

Only One of Two Nevada Slay-ers Will Enter Death Chamber at Carson City Today; Board Commutes Sentence.

It all happened in the little community of Ruth, Nevada, there, July 13, 1925, when the two men, John H. Handolph and Alvin Karpis, were shot.

Three years later Karpis decided to make his money and he branched the subject to her. She refused and that incident cost the girl her life.

Tomorrow morning, between the prison walls, Handolph will enter the little concrete building in the prison yard.

Latzo's strength of triumph, in the opinion of a majority of ring-side critics, was close and gained chiefly through a determined, two-faced attack that refused to give up an inch of ground.

IDAHO PREPARES FOR EXERCISES

Alumni Officials, University Authorities and People Make Ready for Event.

UNIVERSITY OF IDAHO, Moscow, May 20 (AP)—Exercises are being made by alumni officials, university authorities and organizations, and Moscow townspeople to accommodate and entertain this spring the largest crowd of alumni and friends of the university ever to attend commencement exercises.

Recent announcement of the opening of the north and south highway for the 1926 season has caused an increase in the estimates of probable attendance. The highway is reported to be in better condition than ever before, and the drive will be ideal at this time of year.

Special Rates.—Special one and one-half rates to Moscow and return are offered by all railroads. The rates, which may be secured on June 3, 4 and 5, will be effective for the return trip until June 15.

The thirty-first annual commencement which is to be held June 5 to 7, will be especially notable because of its direct relation to the installation of Phi Beta Kappa, national honor society, and because of the alumni activities on the program.

Play Written by Graduate. The annual commencement play is one of particular interest this year in that it was written by an Idaho graduate, Talbot Jennings, '24. The play, "Homecoming," is to be presented on Saturday evening, June 5, at the Casino, historic dramatic fraternity.

It is designed to commemorate the 150th anniversary of the beginning of the American Revolution. The formal installation of Phi Beta Kappa will occur on Saturday afternoon in Forney hall.

Phi Beta Kappa will conduct the ceremonies. Dr. Yonker is also to deliver the commencement address on Monday.

ESAY ON THE CROWD Folks who go with the crowd are always sure to get it. —Colorado Springs Gazette.

River Problems Claim Attention

Questions of Snake river water administration are scheduled for discussion at a joint meeting here today of the Twin Falls Canal company directors and members of the committee of nine representing Snake river water users and serving in an advisory capacity to the district watermaster.

No variation in Twin Falls company's water supply attributable to river control will be perceptible here for four days, it was stated.

Making Round Up For First Graders

With view to give every first grader a chance to enter an educational career in a satisfactory physical condition, the Parent-Teacher association today is conducting a summer round up of all children who will enter the first grade in Twin Falls schools next September.

To this end, Mrs. E. E. Jaulyn, chairman of the round up committee, stated Thursday, parents are asked to present their children to their own family physician immediately for a thorough physical examination. If remediable defects are found it is asked that these be corrected during the summer so that when the second examination is held early in September each child may be physically prepared for school.

This is a national campaign sponsored by the National Parent-Teacher association and the Bellevue Magazine offers prizes for the schools earning the highest number of entries. Mrs. C. E. Roberts, secretary, president of Idaho Parent-Teacher association, says "There is no reason why we should not have some of this prize money in Idaho for child welfare."
