WILSON TAKES A FIRM STAND

President Opposes Any Abridgment of Rights of Neutrals.

DESIRES PEACE BUT HONOR AND PRINCIPLE FIRST.

Americans Should Have the Right to Travel on Merchantmen Armed For Defense Situation Critical Again.

WASHINGTON. The agitation for action against Americans off belligerent ships is overshadowing all other questions now before congress. President Wilson's supporters, apprehensive that the monitoring committee might suddenly blow up to embarrass the diplomatic negotiations with Germany, are working to keep the administration out of the question and keep the question from the floor of both houses and senate.

The legislative situation in both houses favored the administration forces. The senate has been in legislation yesterday prevented the subject from coming up without unanimous consent. The situation in the house is similar but not so secure.

Word went to the capital again that President Wilson's opposition to any action by congress was unshaken and that Chairman Flood and Chairman Stone of the committee dealing with foreign affairs could explain his position fully. Administration officials outside of congress expressed confidence that the president's position would be supported.

The Republicans generally are opposed to action by congress and aside from the score of Democrats who yesterday signed signs of breaking over the administration restraint, the majority forces today apparently were being held by the appeal "stand by the president." Statements that the agitation had attained the proportions of a revolt against the president's policy were denied on all sides.

The possibility which stood out among all the others was that the whole situation might be reduced to a proposal that Congress express the sentiment that Americans should not bring their country into a state of war by traveling on ships which Germany has announced she will sink without warning.

It was pointed out that such action would be quite different from legislation prohibiting Americans from taking passage on such ships and could not be viewed as surrender of rights.

The extent to which the political element enters into the present situation has not been disclosed. Administration supporters, however, have numbered among Mr. Bryan's admirers, but it is true that some of them also are classed as supporters of the president.

Germany has not yet replied to the latest request from Washington that previous assurances for the safety of unresisting liners apply to the conduct of the new submarine campaign. She has indicated she wants to discuss what properly may be defensive measures. There are indications that in Germany the consequences of destruction of more American lives is fully realized.

Private advices from Germany tell how the civilian element at court, headed by the chancellor, Von Rathenau-Holloway, which has contended for preserving friendly relations with the United States, has been overwhelmed by a newly risen political force headed by Gen. von Falkenhayn, chief of staff of the army, who has Emperor William's full confidence. Von Falkenhayn's influence is growing.

UNIQUE CHEW IS MELLOW "SPEAR HEAD"

Famous Tobacco with the Sweet, Tasty, Whole-some Relish

AN OLD-TIME FAVORITE

Chewing is the one best way to use tobacco, because it's the only way the choice leaf can get next to your tongue and give you all the benefit of the wholesome, digestive juices stored up in it by nature.

But your chew should be in plug form—the purest, most natural form into which tobacco leaf is made.

Among plug tobaccos, Spear Head, for a third of a century, has held first place as the unique chew. Its distinctive flavor is supremely delicious—a ripe, relishful flavor not found in any other tobacco made.

A luscious chew of Spear Head braces up a lazy appetite and makes you feel fresher and snappier.

Spear Head is the very best chew that money can buy. Ask your dealer for a 5c or 10c cut.

AMERICAN AIRMEN WHO AID FRANCE

Left to right: Sgt. Elliott Cowdin, Sgt. Norman Prince of Boston and Lieut. William Thaw, three American airmen who, for daring deeds on the battlefield in France, have been decorated for bravery, and came back to the United States to spend Christmas with their folks at home. Each has received the military medal and the war medal, the latter being the French equivalent of the Iron Cross of Germany. Already they have returned to their duty at the front.

PRESIDENT HAS THE SUPPORT OF EAST

Dr. Atherton Says People on Atlantic Coast Like His Management of Foreign Affairs.

That the people of the east have confidence in President Wilson's ability to handle the foreign situation and are standing behind him in his preparedness plans is the statement of Dr. W. R. Atherton who returned Saturday from a five weeks vacation and business trip to Chicago, New York, Philadelphia, Washington, D. C., and Jacksonville, Fla. Dr. Atherton says that financial conditions in the east are generally good, although there are some slow spots. Florida is notably quiet, as the weather on the Atlantic coast was mild and the number of tourists who spent the winter among the orange groves was notably small. There is a spirit of confidence throughout the east, however, Dr. Atherton says. He declares that he enjoyed the trip very much.

Anyhow, it is said, does not consider that a break with the United States would affect Germany's success in the war.

These views are understood to have been communicated to President Wilson. As members of both houses assembled for today's session, the situation appeared to have calmed considerably. The exact status of the situation was as follows:

Members of the house and some in the senate, being much in the dark as to exact facts in the negotiations with Germany fear that it would lead to war if Americans are not kept off armed merchantmen and if Germany should attempt the determination to sink armed merchant vessels, rather armed for offense or only for defense.

They feel that they should be informed just what the president proposes should be done. Yesterday they were alarmed over reports that the president was insistent upon yielding nothing to Germany, even if it should lead to war. That the president had expressed indifference at the attitude in congress. All these served to arouse resentment among congressmen and fear that the country was headed directly into trouble.

A demand was made upon Chairman Flood and members of the house foreign relations committee for an immediate report on a resolution to keep Americans off armed ships. Representative Flood early today talked with the telephone to the president and told him that the canvass of the house agreed upon yesterday had not yet been made and that proposed warning resolutions probably would not get out of the committee. To inquiries Chairman Flood said that he believed the situation had reached a state of calm deliberation.

The fact that little opportunity for the issue to get on the floor of either house was presented today was counted upon by administration leaders to further check the agitation.

The canvass of the house has been undertaken by Representative Shackelford of Missouri, the foreign affairs committee, and the opinion gathered from several conferences was that those who favored legislative action would get a warning resolution proposed by Representative Foster of Illinois.

Chairman Stone of the foreign relations committee does not believe in determination not to discuss the situation. In so far as opinion can be gauged in the senate—a majority of Republicans and Democrats feel that the president should not be hampered in diplomatic negotiations. Democratic senators, however, feel that the situation is critical and delicate and that to oppose the president would be politically dangerous to the party.

One senator in the confidence of the White House was quoted as saying he thought the situation the most serious that had faced the United States since the Spanish war.

President Wilson was represented by calmly determined steadfastly to maintain the right of Americans to travel on armed merchantmen.

ZEPPELIN L-19 SINKS IN THE SEA

Boat Picked up Contained Messages From Her Commander Addressed to His Family. Crew Was Drowning.

LONDON. A bottle has been picked up from the sea containing last messages from the commander of the Zeppelin L-19, which was wrecked in the North sea and addressed to the commander's parents and his little son. The last of the message stated that the airship had dropped and the crew was drowning, says a Reuter dispatch from Copenhagen.

The yacht Stella picked up the bottle containing the message from Commander "The near Gottenburg." Four letters were found, two addressed to the parents of the Zeppelin commander and one each to his wife and child. The letters were written at successive periods. The first states that the airship was then 100 meters above the water, that the motors had failed to act and that all were expecting any moment to drop. The fourth letter states that the airship had dropped and the crew was drowning.

The L-19 was wrecked in the North sea shortly after the Zeppelin raid over England on Jan. 31. It is believed to have been one of the Zeppelins which took part in the raid, having been damaged either by British anti-aircraft guns or by Dutch coast defense guns which fired on a dirigible that flew over Dutch territory at a low altitude.

The captain of the British trawler King Stephen reported he had encountered the L-19 in a sinking condition in the North sea, but did not attempt to rescue the Germans as they outnumbered his crew.

HEAVIEST SNOW IN TWENTY-FIVE YEARS

J. F. Walters of Three Creek Says Depth Is Three Times as Great as Average at This Time of Year.

That the ground is in ideal condition, that there is more snow on the hills than at any previous time for 25 years, being nearly fully feet deep, while the average depth at this time of year is not to exceed two feet, and that the farmers of his neighborhood feel assured of a bountiful crop, is the story brought to town Friday by J. F. Walters, of Three Creek. There is every indication that dry farmers and residents of the Salmon project will alike enjoy a prosperous year, according to Mr. Walters.

ALFALFA GRADES DEFINED BY NATIONAL HAY DEALERS ASSN.

The Times is indebted to Fred C. Hayes, hay buyer for the M. C. Peters, Mill company, of Omaha, for the following explanation of the grading of alfalfa, which is in accordance with the standards set up by the National Hay Dealers association:

Choice Alfalfa—Shall be reasonably fine, leafy alfalfa, of bright green color, properly cured, sound, sweet and well baled.

Number One Alfalfa—Shall be reasonably coarse alfalfa of a bright green color, or reasonably fine leafy alfalfa of a green color. Fifty per cent of alfalfa hay on outside of bale allowed, but must be sound and well baled.

Standard Alfalfa—May be green color, of coarse or medium texture, and may contain five per cent foreign material. It may be green color, of coarse or medium texture, twenty per cent bleached. Or, it may be greenish cast of fine stem and clinging foliage. All to be sound, sweet and well baled.

Number Two Alfalfa—Shall be of any sound, sweet and well baled alfalfa, not good enough for standard.

Number Three Alfalfa—May contain five per cent stack spotted hay, but must be dry. Or, it may be of green color, or it may be wet alfalfa. All to be reasonably well baled.

No Grade Alfalfa—Shall include all alfalfa not good enough for number three.

Times want ads bring results.

Our Ready-to-Wear Section is Asserting Its Supremacy These Days

Never before have we offered you better styles or at better prices than we offer you now in ready-to-wear garments. Each day brings something new. Our business is increasing wonderfully, all due to the excellent showing of spring garments. All we ask is that we can have an opportunity to show you before you buy. The rest will take care of itself. We feel confident no one can show you better styles at better price.

New Silk Waists Priced \$2.75 to \$6.75

A really beautiful display of the choicest new styles in Crepe De Chine, Pussy Willow Taffeta and Georgette Crepes, all the new delicate colorings in fascinating styles—a great assortment of new models to select from. All sizes and a range of prices to suit every purse.

of New Suits, Coats and Dresses Priced from \$13.50 to \$50

The display of Spring Suits, Coats and Dresses seem to be attracting the attention of every one. The showing includes all the new ideas favorable for spring wear, in plain silk and silk and wool combinations and a great variety in new light weight wools. The assortment of styles and materials are so varied that the most discriminating can easily be satisfied as every effort has been made to secure a wide range of styles and patterns. It would be almost impossible to try and describe the variety of styles and we ask that you come and let us show you. We know that you will be well pleased with the many new alluring styles we are showing.

Coats for Children, Youths and Misses Ages 2 to 17 Years

We feel that this is an important issue, as we know the trouble you've had heretofore to find a suitable garment for the growing girls. We have them now in every possible style and price. Let us show you.

Kimonos in Silks and Serpentine Crepes

A display of Kimonos that are wonderful values. They include the newest designs and are the prettiest styles shown in Twin Falls for many a season. They are really low price, too.

\$1.25 to \$7.50

When Man's in Love

He's pretty fussy about his clothes. Lovers are our best customers.

But How About You Old Married Men?

Sort of forgotten lately to spruce up a bit, and please the wife—remind her of the courtship days?

How About You Business and Professional Men?

Forgetting that looking the part is half way to living the part.

How About You Fellows That Look the Other Way When You Pass a Mirror?

Spend a few minutes and a few dollars with us and we'll make you glad to look your wife, your business associates and the mirror in the face! All the new spring styles are here for men and young men at popular prices. See them.

Special Display of Boys' Suits Priced \$2.50 to \$10

All the new spring styles are here and you can find any style or fabric that you desire at a price that will certainly appeal to you. At \$2.50 and \$5.00 we are offering extra special values. These garments come in the much wanted (2 pair pants with each suit) made as finely as can be in all wool fabrics. Just the suit for school wear, when so much is expected of a boy's suit. The extra pants will insure a double life to your boy's suit.

Visit Our Dry Goods Section, You'll Find the Finest Display of Silks in Town.

A display that includes all the popular fancy silks as well as the more staple silks. You no doubt know the advancing condition of the silk market today. Each day brings some new advance in price in certain lines. But to our satisfaction and yours, our entire stock was purchased before these advances in price—and we offer you today many items at prices less than we can buy at today. So silks bought at the I. D. store will prove to you to be a good investment.

Aprons and House Dresses for Women

Just arrived, and Children's Aprons, too, in the most complete assortment of styles we have ever shown. Save a lot of worry and trouble and buy them just as cheap ready made—on display in the dry goods section.

Don't Forget to Ask for S. & H. Green Trading Stamps—They're Valuable

Spring Caps Priced 75c to 1.50

Popular new styles for men and young men, at prices that will appeal to you. All the new checks, plaids and fancy styles are shown.

Spring Shoes for Women, Men and Children

Let us show you the attractive new styles we are offering in Men's, Women's and Children's footwear, at prices that defy competition when you consider how well made and serviceable these shoes really are.

MUNICIPAL LIGHTING

The proposition to establish a municipal lighting system for Twin Falls, utilizing the power now going to waste in Rock Creek, is one that will command immediate attention not only from the city council but from the people at large. In many ways it is the most important issue now before Twin Falls. Coming as it does at a time when the city is about to embark on municipal waterworks operation it will find many supporters who will contend that the city might as well go the whole distance and adopt municipal lighting as well. On the other hand, the more conservative will perhaps say that the city should wait until the success of its experiment with municipal waterworks has been demonstrated before launching further into the seas of public ownership. However, in one particular, the city cannot afford to wait. It is imperative that a new bridge be constructed across Rock Creek. If, as the commercial club directors contend, a cement bridge can be built as cheaply as a steel structure, and if the power now going to waste in the stream is sufficient to give the city municipal lighting, it would seem to be the part of prudence to erect the cement structure and save the money, pending the determination of the question of whether a city municipal plant should be installed or not.

On the face of the thing, the directors make a good case for the municipal lighting plant, and ownership of municipal lighting is so clearly within the functions of city government, it would seem that the burden of proof should be on those who oppose the plan. To be sure, a certificate of necessity would have to be obtained from the public utilities commission. Potentially, which recently voted to adopt municipal lighting, finds its application for such certificate formally opposed by the merged electrical interests and the question has not yet been decided. On the face of it, it would look as if the commission could take but one view in regard to Twin Falls. Eighteen months ago when the city was smaller than it is now and when its prospects for immediate and very great expansion were far less promising, the commission granted the Idaho Light & Power company the required certificate which enabled it to come into this territory. The commission afterwards, having discovered that the rival companies would not compete, allowed them to merge. But if there were room for competing companies so short a time ago, surely there is room for a municipal plant in this city at present. Such a plant would not necessarily conflict with the activities of the electrical company now enjoying a monopoly and if it threatened to do so, would serve only to make it even more diligent in attending to the needs of its patrons.

HONORING INDUSTRIAL HEROES.

The people of the Twin Falls tract will unanimously acquiesce in the plan to erect a statue in honor of Frank H. Buhl, Jr., proposed by the directors of the Twin Falls Commercial club at their meeting Friday afternoon. It is a good sign when the heroes of peace receive a proper share of the honors bestowed by grateful people. Not less honor to those who distinguish themselves in war, but more to those who do great things in other lines. There are industrial deserts as well as military ones, and there are also those in industry as well as military life who deserve monuments. Milton, following Cleopatra, though perhaps not borrowing from him, declared that "peace hath victories not less renowned than war," and surely a recognition of this fact in bronze or marble, is fitting. And to none, according to all who know the risk involved, is such honor due more than to the men who laid out the Twin Falls tract.

Another thought, perhaps an impertinent one, and not wholly relevant: Those it was who led a forlorn hope and lose are honored scarcely less than those who win. Hannibal died on exile, Napoleon died a prisoner, Lee fought for a lost cause, the Old Guard perished on Waterloo, the Spartan 300 were annihilated at Thermopylae, and the Alamo defenders had "no messenger of defeat." Yet all these are honored, and their defeats are explained. But for the man who fails in the industrial struggle, there is no excuse offered, except that he was incompetent, he did not "make good," he was "not a success." It would be hard to erect monuments for all the "financial crooks" strewn along the shores of the business ocean, but a recognition of the successful, by calling attention to the merit of business heroism, may eventually serve to call attention to the fact that the failures in the industrial no less than in the military world, may have lost because of the overwhelming odds against them, or on account of unavoidable circumstances, rather than on account of any lack of ability on their part.

CO-OPERATION POSSIBLE.

Now that municipal waterworks is assured and a discussion on the advisability of municipal lighting is inevitable, different plans for the working out of the details of either or both are in order. The last legislature enacted a law permitting the union of two or more municipalities for the purpose of establishing and maintaining certain public utilities. Buhl, which already has a city water system, is now seriously considering the feasibility of getting their lakes water instead of ditch water for its people. During a discussion of that question some time ago, it was suggested that the west and east of an effort be made to unite Twin Falls and Buhl in the establishment of a municipal water system for the three places. However, as the statute as enacted provided specifically only for joint electrical lighting systems, it was thought that it would not cover waterworks and the plan was not pursued. In view of the action of the Twin Falls Commercial club directors in recommending that Rock Creek power be used for a city lighting system, it might be well to ascertain whether should the plan go through, Buhl and Filer would be willing to co-operate in a joint lighting system, all using power generated here. The friendly spirit shown by many people in Buhl toward possible co-operation in joint water works operation when that plan was thought feasible, leads to the hope that, should joint electrical operation be found advisable from a business point of view, Twin Falls and the west end city could co-operate for their mutual financial benefit.

THE D. W. DAVIS DENIAL.

Elsewhere in this issue The Times publishes a letter from D. W. Davis, of American Falls, one of the candidates for Republican gubernatorial nomination, in which he denies the statement that he has purchased the Aberdeen Times with others, made by the Blackfoot Optimist and republished with credit to that paper in The Times. The item was republished by this paper as a matter of legitimate news, and under the impression that the Optimist was correctly informed in regard to the statement it made. The denial is published as a matter of news and of fairness. While the denial from Editor Toner of the Aberdeen Times, to which reference is made by Mr. Davis, has not been received, we have no reason to doubt the truth of the statement that he did not buy that paper, and gladly give his letter the same publicity we gave to the Optimist article; more in fact, since this statement is added to the news story.

The Times desires to be just to all concerned, whether agreeing with them politically or not.

MINUTES OF MEETING OF TWIN FALLS CITY COUNCIL.

FEB. 28, 1916.

CITY OF TWIN FALLS, STATE OF IDAHO, COUNTY OF TWIN FALLS.

Twin Falls, Idaho, February 28, A. D. 1916. The City Council of the City of Twin Falls met in regular session in pursuance to adjournment of the regular meeting of Monday, February 21st, at the regular meeting place of said Council, to-wit: Commercial Club building, at 10 o'clock A. M. Present: Mayor E. M. Sweetley, Councilman C. M. Smith, Councilman R. E. Bohler, Councilman R. A. Parrott, R. M. Williams, City Clerk, constituting the entire Council.

Also present: George Herriott, City Attorney. W. E. Porter, Street Commissioner. The following proceedings were duly had and taken pursuant to law:

City Attorney George Herriott advised the Council that the form of bond as adopted by Ordinance No. 174, through stenographic oversight, did not contain the necessary provision regarding the right of the city of Twin Falls to redeem the bonds, as provided for in said Ordinance, after April 1, 1926, and recommended that a resolution be passed by the Council amending the form of bond so as to make proper provision for the exercise of such option by the City.

THEURUPON, Councilman Parrott introduced and read the following resolution:

RESOLUTION. WHEREAS the form of bond as adopted and prescribed for the issuance of CITY OF TWIN FALLS WATER WORKS PURCHASE BONDS, 1916 SERIES "A", dated April 1, 1916, in the aggregate amount of \$30,000.00, bearing 5 per cent. interest, did not embody the requisite provisions so that the City of Twin Falls may redeem said bonds at its pleasure, any time after the first day of April, A. D. 1926; although the substance of the aforesaid ordinance provides for the right to exercise such option by said City; and WHEREAS the exercise of such option by the City of Twin Falls was the original intent and purpose and manner of authorization for the incurring of said bonded indebtedness.

IT IS HEREBY ORDERED BY THE MAYOR AND THE CITY COUNCIL OF THE CITY OF TWIN FALLS, IN TWIN FALLS COUNTY, STATE OF IDAHO,

That Section II of Ordinance No. 174, of the City of Twin Falls, be amended and supplemented to read as follows: SECTION II. Said bonds and coupons thereto attached shall be in substantially the following form:

UNITED STATES OF AMERICA. COUNTY OF TWIN FALLS, CITY OF TWIN FALLS, WATER WORKS PURCHASE BONDS, 1916 SERIES "A".

No. _____ \$1000.00. KNOW ALL MEN BY THESE PRESENTS, That the City of Twin Falls, in the County of Twin Falls, in the State of Idaho, acknowledges her indebtedness for value received herey promises to pay to the bearer or holder hereof, the sum of

ONE THOUSAND DOLLARS in lawful money of the United States of America, on the first day of April, A. D. 1916, with interest thereon from the date hereof, at the rate of five per centum (5 per cent) per annum, payable semi-annually on the first day of January and the first day of July in each year that said bond is to run, upon the presentation and surrender of the interest coupons hereto attached, to evidence said interest; both principal and interest payable at the office of the City Treasurer in the City of Twin Falls, County of Twin Falls, State of Idaho, or at the First National Bank, in the City and State of New York, U. S. A., at the option of the holder of this bond and the attached coupons respectively; and for the deferred payment of said principal and interest, the full cash, credit, resources and all taxable property of the said City are hereby irrevocably pledged.

The City of Twin Falls hereby reserves the right, at its option, to redeem this bond upon any interest due after the first day of April, A. D. 1926, and prior to the maturity thereof.

THIS BOND is one of a series of like tenor and date, issued for the purpose of raising money for the acquisition, by purchase of the existing waterworks system within the City of Twin Falls, to supply said City with water for fire, domestic and commercial purposes; said system to be owned, maintained and operated by said City, under, by virtue of and in full strict conformity with the provisions of the Idaho Constitution and with Chapter 12 of Title 12 of Part First (Political Code) of the Revised Code of Idaho (1907), being Sections 2375 to 2382, inclusive, and any and all other laws and authority now or hereafter in force, and in pursuance of the necessary and all requisite legal action by the City Council of said City, duly passed and published, and any and all other officials legally or otherwise connected with the issuance of this bond; and under authority of a favorable vote more than a two-thirds majority of the qualified electors of said City who were taxpayers thereof and voting at an election, legally called and held within said City on the 3rd day of February, A. D. 1916.

IT IS HEREBY CERTIFIED AND PROVED that all acts and things required to be done and conditions and things required to exist precedent to and in the issuance of this bond, in order to render the same legal and valid, have been duly and properly done and did exist in due time, form and manner, as required by law, and that the total indebtedness of the said City of Twin Falls, State of Idaho, including that of this bond, exceeds neither the constitutional nor statu-

tory limitations of the State of Idaho; and that provision has been made for the levy and collection of a direct annual tax upon all the taxable property within said City, sufficient to pay the interest and principal of this bond, as the same shall become due.

IN TESTIMONY WHEREOF, the City of Twin Falls, State of Idaho, by the City Council of said City, has caused this bond to be signed by the Mayor of said City, attested by the City Clerk, countersigned by the City Treasurer, and sealed with the corporate seal of said City; and has caused the attached coupons to be executed with the facsimile signature of the Treasurer of said City, this first day of February, A. D. 1916.

(SEAL) Mayor, City of Twin Falls, Idaho. Countersigned

City Treasurer.

Attest: City Clerk.

(Form of Coupon)

STATE OF IDAHO

COUNTY OF TWIN FALLS

CITY OF TWIN FALLS

INTEREST COUPON

WATER WORKS PURCHASE BONDS, 1916, SERIES "A".

No. _____ January _____

On the first day of July, A. D. 1916, the City of Twin Falls, in the State of Idaho, will pay to the holder of this coupon the sum of _____ dollars in lawful money of the United States of America, at the office of the Treasurer of said City, in the City of Twin Falls, in Twin Falls County, State of Idaho, or at the First National Bank, in the City and State of New York, U. S. A., at the option of the holder, being six months' interest on its Water Works Purchase Bond, 1916, Series "A", No. _____, dated the first day of April, A. D. 1916.

(Facsimile)

Treasurer, City of Twin Falls, Idaho. That the following certificate shall be endorsed upon the back of each of said bonds, to-wit:

REGISTRATION CERTIFICATE. We, the undersigned, the duly elected, qualified and acting City Clerk and City Treasurer, respectively, within and for the City of Twin Falls, in the State of Idaho, do hereby certify that the holder of this coupon is duly registered in our respective offices, the public record books kept for such purposes, in full compliance with the laws of the State of Idaho, in such case made and provided.

IN TESTIMONY WHEREOF, we have hereunto set our official hands and affixed the seals of our respective offices at Twin Falls, Idaho, this _____ day of _____, A. D. 1916.

(SEAL) City Clerk.

(SEAL) City Treasurer.

THEURUPON, Councilman Bohler seconded the motion of Councilman Parrott for the passage and adoption of said resolution and order. The question being upon the adoption of said motion the roll was called with the following results:

Councilman Smith, Aye.

Councilman Bracken, Aye.

Councilman Bohler, Aye.

Councilman Parrott, Aye.

The City Attorney advised the Council regarding the status of the procedure for the sale of the bonds, as authorized by Ordinance No. 174, and upon his recommendation Councilman Bracken introduced and read the following form of advertisement for bids upon said bonds as prescribed by Mr. W. V. Hoag, of Denver, Colorado, the attorney handling the legal procedure relative to said bond issue:

CALL FOR BIDS \$30,000.00 WATER WORKS PURCHASE BONDS, CITY OF TWIN FALLS, IDAHO.

The City Council of the City of Twin Falls, in the State of Idaho, will receive sealed bids, which may be addressed to R. M. Williams, City Clerk, City of Twin Falls, until nine o'clock A. M. on Wednesday the 29th day of March, A. D. 1916, for the unconditional purchase of \$30,000.00 of "WATER WORKS PURCHASE BONDS, 1916, SERIES 'A'" of the City of Twin Falls, bearing 5 per cent. interest, dated April 1, 1916, optional for redemption April 1, 1926, absolutely due and payable April 1, 1936. Both principal and semi-annual interest payable at the First National Bank in the City and State of New York, U. S. A.

Said bids will be opened by the City Council of the City of Twin Falls, in session therefor, at the hour of ten o'clock A. M. on the 29th day of March, A. D. 1916.

Said bonds will be lithographed and executed, ready for delivery on the first day of April, 1916, and bidders therefore must satisfy themselves as to legality of said bonds prior to the submission of a bid therefor, and accompany said bid with a certified check in the amount of \$4,000.00, and save to the City Council that they will take unconditional delivery of said bonds and pay their bid price for same in cash in the City of Twin Falls not later than the hour of two o'clock P. M. on the first day of April, A. D. 1916.

IN WITNESS WHEREOF, I hereunto affix my official hand and seal of the City of Twin Falls, Idaho, this 28th day of February, A. D. 1916.

RESESE M. WILLIAMS, City Clerk.

THEURUPON, Councilman Smith moved:

"That the form of advertisement calling for bids, as heretofore set forth, be adopted as prescribed."

There being no further business to come before said meeting, by prior action the Council adjourned.

(SEAL) E. M. SWEETLEY, Mayor.

Attest: RESESE M. WILLIAMS, City Clerk.

Word was received by W. C. Williams last week that his father, W. C. Williams, Sr., had died in Wales, January 21, at the age of 88 years. He had been an elder in the Congregational church there for more than 70 years.

MAHATMA

Orpheum Theatre announces the special engagement of Mahatma, "The Mystery Girl," who is to appear here today (Tuesday) and Wednesday, in sensational and mystifying demonstrations of thaumaturgy through transubstantiation.

To witness the amazing tests of this wonderful woman's mysterious hidden force is to be astonished and yet impressively convinced of the absolute and positive genuineness of her marvelous and almost awe-inspiring exhibitions.

Captain R. T. Hazard was up from Buhl Friday. He and Mrs. Hazard are visiting friends there. He will leave in a few days to resume engineering work in central Idaho, laying out the right of way for the proposed north and south road to connect the "Pie" road at Meadows with the Northern Pacific at Grangeville.

The Agricultural club of the high school gave a very interesting program.

DR. F. C. BREDE
Dentist
Central Building, Phone 424.

gram in the auditorium last Thursday night, and a very good time was reported by all present. A number of farmers with their wives were present, making a total of about a hundred in all. The program follows:
"The Purpose of the Agricultural Club"—Waldemar Head.
"My Success in Growing Pure Bred Dicklow Wheat"—Thomas Irwin.
"Spreading the Farmer Profitably"—Herman Moomaw.
"Plano Solo"—Paul Daum.
"Reading, 'Soleidie Scene'"—Ronald Bonner.
"Manufacture of Hog Cholera Serum"—(Lantern Slides)—Dr. Sullivan.
"Mandolin Solo"—Merle Stansbury.
"Everybody Milks in Idaho"—Boys' Chorus.
This was the first of a series of programs which is being arranged under the supervision of the instructor in agriculture, Mr. R. H. Musser.

The Brisk Smoke—"Bull" Durham

When you see an alert-looking young man in a lively argument roll a "Bull" Durham cigarette—it's the natural thing. He likes to punctuate a crisp sentence with a puff of "Bull". His mind responds to the freshness that's in the taste of "Bull". His senses are quickened by the unique aroma of "Bull". A cigarette of "Bull" Durham just fits in with keen thinking and forceful action.

GENUINE

"BULL" DURHAM SMOKING TOBACCO

You get more wholesome, lasting satisfaction out of "Bull" Durham than from any other tobacco ever rolled up into a cigarette.

Made of "bright" Virginia-North Carolina leaf, "Bull" Durham is rich, fragrant, mellow-sweet—the mildest, most enjoyable of smokes.

"Roll your own" with "Bull" and join the army of smokers who have found that so good a cigarette cannot be obtained in any other way.

FREE

An illustrated booklet, showing correct way to "Roll Your Own" Cigarette, and a package of cigarette papers, will both be mailed, free, to any address in U.S. on request. Address "Bull" Durham, Durham, N.C.

THE AMERICAN TOBACCO CO.

LAMBS STILL HIGH

OTHER STOCK WEAKE

Slight Changes in Portland Market—Difference Being Rather in Tendency Than Prices.

Late Monday a few head of lambs sold at the high spot of \$2.25, under the live stock reporter, Thursday. Again the highest price for the season. Exceptional strength is daily developing in this section.

Lambs Wednesday—a half-ton sold at \$2.00 down to \$1.80.

The few lambs on Thursday's market were part of a load received of mixed stock.

Bulk sold Wednesday at \$1.75 to \$1.90, a week ago at \$1.50 to \$1.70, a month ago at \$1.40 to \$1.60, a year ago at \$1.25 to \$1.45, two years ago at \$1.10 to \$1.30, and four years ago at \$1.00 to \$1.20. Current quotations:

Choice lambs \$1.80 to \$1.90
Common lambs \$1.50 to \$1.60
Good sheep \$1.75 to \$1.85
Poor sheep \$1.50 to \$1.60

So sheep and lambs came to the city yards this week. Ewes, yearlings and wethers are in general demand by buyers for both shippers and killers. Current quotations:

Choice yearlings \$1.75 to \$1.85
Good yearlings \$1.60 to \$1.70
Poor yearlings \$1.40 to \$1.50
Choice wethers \$1.75 to \$1.85
Good wethers \$1.60 to \$1.70
Poor wethers \$1.40 to \$1.50

Late today, hog advanced to Tuesday's top at \$1.25. Today's market opened weak but finished strong. Supply Tuesday was very fair considering the larger receipts than ordinary the past few weeks that were in evidence Monday. In all there were about a thousand head for buyers to select from about two-thirds of them were Idaho hogs—only one load coming from the valley. Quality was in most cases very good. One load was exceptionally good and sold at \$1.10.

Pigs are receiving a pretty heavy cut and commission men are justly advising that this class of stuff be kept at home and finished out. The chances are that these pigs when finished would just about strike right before the crop of hogs, if kept in good condition at home.

The spread has increased on poor pigs to as much as \$1.25 under finished hogs.

A few less hogs were received Wednesday than on Tuesday. These were mostly from valley points.

Quality was good, including in any particular outside of the pretty good valley stuff. Valley went to \$1.00 and the best others were at \$1.00.

Thursday's receipts were all valley stuff and showed the usual fair quality. Market opened slow and with a weak indication.

Bulk sold Wednesday at \$1.00 to \$1.10, a week ago at \$1.00 to \$1.10, a month ago at \$1.00 to \$1.10, a year ago at \$1.00 to \$1.10, two years ago at \$1.00 to \$1.10, and four years ago at \$1.00 to \$1.10. General quotations are:

Prime light \$1.00 to \$1.10
Prime strong weights \$1.00 to \$1.10
Good \$1.00 to \$1.10
Rough heavy packing \$1.00 to \$1.10
Pigs and skips \$1.00 to \$1.10

Hog receipts: Monday 1,097
Tuesday 707
Wednesday 300
Thursday 1,815
Month to date 18,275
Increase 840
Year to date 60,173
Last year 54,287
Increase 5,886

Tuesday's cattle market showed but 74 head all told. There was one load that contained some very good feed steers, the best of the dairy stock, but with a pretty good finish. There was a load of medium stuff that brought a fair price. The balance was made up of drive-ins and a few old head that arrived with hog shipments.

A very light run of less than 50 head was on Wednesday's market. These were all fat cows of other cars and local drive-in stuff.

Thursday's receipts were even less than Wednesday's and covered but 15 head—2 head of pigs and 13 cows. A handful of cheap steers went at around \$5.50 Wednesday.

There were no steers on Thursday's market.

The bulk of cows sold Wednesday at \$5.50 to \$5.75, a week ago at \$5.50 to \$5.75, a month ago at \$5.50 to \$5.75, a year ago at \$5.50 to \$5.75, two years ago at \$5.50 to \$5.75, and four years ago at \$5.50 to \$5.75. Current quotations are:

Choice grain and pulp-fed \$1.50
Choice hay fed \$1.00 to \$1.10
Good \$1.00 to \$1.10
Medium \$1.00 to \$1.10
Ordinary \$1.00 to \$1.10
Common \$1.00 to \$1.10

The bulk of cows sold Wednesday at \$5.50 to \$5.75, a week ago at \$5.50 to \$5.75, a month ago at \$5.50 to \$5.75, a year ago at \$5.50 to \$5.75, two years ago at \$5.50 to \$5.75, and four years ago at \$5.50 to \$5.75. Current quotations are:

Choice \$1.50 to \$1.60
Good \$1.50 to \$1.60
Medium \$1.50 to \$1.60
Ordinary \$1.50 to \$1.60
Common \$1.50 to \$1.60

Heifer bulk sold Wednesday at \$5.00

\$5.25, a week ago at \$5.25 to \$5.75, a month ago at \$5.25 to \$5.75, a year ago at \$5.25 to \$5.75, two years ago at \$5.25 to \$5.75, and four years ago at \$5.25 to \$5.75. Current quotations are:

Choice \$1.50 to \$1.60
Good \$1.50 to \$1.60
Medium \$1.50 to \$1.60
Ordinary \$1.50 to \$1.60
Common \$1.50 to \$1.60

Only a couple of head of bulls went over the scales Wednesday. There were no sales in this class Tuesday.

Wednesday's bulls went at \$4.00 to \$4.50, with an embargo of ordinary quality. Current quotations are:

Choice \$3.50 to \$4.00
Good \$3.50 to \$4.00
Medium \$3.50 to \$4.00
Common \$3.50 to \$4.00
Choice steers \$3.50 to \$4.00
Good steers \$3.50 to \$4.00
Other varieties \$3.50 to \$4.00

Bradstreet's of February 19, says: Beyond a little flurry and an advance of 5 to 7 cents in East India goods, due to the placing of an embargo on these by Great Britain, there has been no new feature of importance in the Boston wool market for the week. Values are continually strengthening at home and abroad, the local market especially having shown much strength, with most quotations advanced. Fleeces and staple territory wools are particularly strong, and trades are noted that will mean 40 cents for Ohio coming wools. Contracting is still going on in the West, but is mainly confined to Utah and Nevada, though a little has been done in Montana and Idaho. Buyers and sellers are still apart as to values of the new clip wool. Shearing has commenced in Arizona, but as growers demand 30 cents for wool, a price which is sold at 25 to 25 cents, nothing of moment has yet been done. Sales at Boston for the week aggregate about 6,000,000 pounds, distributed among foreign and domestic grades.

The farmer is a happy man. His life is free from care; With naught to make his spirit sad Or want to make him swear. All day among the cockle-bushes He gayly grubs and hoes, And money never troubles him, Unless 'tis what he owes.

How sweet at early dawn of day To rise before the sun And stifle gladly round the barn Till all the chores are done; To feed the cows and milk them too In brightly shining milks.

While they tread upon your corns And thump you with their tails, How sweet to lie upon the fields From breakfast smoking hot, And chase a plow all day around A forty-acre lot.

And when it strikes against a stone, Drawn by horses stout, How sweet to have the hapless plowman And punch your daylight out.

How sweet to lie at noon in ease Beneath some spreading tree And hold a secret session, With an ardent humbler, And when your rheumatism makes Your legs refuse to go.

How sweet to lie upon your back And watch your mortgage grow, And when the busy cares of day Have faded with the light, How sweet to lie in peaceful sleep Throughout the starry night.

To hear the partner of your carous, At first faint bling of dawn, Shout, "Come, old granger, bump yourself, The cows are in the corn."

TWIN FALLS AHEAD OF GOLDEN STATE

C. E. Stewart, Back From California, Surprised at Advance of City in the Past Few Months.

"I find that Twin Falls has grown appreciably since I left last fall, many new buildings having gone up and others being in the course of construction," said C. E. Stewart, who with his family returned last week from California, where they spent the autumn and winter. "Things are much more prosperous here than there," he stated, "and prosperity has not yet struck California fully, though they expect that it will shortly, and times are getting better there. We went from here to San Francisco, where I bought a car and after taking in the exposition we went down the coast and attended the show at San Diego. When we got ready to return I sold the car. I am glad to get back, though we had a pleasant time while away, and glad to see things improving so rapidly here on our return."

NOTICE.
On and after this date, I hereby forbid any person hauling water in barrels or in 100-gallon tins, must in horse spring, or in any way, a gathering with the course of said water.

PORTAGE TIRES

Will Carry You Over The Rough Place

GUARANTEED FOR 5000 MILES

Continental has been designed to perfect a non-skid tread that will prevent skidding by not allowing the tire to start to slide. After working out a great many distinct tread ideas, the Daimler-Benz tire was adopted, as by its countless grooves and angles in every direction and vacuum-creating hollows constructed between the treads, it is sure grip to the road surface. The daibles are made as extra tread to our smooth casing, which extra treads of tread make extra active and extra resiliency. The air passages between the daibles spring deep allow a rush of air through these openings, which keeps the tire constantly cool, eliminating all damage from friction heat in all climates at all seasons.

EXTRA PILES OF FABRIC
Quality and service is our first thought, irrespective of the expense, and is proven by the fact that we do not know of another manufacturer that is using 4 piles of 17, ounce Sea Island Cotton in 2 1/2 inch construction, 6 piles in 3 1/2 inch, and 8 piles in 4 1/2 inch, which is the reason for Portage Tires are constructed for extremely severe service on heavy cars.

The Sturgeon has completed his house and gone to Bull to move his family here.

Mr. Wolgemut and son, Earl, were in Kimberly Tuesday on business.

Roy Taylor was home for a few days this week.

Misses Helen and Martha Tattle were visiting with Mrs. Roy Taylor last week.

Laverne Strong has been sick with a gripe for the past few days.

Mr. and Mrs. Geo. Goodman spent Tuesday with their mother, Mrs. H. C. Randall.

Mr. William Adamson and baby have been sick for the past week.

Mr. and Mrs. Orson Strong were in Twin Falls Friday, transacting business.

MOuntain VIEW CLUB.
The members of the Mountain View club held their second meeting at the home of Mrs. Robert Booth on the afternoon of February 24. It proved to be a very enjoyable meeting. After an hour of social chit-chat over their fancy work, they devoted a half-hour to discussing plans for the completion of their constitution and by-laws. About four o'clock a few social pictures were taken of those present, which we are all hoping will do the subjects justice. Dainty refreshments, consisting of pressed chicken sandwiches, hot cocoa and cake were then served by the hostess, assisted by her sisters, Mrs. Norman Alberry and Mrs. Alberry. The members departed for their homes thanking Mrs. Booth for a pleasant afternoon and wishing her a happy and successful life in her new home, to which she will go this coming week.

A repetition of your want ad. in the course of your quest for a cook, may be good policy.

CLEAR LAKES WATER FOR BUHL SYSTEM

Gathering of Citizens Last Week Favored Project If It Will Not Cost City Too Much.

At a meeting of the citizens of Buhl in the opera house Tuesday evening, to determine the sentiment of taxpayers on the advisability and feasibility of purchasing water from Clear Lakes, says the Buhl Herald, a majority of them expressed themselves as favoring having water, provided it could be had at a figure on the present system, and on a new system. Communications containing estimates on putting in a water plant from Clear Lakes, and the estimated cost of having been made by a hydraulic engineer and contractor of Pocatello. His estimate was that a 300,000 gallon per second four hour capacity system could be built for approximately \$50,000. A plant four times as large could be put in for \$50,000, approximately. The present city storage reservoir holds 150,000 gallons of water, and a test applied to its lasting qualities showed that it was emptied by the city last Saturday morning in eight hours. However, more water was used than is necessary to supply the city.

A resolution was introduced, and passed to the effect that the city council make further investigations toward taking up the Clear Lakes water proposition. Through nothing definite or final has been done, the project of the council was to get the sentiment of what the people want concerning the water situation.

Captain Hazard made several explanatory talks, and said that he has a chance to transfer ownership in the Clear Lakes water project, and it was his aim to sell Buhl enough water to supply the town. He said that Buhl had to get in now, or it could not buy the water right at all, or at least not from him. He said it made no material difference whether Buhl purchased the water right or not, as long as it got as much water as it needed from another concern, but he believed it to be the best way of supplying the city with water, and the cheapest way in the end.

Not many of the men who were at the meeting Monday night, were positive in the stand they took for, or against, the proposition. It was a hurry up call meeting, and not many of the men had had time to think about the proposed plan. However, everybody is talking about the plan on the streets now.

Everyone realizes that something must be done with the city water system, and an estimate of putting in a storage reservoir near the present city reservoir was submitted at from \$12,000 to \$15,000. It would hold seven feet of water as much water as the present does. The estimate on a filtering plant was given by Captain Hazard to cost \$3,000. The question of shutting the water out of the canal was raised as an objection to a filtering plant, though many of the men believed that the new system will be the only practical one.

BUHL NEWS

(From the Buhl Herald.)
Attorney Patrick W. Monahan, the pioneer in his profession on this end of the tract, has announced that he will lay aside his cap and gown in the legal profession, and move upon his ranch three miles southeast of Buhl, where he is to become P. W. Monahan, Jr., D. No. 1. Mr. Monahan came to Buhl before the railroad was here and has been here since that time. He has always taken an active part in all matters of public concern, as well as practice law. However, he has turned all his cases and accounts, and expects to be on the ranch by the first of March, where he will improve his ranch, and spend the time close to nature. Mr. and Mrs. Robert Jacobell will live on the ranch, the latter being a niece of P. W. Monahan.

The Community Educational club will meet at the high school on Monday, February 28th, at three o'clock. We extend a special invitation to fathers, mothers and citizens. The medical men of the city will discuss for us the relation of good health to the education of the child and the welfare of the community. Following the presentation of the above subject an important matter will be placed before the meeting. At the close of the meeting members cards will be placed in the hands of those present.

A new implement and hardware store was opened in Castleford this week by F. C. Sinclair and R. E. Bittzer who have arranged to handle the Deering and Molino line of machinery, through the local dealers, Raymonds Bros. Co. Sinclair & Bittzer have opened a new ware house in the building just completed by T. W. Purcell, and they will do custom grinding as well as handle seeds of all kinds, both buying and selling.

The new school band, under the direction of H. G. Moore, made its first appearance in public concert Friday noon, February 18, on the corner of Main street and Broadway. There are about forty instruments in the Buhl school band, and most of the players were inexperienced with both music and instruments three months ago when Director Moore took charge of them.

H. H. Whitely, night marshal, has been ill for the past several weeks, etc.; he has been unable to be on duty. He had a stroke of paralysis affecting his throat and tongue, so that he had been unable to converse for nearly a week. Mr. Whitely is gaining his power of speech again, and is able to be up town this week.

The school band made its first appearance on the streets last Friday. The boys did very well. Twenty of the members of the organization could not make a noise on their instruments, four months ago. The progress made is indeed remarkable.

MORE MEN THAN WOMEN HAVE APPENDICITIS

Surgeons state men are slightly more subject to appendicitis than women. The list of symptoms is: pain in the lower right abdomen, often relieved or aggravated by eating. This is the most common and surprising fact matter that ONE SPOONFUL, relieves almost ANY CASE constipation, sour stomach or gas. The INSTANT, easy action of Adler-Lika is surprising. The Bedford-Flisher Drug Co. —Adv.

MUNICIPAL PLANT ENDORSED BY CLUB

(Continued from page 1.)

tion. Realizing that a steel bridge would cost about \$40,000, with a life of 20 years, showing an annual depreciation of five per cent or \$2,000, and that the city is now paying for its street lighting nearly \$5,000 per annum and being informed that a rock filled dam, having a 40-foot wide roadway on top, can be constructed for about \$10,000 and that there is sufficient flow in Rock creek to generate electricity for the lights we now have and 500 more and that the installation of this electric plant can be made for about \$50,000 more, or a total cost of \$100,000, on which the annual interest would be about \$5,000 per annum as against \$2,000 we are now paying for light and depreciation of a steel bridge, the board unanimously and very strongly recommended the city council to make this much needed improvement.

The discussion of this question brought out the needs of the city for a city planning commission with such powers and duties as those commissions have elsewhere, and recommended that the city council investigate this matter and make such steps as they deem best.

Learning that the maintenance of the main wing into the center of the city has been placed in the hands of an overseer for each road, for the purpose of encouraging more efficient work on these several roads, the board decided to give a purse of \$25.00 to the overseer maintaining the best road during the season ending November 1, the awarding judges to be named by the board at a later date.

The attention of the board being called to the congested condition at the freight depot, caused by increased business and insufficient room and facilities for the prompt handling of the in and out shipments, the secretary was instructed to take up with General Manager Calvin this matter by correspondence, urging enlargement of depot.

The club having been instrumental in securing sugar beet contracts from the farmers to the amount required by the Amalgamated Sugar Co., and still retaining their interest in the successful growing of beets, decided to give the following prizes: \$25.00 for the largest yield of beets on 5 acres; \$50.00 for the largest yield on 10 acres; \$25.00 for the largest yield on 15 acres; \$25.00 for the largest yield on 20 acres.

The prosperity of the last year and the bright future before us indicate that the time is ripe for us to express in a fitting manner our appreciation of the men who had the foresight, nerve and the money to transform a desert waste into this beautiful country that we are all so proud of. It was unanimously decided by the board to endorse and support a Frank H. Buhl monument association to be formed for the purpose of securing a bronze statue of Mr. Buhl, the only surviving member of the Buhl-Kimberly Construction Co., placing the same in the court house yard or more suitable location to be determined by the association.

The attention of the board was called to the fact that the annual election of the club is to be held Tuesday, April 4th, according to the by-laws.

MURTAUGH NEWS

Times Special Correspondence.
Mr. and Mrs. Chance entertained Mr. and Mrs. Engstrom, Mr. and Mrs. Kendall, Mrs. Hunt, Roy Hunt and Bob Kendall last Saturday evening.

Forty-two took advantage of the skating last Sunday evening and attended the tabernacle meetings at Twin Falls.

Mr. and Mrs. Engstrom entertained the following last Sunday to help celebrate their third wedding anniversary: Mesdames and Messrs. Hunt, Kendall and Chance, Roy Hunt, Bob Kendall and Louis Griffin.

Louis Griffin is home again from the hospital and is getting along nicely.

Carl Frederick came home Saturday evening from Twin Falls, where he has been in the hospital for the last three weeks. He is yet very weak.

Mrs. Hatmaker spent Sunday in Twin Falls.

Henry and Cecil Boyd have been very sick but are now some better.

Miss Edith Boyd of Twin Falls is at the bedside of her brothers.

An election was held at the school house last Saturday for creating an independent school district. The results were 60 votes for and five against. A bond election will be held in the near future.

Prof. Davis spent Saturday and Sunday in Buhl.

Arthur Boyd has taken very ill with rheumatism.

Mrs. Bacon and Mrs. Morrissey went to Kimberly Monday to visit the former's mother, Mr. Ed.

Fay Cox transacted business in Twin Falls Monday.

Mrs. Francis Johnson spent the forepart of the week in Twin Falls.

A few from Milner came to Murtaugh and presented a play Friday night to a large audience. After the play a dance was given. The proceeds were about \$48 and will be used to defray expenses for school another month.

Mrs. Hunt was in Twin Falls Monday.

Mesdames Doty, Weatherly and Hatmaker attended the meetings in Twin Falls Tuesday night.

Mr. Hatmaker, agent at the Twin Falls depot, came up Sunday night.

The Theatres

TRANSLATOR OF TOLSTOVS WORKS WRITES OF THE "A WOMAN'S RESURRECTION"

Few screen dramas have ever attracted the immense amount of attention from literary men and writers, as well as the public at large, as has the William Fox production of "A Woman's Resurrection." Count Leo Tolstoy's greatest work in the visualization of which Betty Nansen, the world-famous European tragedienne, is seen at the full height of her magnificent dramatic powers. Discussion has waged rife about the character of shining Katusha Maslova, the most complex and interesting study of womanhood the great Count Leo Tolstoy ever penned. Since the picture has been shown Miss Nansen has been deluged with letters from all over the country asking her to give her conception of the character. Miss Nansen has answered all the letters in three words.

"She is human."
"Professor Alexander Delaney, of Columbia University has however, more deeply into the matter and has written for the Fox Film Corporation a masterly delineation of "A Woman's Resurrection" after studying the film in the private theatre of the concern at 130 West 46th Street, New York City.

"It would be superfluous," writes Professor Delaney, "to point out in detail the aims that Tolstoy had in view when he wrote "A Woman's Resurrection," in which Miss Nansen is so magnificent and to which William Fox has given such a lavish setting. From his lofty heights Tolstoy's great embrace all men. It knew all human, passions and in Katusha Maslova, loving, weak, sinning and repentant he poured out to the full his marvelous genius. As a reward, while he himself sleeps peacefully under his oak at Yasayna-Polyana, he still lives and will continue always to live in the hearts of men and women."

MAHATMA.
By the way, variety, the management of the Orpheum theatre effected an arrangement whereby local theatregoers are to be treated to what may be termed a mystery offering. The special attraction is Mahatma, "the mystery girl."

Mahatma's entertainment consists of mystifying manifestations of thought transmutation and is styled by her "thaumaturgy," a term that the standard dictionary explains is the performing of miracles. Such an appellation is surely appropriate for the wonders that Mahatma works while on the stage, is strongly suggestive of the miraculous.

This mysterious woman is now en route to the east, where at the conclusion of a tour of one of the largest vaudeville circuits, she will sail for London to fill an engagement at the Victoria Palace, a contract that was necessary to postpone, owing to the very unsettled theatrical conditions resultant from the prolonged continental war.

Beginning March 6, the Fox films will be featured at the Isis on Monday and Tuesday; the Metro features on Wednesday and Thursday, while on Friday and Saturday will be shown the V. L. S. E., consisting of a combination of the best from the Vitagraph, Lubin, Essany and Selig.

NOTICE OF SALE.
The N. W. 1/4 of the S. E. 1/4, Sec. 13, Tp. 10, Range 17 E. B. M., will be sold at public auction at the front door of the court house for cash, Saturday, March 4th, 1915, at 2:30 p. m.
Upon payment of 10 per cent of the purchase price 60 days will be granted to arrange a loan for final payment.
By Order of the Board of County Commissioners.

MAHATMA.
PROMINENTLY AMONG THE EARLY BOOKINGS HERE AT THE ORPHEUM THEATRE IS MAHATMA, the "mystery girl," whose noted eastern newspaper critic has seen fit to style "The White Yogi." Mahatma will appear locally as a special feature attraction of unusual quality. Mahatma's form of entertainment is scientifically termed "thaumaturgy" and in this line she is generally credited with being the absolute peer of all her rivals. To the laity and to the most noted scientists and savants alike, she is a baffling enigma. Just what that strange and mysterious force that Mahatma possesses to such a marked degree, really is, no one has yet been able to determine and to clearly and satisfactorily explain. She has established the patrons of about every "calling playhouse" throughout the United States, as well as in every other civilized country, and on all hands the unanimous verdict of the newspaper critics has been that her work stamps her pre-eminently the greatest of all other exponents of her mysterious art. Two days only—Tuesday and Wednesday—at the Orpheum theatre—Adv.

MAHATMA

The Woman of Mystery.

Perhaps one of the most interesting features of Mahatma, "The Mystery Girl," who comes here to the Orpheum theatre today (Tuesday) and Wednesday, is the striking and withal refreshing simplicity of her mystifying entertainment and unassuming and unostentatious manner in which she executes her marvelous manipulations.

With Mahatma, sensationalism of any description is quite unnecessary, for it is due entirely to the impressions made on her auditors by the perfect correctness of her vast mysterious force and skill, that her pronounced success as a public entertainer is achieved.
