CONSIDER FARM
PROBLEM FIRST

Tax Reduction Not to be Taken
Up at Short Session Under
Present Plans of Republican
Administration.

WASHINGTON, Nov. 12 (AP)—Tax reduction at the coming short session of congress will not be attempted under present plans by the administration and although some congressional leaders have expressed a desire to take up such legislation it now appears that attention will be directed primarily to appropriation and farm measures.

It is understood that Secretary Mellon, who conferred for more than an hour with President Coolidge today, considers it impracticable to attempt to reopen the tax question at the three months' session with a new law just going into effect.

New Law Results.
Administration officials point out that the actual results of the new law relative to the status available for future reduction will not be felt until after December 15, and the benefit of the new rates will not be received until payments are paid next year on this year's taxes, leaving opportunity to survey the entire situation carefully before concentrating upon the tax question.

While no final decision has been reached, neither have any plans yet been made by the treasury or the president, it is understood, in regard to recommending additional tax reduction before the meeting of the new congress in December, a year hence.

To Retain Position.
Secretary Mellon, however, it is understood, expects in his annual report to restate his position on tax reduction along the lines he recommended to the last session of congress. This scheme providing for a larger cut in the high surtax rates, was finally approved by congress, rather than the endorsement of President Coolidge. In his recent speeches Mr. Coolidge also has indicated a desire to cut further the surtax rates as well as all other taxes.

What congress itself may attempt, without recommendation from the administration, is regarded as throwing to some extent an element of uncertainty into the situation now crystallizing as the December session approaches. Several congressional leaders also are already pressing for an extra session after March 4 to take up tax reduction and other measures.

Chicago Police Still at Sea in
Effort to Find Slayer of Gun-
man, Theory They Had Proves
of No Use.

CHICAGO, Nov. 12 (AP)—Margaret Collins, who has been termed by the police the woman in the Dion O'Bannion murder case, surrendered today and in the course of a few hours was released. The young lady, who said her real name was Mary and that she had lived until recently in New York, denied ever having known the district attorney's other than as a customer. She told assistant state's attorneys that she had never slapped the face of Mrs. Michael Carrozzo nor that she even knew the wife of the Italian labor leader. The police had been working on the story that Miss Collins, friends of O'Bannion, had attacked Mrs. Carrozzo, while they, Carrozzo, O'Bannion and several lieutenants of both men were seated at a table in a downtown cafe. A feud followed and, the police theorize, the death of O'Bannion was its culmination. Carrozzo had not been apprehended tonight.

Father Testifies.
At the inquest into the death of the gang leader, Charles O'Bannion, the victim's father, testified as to Dion's boyhood and early youth. The coroner's jury continued the inquest until Nov. 25.

O'Bannion's body lies in a funeral parlor a few doors from his floral establishment. About the bier are heaped thousands of dollars worth of wreaths and flowers.

It has been learned that an old gangland custom will be followed Friday when members of rival factions in the underworld will temporarily bury the hatchet and walk side by side behind the coffin of their dead leader and sworn enemy.

BALTIMORE, Nov. 12 (AP)—The case of Representative John Philip Hill of Baltimore, who has been on trial in the United States court for the last three days on an indictment charging violations of the Volstead law, went to the jury at the beginning of the afternoon session of the court today and not having reported a verdict at 5:30 o'clock Judge Morris A. Soper adjourned court directing that the verdict, if one were reached, be sealed and presented to the court tomorrow morning.

Judge Soper's charge to the jury preceded the argument of counsel. He directed the jury to dismiss the fifth and sixth counts of the indictment accusing Colonel Hill of maintaining a common nuisance at his home on the ground of insufficient evidence.

Burden with Government.
Judge Soper declared at the outset that the burden of proof was on the government to satisfy the jury of the defendant's guilt and later refused the request of District Attorney Woodcock to instruct the jury that the burden of proof rested upon Colonel Hill to prove that his fruit juices were not intoxicating in fact. Mr. Woodcock contending that section 33 of the Volstead act shifts it from the government to the defense.

Judge Soper directed the jury to give Colonel Hill the benefits of all reasonable doubt.

RAILROADS TO
GET ATTENTION
FROM CONGRESS

Preparation for Legislation at
Short Session Involving Car-
riers Announced by Esch-
Cummins Co-Author.

DES MOINES, Iowa, Nov. 12 (AP)—Preparations for railroad legislation in the short session of congress will get under way in Washington immediately, Senator A. B. Cummins of Iowa, co-author of the Esch-Cummins transportation act, announced here tonight prior to his departure for the capital.

The result of the election has so materially improved the situation, Senator Cummins declared, that the opposing factions in the railroad controversy can now get together on the economic question involved and take the railroads out of politics.

During the next ten days, the Iowa senator plans to hold a series of conferences with President Coolidge, Herbert Hoover, secretary of commerce, and representatives of both the railroad operators and their employees in an effort to agree on a program of legislation.

LaFollette Considered.
Senator Cummins expressed the hope that Senator LaFollette, with whom he differs on a part of the railroad program, will meet him half way.

"It would seem," Senator Cummins said, "that the result of the election has demonstrated that LaFollette can not have his own. Inasmuch as I am willing to concede a part of his railroad program, it would seem there is a fair opportunity to reach an agreement."

In addition to railroad bills of his own which are pending in congress, Senator Cummins said there are about 100 other bills proposed regulation of the railroads. All of them, he added, center in the same three things—consolidation of systems, adoption of a reference in dispute between the railroads and their employees and final valuation of the properties necessary for rate-making purposes.

STOCK MARKET
BATTLE SCENE
MUCH TRADING

Furious Struggle Between Bulls
and Bears of New York Ex-
change Continues Unabated;
Sales 2,420,000 Shares.

NEW YORK, Nov. 12 (AP)—The battle between the bulls and bears on the New York stock exchange continued today with unabated fury, with the day's hours about evenly divided at the close. On total sales that exceeded 2,420,000 shares or less than 60,000 shares below the record established yesterday, the general industrial price average advanced slightly, while the general railroad average declined.

Prices of many of the popular industrial and rail stocks as United States Steel common, Baldwin, American Can, Southern Pacific, New Haven, Union Pacific and St. Paul, bowed 1 to 3 1/2 points under the towering load of profit-taking sales and bear selling, but they did not break apparently because there were too many investors and speculators who had not shared in the first outburst of post-election strength waiting to pick up stocks on recessions.

Increased Vigor.
Meanwhile, bullish operations continued with increased vigor in other sections of the list, at least 50 stocks climbing to new 1934 high records during the session. Shifting of speculative interest from one group to another indicated that profits piled up in some of the recent strong spots were being converted into cash and reinvested in other issues believed to be "out of line" with the general market.

United States Cast Iron Pipe was the day's outstanding individual feature, soaring 12 5/8 points above last night's close to a record high for all time at 129 1/2. As compared with the low of 64 established last February, General Electric jumped nearly six points to 260 3/4 but forfeited 2 1/4 points of its gain at the close. Other individual strong spots included Price common, Jersey Central, Goodyear Rubber prior preferred, Manassas, Bogaer, Otis Steel preferred and Sears-Roebuck, all of which closed 3 to nearly 6 points higher.

Behind Market.
At times the ticker tape was 20 minutes behind the market. Some unscrupulous speculators tried to take advantage of this fact shortly after noon by spreading the rumor that United States Steel was then selling two points below the ticker quotations apparently hoping thereby to bring about frenzied liquidation by excited traders, but the ruse failed to work. Bear traders attempted to unsettle the general list by launching an attack on the announcement that the directors had failed to declare the extra dividend expected in some speculative circles. The stock broke over 7 points to 85 1/4 before effective buying support was provided, but this selling had little effect on other parts of the list.

BIG SMUGGLING
CONSPIRACY IN
U. S. UNCOVERED

Agents of Customs Service Succeeded in Breaking Up Large
Band of Jewelry Criminals
Across Country.

WASHINGTON, Nov. 12 (AP)—Agents of the customs service have succeeded in breaking up one of the greatest smuggling conspiracies in recent years, it was disclosed tonight at the treasury where it was said that customs agents in half a dozen sections of the country in recent months have seized and identified "smuggled" jewelry valued at more than a quarter of a million dollars.

Information as to the success of the agents' efforts which were inaugurated with the killing at Los Angeles last week of Mrs. Thornton Moore, with whose murder "Kid" McCoy has been charged, was received here today when agents of the service in New York notified the treasury they had unwound details of the smuggling operations.

Smuggler in Flight.
The treasury was informed that a man named Medianski, now in flight to a foreign country, was the person who actually had brought the jewelry in.

Any information concerning the identity of Medianski was withheld by the officials, but it was indicated that their knowledge was not definite as to how long he has operated or how much jewelry in the aggregate has been smuggled into the country. The fact that the trail was picked up on the death of Mrs. Moore, it was stated, was regarded as having no significance as far as her death itself was concerned.

Whether Medianski operated for himself or as an agent for higher-ups was not indicated, but according to customs service records, he was the head and foremost of the extensive operations and had enlisted a dozen or more aides in disposal of the jewelry.

Several Hundred.
Victims of the conspiracy were numbered by officials at "several hundred" and were widely over the country. The agents have seized all the jewelry they have been able to find but it was said that possibly as much more never would be uncovered. Innocent purchasers have stowed it away in safe places or are wearing it, not knowing its origin.

The jewelry possessed by Mrs. Moore

U. S. Cruiser Gives
Up Search for Lost
Yacht in Atlantic

Further Effort to Find Three
Missing Men Classified as
Futile by Commander of Ship
Trenton.

WASHINGTON, Nov. 12 (AP)—Convicted that further search in the North Atlantic for the missing American motor yacht Lief Ericsson would be "futile," the cutter Trenton has decided to abandon the search.

Captain Kalfus informed the state department in a wireless message today that in view of the heavy weather which has prevailed during the two months since the yacht was last heard of on her voyage from Bergen, Norway, to this country, further efforts to locate the small craft would be hopeless.

Three on Board.
On board the Trenton were William Nutting and Arthur Hildebrand, American writers, and Eric Todd, a painter.

Coincident with the receipt of the message from the Trenton, the navy department was informed today that the cutter recently reported as having been sighted in the path taken by the missing yacht had been previously sighted as early as September 5, and therefore could hardly be the Ericsson.

BELIEVE HUSBAND SAFE.
NEW YORK, Nov. 12 (AP)—Mrs. William Nutting, wife of the commander of the motor yacht Lief Ericsson, refused to be dissuaded tonight on being told that the United States cutter Trenton was to give up its search for the little craft, whose crew of four essayed to follow the route the Vikings took to North America. "I shall continue to believe that my husband and his companions are safe until it is proved that they are not," Mrs. Nutting said. "You know, they may have had to put into one of the little coves along the coast of Greenland. I'm still hoping."

URGE ARMENIAN GIRLS TO MARRY TO AID COUNTRY

American Relief Workers Assisting Government to Prevent Depopulation of Land; Dowry Furnished Women.

ALEXANDROPOL, Armenia, Nov. 12 (AP)—In order to assist the Armenian state authorities in their efforts to repopulate Armenia, American relief workers here are urging for many thousands of orphans, are encouraging the older boys and girls to marry and establish homes. Each girl of marriageable age who signifies her willingness to take a husband is given a full outfit of clothing, a set of linens, and a dowry of \$10 in currency as a "dowry" from the Americans. Scores of girls and youths have taken advantage of the American offer and have asked the officials of the Near East Relief, who are in charge of the orphanages, to find them suitable life partners.

Rapid Decrease.

For some time past the Armenian government authorities have been alarmed at the rapid decrease, not only in the population of Armenia proper, but in the number of Armenians scattered throughout the world. According to a recent census the present inhabitants of Armenia, which is now under Bolshevik rule, number only 1,100,000. The world population of Armenians, including those in the United States, is estimated at 3,000,000. During the last 15 years, it is stated by government officials, more than a million Armenians perished at the hands of the Turks and as a result of the World War.

Losses by Famine.

While the government is confident that the natural tendency of the Armenians to multiply will be sufficient to offset the great losses in the race caused by massacres, war and famine, it entertains serious doubts regarding the capacity of the country to support more people than now live within its narrow borders. Not only is the country arid and unproductive, but some of the most valuable areas, notably the Kars, Van and Igdyr districts, have been taken from Armenia and given to Turkey. For this reason the government, thus far, has found it impossible to find abodes for the 65,000 Armenian refugees now living in Greece. A place outside Armenia, probably in some sparsely settled section of Russia, is likely, therefore, to be allocated to them by the central government at Moscow.

GERMAN WOMEN WANT JOBS IN SLAUGHTER HOUSES, REPORT SAYS

BERLIN, Nov. 12 (AP)—Women have taken a hand in most of the trades and professions in Germany since granted the right to vote, excepting the butcher business, and now they are endeavoring to get into that. Several strong-armed women have been advertising in Berlin newspapers recently for jobs in slaughter houses, contending that because of their physical development and inclination they are fully qualified to do the work of men.

It has been the custom for years to employ women and girls as clerks in retail meat shops and in sausage factories, but not until lately has there been any indication of women taking up work in the slaughter houses themselves.

MANY MEETINGS AT WASHINGTON

Capital Is Becoming Business Center of Country With Conferences Being Held There.

WASHINGTON, Nov. 12 (AP)—Washington may soon add to its other attainments that of the business meeting center of the country. The recently opened auditorium in the new home of the Chamber of Commerce of the United States, its officials here any, will soon become the rendezvous of special lines in the commercial world. They are to the periphery of the chamber of commerce secretaries from over the country in the auditorium as the forerunner of similar conclaves, where business men of kindred interests will discuss their common problems in a home of their own.

As evidence of the diversification of these special units within the national chamber, the organization's roster reveals the varied scope of the activities of Mr. American Business Men The American Cotton Trade Exchange, the American Spice Trade association, the American Tack Manufacturers' association, the National Selected Merchants, the International Acetylene association, the Hydraulic society, the Better Building Alliance of America, the National Aircraft Underwriters' association, the Compressed Air society, the National Association of Taxicab Owners, the Plate Glass Insurance Exchange of New York and the United States Trade-Mark association, appear in the litany of business units. The national chamber's officials expect that organizations such as these will gather in the auditorium on the first floor of the new workshop of American business. Thus, they think, will Washington take leadership as the focus point for commercial discussion.

POWER PROJECT GIVEN BACKING OF CANAL BOARD

Directors Authorize Manager Burton Smith to Continue Investigation; Maintenance for Next Year Put at \$1.50.

Cost of development of between 4000 and 15,000 horsepower of hydroelectric power by diverting water from the Twin Falls irrigation system main canal to the "low line" canal, is to be determined by Burton Smith, general manager for the Twin Falls Canal company, under authorization given by directors of the company at a regular meeting here Tuesday. Mr. Smith heretofore has made investigations of possible use of water in the irrigation system for power development, and announced his preliminary conclusions at a recent meeting of the Rotary club.

The directors' action in this regard came after a committee appointed recently to draft and report resolutions to the annual meeting of the canal company stockholders next January, appeared before the board at its meeting Tuesday and urged further investigation of power development possibilities suggested by Mr. Smith. Mr. J. Swales, chairman of this committee and other members are C. E. McClain, Twin Falls; W. G. Sampson, Hansen; B. P. Buffington, Buhl; George Leonard and William Conant, Filer.

No Change in Levy.

The directors' revised assessment of \$1.50 an acre maintenance charge for the coming year. The assessment as usual will be payable in two installments, one in March and the other in October. The levy which is in the same sum as last year, is expected to bring in a revenue of \$304,500. This amount the directors estimated, will be sufficient to meet operating expenses and upkeep of the system during the year, under a program of strict economy.

The directors directed curtailment of ditch cleaning and canal improvement operations which have been pushed under the direction of Manager Smith during the past several weeks while fair weather has made possible completion of much of this work. The directors' decision in this regard was prompted by considerations of money saving.

INDIAN VILLAGE 2000 YEARS OLD

Remains of Town Unearthed Near The Dalles, Oregon, One of Oldest in Country.

BERKELEY, Cal., Nov. 12 (AP)—Remains of an Indian village estimated to be over 2000 years old, have been found near The Dalles, Oregon, buried under more than 12 feet of stratified deposits, it is reported by W. D. Strong, research fellow in the department of anthropology at the University of California, who, accompanied by W. E. Schenck, spent two months in the Columbia river valley. The expedition was carried on under the auspices of the department of anthropology.

The village was mentioned by Lewis and Clark, the famous pioneers, in 1804. At one time the place was a trading point of the Wishram Indians, whose descendants still live at a site not far distant.

ISLAND DOCTOR
JOURNEYS MANY
MILES ON DUTY

Iceland District Physicians Ride Vast Distances to Care for Natives; Travel to Homes Is Difficult.

HOFN HORNAPJORD, Iceland, Nov. 12 (AP)—Village doctors in the United States are often called upon to make trips that occupy hours, or even days, to the homes of their patients, but in Iceland the district physician, as a matter of routine, often covers hundreds of miles by horseback in the ordinary course of his duties.

The government physician of the Hornafjord district, stretching along the southern coast line, has one of the most difficult territories to cover in the kingdom. His district embraces more than 100 square miles, most of it in remote valleys or along the narrow strip of coast. It is surrounded by huge mountains, many of them active volcanoes, and the roads are often snowfields, and in the course of each inspection he must cross more than 100 rivers, few of which are bridged at any time of the year. In the spring these rivers, fed by the big glaciers that wind down nearly every valley, become swollen torrents, and it is often hours before the doctor can find a safe ford for his pony. The usual inspection trip, made every few weeks, requires at least nine days, and sometimes a fortnight.

Calls Frequent.

In addition, although Iceland is an unusually healthy country with few serious diseases, unexpected calls are frequently made for the physician, who must start out at any hour of the day or night, usually preceded by a guide sent by the patient himself. Accidents frequently occur in the fish drying sheds along the coast, or among the herders in the mountain valleys, and as the district physician is the only one within hundreds of miles, he must be ready on call at any time. His trips are always made on the stout Icelandic ponies, capable of carrying large loads over great distances without fatigue.

But few of the diseases known in this remote district of south Iceland, shut off as it is from close contact even with other districts of the kingdom. No case of venereal disease has ever been reported at Hornafjord, and epidemics are unknown. Bad colds, however, are rather frequent, and there have recently been some cases of pulmonary tuberculosis.

INCREASE SHOWN
IN ATTENDANCE
AT SCHOOL HERE

Enrollment Figures Greater by More Than 200 This Year Than Last, Superintendent E. D. Bloom Reports.

Enrollment in Twin Falls schools shows an increase of more than 200 at the present time as compared with last year, according to the report submitted by Superintendent Ernest D. Bloom at a regular meeting of the board of education Monday evening. There were on November 1, last, 2852 pupils enrolled in Twin Falls schools as against a total of 2604 on the corresponding date last year, the report showed.

The increase, Mr. Bloom stated, is evenly distributed among elementary grades and junior and senior high schools. In the elementary grades, especially, he stated, where there are now more than 40 pupils for each teacher, the increased attendance is bringing a problem that is becoming increasingly serious from the standpoint of most efficient school administration, Mr. Bloom stated.

Only routine business was transacted by the board at its meeting Monday evening. Action with respect to filling the vacancy caused by the resignation of E. N. Flory as a member of the board, was postponed to the regular meeting next month. Mr. Flory's resignation was submitted when he left some weeks ago for California with view to bettering Mrs. Flory's health.

Canal Company Directors to be Urged to Seek Effective Means of Combating Dangerous Pest.

Warning of extreme danger in prevalence of wild morning glories and other noxious weeds in the region to gather with recommendation that an effective method of combating this menace be worked out at the earliest possible moment is to be heard before directors of the Twin Falls Canal company at an early meeting by the members of a resolutions committee recently appointed to report to the canal company stockholders at their next annual meeting.

Statement to this effect was made Monday by Mr. J. S. Swelley, chairman of this resolutions committee.

The committee also will urge the directors to take steps toward obtaining detailed information in regard to possible development of power possibilities in the canal system, Mr. Swelley said.

ANIMALS HAVE

Sacrificial Fight of Two in Kansas Winning Attention of World for Efforts.

KANSAS CITY, Mo., Nov. 12 (AP)—Out in the hills of Kansas, across the Missouri river from here and close by the state, two lone women, Sarah H. and H. H. Jacobs, sisters, are making a sacrificial fight for friendless and suffering animals that is winning them world fame.

These women, by stint and industry, acquired a little home in the outlying district that is open, free, unselfish and almost completely to housing discarded dogs, cats, birds and horses, and to spreading the gospel of humane endeavor.

In order to carry on their chosen work, H. H. Jacobs works as a bookkeeper, going a dozen miles daily to her desk, while her sister, white-haired and frail, is housekeeper. In the 20 years since they began the enterprise, and it has been carried on solely through their own means and without monetary recompense, the Jacobs sisters have cared for hundreds of animals, patiently nursing the sick back to strength and providing for the strays and disowned till good homes were found.

Friendly Act.

In their community neighbors testify to friendly acts of the women that have touched human life as well, so there has been no criticism that unnecessary time and money were expended upon animals while youth went neglected.

Boys and girls, as well as grownups for miles around call regularly at the Jacobs' home for advice in caring for their pets, and the Misses Jacobs take advantage of the visits to drive home lessons in humane treatment and correct living.

One example of appreciation is the action of Governor P. P. Baxter, who caused the state house flag at Augusta, Me., to be displayed at half mast when Garry, his Irish setter and faithful companion, was buried with seven of his forebears. The Jacobs are proud of Governor Baxter's friendship, and display his photograph when the incident is related.

ITALY INTENDS
TO PAY OFF U. S.

Ambassador to America Cites Intention as Proof of Economic Reconstruction.

NEW YORK, Nov. 12 (AP)—Italy's intention of paying off the bond issue in the United States which will expire next February, was announced by Prince Cetraro, the Italian ambassador to United States, in an address last night at a banquet of the Italy-American society. The ambassador cited this as a proof of the economic reconstruction taking place in Italy and argued that closer commercial co-operation between the two countries be established, saying that "much has been achieved, but a great deal more can be accomplished."

"Italy and America strive for peace and friendly co-operation," he said; "they have never had political rivalry of serious economic competition. It is reasonable and useful that they should get closer together and co-operate in every way. Much has been achieved, but a great deal more can be accomplished."

HANSEN

HANSEN—Mrs. Stella Hughes and children visited Sunday at the home of her brother, Herbert Smith, in Twin Falls.

A football game will be played between Hansen and Kimberly teams on the local grid Friday afternoon at 3 o'clock.

The Brown brothers are the new proprietors of the Hansen garage formerly managed by Charles Calvert.

Edith Ward entertained about 20 young people at her home in the west part of town Saturday evening.

An excellent program was given in a very able manner by the students of the high school Tuesday afternoon in observance of Armistice day.

The school board met in regular session on Monday evening and took up several matters of important business. It was voted to purchase a flag for the fifth grade room. Another item of importance was the passing of a resolution favoring the reading of the Bible in each room during the morning exercises. This measure was taken upon request of a committee acting in behalf of the Women's Community Council.

NEEDED TO KEEP
NATION STRONG

Unless More Whole Grain Breads Are Eaten Americans Will Become Weaklings, Declares Dentist.

DALLAS, Texas, Nov. 12 (AP)—Unless the American people eat more whole grain breads, more vegetables cooked to retain the lime salts, more whole milk and natural sweets, "the next two or three generations will be a nation of weaklings, so far as bone and teeth are concerned," Dr. C. B. Fowlkes of Birmingham, Ala., asserted in an address before the American Dental association.

"In the matter of diet, the dental profession has an opportunity for doing a real service in outlining a diet that furnishes the necessary lime salts to build tooth and bone structure during the pre-natal and pre-school period, as well as during childhood to the eighteenth year," Dr. C. B. Fowlkes said.

"One has only to look about him to see that the American people are not eating the right kind of bread, rice and sweets, to say nothing of properly proportioned vegetable diet," the speaker declared. He stated that it is possible for any individual to reduce decay in his own mouth 75 per cent by proper home prophylaxis, and that proper mouth hygiene would reduce the percentage of contagious diseases in children, such as mumps, measles, scarlet fever, etc.

Hour Long Duel Is Fought; Principals Are Both Wounded

Two Receive Serious Injuries as Result of Sabre Battle Over Expulsion of Fencer.

BUDAPEST, Hungary, Nov. 12 (AP)—An hour long sabre duel in which both principals were seriously wounded was fought today between the Italian fencer, Senor Oreste Pulitelli and M. Kovacs, the Hungarian fencer, judge at the Olympic games. The duel was fought at Nagy-Kanizsa, on the Jugo-Slav border. The seconds stopped the fight because of the adversaries' wounds and fatigue. Senor Pulitelli, who wrote the seconds to stop the fight, offered his apologies to M. Kovacs and a reconciliation was effected while the spectators cheered. The encounter was the outcome of an incident at Paris, when Senor Pulitelli had been expelled from his expulsion from the Olympic fencing contests.

UNION HEAD ACCUSED OF REFUSING TO PAY SCALE TO HIS MINERS

INDIANAPOLIS, Nov. 12 (AP)—The United Mine Workers' central headquarters issued a statement tonight charging Warren S. Stone, of the Brotherhood of Locomotive Engineers, with inconsistency in handling union labor at the Coal River collieries, controlled by the brotherhood.

The statement said that Stone had refused to pay the Jacksonville agreement union coal wage scale because he claimed the company could not afford it. It charged also that the Coal River Collieries in the coal fields of West Virginia were to the practice of eviction, and that the company imported strike breakers to operate some of its mines. Railroad labor board cases were then cited by the statement, in an attempt to show that when acting for the Brotherhood of Locomotive Engineers, Mr. Stone opposed wage reductions which some roads requested on the grounds that they were unable to afford the union scale.

excoriated Russia's soviet government. She also declared that if she ever went back to the United States it would be on her own terms. The expressed masses in Russia, she said, were being silenced as they never were under the czar and all ideals had been discredited by the ruling forces in that country. Bolshevism, she characterized as an international disease and she promised to fight hereafter, wherever she might be, for the principles of liberty, which were the most essential things in human life.

The dinner at which she spoke was presided over by Colonel Josiah Wedgwood, a member of the cabinet in the late government, and tributes were paid to her in speeches by Bertrand Russell, the foremost, who called her "one of the noblest friends of freedom in the world," and Rebecca West, the writer, who praised her courage in "falling down after she had been disillusioned in her two years' stay in Russia."

Miss Goldman began her speech by saying she had come to England seeking one of the country's traditional liberties—the right of assembly. "Little Hope Given."

Bertrand Russell held out little hope that she would receive it. He said that during the regime of the conservative government, he had preceded the foreign office, seeking asylum in England for Miss Goldman but the foreign office "turned her down indignantly."

"Tonight Miss Goldman asked her audience in case she was expelled to make themselves heard sufficiently 'to rescue the right of assembly from the clutches of the enemy.'"

the indictment," the judge said in his charge. The counts charge the unlawful manufacture and possession of wine and ether. "The issue of fact to which your attention is directed are rather narrow and few," he continued, "for the reason that the state in this case that the defendant did manufacture and possessed the liquors in question. He has testified to that effect on the stand."

"The question for you to decide is whether the articles which the defendant admitted to be manufactured, answer to the description of those articles in the counts of the indictment. Now the description in the first and second count is intoxicating liquor, to-wit: 25 gallons of wine. The question for you to decide on these two counts are two things. First, was the article wine, and second, was it intoxicating."

Charm of Woman Depends Upon Vital Glands

SCIENCE has found that a deficiency in certain glands in women results in mental sluggishness, despondency, despondency, forgetfulness and fatigue, tendency to sleep a great deal and morning weariness. Even the brilliancy and lustre of the hair and the cheeks, beauty and softness of the skin are impaired if the glands do not function properly.

According to leading authorities the benefits of gland transplantation may be had without an operation; gland substance can be taken internally in tablet form.

Glandone, the new scientific gland tonic, prepared in tablet form provides a simple method of obtaining glandular treatment. Schramm-Johnson Drug Co. will supply you. Mail orders accepted—adv.

DISPUTE ARISES BETWEEN UNIONS ON JURISDICTION

Sixteen Affiliated Organizations Ask for Expulsion of Carpenters for Alleged Failure to Observe Rules.

EL PASO, Texas, Nov. 12 (AP)—A jurisdiction dispute of the first magnitude within the ranks of the American Federation of Labor struck first today in the contentions of the building trades department of the federation, in which sixteen affiliated international organizations demanded the suspension of the United Brotherhood of Carpenters and Joiners, with 250,000 members, from the federation.

The action, resulting of a two-day struggle between the carpenters and the international union of sheet metal workers over the right to do certain work with metal mesh and door fixtures, culminated in a formal resolution approved by the convention today in which the carpenters union was charged with having openly, contumaciously and flagrantly defied the laws, regulations and decisions of the building trades department of the American Federation of Labor.

Portland All Rights.

"Immediate suspension of the charter" of the carpenters organization and forfeiture of the rights of an affiliated member of the American Federation was demanded, "until such time as that organization complies with the law by reaffirming with the building trades department."

JUNIOR STOCK JUDGES TELL OF EXPERIENCE

High School's Winning Team at Portland Exposition Discusses Trip and Show at Assembly.

Members of the Twin Falls high school stock-judging were speakers at the regular assembly Wednesday afternoon. The members of the stock-judging team who spoke were Donald McLean, who told of the trip to Portland; Theodore Bodine, who reviewed the return trip; and Albert Murphy, who spoke on the Portland livestock show, telling the manner in which the show was conducted. John S. Feldhusen, the coach of the stock judges, also gave a short talk.

Miss Price of the high school faculty gave the following readings: Selections from Gene Stratton Porter's book, "Michael O'Halloran," "The Saint Bernard," and "The Average American Boy." Charlotte Vogel sang "Somewhere a Voice Is Calling." She was accompanied by Clara Riehl on the piano and by the vocal quartet of the choir. Marion Wasson also gave a vocal selection, accompanied by Charlotte Vogel on the piano.

"Roast" Flynn announced the annual junior-freshman reception that is to be held in the near future. Edwin Trice, a member of this year's yell staff, urged better team spirit.

GIRLS RESERVE CLUB FOR BUHL SCHOOL PROPOSED

Whether a Girls' Reserve club is organized in the Buhl high school, similar to the Blue Triangle club in the Twin Falls high school, depends upon decision on the part of Buhl citizens relative to proposed employment of a permanent Y. W. C. A. secretary to supervise and assist in activities of the Girls' Reserves in ten southern Idaho towns. This was determined Wednesday when Miss Helen Plack, Y. W. C. A. secretary for southern Idaho, and Miss Rhoda Foster of San Francisco, representative of the Y. W. C. A. national organization, met with members of the faculty of the Buhl high school to consider organization of the proposed new club.

"Members of the faculty are familiar with the plan and purpose of the Girls' Reserve movement, and the girls themselves are ready to form a club," Miss Foster stated here Wednesday evening. "A decision as to whether the plan is to be carried into fulfillment is to be reached at a meeting Thursday evening of representatives of the churches and women's organizations of Buhl."

LODGE FUNERAL HELD IN BOSTON

Simplicity Marks Rites for Senator; Body Lies in Family Vault; Many at Services.

CAMBRIDGE, Mass., Nov. 12 (AP)—Senator Henry Cabot Lodge, whose career as statesman and scholar was ended by death here last Sunday, was laid at rest today in the Lodge family vault in Mount Auburn cemetery between two tall American elms on the slope of a hill and by the shore of a lake. The services at the tomb and Christ church, where a distinguished group of mourners gathered, were as simple as the homages of hundreds would permit. The simplicity was reflected only by a military and naval guard of honor, two soldiers, a sailor and a marine with draped colors and with arms.

Delegations representing nation and state, city and town, judiciary and organizations whose activities he shared, were present at the church services.

Close Friends Only.

By wish of the family, only those close to the senator in public and private life were admitted in the old church.

Outside a reverent crowd of hundreds, some of them high in social standing, in public life, formed a congregation that stood through the services. These services were as simple as the ritual of the Episcopal church would permit, and there was no departure from the book. Bishop William Lawrence, head of the Episcopal diocese, playmate and classmate and lifelong friend of the senator, conducted the services, assisted by Rev. Prescott Everts, rector of the church.

As the choir took up the strains of the hymn "The Son of God Goes Forth to War," Bishop Lawrence headed the recessional. The bells of Christ church tolled, the bells of the first parish, Unitarian, on the edge of Harvard square, took up the slow antiphonal, and the church emptied in the wake of the recessional. At the end of the recessional, the colors of the United States and of the country, a flag from the battleship Florida that was in action at Vera Cruz and was flown in the North sea, and the state colors, each with a drape of mourning at the peak.

Through the reverent crowd the cortege moved again. As in the procession from the home of Dr. W. Sturgis Bigelow on Beacon street, Boston, where the body had rested since Monday, to the church, only members of the family and the pallbearers, with Bishop Lawrence and Rev. C. A. Everts, accompanied it. The roster of pallbearers, drawn from Senator Lodge's contemporaries, was not complete, disabilities due to age making it impossible for two to serve.

Through the winding paths of Mount Auburn cemetery, the cortege was taken to the family vault, a Gothic structure of red sandstone.

At Christ church, Secretary of State Hughes and Secretary of War Weeks, with governor Cox, occupied the first pew on the left of the chancel, facing the chancel, while behind them on the left were the official delegations. On the right were family and friends.

BROKER IS HELD IN MURDER CASE

Shooting of Diamond Merchant in His Apartment Leads Police to Arrest Man.

LOS ANGELES, Nov. 12 (AP)—An explanation, unsatisfactory to the police of what he was doing during the seven minutes between 5:45 p. m. and 6 p. m. last Monday, when a well-known diamond broker and musician, was shot and killed in his apartment here, caused Hal Hall, real estate broker of Santa Monica, to be held in the city jail tonight, charged with suspicion of murder.

Hall said the night of the killing that he had been negotiating a realty deal with Katz and left him to 5:55 o'clock Monday evening. At 6 o'clock Katz staggered down the stairs and into an apartment on the floor below, where he had in a few moments been killed by a bullet in his neck. Officers investigating the case declared that it would have been virtually impossible within that seven minutes for another man to enter the apartment, mount the stairs to Katz's apartment and shoot the diamond broker and escape the way he had come. On this theory they took Hall into custody late today and booked him on suspicion of murder.

Real Estate Man.

Hall has a real estate office on South Vermont avenue here, although he lives in Santa Monica. He is 41 years old, married and has three children.

Mrs. Hall, who is a daughter of the pioneer Sheddles family of Santa Monica, when informed of her husband's arrest, said that she knew Hall had been acquainted with Katz. She said that Hall spent yesterday at his home and went to his office as usual this morning.

After Hall's arrest, officers announced that they had located at his office diamonds and jewelry valued at approximately \$1200. Hall is alleged to have admitted to the officers that the jewels belonged to Katz, but declared they were given him by the latter.

Legal procedure today prevented the officers from opening jewel vaults belonging to Katz, which they believe contain a prince's ransom in sparkling gems and possible clues to penetrate the shrouded mystery which surrounds the killing of the diamond broker.

BIG SMUGGLING PLOT IS FOUND BY AGENTS

was the first to be identified positively. From that beginning the agents, it was said, ran down a series of clues in Pacific coast cities. They found much jewelry both in San Francisco and Los Angeles, the latter city where Mrs. Mora had her home, providing the greater quantity.

Trail Leads to East.

The trail led eastward and the port of entry was found to have been New York from which base Medianski, according to customs officers, directed the distribution and sale of the jewelry. There were many diamonds among the smuggled goods and these left plain tracks for the agents to follow.

With the killing in Los Angeles Monday of Harry I. Katz, another trail was opened and this, it developed today had resulted in the filing of many jewelry which is now enroute to New York for examinations by agents who have been in charge of the case.

AMENDMENT OPPOSED

ATLANTIC CITY, N. J., Nov. 12 (AP)—Opposition to the child labor amendment was launched at today's session of the annual meeting of the National Grange on the ground its adoption would be detrimental to the youth of the land and inflict hardship on the farmers. Mrs. Louis J. Taber, in his annual address, declared in favor of a world court and rigid enforcement of the law.

Hearts Aflame

Forced by family necessity into a hasty marriage, she had but one real love—music—until the famous Dr. came into her life. Then almost before she knew it, she found herself swept along on a tide of passion that threatened to engulf her every sense. The story of her terrible battle with her conscience—the gradual slipping downward on the forbidden way—and the miracle that saved her, is one of the most heart-stirring true stories ever told. The Unity club held its annual Thanksgiving dinner Wednesday at the home of Mrs. P. E. Meuli. This took the form of a delicious pheasant spread served at one o'clock to thirteen members and the following guests: Mrs. Tencknick, Mrs. V. P. Jones, Mrs. F. F. Wain, and Mrs. J. C. Wain. The usual business was transacted during which plans were discussed for making garments for needy children and also for sending some Christmas gifts to the orphan's home at Boise. The program for the afternoon was on the life and works of Edgar Allan Poe and Mrs. Wain responded to with quotations from his writings. Mrs. Clint Smith read a paper on his life to the present time and several of his poems were read by different members of the club. A "white elephant" sale was held to obtain money for the flower fund.

The home of Mr. and Mrs. J. C. Sanger was the scene of a pretty wedding Wednesday afternoon when Miss Judith Jones of Britton, South Dakota, sister of Mrs. Sanger, became the bride of Mr. J. C. Sanger, a son of a well-known family of Spokane. The rooms were beautifully decorated with yellow chrysanthemums and ferns and lighted with yellow candles. Promptly at 2:30 the bride and groom, accompanied by Mr. and Mrs. Lionel Dean, took their places before an improvised wedding altar. The ceremony was read by the Rev. J. E. Slump. Immediately following the ceremony a three-course wedding breakfast was served. Baskets of yellow chrysanthemums and ferns were used to decorate the table with the wedding cake for a centerpiece, silver candlesticks held white tapes and yellow nut cups in the form of roses added to the beauty of the table. The bride wore a gown of yellow georgette with a corsage bouquet of white roses and fern. Mrs. Dean wore a frock of green crepe de chine and carried yellow roses. The guests were Mrs. E. N. Jones of Britton, South Dakota, mother of the bride; Mr. and Mrs. J. C. Sanger, Mr. and Mrs. Lionel Dean, Mr. and Mrs. J. L. Moe, the Misses Crystal Kelly and Edna Graham, Rev. J. E. Slump, Messrs. Henry Graham and Teece Houck. Mr. and Mrs. Wilkinson departed on the evening train for Spokane, where they will make their home. The bride's going-away gown was of brown satin face crepe with hat and shoes to match.

Little Miss Elaine Charlotte, daughter of Mr. and Mrs. Arthur Elfred, celebrated her fourth birthday with a party for eight of her little friends at the home of her grandmother, Mrs. Kate Taber, on Sixth avenue east Wednesday afternoon. Games and stories were the amusement after which the guests were taken to the dining room where they found a beautiful birthday cake with four lighted pink and white candles, this being the color scheme for the dainty refreshment table. Mrs. Anna Smith, great-grandmother of the little girl, was also a guest.

Mrs. J. D. Knutz and Mrs. B. N. Rendahl were hostesses to the drama and literature department of the Twenty-first Century club at the home of the former on Sixth avenue east Wednesday afternoon. During the business session the department voted to endorse and support as far as possible the Monroe Olsen players who are to appear in Twin Falls under the auspices of the Business and Professional Women's club. The program was in charge of Mrs. H. W. Clouche who talked on the songs and poems written during the various wars giving extracts from many of them. At the close of the program the hostesses served refreshments.

The M. S. and S. club met at the

home of Mrs. Nellie Bryant Wednesday afternoon. Members answered to roll call with "Life's Lessons in Life." During the business session plans were made for the community dinner to be given on the next regular club day, November 20. The home economics committee was in charge of the program. Mrs. Schubert read a paper on "How to Detect Home Canned Spoiled Fruit or Vegetables." Mrs. Pierce read a paper on "Pioneering," which was greatly enjoyed by all. Mrs. W. T. Seal, Miss Gertrude Seal and Mrs. Loth were guests. Late in the afternoon refreshments were served by Mrs. Bryant and the assistant hostesses, Mrs. O. R. Shipman and Mrs. Slater.

Mrs. Wilbur Hill entertained the Wednesday Bridge club this week. Favor for high score was won by Mrs. L. T. Wright.

ANNOUNCEMENTS

The Community Church Aid society has completed plans for a bazaar and chicken pie dinner Friday, Nov. 14, the dinner being served at 6:30. The church is four miles south of the rock crusher bridge, and forms a social center for the neighborhood.

The Woman's council of the Christian church will meet at the home of Mrs. W. E. Sanger, 243 Blue Lakes boulevard north, this (Thursday) afternoon. All who are giving cookies for the orphan's home in Denver are requested to bring them.

The Methodist Women's Home Missionary society will meet in the church parlors Thursday afternoon at 2:30 o'clock.

The Lead-Hand club will meet at the home of Mrs. Albert Smith Friday, November 14.

COURT'S DECREE IS ASKED TO FIX CLAIM TO WATER

Heirs of Late Henry Schodde
Seek Guarantee of Right to
Divert 100 Inches of Snake
River Flow.

Application of a court decree establishing their claim under filing made in 1895 to 100 inches of the flow of Snake river for irrigation of approximately 200 acres of land in Minidoka county, is made in a suit instituted in district court here Wednesday by Minnie Schodde, widow, and eight other heirs of the late Henry Schodde, against W. G. Swendsen, state commissioner of reclamation, and C. Clyde Baldwin, watermaster.

The decree is asked, it is set forth, would be supplemental to the decree of the district court in 1913 in the case of the Twin Falls Canal company against Charles N. Foster, wherein claims to waters of Snake river in this district were adjudicated, and the priority of each claim was established.

Pumps Replace Waterwheels.

Under the Schodde filing water was diverted from Snake river over a period of 20 years by means of waterwheels, which in 1915 gave place to pumps operated by electricity.

Heirs of Henry Schodde, named with Mrs. Minnie Schodde as plaintiffs in this action, are Minnie, Thomas, George, Leslie, Fred, Joe and Frank Schodde, and Clara Adams.

The action was instituted through attorneys E. A. Walters and R. P. Parry of this city.

CAPTAIN BLOOD.

Initial showing of the photoplay version of "Captain Blood," the historical novel, at the Idaho theater Wednesday was witnessed by an audience that evidenced its thorough approval of the offering, which reviewers have pronounced one of the greatest films since "The Birth of a Nation."

Those who had read the story found satisfaction in the fact that the cinema version has faithfully followed its text even to detail, and the audience as a whole delighted in the presentation of a powerful drama of cold steel and warm hearts, soft words and hard eyes, powder and lace, cutlasses and velvet. J. Warren Kerrigan, Jean Paige, Allan Forrest, James Morrison, Otis Braden, Charlotte Menzies and a cast do some good work. Love interest is well defined, suspense cleverly sustained and there is a leaven of comedy and thrills of combat that cause real shivers.

VOTE IN COUNTY 600 LESS THAN FOUR YEARS AGO

Official Tabulation Shows Decline From Former Presidential Election, Gain Over 1922 With No Change in Results.

Twin Falls county electors cast approximately 8200 votes in the presidential election last week, according to results indicated by official tabulation of the vote completed Tuesday by the board of county commissioners and county auditor. Comparison shows that the county's vote this year was approximately 600 less than that of the presidential election four years ago and about 300 more than that of the election two years ago.

No Changes in Results.

The official tabulation recorded no changes in results of the election previously announced on the basis of unofficial count.

Governor Moore, republican, who two years ago lost this county by plurality of 69 votes to Moses Alexander, democrat, this year carried the county with a plurality of 73 over H. E. Samuels, progressive, although he this year received a lower vote in this county than any of the other republican candidates for state office.

Senator Borah, nominee of republican and progressive parties, was given a total of 2795, against 1071 for Frank Martin, democrat.

Smith Shows Strength. Congressman Addison T. Smith received a total of 2089 votes and carried his home county with pluralities of 107 over W. A. Shulberg, progressive, and 3294 over Asher B. Wilson, democrat, and had a clean plurality of 1283 over both opponents.

Among the candidates on the republican county ticket who were opposed by two other candidates. Prosecuting Attorney J. W. Taylor ran high with a total of 2795.

Claud Stewart, assessor, came next with 4560, and Frank L. Stephan for the legislature received 4393.

M. E. Finch, sheriff, the only democrat to be elected to office in the 3912 votes. James L. Barnes, candidate for probate judge, was second with 2073, and O. E. Carlson, candidate for reelection as county commissioner, third with 2027.

On the progressive ticket E. G. Sturdivant, candidate for coroner, received the highest vote, with 3307, with W. R. Hatfield and S. N. Pittullo, candidates for secretary and treasurer, running, respectively, second and third. All three progressive candidates received less than the greater votes than did the party's candidate for governor in this county.

Voters Reject Amendment.

Twin Falls county voters rejected by margin of only 69 votes the proposition to amend to the state constitution that would have extended control of the legislature to water power fillings. Opposition was greatest in precincts where the progressive party was strong.

The proposal was introduced at campaign speakers except by E. M. Sweeley, former chairman of the state public utilities commission, who in an address at Murtaugh, urged its adoption. Murtaugh reported a vote of 93 for and 14 against the amendment.

The official tabulation disclosed the vote in Shoshone Basin precinct which did not appear in unofficial figures. A total of 11 votes were polled in this precinct of which the republican and democratic nominees for president re-

ceived five each and the independent or progressive candidate one.

Official Tabulation Totals.

Total vote polled in this county by each candidate, as shown by the official tabulation, follows:

FINAL TRIBUTE IS PAID FRONTIERSMAN'S MEMORY

Masons of Heyburn Conduct Services at Grave of A. B. Campbell, Oreg. d'Alene's First Postmaster.

Almond R. Campbell, western frontier scout, miner and first postmaster of Coeur d'Alene, Idaho, whose death occurred here last Saturday after a brief illness, was buried here Monday, following a service at the Elks lodge. A permanent chapel being conducted by the Rev. A. G. Pearson of the Presbyterian church, and members of the Masonic lodge of Heyburn, Idaho, which he had served as worshipful master, having charge of services at the funeral.

One of six children, Mr. Campbell was born December 10, 1871, near Escanaba, Wisconsin, and was reared on a farm. In early manhood he went to the Dakotas, where he was a scout for frontiersmen coming farther west. Later he came to northern Idaho, where he engaged in mining and was the first postmaster at Coeur d'Alene. He was one of the first to go to the Klondike in the gold rush of the eighties.

Upon returning he traveled, giving lectures and showing exhibits of native life in Alaska. While on the lecture tour he met Miss Emma Wheeler, whom he married October 1, 1890.

During the nineties he engaged in work as a civil engineer in Oregon and Washington and in 1901 he homesteaded land on the Minidoka project for himself and family until about two years ago when he was appointed agricultural advisor at the Fort Peck, Montana, Indian reservation. The family lived at that time was moved to Twin Falls.

Mr. Campbell was a member of the Congregational church. He was affiliated with the Masonic lodge, Order of the Eastern Star and Woodmen of the World at Burley.

He is survived by his wife, a daughter, Mrs. Vera C. O'Leary, and a son, Byron, all of Twin Falls; a son, Robert W. of Pocatello; two sisters, Mrs. Ivel C. Fessenden of Oakland, California, and Miss Genevieve Campbell of Winfield, Kansas, and one brother, Dr. Arthur C. Campbell of Okmulgee, Oklahoma.
