President Names Woodcock to Succeed Potter on Commission; Opponents Prepare to Withhold Confirmation.

WASHINGTON, March 25 (AP)—Despite the senate's failure to confirm his nomination, President Coolidge today named Thomas F. Woodcock of New York to succeed Mr. Potter, resigned, as a member of the interstate commerce commission.

Immediately there were indications of a determined fight in the next session of congress to prevent confirmation. Senators from Florida, and other demagogues have insisted that the senate is entitled to confirmation on the commission, announced they would oppose favorable action and predicted there would be a formidable array against Mr. Woodcock.

Probable Clash
The situation offers a strong probability of a clash between the president and the senate. Mr. Woodcock, chief of the geological survey, administration forces would be able to get favorable committee action with the senate. Mr. Woodcock, who is a writer on financial matters, has been named in new duties immediately, but there is a difference of opinion as to whether he can draw salary until some action is taken on the vacancy held, that inasmuch as the vacancy existed, Mr. Woodcock's salary should be paid. Other officials advanced the view that the senate should not act on the nomination until the senate has rejected it, it was said, pay would have to be withheld.

HOME FOLKS TELL STORY OF STORM

Conditions About Carmi, Illinois, Told Sheriff Finch in Letter by Brother.

The cyclone that swept through five states last week leaving death and destruction in its wake, cut a swath be- hind it which has been described as a number of feet deep. Carmi and the town of Grayville, eight miles distant, according to word received by Mr. R. P. Finch, Sheriff of this county, from his brother, Robert Finch, a merchant of Carmi, and visitor here last week.

Conditions in that region, Mr. Finch stated, occurred mostly in the vicinity of Grayville, a town situated about midway between Carmi and Grayville, which was on the edge of the storm's path.

A country church that the Finch family had attended, was demolished and all but five or six monuments in the church cemetery, that was wrecked, were scattered over a wide area. The storm, parents and brother and sister of Mr. Finch are buried in this cemetery.

Narrow Escapes. Some narrow escapes from death or serious injury are mentioned by Mr. Finch. One man was literally blown out of the car he was driving when the storm burst against a fencepost to which he clung until the storm passed. All of his clothes were stripped from his body and he was severely battered and bruised.

Two small boys were taken by their father, just before the storm struck from a school house that was wrecked and in which many pupils sat their lives. The father and two boys sought safety in a roadside ditch and emerged unscathed when the storm passed. The younger girl's first remark was one of concern over the fact that she had been carried away by the cyclone.

SWIFTS OBTAIN BUILDING SITE

Chicago Packers Authorize Purchase of Three Lots on Fourth Avenue S. for Plant.

Swift and company, Chicago packers, have authorized purchase of three lots with total footage of 120 feet at the corner of Fourth avenue and Third street south of which to build the butter and poultry packing plant and cheese factory which the company announced recently it would establish here.

Announcement to this effect was made Wednesday by J. S. Keel, realtor, through whose agency the purchase of the building site was effected. The summation of the deal followed several weeks of negotiations.

The purchase was announced but it was understood to have been in excess of \$5000. The property included in the deal is unoccupied except for a gas lot which was owned by I. W. Darow of California, on which a warehouse building stands.

Actual construction is expected to begin within the next few days and a superintendent of construction who is to have his work in charge is expected to arrive here this week. The building plans have not been given out in detail, but it is stated that the building will consist of a building of two stories and high basement that is eventually to occupy the entire building site. Cost of this building is reported to have been estimated at \$60,000.

Another building also which is situated in block 146, comprises lot 8, owned by I. L. Darow; lot 7, owned by Mrs. W. E. Crozier; and lot 6, owned by Miss Pink. Mrs. Finch desires to sell his lot but offer to exchange it for an adjoining lot, No. 5, owned by C. B. Chaney, which is held by Mr. Keel for the packers under 30 days' option.

YOUTHS CHARGED WITH BURGLARY

Three Young Men Face Prosecution in Connection With Fire at Rock Crusher.

Three young men were arraigned and pleaded not guilty in probate court here Wednesday on charges of burglary preferred by the prosecuting attorney's office, alleging that the defendants entered "with intent to commit larceny" a shed at the Twin Falls highway district's lumber yard here in which gasoline was stored on March 1 last, at which time the shed and its contents were destroyed by fire.

Defendants gave their names and ages as follows: John E. Vanoe, 20; Eugene Udy, 20; Eugene Udy, 20. Pending preliminary hearing which was set tentatively for next week, defendants were identified by Judge J. L. Hoelgin to bond in the sum of \$2000 which had not been furnished. Defendants were represented by O. E. Duvall, attorney.

Severe burns about the hands that are alleged to have been suffered by John Vanoe in the commission of the alleged burglary, according to the sheriff's office, lead to the arrest of the accused youths. Vanoe, it was stated, was taken to the hospital for medical attention. He was subsequently removed to the county hospital, where he remained for some time, being discharged from that institution about a week ago. The complaint in the case was signed by T. H. Irwin, a commissioner of the Twin Falls highway district.

JURY LIBERATES THEFT SUSPECTS

Three Men Charged With Grand Larceny of Sheep Pelts Go Free Under Finding.

Roy Lord, alias Joe Jon Gonzales, and Ansel Perkins and Leo Perkins, brothers, were, by a jury in district court here Wednesday, found not guilty of grand larceny in connection with all alleged theft of 42 sheep pelts valued at \$400 from the Twin Falls store home on February 22 last. The verdict was returned just after 5 o'clock in the evening after the jury had deliberated for about five hours.

Introduction of evidence was concluded shortly before noon when the defense rested after offering testimony of three additional witnesses in support of claim for an alibi for all three defendants. No testimony in rebuttal was offered by the prosecuting attorney, this circumstance being regarded by court attorneys as an indication that the county attorney had apparently lost interest in the case after Sheriff M. E. Pitek had been called to the stand as the first witness for the defense. The sheriff, however, was not permitted to testify. Defense counsel stated that he would have testified regarding the statements alleged to have been made to him by the defendants following their arrest here March 5 last.

LONG TRIAL CONCLUDED

Introduction of evidence was completed Wednesday in the cases of C. M. Smith and his wife, Nancy Smith, against Joseph A. Keefer, P. W. Dumke and H. L. Dinkelacker for \$700 per cent of alleged removal of permanent electric fixtures and wiring from the Smith building on Main avenue north formerly occupied by the United States, of which Mr. Dumke was proprietor. Trial here then occupied three days in probate court here. Attorneys are to submit briefs to the court dealing with certain legal issues raised during the trial.

SHOES for Men and Women

Relief and Princess Pat

STYLE 'SHOES' IN COMFORT SHAPES

A secret of foot beauty and shoe comfort

In this picture you see one reason why Walk-Over Relief and Walk-Over Princess Pat are such comfortable style shoes—that is correct heel height.

When you lie down and relax, notice that your extended foot takes an easy, natural and comfortable position much the same as in this picture.

When you think of comfortable heel heights, remember this comfortable position of the foot. You can see that heels should not be flat upon the ground—too low nor should they be too high. Walk-Over has determined the correct heel height for comfort and you find it in Relief and Princess Pat.

Princess Pat and Relief have heels that are correct—low enough for comfort, and high enough for arch beauty. Princess Pat is the shoe with the straight inside line that fits the normal foot. Relief is extra-wide across the tread. Both have the famous Walk-Over narrow fitting heel that is as smart as it is comfortable.

You will find these two famous shoes, in many smart styles, here at the Walk-Over store.
