

NEVADA CAVES REVEAL POTTERY OF EARLY TIMES

Scientists Find Much of Interest in Search Through Caverns; Figuring Found on Wall Is Aztec.

ELY, Nev., Sept. 24 (AP)—Scientists of the University of Nevada, in an exploration party headed by Governor J. C. Schuchman, recently have read again the pages of the past in caverns near the famed Lehman caves and found them rich in archaeological lore.

Figuring found on the rock wall of a cavern, said to be undeniably Aztec, leads Dr. B. F. Schappelle, archaeologist of the university, to believe the discovery one of the most important in recent years. The finding of pottery in the caves also moves the pottery line about 300 miles further north than any ever before found.

Dr. Schappelle and Dr. Peter Brandt, biologist, have employed six men to assist in the work of excavating. The party found it difficult in places to discern the hieroglyphics, as cloud-bursts had washed much debris into the caverns. Hieroglyphics resembling both Aztec and Egyptian work have been found and members of the party are optimistic in predicting that a veritable underground city will be discovered.

A strong flow of water was discovered 80 feet below the level of Baker creek, and live anguilliforms were found at a depth of 100 feet. A burial cave with an opening four by six feet at the surface, leading to a large underground room, contained five human skeletons, the bones badly disintegrated due to extreme age.

ROCK CREEK JIM CALLED BY DEATH

Aged Igidian Thought to Be More Than 100 Years of Age Dies Saturday Night.

Rock Creek Jim, said to be more than 100 years of age, and known to the earliest white pioneers of southern Idaho, died at the Twin Falls county general hospital, Saturday evening at 11:30 o'clock. His death comes as the climax to a long illness of pneumonia with which he was brought to the hospital from his home on a ranch on Salvation creek, near the upper end of the Roseworth project.

He was said to be one of the last of the remaining Shoshone Indians and his passing will be mourned by many of the earlier settlers to whom he was a familiar figure. He was brought to the hospital a week ago Friday and since that time has gradually been sinking.

The body is at the P. J. Grossman funeral parlors and no funeral arrangements have been made.

300 ACRES OF BEANS AVERAGE 30 BUSHELS TO ACRE; OTHER CROPS

F. W. Alworth of Curry threshed an average of 30 bushels of beans per acre on 300 acres. This is an exceptional yield on so large an acreage. A quarter section of this land is operated by Pond brothers, who have a "combine" bean huller in operation.

H. J. Weaver of Eiler harvested a real crop of onions recently. From five acres of Red Globes he topped an average of 475 sacks per acre, and on 13 acres of Yellow Danvers he clipped an average of 350 sacks to the acre. Glen Swain, living northeast of Holliester, threshed an average of 12 bushels of Grimm alfalfa to the acre on a 40-acre field.

An almost record smashing crop of Grimm was harvested off the McDaniel ranch, two miles west of Holliester. Off four acres of measured land was sold 100 bushels of seed and on 35 acres of land they received an average of 13 1/2 bushels per acre. J. H. McDaniel is the tenant on this place, and they sold for 30 cents in the district. A yield of 84 bushels of wheat per acre is reported by E. E. King, near Twin Falls, on a five-acre tract. Frank Beatty, southwest of Twin Falls, reports a yield of 45 bushels on 160 acres of beans, and 38 on his Great Northern.

EGG MARKETING COMPANY

The Idaho-Oregon Egg Producing association is ready for work, according to E. E. Brown, secretary. The association and a receiving station has been opened at Pocatello. Work will be started at once in Twin Falls county to obtain assembling where the eggs will be packed for shipment to the Pocatello station and from there to the marketing center of the association. Considerable interest is evident in the association, according to the county agent and they have a large number of hens signed up.

GERMANY MAY ENTER LEAGUE

Cabinet Unanimously Endorses Application for Membership in Body.

GENEVA, Sept. 24 (AP)—Germany held the center of the stage in Geneva Thursday and held it dramatically. The members of the council of the league of nations and scores of other distinguished delegates formed little groups in the corridors of the league palace and discussed the big news from Berlin, that the German cabinet had unanimously voted to apply for membership.

The string, which, according to press dispatches, Germany would attach to her application did not seem to worry much the members of the council with whom the correspondent of the Associated Press talked. The prevailing view was that the explanatory note issued by Berlin was sufficiently satisfactory for home consumption and as a sop to the nationalists who are said to be fearful that Germany will be made to suffer new humiliations.

There seems to be no desire whatsoever here to humiliate Germany, but on the contrary, practically everybody tonight was voicing deep satisfaction over Berlin's decision, coupled with words of hearty welcome.

The news reached the league secretary at a sensational moment for the council in secret session was discussing how best to conduct the league investigation of armaments situation in Germany which is one of the rights vested in the council by the treaty of Versailles.

Dutch Unfortunate in Colonization Ventures

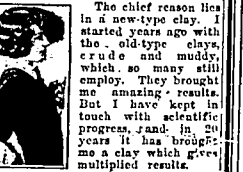

The celebration on the centennial commemorating the tercentenary of the foundation of New York recalls the fact that the great American city was originally a Dutch settlement. It was not until 1604 that it was captured by the British, and the original name of New Amsterdam was changed to New York.

Fate, indeed, has been unkind to the Dutch as colonizers. Not only did they lose their extensive settlements in New York state and Pennsylvania, but their colony at the Cape of Good Hope, founded in 1652, also passed into British hands, says London Answers.

Other instances of lost colonies could be given, especially, if those which changed hands during or after the great war were included. But how many people realize that at one time Egypt was a French protectorate, and that before the advent of Clive the French power in India was greater than the British? The earliest European settlements in India, indeed, were Portuguese; but the Portuguese were driven out by the Dutch, and the latter—again unfortunately—by the British.

Dentistry in History

Records are incomplete, but it is known that the Romans used false teeth and possibly bridge work. The filling of teeth is of later date, a dental bibliography written in 1623 fixing the date of the introduction of this branch of the profession as about 900 A. D.

Edna Wallace Hopper Photo 1923

The chief reason lies in a new-type clay. I started years ago with the old-type clays, crude and muddy, which so many still employ. They brought me no lasting results. But I have kept in touch with scientific progress, and in 20 years it has brought me a clay which gives multiplied results.

Today I have what experts call the "last word in facial clay." It is white, refined and dainty. And it embodies many new discoveries. Unlike the old-type clay, I never knew one tooth what clay would do.

Now I am supplying this clay to others. I call it my White Youth Clay. All druggists and toilet counters have it—exactly the clay I use. I am stating its results to girls who want more beauty and to women who want youth.

My White Youth Clay purges the skin of all that clogs and muddies it. It draws out the causes of blackheads and blemishes. It brings the blood to the skin to nourish and revive it. The result is a rosy afterglow, which amazes and delights. Many women seem to drop 10 years with one application. It firms the skin, combats all lines and wrinkles, reduces enlarged pores. No girl or woman who once enjoys its results will ever go without it.

I want you to know what it does. My good fortune obtained it for me. I was famous as a beauty, so every expert sought to give me the greatest aids to beauty. Now I wish to bring like results to millions.

Write me for my Beauty Book and I'll send with it something else to please you. Edna Wallace Hopper, 536 Lake Shore Drive, Chicago.

When Boy Murderers Were Given Life Terms

(Above) NATHAN F. LEOPOLD and FOREMAN LEOPOLD (Below) JOLETT PRISON.

NATHAN LEOPOLD, father of Nathan Leopold Jr., bowed his head and kept his eyes half closed when he heard Judge John Caverly sentence his son and Richard Loeb to the Joliet prison for life for the murder of 14-year-old Bobby Frank. Foreman Leopold, older brother of Nathan, sat by his side as the court read the decision. The Joliet prison, where the two boys will spend the rest of their lives, is shown in the other photograph.

Man's Composition
Heat, moisture, and air properly combined germinate the seed in the earth. In the same way the spiritual, mental, and physical in man, working together, result in noble manhood. Man is a threefold being.—Grit.

Rainfall in Torrid Zone
The torrid zone has a greater rainfall than any other portion of the world, due to the cloud ring that hovers over it. Along the line of the equator thunder-showers are of almost daily occurrence.

SHANGHAI IS MAIN OBJECT

Forces Allied With Peking Government Renew Attempt Against Port.

By the Associated Press.

While the central government at Peking is carrying out its plans to meet the offensive of Chang Tso-Lin, the Manchurian warlord, who expects some further successes on the Chihli-Manchurian border, including the capture of Chao Yang, just across the line, the Kwantung force, allied with Peking, is making another attempt to reach Shanghai.

This offensive commenced early on Wednesday morning near Taihang, some 20 miles from the port. Meanwhile both Chekiang, defending Shanghai, and Kiangsu, are destroying portions of the Shanghai-Nanking and Shanghai-Hanchow railways to delay movement of troops.

Lu Hung-Hsiang, the Chinese of Chekiang, some of whose troops recently revolted, is having further trouble, some of the workers in the arsenal at Lungwha, where his headquarters are established, having gone on strike.

In too, apparently, fears an attack on Shanghai from the east, having established a new defense line east of the port. It is possible that he expects Sun Chien-Ping, just appointed governor of Chekiang by Peking, to move in this direction with the Fukien army which he organized under orders from the central capital and with which he invaded Chekiang from the south.

Many Women Use Glycerine Mixture

Women appreciate the quick action of simple glycerine, buckthorn bark, etc., as mixed in Adierka. Most medicines act only on lower bowel but Adierka acts on BOTH upper and lower bowel, and removes all gases and poisons. Excellent for obstinate constipation and to guard against appendicitis. Helps any case of gas on stomach in TEN minutes.—Fisher Drug Co.—adv.

TOURIST PARK NOTES

"The melancholy days are come, the saddest of the year," and the tourist park resembles

"Some banquet hall deserted; Whose guests are fled, Whose fires are dead, And all but he departed!"

"Oh, what a fall was there, my countrymen." Forty-five cars on night in August, and only seven Tuesday. But there is one consolation, there are more of the later travelers than are looking for a home in southern Idaho than there were earlier in the season.

Mr. and Mrs. P. O. Hafor, who have been living in Washington and Oregon for the past two years, are moving to Colorado Springs.

R. G. Renssion and partner are going to Portland from Duluth, Mich.

William H. Walter and party, from Denver were brief visitors in our park Tuesday.

Mr. and Mrs. E. B. Day are returning to Missoula, Mont., from Boise.

S. A. Monk and family from Wichita, Kansas, are here looking for work.

R. J. Wolfe and family are here from Montrose, Cal. They will settle here if they can buy a farm that suits them.

DISTRICT GOVERNOR OF ROTARY VISITS IN CITY

Charles Dinwoodey of Idaho Falls on Annual Tour in Interests of World-Known Institution.

Charles Dinwoodey of Idaho Falls, district governor of International Rotary for Utah and Idaho, on Wednesday paid an official visit to the Twin Falls club.

Introduced by C. E. Booth, president, Mr. Dinwoodey delivered an interesting address upon the subject of the aims and objects of Rotary, stressing the ideal of service as chief among Rotary attributes.

Mr. Dinwoodey will leave Thursday morning for Buhl where he will pay an official visit to the Buhl club.

Women Know What They Want —and Get It

A woman buys many different food products, dozens of fabrics and articles of apparel, shoes, things for the home, toilet preparations—quite probably in a year she makes a thousand purchases. Personally to judge the quality of each, she would need to be a chemist, an engineer, a metallurgist and a good many other things.

—So, given the choice, of course she buys the goods she knows in preference to those she does not know. And she is going to have that choice for a good many years. She is boss.

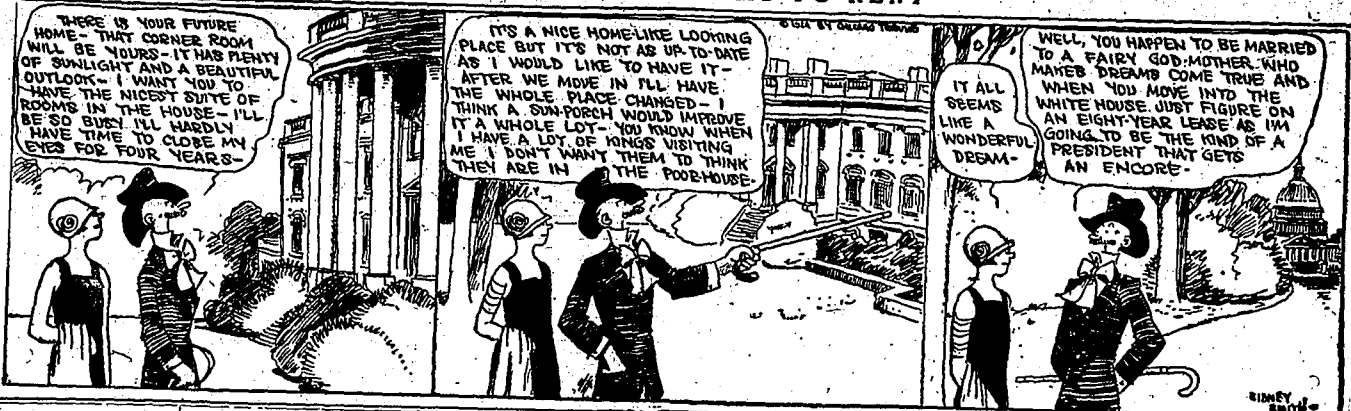

Manufacturers who want to work for her must realize this: They must put in their application at once; convince her of their intention and ability to give her merchandise of known value; and then live up to the standard.

For she is a just but ruthless boss. She neither forgets nor forgives. She rewards loyal service with loyalty, but her condemnation of broken faith is final.

Her favor is the sunlight of success; her indifference, the outer darkness.

THE GUMPS—ROOMS TO RENT

CHINESE LEADER WILL RECOGNIZE SOVIET, REPORT

Dispatches From Mukden Confirm Information That Chang Tso-Lin and Moscow Have Reached an Agreement.

TOKIO, Sept. 24 (AP)—Late dispatches from Mukden confirm previous reports that Chang Tso-Lin, the Manchurian leader, has made an agreement with the soviet government, which covers the future of the Chinese eastern railway and includes the recognition of the Moscow government.

The agreement, it is said, was made between Chang and a representative of the soviet sent from Peking by L. M. Karakhan, the soviet ambassador to Peking.

Apparently Chang, fearing soviet pressure from the north, agreed to accept an agreement regarding the Chinese eastern railway similar to that negotiated at Peking between the central government and Karakhan, which he had previously refused to recognize. Chang denies that he has recognized the Peking agreement, declaring that he has made a separate one, more favorable to his interests. It is apparent, however, according to the dispatches from his capital (Mukden) that he has bought off the soviet in this manner.

MAKES PEACE A CONDITION
PEKING, Sept. 24 (AP)—Chang Tso-Lin is alleged to have signed an agreement with the soviet government on the condition that the latter does not take hostile action regarding the Chinese eastern railway while Chang is engaged in war against the Peking government.

AMSTERDAM

AMSTERDAM—Garrit L. Peters and daughter, Miss Jeanette and Margaret, were Sunday afternoon visitors at Twin Falls.

Silas Huddleston and family from Filer, attended church services in Amsterdam Sunday.

W. R. Skinner and daughter, Miss Florence, and L. V. Denn, were county seat business visitors Monday.

Miss Jeanie Kunkel motored to Jerome last Thursday. Miss S. Chandler returned with her to spend some time with her daughter, Mr. and Mrs. Dale Kunkel and family.

Mr. and Mrs. Guy Peters of Hollister, Ed Pastor and family, Dan Engle, Neal Bos and the Garrist Peters family were Sunday evening guests at the Duitman home.

Messrs. Hugh and Paul Beed were business callers in this vicinity one day last week.

Among those from this vicinity who went to Twin Falls on Sunday to hear William Jennings Bryan lecture were A. E. Kunkel and family, Ed Pastor and family, C. L. Kunkel and family, N. H. Seitzma and family, Mr. and Mrs. John Farmer, Mr. and Mrs. Beryl Kunkel and Neal Bos.

J. E. Rickers of Filer was a business caller in Amsterdam and vicinity on Monday.

Mrs. Lawrence Tollins and little daughter of Twin Falls, are spending a few days at the Garrist Peters home.

Charles Human, Ewing Sklar, C. B. Pershall and Fred Lehman are spending some time in the hills this week cutting and hauling pole home.

Gilbert Hall was a business caller in Amsterdam on Saturday, having beef to deliver to the store.

The Courteen seed buyer, Mr. Lehr, from Twin Falls, was in the Amsterdam vicinity on Saturday in the interest of the company.

Misses Edna and Lois Pershall were Sunday visitors with the friends, Misses Lottie and Esther Skinner. Mrs. Garrist Peters, Mrs. A. E. Kunkel and Mrs. Mina Duitman attended Ladies' Aid meeting in Hollister on Thursday afternoon.

DEATH SENTENCE IS PRONOUNCED ON JOHN JURKO

Court Tells Man Who Killed Vandemark He Must Face Gallows for Crime; Notice of Appeal Is Filed.

Judge W. A. Babcock in district court Tuesday morning sentenced John Jurko, charged with shooting to death A. B. W. Vandemark, to hang at the state prison at Boise on the morning of November 14. Sentences pronounced by Judge Babcock followed the recommendation of a jury which heard the evidence in the case and which late last Friday night brought in a verdict of guilty of first degree murder and recommended that the death penalty be imposed.

A short time following pronouncement of sentence W. P. Guthrie, chief counsel for Jurko, and his assistant, Homer C. Miller, filed notice of appeal to the state supreme court. The appeal automatically stays execution of the sentence and until the supreme court either reverses the decision of the lower court or orders a new trial, Jurko can not be executed.

Says He Is Sorry.
"I am sorry for what I did," said Jurko, when asked by the court if there was any reason why sentence should not be pronounced. "My mind was a blank during the time I am did not know what I was doing. At the trial several of my main witnesses were not here to testify and I do not think the jury gave me a square deal."

Jurko was hanged, and even showed evidences of the strain under which he has been laboring. His voice as he spoke to the court was agitated and he had the look of a man whom hope had fled. Judge Babcock, following the statement of Jurko, declared that he believed Jurko had a fair trial and immediately pronounced sentence.

Following sentence Jurko was taken back to his cell in the county jail where he has been held since the shooting and where he will remain until he is taken to Boise, where, unless he is granted a new trial by the state supreme court or unless he obtains a pardon or commutation to life imprisonment, he will be put to death.

Jurko hangs it will be the first hanging in the state of Idaho in many years. It is, according to officials, the first sentence of death pronounced in the state since the trial was one of the shortest held. One day and the morning hours of the second were taken up with the selection of a jury. Testimony was taken the second day and Friday was the third and closing day of the trial. The jury took into its hands the case of Jurko shortly after 4 o'clock Friday afternoon and at 10:50 o'clock that night brought in a verdict of guilty of murder in the first degree.

Sheep Easily Handled
With a dog or two, one man can herd 2,000 ewes with their lambs on the ranges of the West.

Meaning of "Dickens"

"Dickens" is an interjectional expression signifying astonishment, impatience and irritation. It is usually used with words of interrogation such as what, where, how and why. The name has nothing to do with Charles Dickens. It was used by Shakespeare over two centuries before Dickens was born. In "Merry Wives of Windsor" Mrs. Page says: "I cannot tell what the dickens his name is my husband had him of." "Dickens" is believed to be a euphemism for devil or devil, which have the same initial letter.—Pathfinder Magazine.

Now fall to have it on hand.

This competitive test proved Double Dyed Denim fast color.

If only every overall wearer might have seen this test made! The superiority of Double Dyed Denim was proven in a most startling manner.

Samples of denim woven at different mills were sewed together. One of these samples was the Double Dyed Denim. The entire strip was soiled with dirt and grease. Then it was sent to the laundry.

Powerful chemicals were used to—ke out the dirt and grease. Again and again this process was repeated. Illustrated at the left you see the result.

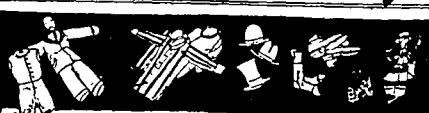

Some of the pieces were almost white; others a dirty gray; one showed a pale blue. Standing out in striking contrast was the Double Dyed Denim. It came through tough and strong as ever and a wonderful bright blue.

Double Dyed Denim is made only into Oshkosh B'Gosh Overalls. It was originated and is controlled by the Oshkosh Overall Company. Try a pair. That's all we ask. They must make good or we will.

TWO TEAMS NEED GIANTS AGAIN ONLY WIN THREE OF FOUR GAMES

Giants and Senators Can Clinch Pennants With Little Effort Regardless of Others.

NEW YORK, Sept. 24 (AP)—The Giants and Senators by winning today need only to take three of their four games each to win in order to clinch the pennants of their respective leagues, even if the Pirates, Robins and Yankees win their remaining contests.

New York maintained its one game lead over the Robins and shaved Pittsburgh to three and one-half contests behind first place by driving Yde from the box. The beating of the Pirates today, 4 to 2, Pittsburgh now must win its six games to play while the Giants are losing two of their four to take the flag. Brooklyn, by winning its two with Boston, could tie the leaders if they lost two out of four but cannot win unless McGraw's team loses three of their four. The Robins won from Chicago today.

Washington maintained its two game lead by beating Chicago, 6 to 3, while the Yankees defeated Cleveland, 2 to 0. The champions can now clinch the pennant only by taking their four games, while Washington loses three to four. The Senators can tie by winning two.

SENATORS BEAT CHICAGO 6 TO 3

Last Game in Windy City Goes to Washington; Have Two-Game Margin.

CHICAGO, Sept. 24 (AP)—Washington closed its American League season here today by taking the final game of the series from Chicago, 6 to 3, and winning the sweep of the series. The victory enabled them to retain their two-game margin over the Yankees, who shunted the Indians to the rear. The Senators' hitting in three innings of innings Thurston, White Sox ace, and by playing sensational ball behind Zachary and little lumber up, but Zachary's mates came to his rescue.

Sam Rice continued his record of safe hitting by reaching in the opening inning. He has not hit safely 31 consecutive games.

The Senators travel tomorrow and have no more games to play with Boston.

The score: R. H. E.
Washington 6 12 0
Chicago 3 7 0
Batteries—Ogden, Zachary and Ruel; Thurston and Crouse.

YANKS VICTORIOUS.
CLEVELAND, Sept. 24 (AP)—New York made it three straight from Cleveland today, winning, 2 to 0. While Cleveland batted Jones as hard as the Yankees did, they each making nine hits, had base running by the locals spoiled a chance to score in the seventh while a double play killed them off in the ninth when they had the bases filled with only one out.

Uhl's pitching was so effective the Yankees scarcely threatened until the seventh when they scored the only runs of the game. With one out Mussel lifted a pop double to short center that fell safely between Summa and Fawcett. Ward followed with a low liner to center. Summa tried to make a sneaking catch and the ball went by him for three bases. Mussel scoring, Scott's bounding single through the drawn-in infield scoring Ward.

It was the only inning in which the Yankees made more than one hit.

The score: R. H. E.
New York 2 9 1
Cleveland 0 0 1
Batteries—Jones and Bengough; Uhl and L. Sewell, Walters.

BROWNS LOSE AGAIN.
ST. LOUIS, Sept. 24 (AP)—The Browns closed their home season today by losing their third straight game to Philadelphia Athletics. The score was 4 to 2. Manager Slater sent several rookies. Of 10 hits in the game, six were for extra bases.

The score: R. H. E.
Philadelphia 4 9 0
St. Louis 2 3 0

No other American league games were scheduled.

GIANTS AGAIN DEFEAT TEAM

New York Takes Second Game From Pittsburgh by Score of 4 to 2.

NEW YORK, Sept. 24 (AP)—Battling forward with a irresistible rush, their fourth straight pennant in eight, the New York Giants today sent Pittsburgh down to defeat for the second successive time, 4 to 2. It was a crushing and probably decisive blow to the pennant hopes of the Pirates who are now three and a half games behind the champions. They have a slim chance only to catch the leaders.

The makeshift team with which John McGraw is making his last stand, again covered itself with glory. Behind the fine twirling of Virgil Barnes the Giants played in sparkling fashion. The pirates were outgunnered and out-gamed at every turn.

Pittsburgh outbatted the Giants for the second straight day, but again they failed to make their blows count with the exception of the seventh and eighth innings. Here again, however, the Pirates were unlucky for on neither occasion was there anyone on base to help swell the total.

Giants rookies, plugging up gaps left in their machine by injuries, were again heroes, for Wilson scored the first run with a direct drive to right field in the fifth, while Bill Terry, substitute first sacker, came through with a telling single in the sixth, scoring Lindstrom with a second run after the Pirates had purposely passed Irish Muesel to get the record.

This piece of strategy that went awry proved in the turning point of the game for the Giants went on to score three runs altogether in the sixth and clinched the game.

The pirates had men on bases in all but two innings, the sixth and eighth, and nine runners were stranded. They got two hits in the second and fifth innings, but failed to score when Barnes tightened and was aided by some fine support, particularly by Wilson in center field.

Yde, once left hander, started for the Pirates, but retired after the bombardment in the fifth and sixth and Johnny Morrison finished the game. It was only the third defeat Yde had suffered this season against a record of 15 victories and it was his first setback at the hands of the Giants.

The score: R. H. E.
Pittsburgh 2 9 1
New York 4 6 1
Batteries—Yde, Morrison and Smith; Y. Barnes and Gowdy.

BROOKLYN VICTORIOUS.
BROOKLYN, Sept. 24 (AP)—Brooklyn

PACIFIC COAST LEAGUE

At Salt Lake—	R. H. E.
Vernon	7 9 1
Salt Lake	7 11 3
Batteries—Ladolph and Murphy; McCabe, Ponder and Peters.	
At Los Angeles—	R. H. E.
Portland	3 5 3
Los Angeles	8 10 0
At San Francisco—	R. H. E.
Seattle	5 8 2
San Francisco	4 8 0
At Sacramento—	R. H. E.
Oakland	3 15 3
Sacramento	4 7 4

won the final game of the Chicago series today, 4 to 2, after a strenuous battle. Grimes went the route but was always in difficulties, the Cubs making 13 hits, including a home run by Adams. Grimes pulled himself out of several tight holes by fanning the third man to retire the side. Faultless fielding helped him at other times.

Alexander started for Chicago but was taken out in the fourth after the Dodgers had scored four runs, three in the second on three errors and two outs and one in the fourth on a pass to Loftus, a single by Grimes and High's sacrifice fly. Pinch hitters and new pitchers followed each other rapidly. Wheeler was charged with the defeat when Boston scored two runs off him in the seventh after his team had tied the game. High opened the seventh with a triple and Mitchell walked. Wheat's scratch hit sent in High and two force outs scored Mitchell. Grand slam on four singles.

The score: R. H. E.
Chicago 5 13 8
Brooklyn 4 9 0
Batteries—Alexander, Kaufman, Wheeler and Hartnett; Grimes and Taylor.

ST. LOUIS WINS.
PHILADELPHIA, Sept. 24 (AP)—Platt Rhem, recruit pitcher from Cincinnati, held Philadelphia to nine hits today and was rewarded an easy victory, 9 to 4. The youngster struck out seven of the locals and in the second inning fanned the side. Hearnby hit his twenty-third home run of the season in the first inning with one on base. Mueller also made a circuit ball.

The score: R. H. E.
St. Louis 9 13 0
Philadelphia 4 9 1
Batteries—Rhem and Gonzales, Shepherd; Bishop, Glazner, Weisner and Wendell.

BOSTON TAKES TWO GAMES.
BOSTON, Sept. 24 (AP)—Boston took both games from Cincinnati today in a twin bill here, dropping the Reds from the first division. The score of the first game was 7 to 6. Gonschew made three singles and a double in four times at bat. With the Braves giving Barnes better support than Cincinnati's recorded Sheehan, they won the second game, 5 to 2.

First game: R. H. E.
Cincinnati 6 13 1
Boston 7 15 0
Batteries—Donohue and Wingo; Gonschew and O'Neill.

Second game: R. H. E.
Cincinnati 2 8 1
Boston 5 8 1
Batteries—Sheehan and Hargrave; Barnes and Gibson.

FALLS DISTRICT SELLS BONDS TO TWO FIRMS

(Continued from page one.)

in denominations of \$1000 each, bearing date of July 1, 1923. Payments on account of interest and principal are to begin October 1, 1923, 11 years hence, when there will be due and payable \$125,000. Payments thereafter will be made annually in increasing amounts until October 1, 1934, when the final payment of \$395,000 will fall due.

As evidence of good faith, the purchasers, represented by R. M. Ellis, delivered today to the district a certified check for \$50,000 which is to be forfeited as liquidated damages in event of any breach of the contract on the part of the purchasers.

Sessions, at which the bids were

opened and contract awarded continuing for two days, were attended by all of the members of the district's board of directors. Considerable time was taken up today following announcement of the directors' decision by argument on the part of representatives of competing bond houses each endeavoring to show that his offer was the most advantageous to the district.

R. E. Shepherd, president of the board of directors, left Wednesday evening for American Falls to attend a conference at which it is expected representatives of the upper river water users will open formal negotiations relative to their participation in the American Falls project.

Contract for construction of the American Falls project is to be awarded this month. It is estimated that the construction work involved in the project at American Falls will occupy four years' time, while construction and installation by the reclamation service of a large power plant at American Falls may occupy an additional three years. In the event of anticipated progress with construction, according to F. A. Banks, reclamation service engineer in charge of the project, it is believed that the undertaking may be so far advanced that some water may be stored for the coming season.

Construction work will begin by October 15, according to information from the United States navy, where it was announced that advertising for bids from contracting firms would begin on September 30.

At least \$50,000 will go into the work before its completion and available funds for starting the job will total \$3,000,000, which will probably be on hand waiting for the letting of the contract by October 1.

If the contract is let to a sufficiently large company equipped to carry on such construction, it is believed the much will be accomplished during the last months and early winter.

The first unit of the dam which is to be built at this time will hold 1,700,000 feet of water in storage and it is thought that the reservoir will be ultimately constructed to hold 3,000,000 acre feet of water.

Of the \$5,500,000 necessary to the construction to this project more than half is being furnished by the users who benefit by the building of the reservoir.

GEORGIA OFFICER WINS PROMINENT RIFLE EVENT

CAMP PERCY, Ohio, Sept. 24 (AP)—Lieutenant Louis W. Jones of the United States rifle team, stationed with the Twenty-ninth United States Infantry, Fort Benning, Ga., Tuesday won the president's match, one of the most coveted prizes of the National Rifle association, with a score of 125 out of a possible 200. Lieutenant Jones piled up 45 at 200 yards; 49 at 300 yards and 88 at 500 yards, despite a tricky wind which blew over the range. Ensign Clarence Vogels, San Francisco, was second with 190. The winner will receive an autographed letter from President Coolidge and a gold medal. The 100 high competitors known as "the president's hundred," win a badge.

The regimental team match was won by the United States naval team, with the United States ship Colorado, with a score of 533 out of a possible 600. One point behind was the United States naval academy team, Annapolis.

COOLIDGE RENEWS HIS PLEDGE FOR ECONOMIC GOVERNMENT IN U. S.

WASHINGTON, Sept. 24 (AP)—President Coolidge today renewed his pledge for an administration of economy at home and harmony in foreign relations so that taxes might be reduced and peace and prosperity be established. Speaking before delegates attending the convention of the National Association of Retail Druggists, the president also declared for the policy of "less interference by the government in business, and urged as a guide in such relations the principle of "service and mutual consideration."

The brief speech was delivered at noon from the south porch of the White House, after Mr. Coolidge had spent a busy morning receiving callers on various missions and attending to other business. "This afternoon, I completed the address he will make tomorrow night at Philadelphia at exercises for the 150th anniversary of the meeting of the first Continental congress.

CONFISCATED LIQUOR MUST BE DISPOSED OF SOON AFTER DECREE

WASHINGTON, Sept. 24 (AP)—United States attorneys hereafter must dispose of confiscated liquor immediately after courts decree its confiscation, under orders issued by Attorney General Stone in an effort to check leakage from seized stocks in storage.

It has been the practice to sell the confiscated stocks to purchasers entitled to possess liquor and turn the proceeds into the treasury, but the method has not always worked out satisfactorily, it was said today, since delays in thus disposing of it, amounting sometimes to a year or more, have given time for theft or fraud.

Mr. Stone is desirous of stopping up these apertures and the new instructions, drawn by Mrs. Mabel Walker Willebrandt, assistant attorney general in charge of prohibition enforcement, she believes, will have the desired effect.

ANNOUNCEMENTS

The Yeoman lodge will hold a regular meeting Friday evening at the I. O. O. F. hall. All members are asked to be present to assist in making arrangements for the children's festival. Refreshments will be served.

The Women's Foreign Missionary society of the Methodist church will meet in the church parlors Thursday afternoon at 2:30. The pastor, Mr. Humphrey, will talk.

Members of Primrose Rebekah lodge are asked to meet at the I. O. O. F. hall Thursday morning at 9:45 to attend the funeral of Mrs. Elizabeth Cochran.

SOCIETY

Edited by Mrs. E. B. Williams
Telephone 355.

Mr. and Mrs. Frank Magel, Mr. and Mrs. J. W. D. Smith, Mr. and Mrs. Gled Miller, Mr. and Mrs. R. P. Parry, Mr. and Mrs. Sidney Graves, and Mr. and Mrs. Merila Batley enjoyed a progressive dinner on Wednesday evening. The cocktail course was served at the home of Mr. and Mrs. R. P. Parry. This course was served by candle light, the table decorations being marigolds and lavender cosmos, with yellow place cards and yellow candles in silver sticks. The soup course was served at the home of Mr. and Mrs. Sidney Graves, the party being seated at small tables centered with low bowls of callendia, the place cards carrying out the autumn theme. Mr. and Mrs. Gled Miller and Mr. and Mrs. Frank Magel were hosts for the meat course, which was served at the home of Mr. and Mrs. Miller. A bowl of old-fashioned flowers and white candles in silver sticks decorated the table. Salad was served at the home of Mr. and Mrs. Batley, a bowl of zinnias in pastel shades centering the table with nut cups and place cards carrying out the shades of the flowers and green tapers in silver sticks lighted the table. The last course was enjoyed at the home of Mr. and Mrs. J. W. D. Smith, the guests being seated at one long table. A modern luncheon set was used and a brass bowl filled with marigolds formed the centerpiece, and brass candlesticks holding orange candles carried out the color scheme.

Mrs. Margaret Field entertained with an announcement dinner on Tuesday evening, honoring Francis Ross Jennings of Cleveland, N. D., and Miss Louella J. Blood of Jamestown, N. D. A three-course dinner was served to twelve guests, the table being decorated with fall flowers in the pink and white shades, with place cards and nut cups carrying out the color scheme. A modern luncheon set was used and a brass bowl filled with marigolds formed the centerpiece, and brass candlesticks holding orange candles carried out the color scheme.

tain a cat upon which was written, "Lion and Rose—tomorrow." After dinner the guests motored to the home of Mr. and Mrs. Charley Hill, where a radio concert and dance were enjoyed. The wedding of Mr. Jennings and Miss Blood was solemnized on Wednesday afternoon at 4:30 at the Episcopal church in this city, the Rev. L. P. Nissen reading the ring ceremony in the presence of a few intimate friends of the bride and groom. Miss Blood wore a dark blue suit and a gray squirrel clover, fur with black hat, shoes and gloves. The bride is the daughter of H. E. Blood of Jamestown and a graduate of Jamestown college. Mr. Jennings is the son of P. E. Jennings of Cleveland and has just been discharged from the service. The bride and groom are leaving immediately on an extended honeymoon trip through California and Arizona.

The M. S. and S. club met at the home of Mrs. Wilbur Burrows Wednesday afternoon at which time members responded to roll call with recitation of the first verse they learned after starting to school. After a vacation of several weeks the club met and gave an instructive program which was in charge of the home economics committee. A paper was read by Mrs. Frank Schubert, "Household helps" was the topic selected by Mrs. Lowrey in her talk. Four new names were added to the roll call. Following the social hour refreshments were served. The hostess was assisted by Mrs. Daniel and Mrs. C. W. Grigg.

FUNERALS

COCHRAN—Funeral services for Mrs. Elizabeth A. Cochran, who died at her home on Van Buren street, late Tuesday evening, will be held at the Methodist church at 10 o'clock Thursday morning. The Rev. Mr. Humphrey will officiate.

For the past four months Mrs. Cochran had been a sufferer from cancer, an operation a little more than a year ago having failed to wholly remove it. She was nearly 53 years of age and leaves six children to mourn her loss, as well as a large number of friends. The children are: Mrs. Darrin Small of Wheatland, Indiana; Mrs. James P. Williamson of Orange, Cal.; Ollie Cochran of Portland, Ore.; John W. and Kenneth Cochran, and Mrs. Fred J.

Kelly of Twin Falls. Burial will be made in the Twin Falls cemetery.

KRUEGER—Funeral services of Edward Krueger, whose death at the age of 82 years occurred Monday evening at the home of his son, Frank Krueger, near this city, will be held at 2 o'clock this afternoon in the Greenwood chapel and will be conducted by the Rev. O. D. Harris of the Christian church. Burial will be in the Twin Falls cemetery.

TWIN FALLS WEEKLY NEWS
Established 1904
Twin Falls News Publishing Company,
Lda. Publishers
Issued on Thursday of every Week
Entered as second class matter De-
cember 12, 1904 at the Post Office
at Twin Falls, Idaho, under the act
of Congress of March 3, 1879.

A LESSON.
On Saturday, October fourth, Twin
Falls is to receive a visit from one
who is pre-eminently at the top of the
list in his chosen occupation.

In all the history of the business of
firearms there probably never was a
man able to equal the record of "Ad-
Tupperwein of San Antonio, Texas, in
the use of rifles. This particular line
of activity may not be of interest to
everybody but to those who are in-
terested his visit should prove vastly
entertaining.

Mr. Tupperwein performs several
tricks with a rifle which have never
even been approached by any other
among the so-called rifle experts of
the present or any other generation.
His accuracy with any kind of a tar-
get is marvellous but his endurance
records absolutely place him in a class
by himself. At one time Mr. Tupper-
wein fired over seventy thousand shots
from a small rifle at little blocks of
wood thrown into the air. The per-
formance lasted several days and en-
ded only when the available supply of
ammunition ran out. He missed less
than fifteen in the entire seventy
thousand. He made runs of ten thou-
sand, twelve thousand and thirteen
thousand without a single miss. This
record has never been even remotely
approached.

Tupperwein is a good example of
what can be accomplished by steady,
persistent adherence to a single pur-
pose. He disclaims any and all nat-
ural instinct aids; he sights his rifle
as he fires just as does any other man.
Constant practice is his main expla-
nation, coupled of course with good
eyesight and perhaps a natural apti-
tude for firearms.

There is a lesson in the work of
this man apart altogether from his
prowess with the rifle. He proves the
value of patient, painstaking persist-
ence as an aid to success. And the
lesson applies not only to shooting but
to every other occupation under the
sun.

Given the man's ability plus per-
sistence, Mr. Tupperwein probably
would have been equally successful
in any work which he might have seen
fit to follow.

It's all in the point of view. "Al-
together," says Captain McMillan, of
his latest Arctic hibernation, "it was
an extremely mild, open winter. The
lowest temperature was only forty-five
below zero."

THE REASON FOR NON-VOTERS.
Numerous organizations in many
communities throughout the country
are making special efforts nowadays to
get voters out on election days. Two
things are being accomplished by these
efforts. In the first place, citizens
are being aroused to their responsibil-
ities at the polls. In the second
place, this effort is bringing to light
some of the causes for indifference to
the franchise, and improvements in
voting methods are likely to follow.

For example, an authoritative survey
of non-voters disclosed the following
reasons for their neglect:

They were not interested in "poli-
tics" and felt it did "no good" for
them to go to the polls when issues
involved were not clear and candidates
were too numerous to be well known.

The survey therefore recommended
that interest in voting be stimulated
by "a simpler and shorter ballot, bet-
ter organization of information about
the principal issues in any campaign
and wide publicity explaining the
technique of voting." On the edu-
cational side, it was urged that a
broader system of social education be
established in the secondary schools,
and more careful political education
be undertaken with newcomers in any
city or other community.

In other words, education for citi-
zenship and simplification of the elec-
tion and campaign routine are the
steps necessary to make an active vot-
er of the indifferent one.

THE NEW MUSICAL INSTRUMENT.
Music stores, after looking upon ra-
dio for some time with mingled awe
and alarm, may change their tune. A
recent convention of music dealers
agreed that "music merchants should
rescue radio and make the music store

Breakfast Food

"Matrimonially Speaking"

By MRS. HUGH MEKAY

My husband gets "opposite" spells.
If he's having one of these attacks
I can tell it the minute he comes into
the house.

All I have to say is: "My, but it
was a hot day for this time in Septem-
ber, wasn't it?"

And he raises his eyebrows and comes
back with: "No, I didn't think so.
It seemed rather cool to me at the
office."

And then we're off for the rest of
the evening.
Every remark I make draws a clear-
cut negative from him. You might
think we were two lawyers trying a
case against each other.

Even when I make the comment that
he always makes about things, he re-
verses his position and takes the other
side.

If I say at dinner, for instance, that
I think the coffee is a little weak, he
doesn't hesitate a second in telling me
that it seems frightfully strong to him.

If I say: "That phone's been ring-
ing all evening, why can't people have
a rest?" he responds with: "Well,
why shouldn't our friends call us up?"

I guess that's why women call them
the opposite sex!

Tomorrow: My wife is afraid of
bugs.

its home," instead of ostracizing it.

"The appeal of radio is nine-tenths
musical," says one big music man.
"We must crawl out of our shells and
recognize that the public admits no
peer to radio as a musical instrument.

It combines music and romance. More
radio sets are sold than all other in-
struments put together. Why can't
we recognize the situation and give
the people what they want? Our tak-
ing over the radio instrument business
would not mean that we would have
to sell one less clarinet pad or violin
string or piano, either."

This is probably true. A love for
music, as for other good things,
"grows by what it feeds on." Radio,
which reproduces all the other musical
instruments, may not displace any of
them.

It must be admitted that a radio
receiving set gains new dignity when
it is considered a "musical instrument."
The music merchants will
hardly lose anything by recognizing
it as such. Coming late into the game,
however, they will be somewhat at a
business disadvantage in handling ra-
dio sets and materials, as compared
with dealers who have specialized in
radio and grown up with it.

THE FORUM

EDITOR NEWS:

I am sure a long-suffering community
will any amen.

causing the annoyance caused by chil-
dren at the park Sunday during Mr.
Bryan's address, or, rather, to the criti-
cism of parents who have no regard
for the rights of others, but seem in-
clined to consider such occasions as
play hours for their offspring.

It is particularly noticeable when
people have gathered to enjoy the
splendid concerts given by our band.
On many such occasions it has been im-
possible to hear the music and those
who otherwise would have enjoyed a
delightful hour, have left in disgust.

It is not the fault of the
children, but thoughtless parents, who
probably have no music in their souls
and no regard for the artistic taste
of others.

Another evidence of thoughtlessness
is the way they allow the children to
destroy slumberly in the park. Last
Sunday children were seen swinging
on young trees, which were bent almost
to breaking. Surely parents have
heard the old saying: "As the twig is
bent, the tree inclines," and if so,
should apply it in a fitting manner
to the future generation shall not
be wholly unimpaired of the rights and
privileges of those around them.

—OBSERVER.

NEW BEAN MACHINE INTERESTS FARMER

Bean harvest is well under way in
the vicinity of Twin Falls, and some
fair yields are reported. The newest
novelty in the way of harvesting is
the combine bean harvester.

This rig, operated by three men, does
the work of approximately 15 harvest
hands. It is pulled by a large type
oil pump, and its mechanism is
located in the bottom of the harrow
coupled up with a steel tooth roller,
operating practically the same as a side
delivery hay rake.

"This roller in turn places the pods
on a rapidly moving elevator which
conveys them directly into the feeder.
One serious drawback to the machine is
the danger of small stones being scoop-
ed into the hopper, say farmers, but
if this rig is at all efficient it will dis-
count the old methods of threshing
beans 100 per cent.

One of the unique machines is oper-
ating near Curry, owned by the Pond
brothers.

PROPOSED GAME LAW OUTLINED TO SPORTSMEN

E. M. Sweeley Tells of Pro-
posed Legislative Steps to
Take Department Out of Pol-
itics; New Features.

Members of the Southern Idaho
Fish and Game association met in the
Twin Falls Chambers of Commerce
room Tuesday night with a number
of farmers from the Twin Falls sec-
tion at which time an outline of the
proposed legislative action to be taken
in the legislative session of this year
was set forth by Everett M. Sweeley,
one of three members appointed by the
state association on the legislative com-
mittee.

Plans are being made in the bill to
be introduced which would do away
with a state game warden and in his
place put non-political commission-
ers without pay for a period of five
years and have control of the propaga-
tion and protection of fish and game
within the state.

Not Yet Complete.
Mr. Sweeley in his outline, which
he declared was not complete and
all phases by the members of the com-
mittee before the middle of November,
dealt with the manner in which the
commission could be put upon a divi-
sion basis.

He explained the proposal to divide
the state up into three districts, each
of which has its own game warden
under the supervision of three super-
intendents. Each superintendent is to
be responsible to the commission, the
game wardens in each district being
responsible to the superintendent. These
game wardens would be employed, re-
sponsible of political faith and would
be hired with a view of getting rid
of the knowledge that so long as
their work was satisfactory, a change
in administration would not affect
their positions.

He explained the proposal to divide
the state up into three districts, each
of which has its own game warden
under the supervision of three super-
intendents. Each superintendent is to
be responsible to the commission, the
game wardens in each district being
responsible to the superintendent. These
game wardens would be employed, re-
sponsible of political faith and would
be hired with a view of getting rid
of the knowledge that so long as
their work was satisfactory, a change
in administration would not affect
their positions.

Manner in which licenses would be
sold was also taken up. A proposal
was made that farmers would be
permitted to have their own land
licensed and hunt on their own land
without licenses. The bill may also
ask that each farmer be vested with
the power of a deputy game warden
in so far as having authority to de-
clare and obtain a view of the hunt-
ing license when upon his land.

Numerous other features of the bill
were outlined and the meeting was thrown
open to general discussion to gain an
idea of the wants and needs of the
farmers and sportsmen.

Proceeding the report of Mr. Sweeley
at the meeting which was presided
over by W. H. Driebe, John E. Galt,
game warden for the district, read
the report of the game department's
activities during the last 10 months.
According to the report the work of
the department has been different to
the number of men employed an-
nually by the game department.

The number of men employed an-
nually by the game department fluctuates
according to seasons. At least 85 per
cent of those who have been employed
during the last four years are still
with the department, this report says.
Certain areas were closed to hunting
in the same manner as in the past.
Certain areas were closed to hunting
on various kinds of birds where the
monitors was necessary to prevent the
killing off of too much of the game.
Game birds were also planted where
they would multiply and in sections
where sportsmen have been none,
the report shows. A strong policy of
protection of big game has been ad-
hered to. Preliminary annual work has
been carried on extensively by special
men. The department has also co-
operated so far as possible in the ex-
termination of vermin such as mag-
pies and hawks and during the last
year paid hunters for magpies and
crows and their eggs.

Cooperation has been given the

By C. D. Batchelor

(Reg. U. S. Patent Office)

SNAP-SHOOTING THE MILLENNIUM
Husbands will have highly developed powers of concentration.

forest service in fighting fires which
threatened to ruin game cover and
feeding grounds. Fish culture work
has been carried on under the direc-
tion of the new fish commissioner. In
1923 approximately 8,000,000 fish were
reared and distributed from the state's
various hatcheries. Salvage work was
the undertaking. A saving is being
made through obtaining fish eggs from
strangers.

Revenue of the department during
1923 amounted to \$139,022.12, which is
less than that of the year 1922 by
approximately \$8000, due to matters
of legislation which saved women from
paying licenses to fish and trap. In-
come from the sale of the closing of
the season to a more or less extent.
While a decrease is shown in 1923 as
compared with 1922 during the first
seven months of the present year a
gain is evident of approximately \$10,-
000.

Official of Parks Pleased With New Idaho Attraction

Congressman Smith and Party
Return from "Craters of the
Moon"; Albright in Favor of
New Roads.

Congressman Addison T. Smith re-
turned from the Craters of the Moon
national monument, having remained
at Shoshone Saturday night to meet
Colonel William Jennings Bryan, and
come with the committee to Twin Falls.
Mr. Smith knew Colonel Bryan when
he was in congress in the early nineties
and he recognized his acquaintance
during intervening years.

Mr. and Mrs. C. E. Lind and Mrs.
Apt accompanied Congressman Smith
to the Craters of the Moon monument
Friday, where they met, by pre-arrange-
ment, H. M. Albright, superintendent
of Yellowstone national park and as-
sistant director of national park ser-
vice, who had been directed by the
secretary of the interior to make an
investigation of the monument with a
view to laying out a road system. J. N.
Haynes, the official photographer of
the Yellowstone party, was also in the
party, as was former Senator Dubois
and his daughter, Margaret.

See Possibilities.
"I am pleased to say," remarked
Congressman Smith, "that Superin-
tendent Albright was enthusiastic re-
garding the possibility of developing
the Craters of the Moon national mon-
ument as one of the most unique scenic
attractions of the western country. Mr.
Albright stated that the formations, ex-
tinct craters and lava beds were very
much like those in Hawaii, which have
been created into a national park. He
predicted that as soon as roads could
be constructed so as to make these
places of interest accessible to automo-
bilists that thousands of people would
visit the craters annually, and that
while the scenery in national parks,
with the exception of Yellowstone, pre-
sents a great deal of sameness, that
Craters of the Moon national monu-
ment offered almost entirely different
to tourists which would make the place one
of the most popular scenic attractions
in the country."

"Governor Moore was represented by
Mr. Wood and Mr. Axline of the state
highway organization, who are co-operat-
ing with Mr. Albright and Samuel O.
Pailey of Arco, who will be appointed
custodian, in making a preliminary sur-
vey of the proposed roads. Mr. Pailey
has, at his own expense, built some
roads and trails and had also placed
signs directing the tourists to the most
interesting sections of the park. An
enrollment of the monument he will be
the representative of the secretary of
the interior and national park officials
in any plan which may be formulated
regarding the care of tourists, con-
cessions, etc."

Poetic Inquiry
Can any wind blow rough upon a
blossom so fair and tender?—Fletcher

BRYAN SPEAKS ON RELIGION AT PARK SERVICES

Former Secretary of State Is
Heard by Large Audience;
Praises Work of Settlers of
Twin Falls Country.

William Jennings Bryan, famous
politician and lecturer, spoke at the
Twin Falls park service on Sunday at the
3:30 hour, under the auspices of "The
Superlative" Club. His address was
attended by an audience estimated at
from 3000 to 4000 persons who fre-
quently applauded the noted Democrat
during his speech, which lasted the bet-
ter part of an hour.

Mr. Bryan, who spent the time pre-
ceding his address Sunday at the home
of Mr. and Mrs. L. B. Furness at the
Blue Lakes ranch, opened his address
by complimenting the pioneers of the
Twin Falls section for their fortitude
in conquering the desert and turning it
into a fertile valley where, through
the help of irrigation, some of the largest
crops anywhere in the United
States are grown.

Praises Settlers.

He praised the work of the men
who came into the Twin Falls region
and the manner in which it was
blossomed. He told of the early
struggles of L. B. Perrine in settling at
Blue Lakes in the Snake river canyon.
He compared the manner in which
plants were made to grow in the Twin
Falls section to the way in which a
better understanding is brought about
through observing the works of God. Man,
the teachings of Jesus Christ. Man,
he declared, does not always see the
opportunities he has to grow up like
Eden, Idaho, and flowers around him.
He told of his several visits to the home
of the Perrines and declared that each
time he had been entranced by the
beauty of the country and by the work
that is being performed in this favored
section.

Story of Spring.

Mr. Bryan in his address used as an
illustration of the need for a stronger
observance of religious ties, the
story of a spring, which he prefaced
by saying that the springs along the
Snake river are much more interesting
to him than those of Florida, which
perhaps have more springs than any
other state in the union. He pointed to
the manner in which the springs of the
canyon come gushing from the rocks
giving freely of that which refreshes
and asking nothing in return, while
the stagnant pools found at some places
along the river, which he declared il-
lustrated the difference between a noble
and a selfish life.

Drawn Upward.

He again pointed to the spring which
upon its release from the earth goes
rushing downward unless prevented and
soon reaches the lowest level where it
mixes with the stagnant pool and be-
comes stagnant. He said that like the
spring, man must be forced upward to
the better things of life rather than per-
mitted to go downward where he soon
mixes with the lower strata.

He struck at the teachers in colleges,
which, while developing the intellect and
science, failed to cultivate religious side
of life. Some even teach atheism, he
declared, and injure the student a great
deal more than they help him.

He turned to the increasing time
wave in the United States which he
said was greater than in any other coun-
try. He said that the number of
murders in America was larger than
that of any other uncivilized country
in the world. Fewer also have been
punished for these murders than any
where else.

Many Robberies.

Robberies, too, he declared, arestead-
ily increasing with little material pro-
gress being made to combat the crime
which is rampant, he said, which can
not be stopped through more schools or
through the development of the intel-
lectual side. It will take the teachings
of Jesus Christ, earnestly followed,
to overcome this, the speaker declared.

Mr. Bryan, after his address, was
confronted with the work in connection with
his political activities in which he is
speaking for John W. Davis, democratic
presidential candidate, and his brother,
the vice presidential candidate. No
party, he declared, could stop the crime
wave unless it put the interests of the United
States toward a higher religious
plane. It is up to the citizens them-
selves to do this.

Combined Choirs.

Mr. Bryan's address was preceded by
music by the combined church choirs
under the leadership of Mrs. L. H. Max-
well. Three numbers were sung, "The
Swallow," "O Lord, Our God, Arise," and
"Gloria For Mr." Rev.
A. C. G. Ligon of the First Presby-
terian church was chairman of the meet-
ing and introduced Mr. Bryan with a
short address in which he characterized
the speaker as "the greatest character" of
the day.

Rev. H. G. Humphrey of the First

Methodist church offered the prayer.
The speaker's stand was filled with
prominent Twin Falls citizens who acted
as a reception committee to Mr. Bryan.

Mr. Bryan was driven from Shoshone
to the Blue Lakes ranch by Asher B.
Wilson of Twin Falls, democratic candi-
date for congress, who later took the
Great Commuter to Hansen in time to
catch the evening train there in order
that Mr. Bryan might have a better op-
portunity to view this section of the
country.

O. S. L. SUBSCRIBES TO REPAIRING ROAD

Railroad Offers \$500 in Attempt to
Get \$5000 for Repairing Highway
Between Rogerson and Jarbridge.

The Oregon Short Line railroad has
subscribed \$500 to be used with the
\$5000 to be collected for repairing the
road in Owyhee county running
from Rogerson to Jarbridge, it was an-
nounced Saturday at the office of the
secretary of the Owyhee County Chamber of
Commerce, Charles Dwight.

The subscription was made, Mr.
Dwight said, with the understanding
that the remainder of the \$5000 would
be raised in Elko county, Nevada, and
in Idaho. The road is badly in need
of repairs and attempts are being made
to raise the money to repair it. Idaho
officials will repair the road to the
Owyhee county line and Elko county
officials will repair the road to the
Nevada state line.

Efforts to raise the balance of the
amount needed will be taken at once,
Mr. Dwight said.

LEGAL ADVERTISEMENTS

NOTICE FOR PUBLICATION

Department of the Interior

U. S. Land Office, Halley, Idaho.

August 21, 1924.

Notice is hereby given that Edna
M. Emerson, formerly Edna M. Hyde,
of Eden, Idaho, on November 19, 1923,
made Desert Land Entry No.
025707, for S1/2 NE1/4, Section 2,
Township 11 South, Range 20 East
Boise Meridian, has filed notice of in-
tention to make final proof, to estab-
lish claim to the land above described,
before H. E. Powers, U. S. Commis-
sioner, Twin Falls, Idaho, on the last
day of October next.

Claimant names as witnesses:

Thomas Logan, of Kimberly, Idaho;

Joe Cummings, of Milner, Idaho;

Oliver C. Clawson, of Milner, Idaho;

Gleba Briggs, of Murtough, Idaho.

MAY G. ANGEL, Register.

NOTICE TO CREDITORS

Estate of Nella L. Krohn, deceased.

Head lettuce 10c to 20c
Cabbage, lb. 6c
Beets, bunch 12c
Cauliflower, lb. 12c

Fruit
Plums, lb. 5c
Grapes, lb. 8c to 10c
Grapefruit, each 10c to 15c
Oranges, dozen 35c to 40c
Apples, 17c
Cantaloupes 10c to 15c
Watermelons, lb. 6c

Dairy
Creamery butter 20c
Bull cheese 25c
Wisconsin cheese 20c

PORTLAND GRAIN
PORTLAND, Sept. 24 (AP)—Wheat—Hard white, B. E. Hard, September \$1.47; October \$1.47; western white, September \$1.42; October \$1.42; western red, September \$1.33; October \$1.33. Corn—No. 2 E. Y. shipment, September \$4.50; No. 3 E. Y. shipment, September \$4.50; October \$4.50.

CORN PRICE FORCED DOWN BY TRADERS

Sellers "became aggressive and forced Down Grain Market; Wheat is 1/4 to 1/2 off.

CHICAGO, Sept. 24 (AP)—With ideal weather prevailing, and with crop reports auspicious, sellers, however aggressive in the corn market today and forced prices down, making what also is being just before the finish. Corn closed heavy 2 1/4 to 2 5/8c net lower, December \$1.03 1/2 to 1.02 3/4; with wheat easy, 1 1/2 to 1 1/8c off, December \$1.34 1/2 to 1.34 5/8, and May \$1.40 1/4 to 1.40 3/8, all unchanged to 1/2 down to 1/2 provisions ranging from 2c decline to 15c to 15c gain.

Corn closed at the day's bottom prices. According to gossip which was current, the country has apparently discovered that the corn crop has been making steady progress toward maturity, despite unfavorable conditions which at times were disheartening, moreover reports at hand indicated that every day of fine weather was enlarging the probable yields of "merchantable" corn. Under such circumstances, however, prices were not to be brought about enlarged offerings, which soon disclosed that the market was minus any adequate support from buyers.

Although unabated European demand for rye kept the wheat market pointing upward most of the time today, the weakness of corn led to large realizing

DUMB BELLS

What sort of a hat do you think you'd like? I hear so much of them Kentucky DERBIES I'd like to try ONE ON

kind 10 to 15c lower; bulk grass cows and heifers \$5.25 to \$5.50; canners and cullers \$2.25 to 2.50; beefing bulls to \$3.00; yearling \$4.00; stockers and feeders \$3.75 to 7.50.

CASH GRAIN.
CHICAGO, Sept. 24 (AP)—Wheat—No. 2 hard \$1.32 1/2; No. 2 hard \$1.33 1/2 to 1.35 1/2. Corn—No. 2 mixed \$1.08 1/2 to 1.10 1/2; No. 2 yellow \$1.10 to 1.10 1/4. Oats—No. 2 white \$0.90 to \$0.92; No. 3 white \$0.87 to 1.00 1/2. Barley—75 to 90c. Timothy—\$4.25 to 4.75. Clover seed—\$14 to 23.25. Lard—\$18.65. Ribs—\$12.37.

WOOL.
BOSTON, Sept. 24 (AP)—Trading in general on the wool market seems to be quite quiet. Some houses have moved a large volume of greased wool. Considerable interest is being shown in southern fleeces. Kentucky half and 3/8 blood, estimated to shrink 35 per cent, is being offered at 40 cents for the grease, which would mean about 105 clean, this market.

LONDON WOOL.
LONDON, Sept. 24 (AP)—A superior selection amounting to 13,134 bales was offered at the wool auction today. The offering was readily absorbed by home and foreign buyers at full current rates.

SUGAR.
NE YORK, Sept. 24 (AP)—An advance of 1-8c to the bales of 5,000 for Cuban, duty paid, occurred in the raw sugar market today. Sales included 5,000 bags Venezuela at 5.84, and 5,000 bags Cuban at 5.90, both for prompt shipment to operators.

The higher spot market and reports of an increased demand for refined sugar led to considerable outside and local buying in raw sugar futures, which advanced prices to 13 points. Realizing decline the upward movement with final prices 6 to 12 points higher. December closed 4.04. March 3.94, May 3.88, July 3.82.

A partial decline of 26 points occurred in refined sugar without changing the range of prices which continued at 7.05 to 7.50 for fine granulated. Continued good inquiry was reported. Refined futures were nominal.

POTATOES AND PRODUCE.
CHICAGO, Sept. 24 (AP)—Potatoes—Weak; receipts 100 cars; total United States shipments 748; Minnesota sacked and land Ohio 85 to 95c; sacked Red River Ohio, 85c to 1.05; South Dakota sacked Ohio, 95c to 1.05; Wisconsin bulk round whites 85c to 95c; Minnesota and Wisconsin sacked round whites 85c to 95c; Idaho sacked Russet \$1.25 to 1.50.

Butter—Lower; creamery extras 35c 1/4; standards 34c; extra firsts 33 1/2 to 34 1/2; firsts 31 1/2 to 32 1/2; seconds 30 to 31 1/2. Eggs—Unchanged; receipts 5667 cases. Poultry—Alive, unchanged.

PORTLAND LIVESTOCK.
PORTLAND, Sept. 24 (AP)—Hogs—Nominally steady; receipts 104; heavy 250 to 375 pounds, medium good, choice \$8 to 9.75; medium weight 200 to 250 pounds, medium, good and choice \$9 to 9.75; light weight 160 to 200 pounds, common, medium, good and choice \$9.25 to 10.10; light hogs 750 to 1000 pounds, common medium good and medium good, choice \$8.50 to 9.75; packing hogs smooth \$7.50 to 8; rough \$5.50 to 7.50; slaughter pigs 150 pounds down, medium, good and choice \$7.50 to \$7.50; and stocker pigs 70 to 150 pounds, common, medium, good and choice \$7 to 8; soft or city hogs and roasting pigs excluded in above quotations.

Sheep and lambs—Steady; receipts 160; lambs light and heavy, choice \$14 to \$15; lambs 150 to 170 pounds, good \$10 to \$11; heavy, 92 pounds and good up medium to prime \$8 to 8.75; all weights cull and common \$5.50 to 8.50; yearling wethers medium to prime \$9 to \$10; 8 to 9 months, 92 pounds, \$8.50 to \$9.50; ewes common \$5 to \$5.50; choice \$4 to \$4.50; canner and cull \$1.50 to 4; above quotations on short basis only.

OMAHA LIVESTOCK.
OMAHA, Sept. 24 (AP)—Hogs—Receipts 8500; uneven, better looking butchers and lights steady to weak; others and packing grades mostly 10 to 15c lower; bulk 100 to 240 pound butchers \$9.50 to 9.85; top \$9.85; desirable hogs 150 to 190 pounds \$9.25 to 9.65; strong weight butchers mostly \$9.40 to 9.70; packing sows generally \$7.75 to 9; bulk of all sales \$8.75 to \$9.75; average cost yesterday \$9.75; weight 265.

Butcher receipts 9500; best yearling and medium weight steers mostly steady; few loads \$10.50 to 11; weighty steers slow, weak; early sales mostly \$9.50 to 9.75; bulk steers and yearlings \$9 to 10.50; heavy calves strong; other calves steady to weak; medium stockers and feeders steady to weak; medium

Forged in 1300 B. C.

Some French engineers have just been made with a chemical analysis of an ax brought back from Salomon where it was found in a tomb.

From a study of the ground in which the ax lay scholars have made sure that it dates back to 1300 B. C. and our knowledge of the Mue-

sonian people is that, time and very scanty. The question of the experts as to themselves to answer was whether the ax belongs to the Copper Age or to the more recent Age of Brass; and examining a piece of the metal with the microscope and by electrical analysis, they were able to determine the metal of the ax is 99 per cent copper, with some arsenic and very small proportions of tin, lead, iron, and traces of silver, that the ax was made from metal that had been cast and forged. The result of its chemical analysis, therefore, is the value of our science in throwing light on the ancient world.

Limitation of Planes.
Limitation of air armament through an international conference is proposed in an editorial in the current issue of the American Legion Weekly.

The newspaper question has been settled through the Washington conference and the land-power problem has been settled theoretically by the reduction of armies, but the air-power question has not been touched. It is pointed out. Delay in calling the conference compounds the situation and increases the dangers, the Legion publication says.

English Bird Sanctuary
On the outskirts of London, and within an hour's journey from the city, is one of the most beautiful bits of woodland in England. Few Americans, or Londoners either, have ever visited this place, or even know of its existence. It is a bird sanctuary, a veritable land of song, which is carefully fenced and heavily guarded by night and day, and where every kind of British bird lives and nests unharm.

The wood lies in the Brent valley and was bought for London two years ago and established as a permanent memorial to Gilbert White, the author of the "History of Selborne," by the Shellmorne society. The sanctuary, however, has been in existence just 21 years, and in its 19 acres, in the bosom of its many oak trees and the coppices of hazel, alow, willow, warblers, bluebirds, goldfinches, nightjars, blackbirds and many other birds may be seen.

Cemeteries in Europe.
The cemetery of the War Department says that following are the American cemeteries in Europe that will be permanent. The figures given are the approximate number of soldiers buried in each cemetery: Alame-Marne at Belleau Wood (Alisy, 2218; Serres at Paris, 1,691; Meuse Argonne (Romagne-sous-Montferrand, 13,959; Somme at Mont, 1,227; Oise-Aisne (Serres) at Neuville, 6,000; St. Mihiel at Thiecourt, 4,441; Flanders at Watzenhove, Belgium, 302.

Eggs Hatch on Thread
The fact that Indians use the quiet bays and inlets of the Amazon, may be considered the most curious of fables, says Nature Magazine. The eggs hatch in three days when the water is kept at a temperature of 25 degrees Centigrade. Normally, the young hatched fish are suspended by threads from the under side of the leaves.

Developing Character
The palm tree grows beneath a ponderous weight, and even so the character of man. The petty pangs of small daily cares have often been the character of men, but great misfortunes seldom—Kewell.

Silly to Live on Hope
He seldom lives frugally who lives by chance. Hope is always liberal, and they that trust her promise make little scruple of reveling today on the profits of tomorrow.—Johnson.

Progressive Modesty
Canadian Paper—The Normal School band uniforms consist of a cap and coat at first with the probable addition of trousers at a later date, in the Transscript.

Joy Enough
There's joy enough to keep us happy if we'd only get in tune with it.

Back Lame and Achy?
The Advice of This Twin Falls Resident Should Help You to Get Well.
Do you suffer nagging backache? Feel dizzy, nervous and depressed? Are the kidney secretions irregular, breaking your rest?
Likely your kidneys are at fault. Weak kidneys give warning. You have backache, rheumatic twinges. You wake up in the night in pain. Heed the warning. Don't delay! Use Doan's Pills—a stimulant diuretic to the kidneys.
Your doctor will recommend Doan's. Here is a Twin Falls case. Miss Cecile Stalter, 278 Alexander St., says: "My back was lame and sore because of my kidneys. I made me feel badly all over. I was troubled with dizzy spells and my kidneys acted irregularly. Doan's Pills from the Majestic Pharmacy cured me and I have been 'troubled since.'"
Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the sure cure. Miss Stalter had Foster-Milburn Co., Mfrs. Buffalo, N. Y.
