

# FLIERS INFORM COMMITTEE OF FLIGHT RESULT

## Round the World Army Journey by Airplane Proved That Ships Can Go Anywhere, Two Aviators Tell Inquiry Board.

WASHINGTON, Jan. 8 (AP)—The world flight proved that "wherever there is air, airplanes can go," Lieutenant John Harding and Leigh Wade today told the house aircraft investigating committee which earlier in the day had heard an appeal by Dwight D. Davis, assistant secretary of war, for development of commercial aviation as "the salvation of the aircraft industry."

The endurance and reliability of the all-American planes used in the world flight were enthusiastically described by the two fliers. "The Liberty motor stands as the most wonderful engine used in quantity in the world," declared Lieutenant Wade.

In every country, the fliers related, they were received with greatest cordiality and American diplomatic and consular representatives all along the route told them they had "placed the American flag in the hearts of foreign peoples and created lasting international friendships for the United States."

Foreign governments, they testified, offered all assistance possible. Japanese destroyers went to the northern waters of the empire to assist in patrolling the route across the Pacific and the British navy offered its assistance for the long dangerous journey across the Atlantic.

"Fleets of planes can fly the north Pacific from the American mainland to Asia in 40 flying hours," declared Lieutenant Wade. "All that is needed is a mother ship at each landing station. If the route was laid a little differently from ours, flights could be made at any time of the year."

There could be no obstacles to large fleets making the trip he added. Both fliers declared that slight flying with beacon lights on the main route during their absence on the world trip and insisted that a mother ship should be in the nation's first line of defense.

# ROAD CONSOLIDATION IS SUGGESTED BY OFFICIAL IN SALT LAKE SPEECH

SALT LAKE CITY, Jan. 8 (AP)—Voluntary consolidation of the railroads of the nation into several systems, with the government maintaining nominal legal control to insure a section of the country railway competition, was declared yesterday by Samuel Pyeatt, president of the Denver Rio Grande Western railroad as a basic solution to the railroad problem facing the country today.

# DISCUSS COSTS OF WAR TO U. S. British Chancellor and American Observer Hold Parley at Finance Ministers Meeting.

PARIS, Jan. 8 (AP)—The fixing of a lump sum and the joining together of the costs of the American army and the American navy in the United States for war damages were the subject of two conversations between James A. Logan, Jr., the American observer, and Winston Churchill, British chancellor of the exchequer today and it is this which is delaying the announcement that an agreement on Anglo-American viewpoints which was reached in principle last night, has been definitely settled as to details.

Optimism Expressed.

The American delegation, however, expresses optimism and is declared to be ready to present a clear exposition of the interrelated conditions Monday morning a solution satisfactory to all parties. Mr. Clement, the British finance minister, also informed the correspondents this evening that he was convinced the British and American delegations would reach a compromise.

In the belief that private conversations would be more effective in reaching solutions than the plenary sessions of the conference, the delegates had only a half hour meeting today and the only official decision arrived at was to dispense with full meetings and devote the entire time to unofficial exchanges of views until Monday.

# Schooner Sinks Off Mexican Coast; Crew Of 10 Thought Lost

## Word Reaches Houston of Disaster Christmas Day; Leak Held Responsible.

HOUSTON, Texas, Jan. 8 (AP)—The four masted schooner Deering, sailing from Houston to Mexican ports, was sunk on the night of December 25, off the coast of Frontera, Mexico, according to information received today by E. D. Blackburn, to whom the Deering was chartered. All hands on board were lost.

The Deering carried a crew of at least ten men, according to Blackburn. Until the list is accessible through names and addresses will not be known.

Most of the crew was signed in Houston following the arrest of members of the mid air on a narcotics charge, according to John Tompkins, who brought the news of the sinking of the vessel to Houston.

# FARMERS TO AID FEDERAL INQUIRY

## Delegation Appointed From Co-operative Marketing Association to Call on Relief Body.

WASHINGTON, Jan. 8 (AP)—A delegation to confer tomorrow with the present's principal committee was elected at the concluding session today of the national council of Farmers' Co-operative Marketing associations, which are being transferred to headquarters from Chicago to Washington.

The executive committee, headed by Robert W. Bingham of Louisville, Ky., included J. E. Collier, Hopkinsville, Ky.; Dr. B. W. Kilgore, Raleigh, N. C.; C. O. Moser, Dallas, Texas; Dan A. Wallace, St. Paul, Minn., and Mr. F. J. McLaughlin, Chicago.

The conference went on record as opposing any sort of government aid, subsidy or special favoritism for co-operative marketing associations, and also a sympathetic understanding administration of the laws and regulations which are already in force.

The delegation is to call on the Federal Farm Loan Administration to aid research work and education in agricultural economics and co-operative marketing in the state agricultural colleges, and to call on the Federal Trade Commission to investigate the alleged boycott of co-operatives by the tobacco interest. Another resolution denounced as false and unwarranted attacks made upon the co-operative marketing movement and its leaders by Henry Ford and his publication.

# Three Youths Killed In Fall From Train

ASHEVILLE, N. C., Jan. 8 (AP)—Three Chicago youths who left their homes two days ago for a pleasure and adventure trip to Asheville, were killed by a Southern railway freight train at Skyland, four miles south of this city, when they are believed to have fallen beneath the moving train as a "rod" on which they were "boating" their way broke.

The bodies of the youths, all three of their heads severed, were found Wednesday morning.

# Proposes Amendment To Bonus Legislation

WASHINGTON, Jan. 8 (AP)—An amendment to the soldier bonus act to permit world war veterans to obtain cash for their military service certificates at their current value at the end of three years, was introduced today by Senator Jones, Democrat, New York.

Cash value of the certificates would be figured on the basis of ordinary tables in use by old line veterans, the famous warlord act, the law at present provides can not be cashed until 20 years after the date of issuance.

# SPRING WILL SEE DEDICATION OF MEMORIAL TO W. H. HUDSON

LONDON, Jan. 8 (AP)—The Hyde Park memorial to the late W. H. Hudson, the famous novelist and naturalist, will be ready for opening next spring.

The memorial itself is being done by Jacob Epstein, the modern sculptor whose work is well known in America, while the architectural features, which include a bird bath, a wall and seats with a lily pond, have been entrusted to Lionel Pearson.

# BANK MEASURE INTRODUCED IN STATE SENATE

## Depositor's Guaranty Fund Bill First to Appear in Upper House; Also Provides for Advisory Board.

BOISE, Jan. 8 (AP)—A bill providing for a bank depositor's guaranty fund and creating a state banking advisory board of five members was introduced in the senate at the eighteenth legislative session this morning.

The measure, which is sponsored by Transum, Van Hosen, Hinton, Hargrove and Real of Boundary, demurs, is the first introduced in the upper house.

The fund, under the terms of the measure, will be raised by annual assessments of one-half of one per cent of the daily average guaranteed deposits. These levies will be made until the total in the fund equals five per cent of the guaranteed deposits.

# Must Be Solvent

Only banks that the advisory board, made up of four bankers, two from each congressional district, shall deem solvent can become members of the fund. Institutions unable to qualify as members under this proposed law would be forced to cease business and go into voluntary liquidation or place their affairs in the hands of the commissioner of finance, who is ex-officio member of the advisory group.

The bill gives the state a first lien upon the assets of any bank or trust company under this proposed law, under the terms of the Hourton bill.

The proposed law does not require that all banks be members of the guaranty fund, but provides that members must secure deposits by bonds, in various policies or other securities.

This law must apply to all banks in the amount of deposits the guaranty fund would be liable for in the event the bank was a member.

# National Bank

National banks, the measure states, can become members of the fund in the same manner as the state banks. The bill provides that in the event national banks are required by federal enactment to pay deposits in the guaranty fund, they can withdraw from the state fund and have the unused portion of their levies returned.

This law also calls for the appropriation of \$2500 to carry out the terms of the law, pay the members of the advisory board annual expenses and \$10 per day, with performing their duties.

# Twin Falls Woman

A. L. Fletcher of Gooding county was made secretary and C. G. Kiger of Cascade, assistant, at the Thursday morning session. A. M. Boylan and Eddie Beck, holders of the places two years ago, were declining in permanent selections could be made. Upon motion of McMurray, president pro tem, the upper house voted thanks to the committee for the services of Mrs. Ethel Whitehead, Twin Falls, and Mrs. Nettie Matlock, Blaine county, were appointed to fill vacancies, and to report on the matter to the latter as assistant journal clerk.

# Signs House Bill

President Harding today signed H. B. No. 1 by Kiger, a measure appropriating \$462,000 for salaries and expenses of the legislature, state officials and department heads.

The senate presiding officer announced the printing committee as follows:

Christensen, Bonner; Gardner, Payette; Hagan, Latah; Yeaman, Bonneville; and Hansen, Teton.

The report of the mortgage committee was read and approved. J. W. Reid of Boundary county, received the largest check, \$130,200, for 1320 miles; Colahan of Blaine county, received \$127,100 for 1271 miles; Cooke of Ada drew the smallest, 20 cents for two miles. Belnecke of Canyon county was awarded a man with a check for \$9, for 90 miles.

The senate adjourned until 10 o'clock tomorrow morning.

# Chicago Swindler Who Took Millions Is Dead in Prison

Leo Koretz, Promoter of Bayano Oil Bubble Succumbs to Disease at Penitentiary.

STATEVILLE, Ill., Jan. 8 (AP)—Leo Koretz, promoter of the Bayano oil bubble, who fleeced scores of friends and relatives out of millions of dollars, died tonight in the state penitentiary here.

The promoter who for years conducted his phantom financial ventures as well known in the west by that trusting relatives and friends begged him to take their money, declared when he went to prison a few weeks ago, that he did not expect to come out alive. His death occurred at 8:45 o'clock.

# King Acts to Halt Royal Romance

PRINCE GEORGE, one of the younger sons of the British rulers, known as the "naval prince," is facing a protracted cruise on a British warship in the Mediterranean. His fiancée, Princess Marina, daughter of Sir Geoffrey and Lady Baring of Nubis House, Covea, is reported in London society to be concerning his parents very much. To frustrate a possible engagement, he has been ordered to sea in the hope of ending the romance.

# Estate of Wealthy Indian is Divided by Federal Bureau

WILMINGTON, Del., Jan. 8 (AP)—William Tracey, deck hand on a Delaware river steambarge, when questioned today regarding the report that he held heir to about \$17,000 of the estate of his father, reiterated that he had received a letter from a Los Angeles lawyer, appointing him as executor.

The name of the attorney, Tracey said today is William J. Barouch. Tracey said he was also informed the proceeds from the sale of the estate was deposited with the Farmers' Trust company, Los Angeles. He added his father had lived on the Thompson farm, Summerville, near Los Angeles. He denied a report that he had deposited any money from the estate in a Wilmington bank.

# Wife of Warrior and Religious Institution Each Got Half of \$1,100,000 Holdings of Incompetent 'Redskin'

WASHINGTON, Jan. 8 (AP)—The division of \$1,100,000 from the estate of Jackson Barnett, an "incompetent" Indian, between his wife and a religious institution, was made on the initiative of the interior department. A. J. Ward, warden at Tulsa, Okla., of the bureau of interior revenue, today told the house committee investigating Indian affairs in that state.

Favors Division.

Ward said he had always favored division of estates of wealthy Indians after their death as a means of eliminating litigation and benefiting the whole Indian population. Barnett and his wife, he related, were taken to Washington in an effort to effect some agreement on disposition of the estate and Commissioner of Indian Affairs Burke asked him to act as Barnett's attorney. Harold McGuigan of Coffeyville, Kansas, he added, acted as Mrs. Barnett's attorney.

Barnetts Agree.

The Barnetts had been interviewed in Washington himself, the commissioner of the department's solicitor and the general terms of the agreement for the division of the estate were agreed upon. Ward added that he drew up the instrument dividing the estate, and also selected the American Baptist Home Missionary society as the beneficiary of the \$550,000.

The estate of the kind in Oklahoma which was not fixed, he said, would be exhausted in time and schools operated with them would become dependent upon congressional appropriations.

# GATE INQUIRY GETS UNDER WAY

WASHINGTON, Jan. 8 (AP)—Discussion of the functions of the packers and stock yards administration and suggestions for a new federal lead policy to aid agriculturalists occupied today's session of the president's agricultural committee.

Secretary Work and officials of the land office and reclamation service conducted the study of the packers and stock yards administration and suggestions for a new federal lead policy to aid agriculturalists occupied today's session of the president's agricultural committee.

# Functions of Packers and Stock Yards Administration Occupies Commission's Attention.

WASHINGTON, Jan. 8 (AP)—Discussion of the functions of the packers and stock yards administration and suggestions for a new federal lead policy to aid agriculturalists occupied today's session of the president's agricultural committee.

Secretary Work and officials of the land office and reclamation service conducted the study of the packers and stock yards administration and suggestions for a new federal lead policy to aid agriculturalists occupied today's session of the president's agricultural committee.

# Japan Agrees to Plan

Secretary Hughes, in a letter to the committee, said Japan and the United States agreed that it would be in keeping with the spirit of the treaty to eliminate the need for naval capital ships, but that Great Britain had taken an opposite view. The navy department, however, will urge the committee would like to see the proposed elevation carried out and also enough construction to bring the navy as a whole up to the 5-5-3 ratio.

President Coolidge, however, believes that both proposals would conflict with his program of economy. It was developed, and for that reason he has not recommended appropriation of funds for the construction of capital ships.

# Major Alterations

The secretary said the British viewed the proposed changes as "major alterations" prohibited under the treaty, but that he held the opinion, shared by the Japanese, that they should be regarded rather as "minor alterations."

Mr. Hughes, in his letter, took the position that although the proposed elevation would not violate the treaty, it would have a beneficial effect in tending to promote naval competition. The British ambassador, he said, on March 15, 1923, had brought up the subject of the proposed elevation in the state department against any alteration of the present gun elevation and giving positive assurance that no such alteration had been made on any British capital ship after its commission.

Better Law Enforcement.

The commissioner went on record for more vigorous enforcement of the dealing themselves to support any legislation toward this end. District judges were criticized for permitting "unbecomingly legal technicalities" to enter into cases, and justice came in for criticism for turning men loose after trials on serious charges when there was no question of guilt.

A motion to place the commissioners on record as opposed to the ratification of the child labor amendment was delayed. The motion was introduced by J. T. McInerney, Jerome county, and seconded by J. A. Taylor, Bonnevill county.

# UNDERWOOD BILL SURVIVES TEST IN U. S. SENATE

## Government Operation of Muscle Shoals Is Disapproved by Vote; Norris Measure Killed; Further Action Planned.

WASHINGTON, Jan. 8 (AP)—Government operation of Muscle Shoals was disapproved by the senate, 48 to 37, and the Underwood bill for the disposition of the great power and nitrate plant was left in the air.

The vote came on the question of substituting the Underwood hearing bill for the Norris government operation plan. The effect of the vote was to kill the Norris measure, but the Underwood bill still is before the senate and open to amendment. Several substitutes for it have been proposed. Consideration of these will be begun tomorrow with republican leaders hoping of getting the subject off the senate calendar temporarily, at least by the end of this week or only next week.

Whether the final form of the substitute bill, it must go to conference for consideration with the house measure, considering the offer of Henry Ford, despite the fact he has been withdrawn since the house acted at the last session.

# BRITISH OPPOSE GUN ELEVATION HOUSE IS TOLD

Administration Does Not Regard Change on Capital Ships as Conflicting With Arms Conference Treaty.

WASHINGTON, Jan. 8 (AP)—Another chapter of the American navy was placed before the house naval committee today with the receipt of information that the administration does not regard elevation of naval guns on capital ships as conflicting with the arms conference treaty and that the navy secretary, however, believes that both proposals would conflict with his program of economy. It was developed, and for that reason he has not recommended appropriation of funds for the construction of capital ships.

# DOCUMENTARY EVIDENCE IN CONSPIRACY TRIAL HELPS FORBES DEFENSE

CHICAGO, Jan. 8 (AP)—Documentary evidence interpreted by the prosecution in the veterans' bureau conspiracy trial as having an important bearing upon the alleged conspiracy to defraud the government through hospital contracts was identified today by a defense attorney as relating in purpose to a Columbia utility concession project and not the veterans' bureau. The defense claimed the identification refuted one of the most damaging of the government's allegations.

# COMMISSIONERS ELECT OFFICERS

Herbert Lemp of Ada County Again Heads State Association; Meet Next at Pocatello

BOISE, Jan. 8 (AP)—Herbert F. Lemp of the Ada county board of commissioners, was re-elected president of the County Commissioners' association of Idaho at the closing session of the annual convention today in the chamber of commerce rooms. J. A. Taylor, Bonnevill county, was elected vice president and N. H. Miller, Blaine county, was named secretary-treasurer. Pocatello was chosen as the next annual meeting place, and the date was set for the second Monday in January.

Better Law Enforcement.

The commissioner went on record for more vigorous enforcement of the dealing themselves to support any legislation toward this end. District judges were criticized for permitting "unbecomingly legal technicalities" to enter into cases, and justice came in for criticism for turning men loose after trials on serious charges when there was no question of guilt.

A motion to place the commissioners on record as opposed to the ratification of the child labor amendment was delayed. The motion was introduced by J. T. McInerney, Jerome county, and seconded by J. A. Taylor, Bonnevill county.

# JANUARY CLEARANCE SALE

## January Is the Clean-up Month of Fall and Winter

### A Tremendous Sacrifice in Underwear

THE GUMPS—SAY IT WITH SALVE

TEACHER SHOT BY CRAZED MAN

Spurned by Wife Corsican Shoots Woman and Then Turns Pistol on Self.

MADISON, Wis., Jan. 8 (AP)—Spurned by his divorced wife and angered because his love for a woman who had befriended him was not returned, F. X. Bernard of Hibbing, Minnesota shot and probably fatally wounded Miss Lora Palmer, teacher of romance languages at the University of Wisconsin, and then killed himself. Bernard, who was born in Corsica, 32 years ago, went to the French house, set aside by the university for students and teachers of French, found Miss Palmer there alone, except for the cook, and fired the shots that ended his life and probably that of the teacher's whose interest in Bernard's desire for

TRAIN CREW MEMBERS HELD FOR ROBBERY

CHICAGO, Jan. 8 (AP)—Three members of the crew of train No. 12 of the Chicago and Northwestern railway, one car of which was looted of a number of parcel post packages some time Monday have been arrested here by postal inspectors. Their names or positions were not divulged.

an education had evidently inspired him with the notion that she cared for him.

According to Bernard's divorced wife he had called on her last Sunday, shown a photograph of Miss Palmer and announced that he was through with his wooing. He asked his former wife to take him back and when she refused he told her not to be surprised if he killed himself. He said nothing about seeking to see Miss Palmer, however, and as he had often made such threats his former wife did not pay much attention to his remarks.

Bernard, according to his former wife, had a violent temper and had threatened her life a number of times. A doctor at the general hospital said the condition of Miss Palmer was improved but still critical.

JUDGE TO APPLY FOR AN INQUEST

Chicago Jurist Wants Body of Brother Exhumed for Examination

CHICAGO, Jan. 8 (AP)—Chief Justice Harry Olson of the municipal court, who caused an investigation to be made into the death a month ago of William N. McClintock, "millionaire orphan," said that he expected, to file formal written application with the coroner in a few days for exhumation and examination of the body of Dr. Oscar Olson, his brother, and McClintock family physician, who died three years ago.

Judge Olson at the inquest into McClintock's death Tuesday, asked for exhumation of the body, expressing a belief that the doctor's death may have

occurred from other than natural causes. Judge Olson said he would seek to comply with the coroner's demand for formal application for exhumation until the return to Chicago from Washington of Dr. Ludwig Hekten, whom Judge Olson wishes to examine his brother's body.

Judge Olson who Wednesday charged that the state's attorney and coroner were not pressing the investigation into McClintock's death since chemists and physicians had decided that typhoid fever caused his death, said he expected to press his own inquiry regardless of action of the authorities. He said he had received letters containing information about the cause from all over the country.

## TWIN FALLS TO PLAY KIMBERLY

High School Basketball Games Arranged; First to be Played Here Monday Evening.

The Twin Falls high school basketball team will make its initial appearance on the local court next Monday against the Kimberly squad, the game to be called at 7:30 p. m. Friday and games will be played every week and some weeks two contests will be played. In former years the Twin Falls team played one game a week, but under Coach Platino the system being used is a heavy pre-tournament schedule and against the hardest teams in the section. The state tournament this year is being held at the University of Idaho as in former years, and each team will play a pre-tournament schedule, to be followed by sub-district and district tournaments to determine the contestants in the state tournament. The schedule has been almost completed and the work will soon assume into a definite shape. Several schools are requesting games with the locals. Among these is the Boise team, last year's state champion. They want two games in Boise with Twin Falls, two games in Boise and the remainder on the home court. The schedule to date is:

- January 12—Kimberly at Twin Falls.
- January 16—Paul at Twin Falls.
- January 20—Filer at Twin Falls.
- January 23—Rupert at Twin Falls.
- January 27—Buhl at Buhl.
- January 30—Jerome at Jerome.
- February 6—Filer at Filer.
- February 10—Paul at Paul.
- February 13—Jerome at Twin Falls.
- February 17—Buhl at Twin Falls.
- February 20—Rupert at Rupert.

## BOXER GETS ONE TO TEN YEARS

Kid McCoy Sentenced by Los Angeles Judge; Denied Motion for a New Trial

LOS ANGELES, Jan. 8 (AP)—Kid McCoy, pugilist, husband of eight wives in succession, habitué of the white light section of various cities throughout the country, tonight added the appellation "convict" to the list, following his sentence here today to from one to ten years in the penitentiary on a manslaughter conviction in connection with the killing of Mrs. Theresa W. Moss last August.

Superior Judge Charles S. Crall denied McCoy's motion for a new trial and refused to set bail for him when his attorney announced that an appeal would be taken.

Throughout his recent trial, the ex-pugilist basked in glances and smiles of numerous female admirers, a fact that has been his since the day he first sprang into prominence as a lottery, successful ring fighter.

Today as he heard his sentence, one horse and Wagon Dances, dancer and actress, was the sole female spectator in court.

## GRANGERS RAP HOSPITAL MOVE

Meeting at Buhl Launches Fight Against Standardization; Favor Manager Plan.

BUHL, Jan. 8.—(Special to The News)—Twin Falls county Pomona grange, representing a membership of approximately 600 farm men and women, with 100 members present, at a meeting here today went on record in opposition to standardization of Twin Falls county general hospital and authorized appointment of a committee to convey a protest to the county commissioners. Opposition was expressed on the grounds mainly that standardization would "deny the right of patients to employ the practitioner they desire."

The grange also authorized appointment of a committee to gather information relative to the county manager plan of government, which subject was presented to the meeting and met with an apparently cordial reception. E. C. Davis of Castleford, and J. B. Crawford of Buhl, members of Pomona grange, were named as the members of this committee.

## SAFETY URGED BY AUTO CLUB

Tests Made Showing Speed Does Not Pay in Driving About City; Save Little Time

LOS ANGELES, Jan. 8 (AP)—A series of tests made here by the Automobile club of southern California has demonstrated that the old proverb, "More haste, less speed," and "Haste makes waste," might well be given serious consideration by the modern motorist.

In making these tests scouting cars were operated on three different routes in the city of Los Angeles. Each route was first traversed at the highest speed possible and yet escaped arrest, and advantage was taken of every opportunity to make time. The same driver went over the same route a second time, observing all the traffic laws and conforming to the rules of safe driving.

A summary of these trips shows that the driver who hurried saved only a total of ten minutes out of two hours driving, or five minutes to the hour. The total distance of the three routes across the city was 31.5 miles, or an average of 10.5 miles to the trip. One trip showed a saving of five minutes, another three minutes and the other two minutes.

Club officials point out that in driving to save a possible five minutes over a ten-mile trip, the small amount of time saved will not compensate the average driver for the extra gasoline used, the increased wear on brake linings, the risk of arrest with fine or jail sentence and the increased liability of collision.

Club officials point out that in driving to save a possible five minutes over a ten-mile trip, the small amount of time saved will not compensate the average driver for the extra gasoline used, the increased wear on brake linings, the risk of arrest with fine or jail sentence and the increased liability of collision.

## Whole-souled hospitality and "wonderful western coffee"

THE West has long enjoyed the reputation of being the home of heart-deep hospitality . . . and that wonderful western beverage—Hills Bros. Coffee.

When they invite you to come for breakfast, and serve you with Hills Bros. Coffee, you know for sure that the tradition is well founded. Just break the vacuum seal of a tin of Hills Bros. Get that sense-thrilling aroma! Lift a cup to your lips and taste that inimitable flavor! Yes, the West may well boast of this wonderful coffee.

That none of this rich flavor may escape prematurely, Hills Bros. seal it permanently in vacuum. The coffee is still fresh days, weeks, even years later—whenever you break the seal! The world's finest coffee, without a doubt. Hills Bros. Coffee is economical to use.

## HILLS BROS COFFEE

## WALKER WINNER OF NEWARK BOUT

Welter Weight Steps Out of Class Two Notches and Out-points Mike McTigue.

NEWARK, N. J., Jan. 8 (AP)—Mickey Walker, world's welter weight champion, stepped two notches out of his class and outpointed Mike McTigue, world's light heavy-weight champion in a rather tame 12-round no decision encounter in the Newark armory last night. It was a battle between a fighter and a boxer and the fighter won, according to a majority of newspaper men at the ring side.

Walker was the aggressor all through the milking but he was handicapped by McTigue's height and reach. There were no knockdowns and except for

a small cut, over McTigue's right eye no marks showed on either principal. McTigue, a head taller than his youthful opponent and having the greater reach and 10 pounds more in weight, fought purely a defensive fight except for a few skirmishes which did little damage. On the other hand Walker fought with a bulldog tenacity which virtually made the fight.

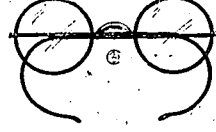

**Ocean Giant**  
A 90-foot whale caught at Akutan, Alaska, was so huge that nine men could stand in its mouth.

**NEW LAMP BURNS 94% AIR**

**Beats Electric or Gas**

A new oil lamp that gives an amazingly brilliant, soft, white light, over both gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up; is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil).

The inventor, W. C. Johnson, 161 North Union Ave., Portlan Ore., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality, who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.—adv.

# POICEWOMEN STAY ON JOBS

Another Group of 50 to Go on Duty in England; Found to be Use in Many Different Ways; Arrest Mashers.

LONDON, Jan. 8 (AP)—London's 75 policewomen have been so busy during the last year that they are going to have another 50 added to the force to help them against the increasing infractions against the law. The police board has decided that there are certain beats and certain jobs that only sturdy women can handle properly, and that henceforth a good sized corps of policewomen will be maintained by the department.

The police department first put women on the force during the war, and they proved their value. They are particularly useful today in controlling the venturism of the male sex who loiter for dull and idle hours. It is no unfamiliar sight in London to see some man being escorted to headquarters on the arm of a policewoman, and the woman arrest on an average as many law violators as a corresponding number of men.

When members of the London police force of the department with the exception that they do not all night force are expected to obey the ordinary work nor follow the stringent rules concerning trim haircuts. They do, however, have to report at certain hours for drill and inspection, and their buttons and shoes are expected to be just as glossy as those of their blue-coated brothers.

The women wear uniforms designed, except for the skirt, like those of the men, but their helmets are just a little more feminine and individualistic, with a lower crown and a chin strap. There are no regulations prohibiting the women from marrying, but, according to the records, only 11 of the present force are married and only six are widows.

The new members to be added to the force have been chosen from among the women who, in many cases, are fined home ties to perform police duty in London during the war.

# FILER

FILER—Harry Brandon has been appointed a member of the board of directors of the Filer Electric Light and Power company. He will be in charge of the electrical department of the company.

Friends here were surprised to learn of the marriage of Filer in London. Mrs. Pearl Moore, daughter of Mr. and Mrs. W. A. Moore, and Harburt Smith, which took place at Twin Falls. The bride is a graduate of the Filer high school, also taking a course at Albion Normal school and a course at Gregg business college in Twin Falls, and at present has a position in the office in the Twin Falls building. Mr. Smith is a well known building contractor. They are making their home in Twin Falls.

Mr. and Mrs. Roy Walker are the parents of a boy born in Filer. The child, Mrs. H. H. Behlman left last week for a visit at Los Angeles and at Tucson, Arizona, where her son, James, is a student at the University of California.

A large crowd from here attended the L. O. O. F. ancient degree at Twin Falls last Thursday night and also the banquet and dance following the degree.

Mr. and Mrs. James Demant have moved into the A. A. Timm residence on Sixth street made vacant by the Sealey family, who are planning on moving to Portland. Mr. and Mrs. Ronald Graves have moved to the property vacated by the Demant family and Charley Dryden and family will move onto the Graves farm east of town, formerly occupied by Ronald Graves and family.

C. Williams of Greeley, Colorado, is here on business for the U. S. Seed company.

Fred Weatherly of the Modern drug store, spent the week end in Boise last week.

Installation of officers of Eastern Star was held at the Masonic hall Friday evening at their regular meeting. A potluck supper was enjoyed by all at 8:30, after which the installation was called to order by retiring Matron Mrs. Lois Anderson. The officers installed were: Mrs. Emma Cope, worthy matron; O. E. Walker, worthy president; Mrs. Dillingham, secretary; Mrs. Elsie McCleary, treasurer; Mrs. Mattie Hammerquist, marshal; Mrs. C. F. Cedarholm, chaplain; Mrs. N. W. Wadley, Harry Hammerquist, sentinel; Mrs. Helen Deam, organist. The five star points are Mrs. Esther Byrne, Adas Mrs. Florence Newman, Mrs. Anna Johnson, Esther; Mrs. Katharine Malloy, Martha; Mrs. Paul La Hite, Electa.

Mr. and Mrs. Lee Dewey and their daughter, Francis, of Bailey, spent Tuesday here on business and visited Mrs. Dewey's sister, Mrs. Henry Brackenbury.

The Past Matrons-club will meet with

# SOCIETY AND CLUBS

Edited by MRS. E. H. WILLIAMS Phone 598

Miss Georgia Maxwell was the honored guest at a delightful luncheon given by several of her intimate friends on Thursday at the Hotel Rogerson. Covers were laid for 11 at a beautifully appointed table having for a centerpiece a lovely centerpiece. Following luncheon a live party was enjoyed at one of the theaters.

Mrs. M. Schmidt was hostess to the Highland View club Wednesday afternoon at her country home. The early part of the afternoon was spent giving a quilt for the hostess. A short business meeting was held and officers were elected for the coming year as follows: President, Mrs. Carter; vice president, Mrs. E. Fuller; secretary and treasurer, Mrs. P. Klingenberg. In the afternoon dainty refreshments were served to 10 members and one guest, Mrs. Leavitt.

Mrs. J. G. Tooton entertained the Centre News Bridge club Thursday afternoon at her home on Fifth avenue east. Favor for the scene was won by Mrs. A. D. Bollman and Mrs. M. Musser, who was a guest of the club, received the consolation. A two course luncheon was served at the conclusion of the game. Mrs. W. G. Thompson was also a guest of the afternoon.

The Catholic Women's League met at the home of Mrs. Susan Mearns Thursday afternoon. Prior to the meeting there was a board meeting at which plans were formulated to carry on the work of the league for the remainder of the year. The regular meeting was called to order by the president, Mrs. C. L. Bowlsby, and the business meeting was held. Mrs. E. J. Wolfe read a paper on "International Relations," the subject being one of the vital questions of the day was considered and discussed interestingly and logically by Mrs. James Whelan, who reviewed international relations from the beginning of the Christian era; which proved most instructive. Mrs. E. J. Wolfe read some topics of the day and Mrs. Fred Beckwith played two piano selections. The league will meet again in two weeks.

Mrs. Edwin A. Wilson entertained the Episcopal Guild on Thursday afternoon. The usual business was transacted after which officers were elected for the coming year. Mrs. T. M. Robertson was unanimously re-elected president; Mrs. C. C. Biggins, vice president; Mrs. J. H. Mouchouat, secretary, and Mrs. E. H. Williams, treasurer. There was much discussion on the work of the coming year, and Mrs. L. P. Nilsson extended an invitation to Mrs. E. H. Williams to wish to do so to join the Episcopal Guild. A social hour followed and Mrs. Wilson, assisted by Mrs. F. F. Moore, served dainty refreshments. Mrs. Gay of Pennsylvania, was a guest.

The Presbyterian Missionary society luncheon afternoon at the home of Mrs. A. E. Bilfer. Mrs. D. P. Sweet presided over the business session, and Mrs. A. J. Johnson led the devotional service. The subject for the call was "Good Resolutions." Mrs. F. F. Bracken and Miss LeNelle Breckenridge each gave a vocal solo. Mrs. O. W. Wilham was in charge of the program, the topic being "The Oriental in America." She was assisted by Mrs. G. M. Simpson, Mrs. L. L. Breckenridge and Mrs. P. G. B. Bracken. Mrs. G. F. Moore, Mrs. Wallace and Mrs. Walker served delicious refreshments.

The L. O. O. F. of the Lutheran church succeeded well in surprising Mr. and Mrs. Albert Becker on the tenth anniversary of their wedding, January 7. A great number of ladies with their husbands, came and brought with them gifts. Besides these guests, Mrs. A. J. Finke, Mrs. R. P. Parry, Mrs. Wilbur Bowberry, Mrs. E. H. Williams, Mrs. C. B. Rainie, whose radio added to the pleasant entertainment. The Rev. J. Gibring delivered a brief address, thanking his guests on John 21:11. He was the first guest at the wedding at Cana. The ladies served a sumptuous midnight luncheon.

Mrs. Burton E. Morse, retiring president of the American Legion Women's auxiliary, entertained at her home on Monday evening, January 6, the members of the organization at a meeting at which newly elected and appointed officers took up their official duties.

Representatives of the committee in charge of sending Christmas gifts to disabled veterans at the hospital at Boise was presented by Mrs. Carl L. DeLong, chairman, and a letter of appreciation from Eugene Skinner of Twin Falls, a patient at the veterans' hospital, was read.

Invitation to the auxiliary to hold its next meeting at her home was extended by Mrs. A. J. Finke.

Mrs. Morse, who has served for two years as president of the auxiliary, at this meeting turned the office over to her successor, Mrs. C. H. Kruegel. Other newly elected officers are: First vice president, Mrs. A. Wilton Peck; second vice president, Mrs. A. J. Finke; secretary, Mrs. R. P. Parry; treasurer, Mrs. Wilbur Bowberry.

Mrs. Kruegel announced the appointment of the following appointive officers: Historian, Mrs. Sidney Graves; chaplain, Mrs. Leo E. Bracken; auditor, Mrs. Emma L. Warren; sergeant at arms, Mrs. John Harvey.

Appointment of chairman of standing committees also was announced as follows: Membership, Mrs. W. F. Passer; hostess, Mrs. A. Wilton Peck; ways and means, Mrs. R. E. Morse; American Legion, Mrs. C. G. Bracken; resolution, Mrs. Oris Crayder; hospital and relief, Mrs. A. Dorman Johnson.

Mrs. H. D. Read and Mrs. J. W. Bouten at 436 Third avenue north, Friday evening.

The Woman lodge will meet in the L. O. O. F. hall Friday evening. Following the lodge session, there will be cards and refreshments.

# PROGRESS WITH NEW RAIL LINE IS CALLED GOOD

W. R. Armstrong, Oregon Short Line Chief Engineer, Expresses Satisfaction on Return From Inspection Trip.

A track cut at the Rogerson-Wells line, about 15 miles south of Rogerson, near to which point track laying has advanced, will be completed this week and thereafter construction will be well in advance of continuing track laying, according to W. R. Armstrong of Salt Lake, Oregon Short Line chief engineer, who returned Thursday on an inspection tour over the new line.

Mr. Armstrong expressed satisfaction with progress, both in grade construction and track laying on the new line. By the end of this month, he said, the grade will be completed except for a heavy cut at what is known as the summit, 20 miles north of Wells, and after this week the track layers will have smooth sailing without delay on account of completed construction along their path. Work at the summit has been suspended because of rigors of winter weather. Altitude at that point is in excess of 7000 feet and temperature this winter has fallen there to 42 degrees below zero.

## RESULTS OF TESTS OF MILK SAMPLES GIVEN

Chemists Report Indicates Quality of Product Put Out by Twin Falls Dairyman.

Analysis of milk furnished by Twin Falls dairymen, samples of which were submitted to Dr. Groves, city milk inspector, showed the following results, according to the report submitted for the month of December, results being averaged for the past three months:

Name	Butter Fat	Total Solids	Bacterial Count
Tonkinek	4.3	13.0	10,000
Kaylor	4.3	13.0	7,000
Johnson	4.3	13.0	10,000
Arrington	4.3	13.0	11,000
Shaw	4.3	13.0	8,000
Schubner	4.7	13.2	8,000
Gott	4.7	13.2	9,000
H. Grocery	4.7	13.2	21,000
Ranish	5.4	15.0	7,000
Brown	5.5	15.1	18,000
Drew	4.7	13.1	10,000
Johnston	4.8	13.3	9,000
Young	4.6	14.2	10,000
Fulford	4.5	13.8	5,000

## Theatres

IDAHO. "Locked Doors" is even better than "The Fast Set." Produced by the same man, William de Mille, and with Betty Compson featured in the principal role of this one, also, the new Paramount picture which was shown at the Idaho theater yesterday is that director's finest work yet.

Theodore Roberts, elgar and all, returns to the screen in this production. Ho and Miss Compson are featured with Kathryn Williams, Theodore von Eltz and Robert Edison in the leading roles. The story was written especially for the screen by Clara Beranger, who also adapted "The Fast Set."

**Gets Revenge**  
Madame Amed Abdullah thought all the women in Constantinople were in love with her son. So she consulted a fortune teller, who gave her a concoction of garlic, water, mud and boiled shoes to throw upon all the beautiful women in the city. Madame Abdullah was arrested after hurling the magic mixture at one attractive woman near her son's home.

## SEED CONCERN IN FIELD

W. E. Taylor, Agent Here for Fort-Tidwell, Also to Represent Mountain Valley Seed Company.

W. E. Taylor, who for two years has been representative here of the Fort-Tidwell company, shippers of Colorado and Idaho fruits and vegetables, is to be represented here by Mountain Valley Seed company, which has been organized as a separate concern by the principal growers of that company, it was announced Thursday.

The new company is to deal in garden seeds of all kinds, and hopes to build up a reputation for pure, strong and heavy germination of its seeds. It also is to deal in field and garden tools, fertilizer, spray material and sprays.

## COMMITTEE AT WORK ON REPORT

Resolutions Call for Submission to Canal Stockholders Come in for Scrutiny.

The report of the resolutions committee to the annual meeting of the Twin Falls Canal company stockholders to be held here next Tuesday, is to be drafted by the committee at a meeting Saturday afternoon in the canal company's offices here, it was announced Thursday evening by C. E. McClain, chairman of the committee, members of which were appointed by Judge F. E. Chamberlain under authorization voted by the stockholders last year.

Members of the committee, it was stated, will receive until Saturday additional proposals for their consideration in drafting the report.

Subjects for consideration by the committee include proposed development of hydro-electric power at the diversion of the low line canal, storage of excess water in Jackson lake reservoir and proposed method of combatting noxious weeds.

## REORGANIZE AID SOCIETY

Reorganization of the Aid society of the Church of the Brethren and election of new officers was accomplished at a meeting of 18 members Thursday afternoon at the home of Mrs. E. A. Moon on Eighth avenue east. Mrs. Rose Fitz was elected president and other officers were elected as follows: Vice president, Mrs. C. Fahrney; secretary, Mrs. Agnes Fahrney; treasurer, Mrs. E. D. Bock; superintendent, Mrs. Ada Noltin.

## RETIRED SERGEANT DIES

SALT LAKE, Jan. 8 (AP)—Death today closed the interesting career of Sergeant J. C. Budd, U. S. A., retired. Born in Ireland 77 years ago Budd came to the United States in 1866, enlisted in the army in November of that year and served until 1920. During the Spanish-American war he was in the Philippines. He was an officer of the United States Marine Corps and Order, Nobles of the Most Holy Shrine of Manila, and General John J. Pershing, then a captain, also was an officer of the Manila lodge.

## RUSSIANS TURN TO CHICAGO FOR HELP IN ABOHISTITUTION

CHICAGO, Jan. 8 (AP)—Indications that soviet Russia is considering plans to turn to industrial activity and an adoption, in part at least, of American commercial methods were seen here in the announcement that Aasnova, a Russian architectural society in Moscow, had written Frank Lloyd Wright, architect and engineer of this city, asking him to come to Russia and assist in the new work.

The society invited Mr. Wright to join it first of all in the designing of the "Temple of Work", which it is understood the soviet government has planned to build in Moscow as something of a monument to the end of czarism and the birth of tollers' freedom.

# WOOL GROWERS GIVE PROGRAM

National Authorities to Address Idaho Sheep Men at Annual Convention in Boise.

The forthcoming annual convention of the Idaho Wool Growers association which will be held in Boise January 12 and 13, will be one of the best and highest in the series held by Idaho wool men, according to Donald McLean, secretary.

National authorities in the sheep industry are expected to address the convention a part of the sessions of which will be open to the general public and by means of which it is hoped to disseminate much general information about the sheep and wool industry, the interests of a better and wider understanding of the industry on the part of the public as a whole.

The address of welcome by Governor Moore will be the opening feature of the first day. Following this will be the annual address of the president, T. Clyde Hanson of Triunfo, and the annual reports and financial statement of Donald McLean of Twin Falls, secretary of the association.

At noon Monday luncheon will be served and in the afternoon time will be devoted to the discussion of pests, diseases and forestry problems.

The banquet will be held Monday night.

An educational exhibit, showing the various stages and processes which wool goes through before it is made into the finished garment will be on view during the convention, according to a letter from E. N. Weinbaum, manager of the Portland Chamber of Commerce. Mr. Weinbaum will be in charge of the exhibit, according to his letter.

## MANY HEAR EVANGELIST

Delegation of 76 From Elmberly Swells Congregation at Christian Church Services.

An audience that included a delegation of 76 persons from Elmberly, and filled the Christian church almost to capacity, heard the Rev. O. D. Harris in a series of evangelistic sermons, preached Thursday evening on the subject, "Why I Am a Member of the Christian Church."

In discussing the subject the speaker asserted that the Old Testament, as a rule of faith and practice for the world has been abrogated. The Apostle Paul was quoted to the effect that it was the "handwriting or ordinances" that had been taken out of the way, being nailed to the cross. A church known as "Christian," therefore, the speaker declared, must be founded upon the New Testament writings which present the program of Jesus for world-wide brotherly love, and present the story of the original organization of the church.

The church of the New Testament, Mr. Harris declared, has but one creedal statement, which is repeated again and again, but never with a second proposition. Its only article of faith was that Jesus was the Christ, the Son of God.

The subject for the sermon this evening is to be "Acknowledging Christ's Messiahship," and for Sunday evening, "What the Bible Teaches About Salvation."

Clide Carr, director of a large chorus, is to sing at each service.

## EXCURSION RATE ANNOUNCED.

Effective Saturday, January 17, only, excursion rate of \$50.00 to Los Angeles, with return limit to April 15, next, is to be offered here by the Oregon Short Line according to advice received Thursday by D. G. Boyd, ticket agent.

## APPEALS FROM JUDGMENT

Holder of Note, Executed to Salmon River Settlers' Association) Seeks Hearing in District Court.

Appeal was taken Thursday to the district court from judgment entered December 24, last, in favor of O. E. Carlson, defendant, in a suit instituted by Charles E. Salloe for recovery on account of two notes in the aggregate amount of \$125 executed in 1922 in favor of the Salmon River Settlers' Protective association.

Suit in district court also was filed Thursday by Salloe against John H. Thronley, Jr., to recover on account of two notes in the total sum of \$184 executed to the settlors' association.

Mr. Salloe is represented in both actions by Homer C. Mills, attorney for the settlors' association.

## Day-Time Temperature Records a Slight Gain

Forecast for today—Fair. Temperature advanced Thursday to a maximum of 33 above, which was one degree higher than Wednesday's high mark, according to records of the government weather observer's station here. Sunshine prevailed during much of the day, but thawing made slow progress. Low temperature for the 24-hour period ending Thursday evening was recorded at 19 above, which was an advance of three degrees as compared with Wednesday's minimum.
