German Note Couched In Strong
Terms—Takes Firm Stand

INSISTS THAT IT ENFORCE EN-
LAND TO OBEY LAW.

Reserves Right To Change Decision If
England Continues To Interfere
With Neutral Commerce.

BERLIN.—Following is the text of the note of the German government, in reply to the American note respecting submarine warfare, delivered on Thursday, by Gottlieb von Jagow, the foreign secretary, to Ambassador Gerard.

"The undersigned, on behalf of the imperial government, has the honor to present to his excellency, the ambassador of the United States, Mr. James W. Gerard, the following reply to the note of April 29, regarding the conduct of German submarine warfare.

"The German government has handed over to the proper naval authorities for early investigation the evidence concerning the Sussex as communicated by the government of the United States. Judging by the results that the investigation has hitherto yielded, the German government is alive to the possibility that the ship mentioned in the note of April 10 as having been torpedoed by a German submarine is actually identical with the Sussex.

"The German government begs to reserve further communication on the matter until certain points are ascertained, which are of decisive importance for establishing the facts of the case. Should it turn out that the commander was wrong in assuming the vessel to be a man of war, the German government will not fail to draw the consequence resulting therefrom.

"In connection with the case of the Sussex the government of the United States made a series of statements, the gist of which is the assertion that the incident is to be considered but one instance of a deliberate method of indiscriminate destruction of vessels of all sorts, international and non-combatants, by German submarine commanders.

"The German government must emphatically repudiate the assertion. The German government, however, thinks it of little avail to enter into details in the present stage of affairs, more particularly as the government of the United States omitted to substantiate the assertion by reference to concrete facts.

"The German government will only state that it has imposed far-reaching restraints upon the use of the submarine weapon, solely in consideration of neutral interests, in spite of the fact that these restrictions are necessary of advantage to the submarine forces. No such consideration has ever been shown neutrals by Great Britain and her allies.

"The German submarine force have had, in fact, orders to conduct the submarine warfare in accordance with the general principles of visit and search and the destruction of merchant vessels recognized by international law, the sole exception being

the conduct of warfare against enemy trade carried on enemy freight ships encountered in the war zone surrounding Great Britain. With regard to these, no assurances have ever been given to the government of the United States. No such assurances are contained in the declaration of Feb. 8, 1915.

"The German government can not admit any doubt that these orders were given and are executed in good faith. Errors actually occurred. They can, in no kind of warfare, be avoided altogether. Allowances must be made for the conduct of naval warfare against an enemy resorting to all kinds of ruses, whether permissible or illicit.

"But apart from the possibility of errors, naval warfare just like warfare in land, implies unavoidable dangers for neutral persons and goods entering the fighting zone. Even in cases where the naval action is confined to ordinary forms of cruiser warfare, neutral persons and goods repeatedly come to grief.

"The German government has repeatedly and explicitly pointed out the dangers from mines that have led to the loss of neutral ships.

"The German government has made several proposals to the government of the United States in order to reduce to a minimum, for American travelers and goods the inherent dangers of naval warfare. Unfortunately, the government of the United States declined not to accept the proposals. Had it accepted the government of the United States would have been instrumental in preventing the greater part of the accidents that the American citizens have met with in the meantime.

"The German government still stands by its offer to come to an agreement along these lines. As the German government repeatedly declared, it can not dispense with the use of the submarine weapon in the conduct of warfare against enemy trade. The German government, however, has now decided to make a further concession, adapting methods of submarine war to the interests of neutrals.

"In reaching this decision the German government is actuated by considerations which are above the level of the disputed question.

"The German government attaches no less importance to the sacred principles of humanity than the government of the United States. It again fully takes into account that both governments for many years co-operated in developing international law, conformity with these principles, the ultimate object of which has always been to confine warfare on sea and land to armed forces of belligerents and safeguard as far as possible non-combatants against the horrors of war. But although these considerations are of great weight, they alone would not under present circumstances have determined the attitude of the German government. For, in answer to the question put by the government of the United States, on behalf of the sacred principles of humanity and international law, the German government cannot but repeat once more, with all emphasis, that it was not the German, but the British government which ignored all accepted rules of international law and extended this terrible war to the lives and property of non-combatants, having no regard whatever for the interests and rights of neutrals and non-combatants that through this method of warfare, have been severely injured.

"In self-defense against the illegal conduct of British warfare, while fighting a bitter struggle for national

WOMAN SHOTS HER HUSBAND AND DAUGHTER

Tragedy at Glenn's Ferry. Wife Arrested But Makes No Explanation. No Witnesses.

GLENN'S FERRY, Ida.—As a result of a domestic tragedy, here Thursday evening C. T. Shoemaker and his nine-year-old son, daughter are dead, and Mrs. Shoemaker, their slayer, is under arrest on the charge of murder. Mrs. Shoemaker confessed that she fired the shots which caused the deaths of her husband and daughter.

The fatal shooting occurred at 5:30 o'clock in the Shoemaker home. Mr. Shoemaker, who was night engineer in the Oregon Short Line yard here, was slaying when the trouble arose. According to Mrs. Shoemaker's story they had quarreled and she believed her life was in danger. She has been very guarded in her statements, and as there was no other eye-witness it has been difficult to learn the exact facts of the tragedy.

Until the inquest was held last night it was supposed that Mrs. Shoemaker shot her child accidentally while she was slaying her husband, but in her testimony at the inquest she made no such claim. It is now believed that in her frenzy she shot her child, who was near her husband at the time. The shooting was done with a .32-caliber revolver.

The coroner's jury returned a verdict that the Shoemaker and the girl died as results of revolver wounds inflicted by Mrs. Shoemaker. After the shooting Shoemaker staggered into the yard and fell dead. His wife shot through the head. The girl, who was shot in the stomach, lived about half an hour.

Immediately after the shooting the town marshal took Mrs. Shoemaker into custody.

Mr. and Mrs. Shoemaker had both been married before. He was 36 years old and his wife was 30. They came to Glenn's Ferry from Helena, Mont., about six months ago. They had no children of their own, but Mrs. Shoemaker's daughter by her former marriage, the unfortunate victim of the tragedy, lived with them.

BRYAN'S PROTEGE IN BAD IN IRELAND

J. M. Sullivan, Formerly Minister to
San Domingo, Charged With Com-
plicity in Irish Rebellion.

LONDON.—James M. Sullivan of New York, formerly American minister to Santo Domingo, has been arrested in Dublin on the charge of complicity in the Irish rebellion.

Mr. Sullivan sailed from New York last July for Liverpool, with his wife and son, saying he was going to Liverpool to visit his son. He said he expected to be back in New York by September 1st.

Shortly before he sailed Mr. Sullivan was extensively asked to resign his post as minister to the Dominican republic as the result of an investigation conducted by a commission headed by Senator Thomas of California. Testimony taken by the commission during its investigation into Santo Domingo was to the effect that the minister has intervened in contravention of which other Americans were concerned. No evidence was found that he had profited. The commission appointed by the state department found he had been guilty of indiscretions which unfitted him for his post. On July 23 it was announced that he had resigned.

Sullivan had been a lawyer for Jack Rose, one of the gamblers in the Rosenthal murder case. His appointment generally was credited to former Secretary Bryan, who in looking for a place for him wrote Receiver General Vick in the Dominican republic asking: "What positions have you at your disposal with which to reward deserving Democrats?"

Sullivan was exonerated once by Secretary Bryan, but the charges against him would not down and a second investigation resulted in his resignation.

B'HL HAS LARGE GRADUATION CLASS

Twenty-one young men and women will be graduated from the Buhl high school in the class of 1916, and this is the largest class in the history of the school. Graduation exercises will take place in the high school auditorium, Friday evening, May 25, says the Buhl Herald. The list of graduates follows:

Elva Bagley, Ramon Bozarth, first honors; Agnes Brackley, Shelby Constant, Ralph Dae, Dorothy Davis, Viola Bell, Ivan Freeman, Clara Hargis, Viola Holson, second honors; John Hubbell, Wilbert Hubbell, Robby Hurst, Nell McGee, third honors; Lucy Newbrough, Merville Rugg, Charlotte Samuel, Stella Unphenour, Ruth Underwood, Clyde Welch, Irene Woodward.

SOUTHERN IDAHO USED LITTLE OF ITS OWN TIMBER

About eighteen per cent of the lumber used in southern Idaho in 1915 was cut from timber growing locally, according to data just compiled by the forest service.

The excessive cost of mountain logging as compared with cost of logging on the coast, and the low prices prevailing for imported lumber the past year have combined to keep the production of local lumber at a minimum. The indications now, however, point to a gradual but steady increase in the local production of lumber and wood material, with a corresponding decrease in importations.

THE AMERICAN TOBACCO COMPANY

ABANDON POLICY

CONDITIONALLY

(Continued From Page 2)

existence, Germany had to resort to the hard but effective weapon of submarine warfare.

"As matters stand, the German government cannot but reiterate regret that the sentiments of humanity which the government of the United States extend with such fervor to the unhappy victims of submarine war are not extended with the same warmth of feeling to many millions of women and children who, according to the avowed intention of the British government shall be starved, and who by aggression shall force the victorious armies of the central powers into ignominious capitulation.

"The German government, in agreement with the German people, fails to understand this discrimination, all the more so as it has repeatedly and explicitly declared itself ready to accept a submarine weapon in strict conformity with the rules of international law, as recognized before the outbreak of war, if Great Britain likewise was ready to adapt the conduct of warfare to these rules.

"Several attempts made by the government of the United States to prevail upon the British government to act accordingly failed because of flat refusal on the part of the British government. Moreover, Great Britain again and again has violated international law, surpassing all bounds in outraging neutral rights. The latest measure adopted by Great Britain, declaring German bunker coal contraband and establishing conditions under which English bunker coal alone is supplied to neutrals is nothing, but an unheard-of attempt by way of execution to force neutral tonnage into the service of British trade war.

"The German people know that the government of the United States has the power to confine the war to armed forces of the belligerent countries in the interest of humanity and maintenance of international law. The government of the United States would have been certain of attaining this end had it been determined to insist against Great Britain on the incontrovertible right to freedom of the seas, but as matters stand the German people are not inclined to believe that the government of the United States, while demanding that Germany, struggling for existence, should restrain the use of an effective weapon and while insisting compliance with these demands a condition for maintenance of relations with Germany, confining itself to protests against illegal methods adopted by Germany's enemies. Moreover, the German people know that to consider one's own interests and to be supplied with all kinds of war material from the United States.

"It will, therefore, be understood that the German government, the government of the United States to sentiments of humanity and principles of international law cannot under the circumstances meet the same hearty response from the German people which such an appeal otherwise always is certain to find here. If the German government nevertheless is resolved to go to the utmost limit of concessions it has been guided not alone by the friendship connecting the two great nations for over one hundred years, but also by the thought of the great doom which threatens the civilized world should the cruel and sanguinary war be extended and prolonged.

"The German government, conscious of Germany's strength, twice within the last few months announced before the world its readiness to make peace on a basis safeguarding Germany's vital interests, thus indicating that it is not Germany's fault that peace is still withheld from the nations of Europe.

"The German government feels all the more justified in declaring that responsibility could not be borne before the forum of mankind and in history if after 21 months of the war's duration the submarine question under discussion between the German government and the government of the United States were to take a turn seriously threatening maintenance of peace between the two nations.

"As far as lies with the German government, it wishes to prevent things from taking such a course. The German government, moreover, is prepared to do its utmost to confine operations of the war for the rest of its duration to the fighting forces of the belligerents, thereby also insuring freedom of the seas, a principle upon which the German government believes, now as before, that it is in agreement with the government of the United States.

"The German government, guided by this idea, notifies the government of the United States that German naval forces have received the following orders: In accordance with the general principles of visit and search and the destruction of merchant vessels recognized by international law, such vessels, both within and without the area declared a naval war zone, shall not be sunk without warning and without saving human lives unless the ship attempts to escape or offer resistance.

"But neutrals cannot expect that Germany, forced to fight for existence, shall for the sake of neutral interests restrict the use of an effective weapon if the enemy is permitted to continue to apply it with methods of warfare violating rules of international law. Such a demand would be in force with the character of neutrality and the German government is convinced that the government of the United States does not think of making such a demand, knowing that the government of the United States repeatedly declares that it is determined to restore the principle of freedom of the seas from whatever quarter it has been violated.

"Accordingly, the German government is confident that in consequence of the new orders issued to the naval forces the government of the United States will also now consider all impediments removed which may have been in the way of mutual co-operation toward restoration of the freedom of the seas during the war, as suggested in the note of July 23, 1915, and it does not doubt that the govern-

ment of the United States will now demand and insist that the British government shall forthwith observe the rules of international law universally recognized before the war, as are laid down in the notes presented by the government of the United States to the British government, Dec. 28, 1914, and November 5.

"Should steps taken by the government of the United States not attain the object it desires—to have the laws of humanity followed by all belligerent nations—the German government would then be facing a new situation in which it must reserve to itself complete liberty of decision.

"The undersigned avails himself of this opportunity to renew to the American ambassador assurances of highest consideration."

HIGH SCHOOL TO HAVE VOCATIONAL EXHIBIT

Work of Various Departments to Be Shown at High School Wednesday Afternoon and Evening.

The annual vocational display of the high school will be Wednesday afternoon and evening. The display will consist of work by the cooking, sewing, agricultural, commercial, woodwork, and mechanical drawing departments. There will also be exhibited work from the English, Latin and social science departments. The displays will be in the different rooms of the high school building; in the high school auditorium; woodwork and drawing in the manual training department, which is in the east basement of the building; commercial work will be placed in the commercial department on the second floor at the west end of the building; the agricultural display, in the agricultural department on the first floor; the English and social science departments will be exhibited in the library on the first floor of the building and the Latin exhibit will be in room 16 on the second floor.

School will be closed tomorrow afternoon and the building will be open during the evening. All patrons and friends of the school are most cordially invited to visit these exhibits during the afternoon and evening of May 10th. Students and teachers from each department will be in charge of the displays.

OLIVER MEETING FOR FILER IS NOW OPEN

Closed at Bull With 350 Conversations Which Doubled the Church Membership.

Dr. French R. Oliver and party have opened a campaign in Filer, beginning yesterday. The high campaign, which has just closed, resulted in 350 professions. The church, which was instrumental in bringing Dr. Oliver to the west end city, had an aggregate membership of 300 when the campaign started, so that their membership will be doubled as a result.

Meeting of the Guild—The ladies of the Episcopal Guild will meet Thursday in the Parish hall and are requested to bring thimbles as there will be work on hand.

Asks For Divorce—Jessie Peterson asks for divorce from G. Peterson, restoration of maiden name of Jessie Townsend and custody of one of the two children born to them, on the grounds of neglect and extreme cruelty.

Killed Crazy Dog—Deputy H. G. Jackson was summoned to the Woodhead ranch Friday and went out accompanied by Police Judge W. J. Smith, to investigate a report of a mad dog in the neighborhood. Judge Smith said the dog appeared to be at least crazy and Jackson killed him.

Baptist Workers Here—Rev. B. F. Bronson, of Salt Lake City, Rev. and Mrs. H. H. Ward, of Pocatello, and Miss Ida Grisham, general missionary for the Baptists of Idaho, were in the city Saturday, the guests of Rev. B. G. Miller. They visited the Great Shoshone falls while in the city. The party left in the evening for Buhl, where they assisted in the reception of members to the Baptist church Sunday.

Goes to General Assembly—Dr. J. F. Shepherd left Monday for New York, from which place he will go to Atlantic City to attend the meeting of the National Home Mission society of the Presbyterian church, which convenes May 15, and which will be followed by the meeting of the general assembly on May 18. He will also visit Washington and will be home June 9. Mrs. Shepherd goes with him as far as Fremont, Neb.

Boaches 29 Feet—With the water rising at the rate of one and one-half feet per week, despite the heavy withdrawals that are being made for the irrigation of grass crops, the Salmon tract bids fair to enjoy a season of good crops. The first run of water since the middle of July of last year, commenced Wednesday, when 407 acre feet were withdrawn from the reservoir. This amount has been increased almost daily, so that nearly 1300 acre feet is now the total. The gauge height in the reservoir on May 6th was 29 feet; the available storage 46,800 acre feet; the net gain during the week 3,600 acre feet.

A color scheme of yellow and white was very effective in the table and house decorations. Miss Jane Maxwell gave a toast to the original nine who organized the P. E. O. chapter in Twin Falls, to which Mrs. Greenhaw responded with a toast to the present members. Mrs. Pitcairn followed with a toast "To the Hostesses." Covers were laid for the twenty-eight members present and the hostess was assisted in serving by Miss Nellie Teasdale. A feature of the evening was a musical program to which the guests responded heartily. Dr. Leigh, accompanied by Miss Nellie Teasdale and Mr. Fisher, violin obligato, sang four pleasing songs, one of which was "Ask No More." The music of this particular song was Mrs. Leigh's own composition. Robert Logan followed with a very pretty solo. Miss Kathryn Pitcairn and Miss Nellie Teasdale each sang at the close in their usual sweet manner.

HOME TALENT PUTS ON "THE BUTTERFLIES"

Comedy Presented by The Twentieth Century Club over the Large Audience Monday Evening.

Miss Nina Faris and D. H. Wooden in the leading roles, "The Butterflies," advertised as "John Drews and Maud Adams' Polite Comedy," scored a decided hit with Twin Falls theatergoers Monday evening at the Lavering theater. The play was excellently staged, for which credit is due the director, Wilfred Olsen; the settings were beautiful; and the parts were all handled with great skill.

Miss Faris repeated the success she has made in other theatricals presented in this city, even improving upon anything she has done before. As Marjorie Stuart-Dodge, the "Butterfly" who came down to earth, Miss Faris stunningly fowled, made the best of the many opportunities afforded by the leading part. As Mrs. Stuart-Dodge, slightly embarrassed by creditors, Mrs. Burton Morse played the part with all the haughtiness that the character called for; especially the unceasing vigilance of the mother to prevent anything coming between her daughter and a marriage that would prove a financial and social advantage. Mrs. Morse assumed contempt for the sentimental aspects of love and her praiseworthy in all material matters, was a source of continuous merriment for the audience. The part of Frederick Oostan, the

Will Defend Mrs. Shoemaker—Attorney E. M. Wolfe of this city, has been retained by the defense in the case of the woman against Mrs. T. S. Shoemaker, who killed her husband and daughter on the night of May 3, and leaves tonight for Mountain Home to present at the preliminary tomorrow.

SOCIETY NOTES

Mrs. Arroll entertained at dinner Saturday evening, at the Rogerson, the following guests: Mr. and Mrs. R. A. Reel and Mr. and Mrs. H. M. Sims.

The Mountain View club held an interesting and instructive meeting at the home of Mrs. Felch on Thursday afternoon, May 4th. After roll call and the reading of the minutes of the previous meeting, a discussion on cooking and canning of preserves and apparatus kept the members busy with note books and pencils and led them to a greater appreciation of the possibilities of these humble garden plants. A social time was enjoyed by all and daily refreshments added to the afternoon's pleasure. The next meeting of the club will be at the home of Mrs. Max Gamble.

Complimentary to Mrs. H. B. Lee of Burley, Mrs. W. T. Wood entertained at a pretty party last Friday. The May basket idea was successfully carried out in nut baskets and place cards. The guests numbering sixteen, were seated about four small tables, each of which had for a centerpiece an artistic arrangement of carnations and ferns. The hostess was assisted in serving by Mesdames Baker and Seolner. Cards followed and the May basket idea was further carried out in the tallies. Mrs. Senior was successful in capturing first prize, a beautiful imported Japanese basket filled with carnations and ferns. Similar prize was presented to the guest of honor.

On the occasion of the anniversary of the founding of the P. E. O. society in Twin Falls, in 1908, Mrs. Ernest Wie presided over a pretty course dinner at 6:30 Thursday night. One well qualified him for his plat-

Don't You Play?

How many times we hear that question asked? Knowledge of music is as much a part of a child's education today as mathematics or grammar. Are you going to give your child the education she requires to fit her to hold her place in society, or will she be a "Wall Flower"?

Spring is here, school will soon be out and your child will be ready to take music lessons. Don't put it off any longer. Buy that piano now, from

The Marnon Music House

137 Shoshone St., Twin Falls.

The TURMOIL

A Novel By
BOOTH TARKINGTON
Author of
"Monsieur Beaucaire," "The Conquest of Canada," "Peared," etc.

Copyright, 1915, by Harper & Brothers
SYNOPSIS:

CHAPTER I—Sheridan's attempt to make a business man of his son Bibbs by starting him in the machine shop ends in a nervous wreck.

CHAPTER II—On his return Bibbs is met at the station by his sister Edith.

CHAPTER III—He finds himself in an uncomfortable and unconsidered figure in the "New House" of the Sheridans. His sister Mary Verrees looking at him from a summer house next door.

CHAPTER IV—The Verreeses, old town family and impoverished, call on the Sheridans, newly-rich, and afterward discuss them. Mary puts into words her parents' unspoken wish that she marry one of the Sheridan boys.

CHAPTER V—At the Sheridan house, warning banquet Sheridan expects himself. Mary frankly encourages Jim Sheridan's attention and Bibbs hears he is to be sent back to the machine shop.

CHAPTER VI—Mary tells her mother about the banquet and blunders her mother by talking of Jim as a matrimonial possibility.

CHAPTER VII—Jim tells Mary Bibbs is not a lunatic—"Just queer." He proposes to Mary, who half accepts him.

CHAPTER VIII—Sheridan tells Bibbs he must go back to the machine shop as soon as he is strong enough. In spite of Bibbs' plea he is allowed to write.

CHAPTER IX—Edith and Sibyl, Roscoe Sheridan's wife, quarrel over Bobby Langhorn, Sibyl given to Mary for help to keep Langhorn from marrying Edith, and Mary leaves her in the room alone.

CHAPTER X—Bibbs has to break to his father the news of Jim's sudden death.

CHAPTER XI—Standing in the black group under giant trees at the cemetery, three days later, Bibbs unwillingly let an old, old thought become definite in his mind; the sickly brother had buried the strong brother, and Bibbs wondered how many million times that had happened since men first made a world to name the sons of one mother. Almost literally he had buried his strong

brother, for Sheridan had gone to pieces when he saw his dead son. He had nothing to help him meet the shock, neither definite religion nor philosophy, definite method. Sibyl could only look on and beg, over and over, to be killed with an ax, while his wife was helpless except to entreat him not to "take on," herself adding a continuous lamentation. Edith, weeping, made traces with Sibyl and saw to it that the morning garments were beyond criticism. Roscoe was dazed, and he shirked. Justifying himself, curiously by saying he "never had any experience in such matters." So it was Bibbs, the shy outsider, who became, during that dreadful little time, the master of the house; for as strange a thing as that, sometimes, may be the result of a death.

"Just to dust," said the minister, under the saint trees; and at that Sheridan shook convulsively from head to foot. All of the black group wept except Bibbs. He had been close upon dust himself for a long, long time, and the machine shop, if he had to go back to it, would probably bring him closer still. To Bibbs' knowledge, no one and nothing had ever prevented his father from carrying through his plans. He had the gift of terrible persistence, and with undefeatable confidence that his way was the only way, he would hold to that way of "making a man" of Bibbs, who understood very well, in his passive and impersonal fashion, that it was a way which might make, not a man, but dust of him. But he had no shudder for the thought.

The truth about Bibbs was in the poem which Edith had adopted. He had not hidden his feelings about his father where they could not be found. He was strange to his father, but his father was not strange to him. He knew that Sheridan's plans were conceived in the stubborn belief that he had not hidden his feelings about his father where they could not be found. He was strange to his father, but his father was not strange to him. He knew that Sheridan's plans were conceived in the stubborn belief that he had not hidden his feelings about his father where they could not be found.

"No, no!" Bibbs protested, earnestly. "I don't intend to do that."

"It does, though," said Mary. "I had not intended to come to the cemetery. Mr. Sheridan, but one of the men in charge at the house came and whispered to me that the family wished me to—"

"I think your sister sent him. So I came. But when you reached here I—oh, I felt that perhaps I—"

Bibbs nodded gravely. "Yes, yes," he murmured.

"I got out on the opposite side of the carriage," she continued. "I mean opposite from—"

"From where all of you were. And I wandered off over in the other direction; and I didn't realize how little time it takes. From where I was I couldn't see the carriages leaving—at least I didn't notice them."

"When I got back just now, you were the only one here. I didn't know the other people in the carriage I came in, and of course they didn't think to wait for me. That's why—"

"Yes," said Bibbs. "—And that seemed all he had to say just then."

Mary looked out through the dusty window. "I think we'd better be going home, if you please," she said.

She gave him a quick little glance. "I think you must be very tired, Mr. Sheridan; and I know you have reason to be so," she said. "I suppose they have a great deal of night work."

Bibbs drew a long breath and waited till he could command his voice. "I've never been able to apologize quickly," he said, with his accustomed slowness, "because if I try to I stammer. My brother Roscoe whined me once, when we were boys, for tripping on his state pencil. It took me so long to tell him it was an accident, he flushed before I did."

Mary Verrees had never heard anything quite like this drawing, gentle voice of the old implication that he was not noticing the motionless state of their vehicle was an "accident." At once she discovered that he was unlike any of her cursory and vague imaginings of him. And suddenly she had a glimpse of Bibbs' life and into his life. She had a queer feeling, new to her experience, of knowing him instantly. It startled her a little; she did not realize, however, that she had made no response to his apology, and they passed out of the cemetery gates, neither having spoken again.

Bibbs was so content with the silence he did not know that it was silence. The dusk, gathering in their small inclosures, was filled with a rich presence for him; and presently it was so dark that neither of the two could see the other, nor did even their garments touch. But neither had any sense of being alone. The wheels creaked steadily, rumbling gently on paved streets; there were the sounds, as from a distance, of the plodding of the horses. Clogs of light came lancing into the coupe, and passed, leaving greater darkness. And yet neither of these two last attendants at Jim Sheridan's funeral broke the silence.

It was Mary who perceived the strangeness of it—too late. Abruptly she realized that for an indefinite

period, for Sheridan had gone to pieces when he saw his dead son. He had nothing to help him meet the shock, neither definite religion nor philosophy, definite method. Sibyl could only look on and beg, over and over, to be killed with an ax, while his wife was helpless except to entreat him not to "take on," herself adding a continuous lamentation. Edith, weeping, made traces with Sibyl and saw to it that the morning garments were beyond criticism. Roscoe was dazed, and he shirked. Justifying himself, curiously by saying he "never had any experience in such matters." So it was Bibbs, the shy outsider, who became, during that dreadful little time, the master of the house; for as strange a thing as that, sometimes, may be the result of a death.

He Started and Stared.

Mary, without more ado, got into the coupe, and Bibbs followed, closing the door.

"You're very kind," she said, somewhat breathlessly. "I should have had to walk, and it's beginning to get dark. It's three miles, I think."

"Yes," said Bibbs. "It—it is beginning to get dark. I—I noticed that."

"I ought to tell you that," Mary began, confidentially. She hit her lip, sat silent a moment, then spoke with composure. "It must seem odd, my—"

"No, no!" Bibbs protested, earnestly. "I don't intend to do that."

"It does, though," said Mary. "I had not intended to come to the cemetery. Mr. Sheridan, but one of the men in charge at the house came and whispered to me that the family wished me to—"

"I think your sister sent him. So I came. But when you reached here I—oh, I felt that perhaps I—"

Bibbs nodded gravely. "Yes, yes," he murmured.

"I got out on the opposite side of the carriage," she continued. "I mean opposite from—"

"From where all of you were. And I wandered off over in the other direction; and I didn't realize how little time it takes. From where I was I couldn't see the carriages leaving—at least I didn't notice them."

"When I got back just now, you were the only one here. I didn't know the other people in the carriage I came in, and of course they didn't think to wait for me. That's why—"

NOTICE FOR PUBLICATION.

Serial No. 012630.
Department of the Interior, U. S. Land Office at Halley, Idaho, April 17, 1916.
Notice is hereby given that Edward F. Walker, of Murtaugh, Idaho, who, on January 17, 1915, made homestead entry No. 012630, for S½ NW¼, NW¼, Section 13, Township 11 South, Range 19 East, Boise Meridian, has filed notice of intention to make final three year proof, to establish claim to the land above described, before C. C. Siggins, U. S. Commissioner, at Twin Falls, Idaho, on the 12th day of June, 1916.
Claimant names as witnesses: William Goodwin, William C. Hall, William Taggart, John J. Hyer, all of Murtaugh, Idaho.
BEN R. GRAY, Register.

NOTICE TO CONTRACTORS.

MURTAUGH, IDAHO.
Sealed bids will be received by the secretary, E. S. True, of the board of trustees, Independent School District No. 8, Murtaugh, Idaho, at the school house up to Friday, May 26th, 1916, at 8:00 p. m., for the construction of a combination grade and high school building in accordance with the plans and specification prepared by B. Morgan Nisbet, architect, Twin Falls, Idaho, and under his supervision.
Bids must be accompanied by a certified check for the sum of five hundred (\$500) dollars, the successful bidder will be required to furnish a surety bond for the sum of two hundred (\$200) per cent of the amount of contract, within seven days after awarded contract.
The check for the sum of two hundred (\$200) dollars and the heating will be received at the same time and place in accordance with the architect's plans and specifications. A certified check for the sum of two hundred (\$200) dollars on each bid must accompany each bid, and successful bidder shall be required to furnish a surety company's bond as required above.
Plans and specifications can be secured from the architect, room No. 8, Trust Building, Twin Falls, Idaho, on and after the 5th day of May, 1916, by depositing a check for \$20, which will be returned to bidder upon return of plans and specifications to the architect.
HYRUM PICKETT, President,
E. S. TRUE, Secretary.
Date of first publication, April 27, 1916.

NOTICE.

Notice of the time and for hearing objections for special assessments made for the purpose of defraying cost of expense of the streets and alleys and improvement districts Nos. 23 and 24 in the city of Twin Falls, Idaho.
To the owners of property in local improvement districts Nos. 23 and 24 of the city of Twin Falls, Idaho:
You are hereby notified that the assessment roll of special assessments made for the purpose of defraying cost of expense of the streets and alleys and improvement districts Nos. 23 and 24 of the city of Twin Falls, Idaho, made for the purpose of paying the cost of the streets and alleys and improvement districts during the springing season of the year of 1916, made on and after the 12th day of May, 1916, and that the city council of said city has fixed the 15th day of May, 1916, at the hour of 8:00 o'clock a. m. to the land above described, before C. C. Siggins, U. S. Commissioner, at Twin Falls, Idaho, on the 15th day of June, 1916.
Claimant names as witnesses: James A. Walcott, of Murtaugh, Idaho; Robert A. Parrott, of Twin Falls, Idaho; Fred J. Gabel, of Murtaugh, Idaho; E. Stansell, of Churchill, Idaho.

NOTICE TO CONTRACTORS.

Notice is hereby given that sealed proposals will be received by the mayor and city council of the city of Twin Falls, up to eight o'clock p. m. on the nineteenth day of May, 1916, for the furnishing of the necessary teams, harness and drivers for the operating of street sprinklers in springing the streets and avenues in local improvement districts Nos. 23 and 24 in the city of Twin Falls, during the fiscal year 1916.
Bids should be made for so much per team and driver per day of eight hours, summer or less for either day or night work at the order of the street commissioner. Bids will be required for five teams and drivers. Sealed bids will be opened at the city hall, under control of the street commissioner, during such time as shall be necessary to keep the dust on the streets and avenues well down. Bids must be accompanied by certified check in the sum of fifty dollars, which sum shall be forfeited to the city of Twin Falls in case the bidder to whom the contract is awarded shall fail to enter into contract with the city within a period of five days after awarding the contract.
The contractor will be required to furnish bond to the city in a sum equaling sixty per cent of the contract price with sufficient sureties, to be approved by the city council, conditional for the faithful performance of his contract.
Payment for the work will be made monthly on the first Monday of each month for all work performed for the preceding month and will be made by warrant drawn on the fund to be collected by special assessments against the property abutting on the streets and avenues to be sprinkled.
The City Council reserves the right to reject any and all bids.
Dated May 2nd, 1916.
REESE M. WILLIAMS, City Clerk.

GENERAL ADVERTISING

RICH, PURE, WHOLESOME "SPEAR HEAD"

The Famous Chew with the Delicious, Fruity Flavor That Lasts

MADE BY MODERN PROCESSES

You want to get all the enjoyment and benefit possible out of tobacco. The chewy, pure, wholesome, delicious, fruity flavor of the famous "Spear Head" is what you want. You want a plug with a deliciously sweet and mellow flavor that lasts as long as the chew lasts. Then chew Spear Head.
The chew of Spear Head will convince any man that there's no other tobacco on earth with such a rich and lasting flavor. That's because the natural juices of the choicest Burley leaf are retained in Spear Head.
The making of Spear Head is conducted strictly according to pure-food methods in a great modern factory that is sprinkled throughout.
The most expensive modern processes keep Spear Head fresh, sweet and pure at every stage.
The famous plug of Spear Head from which you bite the tastiest, wholesomest of chews, represents the highest form of pure tobacco production.
You want your chew to give you the most money can buy for 10¢ cuts.

NO SEVERANCE OF RELATIONS

German Note Strengthens Probability of No Break.

UNITED STATES MAY MAKE BRIEF REPLY.

President Wilson is interested in that portion of note touching on peace.

WASHINGTON.—The official text of Germany's note fully decided and laid before President Wilson shows no material differences from the unofficial text. This strengthens the probability that a diplomatic break has been averted, at least for the present.

Secretary Lansing already has studied the note once and is going over it very carefully again. There were indications that further consideration by the cabinet would not be necessary. There is a possibility that the United States may make a brief reply no-

tiating the Berlin government that as long as the new orders to submarine commanders are fully observed diplomatic relations will not be discontinued at that score.

President Wilson read with careful attention the portion of the note touching on peace.

The note says: "The German government, conscious of Germany's strength twice within the last few months announced before the world its readiness to make peace on a basis safeguarding Germany's vital interests, thus indicating it is not Germany's fault if peace is still withheld from the nations of Europe."

While it was indicated that President Wilson would make no further peace moves until the allied governments have signified their willingness to receive suggestions on the subject, some officials thought today the German note might possibly draw forth something from the allies.

Count von Bernstorff, the German ambassador, returned to the embassy today from New York. He said he had no communication from his government and had no reason to visit the state department. The embassy view that the note was all the United States asked remained unchanged.

RAILROAD MEETING AT CASTLEFORD

(Continued from Page 1.)

would be constructed at Castleford, should the plan be built and other conditions prove favorable.

The meeting elected J. H. Seaver, of Castleford, for chairman. Harley Hooker, of the Clover project, explained the object of the visit, by showing the value of transportation to the farmer. He pointed out that 40 days had been saved in 30 acres of wheat land located at Castleford, and that not only would the difference be greater with some crops, but that was more important, the coming of a road would permit the people to diversify crops and to indulge in intensive farming. He showed that in a few years the land affected by the road might be normally expected to increase in value to the amount of at least \$2,000,000 as a direct or an indirect result of its construction. He said that the people of the Clover district wanted the road, Twin Falls wanted it and it would be of the greatest benefit to the people of Castleford. While neither agreeing to construct nor to buy the road, Short Line officials had assured him of their sympathy with the project.

Arthur L. Swain followed by explaining the tentative proposition more fully. The people of Twin Falls had practical assurance that with the raising of \$100,000 the road could be secured. He cited the fact that two representatives of eastern bond houses who were in Twin Falls, hiding on the waterworks bonds had told him that if the Oregon Short Line were friendly, even though not inclining to finance the building of the road, it could be bonded for from \$100,000 to \$12,000 a mile. The total cost of all construction work for the road and the Short Line engineers, including switches, stations and the like, was \$14,000 a mile. So that it would mean that the amount of the proposition would have to be spent on construction would not be great.

When conditions financially were in general favor for the road and years ago, and before the Clover project was opened, the people had subscribed or donated \$50,000. There would be approximately 30 sections of land along the line, not counting the Salmon tract farms adjacent to it.

C. L. DeLong told of a conversation that he had had with Vice President E. J. Calvin and other officials of the Short Line, of similar import to the talk described by Mr. Hooker, and added that he felt safe in saying that more co-operation could be expected from that road than was promised to him or others by the officials. If the people would get busy, J. C. Cron and that he had land which would rent for \$15 an acre if the road were built, for which he could get only \$5 or \$9 an acre now and a similar value in values would be apparent everywhere along the line if built. He said if land values increased only \$10 an acre it would more than pay for the road and people would be the gainer, even if the road itself failed to pay dividends and the stock proved worthless.

C. A. Robinson, J. M. Maxwell, H. J. Felling and Thomas Dovers all spoke briefly and favorably, after which the chairman read a letter from Mayor E. M. Sweley of Twin Falls expressing regret that he was unable to be present and calling attention to correspondence which the firm of Sweley & Sweeney had had with the Amalgamated Sugar company headquarters in Ogden, in which that company, through Secretary Taylor, practically promised the construction of a factory at Castleford, should sugar beets thrive in the neighborhood and the required 500 acres be secured. The chairman recommended the securing of land from the Dursley factory and the planting of a small amount for experimental purposes.

Talks were made in behalf of the Castleford people by Chairman Seaver, who was favorable to the project only by Carl Miller, P. T. Atkins, G. H. Clement and William Ringert, who, while expressing themselves as in favor of a road, said that they wanted time to consider it and thought that the Castleford people should meet themselves and go over the matter. One of the questions asked was whether the subscribers would be liable for more than the stock purchased in the event that the road should fail, on which point assurance that they would not was given by Attorney DeLong. Relative to whether the Short Line might freeze out the stockholders through failure to furnish cars, it was suggested that the Idaho public utilities law would protect them through the utilities, commission, but this did not satisfy since Ed. S. Coase, manager of the absorbed independent telephone line said that when they had constructed their own line on the refusal of the Bell to build a line there, the monopoly watered it. It was done a good business and then took steps to force them to sell, in which steps the trust was virtually assisted by the attitude and ruling of the state public utilities commission. Attorney DeLong said that interstate shipments were

HE LOST HIS ZEPPELIN

This is Lieutenant Commander Brethaupt who was in command of the Zepplin L-15 when it broke up in the mouth of the Thames during a recent raiding expedition.

protected by the interstate commerce commission which his experience had convinced him was much more protection than afforded by the state commission. They had frequently been compelled to appeal to the interstate body when the road failed to deliver cars and had been afforded relief.

Willett Hance of Twin Falls, made a telling talk, when in response to a question about the tonnage of the tract he said that the estimate of present tonnage was no criterion as to what the tonnage would be in a few years. He said that the tonnage in the business in Twin Falls he brought in several cars of butter from other states. Today a million dollars worth of dairy products is exported from the tract annually and brands of butter from two Twin Falls creameries is putting the city on the map in four surrounding states. He said that he required to build the road was the manifestation of the proper spirit, the financial problem being small. Severely warning the people to help and to reiterate the proposition that they had no desire to push the matter to immediate conclusion at the meeting, he said that the most pleasant of all means for the construction of a road which it was conceded by all should be built. The chairman pointed out the fact that Twin Falls had contributed liberally to the Rogers branch, although the building of the branch would have gone ahead anyway.

The meeting then adjourned until Friday night, when it will be taken up at a good roads meeting.

One of the most pleasant incidents of the trip was the reception of the delegation at Clover, where a splendid dinner was served at the hotel. The Clover project and the Castleford country are blooming like garlands and those of the party who had never made the trip before were astonished at the conditions which they found. Those who had been on the ground only a short time ago, were scarcely less surprised at the improvements made. Mr. Dana expects to make one of the highest records with her in May.

LEGAL PUBLICATION

NOTICE OF SHERIFF'S SALE.

Notice of Sheriff's Sale on Foreclosure of Mortgage.

Western Loan and Building Company, a Corporation, Plaintiff, vs. Guy J. Peters, Lizzie Peters, Bank of Rogers, a Corporation, and Hellen Realty and Investment Company, a Corporation, Defendants.

Under and by virtue of an order of sale and decree of foreclosure, issued out of the district court of the Fourth judicial district, state of Idaho, in and for the county of Twin Falls, on the 12th day of April, 1916, in the above entitled action, wherein Western Loan and Building Company, a Corporation, and above-named plaintiff, obtained a decree against Guy J. Peters, Lizzie Peters, Bank of Rogers, a Corporation, and Hellen Realty and Investment Company, a Corporation, defendants, on the 11th day of March, 1916, which said decree was, on the 11th day of March, 1916, recorded in judgment book of said court, at page 65, I am commanded to sell all that certain lot, piece or parcel of land situated in the county of Twin Falls, state of Idaho, and bounded and described as follows, to-wit: Lots one (1) and two (2) in block ten (10) of the townsite of Ammon, with all and singular the rights and appurtenances and hereditaments thereto in anywise belonging.

Notice is hereby given, that on the 15th day of May, 1916, at 10 o'clock A. M. of that day, in front of the court house door in the city of Twin Falls, county of Twin Falls, Idaho, I will in obedience to said order of sale and decree of foreclosure, sell the above-described property, or so much thereof as may be necessary to satisfy plaintiff's decree with interest thereon and costs, to the highest bidder for cash, lawful money of the United States.

Done April 12, 1916.
FRANK M. KENDALL, Sheriff.
By W. G. THOMPSON, Deputy.

BUHL COWS SHOW UP WELL IN TEST

M. P. Dau Gives Three Holsteins Seven Day Tryout.

ALL EASILY MEET REQUIREMENTS OF ADVANCED REGISTRATION.

Results For Cow Testing For Month Somewhat Lower As a Whole Than In Previous Months.

M. P. Dau, one of the leading Holstein breeders in the tract, has just completed a seven-day test with three of his cows, all three meeting the requirements for the Advanced Register of the Holstein Friesian Association by a wide margin, says the Buhl Herald. The cow making the best record was Belle Hengervord Quoque Dekol, No. 10492, her production for the seven days being 64.84 pounds of milk, an average of 9.26 pounds daily. The total butterfat for the period was 15.63 pounds, which is equivalent to 23.32 pounds commercial butter. Her high day production was 8.4 pounds of milk and 2.35 pounds of butterfat. Considering this cow's age, being 10 years old, this is a truly remarkable record.

The second cow, Daisy Johanna Quoque, No. 10774, produced for the same period 506 pounds of milk and 14.91 pounds of butterfat, which is equal to 18.73 pounds of butter. She is a five-year-old cow.

The third cow in the test was a two-year-old, Anna Mercedes Gadd, No. 55301. She produced 351 pounds of milk containing 3.77 pounds of butterfat, this being equal to 12.22 pounds of butter. She was in very good condition. Dau did not expect to put her on the test until after she freshened and then she made such a remarkable showing that he decided to have her tested. She undoubtedly made a big record next year.

This cow is sired by Gadd, the present sire of the Dau herd, while several other cows in the Dau herd are directly related to Dau's Skylark Ormby, the present holder of the world's record for butterfat production. Mr. Dau is also an enthusiastic member of the Buhl Pioneer Cow Testing Association.

The April work in the Buhl Pioneer Cow Testing association has fallen off from the remarkable showing of the previous month, and instead of seventy cows to make the honor roll, there are only thirty cows in the range of 10 pounds of butterfat or better for the month of April. C. E. Long again won first place with the high herd average of 10.25 pounds of butterfat, and had the highest individual producing cow, Nig, the grade Holstein belonging to A. A. Stauffer, the cow that made the record for a grade Holstein during the month of February, and was first during March, fell into second place during the month which just closed with a record of 11.5 pounds of butterfat for April. This was higher than she produced during the previous month, when she made 10.5 pounds.

The reason for the falling off in the herds during the past month, according to the herd tester, O. T. Koster, is due to the shortage of hay, and the empty udders. This is expected to be one of the lightest months during the year in the Cow Testing association. Some of the other facts of interest are ready to feed before long, and that will produce more butter.

M. P. Dau had the third highest producing cow for the month of April with Daisy Johanna Quoque, No. 10774, which cow made the A. R. O. record later with better than three pounds of butter per day for seven consecutive days. The cow was off her feed at the time the official test was made, and fell off in test as well as pounds of milk. Mr. Dau expects to make one of the highest records with her in May.

The cow tester's report for the month of April, showing the high herd averages for the month follows:

C. E. Long, ten registered Jerseys, 43.0 pounds.

V. E. Heston, four registered and grade Jerseys, 35.0 pounds.

A. A. Stauffer, fourteen registered and grade Holsteins, 35.6 pounds.

George A. Childs, six registered and grade Jerseys, 35.5 pounds.

H. H. Payne, ten grade Holsteins, 34.8 pounds.

C. J. Sherry, six registered and grade Holsteins, 34.5 pounds.

A. Carlson, nineteen registered and grade Jerseys, 33.6 pounds.

C. H. Wilson, seven grade Jerseys, 32.2 pounds.

H. H. Styler, fifteen registered Holsteins, 32.2 pounds.

V. E. Heston, sixteen Short Horn, Jersey and Holsteins, 31.9 pounds.

M. P. Dau, twenty registered and grade Holsteins, 31.7 pounds.

T. Wilson, eight grade Jerseys, 30.3 pounds.

H. B. Sherman, fifteen grade Jerseys, Short Horns and Holsteins, 30.4 pounds.

C. F. Smalley, nineteen grade Jerseys, 31.7 pounds.

PRICES STILL UNCHANGED ON PORTLAND MARKET

Very Few of Any Kind of Stock Except Hogs Arrive at the Yards.

The cattle run since Monday have been fairly good in numbers but quite a portion of them were not on the market, having been bought in the country by northern packers, says the Portland Live Stock Reporter. All classes were steady at Monday's prices. Some very good grain-fed steers mostly in cow stuff on a short supply. Calves were also short and brought only ordinary prices.

With the exception of two loads of Idaho grain-fed steers today the market has shown no available supplies since Monday. This was a fairly well-out-patch of steers and got an early clearance at \$3.80.

Demand has been pretty fair and prices were fully steady at all times. Nearly all the offerings were from valley points and were generally of ordinary dairy types, with just the usual degree of finish.

The good of a very gratifying run of hogs this week, buyers took hold in very good shape, at an early disposition was had each day. Prices were equivalent to \$2.00 for tops on ordinary quality offerings. Monday \$2.20 was realized for tops and while nothing has been sold as high since, the rest of the market is fully steady with Monday. The demand is strong and the market is in excellent shape.

There has been a little more activity in the sheep market all the week and receipts show only a little shrinkage from previous years' receipts.

Lamb market is in fairly good shape and is for good quality on steady basis. Those who have tested the market out this week got very fair prices.

Steer quotations are: Choice grain and pulp-fed, \$3.75@3.80; choice heavy, \$3.50@3.75; good, \$3.00@3.35; medium, \$2.50@2.80; ordinary, \$2.00@2.50; common, \$1.50@2.00.

Cow quotations are: Choice, \$3.50@3.75; good, \$3.25@3.50; medium, \$2.75@3.00; ordinary, \$2.50@2.75; common, \$2.00@2.50.

Heifer quotations are: Choice, \$3.50@3.75; good, \$3.25@3.50; medium, \$2.75@3.00; ordinary, \$2.50@2.75; common, \$2.00@2.50.

Butter quotations are: Choice, \$5.50@6.00; good, \$5.00@5.50; medium, \$4.50@5.00; common, \$4.00@4.50.

Stock quotations are: Choice, \$6.50@7.00; good, \$6.00@6.50; medium, \$5.50@6.00; ordinary, \$5.00@5.50; common, \$4.50@5.00.

Feeder quotations are: Best selected, \$5.00@5.50; good, \$4.50@5.00; medium, \$4.00@4.50; common, \$3.50@4.00.

Milk quotations are: Jersey heifers, \$3.00@3.50; good grade Jerseys, \$2.50@3.00; good grade Durhams, \$2.00@2.50; good grade Jerseys, \$1.50@2.00.

Horse quotations are: Prime light, \$3.00@3.50; prime strong weights, \$3.50@4.00; good to prime mixed, \$2.50@3.00; rough heavy packing, \$2.00@2.50; pigs and skips, \$1.50@2.00.

Sheep quotations are: Spring lambs, \$10.00@11.00; choice lambs, \$10.00@11.00; common lambs, \$9.50@10.50; choice yearlings, \$8.75@10.00; good yearlings, \$8.25@9.50; choice wethers, \$8.25@9.50; good wethers, \$8.00@9.25; choice ewes, \$7.75@9.25; good ewes, \$7.00@7.75.

FLOORS
