ALBUQUERQUE, N. M., Jan. 14 (AP)

Livestock growers of the nation were urged to practice greater efficiency in their business by Will C. Barnes, assistant forester of Washington, D. C., in an address at the annual convention of the American National Livestock association here today.

Investment, because only 41 out of every 100 of his breeding cows produce a calf for him each year.

"In the old days, while no close figures were kept, our calf crop in the southwest averaged fully 75 per cent in the large herds. In smaller outfits it was higher. There are no real substantial reasons why the low calf crop should not be overcome, for it is due wholly to the unbusinesslike method, which the majority of range stockmen use in handling their herds."

Floyd Lacey is absent from the territorial park on account of illness.

Mr. and Mrs. Lawson Lackhart and daughter of Burley, are here for an indefinite visit at the home of S. K. Lockhart and family. Mr. and Mrs. J. W. Hardin were hosts at a 6 o'clock dinner party on Monday evening at their home, covers being laid for 12 at one long table.

Calf Crop.

"One has but to study the figures of the calf crop through the western states to realize that there is something radically wrong when on an average the range calf crop per hundred breeding cows is as low as it is. The forest service has gathered some very impressive figures along this line while handling the range appraisal matters. They run back for 10 years preceding 1924. The results of these tabulations show that in Oregon the average calf crop in the open range is 35 to 40 per cent of production by improved management methods which will go a long way toward closing the existing gap between income and outgo. The first of these is an increase in the calf crop.

MINE OUTPUT FOR IDAHO IN 1924 HIGHER

Metals Produced From Ores in State Valued at \$27,910,450 as Compared With \$26,510,524 for 1923.

WASHINGTON, Jan. 14.—Metals produced from ore mined in Idaho in 1924 were valued at \$27,910,450, as compared with \$26,510,524 in 1923. Figures compiled by the bureau of mines show that the production of lead and silver increased materially, but that the gold, copper and zinc were less than in 1923. Favorable prices for lead, which averaged more than eight cents a pound, induced many of the large mines to produce at an increased rate in 1924. Idaho's lead output was increased from 242,355,733 pounds in 1923 to 250,500,000 pounds in 1924. The value increased from \$10,054,901 to \$20,648,250 as the price rose from 41.7 to 82.7 cents a pound. The Bunker Hill and Sullivan mine was the state's largest producer, and the Morning mine, near Malan, was second. These were followed by the Hecla, Idaho Continental, Latest Out, Success and Mico mines, each producing more than 1,000,000 pounds.

Silver Production.
Silver production grew from 7,763,602 ounces in 1923 to about 8,048,000 ounces in 1924, but the value decreased from \$6,922,402 to \$5,389,100. The Coeur d'Alene district produced about 85 per cent of the state's total. Operators of the large silver-lead mines were again active, encouraged by the improvement in the market for silver-lead ores, and especially by the price of lead.

The copper output decreased from 3,976,631 pounds in 1923, to 2,430,000 pounds in 1924, and the value decreased from \$585,008 to \$315,400. The Idaho Metals company at Murray was the largest producer.

The mine output of gold was valued at \$246,100, compared with \$207,427 in 1923. Less drifting was done, but the output from deep mines was greater than in the preceding year.

Zinc Decreases.
The recoverable zinc in the ore mined decreased from 27,682,740 pounds in 1923 to 16,000,000 pounds in 1924, and the value from \$1,900,787 to \$1,009,880. (The Morning mine was the largest producer, supplanting Callahan Zinc-Lead company, which had held first position for years, but which made no shipments in 1924, although it continued development work.)

Dividends amounting to \$4,038,500 were paid by the Bunker Hill, Hecla, Federal, Hercules and Tamarack and Custer mining companies.

Patching Concrete
When repairing damaged or cracked concrete work, keep the place to be patched thoroughly wet for several hours before working on it, and roughen it with a hammer or chisel if it is smooth. Also be sure that you use the same proportions of sand, gravel and cement as in the original mixture, so that the new work will expand and contract the same as the old concrete. Otherwise the patch will crack.—Popular Science Monthly.

THE DAY IN WASHINGTON

The house passed the McFadden tanking bill.
The Underwood Muscle Shoals bill passed the senate.
President Coolidge's agricultural commission submitted its recommendations for relief of the livestock industry.
Secretary Mellon endorsed a bill proposing expenditure of \$35,000,000 annually for six years for public buildings and the purchase of land.
Reduction in interest charged railroads for government loans was recommended to the senate interstate commerce committee by Secretary Mellon.
A trade balance of \$977,285,000 favorable to the United States was shown in figures of the commerce department covering the calendar year of 1924.
Secretary Hoover told a meeting of business men that the spread of commodity prices from producer to consumer could be reduced by co-operation in industry and commerce.
The state department requested the release from jail at Progreso, Mexico, of Dr. W. F. Lorenz of Wisconsin and other Americans charged with filibustering.

The New is Made From the Old

New Aztec Breakfast Food, also Aztec Pancake Meal, is made of the ancient Aztec Indian Wheat, which has a tart flavor, does not mill to a flour but mills to a meal. This in the form of a Breakfast cereal, retains its mealiness when cooked, is not slimy and makes a very palatable food. Pancake Meal made of this wheat cooks through thoroughly in griddle cake or waffle because it is not pasty. It makes a very short and brittle cake. Ask your grocer for these foods. They are manufactured right here in Idaho.

CREDITS URGED FOR CATTLEMEN

President's Commission Reports on Needs of Industry to Place It on Firm Foundation.

WASHINGTON, Jan. 14 (AP)—President Coolidge was advised today by his agricultural commission that existing finance agencies are able to handle the credit emergency in the livestock industry, but that a new fund policy, revolve of transportation charges and a protective tariff are needed to put the cattle business on a sound footing. In a preliminary report, in which it received its recommendations concerning the tariff and freight rates, the commission declared it had sought a solution of the livestock problem as far as possible through better utilization of existing governmental institutions. "In sympathy with the president's desire for decreased tax burdens and further simplification of governmental operations," the cattle industry is faced with a serious shortage of credit facilities, the report said, and the "Federal intermediate credit banks should assume the full responsibility and aggressively and sympathetically undertake to cover the field and thus support and supplement the normal operation of the livestock paper." Recommendation was made that the federal farm loan board which administers the credit banks, should inform cattlemen and bankers that they are willing to provide adequate real-estate facilities for "all sound loans" to livestock raisers.

IDAHO

The battle of David and Goliath has a spectacular revival in the Herbert Brown Paramount production of J. M. Barrie's classic fantasy, "Peter Pan," which will be shown at the Idaho theatre next Wednesday, Thursday, Friday and Saturday, January 21, 22, 23, and 24. Ernest Torrence, of "Covered Wagon" fame, plays the role of Goliath and comes to an even more surprising defeat than his ancient predecessor. The role of David is played by trim little Betty Bronson who plays the role of little "Pan."

Torrence, six foot five inches in height and built proportionately, fights with a cutlass four foot long which weighs so much that "Peter Pan" can hardly lift it with two hands. Peter fights the battle with a little paper. The fight takes place on the deck of a sixteenth century pirate ship commanded by Ernest Torrence as the ferocious pirate, Captain Hook. Both fighters were trained for the battle by Europe's champion swordsman, Henri Buntehove.

ORPHEUM

What are claimed to be the most realistic and thrilling auto race scenes ever filmed for motion pictures will be a feature of the Larry Semon special comedy, "Kid Speed," which will be at the Orpheum theater today.

Larry Semon, the popular comedian, is starring in this comedy which revolves around an exciting road race. Several racing drivers with their speed cars were engaged for this picture and the racing scenes were taken on the old Santa Monica course, famous for some of the biggest auto events of the world. The same breath taking speed and the dangerous skids around the curves were encountered in making this picture and the spectator is promised the thrills of an observer of an actual race.

Influence of Weather.
"Under the weather" is founded on fact. Epidemics are caused by atmospheric influences, affecting those who lack resistance through poor living and atmospheric conditions depend upon the sun.

COMMEND ACTION TAKEN TO REINSTATE CREDIT

Hollister National Farm Loan Association Stockholders Vote Approval of Policy of Directors.

Nelson Hayward, who was re-elected president of the Hollister National Farm Loan association, was commended by resolution adopted by the association's stockholders at their annual meeting Tuesday for the manner in which he handled the situation incident to reinstatement of the association's credit, and the board of directors was commended for its action in sending Mr. Hayward to Spokane for the purpose.

All of the present officers and directors were re-elected. In addition to Mr. Hayward as president, the following officers were elected: Vice president, Robert C. Bohlers; secretary-treasurer, T. George Hildrop; directors, James M. Pierce and Clinton L. Davis.

The resolution regarding reinstatement of the organization's credit, which was adopted by unanimous vote, was as follows:

Resolved, that it is the sense of the stockholders' meeting of the Hollister National Farm Loan Association, that we commend the action of the board in sending Mr. Nelson Hayward to Spokane to reinstate our association's credit and we heartily approve the thoroughness of the manner in which he handled the situation.

A SHOW YOU CAN NOT AFFORD TO MISS

WEALTH OF U. S. IS 320 BILLION

Census Bureau Figures Nation's Worth at End of December 1922.

WASHINGTON, Jan. 14 (AP)—The wealth of the United States at the end of December, 1922, on the best estimates available of all property classified by the census bureau, was placed today at \$320,300,000. This was an increase of 72.2 per cent for the decade since 1912, when the census found the nation's wealth to be \$188,000,000,000.

Many difficulties and necessarily wide margins for estimate, and error in putting together its calculations, the bureau said, made its findings impossible to close approximation given to its population estimates.

Real Estate.

The item of greatest value in the category of national wealth was real estate and its improvements subject to taxation which were found to be worth \$155,908,625,000. The second item in point of size was the grouped values of such items as furniture, vehicles and like property of individuals which totaled \$30,510,001,000.

REXBURG BANK CLOSES ITS DOORS AS RESULT OF HEAVY DEMAND MADE

POCATELLO, Jan. 14 (AP)—The Farmers and Merchants bank of Rexburg failed to open its doors this morning, according to a special dispatch to the Tribune. Bank officials gave out the statement that the bank's embarrassment was due directly to heavy withdrawals during the past few days and stated that it was their best judgment that all depositors would be paid dollar for dollar.

W. C. Ricks, president of the bank, stated in the course of a conversation over long distance at noon today that the institution is in exactly the same spot that depositors have no cause to worry.

"We estimate our assets at the rate of two for one," said Mr. Ricks. "Our deposits total approximately \$60,000 all of which is distributed in small amounts. We do not owe one dollar outside of our deposits and the federal reserve and we feel we are entirely safe in promising our depositors every dollar they entrusted to us. Our embarrassment is due to a heavy run on the bank during the past week which made it impossible for us to keep up with the demand. The comptroller of the national bank ex-citizens has been notified but for the present we are not in a position to state what course will be taken. We would like, however, to have our affairs closed up being in good shape."

THREE UNHAPPILY-WED WOMEN SEEK DIVORCES

Non-Support, Desertion and Cruelty Are Alleged in Actions Filed in One Day for Legal Separation.

Three unhappily wedded women instituted suits for divorce in district court here Wednesday.

Alleging that her husband is now a fugitive from justice because of alleged issuance of bad checks and that he has failed to provide necessaries of life for his family, Mrs. Tillie Johnson, through Swedley and Swedley, attorneys, started suit for divorce from Ralph H. Johnson, to whom she was married December 29, 1911, at Fairfield, Iowa.

On grounds of desertion Mrs. Beale Jewell, through Porter and Witham, attorneys, instituted suit for divorce from Forest O. Jewell, to whom she was married November 5, 1907, at Carmen, Oklahoma. Jewell, according to the petition, deserted his family in November, 1922, going to California, and no word has been had from him since October, 1923. Mrs. Jewell asks custody of two minor daughters.

Suit for divorce from Clifford Zacharias to whom she was married July 1, 1921, was instituted by Mrs. Harriet Zacharias through Swedley and Swedley, attorneys. Cruelty is alleged as the basis for the petition, and reference is made to specific acts of alleged cruelty. She asks to be restored to her former name of Harriet O'Neal.

HAZELTON WINS FROM EDEN IN DOUBLE-HEADER

HAZELTON, Jan. 14.—(Special to The News)—Hazelton high school boys and girls basketball team defeated Eden high school team. Besides the header played before a packed house including big delegations from both towns, here this evening. Hazelton boys won, 16 to 7, and Hazelton girls,

in a lively see-saw contest, scored the winning point of a 25 to 26 score in the last 30 seconds of play.

One Eden player and three Hazelton players, were put out of the boys' game because of personal fouls. The score at the end of the half stood 6 to 3 in favor of Hazelton. Eden players seemed handicapped as a result of playing in a small hall.

Ruby McEder, playing right guard for Eden scored all of the points for her team, while Christina, right guard, was the main scorer for Hazelton.

E. B. Hough of Eden was referee. Return games are to be played next week at Eden.

FUNERALS

WHITNEY—Funeral services for Mrs. Grace Whitney, wife of J. B. Whitney, whose death while here on a visit from her home near Payette lakes occurred Tuesday evening, are to be held at 2:30 o'clock this afternoon at the Grossman chapel and are to be conducted by the Rev. H. G. Humphrey of the Methodist church. Mrs. Whitney's death occurred at the home of her husband's brother, E. N. Whitney, where she had been a guest for about two months. Besides her husband she is survived by four children and her sister, Mrs. Martin of Kansas, who also were here when she expired.

DELANO—Funeral services for B. L. Delano, overcast veteran of the world war, whose death from pneumonia occurred here Monday evening, are to be held at 2:30 o'clock Saturday afternoon under auspices of Twin Falls post, American Legion, at the Grossman chapel. Arrangements for the services were completed upon the arrival here Wednesday of Joe Delano, brother of the decedent.

Store Well Protected

Fifty miles of wire are used in the burglar alarm system of a store in London.

SMITH RETAINED CANAL MANAGER

Board of Directors Organized After Election, Holding Former Officials in Their Places

Twin Falls Canal company directors, at an organization meeting Wednesday following the annual meeting of stockholders at which all members of the board were re-elected, retained all officers in their former positions and employed Burton Smith to serve a second year as general manager of the company. Carl J. Miller, Castleford, senior member of the board, was re-elected president; T. M. Baird, Twin Falls, vice president, and William Cunningham, Iduh, secretary and treasurer. W. O. Taylor was retained as assistant secretary and treasurer.

No action was taken at this meeting relative to retention of attorney for the company, in which position Judge James H. Bothwell has served for several years.

Growth of Post Office

Benjamin Franklin was the first head of the postal system of the United States. When he took over the affairs of his office, there were 75 post offices, with an aggregate postal revenue of \$20,000 a year. Today we have more than 53,000 post offices and about 300,000 employees. The aggregate revenue collected and expended amounts to about \$500,000,000 annually.

Joe-K Says:

She used to sit upon his lap, as happy as could be. But now it makes her seasick—he has water on the knee. Eh, what?

SOCIETY AND CLUBS

Edited by
MRS. E. P. WILLIAMS
Phone 595

On Wednesday the members of the M. B. and B. club met at the home of Mrs. A. J. Requa. The meeting was in the nature of a celebration for Grandmother Requa, who will be 88 years old on Friday, January 16, and who is the oldest member of the club. She was given a shower of birthday cards and other remembrances. The company assembled at 11 o'clock and each lady took a covered dish, a sumptuous dinner being served at 1 o'clock in cafeteria style. There was a generous donation of clothing for the needy and the ladies pieced enough blocks to make a quilt which will be sold when completed for the benefit of the club treasury. The usual transaction of business was followed by a splendid program, the subject being "Immigration and Americanization." Mrs. C. R. Shipman read a paper which she had prepared on "Immigration." Mrs. G. E. Parks read an article from the Sunset magazine entitled "Digesting the Immigrant." Mrs. C. L. Dowling had a paper on "Americanization," and a report on what she saw commonly in the city for our foreigners in an educational way. Mrs. Guy Sturgeon gave a vocal solo. There was a very delightful social hour and 27 members and two visitors were present to enjoy the day.

Mrs. Ed Winans was hostess to the center club on Wednesday afternoon. Seventeen members were in attendance and roll call was responded to with an interesting verse. During the business session it was voted to have the annual dinner for the club on Thursday, January 21, in the Business Women's club rooms. Mrs. W. R. Chaso gave two piano solos and Mrs. L. G. Miller recited on "North of 40" by Emerson Hough. During the social hour the hostess served dainty refreshments. The next meeting will be with Mrs. Fred Berisch on January 28.

Mrs. Frank Krueger was hostess to the Women's Progressive club Wednesday afternoon. Eleven members and one visitor were present. Roll Call was answered with helpful household hints. After a lengthy business session the hostess served a delicious lunch. The club will meet with Mrs. Henderson on January 28.

Mr. and Mrs. A. Dormann Johnson were hosts at a charming supper Tuesday evening for Mr. and Mrs. Morlin Bailey, Mr. and Mrs. Lawrence Hodgkin and Mr. and Mrs. R. P. Parry. The remainder of the evening was spent with bridge.

Mrs. L. T. Wright entertained the Wednesday Bridge club this week. Mrs. W. H. Greenleaf won the honors for highest score.

The Land-Hand club met January 13 at the home of Mrs. F. R. Darling January 13, with 16 members present. At the close of the business session a social hour was held with hostess serving a delicious luncheon, assisted by Mrs. Darling and Mrs. Hulbert. The next meeting will be held January 23, with Mrs. E. R. Wattle.

The Pythian Sisters held their regular meeting with installation of officers in the Business Women's club rooms Tuesday evening, January 13. The officers follow: Past chief, Pearl Woodhead; M. E. C., Beatrice Higbee; T. S., Victoria Anderson; P. O., Olive Woodall; manager, Minnie Griffin; M. of F., Berdie Sandholtz; M. of R. and C., Mabel Halpin; prolector, Ella Young; guard, Mabel Louise. The following appointments were made: Staff captain, Dorothy Putzier; press correspondent, Minnie Griffin; pianist, Helen Minnieck; trustee, Anna Smithson.

A very interesting session of the drama and literature department of the Twentieth Century club was held Wednesday afternoon at the home of Mrs. Don Henry. After a short business session Mrs. C. F. Dwight took charge of the program which consisted of a description of the Nobel and Pulitzer foundations. She then reviewed most satisfactorily the prize play, "Hell Bent for Heaven," by Hatcher Hughes of Columbia. The evening was well attended and the program especially pleasing. At the close of the program dainty refreshments were served by the hostess, Mrs. Henry, assisted by Mrs. C. Reynolds.

Mr. and Mrs. Vernie Morgan entertained at dinner at their country home on the Salmon Tuesday evening for Mr. and Mrs. T. J. Douglas, Mr. and Mrs. L. O. Evans and Mr. and Mrs. G. M. Simpson. A low bowl of fruit formed the centerpiece for the table and pink caudles were in crystal sticks. Following dinner the evening was spent at rock.

ANNOUNCEMENTS

The Neighbors of Woodcraft will hold a short business session in the Business Women's club rooms Friday, January 16, at 8 p. m. There will be entertainment and refreshments.

The districts of the Methodist Ladies' Aid meeting with Mrs. Minnie Farrah this afternoon will give a silver tea.

Royal Neighbors of America are to hold installation this evening. Members are expected to invite a guest and to bring sandwiches and a cake or covered dish.

Overcoming Troubles
Troubles may never come singly, but in meeting one trouble experience is gained for tackling care of another. If the law of compensations were better understood disappointments would be less keen. The Lord tempers the wind to the shorn lamb in more ways than one—Grit.

PICKLING THROAT. It is always an annoyance; worse when it affects you in the night, preventing sleep. You can stop it quickly with CHAMBERLAIN'S COUGH REMEDY.

ENGINEERS IN NUMBERS WILL CONVENE HERE

One Hundred Persons Coming to Twin Falls to Attend Two Days' Sessions of State Organization, Secretary Says.

One hundred persons are coming here to attend two days' sessions of the sixth annual convention of the Idaho chapter, American Association of Engineers, Friday and Saturday next, according to word from P. F. Hamilton, Pocatello, secretary of the chapter, received Wednesday by E. W. Berg, who is in charge and cooperating with the Twin Falls Chamber of Commerce in arrangements for the convention.

Attendance at sessions is to be augmented by numbers of local persons, much local interest in the convention being indicated by demand here for plans at the turkey dinner that is to be a feature of the convention. Entertainment program and that is to be served under auspices of the chamber of commerce forum committee at 6:30 o'clock Friday evening at the Hotel Purvine. Several of the convention speakers are to address the banquet assemblage. Convention headquarters are to be opened at the Rogerson hotel.

Strong Program.

The first day of the convention is to be devoted to business sessions, to be preceded by the annual address of J. P. Condon, Boise, president of the Idaho chapter, and followed by addresses by J. A. Harador, Pocatello, secretary of the Idaho Chamber of Commerce, and Will H. Gibson, Boise, member of the Idaho public utilities commission.

Addresses of outstanding interest scheduled for the second day include those of Leo R. Cook, Nampa, an "City Manager Plan and Its Application, Idaho"; G. Clyde Baldwin, United States geological survey district engineer, on "Spokane River Water Distribution"; and Dana Tomlin, chief of the United States bureau of reclamation, on "Construction of the American Falls Dam and the Effect of Additional Stored Water in the Snake River Valley."

Denn Ivan O. Crawford of the University of Idaho engineering college, is to speak on "The Department of the University of Idaho and Its Connection With the State," and J. D. Wood, Idaho bureau of highway district engineer, is to discuss "Traffic Control."

HIGH SCHOOL STUDENTS TO BE CHURCH'S GUESTS

Rev. O. D. Harris Announces Remembrance of Particular Interest to Young People; Women to Serve Banquet.

High school students are to be the guests of the Christian church this evening at a service, especially for their benefit, when the pastor, the Rev. O. D. Harris, is to preach on the subject, "The Lure of the Unattained." Preceding the worship service a banquet for high school students is to be served by members of the church. Clyde Carr, socialist and chorus director, who is assisting Mr. Harris in the evangelistic service, now in progress, is to sing "Symbolic Meaning of Baptism." Mr. Harris presented the view that Jesus in the Sermon on the Mount, was not talking at random, but was presenting principles that had been thoroughly thought out and that were directly applicable to human needs. It is not respectful to Jesus, the speaker declared, to suggest changes in his principles or in the universality of his commission to his disciples to evangelize the world. This fact, he said, should be borne in mind when the two simple ordinances established by Jesus—the Lord's Supper and baptism—are considered, and also the fact that both are intended to represent the death, burial and resurrection of Jesus.

Services of special interest to children have been arranged for Friday evening. On Sunday the church is to hold an all-day meeting with a basket dinner at noon and afternoon devotion meeting with annual reports in the afternoon.

Same period a year ago	80,510

Reservoir at Moran.

Week ending Jan. 10	0.00
Same week a year ago	0.50
Sept. 1 to Jan. 10	11.20
Same period a year ago	6.92

TELLS OF WAR'S WAKE IN CHINA

American Describes Post-Bellum Conditions in Letter to Relative Here.

Conditions in the interior of China in the wake of recent internal strife are the most favorable for handouts most of whom are "really soldiers out of job and without a general," according to word received by his mother from W. F. Liebertrau, foreign agent of an American tobacco company, and brother-in-law of H. O. Gettett of this city. The latter was dispatched December 1, last, from Tientsin soon after the writer's return from a trip to Shanghai.

Regarding post bellum conditions in China, the letter says:

"While the actual war is finished, everything is still very much unsettled. They are still doing a little fighting on some of the interior fronts. The railroads haven't been fixed up as yet between Shanghai and Tientsin as two of the provinces between here haven't decided as yet that they want to recognize the present Peking government.

"Bandits in the interior are doing a very big business just now. They are really soldiers out of a job and without a general. That's the real trouble behind it, and Dana Tomlin, chief of the United States bureau of reclamation, on "Construction of the American Falls Dam and the Effect of Additional Stored Water in the Snake River Valley."

HELD ON LIQUOR CHARGES

Manuel Yasio, Mexican, was by Judge J. L. Hodgin in probate court here Wednesday held under \$500 bond to answer in district court to charge of illegal possession of liquor. The charge was lodged against Yasio after he was arrested by sheriff's office operatives, Tuesday evening when he is alleged to have had in his possession a small bottle of liquor and a small glass.

Owen P. Pugh, before W. S. Mallory, justice of the peace, Wednesday pleaded guilty to charge of illegal possession of liquor, and was held under \$500 bond to the action of the district court. Pugh was arrested recently by police officers who stated that he had thrown a jug of liquor out of his car when pursued by the officers.

Low temperature for the 24-hour period ending Wednesday evening was 20 above, an advance of eight degrees.

CONVICT ELECTS TO STAY IN PENITENTIARY

DUBUQUE, Iowa, Jan. 14 (AP)—Broken in body and spirit by 30 years' confinement, Hugh Robbards, 70 years old, convicted of the murder of 'Doc' Dubuque police officers, has elected to remain in the Fort Madison, Iowa, penitentiary rather than accept a pardon granted by Governor Keady, according to information received here from Fort Madison. Robbards, who was convicted with Leon Hardy, has no desire to enter the outside world, he said. Hardy also was pardoned. Both men have declared their innocence throughout their 30 years' imprisonment.

Exceptional 3-Day Offer

Free-Gold Fish

(Including Fish Bowl)

We are giving away a crystal bowl containing two gold fish, with the purchase of a fifty-cent box of Lac-Lax, the delicious candy laxative.

Children delight in these lively little gold fish, the golden we could find anywhere. They are fascinating to grownups, too, and the clear crystal of the aquarium reflecting the golden flashes of alert, busy little inhabitants adds an ornamental touch to the home.

We couldn't think of a more acceptable gift with which to introduce this very mild and pleasant laxative. And a laxative of this kind is very important at this particular time. Lac-Lax are mild and harmless, nothing habit-forming about them. Grown folks like them and children really delight in eating them, for they are just like little mint lozenges.
