GIVES BASIS OF BRIBERY CHARGE IN OREGON CASE

Allegations of Use of Large Sum to Help Defeat Standfield Founded Upon Story Heard in Sleeping Car.

(By The Associated Press.) PORTLAND, Ore., Oct. 28.—Walter Hayes of Washington, D. C., former secretary to President Hoover, who was brought to the state of charges that \$35,000 had been paid by the Portland Electric Power company for use in the campaign for Senator Standfield, St. Standfield, today telegraphed Senator Charles L. McNary of Oregon, that the story he had told to Salem newspapers and to Senator Standfield, created at the bit of gossip he had overheard in the smoking compartment of a Pullman car.

Hayes' message arrived as Senator McNary was closing the senatorial campaign in a meeting, ordered by Senator James Rice, chief of the state-wide campaign funds committee, as an outgrowth of a telegram to Reed from George Standfield, editor of the Oregon Capital Journal, charging \$25,000 was paid the Portland Morning Oregonian for opposing the Standfield election.

Next of the Hayes message, which Senator McNary put into record of the hearing, follows: "The following is substantially what was said by me, and by Mr. Standfield, to the other men in my office while I was there and in their files I do not recall, I said that while in the train leaving Portland for Washington, D. C., a man was discussing the Oregon election.

C. M. Clark of Philadelphia, chairman of the state committee of the Portland Electric Power company, and Franklin T. Griffith, president of the same company, had been made any contribution in the Oregon campaign.

NUGENT SELECTS RAY M'KAIG FOR HIS MAIN TOPIC

Democratic Senatorial Aspirant Trains Heaviest Guns Upon Idaho Leader of the Progress- ive Party.

(By The Associated Press)
WEINER, Idaho, Oct. 22.—John F. Nugent, democratic candidate for United States senator, former member of the federal trade commission and United States senator, tonight turned his attention from his republican opponent to the Progressive party, the reported imputation of Ray McKaig, that he is in collusion with the other members of the committee, was the main topic of his speech.

McKaig has sent the report all over the state that I am tied up with the oligarchical interests, Nugent declared. "McKaig knows of his own personal knowledge that federal trade commission, of which I was a member, closed completely against the Panama grange and the King County and the King County association with practices unfair to the oligarchical interests, and McKaig is ready to proceed with the investigation immediately upon his arrival there by automobile from Mariposa."

SENATOR KING TO HEAD PROBE

Utah Solon Off for Arizona to Enquire Into Alleged Irregu- larities of Campaign.

SALT LAKE CITY, Oct. 22 (AP)—Senator William H. King, democrat, Utah, will leave here tomorrow morning for Phoenix, Ariz., to investigate charges of excessive senatorial campaign expenditures in that state, he told The Associated Press tonight.

King is expected to proceed with the hearing immediately upon arriving in Phoenix, he said, and will continue throughout Saturday night and all day Sunday, if necessary, to clean the matter up.

REID AVERS INVESTIGATION
SEN. LOUIS, Mo., Oct. 22 (AP)—Senator Reed, democrat, Utah, was requested tonight by Senator Reed, democrat, Missouri, chairman of the senate campaign funds committee, to proceed at once to Arizona to investigate charges of excessive expenditures in the senatorial campaign in that state.

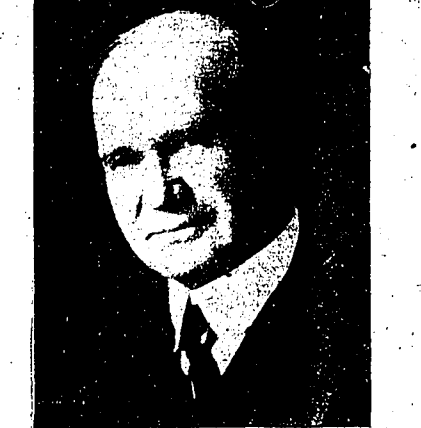

Senator Reed's telegram was in response to a letter from Senator King, Utah, that he was holding himself in readiness to conduct the inquiry as a member of the campaign funds committee.

SENATOR ISSUES STATEMENT
PHOENIX, Ariz., Oct. 22 (AP)—Appointed the action of Senator Reed of Missouri, in requesting investigation relative to charges that large sums of money were being sent into Arizona to defray the expenses of the Progressive party, through the headquarters, he issued a statement that he was "in earnest about this investigation."

measure, which prohibits charge of a greater freight rate for a shorter than a longer haul of commodities of the same class traveling in the same direction, which is within ten miles of Idaho. The senator declared, "and when discriminatory transportation rates are done away with, Idaho will be closer to the great markets of the world than 50 per cent of the states of the union."

Explains Obo Stand
"I advised against adoption of the oligarchical bill," Senator Gooding said, "because senators and governors of authority are convinced that they would retaliate against Idaho's products if the measure were passed. Idaho ships out a great amount of farm products per capita than any other state and depends on the south and east for markets. I have been mistaken in my action in regard to the oligarchical bill, but so far as I was concerned, I would have passed without protest and from the point of view of a sheepman he had seen no merit in it, because as good grazing land could be developed elsewhere the lands described in the bill would be lost."

Rules Against Idaho Hay
BOISE, Oct. 22 (AP)—Idaho's quarantine agent, Idaho hay will not permit Idaho hay to be shipped in transit and ground into alfalfa meal, George M. Lutz, chief of the bureau of power sites and was financed in his activities by, among others, the St. Louis of Philadelphia.

Senator Gooding was introduced by John W. Graham, chairman of the republican county committee, who, took issue out of great concern for the welfare of the grounds that it would permit a monopoly holding range lands, and from the point of view of a sheepman he had seen no merit in it, because as good grazing land could be developed elsewhere the lands described in the bill would be lost.

OLD SALOONS OF DAWSON
YIELD FORGOTTEN RICHES
DAWSON, Yukon, Oct. 22 (AP)—The ransacking, swabbing and dusting of Dawson's gold rush life only the memories of the old timers, but the fossils of the boom years, which thousands flocked here in quest of buried riches, are beginning to bear a golden harvest.

Some of the old palaces of meritment have been torn down for fuel by the dwindling collection of prospectors who remain here. Discovery that there are quantities of gold dust mingled with the soil beneath the decaying buildings has made the property on which the old resorts stand valuable. It was the gold which long ago had been hoarded up in the bars in moments of abandoned hope which had found its way through cracks of the rough lower floors.

THE SPORTS OF A DAY

HARD STRUGGLE SEEMS LIKELY

Both Teams in Readiness for Game Between Bruins and Coach-Nixon's Men.

Coach Flaminio's Twin Falls Bruins and Coach Nixon's Rupert gridders will tangle here this afternoon in the annual football struggle between the two schools. The teams are in good shape for the contest and with the return last night of Captain Vance the line is once more complete. Rick Koberly will probably win his first game in two years from the bench. He received a battering at Salt Lake that left him with a bad shoulder and the rivalry will not lack a more serious injury unless it appears necessary. Nye who has been playing a nice game on the right wing will probably not be in again this season and Lewis Stinson has been holding down the end position in this shape.

The game is called at 3:30 and the Pop band will parade the down town district at 3 o'clock. Many of the city clubs have voted to support the team and the Kiwanians will attend in a body. The Rupert Team is eliminated from the district race but have a scrapping bunch and will keep the Bruins busy this afternoon. Norby, a fleet back, is especially dangerous and will keep the Brain ends on their toes. The Rupert line is as heavy as the Brain forward wall and in Phillips the end school has a real tackle. The Bruins are hoped to win this contest without extending themselves but sports happen so often in football that the Brain coaches have been drilling their squad hard all week for the contest. The game is called at 3:30 and a big crowd is expected to attend.

COLORADO AGGIES AND UTAH IN CRUCIAL GAME

BALT LAKE, Oct. 28 (AP)—With the battlegrounds shifted from the Rocky Mountain region to the western sector, the crucial contest of the Inland Mountain football conference season will take place on Cummings field here Saturday afternoon, when the University of Utah eleven entertains the Colorado Aggies, eleven championship of the West and one of the best since last week's defeat at these teams the 1927 when the Utes were on the long end of the 25-0 score. It will be "Homecoming Day" at the university and a vast crowd of alumni is expected to occupy the stands.

The game Saturday is considered the turning point of the conference schedule. The victor is expected to go on the pennant, while the loser will be out of the chase. The Aggies have already won three contests, defeating Denver University, Colorado College and Colorado Mines. The Utes have appeared in but one conference game, a decisive victory over Colorado University at Boulder last Saturday.

It is not rank among the conference contests Saturday is the clash between the Utah Aggies and Denver University at Denver. The Aggies have played seven of their conference games, winning one, while the other two resulted in tie scores. The Colorado University and Colorado College meet at Colorado Springs. Other contests are sectional.

EMPEROR'S SON SHOWS SKILL IN ALPINE CLIMB

CHAMONIX, France, Oct. 18 (AP)—Prince Chichibu, second son of the emperor of Japan, was one of thousands who gratified their desire to scale high mountains and made 1926 a banner year in Alpine climbing.

The prince proved his skill as a climber by conquering the Eimsteghorn—the highest in the Bernese Oberland, the Gross Schreckhorn and the Matterhorn. The last ascent took place on the birthday of his father, the Mikado, and the prince had the unusual experience of celebrating the great national Japanese festival "Teichonmatsuri" on the summit of one of the highest peaks in the Alps.

DUMB BELLS

IDAHO'S FIRST BEANS INSPECTOR IS NAMED HERE

E. V. Gipson of Twin Falls Chosen to Represent Government in Application of National Standards.

Appointment of Edgar V. Gipson of Twin Falls as the first federal inspector for beans in the state of Idaho was announced Thursday evening by J. E. Har of Washington, D. C., who is in charge of bean administration and inspecting service of the United States department of agriculture. The appointment is the culmination of negotiations between the state and national departments of agriculture, entered into for the purpose of making available for the bean producers of Idaho the advantages that accrue from application of United States bean standards. Mr. Har stated.

The first carload of beans to leave Idaho under a federal certificate of grade went from here Thursday. Many applications for certificates of grade have been received by Mr. Gipson already, the federal officer stated, and indicates that the beans will leave this field during the present season with federal grades.

The certificate, officials point out, is a guarantee that assures the buyer of the quality of the bean, and protects the seller from poor grading by the buying agent.

Cost of inspection is the same as that applied to potatoes, which is \$2 per carload.

Standards Defined

United States standards of bean cover 10 varieties, of which the Great Northern is one of the major classes. Each class is divided into three grades, namely, United States No. 1, United States No. 2, and United States No. 3. For Great Northern beans in Class U. S. No. 1, there must not contain more than 2 per cent total splits, damaged, beans of other varieties and foreign material. For beans and foreign material is limited to three-tenths of one per cent.

In Class U. S. No. 2, total damaged, split and foreign material must not exceed 4 per cent, with six-tenths of one per cent allowed for other beans and foreign material.

In Class U. S. No. 3, total damaged, split and foreign beans and material must not exceed 8 per cent, with 1 per cent allowed for other beans and foreign materials.

All beans under the standards prescribed in the three classes will be tested, United States Standard.

MUTUAL POWER ARTICLES FILED

Concern to Develop Clear Lakes Resources Completes Organization; Stock Sale to Begin.

Articles of incorporation were filed Tuesday in the office of the county recorder here for the People's Mutual Power company which has been organized for development of hydroelectric resources of the Clear Lakes area in Snake river canyon north of Buhl. An intensive campaign for distribution of the company's stock among those who will be supplied by water with electricity for power and lighting will be launched within the next few days. It was stated by the organizers. The project is possible for a million dollar capitalization.

Plans for development of the power site, which is owned by W. C. Hazen, have been worked out by Harry Dibble of California, electrical engineer and former Minidoka project manager.

Incorporators who also are to be the members of the corporation's first board of directors are Frank Horner, E. L. Ashton and Albert Swartz of Twin Falls; J. A. Bennett, M. J. McGuire, H. S. Holman and W. E. Hillier of Buhl; H. B. Green of Jerome.

Thomas Kempe, bishop of London from 1420 to 1430, holds the record for length of time as head of the English diocese.

BIBBALS READY FOR BIG GAME

Grid Contest at Gooding Attracts Unusual Attention. Teams in Good Shape.

GOODING, Oct. 28.—(Special to The News)—Coach Jim Neal's football team will engage in mortal combat with the Gooding eleven here tomorrow night in a "Koolha's" Gooding warriors have not been defeated by a district team so far this season and while Buhl was defeated here one point margin in the early part of the season, the Buhl team was superior. Buhl will have the chance to eliminate one of the district contenders and wipe out a defeat of a year ago.

The local team is in good shape for the contest and will take a 6-0 lead by starting against the Buhl aggregation. Prince and Toussie are the mainstays of the Gooding backfield. Both have speed and are apt to cause a lot of trouble. The Buhl team has had to use little but straight football to defeat her opponents.

Buhl has shown a great deal of improvement during the past two weeks and have a strong eleven. Davis and Henck are the principal ground gainers for the south side team. Davis is especially clever and will be a hard man to stop. Henck is a hard runner and will win his game to stay in the district title race.

John W. D. Smith Called by Death

John W. D. Smith, citizen of Twin Falls since 1908, when he and his brother, W. Zenna Smith, came from Chicago to establish the Royal bakery here, died at his home, 1316 Eleventh avenue east, from effects of illness, which he was stricken with late last June. The end came while Mr. Smith was sleeping quietly.

Friends of Mr. Smith will gather here to attend to his remains at simple services to be held at the graveside in Twin Falls cemetery at 3 o'clock this afternoon. The body will be taken directly from the DeWitt mortuary, where it now lies, to the cemetery. Intimate friends of Mr. Smith who will be present to act as pallbearers, are Dr. Oliver Hlavstad, C. A. Bullen, A. J. Myers, C. A. Mackey, Frank Nagel and J. E. Hobbs.

Mr. Smith was stricken by his final illness at about the time he returned from Montreal, where he attended a convention of Kiwanis club international as delegate from the Twin Falls club, of which he was a member.

Mr. Smith was 44 years old. He was born June 29, 1882, at Wilmette, Ill. Most of his boyhood days were spent in the mountains of eastern Tennessee. Following the death of his parents, when he was 15 years old, Mr. Smith, with his brother and sister, Mrs. James L. Moo of Twin Falls, left for Chicago, where he was for several years employed as traveling salesman for a bakery supply house.

Besides his brother and sister, Mr. Smith is survived by his widow, who was Miss Helen Heydon of Pough, Nebraska, to whom he was married December 2, 1918, and their three children, Shirley Jane, six; Lawrence Dodge ("Jack"), three, and W. Zenna, nine months old.

Trigueiro Estate Contest Develops

A contest over an estate composed of property valued at approximately \$180,000, left by the late Frank A. Trigueiro, Costa Rica, developed Tuesday afternoon with the filing of opposing petitions in the probate court here.

The first petition for the appointment of an administrator was filed by J. W. Porter and J. W. Taylor, attorneys representing the heirs of the deceased Frank A. Trigueiro, alleging that the property of the deceased is in the hands of one Mauricio Guzman, a sister, Maria Yrujo Trigueiro, and Shirley Jane, six; Lawrence Dodge ("Jack"), three, and W. Zenna, nine months old.

The second petition was filed by Stephen & North, attorneys for Mauricio Guzman, who now holds the property alleged to have been conveyed to him before the death of Trigueiro. It asks that Harry Trigueiro be appointed administrator for the purpose of clearing any cloud that may be upon his title to the property. It is alleged that the petitioners have agreed to the realty and a bill of sale to the personal property on October 5, 1926; that he took possession of all the property on October 6, 1926; that he had paid the debts of the deceased and assumed the incumbrances that are against the property.

Both petitions are set for hearing Saturday morning, November 6, before Probate Judge J. L. Hodgins.

RICKARD GOES OUT FOR MIDDLEWEIGHT CONTEST

NEW YORK, Oct. 28 (AP)—An afternoon boxing contest middleweight champion fight between Tiger Flowers and Mickey Walker to New York has been undertaken by Tex Rickard, through his matchmaker, Jess McMahon.

McMahon will offer tomorrow with Walk Miller, manager of Flowers, and Jack Kearns, Walker's pilot. Miller has agreed to the match, which originally was slated for Chicago, under the promotion of Jim Mullins.

Walker says he has relinquished hope of regaining the welter title he lost last year to Peter Latzo of Sacramento, Pa. The New Jersey fighter believes that the rigorous training he required to make the 147-pound limit will be the former breaker boy.

CLARKE QUILTS PIRATES

PITTSBURGH, Pa., Oct. 28 (AP)—Fred Clarke's official connection with the Pittsburgh Pirates League baseball club came to an end today, when the board of directors accepted his resignation as vice-president. Sam Dreifus, treasurer of the club, said the board had purchased all Pirate stock held by Clarke.

Clarke, assistant to the manager, was the center of internal discussion on the team, some players objecting to his management. The lineup resulted in the dismissal of Max Carey, Babe Adams and Carson Bigbee. Recently Bill McKechnie, manager, was notified he would not be needed for the 1927 pennant chase.

Barney Dreifus, owner of the club, made it clear that Donie Bush, Indianapolis, signed as pitcher will have a free hand in running the team.

WILDCATS PLAY ON HOME GRID

Filer and Jerome Teams to Tangle in What Promises to be Hard Struggle.

FILER, Oct. 28. (Special to The News)—Jerome will invade the lair of the Wildcats here tomorrow afternoon. Neither team has been defeated in the district so far this season and the game today will eliminate one of the two eleven as district contenders.

The Wildcats have a strong eleven and a defeat of the Buhl aggregation hanging from their belts. The Striders, use the aerial attack to advantage and no doubt will keep the Wildcats busy knocking down passes.

The Wildcats have a faculty of coming from behind and winning games and so far have relied on straight football for most of their victories. Filer is a strong contender again this year for the district title and although the injury list has handicapped Coach McLaughlin somewhat he has developed a hard fighting team that is hard to stop. Smith at full back is developing into one of the best kickers in the district and it is his footing that has kept the Wildcats out of danger in several games. He is a hard line plunger and a fast man over in the open field. The game is called at 3:30.

STALEMATES GOAD TO MINNESOTA, WISCONSIN

CHICAGO, Oct. 28 (AP)—The scores for three years have stalemated the football teams of Minnesota and Wisconsin in their annual rivalry, and the impetus of all three thwarted victories will goad each team to new heights of endeavor when they meet at Madison on Saturday.

In the annual battle of their university football teams the two states first epitomized the rivalry in many fields of endeavor. Saturday's contest will be the thirty-fifth engagement of the teams. Wisconsin has won 14 games and Minnesota 12, while five have been ties. The teams both were scoreless in 1923, each scored 7 points in 1924, and a last minute victory by Wisconsin gave the Badgers a 12-12 tie a year ago.

This year, Minnesota, with Jostling and Almqvist in its backfield and a line favored by two grueling defeats, in a victory, but against Wisconsin all signs have failed in many a year ago.

On the eve of Northwestern's departure for the Indiana game, Coach Glenn Thistlewaite announced he would not trade his line, from tackle, for any in the country. With Baker, Lewis, Gustafson and other able backs, he is well satisfied with his team's play and expects to duplicate the Husker conquest of two weeks ago.

Michigan was on its way tonight to Annapolis to meet the Navy, prepared to launch a variegated running attack if the aerial defense on which the Sailors have been working should stop the passing game the Wolverines have built up.

Illinois, awaiting Pennsylvania, prepared for a crowd of 60,000 at Virginia (Champaign, led by the Penn line and 5000 rosters from the east. Chicago is being brought to an eno-

lional peak by Stagg; for the Ohio State game. A new back field will start against the Buckeyes, because two Major Backs are out with injuries.

Purdue and Iowa went through stiff scrimmages tonight, regarding the Indiana Normal, and Carroll college games Saturday, only as preparations for Northwestern and Minnesota contests ten days hence.

"TWIN FALLS LEADING CLOTHING STORE"

TWIN FALLS WEEKLY NEWS Published by Twin Falls News Publishing Company, Inc., Publishers. Entered as second class matter, December 15, 1904, at the Postoffice at Twin Falls, Idaho, under the Act of Congress of March 3, 1879.

THE MAIN POINT As the campaign draws to a close it is generally apparent that, as always, a great deal of pure bunk has been mixed into the general information put out for the guidance of the voter. There is little time in which to separate the grain from the chaff, but the average voter may be pretty well depended upon to do this for himself. Extraneous promises and wild statements do not get us far as they used to. For the most part people do their own thinking today.

Again let it be emphasized that principles rather than men constitute the only sound basis of selection. Men are transient and unstable; principles endure. The promise of the individual often means very little, the opportunity for service much. It is perhaps in this light that the analysis of the situation can best be made. There are good men on all tickets, and always will be but the men on the tickets have less to do with the matter of the best good of Idaho than the principles of government for which they stand.

SEE CHANGES IN ELEVENTH HOUR

Nugent Strength Said to Have Registered Gain but Gooding Still Favorite.

POCATELLO, Oct. 28 (AP)—That former United States Senator John F. Nugent, democrat, opposing the reelection of United States Senator Gooding, republican, has gained votes in many sections of southeast Idaho during the past few days is the belief here close to political conditions in this section of the state.

This is the tendency in county precincts, where large groups of party votes were registered at the last election, it is said. It is believed the sufficient to make a difference in the probable vote for other members of his ticket, and the republicans appear to have their ordinary justification for the state ticket, below the senatorial, safely in hand.

There are, however, warm fights developing for members of the state senate, progressives and democrats giving most of their attention to these offices. In at least five of the southeastern counties the fight for winners for the senate are in doubt.

In Bonneville county, home of a large faction for members of the state senate, Senator Gooding and Progressive Senator Nugent, it is said, according to leaders of both parties there, and progressives concede that many of the number will be for the democratic nominee, voting the balance of the progressive ticket.

ALBION TEAM IS CONFIDENT ALBION, Oct. 28. (Special to The News)—The Albion Normal football team left here this morning for Burg where they will play the Ricks Academy Saturday. The Normal had the long Weyer college team in their last week and are making a strong bid for the college title.

The Idaho Tech defeated Ricks last week, 7 to 0, and comparative strength of the two teams will be shown by the outcome of the game Saturday between the Normal and Ricks. Several men who were out of the Weyer game on account of injuries, left with the team and will probably be able to play Saturday.

WYOMING MAN COMING BOISE, Oct. 28. (AP)—Dr. A. P. Starnes, in charge of the state mountain bee culture laboratory of the University of Wyoming, will attend the annual meeting here, December 12 and 13, of the Idaho honey producers association, it was announced today.

CLAIMS VICTORY FOR DEMOCRATS Senator Gerry Convinced That Republican Record Insures Party Defeat.

PROVIDENCE, Oct. 28 (AP)—Calling attention to the late textile mills of New England and the plight of the western farmer, and the Forbes and Daugherty cases, United States Senator Peter G. Gerry, chairman of the Democratic national senatorial committee in a statement today said the republicans could not hope for congressional victory in the coming elections. "The record of the republican party in the country is disgraced with the republican record and has made up its mind to elect a democratic congress next Tuesday night."

Continuing, he said, "The mental and moral bankruptcy of the republican party has been emphasized. It is a party that is in the present national campaign. It started for votes to seek votes with a great flourish of trumpets announcing the coming of the republican party. But that the issue was stopped by the plain truth about the late textile mills of New England and the south and by the condition of the western farmer."

Now the republicans are making votes so that a congress may be elected which will support President Coolidge. Gerry one knows that in the last congress the republicans, notwithstanding the very large majority they obtained in 1924 were unable to uphold Mr. Coolidge because they were split into blocs. How can such a party promise support for Mr. Coolidge in the next congress when there is not the remotest chance of their electing anything like the strength it had in the last congress.

WIRE EXTENSION GRANTED BY CITY Twin Falls Council Gives Western Union Telegraph Company Permission to Move.

Twin Falls city council in session Monday night, granted the Western Union Telegraph company, through its local manager and agent, T. J. Foster, permission to extend its wires down Second street west from the alley between Second avenue west and Main avenue to the alley between Main avenue and Second Street north and thence through the alley in Shoshone street. Action on the part of the city was taken at the request of Mr. Foster, who inquired of the council for a completed action in moving the local office from its present location at 120 Shoshone street west to quarters in the building owned by the O. K. Barber Shop on Shoshone street east.

The council adjourned after granting Mr. Foster's request there being no other business to come before the meeting last night.

The London county council has assumed its annual role of school trustees to more than 100,000 of the city's adult population.

RED CROSS WILL HOLD ROLL CALL

Local Chapter of American Society Designates November 11 as Membership Day.

Directors of the Twin Falls chapter of the American Red Cross society at a meeting Thursday evening in the Chamber of Commerce rooms designated November 11, as the date of the roll call campaign for new members in Twin Falls.

The campaign will be stressed particularly this year because of the huge sum that are needed for the relief and rehabilitation work that is being carried on by the Red Cross among the victims of the recent Florida hurricane disaster.

A report read at the meeting last night, from J. W. Richardson, Pacific Northwest director of the disaster relief department of the Red Cross, who was assigned to the scene of the Florida scene a few days ago.

Facts of Letter

Mr. Richardson's letter follows in part:

Last week alone we distributed food for 4500 people; clothing to 4500; people gave medical and nursing services, including inoculation to 113,000 people; appropriated funds for building and outfitting 122 ambulances; received tents to house 22000 people; answered inquiries regarding 5200 people, making a total of 25,000 such inquiries in one day.

Fourteen area offices have been established with staffs of workers in 300 new and will undoubtedly reach 500.

The following vital statistics may prove interesting: The figures are as of October 9, 1926, and grow day by day.

Dead, 572; injured, 4375; families (and individuals) affected, 29,137; families registered to date, 6601. This preparation of registration to total families affected is remarkably high for so early in the work, showing the estimated total of 20,450 to be conservative.

Dante of the Dawn.

Dante's work is untranslatable. To get a faithful English transcript of the great Florentine, we should need a dictionary of the fourteenth century, modified by a more fiery and potent genius than Chaucer. Not the thoughts solely, as in every true poem, are so often "virgin thoughts"; the words too, many of them are virgin words. Their freshness and unworldly vigor are there also in Dante's Italian. Of the modern intellectual movement, Dante was the majestic herald. In his poems are the mystic shadows, the glory, the fragrance, the young life-promising splendors of the dawn. The broad day has its strength and its shining; but it can give only a faint image of the glories of its birth.—George Henry Colver.

From Shakespeare

He that is proud eats up himself; pride is his own glass, his own trumpet, his own chronicle; and whatever praiseth itself, but in the deed devours the deed in the praise.—Shakespeare.

JAMES L. BARNES Democratic Candidate, County Commissioner, Third District

Jim Barnes was born and reared in Kansas and received his common and high school education there. Went east and worked his way through the University of Chicago. Came to the Twin Falls tract 22 years ago, November, 1904, and located ranches in the Hancock district. Has been actively engaged in farming since then, owns, operates and looks after on 1500 acres irrigated land in Twin Falls County. He has taken an active part in local elections. He is a clean, capable man of high character who is pledged to strict economy and efficiency and rigid law enforcement. Your vote in helping to elect him to this office will be appreciated.

NOTICE In accordance with custom The News hereby announces that no political advertising of any kind will be carried in the issue of election day, Tuesday, November 2, and no political advertising for publication in the Sunday edition will be accepted later than noon on Saturday.

LAST RITES WILL BE HELD FOR FILER BOY

FILER, Oct. 28.—(Special to The News)—Funeral services for Donald Statter, son of Mr. and Mrs. A. J. Statter, who died at the home of his parents, one mile north and a mile west of Filer last Wednesday, will be held from the home this afternoon at two o'clock.

Rev. M. Grant of the Mennonite church of Filer, will officiate.

WHAT ARE YOU DOING FOR YOUR PUNY CHILD?

One boy gained 11 pounds in 7 weeks and is now strong and healthy.

For weak, frail, under-developed children—and especially those who have rickets, and need a sure builder that promotes the growth of teeth and bones, and liver oil is the one medicine supreme—nothing helps like it.

But it is tasty and palatable and easily smelling and nearly always upsets children's stomachs—so now up-to-date dentists advise Miley's Cod Liver Oil Compound Tablets, sugar coated and as easy to take as candy.

One boy gained 11 1/2 pounds in seven weeks, and is now healthy and happy—thousands of other children had grown up and robust.

See Miley's 60 cents at Schramm-Johnson's and all druggists and money back if not satisfied—always insist on Miley's—the original and genuine—Adv.

Carl D. Irwin's Jersey Herd of 42 Cattle Is Sold at Auction; 2-Year-Old Bull Brings \$650.

Carl D. Irwin's prize Jersey herd of 42 head was sold Thursday afternoon at the Irwin ranch, four miles east of Twin Falls at public auction. The herd brought approximately \$2000.

The highest price of the sale was paid for the junior herd steer, two years of age, who brought \$650, and went to William Shotwell and F. H. Kaylor, local dairymen. The Gold Medal cow of the group went to an Orange, California, dairyman for \$400, and an animal close by related to the herd leader went to the same buyer for \$150, after spirited bidding. The offers were made through Hottee Adils, field editor of the Idaho Farmer, who remarked at the close of the sale that the herd was "one of the best bred Jersey herds in the state of Idaho."

Mr. Adils for more than a score of years has been a leader in the dairying world of Oregon and is regarded as an expert authority.

Colonel E. G. Walter was the auctioneer and H. S. Cowling of Twin Falls acted in the capacity of clerk.

DICKENS' SON FINDS NAME HAS HANDICAP

LONDON, Oct. 28. (AP)—Bearing the name of an honored celebrity is something of a handicap. When celebrating his golden wedding, Sir Henry F. Dickens, son of the novelist, said the name he bore had been an advantage to him in some ways, but in others it had been a disadvantage because people had expected so much of him.

In making a presentation, Sir F. Marshall Hill said Sir Henry combined in himself all the lovable qualities of the more lovable characters created by Charles Dickens, his father.

Wife Helps Elect Hubby

"After having been in bed half the time for a year with severe pains in my right side over the appendix, stomach trouble and bloating, which the doctors seemed unable to reach with medicine, and advised operation as the only remedy, my nurse advised me to try MARY'S, and the results have truly been wonderful as I am now entirely well and strong, and at the last election worked hard to elect my husband." It is a simple, harmless preparation that removes the catarrhal matter from the intestinal tract and affords the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all drug stores.—Adv.

HIGH SCHOOL NOTES

About three-fourths of the girls of the Twin Falls high school signed their intention of becoming teachers, but very few intended to enter the business world for a career in a conventional respect. The speaker, Miss Ada Walkington, president of the Business Women's club, before the Blue Triangle club Thursday afternoon, said "The Girl in Business" was the topic of the speaker, who reviewed her own wide business experience by way of illustration of her

points. You must be able to do more than to memorize rapidly and take dictation fast if you are to be a successful business woman. You must be able to spell, punctuate, and paragraph. The more education you have, the easier time you will have and the more rapid your advance will be." Miss Walkington emphasized the importance of deciding on a goal before starting work, and spoke of the wide range of occupations open to women today. The opportunity for attaining university while in civil service in Washington, D. C. was suggested by the speaker as an enjoyable way for girls to earn their way through school. Practices of club songs to be used in conference were led by Miss Eva Duangard, and accompanied by Bessie Weaver.

Rain Affects Cotton

Manchester, England, and neighboring cities have a damp climate which is especially adapted to the spinning of cotton. If the rainfall were suddenly to become only half as much as is characteristic of that section the industry would be seriously crippled.

Fast-Rich Get Quick Quaker... Cooks in 3 to 5 minutes

HAVE hot nourishing breakfast. Quick Quaker makes it so simple and so quick to become only half as fast as plain toast.

Hot, savory, nutritious; it's ready before the coffee.

Supplies the excellently "balanced" food ration of protein, carbohydrates and vitamins—besides the "bulk" to make a satisfying meal.

Start every day that way. Feel better, look better, be stronger and on your toes every minute. Ask your doctor.

WE'RE going to tell YOU a sad story. TODAY, about a CERTAIN young lady OF Twin Falls who WENT out kodaking RECENTLY with a PARTY of her friends, AND when it came TIME to finish the PICTURES, she decided HERSELF, and she DID! THE word "finish" IN the particular INSTANCE has more THAN the usual MEANING—all of WHICH goes to prove THAT it is much EASIER and safer TO bring your films TO the City Pharmacy WHERE the finishing IS done by expert HANDS and there ISN'T any guess-work ABOUT it. IF you have A good negative LET us enlarge it for you.

IMPORTANT CASE AGAIN IN COURT

State Tribunal Grants Rehearing in Litigation Involving Investors and State Auditor.

Rehearing of the case of the Gem Irrigation district vs. E. G. Galt, state auditor, has been granted, according to information received here Thursday by Judge James R. Rutwell, who appears on behalf of a number of eastern investors in irrigation district bonds. It is expected that the case will be argued early in January, before the state court.

In the original opinion, the court held that the appropriation made by the legislature for the year 1925 for the use of the Gem irrigation district, in payment of maintenance and construction charges assessed against state lands was unconstitutional. Exception has been taken to the language of the court in defining the status of an irrigation district under the laws of Idaho.

The purchasers of the bonds of the American Falls reservoir district have joined with other investors in a protest against the decision.

The opinion has created wide interest in the eastern bond market and the final action of the court is awaited with considerable concern by the districts and purchasers of bonds.

DR. E. L. MILLS ON VISIT HERE

Prominent Portland Editor Addresses Local Church Members and Pastors.

Dr. Edward Laird Mills of Portland, editor of the Pacific Christian Advocate, delivered the principal address here Thursday evening at a meeting of 250 members of the Methodist Episcopal church, and several pastors of congregations in the neighboring towns. In his discussion of "Contemporary History in the Making," Dr. Mills gave an interesting analysis of Premier Mussolini and the national movement in Italy and dwelt briefly on the later phases of the Mexican political issue. He outlined the recent movements in China and Japan and gave a survey of the anti-philosophical movement in the United States.

Dr. Mills met with the ministers of the churches in this section at 5 o'clock in the afternoon, and discussed with them the qualifications for good literature. Ministers present were Rev. Valentine Dieck of Hansen, Rev. Charles Fletcher of Kimberly, Rev. D. Lewis of Shoshone, Rev. E. C. Tate of Jerome, Rev. D. G. Kendall of Burley, Rev. C. O. Heath of Rupert, Dr. J. D. Gillman of Piler and Dr. G. Humphrey of Twin Falls.

Dr. A. W. Tenny, president of Gooding college, delivered greetings from the local church to the pastor visitors and introduced the speaker of the evening at the church supper, following which Dr. Mills delivered his address.

The evening's program was interspersed with several musical numbers the feature of which were two cornet solos by Dr. G. A. Fuller, director of the church orchestra.

Dr. Mills will leave this morning for Gooding where he will address the twelfth college student body and meet the church members of that district.

Revue Cast Has Been Completed

Completion of the selection of the cast for the "Vanity Fair Revue," which is to be presented to the Twin Falls lovers of a legitimate stage under the auspices of the Twentieth Century club, at the Orpheum theater, November 1 and 2, was announced by the committee in charge of the work Thursday afternoon.

"Pantomime" promises to be one of the biggest hits of the revue. The scene is laid in a Paris shop of Pierre and Raoul, encoqueters and designers for the aristocracy of the Bois de Boulogne, and several pastors of congregations in the neighboring towns. In his discussion of "Contemporary History in the Making," Dr. Mills gave an interesting analysis of Premier Mussolini and the national movement in Italy and dwelt briefly on the later phases of the Mexican political issue.

What Good Teeth Mean

PROGRESS AND FALSE TEETH

In 1776 a New York dentist carved a set of false teeth for George Washington.

Oliver Wendell Holmes once remarked: "One can hardly fail to see how the flattened and compressed lips were in a perpetual struggle with those loose, falling arches."

Washington was not only the greatest and most powerful man of his time. He was also one of the richest.

Yet any poor man today can procure a better set of false teeth than the richest man in America could one hundred and fifty years ago.
