If I spend my Dollars out of Twin Falls and you spend your Dollars out of Twin Falls, and all the People spend their Dollars out of Twin Falls, WHAT IN THE TWINN WILL BECOME OF TWIN FALLS?

**THINK ABOUT IT**  
Twin Falls Commercial Club

The news of the proposed building on the Baugh corner will be welcome to the people of this city. Not only will the new building do away with an unsightly corner and enhance the appearance of the best section of the city, but it is also a sure indication of the steady advance in the prosperity of the whole city. In 1911 and 1912 rapid building in the business district gave the city the appearance of having reached the end of its boom with sixteen to twenty vacant store rooms about the city. However, today with some eight or nine store rooms added since that time, there is not a single vacant store building of any size in the principal business streets and avenues. This condition has come about quietly without any disturbance of the business circles. Where perhaps fifty business firms were struggling along at that time for existence, there are now scattered all along the business district three times that number and all are apparently making good. Twin Falls will probably never have another building boom and it is to be hoped that she will not, but there is abundant evidence that with the return to normal prosperity that the city is bound to grow and bound to be one of the best little cities in the Northwest.

There is considerable comment in the Boise papers regarding the removal of Ned Jenness as register of the state land board; and the probable appointment of W. L. Gifford,

former secretary of state, as his successor. The work heretofore performed by the register is now being done by Heber Q. Hale, who has been with the land department for a number of years, without additional compensation. There is a report from Boise that the land board is inclined to go along without a register, if it is found that it can be done satisfactorily with the present force.

We are not on the inside of the land board's affairs and therefore know nothing of the causes which resulted in the dismissal of Mr. Jenness. If his work was not satisfactory it was of course, the duty of the board to remove him. But if he has been removed simply for the purpose of a little later giving Mr. Gifford the place, the board will certainly have made a big mistake. Not that we have anything against Mr. Gifford, nor do we especially favor Mr. Jenness. If it is found to be absolutely necessary to have a register, in order that state's land business may be properly cared for, the board should endeavor to secure the services of some competent man to fill that office, and there are surely scores of deserving Republicans in the state who are capable of successfully discharging the duties of register. This thing of one man feeding continually at the public pie counter should be stopped. Mr. Gifford served six years as secretary of state, and before coming to Boise, held the office of auditor of Nez Perce county for one or more terms. There is no question but what he has the ability to fill the office of register of the land board, but if the state has got to keep him, let us pass a law pensioning such as he and do none with it. Aside from the fact that Mr. Gifford made a good county auditor and a good secretary of state, we know of no service that Mr. Gifford has ever rendered the Republican party that entitles him to a perpetual seat at the pie counter. We understand that he has been drawing a salary as some sort of a clerk about the state house, ever since his retirement from the secretary's office.

If it is found, after a trial, that a register is needed we hope, the Republican members of the land board will have the ability to appoint some capable man to the position as a reward for his services to his party. Mr. Gifford has received his reward. —Montpelier Examiner.

**FALSE ECONOMY**  
In the early spring, the board of county commissioners called for bids for completing the grade at Shoshone falls, according to specifications laid down by the state highway commission. The low bid for this work was made by local men for \$4500. On the initiative of Commissioner Carlson in whose district work was to be done, this bid was turned down and the county announced that it would do the work and save money for the county. The work was started and about one-third completed, when according to Mr. Carlson, the county ran out

of funds and the work stopped. At the same time, however, work was begun on the Nurtaugh grade before any more funds could have been available. However, the result is that one-third of the Shoshone falls grade is in fine condition while the rest is in mighty bad shape, and has been all summer. Now comes the part which will interest the taxpayers. Nearly five thousand dollars has been spent this year on the grade (to be exact, over \$4700). To finish the remaining two-thirds will take at least four thousand dollars more. The result is that under the guiding hand of Commissioner Carlson the grade work if ever completed will cost the county two thousand dollars more than it would under contract.

The only thing that can be said for the plan adopted is that it provided employment for some of the Democratic henchmen. Of course, all taxpayers, Republicans and Democrats alike, believe in economy. The Times believes that the great majority of the taxpayers do not approve of the practice of taking county funds and spending the same extravagantly. The Times claims that in the past two or more years the county has not received full value for every dollar expended upon the county roads.

**WHO IS A REPUBLICAN?**  
Former President Taft is quoted as saying that the Progressives of 1912 may come back into the Republican party in 1916, but that they cannot let their principles along with them. Mr. Taft's admirable personal qualities have served to give him an affectionate place in the minds of many of his fellow-citizens, but we are not aware that these qualities or the fact that he was once our president permit Mr. Taft to pose as the sole judge of individual qualification for classification as a Republican. Further, we do not believe that any body of men now possess such power. The Republican party is not a social club. It has no committee on membership to whom intending Republicans must submit themselves. There are no blackballs in our party, paraphernalia.

Men join the Republican party, or act with it from time to time, from conviction, because the Republican doctrine as contained in the Republican platform appeals to their reason; or because of qualifications or the attractive personality of Republican candidates. These are the only limitations upon membership in the Republican party—and they permit the widest latitude for individual opinion because there are many matters which may be of commanding importance to a state or to a group of states and which never find expression in a national platform. Moreover, platforms change with the times. There are certain cardinal Republican doctrines which are unalterable—such as a government by law rather than by men, a tariff for protection of a vigorous foreign policy, an efficient currency. But a party of growth and of advance, like ours

**Silks Range in Price from 50c to \$3.50 yd.**

**Munsing Underwear for Every Member of the Family**

When a garment gives to the wearer entire satisfaction from every point of view, as Munsing underwear, suits all ways do—it seems hardly necessary to say more as to their merit. We are and have been exclusive selling agents in Twin Falls for several years, and of the many garments that we sold in that time, not one single complaint have we heard, but we do not wonder at it nor would you if you ever wore a Munsing garment. It is absolutely the best underwear that human skill and ingenuity can produce. Try it next time.

**Prices Range from 50c to \$3.50**

adapts itself to the needs of the occasion. For example, the plank in the platform of 1908 relating to labor and injunctions—a plank by the way, for which Mr. Taft contended earnestly—could have found no place in the platform of 1860, because no occasion existed for it at the earlier date.

Therefore, who can tell what will be the platform of 1916? A government by law rather than by men? Most assuredly. A protective tariff? Yes. Efficient currency law? Certainly. A sterling expression on foreign relations? Without doubt. A just indictment of the present administration? Emphatically, yes.

These will form the basis of Republican doctrine. Whoever subscribes to them will be a Republican. He may hold whatever other views he may choose. He may try to write these views into the platform. If they are sound views, he will succeed. But if he fails and if he still acts with the Republican party, he may hold to whatever opinions he pleases as to social justice, the initiative, the referendum, the recall, or any other fundamentals of local government. So long as he votes the Republican ticket, he will be a good enough Republican for us—and it will not lie with Mr. Taft, or with any other ex-president, to write any individual anywhere to say differently.

The Republican party is the party of liberty—and that is why Mr. Taft can say what he pleases and why any other Republican may say what he pleases so long as he acts in harmony with the major doctrines of the Republican party.—Wolser Signal.

**A COMMUNICATION**

There is no criticism with reference to the engineer doing the work for the county of Twin Falls as far as his ability as an engineer is concerned. There is, however, a great deal of criticism offered and we all feel that it is justly offered with reference to the manner in which the engineer is going outside of the county to secure an engineer to do the county bridge work, when there are at least five engineers in Twin Falls who are perfectly capable of doing any of the work or all of the work that for the past year has gone to a non-resident engineer. These men are taxpayers and voters of the county of Twin Falls and they all reside in and about the city of Twin Falls. They are available at any and all times to do the county work. They would all do the work at the same or less cost to the county than is paid to the engineer who has to be engaged in his transportation from Pocatello or Salt Lake, as the case may be. The mere fact that an engineer happens to reside in Twin Falls and should not be counted against him by the commissioners of the county in which he resides. This, however, seems to be the case, as shown by the recent action of said Carlson in again retaining the services of a non-voter. This is a protest not alone of the engineers who are submitting it, but of all fair-minded people in this county. It is at the instigation of a number of the heaviest taxpayers of the county that this article is being written. If the commissioners are inclined to be fair, they will take the only means of showing it to the taxpayers and voters of

**CALIFORNIA Raisin Bread**

**Fine For Kiddies—Buy It Here**

It is dotted with Nature's "gem of food"—California raisins. It is tasty, and good for every child. It is good for grown-ups too, madam, for there is more food value per pound in raisins than in beef, eggs, milk, fish or potatoes. See how your family enjoys this delicious bread.

**CROP INFORMATION CIRCULAR**

Immense Crops do not Measure up to August 1st Estimates.

A wire from the office of markets, Washington, D. C., yesterday estimates 406,000,000 bushels for the entire country. This is a drop of 25,000,000 bushels from the August 1st estimate. This also includes all the early potatoes, such as is grown in Texas, Oklahoma, Hastings, Eastern Shore and the Carolina which stock is now mostly out of the way. This early crop being larger than last year we think we are justified in saying that there are now 4,000,000 bushels less potatoes in the ground than were undug at this time last year. We confidently think that the government's figures will still have to be lowered for their October 1st report.

Yesterday's wire states an increase of 165,000 bushels in Idaho over last year when everyone knows that there will be twice this much average over, last year. The estimate gives Colorado 1,000,000 bushels over last year, which is an estimate that leads us to believe they will have little or no increase. The report shows California a little less, while Oregon's estimate is about 2,000,000 above that of last year.

Now, the point to which we wish to call attention is that we are fully informed that some of the speculation buyers at the August estimate in their pockets which covers early stock and all, and, by showing this to the growers, are causing a depression in the market for the worse market than last year, with a result that Idaho potatoes are now selling from 12 to 16 cents less than they were at this season last year.

A year ago today we were readily selling at 82¢ Pocatello. Yesterday we were selling at 70¢ Pocatello and the market seems a little weaker today.

Another factor to be considered is that the government's last report did not take into consideration the recent frost in Michigan, Wisconsin and Minnesota. Reports seem to indicate that the Wisconsin crop was damaged at least 15 per cent by the frost while the Minnesota crop is said to be damaged more by drought and late blight than even by the frost, but the reported estimates run from 10 to 25 per cent. A long list of reports in the last issue of the Packer would indicate that the Michigan crop had been damaged 50 per cent. These being our principal competitors in the Texas, Oklahoma, Kansas and Nebraska markets, and the further fact that we have worked up a favorable reputation there, and are preparing to grade for the California markets leads us to wonder what attitude of mind is assumed by those growers who are now turning in the size and less per cent loading station.

We are circularizing all the trade in the different points of the country with Idaho potatoes are being informing them of the true crop conditions in this state in an endeavor to uphold prices. Why the farmers at this season ought to receive what interests are not yet able to solve. Especially those who have storage should get full market information from our state office of markets, and other sources before turning their potatoes at the present cash prices on truck.

Yours very truly,  
SOUTHERN IDAHO PRODUCERS' ASSOCIATION  
S. J. DONALDSON,  
General Manager.

with mistakes which blocked the payment of pensions to the soldiers.

These mistakes could have been avoided by the exercise of the simplest degree of ordinary care. In some instances when the bills were drafted the name of the soldier was misspelled or the wrong initials given. In other cases the name was correct but an error was made in describing the company in which he served; and in other cases name and company were right, but the regiment of the soldier was wrong.

Either error was fatal to the payment of the pension Congress had awarded, because the bill did not exactly correspond with the official records of the pension office. The commissioner was therefore unable legally to put the name of the soldier on the pension rolls.

When the pension officials discovered these errors they were reported to the Invalid Pensions Committee of the House and Senate. Attempts were then made to correct the faulty laws by the passage of joint resolutions in which the mistakes were described and rectified. But their passage was delayed for weeks and months and even then some of the corrections were inaccurate.

Meanwhile death was thinning the ranks of the old soldiers at a rate estimated above forty thousand a year with the result that a large percentage of the veterans in whose behalf the laws were enacted died without receiving the recognition which their government had declared was due to them.

An striking contrast to this Democratic record, the history of special pension legislation under Republican rule shows that errors of this sort rarely if ever occurred.

**Young Ladies' Shoes**

Complete showing of low heel shoes for young ladies, including the Baby Doll boots in lace and button styles, priced from \$2.75 to \$3.00.

**Idaho Department Store**

meeting held Wednesday by the state land board.

D. MacWatters appeared before the board as representative of the company, and Senator Bremer a well known Jerome banker, and Henry M. Hall represented the settlers. If the state's application is granted, immediate patent and title will be given to the settlers. This it is believed, will result in stimulated credit and more stability on the project.

The action of the board was in part a ratification of the resolution it passed September 4, 1914. That resolution required the Twin Falls North Side Land & Water company to file with the land board or with a trust company approved by that board, three hundred thousand dollars' worth of securities to guarantee the completion of all its irrigation system except the Jackson lake storage reservoir.

The state engineer has estimated that it will cost one hundred and fifty-two thousand dollars to complete the project's distribution system. One hundred and fifty thousand dollars in bonds had previously been given by the company to guarantee that its system would be finished. Immediately after the board meeting Wednesday the company deposited the three hundred thousand dollars' worth of securities required, so it now has on deposit four hundred and fifty thousand dollars' worth of bonds—Statesman.

**Colt Show**

**FRONT RANK STEEL FURNACE**

To be an economical heater, a furnace must have a large amount of radiating surface in comparison with the size of the fire pot, and this surface must be arranged so that the air in passing upward must come in close contact with every part of it.

It will be observed that the FRONT RANK STEEL FURNACE is built on STRAIGHT VERTICAL lines, thus causing the air in its ascent to pass directly over its entire surface.

Call, and let us show you this furnace.

**AN URGENT PIANO SACRIFICE**  
Unusual Conditions Create Unusual Opportunities. The Best of Upright Pianos, the Very Best of Player Pianos and the Finest Baby Grands Included in This Ruthless Price Slaughter.

Everyone knows that export business has been practically at a standstill for several months. The world's largest piano manufacturers have accumulated a large number of finished pianos that must be sold immediately. The manufacturers have agreed to give all the discount and sell the stock of pianos we have now on hand with our agreement that for every two pianos sold by the manufacturer's representative now in charge of this sale we will buy three more of their surplus pianos. European troubles have been the cause of full of brand new pianos, nothing shipworn, nothing second-hand, all regular high-quality stock, now being offered at cost, and in many cases many pianos must be sold below cost. Elegant new warranted pianos, \$200 value, \$250 and some \$300 value now \$187. Many at \$147. A few of the better ones at \$128. The finest \$350 and \$400 pianos, \$233 and the plain cases, \$214 and \$218. Payments arranged to suit any customer's convenience—\$5 per month, \$6 per month, \$8 per month. Some for only \$1 per week. The latest and best metal-tube player pianos with ten to one hundred rolls of music free, included at corresponding reductions. A payment of \$10 per month, some for only \$2 per week. Music makes home what it should be. There is no home in Twin Falls or vicinity worthy to be called a home that cannot now have a choice piano.

**NECESSITY, KNOWN TO ALL.** These finished pianos in large quantities have accumulated in the largest piano factories. With well-founded faith in the future and breadth of perception that the near future will verify, Carstensen & Anson Co. has agreed to take the surplus stock of four leading manufacturers under this special agreement—that these manufacturers will assume all expense of disposing of every instrument in their establishment. The factories' representatives are now here. They do not care for profit. Their purpose is to have these pianos out of the way immediately and commence shipping surplus pianos from the eastern factories at once, hence this opportunity for most unusual price offerings, which will never come again, because conditions which have combined to make this undertaking necessary will never again recur.

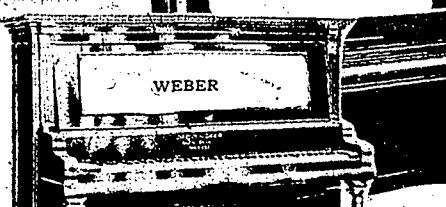

**NO PIANOS WILL BE SOLD TO DEALERS.** There will be no pianos sold to dealers during this great sale of a very few days except in the morning from 8 until 1 o'clock, and no pianos will be sold if intended for shipment by these dealers into other territory where these instruments are sold by merchants at the regular established retail prices.

**ALL ATTEMPTED PRICE RESTRICTIONS BY SOME MANUFACTURERS NOW OFF.** Every piano cut in price, no matter what its advertised price may be. Come at once.

**CASH BUYERS TAKE NOTICE!** We want your money and will make it an object. However, we are making terms never before heard of. Pay \$1 to \$2 per week, thus for three years to pay for almost any piano, player piano or baby grand piano.

**CASH BUYERS TAKE NOTICE!**

We want your money and will make it an object. However, we are making terms never before heard of. Pay \$1 to \$2 per week, thus for three years to pay for almost any piano, player piano or baby grand piano.

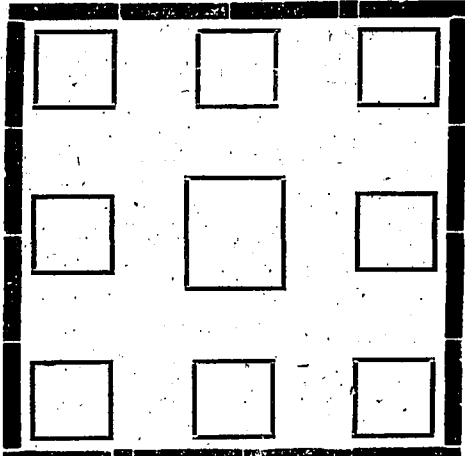

# ONE PIANO GIVEN FREE!

**\$350 Piano FREE! \$75 Violin FREE! \$50 Guitar FREE! \$25 Mandolin FREE!** It does not cost you one cent to try

To celebrate the opening of our beautiful new Piano Salesroom at Twin Falls, and to relieve the congestion at manufacturers' wholesale quarters, caused by the European war, the Carstensen & Anson Company is going to give away the above articles, also many other valuable prizes. Read this carefully.

**WHY WE DO THIS—**Hundreds of families are coming West daily to make new homes. We want every one of these good people to know Carstensen & Anson Company, its fine pianos and its money-saving facilities to the buyer, just as the old families have for many years known them. We want to greatly increase our sales the coming year, and jointly with a number of America's leading piano makers we have set aside a large fund to bring this house to the attention of every home, old and new.

## Can You Solve This Puzzle? Can You Solve It?

Take any number from 7 to 15 inclusive. Do not use any number more than twice. Place one number in each of the squares so that when they are added perpendicularly or horizontally the total will make 33. For the nearest correct artistic answer we will give the following prizes in order of merit. All prize winners will be notified and all prizes must be called for within ten days from closing of contest. It is not wrong to use this paper. Only one person in a family can enter. All prizes in this great publicity event will be given absolutely free. The first, a beautiful \$350.00 piano; second, \$75 violin; third, \$50 guitar; fourth, \$25 mandolin.

The next ten largest premiums, each a beautiful and valuable piece of jewelry, lady's or gent's, or a large art picture, and a \$150 credit.

The next twenty largest premiums each a beautiful art picture, and a credit of \$150.

The next twenty-five each a beautiful art picture and a credit of \$125.

The next twenty-five a scarf pin and a credit of \$100.

The next twenty-five a scarf pin and a credit of \$75.

The next twenty-five a scarf pin and a credit of \$50.

And all other correct answers will receive a scarf pin and a credit of \$25.

The above prizes will be given to the best and MOST ARTISTIC correct answers.

Everyone sending in an answer will receive for his trouble a beautiful art picture and a credit which can be used only on the purchase of a new player piano.

We are taking this means to reward you for your work in placing our names before the many New Comers to Twin Falls and vicinity and to celebrate the opening of our new Piano Salesroom.

**AND LOOK AT THESE PRICES**

All New Pianos—Well-Known Makes \$200 Pianos, \$117; and \$200 Pianos, \$187; or \$250 Pianos, \$128.

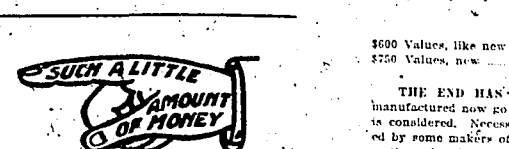

All other grades equally low. We are forced to call some pianos used. The reason is for future protection of dealers who maintain the regular prices. However, with a very few exceptions, none of them has ever been sold, and have only been in stock 6 months, some less than 3 months, now direct from the factory. The few that are used are in perfect condition and guaranteed the same as new ones.

**ALL NEW PLAYER PIANOS**

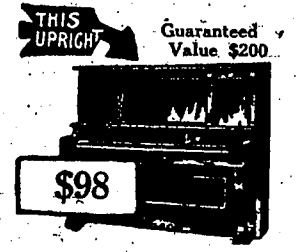

Nearly Every Player Piano Has the World's Best Standard De Luxe Action.

\$600 Values, like new	\$385	\$500 Values, new	\$225
\$750 Values, new	\$500	\$1000 Values, new	\$375

**THE END HAS COME.** Positively the highest priced Pianos manufactured now go at your door. This is not a case where profit is considered. Necessity knows no law. Price restrictions attempted by some makers of pianos pay off. Every Piano cut in price, no matter what its advertised price may be.

We are coming to Twin Falls—We are coming here with the world's greatest pianos. We are opening here with a special sale, the greatest the world has ever known. We are giving several hundreds of dollars in Twin Falls to make the Carstensen & Anson Co. well known in this vicinity.

I will be in Twin Falls for a few days only, to distribute the many valuable prizes we are going to give free.

Watch next issues of this paper.

G. R. SMITH, Local Manager.  
CARSTENSEN & ANSON CO.  
211 Shoshone Street So., Twin Falls, Idaho. Tel. 142  
For More Than 20 Years Salt Lake's Biggest, Bustiest and Best Piano House.

**A STATEMENT FROM THE HEAD OF THE HOUSE**

There have been many occasions in the past whereby we were in a position to offer the finest makes of pianos at very substantial reductions, but never heretofore has there been such a combination of circumstances that has made possible, or let me say, compelled such low prices as have now been arranged for piano buyers of Twin Falls and vicinity by the authorized piano manufacturers' representatives. Read this entire announcement carefully.

Carstensen & Anson Co. has been established and has grown great because it solemnly assures positive satisfaction to every purchaser or money back. The instruments in this sale are our regular stock, nothing reserved, and are offered upon the same definite and binding agreement on our part. No transaction will be considered as complete unless the purchaser is positively satisfied.

I do not know how to say this more emphatically. Every instrument sold in this sale must prove satisfactory to the buyer in every way, both as to quality and as to its price, or no sale. Our unconditional service guarantee accompanies every instrument sold, no matter whether it is our costliest player piano or our least expensive piano, this guarantee will positively protect each and every purchaser against dissatisfaction.

For over 20 years we have carried out every obligation and agreement to the letter. We do not propose to deviate from this proud record at this time or at any other time. The sale prices will be plainly marked. The prices will be the same to all alike. A child may purchase as safely and as satisfactorily as the shrewdest shopper.

A. B. CARSTENSEN,  
Manager Carstensen & Anson Co.

**BABY GRAND PIANOS NOW LESS THAN UPRIGHT PIANOS SELL FOR AT ANY OTHER TIME—ALMOST ANY MAKE YOU WANT. SEE THEM AT ONCE.**

\$1000 Values	\$485.00
\$800 Values	\$315.00
Other Player Pianos, like new, \$500 values	\$287.00
Best Values	\$287.00

*We Don't Sing the Praises of Player Pianos That Have Failed to Keep Abreast in the March of Progress.*

We Are Selling Modern, Metal Tubed, Five-Point Motor, Flexible Finger, Player Pianos, With Perfect Music Roll Tracking Device.

Instruments Equipped With Rubber Taping, and a Lot of Claptrap Taps, Rattles, Etc., Are Obsolete. Study Them Carefully. They Are Dear at Any Price.

Free Music Rolls Included During the Great Sale Now in Progress.

Don't be misled by antiquated testimonials; a testimonial without date does not prove anything. A testimonial given many, many years ago for a cabinet piano cannot possibly apply to the modern player piano. A few years ago in the development stage of the wonderful player piano, a much advertised player, in spite of its many musical shortcomings, was of course, the best to be had. But the world moves, the player piano has progressed faster even than the automobile has progressed. What was considered a high point of perfection a few years ago is now practically obsolete. The necessity of buttons, pointers, emphasis levers and other complex and confusing attachments to player pianos has been overcome. The modern human touch, flexible finger, the metal tube device, five-point motor, perfect music roll guiding device, player piano is sweeping all before it. That's the kind of a player piano we now sell.

The modern solo-style music roll positively makes pianists of the very highest order of every member of the family.

**THE STROHBER PLAYER PIANO AND EVERETT BABY GRAND PLAYER PIANO.**

In tone quality and as upright or Baby Grand pianos, each instrument represents perfection. All the exclusive and wonderful features, the flexible striking finger, the automatic guiding device, five-point motor, etc., are all to be found in this Player Piano, and the price is not \$1000, but in this sale these instruments will be only \$384, with \$30 additional for slightly fancier cases and \$50 more for the very fanciest. The liberal payment plan applies to these superb Pianos and Baby Grands as to all others.

**PRICES THAT ARE ALMOST UNBELIEVABLE**

Please depend upon it that this sale of player pianos is of much and intense importance. A musical tubing up-to-date and modern perfect player piano, usually priced to retail at \$600, is now offered for nearly half price, or \$286! A player model Player Piano is actually only \$240. This is the cash price, but for more additional simple interest will deliver for \$20 down (and Barnes will make the \$20 payment for you), then you only pay the \$8 a month, free music rolls included, nearly all new.

\$10 a month till \$420 is paid will buy a higher grade fancy walnut Player Piano, a brand new one, an instrument usually priced at \$550. We want you a bill of sale only when \$420 has been paid for this beauty, and include a most liberal supply of music rolls.

A Weber Piano is widely advertised at \$1000 in new price at \$485, payments \$9 a month, free music rolls included. Other Player Pianos, \$418, \$488, \$288, etc., like new.

A very little more will buy a Weber Piano Hana, the very highest priced one, but payments are to be arranged at \$15 per month. Free music rolls, too. Superb Player Pianos De Luxe, the very finest yet constructed, and mechanically and acoustically that exceed any \$1150 piano to be had, possessing 6 points of superiority over the next best make. We are pricing one of these instruments at \$385, and a plainer style for \$345, payments \$16 a month, free music rolls included.

Old style Pianolas for \$65 apiece. A liberal supply of music is included at \$55. We want them out of the way. Space forbids detailed mention of all the instruments in this sale, but suffice it to say that every player piano on the floors is marked at corresponding low prices.

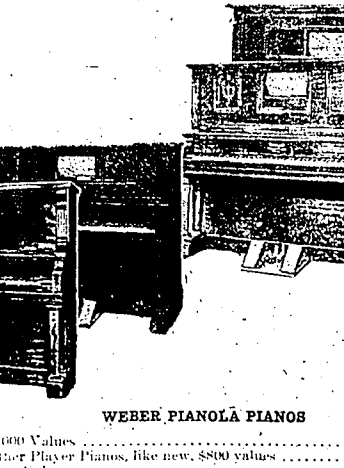

In a sale of this kind buyers come from everywhere and they act quickly. There are no duplicates except in a few instances. For this reason we say come at once.

We know of only one way to do business quickly, and that is to cut prices. Relentless, uncompromising price reduction, and thus this occasion is presented. Never have modern player pianos been obtained for so little money and never again will they be had at such extraordinary savings in price. All of these instruments will be shipped subject to examination and free trial.

**A STATEMENT FROM THE MANUFACTURERS OF PIANOS THROUGH THEIR AUTHORIZED REPRESENTATIVES NOW IN CHARGE OF THIS SALE**

I am the factory representative. I secure an order for the manufacturers I represent for three pianos every time I sell two during this sale. I do not care for retail profit or even wholesale profit. My manufacturers have accumulated a surplus stock. Everyone knows that export trade, particularly in musical instruments is now at a standstill. If you expect to buy a piano in the next ten years you are doing yourself an injustice if you do not see me within the next few days. Your own terms can be had. I will help make the first payment for you, the balance can be paid as best suits you. A little every week or even a semi-annual or yearly payments may be arranged.

A. G. BARNES, AUTHORIZED FACTORY REPRESENTATIVE

**ALMOST EVERY MAKE OF PLAYER PIANO AT A PRICE LESS THAN THE SAME PIANO WOULD SELL FOR AT ANY OTHER TIME WITHOUT THE PLAYER.**

**THINK WHAT IT MEANS TO YOU**

~SOCIETY NOTES~ Society items for this column will be gladly received by The Times. The Wednesday Auction Bridge club met last week at the home of Mrs. P. P. First prize was won by Mrs. A. P. Senior. Mrs. Vantassel of the Parent-Teachers' association of Bickel school, will entertain at a reception and tea honoring the teachers of the Bickel school next Friday. Articles written and submitted by Mrs. Wilson of the Wayside club to the 'Country Club' were accepted by that magazine and group pictures of the members were requested. The M. L. H. Club enjoyed a pleasant session on Tuesday of last week with Mrs. Erickson. The prize for high score was won by Mrs. J. W. White, who was a guest of the club. On last Tuesday night the Bachelors club enjoyed a stag party with Mrs. J. P. Chapman as host. A supper was served about midnight to the following guests: Messrs. Sande, Bartlett, Jackson, Bettelner, Newman and Billington. The board of directors of the Federation of clubs, which met in the city last Saturday afternoon for the purpose of deciding upon a location for a rest room decided upon the small brick building north of the office of the Light and Power company. Mrs. I. R. Barrow very graciously entertained the members of the Blue Lakes Saturday afternoon for the purpose of deciding upon a location for a rest room. Most of its members were present and a very enjoyable program occupied the afternoon, the topic being 'Birds.' Following the annual election of officers the hostess served a dainty luncheon. On last Thursday afternoon, Mrs. E. J. Walters delightfully entertained at cards at her home on Second avenue north. The prize for the afternoon was won by Mrs. R. Strowbridge. The hostess served dainty refreshments during the course of the afternoon. The guests present were Mrs. Walters, Mrs. J. A. Allen, Dana D. Brown, R. Strowbridge, McBurnet, Hugh Smith and Misses Marie Roberts and Eleanor Rogerson. The ladies of the Shamrock club spent a most delightful day with Mrs. McCoy, living on the Salmon tract. A very enjoyable and most beautiful picnic dinner was served at noon, plates being laid for eighteen. A short business session was followed by refreshments by Mrs. McCoy and Miss Nellie McCoy. Miss Mary Griffin won the prize in the guessing contest. Every one reported most enjoyable time and left for their homes late in the afternoon. Friday will be Twin Falls day at the Minuteman fair at Burley, and the low excursion rates offered by the railroad, will afford Twin Falls business men a splendid opportunity to become acquainted with the Burley merchants. # TWIN FALLS LYCEUM COURSE

Season 1915-1916

## LAVERING THEATRE

Buy Your Season Tickets Now and have them Reserved at Skeels - Wiley's Oct. 6th at 10 a.m.

### The Orpheans Oct. 7th

The "Orphean Musical Club" is composed of four men whose work is so thorough and versatile as to make them Lyceum favorites. Some of the features of their program are vocal quartets, horn quartets, solos on various instruments, vocal solos, songs illustrated with cartoon drawings and interpretative readings. Those attending this performance, will thoroughly enjoy and appreciate the musical work of the "Orphean Musical Club."

### The Cavaliers Nov. 9th

The second number of the Lyceum course is the well known attraction called "The Cavaliers." "The Cavaliers" are composed of seven people, four men and three women. This will be an evening of song, as these seven artists render selections and complete scenes from grand opera, semi-classical and standard songs. The encores are old time favorites and sketches from light operas, giving them a great range for their effective choruses, sextettes, mixed and male quartets, trios, duets and solos. An opportunity for music lovers to spend a very enjoyable evening.

### Dr. John Merritte Driver Dec. 7th

John Merritte Driver, will be remembered as he lectured here several years ago in the auditorium at the Bickel school. Dr. Driver was formerly pastor of the People's Church, McVickers Theatre, Chicago. He is a man of unusual power; his eloquence is magnetic. In appearance he is a most impressive man.

His wide range of lecture work makes him most attractive in every way. You'll find him very entertaining in every particular.

### Smith Damron Feb. 10th

Smith Damron, "The Potters Craftsman," will be here. He is one of the most interesting characters on the public platform. As he delivers his famous lecture, "The Potter and the Clay," he moulds the clay on the platform in the presence of the audience. His preparation for the work involved many years spent in the study of the art of making pottery. His lecture will prove to be very interesting and instructive.

### The Servant in the House Jan. or Feb.

This is the greatest attraction to be given during the season. This company will play here some time in January or February. Wm. Owen, who heads the company of seven people, is a celebrated actor, beginning his career at the age of eighteen. He was playing "Mephistopheles" for Louis Morrison in "Faust" at the age of twenty-three. Since he was twenty-two he has appeared in nothing but leading roles. He has selected for this cast, players of well known ability, so you can be assured of a production that will surpass your expectations.

### The Maurer Sisters March 27th

On March 27, four very well known musical sisters will be here. These sisters are known as "The Maurer Sisters' Orchestra." This year will make the 10th year these young women have been on the Lyceum platform. Some of the features of this program include cornet solos, with orchestral accompaniment; flute solos and violin solos with piano accompaniment and orchestral numbers.

Violin, flute and cornet, whistling solos, cello solos, humorous readings, etc. make a musical evening by very talented people.

### The Old Home Singers April 7th

"The Old Home Singers" are composed of five people, two men and three women. The costuming and staging carry one back to the days of long ago. The serious songs, the sentimental, the humorous, the songs nearly forgotten, all come back to give a variety of program seldom heard today. This will be an evening of quaint old songs and recollections, and music of long ago. There is no question but that the "Old Home Singers" will please and entertain you in every way.

### Opie Read April 17th

The well known Opie Read will appear to give one of his noted lectures. His lectures always appeal and hold your interest, as there is no other person like Opie Read. He shines with a brilliancy all his own. He is always entertaining. In all his readings he shows himself a wonderful delineator of character. A man of unusual eloquence, an evening spent listening to Opie Read is one to be remembered and enjoyed. He will be one of the best attractions of the season.

The Lyceum Course during the coming season will appeal to all, because of the varied attractions. At each performance you will have the opportunity of hearing artists who are noted in their respective lines. Heretofore it has been the custom to make an extra charge for the stellar attractions, such as "The Servant in the House," and "The Cavaliers." But this season you are admitted to the entire eight performances, with your season ticket.

# Most men like Fatimas— but maybe you won't

Fatimas please so many men that they outsell any other cigarette costing over 5c.

But it may happen that your taste won't fit Fatimas. That's nothing against you. Nor against Fatimas.

But if your taste does fit Fatimas, you can feel

doubly grateful. For of this you can be sure—Fatimas are cool and friendly to the throat and tongue. And they will never leave you "feeling mean" as long as you smoke within the bounds of reason. These tests show you how to prove this.

Because Fatimas are cool and because they can be smoked freely and often—they have rightly earned the title, "The Sensible Cigarette."

It simply remains for you to see if your taste suits you as well as it is suiting thousands and thousands of other men. Test Fatimas today.

You may find that their taste is exactly what you've been looking for in a cigarette.

*Exquisite Appearance*

FATIMA was the Only Cigarette Awarded the Grand Prix at the Panama Pacific International Exposition.

## TWO TESTS FOR ANY CIGARETTE

The taste of the cigarette—according to a leading tobacco journal—up to the point that you are going to stick to for steady smoke, here are a couple of tests that may help the average smoker to choose more wisely between different kinds of cigarettes.

The first test is for coolness, which means more comfort for the throat and tongue. Light any cigarette. Draw it out as sufficient to make this test. Hold it in your mouth for a few seconds. Let it stand against your tongue. If the cigarette contains a high grade of mild tobacco, combined in just the right proportion, it will always leave you with a smooth both to your throat and to your tongue. If the proportion is not right and if the cigarette contains a

If the tobacco in the cigarette includes a large proportion of mild grades—and is well selected—some of the best qualities and tonics will be brought out. In fact, you will be able to smoke through the day without feeling any effect from it.

But with another cigarette in which the tobacco is of the low grade, you will find that you are likely to have that feeling of "smoked too much."

Clip out these tests and try them on Fatimas

**FILER NEWS**

(From the Filer Journal)

Fred Drake, clerking at Beem & Hammerquist's, A. J. Daum left yesterday a. m. in response to a telegram announcing the death of a brother.

Mrs. G. W. Rettig left Wednesday for a visit to her old home in Chicago and Kanikka. She will be absent a month or so.

Mr. and Mrs. Cowlings, of Twin Falls, accompanied by Mrs. Cowling's parents from the east, were guests of Mr. and Mrs. Hancock last Sunday.

Lots of people in town looking for houses, etc., these days. A new business firm may decide to locate here soon.

Mrs. J. C. McCroery arrived in Filer from Olathe, Kansas, on a social and business visit. She reports the Filer people on the coast well and happy. She is a guest of Mrs. Truitt Monday or Tuesday.

At the last meeting of the Odd Fellows, W. T. Higgenbotham was elected district deputy, and H. E. W. Fisher and Earl Walker delegates to the grand lodge to be held in Idaho Falls beginning in October.

The school board met in regular session last Monday night and wound up the year's business. The new board then organized by electing F. C. Graves chairman, J. W. Tanner secretary and E. E. Hagg, treasurer. Al Holmes has a large force of men working on cement sidewalks this week. When all the walks are in that have been ordered in, Filer will have more miles of cement walks than any town her size in the great west.

The agent for the Union Tea company will find a hard place in which to "carry the banner" a few days ago while canvassing this section he put his team in the school barn and tied his horses on a long rope so they could reach the ditches as well as the trees. The marshal gathered him in. It cost him \$10 for his thoughtlessness.

The old "federal building," better known as the old post office building, owned by Leo Snelson, was moved out of its location Monday night to a room for the purpose of being erected on the lot by the Snyder Hardware company. Work on the extension will be started at once and the building paid to completion.

Tobacco chewers are always welcome to any entertainment given in the hall and if they are in the habit of spitting on the floor at their homes, may indulge in the dirty practice at the hall. We want everybody to feel perfectly at home.

**NOTICE OF APPLICATION FOR PARDON**

NOTICE IS HEREBY GIVEN, that the undersigned, will apply to the Board of Pardon, at a meeting of said Board to be held at Boise City, Ada County, State of Idaho, on the 6th day of October, 1916, for a Pardon of the sentence hereinbefore imposed upon him.

Dated this 28th day of August, 1916.

**LOTTIE PICKFORD**

A Recent Photograph of the Little Star of "The Diamond from the Sky," the \$10,000 Prize Picture Novel Produced by "A" Studio.

To Lottie Pickford, a slender, dark-haired, winsome little piece of femininity, with large, ever-flashing dark-brown eyes, has been assigned one of the most difficult roles ever undertaken by a moving picture actress.

Despite this, Miss Pickford, a former Stanley heroine of the \$10,000 prize picture novel "The Diamond from the Sky," produced by the Flying "A," and distributed by the North American Film Corporation, not only is carrying the difficult lead to a successful conclusion, but is doing so in such a delightfully pleasing manner as to win for herself an enduring niche in the hall of fame of motion picture artistry.

When S. S. Hutchinson, president of the Flying "A," and Jacques Lasker, the celebrated director, met some time ago to select a cast for this great production, they spent many hours in search for their ideal of a heroine. The names of no less than twenty-five young women, who had achieved success in many roles in filmland, were placed before them from which to select the one they deemed best suited for the lead.

A prolonged discussion was without result. Then the name of Miss Pickford cropped in. "How about her? How well this young star measured up to the high standard fixed by Mr. Hutchinson, may best be gleaned from the fact that two weeks before she had signed her signature to a contract submitted by Mr. Hutchinson, in which she agreed to play the lead in collaboration with Irvin Cummings.

Although younger by eighteen months than her sister Mary, the producers of "The Diamond from the Sky" were struck by the long been seeking. Meteoric success she has Webster coined sufficiently strong enough to describe the remarkable rise of the young lady in filmland history. But the great success she enjoys today has been, first of all by hard work and lots of it, her faculty of quickly mastering the varied and many intricate characters she has been called upon to portray, and last, but by no means least, the natural, all-around ability with which she has been gifted.

Discussing Miss Pickford and the ease with which she fitted into his conception of a heroine for this monster production, Director Jacques has recently summed up the situation as follows:

"If all my experience as a director of motion pictures has shown me any one who so naturally fitted into the scheme of a great moving picture project as did Miss Pickford into the part of Esther Stanley, there is no doubt whatever in my mind, but that a better selection could not have been made."

A great boost, to be sure, coming as it does from one of the world's greatest directors of film plays! But it is absolutely devoid of exaggeration. Miss Pickford deserves every word of it.

Less than two years ago, D. W. Griffith, famous the world over for the mammoth creations conceived in his fertile brain, prophesied a great star when Lottie Pickford, even then considered a better screen actress than her sister Mary. His assertion was more than verified some months ago when Lottie as the lead in the six reel photoplay, "The House of Bondage," scored one of the greatest triumphs accorded a screen star.

One of Miss Pickford's greatest assets is a charming personality. Converse with her for five minutes and you reluctantly go on your way, vowing her to be one of the most winsome and fascinating little creatures you ever had the pleasure of meeting.

Miss Pickford is gifted with an exceptionally clear insight into human nature, obtained, no doubt, by her ever-increasing interest in subjects dealing with sociology. "An inveterate reader," Miss Pickford's learning is chiefly toward the books dealing with the more serious problems of life and state. Nevertheless, she enjoys as does any young lady with red blood in her veins, an hour now and then with the writers of the more popular works of fiction.

Too, she is a close student of art and when time permits, never neglects an opportunity to visit the nearest art gallery. She boasts a large acquaintance among the popular writers and artists, but so far as it goes in this particular favorite sphere.

Decidedly a home girl in every sense the word implies and a close student of domestic science, Miss Pickford at the same time is adept at many branches of outdoor sport, being particularly fond of motoring, tennis and various forms of water sport. In the latter animal and can hold her own with the best of amateur horsewomen.

Miss Pickford is a devoted daughter and when the occasion permits, with her mother.

A small part of her income, which comes in the front rank of salaries paid to the biggest film stars, is ample for her simple tastes, and she possesses the rare good sense of setting a goodly portion of it for future use.

Those who have watched the performance of this most remarkable young woman in "The Diamond from the Sky" are one in their declaration that in the role of Esther Stanley, she has scored the greatest triumph of her already enviable career in filmland.

"The Diamond from the Sky" is one of the most successful serial stories ever published. Be sure to read the story in this paper. A new chapter shown every

Misses Carrie and Theresa. Strong went to Oakley last Saturday where they will attend the Cassia Stake academy this winter.

Mrs. Hayes of Kimberly, was visiting with her sister, Mrs. James, this week.

Mr. Frank Terrill has a crew of men working on his ditch where it is taken out of Dry creek.

Mr. and Mrs. Kenneth Larson and little son were over from Burley last week visiting with Mr. and Mrs. Orson Strong.

Mrs. Roy Taylor was visiting friends in Twin Falls last week.

Mr. and Mrs. Albert Dearing spent Sunday at the H. C. Randall home.

Mrs. J. E. Strong and Miss Iva Witt, of Hansen, went to Oakley Saturday to visit relatives.

Mr. and Mrs. Walter Beers and family have rented a place in Murtaugh and will move this week. Their friends wish them success in their new home, but are sorry to lose such a good neighbor.

Mr. Lou James made a business trip to Kimberly Sunday.

Mrs. Chas. Matthews went to Kimberly last Wednesday for peaches.

Mr. Orson Strong and son, Lavorne, and Lawrence Strong, went to Oakley Saturday. Lawrence will attend school there this winter.

Mr. and Mrs. Charles Handell went to Yost, Utah, Monday. Mrs. Handell will stay with her folks for a while.

Mr. and Mrs. Andrew Hutchinson, to help build Mr. Hall's new store in Murtaugh.

Mr. Roy Taylor returned home last Friday from a trip through the western part of Wyoming and the eastern part of Idaho. He says the roads are very muddy and the weather very unpleasant for traveling.

Mr. H. B. Handell returned home from Churchill Saturday, where he has been for the past three weeks.

School started here Monday with Miss Anna Dufort for teacher. All the pupils will be more comfortable this winter as many improvements have been added to the building, there is a new heating and ventilating plant, new coal house and many other things to add to the children's comfort.

**NOTICE TO CONTRACTORS**

Bids will be received up to noon, October first, for approximately 250,000 cubic yards of canal work on the big line. Bids may be submitted on all or any part of the work, the canal excavation and lower embankment to be completed by December first, 1915—and the upper embankment by May first, 1916.

The work consists of cleaning the present canal, widening it in places, and strengthening the embankments. The preliminary estimate consists of about 90,000 cubic yards of earth excavation, 150,000 earth borrow, 20,000 loose rock, 10,000 cubic yards solid rock. Each bid to receive consideration must be accompanied by a certified check for \$500.00 for each mile of work bid on as a guarantee.

The bidder, if successful will at once enter into a contract with the company to complete the same in accordance with the specifications and in the specified time.

There will also be approximately four hundred cubic yards of reinforced concrete work and some extensions on highway bridges.

The company reserves the right to reject any or all bids.

# Why Should Anybody Buy Any Other Underwear Than Athena?

We thought when we were selling the old style underwear that we had the best. We had the best at that time, but when Athena was invented with its sloped shoulders, its shaped body, full seat, small seams and many improvements we soon saw the difference—and hurried to control its sale in Twin Falls, and it didn't cost any more either.

## Athena Underwear for Women and Children.

Here are the features that give Athena its comfort, its daintiness and its tailored fit.

### Sloping Shoulders and Sleeves

Conform to the shoulders without wrinkling under arms.

### Perfect Shoulder Stay

Keeps garment from stretching across the shoulder, and holds sleeve in place.

### Curved Armhole

Brings arm seams to the natural curve of the shoulder and holds garment snugly and smoothly up under arm, doing away with unnecessary cloth.

### Three-Cornered Gusset

Is so shaped as to relieve the usual strain at the thigh. Insures greater comfort and longer wear.

### Low-Neck Sleeveless Suit

Just as a woman is fuller across the bust than the back, so this garment is made with extra fullness in front.

### Patent Seat

This consists of a plait on each side of the back, instead of extra cloth in the middle where it causes discomfort. Always stays closed and allows sufficient room, sitting or standing.

Single garments as low as 50c. Union Suits as low as \$1.00. A style for every taste—a weight for every temperature—a price for every purse—a scientifically improved underwear.

## Why Do You Wear Any Underwear?

For comfort only don't you? Then why not get comfort? You know the old style with its square shoulders, unfitted waist, heavy seams, was uncomfortable.

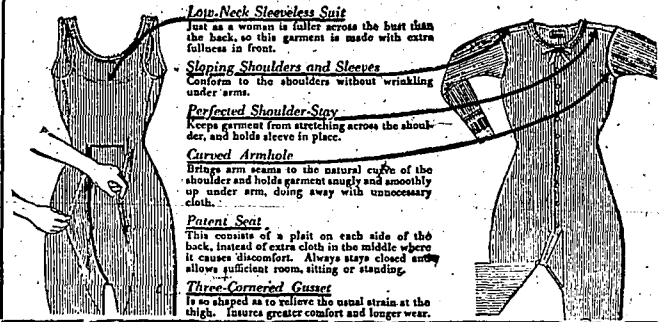

That's where Athena comes in with its beautiful, comfortable fit.

## Gowns Fit Better Over

# ATHENA Underwear

1. Not the fit of ordinary underwear but "glove fit."
2. Woven and tailored to really fit the figure—patented features of merit.
3. Athena garments are durable and have a dainty elegance—they are tailored to fit—therefore wear right.

Here are the features that give Athena its comfort, its daintiness and its tailored fit

# A 25-lb. Navajo Blanket Would Cover You in Bed

==but it wouldn't keep you as warm and comfortable as one of our 6-lb. bed blankets==because it wouldn't "cuddle"==IT WOULDN'T FIT. "Athena" underwear fits==it "cuddles"==Its comfortable==Costs no more. For sale only by

#### NOTICE OF TIME AND PLACE SET

For Hearing Petition for Probate of Foreign Will in the Probate Court of the County of Twin Falls, State of Idaho.

In the matter of the estate of Stanley B. Milner, deceased. Notice is hereby given that a petition for the probate of the will of Stanley B. Milner, deceased, and for the issuance of letters of administration with will annexed thereon to Harley O. Milner, has been filed in this court, and that Saturday the 16th day of October, 1915, at ten o'clock in the forenoon of said day at the court room of said court, in the city of Twin Falls, in the county of Twin Falls, State of Idaho, have been set as the time and

place for the hearing of said petition and where any person interested may appear and contest the same, and show cause, if any they have, why said petition should not be granted. Said will is a foreign will, heretofore admitted to probate in the state of Utah. Dated this 21st day of September, 1915.

J. M. SHANK, Probate Judge. Sept. 21-28 Oct. 5-12.
