

BRIBERY BARS PLAYERS FROM SERIES GAMES

Commissioner of Baseball Landis Declares O'Connell and Dolan Ineligible After Hearing Charges.

NEW YORK, Oct. 1 (AP)—Commissioner K. M. Landis announced tonight that Jimmy O'Connell and George Dolan of the New York National league baseball club had been declared ineligible for the world series after charges of bribery against them had been investigated.

The suspension was based upon a confession made by O'Connell and evidence furnished by Dolan and followed by information furnished by Melvin Blackburn of the Philadelphia National club. Landis stated that on September 27 O'Connell had offered him \$500 to throw the game between the Giants and the Phillies played in New York on that day.

Refuses Offer. Sand refused the offer and immediately gave his information to Manager Fletcher of the Phillies who brought it to the attention of Commissioner Landis. The investigation in which President Heyler of the National league, and officials of the New York club also took part, followed.

The investigation, Commissioner Landis said, tended to trace the instigation of the scheme to Dolan, whose testimony was of a nature to indicate that conclusion.

O'Connell's confession also mentioned Outpalm Frank Frisch, Ross Young and George Kelly of the Giants, but Commissioner Landis stated that the testimony of these men had convinced the investigating committee that they had no part in the scheme. O'Connell, a substitute outfielder, will be the only Giant player not eligible for the world's series as Dolan is a coach.

O'Connell, known as "the \$75,000 beauty," played a prominent part in New York's first victory over Pittsburgh in their important series last week by hitting a home run which scored what proved to be the winning run.

New York won the game from Philadelphia by a score of 5 to 1. The victory clinched the pennant for New York. Dolan, Philadelphia shortstop, scored the only run for his team which scored but four hits off Bentley. He also had two putouts and one assist but no errors. O'Connell played center field for New York and made a two-base hit.

Landis Talks. "Player O'Connell and Coach Dolan of the New York National league baseball club, have been placed on the ineligible list. This action was taken by the commission on evidence furnished by the confession of O'Connell and the testimony of Dolan.

IOWA MAY OUST
S. W. BROOKHART

Denunciation of Dawes by Senator May React Against Him at Meeting.

DES MOINES, Oct. 1 (AP)—Iowa politics, which has harbored an element of division since Smith W. Brookhart was nominated and elected to the United States senate two years ago without the full support of the state republican organization, tonight was charged with another uncertainty arising from the senator's latest differences with state party leaders—his denunciation of Charles G. Dawes, republican vice presidential nominee.

Members of the state central committee were preparing to meet here tomorrow to discuss Brookhart's demand that Dawes withdraw from the ticket, supporters of the senator declined to discuss the matter. Neither group would comment for publication on published reports that the committee might consider a disavowal of the senator.

ALLEGED RUM RUNNER FACES DEATH FOR PIRACY.

MAX JEROME PFAFF, a German-American alleged bootlegger, is under arrest at Havre, France, on a charge of piracy, the penalty for which is death. The French declare he is the "master mind" in the gang of pirates who boarded the French steamer Mithouze off the coast of Long Island and stole her entire \$200,000 whiskey cargo. Pfaff asserts he was in Canada at the time and knew nothing of the piracy.

URGE RELEASE OF BLACKBURN

Chicago Precedent Doesn't Affect Governor, He Tells Twin Falls Lawyer.

BOISE, Oct. 1 (AP)—Precedent established in the Loch-Leopold murder case in Chicago was used today as an argument before the pardon board for the release of Melvin Blackburn of Twin Falls county, confined in the state prison, and charged with manslaughter. No action was taken at today's meeting.

Mention of the Chicago case brought a sharp retort from Governor C. G. Moore, chairman of the board, as O. W. Witham, attorney, pleaded for release of the boy, who unintentionally slew his girl wife. He is still under arrest and the incidents leading up to the killing began when he was about 18.

"Those two boys should have been snapped without any monkeywork," snapped the governor at first mention of the Loch-Leopold case.

"However," argued the attorney, "the precedent has been set."

"Yes, but the precedent does not affect me," declared the governor. "What is the use of the people of this or any state spending money to convict law violators and then, after he has been in prison a little while, turn him loose?"

FIVE INITIATED INTO
AMERICAN LEGION ORDER

Five world war veterans, two from Buhl, one from Curry and two from Twin Falls, were initiated into the "40 and 8" volume of Twin Falls at a meeting and celebration held Wednesday evening. Preceding the initiation a banquet was held at the Regency hotel at which time between 30 and 40 were in attendance. Larry Dorman presided at this time and A. Dorman Johnson at the initiation ceremony.

Those taken into the order, which is described as the playground of the American Legion, follow: O. S. Peete and B. L. Barren of Buhl, Oris Cryder of Curry and C. L. DeLong and Wilbur Howberry of Twin Falls. Marshall Chapman, head of the order, who lives at Hailley, was not present.

WHEELER BACK IN HIS
HOME STATE MONTANA

BILLINGS, Montana, Oct. 1 (AP)—Senator Wheeler of Montana, returned to his home state tonight in time to deliver a campaign address at Billings as independent vice presidential candidate. He told his audience he had been "tried to keep the faith" of previous election promises in his national career, denounced the pending federal indictment against him as a "frameup" and urged the candidacy of Senator Walsh, democrat, Montana, who speaks reelection in Montana, in terms less reserved than those he had used in other states while urging LaFollette ticket supporters to back particular congressional candidates. He left at midnight for Butte, pursuing his speaking tour.

WHEELS OF GOVERNMENT AT WASHINGTON STOP WHEN PENNANT WINNERS COME HOME

WASHINGTON, Oct. 1 (AP)—The wheels of government stopped today for the coronation ceremonies of king baseball, an usurper who after 23 years' exile rode into the national capital at the head of a widely heralded cabinet—the Washington Senators, pennant winners of the American league.

High-ups in government life turned out to join with street urchins in shouting a hearty welcome to the city's baseball heroes who were escorted in a colorful welcome home procession up Pennsylvania avenue from the peace monument to the Ellipse south of the White House, where President Coolidge extended an official greeting to the players.

The keynote of the welcome home celebration was sounded by the president, who in presenting Manager Stanley Harris with a loving cup from the citizens of the district, assured him that his team had won "the affection of the 'home town' constituency."

Thousands of shouting fans, some waving pennants, others waving hats, and still others too busy scrambling for points of vantage to wave anything, swarmed around the ellipse to hear the president.

DAMAGING STORY TOLD AT TRIAL

No Exploded Shells in Gun With Which Major Killed Self, Say Witnesses.

TACOMA, Oct. 1 (AP)—The pistol of Major Alexander P. Cronkhite from which, in his own hands, it is asserted by the defense, he met his death in a lonely spot on the Camp Lewis military reservation six years ago now, contained no exploded shells when picked up a few minutes afterward beside the dead body, George Root, Jr., of Seattle, former army companion of Roland H. Pothier, accused with Robert Rosenbuhl of the murder of the major, testified this afternoon in federal court where Pothier is being tried.

In response to questioning as to why his memory failed him in certain particulars, Root turned to the jury and frankly admitted that his testimony might hurt Pothier and that it was his intention to say as little as possible.

APPLES FEW AND OF HIGH PRICE

Indications Point to Shortage of Supply for Home Consumption; Most of Crop Sold.

Twin Falls county residents who last year saw thousands of tons of choice apples go to waste in orchards of this region are likely to go short of apples for home consumption this year, according to indications disclosed by canvass of the situation made by buyers and other persons interested in the horticultural industry in this locality.

There is general agreement that the bulk of this season's crop in this district has passed out of the growers' hands, most estimates as to the size of the crop putting maximum total production for the district, this season at 250 carloads. Jonathan apples have been sold this season at from \$15 to \$50 per ton, and Delicious, of which not more than 15 carloads were produced, commanded price of \$100 per ton, and in small lots price of \$2.75 to \$3.25 per box for Delicious has been offered.

Reports reaching here this week of reduction in price of apples on market centers were dated Wednesday by John W. Hardin, owner of extensive orchards and warehouse facilities who this season has been engaged in buying apples grown by other orchardists of this district.

He has heard nothing of any reduction in price. Mr. Hardin stated, "and I am still offering the price I have paid for two weeks past of \$50 per ton for Jonathan." Mr. Hardin added that he had made unsuccessful effort within the past few days to obtain apples in this district.

Ezra Meeker Going Over Oregon Trail In Army Airplane

Pioneer of Ox-Team Days Starts From Washington to Dayton to See Races.

VANCOUVER, Wash., Oct. 1 (AP)—Ezra Meeker, 93, pioneer who crossed on the old Oregon Trail with an ox team, started from here today in an airplane for Dayton, Ohio, with Lieutenant Oakley Kells of the United States army. They hopped off at 9:52. Their first scheduled stop was at Boise, Idaho. They intended to stay over night at Pocatello, Idaho.

55 SEEK PARDON BY STATE BOARD

Case of Criminal Syndicalist Attracts Attention and Arouses Governor's Ire.

BOISE, Oct. 1 (AP)—A count made following the opening session of the quarterly meeting of the state board of pardons today, showed 55 direct petitions for pardon from prison inmates had been presented together with applications for two county releases, one county pardon. The board heard 18 cases and adjourned until Friday morning at 10 o'clock without taking action.

Notable among the cases heard today was that of A. S. Embree, criminal syndicalist, whose application was completed in time to be considered today. Embree has served three years and four months of a one to ten year sentence and this fact was one of the grounds upon which J. R. Smoot and S. D. Fairchild, representing him, argued for his release. Mrs. Embree and one of her children were present.

After the case had been presented Mrs. Embree and Mrs. Nona Tatum Zeigler of Nampa, stood around the governor's desk urging the release of the prisoner.

Governor Moore immediately started talking about Chicago publications that, he said, were seeking to intimidate the board by threats.

"You are getting nowhere by such tactics," the governor said. "and as long as such publications continue this case cannot receive much consideration by this board as far as I am concerned."

National interest is centered on the suit, inasmuch as Senator W. E. Borah is the one who the republican and progressive and upon the outcome of the case will depend whether the Idaho senator will be a candidate on both tickets. Politicians are watching with interest the move, and speculating whether he will declare himself republican or progressive should the supreme court rule the name can go on only one ticket.

Final verdict of the engine and other preparation for the flight necessitates the delay.

About 500 commercial and amateur radio stations will be pressed into service to keep in touch with the craft, as also proceeds west and on her return trip. The shipboard is equipped with two transmitters, one of the standard navy type which may send on either interrupted or continuous wave of from 250 to 600 kilocycles, with an average daylight range of 300 miles and a night range from 500 to 1000 miles and the other an auxiliary transmitter using both telephone and continuous wave which will operate on 300 kilocycles. The range of the latter set which is of the very latest type has not been determined by any information relative to phenomenal quality of transmission, etc., should be sent by letter to the navy communications superintendent, navy department, it was said. This will be of great value in determining the radio range of the ship.

The dirigible will send dispatches for distribution to the press from Washington during six thirty minute periods between 1:30 a. m. and 9 p. m. daily on the flight.

CONDITION OF GOVERNOR
OF WYOMING IS GRAVE

CHEYENNE, Oct. 1 (AP)—The condition of Governor W. B. Ross of Wyoming was reported late tonight as very grave, no improvement having been shown through the day. The governor is suffering from complications that developed following an operation last week.

The case against Boylan was conducted by Prosecution Attorney J. W. Taylor. Boylan, testifying in his own defense, denied that he had tampered with the headgate and stated that he was unable to explain how changes in the structure alleged by the prosecution had been made. He was represented by Attorney John E. Davies.

Jury in District Court, for First Time in Years, Finds Headgate Case Defendant Guilty.

A. D. Boylan, Buhl district farmer, was Wednesday found guilty by a jury in district court here of interfering with a headgate to increase his own irrigation water supply late last July. The verdict of conviction, which was returned after brief deliberations, is said to be the first returned in a similar case in district court here in several years, although recourse has been had frequently in this district to the state law that defines illegal interference with a headgate as an indictable misdemeanor.

Judgment on the verdict will be pronounced Saturday, Judge W. A. Babcock announced.

BORAH DECLARES STATES SHOULD GOVERN SELVES

Real Need for Loyal Adherence to Fundamental Principles of American Form of Government, Says Senator.

CALDWELL, Oct. 1 (AP)—There is real need for loyal adherence to the fundamental principles of the American form of government as defined by the constitution, Senator W. E. Borah declared today when he spoke at the College of Idaho to an audience of students and town people.

While changes may be needed at times, the senator said, basically the principles of the state and national governments should not be tinkered with. State and local governments, he continued, are needed as well as the national government, as each has its sphere of usefulness.

Give Warning. The speaker gave warning that it is a mistake for the federal government to show a disposition to undertake management of affairs outside its own field. Purely state affairs, he asserted, should be left to the state government.

Courts, Mr. Borah said, are the first protectors of the rights of the common people. Reference to the agitation to make the United States supreme court responsible to congress was cordial by the senator, who declared that the powers of this court, under the constitution, make for good government and should be continued.

A high tribute was paid to the nation's colleges, which, Senator Borah said, are not only centers of intellectual but in moral education.

RESERVOIR DISTRICT'S
BOARD HOLDS SESSIONS

American Falls reservoir district directors at a special meeting here Wednesday adopted resolutions giving effect to lien on account of the district's bond issue against land under various canal companies within the district in proportion to the amount of storage water contracted for by each company. These resolutions, the document, will be sent to county auditors to serve as basis for collection of future assessments by the district. Interest payments beginning Wednesday will be funded for three years, according to contract for sale of the bonds.

Huge Airship Will
Start for Pacific
Coast in Few Days

Flight of Shenandoah From Lakehurst, N. J., Delayed Until Oct. 6 or 7; Radio To Be Used in Flight.

WASHINGTON, Oct. 1 (AP)—The departure of the naval air cruiser Shenandoah from Lakehurst, N. J., on her cross country flight to the Pacific coast will be delayed until October 6 or 7, it was announced today at the department. Final overhaul of the engine and other preparation for the flight necessitates the delay.

About 500 commercial and amateur radio stations will be pressed into service to keep in touch with the craft, as also proceeds west and on her return trip. The shipboard is equipped with two transmitters, one of the standard navy type which may send on either interrupted or continuous wave of from 250 to 600 kilocycles, with an average daylight range of 300 miles and a night range from 500 to 1000 miles and the other an auxiliary transmitter using both telephone and continuous wave which will operate on 300 kilocycles. THE GUMPS—F. O. B. NEW ORLEANS

LEAGUE NATIONS OLD STORY WITH IROQUOIS INDIAN

Geneva Meeting Four Centuries
Later Than the Early-Day
Gatherings of Redmen to
Promote Peace.

WASHINGTON, Oct. 1 (AP)—Iroquois Indians beat the league of nations to it by four centuries. That is what J. N. B. Hewitt of the Bureau of American ethnology of the Smithsonian Institution has discovered through research of the "League of the Five Nations," which held sway in the New York country when America was young. He has just returned to Washington from further investigation of the organization, of which a remnant exists today in the province of Ontario and the state of New York.

As the Indians of old left no written records, Mr. Hewitt had to depend on tradition, as embodied in ritual, for his main source of information. So far as the present is concerned 6000 Indians at Brantford, in Ontario, keep alive the league, under arrangement with the Canadian government, and three small reservations in New York state more or less closely follow the old league regulations. These are the Onondaga reservation near Syracuse with 555 Indians; the Tonawanda reservation, near Akron, with 639 Indians; and the Tuscarora reservation, near Lewiston, with 376 Indians.

The preservation of peace was the objective of the League of the Five Nations. Women occupied a pre-eminent place in its structure, and naturalization, the referendum, initiative and recall had a place in its makeup.

The Mohawk, the Oneida, the Onondaga, the Cayuga and the Seneca, tribes of Iroquoian blood, established the league, with a mature constitution, and planned to bring into the federation, in time, all known tribes of men as allies.

MORE REPORTS REACH PRESIDENT COOLIDGE ON PARTY'S CHANCES

WASHINGTON, Oct. 1 (AP)—The political situation in middle and northwestern states was under discussion Tuesday at the White House as President Coolidge received various reports on the outlook there.

C. S. Yost, St. Louis editor, told the president, democrats apparently are in the lead in Missouri now and a strong fight would be necessary to carry that state for republicans. Nebraska and Iowa also are doubtful, he said, with republicans holding the edge. Mr. Yost, who was a guest of Mr. Coolidge at luncheon, said John W. Davis, democratic presidential candidate, had made little gains in the west as a result of his recent trip.

RAILROAD WINS ITS FIGHT FOR A DOUBLE TRACK TO THE COAST

WASHINGTON, Oct. 1 (AP)—The Southern Pacific company has won its fight for a complete double track line to the Pacific coast.

Its complete plan to acquire control of the El Paso and Southwestern system and through the Arizona Eastern railroad, one of its subsidiaries, to construct new extensions in Maricopa, Yuma and Pinal counties, Arizona, together with its proposed financing arrangements were given the approval of the interstate commerce commission.

The new construction of the Arizona Eastern will total approximately 175 miles and will connect the Southern Pacific lines with the Arizona Eastern. This connection, with the connection of the Southern Pacific with the Rock Island system, will constitute a direct double track route from Chicago and Missouri river territory to southern California.

MANY PRESENT AT DAIRY SHOW

Milwaukee Exposition Attended
by Representatives of Foreign Nations.

MILWAUKEE, Wis., Oct. 1 (AP)—A touch of the international was given the national dairy show here with the arrival of representatives of many nations. Several countries, sent delegations. Among the most prominent foreign dairymen here are C. A. Anderson, Stockholm, Sweden; R. B. Sarkaria, Kahlo College, Amritsar, India; D. J. Botto, Pretoria, South Africa; and G. H. Buisson, Orange Free State, South Africa.

The ninth annual meeting of the American Dairy Science association, held in connection with the show, nominated officers to compete in an election to be held next month. These nominees are Professor O. B. Reed, Michigan, and Professor H. B. Ellenberger, Vermont, for President; Professor H. J. Jenkins, Massachusetts, and Professor W. M. Ragon, California, vice presidents; Professors K. F. Franzen, Nebraska, and R. E. Ross, New York, for editor of the Dairy Science Journal.

Mrs. H. J. Youngs will enter for large or small parties at the Justamere Inn. Phone 459 or 1207W.—adv.

HINT OF LAVISH OFFERING GIVEN

Committee in Charge Divulges
Details in Store for Patrons
of Elks' Minstrel.

The peppiest, snappiest minstrel rehearsal ever seen in Twin Falls was held Wednesday night in the Elks temple. The men took off their coats and vests, collars were hastily discarded and for two hours and a half 30 men of all ages and walks of life sang, danced, joked and made merry; they wore kids again, and as eager to rehearse as a youngster is to try out his

new air gun.

Six snappy dances and 10 snappy songs were gone over time and again until the director became exhausted and had to call a halt. If it wasn't for that they would be rehearsing yet.

Tomorrow the committee in charge promise to tell how some of the different characters are; today its purpose is to tell to a certain extent of the minstrel frolic—but more words cannot serve as "medium" of description; it will have to be seen to be fully appreciated.

The first part minstrel setting alone is one of gorgeous splendor.

Indian Number Figures.

The olio, or second part of the minstrel, is a combination of the same theme that embellishes the first part. Georgeousness dominates. In the Indian number, which is based on an old Indian legend, opportunity affords itself a real dramatic atmosphere that brings the hearer to the visualization of the life of the early inhabitant of this hemisphere. Yet it closes with a climax that dispels all somberness from our minds, leaving the audience to traverse the intervening space to the land

of mysticism with laughter as a guide.

And with the laughter the audience sits through a hilarious half hour while "West Goes East" and struggles through the old customs of that country of strange habits. From the far east we return to America again and are entranced with a series of beautiful maids in a series of topographical evolutions that charm the eye and fill with gladness thoughts of when we were young and lived in their world.

Again it migrates to a foreign shore, this time for the gaiety alone, and for the next half hour we are living in the sunshine of mirth and melody, reluctantly leaving our seats after two hours and a half of enjoyment that has been all too short.

Tickets are going fast.

Plat for reserved seats will be opened Saturday morning at 10 o'clock at the Majestic drug store, the shows beginning next Monday.

Proceeds of this show are to be used for the benefit of the Elks charity fund. A worthy cause, a worthy show and a worthy cast. Let's all do our share.

WOMAN TAKES MOONSHINERS.
PARSONS, W. Va., Oct. 1 (AP)—Miss Gladys Kuh, a Tucker county deputy sheriff, arrived at the Parsons jail early today and turned over to Sheriff J. B. Closs, two alleged moonshiners she had captured on a lonely country road at midnight. The girl officer escorted her prisoners in at the point of a pistol, reminding them that they had better be good because "Woman would not have any better sense than to shoot."

English Political Parties
Political parties had existed in England for 200 years before the extensions of the suffrage, which came in 1837 and 1884.

NEVER BE WITHOUT IT for it immediately cures sudden, severe, colicky pains and cramps in stomach and bowels, deadly nausea and weakening diarrhoea. For children and grown-up use
CHAMBERLAIN'S COLIC AND DIARRHOEA REMEDY
A very necessary home remedy.

Happy Thrift

HAPPY thrift doesn't mean doing without what you want. It means doing without what you thought was what you wanted—and found wasn't. It means doing without such mistakes before you mistake them.

The only insurance against buying wares you don't want is knowing wares advertised. You can depend upon home furnishings, clothes, foods you see pictured and described everywhere. They are what other folks want, buy and are thrifty about. Wide enjoyment lowers their prices. Thrift again! And they serve to the very limit of their claims.

When you keep an eye on advertisements, you save right. You buy what you think you buy.

Increase Your Bean Yields.

Every bushel that you add to your yield over what you are now producing means net profit. We have known of bean yields as high as 60 bushels per acre on highly fertilized land while other land on the same farm produced less than half that amount the same season. You can greatly increase your yield if you will.

Winter Vetch is the best quick fertilizer known, it meets all requirements of the bean grower. Sow Winter Vetch on your bean fields this fall just as soon as the crop comes off, water, feed and it will produce a heavy growth of beans to plow down before planting time in the spring. Vetch is a legume like clover and alfalfa, a stronger legume than either of them. You can fatten your soil with both nitrogen and humus for next year's crop by sowing Vetch now.

HOW AS EARLY AS POSSIBLE. WE HAVE THE SEED.

DEER MAY BE HAD AS GIFT SERVICE SAYS

Department of Agriculture to
Send Them to Any One Pro-
viding They Pay the Trans-
portation.

OGDEN, Oct. 1.—The United States department of agriculture, through the forest service, has some thousands of deer to give away, according to an announcement made today by District Forester R. H. Rutledge of the intermountain district.

These animals are part of the large herd of mule deer, estimated at over 30,000 head, found on the Kaibab national forest in northern Arizona on the north side of the Grand Canyon of the Colorado. This area was set aside as a national game preserve by President Roosevelt in 1906, in order to preserve the deer herd which at that time was threatened with total extinction because of illegal hunting.

Threatened With Starvation.

Under the protection of forest rangers, however, the deer have increased in number to a point where the entire herd is threatened with starvation and prompt efforts must be made to reduce it to a number that can be supported by the vegetation on the Kaibab plateau.

To accomplish this the forest service desires first to give away as many deer as possible. The expense to the applicant will be crating and transportation charges, a sum estimated to be about \$35 per animal. Young animals only will be shipped. The estimated weight of one animal, crated is 250 pounds. These figures are only approximate. Final figures must be secured from the forest service.

Shipments will be confined to east of the Sierra Nevada and Cascade mountains as the introduction of mule deer into regions already inhabited by a subspecies would result in a herd very inferior to native stock.

Kaibab Plateau.

The Kaibab plateau is in a sparsely settled region cut off from the rest of Arizona on the south by the almost impassable crags of the Grand Colorado river. On the other sides it is surrounded by semi-desert areas across which but few deer attempt to pass. Consequently the deer herd on the Kaibab forest is limited in its food supply to the vegetation found only on the plateau.

This limited food supply has been reduced to the starvation point for the large number of deer now on the Kaibab forest and officials of the forest service fear that winter will take a heavy toll if the herd is not reduced immediately. Giving deer to individuals and organizations is the one way that forest service officials hope will help solve the problem. If the number is not reduced to 125 safety point the entire herd is in danger of extinction through starvation.

BORDER BRIDGE CLOSED.

LAREDO, Texas, Oct. 1 (AP)—The international bridge was closed here this afternoon by orders of the Mexican government due to establishment of a quarantine on account of the foot and mouth disease. Pedestrians only are allowed to cross. Trains, automobiles and all vehicles must be disinfected before they are permitted to pass into Mexico.

Removing Ceiling Stains

Rain spots on the ceiling can be removed with a little unsalted lime dissolved in alcohol, says Popular Science Monthly. The lime is thoroughly shaken up with the alcohol until it crumbles into a fine powder. The mixture is then brushed over the spots. When dry, the ceiling can be painted.

Just the Thing.

She was one of those little women who are always looking for something that will take up their husbands' idle time.

"John," she said, "I wish you would mend the front door lock."

"Can't," replied John, quaking like an aspen leaf. "I've got the shaking nerve."

"Oh, well, then, I know the very thing you can sift the ashes."—Strap Stories.

Highest Scottish Lake

Scotland can boast of the highest loch in Britain, Loch Coleraine-Lochan, lying 2,250 feet above the level of the sea. England's highest sheet of water is the Red Tarn on Helvellyn, over 2,000 feet altitude.

LAFOLLETTE POINTS TO ELECTOR TROUBLE AS WORK OF PARTIES

WASHINGTON, Oct. 1 (AP)—Senatorial candidate, in a statement here declared that "the refusal of the attorney general of Louisiana to place the names of the LaFollette-Wheeler electors on the ballot in that state, and the definite report that comes from Michigan that legal technicalities are to be used by the two political machines to accomplish the same purpose, show how desperate the reactionaries in both of the old parties consider their cause."

"The legal arm of the government which would be the most potent factor in helping the people to express their will freely at the polls," continued the senator's statement, "is instinctively being appealed by the reactionary forces which dominate the two old parties to help defeat their free expression."

"But all of these efforts will eventually fail of their purpose. Those attempts to deprive the people at the ballot box of the utmost freedom of choice as to who shall exercise their delegated authority will react most disastrously against those guilty of trying to prevent the freest expression of the people's will."

VEGETABLES PAY WELL ON TRACT

Frost and Williams, Gardeners,
Harvest \$2500 Crop From
Five Acres.

Frost and Williams, market gardeners, half a mile west of Twin Falls, sold \$2500 worth of vegetables at five acres of land at wholesale prices. Off their hotbed, which was 600 feet long and six feet wide, and including a cold frame 125 feet long, they sold \$2000 worth of plants and early lettuce. Off one half acre of early cabbage they took \$500.

Early potatoes were another money maker. They planted 600 pounds of seed and sold \$500 worth of early tubers. This was at the rate of \$200 per acre. Mr. Frost stresses the point on the planting of good seed stock. He

says growers had better pay 5 cents per pound for good seed than to take a poor quality of seed as a gift.

On their tomatoes they report a profit although 50 per cent of the 3000 plants they set were afflicted with the yellow blight. On one-fourth acre of their early spud land they sowed a follow crop of late lettuce and this second crop has paid dividends to the tune of \$250 per acre. They are enthusiastic on celery and think that all early vegetables pay well. Mr. Frost urges early planting of all vegetables, that is to say, just as early as frost will permit. In addition to their vegetable crops they employ from 40 to 50 colonies of bees in the scheme of things which help balance up the inevitable shortcomings of some of the vegetable crops each year.

Good Bean Yield.

R. L. Wright, living near Knoll, received an average of 28 bushels of beans on 45 acres. These were the Montana Whites. He employed 12-hour runs when irrigating this crop and Mr. Wright thinks that a bean crop can be matured with an appreciable shortage of water if it is applied at the proper time.

Men are busy along the highways where sweet clover and alfalfa has grown the rankest, cutting the crop for the market. A man who is willing to work, in the course of 10 hours, can pile up an appreciable amount of the free-for-taking crop. Usually they truck it to an agreed upon centralized point where it is threshed.

A small amount of fall plowing has been finished in the vicinity of Ellettsburg. In the Buhi district quite a number of farmers intend to sow fall wheat if the pressure of necessary fall work does not prohibit the working up of the seed bed for a nearly crop. This late rush of harvesting crops has always acted as a deterrent to the extensive sowing of a fall wheat crop on the tract.

Sucker Flat.

Farmers say beans in the Sucker flat valley are showing out some good yields. The average for the flat will go 30 bushels.

The Fairview grange, west of Buhi which is a live organization, met last week at its regular semi-monthly meeting and the usual routine of business was carried through. After this a program was given which was a decided success. After the program refreshments were served. During the business hour a committee was appointed to obtain bids from coal dealers in view of buying jointly for all members desiring coal for the coming winter.

The Episcopal Guild will hold a rummage sale Saturday, October 4, at the Big White Store.—adv.

PITCHING MAY BE A DECISIVE SERIES FACTOR

CUBS WIN FIRST GAME OF SERIES

Walter Johnson Outstanding Figure in Games to Open Saturday; Strategy Shifted Somewhat.

NEW YORK, Oct. 1 (AP)—With Walter Johnson, veteran ace of Washington's sharp shooting corps, as the outstanding figure, pitching may be the decisive factor in the 1924 world's series between the Senators and the New York Giants.

Until recent years twirling was usually the most potent factor in the diamond title struggle, but with the advent of the lively ball and the Babe Ruthian home run era, baseball strategy shifted. Pitching, of course, continued to figure largely, but it has been the speed and power of attack that decided the last three world championship battles between the Giants and the Yankees. John McGraw won the premier baseball crown in both 1921 and 1922 from the Yankees with the effectiveness of his offense. His batting staff both years was rated inferior to the "five star" Yank corps. Last year, it is true, the utter collapse of the Giant moundmen hastened the victory, but the mighty bats of the Hughsons were the most potent influence.

Less Lively Ball.
This year, however, with a less lively ball, pitching may come into its own again. The "big four" of the Washington staff, Johnson, Zachary, McGriff and Marberry, put on a clinic in front, although it was attacking power that kept it there in the final drive. Supporters of the Senators, figuring they have the edge on the Giants in the box, believe twirling will carry Washington's first pennant winner to the greatest heights in the game, but Giant supporters are equally confident that Nehf, Bentley, McQuillan and Barnes will offer a potent rebuttal.

Whatever the merits of the rival twirling corps, however, interest will center in the achievements of Johnson, probably the only ball player of all time who rivals in popular esteem the former Giant marvel, Christy Mathewson. Johnson, a public idol, not only because of his brilliant playing record over an 18-year span, but also because of his sterling qualities as a sportsman, will pitch the first game for the Senators. Outside of the most rabid of Giant partisans, fans throughout the country will root for him in unison that day. Even the tense rival honors will be lost in the all-vital question, "What will Johnson do upon reaching the goal of his great career?"

Chief Hopes.
The Senators' chief hopes, too, will

We Ask Men

To protect their hair
By Edna Wallace Hopper

I speak for all women when I say that we want men to keep their looks. And above all, their hair.

The women do that. You would never forgive us if we did not. We beg you to follow our example.

My whole career on the stage has depended largely on my hair. So many years ago I went to France and secured the best hair helps she knew. And I have kept up with every new discovery.

The result is my hair as you see it. It is thick and lustrous, finer far than 40 years ago. I have never had falling hair or dandruff, and never a touch of gray. Now countless women who use what I use are attaining like results.

I am offering to women the best I have found, and men are also welcome. My Hair Youth combines the utmost that modern science knows. I am sure that no one knows anything for the hair which does what this combination does.

I apply it with an eye-dropper directly to the hair. Applying tonics to the hair is ridiculous. The whole thing lies in the scalp, in the roots, and there my Hair Youth goes.

It combats the hardened oil and dandruff which stifle the hair roots. It tones and stimulates the scalp. Hair thrives on such a soil as flowers thrive by like method.

I believe that my Hair Youth now combines the greatest hair helps in existence. I have never seen anything else which brought comparable results. Now I have placed it in every drug store, on every toilet counter. All who desire may obtain it. The name is Edna Wallace Hopper's Hair Youth. It will amaze and delight you. I authorize every dealer to return the price to any one who claims the slightest disappointment.

Write me for my Beauty Book and I'll send with it something else to please you. Edna Wallace Hopper, 539 Lake Shore Drive, Chicago.

Nationals Trim Americans at Chicago by Score of 10 to 7; Fast Play.

CHICAGO, Oct. 1 (AP)—The Cubs of the National league won the first game of their series with the White Sox of the American league, 10 to 7. George Grantham, whose error last fall gave the White Sox the deciding game of the series, was the batting hero of today's contest. He smashed out a homer in the third inning which sent two runners ahead of him and made it easy for Alexander. Wols also came through with a homer in the fourth inning when the Cubs went on a batting rampage. Toward the finish Alexander weakened and the White Sox kept pecking away at him for all their runs. Lyons started for the American leaguers and was driven off the hill in the third inning. Connolly checked the rally, but could not stop a renewal of the attack in the fourth. Sheely smashed two homers for the White Sox, the first with nobody on and the second with two mates on base.

The score: R. H. E.
White Sox 7 12 1
Cubs 10 13 1
Batteries—Bonnally, Cveengros, Leverette and Cruise; Alexander and Hartnett.

center around the big westerner whose speed ball has fanned more batters than any other pitcher in the game's history. If Johnson, after one of the most successful seasons he has ever had, can carry his old stamina and form into the series, Washington's chances will be in the ascendancy. Johnson, in his prime, has twirled and won three games on successive playing days. He performed that feat against New York in 1908. His arm could not stand such a strain now, but if he is able to bear the brunt of the Senators' mound work the Giants will face a difficult barrier to break down.

Johnson's major league record over 18 seasons is studded by marvelous achievements.

TWIN FALLS PREPARES FOR HARD CONTEST IN FILER FOOTBALL GAME

Strenuous workouts have been given so far this week by Coach Platinio to his squad of football players for their first game of the season to be played Friday afternoon at Filer, and according to reports coming in from the practice field at Lincoln park the team will be in much better condition than it was when it met and was defeated by the alumni team at the Lincoln field last Friday.

Much time has been spent since then in strengthening the line, perfecting aerial play and putting the backfield through a stiff course of work designed to make them hit the line harder and with greater concentration. Twin Falls in its first game goes up against a team from a school much smaller than it is but one that has already won one game this season from the Wendell team. A large crowd of rooters from Twin Falls high school is expected to attend the Filer game and from indications Wednesday a large number of Twin Falls football fans would also be there.

DIRECTORS TAKE TIME FOR STUDY OF GOODING BILL

Chamber of Commerce Board Receives Invitation to Lend Support to Campaign for Long and Short Haul Act.

Invitation to Twin Falls Chamber of Commerce to lend its active support to a campaign for adoption by congress of the measure known as the Gooding long and short haul bill will be referred to chamber of commerce directors at a regular meeting Tuesday evening.

It was decided by a number of the directors who attended a conference Wednesday afternoon in chamber of commerce offices here with J. A. Ford of Spokane, and G. B. Graff of Boise, officials of the Intermountain Rate association, by whom this invitation was extended.

Advocates of the Gooding bill in the intermountain region are uniting in an effort to secure adoption of the measure during the coming short session of congress that ends March 4, next, the association officials stated.

The bill, which is regarded as marking a long step toward attainment of one of the main objectives of the Intermountain Rate association, was introduced in the senate by Senator Frank R. Gooding of Idaho, and passed that body on May 19, last, and thereafter referred in the house of representatives to the committee on interstate and foreign commerce in whose keeping it remained when the last session adjourned.

Affects Intermountain Region.

The measure purports to amend the interstate commerce act to prohibit common carriers from charging, either by "any greater compensation in the aggregate for transportation of passengers, or of like kind of property, for a shorter than for a longer distance over the same line or route in the same direction," the shorter being included within the longer distance, and from charging "any greater compensation as a through rate than the aggregate of the intermediate rates."

Adoption of the measure is of particular interest to the intermountain region, its advocates agree, for the reason that it would do away with a situation permitting eastern or middle-western shippers to ship goods to the Pacific coast for a lesser charge than to destinations in the intermountain region.

"The object of this bill," Mr. Ford stated, "is to prevent restoration of the old discriminatory rate to coast points from the east in order to freeze out water competition which is essential to this part of the country. We have made a fight for many years to abolish this discrimination and finally on March 18, 1918, won our point. Since that time the railroads have repeatedly sought to upset present conditions and as a result have been disturbing our business, for although we now have terminal rates these may be set aside at any time and the consequence is that as soon as one road petition is turned down another is filed."

On Tour of Region. The Intermountain Rate association officials visited Twin Falls Tuesday morning for the purpose of discussing with business men the freight rate situation especially as it is affected by the Gooding bill.

Mr. Ford, secretary of the Spokane Chamber of Commerce and Mr. Graff is secretary of the Boise Chamber of Commerce.

Directors of the chamber of commerce who attended the conference here Wednesday afternoon included D. D. Alvord, president; Shad L. Hodgins, J. E. White, R. M. Williams.

COMES FROM WASHINGTON TO CLAIM BRIDE AT KIMBERLY

The wedding of Miss Dora Christian of Kimberly, and Leon Stearns of Washington, D. C., took place here Tuesday. Justice of the Peace Kennedy Packard officiating.

Gas on Stomach May Cause Appendicitis

Constant gas causes inflammation which may involve the appendix. Simple glycerine, buckthorn bark, etc., as mixed in Adierka helps any case gas on the stomach in TEN minutes. Most medicines act only on lower bowel but Adierka acts on BOTH upper and lower bowel and removes all gas and poisons. Excellent for obstinate constipation and to guard against appendicitis. CHARGES HUSBAND MADE ILLEGAL LAND TRANSFER

Mrs. Pluma Mikeseall Sues Husband, His Sister and Other-in-Law to Set Aside Conveyances.

Alleging that her husband, Will F. Mikeseall, without her knowledge or consent, in November, 1913, executed a deed transferring 100 acres of farm land on the Salmon River project that was community property to his sister, Gertrude M. Mikeseall, and that the property was later transferred by Gertrude Mikeseall to Frank H. Arze, Mrs. Pluma Mikeseall started suit in district court here Wednesday to set aside the conveyances in question. Will F. Mikeseall, Gertrude M. Mikeseall and Frank H. Arze are named defendants in the complaint in this action which was filed by Sweeley and Sweeley, attorneys.

BOISE DISTRICT DOGS LEAD MEET

More Than Score of Best Animals in Region Enter Jerome Field Trials.

Dogs owned in the Boise district carried off most of the prizes offered at the Southern Idaho Field Trial recently held near Jerome, in which more than 20 of the best dogs in the intermountain region competed.

W. B. Van Buskirk was the presiding judge and the decisions seemed to meet with the approval of the gallery.

Following is a summary of the results:

Open all-age event for any pointed or setter regardless of age or previous wins, first, Idaho Lady, Llewellyn setter bitch, A. T. Glenn, owner and handler, Boise; second, Alford's Buxabee, setter bitch, C. M. Williams, owner; M. C. Ware, handler; third, (equal) Highland Pride, Llewellyn setter dog, J. T. Williams, owner, M. C. Ware, handler, and Dan Poncho, English setter, G. H. Steel-smith, Hansega, owner and handler.

Derby, open to all dogs whelped on or after January 1, 1923: First, Mitze, Llewellyn setter, G. H. Smith, Boise, owner; M. C. Ware, handler; second, Boise Public, pointer dog, Dr. E. B. Carpenter, Boise, owner and handler; third, (equal) Noble's Bell Rap, pointer bitch, A. T. Glenn, Boise, owner and handler, and Cora's Lady B, English setter, C. F. Denning, Kimberly, owner and handler.

ASKS JUDGMENT ON CONTRACT FOR SALE OF SALMON LAND

Fred LaShone of Hollister is defendant in a suit instituted in district court here by H. D. Read of Twin Falls for judgment for approximately \$6880 on account of a contract for sale of farm land west of Hollister by A. G. Reams to LaShone. The contract, which was entered into in July, 1918, was later assigned by LaShone to plaintiff Read, who asks \$3625 delinquent payments on the contract, \$250 taxes, \$207.00 water maintenance charges, \$2480 water right purchase and \$250 on account of a note given in payment for crops grown on the property in 1919. Plaintiff Read is represented by Attorney Shad L. Hodgins.

FREIGHT RATE CONTEST REVIEWED FOR ROTARIANS

J. A. Ford, Spokane, and G. B. Graff, Boise, Tell Aims and Objects of Intermountain Association.

J. A. Ford, secretary of the Intermountain association and the Spokane Chamber of Commerce, and George B. Graff, secretary of the Boise Chamber of Commerce, on Wednesday night addressed the Twin Falls Rotary club on the aims and objects of the Intermountain Rate association. Mr. Ford made a strong appeal for aid and support of the movement over the state, explaining the work now being carried on and its importance to the entire intermountain country. Primarily, the object of the association as set forth by both speakers is to provide for the total elimination of discriminatory freight rates upon merchandising of all kinds shipped to and from the entire territory known as the intermountain country.

The passage of the Gooding bill in the senate last spring was referred to by Mr. Ford as one of the most important steps in the fight, the next big step being the passage of the bill by the house when it comes up during the next session.

The old-time practice on the part of intermountain railroads in charging freight rates from eastern points to interior Pacific coast points equal to or greater than the rates charged to the Pacific coast was explained and the heavy expense to this entire territory pointed out.

While no matters now stand rated to interior points can not be higher than the rates to the coast, the passage of the Gooding bill will forever do away with the right of the roads to appeal against railings of the kind now in effect to the interstate commerce commission and serve to stabilize railroad rates for all time.

Expenses of the association are shared in by the various states comprising the intermountain country, Mr. Ford stated, Idaho's share being 15 per cent of the entire amount.

Mr. Graff gave a number of interesting examples of what has been accomplished by the association to date and closed with a strong plea for action on support by the business and all other interests in these parts.

AT THE IDAHO.

Green valleys crowded with forests of pine, mountain ranges whose peaks are eternally white with snow, colossal glaciers and swift rushing rivers—against this picturesque and scendly beautiful background "The Alaskan," Herbert Brenon's production of Willis Goldbeck's adaptation of James Oliver Curwood's powerful romance of the northwest unfolds its dramatic story of Alaska—America's last frontier. The local premiere of this Paramount picture took place last night at the Idaho theater.

The Alaskan will be shown the balance of the week.

ORPHEUM.

It was inevitable that Colleen Moore, who treated such scenes as "Flaming Youth" and "Painted People," both First National pictures, should once again give the screen another portrayal of the modern flapper.

And judging by her remarkable characterization in these pictures it was inevitable that her next picture be called "The Perfect Flapper," this is the opus-schedule to open at the Orpheum theater today.

SOCIETY

Edited by Mrs. E. B. Williams Telephone 314.

Mrs. A. E. Siffer was hostess to the Harmony club Wednesday afternoon. All members were present and Mrs. H. P. Barger won the favor for high score.

Mrs. C. H. Burton entertained the Wednesday Bridge club this week. Prize for high score was won by Mrs. Wilbur Hill.

Mrs. J. W. Wilson entertained the Winodani club at a 1:30 luncheon Wednesday at her home on Eighth avenue north. Covers were laid for 18 at four table carrying out a color scheme of red and white. Mrs. J. Lawrence and Mrs. A. G. Pearson were guests and Mrs. Wilson was assisted in serving by her daughter, Mrs. Wilton Peck. The usual social afternoon followed luncheon.

Mrs. George Ling was hostess to the Kimberly Road club Wednesday afternoon. Eleven members answered to roll call with current events. The program was in charge of Mrs. J. C. Hoas, the topic being "How the Club Has Helped Women," and Mrs. Jerome Long and Mrs. W. M. Fisher read interesting papers on the subject. Late in the afternoon Mrs. Ling served dainty refreshments.

Van and Miriam Ballantyne entertained Wednesday evening at their home on Eighth avenue east in honor of Dorothy and Thomas Ballantyne, who are leaving soon for Oregon. Where they will make their home. The evening was spent in games and at a late hour refreshments were served.

FUNERALS

MANIFOR—Funeral services for Mary Elizabeth Manifor, 3-year-old daughter of Mr. and Mrs. Joseph Manifor, whose tragic death occurred here Tuesday, will be held at 2 o'clock this afternoon under auspices of the L. D. S. church in the Blue & Sturdivant chapel, corner of Shoshone street and Second avenue south.

BANK CHANGES ITS NAME

Amendment to articles of incorporation of the Bank of Castleford changing the name of that institution to the Security State bank of Buhl, has been filed in the office of the county recorder here. The bank, which was established about six years ago at Castleford, has recently been moved to Buhl in accordance with decision reached by its board of directors.

MORE LIFE

Dr. Eugene Lyman Fluke, director
of the Life Extension Institute, says
that in the last century the average
span of life has been lengthened
twenty years, and the chances are
that it will be lengthened twenty years
more within the next generation.

It used to be that when a man
reached fifty, he was old and near
his end. Now the man of fifty in
good condition can look forward with
a reasonable expectation of living to
eighty. Before long, perhaps the man
of eighty can look forward with a
reasonable expectation of reaching one
hundred.

Here is a marvelous gain, if life is
reckoned only in length of years. But
duration of time, as every "live" per-
son knows, is only half of it. The
same scientific progress that has so
lengthened life in the last generation
or two, and is now operating more
rapidly than ever to that end, has
enormously increased the experiences
that can be crowded into any particu-
lar term of years.

A man nowadays can easily come
into contact with ten or one hundred
times as many people as his grand-
father could. Travel and communica-
tion bring him easily throughout the
world or bring the world to him. There
is immensely more interchange of ideas
and information and enormous multi-
plication of manufactured goods, work
of art, etc., together with the means
of enjoying them.

A few years of ordinary life may
now be crowded with experience im-
possible to a Solomon and a Methu-
lah combined. The life of an alert,
intelligent and healthy person yea,
mean, for most purposes of existence,
as much as a thousand years would
have meant at the peak of any for-
mer civilization.

PARENTAL DELINQUENCY.

After much harsh criticism of pre-
sented high school children, their
misdeeds, their disregard of authority
and their irresponsibility, the tide
seems to be turning, if not in their
favor, at least in their defense.

Judges, east and west, the National
Probation Association and various
other organizations whose members
ought to know much about the sub-
ject, are saying now quite frankly that
delinquent parents are the chief cause
of delinquent children. Parents allow
their minor children too free use of
motor cars; parents do not know how
their children spend their leisure hours,
who are their companions or where
they go after school or in the evening.
Parental negligence is at the root of
much juvenile wrongdoing, say these
authorities.

And to a very large extent it is
true. Scoldings for their shortcomings
and denial of all outings are not the
solutions. Many over-indulgent par-
ents frequently nag and scold their
children for the very faults encouraged
by that indulgence. And many par-
ents who are unjustly strict in limit-
ing their children's pleasure activities
drive the boys and girls to sneak out
to forbidden fun.

A genuine and lively interest in the
children's pastimes and friends, a
frank co-operation in promoting their
legitimate good times, a definite un-
derstanding as to the performance of
certain tasks and the maintenance of
sound discipline, are necessary if
Johnny and Mary are to be protected
from dangers which they are too young
and inexperienced to cope with alone.
Teachers and probation officers can't
do this sort of thing for the rising
generation. It is up to the parents.

EDEN

EDEN—A. J. Wilson has been con-
fined to his home the past week on
account of serious illness.

Orville Christensen of Jerome has
been here the past week attending to
the business of the Idaho Power com-
pany, taking the place of George Rogers,
who is recovering from smallpox.

L. A. Williams of Gooding, spent
Saturday and Sunday here.

T. F. McElroy is here from Salt
Lake for a few days' visit with
friends.

Miss Maud Freeman was an arrival
Thursday from Grand Junction, Colo.,
having been called home on account of
the serious illness of her father, H. O.
Eden is a patient at the Twin Falls
hospital.

Mrs. E. E. Dentler arrived Sunday
from Boise to spend the next few weeks

at the home of her daughter, Mrs. Dal-
las Gordon.

Charles Jackson has resigned, his
position as the roller racer in order
to assist in caring for his brother, John
T. Jackson, who was injured recently
in an automobile accident while on his
way to Salt Lake to visit his daughter.

Mrs. Lars Swenson and Mrs. Troy
Prealer are reported on the sick list
this week.

Mrs. Frank Burkhalter, Mrs. L. W.
Beabout and Mrs. C. E. Johnson at-
tended church services at Twin Falls
Sunday.

Mrs. S. M. Burkhalter and daughters,
Irene and Iris, of Kimberly, spent Sun-
day here with friends.

Mrs. Ellingford, who is employed
on a farm near Kimberly, spent Sunday
at the home of his parents, Mr. and
Mrs. J. Ellingford, near Hilldale.

Scott Jones and Oscar Hansen
expect to start on a hunting trip next
Saturday. They have planned a two
weeks' trip which will take them far
back into the Sawtooth range above
Sageen City.

W. H. Rolter has returned from a
several-days' business trip to Portland,
Oregon.

The M. I. A. of the Eden L. D. S.
church announce their regular Sunday
evening meetings will start about Octo-
ber 5 and continue every Sunday even-
ing through the fall and winter months.

Otto Molony, J. E. Haverma and
Mel Haverma were business visitors
at Twin Falls Monday.

J. T. Roberts, manager of the collect-
ing department of the C. W. & M. com-
pany, was a business visitor here, Mon-
day.

Mrs. Troy Prealer was taken to the
Twin Falls hospital Sunday, suffering
from a severe attack of appendicitis.

W. W. Thompson of Rupert, a former
superintendent of the Eden schools, was
a business visitor here Monday.

Mrs. and Mrs. Frank Fulton, Mr. and
Mrs. Van Myers and Mrs. Addie C.
Wilson attended church services at
Twin Falls Sunday evening.

Pay Spencer, the nine-year-old daugh-
ter of Mr. and Mrs. Ed Spencer, who
lives near Hilldale, was taken to the
Twin Falls hospital Saturday where
she was operated on for appendicitis.

Later reports indicate that the child
will be home in a few days.

George Rogers, manager of the Idaho
Power company here and at Hazelton,
is recovering from smallpox.

Miss Edith Williams was taken to Cal-
dwell where she will attend the Gem
State academy this year.

H. G. Hayes and Mr. Ralph were
business visitors at Twin Falls Sat-
urday.

Mr. and Mrs. C. V. Everett were busi-
ness visitors at Twin Falls Tuesday.

Mr. and Mrs. Samuel Smith, Sun-
day friends at Twin Falls.

VERDICT HOLDS
ADKINS GUILTY

Jury After Long Deliberations
Convicts Basque's Slayer of
Voluntary Manslaughter.

John W. Adkins was by a jury in
district court here found guilty of vol-
untary manslaughter in connection with
the death last June of Francisco Mar-
guregia. Basque, alleged to have re-
sulted from injuries inflicted by Adkins
with a rude walking stick during a
quarrel over the handling of sheep in
which both men were employed by
James D. Pence. The jury, which
deliberated six days last Friday after-
noon, returned its verdict when court
sessions began Saturday morning. Judg-
ment on the verdict will be pronounced
next Tuesday, Judge W. A. Babcock
announced.

Under Idaho law penalty on convic-
tion of manslaughter is imprisonment
in the state prison for not to exceed 10
years.

Defense counsel indicated that motion
for new trial or notice of appeal would
be a large part of the future.

Upon the return of the verdict Sat-
urday morning, Adkins who had been at
liberty under bail, was remanded to
the county jail to await the trial of the
other defendant in the case.

Adkins was arrested in his quarters
in the county jail by his wife and
baby and other relatives.

BLACKFOOT GROWERS
HOLD HAY FOR \$10;
OTHERS ASKING MORE

The hay situation is receiving much
thought over the whole of southern
Idaho. Around Blackfoot growers have
delivered the \$10 bales for upper Snake
river hay with 422 feet measurement
constituting a ton.

This arrangement was agreeable to
stockmen and farmers alike. At this
place the average cost of putting hay
in the stack was estimated at \$3.75 per
acre with 3-7-10 tons average per acre,
leaving a margin of \$3.23 profit to the
grower. Mindful farmers are holding
out for \$12 for their hay, but stockmen
shake their heads and say \$10 with the
422 foot measurement.

In the Brunson section a large part
of the hay will be used to fill the
Union Pacific railroad order for hay
for the Kansas City market, a price of
\$12.00 net to the grower will be paid
for this hay.

In the Buhl and Castleford district
the question is as yet unsettled. Seven-
ty-five growers from Deep Creek school
district, Fairview section and Castle-
ford are holding out for \$12. They have
90,000 tons of hay. It was
unanimously voted to sell no hay under
\$12 and to sell no pasture before sell-
ing the hay.

In the Boise sector, hay is selling for
from \$12 to \$15 per ton, with the
outlying districts some is selling for
\$10.00.

King of Flesh Eaters
The kodak-grizzly bear of Alaska
is the biggest flesh-eating animal
existing on the earth.

THE HUMAN ZOO

(Reg. U. S. Patent Office)

By C. D. Batchelor

"Hope you have a good time, Bui."
"But I'm not going away with the family."
"Then I know you will."

Good Seed Yields
Being Obtained On
Roseworth Project

300 Bushels of Grimm From
30 Acres Reported; Other
Farmers Have Good Crops
Now Being Threshed.

The Roseworth farmers are harvest-
ing a good crop of seed, according to
setters there. Not all of the Grimm
alfalfa is threshed yet, but some heavy
yields are reported.

Very heavy crops, on 30 acres of Grimm
threshed 300 bushels of good quality
seed, an average of 10 bushels, and the
pure Grimm cleans away very little.

Another satisfactory yield is reported
on the J. E. Stator ranch near Rose-
worth, south and west of the Roseworth
station. On 70 acres of seed land he ob-
tained a yield of nine bushels per acre.

Art Meredith unintentionally demon-
strated the merits of cultivation for the
successful growth of alfalfa seed, on
30 acres of his farm that lies west of
Roseworth. He decided to exterminate
the common alfalfa and get into the
Grimm class.

So, accordingly he plowed the ground
for a grain crop but before he got into
the field to work the ground down, his
moisture had taken leave and he was
forced to water then land. Then a
fair stand of the alfalfa showing up,
and the heavy pressure of work with
scarcity of help all combined to cause
him to leave the seedling crop.

Now he reports a yield of nine and one-
half bushels per acre of good seed.

Wingard Brothers.
Wingard brothers of Roseworth took
\$14,000 off 130 acres of Grimm this
year. A six-bushel average was their
yield off the entire 130 acres. Last
year they took \$16,000 off their entire
100 acres and this year their \$14,000
already drawn in, off the 130 acres of
Grimm, they have a fair show of real-
izing their dreams.

Grimm growers of Roseworth are
largely shipping their seed to the south-
eastern states. The seedling crop of 25
growers being in league with this as-
sociation. Five and one-half acres were
marketed last year through this farm-
ers' organization, and one and one-half
carloads were sold locally. A large
yield is assured this year with the
real showing in increased acreage.

The Roseworth Ranch company, Mike
Glowinski, manager, sent 100 head of
cattle to the hill range with the Oregon
Sheep company early last spring, retain-
ing only some milk stock of the mil-
k Shorthorn type on the home ranch.
Stockmen say the range is fast growing
bare, so all cattle will be moving to
the valley shortly.

Some Omelets.
E. W. Miller, living on-half mile
west of Piller, operates a six-acre tract
and has two and one-half acres of it
in onions. His Yellow Danvers went
250 sacks to the acre, of medium qual-
ity and his red variety is not pulled yet,
but he thinks they are larger and bet-
ter than the Danvers. Mr. and Mrs.
Miller with their two small boys do all
the work on this little farm, and like
the work fine. They say they will beat
the wage scale, and lastly they are
their own "boss." Their onion crop
had four carloads through the grow-
ing season.

Tom Spiker of Buhl reports a yield
of eight bushels of red clover per acre
on ten acres. He sold this seed for \$12
per bushel and the market caught him
"napping." He says he sold too soon.

Relapses.
He—What do you say to a honey-
moon in Europe?
She—But dearest, you know how
strid I am of seasickness.

Yes, but you ought to know that
love is the best remedy for that.

Perhaps—but think of the return
trip.

CASTLEFORD

CASTLEFORD—Friday afternoon
Miss Esther M. Kahle of the extension
bureau of the state university, will ad-
dress a public meeting on nutrition. Spe-
cial luncheon will be served at 12 o'clock.
In the evening Miss Kahle will meet with
the Campfire girls and will endeavor
to enroll every girl in the community
who is old enough to join the club.

Mr. and Mrs. Wesley King of Ken-
tucky are visiting Mr. King's mother
in Willowdale district.

Mr. and Mrs. Arthur Kleinfopf of
Eden, visited Mr. and Mrs. R. D. Ren-
ney Sunday.

Mr. and Mrs. Harry Webber and
their house guests, Misses Della and
Dolly Kearley of Los Angeles, plucked
for Hansen bridge and Shoshone falls
Sunday.

Mr. and Mrs. Arthur Owenby ar-
rived Thursday from Rockville, Ore.
Mr. English returned after a few days
visit with his brother, the Rev. and
Mrs. English at Eden.

Mrs. E. F. Taylor is very ill with
pneumonia.

Albert Shoemaker and Walter French,
who had returned from a trapping
trip to the Three Creeks country, report
a three days' snow and rain there last
week.

Mr. and Mrs. Frank Kinney were dis-
tinct guests at the Charles Shorthouse
home Sunday.

Mr. and Mrs. Henry Webb have
moved to the Skillern ranch, formerly
owned by C. H. Rogers.

Veimar Grackwell was a business vis-
itor at Kimberly Monday.

Monday afternoon a faculty meeting
was held at the home of Mrs. E. C. Taylor.
Mrs. Anna Hines and Mrs. E. E.
Ulrich were Twin Falls shoppers on
Monday.

KIMBERLY

KIMBERLY—Ralph Butler and B. J.
Homan were in Twin Falls Sat-
urday afternoon.

Mrs. Buchanan and daughter, Es-
ther, visited the dentist in Twin Falls
Saturday morning.

Mr. and Mrs. E. C. Taylor and chil-
dren were dinner guests on Sunday at
the home of Mr. and Mrs. Warren An-
derson.

Mrs. Ella Thomas and daughter
spent the week-end with relatives in
Buhl.

Mr. and Mrs. H. T. West and daugh-
ter were entertained at dinner on Sat-
urday night at the home of Mr. and
Mrs. A. L. Stowe.

Charles H. Connell, who has been
visiting here, Mrs. Hattie Geger,
the past six weeks, left Saturday morn-
ing for her home in Cincinnati, Ohio.

Mr. and Mrs. George McCreedy, who
were in Twin Falls Saturday, were
shopping in Twin Falls Saturday.

Complimenting her son, Lloyd, in
front of his home, Mrs. Therman
Wright entertained a number of guests
at dinner on Saturday night.

The Ladies' Aid of the M. E. church
held a social at the home of Mrs. E. C.
Taylor, and Mrs. Charles G. Taylor
afternoon at Wilson brothers' store,
which netted them a neat sum.

Mr. and Mrs. Fay Cook and children
of Kimberly spent the week-end in Kim-
berly Saturday afternoon.

Harry Covall drove over from Haz-
leton Saturday on business.

Mr. and Mrs. Charles Gunning and
son of Eden, were shopping in Kim-
berly Saturday.

Mr. and Mrs. Kenneth Annett and
children of Jerome, visited at the L. H.
Walden home Sunday.

Mr. and Mrs. J. Frank Henry, Mr.
and Mrs. A. J. Wilson and son, Ed-
ward, were in Twin Falls Saturday to
spend the day with Mr. and Mrs. C. C.
Gallen and family.

A large crowd gathered at the high
school auditorium, Tuesday night to
hear Mr. Hanks, who gave an inter-
esting lecture on the subject of blind-
ness and its causes, he having lost his
sight through an explosion in the
mines about two years ago. Mr. Hanks
is a distant relative of Abraham Lin-
coln.

Miss Winnifred Woodford who has
been ill the past few days, returned to
her work in Twin Falls Tuesday.

One of the most pleasant affairs of
the fall season was the surprise party
given in honor of Mrs. Frank Tate at
her home Tuesday afternoon by her im-
mediate relatives and friends. The
afternoon was spent in social conver-
sation and later refreshments were
served, each member of the party con-
tributing to the treat. A set of dishes
was presented to Mrs. Tate as a token
of esteem by those present.

RIGHT OF WAY
ON STATE LAND
TO COST \$120

Commissioners' Award in Con-
demnation Proceedings Fixes
Value of Land Sought by
Short Line.

The Oregon Short Line Railway com-
pany, in accordance with agreement
reached by its attorneys and the Idaho
state court, will pay to the state
commissioners and judgment on con-
demnation signed by Judge W. A. Bab-
cock and placed on record Saturday in
district court here, will pay to the
state the sum of \$120 for a strip of
territory 100 feet wide comprising 17.08
acres and extending across state lands
in Twin Falls county, which is sought
as a part of the right of way for the
Bojensen-Wells line now under con-
struction.

The various steps in the negotiations
that were culminated with the signing
of the order on condemnation are set
forth in documents placed on record
the condemnation and appropriation of
Saturday. These documents include the
petition by counsel providing for ap-
pointment of the commissioners to "as-
sess and determine the damages, if any,
that the state will sustain by reason of
the condemnation and appropriation"

of the property in question. There is
included also copy of the order appoint-
ing the commissioners, and the award
of Arthur L. Swin to be the commissioners
for this purpose, copy of their oath and
their award and the judgment in con-
demnation all of which were executed
on Saturday.

In their award the commissioners
found that no damages would accrue to
owners of the premises not sought to
be condemned by reason of their sever-
ance from the condemned area or con-
struction of the railway, and they
therefore awarded the value of the
land sought which was fixed at
\$120.

Condemnation proceedings were re-
solved to in the first instance because
provisions of Idaho statutes do not per-
mit the state to sell at private sale
rights of way of the character required.
The original complaint instating this
action was filed March 26, last.

In the proceedings following the Short
Line was represented by its attorneys,
George W. Smith, H. J. Thompson and
J. H. McCreedy, and the state by
Sweeney of Twin Falls. Negotiations on
the part of the state were conducted
through the office of A. H. Conner, at-
torney general.

THE MARKETS

MARKETS AT A GLANCE

NEW YORK, Oct. 1 (AP)—Stocks—Strong; public utilities head list of 25 highs.

Bonds—Steady; rail issues lead in activity.

Foreign exchange—Firm; sterling gains about a cent.

Cotton—Higher; bullish crop news.

Wheat—Easy; European selling.

Coffee—Firm; trade buying.

CHICAGO, Oct. 1 (AP)—Wheat—Easy; larger crop estimates.

Corn—Steady; bullish crop reports.

Cattle—Steady to strong.

Hogs—Higher; strong demand.

TWIN FALLS MARKETS

There prices are obtained daily at 4 o'clock in the afternoon and are intended to cover only the average of prices. Where certain dealers for short periods offer more than the quoted price an effort is made to include such quotations. Quotations are offered merely as a guide to producers and should not be accepted as reflecting extremes of either high or low prices.

RETAIL MARKETS.

Paid to Producers

The Twin Falls markets yesterday were as follows:

Livestock	
Hogs	\$8.50 to \$9.50
Cows	\$3.00 to \$3.50

Butter, cheese	80c
Wisconsin cheese	80c

like weather. There were also estimates of the corn crop. The yield of corn this year would be only 1,716,000,000 bushels, the smallest amount in years. The buoyancy of oats was associated with word that exporters had purchased 3,000,000 bushels of oats to-day. It was contended in some quarters that the oats are the sole remaining cheap grain at present, and are destined to be used on a large scale as a substitute for corn and mill feed.

Provisions were strengthened by an upturn in the price of hogs.

FOUR ROBBERY SUSPECTS FACE COURT ORDEAL

Four Men Charged With De-spelling General Store at Knoll to Go on Trial Following Postponement.

Dud Davis, Roy McIntyre, Russell Cavenader and George Walters, Jr., charged with robbery of the general store at Knoll last August, will go on trial in district court here today, according to indications Wednesday when Judge W. A. Babcock issued an order for subpoena calling in eight witnesses whose testimony is desired by the defense. The witnesses thus to be called in are Floyd Roberts, Ed Hart, Joe Garfield, Andy Flynn, Ben Elsworth, Steve Willis, J. C. Moore, Thomas Cavenader and Mrs. Thomas Cavenader, parents of Russell Cavenader, one of the defendants.

Trial in the case was postponed the first of the week when defense counsel submitted a doctor's certificate to the effect that Cavenader was ill and unable to appear in court.

The defendants, with the exception of Cavenader, who furnished bail, have been held prisoners in the county jail here since their arrest at Rogerson a short time after the robbery of the Knoll store.

Defense Confident.

Cavenader was re-arrested following his release on bail on charge of participation in robbery of F. W. Neale, Knoll district farmer, committed on the highway north of Knoll a few moments before the Knoll store was robbed. He was released subsequently on this charge.

All four of the defendants, according to sheriff's and police officers, were implicated not only in the robbery of the Knoll store and of Mr. Neale, but on the same night started their night's operations by robbing the Blue Lanes Boulevard grocery in Twin Falls.

W. P. Guthrie and John P. Kosharak, attorneys for the defendants since their arrest, have confidently expressed confidence that they will be acquitted at trial, and have asserted that the wrong men are held for the robbery.

The case for the state against the robber suspects will be conducted by Prosecuting Attorney J. W. Taylor.

Hearing of argument by attorneys on motion for new trial in the case of John W. Adkins, convicted last week of voluntary manslaughter in connection with the death last June of Frances Marguerite, Basque, and sentenced to serve one to ten years in the state prison, is scheduled to precede opening of the trial in the robbery cases this morning. Counsel for Adkins also have filed notice of appeal to the state supreme court.

Witnesses in Liquor Case.

Indication of brief proceedings in the trial of the alleged robbers was seen in the fact that Judge Babcock, signing an order for subpoena of defense witnesses in the case of Clifton Bowman of Castleford, charged with violation of the liquor laws, set Friday next as the date for opening trial in that case. Defense witnesses called into court under the subpoena issued

Police Seek Thieves Who Took Costly Fur From Express Wagon

Officers Work on Possible Solution to Baffling Problem Presented by Loss of Coat.

Twin Falls police Wednesday were at work on clues looking toward the apprehension of the person or persons who stole from an express company delivery wagon here this week a fur coat owned by Mrs. E. A. Walters and valued at \$200. Wrappings in which the coat had been sent here by a concern in Portland at which it had been sent to be remodeled, were found on Twin Falls baseball field by Officer H. U. Butz.

Several possible solutions to the problem were being worked out by the officers.

ENGINEER STARTS SUIT

C. H. Mull Asks for \$300 as Balance Due on Contract for Drainage System on Isaac Beem Farm.

Charles H. Mull, contracting engineer, instituted suit in district court here Wednesday against Isaac Beem and the Twin Falls Canal company, asking judgment for \$300 claimed as the balance due on account of construction of a drainage system last July on farm property west of Buhl owned by Beem. The work which, according to the complaint, involved expenditure of \$1401.35, all but \$300 of which is admitted to have been paid, was performed under contract entered into by the engineer with the canal company, the contract being predicated on an agreement between the canal company and the land owners. The complaint was filed by Attorneys Asher B. Wilson and J. Paul Thomas.

BIG ELECTRIC CONTRACTS

American Electric Company Nears Completion of Work on Three Large Jobs; Two Here and One at Filer.

Three of the largest electrical contracts in Twin Falls for some time are rapidly nearing completion, by the American Electric company. It was announced Wednesday evening. The contracts, said to rival those made during the boom days of 1919 and 1920, are on buildings for the Twin Falls Feed and Ice company, the Kinney Wholesale company and the Kinney Seed company of Filer. The Twin Falls Feed and Ice company contract, it is said, is probably the largest; last for some time in southern Idaho and combined horsepower used in the various motors is over 300.

In this case include Jerry Emery, Ted Emery, Roy Scarbaugh, Bud Lewis, Merrill Graybeal, Velmar Graybeal, John Noble, R. W. Gager, Paul Newkum, Mrs. Clifton Bowman, Henry Graybeal and Ben Uhl.

The News is run by the permanent printing plant.

Marked Change Comes In Weather Conditions

Ferocast for Thursday: Fair.

Blustery wind and decidedly cooler day-time temperature characterized weather conditions that came Wednesday as a distinct change from Indian summer of two or three days preceding. Mercury's top reach for the day was recorded at the government weather observer's station here at 64 above, a decline of 20 degrees under Tuesday's maximum, while below the 24-hour period at 45 above represented an advance of 10 degrees.

A regular meeting of the American Legion auxiliary will be held at 8 o'clock this evening in the Business Women's club. Mrs. Oris Crider, Mrs. F. C. Beebe and Mrs. A. C. Smith will be hostesses.

DANCING HORSES BURNED
CHICO, Cal., Oct. 1 (AP)—Thirty-six trained dancing horses of the Al G. Barnes circus, valued at \$100,000, were burned to death in a fire which destroyed the car in which they were being transported from Chico to Willow, Cal., early this morning. The fire was discovered four miles north of this city.
