

Wool Growers Will Present Case Before Various State Sheepmen's Associations Will Appear Before Senate Committee on Stanford Measure.

By the Associated Press. SALT LAKE CITY, Feb. 11.—To present the case of western sheep men before the senate committee on public lands and survey which will hold hearings commencing February 15 on the Stanford national forest and public domain grazing bill, E. H. Hays, secretary of the National Wool Growers' association, leaves today for Washington, where he will join Frank J. Hagenbarth, president of the national association, Mr. Marshall will accompany Hays as a special agent, secretary of the Nevada Wool Growers' association, who will appear before the committee in behalf of his state.

Bacon to Appear. Clyde B. Bacon of Twin Falls, president of the Idaho wool growers, will accompany Hays to the hearing. H. C. Bryson, a Seattle attorney, has been commissioned by the Washington Wool Growers' association to appear in its behalf.

In addition to this array of leaders in the wool industry will be a delegation of representatives from the National Livestock association and subsidiary state associations. The Stanford bill was submitted by Senator Stanford of Oregon, chairman of the public lands committee, and is being done now. At this point the wool growers are not in agreement. Some states will tell the committee they are in favor of the bill to some form of regulation. Others will recite again the phrase, they have no objection to the bill, but they are in dispute with the public domain and grazing problems on the national forest lands.

Branches in Accord. Both branches of the livestock interests are fairly in accord in support of the "triplicate" bill. The Bureau of Land Office of the Stanford bill. One difficulty is threatened, however, and the presence of Attorney Bryson is certain to bring it to the surface. The bill, which is now being considered by the senate committee, is being considered by the senate committee, and is being considered by the senate committee.

Congressman Smith Asks for Money to Construct Project. Expenditure of \$865,000 for Hillcrest Extension of Boise System Requested in Measure of Idaho Representative.

WASHINGTON, Feb. 11, (AP)—Expenditure of \$865,000 for the Hillcrest extension of the Boise irrigation project in Idaho was proposed today in a bill by Chairman Smith of the House irrigation committee. The measure was introduced by the following: "The extension embraces approximately 15,000 acres of land adjacent to the Boise river, and it is proposed that a part of the extension was organized into an irrigation district under the federal government, and that settlers have been to considerable expense in maintaining and keeping up the organizations of these districts."

That the government has an investment of \$100,000 in a power plant, now under construction, for supplying water to the Hillcrest extension. Highway Extension. That the federal government is of high fertility and in many ways offers every advantage for agricultural development. That practically all of the privately owned lands are still in possession of the federal government, and that there are some 8,000 acres of public and state lands in the project which are made available for sale under the proposed development.

Hog Production in 11 Western States Shows a Decrease. Livestock Statistician Claims 10 Per Cent Fewer Swine Are Being Raised Each Year.

SALT LAKE, Feb. 11, (AP)—Hog production in the 11 western states is dropping off at the rate of about 10 per cent a year, according to the statistician for the department of agriculture. The report shows that only two of the states, Montana and Idaho, produce hogs for export, while the other nine import hogs for local consumption.

Horses Called Out In East to Break Trail for Motors. Old Fashioned Jingle of Sleigh Bells Replaces Toot of Auto Horn as Result of Heavy Snows.

NEW YORK, Feb. 11, (AP)—People of the northeastern United States, accustomed to motor travel, tonight heard the old-fashioned jingle of sleigh bells as the snow-covered roads were closed. The snow was so deep that the principal streets and towns were like a solid block.

Death List Mourned. The death list was a result of the last storm, and the number of accidents was many times greater. The property damage had been estimated at \$1,000,000. The streets and roads already had run into millions of dollars.

TELLS REASONS FOR APPROVAL OF SCHOOL TAX

Education Board Treasurer Reveals Facts and Figures in Address Before Parent-Teacher Meeting.

Operation of Twin Falls public schools next year, with additional teachers made necessary by increased enrollment of students, will cost approximately \$200,000, according to statement of E. H. Johnson, treasurer of Twin Falls independent school district board of trustees, in an address Thursday evening before an audience of about 100 persons at a meeting of the high school Parent-Teacher association in the high school auditorium.

The estimated expense is approximately the same as for the current school year.

In order that the required sum may be provided, Mr. Johnson explained, it will be necessary for electors of the district to vote approval of a proposed 7-mill school tax levy to be submitted at an election on Friday, March 5.

The levy will raise approximately \$20,000.

Mr. Johnson revealed other sources of the school district's revenues for operation of schools, showing that the mill levy for which no approval by electors is required will raise approximately \$125,000, and other revenues have been estimated as follows: License \$200, fines \$200, tuition \$6000, vocational education \$650, state apportionment \$10,500, county apportionment \$25,000, delinquent taxes and interest \$800.

Total of 97 instructors and supervisors are employed in the school system this year as compared with total of 117 during the peak year in Twin Falls school history in 1919-20, Mr. Johnson stated.

Including the parochial school with about 100 students with 3278 students enrolled in public schools during the first semester.

Mr. Johnson asserted, there are more students attending school in Twin Falls at the present time than at any prior period in the city's history.

One of the precedents of the 7-mill levy approved by the district's electors at the election last year, there was the doubling of the current year the equivalent of the proceeds of a levy of 6 to 3-4 mills, Mr. Johnson stated.

Merit badges for proficiency in various activities of scoutcraft were awarded to four Twin Falls boys Tuesday at a regular session Thursday evening of Twin Falls boy scout court of honor held in the probate courtrooms and presided over by W. E. Nixon.

Merit badges were awarded as follows: Charles Wellner, electricity; Stanley Ludwig, electricity; Clarence Nye, first aid; John Wray, pioneering.

Tests in electricity were conducted by L. E. Jordan, and in pioneering and first aid by Mr. Nixon.

AUTO SHOW IS SCHEDULED

In connection with an automobile show to be staged next Monday evening by the Union Motor company, and distributors, at its salesrooms here, it was announced Thursday, music for dancing will be furnished by Benoit's Italian orchestra.

Driver of Car in Mishap Explains

Occupants of the car which struck and injured Ira Hardy, 11 years old, on Second avenue north, near the Lincoln school Wednesday evening, believed that the car, when it swerved abruptly over the curb to avoid collision with another boy and dog on the street crossing, had struck a dog, according to statement of Carl Black, high school student, who was driving the car.

He appeared voluntarily at the police station Thursday morning, after receiving adequate ground of the mishap, to ascertain whether the injured had been hurt by his car, and if responsible for the mishap, to make restitution in as far as possible.

During the noon hour he went with the police chief to the home of the injured lad, who is suffering from a scalp wound.

Ira Hardy and his mother Stanley had gone to the east quarter of town on an errand when the mishap occurred.

According to occupants of the car only one boy was visible. He was walking backwards with the dog, and he an effort to avoid striking him, the car was turned out of its course and over the curb.

Police commended Black on his manly conduct when he learned of the serious consequences of the mishap.

WASEMILLER CONFESSES TO MISDEMEANOR CHARGE

Joseph Wasmiller, 18, an arrangement in probate court here Thursday pleaded guilty to misdemeanor charge of petty larceny of five dollars valued at \$21 alleged to have been taken from a salesman's car that was one of 12 Ford coupes taken from here for "joy riding" trips during the month of January. Judge J. L. Holtgin announced that judgment in the case would be pronounced this morning.

Officers attribute to Wasmiller the theft of all of the 12 cars taken for joy riding during January.

He was arrested Wednesday afternoon on the petty larceny charge and was returned to the city jail after he had made his escape from the city jail.

BRUIN QUINTET TO CLASH WITH BUIH TONIGHT

Twin Falls Boys and Girls Team Will Journey to West End City for Games With Buih.

Twin Falls Bruins will journey to the tonight to meet the Buih basketball team in the first of a two-game series that is all important for the boys and girls. The Bruins and White five have been in a slump for the past ten days and whether or not they can arouse themselves from the slump depends upon the team itself. Twin Falls' chances for the district title will go glimmering if the Bruins are defeated tonight. The Buih quintet is fast and have defeated the flooding aggregation which is one of the strongest contenders in the district.

The west-end team will be playing on their own court which is an advantage, but the Bruins should win and can if they play basket ball. Platinio may shift his lineup to some extent against Buih in an effort to wake up his team, in any event it will be a battle.

The girls' game between these two teams will be of interest also. The Bruin girls have suffered but one defeat this season and have the strongest team that Twin Falls has produced in some time. Whether or not they have a chance against the best year's northwest champions is a question. Much will depend upon the Bruin center and guards. The Blue and White forwards can shoot the baskets if they get the ball. But the center will be up against the best pair of centers in the district and will have to play fast basket ball if they win. The Bruin guards will also have their hands full for the Buih forwards are topnotchers in every respect and can shoot from almost any position. Both contests will be worth going to see and a large delegation of Twin Falls fans will make the trip to witness the two contests.

FILER MEETS TEAM FROM POCATELLO ON HOME FLOOR, FRIDAY

FILER, Feb. 11.—(Special to The News)—The Filer Wildcats will face one of the stiffest basket ball contests of the season Friday night when they meet the Pocatello quintet on the local court. Pocatello has earned a reputation of having one of the best quintets in the eastern part of the state and has not suffered a defeat so far this season. Filer has not suffered defeat this season either and represent at present the only undefeated basket ball team in the south central district.

The basis of comparison between the two teams is the scores in the Boise games. Filer defeated Boise by a one-point margin on the first game away from home that the Capital City five played and two nights later Pocatello defeated the Boise quintet, 30 to 12. Some allowance must be made for the condition of the Boise team after three days of traveling and playing two hard contests before they met the Gato City lads.

But is the difference enough to offset the large score in the quarter the Filer fans are asking. School officials are making plans for an evening crowd and all possible arrangements will be made to take care of as many people as possible. Pocatello will meet Twin Falls on Saturday night.

SIX BASEBALL CLUBS PLANNED

Temporary Baseball Organization Effected for Utah-Idaho League at Salt Lake.

SALT LAKE, Feb. 11.—(Special to The News)—Temporary organization of the Utah-Idaho Baseball League was effected at a meeting held here tonight. Chas. C. baseball will be played by six clubs, each of which was reorganized at the time. These are Salt Lake, Ogden, Logan and Provo, Utah; and Pocatello and Idaho Falls, Idaho.

Of the six clubs all were ready to proceed with permanent organizations except Provo, and announcement was made that only trivial local matters need adjustment here. Following temporary organization, many matters were discussed including salaries of managers, number of experienced players that may be carried, and playing dates. The jumps being small, it was decided to play only three consecutive days in a city.

The schedule, which will be drawn up during the next week, will be submitted at a meeting to be held at Ogden within a week or ten days, the exact date being left to Fred M. Syc. Ogden, temporary chairman. He will call the meeting when formal reply to an application for a charter is received by Al Waldron, Ogden, temporary secretary.

PLANS COMPLETE FOR SUB-DISTRICT TOURNEY TO BE HELD AT GOODING

GOODING, Feb. 11.—(Special to The News)—All arrangements are complete here for the opening of the sub-district basket ball tournament. The meet will start Friday morning with Gooding and Shoshone playing the first game and Jerome and Eden will tangle in the next contest. Wendell will not play on Friday but will play in the finale Saturday. The girls' teams will contest at the same time and the Jerome team are grooming themselves to appear. The champion girls' team of Buih at the district tournament next month. The Jerome girls have not been defeated this season.

The contest of the tournament will probably be between Gooding and Jerome as these two teams have a game apiece to their credit. Each team has lost two contests this season. Gooding lost to Buih and Jerome and Jerome lost to Filer and Gooding.

MORE SWIMMING RECORDS FALL

Three Marks Shattered at St. Augustine Event; Woman Retains Her Title in Race.

ST. AUGUSTINE, Fla., Feb. 11.—(Special to The News)—Three world's records were broken here tonight at the national 100-yard free style champion, retained her title and the women's swimming record was shattered at a meeting of the national 400-yard crown in the third day's events of the national women's A. U. swimming contests here tonight. Sylvia Bauer of Chicago broke her own world's record when she captured the 200-meter back stroke in 2:55. Her old mark was 3 minutes 20.5 seconds.

Not shared their new world's records set last Tuesday because of defects in the turning boards; Agnes Remington and Miss Northing, both of New York, tried again in special events and reset their records. Miss Remington made a new record in the 250-yard, and Miss Northing in a special 250-yard free style event was clocked in 3:12.

CHAMPION LAWN BOWLER SET FOR FEBRUARY

ST. PATRICKSBURG, Pa., Feb. 11.—(Special to The News)—The C. H. Birritt of Michigan, Ontario, is the champion lawn bowler of the United States. He won his title in the final match of the first open national lawn bowling tournament, by defeating A. C. Terrell of Grand Rapids, Michigan, 23 to 5.

The Reward of Merit

There is only one explanation of the new low prices announced January 7th by Graham Brothers. That explanation is—overwhelming demand.

Demand increased so rapidly in 1925 that Graham Brothers attained undisputed Leadership among the exclusive truck manufacturers of the world.

Such demand calls for expansion. Expansion means still greater production. Greater production means savings in manufacturing costs.

Graham Brothers have expanded tremendously, both in buildings and equipment—and are now passing the savings on to the buyer.

WILLY WILDS BY ROBERT QUILLLEN

AMERICAN FALLS RESERVOIR DISTRICT DIRECTORS ASK CANAL COMPANY'S COOPERATION TO PROVIDE STORAGE.

Construction of the American Falls reservoir project is to be pushed with all the force that can be made possible of available water.

Under tentative agreement worked out by the directors of the reservoir before James M. Thompson of Caldwell, member of Idaho's public utility commission, the project will be carried out by the American Falls Reservoir District.

The hearing was arranged to be held in the city of American Falls here for the purpose of hearing proposals against the proposal of the American Falls Reservoir District.

On the other hand, district directors stand in opposition to the plan, and the most identical with that of 1917 when heavy precipitation coming late in the season had caused a water supply and it was stated further, that the service officials in charge of the reservoir are not in a position to make any estimate of the water supply for any year with any degree of accuracy until the middle of March.

Outline Bounds for Rupture Shield High School Affairs

Viewpoints of parent and teacher with regard to social life in the high school, as indicated by remarks by Mrs. M. R. Berg, principal, and E. V. Berg, Twin Falls city engineer, at a meeting of the high school association Thursday evening, are identical in their substance.

Declaring that no general rule could be applied as to the measure of social activities, Mrs. Berg suggested that social affairs should not be permitted to interfere with school work and that in event of a rupture of the shield, social activities should cease until the student should be in good standing again in his school.

The aim and objective of education, Mrs. Berg stated, is to help in attaining the highest intellectual, physical, health, intellectual and social life.

Anything in the way of excessive social activities that interferes with this program, she declared, "should be curbed."

Mrs. Berg suggested that \$5.00 be set aside to cover the expenditures of each student and that the money should be earned or repaid by the student. Prof. Berg suggested that \$1.00 be set aside for each work, he suggested, would be sufficient for social activities of the high school.

Discussing the "shield" in regard to social activities in the high school, Mrs. Berg stated that social activities should be permitted to continue as long as they do not interfere with school work.

High school boys' club chairman, under direction of Mrs. Berg, during the meeting, received an enthusiastic reception.
