

THE TWIN FALLS TIMES

VOL. XI. NO. 31. ELEVENTH YEAR. TWIN FALLS, TWIN FALLS COUNTY, IDAHO, TUESDAY, JANUARY 25, 1916. SUBSCRIPTION \$2.00 PER YEAR

BREAKFAST BREAKS ALL PAST RECORDS

Spud Meal at Rogerson Cafe Tremendous Success

LARGE CROWD SHOWS APPRECIATION OF EXCELLENT PROGRAM.

Wit, Wisdom, Fun and All Kinds of Good Music Constitute a Menu That Pleases Everybody.

"I understand now the secret of the success of Twin Falls," said L. L. Ormsby of Boise, last Friday night at the close of the most successful and largely attended potato breakfast in the history of the city, a sentiment that was voiced by all visitors present in some form of words. The program throughout the evening, interesting and educational. The breakfast was served at the Rogerson. The first feature was the introduction of "Our Product" by five wise virgins who appeared at the time desired by the master of ceremonies, with their lamps of knowledge well-filled. The first was Miss Cereals, bedecked with wheat and oats, showing the state of industry in the early days of Idaho agriculture. She told of her accomplishments and was followed by Princess Potato, daughter of King Murphy, who received a royal welcome. Then came Miss Clover, whose attire was all turned to diamonds this year. Miss Apple was rosechecked and royally attired and carried a notice that said she had made the most successful record for her year's production. Then came Miss Sugar Beet, who, promised to clean the lands and prove a Lady Beautiful to the world.

Responding to the toast, "Our Industries," Fred G. Taylor of Ogden, secretary of the Amalgamated Sugar company, made an interesting talk in which he gave a history of beet sugar, told of its growth in this country from the time of its discovery by the German chemist, Margra, in 1747, and its production as a commercial commodity following the improvements in its manufacture by another chemist, Achard, a half a century later, to the present day. He described the unsuccessful attempts to establish the industry in this country in the early part of the last century, and the final successful establishment of a factory in Alvarado, Cal., in 1876. Of practical interest was his statement that as soon as the spur now under construction to the site of the factory is built, the material for the plant will be assembled.

Secretary Taylor called attention to the fact that Idaho now ranks fifth in production of beet sugar. He showed that Idaho last year produced 375,000 tons of beets, from which about 325,000 bags of sugar were made. However, the sugar company officials called attention to the fact that while Utah consumes 337,000 bags of sugar each year and 250,000 bags of this is home-made, Idaho has practically recovered this percentage and uses only 75,000 bags of home-made sugar out of 325,000 bags consumed.

In explaining the reason for this situation, he said that it was not because Utah was more loyal to its factories than Idaho, but that public-spirited citizens of Idaho have offered justice to be thrown aside, displacing the old idea that beet sugar is inferior to cane.

Hal G. Blue, city superintendent of schools, made an able talk in which after telling how the people who came to Twin Falls had built up the country and the city, turned to the growth and needs of the school system. He showed how the coming of the sugar factory and the natural increase in the population which would follow would necessitate enlarging the already taxed school facilities of the city.

R. E. Shepherd of Jerome, representative of the Northwest bondholders, made one of the most telling talks of the evening in his plea for community co-operation and for the elimination of the Snake River, so that the people of both sides would feel that they were of the same community.

C. M. Booth, president of the Merchants Protective association, at this session arose to make a personal tribute to Secretary James McMillan of the Commercial club, at the close of which he received a handsome ovation which he called "a vote of confidence by the organization as a slight tribute to the man."

(Continued on Page 8.)

CONTRACTOR RETURNS TO MAKE HOME IN TWIN FALLS

"Back to Twin Falls," is becoming the slogan of enterprise in this city. A. A. Kruger, construction contractor and former proprietor of the Clear Lake Hotel in the Rogerson hotel in this city, who returned Sunday from southern California, where he has spent several years, will use his home here permanently and will help build up the greater Twin Falls.

HOGS STRONG, SHEEP FIRM, CATTLE WEAK

Little Change in Prices Last Week But Tendencies Up or Down Shown.

Although the sheep market has remained unchanged since Monday, it has a very strong undertone, says the Portland Live Stock Reporter of Thursday. Notice with a good deal has been offered the last few days and would bring top prices if they could be obtained. Receipts consist mostly of valley stock. Choice light hogs today are quoted at \$7.15 to \$7.20.

The cattle market has been inactive since Monday, only a few loads being received and mixed at steady prices. The market has a rather weak tone, buyers having a surplus of supplies. Choice light steers are quoted today at \$7.75 to \$8.00 to \$8.25.

Light runs of cattle since Monday have surprised nobody. The cashiers in the market found a great deal of fact that buyers are not anxious bidders this week. This condition can be accounted for largely to the condition of the lumber trade. Practically all the lumber camps have been shut down, after opening, on account of the severe snow in the timber.

Not a very large number of sheep have arrived this week to date, yet if the average keeps up last year's record of January should be equalled and possibly increased. The scoring of 88.25 lambs has created some enthusiasm in the sheep house and is hardly possible. Weather conditions have kept back some shipments.

Not a very large number of sheep have arrived this week to date, yet if the average keeps up last year's record of January should be equalled and possibly increased. The scoring of 88.25 lambs has created some enthusiasm in the sheep house and is hardly possible. Weather conditions have kept back some shipments.

With lambs at \$8.25 and the excellent price of killing sheep, feeders are making a great deal of money out of the market situation.

PREDATORY ANIMAL FUND IS EXHAUSTED

Money Will Be Paid After Appropriation Is Made by Next Legislature.

The following notice under date of January 23, has been issued by the State Game and Fish Commission: "To all Deputies: You will notify each party who presents pelts for bounty that the predatory animal fund is exhausted and it will be necessary for him to wait until the next meeting of the legislature to receive payment for his claim. You may file all claims as usual with the understanding that they are to be held at this office."

Respectfully,
State Veterinarian.

ELKS TO ENTERTAIN

On Monday evening, January 23rd, the local Elks, P. O. E. 1342, will have an entertainment in their club rooms in honor of Theodore Lorch, and the members of his theatrical company and the party who so willingly assisted in the P. O. E. memorial services. Mr. Lorch and his associates will join immediately after their performance at the Lavender. Mr. Lorch is an Elk and a good fellow and his hobby is getting acquainted. Arrangements are also being made for an Elks Minuet to take place early in March and will be under the direction of Wilfred Olson. Full particulars and the exact date will be mentioned in the early issue of the local papers. "Get Ready."

DAVIS OPENS CAMPAIGN HERE ON FRIDAY NIGHT

Capt. E. C. Davis of Boise, former private secretary for Governor Haines and later attorney for the public utility, is endeavoring to work out for TIMES readers. Subscribers preferring to have their papers delivered to their residences or places of business, should call on the delivery man or charge for this service; this arrangement being one of several improvements which the management is endeavoring to work out for TIMES readers. Subscribers preferring to have their papers delivered to their residences or places of business, should call on the delivery man or charge for this service; this arrangement being one of several improvements which the management is endeavoring to work out for TIMES readers.

THAD PATTEN QUITE SICK

Thad N. Patten of this city is in the Methodist hospital in Omaha, Neb., suffering from pneumonia, according to a telegram received Sunday by his father, R. H. Patten, from Rev. Titus Lowe, pastor of the First Methodist church there. The message said that the case was not regarded as serious, and that Patten was a housekeeper in a grocery in Omaha. He graduated from the Twin Falls high school a couple of years ago.

POSTOFFICE GETS AN APPROPRIATION

Lower House Votes \$15,000 to Commence Work at Once

QUESTION OF DESIGN WILL NOT DELAY ITS CONSTRUCTION

Building Certain to Go Up in Due Time. Will Be Either Stone or Brick. Not Marble.

"Bill carrying appropriation of \$15,000 for commencement of construction of federal building at Twin Falls just passed the house. Will endeavor to have plans modified so as to provide for marble building instead of brick, but there will be no delay in commencing work on this account, as building will be taken up, as its time in lot of federal buildings to be erected throughout the country."

The above telegram was received Friday by Secretary McMillan, of the Commercial club from Congressman Addison T. Smith. It has been suggested that Mr. Smith means stone instead of marble, as a marble building was neither asked for nor thought of by the people here. This interpretation will, it is suggested, harmonize with the statement made by the congressman in a letter recently published in THE TIMES in which he expressed the belief that the cost of a marble structure would be far greater than a brick one. This would probably be true of a structure of building stone, but not of marble.

MUSICAL SOCIETY HAS FINE MEETING

Several Good Talks Made. Old Officers Re-Elected. Many New Names On List of Members.

The largest meeting of the Southern Idaho Musical association that ever convened at the Hotel Rogerson Thursday evening, January 23rd, was held in the cafe, elected new officers, listened to several good talks and admitted a number of new members.

The first address of the meeting consisted of a talk on "Psychology and Medicine" by Professor Henry S. Porter, of Portland, who was delivered in a lecture in the Sever-Park center put on at the high school under the auspices of the Parent-Teacher association. Professor Porter reassured the physicians as he did the preachers, on the ground that the performance of their duty they failed by lack of attention to the mind and the laws of psychology, or the soul, with the result, he asserted, that there was a tendency to resort to surgery. Rev. H. C. Miller, of the Baptist church spoke on the subject "What the Layman Expects of the Physician." He said that the layman expected the doctor to be clean in mind and body, to be honest and moral and to keep thoroughly up-to-date.

The admission of the applicants accepted at this meeting brings within the organization practically all the physicians within 50 miles. The old officers, consisting of Dr. J. N. Davis of Kimberly, president; Dr. C. P. Groom, of Rupert, vice president; and Dr. A. Henry Dunn, of Twin Falls, secretary, were all unanimously re-elected. The next meeting will be held about the middle of March, probably in this city.

WORK ON BUILDING BEGINNING TODAY

Work of excavating the basement of the new brick building adjacent to the old brick building on Main street next to the Rogerson hotel began this afternoon and will be pushed to completion. The new building is a two-story structure will be 25x125 feet in size and for the present will be only one story, though so constructed that other stories can be added as occasion demands.

TIMES WILL BE DELIVERED BY CARRIERS IN CITY

Commencing Tuesday afternoon THE TIMES will be delivered by special carriers in the residence and business districts of the city. There is no extra charge for this service; this arrangement being one of several improvements which the management is endeavoring to work out for TIMES readers.

BUYERS FARM NEAR CITY

J. DeWitt of American Falls, was in the city Saturday for the purpose of closing a deal for a 40-acre farm owned and occupied by Mrs. Falk. Two and a half southeast of the city. He paid \$200 an acre for the land. Mrs. Falk owns a farm on the north side and will improve it with the proceeds of the sale. Mr. DeWitt, who is an extensive wheat raiser at American Falls, will next fall move his family here.

KING IS BITTEN BY MAD DOG

Hollister Man in Boise Taking Treatment

DOG'S HEAD SHOWED EVIDENCE OF RABIES.

Jack King, who was bitten January 16 by a mad dog owned by Don Chamberlain, was sent Saturday to Boise for treatment on receipt of the news that an examination of the head of the animal showed that he was affected with rabies when he killed. King has not been heard from since and it is assumed that he is doing well.

The dog, a fine hound, was borrowed by E. D. Spurgeon, who lives on the H. Hoffer ranch and a half mile from Twin Falls. After he was at the Spurgeon place for three days it was noticed that he was sick and by midday he had rabies and was working for him, went out to the up the animal. Spurgeon had the dog by the collar but it jerked loose and attacked him savagely. On King attempting to assist his employer the animal turned on him, and in the struggle either bit or scratched his hand. The man tied the dog up and sent for his owner, who on arriving shot him and sent the head to Boise.

Deputies are being sworn in throughout the county to enforce the order for shooting all unlicensed dogs. In the city they will be taken to the pound and the owners given a chance to redeem them. There are rumors about horses and cattle being bitten in various parts of the county either from the rabid dogs or from a rabid cat. It is determined to take no chances. In Nevada there is a state force at work and there is a bill pending in congress for the appropriation of a quarter of a million dollars to exterminate the coyote.

Several deputies are at work at Hagerman and County Commissioner Carlson and Deputy Sheriff Thompson were in several at Castleford yesterday.

RABBIT POISON FOR THE SALMON BUNNIES

Organization to Kill Jackrabbits. Stock Owners Should Beware and Keep Their Stock Up.

The long-eared bunny is doomed on the Salmon River tract as an organized party of hunters has formed there to poison the animals which are making big holes in the haystacks. The farmers met Saturday and organized a party of hunters. J. H. Furrow for president, and J. H. Furrow for secretary. The plan is to poison the animals by spreading poison created for the purpose where they will get it. All owners of animals are warned to keep them up at their penit with the process of extermination being carried out. It is believed that all the farmers on the tract will join the organization. The poisoning is being carried out. It is believed that all the farmers on the tract will join the organization. The poisoning is being carried out. It is believed that all the farmers on the tract will join the organization.

LOCAL MARKETS.

The tendency of the local markets is upward this week. Wheat has gone up a nickel and now brings \$1.55 in bulk and \$1.60 in the sack. The best hogs bring six cents and the best steers the same. The price of lambs is firmer and quoted at seven cents. Eggs also are stronger and worth six cents. Today's prices: Wheat in bulk \$1.55; in sacks \$1.60; steers \$5.00 to \$5.50; hogs \$4.00 to \$4.50; chickens \$2.00 to \$2.50; turkeys \$3.00 to \$3.50; ducks \$2.00 to \$2.50; eggs, candied, 40c.

SENTENCED TO PRISON.

Lee Bryan Hutto, the young man who brought back last week from Oklahoma by Sheriff Kendall to answer the charge of passing bad checks on the Twin Falls merchants, was sentenced to the county jail for one year, Monday afternoon.

WILL OPEN ATHLETIC CLUB HERE IN A SHORT TIME

S. Custer and Thomas Hansen are interested in the organization of an athletic club here and expect to install all sorts of modern apparatus for an organization of that kind. They say that they expect to demonstrate the fact that an athletic club can be made a success here, and that they believe that the people of Twin Falls, in the foundation in which a Y. M. C. A. can be built.

ODD FELLOWS HOLD SESSION LAST WEEK

Large Gathering Ends Program in Banquet-Lodges Installed at Eden and Hazelton.

The district meeting of the Odd Fellows of Twin Falls county held under the auspices of the Kimberly lodge in the U. O. F. hall in this city closed with a successful banquet Thursday night. There was plenty of enthusiasm shown throughout and everyone connected with the meeting was well pleased. Grand officers present were Grand Master Harry James of Boise, Grand Secretary Presley Horne of Caldwell, Grand Patriarch Mortie of Boise, Grand Marshal G. H. Svedberg of Twin Falls. Officers elected for the coming year were C. W. Dougherty, of Twin Falls, chairman; A. J. Carlson, of Twin Falls, secretary; A. J. Mills, of Buhl, treasurer; J. W. Swearingen of Kimberly, first vice president; J. F. Marshall of Florio, second vice president. The next annual meeting will be held in this city.

On Friday the grand officers and a delegation of Odd Fellows went to Eden and Hazelton where a lodge of 61 members was installed followed by a banquet at the Eden hotel. On Saturday night a lodge of 25 members was installed at Hazelton. This institution was followed by a banquet, which was given at the Hotel Hazelton. The members from Twin Falls who went to Eden and Hazelton were S. C. McLaughlin, O. W. Dougherty, A. J. Carlson, O. D. Lyda, M. J. Penney and J. S. Hulse. The number of the Eden lodge is 14 and that of the Hazelton lodge is 14.

MUCH SNOW REPORTED IN ALL MOUNTAINS

Good Water Supply Seems Assured For all the Tracts in the State of Idaho.

F. J. Walters, who was in Friday from Boise, reports that the state of Idaho is now covered with snow to a depth of nine inches of snow has fallen on the level there, but says that it has drifted and packed so that it will be available for the reservoirs instead of evaporating. The amount of snow on the ground now is somewhat more than the normal amount for this time of the year. This means that the Salmon reservoir will have a much better supply of water this year than last. The same report was had Saturday by W. S. Fairchild of Buhl, who says that the amount of snow in some of the mountains at Christmas was equal to the total amount that has fallen in the last year. The Great Falls, the Snake River and other reservoirs with which he is familiar, will get the benefit.

ASK LAND BOARD TO DETERMINE RIGHTS

Salmon Settlers Ask \$10,000 to Begin Action. Others Want to Know What Land Board Can Do.

The Salmon tract settlers are showing a disposition to endeavor to find out just what the state land board is doing in regard to the tract. There is a petition now being circulated asking that body to bring the sum of \$10,000 for the purpose of having an action to determine the rights of all the parties interested in the project. A number of others, interested in the tract have drafted a petition which after reciting the promises made to the people at the recent Hollister meeting, asks that the remedy which the board indicated that it had in store be applied, or if the board finds that it can do nothing, that it frankly say so. These hopes to get results from the first named petition require to get the second sidetracked for the present in order to give the board a reasonable time in which to act on the request.

THE BANTA SALE THURSDAY

Horses, mules, cattle, sheep, hogs, poultry, machinery and household goods will all be disposed of at the Banta sale of O. M. Banta at his residence three miles south and a mile east of Hazelton, on Thursday. The free lunch which will be served at 11 o'clock will be followed at once by the auction, which will be conducted by Lane and Vannoy. Fourteen horses, two mules, eight head of cattle, 25 tons of salted alfalfa hay, 10 sacks of netted good potatoes, with many articles of machinery and household goods will be placed on sale.

FIRE DESTROYS ALL FURNITURE IN HOUSE

Residence of Lee Newland Suffers From Blaze of Unknown Origin. Belonged to Mair E. Eate.

Fire from unknown cause originating in the kitchen, gutted three rooms of the four room frame residence owned by the Mair estate and occupied by Lee Newland, just before noon today, causing a loss of a couple of hundred dollars to the furniture and inflicting considerable damage on the building. There was no loss of life. The fire was discovered by neighbors. Mr. Newland was absent at the home of his father and Mrs. Newland was attending a lecture of the Alder at the John H. Wolfe home. The fire, which evidently started in the corner near the kitchen range, had not been discovered until the fire alarm arrived. The bed room escaped with a smoking and all the family clothing except some belonging to Mr. Newland was saved, but the furniture and some valuable books were completely ruined.

FIVE KILLED IN TRAIN DISASTER

Snowslide Sweeps Train 300 Feet Into Ravine

RAILROADS HAVE BEEN TIED UP FOR SEVERAL DAYS. OFFICIALS HOPE LINES CAN BE RE-OPENED TODAY.

Leavenworth, Wash., swept to a swift death in an avalanche of snow was the fate of five passengers when the dining car and day coach of the Spokane Owl train number 25 of the Great Northern railroad were hurled from the mountain side into a ravine 300 feet below, at Corral, Wash., forty miles from here, early Saturday morning. The known dead were W. F. Carter, Vancouver, B. C.; Bert Kirkham, Sheridan, Wyoming; S. Batterman and his wife, Spokane. The fifth body has not yet been identified.

There was no warning. With a vast, space-filling roar, the side of the mountain suddenly ripped loose, tore of snow and earth shot down, cut the two coaches from the rest of the train, and the next moment the avalanche, a men and women from the rest of the train, some of them just awakened, echoed the roar of the mountain slide.

It was several hours before rescuing parties could reach the coaches in the gulch. A sleeping car was bowled off the track by the slide but the couplings held, and it was saved from going over the brink.

Within a short time after the accident the operator at Alpine, two miles away, flashed word that a second tremendous slide was on its way. At this point all wires were lost. Rescue trains were hurried from Leavenworth, Cashmere, and Wenatchee, but the avalanche was more than an hour in locating the day coach. It was buried literally under tons of snow, rock and earth.

The weather in the mountains continues to be very bad and was favorable for lifting of the railroad blockades. The Milwaukee railroad, which carries the Great Northern Pacific trains between Ellensburg and Seattle since last Saturday, went back to its own track Monday night. The Great Falls, the Snake River and other reservoirs with which he is familiar, will get the benefit.

FIRE DESTROYS ALL FURNITURE IN HOUSE

Residence of Lee Newland Suffers From Blaze of Unknown Origin. Belonged to Mair E. Eate.

Fire from unknown cause originating in the kitchen, gutted three rooms of the four room frame residence owned by the Mair estate and occupied by Lee Newland, just before noon today, causing a loss of a couple of hundred dollars to the furniture and inflicting considerable damage on the building. There was no loss of life. The fire was discovered by neighbors. Mr. Newland was absent at the home of his father and Mrs. Newland was attending a lecture of the Alder at the John H. Wolfe home. The fire, which evidently started in the corner near the kitchen range, had not been discovered until the fire alarm arrived. The bed room escaped with a smoking and all the family clothing except some belonging to Mr. Newland was saved, but the furniture and some valuable books were completely ruined.

WILL COLLECT FUNDS FOR POLISH JEW VICTIMS

President Wilson having set aside January 27 as a day in which to solicit aid for the Hebrew war victims in Poland, Leo J. Falk, president of the Idaho association of the Hebrew race, wired Strauss & Glusker of this city asking their assistance. On Thursday S. Strauss and E. L. McVicar will visit the people of this city in behalf of the innocent sufferers from the terrible conflict, whose homes have been destroyed and who are in a bad predicament. The people of Belgium were at their lowest ebb, if not worse.

KIMBERLY DOING WELL HAS BRIGHT FUTURE

Idaho Call Man Tells of Improvements. Twin Falls Boot Factory Will Help.

While the recent fire in Kimberly was a serious loss to the town and several of our citizens suffered a considerable loss it will in no sense of the word retard the progress of the town. On the site of the burned building will be built another fine structure which will house the bank of Kimberly and provide homes for several other business concerns, says the Idaho Call.

Mr. Titley will erect a new brick building to adjoin the building erected by the bank of Kimberly; a new high school building or an addition to the present building will no doubt be erected to provide adequate room for our rapidly increasing school population; the great sugar factory which is to be erected to be in operation in time for the beet crop next fall; Wilson Brothers are considering plans for a fifty foot brick or stone building; an addition will be built to the Village blacksmith and Garage shop to accommodate the increasing business of that concern and a number of fine residences are under consideration.

The school board met in regular session Tuesday night. The board is taking preliminary steps toward building a new school building in the spring. Architects H. N. Thornton of Salt Lake and Burton E. Morse of Boise have appeared before the board and presented plans and specifications. Other plans and specifications are in hand and more are expected. After the board determines at what about the building and site will cost, it is likely that an election will be called to determine whether or not the town will build a new school building. The crowded condition of the schools makes it necessary that something be done before the coming year.

E. F. Hoover, for eight years station agent at this place has resigned his position and will leave the simple life on his acreage near Twin Falls. Mr. Hoover has been out for the past three months on leave of absence, his place being filled by J. L. Shepard, Mr. Hoover and family were well liked in the community, and in his resignation Kimberly loses a good citizen and the railroad company loses a faithful and valued employee. A petition was circulated among the business men of the town and forwarded to the company asking that Mr. Shepard be retained as permanent agent here and it is likely the appointment will be made. Mr. Shepard is an obliging and efficient agent.

Reverend A. Stewart was unable to perform his duties as pastor of the M. E. church a week ago Sunday, suffering from pneumonia. The pastor came from a severe attack of pneumonia, from which she is still suffering, but is in better shape than when she was attacked by the disease. The daughter, Dorothy, has about recovered from an attack of influenza which she contracted at the same time. The pastor is on the job again and has about recovered his usual strength.

Dr. C. Fisher has opened his dental parlor in the office formerly occupied by O. G. Zuck. Senator Zuck has moved his office to the adjoining room on the second floor. Dr. Fisher has enough to save a few of his instruments from the fire and has ordered a new and up-to-date equipment and will soon be in better shape than ever to serve his patrons.

Miss Cecil Fay, who appears in the support of Mr. Theodore Lorch, the eminent Russian actor, at the Laverling Theatre, Monday, January 23rd, as "Gertrude Mayer," the private secretary in "HELP WANTED"

STATEWIDE FARM MEET IS CALLED FOR BOISE

All Sorts of Rural Problems to be Considered. All Interested in Agriculture Invited.

A call has been issued for a general farm conference of all interested in agriculture in the state to meet at Boise, in the hall of representatives on February 14, to last three days, and to be devoted to the consideration of fruit marketing, the live stock marketing problem, co-operative packing plants, the grain situation, farmer's elevators and flour mills, farmer's stores, crop and market reports, rural credits and other legislative needs of the farmers, and the potato, dairy and other matters.

In his call, Director W. G. Shultz says: "The day sessions will be confined strictly to business, while the evenings will be given over to entertainment. This is an opportunity for you to combine business and pleasure—give yourself a vacation—and bring your wife along."

Representatives of the government office of markets and the federal trade commission plan to attend this state conference and help us work out a solution of our commercial problems. While the heads of the various farmers' organizations have been invited to present the formal addresses on the program, please bear in mind that the greater part of the conference will be taken up with informal discussion, and whether you are a member of any farmers' organization, or not, you are invited and urged to attend this first statewide conference of actual farmers.

The various farmers' organizations in Idaho have done excellent work and have secured much benefit for their members, but I think the time has come when they should meet together in a common council of all these organizations, in order to secure some centralization of information, action and power. It is hoped that through this conference we may be able to effect some sort of federation of all farmers' organizations and farming interests on such matters as all can unite on, but through which none of the organizations need in any way sacrifice their identity. Take for instance, the matter of farm legislation: there are certain matters of legislation on which all the farmers' organizations can agree, in an entirely non-partisan way, and which they cannot hope to secure until they get together in some sort of a state federation and pull together.

GENERAL ADVERTISING WHY THE BEST OF CHEWS IS "SPEAR HEAD"

Its Rich, Sweet, Mellow Flavor Has
Been Famous for a
Generation

MADE OF CHOICEST RED BURLEY

The secret of tobacco satisfaction is known only to the man who chews *plug tobacco*. The reason is that a good chew gets right into your taste, while the leaf in *plug tobacco* is in a state of fresh, juicy richness that is not possible in any other form of tobacco. There's no tobacco in the world that can give you the hearty, wholesome flavor that you get from a delicious chew of *Spear Head*.

Spear Head is made exclusively of ripe, red Kentucky Burley—the most richly-flavored, chewing tobacco. Still more, only the very choicest red Burley leaf is used for *Spear Head*.

This choice leaf is selected with the most painstaking care, is stemmed by hand, is thoroughly washed free of all foreign matter and is pressed into *Spear Head* plugs so slowly that not a drop of juice of an atom of the natural flavor escapes.

Try *Spear Head* and you'll get a sweet, mellow, luscious, satisfying chew that cannot be obtained in any other tobacco. Try a 5c or 10c cut to-day.

CITY PROPERTY AT BARGAINS

Offer to put down my really holding for a short time for the city property located in Twin Falls city to be sold at an exceptionally low price with terms that will suit any purchaser.

- 1. Little school addition. New modern, price \$1500. Good monthly payments.
- 1. Elm Park addition, 4 rooms, trees in yard, water in kitchen. Price \$3000, monthly payments.
- 1. Highland, 4 acres, 4 acres in tract.
- 1. Highland, 4 acres, good farm, orchard. Price \$1800.
- 1. Highland, 4 acres, 10 acres in tract. Price \$1300.
- 1. Buena Vista addition on Blaine. Price \$2000.
- 1. Falls Pk. building lot, 35x125 feet. Price \$16,000.
- 1. Lot and lot in Elm Park add to tract of good team.
- 1. Remington typewriter, cheap.

TIN TUP, SUBPOENA AND HELPER INSURED FOR \$200,000

PORTLAND, Ore., Jan. 24.—That practically all the incendiary fires in Portland were due to the carelessness of insurance, Fire Marshall J. W. Stevens has made public the results of a test in fire insurance circles.

A fireman's helmet and a grand jury subpoena were placed recently in an empty fire engine and the fireman's helmet was placed in the fire engine. As a result the fireman's helmet was placed in the fire engine and the fireman's helmet was placed in the fire engine.

In a frame shack in another part of the city a fireman's helmet, a grand jury subpoena and a fire engine were placed in the fire engine and the fireman's helmet was placed in the fire engine.

MAJOR NEED TO CONDUCT PUBLICITY FOR FAIR SALT LAKE—Major Fred R. Reed, commissioner of publicity of the Panama-Pacific exposition and world fair in Salt Lake City, has accepted the commission of publicity of the Panama-Pacific exposition and world fair in Salt Lake City, has accepted the commission of publicity of the Panama-Pacific exposition and world fair in Salt Lake City.

LUMP OF COAL CAUSE OF DEATH—Burley—Alma Henderson was killed while getting coal from the bin at the Ferrin Yards late Wednesday night, when a lump thrown at her struck her on the head, the Burley Bulletin reports. There were no external injuries and he was not taken to his home and tell about the accident. However he became unconscious and soon died, from what the doctors pronounced hemorrhage of the brain caused by the blow.

BOISE SLIPPING BACKWARDS

BOISE—No more striking evidence of the back-to-the-farm movement can be found than that contained in the census of Ada county schools, which has just been completed. Boise alone has lost more than seven hundred children of school age. On the other hand, in many of the independent districts, he gained slightly, though not enough to make up for the total loss.

Even in the country, however, the rural district schools, the one-room schools, are the only ones which show consistent gains. The majority of the larger schools, both in the rural districts and in the towns show decreases or relatively small increases.—Statesman.

GROUND WATER LEVEL IS STILL RISING

BURLEY—Pneumonia, as reported by the supervisor of irrigation on the Minidoka project, shows that the level of the ground water on the south side is still rising. However, during the past year the increase in elevation has been less than the previous year. In fact there has been a fall of the ground water in the west end of the project, while in many other instances no change whatever has come about.

RIGBY FLOUR MILL BURNS

RIGBY—The flour mill at Rigby caught fire Thursday about noon and in a few hours the entire building was in flames. The loss is estimated at \$25,000. The mill was partially covered by insurance.

BILLY SUNDAY IS FOR PREPAREDNESS

Commends President Wilson and Calls on People to Stand by Him in His Efforts.

Billy Sunday at Trenton N. J., fairly set his audience aflame with enthusiasm when he announced his preparedness views a few nights ago.

"I believe in preparedness with a capital P," "You bet your life. Even though I am a democrat, I'll side with President Wilson for whatever he does. I believe in preparedness; in having the biggest army and navy. God organize his armies. We have doctors and teachers and fire-escapes for emergency, why not an army and navy?"

"I believe in having the best navy we can get—the biggest battleships and torpedo boats that spit out 150 tons of explosives a second."

"Do I pray for peace in Europe? No. How do I know what God's purpose is over there?"

"How do I know what God's got in His plans? How do I know but what God has sent England against Germany to punish her for her ingratitude that creep out of Heidelberg and other universities? How do I know but that God sent Germany against France to punish her for her ingratitude and her driving out of the church? How do I know that God won't build our war with Mexico, so that we might win Texas, Arizona and the rest of that freed slice of territory from the damnable Mexicans?"

Billy also declared at each service: "Any one who doesn't like the way we do things over here can beat it back across the Atlantic. There are boats from New York every day. In these days be an American or hit the trail back to Europe." According to the eastern papers Billy's explosive patriotism provoked applause that shook the big tabernacle.

LOW WAGES PRINCIPAL CAUSE OF IMMORALITY

SPRINGFIELD, Ill.—Poverty is the principal cause of immorality, the minimum wage for girls and women is fixed at \$3 a week, and unequal conditions of domestic employment render the home, in many cases, a breeding place of commercialized vice, according to the Illinois state white slave investigation committee's report, made public last night, when formally presented to the state senate.

Industrial oppression of the hapless is declared by the report to be directly responsible for a large part of existing immorality. Thousands of girls, it says, as driven into prostitution "because of the sheer inability to keep body and soul together on the low wages received by them."

"The system of domestic employment in America is condemned in positive terms. 'Unregulated conditions of domestic employment, uncertain hours, the absence of definite social status and lack of creative opportunities render the home, in many cases, for the women a breeding place of immorality,' says the commission's report.

MONTENEGRO NOT TO MAKE SEPARATE PEACE

War Resumed With Austrians With Renewed Vigor. Austria Offered Large Concessions.

ROME—Fighting between Austria and Montenegro has been resumed. Montenegro notified Italy officially of this fact today.

Montenegro's decision was communicated to the Italian foreign office from the Montenegrin premier. The note is to the effect that King Nicholas and the Montenegrin government have rejected all terms offered by Austria and that fighting already has been resumed along the whole front.

The Italian parliament has not yet taken official cognizance of the recent disaster in Montenegro, but there is no doubt in many minds that this matter will form the basis of criticism of the government.

A prominent American who has just returned from Cetinje, asserts that the attack on Mount Lovcen, leading to the Montenegrin disaster, was based on the fact that the Montenegrins fought to the last and gave in only when no help came.

There are persistent rumors that Austria offered to Montenegro, to further the capitulation of the latter country, a portion of Albania with the towns of Scutari and even a part of Serbia.

ENROLLMENT IN SCHOOLS OF TWIN FALLS SHOWN

Superintendent Hal G. Blue Makes Public Figures Relative to the Attendance.

With the opening of the second semester, Monday morning, January 17, 42 beginners enrolled in the first U. grade, 27 in the Hickel and 15 in the Lincoln. This is very much larger than was expected. Fortunately an extra room in the frame annex at the Hickel school had been fitted up for school purposes and so the large enrollment was cared for. In order to accommodate the fifteen beginners in the Lincoln school it was necessary to transfer sixteen children to the high school building. These transfers were made possible by transferring 15 children in the high school building to the Hickel school. It is regretted that it is necessary to transfer children from one part of the city to another, but because of the need of additional room, it is necessary to do it. The following shows the distribution of pupils in the elementary grades at the close of school, Tuesday:

Lincoln Building—Miss Dykert, 25 1B and 19 1A; Miss Taylor, 25 1A and 17 2B; Miss Stewart, 38 2A; Miss March, 44 3B; Miss Paris, 44 3A; Miss Bittler, 18 4B and 22 2A; Miss Hamilton, 44 4A; Miss Leonard, 19 4A and 26 4B; Miss Hamilton, 21 6B and 18 5A; Miss Ballenger, 42 5A; Miss Coulter, 30 6B and 16 6A; Miss Welch, 34 6A. Departmental Grades—7B, 49; 7A, 46; 8B, 40; 8A, 34.

Miss Dykert, Miss Powers, Miss Barnes, Miss Peterson and Miss Fraser are teaching in the departmental grades. The most difficult situation in the Lincoln school is that of Miss Dykert's room with 44 children of which 25 are in the 1B grade; that is, the beginning grade. Only three rooms below the departmental grades, those of Miss Stewart, Miss Welch and Miss Hamilton have less than 40 pupils enrolled. Miss Coulter has 46 enrolled in two grade divisions, Miss Leonard 44 with two grade divisions, and Miss Bittler 41 with two grade divisions. Miss March, Miss Paris, Miss Hamilton and Miss Ballenger have high enrollments but the situation is simplified to some extent because only one grade division is found in each room.

The total enrollment in the building is 671.

Hickel School—Miss Paris, 40 1B; Miss Struble, 42 1A; Miss Jackson, 24 1A and 16 2B; Miss Johe, 38 2A; Miss Wolfe, 21 2A; and 12 3B; Miss Kautz, 9 3B and 29 3A; Miss Franck, 19 3A and 17 7B; Miss Keaton, 15 4B; 23 4A; Miss Snyder, 42 4A; Miss Orlove, 36 5B; Miss Draper, 41 5A; Miss Agar, 9 5A and 28 5B; Miss Metz, 40 6A. Departmental Grades—7B, 49; 7A, 46; 8B, 40; 8A, 34.

Miss Perkins, Miss Howard, Miss Imhoff, Miss Murray and Miss Hewett are teaching in the departmental grades, including the seventh and eighth grades.

It will be noticed that the enrollment in the rooms in that in the Lincoln school. The rooms in the Hickel are not as large as those in the Lincoln, and therefore cannot accommodate as many pupils. In the frame annex at the Hickel 123 children are enrolled. The average is 41 to each room in the remaining 15 rooms below the departmental grades, those of Miss Snyder, Miss Draper and Miss Metz have an enrollment of 40 or more. The situation is therefore simplified in that each involves only one grade division. The remainder of the rooms range from 33 to 28, three of them enrolling 28. The rooms of Miss Keate and Miss Agar show difficult types of organization. Each room has one small grade division and one large grade division. Such type of organization prevails often times in the distribution of the enrollment of a building in the most advantageous way. It is a situation that usually is difficult to obviate. The departmental grades show a total enrollment of 160. It was impossible to seat this enrollment in the auditorium, thus making necessary the giving over of an extra grade room to the departmental work.

The total enrollment in the Hickel school is 662.

High School Grades—Miss Pierson, 42 1A; Mrs. Warren, 40 2A. The total enrollment in the grades in the high school building is 83.

The total enrollment in the elementary grades in the entire system is 1415.

Forty-nine boys and girls were graduated from the eighth grade of the Lincoln and Hickel schools. Forty-six of these pupils have registered for work in the high school.

ARTESIAN CITY NEWS NOTES

Mrs. Lydia C. Avery of Wellington, Utah is here visiting her daughter, Mrs. Orson Strong.

Lowell Deering has been quite sick the past week with pneumonia. Everyone in the vicinity anxious to hear of his recovery.

Alma Lee, of Rogerson, has been visiting friends and relatives for a few days.

Mr. H. C. Handell made a business trip to Twin Falls last week.

Mr. J. E. Bower and H. J. Day purchased the Artesian hall at the auction sale, held at the courthouse in Twin Falls, last week.

The snowfall is very heavy in the mountains this winter according to reports reaching here this week, insuring plenty of water for the farmer for next year's crops.

Mr. F. M. Somsen, who has just completed the erection of sheep sheds and feeding pens on the J. E. Bower ranch, has moved his sheep in from the range for the remainder of the winter.

Mrs. George Fredericks has been quite sick the past week.

Mr. Henry Workman returned to Rupert Sunday evening after spending a few days with his family here.

THE TRAGEDY OF IGNORANCE.

On another page we copy an item from the Twin Falls Times, which announces that a man at Kimberly was arrested because he neglected to give his 13-year-old daughter, suffering from pneumonia, proper medical attention. The county physician was called and he, together with the truant officer, went out to investigate. They found eighteen people crowded up in a two-room house and the probation officer told the father that unless he permitted them to leave medicine and a nurse he would have to arrest him. The man replied: "If the prayers of the family cannot save her, no doctor can."

There you have it. A tragedy of errors was committed at that little home at Kimberly that day. The result was the death of an innocent victim—a sweet 13-year-old child. A superstition of medicine and superstition of religion met, clashed, and a child died, the death being the result of the ignorance of a father and the stupidity of a probation officer. The county physician evidently died on the road out there as he seems to have drifted from the scene entirely. Will the people never learn that there is a duty presiding over this earth and that it only operates through natural laws and human agencies? If a child lies ill with pneumonia the skill of man must guide the forces of its nature to its self-healing. Medicine and a nurse added to the eighteen people crowded that two-room home would never have wrought a cure. The real person at fault in this little tragedy was the county physician. From what we can learn of him, and we glean what knowledge we have from an eloquent silence, he must be one of those pirates who infect the medical craft, who see in every illness that afflicts man that comes under his opportunity to work off on the afflicted home the services of a physician and a trained nurse, when had he common impulse that should animate the heart of the physician, noting the need and the destitution that no doubt prevailed in that little home he could have advised with the parents to the end that the life of the child might have been saved. Had there been a kind heart among that horde of envious and indignant neighbors, a room could have been provided where the child tucked between clean, warm blankets could have breathed the pure, invigorating air amid the surroundings of comfort. The physician could have assisted immensely that little household had he wished—had his ideal been that of service.

"M that cramped home at Kimberly there should have been opened the floodgates of light and truth and love. Instead, what do we find? Ignorance, superstition, bigotry, narrowness and deep-seated tragedy. The end may be imprisonment of the ignorant father—the victim of the bigotry and ignorance of man."

Seemingly the Caldwell News has jumped to some conclusions that are unwarranted and not substantiated by facts, or else The Times is guilty of publishing a misleading account of this pathetic incident. In either event, The News' observations, having been circulated throughout the state and reflecting as they do discredit on Twin Falls county and its probation officer, it is only fair to our people and the officials concerned that the facts in this case be again repeated, which alone will be sufficient to establish the integrity and efficiency with which this case was handled as against the assertions of The News. The Times has had a competent investigator verify its information and feels that it can vouch for the accuracy of the following statements.

It is, of course, unimportant that there were twelve people crowded up in the little room at Kimberly instead of eighteen. At the time the county physician arrived the girl was in a dying condition, not from pneumonia but from two other causes—an accumulation of blood in dependent portions of the lung, and auto-intoxication, the result of the failure of the bowels to act, thus forcing the body to absorb its own poison. The cause of both of these conditions can be attributed, at least in part, to the girl's position not having been changed for several days. The postmortem examination verified the accuracy of the physician's diagnosis.

Prayer, as the parents of the child understood it, had been applied, but the Lord did not interfere with the laws which He Himself had established to prevent accumulation of blood and auto-intoxication.

The News is quite right in saying that the child should have been made comfortable in a room with plenty of light and fresh air. But the News is a long in assuming that this was not done as it is exactly what was done by the county physician and the probation officer at the earliest possible moment.

Twin Falls county will not rank second in the ability of its physicians to any county in the state, and the county physician is a man that stands high in his profession in this county. He has served the government of the Isthmus of Panama and in various parts of the United States, having been connected with both government and private hospitals. The physician who assisted in moving the girl to the hospital can fully approve the course taken as the best possible under the circumstances, as affording the only hope that remained of saving the child's life, has just been re-elected president of the American Medical association. This last is a profession which quite sensibly requires that physicians refrain from any newspaper notoriety, it is maintained that the county physician to have conclusions drawn and circulated that are not based upon fact, and because in this instance, the community suffers as well as the physician in question.

TABERNACLE SERVICES AT IDAHO FALLS CONVERT MANY

IDAHO FALLS.—The register of this city says that from a religious point of view, Sunday was the greatest day Idaho Falls has experienced in many years. At the tabernacle services, in the afternoon and evening there were forty-five who took their place in the front row of the sanctuary for Christ and the church. Some of them were men of no small prominence in Idaho Falls. It was a great tribute to the real word and power of Christ.

Few things have stirred the glorious life of Idaho Falls in years like these tabernacle services. Men of no mean importance who have passed by Christianity and church as of little consequence, have been deeply moved by the power of the meetings, and have taken their place in the line facing a thousand people, signifying their desire to follow Christ and take their place in His church.

TWICE-A-WEEK TWIN FALLS TIMES, TUESDAY, JAN. 25, 1916

PRICE AGAIN ADVANCED BY SISAL

FIBER TRUST—FARMERS PAY THE RAISE

(From The Farm Implement News.)

A complete monopoly of the sisal fiber in Yucatan, Mexico, has been obtained by the Comision Reguladora del Henequen, committee to regulate the sisal fiber market, a body created by the Mexican law. A big increase in the price of binder twine will be one of the results.

To finance the monopoly the Comision has enlisted the aid of New Orleans bankers, who in turn have prevailed in banks in New York, Chicago and St. Louis to take parts of the large loan required and which will be secured by warehouse receipts on fiber stored in New Orleans and elsewhere.

A company composed of American bankers and members of the Comision has been formed and will receive a large commission on all fiber sales in addition to the interest paid the banks on a loan.

The Comision Reguladora was created three years ago to "buy surplus stocks of sisal fiber to prevent them from being dumped on the market and bearing down the price. The Comision fixed a certain price as the one required by planters to make their crops profitable, but was unable to get sufficient financial backing in Mexico to carry out the plan.

Having a complete monopoly, the Comision can dictate the price at all times. The price it is now demanding is 2 cents higher than the price it pronounced profitable to the planters in the beginning. It is 2 cents higher than the price which prevailed a year ago. It is 1 1/2 cents higher than the average price paid for sisal by binder twine manufacturers last season, hence if no further advance is made, the price of twine is sure to be increased that much over the price of 1915. And there is no telling how

high the price will be raised by the Comision before the required amount of fiber for next season's twine supply has been purchased, and in the succeeding years.

In advancing the price the Comision has ignored the law of supply and demand; for last year, notwithstanding the consumption of sisal fiber was the largest in the history of the trade, there was a large surplus in Yucatan. Under normal conditions of competition, such as existed before the Comision asserted its power, the price would have declined from last year's figure. The price is therefore arbitrary and unwarranted.

Thus the American farmers are to be forced to pay tribute to a fiber trust financed by American capital; for unless such time as other fibers suitable for binder twine can be obtained in sufficient quantities, the farmer must depend on sisal for the greater part of his twine supply. Conditions make it impossible to obtain an adequate supply of manilla fiber at this time. For every cent added to the price of twine through the operations of the sisal monopoly, \$2,500,000 will be added to the binder twine bill of the American farmer.

In this monopoly amenable to the anti-trust laws of the United States, if it were purely a Mexican affair, or if the financial backing were obtained from foreign countries, the United States would be powerless to interfere. But since the capital is contributed by American banks the combination should be amenable to American law. Justice to the farmer requires that government take such steps as may be taken lawfully to prevent the financing of the monopoly with American money.

MURTAUGH NEWS

The little daughter of Mr. M. J. Tolman has been very low with pneumonia but is reported better.

Mrs. Doty has been seriously ill with la grippe.

The inmates are busy putting telephone into several homes. They are expecting a carload of poles in soon, so they can extend their lines. The company is meeting with success.

We hope to have electricity in Murtaugh this summer.

J. I. Tolman is recovering from a severe illness.

The members of the Mormon church are taking subscriptions for the new church building and are meeting with success. It will soon be ready for plastering.

Roy Hunt came up from Twin Falls Friday evening and returned Saturday.

Mrs. Francis Johnson transacted business in Twin Falls Friday.

Ed True and B. F. Jain, were in Twin Falls Friday on business.

Chas. Walker, J. E. Stelmer and Bob Kendrick transacted business in Twin Falls Saturday.

Mrs. and Mr. J. E. Stelmer were in Burley Saturday morning between trains.

Rev. Hoffman of Golden Valley was a business visitor to Twin Falls Saturday.

Dr. Darroft, of Hollister, was in Murtaugh looking over the field for a location. He comes highly recommended and will be welcomed.

Pay Cox has purchased a car from Frank Terrell.

Frank Terrell has purchased the stage house by Joe Cox.

J. I. Tolman has been on the sick list but is now much improved.

Mrs. Adenson formerly of Oregon, has been very ill with heart trouble but is reported better.

Henry Boyd has been confined to the house with la grippe, but is able to be out again.

Mrs. Wadsworth and Mrs. Weatherly were shopping in Twin Falls Saturday.

The Literary society held a meeting at the school house Friday evening. A good crowd was out and an interesting program rendered. A debate between J. E. Stelmer and Rev. Hoffman, W. C. Hall and J. E. Stelmer on the subject, "Should U. S. sell munitions to nations at war." Messrs. Jain and Penberthon making the negative and Messrs. Hall and Stelmer the affirmative. The judges, Ed True, Lawrence Casterton and Roy Hunt, decided in favor of Messrs. Jain and Penberthon. The society will meet again in two weeks.

An "Old Time" dance was held at the Walker dance hall Friday night. Musicians were from Hansen.

Mr. Johnson was up from Twin Falls to get his tools, which he had left here after completing the Snake river bridge grades.

W. E. Beers was in Kimberly Saturday on business.

Lowell Dearing, who has been quite sick with pneumonia, is better.

News arrived here this week of the arrival of a boy and girl, at the Hooper home in Kansas. They were formerly residents of Murtaugh.

W. D. Goss is loading spuds for shipment to Idaho. He reports the price at \$1.15 per hundred.

Wood Johnson and Andy Hansen Jr., left for Salt Lake City Wednesday on a business, returning Sunday.

Miss Alice Belle Tolman, of Burley, is visiting Miss Myrtle Pickett for a few days.

W. E. Weatherly is sick with tonsillitis.

Alma Lee drove over from Rogers and spent a few days with his sister, Mrs. E. Beers, last week.

An independent school district will feature a bond election in the near future to vote the bonds for the school building, as the other school houses are full. A more room must be made for the children.

HOLLISTER

A preparatory part of the French-Indian Tent Meeting campaign to be held February 13 to 27th, in Twin Falls, George C. Hedden, in advance workers will conduct services at the Hollister Presbyterian church Sunday, January 30, at 11:00 a. m.; at the Haggard school house near Hollister, Sunday, January 30, at 3:00 p. m.; and at Rogers on at the Presbyterian church, Sunday, January 30, at 7:30 p. m.; thence returning to Twin Falls.

The newly dedicated Presbyterian church at Pleasant View (Knoll), began a series of evangelistic services Sunday, January 30, at 11:00 a. m. for several days. Rev. John D. Keith, who has had a wide experience as preacher, singer and evangelist, is in charge of the services, being assisted by the minister and the people. Rev. John F. Stephen and Rev. John K. MacCallister of Twin Falls are assisting.

Sunday, January 30, 3 members were added to the Rogers Presbyterian church, and Sunday, January 31, five were added to the Hollister Presbyterian church. These two points have new houses of worship nearing completion.

Mr. and Mrs. E. E. Stratton left on the Wood river, where Mr. Stratton will go into the stock raising business with some brothers who are engaged.

Mr. and Mrs. G. M. Hall with Mr. and Mrs. E. B. Darlington went to Twin Falls last Saturday, doing some trading over the river.

The Ladies' Aid society met with Mrs. G. M. Hall Wednesday at 2:30 p. m. A goodly attendance was present and an interesting occasion was enjoyed by all.

The Hollister Sewing Circle met with Mrs. E. B. Darlington on Friday evening, January 28, at 8:00 p. m., under the supervision of its president, Mr. Richard Morehouse.

Mr. S. E. Dill of Rogers spent Saturday and Sunday here stopping at the Craven Hotel.

M. H. Bratton, of Twin Falls, is here for several days on business.

Mrs. F. S. Lloyd returned Wednesday from a visit with friends in Twin Falls.

J. S. Butler came home on Wednesday from a call on friends and relatives in Twin Falls and vicinity.

Mrs. J. M. Beatty, of Hollister, returned Wednesday from the Twin Falls hospital bringing her young daughter, Edna May, who is a new resident of Hollister and the Beatty home.

P. W. McFarland has gone to Twin Falls for a visit with her parents.

ORDINANCE NO. 172.

An ordinance amending ordinance number 112, entitled "An Ordinance Governing the display of Advertisements on Banners on the Streets of Twin Falls, Idaho, Relating to the Passing of Bills, Posters and Advertisements in Said City, Defining a Nuisance, and Providing Penalties for Violation of the Same," by inserting therein four new sections to be numbered 6, 7, 8 and 9, providing for the issuance of a license by the mayor on behalf of said city for the use of streamers, banner signs or other device upon street cars, automobiles or other vehicles traveling upon the streets, and for the use of other methods or devices upon the streets of said city for advertising purposes as certain restrictions, and upon the payment of certain license fees.

Be it ordained by the mayor and city council of said city of Twin Falls, Idaho, as follows:

Section 6. That ordinance 112 of said city, entitled as aforesaid, and the same is hereby amended by inserting therein four new sections to be numbered 6, 7, 8 and 9, which new sections shall read as follows:

Section 6. That notwithstanding the fact that ordinance number 112, of said city, and be hereby authorized.

GENERAL ADVERTISING

Coffee

Our coffee is called by our name because you know us better than you know coffee countries.

The most that a coffee country can do is to sell its good coffee. The big part of the goodness of Schilling's Best is due to the way we handle good coffee—clean, roast, grind and pack.

The airtight tins are revolutionizing the coffee business. They make fine coffee economical and not finical.

Schilling's Best

DOG DOES NOT RECOGNIZE ACTOR

IN ONE PART OF DUAL ROLE
In the William Fox production of "The Wonderful Adventure," which will be shown at the late Wednesday and Thursday evenings and in which William Farnum is starred, the actor plays a role which is in reality two parts, as it deals with a dual personality. The drama which is from the pen of the noted author, Captain Will Lawton is mainly based upon the "Felix and Hyde" characters of John Stanley, the young engineer, and Demarest, the dog friend who resembles him so closely that it is next to impossible to tell them apart.

The action of the play requires that John Stanley be possessed of a faithful canine dog, his companion and only friend. When Stanley meets Demarest, the dog, with canine intuition, describes the subtle trait of evil that hangs about Demarest. Several dogs were tried, but they were all equally friendly with Mr. Farnum, both in the character of Stanley and of Demarest. At last, however, "Rover," a magnificent collie, from the famous kennels of J. P. Morgan was tried. The dog showed marvelous intelligence. When Mr. Farnum as Stanley, was in the scene, Rover could not be demonstrated enough in his affection. When, however, the actor passed to the role of Demarest, Rover's disposition changed entirely. He seemed to sense what was required of him. He snarled and the hair on his neck rose ominously. It was actually dangerous for Mr. Farnum to approach him; yet, when the scene was over and Mr. Farnum "emerged" from his character, the four-footed actor was as friendly as ever. It was one of the most remarkable examples of canine sagacity on record. Rover now earns his master, James M. Allen, of The McAlpin, New York City, a good living and the cost of his services has risen from five to ten dollars a day.

GEM STATE RURAL ASKS SOME LEADING POLITICAL QUESTIONS

The political editor of the Gem State Rural is out for information and is sending around cards to editors and other people who are supposed to take an interest in political affairs asking them in regard to their choice for gubernatorial nominee. The Democrats in regard to whom he asks are Moses Alexander and James H. Hawley. The Republicans suggested on the inquiry card are E. H. Dewey, George Cram, D. W. Davis, Capt. E. G. Davis, Herman H. Taylor, G. H. Martin, H. E. McElroy, Fred W. Gooding and Charles L. Heltman. Martin and McElroy are from Shoshone, though placed in the Republican column by the Rural political editor.

Beginning January 1, 1916, S. & H. trading stamps given with cash sales only. INDEPENDENT MEAT CO.

his earnings he accumulated enough to subscribe \$50,000 to the British War Loan—patriotism at four per cent. Harry has a few homely maxims on thrift that have been widely circulated during the war period, in the hope that his followers would profit thereby. "Neither wadna waste," says Harry, "and I would be disgracing her memory if I wasted." Here are some of his rules:

1. Behave toward your purse as you would toward your best friend.
2. View the reckless spending of money as criminal and shun the company of the reckless spender.
3. Dress neatly, but not lavishly. A bank pays a higher rate of interest than your bank.
4. Take your amusements judiciously. You will enjoy them better.
5. Don't throw away the crusts—eat them. They are as nourishing as bread.
6. It is more exhilarating to feel money in your pocket than beer in your stomach.
7. Remember, it only takes twenty shillings to make a pound, and twelve pennies make a shilling.
8. You can sleep better after a hard day's work than after a hard day's gluttony.
9. Get good value from your tradesmen. They watch out that they get good money from you.
10. A bank book makes good reading—better than some novels.

Aggressive use of the classified columns will rent good properties. In or out of seasons, and practically cut out losses from vacancies.

The Great American Smoke—"Bull" Durham

Fall in line with hundreds of thousands of red-blooded smokers of the good old U.S.A. Smoke the cigarette tobacco that's been an American institution for three generations—"Bull" Durham. The rich, relishy, star-spangled taste of "Bull" puts the national spirit of get-up-and-hustle into your hand-rolled cigarette. "Bull" is the freshest, snappiest, liveliest of smokes.

GENUINE "BULL" DURHAM SMOKING TOBACCO

"Roll your own" with "Bull" Durham and you'll find far greater satisfaction in your cigarette than you ever did before. Made of the richest, mildest leaf grown. "Bull" has a delightful mellow-sweet flavor found in no other tobacco. And its aromatic fragrance is supremely unique. Men who never smoked cigarettes before are now "rolling their own" with "Bull" Durham.

FREE An Illustrated Booklet, showing correct way to "Roll Your Own" Cigarettes, and a package of cigarette papers, will both be mailed, free, to any address in U.S. on request. Address "Bull" Durham, Durham, N.C.

THEATRICAL NEWS

SCENE FROM "THE WOMAN, THE LION AND THE MAN"
TWO REEL CENTRAU FEATURE — MUTUAL PROGRAM

Presenting the Best of Animals in a two-reel animal drama. A feature you want to see, and four other big numbers this week Tuesday and Wednesday, at the Orpheum theatre.

Mr. Theodore Lorch, who, with a special select company, will appear at the Laverne, Monday, January 31st, in "HELP WANTED", a comedy of first quality.

STOCK COMPANY PROMISES

SPLENDID ENTERTAINMENTS
Much interest is shown in the coming of Theodore Lorch and his metropolitan company for their special engagement of six nights which opens at the Laverne next Monday evening. Jack Tait's clever comedy, "Help Wanted."

leading men on the American stage. He has for many years been a big asset to the leading stock houses throughout the country, having been starred in special productions of "The Last Trail," "The Sign of the Cross," "A Soldier of the Empire," "Dr. Jekyll & Mr. Hyde," and others. In the latter play Mr. Lorch has the distinction to rank second to none since the death of the late Richard Mansfield. One performance will be given of this play during his Twin Falls engagement. Special arrangements are being made with the management for the consideration of literary classes and societies at this performance.

An announcement of interest will appear in the next issues of the local papers which everyone is urged to watch for.

ROLLER SKATING ACT HEADS LAVERING BILL

Two dandy vaudeville acts top off an excellent picture program at the Laverne the first half of the week. Silver and Gray, whose program, announced as "entertainers who entertain," get through their quarter of an hour without springing any ancient jokes. The gentlemen of the team has a good voice and received generous applause Monday evening with his songs. The young lady appears in several dainty frocks and has no difficulty in winning the audience.

It has been a long time since Twin Falls has been treated to a roller skating act, and Wagner and Bruhn has brought a first-class one. Fancy dancing on roller skates is their strong point and will appeal to all theatre-goers looking for something

different. Both the gentleman and the lady are experts on skates and include in their exhibition some very difficult steps.

"The Tollers of the Sea," a three-reel feature film, is a story of fishing folk, well played and all in all, an interesting picture. Heine and Louie have their usual reel of fun and no doubt enjoyed the excitement they created in a girls' seminary. The program closes with the "Six Stars." The entire program is changed for Thursday evening's performance. The latter part of the week Dingley and Norton, novelty entertainers, will be seen, and the Loggoffs, wire artists. Neat of the Navy, the last of the series, and several comedy pictures will complete the bill.

POPULAR SOPRANO EXPRESSES APPRECIATION OF TWIN FALLS

"I approve of the taste displayed by the people of this city in the matter of the selections which they desire to have sung to them, as they have real melodies, and are less attracted by the modern songs, many of which have little music of any kind in them," said Miss Estelle McNeil, the popular lyric soprano cabaret singer at the Hogerson cafe, in a Times representative this week. "Of course, I sing popular and light music, and I want to do so, as long as I please my audience, but I rather prefer the old songs myself, and the people here like them. The people of Twin Falls have been very kind to me and I appreciate it and want to stay as long as I can in this city. My husband made up my program for next week but will put on a number from the opera 'Samson and Delilah' Wednesday evening. This is a rather difficult piece."

Miss McNeil takes her work with becoming seriousness without appearing weighed down with responsibility and charms the hearer no less by her pure tones. Her Scotch songs have brought back the "Bonnie Highland Heather" to many in her audience, and her Irish melodies sent Irishmen back to "Shannon grand and pastoral Bann."

FORD PEACE TRIBUNAL SELECTS STOCKHOLM

THE HAGUE—Stockholm has been chosen as the seat of the permanent peace tribunal established by the Ford peace party. The selection was made this afternoon just before American delegates left for Rotterdam to take passage for America. The choice of the Swedish capital, however, is subject to Henry Ford's approval. The delegates agreed that since Ford was footing the bill, he should be allowed to say where the peace tribunal should sit.

When the first sessions of the permanent tribunal will be held will not be determined until the Ford peace party learn whether Ford, William J. Bryan and Miss Jane Addams will serve on the permanent bench.

The Scandinavian delegates, who were refused permission to return to their homes via Germany, have made arrangements to make the journey by boat.

BREAKFAST BREAKS ALL PAST RECORDS

(Continued from Page 1.)

his work. While in the act of delivering the vase, he stumbled and fell, breaking the delicate article into a hundred pieces. The booth proprietors, that he would make good the loss and expressed deep regret for the incident, when Mr. McMillan arose to say that the value of the article was small compared to the kind words which had been spoken. Several tried to shout him down, and while confusion reigned Mr. Booth proclaimed a handsome ebony cane with gold top, on which the name of Mr. McMillan was engraved. But then decided not to do so, that the value of the broken vase was perhaps not so great as at first assumed.

"Our Cities" consisted of a pantomime, illustrating the past and the future. The first scene showed the relative size of the principal cities according to the census of 1910. Boise represented by a big boy, was in the lead and Twin Falls, represented by a small one, at the end of the procession. The scene then changed, showing according to the 1920 census, Twin Falls was represented as a giant and Boise as a pigmy.

The first scene consisted of a meeting of the city council. "Mayor Sweeley" clad in the habiliments of a foot ball player, led his enormous now made being especially conspicuous. He carried a big foot ball. Next came "Councilman Hebler," carrying a "Councilman Parrot" wore a great pair of glasses. "Councilman Bracken" was counting fake money. "Councilman Smith" was wrestling with a belt and monkey wrench. The city dais were followed by a masked sleuth with a dark lantern, who dodged in and out of the corners, looked under the tables and chairs, and deviled into the pockets of the guests. The council did nothing but whisper "hush" and drift out mysteriously. Miller Evans sang a ditty to the air of "Tipperary," telling about the arrival of Deputy Sheriff Thompson. The guests, which proved to be very ordinary animals, and which in view of the frame-up worked off on Thompson, some time ago, proved a decided hit. As an encore he described to the same popular air, a council meeting to receive the report of the detective agency, the report being laid on the shelf by acclamation.

Other stunts were pulled off from time to time.

The arrangement and decorations of the cafe were unexceptionable and appropriate in every respect. The singing by Miss Estelle McNeil, the Hogerson's popular cabaret singer, the music by the Alfante orchestra and the concert selections by Thorpe and Laverne, made the feast a most enjoyable and in keeping with the rest of the high class entertainment.

It is customary in describing a naval battle to give credit to the captain of the ship, overlooking the engineer without whose skill the whole would prove a failure. In this case the engineer was Mrs. Arroll, who con-

ducts the Hogerson cafe and whose management of the machinery was so perfect that her hand was not noticeable to the guests who were the beneficiaries.

The character of the breakfast can be gathered from the following menu when it is understood that it was prepared in a manner which would do credit to a metropolitan cafe:

Olympia Oyster Cocktail
Consomme in Cup
Ripe Olives
Diced Fillet of Sole
Idaho Potato Chips
Idaho Young Turkey, Crustless Jelly
Thomson's Baked Potatoes
Idaho Stuffed Peas
Mahome Rolls
Twin Falls Fruit Salad
Lincoln Whipped Cream
Idaho Strawberry Ice Cream
Royal Bakery Cake
Buhl Cheese
Coffee
Burley Beet Sugar
Fruit Grangers Association Apple
Varney's Mints
T. F. I. Cigars

SHORT WORK MADE OF BANDITS BY CARRANZA OFFICERS

EL PASO, Texas.—Colonel Miguel Baeza Valles, bandit chief captured at Palomas, south of Columbus, N. M., was executed at 6 o'clock this morning by a firing squad at Juarez. Two bullets fired at close quarters penetrated his heart, after he had declared he was not responsible for the robberies by Villa and pleaded to see General Gaviira, Carranza commandant.

A Lieutenant Colonel Enrique Cienfuegos was captured last week with Baeza Valles, is being marched overland with eight followers caught with him, and according to Mexican officials, also will be placed promptly before a firing squad.

Baeza Valles arrived here last night on the train which brought the body declared to be that of Jose Rodriguez, the bandit chief executed near Madera last Thursday. The two bodies were taken to the Mexican customs house here to be viewed by Americans, who have expressed doubt as to their identity. Baeza Valles who was known as Villa's most cultured ex-captain, at Juarez was taken from the box car in which he arrived a few minutes before 5 o'clock. He was hurried through the dimly lighted platform of the railway station where many families spend their nights. The officer commanding the firing squad said he had orders to kill and he and a soldier stepped up close to Baeza Valles and fired point blank into the prisoner's heart.

BREAD ALLOWANCE CUT IN THE GERMAN CAPITAL

BERLIN.—The municipality of Berlin has taken the lead in the reduction of bread allowances which were ordered recently by the central authorities in order only to accumulate a reserve supply, 50 grammes per week. This reduction is from 190g to 160g grammes, which is equivalent to slightly more than four pounds. Supplementary cards for the working classes with incomes up to 250 marks annually will call for only 350 grammes per week instead of 500 grammes. Butter for bread is also the subject of governmental action, an official announcement today issued a warning that municipalities and communities will not be allowed to import butter purchased abroad. A number of cities desiring to satisfy complaints of citizens, sent agents abroad to buy butter, thus establishing undeclared competition with the Imperial butter bureau, and encouraging foreigners to demand higher prices.

Large, clean cotton tags wanted at Times office.

THREE OF A KIND

Any kind of a horse will be well shod if we do the shoeing—dray, horse, carriage, horse or the trotter—because we have the skill, the experience and a knowledge of horses and their hoofs. We are on special watch for instances of interfering, overreaching, lameness and gait. With all that we doubt if we charge any more than some ask, careless, even injurious, work.

THEATRICAL NEWS

SCENE FROM "THE WOMAN, THE LION AND THE MAN"
TWO REEL CENTRAU FEATURE - A MUTUAL PROGRAM

Presenting the Beststock Animals in a two-reel animal drama. A Feature you want to see, and four other big numbers this week Tuesday and Wednesday, at the Orpheum theatre.

Mr. Theodore Lorch, who, with a special select company, will appear at the Lorching, Monday, January 31st, in "HELP WANTED," a comedy of originality.

**STOCK COMPANY PROMISES
SPLENDID ENTERTAINMENTS**
Much interest is shown in the company of Theodore Lorch and his metropolitan company for their special engagement of six nights which opens at the Lorching next Monday evening. Jack Tait's clever comedy, "Help WANTED," is the first-class one.

leading men on the American stage. He has for many years been a big asset to the leading stock houses throughout the country besides having been starred in special productions of "The Lost Trail," "The Sign of the Cross," "A Soldier of the Empire," "Dr. Jekyll & Mr. Hyde," and others. In the latter play Mr. Lorch has the distinction to rank second to none since the death of the late Richard Mansfield. One performance will be given for the benefit of the Twin Falls engagement. Special arrangements are being made with the management for the consideration of literary clubs and societies at this performance.

An announcement of interest will appear in the next issues of the local papers which everyone is urged to watch for.

ROLLER SKATING ACT HEADS LAYING BILL

Two dandy vaudeville acts top off the Lorching program at the Lorching. The first half of the week Silver and Gray, whom the program announces as "entertainers who entertain," get through their quarter of an hour without springing any ancient jokes. The gentleman of the team has a good voice and a generous applause Monday evening with his songs. The young lady appears in several dainty frocks and has no difficulty in winning the audience. It has been a long time since Twin Falls has been treated to a roller-skating act, and Warner and Bruhn has brought a first-class one. Fancy dancing on roller skates is their strong point and will appeal to all theatre-goers looking for something

different. Both the gentleman and the lady are experts on skates and include in their exhibition some very difficult steps.

"The Tollers of the Sea," a three-reel feature film, is a story of fishing folk, well played and all in all, an interesting picture. It tells of a young man who has a great deal of fun and no doubt enjoyed the excitement they created in a girls' seminary. The program closes with the Pathé News.

POPULAR SOPRANO EXPRESSES APPRECIATION OF TWIN FALLS

"I approve of the taste displayed by the people of this city in the matter of the selections which they desire to have come to them as they love real melodies, and are less attracted by the modern songs, many of which have little music and are kind of 'throw' said Miss Estelle McNeil, the popular lyric soprano cabaret singer at the Hogerson cafe to a Times reporter this week. "I have heard a singing popular and higher music, and it really makes little difference to me what I do sing, so long as I please my audience, but I prefer to sing old songs myself, and the people here like them. The people of Twin Falls have been very kind to me and I appreciate it and want to stay as long as I can in this city. We have not made up our program for next week yet, but will put on a number from the opera 'Samson and Delilah' Wednesday evening. This is a rather difficult piece."

Miss McNeil takes her work with becoming seriousness without appearing weighed down with responsibility and charms the hearer no less by her bluntness than by her burlesque tones. Her Scotch songs have brought back the "Bonnie Highland Heather" to many in her audience, and her Irish waltzes sent listeners back to "Shannon Grand and pastoral Duinn."

FORD PEACE TRIBUNAL SELECTS STOCKHOLM

THE HAGUE—Stockholm has been chosen as the seat of the permanent peace tribunal established by the Ford peace party. The selection was made this afternoon just before American delegates left for Rotterdam to take passage for America. The choice of the Swedish capital, however, is subject to Henry Ford's approval. The delegates agreed that since Ford was footing the bills, he should be allowed to say where the peace tribunal should sit. When the first sessions of the permanent tribunal will be held will not be determined until the Ford delegates leave. Ford, William A. Bryan and Miss Jane Addams will serve on the permanent board.

BREAKFAST BREAKS ALL PAST RECORDS

his work. While in the act of delivering the vase, he stumbled and fell, breaking the delicate article into a thousand pieces. The crowd declared that he would make good the loss and expressed deep regret for the incident, when Mr. McMillan arose to say the value of the article was slight compared to the kind words which had been spoken. Several tried to shout him down and with confusion released Mr. Booth produced a handsome ebony case with gold top, on which the name of Mr. McMillan was engraved. It then dawned on the company that the value of the broken vase was perhaps not so great as at first assumed.

"Our Cities" consisted of a pantomime, illustrating the past and the future. The first scene showed the relative size of the principal cities according to the census of 1910. Bole, represented by a big boy, was in the lead and Twin Falls, represented by a small child, was last. The scene then came the prophecy act, in which according to the 1920 census, Twin Falls was represented as a giant and Bole as a pigmy.

"Our Protectors" consisted of a meeting of the city council. Mayor Sewell, chairman of the committee, was followed by a masked debutante, who, in turn, was followed in and out of the corners, looked under the tables and chairs and dived into the pockets of the guests. The council did nothing but whisper "hush" and drift off mysteriously. Miller Evans then sang a ditty to the air of "Bipolar."

The council did nothing but whisper "hush" and drift off mysteriously. Miller Evans then sang a ditty to the air of "Bipolar." Thompson's "bloody" dogs, which proved to be very ordinary animals, the cats were very unpropitious and worked off on Thompson, some time ago, proved a decided hit. As an encore he described to the same popular air, the story of the capture of the report of the detective agency, the report being laid on the shelf by acclamation.

ducts the Hogerson cafe and whose management of the machinery was so perfect that her hand was not noticeable to the guests who were the beneficiaries.

SHORT WORK MADE OF BANDITS BY CARRANZA OFFICERS

EL PASO, Texas.—Colonel Miguel Baeza Valles, bandit chief captured at Palomas, south of Columbus, N. M., was executed at 5 o'clock this morning by a firing squad at Juarez. Two bullets fired at close quarters penetrated his heart, after he had declared he was not responsible for the robberies by Villa and pleaded to see General Gaytan, Carranza commander of the state.

Lieutenant Colonel Enrique Cisneros who was captured last week with Baeza Valles, is being marched overland with eight followers caught with him, and according to Mexican officials, also will be placed promptly before a firing squad.

Baeza Valles arrived here last night on the train which brought the body declared to be that of Jose Rodriguez, the bandit chief executed near Madera last Thursday. The two bandits later were taken to the Mexican customs house here to be viewed by Americans, who have expressed doubt as to their identity. Baeza Valles who was known as Villa's most callous executioner, at Juarez was taken from the box car in which he arrived a few minutes before 5 o'clock. He was marched through the dimly lighted platform of the railway station where many families spend their nights. The officer commanding the firing squad said he had orders to kill and he and a soldier stepped up close to Baeza Valles and fired point blank into the prisoner's heart.

BREAD ALLOWANCE CUT IN THE GERMAN CAPITAL

BERLIN.—The municipality of Berlin has taken the lead in the reduction of bread allowances which were ordered recently by the central authorities in order to accumulate a reserve supply, 50 grammes per week. The reduction is from 150 to 100 grammes, which is equivalent to slightly more than four pounds. Supplementary cards for the working classes will not be allowed to 250 marks annually will call for only 350 grammes per week instead of 500 grammes. The reduction is also the subject of governmental action. An official announcement today issued a warning that municipalities and communities will not be allowed to import butter purchased abroad. A number of cities desiring to satisfy complaints of citizens, sent agents abroad to buy butter, thus establishing undesired competition with the imperial butter bureau, and encouraging foreigners to demand higher prices.
