

HOUSE MEMBERS LABOR HARD TO CLEAR SLATE

Continued From Page One

Other bills approved included two irrigation measures to provide for drainage of lands by platier directors and to authorize drainage of soil purchased by the district at tax delinquent sales. Approval was given in private committee on the bill which provides that stock certificates not surrendered after three years of notice may be replaced by certificates of new issue offered for those called in.

In conformity with the economic program agreed by the governor representatives trimmed the proposed appropriation of \$50,000 for the gubernatorial mansion to \$25,000 and killed a highway fund bill which authorized \$7,888 for the Salmon river bridge in Blaine county.

A measure of King Hill in Owyhee county by Blaine county is provided, a new code is established for the creation and taxation of local improvement districts and highways are to be created by the department of law enforcement under other bills passed. The first of these bills providing that industrial workers may go elsewhere for treatment than contract hospitals and charge expenses to employers, furnished the basis for the drafting of House Bill 20, the receiving of hospitalization, other than that furnished at contract hospitals, is subject to termination by the industrial accident board. This motion passed by a narrow margin, 17 to 15, and the bill was reported back to the committee without recommending it.

Privileges and elections committee introduced amendments to the primary law to prohibit the nomination of candidates by parties after primaries. Another bill proposed was a fish and game measure to create the Soldier maintenance preserve in Cassia and Blaine counties.

Approve Appropriations
Bills passed by the senate included two appropriation committee bills providing biennial appropriations of \$77,973 for the Soldiers' Home; \$25,000 for the general fund; \$25,000 for the O. A. H.; \$2,250.00 for the state land department; and \$23,220 for the department of public improvements.

Second Class Counties
Twice Billington and Bonneville counties are made counties of the second class under passage of a bill introduced by representatives in the senate. Two education committee bills approved clarify regulations governing the taking of school records from non public under the public depository law.

CAPTURE HALF-WITTED FARMER AFTER SEARCH OF ALMOST 24 HOURS
OMAHA, Neb., Feb. 23 (AP)—After terrifying residents of a countryside for almost 24 hours, and evading several passes of armed farmers and county officers, John Marsh, 54 years old, half-witted farmer who shot and killed two and wounded three others on the Old Anderson farm yesterday was captured today.

WILKINS GETS PLANES IN SHAPE FOR FLIGHT
FAIRBANKS, Alaska, Feb. 23 (AP)—Captain George Herbert Wilkins of the United States Marine Corps expedition here last night, today began reconditioning the Albatross, Fokker airplane used in flights beyond Point Barrow last year, in his first attempt to explore the Arctic "high arctic" route.

PICTURES CANADIANS AS CONNECTING LINK
NEW YORK, Feb. 23 (AP)—Canadians were pictured tonight as the connecting link between Americans and Englishmen together in international anti-Communism in an international anti-Communist conference in New York.

CONTROL DENVER BLAZE
DENVER, Colo., Feb. 23 (AP)—A blaze of undetermined origin, spread rapidly tonight in the Barnum shops of the Hoggar & His Grand Western outfit, but was brought under control on hour later before extensive damage resulted. The fire started in the power plant of the shops and was followed by a boiler explosion.

PLANES COMPLETE HOPE
WALTON, Okla., Feb. 23 (AP)—Four of the planes of the United States Army Pan-American squadron arrived at 6:15 o'clock tonight.

ALLEN DUBIOUS OVER BENEFITS

Faculties Member of "Floating University" Declares Time Not Ripe for Project.
ROME, Feb. 23 (AP)—The time is not yet ripe for co-education on the high seas, former Governor Henry C. Allen of Kansas believes. His experience aboard the steamer Hyndan, the American "floating university," which sailed from New York last September on a world cruise, he said, convinced him of the impracticability of waiting some time before again attempting college and young men and women to sail together to further their education.

Three principal objections to naval co-education were suggested by Governor Allen:
First—"The presence of communicable diseases aboard the steamer would be a disturbing factor."
Second—"Contiguity of youths of both sexes started more outbreaks of varying degrees of intensity."
Third—"Residents in foreign ports, at the time the steamer was en route, had reached the American shores on the assumption of women, misinterpreted the meaning of the venture, with resultant complications."

Originally, the cruise was intended for men only," said the former governor, who is a member of the faculty of the floating university, "but when this was found impracticable because of insufficiency of male applications, it was decided to accept women. The cruise took along less than 100 girls selected from 400 who had applied."

SOUTH SEA TOWN NEW PACIFIC RUM CAPITAL
VANUVOU, B. C. Feb. 23 (AP)—Papeete, Tahiti, in the South Sea, is the new rum "capital" of the Pacific, according to Vancouver and stores of liquor here are being transferred to that port, the Pacific news today.

MOODY GRANTS REPRIEVE
ARBITN, Texas, Feb. 23 (AP)—Governor Ben Moody today issued the proclamation granting a 30-day reprieve to George J. Hassell of Fairwell, convicted slayer of 13 persons.

WILD LIFE RESERVE
WASHINGTON, Feb. 23 (AP)—Creation of a wild life refuge at Curry, Alaska, and heavier and misused preserves at other points along the Alaskan railroad was authorized today. Under the terms of the authorization order it is unlawful to hunt, trap, capture or kill any beaver or muskrat in the reservations which are placed under the jurisdiction of the department of agriculture.

Are You "Toxic"?
It is Well, Then, to Learn the Importance of Good Elimination.
FUNCTIONAL inactivity of the waste organs permits a retention of waste poisons in the blood. Symptoms of this toxic condition are a dull, languid feeling, drowsy headaches and, sometimes, toxic backaches. The kidneys are not functioning as they should be often because of scanty or burning passage of secretions. Many readers have learned the value of Doan's Pills, stimulant directed to the kidneys, in this condition. Users everywhere endorse Doan's. Ask your neighbor!

COMMITTEEN BLOCK SENATOR BORAH'S PLAN

Continued From Page One
who is ill at his home, discussed the Borah resolution with state department officials, but they said that he had made no statement as to a possible withdrawal of his attack.

In the house today the statement was made by Representative Snowdownski, of Michigan, that "no man more familiar with the character of the men enforcing its edicts can doubt that it is communitarian in purpose."

He recalled attacks on Secretary Kellogg's statement on that subject before the senate foreign relations committee and continued:

"The committee, however, has not yet permitted the confidential information supplied by the secretary on that occasion to become public."

Representative Connally of Texas, a member of the foreign affairs committee, also touched on the Central American situation in the house, declaring that attacks by administration critics that its Nicaraguan campaign was prompted by mere selfish reasons than protection of lives and property, had been substantiated.

"It is now entirely plain," he asserted, that the administration intends to force the senate to "keep" in power the weak line."

THE SPORTS OF A DAY

LOCAL QUINNET IS FORCED OUT OF COMPETITION

Filer Defeats Bruins 24 to 17 in Featureless Game; Twin Falls Co-eds Win; Dreams of District Honors Vanish.

Like a nightmare the Wildcat basketball team last night descended upon the Bruin artists on the local gymnasium floor and awakened them from their dreams of district honors. The visitors opened the game with an eight point lead, held their own in a 10 to 10 tie and won 24 to 17. In the evening's opening round, co-eds of the Filer and Twin Falls schools played a slow game that in the end netted the Bruins a victory. The score was 19 to 13 when the skinnish came to a close. Both games were witnessed by a capacity house of 500 persons.

High Point Men

Kelly, who was substituted for Ratcliffe at center, and Martin, guard, were the scoring stars for the Bruins. Kelly found the hoop for five minutes and Martin sent the ball through twice to add four more points to the local total. Ratcliffe, center, and Ward, who was substituted for Bersted at forward, contributed three points each, and Haynes, forward, dropped the ball through once.

Twin Falls Success in the Last Half

Twin Falls opened the last half but was less successful than in the first half, scoring only six points in Filer's seven minutes, was severely depressed by the Wildcat lead.

Girls' Game Slow

The girls' game was slow with Twin Falls drawing the first blood, and continuing during almost the entire game with a slight advantage. Filer, by winning the game last night in the boys' contest, gains the right to compete for sub-district honors at Hull next month. Twin Falls is eliminated. Although the local coaches were doubtful as to whether or not they will again appear on the court this season, Hull having defeated them decisively on two previous occasions, with the team again bids fair to go a long way in the battle for the national championship.

The lineup for the boys' games:

FILER (24) TWIN FALLS (17)
Hartman Bertch
Smith Left Forward
Haynes Right Forward
Klax Center
Schuckley Nelson
Hull Right Guard
Martin Left Guard
Substitution: Twin Falls, Ward for Bertch; Kelly for Ratcliffe, Art Kelly for Ward, and Bill for Martin; Filer, Reed for Schuckley, Doy's for Smith and Miller for Hartman.

The lineup for the girls' games:

TWIN FALLS (19) FILER (13)
Smith S. Knypstra
Guttry Left Forward
Dond Right Forward
Weaver Jumping Center
Worth Banning Center
Rowberry Gentry
Colwell Right Guard
Doill Left Guard
Substitution: Twin Falls, none; Filer, McFay for S. Knypstra, Orm for Gentry.
Referee: Huddleston.

PYGMIES IN STONE AGE OF CULTURE, STERLING

BOSTON, Feb. 23 (AP)—The pygmies, who live far in the interior of New Guinea are "in the stone age" of culture, said Professor Matthew W. Stirling of Berkeley, California, today. Professor Stirling, who headed the Smithsonian Institution Dutch government expedition into pygmy land returned on the liner President Adams with other members of the expedition. Describing the primitive customs of the four-foot people, whom he found very friendly, he remarked that they had been falsely accused of cannibalism. The expedition he believed arose from their methods of disposing of their dead. In some villages cremation is practiced, but in others the bodies are left exposed on a platform for some time and the bones preserved.

CUBS ENTER TRAINING

CHICAGO, Feb. 23 (AP)—The Chicago Cubs gathered here tonight for the systems in the Catalina and training camp tomorrow, with the status of two of the leading players still undecided.

HEYBURN TEAM WINS FROM BURLEY JUNIORS

BURLEY, Feb. 23 (Special to The News)—Notwithstanding the fact that the visitors team was made up of older and larger boys, the Burley junior high school basketball team held the Heyburn prospects to a score of 24 to 16 in a hard fought contest on the Burley floor last night. Burley took the lead at the beginning of the game, the first quarter ending in their favor, 8 to 4. The fighting spirit of Eugene Trent and James Henderson, Burley guards, being responsible for holding the visitors from further scoring, while Lamont Parish and F. Hager jumped the baskets for the local young ones.

Heyburn came back strong in the second quarter, the lead toward the close of the half which they held to the end of the game. The juniors will play the Oakley team in the local gym this evening, while the first team will meet Rupert on the latter's floor on Friday.

DEMPESEY MUST FIGHT WAY INTO TITLE 'BOUT

NEW YORK, Feb. 23 (AP)—Jack Dempsey must take his chances of a future match with Gene Tunney in the current heavyweight championship tournament, Tex Rickard declared today, after long negotiations, that the former champion would fight Tunney or no one.

"I haven't heard from Dempsey in some time nor have I made him any proposition," said Rickard, "but my position is the same, that Dempsey must fight his way into another title match. If he wants to meet Tunney, my idea right along has been to have Dempsey face the winner of the group now battling for the championship, but I do not know yet whether Jack will accept it."

HORSESHOE CHAMPION

ST. PETERSBURG, Fla., Feb. 23 (AP)—C. Davis of Columbus, Ohio, won the national horseshoe pitching championship in the annual tournament here today.

TROOPS ROUT REBELS

MEXICO CITY, Feb. 23 (AP)—Federal troops have taken a band of 1000 outlaws who barricaded the village of Eleonora, in the state of Jalisco, and fought off the government soldiers for several hours. One of the outlaws were killed and, according to the newspaper El Sol, 26 diversity students, who were found hidden in a church and were suspected of participating in the movement, were arrested.

WOULD MATCH SPRINTER

PHOENIX, Ariz., Feb. 23 (AP)—Charles Beards of Phoenix, sophomore at the University of Southern California, 1926 world's first champion and member of the All-American track team, will compete against Charles Paddock for some other nationally known sprint star in a regulation sized race at the Greenway field to be held at Phoenix, Arizona, April 23. V. L. Housholder, director of the meet, announced today.

ST. GODDARD IS WINNER OF RACE

Noted Musher From The Pas, Manitoba, Clinches Trail Classic by Taking Third Lap.

QUEBEC, Que., Feb. 23 (AP)—Emit St. Goddard of The Pas, Manitoba, won the international dog derby today after coming in first in every lap of the three days race. His total time for the 120 miles was 11 hours, 37 minutes and 35 seconds.

The youthful Manitoba musher finished down the Grand Allee in the final lap through more than a mile of cheering dog fans, beating all previous records in the race by 50 minutes and 35 seconds. His time for today's lap was 3 hours, 37 minutes and 15 seconds. He passed out Leonard Soppala, hero of the Nome scenic epic, by 20 minutes and 20 seconds, having passed his other 13 opponents as if they had never started.

Fights Game Battle

Soppala fought a game but losing his lead and was beaten in 2 minutes and 50 seconds over St. Goddard in the day's lap, the lead of 24 minutes and 10 seconds held by St. Goddard yesterday was too much for him to overcome.

Soppala upheld his reputation as a marvellous musher. He started the final lap with only six dogs, while St. Goddard, because of a sore leg, had to ride on his sled through out the day's race. Soppala won the final lap of the classic. His total time for the three days was 11 hours, 37 minutes and 35 seconds.

STEERING COMMITTEE MAPS FUTURE COURSE

WASHINGTON, Feb. 23 (AP)—Meeting for the first time since Christmas, the republican steering committee of the house today took a hand in writing out bills which it thinks should be given consideration before adjournment.

The tentative program schedule prepared by Representative Tison, the republican leader, gives first of way on the floor tomorrow to the conference report on the naval appropriation bill with its much debated senate amendment to provide \$1,200,000 to begin work on three light cutters.

Next in order are the \$63,400,000 deficiency supply bill, reported yesterday and the Hawley-medical whiskey message will be disposed of, after which will come two bills authorizing appropriations of approximately \$30,000,000 for various naval activities.

COMPROMISE BILL PASSES

PHOENIX, Ariz., Feb. 23 (AP)—The house this afternoon passed a compromise Colorado river bill as a substitute for the James Hill vetoed by Governor Hunt last week. The bill, which provides for a river commission of eight members, now goes to the senate.

A spirited discussion in which Governor Hunt was charged openly with efforts to cooperate with the legislature and was in turn defended by administration supporters for his stand on the river question, preceded the roll call.

INVOKE SENTENCES TO DEFEND INTEGRITY OF FRENCH HONOR LEGION

PARIS, Feb. 23 (AP)—Prison sentences and heavy fines today were invoked by the French courts to defend the integrity of the much coveted and ribbon of the Legion of Honor.

Marcel Rattier, a functionary of the ministry of commerce, M. Dumoulin, an advertising agent, and M. Camuset, a newspaper reporter, who have been on trial on charges of having sought and accepted bribes from candidates for the coveted distinction, were sentenced this afternoon.

Rattier, got three years in prison and was fined 15,000 francs; Dumoulin got 18 months in prison and was fined 125,000 francs, while Camuset got one year in prison and was fined 10,000 francs. The evidence showed that their soliciting was not so much against the order as against successful aspirants. With inside knowledge they went to candidates who were sure of the ribbon and told them that their applications were being sidetracked, but that with the proper influence at their command, the whole thing could be straightened out at 100,000 francs a ribbon.

MILLION DOLLAR BLAZE SWEEPS CITY OF MANILA

MANILA, Feb. 24 (AP)—For the second time in less than two months, a disastrous fire swept Manila early today, destroying nine business houses and highly damaging four others on the city's principal street.

Damages was estimated at between \$1,000,000 and \$2,000,000. Origin of the blaze has not been determined. One thousand Filipinos were made homeless on January 10 by a fire that destroyed more than 200 houses.

APES CONSTITUTE LARGE PART OF POPULATION OF TIBET, EXPLORER SAYS

MOSCOW, Feb. 23 (AP)—Monkeys, gorillas and mandrills outnumber the inhabitants of Tibet, Colonel Peter Koloff, Russia's famous explorer, who discovered the dead city of Karakota in a recent expedition asserted here today.

When the expedition first arrived in Tibet, he said, tribesmen professed great frightfulness for its members, but after the Russians settled in their tents the Tibetans made a surprise attack on them in the middle of the night with 4500 armed men.

Tribesmen Get Ammunition

Koloff's assistant gave warning of the sleeping explorers just in time, but the Russians opened fire on the attackers, killing several. After a battle lasting an hour the tribesmen fled to the hills but not before they captured most of the expedition's rifles and ammunition.

"We traveled for weeks without seeing a single human being," the explorer said. He had trained a large, fierce, but extraordinarily intelligent ape, making him a member of the expedition.

Colonel Koloff asserted that Tibet is covered with enormous yaks weighing 3000 pounds whose skulls are so thick it is impossible to pierce them with ordinary bullets. Thousands of other animals roam the country and do not show the slightest fear when approached.

MARINES ARRIVE

SILANGHAI, Feb. 24 (AP)—The American transport Chaumont arrived here today with 1200 marines from San Diego, California. The marines remain aboard the vessel.

CAP GAMING IN POPULARITY AS HEAD COVERING

Insignia of the "Tough" and Apache in France, Now Living Down Bad Reputation; Adopted for Sports Wear.

(By The Associated Press) PARIS, Feb. 23.—The cap, insignia of the "tough" and the Apache in France for many years, is living down its bad reputation.

The cap in Paris, is becoming the universal head covering for those inclined to "fall in with" people in automobiles more than than wear caps, but usually they vary but for use when they get out of their cars.

The "tough" cap, which is still looked at with the conservative generations.

The appearance of the cap dates back many years. There still are three-hills in Paris where there are signs "Persons wearing caps not admitted."

The cap, it might be said, is proper when the person wearing it is proper. Young men of doubtful pedigree, picked up by the police still are identified in newspapers as "wearing caps," which is an indication of how the French in general still regard such a person.

They consider an altogether too negligible thing.

Cap-makers, nevertheless, insist there are 8,000,000 caps in France, which is one million for every five persons. Certainly a count of people in the streets wouldn't show one person in 20 wearing a cap.

The Charleston has weighed its way into the Ellyce, the presidential party.

It took a private showing of the American ballroom contortions to make President Gaston Doumergue put the censor's stamp on it. He thought it was a thing worth seeing, but not indecent, and certainly not proper for the most formal social affairs in France.

When the spring dinner and reception to diplomats and officials was due, the president, looking over the program, asked what dances were to be given.

When the young people will as they come to your receptions," he was informed.

The president hesitated, asked what it was like and then a young officer was called and there was a Charleston exhibition for the president.

GO-OPERATE ON PRAYER FOR ALL

Rabbi, Priest and Minister Compose Supplication Acknowledging Kinship of Faith

URBANA, Ill., Feb. 23 (AP)—Rabbi, priest and minister have cooperated in formulating a prayer acknowledging the kinship of the faiths and the common fatherhood of God.

The prayer was published Thursday by its authors, the Rev. John A. O'Brien, pastor of St. John's Catholic church; Rabbi Benjamin Frankel, director of Hillside fundation, and the Rev. James C. Barber, pastor of the Trinity Methodist Episcopal church, all of Urbana.

"Almighty God, we who are members of different races and faiths desire together the fatherhood and our kinship with each other.

"We are hearty sorry for the misdeeds, our aspirations are one. Our trust our father and we are thy children. We are hearty sorry for the misdeeds of fear, envy, hatred, suspicion and greed which have blinded our eyes and thrust us asunder.

"We are hearty sorry for the misdeeds of our hearts and give health to our spirits. Lead us to put away all bitterness and walk together in the ways of human friendship.

"We are hearty sorry for the misdeeds of our hearts and give health to our spirits. Lead us to put away all bitterness and walk together in the ways of human friendship.

"We are hearty sorry for the misdeeds of our hearts and give health to our spirits. Lead us to put away all bitterness and walk together in the ways of human friendship.

"We are hearty sorry for the misdeeds of our hearts and give health to our spirits. Lead us to put away all bitterness and walk together in the ways of human friendship.

"We are hearty sorry for the misdeeds of our hearts and give health to our spirits. Lead us to put away all bitterness and walk together in the ways of human friendship.

PUBLICITY EVENS UP SCORE WITH BURGLAR

SAN FRANCISCO, Feb. 23 (AP)—Harry Hammond, owner of the Byron, California, Times, has a philosophy which enables him to regard a burglary as a visit of publicity.

While he was visiting here some one broke into his newspaper plant without getting anything of value.

"The burglary was carried in the state office of the Associated Press. The day following this notice appeared on the first page of the Times.

"We're even with the burglar," he said, "but cannot make up my mind what we are worth. It is believed to be the first time a country editor has been able to get into that powerful and rich institution—both in all things and make news worth while.

A Distinction. A woman frequently knows what she wants but cannot make up her mind what it is—Judge.

CORN AND OATS REACH NEW LOW

Free Offerings and Heavy Selling Place Grains on Tobacco; Wheat Averages Lower.

CHICAGO, Feb. 23 (AP)—Corn and oats smashed down today to new low price records for the season. There was heavy general selling and country activities indicated free offerings from first hands. North American corn supplies are, nearly 12,000,000 bushels larger than a year ago.

Corn closed heavy, 1/4 to 2/8 to 2 1/2¢ net lower, wheat 3/4 to 5/8 off and 3/4 down, oats 1/4 to 1/8 off and 3/4 down, clover 1/4 to 1/8 off.

Big holders of corn and little wheat as well were pressing to sell today. Liberal receipts of corn here kept buyers at various first limits which were automatically brought into operation.

Lowest prices both of the day and the season were reached in the corn market right at the close. Buying was confined largely to previous sellers who were in a hurry to collect a profit.

Failure of shipping demand to broaden here attracted much attention and so likewise did the fact that cotton receipts today had booked 1,000,000 bales more of crop to arrive.

Ones followed the downward sweep of the corn market.

Wheat was heartily affected not only by the weakness of other grain but also by unusually fine weather for the winter which has caused several lower quotations for wheat at Liverpool.

Provisions were responsive to the fact that packing house products are below a profitable manufacturing basis compared with the current cost of hogs.

UNITED STATES STEEL ESTABLISHES NEW HIGH

NEW YORK, Feb. 23 (AP)—Establishment of new record highs for all time by United States Steel common at 162 and Baldwin Locomotive at 20 1/2 featured the resumption of the upward movement in today's stock market.

Speculative interest again centered largely in the industrials, with easy call money rates and expanding mill operations furnishing the background for the advance.

Total sales crossed the 2,000,000 mark for the sixth consecutive full session, the year's total to date running above the extraordinary periods of both 1926 and 1925.

United States Steel common showed a net gain of more than three points on the day, finishing its top price in the last few minutes of trading.

On the other hand, Baldwin touched its first high since the stock came down to 100, where it was up 2 1/2 points on the day.

General Motors closed three points higher at 150, the face of several crude oil price cuts was one of the most significant developments of the session.

DRY FRUIT NEW YORK, Feb. 23 (AP)—Evaporated apples, prunes, apricots, peaches and raisins, steady.

MONEY NEW YORK, Feb. 23 (AP)—Call money easier; high 1/4; low 3/8; ruling rate 4/8; closing bid 3/8; time loans steady; money market quiet.

COUNTY BOARD OUTLINES WAR ON WEED PEST

Resolution Defines Field of Operation and Calls on Land- owners for Co-operation; Fair Claims Attention.

Major plagues in Twin Falls county weeds are this year against the county weedy are set forth in a resolution adopted by the county commissioners in session here Wednesday. The resolution is virtually the same as the one adopted for this purpose last year, declared the entire county to be a weed district and requires all land owners to cooperate in combating the prohibited weeds.

The campaign this year is to be conducted under the direction of M. E. Hitz, who has been named as successor to E. N. Larned, under whose administration during the past two years the weed campaign in this county was organized.

Mr. Hitz already has placed orders for quantities of carbon bisulphide and salt and other materials to be used in the weed war, and is organizing his field force for the season.

Various other resolutions of the county board were also taken. The commissioners adjourned last evening to reconvene Friday for the purpose of taking the final action with respect to the county fair board for this season. There are, according to T. E. Moore, chairman, two or three candidates on the fair board to be filled.

Here is the text of the resolution in regard to the weed campaign: "The county is hereby declared that all Canadian thistle, quack grass, morning glory, Russian or black grass weeds, and other weeds, within the limits of Twin Falls county, Idaho, shall be destroyed by flooding, by applying salts, or other substances which will destroy life of such noxious weeds, or by continuous cutting or continuous cultivation, and under no circumstances allow any person to neglect or refuse to comply with this order shall be complied with before June 1, 1927, and it shall be the duty of all landowners within the said Twin Falls county, Idaho, to comply with this order after the first day of June, 1927, or until November 1, 1927.

Any landowner or renter failing to comply with this order shall be dealt with in accordance with the law in such cases made and provided."

ACREAGE IN LAND DEAL INVOLVED IN DISPUTE

Question as to the number of acres of land sold by W. W. Parish to J. R. Burnett, George W. Burnett and William J. Burnett, brothers, is at issue in the suit of Burnett and others against Parish in which evidence was presented before Judge W. A. Babcock in district court here Wednesday. Under the contract of sale the Buretts were to have paid \$150 an acre for the land, which is a part of the original A. Page ranch northwest of Twin Falls. The transfer was of all of the land on this property lying west of Rock creek. Burnett alleges that it was represented to them that they were buying 273 acres, whereas, they say, there is actually only about 225 acres in the piece.

Plaintiff Burnett is represented by Turner K. Hackman, attorney, and the defendant Parish by Stephen J. North, E. M. Wolfe and Walters & Larry.

FARM LABORER SUES FOR WAGE AND PENALTY

Suit for foreclosure of a farm laborer's lien for an additional month's pay at the rate of \$50 a month was instituted in district court here Wednesday by Alfred H. Larsen against Frank Clark. Claim for the additional pay is based on statutory obligation that requires the employer for discharging an employe without paying wages in full. Larsen alleges that he worked for Clark from June 21 to July 24, last year, and that there is still due him \$20.42 in wages. The complaint was filed by Turner K. Hackman, attorney.

GOES TO PRISON IN LIQUOR CASE

Joe Martinez Third Offender From This County Sentenced for Second Offense Violation

Joe Martinez, proprietor of the Blue Light pool hall, Second avenue south, was sentenced by Judge W. A. Babcock in district court here Wednesday to serve a term of from two to five years in hard labor in the state prison for illegal possession of liquor after prior conviction.

Martinez is the third offender to be sentenced to serve a prison term for second offense violation of the state liquor laws. He pleaded guilty Tuesday to charges of illegal possession of a gallon of moonshine that was discovered by officers in his room last week. He had been convicted previously of violation of the liquor laws three years ago. John Adams, Mexican, who gave information to the officers leading to Martinez' arrest last week, pleaded guilty in justice court to misdemeanor charge of liquor possession and was sentenced Wednesday by Judge T. E. Moore to serve 30 days in jail and pay \$100 fine.

VIENNA LEARNS DANUBE ISN'T ALWAYS DANUBE

VIENNA, Feb. 23 (AP)—The Vienna news items note that they have been celebrating the "Beautiful Danube" for years and years when in fact it is merely a river that flows by here only half the time. The Danube is a disappearing river. Court proceedings between the states of Wurttemberg and Baden, Germany, many have brought out proof that the famous river, set to song by Strauss, flows only during the winter months. The river, the principal feeder, 10 miles further on, furnishes the water that flows by Vienna, the Budapest and Belgrade, in the Danube bend, in summer and autumn.

The terrific stretch of channel that goes dry every year, between Lueddigen and Tattlingen, heretofore has been a mystery. The river obviously had flowed down through wide cracks but no one ever discovered where it went. By strongly coloring the water, the scientists who testified in the recent German controversy say they determined that the disappearing Danube flowed underground (about 100 feet) and reappeared in the so-called Aeh-kepp river that runs into the Aeh-kepp. This in turn flows into the Rhine and eventually into the North sea. Therefore, it is only the excess water, the part that flows by here in winter and spring, that is the Vienna Danube which runs into the Black sea.

For Broken Glass

When a piece of glass has been broken on the floor it is advisable to wipe up the tiny splinters with a wetten cloth. It is almost impossible to coax them all up with a broom.

SEGO COMPANY PROCURES SITE FOR CONDENSERY

Milk Products Concern Ar- ranges for Investment of \$150,000 to Give Employ- ment to 35 to 40 People.

(Special to The News)
TWIN FALLS, Feb. 23.—The Se-go Milk Products company has completed negotiations through its attorney, Ben H. Busman, for a site for a condenser in the Hahul community. The site, about four acres in area, is a part of the Burley ranch and sits on the south side of the Oregon Short Line right-of-way just east of the Hahul depot.

The company's building plans have just been completed and call for an expenditure of about \$150,000. Roy Smith, vice president and general manager of the company, announced by long distance phone that building operations would commence in the near future.

Agreements with the city of Hahul were entered into shortly after the first of the year, and the water being used for the daily and call for the use of water daily, the water being used for condensing purposes.

Payroll Promised

J. W. Barnett, local manager for the company, stated that the condenser will furnish employment to about 35 or 40 people in the factory and about 100 in the field community as he required to collect the milk from the producers. Mr. Barnett has been with the company for some time and has been in charge of the Hahul from Richmond, Carbon valley, Utah, where the company also operates a condenser.

Mr. Bullen is expected in Hahul in the near future to complete arrangements for the commencement of building operations.

The Se-go company, at the present time, operates a cheese factory at the E. T. Fandenger ranch, northwest of Hahul, the business having been purchased from the Cloverdale Dairy Products company in 1924.

Bulletin Stresses Home Management For Farm Women

UNIVERSITY OF IDAHO, Moscow, Feb. 23.—"The Use of Time by Farm Women," a 14-page experimental station bulletin, has just come from the press and is being distributed. The publication is the work of Mrs. Ina Z. Crawford, who conducted the investigation. Mrs. Crawford prepared the results as a thesis requirement for her master's degree.

The bulletin reaches the conclusion that housewives should profitably devote more time to home management, that is, to planning and checking up on their work.

"Probably," Mrs. Crawford says, "if more time were spent on this division of work the time that remained could be more wisely and advantageously distributed. In the university practice cottages where girls are taught how to keep house and how to use their time to best advantage they are required to spend several hours each week planning meals and budgets and checking up on expenditures and supplies."

"If women used more time for management they would profit by having more time to devote to self. It is reasonable to believe that they need more than 2 1/2 per cent of their time in the average shown in the reports."

If given \$1000 to spend on their homes the majority of farm women would be willing to spend it for electrical appliances and new furniture.

CONTINUE FIGHT FOR BIG ESTATE

Relatives of Frank Triguero Get Additional Time for Pre- sented Motion for New Trial

Heirs of the late Frank Triguero, Catalina stockman, have been granted 10 days' extension for trial of presentation of a motion for new trial in the suit instituted by H. A. DeNail, administrator, to require that the \$180,000 estate that was transferred by Triguero to Martinio Gier, Triguero's son, be foreman, two days before his death, shall be administered by the probate court. The jury in recent trial in the case in district court here awarded judgment to Gertrude Chelarsky.

Order extending time for the motion for a new trial was signed by Judge W. A. Babcock in district court here Wednesday. In support of the application, J. W. Taylor, of counsel for the administrator, submitted an affidavit stating that the extension was desired to permit of return of affidavits that had been sent to California to Frank H. Coumair, nephew, and Joe Triguero, brother of the dead man.

Service of the application was acknowledged by J. R. Bothwell and W. Orr Chapman, attorneys for Gertrude Chelarsky.

Back from Louisiana—Fred Posa, Jr., has returned from a two weeks' visit to Oak Grove, Louisiana, New Orleans and San Antonio, Texas. Mr. Posa and little son, Paul, who accompanied Mr. Posa to Oak Grove, will remain here for some time to visit at the home of Mrs. Posa's parents, Mr. and Mrs. L. Lipp. Mr. Lipp is editor of the West Carroll Gazette at Oak Grove.

Be independent of outside ice supply next summer—and forever!

Install Frigidaire now

ONCE-Frigidaire is installed in your home, you are forever free from the need of outside ice supply. The minute the connections are made and the current turned on you have automatic electric refrigeration—you have the permanent convenience of direct frost-coil cooling—you have Frigidaire.

Come in and see Frigidaire in actual operation. Inspect the new models now on display. Examine the Frigidaire frost-coil. See how it works—how it preserves the freshness and flavor of all foods—how it freezes ice cubes and makes frozen desserts.

TWO CHANGE EMPLOYMENT

Stan Pige, manager of the International Coal company here for two years past, will succeed Melvin Clair as purchasing agent for Twin Falls. Clair is leaving here for a new position in the coal business. Mr. Pige was announced Wednesday at canal company office here. Mr. Clair, who left for his new position in which he will be engaged for two years, resigned to become a member of the office staff of the Idaho Wool Growers' association here.

DEATHS

DORA BELLE HARRAL, Dora Belle Harral, four-year-old daughter of Mr. and Mrs. Ivan Harral, died at the home of her parents who reside 10 1/2 miles southeast of Twin Falls, at 6:30 o'clock Wednesday evening. She was born in Hahul October 29, 1922, and survived by her father and mother and one brother Darrell and two sisters Mattie May and Alice Fay.

The body lies at the Blue mortuary awaiting completion of funeral arrangements.

Weather's Status Still Unsettled

Forecast for today: Unsettled; probably rain.

Weather conditions in Twin Falls, during the 24-hour period ending at 6 o'clock last night were considerably. The day was cloudy. Rain and snow descended intermittently and brought precipitation to .02 of an inch. Mercury ranged 19 degrees from the high mark of 46 degrees to the low of 27 recorded during the early morning hours Wednesday. Precipitation for February to date is 1.28 inches.

Clouds still hovered in the skies over Twin Falls last night and possibility of rain or snow during the early hours of today loomed.

Sometimes Bitter Way to Learn.

"After a man learns by experience," said Uncle Eben, "the generally speaking he's got his knowledge by faith" somebody's word for it."
