

# DEFENSE URGES MERCY IN TRIAL OF BOY SLAYERS

## Veteran of Many Court Battles Fights to Prevent Loebl and Leopold from Hanging for Murder of Franks.

CHICAGO, July 31 (AP)—Mitigation not of crime but of punishment, mercy of judgment, founded not upon the cold letter of the law, but upon considerations of humanity—these were the pleas advanced today by the defense in the proceedings which are to determine the penalty that Nathan Leopold Jr. and Richard Loeb are to pay for the kidnapping and murder of Robert Frank.

Clarence S. Darrow, 67 years old, veteran of many court battles, fighting for the principles he has advocated in and out of court for many years, put squarely before Judge John R. Caverly the issue whether considerations of this character are to be written into the jurisprudence of America.

"The state's attorney's office seems to feel the universe will crumble unless these boys hang," he said.

Lengthy Argument

He argued in response to a lengthy contention by Robert E. Crowe, state's attorney, backed by the legal force of Thomas Marshall, indictment expert. Through a day and a half of court procedure the prosecutor had maintained that evidence of alienism, offered by the defense as to the degree of mental responsibility of the youthful murderers, was incompetent, irrelevant and immaterial after a plea of guilty had been entered.

"We seek not mitigation of the crime but only mitigation of the punishment, because of a disease condition of the mind, constant in character but not amounting to legal insanity," was the keynote of the defense.

Insanity Showing

"A showing of mental disease constitutes a showing of insanity the existence of which must be determined by a jury. It can be brought in here only if the defendants will draw their pleas of guilty and rely upon insanity as a defense to the crime itself," responded the state.

Throughout the four-hour session of the court the question was debated by the attorneys. Occasionally three or four of them would be on their feet talking at the same time but for the most part Mr. Marshall held the floor for the state and Mr. Darrow and Walter Bagshaw for the defense.

Hundreds of citations from decisions given in this country and England, some of them a century old, were offered by Mr. Marshall and Mr. Bagshaw had not finished his analysis and comparison of these when court adjourned for the day.

# Mutiny Trial of Filipino Scouts Opens At Manila

## 209 Face Court-Martial for Refusal to Obey Orders and Turn Out for Drill.

MANILA, July 29 (AP)—Court-martial proceedings against 209 Philippine scouts of the fifty-seventh infantry and the twelfth medical regiment at Fort MacArthur, charged with joining a mutiny last July 7, opened here today. Brigadier General Douglas MacArthur presided.

The opening move for the defense was a challenge of five members of the court who thereupon retired, leaving only eight members to hear the testimony.

A sergeant in one of the companies of the fifty-seventh, the first of the most witnesses called, told how his company refused to turn out for drill when he gave the usual signal. He testified that he informed his company commander who had the article of war showing the consequences of a refusal to obey orders, read to them. The witnesses denied on cross-examination that he had advised the men to refuse to drill.

It is said here the trial will last more than a week. The alleged ringleaders of the "strike" of the scouts will be tried as soon as the present case is concluded. They are charged with causing a mutiny.

DEER-HUNTING BANNED  
DUE TO FOREST FIRES

National Reserves in 19 Counties Visited—Closed Account of Forest Emergency, Many Blame Reported.

SAN FRANCISCO, July 31 (AP)—Because of the forest fire emergency the United States forest service at the California state fish and game commission today issued an order virtually closing the national forest reserves in 19 counties to deer hunting. The deer season opens tomorrow. Only hunters obtaining special permits will be permitted to enter the reserves and no hunting will be allowed.

Fires are burning in many of the national forests in the state and are being fought by hundreds of men.

# Largest Narcotic Ring in Mid-West Broken in Arrests

## Three at Omaha Under \$25,000 Bond Each; Work of Three and a Half Years.

OMAHA, July 31 (AP)—Federal agents asserted tonight that the largest narcotic ring operated in the middle west had been broken up with the arrest of three men who are held in jail under \$25,000 bonds each, outstanding three years of work by agents in half a dozen cities, including operatives from Washington, D. C.

The three under arrest are Sam House, Frank O'Neill and Pat Burkle, all of Omaha, and the specific charge against them is a \$200 narcotic sale, according to the agents.

House is alleged to be an importer, and distributor of narcotics. He lived in an expensive hotel and maintained an apartment, agents asserted.

# ORDER INQUIRY IN PRICE OF GAS

## Attorney General Stone Wants Situation Cleared up; Com- mission's Report Interesting

WASHINGTON, July 31 (AP)—Attorney General Stone has ordered a further inquiry into the gasoline price situation. The report of the federal trade commission on the subject, made at the request of the president, contains information, Mr. Stone said today which warrants a further investigation of the several phases of the problem.

Department officials described the trade commission report which has never been made public as "very interesting," but indicated that it was incomplete in some ways and the department of justice will not delve into the leads thus afforded. Mr. Stone was said to believe that such an inquiry might supply the government not only with better knowledge of what is going on in the whole oil industry, but with evidence which it might use in its injunction suits recently filed in Chicago to break up selling agreements based upon use of the so-called cracking process in the industry.

NORTH AND SOUTH ROAD  
BOISE, July 31 (AP)—More than two-fifths of the Idaho state North and South highway from Weiser to Port Hill has been completed and of the remainder, half is graded, according to a statement issued by the bureau of highways of the department of public works of Idaho.

# WILL NOT MAKE POLITICAL ISSUE OF DEFENSE DAY

## President Coolidge Decides Against Personal Entry Into Controversy of Mobilization Started by Bryan

WASHINGTON, July 31 (AP)—Despite concurrence by John W. Davis, democratic presidential candidate, in the opposition of his running mate, Governor Bryan of Nebraska, to some features of the government's defense day plans, President Coolidge has decided against any personal entry into the political phases of the controversy.

Mr. Coolidge today received and replied to a telegram from Governor Bryan relating to controversial features of the defense day program, but refused to make public his reply.

White House officials declared Mr. Coolidge felt that to make public his reply would give the impression he was treating the controversy as a political incident, whereas he preferred to regard Mr. Bryan's inquiry as his own reply as correspondence ordinarily taking place between the governor of a state and the president.

Not Made Public

White House and war department officials alike refused to make public Governor Bryan's telegram, received early in the day, asserting that to do so would be discourteous inasmuch as Mr. Bryan had not done so. It was understood to have prompted several inquiries as to the plans of the war department and Mr. Coolidge's reply, rather after several visits to the White House by Major General John E. Hines, deputy chief of staff and present acting secretary of war, was quite lengthy.

The conferences with General Hines combined with visits to the White House by Attorney General Stone, acting Secretary of State Grew, and others kept the president in his office most of the day and he consequently was unable to give as much time to the writing of his notification address as he had previously this week. Later in the day he left the White House to make an inspection of the park system and recreational facilities of the District of Columbia.

SECRETARY HUGHES IN  
CAPITAL OF BELGIUM  
BRUSSELS, July 31 (AP)—Secretary of State and Mr. Hughes of the United States were enthusiastically greeted by a large crowd, including many notables, when they arrived at the Gare du Midi at 6:30 o'clock this evening to begin a two-day visit to the Belgian capital.

# Conference Deadlock Is Broken; Way Paved for Launching Dawes Plan

## French Proposals Accepted by Allied Plenipotentiaries in Conference in London; Out- look Improved

LONDON, July 31 (AP)—The deadlock in the interallied conference was broken today by the proposal that M. Harcourt, the French premier, submitted yesterday to the allied plenipotentiaries, and Frank B. Kellogg, the American ambassador.

The experts took the proposals in hand this morning and remained with their task this afternoon and tonight with such gratifying results that American officials who are close to the conference table believe that an invitation for German representatives to come to London will be despatched tomorrow. After discussing with the conference delegates the methods which have been agreed upon for launching the Dawes plan, the Germans, if they give their acquiescence, will make final arrangements with the reparations commission for putting the new reparations project into effect. The commission decided today to sit officially in London for that purpose.

Objections Overcome

The French plan was not entirely acceptable in the form in which it was laid on the table. But the objections to the first proposal were overcome sooner than had been anticipated and after two hours discussion the experts announced that the obstacle of how a German default might be declared under the Dawes plan has been removed. This question had been blocking the progress of the conference for nearly a fortnight.

The experts then went to grips with the third point in the French proposals, relating to an extension of the terms of the Versailles treaty with regard to payments in kind, and, with minor alterations, this proposal was accepted.

Too Good to Be True

The many members of the allied delegation seemed to be too good to be true. M. Harcourt's efforts were taking this conference out of its official status as rapidly as they appeared to be done. There had been plentiful predictions that the proposals were doomed before they ever were submitted. But hope rose when agreement was reached on the means of declaring a default. This decision was shifting the conference difficulties from the question of possible German delinquency.

(Continued on Page 4, Col. 6)

# Plane Falls 1500 Feet in Arkansas; Three Are Killed

## Pilot and Two Passengers Meet Death in Exhibition Flight Over Village

GRAFFORDVILLE, Ark., July 31 (AP)—Two men and a woman were killed today when the airplane in which they were making an exhibition flight over this village fell 1500 feet to the earth.

The dead: Barney Schall, 28, Earl Miller, 26, and Miss Mary Hendrick, 26, wife of Mrs. Charles Hendrick, 26, Vinson, Ark.

# PLAN BILL TO AMEND TREATY

## Decision of Parliament Com- mittee Places MacDonald in Difficult Position

LONDON, July 31 (AP)—It was said tonight that the cabinet had decided to introduce a bill in parliament to amend the Anglo-Irish treaty, but that debate on it would be postponed until the autumn session.

This plan was arrived at in consequence of an unanimous decision by the privy council's judicial committee that the only way to form the boundary commission provided for in the Anglo-Irish treaty for the delimitation of the boundary between northern and southern Ireland was for parliament to enact legislation amending the treaty in order to provide for the government to overcome the Ulster government's refusal to appoint a representative to the boundary commission.

Mr. MacDonald called together this afternoon, the signatories of the Anglo-Irish treaty, and colonial secretary Thomas in an endeavor to surmount the difficulties. It was said after the meeting that the government was prepared to introduce the needed bill in parliament on Monday and propose that its discussion be postponed until the house reassembled in October, since the bill was certain to create much opposition and little time now remained for its discussion prior to the summer recess of parliament.

# FOREST FIRE IN PAYETTE REGION SPREADING FAST

## Flames Started by Locomotive Near Smith's Ferry Gaining Alarming Proportions; 165 Men Fighting It.

BOISE, July 31 (AP)—Fanned by strong winds and aided by the intense albedo prevalent in that section of the state, the forest fire which started last night early Tuesday night on the east side of the Payette river and about the mile from Smith's ferry, was spreading with alarming rapidity Thursday afternoon and getting beyond control, according to a message received at the state land commissioner's office from the fire dispatcher at Cascade, Thursday.

The fire was started by sparks from a locomotive operating on the Idaho Northern branch of the Oregon-Short Line railway between Nampa and Payette lakes, according to a report received by I. S. Nash, state land commissioner.

1500 Acres Lost

Burning fiercely over approximately 1500 acres of state land, with the flames spreading in a northeasterly direction, the holdings of the Boise-Payette Lumber company, one mile distant, are now threatened and the Packer John lookout station seems in the path of the timbered torches and destined for destruction, about a mile away.

Smoke and gas from the raging fire has already put Packer John lookout temporarily out of commission, while Arthur H. Rorger, guardian of the state lands and lookout in that district, remains on the mountain peak, reporting the progress of the fire.

One thousand six hundred men are engaged in fighting the fire, which has spread over three of the three thousand acres not given have been taken over by a rolling stock and the state fire fighting force.

IMMINGHAM, England, July 31 (AP)—A monument to commemorate the departure of the Pilgrim fathers of Massachusetts and Yorkshire from Immingham creek in 1609, erected by the Hull, Anglo-American society on the exact spot from which the Pilgrim fathers departed was unveiled today by Sir Charles Wakefield in the presence of a large gathering.

# Calls Labor Head Arch Betrayer of The Working Class

## Campaign Manager for Can- didate Foster Attacks Gompers of American Federation.

CHICAGO, July 31 (AP)—Joseph Manly, campaign manager of the workers' party of America, whose presidential candidate, Eugene V. Debs, has been bitterly opposed the labor policies of Samuel Gompers, president of the American Federation of Labor, tonight sent a telegram to Mr. Gompers terming him the "arch betrayer of the American working class."

The telegram was in reply to the criticism of Foster and his party voiced by a labor leader in a statement yesterday.

"In this particular crisis," the message said, "your executive council comes together to continue your old policy of victories for friends and great defeats for enemies. This policy has resulted in low wages, unspeakable working conditions, injunctions and general industrial destruction. The faithful ally of the capitalist class."

The message advised Mr. Gompers to resign his position as president of the "backward-looking La Follette movement" and to "fight for a workers' and farmers' government."

# POSTAL CLERKS WANT ASSURANCE ON BILL

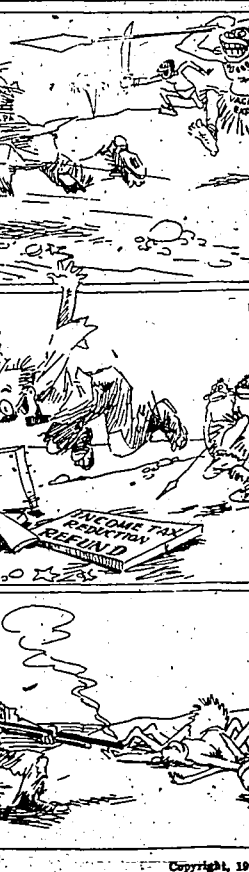

National Officers of Association Call for Assurance on Proposed Increase in Pay of Mailmen.

WASHINGTON, July 31 (AP)—National officers of the association of postal clerks announced after a conference today with President Coolidge that they should be assured of the executive's support for any postal increase bill. The clerks are carrying provision for raising the necessary revenues.

Mr. Coolidge vetoed the postal postal clerks announced after a conference today with President Coolidge that they should be assured of the executive's support for any postal increase bill. The clerks are carrying provision for raising the necessary revenues.

Mr. Coolidge vetoed the postal postal clerks announced after a conference today with President Coolidge that they should be assured of the executive's support for any postal increase bill. The clerks are carrying provision for raising the necessary revenues.

# UNEXPECTED PLEASURE

# ILLEGAL DISPOSAL OF DOPE IS CHARGE AGAINST 3 DOCTORS

## North Carolina City Seeks to Clean Up Narcotic Ring; Ordinances at Vice Hospital Implicated

ASHEVILLE, N. C., July 31 (AP)—Ten persons, including three local physicians and two negroes, orderlies at the veterans' bureau hospital at Olen, were arrested by federal agents today on charges of illegally disposing of narcotics. At the same time announcement was made that the federal government was beginning of a drive against the alleged dope ring and would be continued until conditions in this vicinity were "cleaned up."

Those arrested were Doctors T. W. Sumner, J. L. Brewer and G. D. Gardner, Charley Holt, Mr. and Mrs. Jabe Huntley and four negroes, James Smith, Waddell Wright, John Chalkley and Walter Jeter, the latter two orderlies at the hospital. All except the negroes furnished bonds ranging from \$1500 to \$3000.

# AMERICAN ATHLETES TAKE PART IN MEET

STOCKHOLM, July 31 (AP)—An American team of Olympic athletes under the leadership of Harold Dibble, began competition here today in the picked teams for men's and women's and Sweden. The meet will continue Saturday and Sunday. The American team is composed of Charles Paddock, Loren Murchison, C. H. Moore, Frank P. Johnson, Bayne R. Otis, Roy T. Brown, Allen Helfrich and Ray Rellly.

In the 100 meters flat today Murchison was first, his time being 10.4. Paddock second with 10.6. The 110 meters was won by Rellly in the time of 14.7. Peterson of Sweden was second, winner of the 100 meters was not allowed because he knocked down a hurdle.

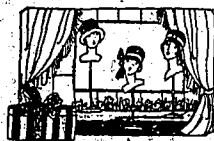

The running high jump was won by Brown with 1.90 meters; Osterberg and Castel of Sweden both jumped 1.85 and Norton made it at 1.80. The 400 meters relay was won by an American team consisting of Rellly, Johnson, Murchison and Paddock. The time was 42.6.

IDAHO WEATHER  
Friday: Fair.

# DOLLAR DAY

## Saturday the Big Bargain Event of the Season The Day Your Dollar Buys the Most for You

## "Another Package From Booth's"

## THE GUMPS—THE LAST STRAW

## PAPER SALE IS ONE TO A HOME, REPORTS SHOW

Times Business Man Tells of Journalism; America Owes Debt to England, Association Is Told.

LONDON, July 31 (AP)—Reviewing the development of the American newspaper before the convention of the Associated Advertising Clubs of the World today, Louis Wiley, business manager of the New York Times, emphasized the importance of the part the Associated Press has played in that development.

"Our agency in the United States which has contributed in large measure to the development of our strong newspaper press," he said, "and whose value in every way can scarcely be estimated, is the Associated Press, the great mutual news gathering and distributing organization. Its reports of daily happenings are impartial and can not be influenced. The Associated Press takes issue with no side in any controversy—its purpose is merely to present the news."

**Part of Development.**  
After telling briefly of the diversity of its membership Mr. Wiley added: "The Associated Press is a part of the development of American newspapers. Its efficiency is wonderful."

America, said Mr. Wiley, owes to England a great debt of the beginnings of journalism. "We believe, however," he continued, "that we have not been entirely remiss in our contribution to both the business and profession of newspaper making. For some time there has been a reciprocity of ideas between newspaper publishers on both sides of the Atlantic. We are both borrowers and lenders of ideas, testifying to the international cordiality existing between newspapers on all sides."

**Traces Developments.**  
Mr. Wiley traced the development of American newspapers from the period prior to the American revolution when weekly gazettes were considered sufficient to carry the scattered and badly reported news, down to the present time, when, he said, there are in the United States 2336 daily newspapers, including 428 morning and 1610 evening editions. The American newspapers, he declared, now sell an average of 31,400,000 copies a day.

## TOURIST PARK NOTES

At last the business men of the city have begun to take an interest in our tourist park. For three evenings there have been a number of representatives of various lines of business who have circulated among the tourists, answering questions and giving information.

Mr. and Mrs. N. B. Dreese from Klamath Falls, Ore., are en route to Colorado. They came through from Vale, but Mr. Dreese says that he would not advise any one to go that way. He says that the best way is via Portland.

W. A. Williams and party from Montrose, Pa., are going to Tacoma. They made the usual detour through the park.

Mr. and Mrs. W. F. Decker and M. L. Decker from Waltham, Mass., are en route to California.

R. L. Lobbeck and party from New York city are traveling toward California, and naturally they made a side trip to the park.

W. G. Ferguson and family from Columbus, Ohio, are journeying to the Pacific coast for a change of air.

G. A. Hawley and party are here from Nampa, looking over the situation.

Mr. and Mrs. O. H. Shink and four children are returning to Visalia, Cal., from a visit to Salt Lake City.

Mr. and Mrs. E. L. Mackey from La Grande, Ore., are going home from the Yellowstone.

M. D. Gilman and party from Fall Brook, Cal., have made their pilgrimage to the land of hot springs and having done their duty as American citizens, they are going back home.

Mr. and Mrs. F. H. Flanner are returning to Minneapolis from an extended trip along the coast.

S. B. Larkin and party whose home is Salinasville, Ohio, have been wandering through the Nevada desert and are now en route home.

H. W. Trautman and friend from Peoria, Ill., have been spending some time along the western coast, are now on the road home.

Mr. and Mrs. J. S. Britton are journeying to California, from Jacobstown, N. J.

W. Cummings and party are trekking from coast to coast. They came from New York city and are going to southern California.

Not all of our guests travel in automobiles. Three young women from Lovision, Idaho, made a long bike to and through the Yellowstone park and return. When they reached our park they were practically walking in their sleep.

Mr. and Mrs. J. S. Nichols from Memphis, Tenn., came into the park in very bad humor. Some one had sent them over the so-called Snowville road, and to add insult to injury, they were charged 35 cents per gallon for gas on that aggregation of cow paths.

R. L. Fiers and party are returning to Davis City, Iowa, from Spokane.

Mr. and Mrs. A. M. Kendall are going to Chicago from Union, Ore.

J. H. Castle and family are returning to Lincoln, Neb., from a sojourn in California. As a matter of course, they informed us that Lincoln is the home of brother Will and brother Charlie.

Dr. R. W. Barcew and party came

## Courtesy

Courtesy is the one medium of exchange that is always accepted at par by the people of every country on the globe. Courtesy radiates a spirit of good feeling and suggests that we are not working entirely for the material returns of work, but for the pleasure of friendly human association as well. Life is not too short and we are never too busy to be courteous. Courtesy is the outward expression of an inward consideration for others, and is always an effective lubricant that smooths business and social relationships, eliminating friction.—Trolley Items.

If your property is desirable and is advertised in the classified—you'll find your buyer.

from Moscow, Idaho, via Halley, and left for the Yellowstone park.

T. Wantell and family are on their way back to Superior, Colo., from a tour along the coast.

Samuel Dixon and party are en route to Chicago from Union, Ore.

## Can't Classify Bacteria

Scientists are still trying to determine whether bacteria are animals or plants. When these ubiquitous organisms were first discovered they were described as animalcules. The layman still insists on calling them "bugs." Haeckel once proposed placing them along with lower plants and animals, difficult to classify in a new classification, "protista." The new tendency is to assign these micro-organisms to the plant world. They resemble some of the algae in form, mode of reproduction and absence of a definite nucleus; yet those which possess flagella show points of resemblance with some of the protozoa. Bacteria closely resemble plants from the chemical standpoint in possessing marked chemosynthetic power in nitrogen metabolism, leading to the production of such complex compounds as amino-acids and purines from no other source of nitrogen than ammonia.

The News is read by the permanent evening classes.

## TO THE VOTERS OF TWIN FALLS COUNTY.

In announcing my candidacy for the nomination for the office of county treasurer on the republican ticket I stand on my record as a resident and citizen of this county for the last 30 years, during all of which time I have been a taxpayer. For 12 years I managed the Parlay hotel for two years was representative of the state legislature, and have recently been acting as bailiff in the district court.

Your consideration of my name for the primaries would be appreciated.—adv.

## SENATORS WIN PITCHING DUEL

Tigers Lose Second Place in 1 to 0 Game; Yanks Drop to Half Game Lead.

DETROIT, July 31 (AP)—Washington tossed Detroit out of second place here today when Zachary won a pitchers' battle with Collins, 1 to 0.

The score:

Washington 1 0 0

Detroit 0 0 0

Batteries: Zachary and Ruel; Collins and Woodall.

YANKS LOSE DOUBLE-HEADER.

ST. LOUIS, July 31 (AP)—St. Louis took both games of a double-header from the New York Yankees today.

Ernie Wiegman won his fourth victory of the season over the Yankees in the first game, holding New York to five hits with excellent support. Danforth pitched good ball in the second game, holding the Yankees to six hits.

Bath drove out his thirty-third home run of the season in the fifth inning of the game and his fourteenth for July, breaking his previous record for a first game.

The score:

New York 1 5 0

St. Louis 2 0 0

Batteries: Hoyt, Shawkey and Hofmann; Wiegman and Severid.

Second game:

New York 4 6 2

St. Louis 5 9 0

Batteries: Gaston, Mameaux and Schang; Danforth and Severid.

INDIANS SPILT GAMERS.

CLEVELAND, July 31 (AP)—Cleveland and Philadelphia broke even today, Philadelphia winning the first, 7 to 3, and Cleveland the second, 4 to 3, in ten innings.

The score:

Philadelphia 7 11 1

Cleveland 3 9 0

Batteries: Heimach and Perkins; Ohio, Hoyt, Fowler and L. Sewell.

Second game:

Philadelphia 3 18 0

Cleveland 4 11 1

Batteries: Meeker and Perkins; Mettler, Messenger and L. Sewell.

TIMELY HITS WIN FOR CHICAGO.

CHICAGO, July 31 (AP)—Timely hitting by Harvey, McGinnis, who is substituting at second for Captain Weaver, by Sherry and Archibald, defeated Chicago to defeat Boston, 5 to 4 today.

The score:

Boston 6 10 0

Chicago 5 10 0

Batteries: Fullerton and Plimack; Mangum, Ovington and Gross.

PACIFIC COAST LEAGUE.

At Seattle, first game—

Seattle 11 17 1

Seattle 4 4 0

Batteries: Fender, McCabe, Slaughter and Peters; Sutcliff, Stovall, Plummer and Tobin, E. Baldwin.

Second game—

Seattle 3 3 2

Seattle 3 3 0

Batteries: Singleton and Cook; Jones and E. Baldwin.

At Portland—

Portland 4 11 2

First Divorce Court.

The first divorce court in England was instituted in 1858. The court consisted of three judges. At the first sitting five marriages were dissolved, and in the first year of the court's operation 38 divorces were granted out of 288 petitions. From the time of the Reformation up to 1858 there had been but 217 divorces in England, granted by acts of parliament. The passing of the divorce act in 1858 the theory in English law regarding divorce was the same as that of the Roman Catholic church, although in practice this rule was not strictly adhered to, and wealthy and influential persons, through parliament, secured freedom from calling this. The divorce act provided that the wronged husband could be released from his obligation to an unfaithful wife, but gave no such recourse to an injured wife, unless the husband's offense in this direction was aggravated by other offenses.

## PHILLIES LOSE TO CARDINALS

Phirates Blank Giants in Seventh Straight Victory; Cubs Trim Brooklyn, 4 to 1.

PHILADELPHIA, July 31 (AP)—St. Louis made it two straight from Philadelphia today by beating Mitchell from the box in the first inning and scoring enough runs to win, 6 to 3.

The score:

Philadelphia 6 11 0

St. Louis 3 12 0

Batteries: Haines and Gonzalez; Mitchell, Couch and Wilson.

DODGERS LOSE, 4 TO 1.

BROOKLYN, July 31 (AP)—Chicago ended an three-game sweep with Brooklyn today, winning, 4 to 1.

The score:

Chicago 4 8 1

Brooklyn 1 6 0

Batteries: Keen and Hartnett; Deane, Roberts, Roether and Taylor.

PHILADELPHIA SEVENTH GAME.

NEW YORK, July 31 (AP)—The Philadelphia Phillies today defeated New York, 5 to 0, in six innings, the game being called because of rain and darkness.

The score:

Philadelphia 5 9 0

New York 0 6 0

Batteries: Minkowski and Smith; Watson, Bentley and Snyder.

Chicago at Boston, called in fourth, rain.

Trinidad's Pitch Lake.

In the thirteen-odd million square miles of territory which comprise the British empire there are many remarkable phenomena, one of the most interesting being the pitch lake of Trinidad in the West Indies. It is a natural reservoir of valuable mineral pitch, 400 acres in extent, from which 200,000 tons of asphalt are exported annually. About half way across Kenya colony, in British East Africa, is Magadi lake, a vast natural deposit of soda. The lake is ten miles long, two or three miles in width, and seen from the mountains that surround it, it has the appearance of an immense ruffled white sheet.

Playtime Important.

It is only for the sake of the free life that material competence and knowledge of fact are worth attaining. Facts for a living creature are only instruments; his play-life is his true life. On his working days, when he is attentive to matter, he is only his own servant, preparing the feast. He becomes his own master in his holidays and in his sportive passions. Among these passions are literature and philosophy, and so much love, religion and patriotism as is not an effort to survive materially. In such enthusiasms there is much as severation; but what they attest is really not the character of the external facts concerned, but only the spiritual uses to which the spirit turns them. G. Santayana in Yale Review.

Rust From Fender.

Damp ashes will remove rust from a steel fireplace fender. Afterward rub well with a little paraffin oil. This will prevent the fender from rusting again.

## PICTURE MAKERS LOOK TO IDAHO

Producers Sense Popular Weariness of California Settings, Says Scout on Visit.

Motion picture producers, in search for new locations to vary the monotony of repeated shooting of Hollywood and California scenic backgrounds, have turned their attention to Idaho, according to "Cap" H. H. Zimmer of Hollywood, who assisted in the production of the film with the National Geographic Society with Fred Kormeloff, former resident of Twin Falls and Boise, visited Twin Falls Thursday in search, they said, of a suitable location for filming of a picture in the near future.

Mr. Zimmer, it was stated, assisted in the filming in Arizona of Harold Bell Wright's latest story, which is to be exhibited in the near future.

It was unlikely the film man stated after hurried visit to Snake river canyon and about the city, that Twin Falls would be selected as the background for a picture in the near future.

It was his opinion that Boise would afford elements which he deemed lacking here.

Mr. Zimmer and Mr. Kormeloff left Thursday evening for Boise.

WESLEYITES TO PLAY FOR BASEMENT HONORS

Baptists and Methodists to Decide the Bottom Position; Pitching Dual Predicted; Attendance Improves.

Once more this week an interesting battle from the is predicted, the Wesleyites and Baptists cross bats on Lincoln field at 8:30 this evening.

The Wesleyites are at last coming into their own as demonstrated by their victory over the Presbyterians last Friday evening. Perhaps the best of a Wesleyite church league is to be found in Master's combination.

Lyons and Brannock.

Seas and Martin constitute a pitching force for the Wesleyites. Both of these players have had considerable experience and Martin, like Lyons, relies chiefly upon speed for his success.

Twilight baseball is always popular with local fans and the map with which the church games are played combined with the enthusiasm shown by the various clubs, is drawing rapidly increasing attendance.

There is no admission charge to these games which are played on Lincoln field.

Forethought.

The small boy entered the shoe-maker's shop and, carrying a small parcel, produced a shoe. "This very much worse looking shoe than the one I brought you," said the shoe-maker, and after looking at it, asked: "What, what do you want to do with this? It doesn't want mending; does it?"

"Yes," said the boy: "that's father's slipper, and there's a just picking up in it. I want you to put it right before he notices it."

"You're a kind little boy," said the old man, beaming. "You must be fond of your father."

"That's that quite," replied the small boy calmly. "You see, the nail's sticking right through the sole, and this is the slipper, father spans me with."

Trains Pick Up Water in Motion.

Trains do take water while in motion. This is a long truth between the rails at certain places along the track, and there is a small spout under the tender which slopes to the front. The fireman lowers this when an engine approaches a water trough and the water is forced by the speed of the train up the spout and into the tank.

Right Ski Shorter for Purpose.

In the olden times, the soldiers of Norway were all equipped with skis. They then had the right one made two feet shorter than the left to allow of making short quick turns. The beginner on this will always meet with many falls, but after short practice will find them great fun in gliding down hills and over the snow drifts.

## DROPS SUIT FOR \$15,000 FROM PARENTS OF WIFE

Ora L. Aman, 51, Withdraws Idaho Action, and Mrs. O. C. Wood for Alimony of \$15,000.

Suit for \$15,000 damages from Mr. and Mrs. Charles C. Wood, parents of his wife, Julia B. Aman, on grounds of alienation of her affection, has been dropped by Ora L. Aman of Elmer, after dismissal of the action being issued Thursday in district court here.

This suit was instituted by Aman last June, a few weeks after he had been named as defendant in an action for divorce instituted by his wife from him and had refused to leave her parents' home since last November.

His wife's parents had so informed her that she had become wholly estranged from him and had refused to leave her parents' home since last November.

AUTO CRASH TO BE GIVEN AIRING

Inquiry into Circumstances Surrounding Collision to be Conducted.

Inquiry into circumstances surrounding an automobile collision Wednesday evening on the highway about four miles west of Twin Falls will be conducted today in the court of Justice of the Peace, C. H. Packard, before whom Cephas Welch of Twin Falls, will appear to answer to charge of violation of the road law, alleged to have caused existing damage to the car of a Chrysler car owned and driven by Frank W. Whitney, complaining witness in the case.

Whitney's car, according to statements made to the prosecuting attorney's office, had been parked on the side of the street following a blowout when the collision occurred. It stood in front of a car driven by B. H. Gilbert of the Guarantee Automobile Works, who had been called to repair the damaged car. Welch, a car, a Marmon, coming from the rear passed the Gilbert car, the Whitney car crashing both front and rear fenders and driving it forward about six feet. Welch's car did not stop after the collision, according to the Whitney car crashing both front and rear fenders and driving it forward about six feet. Welch's car did not stop after the collision, according to the Whitney car crashing both front and rear fenders and driving it forward about six feet. Welch's car did not stop after the collision, according to the Whitney car crashing both front and rear fenders and driving it forward about six feet.

According to statements of Welch and C. D. Thomas, one of the passengers accompanying him when the collision occurred, the crash was unavoidable, and Welch avowed sharply to the right as he did after passing the first standing car in order to avoid collision with another car approaching from the opposite direction.

Marriott Record Broken.

The American Highman says that the record made at Marquette in 1913, and regarded for more than a decade as unbreakable, was broken at the international matches of 1923, held at Camp Perry, September 13, by a squad representing the United States. The Marriott record was bettered 129 points by a team total of 5,301, and the record for the individual championship of the world—1,073, held by Stabell of Switzerland—was surpassed by twelve points.

Life of Locomotives.

In Great Britain a locomotive has a life of from 15 to 18 years. There are many older than this still running, but usually they have been so much rebuilt that their original designers would not know them. During its lifetime the average passenger locomotive on the English railways covers between a million and a million and a half miles.

## UTAH GOVERNOR WILL EXTRADITE

Asks Secretary Hughes for Papers to Get J. B. Allen in Montreal.

SALT LAKE, July 31 (AP)—International aspects arose, what Joseph E. Evans, county attorney for Weber county, appeared at the office of Governor Charles R. Mabey today and asked for requisition papers for the extradition of John B. Allen, alias Matt Smith, alleged confidence man, who has been arrested in Montreal, Canada. Allen is alleged to have swindled Matt A. Johnson of Butte out of \$20,000 in August, 1920, at Ogden.

A letter was written by Governor Mabey today to Charles E. Hughes, secretary of state, asking that a request be made to Canadian authorities that they permit Weber county officers to bring Allen to the United States border. The communication and a set of requisition papers will be taken to Washington by Deputy Sheriff David E. Steele of Weber county and Mr. Evans. Another set of papers will be issued by the governor to become effective when this country is reached.

## SOCIETY

Edited by Mrs. E. B. Williams  
Telephone 300.

Miss Jane Maxwell entertained with dancing party Thursday evening in honor of the Misses Jessie and Ochal Wilson, Esther Stowell and Ella Moll, all of whom are visitors in Twin Falls. Punch and cakes were served throughout the evening, and dainty programs served to remind the dancers of their engagements. Those present besides the guests of honor and the hostess were the Misses Betty Wilson, Peggy Wall, Barbara Noble, Marjorie Woods and Patricia Wilson; Messrs. Harvard Barrett, Edwin Dale, Howard Berg, Russell Potter, Frank McMaster, Blaine Steele, Pat Braman, Holman Gray, Harold Sinclair and John Maxwell, Jr.

On Thursday evening the Idaho Power club with their families enjoyed a dinner at the Chanticleer. Covers were laid for 50 at tables gay with flowers of the season. After dinner dancing was the diversion, with caps and balloons as favors. Miss Eleanor Munson furnished music for the occasion. The entertainment was given by George Latimer of Salt Lake, Mr. Parrott of Boise, Miss Specht and Miss Doehinger of Caldwell.

The Entre Nous Bridge club was entertained Thursday afternoon at the home of Mrs. W. J. Lloyd on Sixth avenue east. All members were present and Mrs. W. W. King and daughter Ayleen were club guests. Mrs. A. D. Bellamy won the prize for highest score, and Mrs. G. E. Halpin for low. A delicious luncheon was served after the game and garden flowers were used for decorations.

On Wednesday evening Mrs. Asher B. Wilson entertained with a charming supper party for the Misses Ochal and Jessie Wilson, Ella Moll, Esther Stowell, Peggy Wall, Barbara Noble, Marjorie Woods, Patricia Wilson, Betty Wilson and Jane Maxwell. A color scheme of yellow was used in all of the decorative details. After supper a line party was enjoyed.

The country home of Mr. and Mrs. W. M. Stowell was a scene of festivity Tuesday evening when the E. Y. U. held one of its enjoyable socials on the spacious lawn. The young people were entertained by games conducted by Miss Ella Stowell and Miss Gladys Wilcox. Dainty refreshments were served at the close of the evening.

Mrs. Fields entertained the Mount View club at the community church Wednesday afternoon. After the usual business the club members had a picnic the following Sunday at Buhl park. Mrs. Fields served refreshments to ten members and seven visitors. The visitors present were Mrs. Dallas, daughter of Mrs. Knott and daughter, Mrs. Hyland, Beth and Charlotte Blodgett. Club members met with Mrs. Hanlon in two weeks.

On Wednesday evening the members of the M. S. and S. club entertained their friends at a costume party at the home of Mrs. Emma Reed. About two hundred were in attendance and the delicious supper with its abundance of food and other good things to eat was served on the spacious lawn. Much credit is due the ways and means committee for its part of the entertainment which was the presentation of "The Story Book Ball" with all participants in costume representing the characters in Mother Goose. Dancing, games and conversation followed during the hours and the guests departed with many words of appreciation to Mrs. Reed for her gracious hospitality.

### LOCAL WOMAN COMPOSES PUBLISHED WALTZ-SONG

Mrs. A. Guilbert, Twin Falls Pioneer Music Teacher, Office "Dreams of the West" to Music World.

Mrs. A. Guilbert, pioneer music teacher of Twin Falls, is the composer of a waltz song, "Dreams of the West," which has been published and placed on sale in Twin Falls and elsewhere throughout the country. It was announced Thursday. The composition has been highly praised by critics, and it is Mrs. Guilbert's purpose to arrange for publication of other of her musical compositions. "Dreams of the West" is to be arranged for orchestra and band music.

The cover page for Mrs. Guilbert's initial offering contains a picture of Shoshone Falls.

### Indians Use Finger Print

Indian chiefs in their dealings with the United States government now use the finger and thumb print instead of their witnessed mark. This applies only to those Indians who cannot read or write.
