## RABIES EPIDEMIC IS THREATENED

County Physician Woods Sounds Alarm to People of County.

POINTS OUT INSTANCE IN TWIN FALLS TO SHOW DANGER.

Chairman Carlson Declares Mistake Records Have Been Located and Muzzling Order Can Be Enforced.

That an epidemic of rabies in south-western Idaho, including Twin Falls county, is imminent, unless the muzzling ordinance and order are strictly enforced, is the opinion voiced by Dr. E. O. Woods, county physician of this county, in a representative of THE TIMES, while discussing the case of Wilbert Moon, the 4-year-old son of Perry Moon, who has been sent to Boise after an exposure as being infected.

"In this case," said Dr. Woods, "the little boy was playing with a dog at the home of his grandmother, Mrs. Lamb, last week, on Second avenue south, opposite the Lind garage, and was licked on the hands by the animal, from which the muzzling had been temporarily removed. Later on the same day the dog showed suspicious signs of rabies and was killed. An examination of the brain showed that it was affected. Now, rabies is transmissible only when it comes in contact with some nerve, along which it moves to the nerve center. It is not carried by the blood, as has been proven by the injections of the poison into the blood of animals which were not thereafter affected. Nor is it dangerous if swallowed, unless it should come in contact with some nerve. However, even a part of the surface of the body if the animal is scratched or abraded, has nerves exposed, and in the case of the little Moon boy there were sores on the hands through which the poison might have been transmitted. Hence it was deemed advisable to take no chances in the case.

You might say that there are numerous reports of animals being exposed throughout the county and that, in the opinion of the health authorities, there is danger of an epidemic unless care is taken to enforce the matter promptly. I should like the people to understand the danger, in order that they may act accordingly.

In connection with the muzzling of dogs, Chairman Carlson of the county board of health stated to THE TIMES representative that the records of the case, which had been mislaid recently, had been located and that the board was prepared to carry on prosecutions of all violators. It has been remarked that there are again many unmuzzled dogs in this city and a number of people are complaining because, since the general cleaning up of unmuzzled animals, which resulted in the temporary laying off of deputies in the city, many dog owners have hastily taken up the muzzling. As the regulations are still in force, it is believed that another cleaning up will soon take place, with fines accompanying cases of a real.

**YOUNG ELK DIES AT HANSON.**

One of the bunch of elk brought to Hanson recently died suddenly Tuesday of pneumonia. Yesterday Assistant State Veterinarian J. P. Fitzsimmons visited the yard where Dr. W. A. Sullivan of the United States bureau of animal industry to determine the exact cause of the trouble, which proved to be pneumonia. Dr. Sullivan recommended the use of dip for elk, which are troubling the young animals greatly, and which will exterminate the pests. The health of the rest of the herd appears to be excellent.

**REV. FRANK TO CONDUCT SERVICES.**

Rev. L. B. Franck, pastor of the Twin Falls Ascension Episcopal church, will shortly give missions in several other cities of this county, beginning at 3 o'clock on Sunday, 3rd, Rev. Wood is pastor at Mountain Home. Arrangements will be made so that regular Sunday services here will not be interfered with, but weekday services will probably be discontinued.

**KANSAS CITY—William Jennings Bryan** was 55 years old Sunday and celebrated his anniversary by delivering two addresses in churches Sunday. In a conference following his address, he identified his intention of attending both the Republican and Democratic national conventions.

"I don't know whether I will attend the Democratic convention as a delegate or not," he declared. "However, I am still a newspaper man and will cover both conventions in that capacity."

**KIMBERLY VOTES SCHOOL BONDS.**

In a hotly-contested bond election last Saturday, Kimberly voted \$40,000 school bonds, 60 of the 410 votes cast being against the bonds. The bonds were drawn by Architect Nesbit of this city, had previously been accepted.

## INSPECTION OF COMPANY D TUESDAY

Adjutant General Says It Is in Best Condition in Its History—Several New Recruits.

The federal inspection of Company D, U. S. A., was held Tuesday night by Max B. Garber, U. S. A., Adjutant General, P. H. Crow. The boys drilled for a time on the streets and later at the armory. There were 71 men in the company, including a total membership of 75 men, besides officers. At the close of the inspection, Adjutant General Crow made a short talk, in which he said that the company was in better condition than at any previous time.

**SUGGESTS MORE ROOT CROPS.**

Owing to the planting of sugar beets this year, the amount of alfalfa will diminish, in the opinion of James A. Waters, U. S. A., inspector of the more root crops, such as carrots and beet, to take the place of the displaced lucerne as a stock food. He says that scientists have demonstrated such roots are as good as hay up to one-fourth of the total amount of food given to stock.

**RURAL FEDERATION CALLED.**

All members of the Federation of Rural Clubs are asked to be present at a meeting to be held in the high school auditorium Saturday afternoon, March 25. A short program has been arranged by Mrs. Edwards, and Mrs. Sweeley will talk on the work of the State Federation. An invitation has been extended to the Twentieth Century club to be present.

**LONG MIKE HIGGEST NINE IN NEVADA.** Says ROBERT FORBES.

Robert Forbes, who arrived in this city yesterday from Jarbidge, declares that the Long Mike mine, which has just been opened at that place, will prove to be the biggest mine in the state of Nevada.

THE NEW PARISH HALL OF THE EPISCOPAL CHURCH.

The new parish hall of the Ascension Episcopal church will be ready by Easter Sunday, April 23, according to Fraser & Dodds, the contractors, who are rushing it to completion as rapidly as compatible with the best character of workmanship. The hall, which is to be a center of religious, social and civic life, will, as the above illustration shows, add much to the appearance of the part of the city in which it is located. The rector of Ascension church, Rev. L. B. Franck, expects to find the hall a means of furthering his work along spiritual and moral lines, through having a satisfactory meeting place capable of accommodating all gatherings of a social and civic character that may be called to congregate in it.

## VILLA JOINED BY DEPOSED GOVERNOR

Luis Herrera, With 2000 Men, Turns to Band—News Arrived on Times Bulletin This Morning.

That former Governor Luis Herrera of Chihuahua, recently deposed by Carranza, had joined the Villista forces with 2000 men was the report flashed over the wires on THE TIMES special bulletin early this morning. The announcement created much interest and crowds congregated to read the latest news from the front which was furnished by the bureau. The sentiment of the people here is that the prospects for the members of the National Guard to go to the front is brighter than any previous time since the trouble started. In a public statement, Colonel Edwin F. Flynn, U. S. A., chief of staff of the eastern department at Governor's Island, New York, declares that a minimum army of from 400,000 to 500,000 will be needed to conquer and pacify Mexico, should the insubordinates unite under Villa.

## NO COMPETITORS FOR JUDGE WELTY

A. R. Hicks Withdraws and Kassarok Declines to Enter—Formal Appointment Held Up by Law.

There is now but one candidate for probate judge appointment before the board of county commissioners, and he is Judge Dan T. Welty of Castleford, in whose favor probate judges have been elected, one from Buhl, one from Hansen and one from Twin Falls. The field was cleared by the withdrawal of A. R. Hicks, who had many friends who desired to see him occupy the position. There being no objection to the appointment when the vacancy occurs, the only obstacles remaining are Judge Jacob M. Shank and the statutes of Idaho. It has been assumed all the time that all that it would be necessary to do would be to receive a resignation to take effect April 1, the day on which Judge Shank desires to retire, and then make an appointment to take effect the same day.

An examination of the laws of the state, however, reveals the fact that the resignation must be delayed until the first of the month, unless some other provision of law is made which will permit the resignation and appointment to take place earlier.

Among the men talked about when the resignation of Judge Shank began to be discussed was John Kassarok, who was urged to enter by many friends. Mr. Kassarok declined to show his name to go before the board.

**BOYS ENTER PLEA OF GUILTY TO CHARGE OF HAVING BOOZE.**

Say Miller and Jesse Whitte of Murtaugh entered pleas of guilty to having intoxicating liquor in their possession when arraigned before Justice of the Peace W. A. Smith in the sum of \$50 each, which they failed to give. Judge J. Beck of Rupert presided over the boys were temporarily committed to jail. They had part of two cases of whiskey in their possession when arrested.

## AUTO SHOW SUCCESS IS NOW ASSURED

Local Merchants Showing Great Interest in Event—Electrical Display To Be Elaborate and Beautiful.

The widespread interest which is being evidenced from all quarters in the approaching automobile exhibition gives ample evidence of the assured success with which the big show is bound to meet. It has been announced that the evangelistic services will close at the end of this week, thus giving the exhibitors at the show, the spectators, electricians and others a whole week in which to prepare the tabernacle for the opening day, April 23.

The interest which the local merchants are taking in the show is evidenced by the beautiful and timely displays which some of them are making. One local jewelry firm on Main street has in his window a beautiful electrical sign advertising the automobile show, and along with this a number of automobiles, of various types, including a truck, pleasure car and some racers.

As a result of this great interest, it seems strange that the automobile show has not made its appearance before. Every man, woman and child, with a plan to own a car some time. Every man who has an automobile expects at some time to make another. As a result of this great development in the demand for automobiles it has become almost necessary for the layman to include in his educational moments of the manufacturers, help one to keep step with their great and comparatively new industry. But there is nothing which can so well give an opportunity for seeing thoroughly and comparing the relative merits of the many different makes of cars as does the automobile show.

## POSTOFFICE PLANS BEING PREPARED

One Design in Brick and Another in Stone—Contract Let About July 1, This Year.

In a letter received Tuesday by Secretary J. McMillan of the Twin Falls post office, it is stated that the postoffice department is preparing plans for the office of sheriff on post office, one for stone and the other for brick, and that the contract for the structure will probably be let about July 1.

## J. A. GALLIHER ANNOUNCES HIS CANDIDACY FOR SHERIFF

James A. Galliher, who made a record for the office of sheriff on the progressive ticket two years ago, announces his candidacy for that position by Andrew King, prohibitionist, Republican party. A number of friends of Mr. Galliher have urged him to become a candidate.

## SENT TO NEW YORK.

Alma Stenseth, a 16-year-old girl, was brought here Monday by Andrew King, prohibitionist, Republican party. A number of friends of Mr. Galliher have urged him to become a candidate.

## MACAULEY CAR FIRST TO OBEY ORDINANCE

Interest Manifested in New Ordinance. Proposition to Remove Parking in Front Garages.

W. H. Macaulay was the first citizen of Twin Falls to obey the new ordinance providing for the parking of cars on Main avenue. Early yesterday morning, while Street Commissioner Porter and a force of men were painting the street, marking out the zones between Shelburne and First streets north and west, Mr. Macaulay drove his car down in front of the Macaulay's cigar store, on Main avenue between Shelburne street and First street south and east, and planted it in the middle of what has since been marked off as the auto zone. The blockholder, looking at the solitary grandeur, and the few citizens who had not read Tuesday's TIMES stopped and gazed at it in astonishment.

As other business men drove up later in the morning, their cars were parked in the middle of the street and the new ordinance was being complied with as naturally as though it had been in effect for years. Incidentally, the only notices automobile owners had received of the ordinance passed at Monday evening's meeting of the council was in Tuesday's TIMES.

The police say that they will begin to make arrests shortly, if the ordinance is not obeyed after due notice. They say that they exhausted their patience keeping people from violating the ordinance in regard to turning, and that they will get after violators of the new ordinance promptly.

The impression seems to have gone abroad that it is the idea of the city administration that the cars are parked in order to allow the fire engine to run between the parking and the cars which may be stopped temporarily parallel with the sidewalk. This is a mistake. The fire, as explained at the council meeting at which the ordinance was passed, is between Shelburne and First streets. Main street runs there should happen to be a fire on that thoroughfare, in which case it is held that it would be the duty of the fire engine to turn the corner of the curb opposite the location of the fire when run get them out of the way when run between the curb and the cars on both sides of the street, as happens every Saturday.

There is a good deal of discussion in regard to the whole subject of allowing cars to be parked on Main avenue, many holding that in a short time it will be necessary to keep them out of the city streets. It is longer than a few minutes during business hours.

One of the propositions being considered at present is the removal of parking opposite to the garages on Second avenue north in order to allow the turning of cars. It is believed that with a few more of parking in the event the grounds are built on.

## BUSINESSMEN ARRANGE OLIVER COLLECTION

Offerings Taken at All Three Meetings—Sunday as Evidence of Appreciation by People.

The business men of this city have determined that the people of Twin Falls shall be given an opportunity to show their appreciation for Dr. French E. Oliver and his work here on the work of Dr. J. Kingbury. A revival services at the tabernacle next Sunday. A committee of 15 has been organized for the purpose of superintending the taking up of three collections Sunday, one at the morning, one at the afternoon and one at the evening services. This committee, of which the first named is chairman, consists of J. H. Van Tassel, J. McMillan, E. J. Kingbury, A. B. McMillan, N. F. Nary, J. C. Sanger, E. Pluch, J. C. Conover, A. W. Clark, C. L. Hushaw, E. L. Ashton, J. E. Hughes, J. J. Kingbury. A meeting will be held in the rooms of the Twin Falls Commercial club Thursday and plans worked out.

## EVANGELICAL MEETINGS BEING HELD IN KIMBERLY

A number of evangelical meetings for Kimberly were announced this morning by Dr. J. St. Philip, who is at the head of the revival. On Friday afternoon Dr. French E. Oliver, accompanied by Mr. Butler, the choir leader, will leave for Kimberly. On Saturday night at 8 o'clock Rev. C. L. Bent of the Twin Falls church will preach evening service. On Sunday night at 8 o'clock Mr. Norvell will preach evening service.

**TAX COMPLAINANTS TO BE FILED.**

County Attorney Davies reports that he has 20 complainants made necessary by the recent tax legislation, ready for filing and he suggested that the complainants be filed by the 15th of April. The taxes involved amount to \$7500.

## HOME CONSUMER'S WEEK WIDESPREAD

Will Be Observed in Six States April 3 to April 8.

ORIGINATED IN TWIN FALLS—HAS SPREAD THROUGHOUT NORTHWEST.

Governors of Idaho, Nevada, Utah, Montana, Oregon and Washington, Issue Proclamations.

The sixth annual recurrence of Home Consumers' Week, which originated among the clubwomen of this city, is arousing unusual interest, by reason of the establishment of a sugar factory, now under construction in this city, and it is freely predicted that it will be more generally observed than ever before. The March number of the New West Magazine of Salt Lake City, formerly the See Idaho First Magazine, of Twin Falls, contains an article on the subject, by Mrs. Robert W. Spangler, editor of the Western Club Woman department of the magazine, who, as a resident of this city and a member of the Twentieth Century Club, has inaugurated the movement. The article follows:

"This great movement for the advancement of the west by the active support of the home industries was started in 1912 by the clubwomen of Idaho through the columns of the New West Magazine. At first, only a few towns were interested, but the movement grew and met with such favor that the following year it spread over the entire west. At the request of the Idaho clubwomen in 1914 Governor Haines issued a proclamation calling on the people of the state to observe Home Consumers' Week. In 1915 a similar proclamation was issued by Governor Alexander.

This year the women of five adjoining states have united with Idaho in the observance of Western Consumers' Week. At the request of these women the governors of the six states—Montana, Idaho, Nevada, Oregon, Utah and Nevada—have issued proclamations.

Western Consumers' Week is different from most movements of this nature in that it is the consumer who is the benefactor. The women who buy the goods of the state—the buyers for the home—statistics show that they do 85 per cent of the purchasing—and it is the women who are the backbone of Western Consumers' Week. These women are loyal to their home manufacturers and are not only willing, but anxious to help them succeed. So the better they may grow and prosper. They are trying, by the faithful observance of this week, to give the western manufacturer a new deal. All they ask is that the manufacturer give them the same consideration.

The Western Club Women department of the New West Magazine has been the medium through which Western Consumers' Week has received its publicity. This work great assistance has been rendered by the newspapers of the various states, for they have been truly helpful in bringing the movement before the general public.

"In Utah the dates of Western Consumers' Week and Home Products Week are the same. In Nevada, the Manufacturers' Association of Utah—are practically the same."

## DR. BRENNON SPEAKER AT COMMENCEMENT

President of University to Deliver Address—Rev. Mr. Franck to Give Baccalaureate Sermon

President M. A. Brennan of the University of Idaho will deliver the graduating address in this city at the commencement exercises on Thursday, May 18. On the previous Sunday, May 14, the baccalaureate sermon will be delivered by Rev. L. B. Franck of the Ascension Episcopal church, whose subject will be, "Ideal Purpose of Education."

The Episcopal choir will furnish music.

**MRS. ELLEN BROWN AT REST.**

Mrs. Ellen Brown of Filer died Saturday night at her home in Filer. She was 65 years of age. The funeral was conducted Tuesday afternoon at the Methodist church in Filer by Rev. H. W. Parker, after which the body was sent to Twin Falls for interment. Mrs. Brown was a resident of the tract for some years. She was the widow of E. D. Brown of Filer and of Arthur, Leonard and Frank Brown and Mrs. Francis Paul of Filer.

**DEMONSTRATE GRADERS.**

The board of county commissioners will meet in this city Saturday to witness the demonstration of the new graders, which are being sent to the county of seeing several graders tried out before purchasing. It should be decided to purchase.

## VILLA'S BANDITS ON THE UNITED STATES BORDER

CLEAN-UP DAY FROM  
APRIL 9 TO APRIL 16

Twin Falls Officials Ready to Act In  
Accordance With the Proclamation  
of the Governor.

In accordance with the terms of an official proclamation by Governor Alexander, calling on the people to observe clean-up week from April 9 to April 16, inclusive, the officials of this city are getting ready to see to it that all noxious deposits of animal and vegetable matter and other debris are removed before the hot season begins and to see that they are kept removed during the summer months. Fire Chief Carlson will have charge of looking into the removal of all debris that might cause fire or might assist in its spreading, and will cooperate with the police in getting the town organized and in shape to get rid of the dirt. The matter of holding a clean-up day has been under discussion for the past couple of weeks here, but the officials determined to wait, if possible, until the official state proclamation was issued, setting a date. They feel that it is the duty of individuals to clean up thoroughly and not stop at the edge of the law. The requirements of the law are set forth in the official notice of the state dairy, food and sanitary inspector, J. K. White, and are as follows:

- RULE XXXV.** All privies, toilets and outhouses used for depositing human excreta must be made fly-proof and protected as follows:
1. The roof shall be winter tight.
  2. The house shall be without cracks through which flies may enter.
  3. The door shall fit closely and be self-closing.
  4. The openings on seats shall have hinged coverings.
  5. The vault, whether pit, box, or

Writ of Prohibition Asked Against  
Mayor and Council to Prevent Sub-  
mission Under Referendum.

BOISE.—A writ of prohibition directed against Mayor Robinson and members of the city council to prohibit them from calling a referendum election to submit to the voters of the city the ordinance providing for the opening of the picture shows on Sunday was filed in district court this afternoon by Charles F. Reddock.

The writ sets forth that the council does not have the power under the law to submit the ordinance to a vote of the people, for the reason that the act of the council in passing the ordinance was a judicial act, not subject to the referendum as the statute prescribes under what method picture shows may be allowed to run, and when that procedure is adopted no other power has any right to intervene. It is charged that the expense of calling and holding a referendum election upon the ordinance would be an improper and illegal charge against the taxpayers of the city.

Arrangements are being made by the picture show proprietors to open their theatres next Sunday under the ordinance recently passed permitting Sunday opening, and to which a referendum petition has been filed asking that the ordinance be submitted to a vote of the people.

CARRANZA BUSY  
UPHOLDING DIGNITY

Protests Against Americans Occupying  
Towns, Permission Asked to  
Use Railroads.

WASHINGTON.—Gen. Carranza has formally protested against American troops occupying Casas Grandes in their pursuit of Villa and the American government has replied that the troops have been ordered specifically not to occupy Casas Grandes or any other towns or cities in Mexico.

The protest and reply were included in an exchange of notes between Acting Secretary Polk of the state department and Eliseo Arredondo, ambassador designate to the United States from Mexico.

After a conference today between President Wilson and Mr. Polk it became known that Mr. Polk in a note handed Mexico said that the American troops had been sent to Gen. Funston to keep his troops away from all towns.

The state department today had not received a reply from the request sent to Carranza for the use of Mexican railroads in transporting supplies to the expeditionary force.

In urging the use of Mexican railroads for that purpose it had been pointed out to the Carranza government that similar permission was being granted to American troops for the use of railroads in the United States last fall.

Polk declared today that the United States had not requested permission to take over any railroads in Mexico, but had merely asked for permission to transport supplies.

Every effort is being made by the state department to discontinue in Mexico the information that the United States has no motives of aggression in sending troops across the border. Following out the same policy the American troops now in Mexico have been given instructions to be courteous in their dealings with Mexicans generally.

## SPECIAL ORDINANCE NO. 178.

An ordinance declaring the intention of the City of Twin Falls to sprinkle certain streets and avenues and parts of streets and avenues within the said City, the expense thereof, to be paid by assessments to be levied against the abutting, adjacent contiguous and tributary property to establish for that purpose a local improvement district No. 23 in said City, fixing the time when protest will be received against the making of the said improvement.

## DR. OLIVER REFUTED.

We trust we may be permitted to use those columns to disprove certain false statements about a "roaming pastor" (?) as appeared in Dr. Oliver's sermon, published in The TIMES, dated March 17th, 1916. Said "pastor" is accused of "being divorced by his wife" and "selling wheat at a fancy price" and "being in an attitude against the Brooklyn Eagle because they exposed him."

While we take no particular offense to the statements as published, it is because the impostor, and give weight to previous pulp attacks that we offer serious objection. Our refusal to disprove these false charges would not only be the more to impress the public with their possible truthfulness, but would be convincing that they are true, for we know that this writer is intimately acquainted with Pastor Russell, having lived for a number of years in his home town (Pittsburgh, Penn.), and been his associate worker with him at his present headquarters in Brooklyn, N. Y. We have availed ourselves of opportunities that come to the hand of the truth, or falsity of the many serious accusations preferred against him, and when we speak we are not ignorant of what we affirm.

Pastor Russell is the duly elected-ordained pastor of the Pittsburgh Congregation of Associated Bible Students (500 members), the New York City Congregation of A. B. S. (1200 members) and the Washington, D. C. Congregation of A. B. S. (400 members), besides being pastor of congregations in hundreds of cities and towns throughout the United States and Canada.

Pastor Russell is not a divorced man. There were no grounds for granting one. A semi-monthly religious journal, the Watch Tower, was published, of which Pastor Russell was and is still the editor. Mrs. Russell became dissatisfied with his manner of conducting this journal and attempted to dictate the policy, thereby placing the head of the house, Pastor Russell would not submit to his wife's dictating the manner of conducting his business affairs. Without notice, she voluntarily separated herself from him in 1897, nearly 18 years after their marriage. For nearly seven years she lived separate and apart from him, he furnishing her a separate home.

In June, 1903, she filed in the court of common pleas at Pittsburgh a suit for legal separation. They had been actually separated for nearly seven years. In April, 1906, the cause came on for trial before Justice Collier and a jury.

It has been remarked by a number of lawyers who have read the record in this case that "no court has granted a separation upon so slight testimony as appears in this case." The record discloses nothing except a misunderstanding between husband and wife, and which at one time was justified, by mutual consent. The issue being submitted to the jury they evidently concluded that the parties were actually separated for seven years, a legal separation might as well take place. There has never been an absolute divorce of either party.

John Wesley, the great founder of Methodism, was a divorced man. It is evident that Dr. Oliver has "used" for him because he is a better man. Pastor Russell is not guilty of committing "adultery," "immorality" or "perjury." He is a Christian gentleman, whose life of integrity and righteousness are of the highest order and living on a plane of purity in thought and word and deed attested by many.

In our article, "Why the Preachers Attack Pastor Russell," we tell the truth about his "miraculous" "miracles" when Pastor Russell did not discover it, nor did he name it, nor did he receive any personal benefit therefrom.

Upon the trial of his case against the Brooklyn Eagle for slanderous defamation of reputation, counsel for the Eagle severely ridiculed the religious teachings of Pastor Russell. The jury, being largely composed of men of strong religious prejudices, and at least one of them an atheist, disregarded the testimony of the eleven practical farmers and wheat raisers, and the several exhibits of scientific evidence introduced and shown to them, and decided the case in favor of the Brooklyn Eagle, upon the unsupported testimony of one government official, and a few grain of wheat in his life. The case was at once appealed and is now pending in the appellate division of the supreme court of Pennsylvania.

The above mentioned article sent to any one addressing the writer, at 260 Third Avenue North.

Pastor Russell has never defrauded anyone of a single penny. Many are inquiring: "If the many charges against Pastor Russell are not true, what is the secret of the opposition and slander being raised up against him?" We reply that it is malice, hatred, envy, strife on the part of those who are still hugging the nonsense of the dark ages and neglecting true Bible study. They say that his influence is waning. But they have not yet awakened to the true situation. They think that Pastor Russell is responsible for their religious ignorance and small collections. But not so. The real difficulty with them is that people are becoming more intelligent and can no longer be deceived by the crack of a merely man-devised word of fear. The colleges of the world have been teaching that the Bible is a foolish old book, full of low preachers and few of the educated of the world believe it to be of Divine inspiration. Learned men, the Bible, in the preachers and in the records, the people are drifting toward atheism. Then, too, Pastor Russell is teaching the coming of the Messiah, the clergy wish them to be ignorant of.

All educated preachers know that the only word in the Old Testament translated "hell" is the Hebrew word "sheol," translated 31 times "hell," 31 times "grave," and 31 times "pit," but left untranslated in the revised version. Its equivalent in the Greek is hades, translated 11 times "hell."

"From Greenland's icy mountains,  
From India's coral reefs,  
Where Africa's sunny fountains  
Roll down their golden streams;  
From many an ocean-rever  
From many a palm-plain,  
Thy call us to deliver,  
Thy hands from sun and rain.

You will find CERTAIN-TEED affording equal protection from the snow and ice of the Arctic, and the sun and rain of the Tropics. It is literally "the roof of the world."

Making roofing is the General's chief business. He makes one-third of all the roll roofing made in America—thirty-nine other manufacturers make the balance. Such predominance is due to the General's ability to make the highest quality roofing at the lowest cost.

Every advantage that men, money, mills and machinery can offer is used to increase production, maintain quality and lower the cost. The result is that today CERTAIN-TEED, the world's best quality, costs less than inferior roofing cost ten years ago.

CERTAIN-TEED is made of the best quality roofing felt, thoroughly saturated with a scientific blend of soft asphalts, the formula of the General's board of expert chemists. It is then coated with a blend of harder asphalts, which keeps the inner saturation soft and prevents the drying-out process so destructive to ordinary roofing.

CERTAIN-TEED is guaranteed for 5, 10 or 15 years, according to ply (1, 2 or 3). Experience proves that it lasts longer.

CERTAIN-TEED is made in rolls; also in slate-surfaced shingles. There is a type of CERTAIN-TEED for every kind of building, with flat or pitched roofs, from the largest sky-scraper to the smallest residence or out-building.

**Certain-teed**  
Roofing

CERTAIN-TEED is sold by responsible dealers all over the world at reasonable prices. Investigate it before you decide on any type of roof.

In the New Testament and once "hell" has just translated in the revised version. It does not mean a lake of fire and brimstone, nor anything at all resembling that thought; not in the slightest degree. Quite the reverse. Instead of a place of burning fire, it is described in the context as a state of "darkness" (Job 10:21); instead of place where shrieks and groans are heard, it is described in context as a place of "silence" (Psa. 115:17); instead of representing in any sense pain and suffering or remorse, the context describes it as one of "forgetfulness" (Psa. 88:11, 12). "There is no work, nor device, nor knowledge in the grave (sheol) whether thou goest" (Eccles. 9:10).

Jacob said: "I will go down into the grave (sheol, hell) unto my son" (Gen. 37:35). We ask, Dr. Oliver: Did Jacob think that his son Joseph and gone to "eternal torment"? Is it conceivable that Jacob expected to go where the "fires were a million times hotter than earth's fires" (See Gen. 18:28, 44:20, 51:31). When Jacob had reached the crisis of his bitter experience, he exclaimed, "Oh, that thou wouldst hide me in the grave (sheol, hell), that thou wouldst keep me secret, until thy wrath be past, that thou wouldst appoint me a sign and remember me" (Job 14:13). Is it possible Dr. Oliver, that poor Job prayed to go to the place where "devils . . . with evidences emitting flames" (Job 1:7) "frigate" than those on the cross? Is it possible to believe that Job prayed to go where the "fiery worms would fasten their fangs" in his "black" form? Notice, now, that in Isa. 14:9 and in Jonah 2:2, it seemed so absurd, according to the present accepted meaning of the word "hell," that in the margin of modern Bibles the publishers explain that it means grave. (See 1 Cor. 15:55 margin). Jesus is spoken of as not being left in "hell" (Acts 2:27; Psa. 16:10-11). We ask, is it possible that his sufferings there during his brief stay were more "frigate" than those on the cross?

Why do you not tell the people, Dr. Oliver, that "hell" where the worm dieth not and the fire is not quenched" (Matt. 5:22) is the translation of the Greek word Gehenna, in Hebrew, the Valley of Hinnom, the name of the dumping ground for all the garbage and dead animals and bodies of detestable criminals, lying just outside the city of Jerusalem? Why do you not explain that nothing alive was permitted to be "thrown into it" and that to prevent typhoid and malarial the use of brimstone was constantly employed and that the worms of the fly-blown of low preachers on the ledges did not die until the work of destruction was completed? Why do you not tell the people, Dr. Oliver, that this is evidently the same valley referred to in Rev. 19:20; 20:10; 21:8, as the lake of fire burning with brimstone? If you must "black" out an "eye" or "cut off" his "hand" or "foot" in order not to be "cast into hell fire," is it not likely that only "hell" is the only word in the Bible, if we are to draw literal conclusions from these statements? Notice that in Rev. 20:13; 1 Cor. 15:55, and Hosea 13:14 "hell" delivers "the dead" that is in it, and that "death and hell are cast into the lake

of fire, a "metaphor" of "the second death," and not of a place where the sufferings of the body and conscience will be a "million" fold greater than in this life.

The "second death" is the "everlasting destruction" of all who fall to profit by the restitution processes of Messiah's kingdom (2 Th. 1:9; Acts 3:19-21; Rev. 21:8). doom to be established.

But perhaps Dr. Oliver will say that this is a spiritual death. "We are good, we reply, and the body without the spirit is dead." If useless, impossible to pain (Job 2:25).

These statements are "supported by the best theologians of two continents," and by the "best theological works written." We refer the reader to the "Strong's Exhaustive Concordance" and Hebrew and Greek Lexicon (Methodist), Young's Analytical Concordance (Presbyterian) and Wilson's Encyclopedic Dictionary as being a few of a number of authoritative works. For explanation of parables and other symbolical and difficult passages of Scripture that we have not the space to make plain here, the reader is invited to write for our free "half" pamphlet.

In conclusion, the writer challenges Dr. Oliver to tell the truth to the people; additionally, we suggest that he apologize to the good people of Twin Falls and elsewhere whom he has spoken evil about (Titus 3:2) and to make reparation so far as possible, or, failing in this, to be buried in shame and lasting contempt by the fair-minded people of this community. Sincerely yours for truth and righteousness.

Chairman Associated Bible Students, Twin Falls, Idaho.

## THE GOVERNOR'S LETTER.

It must be admitted that the governor did not create the conditions on the Salmon tract, but I fail to see where he has done anything to help them. If he has he certainly is keeping his acts secret; but perhaps he has reasons. If he approved of the resolution of the land board to cut the Salmon tract to the amount stated in the resolution and have the poor, oppressed settlers pay more for half a water right, he certainly is deceiving himself or trying to deceive us. We must admit again that the land board never has given us any encouragement except political verbiage; but can we not admit that the land board that it is the board's duty as guardians of the Carey Act in Idaho, to protect the state's Carey act citizens. Then, if the board or the construction company does not abide by the contract with the state and settlers, it is the duty of the land board to cancel the contract and not compel the settlers to resort to the courts themselves.

The governor says that if the resolution is not accepted by the settlers, his duties cease in the matter to a certain extent. My opinion is that the land board's duties do not cease. He also says that no one has been harmed, and again he is wrong for he himself made a tour of the tract in 1914, and saw that thousands of acres burnt up for the want of water. The land board certainly is friendly

## HUGHES OR BORAH IS CHOICE IN MAINE

Pine Tree State Republicans Will Send Uninstructed Delegation to the Chicago Convention.

PORTLAND, Me.—Maine Republicans will send an uninstructed delegation to the Chicago convention. Careful canvassing of all sections of the state indicates that any attempt to pledge the Pine Tree state delegation to any candidate will be voted down at the state convention here this week. The state convention of Maine Republicans is believed to be for Justice Hughes, with Senator Borah of Idaho as second choice.

Four years ago the state convention of the Pine Tree state decided to instruct its delegates to vote for Roosevelt at the national convention for Roosevelt. But at that time there was no Progressive party and the old-line Republicans were hostile to President Taft because of his stand on the reciprocity question.

To the water company; its actions prove it. But where does the settler come in? Did they think that we would take their resolution to be freely? We do not need a mere friendly mediator but we do need a square deal. Why did the governor appoint a committee to investigate the Carey act project? Does he, or the land board make any use of this investigation or the commissioner's advice? Not in the Salmon-Aliver case at any rate. It is simply a few thousand thrown away.

The governor says further that a prolonged law suit is the worst thing that could happen to the tract. I think that he has been misinformed or is trying to bluff us into accepting the board's proposal. Will our governor come out and explain himself fully. You will note that the land board has already put the proposed compromise before the landholders, but not before the settlers as yet. That is their way of doing business, the company first, last and all the time, as the old saying goes.

Will not our brothers, the working class and the farmers, help us to elect honest and fair state officials next fall. We appeal to the voters of Idaho. We were brought to your beautiful state by misrepresentation made by the officials of the land board when this project was opened. Do we not deserve the protection of a few honest people? We brought our families here to build our homes and increase the wealth of this great state. Come every free-loving honest man and woman and put a shoulder to the wheel and roll our present officials out of office.

## DEFEND UNTAIRIANS.

It is quite within the bounds of possibility that the Untairians are nearly as good Christians as some of those who in their intolerant fury are consigning them to everlasting torment.

The Untairians include in their ranks such men as Thomas Jefferson, John Adams, J. Q. Adams, James Mad-

ison and William H. Taft, all presidents of the United States; Benjamin Franklin, J. W. Longfellow, Alfred Tennyson, Ralph Waldo Emerson and Horace Mann, the father of our public school system. They include such women as Julia Ward Howe, Florence Nightingale, Susan B. Anthony, Dorothea Dix and Sarah Flower Adams, who wrote the hymn "Nearer, My God, to Thee."

"By their fruits ye shall know them. By their fruits ye shall know them." Very respectfully,

## THE RECALL AGITATION REVIVED IN BOISE.

Boise's mayor, a gentleman by the name of Robinson, has been in one perpetual state of hot water since his election because he took the job seriously and has endeavored to enforce the ordinances of that city. He had not progressed far along the route to civic purity before he encountered the active opposition of some of the leading business men of the capital city whose suggestion to put the "soft pedal" on the police department had been ignored. Since that time there has been an open break between a certain element in Boise which includes a number of men of excellent standing, and the mayor's friends.

While we do not attempt to pass upon the merits of the controversy, because we are too far removed from the seat of the disturbance to be familiar with the situation, at this distance, however, it appears that the mayor is in the right; that he has had the backbone to offend certain Boise interests that are lined up with the "open town" element; that the Boise Statesman, which is obviously out to "get" the mayor if it can, is giving a great deal of uncalculated publicity to the activities of the police department, and that the reputable business men in the background blame the mayor and police department because the town is getting some publicity which they believe is undesirable.

Such an uneven row is characteristic of a place that has seen better days and is on the decline, as Boise is, if all reports are to be credited. The "open" element blames the reformers, the "wets" lay it all upon the prohibitionists, the opponents of the Black law insist that the Black law did it, and one political party blames it on the other. Thus it goes.

The position in which mayors sometimes find themselves is not altogether enviable. Mayor Sweeney of Twin Falls has been attacked by local papers because he has refused to make public the information obtained by "imported" detectives, the Twin Falls official taking the position that the conditions uncovered by the sleuths could and would be corrected without any undue publicity. His opponents have been able to advance unpleasant insinuations relative to the thousand dollars paid these outside investigators. The opposite condition exists at Boise, and the mayor there is attacked on what appears to be more of a pretext than a real reason, that his activities are placing the city in a bad light. Thus has any mayor who desires to reduce to the minimum the immorality of his city, an excellent opportunity to lose half of his friends whichever way he moves.

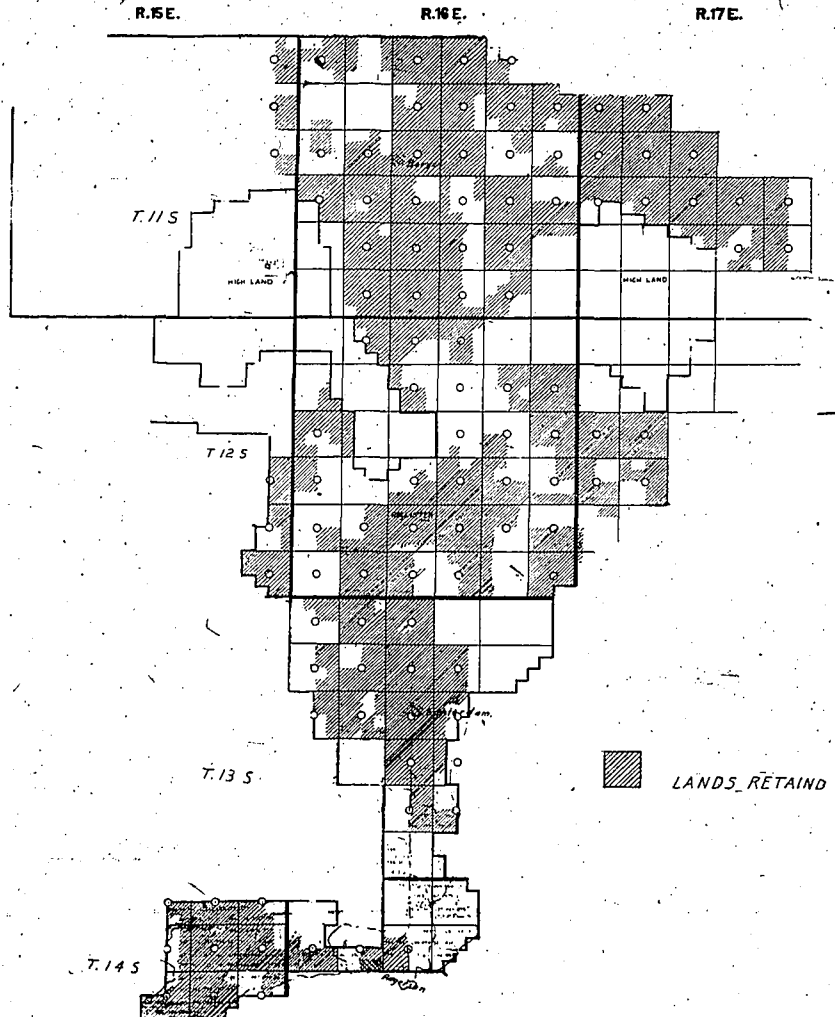

In any event the Boise mayor made one serious mistake, and that was his compromise a few months ago with his opponents when the first recall movement had assumed threatening proportions. If Mayor Robinson was certain that he was combatting the forces of evil he should have reflected that never since the time of Saul has there been found an instance when a compromise availed anything. Whether the mayor's friends will rally to his support in the present situation, when another recall movement is under way, remains to be seen.

## THE PROBATE COURT APPOINTMENT.

The withdrawal of A. R. Hicks, a prominent Twin Falls attorney, and representative from Twin Falls county in the last legislature, leaves a clear field for the appointment of Judge Dan T. Welty of Castleford, to the vacancy in the probate court created by the retirement of Judge Shanks. Attorney Hicks, Mr. Boll of Twin Falls, and Judge Welty are the three men who have been most prominently urged for the appointment (which is in the hands of the county commissioners) although none of these three gentlemen, in so far as we are aware, have lifted a hand to secure the appointment. Mr. Boll, in whose behalf a number of friends circulated petitions, conveyed to the commissioners his wish to be eliminated from consideration in connection with the appointment, and expressed his hope that the commissioners would see fit to appoint Mr. Welty. Wednesday afternoon Mr. Hicks, whom it was known the commissioner, were seriously considering for the place, announced his withdrawal, thus virtually deciding Judge Shank's successor.

Alice Dear:

"Now that I have had my picture taken just to please my dear daughter, I'm anxious for your letter to come so that I may know your choice of profits."

You should see the beautiful new folders at **The Biebee Studio**. I was there today and Mrs. Biebee took me down into the basement where the stock is kept. There are 55 running feet of closed cabinets, all seven feet high and with wide, white shelves—what a quantity of photographic material they do contain!

"Here are 25 feet of new cabinets which we have just had built in," Mrs. Biebee said, "for we found last Christmas that we must never try to get through another holiday time without more room for stock. We are a bit proud of our reputation for using more material than any other studio in a small town in this territory."

She opened door after door of the cabinets and it was interesting to me to see the piles of plates and emulsion paper, all double-boxed and securely sealed from the light. "There are 10 cases of plates here, enough for almost 2500 negatives of large size," Mrs. Biebee explained. "By the first of August we will be sending for more. And here are 60 gross of portrait paper, enough for over 700 dozen photographs. These are the new spring folders; our order for the spring is almost 50 per cent larger than our order last fall in quantity—nearly 8000 of them; aren't they beautiful?"

Beauties they are indeed, and I've ordered one of the prettiest styles, Alice, for my own photograph which you will see presently. But send back the proofs, Dear; you're really delaying me. Now that I've had the pictures taken, I am eager to see how they will look when finished.

With love,

## The Theatres

"THE SINS OF THE MOTHERS."

THIS FRIDAY AND SATURDAY "The Sins of the Mothers," a drama in five parts, and the winner of first prize in the New York Sun scenario contest, is the main attraction at the Isis theatre this week. Featuring Anita Stewart and Earle Williams, the popular Isis stars, who are capably supported by an excellent cast, this picture, dealing as it does with the cause of heredity, is well acted and holds the interest up to the last. The play was written by Elaine Sterne, and produced by Ralph W. Ince, and shows an unfortunate father, who, unable to stand the social affairs of his wife and her life in a business venture, commits suicide. The card-loving wife refuses to give up her social activities and goes from bad to worse. Her daughter (Anita Stewart) soon begins to long for the card table and for the excitement to be had from betting, this last taking all her money and causing her to pawn a very valuable necklace given her by her husband (Earle Williams). The rest is easily imagined. The careful handling of the several parts by a splendid cast contributes all that could be desired in the way of an interesting motion picture story.

FUNNY FATTY TRIES TO BE A DIGNIFIED PHYSICIAN

In the latest Tringale-Keystone release "He Did and He Didn't," at the Ostrander Thursday, Friday and Saturday, Roscoe Arbuckle, Mabel Normand, William Jefferson and Al St. John are happily associated in an exciting and amusing comedy drama. Roscoe Arbuckle as the well-to-do physician and husband of Mabel Normand, is given a chance to display his ability as an actor in straight parts. Miss Normand's talents as a comedienne are again brought forth in an entirely different atmosphere, and she carries the tragedy scenes of the play with the dignity and finish of a Bernhardt.

William Jefferson is cast as the old schoolmate of the wife. This is his first appearance as a comedian under the Keystone banner, and the way he handles revolvers, burglars, falls, etc., would lead one to believe that he had received several years' schooling in the famous temple of comedy. Al St. John, the bounding boy with the company, is seen as a burglar and creates howls of laughter as he is seen skating down the banister of a stairway, whirling madly around on an electric chandelier or leaping and diving over and under every obstacle he meets in the way of funny, plans.

windows and even a seven-drawer buffet cupboard.

The play was directed by Mr. Arbuckle, with the able assistance of Ferris Hartman, who spent a quarter of a century on the burlesque and musical comedy stage.

## THE ROYAL GWENT

WELSH MALE SINGERS

PERMIT us to call the attention of all lovers of music in Twin Falls County to the above treat in store for us at the Lavington theatre on Tuesday night, the 28th of March. There are fourteen in the party, and we can say without any hesitation that we have never heard anything like them in this city. If we are not mistaken, this is the fourth tour made through the states and Canada. We have heard them and are personally acquainted with some of the members of the choir. When returning to Wales at the end of their engagements on the second tour, they sailed on the Lusitania and two or three of the party as well as the leader lost their lives in that terrible disaster that befell that magnificent boat. We are personally acquainted with the present leader, who is considered one of the champion choir leaders in the principality, and we are no reason why the Lavington should not be packed up to its limits, for the reason that the charges are low enough for such a high-class concert. If the tickets were sold at three times what the committee ask for them, the treat would be well worth the money.

We are putting this letter of recommendation in the press of our own accord, simply because we do not want Twin Falls to let the opportunity pass without getting a chance to hear the Royal Gwent male voice choir. They have traveled about 7000 miles from Wales to Twin Falls, and the committee deserves our support for the enterprise. We predict that should they come to Twin Falls a second time they could get a full house even for three or four concerts. They are known the world over.

## Special Purchase Sales New Spring Silks

At \$1.50 Per Yard

A large assortment of broken bolts of very high grade 36-inch silks offered at sensationally low prices. Sale begins Saturday, March 25 and will last but a few days.

These most beautiful spring silks in the late stripes and plaids were purchased from a wholesaler at a remarkable price. It was a shipment which was split between ourselves and Meyer & Frank of Portland. Every yard perfect and reveals the season's finest patterns and colors. We are very proud to offer such qualities at this price, and especially at this time, when all silks are becoming so scarce and high in price. All 36 inches wide.

You will find in these silks the season's best colors and patterns. Our price of \$1.50 is considerably less than their retail worth.

COME EARLY AND GET BEST CHOICE.

OUR REPUTATION ON SILKS IS BEH AND THESE.

## Pongee Special

IMPORTED PONGEE, 36 INCHES WIDE, 75c YARD

This is a good weight perfect pongee, all pure silk, received this week direct from China, and compares favorably with \$1.50 grades of imported silk. We bought it a long time ago, before the raise, for a special 75c sale and are not going to take advantage of the raise in price.

## Ladies' Suits at \$20-\$25

A splendid lot of garments in all the very latest styles are offered at savings of \$2.50 to \$7.50. The two lots include silk suits and new cloth models.

LOT 1—\$20.00. Through a special purchase we were able to obtain some handsome new silk suits of taffeta and serge combinations that are remarkably pretty. Instead of adding the saving to our own profit, we turn it over to you in the form of this exceptionally low price of \$20.00.

In this lot will also be found some exceptionally pretty cloth suits in the latest modes.

LOT 2—\$25.00. These come in all silk and in all cloth, and some of the prettiest suits of the season.

By virtue of the fact that these suits are perfectly made in latest styles, they may well be called the greatest saving opportunity in new suits of this season.

## 33-INCH TUB SILKS, \$1.50 YARD

In white and the pongee shades with stripes of different colors. Make just the daintiest wash waists. We have other tub silks as low as 35c yard.

## 36-INCH MARQUINETTE, 50c YARD

This fabric is very pretty with a beautiful sheen. Of silk one way and cotton warp. Very beautiful. Comes in light green, pink, light blue and old blue.

## New Taffeta Dresses

We've been waiting long for these. Many have been waiting for us. Come at the earliest opportunity and see these really clever little street dresses so reasonable in price.

## New Arrivals in Coats

\$12.50 to \$25

Fashion's latest from the world's largest markets. New coats sent out to us this week from one of the greatest manufacturers to sell from \$12.50 to \$25.00.

If you've waited, don't wait longer. Get in while the good things are here.

## ARBOR DAY IS SET FOR FRIDAY, APRIL 14

Suggestion Made That It Be Combined  
With Rural Life Day and Observed  
By All the People.

Conforming to the proclamation issued Saturday by Governor Alexander, County Superintendent Bertha Davis issued a proclamation setting Friday, April 14, to be observed as Arbor Day. The state superintendent has suggested that the people observe Rural Life Day on the same occasion, with services appropriate to both. The proclamation of Governor Alexander reads as follows: "Whereas, in order to call special attention to its importance and to add greater assurance to its due observance, it has become customary for the governor of the state to issue his proclamation urging that one day in each year be set aside in the public schools and other educational institutions of the state, to be known as Arbor Day. Therefore, I, M. Alexander, governor of the state of Idaho, do set aside and proclaim as Arbor Day, in each of the several counties of the state, that day which the superintendent of public instruction of each of said counties

of the state of Idaho may determine best suited to the requirements of climatic or other conditions for the better promotion of a due regard for the care and cultivation of trees, shrubs and ornamental plants, and I do call upon the citizens, school authorities, children and parents of each such county to observe such designated day planting some tree or ornamental shrub as well as to assemble to participate in instructive and entertaining public exercises in the school and encourage their propagation and protection.

"Done at Boise, the capital of the state of Idaho, this 16th day of March, 1916. M. ALEXANDER, Governor."

GEORGE R. BARKER, Secretary of State.

### HIGH SCHOOL NOTES.

#### "Times" Special Correspondence.

Wednesday morning the debate team which was to speak at Pocatello made their speeches in assembly before the students. The speeches were well rendered and met with the approval of the student body.

The home declaratory contest was held in the high school auditorium last Wednesday night, before a large audience. The program was as follows:

Oratorical Class—Theodore Bowen, "South Carolina"; James Harvey, "Crucifixion of Christ"; Raymond Butler, "Vision of War"; Theodore Bowen was awarded first place in the class.

Honorable—Henry Fox, Marjorie Son, Michael Thometz. Michael Thometz was awarded first place.

Dramatic Class—Mildred Conway, "Hagar"; Raymond Butler, "Cubley Shafroff"; Gladys Dwight, "Adaptation From the Blue and White." Mildred Conway was awarded first place and also chosen to represent the school in the state contest to be held here on April 23.

Miss Chapman has been giving a number of talks to the girls during the noon recess.

### ASKS THAT OLD SERVEYS ALONG RIVER BE NOT DISTURBED

Congressman Addison T. Smith has taken up with the commissioner of the general land office, at the request of settlers on both sides of the Snake River, between Twin Falls and Clear Lake, the resurvey which was made last summer, with the view of having the rights of the settlers protected where the resurvey shows any material change in the corner. Mr. Smith contends that settlers who have been on their land for years, and have received patents under the old survey, should not be disturbed. The commissioner has taken the matter under consideration, and has directed that the complaints of settlers be assembled and the whole matter given the most careful consideration when the return from the survey are received at the general land office. Congressman Smith has recommended that Surveyor General Uter at Boise or the supervisor of surveys be directed by the commissioner to visit the section and confer with the settler and ascertain by personal examination the complaints and the changes which the new survey shows. The new survey and the commissioner will probably take this action.

## SUGAR PRICES GO TOWARD THE MOON

Rise of More Than a Dollar in Two  
Months Reported by Wholesaler—  
Due to Lack of Transportation.

Sugar prices have gone up \$1.15 a hundred pounds since January 22 and are now from \$7.50 a sack for best sugar to \$8.65 a sack for cane, jobbers' prices," said Manager Kinney of the Kinney Wholesale Grocery company here. "This condition," he continued, "is due to lack of transportation facilities to haul the sugar from foreign countries to the United States. A strike in some of the refineries some time ago had something to do with it, but lack of transportation is the principal cause. There is a slight rise in some other articles, but it is scarcely appreciable."

The rise in sugar prices is creating much interest and speculation in parts of the country, and production of a price of \$9 a sack are freely made.

### TWO MAD COYOTES

AT ROSEWORTH

That the rabid coyote race is not a trifling thing in the Roseworth country, this makes two weeks ago. It was evidenced by the statement of Fred Hartwell who was in Buhl Wednesday, says the Buhl Herald. He said that two mad coyotes had been killed on the Hartwell ranch during the past week. Each, however, had bitten several dogs before they could be shot.

One of them put in its appearance among a band of sheep that was being watched by Ben Segura, a herder, and his dog encountered the rabid coyote and kept it from attacking the sheep. The Segura dog was bitten, and the coyote then ran to the Charles Hartwell ranch where he bit four sheep before the animal was finally killed.

The following morning, last Friday, another mad coyote visited a camp about two miles from the Charles Hartwell place and it bit three dogs before it was brought to the ground with a bullet. It is not known if there were other dogs bitten in the neighborhood or not, and there may have been some of the livestock encountered by the rabid animal.

### DR. CHALFANT EXTENDS THANKS FOR CO-OPERATION OF PAPERS

Dr. Charles L. Chalfant, superintendent of the Children's Home Finding Aid Society of Idaho, in a letter addressed to the editors of the leading Idaho papers this week, after extending thanks for the co-operation, takes a few lines to state the amount of work done by the organization and to make a statement of the source of its funds. In this connection he says: "Over two thousand little ones have been cared for by this society during the seven years since its incorporation by the state of Idaho. The support of its work comes from three sources. Of every three dollars expended in this charity, one dollar comes from the state by special legislative appropriation. The other two dollars come from individuals, churches, schools, societies, women's clubs, lodges, etc., throughout the state."

"I feel that the work commending the hearty support of the public is due to you and your paper, and to the people of your community."

## Who Should Be the Next Governor of Idaho and Why?

The Result of Our Contest—The Judgement of Our  
Readers and a Poll of the Press

### THE WINNING ARTICLE

(By W. M. Jackson, Tabor, Idaho.)

"Has Faithfully Kept His Campaign Pledges."

I believe Governor Alexander should be re-elected. This belief does not come from any party consideration, but because I think he has given us an honest, efficient, and economical administration. I see much to admire both in the man and in his works. He does not temporize; you find him squarely on one side of the fence. He used his power of veto impartially during the last legislative session, in an effort to reduce state expenses.

The liquor question, over which so many politicians stumble, found him with mind made up, ready to fearlessly express his views. He has faithfully kept his campaign pledges; no scandals and no exposures have marred his term of office. Although foreign born he has proven his loyalty to the flag by unqualified support of the government in a time full of gravity and peril to the nation.

His past record is enviable in private life, in a business way, and as a public official. Moses Alexander stands as a high type of the American man and citizen. As such he merits the continued support of the people of Idaho.

Feeling of sentiment in support of the candidacy of any man, so far as the Republican editors of the state are concerned, it is rumored that the leaders in the north will get together, eliminate all aspirants but one in the Republican primaries, and stand solidly behind him. At the present time at least two candidates are in the field from southern Idaho, and it is expected that one more will enter, and the northern candidate will then carry off the bacon. Just how this will work out remains to be seen.

part of the state, and all, with the exception of the "Miner" strong Democratic papers.

D. W. Davis of American Falls, was favored by "Star" (Right), "The Record" (Nampa), "Republican" (Blackfoot), "Times" (Rockland), and the "Press" (American Falls), all papers classed as Republican, and located in the south.

Captain E. G. Davis of Boise, has the support of the "Times" (Halley), with D. W. Davis as second choice in the north; the "Enterprise" (Malad), and the "Courier" (Star), whose editor advises us that this decision is not final on his part, and whose decision was influenced by the fact that Captain Davis was the only avowed candidate at the time he expressed his opinion. All of the rest of the papers are in the north.

E. H. Dewey has the support of the "News" (St. Anthony), and the "Leader-Herald" (Nampa), both Republican papers located in the north.

Two of our newspaper cards were returned urging the candidacy of Ex-Governor Hawley, one postmarked at Idaho City and the other mailed on the train, but neither having any signature attached.

The St. Maries "Gazette" favors the candidacy of Charles L. Holtman of Rathdrum, the New Meadows Eagle would like to see L. I. Purcell of Weiser seated in the gubernatorial chair, and the "Review" at Sandpoint is positive that Herman H. Taylor is the man.

It will be noted that the great dairymen and molders of public opinion in the state, such as the "Capital News" and "Statesman" of Boise, the "Tribune" of Pocatello, the "Tribune" of Lewiston, the "Star-Mirror" of Moscow, the Wallace Press-Times and the Idaho Falls Post have not seen fit to indicate their position, and of the papers in the state classed as Democratic, only six are outspoken in their support of Governor Alexander for re-election.

The result of the poll of the press indicates that there has been no coalition of the state, and all, with the exception of the "Miner" strong Democratic papers.

more than one-half, were cast for D. W. Davis of American Falls; Governor Alexander had 146; Captain E. C. Davis 15; E. H. Dewey 30; ex-Governor John M. Haines, 56; G. H. Martin, Progressive candidate for governor in 1912, had 15; H. E. McElroy of Boise, (Progressive candidate for governor 1914), had 25, and the remainder were scattered, being about evenly divided between various Socialist, Democratic, Republican and Progressive leaders.

In judging this result, it must not be forgotten that the circulation of THE GEM STATE RURAL is much larger in the southern portion of the state than in the Panhandle, and that a vast majority of the coupons received came from the south. Of the votes cast for Governor Alexander, none were from subscribers north of Adams county; 275 of the 360 votes came from N. W. Davis came from the town of Adams, and the remainder came from northern Idaho points, mostly from two towns in Latah county, the balance of his support being in the southern portion of the state; the support for Captain E. G. Davis came entirely from the southern portion of the state, as did the thirty votes for E. H. Dewey of Nampa, which were all from his home county of Canyon; ex-Governor Haines' following is entirely in the south, and mostly in the city of Boise, judging by the coupons; Mr. Martin's votes came from Canyon and Ada counties, and the 25 for Mr. McElroy were scattered over the state, with none from the north; the scattering 40 votes were for everyone from everywhere, with Geo. Crum of Lewiston, Hermann H. Taylor of Sandpoint, Charles Holtman of Rathdrum, D. L. Hubbard of Kuna, James H. Hawley of Boise, State Senator Bowman of Adams county (Socialist) about evenly dividing the non-voters.

WELLS, Nev.—Stanley Wines, who is driving the Wells-Hubby stage between this place and Las Vegas, reports a rather exciting experience a few days ago. While driving slowly along the heavy road his attention was called to the actions of a steer that was behaving in a very strange manner. When the animal noticed the stage it made directly for the outfit and, despite efforts of the driver, urged his team out of reach, the steer overtook the stage and spent some time making attacks upon and hooking the wagon. Strange to relate, however, the mad animal did not attack the horses, and after a short time Mr. Wines succeeded in eluding the steer no damage being done. Mr. Wines states that he does not wish to repeat the experience. He was unarmed and the horses attached to the stage would have been at the mercy of the animal had it attacked them. Mr. Wines states that he is satisfied that the animal was mad.—Wells Herald.

the three met together and made the award. The winning article, together with many other of the other communications, are printed in connection with this.

The 15 articles supporting Governor Alexander for re-election were contributed from eight of the southern counties of the state. Inasmuch as many of the articles are printed in connection, and speak for themselves, no extended review will be given. Much emphasis is placed upon the saving of state expenses alleged to have been made by the governor, and upon his record generally.

Four articles favored the candidacy of Captain E. G. Davis. He is supported in an able article submitted by Thos. T. Keel of Coeur d'Alene, Kootenai county, and in two others of contributions made by citizens of Oneida county, where the captain was born.

Both of the articles urging E. H. Dewey of Nampa, came from his home town.

Ex-Governor Haines is the choice of four of our readers, three of them writing from Ada county, and one from Caldwell, (Canyon county).

Frank S. Lint of Lewiston, advances the arguments in favor of his fellow townsman, George Crum, in an able article.

Ex-Governor Hawley and Ed Dewey divide honors in an article from Homedale, opposing the re-election of Governor Alexander. Two other subscribers urge the former governor as the best man for the job.

From Eden, in Minidoka county, comes an article chiding on D. L. Hubbard of Kuna, to enter the race. Mr. Hubbard is well and favorably known among the readers of THE GEM STATE RURAL, having been a frequent contributor to our columns.

WELLS, Nev.—Stanley Wines, who is driving the Wells-Hubby stage between this place and Las Vegas, reports a rather exciting experience a few days ago. While driving slowly along the heavy road his attention was called to the actions of a steer that was behaving in a very strange manner. When the animal noticed the stage it made directly for the outfit and, despite efforts of the driver, urged his team out of reach, the steer overtook the stage and spent some time making attacks upon and hooking the wagon. Strange to relate, however, the mad animal did not attack the horses, and after a short time Mr. Wines succeeded in eluding the steer no damage being done. Mr. Wines states that he does not wish to repeat the experience. He was unarmed and the horses attached to the stage would have been at the mercy of the animal had it attacked them. Mr. Wines states that he is satisfied that the animal was mad.—Wells Herald.

VETERAN AND PIONEER DEAD  
George Henry Roszell, a veteran of the civil war, and a Twin Falls tract pioneer, died Friday night at the home of his daughter, Mrs. H. A. Swab, near this city, and was buried Sunday afternoon from the Crosby chapel, the funeral services being conducted under the auspices of the G. A. R., by Rev. C. L. Bent and Rev. S. S. Neher. A firing squad of Company D, I. N. G., accompanied the funeral and fired the last salute at the grave. Mr. Roszell was born in Indiana on December 16, 1841. When the civil war broke out he enlisted in the Fifth Indiana cavalry and, captured by the Confederates, spent several months in Andersonville prison. He was with Sherman in his famous march to the sea. In 1865, he married Susan McKenzia, who with four children survived him. He came to Twin Falls about 10 years ago and saw this city grow from a village in the scrubbrush. Mr. Roszell has for many years been a devout member of the Methodist church. His children are: Sherman E. Roszell and Mrs. J. A. Swab of Twin Falls, and Mesdames C. W. Young and Jacob Bowers of Fruitland, Idaho.

struct the work and the load which is intended to be used at each outlet in connection with such installation or construction. (2) A description of the material which shall apply and be used in connection with such installation or construction. (3) The name of the owner, description and street address of the building and the place in which the installation or construction is to be made or carried on.

Section 6. Before any person or corporation, firm or corporation, shall engage in the electrical contracting business within the limits of said City of Twin Falls, he or it shall be required to take out a license fee of Twenty-five (\$25.00) Dollars per year.

Section 6. Upon the completion of the installation of any electrical wiring, apparatus or work in any building within the limits of the City of Twin Falls it shall be the duty of the electrical inspector to write the electrical inspector that the same is ready for his inspection. The electrical inspector shall within 24 hours make a complete inspection of the same and shall apply to the same such tests as he shall deem best, and if the same pass such inspection he shall post a notice to that effect; but should he find same in an improper or unsafe and dangerous condition, or does not comply with the requirements of the rules and regulations provided by ordinance, he shall refuse to issue and post his inspection notice for same, and shall have the same made as shall be necessary to make the same comply with the provisions of this ordinance.

Section 7. Any person, persons, firm or corporation who shall be notified by the electrical inspector to make changes in the said installation, so that the same shall comply with the provisions of Section 3 of this ordinance shall forthwith and within three days, unless the electrical inspector shall have shown his dissent in writing to a longer period of time, make all changes necessary for the said wiring and apparatus to comply with the rules and regulations provided by ordinance.

Section 8. Every person, persons, firm or corporation who has received a permit from the City Inspector to install, construct or repair any electrical wiring, machinery, apparatus, appliance, matter or thing in or on any electrical work within the limits of the City of Twin Falls, shall post a card at the meter or panel box stating the name of the person, persons, firm or corporation doing the work, and shall keep such card posted during the continuance of such installation, construction or repair.

Section 9. For the purpose of inspection of any electrical work, the City Inspector shall cause any obstruction, such as plaster, masonry or things which may interfere with such inspection to be removed at the cost of the person causing such obstruction, and no person shall interfere or prevent said inspector from removing any obstruction, matter or thing which may interfere with or prevent his making a thorough inspection of any electrical work.

Section 10. No person, persons, firm or corporation shall conceal any electrical wiring or apparatus mentioned in this ordinance except with the express permission of the electrical inspector and the electrical inspector is hereby authorized and directed to remove any wiring, lath or plaster, sheet metal or other material which may conceal any electrical wiring or apparatus contrary to the provisions of this ordinance at the cost of the person causing such concealment.

Section 11. No person, persons, firm or corporation engaged in the business of furnishing electricity for lighting, power, heating, or other purposes shall connect up or permit to be connected up to its lines any electrical wiring, device, machinery, apparatus, appliance, matter or thing unless it has been inspected by the electrical inspector and the electrical inspector has been posted as provided in Section 6 of this ordinance.

Section 12. The electrical inspector shall charge a fee as follows:  
Lighting from 1 outlet to 5 outlets, \$1.00.  
5 outlets to 10 outlets, \$1.50.  
Each outlet over 10 and up to 20, 10 cents each.  
Each outlet over 20 and up to 40, 8 cents each.  
Each outlet over 40 and up to 60, 7 cents each.  
Each outlet over 60 and up to 100, 6 cents each.  
All over 100, 5 cents each.

**Cooking.**  
All cooking or heating apparatus of 100 watts capacity or under, all to be included in one installation, 50 cents.  
All other installations of 1000 watts capacity or over, all to be included in one installation, \$1.50.

**Air Lamps.**  
All air each up to 10 watts.  
**Air Heaters.**  
Of 2500 watts capacity, \$1.00.  
From 2500 watts to 5000 watts capacity, \$1.50.

**TRANSFORMERS.** Located inside of buildings, any capacity, \$2.00.  
All underground service, \$1.00 each.  
No inspection to be less than 50 cents.

Section 13. For inspection of electrical apparatus or wiring for which no fee is herein prescribed the City Inspector shall charge and the owner thereof shall pay at the rate of \$1.00 per hour for the time so occupied.

All signs of 500 watts or under, \$1.00 each.  
From 500 watts to 2000 watts, \$2.50 each.  
All over 2000 watts, \$3.00 each.

Section 14. The electrical inspector shall have the authority and it is hereby made his duty to enter in and upon any premises within the limits of the City of Twin Falls at reasonable hours and change and inspect any and all electrical wiring and apparatus installed in said premises with such frequency as he shall deem necessary to take care to cause the said electrical wiring and apparatus as is installed is in a defective or dangerous manner, he shall notify the owner or occupant or agent of owner of the said premises to remedy the said defect or remove the said danger and said owner shall thereupon and within three days thereafter remedy the said defect or remove said danger in accordance with the orders and to the satisfaction of the said electrical inspector. And within 24 hours of the failure or refusal to remedy such defects or remove such danger within three days then the electrical inspector may disconnect all service from such electrical wiring or apparatus. Any person failing to comply with the directions of the said inspector or who shall violate any of the requirements of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine in any sum not exceeding one hundred dollars.

Section 15. All wiring within the fire limits shall be placed in conduit. All outside any existing any building shall be free from all signs, awnings, water drains or piping and at least six feet from any fire escape.

Section 16. Nothing contained in this ordinance shall be deemed or construed to relieve any person owning, operating, constructing or installing any electrical work from any liability for damages to any person injured by the construction, installation or operation of the same, nor shall the City be deemed to have assumed any liability by reason of the inspection herebefore authorized, or by any failure of the electrical inspector to make such inspection.

Passed by the City Council this 20th day of March, A. D. 1916.  
Approved by the Mayor this 20th day of March, A. D. 1916.

**ORDINANCE NO. 178.**  
An Ordinance providing for the appointment of an Electrical Inspector in the City of Twin Falls, defining his duties, regulating the construction, installation, repair and maintenance of all electrical wiring, machinery, apparatus, appliances, matters or things in or to be placed in or about any building within the City of Twin Falls and fixing the fees to be charged by said inspector for his inspection, supervision and control of such work.

Be it ordained by the Mayor and City Council of the City of Twin Falls, Idaho:

Section 1. That the Mayor of said City shall nominate and the City Council shall appoint an electrical inspector for said City, whose duty it shall be to faithfully supervise and inspect all electrical wiring, machinery, appliances, matters or things in or to be placed in any building in the City of Twin Falls and fix the fees to be charged by this ordinance concerning same as provided in this ordinance.

Section 2. The term of office of the electrical inspector shall be for two years, or until his successor shall be appointed and qualify, but at any time such inspector proves unsuited to the office, or incompetent or dishonest, he may be removed by the Mayor of the City, and the Mayor with the consent of the Council shall appoint some suitable person to fill the vacancy.

Section 3. All electrical wiring, machinery, apparatus, appliances, matters or things of every kind and nature hereafter installed, constructed, repaired or maintained in any building within the limits of the City of Twin Falls shall be done under the inspection and supervision of the said electrical inspector, and in accordance with the rules and regulations provided by ordinance of said City.

Section 4. Before any person or persons, firm or corporation shall install, construct or connect any electrical wiring, machinery, apparatus, appliance, matter or thing in or about any building within the said City to a power line, they or it shall make application in writing for a permit therefor to the said inspector, which application shall be filed with said inspector at his office between the hours of 8:00 a. m. and 5:00 p. m. on any week day except holidays. Such application shall be accompanied by a plan and specification which shall show (1) the purpose for which the applicant desires to install or con-

## AUSTRIAN FORCES RETIRE BEFORE RUSSIANS

Lepnan Invested by Russian Armies.  
Austrians Retreat to Avoid Capture by Soldiers of the East.

LONDON.—Austrian forces, operating northwest of Uclesco, on the Danube river, near the Bukovina border, were forced by the pressure of the Russians to evacuate the bridgehead fortifications and to abandon their transports. Under cover of night they succeeded in reaching the Austrian posts northwest of Zale Szeczy, north of Czernowitz, according to the Austrian official statement issued today.

The official statement pays a tribute of admiration to the bravery of the Austrian troops, who gave way only on account of the superior strength of the Russian attacking forces. It adds that the only means left to the Austrians was to make a dash to break through the Russian positions at Uclesco and this they did with complete success.

The statement follows: "After six months of brave defense, the bridge fortifications northwest of Uclesco collapsed on Sunday evening, and we evacuated. Although the Russians succeeded in the morning in causing by means of explosions a breach of 300 meters wide, the garrison, which was attacked by seven eight-fold superior, held out several hours longer, notwithstanding all losses in the face of the most violent artillery and infantry fire. It was not until 5 o'clock in the afternoon that the commanding officer, Col. Pflanzek, determined to evacuate the destroyed fortifications.

"Smaller detachments and the wounded men reached the south bank of the Danube in boats. Soon, however, it was necessary to abandon the transports under the concentric fire of the enemy. There remained for our brave troops, composed of Emperor's dragoons and hussars, only one way to escape capture. They were under the necessity of cutting a way through Uclesco, which was strongly occupied by the enemy, to our troops stationed on the heights north of Zale Szeczy.

The march directly through the enemy's position succeeded. Under cover of the night, Col. Pflanzek led his heroic troops to our advanced positions northwest of Zale Szeczy, where he arrived early Monday morning.

"The battles for the bridge fortifications at Uclesco will remain for all time a glorious page in the annals of our army."

Filed action in the recorder's office of Twin Falls county, state of Idaho, covering the following described property: Lot 20, in block 88, in the city of Twin Falls, state of Idaho; said mechanic's lien being for the sum of \$223.80, with interest thereon from July 1st, 1915, at 10 per cent per annum; for \$15.00 attorney's fees and costs of this action, including \$2.50 paid for verifying and filing said lien. And you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint, a copy of which is hereto attached and herewith served upon you.

Witness my hand and the seal of said district court, this 14th day of March, A. D. 1916.

An Ordinance creating the office of City Employment Agent, providing for his appointment, fixing his remuneration and defining his duties.

Be it ordained by the Mayor and Council of the City of Twin Falls, Idaho:

Section 1. That there is hereby created the office of City Employment Agent, who shall, by and with the consent of the Council, be appointed by the Mayor, and whose remuneration shall be the sum of Twenty-five (\$25) Dollars per month.

Section 2. The City Employment Agent shall perform all the duties required by law of a City Employment Agent, and shall obtain the required records, keep and maintain the same, and at all times all proper witnesses of bringing to the notice of the public the work desired, collect the fees named by law, and in all ways as now required by law or as may hereafter be required by the City Council, conduct such office in the way most likely to achieve the results desired, namely: The finding of places for those who desire work and the finding of workmen for those who desire work done.

Section 3. It shall be the duty of each person registering his or her name, or of any corporation or association registering its name, with the City Employment Agent, to promptly notify such agent when they have found work, or when they have found persons to work for them as the case may be, and to pay to the City Employment Agent the fee fixed by law for such service, to-wit: Fifty (50) Cents for each such service performed within the City of Twin Falls, Idaho; the sum of One (1) Dollar for each such service rendered without the City of Twin Falls, Idaho.

Passed by the Council this 20th day of March, 1916.

Approved by the Mayor this 20th day of March, 1916.

E. M. SWEETLEY, Mayor.

Attest: HESESE M. WILLIAMS, Clerk.

## GERMANS CAPTURE FRENCH POSITIONS

2500 Prisoners Claimed to Have Been Taken in Latest German Official Statement.

BERLIN.—French positions northeast of Avocourt were captured by the Germans, who took 2500 prisoners, the war office announced today. The text of today's official statement follows:

West of the Meuse, Bavarian regiments and battalions of Württemberg landwehr, after careful preparations, stormed the entire strongly fortified French positions in and near the forest northeast of Avocourt. In addition to considerable sanguinary losses, the enemy has so far incurred losses amounting to 32 officers including two in command of regiments, and more than 2500 men in unrounded prisoners, and much war material, the amount of which has not yet been ascertained.

"Counter attacks attempted by the enemy did not bring him any advantage, but on the contrary inflicted further serious losses upon him.

"East of the Meuse the situation is unchanged.

Eastern theatre: The Russians are extending their attacks on the uttermost wing south of Riga and on the Dvina front and west of Jacobstadt. They were repelled with sanguinary losses. Strong enemy reconnoitering detachments advancing against the German front northwest of Postavy and between Lakes Naroch and Wiaznew, delivered especially strong and fruitless attacks throughout the day and night. The losses of the enemy were proportionate to the number of troops employed.

"A far protruding, narrow salient of our front due south of Lake Naroch has been withdrawn. A few hundred meters toward the heights of Blanki to avoid the enemy's encircling fire.

"Balkan theatre: Apart from unimportant patrol actions in the lines of the Anglo-French front, the situation is unchanged."
