

# ISSUES BID UP 1 TO 12 POINTS

**Bull Movement on Stock Market, Which Collapsed Last February, Comes to Life.**

NEW YORK, June 17.—The "bull" movement in stock prices, which collapsed with startling suddenness last February after having continued with few interruptions since just before the election of President Coolidge in 1924, sprang into life again today when scores of issues were bid up 1 to 12 points. Total sales of 2,429,100 shares were the heaviest of any session since March 23.

Wall street furnished plenty of "reasons" to explain the sudden change in speculative sentiment but one money price, which facilitated the operations of pools working for higher prices, and the unusually large volume of funds seeking investment, due in part, to the United States treasury's decision not to do any financing this quarter, were generally recognized as the principal factors behind the gigantic buying movement.

Conclusive evidence has developed through earnings and sales reports of the past few weeks, to prove that "business" in 1924, while not counting up to some of the optimistic predictions around January 1, has been running ahead of the corresponding period last year in both the industrial and agricultural depression forecast in many quarters late this spring, has failed to materialize.

Such standard barometers as bank clearings, life insurance sales, freight car loadings and savings banks deposits all have shown increases over the previous figures.

The advance in the stock market has been so rapid that the so-called "Industrialists"—J. S. Steel, General Motors and General Electric, to name a few—have advanced to the high price in the history of the market. J. S. Steel advanced 14 1/2, a new peak for the year, the top quotation recording net gains about 10 points, and General Electric, since the first of the month, (general Electric (old stock) moved to 34 1/2 and then fell back to 31 1/2, and the new stock of the same company to 31 1/2, a net gain of 11 1/2 points on the day.

At the close of the market today, the average of 20 leading industrial stocks had recovered approximately two-thirds of the ground lost in the drastic March and April reactions, while the average of 20 leading railroad shares had risen to 24 of one point of the year's high.

## HAS STRENGTH OF A BEAR

"About 6 months ago my father was very sick with his stomach, which had been troubling him for several years. Three doctors said he had cancer and one said it was gall stones. I had agreed an operation necessary, but on account of his age I was afraid to risk it. Lacking a friend about it who said his wife had been through the same trouble and had been cured by taking M. W. H. I. I at once bought a bottle for father and he is now as strong as a bear and can eat more than and swallow than any 7 men. It is the most harmless preparation that removes the catarrhal mucus from the intestinal tract, and allows the inflammation, which causes practically all stomach, liver, and intestinal ailments, including appendicitis. One dose will cause the money refunded at all druggists."

### Buhl Baseball Boosters Over-Subscribe \$1000 Fund to Purchase Interest in Bruins.

Buhl baseball fans have over-subscribed a \$1000 fund to acquire an interest in Twin Falls franchise in the Utah-Idaho Class C baseball league. It was announced here Wednesday.

The local schedule is being rearranged to provide for games to be played on the Buhl field, and the first game will be staged at Buhl which will be the closing encounter of a three-game series in which Twin Falls Bruins will be opposed by the Salt Lake Bees on Sunday, June 27.

### Base Fund in Honor

Fund for acquisition of an interest in the Twin Falls franchise for Buhl was recently over-subscribed on June 15 and a half after the campaign opened, Manager Carl Zambach of the Bruins was enthusiastic Wednesday evening over the successful outcome of the effort to put Buhl in the league. He expressed his gratification over the prospect of playing on Buhl's excellent baseball field and appreciation of the generous support already given by Buhl fans to the league cause.

## SOCIETY AND CLUBS

Mrs. Kenneth Beach entertained the members of her bridge club at a few out of town guests with a bridge luncheon on Thursday at her home at Sixth avenue east. The small tables at which the guests were seated were covered with luncheon sets in blue, yellow and apricot with flowers in harmonizing shades. The tables were marked with tiny ladies gowned in crepe paper to match the color appointments of the tables. The rooms were adorned with a profusion of garden flowers arranged in old fashioned bouquets. First, second and third prizes were won respectively by Mrs. Merita Batley, Mrs. Frank Magel and Mrs. John W. D. Smith.

Mrs. C. D. Thomas entertained with a charmingly informal supper Wednesday evening at her home on Seventh avenue north in honor of Mrs. E. E. North, Mrs. Wendell Allen, Mrs. Nevech Wright and Mrs. Carl Painter, all of whom are visiting in Twin Falls. Places were marked with blue dolphins and yellow candelabras. Bridge followed the supper at which high score was won by Mrs. Merita Batley.

Complimentary to Mrs. Arthur K. Weaver was the prettily arranged bridge party given by Mrs. James A. Walker, Thursday afternoon, at her home on West Main. The rooms were lavishly with vases and baskets of pink roses and three tables of players enjoyed the games. Mrs. Weaver was presented with a guest favor and high score was won by Mrs. Kemp, who is the guest of her sister, Mrs. E. W. McRoberts. Quaint refreshments were served after the games.

Mrs. P. A. Grulich entertained the Mentor club Wednesday afternoon. Fifteen members assembled full with smiles on Flag day. Mrs. J. E. Winans gave a most interesting talk on her recent visit to the Country Women's club. It was decided to take up hospital work beginning Thursday, June 24, with sewing at the county general hospital; all members who can are requested to be present at that time. Mrs. McDonald and Mrs. O. C. Oxen were guests of the refreshments. The next meeting will be held in two weeks with Mrs. H. C. Huffman.

On Wednesday evening Mrs. W. Orr Chapman and Mrs. Kravon Green entertained with the second in a series of bridge suppers at the home of the former on Seventh avenue east. The rooms were artfully with palm-trees and orange candles in crystal holders with orange and blue napkins were used to embellish the tables. High score was won by Mrs. W. T. Leslie and low by Mrs. H. E. Barber.

# INTEREST KEEN IN CYCLE EVENT

### Bicycle Emmissary Clearing Up Details for Parade and Safety-First Demonstration.

J. Howard Rodda, the bicycle emissary, was busy Thursday clearing up the details for the big bicycle parade and safety first demonstration on Saturday. Aided by local bicycle dealers, who invited him here to show the correct way to ride a bicycle and to get the most beneficial results, he is bending every effort to stage in this city the best run of the year. That the success of the affair is insured is evidenced by the interest and enthusiasm already being displayed.

Chief of Police R. E. Leighton and local motorcycle riders will be on hand to assist Rodda. It is said, and will flank him on the ride through Main avenue. The cyclists of the old days are going to show the boys and girls of today that they can straddle a wheel as well as they did in years gone by, according to the reports received thus far. The kids everywhere have a fascination for Rodda and when he is pedaled on his trusty bike in Saturday's ride, all eyes will be focused on him as he commands his way along the route.

Rodda will give a brief but instructive talk on "The Bicycle and How to Ride It," at the termination of the ride. An outstanding feature of this talk will be directed to the boy scouts. Scouts are required to ride 20 miles in 10 hours in order to be awarded with a cycling merit badge, but Rodda will point out to them how to ride 100 miles in six hours. When bicycles were thick on the roads years ago, it was not unusual for a rider to finish a century run in six hours.

The parade will start from Main avenue and Third street east. All bicycle riders are invited to participate. There is no charge for anything. "Safety-First" booklets will be given all riders.
