Poses of Southern Idaho Are Searching for Bank Robbers Who Captured Prisoner Aiding Party.

BOISE, Nov. 19 (AP)—Threatened with instant death after his capture, and driven at the point of a gun, Jack Dykeman, trusty in the Ada County jail, escaped this morning from Chot Langer and Oliver Jones, Eagle bank bandits, who broke jail October 10 and set in motion machinery of justice in all south Idaho for their rescue.

Guards this afternoon were watching strategic points in an endeavor to cut off their escape, and descriptions had been wired to every town along the Union Pacific railroad.

"Let's kill him," Dykeman declared Jones said, when they had dragged him into the cabin they were occupying. Langer, Dykeman said, dissuaded his partner only after an argument.

Captured by Bandits. Dykeman was taken prisoner by the bandits yesterday afternoon. H. W. Brown, deputy sheriff, and Dykeman, started out on tips from ranchers in the Orchard neighborhood that two men had been staying in a deserted cabin near the main line tunnel. They were strangers and their actions aroused suspicion.

Stranger to Them. "Go on ahead, they don't know you, and if there is any one in the cabin, ask 'em the road to Orchard," Brown instructed the trusty. Dykeman circled the house, approaching from the opposite side, or north, and was shut off from Brown by the house.

"They grabbed me and took my gun away," Dykeman told a Statesman reporter today. "I recognized them right away, in spite of their new heads and general disreputable appearance."

"Jones wanted to kill me at once; said he would save trouble and teach others to look out for them, but Langer interferred. He said they were in hot water enough without adding any more to their troubles."

Great Britain Asks for Postponement of Arms Conference

League Officials Urge That Hasty Opinions on Action of British Be Withheld; Want Study Time.

GENEVA (AP)—After a day of inquiry, with telephone messages to Paris and London, officials of the league of nations issued a warning to-night against drawing exaggerated inferences from Great Britain's request for postponement by the council of discussions of reparations for the proposed conference for the reduction of armaments.

The officials insist that England merely means what she says in her note to the secretariat of the league in which the request was made, and that the meeting of the council in December eliminate the disarmament question from the agenda, because, owing to its recent accession to office, the British government had not had sufficient time to form an opinion on the protocol for the pacific settlement of international disputes.

Not to Scrap Protocol. To deduce from this that England will scrap the protocol would be stupid, in the opinion of the officials. On the contrary, they say, information reaching the league, is that England is likely to approve it, though with reservations if accorded ample time. It is pointed out that nobody has really thought the disarmament conference would be held next June, because of the necessity of completing preliminary negotiations to insure success. It was learned today that no government has yet forwarded suggestions for the disarmament conference agenda pleading lack of time. League officials are of the opinion that England will make detailed statement at the meeting of the council at Rome relative to the protocol and the disarmament conference and that it is likely the council will then discuss in what form, if any, the conference preparations will continue.

Flogging of Women Drug Traffickers Upheld in Canada

Mrs. Mary Ellen Smith Votes for Legislative Measure Which Is Passed.

VICTORIA, B. C., Nov. 19 (AP)—The flogging of women drug traffickers, upheld with the approval of Mrs. Mary Ellen Smith of Vancouver, who voted for a resolution in the legislature yesterday to authorize the lash for convicted drug traffickers.

"We can't make the punishment too heavy for men and women too, who traffic in narcotic drugs," Mrs. Smith said. If a woman breaks the law she should get the same punishment as a male law-breaker. The motion authorizing the lash passed.

CURTIS LEADING CANDIDATE FOR SENATE OFFICE

Death of Senator Lodge Leaves Vacancy That May Be Filled by Kansas Man; Decision Soon.

WASHINGTON, Nov. 19 (AP)—Senator Curtis of Kansas, assistant republican floor leader, is regarded today as the outstanding candidate for the senate republican leadership made vacant by the death of Senator Lodge.

Final decision concerning the post is expected to be reached at a party conference November 28, and meanwhile word is said to have been received in senate circles that President Coolidge will maintain hands off policy with no preference to indicate as among the candidates mentioned, all of whom have recently called at the White House.

Senator Warren of Wyoming, would succeed to the post under the time honored custom of the party of honoring the leadership of a member with the longest service record, but it is said to be unwilling to accept the task except for the sake of party harmony.

Two Others in Field. Two other candidates have been mentioned. Senator Wadsworth of New York, and Senator Watson of Indiana. Senator Wadsworth has not taken an active part in the campaign in his behalf and is understood to be in the hands of his friends. Senator Watson says he is not a candidate, although his name has frequently been brought forward.

Senator Warren continues to maintain silence on the question, but it is understood he favors Senator Curtis for the leadership and is willing to step aside in favor of the Kansas senator.

A contest between Senator Curtis and Senator Wadsworth, it was pointed out in senate circles today, would represent a struggle between the west and the east. If Senator Curtis is chosen it would add another important party position to the western delegation who already have fallen heir under the seniority rule to the chairmanships of many powerful committees. For this and other reasons a large number of senate senators have fallen in line behind Senator Wadsworth.

If Senator Warren waives the position, it was said, it will be the first time in the history of the republican party that the senior member has not been made leader of the senate. Senator Warren is 80 years of age and first came to the senate in 1908, although his continuous service dates from 1895. He is chairman of the appropriations committee, one of the most important of committees, and is understood to be desirous of devoting his time to that work.

STATE CLOSES CASE AGAINST BOISE MAN ON MURDER CHARGES

BOISE, Nov. 19 (AP)—The state rested this afternoon at 2:35 o'clock in the trial of Nick Watkins, former Union Pacific passenger brakeman, charged with slaying Dave Jennings, fellow brakeman, at the Union Pacific passenger station in Boise the morning of August 26. Immediately the defense asked for a recess of court until 10 o'clock Thursday morning, and Judge Dana E. Brink excused the jury until that hour. Elbert S. Delano (counsel) for Watkins, expected to call 12 witnesses, he said. The state probably will put on some rebuttal witnesses, followed by rebuttal for the defense, and from present indications, according to Laurel E. Elam, Ada county prosecuting attorney, the case will be in the hands of the jury probably by late Saturday.

Coolidge Gives Cup for Service Game

PRESIDENT COOLIDGE & SERVICE FOOTBALL CUP

PRESIDENT COOLIDGE is shown here with the silver loving cup he has presented to be contested for annually by football teams composed of the enlisted personnel of the army and navy. The game this year is to be played in Washington on November 22. The president will attend and present the cup to the winning team.

Court Vacates Order to Eject Army of Ranchers in Water War

INDEPENDENCE, Inyo County, Cal., Nov. 19 (AP)—The restraining order commanding Owens valley ranchers, who last Sunday seized the Los Angeles aqueduct, to release the city's property and cease interfering with its water supply, was vacated today by the Inyo county superior court judge who issued it last Monday.

Vacation of the court's order which had already been defied by the ranchers, some of whom had cast copies of it into the water when served, was looked upon here as placing the situation in the same position as it was early Sunday when the Alabama waste gates of the aqueduct were seized and the water diverted into the Owens river.

Asks to Be Excused. Immediately after the action, the jurist, Judge William Denby, telegraphed to Governor F. W. Richardson, asking him to appoint another judge to act and preside in the case, as he (Judge Denby) was convinced after consulting legal authorities that he was not qualified to hear the case.

The vacated restraining order, which was issued against Mark Q. Waterson and more than 300 other valley residents, was never enforced. Sheriff Collins maintaining that any attempt to forcibly eject the "army of occupation," which still remains in possession of the Alabama gates, would result in "bloodshed and civil war in the valley."

Governor Denies Appeal. Governor Richardson today formally denied the second request of Sheriff Collins for state troops, stating in his message that people elect sheriffs to do their duty, and that if the men holding the gates are all unarmed, as asserted, clearly order can be maintained and the orders of the court enforced.

The text of the message follows: "I hope you will do your duty and you will be commended in the end. People elect sheriffs to do their duty. If these men are 'all without arms,' as you say in your telegram, then surely you and your deputies can maintain order and carry out the orders of the court. This is a crisis where you will use your manhood and courage."

FAMOUS MOVIE DIRECTOR DIES

Thomas H. Ince Succumbs to Angina Pectoris at His Hollywood Home.

LOS ANGELES, Nov. 19 (AP)—Thomas H. Ince, motion picture producer and leading figure in the industry since 1911, died today at his home in Hollywood. Death was due to angina pectoris.

Until shortly while on a trip to San Diego last Monday, the film director was apparently in the best of health and was active in his motion picture work.

At the time of his death, Ince was supervising director of the Ince studio at Culver City. He was rated in the film industry as one of the master producers. Many of his creations, considered screen masterpieces, were among the outstanding successful pictures of the last ten years.

Ince was 42 years old. His widow and three sons survive.

Police Shakeup Is Coming in Chicago As Shooting Result

Death of Gangster Causes Officials to Decide Department Needs Attention.

CHICAGO, Nov. 19 (AP)—A shakeup in the Chicago police department as the result of the investigation following the slaying ten days ago of Dion O'Bannon, gang leader and gunman, today resulted in the demoting of Chief of Detectives Michael Hughes, one of the best-known detectives in the country.

Captain William Schoemaker, who took a prominent part in the solving of the Franko murder case here last summer, succeeded Hughes as detective head.

FOREIGN LABOR HEADS TAIL OF AIDING EUROPE

Parts Played by Unions in Restoring Economic Stability to Nations Related at Convention.

EL PASO, Texas, Nov. 19 (AP)—Spokesmen for organized labor in England and Germany detailed to the annual convention of the American Federation of Labor today praised labor's contribution to the restoration of economic stability in Europe in the trying period of post war reconstruction.

Peter J. Brennan, vice president of the German federation of trade unions speaking for the workers of his country, pledged support of the Dawes plan for reparations and adjustments.

Lasting Peace. In the execution of the plan lies Germany's most promising pathway to pre-war economic basis and lasting peace, he said. He denounced communism, which he characterized as a "mental disease resultant of the terrible years of the war."

"As a mass movement communism in Germany today is of no account," he said.

To labor he credited an important part of the maintenance of the republic against the persistent efforts of the monarchists and the subversive attacks of the communists. He appealed for American participation in every endeavor for world peace.

British Labor Party. C. T. Cramp, chairman of the executive committee of the British labor party, told the convention the foreign policy of Ramsay MacDonald, the labor premier, retired last month in the general elections, eventually would be appreciated as one of Britain's most brilliant, and yet most simple contributions to the cause of world peace. Sincerity, simplicity and sympathy, he said, were the factors in that policy.

"The labor party has lost a few seats in parliament, but it has nevertheless, laid the foundation for its future success," he said.

Strive for Peace. "We shall go on in Great Britain striving to promote peace and eliminate the causes which make for war. Now, in the years of peace, is the time to prepare for the lasting peace."

A short session of the convention rejected a proposal authorizing a national craft union to relinquish jurisdiction over their members in the steel industry as a step toward organization of a single unit embracing the industry. Another session of the report pledged the support of the federation in a campaign to organize steel workers under the craft organization plan.

JURY IS SELECTED TO TRY MOUNTAIN HOME MAN ON MURDER CASE

MOUNTAIN HOME, Nov. 19 (AP)—The selection of a jury to try Vern L. Taylor on a charge of slaying Dan McLaughlin here, this afternoon of March 31, took up the first day of the trial which opened this morning. The jury was completed and sworn in late in the afternoon. Tomorrow the state will start presenting its case when the first witnesses will take the stand.

Judge R. S. Vanan of Weiser, judge of the seventh judicial district, is hearing the case. Attorneys for the defense, A. F. James and W. F. Stafford, both of Gooding, arrived last night. The Elmore county prosecuting attorney, R. W. Beckwith, is being assisted by the case by Floyd C. White of Mountain Home.

EXCHANGE SEES 2 NEW RECORDS IN WILD TRADING

Greatest Number of Shares on Floor Reached in New York Stock Session; High Marks, Are Hung Up.

NEW YORK, Nov. 19 (AP)—One of the wildest buying demonstrations in recent stock exchange history broke out at the opening of today's market and continued with increasing fury until noon when profit taking sales and bear selling reached such gigantic proportions as to check, at least temporarily, the main upward movement which has been under way with a few minor interruptions, since election day.

Two records were established during the session—the number of issues traded in totaling 554, or 10 above the previous peak established last week, while the new 1924-high totaled 108, or 15 above yesterday's high record. Total sales of 2,540,700 shares were less than 20,000 below the high water mark of the present "bull" movement touched on November 11.

Total sales in the 13 stock market sessions since election day, two of them holidays, fell slightly short of 25,000,000 shares.

Hold Unaccountable. Except for the improvement in the steel industry reported by the weekly trade reviews and the optimistic forecasts for 1925 of eastern railroad executives now in session here there was little in the day's news to account for the tremendous rush of buying.

Split advances that occurred in the early trading session were due to the fact that large blocks of stocks had been taken out of Wall street by recent purchasers, resulting in a scarcity in the so-called "floating" supply.

While there undoubtedly has been a gigantic increase in the trading volume in the market it is a curious fact that several of the larger commission houses have been selling stock on balance with a resultant decrease in their bank loans, indicating that many traders were disposing of their positions through their own banks instead of maintaining a debit balance at the brokers' on margin accounts.

Senate Proponents of Ford Shoals Bid Have Another Plan

Seek Aid of Western Senators for Operation of Properties by Government; Be Offered in Congress.

WASHINGTON, Nov. 19 (AP)—Senators who favored the Ford bid for Muscle Shoals are seeking the aid of western senators for a compromise government plan for operation of the properties to be submitted when congress convenes in December.

At the same time Secretary Weeks is taking steps to ascertain the scope of its authority to contract for the lease and disposition of power generated at the plant, should congress fail to make final disposition of the properties prior to completion of Wilson dam next July.

Would Lie Idle. Should congress fail to dispose of the question and should the secretary find himself without authority to lease the output of the plants, they would lie idle.

Senator Norris, republican, Nebraska has submitted a government operation plan and leasing advocates of the Ford plan, convinced that Mr. Ford has withdrawn from the competition, are planning in efforts to put together a plan having many features of the Norris proposal, but considerably amended.

Wants Opinion. Secretary Weeks has asked Major General Hull, judge advocate general of the army, to furnish him with an opinion as to the propriety of a lease of the properties. If that opinion should hold that he has no authority to make temporary contracts for power which he has in mind, he probably will ask congress to confer the authority on him if it should appear that Muscle Shoals legislation is not to be completed during the short session.

While there may be some difficulty in finding companies willing to make short term leases for all the power developed nearby power companies are known to be prepared to take a very large part of it.

FAKE INFERNAL MACHINE USED FOR PUBLICITY

Scheme of Theater Manager to Advertise Film Boomerangs and Lands Three in Jail; Planted in Office.

SAN DIEGO, Nov. 19 (AP)—Max Brunstein, manager of a local motion picture theater, his press agent, C. C. Pratt and William F. Fife, were arrested and locked up here this afternoon following their confession to planting a fake infernal machine with a smoke fuse in the editorial rooms of the San Diego Union. Brunstein and Pratt admitted hiring Fife for \$3 to place the suitcase containing realistic clockwork, battery and wire connections with what appeared to be six sticks of dynamite as a publicity stunt for a "dynamite" film show here soon, the police said.

Following the arrests and alleged confessions, the chief of police and members of the council announced that the film would not be permitted here, that the manager and his associates would be held in jail pending further action and the district attorney would be asked to see if a felony charge could be brought against the three. Action also will be taken to cancel the theater license and an appeal is contemplated to Will Hays, national motion picture director, against this form of advertising in connection with films, the authorities said.

Governor of Idaho Proclaims Day for Offering Thanks

State's Chief Executive Sets Thursday, November 27, as Time for Observation of Thanksgiving.

BOISE, Nov. 19—Governor C. C. Moore, in a proclamation issued today has set aside November 27 as the day for the observation of Thanksgiving.

The proclamation follows: For more than three hundred years it has been the custom in this country to set aside one day as a special occasion for thanksgiving and prayer; thanksgiving for the abundant blessings bestowed upon us, and prayer to the Divine Father for a continuance of His mercy.

We are fortunate in living in a period of great advancement and in a nation which guarantees the most humble citizen not only life, liberty and the pursuit of happiness, but tranquill home, free schools, free thought, free speech and the worship of God according to the dictates of one's own conscience. We are at peace with other nations of the world, and are also free from distraction week which is being observed as one day, in keeping with the proclamation by President Calvin Coolidge, to give thanks for these manifestations of Divine Providence.

Now, therefore, I, Charles C. Moore, Governor of the State of Idaho, do hereby designate Thursday, November the twenty-seventh.

and request its general observance throughout the state, in trust that the people will in their places of worship and in their homes offer thanks to God for our great blessings and prayers to Him for the protection of our nation and our commonwealth.

In testimony whereof, I have set my hand and caused to be affixed the great seal of the State of Idaho, at Boise, the capital city, this fifteenth day of November, in the year of our Lord, one thousand, nine hundred and twenty-four, and in the independence of the United States of America, the one hundred and forty-ninth.

(Signed) C. C. MOORE, Governor.

P. A. JETER, Secretary of State.

HIGH SCHOOL NOTES

Coach Felix Plastino, addressing high school students Tuesday on the subject of "Patriotism," declared one may display patriotism not only in war but also in the school. He told the students that the team was not and had not been supported by the members of the school, but predicted that the squad would win a state championship. The assembly was held in connection with the national education week which is being observed all over the United States.

Miss Collier told of the Americanization work that is being carried on in this community and brought out the method of instruction for persons attending the school for foreigners.

The high school will hold an open house Friday with the purpose of letting the parents become acquainted with the instructors. The slogan of the week is "Visit a School Today."

The students of the high school sang the national songs of America with the high school orchestra playing the accompaniment.

LEGAL CONCESSIONS HELD BY JAPANESE ARE CANCELLED BY MEXICO

MEXICO CITY, Nov. 19 (AP)—The Japanese legation in Mexico City has protested to the foreign office here against the cancellation by Governor Rodriguez of the northern district of Lower California, of fishing concessions held by the Japanese on the coast of Lower California, according to an official report.

The ground taken by the Japanese is that it is not within the jurisdiction of a state government to cancel concessions of the Japanese, and the government can take such action.

A dispatch from Mexicali, Lower California, last Saturday, in announcing the cancellation of the fishing concessions of the Japanese, said the governor had taken the step because of alleged violation by the Japanese of the terms of their concessions. It was added that Mexican interests would be protected by the cancellation and that fish shipments would be diverted from Japan to Mexico and the United States.

BUREAU FINDS
RATES DO NOT

Cost of Transportation Not
Deciding Factor in Potato
Market; Fluctuation too Var-
ied, Report Says.

WASHINGTON, Nov. 19 (AP)—Freight rates are not the controlling factors in the price of potatoes, and are such as to allow wide distribution at centers of population far distant from the areas of production, the bureau of railway economics announced today as a result of a general survey of the potato growing and marketing industry.

The survey, the bureau announced, shows that potato prices paid to the farmer have fluctuated as much as 25 per cent of the minimum price, although the freight rates remained unchanged. The bureau also found that the price of potatoes in potato growing areas, is frequently higher than the prevailing prices in cities far removed from the production centers.

The bureau's study covered a year, and was made in 37 points of production and 35 cities, from more than 3,000 retail stores.

MURTAUGH

MURTAUGH—Mrs. Frank Rowley, who has been a patient in the county hospital, returned to Murtaugh Thursday.

Mrs. James Boyle entertained the Ladies' Aid at her home Thursday. An enjoyable afternoon was spent and dainty refreshments were served. Those present were the Mesdames Walter Sickofus, R. B. True, Francis Johnson, Lloyd Jain, E. E. True, Oliver Johnson, B. F. Jain, Gabel, G. L. Carman. The guests were Mrs. Bille of Twin Falls; Mrs. Spargo, Mrs. C. G. King and Mrs. John Taylor.

Mrs. P. J. Fahy was called to Los Angeles Wednesday evening by the serious illness of her daughter-in-law, Elvyn Gabel.

Mr. and Mrs. R. B. True were Twin Falls visitors Friday.

The marriage of Miss Mildred Harnoe of Bickel, to L. C. Morrill of Hansen, is announced. Miss Harnoe was formerly a student of the Murtaugh high school.

Professor Milne and Mrs. Milne were Twin Falls visitors Friday.

Mrs. Walter Taylor and daughter, Lucille, were the guests of Mr. and Mrs. John Senecal of Twin Falls Friday and Saturday.

Among the shoppers and business visitors in Twin Falls Saturday were Mrs. C. V. True, Mrs. Hartley, Mr. Rees, Mr. Robert, George Fisher, Mr. and Mrs. William Goodman, Marion Peck, Marlow Rowley, Jeddie Rowley, Mr. and Mrs. W. R. Lindau and Mr. and Mrs. John Taylor.

The Ladies' Aid society is preparing for their annual bazaar to be held early in December.

Robert Gersing, who has been at the county hospital for treatment of a fractured skull, which he received on Halloween night, returned home Tuesday.

Harry W. Anderson of Boise was a business visitor in Murtaugh Tuesday. C. G. King was a Twin Falls visitor Monday.

SMOOT SPEAKS
FOR DEMOCRAT

Utah Senator Thinks Steek of
Iowa Will Be Seated if Prece-
dent Is Followed.

WASHINGTON, Nov. 19 (AP)—Senator Smoot, republican, Utah, said today that if the senate committee on privileges and elections adhered to the precedent established in the contest which seated Senator King, democrat, Utah, it would decide in favor of Daniel F. Steek, democrat, who is contesting the election of Senator Brookhart, republican, Iowa.

The same principle, Senator Smoot said, is involved in the Iowa contest that came up in the Utah contest. The committee decided in the latter case, he said, that the question to consider was the intent of the voters rather than the law. A number of Steek's ballots, he added, were thrown out in Iowa because the voters had marked arrows on the ballots and the official count gave the election to Brookhart by several hundred votes.

ROGERSON

ROGERSON—Fred French of Brown Bench, was in Rogerson Monday getting some cattle that he has out.

The French Newsome family has been on the sick list the last week with sore throats and colds. The children have not been attending school for a few days.

Joe Meach was a Rogerson visitor Saturday from Shoshone basin.

Fanny Cox and brother were in town Tuesday from Goat Springs.

There was a birthday party at Mr. and Mrs. Fred B. Craig's place, one mile north of Rogerson, Thursday evening. A large crowd of young folks

gathered and music, games and dancing and supper were enjoyed. The party was for Carl Milroy, who is staying at the Craig home this week. He was 17 years old Thursday. Carl expects to go to Twin Falls to work the rest of the winter.

Sounds Produced by Fish Heard through Water Microphone

What sort of a noise does a fish make? This question has been answered in part, at least, as a result of experiments performed not long ago by dropping a water-tight microphone into the tanks at an English aquarium. Each tank seemed to give a different basic tone. With the crayfish, there were noises like the snapping of a watch case. The question as to whether fishes actually emit sounds other than those made in feeding, was not decided.

Land Skates Run on Rough Ground

Feats that rival those of the ski jumpers or snowmobile devices are said to be possible on a new style of roller skate being manufactured for sportsmen in Germany. They have a broad support for the foot and three rubber-tired wheels, two in front and one behind, and are said to be well adapted to traveling over rough ground, a speed of seven and one-half miles an hour on uneven surfaces being common and ten miles an hour on pavements easily achieved.

Coasting on side hills and jumping either with or without staves are possible with the skates because of the ease with which they roll over rough country. The pair weighs about seven and one-half pounds.

Delegates From Several Coun-
tries Gather at Copenhagen
to Combat Prohibition.

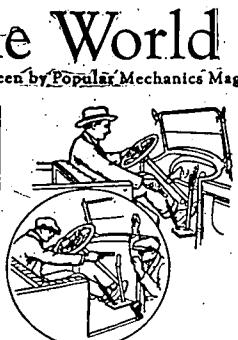

COPENHAGEN, Nov. 19 (AP)—Delegates from various Danish, Norwegian, Swedish and Finnish anti-prohibition organizations, mostly scientists and other professional men, met recently in Copenhagen to discuss measures to combat "the pernicious activities of American and native prohibition agents and provocateurs now working busily for foisting upon Europe the humiliating bondage of the hypocritical American prohibition law."

At the public meeting Major Hulten of Helsingfors declared that Finland was now the only absolutely dry country in Europe, Norway and Iceland being semi-dry countries, their governments having been compelled to allow the importation of certain wines like port and madeira to avoid having their chief article of export, dried codfish, barred from the wine producing countries of the Mediterranean.

Low Consumption.

Prior to going dry Finland had, Major Hulten asserted, a lower consumption of alcoholic beverages than any other country in Europe. After the introduction of prohibition the picture changed, he declared, adding that "Finland is now steeped in liquors," enormous amounts of liquor, good and bad, are daily smuggled in to the country, it being impossible for the government to curb the rum traffic, owing to Finland's enormous stretches of coast line, he asserted, and declared in conclusion that the Finnish hospitals were crowded with the victims of drink.

Pistol Is Hidden in Auto Lever Ready for Quick Defense

Designed for instant use, a double-barreled 22-caliber pistol is contained in the detachable handle of an automobile French shift lever now manufactured in France. A quarter-inch turn of a metal band next to the knob separates the handle and pressure on a section of the stem discharges the weapon. The pistol is automatically cocked when the handle is raised. An alternative method for the hand brake has also been placed on the market. Attached to any standard automobile, it is claimed that the weapon can be brought into action more quickly than one the driver may have on his person.

BRUINS PREPARE FOR HARD FIGHT

Twin Falls Men Under No Delusions as to Prowess of Firth Eleven, but Confident.

Twin Falls high school football squad is prepared for one of the hardest and fastest contests of the season when it meets the Firth high school team in an inter-district championship game at Lincoln field Friday. The manner in which the blue and white players snapped into practice Wednesday evening, displaying greater strength and speed and showing up to better advantage than in previous practice sessions, indicates that coach Flinthen's men are laboring under no illusions as to the prowess of their foe in the game next Friday, and also that they are resolved that Firth shall not halt their march to the state championship.

Firth's team is expected to average 160 pounds per man, outweighting Twin Falls team, with Captain Humphrey out of the game, by about 10 pounds per man. Firth's mentor is a graduate of the University of Minnesota and the team is said to use the famous Minnesota shift to good advantage.

Whoever expects for capability of some of Firth's players with whom he is acquainted, is entertained by Superintendent Ernest D. Bloom of Twin Falls schools. John Berg, Firth back, he stated Wednesday evening, is a powerful youth standing six feet tall and weighing about 165 pounds. He is a veteran of the basketball floor, fast and shifty and handles a football in much the same manner that he does a basketball. The brothers Christianson, two other mainstays of the Firth eleven, Mr. Bloom stated, are formidable players, both being heavy, rugged and fast. Agreement has been reached, it was announced Wednesday evening, that S. B. Rough of Paul is to be one of the officials at Friday's game, but the second official and the official capacity of each, is yet to be decided.

A WORTH WHILE OFFERING.

One of the most wholesome and entertaining of dramatic offerings presented here in a long time was the romantic drama, "Cabin in the Hills," staged Wednesday evening at the Laverling theater by O. L. Farnsworth and his Imperial players, appearing here for two nights' engagement under auspices of the Women's Progressive club. It was a drama of more liberal patronage than it received, and the opportunity to see the same company this evening in another performance, "The Great Divide," is one that ought not to be neglected.

Mr. Farnsworth played to perfection the "diamond" role of the broad comedy role of Chuck Wilson, and the work of all other members of the company was quite convincing. The play was preceded by a musical program by the Imperial orchestra under direction of Miss Helen Melton, who played two violin numbers.

POPULAR LYCEUM NUMBER.

Doris entertainment concert party in a varied program including whistling, bird imitations, impersonations and piano and violin numbers, presented Wednesday evening at the high school auditorium a performance of wide appeal and one of the most generally satisfactory numbers of Twin Falls Lyceum course this season. Members of the party, each of whom is properly regarded as an artist in his or her line, were Oliver Burkhardt, character whistler, bird imitator and impersonator; Miss Helen Harper, violinist and dramatic impersonator; Miss Blanche Friend, pianist, musical entertainer and dramatic artist.

IDAHO.

"Merton of the Movies," due at the Idaho theater this afternoon, is a story of an awkward country youth who is consumed with a desire to become a famous motion picture star. His idol is Harold Larimore, darling of the Holden studios in Hollywood.

Glenn Hunter, whose stage portrayal of "Merton" made him an overnight favorite, plays the title role in the picture version. Viola Dana, star of first magnitude, featured in the leading feminine role.

SUICIDE THEORY HELD BY PASTOR

Husband of Woman Found Burned in Furnace Thinks She Took Her Own Life.

COLUMBUS, Ohio, Nov. 19 (AP)—Unwilling to agree to the suicide theory advanced by Coroner J. A. Murphy and accepted today by the Rev. C. W. Sheatley, husband of Addie Sheatley, 50, whose body was found in the furnace of the local district Monday, County Prosecutor John R. King tonight planned to continue his investigation, seeking to establish a murder motive.

Tells of Maniac.

Prosecutor King expects to go to Canton tomorrow to question a maniac, who he believes is the murderer of Addie Sheatley's mother, who until March of this year lived with her daughter. Further mystery was injected into the baffling case today when Mrs. G. R. Allen, who lives in Oak street, about a mile from the Sheatley home, reported to the prosecutor that on the morning of the tragedy a strange man, having the appearance of a maniac, visited her home and asked if she would give him an old overcoat. Upon being told that she could not, Mrs. Allen told the prosecutor that the man asked to be shown the furnace room. She refused and the man jumped from the porch and ran up the street in the general direction of the Sheatley home. Police tonight were on the lookout for the man. While not placing much credence in the story, belief was expressed by some officials that a maniac might be at large in the city and might have thrust Mrs. Sheatley's body into the furnace. Because of the charged condition of the body, chemical analysis cannot be made of the stomach of Mrs. Sheatley. It was reported today. Expert examination of the lungs and necropsy now in the hands of chemists, may reveal, police said, whether she breathed after she entered the firebox of the furnace.

Picture-tization of Elinor Glyn's story, which opens today at the Orpheum theater, carries a stirring theme of two people utterly unlike one another who meet and fall in love. As one finds in everything Mrs. Glyn writes, there is much love, color and a fire of realism throughout the picture.

The cast is headed by two players acclaimed by the author as the greatest screen lovers of the day. After seeing the production one is certain that her judgment has not been misguided. The laurels and the two big parts go to Aileen Fringle and James Cruze. Larimore, Jack Gilbert a brilliant Russian prince.

WOOL INDUSTRY IS LOOKING UP

Twin Falls Man at Salt Lake Says Condition in Idaho Is Now Much Better.

SALT LAKE, Nov. 19 (AP)—The wool industry in Idaho is looking up, with sheep men generally experiencing a better feeling with regard to present and future conditions. T. C. Bacon of Twin Falls, president of the Idaho Wool Growers' association, said here today. Mr. Bacon, accompanied by Fred R. Gooding, Shoshone, is in Salt Lake conferring with F. R. Marshall, secretary of the National Wool Growers association.

"Between two and three million pounds of the 1925 Idaho wool clip have already been contracted at prices ranging from 40 to 65 cents a pound," Mr. Bacon said. "Definite figures on the amount of wool contracted have not been compiled as yet, but it is believed that about 20 per cent of the clip for 1925 has been sold. Idaho's annual wool clip averages around 15,000,000 pounds."

Referring to the practice of contracting at this time, Mr. Bacon said: "There is no reason to believe that wool will go down in price and I think it will be worth more money. The wool market is strong at the present time with no indication of a break. The average price paid the grower in Idaho for the wool of last year was 27 cents a pound, with some clips going to 30 cents. The same wool is now worth 45 to 50 cents a pound."

CATHOLIC CHURCH HEAD IN IRELAND IS DEAD; FUNERAL IS NEXT WEEK

BELFAST, Nov. 19 (AP)—Michael Cardinal Logue, primate of all Ireland, died this morning, and all Catholic Ireland mourns his passing. He passed away at his residence at Armagh. To the very end of his life the eminent cardinal Logue was a powerful as a priest of the church. He said mass Tuesday morning and Tuesday night, less than 18 hours before he died, he paid his customary evening visit to the blessed sacrament. The funeral will take place next Tuesday.

NOT TO PLAY SEATTLE.

STATE COLLEGE, Pa., Nov. 19 (AP)—Penn State will not meet the University of Washington in a post-season football game at Seattle, Hugh Redick, director of athletics, announced tonight. He decided to decline the invitation was reached at a conference among President John M. Thomas, Coach Redick and the faculty athletic committee.

FARMER RELIEF GROUP ADJOURNS

Coolidge Commission Studying Agriculture Needs to Reconcile in January.

WASHINGTON, Nov. 19 (AP)—After deciding to give co-operative marketing and conditions in the cattle industry priority in their study of agricultural problems with a view to having definite conclusions as to these ready for legislative action during the session of congress which convenes next month, the president's agricultural commission recessed after its third session today, probably until January.

While the inquiry in other fields also may have progressed sufficiently before March 4, when the present congress expires, to permit further conclusions to be presented for possible legislation, Chairman Carey of the commission told President Coolidge today that the body could not hope to work out its entire program by that time. The recess take on tonight, Mr. Carey explained, was to permit the assembling of the comprehensive data on all government activities relating to agriculture, which the commission has requested as an essential basis for its work.

Ask for Reports.

The report asked for, relating to financial, statistical and regulatory activities having to do with agriculture as well as tariff, reclamation and other problems will be made available to members of the commission as soon as possible, it was said. The commission it was explained, can then proceed with the work of building up a comprehensive program of agricultural rehabilitation with the cattle industry and the co-operative marketing studies, the first to be reduced to conclusions. The action of the commission in adopting a priority program as to these two fields of inquiry is in accordance with the expressed wish of President Coolidge that emergency problems be disposed of as quickly as possible in order that the convening short session of congress might have the benefit of the commission's conclusions.

The commission took up today the question of government financial aid to agriculture calling before it Eugene Meyer, Jr., managing director of the War Finance corporation. The present freight rate structure as affecting agricultural profits, one of the major problems before the commission, was discussed with Chairman Hall of the Interstate Commerce commission, and water power policies of the government were taken up with officials of the federal power commission. These officials followed a number who appeared before the commission yesterday.

JURY CONVICTS ROGERSON MAN

W. C. Griffen, Proprietor of
Burned Resort, Found Guilty
of Violating Dry Law.

W. C. Griffen, one of the proprietors of the St. Regis pool hall at Rogerson, which recently was destroyed by fire, after being closed by court order, was by a jury in district court here Wednesday afternoon found guilty of illegal possession of liquor discovered on the premises by deputy sheriffs who served the closing order October 29, last. The verdict was returned at 1:30 o'clock after the jury had deliberated for about one hour. Judge W. A. Babcock announced that judgment would be pronounced Saturday. Griffen, who had been at liberty under bond, was remanded to the county jail where the sheriff when the verdict was read.

Trial in the case was begun Tuesday when the first jury of the present term was impaneled. The case for the defense, conducted by Attorney W. Orr Chapman, was rested Wednesday forenoon and thereafter Prosecuting Attorney J. W. Taylor introduced the testimony of several witnesses in rebuttal of the defense case. Defense depended upon evidence that the lunch counter where the liquor was discovered, although within the building occupied by the pool hall was not owned by Griffen, but by Mrs. Ethel Witten.

A jury was impaneled Wednesday afternoon in trial of E. J. Murray and Mrs. A. Avery, charged with illegal possession of liquor. Defense in this case is conducted by Mr. Chapman, the case for the state being conducted by Prosecuting Attorney J. W. Taylor.

MILK DRINKING WILL BE ENCOURAGED IN SCHOOLS

Anti-Tuberculosis Association and Parent-Teachers Association to Co-Operate in New Undertaking.

Approximately 425 children enrolled in Twin Falls grade schools will be encouraged to drink milk in connection with a milk-drinking campaign to be inaugurated in the schools during the first week of December, according to announcement Wednesday by Mrs. D. L. Alexander, chairman of the Twin Falls County Anti-Tuberculosis association. Bulletins have been sent to parents of the children explaining objectives of the campaign, which is in line with similar campaigns carried on in other Idaho schools with uniformly beneficial results. This campaign, Mrs. Alexander stated, is to replace the hot lunch activities heretofore carried on by the Parent-Teachers association, which will supervise the milk program.

Milk from a certified herd is to be provided. It is to be pasteurized and delivered to the schools in sealed bottles, and is to be served through straws. Cost of the milk is to be four cents per half pint, and children who are unable to pay for the milk will be furnished with it through use of funds derived from sale of Christmas seals in Twin Falls.

TRAIN ROBBERY SUSPECT WAITS FOR EXTRADITION

James Hovermale, one of three men who was tried and acquitted for robbery a year ago of the Hazelton State bank, and who was Tuesday arrested at Paul on charge of participation in the robbery of a Pacific Electric train at Los Angeles in November, 1923, has decided to wait here for the arrival of extradition papers from California. It was stated Wednesday to confer with Judge E. A. Walters, attorney of this city. He did not indicate whether he would resist extradition. Deputy Sheriff C. P. Smith of Los Angeles, who arrested Hovermale, left Wednesday on official business for Salt Lake. He is expected to return here when extradition papers for Hovermale arrive.

GET AT THE CAUSE!

Many Twin Falls Folks Are Showing
How to Avoid Needless
Suffering.

There's nothing more annoying than kidney weakness or inability to properly control the kidney secretions. Night and day alike, the sufferer is tormented and what with the burning and scalding, the attendant backache, headache and dizziness, life is indeed a burden. Doan's Pills—a stimulant diuretic to the kidneys—have brought peace and comfort to many Twin Falls people. Profit by this Twin Falls resident's experience.

Mrs. J. G. Mead, 353 Third Ave. W., says: "I was troubled with my kidneys and there was a dull ache in my back. I couldn't do much work about the house, for I tired quickly and my back gave out. My kidneys acted too frequently and I became nervous and irritable. Doan's Pills from the Majestic Pharmacy rid me of the trouble."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Mead had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Eight Teams Carry on Memorial Fund Drive

Twin Falls Business Men Devote Time to Extending Invitation to Citizens to Contribute.

Eight teams composed of Twin Falls business men, working under direction of leaders for each of four districts into which the city was divided for the purpose, Wednesday, launched a systematic campaign to extend an invitation to Twin Falls citizens to contribute to a fund for erecting on the campus of the University of Idaho at Moscow a gymnasium for an armory building to stand as a memorial to Idaho's dead in the Spanish-American and World wars.

None of the teams had completed its work Wednesday evening and the campaign will be continued today. Judge O. P. Duvall, who is in charge of the drive in this county, stated. Headquarters for the campaign have been established at chamber of commerce offices, where, it was announced, persons desiring to contribute to the memorial fund, may leave their donations.

Leaders of the campaign in the four Twin Falls divisions are James McMillan, Arthur J. J. Frey, Charles H. Krenkel and John W. Graham.

SOPHOMORES STAGE PLAY

Dramatic Offering Interesting Feature of High School Assembly; Increased Pop Urged.

Sophomore class members were in charge of an assembly Thursday at the high school. They presented the one-act play "Getting Acquainted." The characters were Loyal Perry, Marcellus Wynn and Jane Catherine Newman. Mary Provost gave a reading, "Mr. Pepper's Silver Wedding." The sophomore class quartet, composed of Robert Farney, Charles Anderson, Kenneth Douglas and Lyle Gish, gave several vocal numbers.

Announcement was made that the members of the high school will hold a snake dance after school this afternoon. Civic Union, instructor in science and Yell Leader Edwin True undertook instilling a greater amount of pep in the student body.

TACOMA CONCERN GIVES \$50,000 FOR WOODS BLOCK

Transaction Marks One of the Largest Deals in Twin Falls Business Property in Recent Months; Rise in Value Shown

One of the largest transactions in Twin Falls business property in recent months was recorded Wednesday when deed transferring the T. J. Woods block, corner of Main avenue and Second street west, to the Pacific Savings and Loan company of Tacoma, for consideration of \$50,000, was filed in the office of the county recorder here.

The building, a two-story brick structure, 25x125 feet, was built by Mr. Woods about six years ago, which, when it was purchased in 1916 by the late F. F. Bracken to be used as a building site for the Idaho State bank, commanded a price of \$10,000, or \$404 per front foot, which was at that time one of the highest prices that had been paid for a Twin Falls business lot. The bank did not carry into execution its building plans and following Mr. Bracken's death the lot was purchased by Mr. Woods for approximately \$13,000.

Property In Demand.

Cost of the building erected on the lot by Mr. Woods was approximately \$25,000. It is regarded as one of Twin Falls most desirable business blocks and has been occupied continuously since its completion, first by a furniture concern and now by the Hiloy Bistors millinery. Twin Falls Chamber of Commerce and the Benfro Beauty parlors also have quarters on the first floor, while offices on the second floor are occupied by Bothwell and Chapman, attorneys; Salomon, Bistors and Benfro, committee, representatives and Dr. T. S. Wasson.

Rise in Value Shown.

Constant increase in the value of the property conveyed in this transaction, since the sale of the lot by the Twin Falls Granite company in 1905 to J. C. Wester, lumberman, for \$450, is shown by records of real estate transfers. Some time later it was purchased for \$2000 by John Janney, former resident of this city, who sold it to the Idaho State bank at what was then considered a record price.

FIVE HUNDRED WORKMEN EMPLOYED AT JARBIDGE

Activity at Nevada Gold Mining Center Greatest in Its History Says Ed Benzene on Visit Here.

A greater number of workmen are now employed in mines and mills at Jarbridge, Nevada, than ever before in the history of the Nevada gold mining center, according to Ed Benzene of Jarbridge, one of the principal stockholders of the Bluster property, who was here Wednesday on a brief business visit.

Payrolls at Jarbridge now include more than 500 men, Mr. Benzene stated. Approximately one-half of this number are in the employ of the Bluster company, and about as many more are employed by the El Kora company.

MAN AND WOMAN ON TRIAL FOR DRY LAW VIOLATION

Police Officer H. U. Butz, First Witness for State, Tells of Arrest of E. J. Murray and Mrs. A. Avery.

Edward J. Murray and Mrs. A. Avery went on trial in district court here Wednesday afternoon on charge of illegal possession of a five-gallon keg of liquor. E. U. Butz, Twin Falls police officer, testified Murray lifted out of Mrs. Avery's car when they brought it to a halt on the evening of October 10, last, at the rear of the lodging house on Main avenue east, of which Mrs. Avery was proprietor. Mr. Butz testified that he arrested Murray and Mrs. Avery on that occasion.

Mr. Butz was the first witness called by Prosecuting Attorney J. W. Taylor to testify for the state after selection of the jury had been completed at 4 o'clock. Cross examination of this witness by W. Orr Chapman, attorney for the defendants, had not been completed when the evening recess was taken.

Members of the jury impaneled to try this case were Oland Ulrich, E. V. Berg, Ed Tolbert, Jerome Haisley, Leslie Hickling, C. B. Harvey, F. C. Ripley, E. J. Malone, George Leth, George Beer, R. J. Day, L. K. Cole.

NEW NAME GIVEN SMITH'S SPRINGS

Corporation is Formed to Improve and Develop Possibilities of Well-Known Resort.

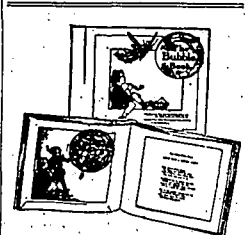

Under articles of incorporation filed Wednesday in the office of the county recorder here for Magic Hot Springs, the name of Smith's hot springs, 38 miles southeast of Twin Falls, is changed to Magic hot springs, and the incorporators, T. J. Lloyd, Anna E. Lloyd and Guy Stoddard are authorized to improve the property, build bath houses, sanatorium, hotel and operate stage lines. The corporation has a capital of \$50,000, of which \$20,000 has been subscribed by the incorporators, who also are the directors.

The property is one of the best known of its kind in this region and has for many years been frequented by persons taking the baths for relief of various ailments. Mr. Stoddard has had active charge of the property for several years.
