

ENGLISH CHAIR OF PACIFISM AT KIEL UNIVERSITY

Prussian Ministry of Education Appoints Dr. Schneeking as Professor of International Law and International Peace.

(By The Associated Press) BERLIN, Aug. 25.—Chair of pacifism has been established at Kiel university.

Professor Schneeking is one of the five German delegates to the Versailles peace conference.

Before and during the war Prof. Schneeking was professor of international law at the University of Marburg.

While bolshevik Russia was buying with high interest Felix E. Dzerzhinsky, the creator of the cheka, or secret police.

A revolution in Germany before 1923 is proclaimed by Dr. Max Kemmerich of Munich, one of the country's leading statesmen.

The revolution will be precipitated by an overt act of the monarchists and the growing dissatisfaction of the working classes with the present economic policy.

A section designated as "Act and Rite" will be a special feature of the police exhibition in Berlin during September and October.

Berlin's coming theatrical season will be dominated by revues. No less than nine theatres announce revues for the season's program.

Fluffy, luscious biscuits! The secret is in a baking powder. Nothing else can make them quite like a cream of tartar product.

REPORTERS FAIL TO QUIZ MORGAN

Friend of Financier Works Ruse on English Newspaper Men; as Ship Enters Port.

LONDON, Aug. 26. (AP)—J. P. Morgan was rather agreeably surprised when he arrived on the Majeestic because he was not interviewed by reporters.

Neglect to ask the financier a few questions was brought about by one of Mr. Morgan's friends, who told the newspapermen that the New York banker had not a word to say "as usual."

"Boys," remarked the spokesman to the news men, some of whom had been covering ship arrivals even before the days Clarence Darrow started coming over for the week-end to swap stories with King Edward.

Examinations conducted—State educational department examinations were held Thursday and will continue today in the Twin Falls high school building. It was announced Thursday by Miss Charlotte Fink, equity superintendent of schools.

Return From Coast—Mr. and Mrs. Wilbur Hill returned Thursday from a two weeks trip to the Puget Sound country in Washington. They were accompanied on their trip by Mrs. Portland by Mrs. W. R. Priole, and Sam Tom who were recently called to Wenatchee, Washington, by the death of Mrs. Priole's wife.

IRON BRIGADE'S TRIP LAMAR AT 60TH REUNION DEN MOINES, Iowa, Aug. 26. (AP)—Passing years and rapidly thinning ranks of "The Iron Brigade," one of the famous union army units of the civil war have not discouraged that

loyalty organization from holding another convention in conjunction with the sixtieth annual encampment of the Grand Army of the Republic, here September 10 to 21.

For more than 20 years "The Iron Brigade" has played a leading part in G. A. R. encampments.

The brigade comprised the 2nd, 4th, and 7th Wisconsin and the Indiana regiments. It was commanded by General Rufus King and assigned to McDowell's division of the army of the Potomac in August 1861. It won the sobriquet of "The Iron Brigade" through its iron endurance and indomitable courage which characterized its fighting. The brigade lost 500 men when it met Stonewall Jackson's men.

Investigation concerning diets for the inmates of the hospital.

boys of school age, carried on a regular basis by Dr. H. C. Hight. A report of the medical research committee, in a report, Dr. Hight says: "It is startling to learn that the addition of one pint of milk a day to a diet which by itself satisfied the appetite of growing boys, could convert an average annual gain of weight of 3.85 pounds per boy into one of 10.5 pounds per year. An annual average increase in height of one inch to 2.03 inches. This unobtainable gain due to the addition of nutrition was proved to be due to the qualities of milk as food."

"Baby" Thackeray, a 6-year old youngster of Portsmouth, who is just a little taller than his tennis racket, is England's latest hope for regaining her lost tennis titles. In the South Sea Juvvite tournament, where the little was the youngest and smallest competitor, he took a youth twice his size and age to three sets, winning the first set, then dropped the 7-5, 6-3.

Young Thackeray has remarkable tennis knowledge for his age. He drives, volleys and hits in fine form and says his ambition is to grow up to be a great big tennis star at Wimbledon.

Love at the steering wheel of the automobile is being frowned upon by the Chesire county council, whose members are endeavoring to discourage one-hand driving among flittering young men.

Drivers seen on Sundays and holidays steering with one hand, with the other arm about a girl's waist, have been the subject of several hours' discussion by the council members.

One of the councilmen recalled that he once was young himself.

"But," he added, there was no danger in those days, "because usually when we went sporting we used the old family gun, which was well trained and didn't need any guiding."

THE DANCE at the Ketchum Klapp Hotel is on Monday September 6th, August 26th, 1926. Music by the Lovato Orchestra—Advs.

Diets for the inmates of the hospital.

A woman's athletic association announces that the woman who would be both beautiful and fit must secure 60 hours' sleep a week, eat only fresh fruit between meals, drink a pint of milk, relax for 20 minutes, and take an hour's outdoor exercise daily.

Wife, Weapons and Horse Share Prize In Heart of Druse

Warring Tribesmen Love These Three Things Above All; Flirting on Part of Spouse Punishable by Death.

BOUHIDA, Djebel Druze, Aug. 26. (AP)—The Druse loves three things above all: his wife, his weapons and his horse.

The Druse morals are of exemplary purity. The slightest flirt on the part of the woman is punishable with death. Never can the young Druse woman, who has been careless enough to allow her admiration and love for some young warrior bold to become too visible, hope to marry the choice of her heart.

Cheer Husbands to War. The women play a great part in the preparation of a Druse military expedition. When the tribesmen mount their horses and rally forth to war, only their wives and the elderly women of the tribe have a right to range themselves along their passage and chant cries of encouragement.

The young girls must remain home. If the advancing cavalier, waving his scimitar or his rifle in honor of the cheering, singing women, is a veteran of many campaigns, the women cry: "You have right to salute us and be proud, we know your valorous deeds." Should the passing horseman be going to war for the first time however, they shout: "Be humble. We shall see you at work, then decide whether you are worthy of our cheers."

Are Excellent Nurses. In the advancing cavalier, waving his scimitar or his rifle in honor of the cheering, singing women, is a veteran of many campaigns, the women cry: "You have right to salute us and be proud, we know your valorous deeds." Should the passing horseman be going to war for the first time however, they shout: "Be humble. We shall see you at work, then decide whether you are worthy of our cheers."

But it is in nursing the wounded back to health that the Druse women render the most valuable services to their warriors. Handed down to them from generations of warfare, their knowledge of surgery and medicine makes a practical trained nurse out of every mother and sister of the man in the field. They manufacture their own balm and drugs out of herbs and although not officially known as such, can boast of one of the best "Red Cross" in the world.

TWIN FALLS MEN CONSIGNORS TO UTAH RAM SALE

Local Hampshire Breeders Enter Stock in National Event at Salt Lake City Which Starts Next Monday.

Among the largest consignors of Hampshire sheep to the eleventh annual ram sale and sale of the National Woolgrowers' association in Salt Lake August 29, 30 and September 1 will be Robert Hines, of Elling, J. L. Brockmeier and A. Haugstien of Twin Falls, the Gillette sheep company and E. H. Hobbs of Chateaufort, and the Thousand Springs Ranch of Wendell, according to word that reached here Thursday from officials in Salt Lake City.

Officials of the association report that the entries in this year's sale include stud and range rams of the Rambouillet and Hampshire breeds that are of high merit and better suited to the commercial range flock than any lot of sheep ever before offered to western breeders and range men.

The announcement continues to say: "The thousand Rambouillet, range rams and the Hampshire breeds are the pens at the Salt Lake yards by Monday morning ready for the opening of the sale Monday morning by the Hon. Dwight Lincoln, secretary of the Rambouillet Sheep Breeders' association, official order for the event. These rams are the selections from the four most flocks of the country. Breeders and buyers know that the national sale brings out the cream of the year's supply of rams.

The consignors to the sale and the buyers come from all the states in which wool and lamb production are important industries and in which the most successful efforts have been made to improve the breeds to meet the changing and advancing requirements of fashionable market demands and necessity for economy of production.

Not Fancy Stock

"The word fancy can not properly be applied to the rams in this sale," Mr. Marshall explains. "While they represent the best of the breed, the scientific breeding, they are the offspring of sire and dams that have been bred to produce the best of the western ranges that produce the wool and lambs that make up the income of the sheep owners and that contribute so largely to the welfare of the western states. The stern demands of the markets and the necessities for vigor and hardiness to thrive under the hardships of the open range have been the guides of the breeders. They have invariably selected stock for constitution and vigor and have not yielded to the temptation to produce artificial or pampered animals which would be attractive to look at but unsuited to requirements for commercial production.

"The stud rams and ewes of the various breeds have been selected with closer scrutiny than ever. The association has discouraged breeders from entering the sale as single stud rams but the most outstanding individuals suitable for service in special tract flocks maintained the best production of range rams. This has resulted in placing in the pens of range rams many high class individuals that formerly were sold in the stud section.

Reduced railroad rates are expected to give the sale a large attendance. The fare will be not lowered especially for the sale, but visiting sheepmen will have advantage of the regular summer fare. The livestock committee of the Salt Lake chamber of commerce is planning to entertain the visitors during their stay in the city.

WYOMING FOSSILS SOUGHT BY FIVE UNIVERSITIES

CHEYENNE, Wyo., Aug. 21. (AP)—Wyoming may become the "Gobi Desert of the United States."

In search of the fossils of the gigantic mammals and reptiles of prehistoric ages, five universities this summer have sent scientific expeditions to delve into the rocks of practically every section of the state.

Wyoming was once a huge sea and recently has uncovered a number of fossils of huge prehistoric eels, 50 to 75 feet long. They resemble the fabled sea serpents.

Huge fossils of the animals of the Jurassic period in the Mesozoic era have been discovered in central, northern and southeastern Wyoming.

AIR SERVICE ENLISTS AID OF OLD TIME STEREOSCOPE

DAYTON, Ohio, Aug. 25. (AP)—The stereoscope, that parlor thriller of the nineties, has come back strong and in a field where it may save lives.

The stereoscope has joined the United States aerial photography service.

There are times in war when the topography of a tract of land is as important to an army as the layout of fields and buildings, and ordinary photographs do not show topography well. Now the aerial photographer takes one shot and then a second a hundred feet or so farther on. When he looks the two photographs are placed in a powerful and special built stereoscope that makes hills stand up until they almost poke the eye in the eye.

Fields and cities, indistinguishable in an ordinary photograph, yawn enormously when viewed under the stereoscope.

MANY GRANGERS ATTEND PICNIC

Senator William E. Borah Unable to Address Farmers; Captain E. M. Sweezy Talks.

Seven hundred members of the Twin Falls Grange Farmers grange assembled for the annual picnic at the county fair grounds at Elling Thursday noon.

Senator William E. Borah, who late Wednesday evening informed J. H. Crawford of Bull, secretary of the county grange organization, that he would make every effort to attend the meeting and deliver the address, wired at 12:15 a clock Thursday noon that he would be unable to attend, due to a prolonged session of the Nampa water users, with whom he is in session at that time. In the absence of Senator Borah, Captain E. M. Sweezy of Twin Falls delivered the principal address at 1:30 o'clock, on the subject of "The Grange and the Long and Short Haul."

Gooding Views Wrong

Mr. Sweezy opposed the view of Gooding regarding the introduction of the national issue and successfully established in the minds of the members of his audience the inconsistency of the present freight rate system from an Idaho and intermountain point of view.

The committee in charge of the national grange event were the general committee composed of J. H. Crawford of Bull, George E. Hunt of Bull and L. O. C. Colar of Cedar Grove, committee on arrangements, J. Gardner of Elling, L. Brown of Maron, L. G. Cobb of Cedar Grove, Finance committee, C. D. DeWitt, L. E. Moore, G. K. Kuntz, Bull; program committee, G. Kuntz of Bull and J. R. Crawford of Bull.

MEXICAN COAL NATIONALIZED

The Mexican government declares its coal deposits national property. That is to say, "nationalizes" its coal, an Great Britain has taken exactly the same course in the case of its own mining war, Mexico recently made a similar declaration regarding her petroleum. The new mining laws, on which the coal zoning is based, apply to all her mineral wealth.

THE POOR RICH MAN

An insurance company, trying to find out how much insurance a rich man should carry, made investigation of all the estates of \$50,000 or over which went through the probate court of a thickly settled county in the over two years. It made some interesting discoveries.

One Truthful Man

A new story of the French actor-actor, Sacha Guitry, recently came to light. It was during the war when Guitry was living in Paris. A young body who could afford to be living the city. Mr. Guitry met several acquaintances, each of whom had a different version of what had happened. The doctor says my patients must go South," said one. "My wife needs a change," said another—and so on. "Why are you going?" one asked Mr. Guitry, after a long pause. "I'm going," he answered. "Because," was his reply, "I'm frightened to death."

When Chairs Were Standard

Chairs, which, with their standardized designs and efficient aids to comfort and movement, only civilization as we know it has brought into being, only became popular in England toward the end of the Jacobean period, according to "Water-Bench" story, written in the Antiquarian Magazine. "An inventor," he says, "taking in 1621 at Gilling race, Yorkshire, mentioned only two chairs, although there were 25 made by the time he was done. Charles II entertained Cosmo the Third, grand duke of Tuscany, at dinner, the only chair was that provided for the guest of honor."

New York City's Water

The boroughs of Manhattan and Bronx, New York city prior to the introduction of Catskill water, were supplied entirely from the Croton watershed. The Croton watershed furnishes about half of the water supply. The other half is obtained from the Esopus watershed. The Catskill supply, introduced in 1917, is obtained from the Schoharie and Esopus watersheds. In the Catskills, the water is directed through the Standen dam, which is available for the main Catskill aqueduct. The Schoharie reservoir lies about 14 miles west of the Hudson at Kingston, N. Y. The Croton watershed extends 22 miles north of New York city, and has an area of 375 square miles, and a safe yield of 350,000,000 gallons a day. The water from the Croton watershed is collected in 15 reservoirs and 4 lakes and ponds.

Cheese as Aid to Beauty

Cheese, asserts Professor Samuels, is one of the most perfectly balanced foods, and it is an aid to beauty. The best reason to eat cheese regularly is a bite of cheese taken regularly before going to bed. He refers to the fact that the girls living in the cheese-producing sections of Europe are noted for their beauty and clear complexion. They are perpetually beautiful because they eat the whey from their cheese as a tonic.

Spot to Be Gagged

Authorities say the Adams apple is the most noxious and most dangerous man food. Pressure with both thumbs at this point is almost unendurable, while a sharp blow there will paralyze the power of speech and interfere with breathing and swallowing to a degree that is torturing.

LEGAL ADVERTISEMENTS

REPUBLICAN STATE PLATFORM

WISCONSIN, Aug. 26.—The platform adopted Wednesday by the republican state convention follows:
The republican party assembled in convention, presents to the voters of the state of Idaho the record of the present state and national administration in a brief of which the Idaho republicans feel proud, because during those administrations the problems of the state and nation were met by the application of time honored republican principle, economy and efficiency in government.

When economic conditions were to get slow and economy, we have followed that principle. An opportunity presented for more than ordinary development, the genius of the republican party has been applied along constructive lines. In state and nation during the past administration, economy and efficiency have been carried out and we submit that record to the voters of the state. To achieve this, the republican party has to a great extent fitted its times.

Taxes Reduced.—Specifically we call attention to the fact that during republican administration of the state and nation since the world war, tax rates have been reduced each biennium both at state and national levels. The republican party in Idaho points with pride to the record of the state and nation. They have been watchful of both the interests of the state and nation, and have acted to preserve and protect them at all international and world affairs, nor have they failed to be zealous in protecting the interests of their constituents and the great industries of their state.

Indebted to Gooding.—The courageous stand for just and equitable freight rates for Idaho and the information furnished by Gooding earned for him the support of all who would see our basic industries prosper and grow. Particularly commendable efforts in behalf of agricultural relief and commercial law for his adherence to the principles of such legislation as would bring desired results.

Command Congressmen.—The services of our representatives in congress, Hon. Burton L. French and Hon. Addison T. Smith have been continued over such a period and have affected so advantageously the welfare of our state that the republican commendation seems superfluous. No state in the union has congressional representatives more interested in the welfare of their constituents than the next session of congress shall take up the question of agricultural relief legislation, making it a party measure.

Important Orchard Growers.—Commissioner Kjosness, Dean, Sabin, and State Chemist will inform orchardists of new U. S. ruling governing shipments, especially preparation of fruit to avoid excess spray poison. Meeting at Parish Hall, Tuesday, August 31, 1926.

WORKING NEGRO IS NOT JAILED FOR GAMBLING
BIRMINGHAM, Ala., Aug. 26 (AP)—Working negro caught shooting craps should not go to jail, in the opinion of Judge H. B. Abernethy, Jefferson county court at Birmingham. To that end, the court has adopted "anti-jail slips" which are proving very popular.

Develop Resources.—"We believe the time has come for a constructive program of development of Idaho's resources and a definite campaign looking toward the development of the state's resources. We believe in Idaho and its tremendous possibilities, always having in mind the necessity of keeping such resources and participating in the development of such agencies as impressing upon the congress of the United States, and the Fall River Mendocino statute, that it may be available to insure stability of water rights in present established channels."

PROGRESSIVE PLATFORM
"Whereas the present cabinet favor and favor a return to the constitutional form of government, we favor the enactment of a direct primary law for nomination of all elective officers and appropriate legislation to carry out the provision of our constitution as to initiative, referendum and recall.

WATER PEDDLERS FIGHT MODERN SYSTEM IN PEKING
PEKING, Aug. 26 (AP)—In China the conflict between the old and the new is continually going on. Now it is the fight against the water peddlers, one of the most ancient and profitable of the old order, making a desperate fight against the modern method of distributing water through underground pipes.

THIS VERSATILE YEOMAN NAVY'S MOST VALUABLE
LOS ANGELES, Aug. 26 (AP)—Leo Richmond and the rest of the navy. That's the way the 1478 officers and men of the U. S. West Virginia speak of their second class yeoman. "Richie" is a yeoman, a poet, a composer, a playwright, a stenographer, a radio announcer, a spiritual adviser and a fighting man on "Circus Sam's" most formidable fighting ship.

FAMOUS TREES FALL TO TRAFFIC IN WASHINGTON
WASHINGTON, Aug. 26 (AP)—More and more of the romantic beauties of the national capital are disappearing beneath the juggernaut of modern traffic. The relentless earth recently has done its worst to many of the fine old trees that for so long have spread their ample shade over the wide walks, lawns and drives of the city.

Ether and Light Waves
Ether is the medium through which, according to the wave theory, light waves are transmitted through space. It has been assumed that inasmuch as ocean waves are made of water, and sound waves are made of air, light waves must be composed of something, and to supply this want our knowledge a medium called ether was postulated.

HAS NEW LEASE ON LIFE SINCE TAKING KARNAK
Denver Man Thought He'd Never Be Able to Work At His Trade Again, But Is Now Back On Job In Pink Of Condition.

"Karnak has simply given me a new lease on life," declares H. O. Nilsson, 3775 Tamarac Street, Denver. "I had contracted a severe case of indigestion and heartburn and indigestion made me feel like there were nails driven into the pit of my stomach. I would blurt with gas fill my clothes felt too tight and I was never without headache day or night. Why, I could eat little more than enough to keep me alive. I lost months from my work and began to think I'd never be able to work at my trade again."

STARS ASSUME NAMES TO SUIT PERSONALITY
CHICAGO, Ill., Aug. 26 (AP)—Names of movie stars suit their personalities and if those possessed are not satisfactory movie suitable ones should be provided. So believe the players in Metro-Goldwyn-Mayer studios, in advancing reasons why many of the film actors assume other than their own cognomens.

BOARD BEGINS SESSIONS
BOISE, Aug. 26 (AP)—Idaho's state board of education opened sessions today to consider state-wide educational matters. The board today examined audits of the state educational institutions. Members of the board are Huntington Taylor, Coeur d'Alene; Stanley A. Easton, Kellogg; Clemy St.

WOMAN'S COURAGE
In active courage women are inferior to men. In the course of endurance they are commonly their superiors; but their passive courage is not so much fortitude which bears and defies as resignation which bears and yields.

AMERICA USES MUCH TIMBER
North America, with one-twelfth of the world's people, uses about one-half of all the timber consumed in the world.

WONDERFUL ORCHESTRA
Probably the largest orchestra in the world plays for the rajah of Java, says the Detroit News. It is his personal organization and has 1,200 members. One of the principal instruments in the band is a native device called the gamelan. It is a percussion instrument, and accidentals are called by it as they are described.

TO SUBMIT BRIEFS.
BOISE, Aug. 26. (AP)—Attorneys for the Teton Coal company and the Oregon Short Line today agreed to submit briefs to the state public utilities commission on the petition of the rail road for dissolution of the position of the coal company for reduced rates from its Teton county mines.

LOWER PRICES ON ALL GRAINS

Splendid Weather and Impending Movement of Spring Wheat Sends Values Down.

CHICAGO, Aug. 26. (AP)—Splendid weather and the impending movement of spring wheat from both sides of the Canada line led to lowering of all grain values today. The wheat market closed unsettled, 7 3/4 to 1 1/2 down, grain 2 1/2 to 1 1/2 off, oats showing 1 1/2 to 1/2 to 3/4 decline, and rye showing 1/2 to 3/4 decline on a setback of 7c to 1c advance.

Market Canadian wheat. A rush of Canadian wheat market was reported, influenced by the crop improvement reported to have taken place. Owing to the weather of the past few weeks, yields in Canada were said to be exceeding expectations. Besides, new export buying of North American wheat today was of unusual volume, about 30,000 bushels. On the other hand, early strength here resulted from the fact that the shipment of wheat from Chicago was large. Furthermore, gossip was current that a large shipping agent intended in September delivery might amount to 100,000.

Table with 4 columns: Wheat, High, Low, Close. Rows include Sept, Dec, May, and various grades of wheat.

PORTLAND GRAIN. PORTLAND, Aug. 26. (AP)—Wheat—100 lb bulk, head white, stem short, 1 1/2; head white, western white 1 1/2; head white 1 1/2; north 1 1/2; head white 1 1/2; west 1 1/2.

OMAHA GRAIN. OMAHA, Aug. 26. (AP)—Wheat—No. 2 white 1 1/2; No. 2 white 1 1/2; No. 2 white 1 1/2; No. 2 white 1 1/2.

CASH GRAIN. CHICAGO, Aug. 26. (AP)—Cash. Wheat—No. 2 hard 1 1/2; No. 2 hard 1 1/2; No. 2 hard 1 1/2.

TOLLEDO BEED. TOLLEDO, Aug. 26. (AP)—Wheat—No. 2 hard 1 1/2; No. 2 hard 1 1/2; No. 2 hard 1 1/2.

PORTLAND LIVESTOCK. PORTLAND, Aug. 26. (AP)—Cattle—Receipts 100; market steady; 100 lb live 10; 100 lb live 10.

LOS ANGELES LIVESTOCK. LOS ANGELES, Aug. 26. (AP)—Cattle—Receipts 100; market steady; 100 lb live 10; 100 lb live 10.

BOSTON WOOL. BOSTON, Aug. 26. (AP)—The general market for wool is quiet, with a few small transactions.

SAN FRANCISCO LIVESTOCK. SAN FRANCISCO, Aug. 26. (AP)—Hogs—Light hogs 10; heavy hogs 10; market steady.

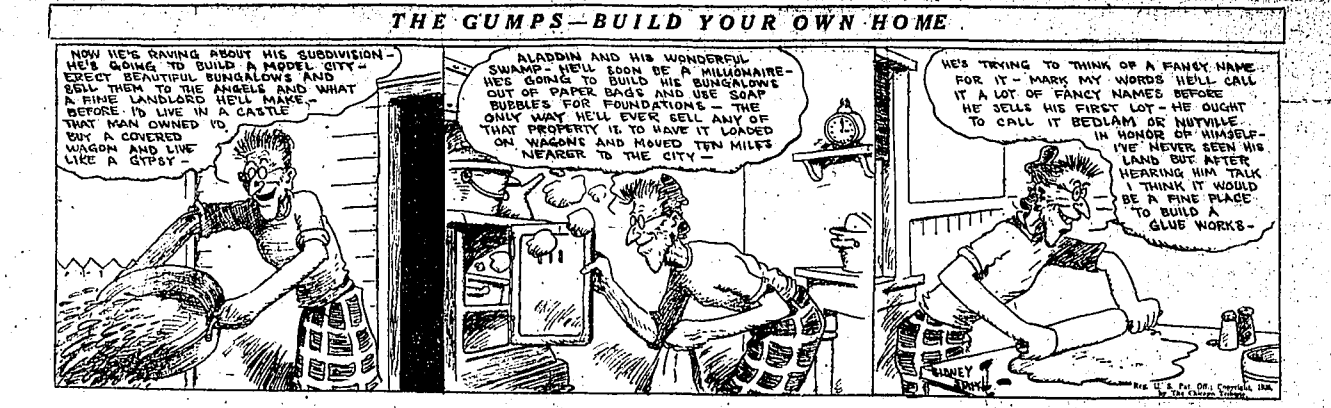

LIBERTY BONDS. NEW YORK, Aug. 26. (AP)—Liberty bonds 100; market steady.

MONKEY. NEW YORK, Aug. 26. (AP)—Market for monkeys is quiet, with a few small transactions.

CHICAGO LIVESTOCK. CHICAGO, Aug. 26. (AP)—Cattle—Receipts 100; market steady; 100 lb live 10; 100 lb live 10.

Wheat and other grains are expected to reach the people you want to attract.

MARKETS AT A GLANCE

NEW YORK: Stocks—Strong; five northwest corn at 19 1/2; 19 1/2; 19 1/2. Bonds—Steady; 430,000,000 West. Foreign exchange—Easy; German marks held above former 'peg' price. Cotton—Lower; improved weather forecast. Sugar—Irregular. Coffee—Higher; trade buying. (COPACAM). Wheat—Easy; anticipation early spring wheat movement. Corn—Lower, sympathy with wheat. Cattle—Steady to strong. Hogs—Mostly higher.

STOCK MARKET HALTED. NEW YORK, Aug. 26. (AP)—The selling movement in the stock market today was halted today when operators of the floor resumed bidding for a resumption of stock trading, which took place of a further stiffening of call money interest rates, was not associated with anything in the day's news although several more excellent July railroad earnings reports made their appearance. Speculators working for higher prices apparently decided that many stocks had been overvalued and succeeded in forcing several short coverings throughout the day. Commission houses reported that public participation was on a small scale, the day's sales falling just short of 1,000,000 shares.

POTATOES AND PRODUCE. CHICAGO, Aug. 26. (AP)—Potatoes—Trading fair, market steady on all stock except Minnesota, which dull. Receipts—Receipts 100; market steady. United States shipments 600; receipts 225. Minnesota receipts 100; receipts 225. Minnesota receipts 100; receipts 225.

ODDEN LIVESTOCK. OGDEN, Aug. 26. (AP)—Hogs—Receipts 100; market steady; 100 lb live 10; 100 lb live 10.

PONIES OF FOUR STATES TO RUN AT COUNTY FAIR

Eighty Horses Will Compete for Supremacy on Flier Track; Elaborate Preparation for Annual Event Being Made.

Eighty saddle and harness horses will be entered by their owners, to represent four northwestern states, at the races to be run during fair week at Twin Falls county fair grounds at Flier, beginning September 2 and concluding four days later, according to an announcement issued Thursday by George N. T. Mehl, secretary of the fair association. Twenty of the equine contenders for supremacy on the track are already on the scene, prominent among the owners who have made entries are Noah Dennis of Revere, William Phillips of Logan, (Clare Allen of Rupert, L. E. Mehl of Dillon, Montana; William Williams of Deshaun, Oregon; A. J. Heston of Logan, J. W. Swank of Taylor, Idaho; H. Johnson of Tulaheer, Idaho and Bert Smith of Logan.

Fast Horses Entered

"Mary J" owned by Bill Williams of Blanton, Oregon, will be one of the outstanding competitors for high honors. "Mary J" has run the mile in 2:04.14, or 12 1/2 seconds more than the world's record. "Sala," one of Bert Smith's ponies covered the mile in 2:12.14 and will be in the race at Flier. J. Heston's "Hal Heston," Noah Dennis' "Goddie Van" and "Miss Linwood Belle," favorite of many here, who is owned by C. H. Johnson will all compete.

Daily Races

In the afternoon two harness races and two running races will be scheduled. During the evening Thursday and Thursday one running race, one harness race, and a woman's saddle horse race will be staged. The half mile track is being groomed to perfection by a corps of men.

Other features of the week's program will be musical numbers and the giving of \$1000 worth of fireworks Friday evening.

"We expect a 40 per cent larger crowd this year than has ever been in attendance at the Twin Falls county fair," said Mr. Tucker Thursday evening.

ANNOUNCEMENTS

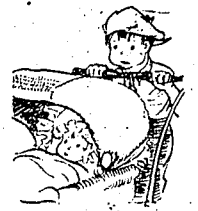

Members of the Methodist church choir will meet tonight at the home of M. Dale, south of Twin Falls, for a picnic at eight o'clock.

The Mountain View club will hold its annual picnic August 29 in the Bull park with a basket lunch at noon. All club members and their families are cordially invited.

Twin Falls grange will meet Friday evening at 8 o'clock at the home of M. Dale, south of Twin Falls, for a picnic at eight o'clock.

WILLIE WILKS BY ROBERT GUILLEN

"I wish babies could run around as soon as pups, so big brothers wouldn't have to mind 'em."

Victims of Auto Accident Return

E. E. Gibson and Clinton Newman of this city arrived Thursday from the hospital, where they were taken Friday night to receive treatment for severe cuts about the face and neck that were sustained when the Dakota touring car in which they were riding crashed into the rear end of another machine parked on the state highway a few miles north of Hulett. Both are well along on the road to recovery.

Witnesses state that the machine in which Newman and Gibson were riding was traveling at about thirty miles per hour. Mr. Newman, the driver, switched his head lights to dim as an indication for a fellow motorist who was approaching from the opposite direction. Mr. Newman's vision, however, was obstructed by the approaching machine's lights, and before he was able to bring his car to a stop it had struck the rear end of the automobile parked on the highway, with out a rear tire.

The two men suffering from glass cuts were taken to the Hulett hospital by a passing motorist, where they received surgical treatment. The car in which the two local men were riding was damaged extensively.

ORGAN CONCERT WILL BE GIVEN AT IDAHO

Dedication of the new \$11,000 Hope-Jones organ which was built for the Idaho Theatre by the Rudolph Wurlitzer company of New York will take place tonight with Wanda H. Amour at the console. The program that will be given tonight will be as follows: "Emeralds and Shamrocks," by Wallace; "By The Waters of Minnesota," by Lenore; and "Way Down South," a descriptive medley from Crawford. The organist will be assisted by Ted Silva, banjo artist, and Joe Kachler.

Following the concert, "The Show Off," a feature picture will be flashed onto the screen. This will be followed by "Taking the Air," a comedy and "The World's Eyes."

BANBURY NAT WILL CLOSE

Banbury Nat will close Sunday night, September 5th. Better pull off that interred picnic soon as it will be too late for the food will be spoiled and the entrance gate locked on that date.

The general public is thanked for their generous patronage during the swimming season.—Adv.

WEATHER FAVORS CROP CONDITION

Government Report Shows Harvest Well Under Way in Gem State; Grain and Fruit Fine.

Cooler weather was recorded for Twin Falls and surrounding territory for the week ending August 24; not clover is being cut for seed; some corn at all kinds are in excellent condition; the peach and pear crop is being harvested, and apple pickers are at work on the orchards. According to the report on weather and crop conditions issued by the United States department of agriculture for the Twin Falls county for the week ending August 24, follows:

The summary of weather and crop conditions in Idaho for the week ending August 24, follows:

In Northern Idaho, light to moderate rains on the first four days of the week effectively broke the long drought and was of much benefit to vegetation and cleared the atmosphere of smoke and haze. Threshing and the harvest of spring wheat in the later districts were delayed a few days, but are well ahead of the average time and well along completed in the next ten days. Peach harvest is on in full blast. The tomato crop is exceptionally good. Beans harvest is beginning. Beans are fair and were benefited slightly by the rains. Head lettuce is up to a good stand and is being thinned.

In Southwestern Idaho, temperatures were much lower most of the week, but the week two the contrary, excepting warm showers fell in all parts of the district and were sufficiently heavy in some localities to be of considerable benefit to crops. But were becoming dry on account of insufficient irrigation. Grain harvest is practically completed. Corn and threshing are progressing rapidly. Green peas and pear harvest is in full swing with heavy crops of excellent quality. Beans harvest is beginning in the Emmet district. Apples are coloring nicely. Ranges are mostly dry though improved in some sections by the showers.

In Southeastern Idaho temperatures were moderate with warm days and cool nights. Light showers fell over most of the district Thursday, but were too light to be of material benefit to growing crops. Harvest and threshing are progressing rapidly in all but the later sections. The second crop of alfalfa is mostly in the stack and the third is making good growth. Early potatoes are being dug and shipped and the later varieties are doing well. Seed peas are being threshed. Feed on the range is dry, but stock are in good condition.

DEATHS

ROBERTSON

J. W. Robertson died suddenly of heart failure Thursday evening at six o'clock. The body was taken to the Drake Mortuary. Funeral arrangements will be announced later, when word is received from relatives.

NOTICE

Residents of Twin Falls having room or board and room for teachers are requested to leave their names at the office of the Superintendent of our schools before Monday, August 26.

THE PAGEANT PLAY "ADAMANT"

will be given at the Methodist Church Sunday evening, September 29, under the auspices of the Epworth League.—Adv.

Drama From Pen of Twin Falls Woman To Be Played Here

"Adamant," a three-act drama from the pen of Mrs. Clifford Merrill, of Twin Falls will be presented by members of the Beta Delta club in the Methodist church, Sunday evening at eight o'clock. Mrs. Merrill, formerly hostess of the dramatic department of the local club, is the author of the play and will carry the leading character role herself, Sunday evening.

The production a pageant—tells the story of the early church in Rome—the persistence of the Christians and of Roman families, and the conversion of many of the people of that period to the Christian religion.

The first two acts have as their setting a roof garden in Rome; the setting of the last is in a dungeon near the outskirts of the capital of the Roman empire.

Members of the Beta Delta from Kimberly, Flier and Twin Falls are represented in the cast which is as follows, in the order of appearance: Aurelia, Hazel Brown, of Kimberly; Lucia, Dorothy Monthou, of Twin Falls; Julia, Janice Tamm, of Flier; Marzia, Harvey Wood, of Kimberly; Antonia, Mrs. Merrill of Twin Falls, the director; Roma, Hope Rice, of Twin Falls; Roman guard, Dean Miller, of Twin Falls; Olivia, Helen Stearns, of Twin Falls; her father, Donald Kilburn, of Kimberly; Christian, Luther Biss and George Monthou.

Stage scenery for the play was built by George Monthou, the organization's carpenter and manager.

SCHOOL CHANGES ARE ANNOUNCED

Senior High School Students To Register One Week Before Formal Opening.

Twin Falls high school seniors will report in the high school auditorium for registration next Monday afternoon at 1:30 o'clock according to an announcement made Thursday morning by Miss Mary Ruth Fisher, principal of the school. Junior-senior report at the same time on Tuesday, and Sophomores will report on Wednesday. Registration will make it possible for classes to begin actual work Monday morning, September 6, and will do away with the formalities of registration on that day. Under the new system classes of the classes will be standardized, and each class will be closed after 25 pupils have enrolled.

Five minutes will be added to the hour hour by dismissing morning classes at 11:55 o'clock. School will be resumed at 1 o'clock. The first afternoon class will be dismissed at 3:50 instead of four o'clock. The afternoon advisory period has been reduced to five minutes in length, and the fall six periods a day have been retained. Eight o'clock supervised study periods will be held for high school and junior high students who are dismissed at 3:55 in the afternoon in order that they may enter the school tracks to their rural homes.

Warm Night Followed By Moderate Weather

Forecast for Today—Fair.

Relief from the recent high temperatures was felt Thursday when the highest point, the mercury recorded was 85 degrees, thirteen points less than the maximum for the preceding day.

The night before last was one of the warmest of the year, with minimum at 60 degrees. Only two nights have been warmer, one at 62 late in June and another at 61 the first of July. Thursday morning's low was two points higher than the low for Wednesday morning.

GANNETT MAN SUFFERS FROM ATTACK BY BEES

HALLEY, Aug. 26.—Heber Stanfield of Gannett is suffering from the stings of a swarm of bees that attacked him last week. The onslaught occurred near Silver Creek, and for refuge Mr. Stanfield jumped into the creek, but the bees continued to fight over him. He was in the water, and at the time of his rescue he had about one hundred and fifty stings of his unfortunate encounter. He is still under the doctor's care.

MAN RUNS AMUCK

CHICAGO, Aug. 26. (AP)—Running wild with a shotgun, a man believed to have been crazed by the heat or liquor, tonight shot and killed one man and wounded three others as he fled through the crowded concourse of the Illinois Central station and was himself shot and killed by a store owner as he roved the street in Park Row just outside the station.

PASTOR ACCEPTS CALL

HALLEY, Aug. 26.—The Rev. Will S. J. Dumville, who stationed at Shoshone has served as pastor in Halley for seven years, completed his services here Sunday night and will depart for his new field of work at Idaho Falls the first of September.
