New York Takes First Game of Series From Second Place Indians; Score 6 to 4.

CLEVELAND, Sept. 15. (AP)—New York beat Cleveland in the first game of the series today, taking the lead in the chase for the pennant. The Yankees drove Philadelphia, Cleveland's pitcher, from the mound in the seventh. They previously had beaten New York five straight this year. After leading the lead New York took three hits and had struck out seven, including both outs. The Indians, however, lacked the usual control and in the seventh New York launched four hits, led by a pitched ball. It was a single to center by Pinch Hitter Bush that put across the tying and winning run. The score: R. H. E. New York 6 1 0 Cleveland 4 1 1 Batteries: Jones and Bengough, New York; Cline, Shawkey, Haffin and Bensch.

WHITE SOX VICTORIOUS. CHICAGO, Sept. 15. (AP)—Chicago worked out 13 hits seven of them extra bases and easily defeated Boston, 5 to 1, in the first game of the series. As he expects to enter the championship bout against Dempsey at 185 pounds, he promptly decided that he would not box today. A normal period

World Gain Weight. In line of the gain activities, the challenge left with his volunteer, George Hunsberger, for the 225-pounder boxing camp, the 225-pounder from the Ohio boxing camp. As the Hunsberger camp is in the heart of the economy, Tommy was safe in conclusion there. Only a guide pilot visited to him, in recognition, he expected to put on enough weight to insure him against improvement of his weight. He would like to keep some padding in reserve. A big crowd had assembled and the announcement that there would be no boxing did not take at first and the prospective operators were slow to depart. This afternoon's sudden change of program is the real reason why Tommy and Hunsberger have not charged to see the workmen. They explained that Tommy is in condition himself for a championship boxing bout and knows quite well when he should not work and cannot permit the "gate" to influence his plans.

Cincinnati Humbles Brooklyn and Maintain Half-Game Lead on St. Louis Cards.

BROOKLYN, Sept. 15. (AP)—The Reds humbled Brooklyn and retained the top spot in the National League yesterday, 7 to 2. The victory gave Cincinnati a clean sweep in the five-game series. Eppie Dixon, southpaw, who blanked the Brooklyn attack today, hit all seven scattered hits. Potty, mauling his left arm against Hixey, emerged only two more, but his mates plucked raggishly, five errors being charged against them. The score: R. H. E. Cincinnati 7 2 0 Brooklyn 2 7 3 Batteries: Hixey and Hargrave; Potty and DeBerry.

CARDINALS WIN. PHILADELPHIA, Sept. 15. (AP)—The St. Louis Cardinals opened their slugging series with the Phillies today by winning 9 to 2. Pittsburgh 5 9 2 New York 6 12 1 Batteries: Dush, Morrison, Yip and Smith; Guehr, Scott and Florence.

BEAVER HUMBLES CUBS. BOSTON, Sept. 15. (AP)—The Boston

Suits to Measure \$25.00

Suitors who go about the country taking orders for men's suits have had the sale of ready made suits in the more recent stores and the clothing merchants have been forced to sit up and take notice. The Chicago Clothing Company of Twin Falls insist that it has always had them beaten in values in its ready made Virginia Wool suits, and now it is in a position to fight them with a line of made-to-measure suits. It has secured a selection of 50 patterns of all wool casimers and materials from which suits will be made to measure at the special price of \$25.00 each. These are regular \$25.00 values, and no peddler ever had as good at any price. The purchaser will have the added benefit of being sure that he is getting an all-wool fabric of having it tailored by one of the largest and best homes in the country; of having the fit guaranteed; and of being given a new suit of it does not give satisfaction.—Adv.

Champion's Work Meets Approval of Expert Observers

ATLANTIC CITY, N. J., Sept. 15. (AP)—In the presence of a hundred or more newspaper correspondents and current commentators the ring king, Jack Dempsey today engaged in his first non-puative workout with the gates of the Greyhound racing track closed to the public. The day was dull and so chilly that the ring was covered on two sides with a canvas wall to protect the world's champion from the chilling blast sweeping off the ocean. Dempsey worked in full length green trunks with a Jersey to match, an added protection. Takes Things Easy. He took things rather easy, boxing the usual five rounds in addition to a round apiece on the light and heavy bags and a round of shadow boxing before calling it a day. Dempsey appeared to be off in the timing of his punches and his work lacked the dash and fire that characterized previous seasons. His showing, however, was sufficiently impressive to meet the approval of a dozen or more qualified experts. Among them was Jack McAuliffe and Henry Leonard, both undefeated and retired light-weight champions of the world; Tommy Gibbons, Harry Erskine, the referee, Jack Skelton, an old time light weight, and Matt Hinkley, a noted referee and sportsman of Cleveland. Hinkley said Dempsey looked the same to him as he did on the day when he battered Jesse Willard to a helpless bulk in Toledo, seven years ago.

GRID PRACTICE BEGINS ALONG PACIFIC COAST; MANY ASPIRANTS REPORT

SAN FRANCISCO, Sept. 15. (AP)—Football bounded over its annual barriers in the far west today as the big members of the Pacific coast conference and a host of smaller college elevens swung into action on the practice field. Sizeable turnouts today, official opening date of coast conference practices, were reported from most sections of the Pacific slope. University of Southern California, among the major institutions greeted probably the heaviest line-up of veterans while a husky contingent of 1925 varsity men turned out to form the nucleus of teams at California and Oregon Agricultural colleges. Washington, 1925 champion, minus the services of George Wilson, all-American half back, nevertheless, is said unformed to a fair sized squad of last year's regulars. The strategy at Stanford was described by coach Tom "Pop" Warner in these words: "An army of candidates reported today for our opening practice and while we have a goodly number of veterans we are very much in need of a fullback." Ernie Nevers played that position last year and plunged himself into an all-American berth.

Five real reasons for its fine flavor

- Schilling is the only coffee roaster in America who specializes on but one grade of coffee and seals it in vacuum tins. There are no 2nd or 3rd grade Schilling coffees.
- The world's supply of high grade coffee beans is limited. Occasionally there is an unforeseen scarcity. For years Schilling has carried reserve stocks of the finest beans so that whatever may happen your Schilling coffee never carries a fraction in fine flavor.
- A blind person has a keen sense of flavor. Schilling is the only coffee expertly tested by the blind to insure unvarying quality.
- Not only is Schilling coffee packed in vacuum tins to preserve the flavor, but it is packed in "key-wind" tins to better protect the flavor after the tin is opened.
- You buy every tin of your Schilling Coffee on approval. If you do not like it you do not pay for it. Your grocer returns your money. You keep the coffee.

SCOUT DISTRICT SCOPE EXTENDS OVER BIG AREA

Annexation of Blaine and Fairfield Counties Makes Territory of Nearly 10,000 Square Miles.

Counties of Blaine and Fairfield were annexed to the Snake river scout district, making a district nearly 10,000 square miles in area, by action of the Snake river district council in session at Jerome Wednesday evening.

The scout executive's report showed that there are now 34 active troops and 978 registered scouts within the district. New troops have been organized at Carey, Hildfield, Minard, Wendell, Burley, Oakley and Twin Falls.

Attendance at the three boy scout summer camps in the district during the summer, according to reports made to the council, totaled 250 boys, showing an increase of 50 per cent over last year's attendance.

New camps were established this year for the north side counties at Camp Sawtooth on the Upper Wood river and for Cassin and Minidoka counties at Camp Independence in the hills south of Oakley.

A program for the winter activities adopted by the council provides for quarterly rallies of boy scouts in each community, and a big rally for the entire district to be held in Twin Falls next May.

W. E. Nixon of Twin Falls was appointed chairman of a committee to arrange for a convention for all scout executives, and will return early in October.

Report of the finance commissioner submitted by T. M. Robertson of Twin Falls, showed that practically all quota assessments have been paid into the council treasury and indicated a balance on hand at the close of the year.

Financial campaigns to raise funds for the 1927 budget will be conducted in the several communities throughout the district during October and November. It was decided.

The meeting was attended by members of the council from Burley, Oakley, Twin Falls, Elmer and Jerome. The Twin Falls delegation included Arthur Peck, F. D. Hawley, W. E. Nixon, I. H. Masters and F. D. Hawley.
