# GASTON MEANS WILL TESTIFY

## Former Chief Investigator for Daugherty Will Appear at Jury Probe

NEW YORK, Jan. 28. (AP)—A writ of habeas corpus, calling for the removal of Gaston B. Means from the federal prison at Atlanta, to appear before the United States grand jury investigating the transfer of the American Metals company from Germany to Spain owners in 1923 was signed today by Judge Thomas B. Thatcher. Means, at one time chief investigator for former Attorney General Harry Daugherty in serving a sentence of two years for conspiracy to obstruct justice. He was called as a witness in the United States grand jury into the \$7,000,000 stock transfer of the metal company and the alleged distribution of approximately \$300,000 in Liberty bonds by former Alien Property Custodian Colonel Thomas W. Miller, John T. King, former industrial relations committee chairman, and others. Colonel Miller has been indicted on a charge of defrauding the government.

A subpoena has also been issued for Rosie Bitman, former wife of the late Jesse W. Bitman, who was said to have been a confidant of Harry A. Daugherty. Miss B. Daugherty, president of the United National League in Washington Courtrooms, and brother of the former attorney general, made a seventh visit to the jury room today and testified for two hours. He will be called again tomorrow.

## Captain and Seven Men Adrift in Boat Rescued by Steamer

Eight of Schooner *Mercurio* Found in Canoe; Sailors Aro Grazed by Situation.

NEW ORLEANS, Jan. 28. (AP)—News of the rescue at sea of the captain and seven members of the crew of the Schooner *Mercurio*, who had been adrift in a canoe for forty-eight hours without food or water, was reported at New Orleans on the arrival of the steamer *Hoodman* of the United Fruit line.

Larson, the captain of the *Mercurio*, said that several of the *Mercurio* sailors were grazed by their situation when rescued.

The *Mercurio* sank thirty-five miles north of Cuba Island, James Phillips, the *Mercurio's* captain and his crew did not have time to provision the canoe before escaping.

When the canoe was first seen by Captain Larson, 50 miles north of Cuba, the sea was so rough that the attention was first attracted by the firing of guns from the canoe, related the master of the *Hoodman*. We didn't know," he continued, "whether they were revolutionists or what, but we put about and took them aboard, holding them at Toledo, Spanish Honduras."

## Jumps When Motor Leaps Over Cliff

(Special to The News)

MURTAUGH, Jan. 28.—Narrowly escaping a plunge into Dry Creek yesterday, George Agnew, a stock buyer of Twin Falls, abandoned his Ford truck when it became unmanageable on a grade at Dry Creek bridge, east of here about one mile. The stockman was ascending the grade after crossing the bridge when the wheels began to slip in the snow. The truck stopped and he attempted to hold it but the brakes failed and the car started down the hill toward the bridge. He was unable to hit the bridge and as his machine took the things over a precipice of 175 feet, he was able to free himself and save his life. The truck now lies in a "T" of feet of water in the bottom of Dry Creek canyon, a total wreck.

The funeral for Mrs. Dunlap will take place tomorrow (11:30 a.m.) at 2 p.m. from the Blue Hill C. O. undertaking parlors of Twin Falls, and burial will be in the Twin Falls cemetery. Mrs. Dunlap obtained a letter of absence from Boise to attend the funeral and make arrangements for the care of his children here.

## Chairman of Dry Committee Thinks Condition Better

WASHINGTON, Jan. 28. (AP)—Clifton S. Howard, chairman of the United committee for curtailing the charge of the United committee placed the responsibility at the door of the White House at its annual meeting here last month.

Recent statements by high government officials, Mr. Howard said, had convinced the committee's charge of law enforcement. In this connection he referred to a recent address by United States District Attorney Robert S. Hovey, which Mr. Howard said to have related a conference with high prohibition officials. The latter, said Mr. Howard, told the attorney, "it was never intended the federal enforce the prohibition laws," and that he received "not the slightest approval from any federal authorities."

Taking up an article on prohibition by Secretary Mellon in the current issue of Collier's Weekly, Mr. Howard said it disclosed nothing less than "an attitude, sovereignty on the prohibition question." He said the secretary was saying it is "inevitable that the observance of the prohibition law shall be controlled by public opinion rather than by dictatorial officers of the law." The United committee chairman asked if Mr. Mellon would advise that methods to enforce the traffic laws in Washington.

"No one questioned the sincerity of Assistant Secretary G. C. Hartness, evening of the treasury in charge of prohibition enforcement," said Mr. Howard, but he was "not the slightest approval from any federal authorities."

# SEGO

## Richer than Cream in "Whole-Milk" Richness

CREAM is rich in only one food element of milk—butterfat.

Sego Milk is extra rich in all the food elements of milk—in butterfat and in the bone and tissue building substances that cream does not contain.

That is what we mean by "whole-milk" richness. It is the quality that makes milk nature's most perfect food.

As Cream—Use Sego Milk undiluted. It does the things you want cream to do—gives fine consistency and flavor to your food.

In coffee, ice creams, and desserts—in all cream uses—Sego Milk provides the "whole-milk" richness for which there is no substitute.

For Milk Uses—Dilute Sego Milk to suit any need. It still has the "whole-milk" richness—contains all the food elements of milk in their natural proportions—is never like the bottom half of the bottle—skimmed milk.

In cream soups, creamed vegetables—in all cooking—the "whole-milk" richness and clean purity of Sego Milk gives substance and flavor that nothing else can give.

Sterilized in sealed containers, every drop uniformly rich in "whole-milk" richness, Sego Milk is "nature's most perfect food" in cleanest form.

Sego Milk costs less than half as much as cream—as extra-rich milk, costs no more than ordinary milk.

Ask your grocer for Sego Milk. You'll like it for everything.

SPORTS BOISE QUINTETS TASTES DEFEAT IN LOCAL GAME

Twin Falls High School Basketball Team Administers Hoopsters; Score 26 to 21.

The Boise high school quintet started defeat for the second time in as many days when the local quintet administered an unexpected drubbing last evening on the home floor. The game started out fast and the home team was in the lead.

The game was slow, besides being fast, and was totally free from personal fouls. The local quintet played a game replete with teamwork, and overcame a handicap suffered by the loss of "Red" Miller, star center, who has severed his relations with the local squad.

Guards Work Hard Twin Falls guards were on the job all the time and Boise were forced many times to retreat from the center of the court, from which point they gained at least a slight point.

Play Ended Close Game The last half was featured by exceptional close guarding on the part of the local five, and the inability of the visitors to find the hoop from distant game areas.

Played Eight Games The Idaho team has played eight games this season, with most of the larger schools of the state, and has been defeated by Gooding, Piler and Twin Falls.
