looking for work, and that if they do not come through Nevada and get work on the railroad we will have a lot of them to look after and perhaps feed.

### Cow Puts in Long Night in Cistern

A cow owned by F. Brown fell into a cistern Tuesday evening on his farm one and one-half miles southeast of Twin Falls, and remained in this situation until it was extricated Wednesday morning by Mr. Brown, with the assistance of several neighbors and four horses, according to word brought here.

### PURCHASES VISSEE HOME

Purchase by Dr. W. E. Beller of the residence property built and owned by John Visser, architect, at 1420 Eleventh avenue east, was announced Wednesday by the Gettett-Johnson Realty company. The property which is considered one of the finest residences in Twin Falls, was offered for sale by Mr. Visser upon his return recently for a visit from California, where he has been engaged in practice of his profession for several months past.

### TRACK BUILDERS ON GROUND

A crew of 30 workmen and foreman passed through here Wednesday on their way to Rogers, where they are to construct 1300 feet of sidetrack in connection with the building of the Rogerson-Wells line.

ELECTRIC RANGE

**Just the Electric Range You've Wanted!**

**Model R-101, Hotpoint—Beautiful Apartment Range on Remarkably Easy Terms**

This range has been designed particularly for smaller kitchens where space counts, yet none of the efficiency of a good electric range has been sacrificed. Neither has there been any sacrifice of quality to effect the low price at which this range sells. Large quantity production is largely responsible for its unusual value.

Model R-101 has three interchangeable 1000-watt "speed" units on the cooking surface and has a large, roomy oven with door thermometer; white enamel splashers and 3-heat switches. All in all, it is an ideal range for the average or small family. There are no bolts on the cooking top, no pan underneath to catch dust.

**Special Terms on Electric Ranges of All Sizes and Styles**

In our large display of electric ranges, you will find a model that will exactly meet your requirements. On all ranges, regardless of price, we are offering them for a small cash payment down and the balance in easy monthly payments.

Enjoy a cool, clean, pleasant kitchen this Summer and have better cooked, more delicious food every month of the year by cooking electrically.

**Hotpoint Features**

All Hotpoint Ranges are made with oven doors, made to accommodate a 35-pound turkey or the heavy requirements of an extra large family.

The counter-balanced shelf door on Hotpoint Electric Ranges opens and closes at a touch, without slamming. When open it serves as a shelf.

Automatic models have time control which will turn the oven heat on and off any time desired. Also have control that insures an even temperature.

## An Age of Specialists

This is an age of specialists. The man who works all day at making a living hasn't time to study textiles, to visit great manufacturing centers, to spend years in learning clothing values—unless that's his specialty.

It's our specialty, as we see it. Taking the risk out of shopping for our neighbors who specialize in other things is the particular service we are trying to render in this community.

The smallest article in this store was selected with the same care, the same expert clothes-knowledge, which led us to select Hart Schaffner & Marx clothes as the finest men's clothing line in America. You can buy a suit of clothes here for a mighty small sum—but that suit of clothes is sold as the best clothing value obtainable.

And to remove every possible risk from your shopping, our judgment is backed by the IDAHO DEPARTMENT STORE guarantee of your complete satisfaction.

## OREGONIANS SHUT OUT.

MOSCOW, Idaho, May 21 (AP)—University of Idaho had an easy time with University of Oregon on the baseball diamond here and shut out the Oregonians, 16 to 0.

Throat Cut by Own Orders.  
Joseph Leon Vazquez died here recently at the age of sixty-one. He had no direct heirs and had always lived alone. When his will was opened it was found to contain a curious clause, says a Bordeaux letter in Le Petit Parisien, (translated for The Kansas City Star). This was to the effect that, after death, M. Vazquez desired that his throat be cut from ear to ear in the presence of certain persons named in the will, the physician who was to perform the operation being designated. This provision of the will was carried out to the letter. Vazquez, who had been a sufferer from cataplexy, had an insane fear of being buried alive. He had decided to take no chances.

## 1200 PRISONERS FREED.

DUBLIN, May 21 (AP)—In the dawn tonight President Cosgrave, opposing a motion for the release in the interest of peace all prisoners interned or under sentence of imprisonment and especially because of the approaching Irish Olympic games, said the free state government had turned loose 1200 prisoners in 12 months.

## THAW RETURNING HOME.

NEW YORK, May 21 (AP)—After giving ball for \$500 on the conspiracy indictment which prevented his leaving New York yesterday, Harry E. Thaw announced late today he would leave tonight for his mother's home in Pittsburgh. The funeral of his brother, Edward Thaw, who died in Pasadena, California, will be held in Pittsburgh on Friday.

## Dropped First Name.

It is a curious fact that three of the last eight presidents of the United States deliberately dropped the first of their baptismal names when they came to manhood. Stephen Grover Cleveland became Grover Cleveland. Thomas Woodrow Wilson became Woodrow Wilson, and John Calvin Coolidge became Calvin Coolidge. It took something more than dropping a first name to make these men presidents; but, asks an American writer, "did you ever think that, although nine men out of ten support both a first and middle name, six out of the last eight presidents have borne only a single 'Christian' name?" Apparently there is something in the shorter, crisper form that helps to the game of politics.

## Philanthropy, Misspelled.

Now, that is one of the most pathetic things I have ever seen," said the rich and benevolent old man, who, in a scorching hot day, stood with a friend, watching a typical street Arab. "You see the ice cart has been delivering at that shop, and the poor little chap has taken a piece from the gutter. Now, you and I, who can get refreshing drink whenever we require it, cannot imagine what a luxury that piece of ice is to that boy. Here, my little fellow, here's a dime. Get yourself a glass of lemonade. You must not eat that stuff. It would make you ill." "I wasn't going to eat it," said the grimy little chap. "Faver's having a sleep at home, an 'I was going to drop it down his back'."

## The Blaxxitle Year.

The blaxxitle year, which is commonly known as leap year, has 306 days or one more day than the ordinary year. The origin of the name leap year is unknown, but it probably arose from the fact that any date in a leap year after the added day of February 29 "leaps" over the day of the week on which it would fall in ordinary years. For example: If March 1 falls on Monday in one year, it will fall on Tuesday in the next, if that is an ordinary year of 365 days, but on Wednesday if it is leap year.

## Known From Experience.

"Don't tell me," said Uncle Eben, "dat politeness don't cost nuffin'. I has been a head waiter."—Washington Star

## Buffalo East of Mississippi.

The last buffalo killed east of the Mississippi river, as shot in 1832. The number of buffalo in the West in the early '60s was estimated roughly at from 15,000,000 to 20,000,000, says the Detroit News. They ranged from Mexico north to the Arctic circle, but their natural home was on the plains between the Mississippi river and the Rocky mountains and not farther south than the Rio Grande. Outside the limits of their habitat the few small herds that existed were stragglers. Daniel Boone once found a herd in Kentucky that numbered 1,000 and it was a large one for that territory.

## Hoyle Lived in London.

Edmond Hoyle lived from 1672 to 1703. Little is known of his early life. It is thought that he was educated for the law. He lived in London for many years, where he taught games. In 1742 he published "A Short Treatise on the Game of Whist," which went through many editions and became the world's authority. Other games have been added, until "Hoyle" has grown to mean "a set of rules" and includes many games that have been invented since Edmond Hoyle's death.

## Pearl Fishing in Ceylon.

The pearl fishing season in Ceylon only lasts 22 days, and during that period as many as 15,000,000 oysters are brought to the surface.

## Florence Nightingale.

Florence Nightingale was twenty-one years of age when she decided to reform the hospitals of England.

## Oldest Jewish Church in U. S.

Touro park, in Newport, R. I., was named for Judah Touro, an eccentric, gratch-headed Jew, who left the town \$100,000 for its purchase in 1854. Near by is a little Jewish cemetery, which is one of the ornaments of the city and not far away, in Tourg street, one is brought to the synagogue of the oldest Jewish congregation in America, says the Detroit News. The congregation of Salvation of Israel was organized in 1850. The synagogue was built in 1763. One of the scrolls of the law deposited in the synagogue and now more than 400 years old, was brought from Europe by the Jews who reached Rhode Island in 1658. When the British troops occupied Newport, the Jews, ardent supporters of the American cause, were forced to flee. The synagogue was closed and for almost a century it was deserted.

## College Gets Rare Manuscript.

"The Beehive," a monumental manuscript written by Francis Daniel Pastorius, founder of Germantown, has been loaned to the University of Pennsylvania by his descendants," says the Philadelphia North American. "The book, which consists of about 1,000 closely-written pages, was written, according to Pastorius, as a legacy to his son and to read his mind of many facts that are in it. It was never printed. The volume is written in several different languages, including Latin, Greek, German and English. It contains much dry humor mixed with philosophy."

TWIN FALLS WEEKLY NEWS

Established 1904  
Twin Falls News Publishing Company,  
Ltd., Publishers

Issued on Thursday of every Week

Entered as second class matter De-  
cember 12, 1904 at the Post Office  
of Twin Falls, Idaho, under the act  
of Congress of March 3, 1879.

THE WATER PROBLEM

Those who are inclined to feel  
that the water situation on the  
South side is one of real menace  
will do well to recall the fact that  
at no time since the inception of  
this project has there ever been a  
serious water shortage. Dry years  
there have been, in fact the re-  
cords for years past indicate that  
every fourth or fifth year as a sub-  
normal one as far as water is con-  
cerned, yet there have been no  
serious crop failures as a result, nor  
will there be this year.

If the American Falls project  
election served no other purpose it  
at least resulted in a better under-  
standing of the water situation in  
the Twin Falls country. It taught  
the lesson that extra water is ad-  
vantageous if not necessary once every  
so often in any irrigation project.  
In 1916 and again in 1919, the Twin  
Falls country was compelled to get  
along with less than its normal  
water supply. While the actual cost  
to the farmers was not large, had  
the American Falls dam been in existence  
there would have been no shortage  
whatever.

In 1910 it is generally admitted that  
the seed crop was the largest and most  
profitable in the history of the South  
Side and to an extent this condition  
also obtained in 1919. General crops  
were curtailed to some extent but it  
is a question if this very curtailment  
was not a factor in the prices at which  
many of the crops were sold. This  
year, in theory if not in fact, it will  
be easy to prove that with more water  
better results might have been ob-  
tained, but there is room for doubt  
if the actual dollars received for  
crops will be any fewer than in the  
so-called normal water years.

Other projects all around Twin Falls  
are suffering and will suffer, and al-  
though there are instances of enquiries  
for land here by men who have pulled  
up stakes elsewhere because of water  
conditions. These men came to Twin  
Falls because experience has taught  
that the water right here, year in and  
year out, is literally one of the best  
on earth and with the big dam in op-  
eration even the periodical short years  
will be eliminated.

In this respect the Twin Falls coun-  
try stands in a class by itself, a fact  
which is just as well of not better  
understood outside this area than with-  
in it.

Backache Is a Warning!

Twin Falls Folks are Learning  
How to Heed It.

Are you miserable with an aching  
back? Do you get up lame and stiff;  
drag through the day feeling tired,  
weak and depressed? Then you should  
help your kidneys. Backache is often  
the first sign of failing kidneys. Uri-  
nary troubles quickly follow. Neglected,  
there's danger of gravel, dropsy, or  
fatal Bright's disease. Don't wait  
for serious kidney sickness! Use  
Doan's Pills, a stimulant diuretic to  
the kidneys, before it is too late. This  
Twin Falls, resident tells an experience:

Mrs. F. A. Taggart, 340 Third Ave.,  
N. Y., says: "I was troubled a good  
deal with backaches and my kid-  
neys acted too frequently. I felt  
badly all over and also suffered with  
headaches. Doan's Pills gave me a  
cure and I haven't been troubled  
since."  
Price 60c at all dealers. Don't  
simply ask for a kidney remedy—get  
Doan's Pills—the same that Mrs.  
Taggart had. Foster-Milburn Co.,

THE STRONG YOUNG MAN  
BY DADDY

Dark glasses which Daddy Dog  
finds in the woods make a rat  
look like a giant, and a lovely girl like  
a witch.

CHAPTER IV.  
Strength that Scars.

THE lovely girl looked at Hal, the  
woodchopper, with scornful eyes.  
She had heard him say to Jack and  
Janet that she was a witch.

"Why did you call me a witch?"  
she demanded. Hal, the young man,  
strong as he was, seemed to be afraid  
of the lovely girl. He stammered and  
stammered. He could scarcely have  
been more scared had she seen an  
actual witch. "Why did you call me a  
witch?" she repeated, her eyes flashing  
fire.

"It was the glasses. I am sorry,"  
muttered Hal.

"They are," insisted Janet. "Try  
them on and see what you will see."  
The young girl took the dark glasses,  
but she continued to glare at Hal. He  
dropped his head and turned away,  
picking up his ax. He began to chop  
down the dead tree.

The lovely girl put on the glasses and  
peered through them at Jack and Janet  
and Daddy Dog.

"I see nothing strange about these  
glasses," she said. Then she turned  
toward Hal the woodchopper, who was  
dealing lustily at the dead tree.

The lovely girl gave a shriek. The  
look of scorn on her face turned to one  
of fear. She grabbed up her little  
white dog with one hand and seized  
Janet with the other.

"Come away!" she screamed.  
"Come away before that monster cuts  
the whole forest down over our heads."

Jack and Janet ran with the lovely  
young girl until she came to the edge  
of the river and could go no farther.  
There they looked back. Hal was  
swinging his ax lustily. Whack!

Whack! Whack! Whack! He cut great  
gashes in the hollow tree with each  
blow. Soon the trunk began to shiver  
and to shake. There was a loud crack,  
and the tree crashed to the ground.

"Oh, he is so strong, he will cut the  
whole forest down," said the lovely  
girl. "He will rob the birds of their  
homes. He will lay waste the beautiful  
woods."

Jack and Janet began to catch some

of the fear of the lovely girl. They  
did not want the wonderful forest cut  
down.

"Are you going to chop all the  
trees?" cried Jack.

"No," answered Hal the woodchop-  
per. "I am only cutting out the dead  
trees to give the live young trees a  
better chance to grow."

That seemed sensible to Jack and  
Janet and they gave sighs of relief.  
But the lovely girl continued to scream.

"He is an awful monster. He is go-  
ing to cut down all the trees. He is  
strong, strong, strong!"

What could be the matter with the  
lovely girl to cause her to make such  
a fuss? Then Jack remembered that the  
lovely girl was wearing the dark  
glasses. They were making her see  
with eyes of fear.

"Take off the glasses," cried Jack.  
"They are making you see crooked."

"But he is a monster," she cried.  
"He is strong, strong, strong. He is  
going to cut down all the trees."

"But he is a monster," she cried.  
"He is strong, strong, strong. He is  
going to cut down all the trees."

"But he is a monster," she cried.  
"He is strong, strong, strong. He is  
going to cut down all the trees."

"But he is a monster," she cried.  
"He is strong, strong, strong. He is  
going to cut down all the trees."

"But he is a monster," she cried.  
"He is strong, strong, strong. He is  
going to cut down all the trees."

"But he is a monster," she cried.  
"He is strong, strong, strong. He is  
going to cut down all the trees."

"But he is a monster," she cried.  
"He is strong, strong, strong. He is  
going to cut down all the trees."

"But he is a monster," she cried.

## STAGE SET FOR SCHOOLS' CLOSE

High School Graduating Class of About 105 Members in Limelight at Commencement

With exercises marking the close of the school year in Twin Falls, a graduating class of about 105 members this evening will receive diplomas in token of their completion of the course of study in the Twin Falls high school. Dr. Elmer I. Goshen of Salt Lake, is to be the speaker of the occasion. Members of the graduating class will be introduced by M. C. Mitchell, superintendent, who is retiring after 10 years' service as teacher, principal and superintendent of the Twin Falls schools, and the diploma will be presented by a member of the board of education.

The graduating class this year, with the exception of those of 1923 and 1924, is the largest in the history of the local high school. Commencement exercises will be held in the Lavering theater. Members of the graduating class will be seated on the stage, and reservations have been arranged for relatives and limited number of friends of the graduates.

Announcement of an accurate list of the members of the graduating class would be impossible before late today following completion of final examinations. Superintendent Mitchell stated that Wednesday evening final examinations were begun Tuesday in both senior and junior high schools.

A list of the graduates as contained in the "Coyote," the annual publication of the high school, is as follows:

## GET ACTION ON RATE BILL

WASHINGTON, May 21.—The senate has passed the Gooding bill limiting application of the long and short haul clause of the interstate commerce act, marking the accomplishment of action sought by intermountain shipping interests for the past 20 years. The Gooding bill would restrict the interstate commerce commission in authorizing lower charges for a long than for short hauls within its limits to cases involving circuitous routes, export and import traffic and block express rates.

## YOUTHS ADMIT SHOOTING FISH

Court Deals Lightly With Buhl Boys Who Confess to Dynamiting Stream.

Dynamite was used for the purpose of catching fish in Salmon river, seven miles west of Buhl, by three Buhl boys, ranging in age from 16 to 17 years, according to their admissions Wednesday when they were haled into probate court here on charges preferred by John T. Salabury, chief deputy state game warden assigned to duty in this district. In consideration of the youth of the offenders and their statement that dynamite had been provided them with the explosive, Judge Duvall assessed only the costs involved in the case and suspended sentence. Under Idaho law, use of explosives, drugs or other means for the taking of fish or game unlawfully is punishable by fine "in a sum not less than \$100 nor more than \$300 for each offense, or imprisonment in the county jail for a period of not less than 60 days nor more than six months, or by both such fine and imprisonment."

Purchasing of explosives to juveniles also is a misdemeanor punishable under Idaho law. "Officers charged with responsibility for enforcement of fish and game laws derive no particular satisfaction in apprehending young offenders," Mr. Salabury said Wednesday evening. "We would much rather bring in an accounting of the adult violator and particularly those who aid and encourage younger persons in law violation. The purpose of enforcement of the fish and game laws is not to lay larger snares to punish offenders, but to protect and conserve fish and game resources of the state for the benefit of the general public."

## FARMER INVESTOR TAKES CASE TO SUPREME COURT

Joseph Abbi Appeals From Judgment In Favor of Receiver for Defunct Idaho Co-operative Sugar Company.

Notice of appeal to the supreme court from judgment awarded in district court last February against B. R. Cox, receiver for the defunct Idaho Co-operative Sugar Company, was filed in district court here Wednesday by Joseph Abbi, Buhl district farmer, through his attorney, T. E. Hackman, underwriting-accompanying the notice bore signature of R. F. Koon and R. L. Janga. Judgment was awarded to the receiver on account of his claim for recovery on a promissory note for \$500 executed by Abbi in February, 1920, in payment for stock in the defunct corporation.
