TWIN FALLS, IDAHO, THURSDAY, AUGUST 17, 1916

NUMBER 37

CITIZENS INSPECT WATERWORKS PLANT AND ENDORSE WORK DONE BY THE MAYOR AND CITY COUNCIL

RESOLUTION OF CONFIDENCE PASSED UNANIMOUSLY—GENERAL VERDICT HIGHLY COMMENDATORY OF PRESENT CONDITION OF SYSTEM—DETAILS OF PLANT EXPLAINED TO VISITORS BY EMPLOYEES AND OFFICIALS.

RESOLUTION OF CONFIDENCE

After an inspection of the reservoir and plant of the city waterworks, we desire to express our approval of the system as a whole and to commend the work of the mayor and city council in behalf of a pure and healthful water supply for Twin Falls.

We take this means of expressing our confidence in the ability of mayor and council to successfully handle the waterworks situation.

With a view to obtaining first-hand information and see for themselves just what are the physical conditions of the Twin Falls waterworks plant, three or four automobile loads of citizens on Wednesday morning visited the plant and made a tour of inspection of the works.

The opinions of those who made the trip are summed up in the resolution above quoted, drawn up on the ground at the instance of Secretary McMILLAN of the Commercial club and unanimously concurred in by those present, with a view to helping correct the impression which may have gone out to those not familiar with local conditions that the Twin Falls water supply is defective.

The party left Twin Falls about 10 o'clock in the morning. First, the station which supplies the purifier was visited. Here the system of putting chlorine into the water was gone over. The injection of liquid chlorine into the water is done in the most careful manner, the gas being slowly and carefully put in in very small quantities. About five ounces per hour pressure is guaranteed by safety valves, which are regulated carefully to guard against added pressure induced by changes in the weather. There is no chance for the chlorine to get into the water in quantities large enough to hurt humans; its main purpose is to destroy germs which might infect water, and there are positive safeguards against any large quantity getting in.

Reservoir a Pleasing Sight
Then the storage reservoir was visited.

LEGAL POINT IS FRAUGHT WITH AN ELEMENT OF RISK

QUESTION OF 5 OR 10 DAYS FOR FILING IN THE LIMELIGHT

Law Ambiguous as to Precise Status of Legislative Candidates, and Interesting Situation May Develop

In connection with the filing of acceptances by certain candidates for the state senate and legislature, an interesting point is brought to light by the fact of the apparent ambiguity of the law prescribing the time within which such candidates may file their acceptances.

Section 249 of the general election laws of the state provides that certain state officers shall be elected over alternate year, and this section includes members of the state legislature. Section 4 of the 1913 session law provides for the election of state officers by the people, and section 8 requires that nominating papers for candidates to be voted for within the county recorder. Section 10 of the same act provides that acceptances for a county office shall be filed within ten days after the nominating paper has been filed.

Not All Filed in Five Days
Certain candidates for the senate and legislature failed to file their acceptances within the five days, but not within the ten days after the election. It is argued by those interested in the matter that a candidate for the legislature is not a state officer, and not within the meaning of the statute permitting an acceptance to be filed within ten days. It is contended that

FORWARD! MARCH! IS ORDER GIVEN AT BORDER CAMP

IDAHO BOYS EN ROUTE TO TEMPORARY CAMP AT HUACHUCA

Company D Now on Sixty-eight Mile March—Route Not Unpleasant—Pay, Day, Finally Comes

Special to The News.

With the Second Idaho, en route from Nogales to Fort Huachuca, Arizona, Aug. 10—"Squads right, column left!" was the command repeated through the company streets at 7 o'clock Thursday morning, August 10, and the Second Idaho Infantry regiment's six-day march from Camp Stephen Little, Nogales, to Fort Huachuca, 68 miles away was begun.

The regiment marched about seven miles, according to schedule, the first day and went into camp at about 11 o'clock in a field that apparently has not been cultivated in two seasons. Erection of "pup" tents, with which most of the men were unfamiliar, was accomplished in a short time, and mess, consisting in Company D of hardtack, bacon, tomatoes and black coffee, was served in a drizzling rain. Few of the men had eaten hardtack before, but it disappeared rapidly before the invasion of hearty appetites. It is to be a principal article of diet on the march. The bill of fare during that time will not vary materially from the first meal.

On the Way
The route of the Idaho regiment lies principally through a mountainous region. Roads are mostly sand or gravel and at this, the rainy season, 1200 marching feet will raise but lit-

ATTACKED BY MADDENED BULL

Young Farmer Has Narrow Escape—Is Trampled Under Foot—Several Bones Broken

Franklin Brown, a young farmer living two and a quarter miles east of Twin Falls, had a narrow escape from being trampled to death by a maddened bull last week, an experience which he does not care to repeat.

Leading the animal out to water, the bull, a Jersey, suddenly turned on its keeper and knocked him down. Mr. Brown crawled along trying to escape and at last sprang to his feet, but the bull followed his victim, again knocking him to the ground, then rolling him over and about under his feet as a cat does a mouse. Screams from Mr. Brown brought assistance and the maddened bull was chased away with a pitchfork, after putting up a fight for his victim.

The injured man was hurried to Twin Falls, where medical attention was secured, and is now resting easily. He suffered a broken collar bone, a splintered shoulder, a broken rib, an injured foot and numerous bruises over his body.

ENTERTAINS FOR SOUTHERN GUEST

Mrs. J. W. Craven Is Afternoon Hostess, Honoring Mrs. Snodgrass of Tyler, Texas

Mrs. J. W. Craven was gracious hostess to 100 women of the city Wednesday afternoon from 3 to 5 o'clock who were invited to meet Mr. Craven's sister, Mrs. L. M. Snodgrass, of Tyler, Texas. The little Miss Anne Craven received the guests at the door.

Assisting Mrs. Craven during the first hour were Mrs. J. J. Fanning, at the table; Mrs. R. A. Read, Mrs. Kirk Root and Misses Jane Maxwell, Lesley Williams and Beatrice Osterander; during the second hour were Mrs. George D. Aiken and Mrs. C. A. Robinson, at the table; Mrs. Read, Mrs. E. S. Larned and Misses Roy, Wall, Margaret Wilson and Mary Wilson. Mrs. Vesta Thomas presided at the piano and solos were sung during the afternoon by Mrs. Root and Miss Wilson. The reception room was attractive in pink and white sweet peas, while a beautiful color scheme of yellow was effected in the dining room with a profusion of nasturtium and California poppies, and the table was spread with a handsome lace cloth.

At 10 o'clock Tuesday morning the first car of clover seed to be shipped from Twin Falls this season was taken out from the seed company warehouse, where it was loaded with choice Alaska seed, the first to come in. The car contained 158 bags of something over 28,000 pounds of seed, was valued at \$4,500 and was consigned to the home of Mrs. J. W. Craven.

WELL-KNOWN BANKER GOES TO PORTLAND

HENRY J. FAILING TO BE VICE-PRES. LUMBERMAN'S BANK

Head of Twin Falls Bank & Trust Company Accepts Position With Big Coast Institution—Will Leave September 1

After a term of service as vice-president and manager of the Twin Falls Bank & Trust company covering nearly seven years, Henry J. Failing accompanied by his family, will leave here September 1 for Portland, Ore., where he has been elected to the position of vice-president of the Lumberman's National bank of that city. Mr. Failing is one of the best-known business men in Southern Idaho. In addition to being the head of one of the best-known financial institutions in this part of the state, he is interested to some extent in the sheep business and is also the owner

(Continued on page eight.)

CROP RECORD YIELDS IN THE TWIN FALLS COUNTRY COMPILED BY THE TWIN FALLS NEWS

The following facts and figures are compiled carefully and accurately, in order that a true understanding of the crop possibilities of the Twin Falls country may be given the widest publicity.

All figures are accurate and based on actual facts, so far as this is humanly possible.

Note to Growers:—As soon as you have threshed, The News would be glad to get a report of your acreage, yield and cash returns.

FAIR MANAGERS HAVE FINE PLAN FOR YOUNGSTERS

ADDED NUMBERS WILL ENCOURAGE YOUNG FARMERS

Youths' Potato and Corn Culture Clubs Are Fostered—Pig Judging Contest Also Part of Program

The management of the coming Twin Falls county fair does not intend that the boys and girls shall be overlooked in the big celebration and added features to the program show that the keenest interest is being taken in displays which will be of practical educational interest to boys and girls interested in farming and the kindred pursuits.

For, in addition to the regular number of attractions of the fair, there is a long list framed especially for the youngsters. The fair board has appointed E. J. Fjeldsted to superintend the club judging contests, and Bertha Noel, county superintendent, will have the overseeing of the boys and girls' clubs.

One of the important features will be a pig judging contest. In this the youths will be given 15 minutes to inspect three rings of pigs and to mark their various points; also they will be required to give a two-minute talk to the judges as to the pointings of the pigs.

Prizes for Pig Clubs
Prizes will also be given for pig clubs, members of any Idaho pig club being permitted to enter, and they will be scored upon the daily gain in weight of their animals, the average cost per pound for the gain, the score of the best pig and the record of the story. Various premiums and prizes will be given in these events.

Boys and girls' clubs will be overseen by Miss Bertha Noel. They will consist of a potato culture club, a corn culture club, a garden and back yard club, poultry raising club, sewing club and bread club, also school work.

Those interested in these matters should get into touch with either E. J. Fjeldsted, or Miss Bertha Noel, at Twin Falls. The management of the fair has increased the track prizes 25 per cent, which will mean an increased amount of \$250.

ROGERSON NEWS NOTES

ROGERSON.—Mr. and Mrs. George Washington and children went to Twin Falls Saturday.

Mrs. W. R. McMillan and daughter Edna, Mrs. C. Deane and Clarence Betty were Twin Falls visitors Tuesday.

Messrs S. A. Buchanan, W. M. Hines, J. B. Langford, Dr. O. P. Harris and J. W. Langford motored to Twin Falls Tuesday.

Dr. and Mrs. O. P. Harris of Mendota, Ill. are visiting their niece, Mrs. J. B. Langford.

Mr. and Mrs. L. W. Reynolds were in Twin Falls Tuesday.

F. A. Purdy and George B. Thompson motored to Twin Falls and Buhl Tuesday and Wednesday.

Mr. and Mrs. Charles Gish were called to Three Creek on account of the illness of Mrs. K. D. Patrick, who was taken to Buhl for medical attention.

There will be preaching at the Presbyterian church Sunday, August 6.

Mr. E. Day has rented his farm to Lester Hico and will move to Arlesian City next week.

The Rogerson postoffice handled nearly 40 tons of parcel post during the month of July for Jarboe, Nev., and intermediate points.

Mrs. J. D. Fisher returned from Filer and will reside on her homestead south of Rogerson.

W. R. McMillan sold a number of hogs this week at 7 cents per pound.

Motor to Salt Lake—Jerry Higgins and Perry Spangler went to Salt Lake in their Ford. They stayed a week there, enjoying life in the Mormon city very much. They report that the first half of the roads are very rough.

Visitors From St. Louis—Mrs. E. Y. Gladney and three children and Miss Isabel Raymond, all of St. Louis, are visiting at the home of Mrs. Jeff Graves, the mother of Mrs. Gladney.

DISCARD PLANS FOR CORNUCOPIA

Buhl Business Men Will Work to Make Fair at Filer a Big Success

FILER.—Several members of the Buhl Business Men's association visited Filer on Friday last and brought with them the assurance that there would be no Cornucopia in Buhl this fall, in view of the fact that the date conflict with those of the Twin Falls county fair. Buhl will do all it can to make the Southern Idaho fair a success. The premium list is regarded by the citizens of Buhl as very generous. Another month will see the fair grounds completed and ready for the festivities, which begin September 19 and last for five days. The 1300-foot stock stables on the north side of the grounds are complete. The splendid race track, Higgenbotham & Ellis, contractors building the six exhibit palaces, are well along with their work, and the grandstand, being constructed by the Edwards Planning Mill, is almost completed.

The Filer band is giving weekly concerts in the bandstand at the intersection of Yakima avenue and Main street every Saturday evening. In order to assist this worthy organization, a benefit ball is to be given Saturday night, at the Tanager hall.

In response to a telegram announcing the death of her mother, Mrs. J. W. Tanner left on Friday night for Wichita, Kan. Mrs. Tanner was joined by Editor Tanner at Lava Hot Springs, where he had gone for the benefit of his health.

Filer's quota of aspirants for the political offices of Twin Falls county consist of James Fitzgerald, Democrat, and Norman Barker, Republican, for state representatives; W. E. Alworth, Democrat, for state senator; Fred Drake, Republican, for county coroner, and T. E. Moore, Republican, for county commissioner of the First district. Mr. Moore is the only candidate in the county who will have no opponent in the primaries.

Messrs Rathbun and Ashton of Twin Falls have purchased from W. M. Maurer the Filer Meat Market, and are now in possession.

The 80-acre farm of William Bell, in Washington district, west of Filer, was sold on Tuesday to Emil Sommer for \$14,000. Mr. Sommer takes possession October 1, when Mr. Bell and family will move to Haxton.

Miss Davis of St. Louis, sister-in-law of Mrs. George Davis, is visiting relatives in this vicinity. Miss Davis is national secretary of the Young Women's Christian association.

Police Judge A. J. Ripley has recovered from an acute attack of stomach trouble.

The teaching staff of the Filer public schools for the following term has been elected as follows: Superintendent, John Bracken, history; E. H. Widdow, mathematics and science; Mamie A. Higgs, English; Miss Dora Williams of Gooding, household arts.

In the grades will be: Mrs. George Fatten, Miss Lorena Case, Miss Rosemary Beattie and Miss Lyle Feck, both of Emmett, and Miss Ethel Case, Miss Mabel Diffenderfer and Miss Esther Maxwell.

A Slumber Party.—Miss Fern Emes was hostess at a delightful slumber party Thursday evening in honor of her house guest, Miss Grace Bower of Rock Creek. After a theatre party the guests enjoyed a delicious four-course luncheon. The honored guests were: The Misses Grace Bower, Edna Beauchamp, Emily Wall, Florence Hill, Cora Hardege and Corinne Taber.

The business men who looked at the system expressed themselves as highly pleased and the following opinions were given voluntarily:

S. Straus, clothier, said the water looked as good as could be expected. He had thought that he might expect the water to look much worse, but no one could expect to see better water.

W. T. Wood of the Diamond Hardware company said that the water certainly looked good. A few fish had recently accidentally gotten into the pipes, but that had been the first time in eight years that he had found anything in the pipes but pure water.

C. L. Hart of the Idaho Department

Store said that there was no excuse for any adverse publicity on a water system hurt.

H. J. Pulling, vice-president of the Twin Falls Bank & Trust company, said that the reservoir looked clean and in good shape. The new double screen will help immensely to keep the water cleaner.

J. McMillan, secretary of the Commercial club, said that the water looked far better than they had expected. The chlorine certainly will purify it and make it absolutely safe from any impurities.

Tells of Chlorine in St. Louis
Samuel Hart of Hart's store said that the water looked all right. He had been in St. Louis when they had installed a chlorine purification plant, and the people there had objected just the same as they have here. Now the water here is fine and pure and the people are thankful for the chlorine process.

W. S. Mallory, justice of the peace, said that he did not see a thing wrong with the water system. Did not see how it could be bettered. Had seen many other reservoirs and this is as good as any he had seen. Had been in St. Joseph and St. Louis, and Twin Falls water beats theirs.

Carl L. De Long, attorney, thinks that the council has done exceptionally well. He thinks in time that some extensions may be made, but with the means at hand, the water is in far better condition than ever before, and the council is to be commended.

R. C. Leitch, real estate agent, says that he does not see how the present system could be improved with the means at their disposal. It certainly looks sanitary.

George Ayers, barber, said that the water certainly looked all right to him. He uses it for barbering purposes and had not had a kick on it, and had no personal fault to find.

Better Than Looked For
Harry S. Cowling, towns, said that the reservoir looked good to him. It was cleaner than he expected. In time he thought that it should be cleaned all around.

George W. Hoover, real estate dealer, said that the water looked pure and good to him.

J. W. Euler said that the system looks all right and the water appears to be pure.

The party returned to town, after having made a thorough examination of the reservoir and chlorine plant and were well satisfied with their trip. That Twin Falls has an excellent supply of pure water, handled in a sanitary manner, and that past troubles are largely eliminated was the consensus of opinion among those who made the trip.

HELP NEEDED BY MOTHER OF FOUR

WORTHY WOMAN SEEKS QUICK ASSISTANCE

She Is Anxious to Work—Separated from Husband—Stranded With Four Young Children to Care For.

Through no fault of her own, but only as the result of the fickle ups and downs of fortune, Mrs. Rosetta Brooks is here in Twin Falls, a frail little woman, with four children depending upon her for their daily food and with little or no work to keep them from starvation.

Mrs. Brooks' story discloses a condition that is really pitiful. Four months ago she and her little flock were happy at Payette with her husband, George Brooks. The wife went with the four children to Delta county, Colorado, and has not heard from Mr. Brooks since. He is said to have gone to Boise to work in a sawmill there, but inquiry by the chief of police and others in Boise has brought no response.

Not having heard from her husband, Mrs. Brooks started back towards Idaho and finds herself today in Twin Falls, alone with her four children, and with little or no work to provide means to feed them. She only needs work; charity is not asked, but she must have work to do or the kiddies will go hungry.

Able and Willing to Work
Mrs. Brooks is able to do washing or housework. Last week the family lived upon the proceeds of two small washings, and up to date there is little prospect of bettering it.

Those who wish to help her may hire her to come to their homes, or may ask her to take their washing to her cottage. Among their remaining possessions are a wagon and a horse, and with these the oldest boy has been delivering such washing as the mother has been able to obtain.

Those who wish to help keep the wolf from a door which shelters four homeless children and a frail little woman may find her at No. 761 Second avenue north, and any one knowing anything of her husband, George Brooks, will confer a lasting favor by letting her know of it. Brooks works by trade, but might be at almost any laboring man's job.

CITIZENS INSPECT WATERWORKS
(Continued from page one.)

lied. The water in this is a beautiful greenish blue and clear as an emerald. The reservoir carries about one million gallons of water during the day and about one million gallons at night. The reservoir had been recently cleaned and a new double screen had been inserted in front of the outlet, so that fish cannot possibly get into the pipes. This double screen is set in a concrete floor six inches thick.

The business men who looked at the system expressed themselves as highly pleased and the following opinions were given voluntarily:

S. Straus, clothier, said the water looked as good as could be expected. He had thought that he might expect the water to look much worse, but no one could expect to see better water.

223 Shoshone St. So. Twin Falls, Idaho

BALL GAME SUNDAY WILL BE FOR BLOOD

SHOSHONE, COMING HERE LOOK-
ING FOR SURE VENGEANCE

Visitors Vow to Return With Twin
Falls' Scalp at Their Belts—
Home Aggression Is
Strong

Sunday will be a big day among baseball fans in Twin Falls, for one of the banner games of the season will be played here. Down on the Twin Falls diamond there will be a struggle to the death, the one side being the home team and the other the very best talent that Shoshone can bring with them. The Shoshone boys have been told by their wives and sweethearts that they must return with the scalps of the Twin Falls team at their belts or they need not bother to return at all, and the visitors are determined to go their best. Knowing that a hard struggle is booked for the coming Sunday, Manager Christina has mustered his braves each night this week for practice, and they have chased the festive horseshoe until dusk sets in. No task has been too heavy for them to undertake in the line of training, and when the line is mustered on Sunday it will be the very best that Twin Falls has.

The lineup of the home team will be as follows: M. P. Robinson, left field; Jack Anderson, center field; Dave Graves, second base; Charles Graves, right field; "Dad" Doran, first base; Bob Whitel, shortstop; Bruce Watson, third base; Harley Butler, catcher; either Barney Hart or Tyler Christian will pitch.

Old-Timer Back in Game

M. P. Robinson is an old-time Twin Falls player who has been playing recently with Rupert. Robinson is a veteran player and is not only a good, steady fielder but is also a good base runner. Jack Anderson, in center field, has promised to pull down every fly that comes his way, and it will be strange if he does not drag forth the applause of the grandstand many times. The Graves brothers and "Dad" Doran will be depended upon to pull the home line out of the hole if they should crawl into any bad situations, for their records are above average at batting.

Bob Whitel, at shortstop, is not only a heady player but has shown great improvement with the stick in the last two games. Bruce Watson, as third, is a young player, but is showing fine form. He is fast on his feet and it will take a swift short-out to beat him to first base.

Harley Butler, catcher, one of the few men in this territory who can stop the cannon balls of the swift-winged Hart, or who can be relied upon to grab any ball, is a real find. In-and-out gliders of the crafty Christian. Christian is an old-time league player, having come to Twin Falls from the "cotton" league, where he played with Oakland for many seasons, being bought from Galveston, Texas.

BIRTHS

To Mr. and Mrs. A. E. Averne, four miles southeast of town, a son, Friday, August 11.

To Mr. and Mrs. A. B. Newton of Eden, a daughter, Thursday, August 10.

HOLD PICNIC AT SHOSHONE FALLS

Hansen Young People Enjoy Splendid
Excursion on Saturday
Night

HANSEN.—The Young People's class held a picnic at Shoshone falls last Saturday night, taking advantage of the full moon and the warm evening. They made the trip from Hansen to the falls in buggies and on arrival there picked out a good spot for supper. A huge fire was built and the party gathered around it to roast the "weinies." Sandwiches, cake and pickles completed the first course, which was followed by a delightful marshmallow roast. The absence of the falls, except just one small stream, made the place seem rather deserted and unfamiliar, but, in spite of this, a good time was enjoyed by all. The party was in charge of the north side group.

C. P. Wertsbaugher, unloaded a carload of Grant Six cars at the Hansen station last week. He is agent for the Omaha market, so he had to send them in charge of another party.

Rev. J. B. Franck of Twin Falls will hold a service in the Hansen church next Sunday night. He is bringing with him from Twin Falls special music, which includes a mixed quartet, as well as several instrumental numbers. The music for the service will include two numbers by the quartet, one vocal solo and one cello solo, also one cornet solo. With such a musical front promised, a large attendance is assured. Rev. Mr. Franck says that the sermon will be a strictly gospel sermon, and not doctrinal.

that the Pacific Wall Paper and Kalsomine Cleaners clean old work like new? Ask your neighbors, or give us a call. Demonstration free. Tel. 291-W. Mr. Gordon—Adv.

GETS GOOD CROP OF ALSIKE SEED

Kimberly Man Has Profitable Yield
—Eighty-five Bushels From
Eight Acres

KIMBERLY.—A. G. Ellis, who operates a clover huller, reports his best seed crop of alsiike threshed for George Wise, who had 85 bushels of seed off of eight acres, thus making about 10-12 bushels per acre. Quite a number are running from six to eight bushels per acre. The present price of 16 cents per pound makes it a very profitable crop.

Wheat and barley crops are making from 50 to 70 bushels per acre and all are of a very good quality.

W. A. Gill and family and W. E. Lewis and family left this morning for a camping trip northeast of Ketchum, expecting to be gone until Sunday.

The young people gave a surprise party for Mr. and Mrs. J. D. Tucker at the latter's home Tuesday evening, at which about 30 were present and refreshments were served. Mrs. Tucker expects to leave for Missouri to reside about next Wednesday.

The school board met Monday evening and decided to open the fall term of school on September 6. Temporary rooms will have to be rented until some time the latter part of October, from present indications.

C. T. Brown, H. M. Vanderpool and W. H. Turner and their families expect to leave the last of the week for the Stanley basin country on a hunting and camping trip.

The school teachers are expected to arrive the last of next week and be ready for their duties. A larger force than ever will be employed this year. New school wagons have been ordered and the country children will be well taken care of in their transportation.

MONEY

\$18.50 REPAYS \$1000

If paid monthly for 6 years. Shorten the time and increase the monthly payment, or lengthen the time and make smaller payments. See us for loans, city or farm.

Twin Falls News

FORWARD! MARCH!

(Continued from page one.)

du dust. Vegetation along the route, at this season, is almost tropically luxuriant in places.

At Hanchuan the Idaho regiment will spend three weeks or more at target practice. Its return to Nogales is indicated. Tents were not struck when the regiment left Camp Stephen Little and five men from each company were left there to guard the property. Those left by Company D are Quartermaster Sergeant John H. Smith, and Privates Charles H. King, Vernon W. Dobbs, Orris Cryder, Arthur M. Bowen and E. J. Miller.

Prior to the departure of the Idaho regiment, Company D completed its new screened kitchen and dining hall, working one evening until dark. With the exception of that of the Boise company, new kitchens for each of the Idaho regiments are finished. Directed by Robert Hampton and Mess Sergeant A. D. Bonds, the Twin Falls soldiers, experienced or not in building pursuits, worked with a will until the hall was finished. Dinner and supper on Wednesday were prepared for Company D by Charles H. King, formerly first cook of the organization. Four big cakes, each two feet square, were served, two at each meal. Roast meat, baked beans, soup and cocoa or lemonade completed the menu—all prepared in the field kitchen.

Pay Day—at Last
Just before leaving, the Idaho soldiers received their federal pay. Paying began at 9 o'clock in the evening and continued until after midnight. Those who were members of the regiment when it was called out, on June 19, received pay from that time, while those who enlisted later were paid from the date of mustering in. July 3. Troops were jubilant when the backhane of the financial stringency that had held them in its grip for weeks was thus broken.

Men on the march are carrying, besides their rifles and sidearms, their haversacks containing individual mess kits and 30 rounds of ammunition, issued Wednesday night. Their bed rolls, containing shelter half, poncho, two blankets for each man, towels, etc., are carried in transport wagons operated by the supply company. Company officers are not mounted, but trudge along with the men.

The regimental band is to give a concert each evening during the march. Colonel Edoulette has guaranteed attendance of the whole regiment on these occasions.

Two ambulances and members of the medical corps trail along behind the marching regiment, ready to give prompt attention to any that might drop out.

"Pup" tents, or shelter tents, accommodate two men each. They are merely shelters for sleeping, raising in front to a height of about three feet and sloping to the ground at the back.

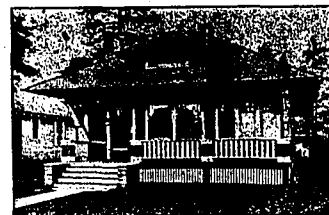

First Lieutenant Charles H. Kregel of Company D, recently detailed as assistant to the division quartermaster, has been ordered to proceed

to San Francisco to purchase \$300,000 worth of lumber and furnishings for base hospital at Nogales. He is authorized to make purchases without further conference with superior officers.

ANNOUNCEMENT

The ladies of the First Baptist church are arranging to serve a big dinner to the public August 30, on the occasion of the visit of the Belle-Floto show to Twin Falls. The place in which the dinner is to be served will be announced next week.

Seeks Information.—County Recorder E. J. Finch is in receipt of a letter this week from Waldemar Lindell, royal vice-consul for Sweden, at Portland, asking information regarding property of C. M. Johnson, formerly a resident here, and whose death occurred recently in Montana. The letter came in response to a request for aid in the matter from his mother in Sweden. Mr. Johnson plotted the Johnson subdivision at Piler, but at the time of his death owned no property here.

Home—the Original "Safety First"

"HOME" is defined as one's own dwelling place; the abiding place of the affectionate place of refuge and rest; where a thing or a person is usually found. The idea of PERMANENCE thus expressed is impossible in a rented building whose occupancy is subject to the whim of the owner. This lack of permanence, loosens the ties of sentiment, weakens the belief in the refuge of home, incites the thought of unrest and transience, and takes away the primal meaning of HOME—the protection of the young of the family.

To own one's HOME insures permanence and instills in the young mind that idea of refuge and protection so vital to morals.

Possession and ownership of the dwelling features a more free ability to secure living conditions which tend to health. Necessary changes can be made without having to molest the whims or desires of another person—the owner. The requirements of the owner's family alone are considered.

Home Building is our Profession. There's a lot about it that you should know before you build. It's our duty and pleasure to give you this information without obligation.

BACK FROM TOUR WELL SATISFIED

CANDIDATE FOR ATTORNEY GENERAL AGAIN AT HIS DESK

M. J. Sweeley, Republican, Declares Sentiment All Over State Favors View That This is a Republican Year

M. J. Sweeley returned Monday from a 10-days' trip to the northern counties of the state, where he was looking over the political situation, particularly with reference to his own candidacy for attorney general, and is in an enthusiastic frame of mind, both as to the industries of the state and the prospects of his nomination. To a reporter for The News he stated:

"It has been my experience during the past three weeks to visit a large portion of the state, and so far as business conditions are concerned, I am greatly pleased to report that they are gratifying in the extreme. As a rule, the crops that are now being harvested are excellent and this, with the good prices which prevail, puts the average farmer in a contented frame of mind.

"In the north the mines are more than ordinarily profitable, both to the mine owner and the employe, and the same is true in part as to the lumber interests.

"In a political way the opinion is freely expressed that this is a Republican year, both in regard to national and state affairs, and the feeling is very general that if the Republicans do not make mistakes in their nominations, the entire state ticket will be elected from Governor down.

"Personally, I met with the most friendly spirit every place I went and I have every confidence that I shall be nominated at the primary."

HONORING MISS HELEN PITCAIRN

Delightful Kensington and Pre-nuptial Shower at the Maxwell Home

A delightful Kensington and pre-nuptial shower was held by the members of the Y. W. C. society Tuesday evening at the home of Miss Jane Maxwell, honoring Miss Helen Pitcairn, who, the latter part of the month, will become the bride of Professor John Kostalek, head of the chemistry department at the state university at Moscow.

The guests worked upon gifts for the honored guest, while music was furnished by a large Victrola. Miss Helen was presented with a handsome luncheon set and for some time during the evening the guests were busily engaged in writing letters of advice for the bride-to-be, and on which were designated the time at which these letters were to be opened. Delicious refreshments were served at the close of the evening.

ENGAGEMENT ANNOUNCED

Mrs. J. R. Conway and daughter, Miss Margaret, gave a most delightful matinee party Wednesday afternoon at the Idaho, followed by a tea at the Rogers and Hart. Twenty-five guests were seated at the beautifully appointed table. The centerpiece for the long table was a large basket of ferns and beautiful red and white roses, around which rested a large white heart. A little cupid stood amongst the roses, with his bow and arrow pointing toward Miss Mildred Conway. Smaller baskets similar to that used as centerpiece adorned the table. The place cards were in red and white and beneath each plate were the cards of Mr. John Seymour Green and Miss Mildred Conway, joined by tiny red hearts. The finding of these cards was announced by the exclamations of surprise and delight from all the guests. Seated at the table were Mrs. H. S. Green, Mrs. Conway, Misses Margaret and Mildred Conway, Mesdames Scott, Hoss, Bolton, Alexander, Misses Williams, Dwight, Ames, Costello, Wilson, Ostrander, Warner, Baker, Cox, Berger, Wall, Thomas, Putnam, Milne and Hart. Both Mr. Green and Miss Conway are prominent in the younger social set in the community. Mr. Green is the son of Mr. and Mrs. H. S. Green, recently from Morrison, Ill., but now living in Clover, where H. S. Green is manager of the High Line Seed Farms.

FOR STATE SENATOR

—Photo by Flower.

SAMUEL P. ATHERTON,
Republican Candidate for the Nomination of State Senator

To the Taxpayers of Twin Falls County: In my canvass for the office of state senator I am very often asked my position on the question of "county division," and, deeming this to be a proper question, it is with pleasure I make the following statement: I believe in Twin Falls county as now constituted and that any division of it would be a detriment to the part succeeding as well as the portion remaining. I am therefore opposed to any division of the county, and if elected will do all that is within my power to prevent the same.

Adv. SAMUEL P. ATHERTON.

SUNDAY IN THE CHURCHES

First Presbyterian

The pastor, Dr. J. F. Shepherd, will preach at 11 a. m., subject, "Worldliness, What It Is." In the evening the church will attend the union temperance services at the Idaho theatre. Sabbath school and Endeavor meetings at the usual hours.

Lutheran

Divine services at the Lutheran church next Sunday morning at the usual time. Sunday school at 10 a. m. Services in the English language in the evening at 8 o'clock. Sermon subject, "Baptism." Come and worship with your family. J. A. Schlichting, pastor.

First Church of Christ Scientist
230 Third avenue east. Sunday services 11 a. m. and 8:15 p. m. Subject of Bible lesson for August 20.

MASS MEETING OF TEMPERANCE FORCES SUNDAY NIGHT AT IDAHO THEATRE

IT HAS BECOME EVIDENT THAT IF IDAHO IS TO RETAIN HER PRESENT UNPARALLELED PROHIBITION LAW, AND TAKE THE PROHIBITION QUESTION OUT OF POLITICS IN FUTURE YEARS BY ELECTING THE CONSTITUTIONAL AMENDMENT, THE DRY FORCES MUST LINE UP FOR A FIGHT. THE LIQUOR INTERESTS OF AMERICA HAVE TAKEN STEPS TO DEFEAT PROHIBITION IN IDAHO, AND ARE CIRCULATING THOUSANDS OF PIECES OF WET LITERATURE EVERY WEEK IN IDAHO. THEY ARE IMPORTING SALARIED BOOTLEGGERS TO WEAKEN THE DRY SENTIMENT, AND THEY PLAN TO SWEAR IN THOUSANDS OF FRAUDULENT VOTES, IN PRECINCTS WHERE THE ELECTION OFFICERS ARE WET AND THE DRY FORCES NOT ORGANIZED.

IF YOU WISH TO HELP KEEP THE STATE FROM GOING WET, COME OUT SUNDAY NIGHT AND IN THIS WAY HELP TO STIR THE INTERESTS OF THE DRY FORCES OF TWIN FALLS COUNTY INTO ACTION.

ADV.

"Mind." Sunday school at 10 a. m. Wednesday evening meetings, devoted mainly to testimonies of healing in Christian Science, begin at 8:15. The reading room in the church is open from 2:30 to 4:30 p. m., except on Sundays and holidays. Here Christian Science literature may be read and obtained.

Baptist

Services at the Idaho theatre. Rev. O. T. Anderson is the preacher for August. Sunday school, 10 a. m.; sermon, 11 a. m. "The Divine Summons." B. Y. P. U., 7 p. m., union temperance services, 8 p. m. There will be an important business meeting of the church at the close of the morning service. All members are urged to be present. The public is cordially invited to attend all the services.

PROGRAM FOR CONCERT

The following excellent program is announced by Director Balch for the regular weekly concert at the city park tonight:

1. March, "Barnum and Bailey's" King
2. Overture, "Sky Pilot" Laurendeau
3. Excerpts from "Chimes of Normandy" Flauquette
4. Sextet from "Lucia di Lammermoor" Donizetti
5. Gloria from 12th Mass. Mozart
6. March, "Gentry's Triumph" Verdi
7. Pilgrims' Chorus, "Il Lombard" King
8. March, "Counterpoint" Verdi

Liver Trouble.

"I am bothered with liver trouble about twice a year," writes Joe Dingman, Webster City, Iowa. "I have pains in my side and back and an awful soreness in my stomach. I tried Chamberlain's Tablets and heard them by the time I had used half a bottle of them I was feeling fine and had no signs of pain." Obtainable everywhere.—Adv.

BACK ON THE JOB AND READY FOR CAMPAIGN

O. P. Duval Returns from Contact and Will Get into Shape for Fight

O. P. Duval, Republican candidate for the nomination of probate judge, returned this week from Contact, Nevada, where for the past month or so he has been engaged in operating the mercantile establishment of W. A. Kent during the absence of the latter.

He states that he is now back to stay, and for the next few weeks or months, as the case may be, will devote his efforts to matters political.

ALL BOY SCOUTS TAKE NOTICE

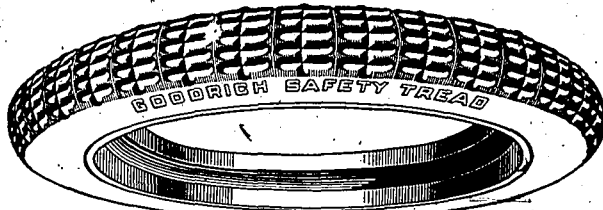

Every Boy Scout in the city and every one who desires to be a Scout is urged to be present on the Presbyterian church lawn Friday evening at 7 o'clock sharp. All boys will then be arranged in three troops, scoutmasters chosen and plans for training the band considered, with other important matters. The people of the city and country around are asked once more, in order to complete the car of magazines, to place all such publications in a convenient place for the boys to gather them next Saturday. Help the boys in this.

GRAIN AND SEED STORAGE

HAVING increased our warehouse and elevator facilities, we are able to accept a limited amount of wheat and seed for storage. A charge will be made for handling and insurance, and a warehouse receipt issued, which can be used as collateral, if desired.

TWIN FALLS MILLING & ELEVATOR CO.

AND BRANCHES

Three Million Auto Tires made— by GOODRICH, in year 1915

STUDY the Price-List publicly printed below.

Compare with the List-Prices of other Tires made in LESSER

Volume.

Observe that competing Prices are higher in almost the exact proportion that VOLUME of production is smaller.

This, when Quality approaches the Goodrich Standard. Cut our 1916 Tire Output (of 3,000,000 Auto and Truck Tires) to One-third, and it would still far exceed the Average of all Competing Makes or Brands.

But, that huge reduction in Volume MIGHT result in every Tire we made costing you One-third MORE than present prices.

They would not,—and could not,—be BETTER Tires, at this necessarily higher-cost of U.S., and higher-price to You.

Because,—Goodrich Tires are not made "up to a price,"—nor "down to a price."

WE, first of all, make the BEST Fabric Tires that our 47-year Experience in Rubber-Working,—our huge Purchasing Power, and the most Advanced Equipment, renders possible.

Then we let Cost fall where it will.

To that Cost we add a moderate, and fair, Profit for Ourselves and for our Dealers.

Then we let VOLUME rise,—as it will.

The more Tires we Make, the LESS each Tire COSTS us to produce,—and the less it costs YOU to buy them.

The more Tires we Sell, the less profit, per Tire, WE NEED, for dividends.

The more Tires we make, the better we KNOW HOW to make them,—the more we have at Stake on Quality,—and Satisfaction to Consumers.

And,—because of all this,—

—The BEST Fabric Tires that Skill,—Experience,—Good-Faith, and Maximum Volume, can build,—are now available to YOU at the VERY MODERATE Fair-List Prices here quoted.

Why pay more for ANY Fabric Tire?

THE B. F. GOODRICH CO., Akron, O.

Goodrich "Fair-List" Prices

NOTICE.—These Tires are as perfect as Fabric Tires can be made. But, should any dissatisfaction whatever arise, with any Goodrich Tire, its Owner is invited, and REQUESTED, to take the matter up promptly with us,—the Makers. He will find that Fair, Square, and LIBERAL treatment will always be extended, on all proper adjustments.

					\$22.00					\$37.35

GOODRICH —Black "Barefoot" TIRES

"TEXTAN"—Does for your SHOE Soles what black "Barefoot-Rubber" does for Goodrich Tire Soles.

—Wears longer than Leather!
—Is Waterproof!

—Is Non-slippery!
—Is Lighter than Leather!

—Is more Flexible than Leather!
—Is EASIER on your Feet!

Ask your Shoe Dealer, or Shoe Repairer, for Textan Soles on your next pair of Shoes.

THE OLD OVERLAND TRAIL.—BUFFALO BILL, WAGON-MASTER.

PERSONALS.

Mrs. Nellie Bedford spent Sunday with friends in Buhl.

Mrs. William Stockinger of Hailoy spent Sunday with friends here.

Frank Lindsay and family have returned from Buhl to live here.

Mrs. Ila Collier of the I. D. store force, is spending her vacation in Percutia.

Bon Powell of Burley is a surgical patient in the Twin Falls hospital this week.

Miss Pearl Dolis of Carey was operated upon Monday morning for appendicitis.

Glen Jenkins and Vego Parks left Sunday for a vacation outing in the Hailoy country.

Mrs. N. I. Jordan of Buhl has been the guest of Miss Blanch Galloway during the week.

George A. H. Horace of Caldwell and Miss Gertrude Kasten of Buhl were married August 15th.

A fine seven-pound daughter was born Saturday morning to Mr. and Mrs. Fred E. Drake of Elmer.

H. F. Fitzpatrick spent last Sunday in Twin Falls, where he has business interests in American Falls, Id.

Mrs. Frank Murray has been visiting Mrs. Hanson and Mrs. Fitzpatrick of American Falls for a few days.

Fred Kobs, dry goods manager at the Jenkins & Co. store, is in Wisconsin on a business and pleasure trip.

Lee Johnson of Hagerman, Jean Wisener and Lester Suite were operated upon last week for appendicitis.

Mrs. W. L. Ludwig and Miss Christine Frasier of Salt Lake are visitors at the home of Mrs. E. A. Hibbard of Twin Falls.

Mr. and Mrs. Albert Larrick of Cincinnati, Ohio, visited this week at the home of A. J. Bockewitz, on Second avenue north.

T. F. Murray, accompanied by his wife, visited in Salt Lake last week. They report having had a good time in the Temple City.

Miss Ida Cracraft, superintendent of the Twin Falls hospital, is enjoying a visit from her sister, Miss Ivy Cracraft, of Salt Lake City.

Lawrence Cies, accompanied by Mrs. Cies, has returned from a two-weeks' business trip. They went to Idaho Falls, also to Salt Lake City.

Work was begun this week on a new \$4500 home for J. A. Barrett, local manager for the Studebaker company, to be erected at the corner of Tenth north and Shoshone.

E. F. Goss, recently appointed assistant professor in the dairy department at the University of Idaho, made a short visit to Twin Falls Tuesday. He and Mrs. Goss are on their way to the University City from Ames, Iowa.

Yale Spangler, former Twin Falls young man, is visiting friends here. He is now engaged, with his father, R. W. Spangler, in publishing the "New West," a snappy, enterprising magazine, at Salt Lake City.

J. A. Barrett, manager for the Studebaker company, left this morning on a tour of inspection of the branch houses of his company throughout the southern part of the state. Hailoy and the Raft river country will be a part of his itinerary.

"DRYS" OPEN CAMPAIGN IN TWIN FALLS COUNTY

Superintendent of Anti-Saloon League to Address Sunday Audience at the Idaho Theatre

The opening gun of what is described as a campaign of education on the part of the dry forces of the state will be fired on Sunday evening at 8 o'clock at the Idaho theatre, when State Superintendent L. W. Wells of the Anti-Saloon league will be the principal speaker.

Mr. Wells states that, while there is no question as to the supremacy of the dry forces, the liquor element is busy all the time, and there is grave danger of the subduing of the general public on the question, actually defeating the will of the majority at the forthcoming election.

DRESS the CHILDREN FOR SCHOOL NOW

Ding Dong! Ding Dong! the school bell will soon ring. Before it does, dress the children, so that they may start to school with glad hearts. We like children in our store. Bring them in. We know that little folks are hard on clothes; and in selecting our children's goods we've looked out for WEAR and PRICE, as well as looks. Our fall goods are ready for grown-ups too.

Here Are the Styles You Need

If you examined the Fall Magazines or Fashion Publications, you have a pretty good idea of the styles as well as the character of fabrics that will be in demand from now on. So when we put forth styles as being "styles you need," we feel certain that you realize the importance of making early selections—of deciding upon your dressmaker and of getting the work started. We have never been so entirely ready to meet every possible style requirement as we are at this time. There are literally hundreds of exquisite creations to choose from. They may be had at any price you care to pay. They are styles, nevertheless, that you need if you expect to be in fashion, and they are styles you should decide upon as quickly as possible. Silks and Dress Woolens are now shown in the new ideas for fall. See them.

A Few Suggestions as to the Requirements of School Children

The wise mother prepares in advance; has everything ready for the children when they start to school. It saves so much worry and fretting at the last minute. Gingham, Percales, Chambray and dainty Wash Goods, to be bought now to be made up. Hosiery, Handkerchiefs, Undermuslins, Ribbons; in fact, now is the time to supply their needs. You'll find unusual reductions on a great many items.

HERCULES

MERE BEAUTY CAN NOT WIN BETTER BABIES CONTEST

CHILDREN'S PAVILION BEING ERECTED ON FAIR GROUNDS

Contest Open to All Youngsters of Southern Idaho Between 12 and 36 Months of Age—Mrs. J. E. White in Charge

Probably one of the most popular, and certainly one of the most important, features of the Twin Falls county fair at Filer will be the better babies contest, under the management of Mrs. John E. White. It is the beginning of a scientific movement to insure better babies and a better race, and consists of entering, examining and awarding prizes to children from 12 to 36 months of age on exactly the same principles as are applied at the big livestock shows.

Mere beauty will not receive much consideration in this contest. It is one time when it is better to be born rich in physical and mental development than to be beautiful.

Entries close September 16, and entry blanks will be mailed upon application to Mrs. John E. White, Twin Falls, R. F. D. 2. The contest is open to all babies in Southern Idaho between the specified ages, but the number of examinations will be limited to 50 in each class.

A special babies pavilion is being erected at the fair grounds and there will be a good program there daily. The awards will be made September 23.

To the highest scoring baby, boy or girl, in each division, will be awarded one dozen photographs, value \$10 per dozen, offered by the Blabbe studio. The committee reserves the right to object to any child which shows symptoms of contagious disease when presented for examination.

Local Briefs

Stork at Filer.—Mrs. F. E. Drake of Filer is the proud mother of a strong, healthy daughter, born Saturday at the Twin Falls hospital.

Typhoid Patient Improving.—Miss Edith Reynolds, residing on Fourth avenue west, is reported as improving, after a stage of typhoid fever.

Patton Pleads "Guilty."—Omar Patton of Filer was accused of assault by H. P. Hanssauer and entered a plea of guilty. He was fined \$10 and costs.

Survivors Broken Arm.—Dean Fisher, who resides south of Hansen, suffered a broken left arm last week when he fell off a load of hay while working in a field.

Accused of Bootlegging.—William Garbett was arrested Saturday charged with illegally selling liquor. He pleaded "not guilty" and will have a hearing on Friday.

Injuries Foot.—William A. Brown of Kimberly received a painful injury to his foot Saturday, when he accidentally ran a pitchfork through it while working in a hayfield.

Meets With State Board.—J. W.

Beauchamp, assessor for Twin Falls county, left Monday to attend the annual meeting of the state board of equalization at Boise.

Boy in Hospital.—Raeol, 10-year-old son of Mr. and Mrs. E. H. Childs, is a patient in the Physicians and Surgeons' hospital, where he had his tonsils and adenoids removed.

Eleven People in One Car.—Messrs. Melick and Boone drove Clear Lake Saturday on an outing and took with them in their Studebaker 11 people. They enjoyed the trip very much.

Entertain at Mountain View.—The members of the C. L. C. class of the Golden Rule Sunday school at Mountain View gave a program at the Shamrock schoolhouse last Saturday evening.

Visit to Boise.—Reynolds Lewis left Saturday evening for Boise for a week-end visit with Mr. and Mrs. William T. Wallace and daughter, Miss Madeleine Reynolds, formerly residents of Twin Falls.

Tennessee Visitors.—Mrs. J. B. Ingraham, accompanied by her daughter, the Misses Annie, Addie and Dorothy, and son, John, arrived yesterday from Chattanooga, Tenn., for a visit with Mr. and Mrs. S. M. Boone.

Miss Allen in Hospital.—Marguerite Allen, niece of Harry F. Allen, is in the Twin Falls hospital, where she was operated upon for the removal of troublesome tonsils. She is making satisfactory recovery from the operation.

Goes to Berkeley.—Miss Vivian Conover leaves tomorrow night for Berkeley, Cal., where she will renew her work at the University of California. Her sister, Miss Thelma Conover, will enter Rowland Hall at Salt Lake later in the fall.

Resigns Position.—M. D. Coleman has resigned his position as watermaster for the High Line Canal company at Clover and will go to Boise to look after business interests there. Mr. and Mrs. Coleman left Clover for Boise on Wednesday.

Twin Falls Boy Promoted.—Jacob Smith, son of Judge W. J. Smith of this city, visited his parents Sunday. He is at present employed in Reynolds Bros. garage at Filer and recently received a promotion in the form of a substantial raise in wages.

Davis Speaks Here Tonight.—D. W. Davis of American Falls, candidate for the Republican nomination for Governor, will speak in Twin Falls tonight. Mr. Davis is advocating a plan of his own to make this a taxless state and takes this opportunity to present his views.

Twin Falls Schools Opening.—The exact date of the opening of the Twin Falls schools has not yet been settled definitely, as the new building is not yet completed. It is thought, however, that the public schools will be opened in this city either September 11 or 18. The report schools will open September 4.

Making First Visit.—S. Hoy and J. C. Hoy, two brothers living in Kansas City, Mo., are visitors in the city this week looking over the country. This is their first trip here and they are unanimous in their expressions of satisfaction, saying that the country measures up completely with the advance press notices.

Birthday Party.—Mrs. E. H. Maher, residing in South Park, entertained some little folks Saturday in honor of the sixth birthday of her little daughter, Deacon. A merry afternoon, with its games and refreshments, was spent by the birthday children: Edwin Glen, Fannie, Laura and Yvonne, and Agatha and Nellie Fellum.

Home From Outing.—Mr. and Mrs. A. Guilbert, Miss Lena Eckert and Pro-

fessor Ivan Skougard returned the first of the week from a 10 day's outing above Guyer Hot Springs. They secured one of the Warfield cabins while there and enjoyed fishing, hunting in the mountains and bathing in the hot sulphur springs at Warfield.

Able to Return Home.—H. B. Sackett, one of the two participants in the canal bridge accident of last week, was able to leave Saturday for his home in Pocatello. While he had completely recovered from the nervous collapse incident upon the accident, Mr. Sackett still suffered much pain from his badly-lacerated hands.

Visiting Former Friends.—Mrs. P. R. Crow and family have been visiting this week with friends in Twin Falls, which was their home for several years. They are en route to San Diego, Cal., where the family will reside in future. P. R. Crow is now with the Second Idaho regiment at the border, being lieutenant colonel of the regiment.

Salt Lake Druggist Here.—Joy H. Johnson and family of Salt Lake City were registered at the Rogerson hotel the first of the week. The party was on route to Guyer for a few weeks' outing. Mr. Johnson is one of the partners in the drug firm of Scramm, Johnson & Co., who operate the largest chain of drug stores in the Utah Metropolis.

Walter Gets Good Position.—E. J. Walter, who for some time past has been commercial agent for the Idaho Power company here, has been offered a position in the business department of the Electric Light & Power company at Butte, Mont. His wife is visiting in Denver, Colo., and will join her husband in Butte, whither he expects to go on Saturday.

Back to Native Town.—R. J. Leth, a former Twin Falls boy, but who has recently been away at college, is back for a two-weeks' visit to his home town. He graduated from the state university at Moscow in 1915 and received his master's degree at Ames, Iowa, this year. He has been offered a position teaching at Ames college and will return to assume his position there about September 1.

Guest From Arizona.—Miss Marion Armstrong of Phoenix, Ariz., is visiting here, the guest of Miss Jessie McMillan. She has been visiting in California and went through Yellowstone park before coming here. On her return she expects to visit friends in Salt Lake City. She attended school with Miss McMillan and her father and James McMillan are old friends.

Chooses Twin Falls.—George W. Koob, representing the Bankers Life Insurance company of Des Moines, Iowa, has located in Twin Falls and will hereafter make this place his home. He had the choice of any territory and looked the state over in April. He decided, after seeing the whole state, that Twin Falls was the place he wanted to locate and he will move his family to this city.

Country Clubs Entertained.—Two of the country women of the Kimberly Pioneer club and the Addison Avenue club, were entertained Thursday, August 10, by Mrs. T. H. Irwin, at her beautiful country home on Adispa avenue. The topic was "Labor-Saving Devices," led by Mrs. D. R. Churchill, which was very instructive. Mrs. Irwin gave a humorous reading on the "Twentieth Century Labor-Saving."

Buhl Looking Good.—C. P. Wertzbaucher and C. V. Randall made a short business trip to Buhl Sunday. They report that the Buhl district is looking especially prosperous. Crops are well up and the whole neighborhood carries the air of being in good shape. Mr. Randall is a recent arrival in Twin Falls, having come here from St. Paul, Minn., and believes that Twin Falls is the town in Idaho with an excellent future.

Cupid Busy at Buhl.—During the

past week two couples from Buhl have been married here. R. E. Walker claimed Gertrude Vanzante as his bride on Monday. The young couple will live at Buhl in future, where he is a prosperous rancher. Arthur B. Fairchild and Miss Iris Leonard were married at Twin Falls Monday. The happy young couple arrived in Twin Falls on the early morning train and returned here tomorrow afternoon in the knot tied. They are both Buhl young people and will live in that place, where he is engaged in farming.

Resigns Position.—Miss Phoebe Pulenwidder, who for the past several months has held a position on the clerical force at the Idaho Department Store, resigned her position the first of the week and, after a few weeks of much-needed rest, expects to go to Salt Lake and into one of the large stores there.

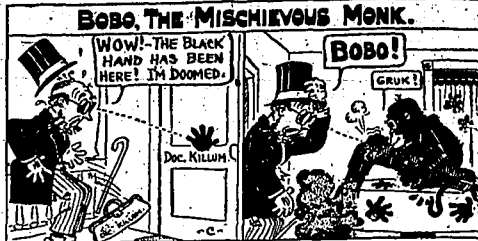

Losses Foot Under Train.—Poter June was brought to Twin Falls Friday evening from Rupert, where his foot was cut off by a train. The limb was so badly injured that amputation below the knee was necessary. June is reticent regarding the details of the accident, but stated that he was leaning against a boxcar when it started, which was switching suddenly bumped the car against which he was leaning and threw him under the wheels.

Suffers Painful Injuries.—Charles Post of Filer is in the Twin Falls hospital suffering from painful injuries to his left leg, which was crushed by a horse. When Mr. Post entered the corral at the Ehrhardt ranch, near Filer, the first of the week, a startled horse knocked him down and trampled his leg almost to a pulp. It was feared for a time that amputation of a portion of the leg would be necessary, but at last report the injured man was making satisfactory recovery.

To Buy Seed.—Indications of the mid-summer and fall clover seed harvest may be seen in the arrival of seed buyers from all parts of the state. Among the latest arrivals is Gus Voegeler, owner and manager of the Voegeler Seed company of Salt Lake City, who arrived the latter part of the week and is now on the north side looking after some farming property he owns there. Mr. Voegeler, who bought thousands of dollars' worth of seed in this section last year, will probably remain here during the whole season.

\$4000 Clover Crop.—Rogued and double rogued, the 20-acre field of white clover belonging to Dr. F. F. McAtee, which was threshed Friday and Saturday of last week, produced 13,200 pounds of particularly fine seed, worth of the present price offered of 30c per pound, \$3960. Dr. McAtee has had his crop insured and is storing it for a better price. He attributes his very good yield of 11 bushels to the acre to the fact that twice during the summer he put a crew of eight men in the field to pull out all weeds and other clovers. His yield is figured without taking out any space for the trees his clover being grown in an orchard.

Pioneer Passes Beyond.—After more than a year of invalidism, death came to Andrew W. McDougall Sunday morning at his home, 727 Second avenue south. Funeral services were held Monday afternoon at 4 o'clock, conducted by Rev. W. A. Harman, pastor of the Christian church. Besides the wife, Mr. McDougall left four daughters and three sons here and one son in American Falls. Another son, Ray, passed away only two months ago from typhoid pneumonia. Mr. McDougall came to Twin Falls 11 years ago and lived for some time on a farm near Curry. He was well known and highly respected throughout the community. The children left are Silas of American Falls, Lord, Preston and Floyd McDougall. Mrs. A. B. Haight, Mrs. Alice Patterson, Mrs. Nina Patrick and Miss Bertha McDougall, all of Twin Falls.

LAND BOARD WILL MAKE EFFORT TO CANCEL CONTRACT

ATTORNEY GENERAL AUTHORIZED TO BEGIN THE ACTION

Outcome Admittedly Uncertain, But View Is Held That Case Will Help Clarify Situation on Salmon Tract

Accepting the view that the outcome of a court action having for its object the cancellation of the contract now existing between the state of Idaho and the Twin Falls Salmon River Land & Water company, was more or less of an uncertain quantity, the state land board, in session Tuesday, nevertheless, passed the following resolution:

"That the attorney general be requested to bring suit in a court of competent jurisdiction to annul the contract of April 30, 1908, between the Twin Falls Salmon River Land & Water company, the settlers and the state for the annulment of said contract and the appointment of a receiver, said action based upon the non-performance of duty and the demands of public policy."

So far as can be judged, Governor Alexander attempted early in the proceedings to assume his customary position in the center of the spotlight, with results which, at times, furnished a paragraph or two in lighter vein and went far towards relieving the comparative monotony of the proceedings. Attorney O. O. Haga asserted that the bondholders were the indirect victims of political blackmail, "which was not without effect on timid officials." There was a brief but merry tilt between the attorney and the Governor over this.

The land board assembled at 10 o'clock, with O. M. Hall, E. B. Darlington and Attorney O. O. Haga representing the bondholders present, also several settlers, with their attorney, C. O. Longley.

Attorney Haga presented written objections to the board as to why the action should not be taken. In instituting such an action, he contended, the board was inconsistent. In June it had applied for a writ of mandamus compelling the canal company, against its will, to give water contracts to school land on the Salmon tract, affecting 6200 acres. Now, they would take drastic action against the company for alleged inability to irrigate land already in cultivation. The Governor's answer to the charge was that the board was human and had made a mistake in the application for the writ.

Accused Conflication

Attorney Haga also accused the settlers of the tract of desiring to confiscate the bondholders' property. At the close of Mr. Haga's remarks the Governor waved all others aside, and himself conducted the rebuttal.

During the afternoon session Superintendent of Public Instruction Miss McCoy and Secretary of State Barker assisted in getting a hearing for Mr. Longley and Mr. Peterson discussed the difficult legal phases of the problem confronting the board and both admitted that the board in an action such as was contemplated was plowing new ground.

It could not be predicted absolutely just what the court would do in such a situation, but it was generally agreed that the problems demanded immediate solution. At this point Mr. Longley offered the view, which was well

received, that, although the cancellation of the contract might have some objections and the outcome of such action might be uncertain, yet the respective rights of the parties concerned would be definitely determined.

MICHIGANDERS HOLD BIG ANNUAL PICNIC

Many Former Residents of Bay State Gather in City Park for Good Time

Eighty-five people who formerly lived in the state of Michigan gathered in the city park Tuesday evening for their annual picnic. Representatives were present from nearly all the nearby towns and communities. At 5 o'clock an entertaining program was given, followed by the big picnic dinner at 6. A large number gathered at the park in the afternoon and talked over Michigan days and acquaintances, while excellent music was furnished throughout the afternoon and evening by a large Victrola from the Logan Music House. The officers of the association are: C. W. Parks, president, and E. J. Finch, secretary and treasurer. Practically all who were in attendance volunteered the opinion that the picnic this year was the best and most enjoyable the association has held since its organization.

A special feature for the little folks was the birthday party for little Miss Dorothy Parks, whose sixth birthday occurred on that day. On a table especially prepared for the little folks was placed at her request a huge birthday cake, with six lighted candles, the youngsters helping her celebrate the event.

ENJOYABLE PARTY FOR MISS MILNER

A most enjoyable party was the kitchen shower given by Miss Vesta Thomas and Miss Byrd Wall Wednesday in honor of Miss Mary Milner, whose marriage to Charles Smith, son of Frank Smith, is to take place within the next few weeks. The guests gathered at the home of Miss Byrd Wall and soon after their arrival little Miss Peggy Wall and Master Billie Thomas appeared on the scene with small wagon load of hay for Miss Milner. At her direction the hay was unloaded at one end of the porch, and as she unloaded it she discovered many splendid, useful kitchen utensils of aluminum and other ware. A wedding trip was then announced, and Miss Milner was assisted into the wagon, which was drawn by Percy and Billie and followed by the other members of the party, rode in state to the C. D. Thomas home, where Miss Vesta Thomas and Miss Byrd Wall served a picnic dinner on the lawn.

BUSINESS SUSPENDED

F. F. Varney, the live canal man, who is on vacation, on Tuesday the suspension of all business in practically every store, office, shop and factory in Twin Falls. There's a reason, and it was "ice cream." Through the kindness of his heart nearly 300 business people of the city, doctors, lawyers, merchants, clerks, stenographers, bookkeepers and even politicians enjoyed a generous amount of ice cream made by Mr. Varney. Linotype, presses and all machinery in The News office stopped while printers, operators, reporters, bookkeepers and editors partook of the refreshing treat. Little paper dishes and small spoons accompanied each small and large freezer sent out.

The News knows a couple desiring to rent a small furnished house for the winter, beginning about October 1. They will take the best of care of everything. Perhaps some family intending to winter on the coast can accommodate them.—Adv.

A FOUR or five-room furnished house, close in, beginning about October 1, for the winter. Address E. L. care News.

PLANS ARE MADE FOR BIG INSTITUTE

TEACHERS FROM FIVE COUNTIES TO MEET HERE

Professor Werner of Albion, to Conduct Gathering—Well-Known Instructors to Assist in Making Affair a Success

Five counties, namely, Cassia, Minidoka, Lincoln, Gooding and Twin Falls, will be represented at the fourth annual joint institute to be held in Twin Falls during the week of August 28 to September 1, inclusive. Owing to the fact that the schools do not open until probably the 11th of September it was the desire of those in charge of arrangements for the institute to hold the gathering later, but with Labor Day coming the first Monday in September, and the primary election the following Tuesday, it was necessary to open the institute the latter part of August. Prof. John C. Werner of the Albion State Normal has been engaged as conductor of the institute.

Those promoting the interests of the institute have expressed much pleasure over the hospitality of the people of Twin Falls in making room in their homes for the out-of-town teachers, and the interest the business men of the city have shown in the arrangements for the institute.

The county superintendents and conductor are planning to make the institute as practical as possible by emphasizing the problems of the teacher along the generally accepted modern lines of education.

Most educators of today feel that it is the duty of the school to emphasize the study of the following lines: Physical education, vocational education, social education, moral education, and cultural education. A new feature of the institute will be the work in physical education.

Instructors for the institute have been chosen as follows: Dr. E. O. Sisson, Commissioner of Education of the State of Idaho, Dr. C. E. Rugh, Professor of Moral and Religious Education, University of California.

Prof. J. W. Hoppe, Department of Oral Expression, State Normal School, Cheney, Washington. Prof. Abile Louise Day, Supervisor of Primary Methods, University of Cincinnati, and Instructor in Primary Methods, Summer School University of California.

Prof. T. R. Nelson, Director of Music and Art, Payette Schools, and Instructor in Music and Art, Summer School, Albion State Normal School.

Mrs. T. R. Nelson, Assistant Instructor in Music, Summer School, Albion State Normal School.

Prof. Robert Krohn, Director of Physical Education, Portland Schools, and State University of Oregon Summer School.

One of the best demonstrators of the penmanship instruction.

of considerable land here. He is president of the Twin Falls Commercial club and, since January 1, has been a member of the board of directors of the Electric Investment company, recently taken over by the Idaho Power company.

Mr. Pailing came to Twin Falls from Randolph, Iowa, in November, 1909, and at once assumed the position which he will relinquish this month. He has always been engaged in the banking business, having been president and principal owner of the Randolph Institution for 17 years.

The Lumberman's National bank of Portland is one of the younger banking houses of that city, having been organized about eight years ago, but since its inception has made rapid progress. Its deposits at this time amount to around \$6,000,000. Its capital and surplus amount to \$1,500,000.

BLACK CAT HOSIERY FOR THE WHOLE FAMILY

WELL-KNOWN BANKER GOES

(Continued from page one.)

of considerable land here. He is president of the Twin Falls Commercial club and, since January 1, has been a member of the board of directors of the Electric Investment company, recently taken over by the Idaho Power company.

Mr. Pailing came to Twin Falls from Randolph, Iowa, in November, 1909, and at once assumed the position which he will relinquish this month. He has always been engaged in the banking business, having been president and principal owner of the Randolph Institution for 17 years.

The Lumberman's National bank of Portland is one of the younger banking houses of that city, having been organized about eight years ago, but since its inception has made rapid progress. Its deposits at this time amount to around \$6,000,000. Its capital and surplus amount to \$1,500,000.

LEGAL POINT

(Continued from page one.)

after a member of the legislature is elected he then becomes a state officer, for the reason that his duties are to the state, he is paid by the state and he is responsible to the state, but that, while a candidate for such office, he is to all intents and purposes in the class of those candidates who must accept within five days, for the reason that he is voted for wholly within the county, his nominating paper is filed with the county recorder, and the fees paid by him are turned over to the county treasurer. It is asserted that in the contemplation of the primary law he is in the same category as all other candidates to be voted for within the county.

Keen Interest Aroused

Considerable interest is aroused over the question, for the reason that if the contention is correct that legislative candidates are in the same class as candidates for county offices,

those candidates who failed to file their acceptances within five days after the nominating papers were filed will not be in position to be voted for at the primary.

It is understood that the matter has been submitted to the attorney general for an opinion.

GREATIER TIRE MILEAGE

Frequent use of our Sunday and week-end rates will add many miles to the life of your auto tires. It makes a nice change, too. Ask about our cheap excursions. Agent, O. S. L. R. R. Co.—Adv.

AUTO EQUIPMENT IN USE ALONG THE BORDER

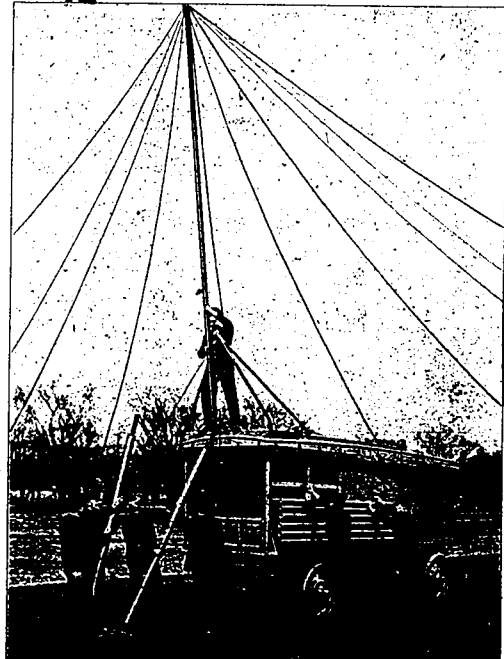

Wireless and First Aid Trucks Add Materially to the Comfort and Convenience of Every Branch of the Service

The "mobility of the automobile is seen to advantage in the manner in which the manufacturers met the situation which confronted the American troops at the beginning of the outbreak of the present border trouble.

Today the automobile is perhaps the biggest single factor in the entire Mexican trouble. Without it army officials hesitate to express an opinion as to just what would have happened.

The Mexican troops are no less up to date than the American in their grasp of the possibilities of the automobile, but are handicapped, of course, in their efforts to compete with the modern efforts of American manufacturers.

TWELFTH YEAR

TWIN FALLS, IDAHO, THURSDAY, AUGUST 17, 1918

NUMBER 37

FATAL PLUNGE OF IRON WORKER AT SUGAR FACTORY

J. S. WHITE OF SALT LAKE
MEETS DEATH BY
FALL

Was Working 57 Feet From Ground—
Portion of Steel Work Swings
Loose—Others Narrowly
Escape Fall

When one end of a steel truss slipped from its place near the canvas frame, 57 feet from the ground, at the new beet sugar factory at 9:30 Saturday morning, Joseph Spencer White, a structural ironworker of Salt Lake, fell to his death. Two other men working with him clutched a firm piece of the steel framework and narrowly saved themselves from a similar fate.

Among the workmen who rushed to his side was his brother, L. T. White, superintendent of the construction work for the J. S. Burke Construction company, who stated later that he felt sure his brother was instantly killed. However, a physician and an ambulance were phoned for and the men rushed to the Twin Falls hospital, but he had succumbed to death before reaching there. The body was taken to Crosby's undertaking parlors and, accompanied by the brother, was shipped to Salt Lake, City Sunday morning.

J. S. White was 29 years of age and was a wife and three children in Salt Lake; his mother, in Oakland, Cal.; his brother, L. T. White, and a sister in the eastern part of Idaho. His father died from injuries received from accidental shooting a few months before the birth of the boy, Joseph Spencer.

The brother, L. T. White, stated that it was more than 15 years' work as superintendent of construction in iron work, this, the death of his brother, is the first fatal accident to any man in his employ. The two brothers have worked together for 15 years, the older being father, brother and "pal" to the younger boy, and the tragedy Saturday came as a terrible blow to the bereft brother.

Accompanying the body to Salt Lake was a large and beautiful wreath, the offering of the employees at the sugar factory.

MEMBER 3D CUMBER- LAND ARTILLERY

"Dad" Pope Was One of the Original
Maryport Volunteers in Famous
Old English Regiment

Frequent mention is made in the Associated Press dispatches of the work of the Third Cumberland Artillery, one of the famous old English regiments in the fighting along the French front. In a recent issue of the Maryport News, published in Cumberland county, England, the name of Matthew H. Pope, better known in Twin Falls as "Dad," appears as one of the original Maryport volunteers who made up this company at its foundation.

Mr. Pope states that he was born and raised in Maryport and was just 15 years old at the time the company was organized, 58 years ago. Although he was too young to enroll at that time, he was so determined to join, together with his best chum, Peter Banks, that he was made drummer boy.

Came to America
Some eight years later Mr. Pope took ship for America, landing at New York city. He came west on the first Union Pacific train to make the through trip to San Francisco. His itinerary during the next few years included Portland, Alaska, and finally landed him in Salt Lake City, in 1872, where he was of the charter members of the Gentile League of Utah, which for years waged such a fight against the Mormon church. He was present at the first free-speech meeting at the high school auditorium on the Fourth of July of that year, as a demonstration against the federal law just then passed abolishing polygamy.

A nephew of Mr. Pope's was wounded when an English trench was blown up during the hard fighting of the first of the month. Besides fighting in France, the nephew was all through the Gallipoli campaign.

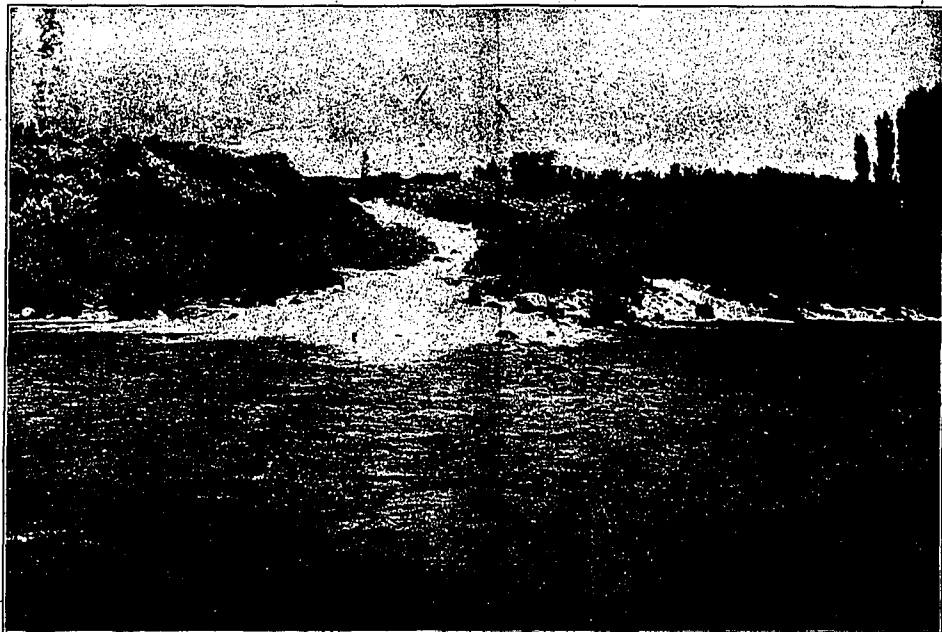

NOTED ENTERTAINER COMING NEXT WEEK

Under the auspices of the Twin Falls baseball club, Thomas Elmore Lacey, poet, actor, humorist, will be presented at the high school auditorium one week from tonight, Thursday, August 22.

The fame of Mr. Lacey as an entertainer, stage pyrotechnician and song humorist has spread all over the country, as he has appeared on the Orpheum circuit and before Chautauque audiences in nearly every state in the Union.

The proceeds from his one night's entertainment will go to the support of the baseball team.

YOUNG MAN HAS STRANGE ILL LUCK

A CONSOLING FRIEND RESPONSIBLE FOR SECOND ACCIDENT

Coming From Doctor's Office, After
Having One Injury Dressed,
Carl Liles Suffers Second
Injury to Same Hand

When Carl Liles left the doctor's office Sunday, after having a badly sprained hand dressed, he met a friend who stopped him to ask about the injured member. The friend was smoking a cigar and as they talked a spark from the cigar dropped upon the cotton dressings of the hand and set them afire. Before the two could put out the fire it had painfully burned the fingers of the bandaged hand and the boy was compelled to return to the doctor's office and have the burns dressed.

The accident which resulted in the sprained hand occurred when Liles, the association, the sessions of which were held last week in this city. The recent epidemic startled the public when the medical world admitted its absolute inability to cure the disease with medicine, and the newspaper reports produced somewhat of a panic in some sections of the country, due to the loss of confidence in the profession.

But now the osteopaths come forward and claim at this convention that as this fatal malady is distinctly a disease of the spinal cord, it which falls peculiarly in their field, as the spine is their greatest specialty. While it is recognized that osteopaths have been performing miracles in restoring paralyzed legs and arms, the general public had not grasped the fact that the osteopathic philosophy applied as well to the acute disease during epidemics as to the paralysis which follows after.

As there is not a hotel in Kansas City large enough to house the convention, the sessions were held in Convention hall. Nearly three thousand delegates were present. Dr. O. S. Snyder of Philadelphia, president of the Pennsylvania state board of osteopathic examiners, is the president of the association and presided at the convention. Dr. R. H. Williams of Kansas City is chairman of the general arrangement committee. Dr. Frank Farmer of Chicago is in charge of the program.

**FILER CITIZENS SEND
BOX TO THE FRONT**
For Filer boys at the front \$10.50 was collected this week from generous citizens for use in purchasing stationery, etc., says the Filer Journal. A package was shipped this week containing, besides a number of magazines, 300 stamps, 50 envelopes, 12 Kansas good paper, 50 1-cent stamps, 50 postal cards, 3 dozen pencils, 1 dozen penholders and 2 dozen pens. There is enough left to make another shipment soon.

FASHION SHOW WILL BE BIG ATTRACTION

Mrs. L. M. Snodgrass to Display Magnificent Gowns in Twin Falls

An air of expectancy is stirring among the women of Twin Falls over the announcement that a fashion show is soon to be held here, probably next week. This statement is made by Mrs. J. W. Craven of this city and Mrs. L. M. Snodgrass, sister of Mr. Craven, who is visiting here from her home in Tyler, Texas.

Rose Windsor, one of the most noted designers of gowns in New York, is a sister of Mr. Craven and upon this fact being learned by the women of Twin Falls, an enthusiastic request was at once made by many of them that some of those gowns be displayed in Twin Falls, if possible. Mrs. Snodgrass consented to secure a number of the gowns for the pleasure of the women of the community and is now arranging to have them on display at the Craven home, probably the latter part of next week.

Mrs. Snodgrass has been visiting in Twin Falls for the past few weeks and has become so attached to Idaho that when her husband wrote last week from Texas asking when she would start toward home, she immediately wrote him that she wished him to move to Idaho. To this request he readily consented, and they are now planning to live in Pocatello. Mrs. Snodgrass is most charming and gracious and has won many sincere admirers in Twin Falls society during her visit here. She has with her several of the gowns designed by her sister, and it was through their interest in these gowns that the women of Twin Falls learned of the work of Mr. Craven's sister, Rose Windsor. The fashion show will be in the nature of a social event.

OHIO MOTORISTS STOP OFF HERE

Homeward bound on a long overland trip, F. W. Siffert and sons Henry and Benjamin of Massillon, Ohio, stopped off in Twin Falls Friday. The party left home June 15 in an Overland, took the Lincoln highway to Chicago, drove on up to Minneapolis and came out over the Yellowstone trail. After touring the park, Mr. Siffert and sons came down to Mountain Home to visit a brother. They expect to go on to Salt Lake from here and plan to be home before school starts in the fall. Mr. Siffert is in the coal business in Ohio. He visited the Commercial club rooms while here and expressed himself as being greatly impressed with the size of the irrigated tracts of Southern Idaho.

RETURN FROM TRIP ALONG ALASKA COAST

Judge W. A. Babcock and Attorney A. M. Bowen, both of this city, have returned Tuesday from a trip to Alaska. The two gentlemen went to Seattle by rail, taking a boat thence along the Alaskan coast. They had a very enjoyable trip, viewing the shore line of Alaska, and seeing the chief seaports. The farthest north they reached was the port of Anchorage, where the government is busy building a federal railroad into the interior of the country. They traveled 4,000 miles by water and were sixteen days on the trip from Seattle. It was a pleasant vacation and both men had a fine rest.

ATTEMPTED ASSAULT FAILS

Monday afternoon an attempt was made to assault a thirteen year old girl at the Corcoran room in Twin Falls. The man made good his escape and at latest accounts has not been seen.

PAINFULLY BURNED IN SMALL EXPLOSION

MRS. G. C. WILSON INJURED WHILE USING GASOLINE

Arms, Face and Neck Burned—Was Rubbing Woolen Cloth—Spark From Friction Ignites Gas Fumes

While rubbing a heavy woolen skirt with gasoline, on the back porch of her home at 562 Fourth avenue east, Saturday, Mrs. Groves C. Wilson was painfully burned about the hands, face and neck when a small explosion of the gasoline occurred. Her condition is not serious, although she suffered much pain from the burns.

She had the skirt in gasoline in a pail and was rubbing it vigorously when a spark from the static electricity in the skirt, it is thought, set the gasoline afire.

POWER COMPANY REMODELS OFFICE

The offices of the Idaho Power company are being remodeled and modernized, and when the work of overhauling the building is completed, it will be completely modern in every detail.

Formerly the lower floor was divided into a series of smaller offices, these are now merged into one large office room and the subdivisions between the different offices are marked by low partitions. The front part of the downstairs room will be made into a display room, where the latest in fixtures and electric utilities will be shown. The auditing department will be immediately back of this and the officers of the company will have quarters in the rear of the room.

The upstairs portion will be made into commodious offices, which will be rented for business purposes only. It will be painted white and the walls lined with paper. The building will carry modern plumbing and will be heated throughout with steam. New floors are being laid both downstairs and upstairs and new stairway will be cut, which will permit an entrance on Main street.

RESOLUTIONS

Whereas, Our beloved sister, Dorothy Walker, was, on the 4th day of July, 1918, by the decree of an ever-ruling Providence, called from her earthly suffering to a home where pain and sorrow are unknown and where the weary find rest; Let it therefore be resolved, That it is with sorrow we thus part with our sister; we would emulate her virtues and bow in humble submission to the power of One who doeth all things well;

Resolved, That the sympathy of the Ladies Aid society of Hansen be extended to the bereaved husband and family;

Resolved, That these resolutions be spread upon the minutes of this order, a copy sent to The Twin Falls News for publication and to the husband and family.

MRS. E. R. SMITH,
MRS. M. W. KRUMHOLTZ,
MRS. ELLEN MCVEY,
Committee.

F. C. Dawson is back from a business trip to Portland, Ore.

TWIN FALLS BOY MEETS DEATH ON THE FIRING LINE

J. CHARLEY GIRDNER IS
KILLED "SOMEWHERE
IN FRANCE"

Was Well Known Here—Enlisted With
Canadian Troops Under Assumed
Name, That "Mother's" Might
Not Worry

From "Somewhere in France" a message was recently sent to the record office in Ottawa, Canada, and from there sent to Mrs. J. C. Girdner, residing near this city, telling of the death of their son, Charley, as he was familiarly called by his host of friends in this community. The message received here Saturday read: "Deeply regret to inform you that 464508, Private John Charles Potter, infantry, was officially reported killed in action August 2." Further information has not been received regarding the death of the boy, and the family does not know where he met his death nor what regiment he was with at the time.

This is the first word the family has had of him in more than a year. He evidently enlisted with the Canadian troops a year or so ago, and under an assumed name, that his mother might not know and worry about him. He took the maiden name of his mother—Potter—and it is thought he carried with him an identification card bearing his real name, that word might be sent his family in the event of his death or serious injury.

J. CHARLEY GIRDNER
Photo by Flower.

Had Friends by Score
Charles was 22 years of age and was well known throughout the community. He came to Twin Falls with his parents some ten years ago, when the city was in its pioneer state. He attended the local schools and graduated from the commercial course of the high school with the class of 1914. The Coyote, the official high school paper, in the 1916 edition says of him: "Football three years, basketball four years, president of class '09-'10, vice-president of class '12-'13, annual board '13'."

His parents and one brother are at present in San Diego, Cal. His brother Gordon is in Washington, the other brother, Dave, is here in Twin Falls. Mrs. George C. Walker, lives in Boise. His brother, Dave, has written the record office at Ottawa requesting that there be sent him any available information as to the date of Charley's enlistment, also the name of the company and regiment in which he fought and the place of his death and burial.

The members of the family have the deep sympathy of the community in the shock and bereavement they have suffered.

HORSES FOR TRENCHES SOMEWHERE IN FRANCE

L. T. Gardiner, horse buyer from Boise, who is purchasing horses and mules for the Caldwell Horse and Mule company, is in Twin Falls buying horses and mules, which will be shipped to Caldwell, assembled with others from other sections and shipped to eastern points.

Mr. Gardiner was rather reticent about the fine details of his business, but those purchased must meet the requirements of military horses for either artillery or cavalry, and it is a safe bet Charley's enlistment was mostly destined for use in the trenches, probably with the allied armies.

ENTERTAINED AT DINNER

Miss Blanche Galloway entertained at a charming dinner Saturday evening at the Rogerson hotel. A delightful menu was served, and covers were laid for Mr. and Mrs. C. Walter Miller and Mr. and Mrs. O. R. White of Buhl, and Mr. and Mrs. A. W. Husted. After the dinner the guests enjoyed a theatre party.

H. Arrowsmith to J. P. Patterson, \$375; lots 1, 2, 3, 4, block 111, Buhl.
Idaho Power & Light Co. to Electric Investment Co., \$10; power lines, etc.
Electric Investment Co. to Idaho Power company, \$10; power lines, etc.
L. E. Whitte to Zara T. Whitte, \$1; lot 18, block 2, Golden Rule addition to Twin Falls.

How McKinney Put Big Store Ideas Into a Small Town Business

The conservatives of Durango, Colorado, felt that McKinney, the cash clothier, was wasting money when he opened the first "modern fixture" store in the town.

When he gave away souvenirs and worked other modern advertising plans to attract customers, they were sure that these big store ideas would never go in a little town like Durango.

They prophesied that he would go broke, but instead of that, he built a new home, bought a motor car and enlarged his store.

Brains and Figure Facts—That's All

McKinney backs up his clever and progressive ideas with thorough-going knowledge of his business.

He doesn't have a complicated, expensive system of book-keeping, either. But he *knows* how much he spends and how much he makes every day—he doesn't guess.

Does it pay to advertise? Does it pay to carry this or that line of goods? Does it pay to hire an extra clerk?

McKinney can tell you—he's got the answer in dollars and cents.

And he gets it all in a half-hour each day.

The Big Idea That Makes All the Rest Possible

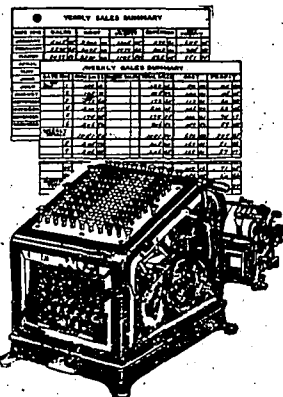

Two forms and a Burroughs Figuring Machine are the bed-rock foundation of McKinney's prosperity.

The totals entered in those forms are a complete record of his business and the basis of a perpetual inventory.

Every one of those totals represents many items added on the Burroughs—the machine that McKinney uses at different times during the day in handling his figure work mechanically. He says that without the Burroughs he couldn't handle the figures—it would take too much time and expense. But with the Burroughs the work is completed in thirty minutes daily.

With a Burroughs any merchant in any line of business can get the real facts that mean profit, and do it the shortest, easiest way.

Consult your telephone book or your banker for the address of the nearest of the 170 offices maintained by the Burroughs Adding Machine Company in the United States and Canada.

For State Representatives
LAWRENCE HANSEN
of Hansen Precinct

J. A. FITZGERALD
of Filer, Precinct

H. M. SIMS
of Twin Falls

Buhl will combine on county division candidates.

We must combine to nominate the two tickets above shown to beat division.

COUNTY DIVISION MEANS DISASTER! HELP STOP IT!

SEASON'S LARGEST CATTLE RECEIPTS

PAST WEEK A RECORD-BREAKER AT KANSAS CITY YARDS

Market in All Kinds of Stock Shows Good Gains—Rains Would Add to the Advance of Feeders

KANSAS CITY STOCK YARDS.—Total cattle receipts this week are the largest of the season at 46,000 head, yet the market made good gains, closing 25 to 40 cents higher than Monday and 10 to 20 cents above the finish last week. Killers had good orders the last half of the week and a great many stocker and feeder buyers have been in the yards all week. Shippers are cautious, and, although continued dry weather and, although the finish last week, the market should bring out a good run the first of next week, only a moderate supply is expected.

Good Cattle Gain.—Top corn and grass-fed steers sold at \$10 this week, and strictly prime cattle would go a little higher. The biggest gain was on the better grades of grass steers, such as Kansas wintered steers, the good ones now worth \$8 to \$9.75, and there are some big weight steers in this class that would bring \$9 or better. Straight grass steers, brought from Texas this spring, sell up to \$8, although only a few of them are at \$7.25. Medium and light weight Kansas and Oklahoma grassers bring \$6 to \$7.25. Top Texas steers in the quarantine division \$7.50 to \$9.50. Omeke wintered steers up to \$9.25, light Oklahoma quarantine steers, \$5.75 to \$7.10. Cows and heifers sell strong, best cows \$7 to \$7.50, fair cows \$5.75 to \$5.50, common \$5 to \$5.50.

Stockers and Feeders.—There has been a stronger demand this week, and the yards are well cleared, but prices are on a rather low basis, and a good general run would advance the market 50 cents in a day. Pretty good stock steers sell at \$6.40 to \$7.20, feeders \$6.75, a few cattle above these prices in each class.

Hog Prices Boosted.—A good order buying trade last week has boosted hog prices here 20 to 25 cents, top today \$9.50, bulk \$9.55 to \$9.75, lights up to \$9.70. Rough cove and coarse hogs are being purchased severely at some of the markets, but these sell right in with loads here, there being almost no throw-outs. Fattened brood sows bring 25 to 50 cents more here than in Chicago, where the bulk of sales runs from \$9.10 to \$9.85, and the whole list here is 50 to 70 cents above Omaha.

Sheep and Lambs.—The market is 25 to 50 cents higher this week and packer buyers have

had urgent orders all week. Offerings have lacked quality as a rule, although a five-or drive of good Idahos came in yesterday and sold at \$10.90, 67 pounds average, with a 5 per cent sort at \$9.50, 55 pounds average. Strictly choice Idahos would bring \$11.25 today, good Arizona \$10.50 to \$10.75, best natives up to \$10.75, feeding lambs \$9 to \$9.50. Fat ewes are worth up to \$7.50, breeding ewes \$7.50 to \$9.25 this week.

WINNERS OF STATE GUN TOURNAMENTS

In a record recently compiled of the crack trapshooters of the country, the name of E. M. Sweeley of Twin Falls appears as winner of the Idaho state championship. Thirty-five states have held state tournaments up to July 1. The following is a complete list of state championships and the score of each out of a possible 100:

State—Winner	Score
Arizona—H. P. DeMund	98
California—H. Pfirrmann	100
Colorado—R. A. King	100
Florida—T. H. Evans	98
Georgia—B. Timms	91
Idaho—E. M. Sweeley	98
Illinois—G. C. Burnelester	100
Indiana—Roy Pickett	98
Iowa—William Ridley	100
Kansas—George Grubb	100
Kentucky—J. D. Gay	98
Maryland—G. Gill	98
Massachusetts—L. Oshorn	98
Michigan—J. L. Bryant	98
Minnesota—S. W. Hamilton	98
Mississippi—F. P. Fitzgerald	98
Missouri—H. H. Hale	97
Montana—C. P. Tilley	98
Nebraska—F. H. Budat	98
New Hampshire—H. E. Thompson	98
New Jersey—C. R. Spooner	98
New York—H. J. Pendergast	100
North Dakota—Frank Holland	97
Ohio—M. S. Hootman	98
Oklahoma—J. N. Walker	98
Oregon—P. H. O'Brien	98
Pennsylvania—Allen Hall	100
South Carolina—J. H. Staples	98
Tennessee—E. P. Forsgard	98
Texas—E. P. Forsgard	98
Utah—A. P. Bigelow	100
Vermont—Douglas M. Barclay	98
Virginia—W. B. Russell	98
Washington—D. M. Troch	98
West Virginia—W. A. Wiedebusch	97

These shoots were held after the 1915 G. A. H. and the winners are therefore eligible to compete in the state championship event at the 1916 G. A. H.

Just the Thing for Diarrhoea.—“About two years ago I had a severe attack of diarrhoea which lasted over a week,” writes W. C. Jones, Buford, N. D. “I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever.” Many druggists recommend this remedy because they know that it is reliable. Obtainable everywhere.—Adv.

EXPERTS CONFER ON DAIRY SUBJECTS

STATE AND NATIONAL WORKERS GO OVER COUNTY

Farmers of Community Will Get Benefit of Experience and Extensive Investigation of Many Men

Quietly and without noise, a number of silent workers of both state and nation have been studying some dairy subjects in the Twin Falls district and going over matters that are of vital import to this county and to the farmers and ranchers especially. J. E. Dorman, chief of the United States dairy office at Salt Lake, and W. E. Meyers, also of that office in Salt Lake, have been conferring with local officials of the dairy department for the past few days, going over the dairy questions that are of interest. One of the main points of their visit was the Buhl Cow Testing association, over which the government exercises a watchful care. They found that the farmers themselves have taken the greatest degree of interest in the subject and were getting much actual benefit from the tests. Mr. Meyers continued his journey to La Grande, Ore., and Mr. Dorman returned to Salt Lake, both well pleased with the enthusiasm they found among agriculturists.

Hog Cholera Again Threatens.—Dr. L. C. Henderson, veterinary inspector for the department, was in consultation with the other officials and left after their trip for a survey of the district of Idaho Falls, where hog cholera threatens to become epidemic unless stringent measures are taken to control the situation. The situation there is serious and they have sent out the “O. Q. S.” call, which Dr. Henderson is responding. Dr. Henderson has been in this same district recently, having injected serum in hogs infected with cholera before audiences to demonstrate the work which the department is doing. In discussing the work of the department, he stated that the greatest foe of the hog growers is the quick medicine peddler, who, in order to sell his wares, tells the unsuspecting farmers that their sick hogs are merely suffering from worms, which the quacks guarantee to quickly cure with their patent medicines. But farmers find, to their sorrow, that the greatest foe of the hog growers is the quick medicine peddler, who, in order to sell his wares, tells the unsuspecting farmers that their sick hogs are merely suffering from worms, which the quacks guarantee to quickly cure with their patent medicines. But farmers find, to their sorrow, that the greatest foe of the hog growers is the quick medicine peddler, who, in order to sell his wares, tells the unsuspecting farmers that their sick hogs are merely suffering from worms, which the quacks guarantee to quickly cure with their patent medicines.

Government Sells at Cost.—The government is selling the farmers authentic cholera serum at actual cost, which will run about as low as probably one per cent per cubic centimeter, far less than they would pay for patent medicine, which is ineffective. The service of the experts whom the government furnishes to inject this serum are absolutely free.

being paid by the government, and Dr. Henderson stands ready to respond to calls for help from those whose hogs are even suspected of having cholera. Dr. W. A. Sullivan, inspector in charge of the hog cholera control work in the state of Idaho for the government, says that the work which was started here two years ago, has now extended to other hog-raising centers in the state, and that they are now organizing hog raisers in other centers, with a view to educational control work among the owners. The work has been carried on of demonstrating to them the proper control of the disease by the administration of the serum to hogs within the infected herd. Effective work has also been done by the state livestock sanitary board, carrying out proper quarantine and sanitary measures.

Idaho Falls Suffers Heavily.—There was a great loss of hogs last year and early this year in the Idaho Falls district by cholera, and the farmers welcomed the co-operative work of the United States department of agriculture and the state forces. Dr. Henderson was sent into this district at Idaho Falls and has already succeeded in organizing 30 school districts in the past two weeks. The state department has assigned Dr. N. K. Whitney to assist Dr. Henderson upon his return to Idaho Falls, whether he went early this week. The two will make a careful inspection of the herds near there and will inject serum where necessary, also making a sweeping cleanup of all unsanitary conditions which they find there.

Dr. Sullivan states that the bureau of animal industry wishes the farmers of the Twin Falls tract to keep a close watch on their herds and to immediately notify him of any trace of hog cholera that may appear in their herds, as hog cholera work is still being continued within the Twin Falls tract. Arrangements have been made with the sanitary board to have local herds treated by local veterinarians, free of charge to the hog owners, the only cost being that of the actual serum, as the board pays for the services of the veterinarians.

Dr. Sullivan at Weiser.—Dr. Sullivan went to Weiser, Caldwell and Nampa to organize the work there, as that territory is a great hog-raising area and cholera has broken out. Farmers have urged that work be begun there as soon as possible and Dr. Sullivan has hastened there to open a campaign of cholera fighting in their behalf.

It is not often that so many experts gather as were in Twin Falls early this week, and after a conference here broken out. Farmers have urged that work be begun there as soon as possible and Dr. Sullivan has hastened there to open a campaign of cholera fighting in their behalf.

Those who entered the other cow-testing association are so pleased with its results that those who did not enter

feel that they have lost much and there are many requests for another. A few more members will assure it. Those interested may see either Mr. Birch at Twin Falls or O. T. Koster at Buhl.

EXPECT GOOD CROP OF SEEDLESS APPLES.—Mr. and Mrs. James Kinzer and Mr. and Mrs. Jonathan Moulton autored to Weiser Sunday and spent the day with the latter's son, John Moulton, says the Kinzett Index. They report that Mr. Moulton will have a full crop of Winter Banana apples, but that all of them will be seedless and coreless, caused by the spring freeze. The center of the apple has a hole where the core usually is.

UNION ORGANIZER VISITS TWIN FALLS.—Local Union 632, Plumbers and Steamfitters, Organized—Meets Twice Monthly.

Called together by Thomas B. Clark of Chicago, national union organizer, the plumbers and steamfitters of Twin Falls met Friday, August 4, and organized local union No. 632. Regular meetings will be held on the first and third Thursdays of each month in Moose hall. Always in the market for baked alfalfa hay. Highest cash price paid at all times. John Finks, phone 708-W.—Adv.

HERMAN TAYLOR STRONG AGAINST COUNTY DIVISION

NORTHERN CANDIDATE FAVORS UNDIVIDED COUNTY

Believes There is Bright Future for This Section—Division Would Increase Tax Burden of Population

That Herman H. Taylor of Sandpoint is opposed, not to county division in general but to division of Twin Falls county in particular, was the statement of Mr. Taylor, candidate for the office of Governor, while in this city on business the last of the week. Speaking of the matter specifically, the Lieutenant Governor stated:

"I have a record to point to on the question of the division of Twin Falls county. I was thoroughly convinced

HERMAN TAYLOR

four years ago and again two years ago that there is no sufficient reason for the division of Twin Falls county. I am still of the same opinion and am opposed to the division.

"All financial considerations are against it. You have a wonderful country and a bright future, but the county is now in good shape, and to form another county by cutting off any of Twin Falls would, in my opinion, increase the tax burdens of both the old and the new county, to the detriment of nearly, if not quite, all concerned."

"But this statement has only to do with this question in Twin Falls county. It has no bearing on any other division proposed elsewhere."

Speaking further along political lines, Mr. Taylor said:

"I helped to draft the Republican platform, and it is law to me. The Statesman has said that I objected to the use by Captain Davis of his title on the ballot. That matter was referred to the attorney general a long time ago, and I had made no objection. I wrote a letter to the Statesman some time ago, but they did not print it."

"The question will be determined by the supreme court, and it is a matter of indifference to me. Whatever they determine is legal will suit me."

"I propose, if elected, to give the people the best administration possible. Good, clean, honest government. People do not care so much what their taxes are, if their money is honestly spent. I propose to see that they get a dollar's value for every dollar spent."

"I believe in being honest and outspoken. I presume my position on division of Twin Falls county will be very unpopular in portions of the county, but it is honest."

"Perhaps the other candidates will

"My Good Man, Don't You Ever Forget Another?"

CAUTION in New York City

speak up now, rather than avoid the question in hope of pleasing all the voters till after the primary.

"I believe the state should, at its expense, seek in the courts a solution of the Salmon river troubles, without further delay. The matter has been permitted to drift too long. I promise speedy action, that all the questions may be solved at the earliest moment."

SPEAKS FRIDAY AT HOLLISTER

D. W. Davis, Candidate for Governor, Will Address Salmon River People at Schoolhouse

Tomorrow night at 8:30 o'clock, at the schoolhouse in Hollister, D. W. Davis of American Falls, candidate for the Republican nomination for Governor, will address the people of the Salmon River tract.

Mr. Davis is the man with a plan to make Idaho taxless, and expects to set forth his views in the matter.

A subject which Mr. Davis deems to be of greatest importance to the people of Southern Idaho.

He will invite questions upon all the propositions he advocates.

ANNOUNCEMENT

The Royal Neighbors of America will hold their next regular meeting at L. O. O. F. hall on Friday evening, the 18th of August, at 8 o'clock. A full attendance is desired to complete arrangements for the dinner being planned for August 20.

RHEUMATISM ARRESTED

"Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system."

To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-purifier, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength.

Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

GIRL OUT HUNTING ACCIDENTALLY SHOT

BULLET GOES ALMOST THROUGH HER RIGHT ARM

Walks More Than Mile—Auto Driver Refuses to Turn Back to Bring Her to Twin Falls

With her arm bleeding badly from a bullet wound and paining her severely, as she stumbled along the road while one of her companions hastened to the nearest farm house for a conveyance, Miss Gladys Pangburn of Cedar Creek had occasion to meet one of those rare cases of inhuman selfishness that is sometimes heard of, but seldom met.

In this instance a man driving an automobile met them. He was taking grocery supplies to a nearby camp and the wounded girl stopped him and asked if he would bring her to Twin Falls to a doctor, or even take her to the Salmon dam, ten miles distant, or to Hollister, where she could find another car to bring her to Twin Falls, adding that they would pay him for his time and trouble. But the man, showing little interest in, or sympathy for the suffering girl, replied gruffly that he did not have time, and drove on.

While one of the party was hastening to find a ranch and secure a conveyance, the girl, assisted by her companions, walked a mile and a half toward her home, to save time. The accident happened beyond the Salmon dam, some 45 miles from Twin Falls. Miss Pangburn, with a party of friends, had been shooting a rifle and she thought the shells were all put. She pumped the gun several times and there was no evidence of a load, and as she was telling the party that they must be mistaken about there being another load in the gun she accidentally discharged it. The bullet entered the inner side of her right arm and passed almost entirely through it, a few inches above the elbow. Her arm fell helpless to her side and she exclaimed, "I'm shot!" but the other members of the party thought she was joking until she turned and they saw the blood spurting from her arm. One of the members of the party at once rushed away for a vehicle in which to take her home.

Victim Brought to Twin Falls. Arriving at the home of her mother, Mrs. B. F. Ward, the latter hastily dressed the arm and started for Twin Falls with her daughter. A party of Twin Falls men in an auto overtook them and, hearing of the accident, at once offered to bring the girl with all haste to town. There not being room in the car for the mother, she drove on until she found an opportunity to reach Twin Falls in another machine. The daughter was taken at once to a physician, who dressed the arm, taking out several pieces of the bullet, which evidently struck one of the bones in her arm. More than seven hours passed between the time of the accident and her arrival in town. Although the wound is very painful, no serious results are anticipated.

ROBINSON'S

THE custom of price cutting is one not approved of by the better class of merchants. It is to be regretted that this custom prevails to some extent in Twin Falls, as there is but little benefit derived by any one, as special or cut prices are usually made during the dull times of late winter and late summer, when but few sales are made.

As a matter of fact, cut-price sales are usually a sort of competition between merchants on a few items, and are not made with any special thought of benefitting their customers.

A point in connection with this custom might be noted in a staple article in Men's wear having recently been offered in different stores here in Twin Falls at 95 cents, 89 cents and 85 cents. The price on these articles has been \$1.25 in most of the stores. It is an article that could be sold at a good profit for less than \$1.25. In fact, if the price was kept uniform at \$1.00 or \$1.10, there would be a reasonable profit, and it is an article that is in demand the greater part of the time.

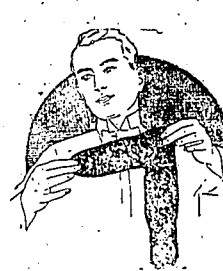

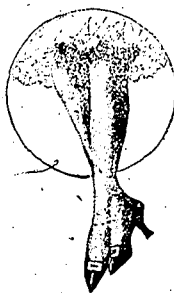

Now! How do you men folks feel about this way of selling goods? Had you rather be asked \$1.25 ten months in the year, when you are most apt to need an article, and then have the same article offered at 85 cents at a time when you are not apt to need it, or buy in a store where the same grade or better is sold the year 'round for \$1.00?

There is a staple article of men's wear that has been sold in most of the stores here at 60 and 65 cents, that is now being offered at 49 cents in cut price competition. My price has been 50 cents right along and still is 50 cents.

I notice another article of men's wear being offered at \$1.00, former price \$1.25. My price on articles that compare favorably in every way has been 95 cents all the season and still is the same price.

The prices in this store are uniform and uniformly low, or, in other words, we sell goods at "Right Prices" all the time.

My customers seem pleased and satisfied and keep coming back and bringing in new customers, and this business is growing. Our sales for last month showed a gain of more than 40 per cent over the same month last year, and this without any special or bargain sales.

All our Black Hose are good dye, made before the dye trouble began.

Below are some of the good things we have in the same quality and at the same prices that we have asked you good folks all along:

MEN'S FULL SEAMLESS WORK SOCKS.....	5 CENTS A PAIR
MEN'S BLACK SOCKS, DOUBLE HEELS, TOES AND SOLES.....	10 CENTS A PAIR
MEN'S HORSE HIDE PALM LEATHER WORK GLOVES.....	35 CENTS A PAIR
MEN'S MULE SKIN WATERPROOF GAUNTLET GLOVES.....	39 CENTS A PAIR
MEN'S VISCOSIZED SOLE WORK SHOES.....	1/2 - \$2.50 A PAIR
WOMEN'S SWISS RIB SUMMER VESTS.....	2 FOR 25 CENTS
WOMEN'S BLACK HOSE, DOUBLE HEELS AND TOES.....	2 FOR 25 CENTS
BLEACHED HUCK TOWELS, YARD LONG.....	22 CENTS A PAIR OR 1/2 DOZEN
BLEACHED TURKISH TOWELS, SOFT FINISH, YARD LONG.....	35 CENTS A PAIR

NEWS NOTES OF HANSEN

HANSEN.—Mrs. E. A. Mann entertained 16 ladies at five hundred last Friday afternoon. The afternoon was very pleasantly spent at cards, followed with the serving of dainty refreshments.

Mrs. C. P. Baker and Mrs. W. R. Eastabrook were hostesses at the Ladies' Aid society meeting at the church Thursday afternoon of last week. The ladies spent most of the afternoon knitting quilts, after which ice cream and cake were served. The new basement room was used for the meeting and proved a cool and attractive place for summer meetings.

On Thursday of last week the Hansen local of the Farmers' Society of Equity met at the schoolhouse for a business session, the principal object of discussion being the plans on foot for the erection of an elevator here at Hansen. The proposition has been under way for some time, the amount of the estimated cost, which is about \$8500, being practically all subscribed. It is planned to have a thoroughly up-to-date elevator, with seed-cleaning apparatus, and considerable storage capacity. The stock is all being taken by local farmers interested in the equity. The land on which it is proposed to build is already the property of the society, having been bought last year.

F. J. Antley, H. A. Smith and W. E. Hubbard are erecting a large hall in town for use as a dance hall and also capable of being fitted out for a moving picture theatre. The building is 24 feet wide, 70 feet long and has a 14-foot ceiling. An elevated stage is placed at one end and a cloakroom at the front.

ROCK CREEK ITEMS

ROCK CREEK.—Saturday morning at 6 o'clock Mr. and Mrs. Robert Brose and daughter, Miss Clara, and son, Robert, Jr., Mr. and Mrs. Henry Oleson and daughter, Miss Frances, and Miss Anna Scoot, and Mr. and Mrs. Albert Putzier started in three cars for Salt Lake City. They expect to return Tuesday or Wednesday, if they have no bad luck.

Miss Lena Brose and Dan Iverson spent a few hours here Saturday afternoon on their way back to Cottonwood, after having taken L. Hansen to his home at Hansen after a short visit with his grandmother, Mrs. Wiley Cooper.

Mr. and Mrs. L. P. Larson and Mr. and Mrs. A. P. Murray attended the theatre at Twin Falls Saturday evening. The auto has brought the pleasure of the city to the farmer, while leaving him the freedom and fresh air of the country for his work.

Mrs. C. Petersen was so ill Tuesday that Mr. Petersen was unable to attend the regular meeting of the directors of the Bank of Hansen, but at this time she is again enjoying her usual health.

Brady Pierce, foreman of the Shoe Sole outfit, and "Shorty" Bokover, one of his riders, were down from the mountains on business Tuesday. On their return Wednesday they were accompanied by Walter Brose, who is looking after his interests in the mountains.

Misses Lena and Wanda Brose, who have spent the past two weeks at Cottonwood as the guests of Mrs. Wiley Cooper, returned home Sunday.

Walter and Horace Brose made a business trip to Twin Falls Tuesday. They were accompanied as far as Hansen by Mrs. C. J. Domingue and children, who spent the afternoon with Mrs. D. P. Albion. Mrs. Robert Brose went on as far as Kimberly and spent the afternoon with Mrs. Fritz.

Geo. D. Crockett, who spent several days at Twin Falls this week, departing of his old car, which figured in the serious accident of May 24, and purchasing a new one, came home Wednesday. The car purchased by Mr. Crockett was not in stock, but is expected about Tuesday.

"Why Swear, Dear? Use 'Gets-It' for Corns!"

It's the New Plan. Simple. Sure as Fate. Applied in a Few Seconds.

Why, John, I never knew you use such language! You told me several times it's no use to try those bandages, salves, tapes, plasters, and

"You Wouldn't Lose Your Temper, John, If You Used 'Gets-It' For Those Corns!" contraptions for corns. Here's some 'Gets-It'! It's just wonderful how easy 'clear and clean' it makes any corn come right off. It dries at once. Put your sock on there—there's nothing to stick or roll up, form a bundle of your toe, or press on the corn. It's painless, simple as rolling off a log. Now put away those knives, razors and scissors, use 'Gets-It'! you'll have a sweeter disposition and no corns and calluses.

'Gets-It' is sold by druggists everywhere. It's a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill. Sold in Twin Falls and recommended as the world's best corn remedy by Skeels-Wiley Drug Co., City Pharmacy.

FILER HAPPENINGS

FILER.—J. W. Tanner, editor of the Journal, left on Tuesday morning for Lava Hot Springs, where he will seek relief in the mineral baths.

R. G. Munson and family have returned from a few days' outing at the Guyer hot springs. They report an abundance of mosquitoes.

Friends and relatives this week received announcements of the birth of a child to Mr. and Mrs. E. H. Rottis, now residents of North Yakima, Wash., but for many years residents of this community.

Vacationists returning this week to mauto trips through the Middle West were F. C. Graves and family, H. B. Loran and family, Mr. and Mrs. Harry Hammerquist and Isaac and Grover Boem.

S. A. Vandam, who has been associated with W. W. Taylor in the Filer Department Store, has severed his connections with that firm and has joined his wife in Illinois.

Charles and Mary Waller, a pioneer of this section, was threatened by fire on Tuesday morning, the cause of which was a defective chimney. The furniture and contents were practically saved, but there was no insurance. Mr. Waller intends replacing the five-room structure later on in the fall.

An eight-foot cement walk is being constructed around the schoolhouse, and the building is undergoing a thorough renovating preparatory to the opening of school.

The petition in the matter of organizing a rural high school district out of the eight school districts in and around Filer was presented to the board of county commissioners last week by H. J. Weaver and Supt. Bracken.

County Superintendent Bertha Noel has called a special election to be held in the effected districts on Thursday, August 24. The petition presented 236 signatures. Only 15 voters refused to sign the petition out of 234 approached, so the sentiment seems to be in favor of the proposition, and if the election is successful Filer will soon be the seat of a modern rural high school.

Filer citizens this week forwarded to the 12 Filer boys enlisted with Company K, Second Idaho, at Nogales, Ariz., 300 stamped envelopes, 12 pounds of writing paper, three dozen pencils, penholders, pens, stamps and about 100 magazines.

The Filer Milling & Elevator company has installed one of the best equipped seed-cleaning and grading plants in the West, also storage warehouse in connection, which increases their storage capacity to 50,000 bushels. Aside from the benefits to the grower, which the growers will have, the company will also issue warehouse receipts, which can be used as collateral by the farmers.

MURTAUGH NEWS

MURTAUGH.—J. I. Tolman shipped over 800 young lambs the first of the week.

The Ladies' Aid society will give an ice cream social Wednesday night at the church. A musicale will also be given.

The Ladies' Aid society will meet at the home of Mrs. Arthur Boyd Thursday.

W. B. Hall went to Boise Tuesday to join his wife, who is staying there for her health.

Edgar Stelbour preached in Burley Sunday in Rev. Mr. Finley's place.

City Johnson and William Morrison went east with sheep for Mr. Colner of Hansen the first of the week.

Mr. and Mrs. Francis Johnson were Twin Falls visitors Saturday, returning Sunday.

The play given at the L. D. S. hall Saturday evening was enjoyed by those who attended. The same play will be given again on Wednesday evening. Rev. Mr. Farney held services in the Methodist church Sunday morning.

GREATER TIRE MILEAGE

Frequent use of our Sunday and weekend rates will add many miles to the life of your auto tires. It makes a nice change, too. Ask about our cheap excursions. Agent, O. S. L. R. Co.—Adv.

TWIN FALLS I. O. O. F. VISITS NEIGHBORS

Odd Fellows Visit Hagerman Lodge and Help Initiate Two Candidates.

A couple of weeks ago word came to the Odd Fellows' lodge here that there was to be an initiation at Hagerman on Saturday night, August 12, and two auto loads of members from Twin Falls lodge left for Hagerman to participate in the ceremonies. The autos carried the following members from this city: S. G. McAuley, M. H. Pape, C. E. Rowell, W. E. Barnett, of Salt Lake, O. D. Lyda, J. E. Hill, J. E. Flansoy, E. Williams, and Henry Dimolacker.

In addition to the members from Twin Falls, there were also 21 Odd Fellows from Buhl, 21 from Gooding, eight from Jerome and five from Bliss. The Gooding lodge team put on the initiatory work for the first degree, and Mr. Barnett, a Salt Lake, was given the third degree by a mixed team.

After the work was finished, refreshments were served. The visit of the outside lodges served the purpose of reviving interest.

The Odd Fellows and Rebekahs united in giving a surprise party for Mr. Mrs. Crater at their residence, two miles east on Addison avenue, Thursday night, August 17. This couple are pioneer Odd Fellows and have been members of the Twin Falls lodge for many years. Of late, however, they have not felt that they could cover the long, four-mile distance to lodge, so the members, in appreciation of their record, went to their home and took basket lunches with them.

The petition in the matter of organizing a rural high school district out of the eight school districts in and around Filer was presented to the board of county commissioners last week by H. J. Weaver and Supt. Bracken.

County Superintendent Bertha Noel has called a special election to be held in the effected districts on Thursday, August 24. The petition presented 236 signatures. Only 15 voters refused to sign the petition out of 234 approached, so the sentiment seems to be in favor of the proposition, and if the election is successful Filer will soon be the seat of a modern rural high school.

Portraits for Discriminating People

The careful study of the natural attitudes—the quick recognition of personal characteristics—the keen watching of the ever-changing play of expressions upon the face—each subject presents many such problems. The successful solution of them is a good portrait. We are willing to be judged by this standard.

The Bisbee Studio

FOUR BREAK INTO JAIL AFTER SPREE

DESIRE FOR FIREWATER LEADS MEN INTO TROUBLE

Not Content With Drinking, They Also Put Up First-Class Imitation of the Killenney Cats

Sunday afternoon the dwellers in the neighborhood of the O. K. livery barn thought that hades had broken loose for good, for there issued from a small house in that region sounds that for quarrelsome suggestiveness have the famous fights of the Killenney cats backed off the boards. The sheriff soon had the fighters in his tender care, and when they had cleared the blood from their shattered faces and were asked to tell Justice Smith why they had done it on Monday morning, they meekly pleaded "guilty" and threw themselves upon the tender mercies of the court. They were Paul Jones, Louis Fay, James Dolan and E. D. Young. His honor, Judge Smith, fined the men \$25 dollars apiece, and he might as well have made it a thousand, for there was not that much among the whole crowd, and with meek faces the men went back to jail. Today they are serving their 15-day sentences behind the bars in the sheriff's boarding house. They will have just 15 days to consider whether the fun they had swallowing the few drops of "Kootaduck Red Eye" was worth it, but even though they do seem to feel disappointed over their incarceration, not one of them is inclined to tell where they obtained the whiskey.

UNIVERSITY OUTLOOK IS VERY PROMISING

Prof. V. E. Ellington, head of the dairy department of the University of Idaho, has been in the Twin Falls vicinity for the past few weeks, making his annual trip. He has been working here in conjunction with the bureau of animal industry, one of the main points of research being to determine the cost of production of a pound of butterfat.

Speaking of the district in general, Prof. Ellington said that the crops will be about normal. The farmers, he thinks, are in better condition financially and generally than they have been since he has been making this district, which has been about six years.

The state university faces one of the most promising years of its history. It has grown in attendance from a small, local school to a large institution with pupils from all over the country. The number of students last year was 800, while the attendance this year will probably surpass the 1000 mark. The large schools and universities in the East have placed the University of Idaho on the accredited list, the University of Illinois having recently given Idaho a rating of A-plus, which means that Idaho graduates may obtain their master's degree at the Illinois university with just the one year.

JAMES WHITCOMB RILEY

HIS LAST POEM

TRANSCRIBED BY DAVID BROWN-LEWERS

A LITTLE

A Yellow Warbler Singing at Night

Sweet bird! Oh! what is this, so late!
So late! and singing in the dark!
When lights are out and closed the gate,
No sound to rouse the watchdog's bark!

I thought 'twas only revelers
That broke the night with festive song;
Or pleased weary travelers
Beguiled thus their journey long.

How glad I am to hear thy lay
In the dark night, where ghosts do stray,
Rising from memory's buried dreams,
Breaking my rest with little screams
Unheeded to all save me! Soothe thy
Whate'er thy name, thou'rt winged god
Of golden song! dost glad this clod
In which I'm rooted, 'till 'twould stain
Lift my dead feet, with my dull brain
To music, and make quick my soul,
While o'er me traffic's wheels do roll.

My eyes are closed, my body still;
My hands are folded on my breast;
And yet I soar; with every thrill
I'm carried o'er the mountain's crest
And down the golden slopes of morn.
Where all the birds and flowers are born.

Am I awake? Am I asleep?
The mountain's height seems glory's deep.
The past and future mingle here—
From every eye is wiped the tear—
The desert's people with a throng—
Oh! what a gladness is thy song!

Low! low! the depth of it!
And oh the ruth of it!
The healing balm of it!
My ache in the dark!
Never! never! the last
At the opening gate of the dawn,
By the Sun-god's trumpets drawn,
Gang half so ravishingly sweet,
As thou little bird in the dark,
Clapping a twig with thy feet.
Song-light in the gloom,
In the shade of the tomb,
From the altar fire
Of joy's glowing coals,
You kindle, inspire
By thy song, men's souls.

Little bird, we're alone—
Thou and I.
No! Hush! I hear a sigh!
A dear remembered tone!

Little bird—
There's a third!
Now in the dark with thy lyre,
Chant low thy sweet desire:
She's here! my love!
She mourns! my dove!
'Tis she of the white breast!
O here at last we rest.

And oh! little bird
For the sake of The Third—
Sing over the grass!
In the dark we pass.
For us they wait—
At the miracle Gate.

crop of perennials on Musket Ridge this fall if Toke Moseley don't put a fence around the trees and claim that he grow them all for his own use.

The mite is a very energetic insect well known to the feathered kingdom. The species may be found on various kinds of fowls, and at all times may be discovered in action. The appetite of the mite varies, but from the best evidence to be gained by a bystander it would seem that it has an appetite much larger than the actual dimensions of its body. What it does with all the chicken it eats is a mystery to all chickens. It is declared that in the average lifetime of an ordinary chicken mite, said mite eats that which is equal in bulk to several large Plymouth Rock roosters. The mite, which has several legs, is very alert, but travels slowly and with much light, and does its work well. In this respect it differs widely from its more robust cousin, the flea, which has no system whatever about its work and no special ground to cover. That may be given as a reason why the flea does not stand any higher in the insect kingdom than it does. A flea may be here at this moment actively engaged in a certain place of annoyance, and the next moment it may be far removed from that place. Therefore no person can depend upon a flea. But one can always depend upon a mite. It remains at its post, or sits in calling distance, and does its work well. But with all this, it abhors publicity and is rarely observed by the public eye, and there is no case on record where a newspaper photographer has got a picture of one.

Jefferson Potlocks has been bothered again with chicken mites. He thinks they are very interesting little animals, to be studied at close range, and he would not mind having them on him if they did not walk so heavy.

Luke Mathewala and his four dogs were at church Sunday. The dogs are trying to act better since Luke joined the church.

Ellick Hellwanger, one of the charter members of the Excelsior Fiddling Band, and who has been playing with them regularly for the past ten years, has resigned from the organization, and will take up the study of music.

Sim Flinders is teaching his dog to

play with children, so that it can get rid of its fleas.

The postoffice will be closed tomorrow, as the postmaster has decided to sweep up.

Sidney Hooks, who has been sojourning in the Tickville jail for the past ten days on a charge of shooting craps in sudden heat and passion, has almost perfected a patent on a pair of loaded disappearing dice, and has asked for an extension of two weeks on his term.

Raz Barlow, who spends much of his time on Gander creek, has been compelled to walk most of the time this week, as his skiff leaks very bad. The leak is through a knot hole in the front end of the skiff. Raz says as soon as he can bore another hole in the back end for the water to run out as fast as it comes in, he will be ready for traveling again.

Dock Hooks says he hopes the submarines won't invade Glimet creek, as he has several tin-lines set.

Dud Sizemore fooled away most of last Saturday afternoon following a squirrel around a tree. Next time he is going to fool the squirrel by taking his twin brother along with him.

Fletcher Henstop got overheated Friday while working in his patch of red pepper.

Yain Sims is thinking of buying his mule a pair of large green specs, so that it can eat grass the year round.

Miss Flutie Belcher has got so she dreads when Sunday comes on, on account of her shoes hurting her feet so bad.

It clouded up the other day and looked like there was going to be a big rain. The Old Miser, seeing this, started out with his large umbrella, but when he saw it was going to just drizzle slowly, he went back and got his smaller one.

The Horse Doctor is thinking about running for County Health Inspector. You can always tell how badly a man is not elected by the number of votes he does not get.

Fit Smith attended a fine rain at Rye Straw Tuesday of this week.

ANNUAL SALARIES OF COUNTY OFFICERS	
Sheriff	\$1800
Clerk of District Court, Auditor and Recorder	1800
Assessor	1800
Probate Judge	1600
Prosecuting Attorney	1600
Treasurer	1800
County Supl. of Schools	1600
Surveyor	600
Coroner	100
The treasurer's salary for this year was \$1600, but was raised at the last meeting of the commissioners and set for \$1800 for the next two years.	

Liver Trouble.
"I am bothered with liver trouble about twice a year," writes Joe Dingman, Webster City, Iowa. "I have pains in my side and back and an awful soreness in my stomach. I have used Chamberlain's Tablets and tried them. By the time I had used half a bottle of them I was feeling fine and had no signs of pain." Obtainable everywhere.—Adv.

Heat and friction cannot hurt this tire

Why Prodim Process Rubber adds mileage to Republic tires

Heat, the great destroyer of rubber, is caused principally by friction.

Prodim Process Rubber (the wonderful new compound used exclusively on Republic tires) possesses anti-skid and traction qualities which reduce friction to a minimum.

In addition to this, Prodim Process Rubber will withstand a higher temperature than any material ever used on a tire.

The result is that Republic Prodim Process tires are almost proof against the damaging results of over-heating.

Get a sample strip of this wonderful new rubber. Try to break it. Its great tensile strength is another of its advantages over all other tire treats.

DUNK-BOTTS, Regular Correspondent.
(George Bingham.)

(Copyright, 1916, Adams Syndicate.)
Jefferson Potlocks went over to the blacksmith shop at Rye Straw this week and brought back a wagon load of old horse shoes, which he will hang up along Gander creek to give him good luck in fishing.

Frisby Hancock arrived home safely this week from a visit to relatives at Buxard Knob. While driving along the road near the Wild Onion schoolhouse on his way home, a snake crossed the road in front of his horse. The reptile, he says, was so long that he was delayed at least a halfhour while letting it pass.

The thermometer at the home of Washington Hooks got out of fix Friday morning and registered 81 degrees below zero. As a consequence, Wash and his family are threatened with pneumonia.

As it grows older, the Excelsior Fiddling Band is getting to be more important, and only last Saturday added another feather to its cap, when it was asked five times to play the same song over, at an outdoor dance in the Calf Ribs neighborhood. The band used to stand up all the time when it played, but now is willing to rest on its laurels whenever the benches are handy.

Poke Easley, who has been sitting around all spring, got up yesterday.

A balloon ascension will take place at Tickville Saturday week. A large crowd will be present, as the man may fall out.

Fletcher Henstop has been summoned to serve on a jury at Tickville next week. Fletcher has already made up his mind in the case, as the defendant is some of his wife's kinfolks.

Dock Hooks has been reproved for wearing his sleeves rolled up on Sunday. It is said that he does it to show his big muscles. When asked about it the other day, he contended that he has as much right to do that as the

girls have to wear short skirts for the same purpose.

Washington Hooks, who in his younger days held his shoulders up and kept his hair combed, is now getting quite old. He does not care for style, but he used to and has let his mite's mane and tail grow out.

Raz Barlow dressed up Monday and went to Rye Straw. He was on his way to arrive there smoking a cigar, but the one he had got broke Sunday night.

The Tin Peddler, who takes a hand in everything, both for the sake of business and pleasure, this week joined a funeral procession this side of Bounding Billows, but dropped out at a wide place in the road, so that his horse could take its time.

The Deputy Constable has been shadowing a stranger on Musket Ridge for the past several days, and after having found out for certain that the man had done nothing, the Deputy, over on his job, then arrested him for that.

A man who sells books on subscription was through here this week. Nobody bought any, as we don't need them so long as we have the Wild Onion School Teacher with us.

Toke Moseley's watch stopped suddenly while he was at the breakfast table Tuesday morning. The Tin Peddler was hastily summoned, but has not as yet been able to again set the wheels in motion.

Cricket Hicks has asked for the job of blowing the whistle on the train running into Tickville. He would make a good hand, as he has had several months' experience ringing the Dog Hill church bell.

The Postmaster has declared next Monday a national holiday, he having set aside that date to plant his garden.

There is fine prospect for a good

Service.

HOW TO AVOID WEAK BATTERIES

USING STARTER TO EXCESS IS
PRIMARY CAUSE

Purpose of an Electric Starter Is Not
to "Show Off"—Suggestions
That Are Helpful in
Its Use

Probably every motorist doesn't know that for every second consumed in starting a motor electrically, the generator must run at charging speed for several minutes to put the same amount of current back into the storage battery. That means that the fellow who lets his electric starter churn and churn, maybe without the switch thrown, or too little gas, generally finds himself compelled to get out and crank some day, because his battery is "dead."

The Willard Storage Battery company warn car owners against this very thing. They explain that an electric starter is made to do a reasonable amount of work in turning over a motor. It should not be used to "show off" the power developed, as in some cases when people run their cars a short distance on starting power alone to show a friend its possibilities. This practice tends to drain the storage battery of its entire current, and may ruin the plates by overcharging.

A few suggestions for use of your starting equipment may prove of benefit:

1. Make sure your battery is fully charged and filled with pure water.

2. Don't let your starter churn—find out about gas and spark before right.

3. Always release the starter as soon as the motor begins to turn on its own power.

4. Keep your generator properly adjusted and cleaned.

5. Prime your motor if it is cold. These things will save you both annoyance and money for electrical repairs.

Doughnuts

That will remain moist.

Every housewife who bakes her own bread knows that if a little potato is added to the sponge, the bread will not dry out so quickly. In this recipe the potato is utilized to make doughnuts that will remain moist and fresh for several days.

KC will be found to have distinct advantages over any other Baking Powder for doughnuts. It is a double-acting baking powder with which a large batch of doughnuts may be mixed and fried a few at a time. The last will be as light and nice as the first.

K C Potato Doughnuts
By Mrs. Nevada Briggs, of Baking School fame.

3 cups flour; 3 eggs; 1 cup sugar; 1 level teaspoonful K C Baking Powder; 1 teaspoonful salt; 1 teaspoonful molasses; 1 cup cold mashed potatoes; 1 cup milk, or more if needed.

Sift three times, the flour, salt, spice and baking powder. Beat eggs with rotary beater, then still using rotary beater, gradually add sugar, then work in the mashed potato with a spoon and alternately add milk and flour mixture. Make a soft dough, roll into a sheet, cut into rounds, pinch a hole in the center with the finger and fry in deep fat.

Fat for frying should not be hot enough to brown the doughnut until it has risen. When the doughnut is dropped into the fat it sinks to the bottom. As soon as it comes up it should be turned and turned a number of times while cooking. This recipe is excellent as they do not take the fat in frying and will stay moist for days.

WILL CONTINUE SUPER SIX MODEL

ANNOUNCEMENT MADE BY HUDSON MOTOR CAR CO.

Original Program for 1936 to Manufacture Thirty Thousand Super-Sixes Increased to Forty-five Thousand

In an extensive national advertising campaign, the Hudson Motor Car company is announcing a continuance of the Super-Six model.

The original program for 1936 was to manufacture 30,000 Super-Sixes. The demand for the car has been so great that it has been found necessary to increase the number to 45,000. The Hudson plant in Detroit is turning out 135 Super-Sixes every day and by August 1, the daily shipments will average 150 cars.

Unless there should be labor conditions, or variation in cost of materials and other costs that cannot now be foreseen, the policy of the Hudson company is to maintain the present prices.

The Super-Six has proved to be an immensely popular car. In the various tests of speed and endurance to which it has been subjected, both under American Automobile association auspices and in the hands of owners, the Super-Six has shown up remarkably well. The increase in production will be good news to many who had given up hope of getting a Super-Six this year.

IDAHO MEMBERS TO VETERANS' MEETING
State Will Be Represented at the National Encampment by Idahoans

Comrade R. H. Barnes, department commander of the G. A. R. of Idaho, left Monday for Boise to arrange for a private car to convey the delegates from this state to the national encampment at Kansas City, Mo., of the G. A. R., the W. R. C., the Ladies of the G. A. R. and the Sons of Veterans, all of whom meet in that city on August 28 to celebrate the fifth centennial of the G. A. R.

The Idaho car will leave Boise about August 25, and there will be many delegates from Idaho. Among them will be Mr. and Mrs. Barnes and W. W. Humphrey and wife of Twin Falls. This will be the first time that the G. A. R. has met in annual session, and it will be a treat to watch that silver-haired line as it marches past the reviewing stand.

It will be a treat, indeed, to the nation to honor its veterans, for that nation is only truly great which honors the heroes who have bared their breasts that their country might live, and although that line which will meet for its annual review grows thinner each year, there still are many veterans of that great civil strife left.

TWIN FALLS IS REAL LIVE TOWN

Books of Employment Bureau Prove Undoing of Calamity Howlers

An inspection of the books of the City Employment bureau will prove that what it has been a test to being a real, honest-to-goodness, live town. Twin Falls can double discount any town her size on the map.

The boys of the City Employment bureau know that there are and have been more calls for men than they are able to furnish. This is surprising, when some of the western states are warning strangers to keep away from their borders, as there is scarcely work enough to keep the present inhabitants alive.

During the nine days of August there were 31 men given employment, and the normal condition is that there are more demands for workmen than can be met.

TWIN FALLS CLOSE SECOND TO ADA COUNTY

The assessor's record of automobile licenses in Twin Falls county shows that up to Wednesday of this week there were 1213 registered cars in the county, not including dealers' licenses or motorcycles.

In order to determine the comparative value of autos in Twin Falls county, a letter was sent to Boise for information along the same line. A reply from Boise shows that there were 1250 automobiles registered in Ada county. At that same date there were 1189 registered in Twin Falls county, making a difference of 61 cars.

Ada county has a population of approximately 30,000 and Twin Falls county only 19,000. Applications for automobile licenses made at the assessor's office average more than 400 per day, in fact, during some months it is almost 500. Between July 2 and August 9, this year, less than a month, licenses have been issued to 14 new auto owners. Roughly speaking there is some \$500,000 invested in automobiles in Twin Falls county.

TWIN FALLS NINE HEADS THE LEAGUE

Hard-Fought Battle Last Sunday Results in the Score of 4 to 1

Sunday was a glorious day for baseball, and gloriously did the Twin Falls nine "round their pitcher and back him in the hardest-fought game of the season. For Twin Falls had been asked to meet their former opponents and when the hour of the game opened there were enthusiastic rooters for Twin Falls on the bleachers, although there was plenty of Shoshone money in sight, with good, loyal backers, too.

How the Twin Falls boys did that horsehide. And how the Twin Falls pitcher did hold them down. Time after time it looked as though another tally or two might steal across the plate for Shoshone, but when the last ball was pitched, the scoreboard showed four for Twin Falls and a lone little one for Shoshone.

And thus Twin Falls creeps into first place in the South Idaho league, an honor which it is hoped they will hold the rest of the season. But the Shoshone players thirst for vengeance and there is a return game on Sunday at the Twin Falls ballpark. It will be hotly contested from the very start, and the man who misses that game Sunday will miss part of his life, say the fans.

EIGHT BUSHELS OF ALSIKE PER ACRE

First Report Received at Buhl Appears Encouraging for Another Big Year in Seeds

The first report that has been received at this office on the yield of clover seed, says the Buhl Herald, is the one of Ray Winans, who farms the N. Layne place, just northeast of Buhl. The 35 acres he had planted to alsike clover went eight bushels to the acre. This at the present price of 12 1/2c per pound would amount to \$60 an acre.

Emile Campbell, who is threshing at the N. P. Ring farm, in the Lucerne country, reports that the seed is turning out as well as last year. He has just started with this "field of alsike" and could not state the yield. He said, however, that the first four sipp loads of clover made one sack of seed.

With these reports as indications, it appears that the general yield in the Buhl country will not be disappointing.

Parsons in the Clear Draw, district are busy cutting their alsike and white clover seed. They cut at night, while the straw is more tough from the dew, in order to keep the seed from shattering.

RUPERT BUILDERS WANT CHEAP MONEY

Several owners of property on the east and south sides of the square are planning to build business blocks of brick as soon as they can obtain money to cut the money. The statement of one property owner recently, in discussing probabilities and possibilities for future development of Rupert, says the Rupert Pioneer.

"We do not feel that we can afford to use 10 per cent money for buildings, although we realize the need of more substantial business blocks on these two sides of the square," he said. "Whenever it is possible for us to get the money we need at 6 or even 7 per cent, this portion of Rupert will make a great stride forward."

WILL LOCATE IN BUHL

J. F. Finch, brother of E. J. Finch, county clerk, has accepted a position with the Buhl Milling & Elevator company as bookkeeper. Mr. Finch came from Oklahoma where he was interested in oil drilling, and his family is at Parsons, Kan., now. Mr. Finch said that his family will come out soon, and that he will locate in Buhl as soon as a house can be found at rent. Mr. Finch was manager of the 1733 ranch at Kearney, Neb., before going to Oklahoma.

Cure for Cholera Morbus

"When our little boy, now seven years old, was a baby he was cured of cholera morbus by Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Mrs. Sidney Stimulus, Fair Haven, N. Y. "Since then other members of my family have used this valuable medicine with good results, and I gladly endorse it as a remedy of exceptional merit." Obtainable everywhere.—Adv.

CRACK SHOT GOES TO NATIONAL MEET

Winner of State Contest to Meet Other Champions at St. Louis

E. M. Sweeley, champion shot of Idaho, who won the state shoot on June 12-13 at Twin Falls, left for St. Louis, Mo., on Tuesday evening to attend the Gratiot American Handicap tournament in that city August 21, and which will continue for four days.

Mr. Sweeley is president of the Idaho State Sportsmen's association and is one of the best, if not the best, shotgun shots in the state of Idaho.

Sweeley will participate in the contest for the national championship, which will be shot for on Tuesday next and at which every state will be represented by the man who won the state championship. So the contest will be a hard test, and if Mr. Sweeley makes the showing that his friends hope for, he will bring back to Idaho an honor that will be well deserved.

During his absence R. E. Bobler will act as mayor of Twin Falls, he being president of the city council. Mayor Sweeley will be absent from only one regular meeting, that of the 21st.

GROUSE SEASON OPENED TUESDAY

The open hunting season on grouse opened last Tuesday, thus giving hunters of small game two weeks to pursue them. They are said to be plentiful in the foothills, but there are not many in this immediate vicinity.

There is a discussion between the Utah and the Idaho state authorities which may involve some of the southern counties in a wordy war, but it is not apt to result seriously. In Utah hunters cannot shoot deer until October 15, but across the line in this state muledeer can kill them on September 1. It is claimed by those who know that many Utahans are preparing to cross the line and shoot deer after the first of September, which Idahoans will resent.

Another difference that might be serious is the matter of fishing in Bear lake, which is half in Idaho and partly in Utah. In the Idaho half fish may be caught with a seine, but in Utah such fishing is not allowed.

GREATER TIRE MILEAGE

Frequent use of our Sunday and week-end rates will add many miles to the life of your auto tires. It makes a nice change, too. Ask about our excursions. Agent, O. S. L. R. R. Co.—Adv.

AFTER FIVE YEARS

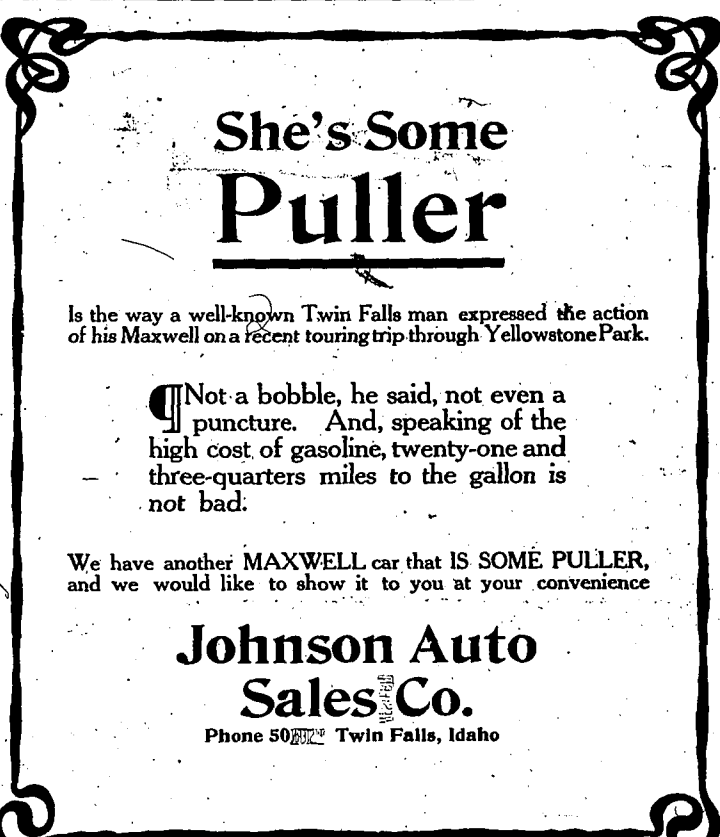

Twin Falls Testimony Remains Unshaken.

Time is the best test of truth. Here is a Twin Falls story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. C. C. Carson, Lincoln Ave., New School Addition, Twin Falls, says: "I was confined to bed for weeks, suffering from pains in my back and trouble with the kidneys. My joints were so badly swollen and stiff that I couldn't stand. I had terrible headaches and dizzy spells and lost weight. Six boxes of Doan's Kidney Pills cured me."

FIVE YEARS LATER, Mrs. Carson said: "Doan's Kidney Pills cured me and I will always recommend them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Carson has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

She's Some Puller

Is the way a well-known Twin Falls man expressed the action of his Maxwell on a recent touring trip through Yellowstone Park.

Not a bobble, he said, not even a puncture. And, speaking of the high cost of gasoline, twenty-one and three-quarters miles to the gallon is not bad.

We have another MAXWELL car that IS SOME PULLER, and we would like to show it to you at your convenience

Johnson Auto Sales Co.

Here's A New Proposition

A TYPEWRITER BY PARCEL POST ON TEN DAYS' FREE EXAMINATION

This typewriter is not an unknown machine of unknown make. It is the

REMINGTON JUNIOR

the very latest addition to the great Remington family of typewriters. A new and smaller Remington—built for the needs of the professional man and the home.

At the end of 10 days, if you decide not to keep it, send it back—no obligation involved. If you decide to keep it, the price is \$50. Send us 10 monthly payments of \$5 each and the machine is yours.

Just the machine you have always needed, made by the most celebrated typewriter makers in the world, and sold on just the terms that suit you.

MAIL IT TODAY

Remington Typewriter Company, (Incorporated)
327 Broadway, New York.

Send me a Remington Junior Typewriter, price \$50, on free examination. It is understood that I may return the machine, if I choose, within ten days. If I decide to purchase it, I agree to pay for it in 10 monthly payments of \$5 each.

Burlap Sacks

A special salesman for burlap is located in Twin Falls, Idaho, and will take orders here and anywhere in the state for burlap goods, such as grain, potato, wool and alfalfa bags.

I will gladly call, show samples and quote prices. Prefer to sell only to local dealers in car lots. Buy early.

Out of town orders given prompt and careful attention.

WATER ON THE BRAIN

THERE can be no valid objection on the part of Mayor and Council to any explanation which any newspaper may care to make as to how its reporters came to overlook last Wednesday's meeting of the City Council, but there is ground for objection on the part of the City as a whole to the publication of pointless comment and reportorial conversation which tends to create erroneous impressions regarding the Twin Falls water supply in the minds of those not familiar with the facts.

That Twin Falls stands today in need of a new source of water supply is generally agreed, but that the present supply is in any manner a menace to the public good is just as generally denied. If anything, the need at present is not as great as was the case a year or two ago. There is no illness of any kind in the City which is in any manner attributable to the water supply, nor has there been for many years.

From a community standpoint, this sort of thing is poor advertising. It drives away prospective settlers and sets up doubts as to the desirability of this City as a place of residence in the minds of any who may be contemplating coming here. The fact of the matter is the water supply is infinitely better than it was even two short months ago, yet it is only during the past two months that the matter has come in for any comment whatever.

Of course, no one could be uncharitable enough to believe that such a thing as the loss of the City printing by a newspaper could in

any manner be responsible for a change of attitude towards the administration.

"HE KEPT US OUT OF WAR"

AS TO SOME of the evils attendant upon the process of being kept out of war the Wilson way, here are a few terse paragraphs which may be accepted as a concrete tribute to the Presidential will.

Those who base their determination to vote for Wilson because he kept us out of war will do well to ponder the facts contained in the following:

He kept us out of war—while hundreds of our men, women and children were drowned when traveling, as was their undoubted right, upon unarmed ships.

He kept us out of war—while millions of dollars' worth of our property, shipped in neutral bottoms was sunk by the unwarmed and unlawful attack of submarines.

He kept us out of war—while cargo after cargo of our goods, consigned to neutral ports and lawfully upon the highway of the seas, was seized and taken to belligerent harbors, there to be condemned or confiscated to the use of the seizing power, leaving the American owners to pursue the toilsome process of litigation to procure payment for their property.

He kept us out of war—while our mails, including even diplomatic communications, were delayed, opened and censored by unskillful clerks, who acted without the sanction of international law.

He kept us out of war—while innocent citizens of the United States, lawfully sojourning in Mexico, were despoiled of their possessions, were wounded in their bodies and in their souls, or even gave up their lives.

He kept us out of war—while untold millions of American property on Mexican soil was plundered, illegally levied upon and destroyed.

He kept us out of war—while armed bands of desperadoes, equipped with guns and cartridges shipped to them by his consent, violated our soil, insulted our sovereignty and our flag, burned our buildings and murdered our people in their homes.

He kept us out of war—until, confronted by impending defeat for re-election, he realized

that some show of force and of forcefulness was necessary and then he permitted his own Congress to hamstring the legislation designed for national defense and summoned the militia to do the work which experts have long been telling him and the country could best be done by an enlarged and better-equipped regular army.

ALEXANDER'S RAGTIME BAND

GOVERNOR ALEXANDER'S petition for renomination was filed at the eleventh hour. It is entirely safe to say that outside of the flesh-pot politicians there isn't a man in the state, who has the interests of the state at heart, who felt any thrill of enthusiasm over the selection. Alexander is a candidate for re-election simply because of expediency. There was no one else to be found within the party who wanted to take the risk.

But the people of the state are in for it. Before the hot days are over, Alexander will be drumming up and down the country playing political ragtime on the same old mouth-organ that he used two years ago. Political ragtime played by a one-man band will be the chief attraction offered by Democracy during the coming campaign.

Alexander is a great performer. He is almost as comical as the Mut and Jeff cartoons. He can probably talk more and say less of anything that means something than anybody in the state. The Democratic party is not exactly chock-full of enthusiasm for Alexander's political ragtime. There are a great many smart Democrats in the state of Idaho, and it is possibly for that reason that there is not discernible anywhere a single ripple of enthusiasm for Alexander.

WHERE THE COUNTRY WINS

EVERY indication points to a repetition of last year's success in clover seed growing in the Twin Falls Country. Even the most optimistic last year admitted that the combination of good prices and great seed crops would not likely occur again in ten years.

Contrary to these predictions, history is repeating itself in a startling manner, the first three reports to come in being of eleven-bushel

yards of alsike and white clovers, and the opening prices offered the growers being equal to the mid-season prices of last year.

And, what is more to the point, most of the white clover yields last year were from five and ten-acre fields, one of the largest being sixteen acres. Already this year one twenty-acre crop has been harvested, and the threshers this week will pull into some forty and fifty-acre fields.

Profiting from past experience, it is safe to say that such careful methods will be used in saving every pound of this valuable crop that there will be less than a five per cent waste, as against the almost universal forty to fifty per cent loss of last year. We quote direct from a practical middle western farmer who came in the other day from a big clover field and declared that he had just seen things done here in the way of harvesting that he never had expected to live to see. He declared that the seeds were being picked up as carefully as the dust and filings on the floor of a United States mint.

Aside from the inevitable good times, big bank deposits and general prosperity, which this season's success means, its advertising value is most certainly worth considering. Last fall, as never before in its history, was the attention of the great middle west centered upon the Twin Falls Country. This is the section from which the great bulk of our farming population is drawn. To them, an orchard to come into bearing in five years means little, but a twenty-acre clover field yielding four thousand dollars worth of seed right now is one of the most convincing of all arguments, as to the productive value of the land.

THE DEUTSCHLAND

NOTWITHSTANDING the individual view as to German war methods, there are few men who will refuse to the captain and crew of the Deutschland a meed of hearty commendation on the indomitable spirit displayed in their epoch-making voyage.

There is no better type of manhood to be found anywhere than within the iron walls of Germany's first subsea merchantman today, and no higher expression of the genius of man than that supplied in the craft itself.

We Have Backed Our Confidence
in Idaho Seeds

For a number of years we have been large buyers of Idaho-grown CLOVER SEEDS, but our purchases have all been made for us by agents on a commission basis. Having confidence in the future of Idaho CLOVER SEEDS, and wishing to become permanently established with the growers, we have built a thoroughly modern warehouse and seed cleaning plant at Twin Falls, to take care of our rapidly increasing business in the Twin Falls district.

The equipment of the building with automatic devices and cleaning machinery of the most improved design and largest capacity, enables us to clean seed with the smallest possible percentage of waste.

We are buyers of RED, WHITE, ALSIKE and ALFALFA Clover seeds, and Seed Screenings in any quantity, at the outside market price. It will pay you to get our bids before marketing your seed. Our Twin Falls branch warehouse and cleaning plant is in full operation, the office is in charge of Mr. W. A. Lohr from the Milwaukee office. Get acquainted with him—it will be worth your while.

We are ready with the money if you are ready with the seed.
