BOOTH ASSAILED FOR STAND MADE ON WORLD COURT

Former Member of Democratic
National Committee Flays
Group of Irreconcilables Who
Oppose U. S. Membership.

(By the Associated Press.)
NEW HAVEN, Conn., Dec. 3. (AP)—
Thomas H. Burton, who resigned re-
cently from the democratic national
committee, speaking here tonight at a
mass meeting in the interest of the
United States adherence to the world
court, centered his arguments in an at-
tack on the group of so-called irrecon-
cilables in the United States senate.
He charged them with being solely re-
sponsible for the failure of this coun-
try to join the court and asserted that
"pride of opinion is more important to
them than the peace of the world."
"Led by Senator Borah, this little
group stands between the United States
and its great destiny. Who would not
rather take the majority judgment of
Roosevelt and Taft and Wilson and
Harding and Coolidge and Root and
Hays than all the Borahs that can ex-
posed and prostrate the activities
of a government."
"I cannot wonder why the senate is
unpopular. It is because the rules of
the senate which permits a minority to
stop the whole machinery of govern-
ment with sterile debate, endless dis-
cussion, pitiful petting and—reserva-
tions—reservations—reservations."
"If the Ten Commandments ever came
before the committee on foreign re-
lations," said Mr. Cummings, "Sen-
ator Borah will have at least ten reser-
vations ready to meet the emergency
and I tremble to think what would hap-
pen to the 'Land's' process if it were
submitted to the United States senate
for ratification."

SOCIETY AND CLUBS

Mrs. P. W. McArthur made the offi-
cial visit of the Grand Matron of the
Order of the Eastern Star to the Wes-
tminster on Wednesday evening, ac-
companied by Mrs. Stacey, who has
been unable because of illness to
visit many of the chapters of the
state. She was accompanied by Mrs.
J. A. Kreefer, Mrs. Frank Baldwin and
Mrs. Joseph Sawyer, from the mis-
sionary chapter entertained at a deli-
cious dinner in honor of the Twin Falls
ladies, preceding the meeting.

Mrs. Hortense Ferrine was hostess to
the breakfast club, Wednesday at her
apartment in the Grand Covers were
held for nine at tables gay with Christ-
mas decorations. In the bridge games
following, favor for high score was
won by Mrs. Morgan G. Henp.

The Baptist Ladies Circle met in the
bungalow Thursday afternoon. The
president, Miss Gilhe, presided over the
business session and Mrs. Edwin was
in charge of the devotional service.
Extremely interesting talks were given
by Mrs. Musser, Mrs. Boughton and
Mrs. Joseph Sawyer, from the mis-
sionary study book on Mexico. The new pastor,
Rev. Barton, gave a short talk. At the
close of the meeting refreshments were
served by Mrs. Massey, Mrs. Warbur-
ton and Mrs. DeWitt.

Mrs. J. H. Morehouse entertained the
Episcopal Guild Thursday afternoon.
The meeting was opened with prayer by
the president, Mrs. Thomas Robertson,
and the business session was devoted
to plans for the hazard and dinner to
be given Saturday at the Parish Hall.
There was a large attendance and
delicious refreshments were served late in
the afternoon.

The Catholic Women's League spent
a very pleasant afternoon Thursday at
the home of Mrs. Owen O'Mahony.
During the business session many im-
portant matters were discussed. The
committee in charge reported the fruit
at Thanksgiving 300 quarts of fruit
and a ton of apples to the Vincent
orphan home at Forestville. This home
cares for 150 orphan children last year
and has about fifty all the time. In an
interview with one of the ladies of the
league, Mrs. Ross, wife of the mayor of
Forestville, spoke of the wonderful work
done by the sisters for the homeless
children, cheerfully and without ap-
parent compensation, the home being op-
erated by the sisters without any fi-
nancial aid from the state.

Mrs. T. J. Woods and Mrs. Kirk host
the Christmas dinner, accompanied
by Miss Margerie Woods. Mrs. Fred
Beckwith played a piano selection and
Father Kreyer gave a talk on exhortation
from the Catholic standpoint. The
next meeting will be with Mrs.
Schwartz in two weeks.

JOHN ROSS REED COMPANY

One of the most delightful per-
formances ever presented here by Ly-
ceum entertainers was an altogether
unique and pleasing recital given
Thursday evening in the high school
auditorium by the John Ross Reed
company, noted for its variety and
not only was the program out of the or-
dinary, combining a wide and varied
range of vocal numbers, folk songs
and dances, readings and impersona-
tions, its efforts being heightened
and intensified by means of special
costumes and elaborate stage setting
and lighting arrangements, but each
of the performers displayed veri-
tably to a remarkable degree.

John Ross Reed, head of the noted
concert group, exhibited talent and
ability of an exceptional order, and
training in rendition of vocal num-
bers ranging from operatic selections
to popular songs, and also proved ex-
traordinarily capable as a reader, im-
personator and the attainment of no
mean skill as a vocalizer.

Miss Dagney Jensen, well-known
Danish soprano and pianist, who, off
stage is Mrs. John Ross Reed, and,
incidentally, a former class mate of
Mrs. Ernest D. Blum, of this city, is
an extremely gifted artist of sur-
prising versatility.

Thomas H. Burton, president, and
fourth member of the talented com-
pany, contributed largely to the en-
joyability of the entertainment with
clever character work.
With music as its dominant motif
the program included three operatic
numbers, the production of "Puck and
the Goblins" by Mr. Reed; selection from
"The Merry Wives of Windsor" by
Miss Jensen; and "The Merry Wives
of Windsor" by Mrs. Reed. Popular num-
bers were two songs composed by Mr. Reed
and Mrs. Jensen, "The Merry Wives
of Windsor" and "Moonlight and You."
The Beethoven number, illustrative
of the most of the modern composi-
tion of the famous Sonata is an
outstanding feature that is presented
in an unique manner with a stage
setting depicting a present setting
near in the city of Bonn. The Italian
street scene, which is presented with
special stage setting and costumes
as are also the Danish and Scandi-
navian folk songs by Miss Jensen,
enhance the program to an effective
close.

"WHITE CARGO"

Coming to Twin Falls for the first
time in Twin Falls will be the ap-
tional success of two continents
"White Cargo" dramatic production
produced by the Lyceum Theatre, Simonsen's
book "Holl's Playgram" and pro-
duced by Edith Carroll; the play has
been staged in over three years at
Daly's Theatre, New York and dupli-
cated its success at the Lyceum,
Lodge and the City Theatre, Wash-
ington. "White Cargo" is a vivid play
of love in the tropics, the action tak-
ing place on the West Coast of Africa
and portraying the struggle for develop-
ment in a country that defies en-
croaching civilization. The story
over which sun broods inevitable war
—a rot which penetrates not only
vegetation, but also the mind and
heart of the white man who attempts
to conquer it.

The cast of "White Cargo" has
been especially selected with an eye
not only to the types there are to
be seen but with a view of their
ability to bring to the stage the
equipment all that a lavish manage-
ment could procure, in fact the entire
production is a masterpiece of art.
The cast contains an original cast
of Broadway artists.
"White Cargo" is booked for the
Orpheum Monday evening on Dec. 7,
on an early reservation of seats is
desirable so as to insure against dis-
appointment.

GUNWOOD STORY AT IDAHO

"The Ancient Highway," an called
local news of the nation and re-
ference in this new Paramount screen
story takes place on a famous road
running through the quiet regions
of Quebec, is the feature the balance
of this week at the Idaho theatre.
Irvin Willat, producer of "Wan-
derers of the Wasteland" and "North
of 36," directed the picture, which
was written for the screen by
Harrill and Lyle. Well, Jack
Holl, Billie Dove and Montagu Love
are featured in the principal roles.
Holl, a Cliff Brant after adventur-
ing all over the world, returns to
his home town on the St. Lawrence
to square accounts with Ivan Hurd,
a millionaire paper manufacturer
who had been the cause of Cliff's
father's death.

There's a fight, the like of which
has never been seen on the screen
before. Vancouver to Holl, Billie
Love had seen the fight and warns
him that Hurd, played by Montagu
Love, has set the police on his track.

THE NEW IMMIGRATION
Immigration figures show a marked change as a result of the new law.
Before the World War, our net immigration-immigrants minus emigrants-was nearly 1,000,000 a year.

Then the immigration restriction law, together with a business slump, lowered the number to less than 200,000 in 1922. But again the curve started upward, and in the year ending with June, 1924, the country had gained about 500,000 foreigners.

The second, more drastic, restriction law has brought a new drop, so that in the year ending last June, the gain was only about 200,000.
There, however, are official figures, showing only immigrants entering the country by legitimate channels. Every one knows that there has been a big leakage over the northern and southern borders.

Kellogg and Firth to meet in title clash. Moscow, Dec. 3.—The football supremacy of the state of Idaho lies between Kellogg, champion of the north and Firth, champion of the south. These teams play for the championship of the state. Kellogg has a heavy and powerful line with splendid records, and a great game is expected. The Firth eleven, which defeated the strong Nampa club at Blackfoot on Thanksgiving, is reputed to average about 70 yards to the man. Kellogg averages about 80 yards to the man in a battle of giants. The game is to be held at 8 o'clock and tickets from all over the state will be on hand for the contest.

RATE DECREASE

ORDER IS MADE

Commission Requests Railroads to Cut Charge on Shipments of Fresh Meats East.

WASHINGTON, Dec. 3.—(AP)—Railroads were ordered today by the interstate commerce commission to reduce rates by Feb. 31 on fresh meats moving eastward from western packing houses.

The charge for moving 100 pounds of fresh meats from Chicago to New York, now 87 cents, was ordered cut to 70 cents, with rates to the east from all other points in proportion, so that after the reduction they would maintain the present relationship with Chicago rates.

The commission's action was brought about by complaints from nearly all of the western packing concerns who contended that livestock could be transported from Chicago eastward at a charge which made the rates on their products in the Atlantic seaboard market unprofitable. The commission approved any sharp reduction in the next rates, arguing that such action would increase competition in all markets for animals in the west by keeping eastern buyers out of the field.

All members of the commission concurred in the decision. An additional finding was made that the existing rate in the packing house traffic to charge fifth class rates instead of fourth class rates on dry salted and deerskin commodities, this involved another reduction carrying with the conditions of shipments.

HEATED CONTROVERSY RAGING IN GERMANY OVER INDEMNIFICATION
 BERLIN, Dec. 3.—(AP)—A heated controversy is raging in the German Reichstag over the proposal for the indemnification of the former ruling houses of Germany. The committee in support of the bill is asking that three million acres of land be sold for the purpose of providing property for the indemnification of the former ruling houses. It is estimated that the total value of the property to be sold is about 5,000,000 marks to former rulers, whose ancestors became rich by robbing, theft and swindling.

The socialist deputy, Herr Scheidemann, said that the unemployment figures were showing that there is a dire need for 500,000 people monthly and a thousand business bankruptcies. He said that the money for the indemnification would also be used to pay the Reich government the right to investigate and settle the claims by former ruling houses, instead of leaving the settlement to the federal government and the courts as heretofore.

Early Shirt Factories
 The first American shirt factory of which there is a record was owned by David and Jane N. Jordan, merchants in New York city. They frequently received from the South orders for shirts which they employed seamstresses to make. In 1832 they started a factory for making stock shirts and in 1845 the first shirt factory was opened in Troy.

Premier's Action Brings Adoption of Government Bill for Inflation of Currency.

PARIS, Dec. 3.—(AP)—Premier Briand's appeal to parliament of all parties to unite to save France today brought about the adoption of the government's bill providing for inflation of the currency to the amount of 7,000,000 francs and additional taxation ranging from 20 to 400 per cent in the chamber of deputies. This evening the finance committee of the senate accepted the text of the financial bill in virtually final form, and the senate will adopt the bill tomorrow.

In the chamber, the final vote on the bill as a whole was 257 to 229. It constituted the fifth vote of confidence in the government during the lengthy session. The smallest majority in the voting which the government received was a vote of 246 to 230 on the inflation section of the bill.

Premier Briand appeared before the house having passed a several minutes' and harassed, but he rose to heights of eloquence never surpassed in the history of French politics. Near ten parliamentarians agree that M. Briand is the only man in France who could have led the country through a crisis of this sort against the temper of the house in the early hours of the morning.

The chamber adjourned at 12:15 p. m. and M. Briand had been without sleep since 6 o'clock yesterday morning when he attended the session. He was on hand when the senate convened shortly before 2 o'clock.

Naval Collier Has Narrow Escape From Wreck in Atlantic
Hurricane off Virginia Capes Reaches Such Proportions as to Bally Damage Ships
 NORFOLK, Va., Dec. 3.—(AP)—The naval collier Orin on a ship of about 3,000 tons off the Virginia capes was caught in a hurricane that broke in two, a fate to which many mariners authorities have attributed the mysterious loss of the Orin. A full and complete survey has been completed. From unofficial sources, however, it was learned that the Orin's engine amidship had buckled and twisted and that she was leaking.

Several officers of the Orin's crew are being held by the navy for an informal investigation, today, and a board of inquiry will be named to investigate the loss of the Orin to Washington on the question of the ship's going to sea in such a storm. The board is expected to report in a matter of a few days to the discretion of the commanding officer in charge of the collier.

BARNYARD KINGS SOLD AT AUCTION

Many Blue Ribbon Holders at Livestock Exhibition Will Be Butchered for Christmas.

CHICAGO, Dec. 3 (AP)—Kings of the barnyard today paid the price of glory when they went under the hammer at the International Livestock Exposition. Many of the blue ribbon holders will be championed into Christmas beef.

Max Jung, champion steer of the show, was bought by Iowa State college, brought \$1 a pound, a total of \$4,680, the highest price ever paid for a champion steer. The steer, owned by Angus was purchased for the Billmore hotel, New York.

High Dam is Given Mead's Approval

Officials are successfully grown and produce good yields. The intended location of the project and the amount of profit rates favor the construction of bulley crops by livestock on the farm. The water facilities and the amount on the project stimulate dairying. Two sugar factories offer a good market for the growers.

Amounts Owed.

Financial and Economic: The accumulated amounts owing the United States for the period 1923 to 1925 on construction charges are \$587,011, and on operation and maintenance accounts amount to \$231,175. This large increase in indebtedness in so brief a period of time is serious. It can not be explained through lack of natural advantage. How project equal this one in having a combination of fertile soil, a climate favorable to plant growth, low construction costs, and moderate expenses. Much of it is no doubt due to the heavy private indebtedness of water users and the pressure exerted upon them by their creditors. Land values were inflated when the price of farm products were high. Settlers paid small amounts on the purchase price and are trying to pay the balance due on their contracts out of greatly diminished incomes. The result often that water charges are not paid. Another reason for the bad financial showing is the high percentage of tenancy. Forty-two per cent of the irrigated farms, or 1,019, are cultivated by tenants. Nearly all the houses on this project failed and wiped out the savings of many settlers. Tenants whose water users could pay and have not done so it is because their neighbors were not paying and they believe the delinquency would be refunded with the construction account.

PLAN PUBLIC HOSPITAL.

ROME, Dec. 3 (AP)—The pope's decision was announced today to hold the public hospital which is set for December 15, in the hands of St. Peter's to enable the largest possible number of holy vest pilgrims to attend the autumn festival. St. Peter's is large enough to hold 6,000 persons.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will be open. The passages of your head will clear and you can breathe freely. No more dull, heavy, headache or backache, sneezing, mucous discharge or dizziness, nor tingling, itching or burning at night.

Tell your druggist you want a small bottle of this cream, and apply cream in your nostrils. It penetrates through every air passage of the head, soothes and heals the swollen, inflamed mucous membrane and relieves every discomfort. It is just what every cold and catarrh suffered needs. Commissioners Not in Favor of Contract

Financial and Economic: Of the 200 farms supplied with water for irrigation, 75 are irrigated by 188 irrigators, 75 are cultivated by tenants. During the last four years, 1921 to 1924, inclusive, only 48 per cent of operation and maintenance cost has been paid and nothing has been paid on the money advanced for construction.

Before the government took over this project the canal system consisted, to a large extent, of wood flumes and siphons. The deterioration of these and canal breaks caused excessive water delivery losses for several years. This shortage of water greatly reduced the crop yields, which, together with the high cost of water, has retarded the cultural progress. Irrigated crops which require a relatively high canal and laterals system for the average acre, which requires a high operation and maintenance cost per acre. These conditions explain the poor financial showing made by this project.

Grand Jury Declares Seattle Mayor Should Suffer Impeachment

Evidence Sufficient to Justify Removal from Office Returned Against Official.

SEATTLE, Wash., Dec. 3 (AP)—Evidence "sufficient to justify the removal of Mayor Brown from office, either by impeachment proceedings or recall," was reported by the King County grand jury today. Sheriff Matt Starweh was held responsible for the failure of law enforcement outside the city, and County Auditor E. T. Ferguson was indicted for misconduct in office.

Mayor Brown appeared before the grand jury several times to defend his administration. Testimony concerning alleged vice conditions in the city was given by the Rev. Ambrose Bailey, who made a trip "below the line" in disguise. Ferguson violated a statute which prohibits county officials using county employees for private gain, the indictment alleges. The charges against Ferguson resulted from the distribution of a cook book to prospective brides for which work the auditor is said to have received compensation that he did not turn over to the county.

BORAH BILL DISAPPROVED

NEW YORK, Dec. 3 (AP)—The New York state chamber of commerce today unanimously adopted a resolution disapproving the Borah bill introduced at the last session of congress, designed to create an anthracite coal division of the interstate commerce commission.

The Borah measure, the resolution asserted fell within the class of "dangerous legislation" and would be opposed by representatives of the trade organization if it appeared on the floor of congress again this year.

FENG PLANS GONEAB WITH MILITARY MEN TO APPORTION AREA

PEKING, Dec. 3 (AP)—Feng Yuxiang, who controls the situation in Peking, intends to summon a conference of the Chinese military leaders at Peking to discuss military affairs and the apportionment of territory among the various commanders. The "Christian general" made this known in an interview published here today.

For the present General Feng desires to retain Marshal Tzu Chi-jui in office as chief executive but after the military conference, which is expected to last a month or more, the question of the chief executive's position will be taken up. The "Christian general" said he also intends to form a coalition representing all the various leaders.

"YES SIR, KARNAK IS WHAT I CALL A REAL MEDICINE"

That's What Salt Lake Man Says When Sensational Health Builder Overcame His 17 Years of Suffering from Stomach Troubles.

"Yes, sir, Karnak has made a well man of me—and just think of it, after seventeen years of agony and suffering from stomach trouble that I didn't try to get rid of it—Karnak is what I call a real medicine. That's the enthusiastic statement of Joseph Irving, of 415 E. 10th St., Salt Lake City, about his remarkable experience with the sensational health builder.

"Why, I just feel like going from house to house and telling folks about Karnak," says Mr. Irving. "They don't claim faith enough for this new medicine. If I don't see how anybody could have suffered more than I did. Every-

mouthful I ate seemed to lodge right in my throat, and I would have a terrible burning sensation in the pit of my stomach, awful headaches, pain through my head and back, and would blast and hold me until I was almost 'black in the face.' I just felt sure all over, and because around my neck, I suffered from constipation, too, and was weak and run-down in all I could do to keep going.

"But believe me, I'm all right now, for this Karnak has just knocked out my troubles, high and low, me in the pink of condition. Why, I eat and sleep like a trouper now, and just feel so fine, I could keep on 'til the go' day and night. Yes, sir, all that's left of my troubles now is memory of them. I tell you Karnak is the talk of our neighborhood—I never heard anything but the praises of this medicine is getting fast enough to me who wants to know about it, I can certainly tell 'em plenty."

Karnak is sold in Twin Falls exclusively by Behram-Johnson Drug Co., and the leading drug store in every town.

Advertised products—familiar faces that you find in your living-room, bedroom, bath, kitchen, garage and yard. Long association with them has proved their "friendship" to be valuable.

The advertisements are little intimate word pictures of these "commercial friends." Advertisements tell you how they are made, what they are doing, and how and where to get them.

As a general rule, there is nothing familiar or "friendly" about the appearance of an unadvertised product. You seldom see it in the paper—the stores—or even in homes.

Largely because the great buying public has learned that the advertised product is the friend to tie to.

Read the advertisements regularly—they are messages from business friends.

BORROWED GUN USED TO SLAY MURTAUGH MAN

State's First Witnesses in Second Trial of H. J. Dunlap for Murder Tells Circumstances of Fatal Shooting.

Harry J. Dunlap, on trial for a second time in district court here on charge of murder, and his brother-in-law, Chester A. Russell, on the Dunlap farm near Murtaugh on April 20, 1922, with a shotgun which had been borrowed by Dunlap's son from a neighbor on the morning of the shooting, were the first witnesses introduced by the state during the second day of the trial Thursday. Russell testified that he saw Dunlap shooting from effects of a gunshot wound in the back at his right shoulder.

Dunlap was found guilty of second degree murder by the jury in the first trial of the case, order for new trial being granted by the supreme court in consideration of Dunlap's appeal from the judgment.

Witnesses for the state who testified Thursday after objection of the jury had been completed at 2 p. m. were Mrs. Pearl Russell, widow of the deceased; Miss Maudell, Russell's daughter of the deceased; Louis Hill, farmer from whom the shotgun was borrowed; Dunlap; and Mrs. M. M. Taylor, Dr. John F. Coughlin of Twin Falls, physician who assisted in dressing Russell's wound and conducted an autopsy.

Chief over the refusal of his sister, was the wife of Dunlap, to permit him to mount his horse after he had been fully wounded was expressed by Dunlap when he returned to his home from the Dunlap farm after the shooting, according to testimony of Mrs. Russell.

Members of Dunlap's family, Mrs. Russell and her daughter, testified on the morning of the shooting, that he was armed with the weapon used to slay Russell. Dunlap described the fatal wound and method of treatment and told of the examination of the body after death. Russell's death was caused by a gunshot wound in the right shoulder, the physician testified.

Witnesses for the state were cross examined by J. H. Dowdell and Orr Chapman, defense attorneys. The case for the state is being conducted by prosecuting attorney J. W. Taylor.

Order for special venire for 10 additional jurors was granted to complete the selection of the panel. The first juror called on the special venire, H. P. Berger, was accepted. The state used only the prerogative of the judge when the defense exercised this.

Jurors not selected for the panel in this trial were excused by Judge W.

Lower Interest Rate On Farm Loans

There is a close relation, sometimes overlooked, between farm-land prices and interest rates on farm loans. A 6 per cent rate on present values of land means a perpetual saving of \$10 to \$15 per acre per year as compared to the 8 per cent rate prevailing some years ago on lands bought at prices prevailing five to six years ago.

Add to the value of your farm by paying off your 8 per cent loan with funds borrowed at 6 per cent from the Pacific Coast Joint Stock Land Bank.

RECEIVER TELLS FATE OF SUGAR PLANT SCHEME

Report to be Submitted to District Court Lists Many Notes Given in Payment for Stock.

Report of F. H. Cox as receiver for the Cooperative Sugar company, is to be submitted and claims filed with the receiver are to be presented for action of the court in district court here on December 18, in pursuance of an order issued by Judge W. A. Babcock on application of the receiver.

The receiver's report, which has been filed in the office of the clerk of the court, recites that appointment of Mr. Cox as receiver was made in March, 1922, the appointment being made in response to suit instituted by the First Western Mortgage and Loan company against the cooperative company.

Assets of the cooperative company at the time of the appointment of the receiver, the report states, consisted only of promissory notes for stock subscriptions signed by some 350 persons. Subsequently about 100 more of these notes which had been used as collateral security were turned back to the receiver.

Two suits were presented by the receiver to test the liability of signers for payment of the notes. Judgment in both cases was rendered in favor of the receiver, and settlement was made after appeal had been taken in both cases. The amount of the notes is \$35,000, the largest creditors being the Central Union Trust company with a claim for \$20,241, and the Great West Mortgage and Loan company with a claim for \$20,150.
