YOUTHFUL HEAD GOES TO DEATH

Richard Reese Whittemore, Leader of "Million Dollar Crime Ring," Hanged for Murder of Prison Guard.

(By The Associated Press.) BALTIMORE, Aug. 12.—Richard Reese Whittemore, head of a now shattered "million dollar crime ring," was hanged this morning for the murder of 16 months ago of Robert H. Holtman, a Maryland penitentiary guard.

His coat for most part was a shirt-sleeved one and good natured. An hour before midnight it was gathered in knots near the prison entrance, and he was being swung bodily and police were having no difficulty in controlling it. Mothers with children in their arms and clinging to their skirts were scattered throughout.

There was a chance for the world-beating execution to be a "mercy" death, chamber being located well inside the penitentiary walls, out of sight and hearing.

Richard Reese Whittemore's criminal career left him out in a petty race with the aged and with a name longed after by his head, he crowded into the space of a few months most of the highlights of a felon's boisterous life.

It was a comparatively little known gunman, with a prison reputation for being "hard," when, serving a term for burglary, he walked out of Maryland penitentiary on February 20, 1925, with the keys of a mortally wounded guard. Thirteen months later he was back in the penitentiary, but a patrol picked him up as a suspicious character after a chase at gunpoint from the federal penitentiary to the East's most successful criminal organizations of recent years.

Whittemore is the fellow for playing the guard—Robert H. Holtman—the first important act in his brief, spectacular career. Holtman, his only murder victim, was shot two days after Whittemore escaped. Whether Whittemore actually was guilty or not, the federal return reported nearly reached when the

Crowd at Nebraska Capital Grets Twenty-one Planes Participating in Tour.

LINCOLN, Neb., Aug. 12.—Twenty-one planes of the Edsel Ford reliability tour landed at a private airfield several miles south of Lincoln today while a crowd of more than 2000 persons looked on.

Yancey Brown, piloting number 23, a Ryan plane, was the first to arrive, sweeping down the finishing line at 11:48:55 a. m. The first plane to leave was Minnie Phipps, No. 10, piloted by J. G. Day, arrived at 12:14 p. m.

CANTON TROOPS MOVING NORTH

Chinese Forces Backed by Bolshevik Sources Menace Wu Pei-Fu in Hunan Province.

PEKING, Aug. 12.—The northward movement of Cantonese government troops against forces of Marshal Wu Pei-Fu, chief of central China, has disrupted plans for enrolling the Kuomintang troops, the national army of the Peking government, departed last April by Wu Pei-Fu and Chang Tso Lin, director of Manchuria. The Kuomintang and the Cantonese government long have been supported from bolshevik sources of Russia against which Wu Pei-Fu and Chang Tso Lin have united.

Wu Pei-Fu has made little headway in his campaign against the Kuomintang forces, entrenched in the mountains north of Peking, with their base at Kalgan. Menaced by Cantonese government troops, Wu has been compelled to order a strong concentration of his forces in Hunan province to oppose their northward march.

Excellent Equipment. Two Cantonese armies led by Commander Chen Ching in the north have been equipped by the expenditure of many millions, and expert observers believe that the present Kuomintang through Hunan may force Wu Pei-Fu to go personally to the aid of his harassed troops.

Dismissing Proceedings Against Farm Secretary. WASHINGTON, Aug. 12.—Suit for an injunction to restrain Secretary Jardine from putting into effect a plan for federal cooperation with the fresh fruit and vegetable industry, filed by a group of Cincinnati growers, was dismissed today in the District of Columbia supreme court on motion of government counsel.

The court held that, even if Secretary Jardine was not authorized by Congress to establish the proposed board for the adjustment of disputes among growers of fruits and vegetables, and that the department of agriculture with that industry, S. A. Ozerai company, and Leonard, Crosswell & Hiley, lacked such interest in the matter as to entitle them to sustain the action for an injunction.

"The scheme of proposed cooperation between the department of agriculture and the handlers of fresh fruits and vegetables," said Justice Jennings, "is not in any way connected with the coming session of the prohibition of a purely voluntary cooperative.

FIND BODY OF CHAUFFEUR

CAMPO, Calif., Aug. 12.—The body of Don McCreary, former chauffeur for the famous Jackie Coogan child film star, and who was sought in connection with the shooting of a watchman at the Coogan ranch in Los Angeles Tuesday, was found shot through the head at the Coogan ranch here today by Los Angeles police detectives.

STEWART FAVORS RELIEF

Low farm relief advocates today found reassurance in the first public speech of the new Iowa senator, Albert B. Stewart, to succeed Senator Albert R. Cummins. The new senator declared he would carry on an aggressive fight in the coming session of Congress for a cultural legislation satisfactory to the midwest.

WEATHER AIDS MEN IN BATTLE AGAINST FIRES

Flames in Most Sectors of Idaho, Montana and Washington District Under Control; Californians Fight.

(By The Associated Press.) MARYSVILLE, Mont., Aug. 12.—Favorable weather in most of the forest areas of the Washington-Idaho district resulted in marked advances in clearing the flames which have been eating through valuable timber for several weeks, according to reports from forestry headquarters here today.

The most menacing fire now burning is on the Clearwater forest where each gust of wind scatters the flames and starts innumerable spot fires.

Four of the largest fires on the Katibon reserve now are under control, but it will require an additional hundred miles of trench to hold the flames on that forest.

Report Progress. Crews on the Pacific Oreille reserve reported good progress, although, as in the Kankanae trench work is needed.

Fires on the Plathred were held last night with the exception of the conflagration at Woodward lake. One new fire on the Kootenai and three on the Coeur d'Alene forests were reported.

Half a million dollars have been spent fighting outside the national forests and one hundred thousand acres of land have been burned over in Washington this summer, the Washington forest fire association reported today.

The atmosphere in eastern Washington continues dry and the humidity, the government weather bureau stated. The state is without prospects of rain. Seattle is nearly six inches short of the 25 inch average.

Two hundred men were fighting fires on Bacon creek and Beaver creek in the Mount Baker national forest, 100 miles north of here.

Most of the fires outside of the national forests have been in logging-off and burned over land, with little damage done to green timber or young trees.

Three hundred men were attempting to establish flames which had swept ten square miles in logging lands north of Port Haney, B. C. Bridges and donkey engine and logging equipment have been destroyed.

Forty cars of tourists from the Yosemite valley were halted near Grosvenor, Cal., yesterday to battle a fire which is raging on a three-mile front, according to reports brought to Monterey today by fire fighters.

Several hundred men fought the flames side by side, with tourists at a distance in knickerbockers.

Pocatello Selects Definite Site for Broadcasting Plant

Tests Held in Gate City Determine Best Location for Radio Station KSBZ.

POCATELLO, Aug. 12.—Broadcasting station, will be located on the east side of the city instead of on the roof of the Hancock hotel, it was decided here today after extensive tests had proven the corner of Center and Ninth avenues to be unusually free from any interference.

The lot here has been leased with an option to buy it outright and plans for a new building have been drawn up. Work on the building will be started immediately and will be rushed to completion in order that actual installation of the station can be made and necessary preliminary tests be conducted prior to placing the first program on the air from Pocatello.

OFFICE CLAIMS CHIEF EXECUTIVE

President Coolidge Attends to Government Affairs as Visiting List Becomes Clear.

PAUL SMITH, N. Y., Aug. 12.—President Coolidge's engagement list clear of visitors, he spent today at the executive office attending to government business and in the solitude of White Pine camp. The mercury stood at 87 degrees, as reports were received of temperatures around the century mark in Washington.

An overcast sky, with occasional light falls of rain, whipped by a chilly breeze cause little discomfort to the president and he spent several hours at his desk disposing of matters which were described as routine in character.

Hoover to Report. A report on business conditions in the country is to be made to Mr. Coolidge tomorrow by Secretary Hoover of the department of commerce, who will also take up a number of departmental matters with the chief executive.

Secretary Kellogg of the department of state is to arrive by automobile Sunday morning and with Mrs. Kellogg remain at the summer White House several days. He is to be followed by Senator Wadsworth, republicans, New York and a number of others whose names have not been announced, but who will appear here almost every day during the next two weeks.

John Coolidge, son of the president and Mrs. Coolidge, who has been attending the summer school of the University of Vermont, is also expected here soon, upon the completion of his course, to remain until September.

ANDREWS WILL ORGANIZE RUM CONTROL FORCE

Chief of Prohibition Enforcement to Act Immediately in Setting Up Machinery to Carry Out Liquor Compacts.

(By The Associated Press.) NEW YORK, Aug. 12.—Immediate organization of "a bureau of foreign control" in the prohibition department to direct the practical application of the prohibition agreements between this country and foreign nations, was announced today by Brigadier General Lincoln C. Andrews.

It is even possible, he acknowledged, that the work of this new bureau may entail sending prohibition men to foreign ports.

General Andrews, who returned last night after reaching an agreement with English statesmen on the liquor smuggling situation, spent this afternoon at the University club in conference with Thurston A. Atterbury, chief of the assistant. Later he was scheduled to see Major Chester P. Mills, local administrator, before leaving for Washington.

Immediate Action. "My first work in Washington," he said, "will be to build up the machinery that will put into practical effect the compact we now have with Canada, Mexico, Cuba and the European countries and especially the agreement just consummated with England. I plan to establish a new, small bureau of foreign control which will have active supervision of the work."

"I believe we are now on the high road to effective enforcement. Foreign governments are working with us to eliminate smuggling, and are making good progress toward the absolute control of the diversion of industrial alcohol."

Reveals Status. During his talk with newspaper men General Andrews was asked concerning the status of A. Bruce Holsaki, who testified during the trial of members of the Dwyer rum ring that he was a special agent of Mr. Andrews here, receiving about \$100 a month.

"Mr. Holsaki is a secret agent," General Andrews said today. "That why there is no record of him. He is not paid \$100 a month for any other reason. He is paid for what he accomplishes, and that might amount to \$20,000 a year. He is paid out of a fund for the purchase of evidence which comes provided at my request."

General Andrews said that last year there was a \$50,000 fund for the purchase of evidence in prohibition cases, but that at his request Congress had raised the amount to \$250,000 this year.

Arrest Brother of Pastor's Wife on Charges of Murder

Willie Stevens is First to Be Taken Into Custody in Revived New Jersey Case.

SOMERVILLE, N. J., Aug. 12.—(By The Associated Press.)—Willie Stevens, a brother of Mrs. Frances Stevens, who was arrested this evening in New Brunswick in a warrant charging him with the murder in 1922 of Mrs. Annie's husband, the Rev. Edward Wheeler Hill and Mrs. Eleanor Mills, a chauffeur.

A warrant charging another also was issued today for Henry Carpenter, a cousin of Mrs. Hill, and another for William J. Moore, a cousin in New Brunswick, at which Carpenter was arriving on a train, to make the arrest.

FIVE RESCUED MINERS BRING CHEERFUL TALE

Quintet Entombed in Kentucky Mine for 153 Hours Tell Stories of Prayer Meetings Rather Than of Suffering.

(By The Associated Press.) SALTSMITH, Ky., Aug. 12.—A story of prayer meetings rather than of suffering was brought out of the Hudson Zinc and Spar mine today by five miners imprisoned in its depths for 153 hours.

"It was a cheerful tale, as bright as the sun, boys; I ain't sick," of Randolph (Bob) Hill, one of the quintet, upon the sunlight again. It recounted how during the long hours without food and without little water the men became convinced in the simple faith of the western Kentucky folk that their souls were saved.

One of them did not yield until long after the others did and he was the subject of long prayer, and when they emerged this morning on their cloth caps, they were all smiling.

"If we are dead, when you find us, we are saved."

Two Escape. Even now, working on a special night shift at the mine near where collapse of a wall blocked their outlet at 10 o'clock last Thursday night, two of them were still smiling, and they have saved himself also, but he ran farther back to call the other four and found himself out off.

The five, George Castiller, Harry Watson, U. B. Wilson and Randolph and James, ranging in age from 27 to 45 and all married, were taken in charge until Ambassador Sheffield returns from his forthcoming vacation in the United States, personally sent to the foreign office to make representations in behalf of Grande, because earlier in the morning Ambassador Sheffield had been notified that the five were in the mine, where the eddy in occurred and was suffering severe pain and had a cold.

Their clothes, heavy with the mud of the mine pit, were cut from their backs at the mine's first aid station, where they were taken amid cheers of the workers and the mingled laughter and tears of friends and relatives, and then they were ready to go home and tell their stories.

Relates Experience. Cobb told an Associated Press correspondent that he had never undergone as follows: "Two of the boys were on the ground at the time of the collapse of 200 men working and one of them shouted 'The cut's pulled' boys, and rushed for the shaft. Two of us just fell off the shaft and were working and met the rushing water."

"The water buried Wilson and James down but the rest of the boys clung to the rim of the shaft and clung to the water. The rest of us climbed up, too, and began figuring. We

Los Angeles Man Held in Mexican Jail on Technical Charges of Alleged Fraud.

MEXICO CITY, Aug. 12.—(By The Associated Press.)—The United States embassy by means of a note and also through urgent representations today took up the case of J. P. Grande, of Los Angeles, who was being held in jail, in Mexico, on technical charges of fraud in connection with agnana laws.

Arthur H. Lane, first secretary of the American embassy, who will be in charge until Ambassador Sheffield returns from his forthcoming vacation in the United States, personally sent to the foreign office to make representations in behalf of Grande, because earlier in the morning Ambassador Sheffield had been notified that the five were in the mine, where the eddy in occurred and was suffering severe pain and had a cold.

Wearing Topcoat On Warm Day Is Youth's Downfall

Young Member of Rockefeller Family Would Evade Customs, But Costume Worn Is Dead Giveaway.

NEW YORK, Aug. 12.—(By The Associated Press.)—A millionaire's youth dipped a pillious hand into the pockets of a young man in a topcoat who had been arrested for a violation of one of the family's youthful heirs.

Stirling Rockefeller, 22 years old, son of the late William L. Rockefeller, and a grandnephew of John D. Rockefeller, was caught in the net for those who would bring back memories of their trips abroad, duty free.

After the fine had been paid, customs officials were so convinced that young Rockefeller had attempted to evade the customs regulations in a spirit of bravado.

But George E. Dowis, a representative of the William G. Rockefeller estate, who paid the fine in cash, says that the young man's topcoat must have given young Rockefeller some hint alive, because he had told him that there's nothing wrong with him.

The youth ran afoot of the customs men when he started to walk easily toward the customs barrier last night after debarking from the liner France, wearing a topcoat with bulging pockets.

An inspector who believed anyone wearing an overcoat on a 90 degree day needed closer inspection, halted him and searched him. In the top coat pockets were found an expensive English pipe, a pair of binoculars, three ornamental automatic razors, some of which had been declared, although the youth had made a correct declaration, other goods brought back.

Seizure of the undeclared goods and the case was referred to Philip H. King, collector of the port. The fine of \$750.00 was arrived at by assessing the value of the goods plus 100 per cent personal penalty. The articles were returned as soon as the fine was paid.

# CROPS SLIGHTLY BELOW AVERAGE

Composite Condition of Idaho Agriculture Shown to be 97.2 Per Cent of 10-Year Mark.

BOISE, Aug. 12. (AP)—Idaho's crops now have a composite condition of 97.2 per cent, or 2.8 per cent below the 10-year average August 1. It has been reported by Julius H. Jacobson, federal agricultural statistician for Idaho, that reports from threshing machines indicate somewhat better yields than expected, the report shows. Winter wheat, spring wheat, oats and barley all have slightly better prospects than a month ago while hay, potatoes and fruit crops registered lower yields.

**Increased Yield.**  
The preliminary acre-yield of winter wheat is placed at 25 bushels, an increase of 1.2 bushels over the 10-year average, while quality equals the average for the 10 years. Yields are reported excellent in northern Idaho. Spring wheat, estimated at 15,837,000 bushels, combined with the winter crop, indicates a total crop of 23,642,000 bushels, an increase of 26,042,000 bushels harvested last year. Other estimates place oats at 5,481,000 bushels and barley at 4,569,000 bushels, gains respectively over last year of 401,000 and 235,000 bushels. Corn crop estimated at 1,100,000 bushels, a slight increase over the 10-year average. Mr. Jacobson reported, with prospects unfavorable for a third cutting of alfalfa. A total crop of 7,450,000 in 32,000 tons of hay is below the 1925 harvest. Present production of peaches at 15,288,000 or 107,000 bushels above 1925 average and 25 per cent increase in average. Apple production is estimated at 1,500,000 bushels, an increase of 692,000 in 1925. Idaho's peach crop this year will total 200,000 bushels in comparison with 23,000 bushels last year. Boise, Aug. 12. (AP)—The forecast shows, will ship 1700 cars of Italian prunes this season, in comparison with 1014 in 1925.

THE ABOVE PHOTOGRAPH is the last taken of Richard Jesse Whitmore, youthful head of a "million dollar crime ring," who was hanged this morning for the murder eighteen months ago of Robert H. ## YOUTHFUL LEADER OF BANDIT GANG HANGED

(Continued From Page One.)  
crime organization was shattered, revealed itself as an almost entirely self-supporting crime unit when police dug into its secrets. It had its own private "shops" for receiving stolen goods and maintained its own channels of disposal, realizing a much higher profit on its loot than is usually the case. The profits were apportioned among the gang members, the apportionment being made by Whitmore, who personally supervised its operations. So successful had the gang's system been, that police at first declined to make public the details of a confession of Anthony Palumbo, one of Whitmore's henchmen, on the grounds that it set a dangerous example.

The gang's breakup was rapid after Whitmore and two companions visited the Chicago night club in the early morning of March 19, last. He was trailed from the door by a ranging patrol, forced from his automobile several blocks away, and taken to headquarters, where his identity was established. The remainder of the gang were rounded up one by one, largely through a police watch on Mrs. Margaret Whitmore, the bandit chief's wife, who was living with him in a downtown hotel.

**Tipped Off System.**  
Palumbo "tipped off" the system in his confession, and incriminated besides Whitmore, Leon and Joseph Kraemer, brothers, Milton "Shuffles" Goldberg and "Baltimore Willie" Kunkelbach, the last to be arrested.

Neither of the crimes, however, was even connected directly on the gang. Whitmore admitted shooting Edward "Spike" Kenny, at a Middle River roadside on the outskirts of Baltimore, last November night. Kenny recovered in a hospital with a police guard around the building.

Whitmore pleaded poverty when arraigned in Baltimore. What became of his reputed fortune in last was never developed. Edgar Allan Poe, who was appointed by the court to defend him, was a former state attorney of Baltimore, former attorney general of Baltimore and former president of the Baltimore bar association.

**Guilty of Murder.**  
Whitmore was found guilty of first degree murder on May 21. Last both the Supreme bench of Baltimore and the Maryland Court of Appeals had denied Whitmore a new trial, Governor Ritchie of Maryland reviewed the case. Edgar Allan Poe, Whitmore's counsel, contended the evidence justified nothing more so very than a verdict of second degree murder. Whitmore's defense was that he struck the guard in self-defense during an altercation, and

## NAVY CONTINUES DRIVE FOR MEN

Salt Lake Office Announces Campaign in Compliance With Department's Order.

SALT LAKE CITY, Aug. 12.—The navy recruiting stations in Montana, Idaho, Wyoming and Utah will headquarter the drive for new men, according to orders issued by the navy department at Washington.

Recruits in the navy are being filled at the rate of 750 men per week, but it is stated that prospective volunteers will permit acceptance of new men without limit for some time. The navy department's orders to the local stations direct that as has been the custom, young men and their parents should be contacted from their community. The excess of new men are desired, the two most aircraft carriers, which will be completed within a year. These ships will require 700 trained engineers besides the aviation experts for their 100 airplanes.

## FIVE RESCUED MINERS BRING CHEERFUL TALE

(Continued From Page One.)  
figured the water was gaged below. We did not know it was to the shaft. We laid there till Friday morning.

I guess, and then we all got victory from God, except James. He failed. After first aid the men were sent to their homes and family reunions were in progress. Their women folk had chattered around the mine, opening for a week their eyes and with tears and they thought that their men were dead that their men were saved. Several of the women, overcome with emotion, began shouting, but were calmed by grim faced mine workers. The men were given a little light food and sent home and put to bed.

SALMON RIVER DISTRICT DIES
TREE-SPRAYING DISTRICT PLAN MAKES HEADWAY

Order for Dissolution is Granted by Court Without Protest at Hearing.
Application for court order dissolving the Salmon River irrigation district was granted by Judge T. Bailey Lee in a decision held in December, 1924.

Councilmen Call for Draft of Ordinance Under Which City Would Take Care of Parkings; Traffic Problem Up.
The proposed tree-spraying district would be established by ordinance, the procedure being similar to that of the existing street lighting district.

Would Buy Sprayer.
Trees on the parkings would be sprayed for eradication and control of insect pests, and one of the first items of expense to be charged against the district would be the purchase of a power sprayer such as has been used heretofore for spraying large trees on both private and public grounds throughout the city.

Cinderella Shop Holds Potent Lure
In luxurious settings designed to make it one of the smartest establishments in the kind in this region, the Cinderella Dress shop at 17 Main avenue west, will be opened today by Manager L. S. Cummings and a corps of able sales people to show to the attractive position in Twin Falls' merchandising field.

The entire floor of the shop is covered with a heavy velvet carpet, and the establishment has been furnished with view to making it home-like and attractive. Hundreds of coats have been placed on display on hangers, while a large number of dresses in a rich array of dyes is similarly displayed in a long line on the other side of the room.

The Cinderella shop here, which is one of a number of similar establishments in Utah and Idaho, will operate on the divided payment plan enabling patrons to pay while they wear their new garments.

ANNOUNCEMENTS

The young people of the Methodist, Presbyterian, Catholic, Brethren and Baptist churches have announced a lawn social in which they will unite, to be held at the residence of Mrs. J. L. Chapman farm on Blue Lakes boulevard, the third house north of the water reservoir. The time is to be held at 1:30. Conveyances will leave the Methodist church at that hour.

DEATHS

BELETZ—Maxine June Holtz, daughter of Mr. and Mrs. Lawrence G. Holtz of Bliss, Idaho, died at the Twin Falls county general hospital at 1:30 Thursday afternoon. Cholera infantum was given as the cause of death. The body will be taken from the Blue and Company mortuary today to Hagerman, Idaho, where funeral arrangements have been made.

Court Tests Opium

When a controversy was started over whether the evidence in a narcotic case was opium, the English judge ordered it brought to the bench, where he tested it and pronounced it opium.

Beware Warning Signs of Failing Glandular System

Science Now Knows That Tired, Weak, Worn-Out Conditions Often Caused by Glandular Insufficiency.
Thousands of men and women are weak, worn-out, run-down and exceedingly nervous, having lost their strength and weight and fail to recognize the cause, which is often glandular insufficiency, or a weakened glandular system.

Glands exert a remarkable influence on normal health and vigor, according to the scientific treatment of glandular insufficiency. Now eminent physicians of this country and Europe are using a simple method of glandular treatment. That's Different, of Course

There is nothing truer than that Blood is thicker than water, and there is no greater evidence of this than when a man goes out with blood in his eye and a club in his hand to seek out some boys who are raising a disturbance in the street and when he finds out that they are his own sons: "Oh well, boys will be boys"—Library Press.

Pep's Dairy Unique

In all English literature there is nothing so seductive as the story of the time in which it was written, between 1900 and 1905, in "The Diary" it was inscribed in shorthand by Samuel Pepys and was not published until 1823. The years in which it wrote were gay and profigate times.

Chivalry Never Dead

Some say that the age of chivalry is past, that the spirit of romance is dead. The age of chivalry is never past so long as there is a wrong to redress on earth.—Kingsley.

"NOT A MERIT MADE THAT CAN TOUCH KARNAK"

That's What Quast Says After It Stops His Stomach Troubles And Builds Him Up Pounds.
"Here's a medicine made that can 'touch' Karnak," says Walter Quast, Odessa, Wash., well known farmer.

"Three years ago I felt like I had a sore enough run-down condition, and had barely 100 lbs. just about 'all in.' As sure as I ate next I'd had my lunch with so bad I'd beled for hours, and there were dull pains in my stomach and across my back that made it almost impossible for me to work.

"Constipation caused me no end of misery. I was too nervous to get a restful night's sleep, and my system seemed a jumble of all strength and vitality. I was just about 'all in.' As sure as I ate next I'd had my lunch with so bad I'd beled for hours, and there were dull pains in my stomach and across my back that made it almost impossible for me to work.

"Well sir, four bottles of Karnak has given me a sure enough appetite, has built me up to pounds, and has put me in a state of health. My stomach is in perfect order, Karnak Pills have rid me of constipation, my nerves are steady and night I sleep like a kitten back of a warm stove. My, I'm just like a new man, and you too! I recommend Karnak to all in Twin Falls by the Schramm-Johnson Drug Co. and all leading druggists."

THE SPORTS OF A DAY

DAGLIA HURLS BRUIINS TO WIN IN FINAL GAME

Big Peter Best Spud Ace in Hurling Duel; Twin Falls Heavy Stickers Go to Work; Teams Travel Northward.

Peter Daglia, hurling superb ball, enabled the Bruins to take the first game of the series from the Spuds 7 to 3. The two clubs left this afternoon for Idaho Falls to play their more game...

Daglia was right from the start, holding the heavy slugger Spuds sorrowful and allowing but two safe hits until the seventh. In the fatal seventh a walk and two singles brought in two runs when Eddie Gorman led the slugger through him.

The Bruins got to Stark early in the game. In the first inning Apperson walked and Thompson got a two-bagger. Zambich pitched one over fence for the circus. Again in the third inning the Bruins gathered another tally out of three hits. And in their fifth the Bruins made their last fully when Apperson singled and Thompson caught the Spud infield...

This was a fast game all the way with only one error credited to both teams. The crowd was large for a 2 o'clock game. The Bruins came home again a week from today with Logan and the directors have been attempting to make a deal with the Logan management to have the Collegians come here for the first three games next week which would cover traveling expenses for the Bruins. So far nothing definite has been obtained from the Logan directors on the deal.

First Inning. Idaho Falls—Hutton fanned; Collins walked; Johnson walked; Dunning fouled; Apperson and Collins went to third; Johnson stole second; Rose fanned. Two runs, no hits, no errors.

Second Inning. Twin Falls—Apperson walked; Thompson hit a two-bagger; Zambich got a homer, scoring Apperson and Thompson; Burke struck out; Zambich fanned; Apperson and Zambich scored; Dunning out stealing. Three runs, three hits, no errors.

Third Inning. Idaho Falls—Burke popped to Magley; Cronin hit by Daglia; Callaghan fouled; Stark singled; Hutton fanned. No runs, one hit, no errors.

Fourth Inning. Twin Falls—Apperson singled; Apperson stole second; Thompson hit to Burke; Zambich singled and Cronin ran; Apperson down toward home plate; Apperson and Zambich scored; Zambich fouled to Dunning. One run, three hits, no errors.

Fifth Inning. Idaho Falls—Hutton grounded to Zambich; Burke grounded to Rose; Cronin grounded to Rose, who made a pretty catch. No runs, no hits, no errors.

Sixth Inning. Idaho Falls—Dunning grounded; Rose hit a two-bagger; Burke grounded to Dunning; Cronin fanned to Zambich. No runs, one hit, no errors.

ALABASTER ISN'T IT? NO VENUS.

Rose; Maloney grounded to Cronin; Daglia fouled to Dunning. No runs, no hits, no errors.

Seventh Inning. Idaho Falls—Callaghan walked; Stark singled; Dunning fouled to Apperson; Collins singled and Stark and Callaghan scored on Gorman's error; Collins was out at third; Johnson flied to Backer. Two runs, two hits, one error.

Eighth Inning. Twin Falls—Gorman grounded to Collins; Apperson popped to Callaghan; Thompson walked; Zambich forced Thompson at second. No runs, no hits, no errors.

Ninth Inning. Idaho Falls—Hutton flied to Apperson; Collins flied to Maloney; Johnson singled; Dunning fouled to Johnson. Second. No runs, one hit, no errors. The box score:

TWIN FALLS SECOND IN LEAGUE SUPPORT

Twin Falls stands second in point of attendance, according to a statement put out by President Nyso of August 12. Pocatello continues to lead in attendance with Twin Falls not far behind. Idaho Falls holds a safe margin on third place so that the three main clubs are supporting the league in fine fashion.

The attendance at Twin Falls has been improving continually since the opening day and the Bruins club is likely to finish in first place if the attendance gains as it has in the past. The following figures show the amount of money turned into the league as a percent of the gross receipts from the sale of tickets.

NAME FOUR CANDIDATES FOR COLORADO PRIMARY. DENVER, Colo., Aug. 12 (AP)—The democratic state nominating assembly tonight named four candidates for the United States senatorial nomination in the party's September primary election, among them William E. Sweet, former governor.

Paul Prasser, Denver attorney, led the quartet with 509 of the assembly's total of 1221 votes. Sweet gained 375, while Harry Luhrs, of Denver, and Frank J. Hayes, former president of the United Mine Workers of America, trailed in the order named.

State Senator William Adams gave the assembly's overwhelming endorsement for governor, although he declared he would not make the race. Judge Samuel Johnson of Arvado, who gained anti-wide prominence as the trial judge in the Blazer murder trial at Littleton, Colo., last fall, and Colonel W. C. Danks of Steamboat Springs, also were designated as party candidates in the September primary.

Custom Started by King. At the first performance of "The Messiah" in Westminster abbey, the effect produced upon George II was such that he started to his feet and remained standing until its conclusion. His example was followed by the entire congregation, and it has been customary ever since to stand during the performance of this chorus.

Red Holmes has been recalled by Los Angeles and will leave for the coast city this week. Red Collins, Spud, shortstop, will probably step into Bill Leard's shoes as the pilot. Red made a nice catch there yesterday, going into center for a high fly.

Zambich was hitting the old stride again with plenty of base hits and he also made a nice catch of a high foul. Burke, left gardener for the Spuds, rubbed Thompson of a nice two-bagger. The Irish boy was playing swell there for a hit and Pete got it.

Daglia was working like a clock and turned in his eighteenth win of the season. It was a battle between the two leading pitchers of the league and Pete proved his superiority. Jimmy Cronin made another one of those deep stops yesterday and got his man. The Spud third sucker is going good.

Rose finally found his batting eye and got a couple of two-baggers off Pete. Johnson also got a single in the ninth which was about the first one for him this series. Phil Apperson added to his total of bases stolen today, making it 33 for the season. Eddie Gorman is dropping behind the center gardener and has only 29 to date. Apperson has been getting his base hits with regularity in this series.

Dagella went into the cellar for the first time this season by being yesterday's game. The last few clubs running so close together that the loss of one game may put a club from third to last place. Only the Spuds remain safe from the onslaught. Can't see any baseball for a week but the old score board will be working. See you there. That's all.

BOARD APPROVES DEMPSEY MATCH

New York Athletic Commission Advises Tex Rickard to Go Ahead With Arrangements.

NEW YORK, Aug. 12 (AP)—The state athletic commission today gave its unqualified approval to the Dempsey-Tenney heavy weight battle and ordered arrangements to stage the fight at the Yankee stadium on September 16, in spite of the fact that Dempsey has not yet received his license and has an immediate prospect of getting it.

While the commission was journeying through this action in a summary half hour session, declaring Dempsey in good standing on all counts and recommending that he be given his official permit, the other officers of the board were thrown into an uproar by a fiery tilt between the champion and Paddy Mallon, gray haired manager of Harry Wills, that nearly ended in the palm coming to blows.

Mallon, accused by the refusal of the commission to give him a further hearing and the apparent slacking of his lingering hopes of matching his big negro with the champion, set off the

intervention by calmer spirits, including Gene Norriss, one of Dempsey's business agents, prevented the clash from going further, but Mallon's fight a final knockout when an exchange of that he had been offered and refused \$50,000 to withdraw the challenge of Wills for a title match, now on file with the commission.

"I won't reveal now who made that offer, but I'll do so at the proper time. This whole thing has been a frame up and I can prove it." The flare between Dempsey and Mallon provided the most dramatic event of the day, but caused scarcely more sensation than a new rift between the members of the athletic commission and the license committee, thus spoiling prospects that the champion would be granted his license to fight Tenney.

sharp of a long smouldering feud by starring Dempsey. "I'm greeting as they bumped into each other in a crowd of newspaper men and other onlookers. "Mallon accused Dempsey of "double crossing" in his various dealings for a match with Wills, then called the champion a "liar" as the latter denied, sending a letter to the commission from Los Angeles last March and articles signed with the Coliseum Club of Chicago, in spite of his white hair and fifty years, the aquiline Mallon stamped out to his feet, his face livid with anger, as Dempsey turned away with a remark that "it's a good thing you're too old."

"I'm not too old to take you on," shouted Tenney, raising his fist. "If you won't fight my fighter, I'll lick you."

Intervention by calmer spirits, including Gene Norriss, one of Dempsey's business agents, prevented the clash from going further, but Mallon's fight a final knockout when an exchange of that he had been offered and refused \$50,000 to withdraw the challenge of Wills for a title match, now on file with the commission.

## RED SOX DROP TWO CONTESTS

### Boston Opens Home Stay by Losing Twin Bill to Athletics, 5 to 1 and 5 to 0.

BOSTON, Aug. 12. (AP)—The Boston Red Sox opened their home stay here today by dropping two games to Philadelphia. The scores were 5 to 1 and 5 to 0. The second game was called at the end of the seventh inning because of rain.

Philadelphia score	5	1	0
Boston	1	5	0

Batteries—Flinke and Perkins; White and Gassner.

Second game: R. H. E. Philadelphia 5 12 0 Boston 1 5 0

Batteries—Murray and Chalmers; Zuhbar, Welzer, Husell and Stokes.

### INDIANS VICTORIOUS

CLEVELAND, Aug. 12. (AP)—Cleveland and Chicago finished their series for the season today, Cleveland winning 3 to 0. The ninth game was called at the end of the seventh inning because of rain. Miller kept the Chicago hits well scattered and registered his second shutout off Chicago this season.

Chicago	0	0	0
Cleveland	3	0	0

Batteries—Murray and Tate; Miller and E. Sewell.

### SENATORS TRIM YANKEES

WASHINGTON, Aug. 12. (AP)—George Murray, once a Yankee, held his former teammates to three hits today, the Senators beating the third straight game from the league leading Yankees 5 to 2. Walter Bower, former Washington outfielder, led off with a home run in the box for New York. Babe Ruth not only failed to get a hit, but fanned once.

Washington	5	0	0
Yankees	2	0	0

Batteries—McQuinn, Beall and Seaver; Murray and Tate.

### BROWNS BEAT TIGERS

ST. LOUIS, Aug. 12. (AP)—The St. Louis Browns scored five hits in the third and eighth innings today and won from the Detroit Tigers 7 to 2, thus splitting the two game series.

Detroit	2	0	0

The score: St. Louis 7 2 0 Detroit 2 0 0

# THEATRE

### "40 WINKS" AT IDAHO

"The Manxman" picture with Gloria Swanson and Eugene O'Brien now showing at the Idaho theatre, will be replaced tomorrow for one day only by a return engagement of the Paramount picture "40 Winks" with Viola Dana, Raymond Griffith and Theodore Roberts. This is one of the best comedy dramas that has been in Twin Falls this season. The added short features consist of a Buster Brown comedy, "Huckleberry Party," and a chapter of "The Radio Detective," the latest serial.

The Saturday morning matinee for children will be "The Manxman" while the new Warburton organ is being installed.

### Resistance of Phones

Many people have the mistaken notion that the resistance of headphones is a measure of their quality. Actually, radio headphones of 2,500 ohms resistance may be much better than others of 5,000 ohms resistance. The resistance is determined by the length, size and kind of wire used in their construction. Their performance is a matter of proper engineering design and the use of good materials.

## Quaker Oats "stands by" you through the morning

Important for Children and Grown-Ups Alike

HOW you feel all morning depends largely on what you eat for breakfast. That's because more energetic folks are because of your breakfast eating.

That's why you must have a well-balanced, complete breakfast. At other meals—lunch and dinner—you get it. But breakfast is hurried—often badly chosen.

That Quaker Oats, containing 10% protein, food's great tissue builder, 30% carbohydrates, its great energy element, plus all-important vitamins and the "bulk" that makes laxative action mild, is the dietetic urge of the world today.

Don't deny yourself the natural nutrition this food offers you. Get Quaker Oats today. Grocers have two kinds: Quick Quaker, which cooks in 3 to 5 minutes, and Quaker Oats.

### RUSSIAN PEASANT FILMS MOVIES STILL A LUXURY

SAMARA, Russia, Aug. 12. (AP)—The post-revolutionary peasant differs from his pre-revolutionary prototype not in external—such as dress and habits—but he has acquired new tastes.

Though still fond of his melancholy he is no longer content with mere song and dance. In a comparatively short time he has become a movie man, and he is frequently wading miles to see a bit of pale, whitish, whizzing life.

His regular movie picture house is still an outdoor affair in the typical Russian village. Hence the portable picture apparatus—machinery, film and all—must be taken to the village, usually by a troop of young communist sent boys, but poorly equipped with a few long interlopers. The picture is rarely if ever accompanied by music, unless the local band of blind violators of the law. A large percentage of the sight-seers cannot read headlines, making it difficult to understand the plot. It is present to cheer titles, thus crudely feeding fanatic curiosity.

A train of automobiles, pushing towards the audience makes gypsies out.

# BROSE LEADS IN OFFICIAL COUNT

### Commissioners' Canvass Tallies With Unofficial Tabulation in Close Race on Republican Ticket.

Official canvass of primary election returns made Monday by Twin Falls county commissioners with official returns backing from only Thomsen, preacher, showed W. P. Brose, banker, for nomination on the republican ticket; that Robert Brose, Sr., of Hook Creek had defeated W. P. Broson of Kimberly, incumbent, for nomination for third district county commissioner by margin of four votes. Unofficial returns were used in conjunction with the official canvass of returns from other precincts in the county which showed that Brose had received 969, and Brecken 965 votes.

This computation is identical with the totals shown by the unofficial tabulation.

Mr. Brose sat with the commissioners throughout the day while the canvass was being made.

The official count showed some variation of totals as compared with the unofficial tabulation, but no change in the results.

Canvass of the republican primary, with the exception of the returns from Thomsen precinct, and of the democratic primary was completed by the commissioners Monday. The count was completed on Wednesday afternoon and the returns from the progressive party's primary election.

The official canvass established the fact that Judge John E. Davis of Twin Falls had defeated Chester G. A. Divesh of Juhl for the democratic ticket in the democratic primary, the only contest for nomination on the democratic ticket. Total votes for Davis were 150 and for Divesh 112.

### On Two Tickets.

Mrs. Charlotte Doid, who was re-nominated for county superintendent of schools on the republican ticket, received seven votes in the democratic primary and thereby became the democratic candidate for that office.

The canvass indicated that approximately 100 votes were cast in the republican primary and about 250 votes were polled in the democratic primary.

Republicans held primary elections in all of the county's 28 voting precincts except American and Shoshone basins. Democrats held primary elections in 18 precincts.

# New Manager for Rialto in Charge

Management of the Rialto theatre, Shoshone street north, was assumed Monday by C. J. Reed of Long Beach, California, under whose direction extensive remodeling and renovation of the building was being carried on. Improvement is to be made immediately in the ventilating system; the entire floor is to be covered with white enamel, and the theatre is to be generally reconditioned in a program that is designed to put it in the forefront among Twin Falls showplaces.

Mr. Reed, who is a brother of William Reed, the building contractor and former Twin Falls citizen; lived in Twin Falls for about 18 months in 1925. He has returned with a view to taking a permanent place in the city's business field. He was accompanied from California by Mrs. Reed, who left Monday evening for a brief visit in Salt Lake.

## WILLIE WILLIS BY ROBERT QUILLEN

"I like to have my arm tied up like this, but I wish it was where a Indian had shot me instead of just a boll."

Only parts of the district and the first crop is making good growth. The condition of potatoes is somewhat improved and the early varieties are being dug and sent to market. Beets are not improving and the crop will be light. The seed pea harvest is about completed. Hunge food is scarce, though the rains were of benefit in some sections.

## IDAHO CROPS IN GOOD CONDITION

Gem State's Fruit and Grain Ripening Early Says Report of Agricultural Department.

Wheat threshing is nearing completion in the vicinity of Twin Falls; potatoes and most beans are doing fine; the red clover crop looks good; apples are growing rapidly, and peaches are ripening fast, and earlier than usual, according to the weekly summary of weather and crop conditions in Idaho which is published by the United States department of agriculture for the week ending August 10. The report continues:

In north Idaho the weather continued dry and moderately warm until Saturday when the long drought was broken in scattered sections by light thunderstorms. The showers served to cool and clear the air to some extent, but caused no material interruption to farm work. Threshing and harvest are well along in all but the latest districts and much grain has already been delivered to warehouses. The yields generally have been excellent and better than expected, following the hot and continued dry weather. The planting of land lettuce is in progress and will be completed early this week. Pasture ranges, all truck crops, and corn and grain. Stock continue in good shape.

In the southwest warm weather continued during the first half of the week but temperatures were generally lower at the close. Moderately heavy rain fell in Washington county, but in some sections no rain was reported. Threshing is in full swing in all parts of the district with close to average yields in the irrigated sections. Orchard fruits are growing rapidly, peaches are coloring, and peaches are being picked and shipped. Fall lettuce is coming up to a good stand in the Parma section. Pasture and ranges are dry and stock are being fed in some localities.

In southeast Idaho warm weather continued with light to heavy rains in many sections the last of the week. Winter wheat is being harvested and threshed, while spring grains are ripening and being harvested in many sections. The second crop of alfalfa is in stock in all but the most north-
