

TWELFTH YEAR

TWIN FALLS, IDAHO, THURSDAY, AUGUST 31, 1916

NUMBER 39

GASOLINE MOTOR
TRUCK RUNS ON
ELECTRIC LINEFIRST TO BE PUT INTO
SERVICE IN STATE
OF IDAHONed R. McCracken Takes Lead on
Perrine's Electric Railway—This
Truck on Falls Gives Gen-
eral Satisfaction

The first gasoline motor truck with railroad attachment to be operated in the state of Idaho will soon be running on the electric scenic railway to Shoshone falls. Ned R. McCracken, chief clerk in the Hotel Rogerson, recently secured a year's lease, with the privilege of a three-years' lease on the Perrine electric road and expects to take charge of the transportation on the road within 30 days. In the meantime the electric cars will take care of the transportation of school children with the opening of school here.

Mr. McCracken expects to have the new motor truck running by September 25, provided his order for the car is not delayed by the threatened railroad strike. The truck is a two and one-half ton Peerless make, of cylinder, with a capacity of about 35 passengers. It has electric side bells, side entrance and other features similar to the regular street car. Mr. McCracken states that he has arranged no regular schedule other than that for the transportation of the school children, but that satisfactory arrangements can always be made for the accommodation of picnic and sight-seeing parties who desire to go to the falls.

The gasoline motor, such as Mr. McCracken has ordered, is proving popular wherever in use and indications point to its general adoption in the future over the electric cars and electric lines all over the country. It is much cheaper than any other method of locomotion for these public carriers and apparently gives complete satisfaction.

BUTTOLPH SHOE
STORE PURCHASEDJ. A. SINCLAIR RE-ENTERS MER-
CANTILE BUSINESSWas Formerly Idaho Department Store
Manager—Possession Will
Be Given Purchaser
Tomorrow

Commencing Friday morning, the Buttolph shoe store will be the property of J. A. Sinclair. The deal for the stock took place this week, and all day Thursday was taken up with stock taking preparatory to the actual transfer, which will take place Thursday evening.

J. A. Sinclair is one of the older residents of this section, having been manager of the Idaho Department Store for a number of years prior to about three months ago. Mr. Buttolph, the retiring owner, will leave here within a few weeks, or just as soon as he can straighten out his affairs, for his old home in Vermont, where he will take charge of the family property, mostly farms.

OLD SETTLERS' PICNIC

Thursday at Waters' grove the pioneers of the Twin Falls country assembled for their annual picnic. The officers elected for the ensuing year were: W. S. Starr, president; S. T. Hansen, vice-president; and W. H. Eldridge, secretary. The board of directors previously elected were: W. H. Eldridge, W. S. Starr, Dr. C. P. Abbe, George F. Sprague, W. M. Clark, D. C. Clark, Mrs. H. G. Miller, Mrs. W. B. Wolfe and Mrs. Kennedy Packard.

COMMERCIAL CLUBS
CO-OPERATING ON
STRIKE SITUATION

Acting upon the suggestion of the Chicago Association of Commerce, the Twin Falls Commercial club, in line probably with practically all other commercial bodies of the country, today wired the following request to President Wilson and to all the Idaho delegations in Washington: "August 31, 1916.—To the President of the United States, Washington, D. C.: Believing that any legislation enacted by congress under the shadow of the threatened strike could not be fair to all parties concerned, we suggest that the patriotism of the trainmen be appealed to and postpone date of strike until congress has time to thoroughly investigate all conditions. TWIN FALLS COMMERCIAL CLUB."

KITS ARE SENT TO
BOYS ON BORDERMORE THAN HUNDRED MADE BY
TWIN FALLS WOMENNumber of Useful Articles Placed in
Each at Considerable Cost—Ex-
pense Borne by Company D
Association

After several weeks of unavoidable delay, the hundred kits or more that were made by the women of Twin Falls were sent to the members of Company D and the Twin Falls boys in other companies at Nogales. The work was started by the women many weeks ago, but owing to the difficulty in securing certain articles and materials necessary to the making of the kits, but a little could be done, at a time.

The kits were packed on Thursday night and shipped Friday by parcels post at a cost of something over \$15. In each kit was placed a bath towel, washcloth, package of pins, package of gum, writing tablet, envelopes and pencil. These articles, although purchased at a reduction, cost a total of more than \$40. Each kit was made of a heavy, excellent quality of canvas, khaki color, and was two yards long and some seven or eight inches wide, with the flap folded over envelope style. The flap was fastened down

INTEREST RUNS HIGH
IN SENATORIAL FIGHTPREDICTIONS OF SUCCESS MADE
BY WORKERS ON BOTH SIDES"Swim Versus Atherton" Looms Large
in Public Mind, and Unusually
Heavy Vote Will Probably
Be Polls

As the campaign draws to a close, considerable interest continues in the contest for state senator on the Republican ticket, and as a result an unusually heavy vote will probably be polled.

J. M. Maxwell predicts the nomination of Mr. Swim. "In my opinion," said Mr. Maxwell yesterday, "the nomination of Mr. Swim seems practically assured. It would not surprise me if he carried Twin Falls by a vote of two to one. Mr. Swim and his friends have made a clean campaign, and I believe the people thoroughly understand the necessity for his nomination."

W. J. Young, chairman of the Republican county central committee, believes that Mr. Swim will be returned the winner. "I believe," Mr. Young said, "that the clean campaign that has been made by Mr. Swim has appealed strongly to many people. The issue is well understood, and I believe

SYMPATHY COMES
FROM FAR BELGIUMLETTERS OF CONDOLENCE SENT
TO MRS. J. C. GIRDNEROfficers in Regiment in Which Char-
ley Girdner Fought in Europe
Write of His Death—
Buried in Belgium

The following letters were received here by Dave Girdner for his mother, who is now in California, giving details of the death of his brother Charles, which occurred August 2. News of his death was wired here recently from the record office in Ottawa, Canada, but details were not known until the receipt of the letters the last of the week.

Charles was well known in this city, having graduated from the high school here with the class of 1914. He came to Twin Falls with his parents in the pioneer days of the city, more than 10 years ago, and had many friends here.

"BELGIUM, Aug. 3.—Mrs. J. C. Girdner, Twin Falls, Idaho, U. S. A.—Dear Mrs. Girdner: It is with deep regret that I write to inform you of the death of your son, J. C. Potter, No. 464,008, of this regiment. He was shot in the head while on sentry duty last evening. His comrades hurried him to the dressing station, but he died just as he reached

FOURTH ANNUAL
JOINT INSTITUTE
IS BIG SUCCESSTEACHERS FROM FIVE AD-
JOINING COUNTIES IN
ATTENDANCESpeakers From Half Dozen Other
States Are on Program—Con-
ducted by Prof. J. C. Wer-
ner of Albion Normal

Nearly 400 teachers are enrolled this week at the fourth annual joint institute, which opened in this city on Monday, August 28. Five counties are represented, namely, Cassia, Gooding, Lincoln, Minidoka and Twin Falls. Professor John C. Werner of the Albion State Normal was chosen as conductor of the institute, upon the unanimous vote of the superintendents of the five counties.

The enrollment the first of the week was as follows: Cassia county, 83; Gooding, 68; Minidoka, 69; Lincoln, 74; and Twin Falls, 89. These numbers do not include the teachers in the city of Twin Falls nor those of Buhl, which number approximately 87, who were not required to attend the institute this year. Had they done so, the enrollment would have been much higher than ever before. Last year the total enrollment of the teachers of Twin Falls and Buhl was 408. Had these teachers attended this year, the total enrollment would have been approximately 450.

Only One Change Made
The entire program, as given, was carried out, with the exception of one change, that being the substitution of Dr. David Spence Hill of the University of Wisconsin for Dr. C. E. Rugh of the University of California. Dr. E. O. Sisson, commissioner of education of Idaho, was present during the first of the institute and held several conferences with the teachers. Prof. J. W. Hoppe, head of the department of education at the State Normal school at Cheney, Wash., and Prof. T. R. Nelson, director of music and art in the Payette schools, also were present. The program contributed much to the entertainment, as well as the instruction of those attending the institute. Special interest was shown in the decision to return, and states that where everything is complete, the hostility will be in better shape than ever before to take care of the needs of the business.

MANY CHANGES AT
THE PERRINE HOTELPREPARATIONS FOR OPENING OF
THE DINING ROOMProgram Includes New Dishes and Sil-
verware, New Carpets and
Furniture Through-
out

New carpets and furniture throughout, new dishes, knives, forks and decorations in the dining room comprise the program for the Perrine hotel, the dining room of which will be open as soon as the work can be done.

Orders for the new goods have already been placed, so time will not be lost in getting them installed and ready for use.

E. B. Williams, manager of the hotel, is highly gratified over the decision to return, and states that where everything is complete, the hostility will be in better shape than ever before to take care of the needs of the business.

CROP RECORD YIELDS IN THE TWIN FALLS COUNTRY
COMPILED BY THE TWIN FALLS NEWS

The following facts and figures are compiled carefully and accurately, in order that a true understanding of the crop possibilities of the Twin Falls country may be given the widest publicity.
All figures are accurate and based on actual facts, so far as this is humanly possible.

Note to Growers:—As soon as you have threshed, The News would be glad to get a report of your acreage, yield and cash returns.

DUCK SHOOTING SEPT. 7

Department Announces Provi-
sions for Law Enforcement

Word has been received by Deputy Game Warden Fitzgerald from the state game department that the decision has been reached to authorize the hunting of ducks and similar birds beginning September 7. The federal bird law and the Idaho state laws conflict to some extent last year, but the former has been amended to read September 7 for the opening date, and this will be accepted by the state game department.

PEOPLE OF ROCK CREEK VIEW THE NORTHERN LIGHTS

CITIZENS TURN OUT FOR WONDERFUL SKY ILLUMINATION

Higher Elevation Gives Splendid Opportunity to See Spectacular Display—Sight a Rarity in Southern Idaho

ROCK CREEK.—Sited at the base of the foothills along the south edge of the Snake river valley, the citizens of Rock Creek have just had an exceptional opportunity to view the wonderful Northern lights in their full perfection. The big display began shortly before 10 o'clock and lasted something over half an hour.

Several theories have been advanced as to the cause but the most generally accepted is that it was a reflection of the Northern lights. There were none of the rainbow colors shown in the aurora borealis, the light being of the peculiar bluish tint of an electric light.

At 10 o'clock the entire northern part of the sky was of a clear bluish tint. Immense spots of light appeared at different points in the illuminated section and disappeared as quickly as they came. After a few moments of this, long fingers of light shot up, sometimes almost reaching the zenith, then gradually fading into the general light. This continued till 10:30, with a small dark cloud sometimes following the ray of light so closely as to seem like an explosion with the accompanying smoke.

CITY DADS PASS SEWER ORDINANCE

No Protests Filed to Special Assessments for Sewer in Elm Park and Senior Additions

At a short session of the city council Monday night the ordinance for the building of a sewer in the Elm Park and Senior additions was passed. Only three members of the council were present, but as there were no protests filed the ordinance was passed unanimously.

Councilman Parrott occupied the chair, and the motion for the passage of the ordinance was proposed by Councilman Bracken and seconded by Councilman Smith. The meeting being called for the one purpose only, of hearing protests to the sewer assessments, no other business was transacted and an early adjournment was had.

ANNOUNCEMENT

R. J. Day, while announcing himself a candidate before the Republican primaries for the office of state representative, is an anti-county divisionist. He will not lend his name to any ring of dirty, mud-slinging politicians, and he believes that the primary law was instituted for the purpose of getting away from this kind of politics and to give every candidate an open field and every voter the right to vote according to his own dictation.—Adv.

Always in the market for baled alfalfa hay. Highest cash price paid at all times. John Fiske, phone 708-W.—Adv.

BRONAUH WINS TENNIS FINALS

SUNDAY MORNING CONTEST IS SPLENDID EXHIBITION

Robinson Fights Hard, But Loses Through Superior Generalship—Tennis Fans Enthusiastic

In a nerve-racking contest lasting two and a half hours, Twin Falls tennis fans were Sunday morning treated to the greatest exhibition of tennis technic and generalship ever seen here, when F. W. Bronaugh, winner for three years, again won the singles championship for Southern Idaho, playing against Dr. H. Robinson, the only man in this section of the country who has been able to force him to play his best.

From start to finish the games were intensely exciting to the considerable crowd of onlookers gathered at the association courts, and every ounce of skill possessed by the two contestants was called into play. The set was begun at 10:30 and, with only seven minutes' rest allowed during the whole two hours and a half, both men were completely exhausted at its close.

The first two games were taken by Robinson, 6-0 and 6-2. Bronaugh took the next two, 6-0 and 6-2. The final game was played with both men hardly able to see or make their swings. It was the superior generalship and technic which brought victory to the latter.

The officiating was by E. L. MacVicar, referee; Charles Bullis and C. A. Bailey, courtlinemen, and John Smith, side line man.

The interest and enthusiasm among the spectators by Sunday morning's contest had done much to revive tennis enthusiasm and plans are already being made to provide more court space for next year.

CIVIL SERVICE TO HOLD EXAMINATION

September Twenty-third Set for Examining Day for Postoffice Vacancies

The United States civil service commission announces that a male clerk-carrier examination will be held September 27-29, 1918, at Twin Falls, to establish an eligible register from which selection may be made to fill vacancies as they may occur in the position of clerk or carrier at the Twin Falls postoffice. Men only will be admitted to this examination. Age limits are 18 to 45 years.

The entrance salary for clerk or carrier, postoffice service, is \$300 per annum, with annual promotions up to \$1000 per annum for efficient service. For application blank and pamphlet of information apply to the local secretary, board of civil service examiners, at the Twin Falls postoffice. The secretary, Seventh Civil Service District, 393 Postoffice building, Seattle, Wash.

LOOP THE LOOP IN SPEEDY TRIP

EASLEY AND OSTRANDER HAVE WEEK'S TOUR IN A FORD

Six Hundred Miles on Gallon of Oil—Get Twenty-two Miles to the Gallon of Gasoline

Returning Saturday evening, George Easley and E. J. Ostrander completed a tour of 600 miles in a Ford roadster belonging to the former, averaging 22 miles to the gallon of gasoline and using just one gallon of oil. The tour included the Wood River, Salmon River and Lost River countries, making, in all, a complete loop. Just a week was spent on the trip and good roads were found all of the way.

Speaking of the agricultural possibilities of the country through which they traveled, Mr. Easley declared that this was his first visit to the section around Mackay and along the Lost river in 14 years, and that he was amazed at the way towns were being built up and the farms developed. Prosperity showed itself everywhere, he declared, and the growth and development shown made a welcome addition to the empire of Southern Idaho.

BUSINESS HOUSE MOVES QUARTERS

American Electric Moves to 205 Main Avenue East—New Display Room Large and Commodious

With the final work of moving completed, the American Electric company is now comfortably installed in their new quarters at 205 Main avenue east. H. J. Dinkelacker, the manager, states that the prospect for splendid business conditions throughout the fall and winter months necessitated larger and better salesroom and workshop, a change which he has been contemplating for some time. The electric company will have one-half of the store room previously occupied entirely by the Carlson Music company.

FACTS

ABOUT THE

Real Anti-County Division Fight

VERSUS THE

Anti-Atherton Propaganda

S. P. ATHERTON IS THE LOGICAL CANDIDATE FOR THE STATE SENATE TO DEFEAT COUNTY DIVISION

Mr. Atherton has lived in various parts of Twin Falls County, and having been very active in business, lodge and church work, has a very wide circle of loyal friends. Having recently moved on a farm between Clover and Buhl, he is now located in the territory that would be cut off from Twin Falls County if the County divisionists were successful. He is also in the highway district in which the fight was made to bond the district for \$300,000 for road improvement. Mr. Atherton was one of the leaders in the fight in defeating the bond issue and in this fight made many friends in that section who will stay with him in his fight against the division of the county. His many friends who were opposed to shouldering the heavy burdens that would be imposed by the heavy bond issue in addition to the greatly increased taxes incident to the establishment of a new County urged him to lead again in defeating County division.

Mr. Atherton is a man who has always put the public welfare ahead of his own personal gains, and, while realizing that the sacrifice is much greater than he can afford to make, he did not hesitate. After consulting his friends in Twin Falls, he early announced his candidacy for the State Senate and at once began to line up his work to defeat the County division movement.

The Truth About the Anti-Atherton Fight

Mr. Atherton in the past contributed to the defeat of certain candidates for county and city offices by supporting their opponents, thereby engendering the bitter enmity of some of the friends of the defeated candidates. If half dozen of those most bitterly opposed to Mr. Atherton could have been eliminated, there would now be no other candidate to divide the anti-division vote.

All those familiar with the situation know that this is a fight against Mr. Atherton, pure and simple, and the attempt is being made to foist this on the voters of the County under the guise of a popular anti-division movement. If these fake anti-divisionists had the interests of the County at heart, instead of personal grievances, would they not have given attention to those who so strongly opposed putting a second candidate in the field to draw support from a candidate who could easily have defeated Mr. Barker, the division candidate? The divisionists were quick to grasp the opportunity just as soon as Mr. Swim entered the field to divide our strength, at once withdrawing their Democratic candidates in order to concentrate their full strength in the Republican primaries against our divided strength. This fake anti-division movement has placed the unity of the County in a hazardous position, to cope with which will require the most earnest efforts of all those opposed to County division.

We accuse Mr. Atherton's critics of inconsistency in denying him the right to use his own discretion in regard to supporting Mr. Guthrie two years ago, while conceding Mr. Swim the right to give interviews for publication in our local papers after his return from the Progressive convention in Chicago, in which interviews he very frankly expressed his disapproval of the choice of Mr. Hughes to head the ticket on which he is now running as a candidate for the State Senate.

A fact in connection with this fake anti-division propaganda is that the meeting at which their committee appointments were made was held in the office of George Sprague, who made the statement that he would prefer County division to having Mr. Atherton elected to the State Senate. We who are making the real fight against County division stand ready to prove this accusation at any time we are asked to do so. Several others among the leaders in this fake movement have made the same assertion as made by Mr. Sprague. Another fact in this connection is that in order to give their movement prestige the names of some prominent business men were placed on their executive committee without their knowledge and against their wishes. This statement we also stand ready to prove. Among the men on their executive committee we find one who is associated in the recent purchase of the Buhl Townsite with Mr. E. A. Milner of Buhl, the father of the County division movement. Mr. Voter, does this kind of a lineup look like an anti-division movement or a fake?

Another Bogus Frame-up Exposed

Through the columns of the Twin Falls News, a frameup was outlined as being a combination between both the Republicans and the Democrats to concentrate their support on certain candidates in order to defeat County division. This frameup was at once repudiated by the Democrats and such strong remonstrance was made against such methods that the Democratic slate was at once eliminated from their bogus frameup. Another unscrupulous attempt was made through the columns of the Filer Journal to foist this fake lineup on the voter. We quote from the Twin Falls Times of August 15th: "I want to say to you and I hope that you will publish my statement that the statement which appeared in the Filer Journal last week, signed County Republican Committee, purporting to endorse certain candidates, was not issued by the Republican County Central Committee, which has held no meeting since the filing of nominations and has taken no action on those who filed," said Hugh F. Smith, secretary of the Republican committee today to a Times representative. "I do not know who signed the name of the committee to the statement, but such signature was not authorized." The promulgators of this fake movement have not only been ready to sacrifice the interest of the County, but were ready to prostitute the Republican party of this County in the furtherance of their schemes.

Through such treacherous methods, some well-meaning people have been deceived into lending their support. The promoters claim the support of some 200 voters after about two weeks' canvassing. Many of Mr. Atherton's friends were induced to sign a certain paper endorsing Mr. Swim on the representation that they were circulating a paper in opposition to County division, and, being busy, attached their names without reading the document. Against those who have been deceived into lending their support to this movement we have no criticism to offer, but squarely on the shoulders of all who through personal motives are instrumental in detracting from the support so sorely needed will be placed full responsibility, should there be a division of Twin Falls County through the results of their action.

Mr. Atherton is the only candidate who has any show whatever to defeat Mr. Barker, the division candidate for the Senate. Every vote for Mr. Swim aids Mr. Barker by taking a vote from his opponent, Mr. Atherton. This is a time to set aside personal preferences and even party affiliations to offset the County division movement.

Splendid Work is Accomplished By The Associated Charities

Local Association Gives Interesting Report—Several Hundred People Aided During Past Year—Many Children Enabled to Attend School Only Through Work of Local Organization—Many Distressing Cases Presented.

That there was a vast amount of charity and social-service work needed in Twin Falls the past year, and that it was cared for in a most efficient way, is shown in the annual report of the Associated Charities of this city, which was presented to the board of directors of the organization, Mrs. Kennedy Packard.

The following report is given by Mrs. Packard:

"Help was given during the winter to 39 families. Some were helped to coal and groceries only a few times. Some would have suffered only for clothing and shoes donated. Number of families where there was a large number of children were helped for many weeks.

Children Kept in School

"Many children were kept in school by being supplied with shoes, rubbers and clothing. Most of the clothing was donated to the society, but all rubbers and many shoes were purchased.

"The number of persons in families and single who were helped was 240. Of the individuals, most were men unable to take a job because of no shoes, no coat or lack of underwear. One man of thirty and intelligent, but laboring under the burden of a sick wife, two small children and no work, came to us for aid in the coldest weather, clad in a sweater and drawers, with poor shoes and no hat. A job was open to him, but he needed clothes in order to take it. We investigated our supply rooms, found that the visitors told us every day, took excellent care of his family and never again applied for help.

"Such incidents explain to the donors some of our emergency calls for help. We were telling our needs over the wires in a hurry. It was in such a case necessary to use all possible dispatch or see the man lose his job. Over 250 calls were made during the winter; seven new babies were out-fitted, either wholly or in part; sickness in 15 families called for many calls; many ministrations, much work in preparing food. Most sandwiches were prepared for many days for the men on the emergency work at Shoshone falls grade. Gloves were also furnished them.

Shoes Abuses Mother

"One woman, well on in her seventies, was found in a two-room shack, ill, with few bedclothes, one bed of coal and half of a dry loaf of bread in the house. Her attendant was an amiable, starved-looking soul of 16, who looked fit for the hospital. She was a foreigner, but we did not need to understand her language so comprehend the blessings she showered on us when we gave her nourishing soup, oranges, and put on the shelves of her room supplies of food, and on her cot a new comfort and blanket. One of our nephews, a boy of 16, brought her a bottle, which the poor, sick creature hugged to her breast as a child would a doll. When we got to the bottom of this case, we found that out on a nice old farm near town, a woman lives her oldest son, growing fine crops, land all clear, and he with neither wife nor child to care for. Furthermore, he had lost to his mother, the mother to come out to cook for him, and pictured the home he was making. She cooked for him three years, living on coffee and bread most of the time. She gathered and cut all the sagebrush she used; winter and summer, and he made her help him clear the land and work far beyond her strength. She at last secured a letter to the postoffice by a neighbor to the younger son in Minnesota, telling him to come for her. For two years the son had cut her off from all communication with him. He came at once and found her bent, sick and starving, and got her into a place in town and medical help. The older son refused any help. In addition to this, he had during all this time collected a monthly rental of his mother's in Minnesota, which would have been sufficient to feed and clothe her.

"Through correspondence, this was adjusted; food food, care and warmth built up her strength to a point where she was able to travel, and she and her younger son returned to Minnesota.

Aged Made Comfortable

"About January 1 we moved 'grandfather' to warmer quarters, bought much-needed bedclothes and underwear and fixed him comfortably. Later a piece of unproductive property he owned was changed into a better proposition with a small income so he has some money and was very happy in being able to return to our treasury \$10 we had paid out for him on rent.

"Elderly sick have been made to the sick since June 1. In eight cases in families whom we have helped we have been instrumental, by correspondence and otherwise, in their removal from the city.

"In some instances funds were sent for relatives; in one, relatives came for them.

"In every case our society completely outfitted the families, even when the county furnished tickets.

"Five families have received help of

fuel and groceries and some clothing who likely never were in such an emergency before, and probably never will be again.

"Names are never given, only as it is absolutely necessary when our disbursements are made, and in such cases as observed. Thus a spirit of neighborly kindness takes the place of charity.

Social Service Work

"Our social-service work has proven helpful in many cases. One man was returned to his family and relieved of the care of a wife and two children.

"One man, whose wife was ill, was assisted in the care of the children. Much correspondence was done for a woman long ill. Reading matter was furnished the county house. Bed gowns and pajamas have been made for the sick. Jolly soap, fruit, etc., have been taken to invalids. A quiet, unheralded, observer has visited public dances.

"It was a hard winter, and although contributions have been generous, we were not at all times able to meet demands. We were glad of every bundle as fast as they arrived. We hope that the report of the trustees in connection with this, and the report published in January, will give the community a fair idea of what the society is endeavoring to accomplish and where funds have been placed."

Treasurer's Report

PROF. HAMILL MUCH RESPECTED IN HOME TOWN

DEATH GREAT SHOCK TO RELATIVES AND FRIENDS

Besides Wife and Parents, Nine Brothers and Sisters Mourn His Tragic Death—Married Less Than Year

That the shocking murder of Professor F. T. Hamill brought grief to many hearts outside the community in which he lived in the summer time, 45 miles south of Twin Falls, and also in Carson, Nov., where he taught in the public schools, but in his home town, he was shot on his ranch near Twin Falls, Idaho, possibly Tuesday of last week and found Thursday. A telegram was received Thursday forenoon announcing the sad news by B. I. Mathews, secretary of the local Masonic lodge, of which Professor Hamill was a member. Mr. Mathews informed Dr. Hamill of the murder of his brother, and after a consultation with the parents, a telegram was sent to the Masonic lodge offices at Twin Falls to have the body shipped

to Ligonier. Dr. Hamill also received a telegram from Professor Hamill's wife informing him of the murder, she being on a visit to her parents, at Oakes, N. D., and a reply telegram was sent to her to come to Ligonier to attend the funeral. Mrs. Hamill, her brother and sister, and Mrs. Walter Fox, a friend, arrived in Ligonier Monday. The news of his murder was a severe blow to his parents and brothers and sisters, especially his mother, and a shock to this community, as Professor Hamill had a host of friends in Ligonier valley, who mourn his sad death.

Was Principal of Schools

"He taught school as principal of Ligonier schools during the term of 1906-07 and again in 1911-12. He was very successful as principal of our schools, but was not an applicant for re-election in the fall of 1912. Taking a trip West, he made application and was elected principal of the Carson City, Nev., public schools, which position he held up to the time of his death. He was about 33 years of age. Less than a year ago he was married to Miss Jessie Mitchell, daughter of Mr. and Mrs. Robert Mitchell of Oakes, N. D., and for their wedding trip they came East during the holidays of the past season and spent about two weeks visiting relatives and friends in the valley. He owned a ranch in Idaho, and it is supposed that he was on his way to the ranch during his vacation.

"Professor Hamill graduated at Indiana normal in 1906 and at Bucknell university five years ago, and afterward received a second degree from Bucknell.

"Professor Hamill was one of a family of ten children. Besides his widow, he is survived by his parents, Mr. and Mrs. H. C. Hamill, and the following brothers and sisters: Dr. C. H. Hamill of Ligonier, James Hamill of Fairfield township, Miss Ruth, a teacher in California; Jack, a medical student at Ann Arbor; Miss Jane, a nurse in Monticello hospital; Mrs. Hill Hartman of Berry; Paul, Eugene and Miss Mary, at home.

"An inquest over the body was held Monday of this week and a shipment of the body was made Tuesday morning. The funeral services will be held in the local United Presbyterian church at 10:30 a. m. next Friday, Saturday or Sunday, depending on the time of the arrival of the body in Ligonier, conducted by Rev. A. L. Kenyon, pastor, with Interment in Valley cemetery. All his brothers and sisters are here excepting Miss Ruth, who will arrive this evening from California.

NOTICE FOR PUBLICATION

(Final Proof.)

I, Frank J. Keenan, of Buhl, Idaho, assignee of E. F. Blasonette, who made entry No. 2539, under the provisions of an act of the legislature of the State of Idaho, commonly known as the "Carey Act," approved March 22, 1893, which embraces 33 1/2 SW 1/4 of section 22, of township 22 S., range 14 E., M. do hereby give notice of my intention to make final proof to establish my claim to the land above described, and that I expect to prove that I have resided on, reclaimed and cultivated said land as required by law, before Maurice Green, representative of State Land Board, at Hollister, Idaho, on 15th of September, 1916, by two of the following witnesses:

W. R. Morrison, Geo. W. Rawlinson, W. E. Stuart, A. G. Scrivner, all of Buhl, Idaho.

CARL J. HAHN IS CHOSEN FOR BANK VACANCY

ELECTED VICE-PRES. THE
TWIN FALLS BANK &
TRUST CO.

"Succeeds H. J. Failing, Who Left Last
Week for Portland—J. G. Brad-
ley Made Cashier—Curtis
Turner Is Teller

At a meeting of the board of directors of the Twin Falls Bank & Trust company, held Saturday afternoon, several promotions were made in the officials of the bank, changes made necessary by the resignation of H. J. Failing, who left last week for Portland, Ore. to assume his new duties as vice-president of the Lumberman's National bank of that city.

To succeed Mr. Failing, Carl J. Hahn, cashier of the institution for the past 11 years, was chosen vice-president. Mr. Hahn has been connected with the McCormick interests for some time, having been with the company in Salt Lake City seven years before he was transferred to Twin Falls. Previous to that Mr. Hahn was cashier of the Hooper State bank at Hooper, Neb.

In August, 1906, Mr. Hahn came to Twin Falls as cashier of the old McCormick & Co. bank here and remained in that position upon its reorganization into the Twin Falls Bank & Trust company, in 1908. J. G. Bradley, who was chosen to succeed Mr. Hahn as cashier, came to Twin Falls eight years ago from Hot Springs, S. D. He has been paying teller for the past three years, that position being left vacant by Urban Tracey at the time of the forming of the Idaho State bank. Curtis Turner, the now paying teller, was a member of the first graduating class from the Twin Falls high school, the class of 1908. Soon after graduation he entered the employ of the Farmers and Merchants' bank and was transferred to the Twin Falls Bank & Trust company upon the consolidation of the two banks, in the fall of 1911.

FRENCH CHEF IN HARDWARE STORE

Professor Stark Will Conduct Demonstration Week for Twin Falls Hardware Company

Next week will be demonstration week at the Twin Falls Hardware store, when the use of the Majestic steel range will be demonstrated by Professor Stark, a French chef sent out by the factory. There will be daily lectures on the best methods of handling the cooking, a discussion of new recipes, etc.

Tuesday afternoon, between 3 and 5 o'clock will be a special occasion for the children, when 125 Majestic aeroplanes will be given away to the youngsters.

Wednesday the famous Majestic walking cake will be baked, and afterward 25 ladies will be invited to stand upon a board and smash it flatter than the proverbial flat pancake. It is promised, however, that this cake will rise again in a very few minutes, with its palatable qualities unimpaired.

THE PACIFIC CLEANERS clean old wall paper and kalsomine like new. Rates very reasonable. Give us a call. Tel. 221-W. Mr. Gordon.

KITS SENT TO BOYS ON BORDER

(Continued from page one.)

by means of cords and rings sewed to the kit. These kits, when filled and ready to be carried by the boys, are laid on their blankets, rolled up in them and carried across their shoulders. When in camp the kits may be hung by the end strings across a convenient place in the tent, and are found practical as a place in which the boys may keep their small personal articles. All the expense incidental to the making and filling of these kits was borne by Company D association.

Send Fruit Later

At a meeting of the Red Cross members, called Tuesday afternoon at the home of C. H. Kregel, it was decided that a box of canned fruit be sent to the boys as soon as it could be collected and packed. To this end it was further decided that requests be made that everyone having a quart can of fruit to spare take it to Flicker's Cash Store not later than Saturday, where it will be packed and shipped at once. All who donate a can of fruit are asked to give, also, 10 cents to help defray the expense of shipping; and everyone else who desires to have a part in this work is asked to contribute 25 cents toward this expense.

At this business meeting the members of the Red Cross society decided that an open meeting shall be called within the next week or two, to which all who are interested and wish to become members will be urged to attend. Announcement of the time and place of the meeting will be made later.

INTEREST RUNS HIGH IN SENATORIAL FIGHT

(Continued from page one.)

he will carry Twin Falls by a big vote." Elvis Laycock, Republican, committee man from Hansen, states that in his opinion Swin will be nominated by a good vote. "The people in my section of the county," said Mr. Laycock, "are strongly against county division, and they understand the issue thoroughly."

Believes Atherton Will Win

"We believe we are going to nominate our man," said W. E. Sanger, in speaking for his committee Wednesday. "We have done all we could to bring this about and we think we have accomplished our ends."

"E. P. Atherton was the first candidate in the field and we regard him as the logical man for the position. There can be no objection to Mr. Atherton on any public or political ground, except as the politicians seek to make an issue as between men. We consider him well qualified for the position of state senator."

"I do not know that there is any more to be said, except to call attention to our position as outlined in our published statement."

Mr. Swin's Statement

Mr. Swin, in discussing the senatorial situation, said: "The best means of bringing about county division is to start a fight among those who oppose it. Being strongly opposed to it myself, I proposed to Mr. Atherton that we mutually agree upon a small committee with authority to eliminate either him or myself, in order that there should be no division in our ranks in the matter of the state senatorship. The proposition was not accepted and I have, therefore, no choice but to remain in the field."

"My platform, as before stated, consists of two planks: Opposition to county division and a demand that Salmon river settlers be either given what they pay for or relieved from paying for anything that cannot be delivered to them."

FOR EXCHANGE—Job printing for money. Our rate is like your money—the best. Twin Falls News.

HIGH SCHOOL REGISTRATION

All Students Required to Register Before Sept. 11

A change in the usual procedure of registration in the high school will take place. All students who are to attend the high school this year must register the week preceding September 11. Principal Downman will meet the different classes personally and instruct them relative to the different curriculum, requirements for graduation and sequence of courses.

All pupils who are entering high school for the first time and those who, though they have attended high school, but have a total of less than seven credits earned, are rated as freshmen and will register Thursday morning, September 7, at 9 o'clock. All pupils who have earned seven credits, but less than 14, are rated as sophomores, and they will register Thursday afternoon, September 7, at 1:30 o'clock. All pupils who have earned 14 credits, but less than 22, are rated as juniors and will register Friday morning, September 8, at 9 o'clock. All students who have earned 22 credits or more are rated as seniors and they will register Friday afternoon, September 8, at 1:30 o'clock.

Registration will take place in room 18, on the second floor of the high school building. Regular classes will begin Monday, September 11. There will be no registration of students on this date. All registrars must take place on Thursday and Friday of the preceding week, as outlined above. Parents are very kindly urged to be present on registration days and advise with the high school principal and teachers relative to the selection of courses for their children."

ARE INSTALLING NEW MACHINERY

Three new pieces of machinery were received this week by the Troy Steam Laundry and were installed as a part of the working apparatus of the plant. More than \$200 was paid out in freight, making the total bill something over \$1000. The new equipment was obtained from the American Laundry Machinery company of Chicago and consists of two washers and an extractor, the latter being the technical term for what the housewife calls a wringer.

YES, IT IS—NOT

"When a girl offers to become a sister to you, it is an intimation that she does not expect you to spend any spare change on her."

"Contrary to the general belief, fish are not all dumb," didactically said Professor Pate. "In Ceylon there is a shellfish, a kind of mussel, which actually sings. The sound is not at all unpleasant. Indeed, it is said to be quite a treat on a stilly night to listen to the talented specimen of the mollusca softly singing as he lies upon his back. 'I Didn't Raise My Boy to Be a Soldier.'"

E. T. NEWBRY WILL MAKE ACTIVE FIGHT

Few men in Twin Falls county are better known than E. T. Newbry of Kimberly, who will be the nominee of the Republican party for county commissioner of this county in the Third district. Mr. Newbry came to this section two years before the city of Twin Falls began its existence and he has been here ever since. He was here when the first work was done on

E. T. NEWBRY

the Miller dam and later when the system was completed was in the employ of the canal company for five years, during three of which he held the position of water master.

He has already served this county as commissioner, and that during a term when plans were laid and work commenced on the largest single piece of enterprise yet undertaken, namely, the building of the courthouse.

Mr. Newbry has no opposition in the primary, but will make an active campaign for election, beginning as soon as the smoke of the first fight clears away.

SYMPATHY COMES FROM FAIR OLD BELGIUM

(Continued from page one.)

It. He will be buried this evening in the Canadian cemetery, in which are a large number of our brave boys who have given their lives for our great cause.

"You have our deepest sympathy, Mrs. Girdner, and I pray you may find the deep comfort of our Father's love. You have the consolation of pride in your noble son, and the knowledge that he did not suffer, but slipped away while unconscious. The battalion will erect a cross up over his grave, and I can, if you wish, secure a photograph of the grave for you."

"May God keep you and bless you."

"Yours very sincerely,

"LOUIS W. MOFFITT, Capt.
"Chaplain 3d Can. Inf. Brigade, 15th Battalion."

"August 3, 1916.—Mrs. J. C. Girdner: It is with the greatest of heartfelt sorrow that I write these few lines to tell you that your son, 464,508, Potter, J. C., was killed in action on Aug. 24, 1916. He died on his way out to the hospital from the front line trench, after receiving a bullet wound in the head, about 10 p. m. on the evening of Aug. 24. He was in my platoon and while here he proved himself to be a soldier and a man. He was greatly liked by all his comrades, who wish me to extend their sympathy to you. Dear Mrs. Girdner, do not worry too much about your dear son, for I feel sure that God will take care of any man who has lost his earthly life fighting for such a noble cause. This is all I have to say."

"Hoping you will accept the sympathy of your son's comrades in arms, yours sincerely

"SGT. J. WHITMORE, 27,102.
"No. 2 Platoon, 15th Battalion, 48th Highlanders, 3d Brigade, 1st Canadian Division."

ROBINSONS

I WONDER IF YOU FOLKS understand just how much I appreciate your asking me to put in other kinds of goods than those I have been handling, and telling me that you feel that both the merchandise and the prices will be right.

In response to some of these requests I added, some time back, Men's Dress Shoes, also Women's, Misses', Children's and Infants Shoes. You will find these dependable in quality and at Right Prices.

No one else here handles the celebrated Buster Brown Shoes for School and Sunday wear.

A splendid line of Boys' Knees Pants, full cut, bloomer style, with extra buttons. Can be worn with waist or belt. Prices, like all other things here, are right. Some in khaki, others wool and worsted.

A big selection of Wash Suits for the "Little Men." Some in one-piece, others with separate pants, and some with separate coats and pants and waists combined. Prices, 60c, 75c, \$1.00 and up to \$1.98.

Wonderful values in Boys' Wool, Worsted and Serge Suits. Cut full, well made, good fitting, with special features that the boys like. You will find that I am not asking the high prices that "many stores are. Splendid values at.....\$4.95 and \$5.95

Plenty of those good black Stockings for Infants and the "Little Men and Women" at, a pair.....10c

We are still selling that splendid number for boys at 3 PAIRS FOR 50 CENTS. The same good black, with those extra strong heels and toes. Ask for "Johnny Jones." They wear good and boys like them.

P. S.—Mail Orders will be given my personal attention. Any goods that are not entirely satisfactory may be returned for exchange or refund.

Edward Robinson

If you want printing done, by all means have it done right.

The News printing department has machinery, equipment of type of latest faces, and men of skill and experience to handle them.

SPECIAL SALE SCHOOL DRESSES

Starts Sat.—45c and 60c—Starts Sat.

Sizes 2 to 14 Years

Special purchase by Mr. Booth on his Eastern trip. These dresses are values up to \$2.00 in gingham, percales and lawns and are made very prettily, in fact we have never seen such good dresses at the price and they are just in time for school. At these less than regular factory prices they are wonderful. All good patterns and good styles. No old ones; all clean and fresh. The child always needs one or more wash dresses. Forenoon shopping advised.

BOOTH MERCANTILE COMPANY

MOTHER OF BOYS WANTS HER SONS TO BE EDUCATED

PENEWELL AND WIFE HARROWED BY DETAILS OF TERRIBLE CRIME

Say They Were 'Forged to Go Away
and Leave Children in Neigh-
bors' Care—To Stand by
Lads to Bitter End

The actors in the tragedy which ended the early career of Professor Hamill have settled down to a tranquillity which will only be broken when the trial is staged, at a later date. When the news came that Hamill's murder had been committed by mere boys, the community shuddered, and many a mother's heart went out to them, young as they were and not realizing the awful nature of the crime they had committed. But it was over a week before their own mother knew of the tragedy which would place prison bars between her and her sons.

Shortly before the killing, she had gone to Boise, and her husband, J. A. Penewell, the Lovelace boys' stepfather, had gone to Montana to get work. They had been contemplating on a dry farm, trying, as they put it, to "get by" without leaving the boys. But luck had been against them and they had been compelled to seek work in other places in order to earn money to tide over the winter. Penewell had gone to Montana, and she had gone to Boise for medical attendance.

She had joined him and they were returning to their ranch, with comparatively light hearts, for although they had been contemplating on a dry farm, trying, as they put it, to "get by" without leaving the boys, but luck had been against them and they had been compelled to seek work in other places in order to earn money to tide over the winter. Penewell had gone to Montana, and she had gone to Boise for medical attendance.

Penewell stepped off the train at Burley last Thursday and a former neighbor tapped him on the shoulder, on the depot platform, and asked him if there were his stepsons who had done that killing up there near Twin Falls. Penewell was dumfounded and as the train moved on he jumped aboard, staggered back to his seat with the words in his heart to shield the woman from the shock. But the newsboy had been peddling the papers through the train and they carried pictures of the boys. Penewell says he went back to the water cooler, presumably for a drink, and quietly bought a paper and read the story of the crime.

Then, realizing that his wife would have to know of the affair sooner or later, as the train sped on towards the city where the boys were confined he told her. She broke down, and the train did not travel fast enough for her; she wanted to get to her boys. When the train landed they rushed up town without stopping for dinner. They reached a rooming house and here the woman broke down completely and the man had to continue the trip to the jail alone, but he was unable to see the boys.

Will Entertain Teachers.—The Women's guild of Ascension church is planning a reception for the teachers of the Twin Falls schools at a date to be announced later.

Decides to Stay.—For the past few weeks Mrs. Frank S. Bell has had as her guest Miss Minnie Johnson of Kirkville, Mo. Miss Johnson came West on a visit, but has enjoyed her stay so much that she has decided to remain here permanently.

Candidate Talks Tonight.—Capt. E. G. Davis of Boise, candidate for governor on the Republican ticket, is in the city today in the interests of his candidacy, giving speeches at 4:30 this afternoon and again at 8 o'clock this evening. Capt. Davis is a good speaker and always has something interesting to say along political and civic lines.

Nurses Take Long Drive.—The Misses Ida Crisford and Electa Nesbitt, superintendents of the Twin Falls hospital, left last of the week in their new Dodge car for an overland

Bisbee Portraits Are Superior

Reason Number 1

The doctor must study years before he can write a prescription for you, the lawyer must pass an examination before you will trust him to win your case—why should you not expect equally thorough preparation on the part of the man who makes your photographs?

Mr. Bisbee valued his profession highly enough to definitely train for it before entering it and he holds a diploma from the largest and best photographic college in the world. The Bisbee Studio is the only studio in Southern Idaho owned and managed by a graduate photographer.

and that they had not been had youths and felt grieved that the impression seemed to have gone abroad that the boys had been left alone there at the homestead, when, instead, they had been in care of a neighbor.

Mrs. Penewell had been too excited up to this point to think much of the details of the crime. Slowly, Penewell narrated the tragic events to her. And as she listened to the terrible story she covered her face with her handkerchief and sat with bowed head, as if she had been told that her husband had been killed.

And when the story had progressed to the point where Lynn had fired the fatal shot, she gasped and groaned. "My God! Why couldn't that bullet have missed its mark! Why should it have struck him in the eye!" And then the woman, torn by emotions which only a grieving mother can know, sank down upon the bed, buried her face on the pillow and wept the bitterest tears that she has known. The horrible thought that a shot had made her the mother of a murderer seemed too great for her to bear, and for several moments she seemed scarcely to breathe.

Says They Did Their Best. Finally, Penewell stated that they had both done what they could for the boys; had given them what schooling they could; had left them in the care of the neighbor, but had been compelled to go away to earn a living and, if possible, save their home, but that they had always done the best they could for the boys. And when the reporter told them that the boys had acknowledged that their stepfather had whipped them, then the stoic, but otherwise had always been kind to them, Penewell's chin quivered, his eyes filled and he could not restrain the tears. When the woman rallied she said: "I suppose my boys will be taken from me, but whatever the state does with them, or wherever they go, I shall hope any way that the state will give the boys an education."

Local Briefs

Patient From Jerome.—David Meach was brought over from Jerome yesterday for a minor operation at the Twin Falls hospital.

Will Entertain Teachers.—The Women's guild of Ascension church is planning a reception for the teachers of the Twin Falls schools at a date to be announced later.

Decides to Stay.—For the past few weeks Mrs. Frank S. Bell has had as her guest Miss Minnie Johnson of Kirkville, Mo. Miss Johnson came West on a visit, but has enjoyed her stay so much that she has decided to remain here permanently.

Candidate Talks Tonight.—Capt. E. G. Davis of Boise, candidate for governor on the Republican ticket, is in the city today in the interests of his candidacy, giving speeches at 4:30 this afternoon and again at 8 o'clock this evening. Capt. Davis is a good speaker and always has something interesting to say along political and civic lines.

Nurses Take Long Drive.—The Misses Ida Crisford and Electa Nesbitt, superintendents of the Twin Falls hospital, left last of the week in their new Dodge car for an overland

trip to Salt Lake, where they will spend a week's vacation visiting with friends. Mrs. Ida M. Allen is acting as superintendents during their absence.

For Stanley Basin.—C. D. Thomas, E. E. Peterson and Albert Putzler left this morning, headed for Stanley Basin. They will enjoy a few days' outing and expect to go far enough back to get good hunting.

Date Set for Hearing.—The date for the preliminary trial in Probate court of Harold and Lynn Lovelace has been set for September 7. The boys will be tried on the charge of murder.

Seeking Judgment.—John C. Rice of Caldwell was a visitor in the city yesterday in the interests of his candidacy for judge of the supreme court. Mr. Rice has practiced law in Caldwell 25 years and was a law partner of the late Governor Morrison.

Resume Meetings.—After a two-month vacation, Twin Falls chapter, O. E. S., will resume meetings in September. The Masonic grand lodge of the state of Idaho opens in Twin Falls September 12, the second Tuesday in the month. The chapter will hold a special meeting Monday, September 4, in Masonic temple at 8 p. m.

Under New Management.—Beginning the first of the month, the North Side Inn, well known to many Twin Falls people, will be changed to a new manager, E. F. Lewis, a new arrival from Canyon City, Colo. Mr. Lewis is the father of Reynolds Lewis, who was killed in the explosion last year, and is employed at the office of the Idaho Power company.

Gross Plaintiff.—Returning the first of the week from a 10-day outing in the country along the Big Wood river, a party composed of Mr. and Mrs. L. C. Fulkner and Mr. and Mrs. E. A. Chapin reported grossly very plentiful in that section. Fishing was good, too, a catch of 62 nice-sized trout being made in one day. While en route the party visited the Dr. Beebe, Munson and Hollingsworth camps.

Have Slumber Party.—A jolly then and a slumber party was enjoyed on Thursday evening by a number of young ladies. They spent the early part of the evening at the Idaho theater, after which they had lunch at Varney's. The night was spent by them at the home of Mrs. L. E. Kelsey, where a dainty breakfast was served after which they had lunch at Varney's. The night was spent by them at the home of Mrs. L. E. Kelsey, where a dainty breakfast was served after which they had lunch at Varney's.

Nineteen in Party.—Four families, comprising 19 persons in all, returned the first of the week from a splendid tour of the Wood River country. Four machines were at the command of the tourists, and it was a part of the general plan to keep going during the whole of the trip. Among some of the points of interest visited were: Stanley Basin, Red Fish lakes, Alturas, Salmon river and Lost river. The party was composed of W. H. Johnson and sons, Howard and Clayton, and Mrs. J. W. Beauchamp and family; B. F. Hoover and family, and Mr. and Mrs. D. E. Moffet.

Nebraska's Picnic.—At the home of Mr. and Mrs. Good Beam, Tenth avenue east, on Sunday, August 27, there assembled a number of people for the purpose of enjoying a picnic dinner together, which was given for the benefit of Mrs. William Murphy, who since her severe affliction last fall and winter, has been confined very closely to her home. During the afternoon musical entertainment, instrumental and vocal, was given. At 5 o'clock delicious ice cream and cake were served. Besides the host and hostess and their family, those present to enjoy this very pleasant occasion were: Messrs. and Mesdames William Hagler, John Hagler, Lon Pennington, L. D. Roan, Misses Margaret and Leola Hagler, Earl Bean, Harry Lee, Orland Kerschner, Boyce and Irene Pennington, Elmore Hagler and Merna Roe of Clover, Cecelia Boyer, wife and three sons, Bubi, Mr. and Mrs. Grover Yensing, Mrs. William Murphy, Beth Bowen, Twin Falls; D. R. Churchill and wife, Mrs. Mary and Edna Meyers, Rupert; A. N. Long, Wilson Hill, John White and F. W. Burtch, Davenport, Neb.

The Boy Scouts.—The church where

LOCAL PHOTOGRAPHER GETS NATIONAL RECOGNITION

Bisbee Studio Is Subject of
Editorial in Studio Light,
Photographers' Magazine.

The August number of Studio Light, the official publication of Eastman Kodak Co., held by every man in the profession as the latest word of authority upon things photographic, carries a long article written by the editor concerning the growth and the work of The Bisbee Studio of Twin Falls. This fact is doubly significant in that The Bisbee Studio is the only studio in Idaho which has ever been chosen for comment by this magazine.

The article begins as a story: "I have a case in mind," writes the editor, "where a man has opened a studio in a small town ten years ago with a \$20 gold piece for his capital. Two years ago he built a \$15,000 studio and it is a paying investment. This is The Bisbee Studio of Twin Falls, Idaho, a town with a population of about 6000."

Considerable comment is made upon the methods of the studio in question and at the close of the article is this splendid tribute: "Mr. Bisbee has made a large success in a small town. He has put quality into his publicity and has backed that up by putting quality into his work—and sticking to quality in his materials."

It is regarded as a rare honor to a studio to be mentioned by Studio Light, for only about a dozen studios each year are described in its columns; these are invariably studios of a very high class, standing high in workmanship and holding enviable reputations.—News item from The Twin Falls Times, August 24, 1916.

THE BISBEE STUDIO RECEIVES HIGH COMPLIMENT

The Bisbee Studio is rejoicing this week over the graphic description of its work written by the editor of Studio Light for the August number of that publication. Studio Light is the official magazine of the Eastman Kodak company and is looked upon as the supreme court of photographic affairs by every photographer in the United States and Canada.

The very high compliment extended to the work of The Bisbee Studio is made more pronounced by the fact that Studio Light mentions in its columns only about a dozen studios a year, and no Idaho studio has ever before been included in its list.

In speaking of the matter, Mr. Bisbee made this statement: "I was thoroughly surprised one evening when I went to the postoffice for my mail to find a most cordial and complimentary letter from the Eastman Kodak company, with the request that I give them permission to write an article about our studio. Of course, I am proud and happy to be mentioned in Studio Light. It is one of the biggest things that ever happened to me professionally. Probably only a photographer would realize the full significance of the fine article concerning our studio, for only a photographer would understand how few studios ever receive any comment whatever in this magazine. Usually these studios are owned by men of acknowledged leadership in our profession, and I would not be human if I did not enjoy having my work classed with theirs in a distinguished company. However, I am proud of all that I need only to close my eyes to see in fancy the old white tent I pitched in the sagebrush when side-walks were a novelty here and Twin Falls was the dustiest town on earth."—News item from The Twin Falls Chronicle, August 23, 1916.

The Boy Scouts have met for almost three years have been sold and a suitable place of meeting is needed. Three troops of boys, almost 100, are now enrolled in character-forming, boyhood aims, under the supervision of a man, cost for rental. Where is the room?

CANNING PEACHES AT CRYSTAL SPRINGS

On sale September 1, also grapes, plums and pears. Prices reasonable. Fruit crop lasts about ten days. Come early. Phone orchards before coming and have fruit waiting for you. Orchard 4 1/2 miles north of Peavoy. Also on sale at Fruit Growers' warehouse, Twin Falls, Idaho.

A 6-year-old boy was joyously driving his pet dog hitched to a small wagon, one afternoon last week. A woman passing said: "That is a fine horse and wagon you have." "It's a train and an engine," testily replied the child.

Returning two hours later, the woman saw the boy sitting on the sidewalk beside the broken wagon. "Oh, what has happened?" said she sympathetically. "The engine saw a cat," briefly replied the boy.

Money to loan on improved farms. Lowest interest and best prepayment privileges. Irrigated Lands Company.

PERSONALS

Rev. Mr. and Mrs. L. B. Franck and son Stanley left Wednesday evening for Boise, where Mr. Franck will receive treatment at St. Luke's hospital. Blaine Van Auden left Friday morning for Denver, Colo., with two cars of fat hogs for the live stock commission firm of Van Auden & Co.

Mr. and Mrs. Adlai Umberger arrived in the city the first of the week and will probably make their home here. Mr. Umberger is a printer by trade.

ANNOUNCEMENTS

The ladies of Ascension guild will serve a home-cooked dinner this evening in the Episcopal church parish hall, beginning at 6:30 o'clock.

The next regular meeting of the O. O. F. hall will be held in the I. O. O. F. hall, Saturday afternoon, September 2, 1916. Members requested to be present.

The Royal Neighbors of America will hold their next regular meeting at I. O. O. F. hall, Friday evening, September 1, at 8 o'clock. All visiting members welcome.

Services every Sunday. Early celebration of the holy communion every Sunday at 7:30 a. m., except the first Sunday. Regular morning services and sermon at 11 o'clock. Music always appropriate to the day. A cordial welcome to all.

Lutheran.

Divine services at the Lutheran church next Sunday morning at 10:30, sermon subject, "The Gift of the Holy Spirit." Sunday school at 10 a. m.

THRESHING AT ARTESIAN CITY

TURNER & WEBSTER HAVE BIG COMBINE AT WORK

Kimberly Banker Interested in Big Acreage of Wheat—Much Grain in the Stack

ARTESIAN CITY—Grain in this section is about all in the stack, awaiting the threshers, so it is difficult to estimate the yields as yet. Turner & Webster of Kimberly have harvested several hundred acres of dry farm land with their combine and report about 10 bushels of Turkey red wheat per acre.

The Mountain States Telephone company has the poles set to Artesian City from Murtaugh and will soon have phones connecting the outside world with the bathing resort.

Mrs. T. R. Ridgeway received word from her two brothers, with the Canadian Overseas force, saying that one is assigned to office work of "his majesty" in London, and the other (an American citizen) is in training.

Orson Strong will hold a public sale on September 8. After closing out, they will move to their property in Twin Falls, on Blue Lake boulevard.

Last Monday night was Kimberly day at the natorium.

G. Swanson entertained his brothers, Fred and Emil, of Montana last week. While here they visited Twin falls and Shoshone falls and the tract in general. This was their first visit here. They were much pleased with the country and may decide to invest here.

T. T. Rudolfs and family spent a portion of last week in the hills looking for grouse. They report a good bag of birds.

Mrs. C. M. Arstons' mother and sister are visiting here from Iowa.

J. I. Tolman is erecting a new barn on his farm.

Mr. and Mrs. Summers of North Idaho are visiting at the Griffith ranch.

Mr. Summers is a brother of Mrs. Griffith.

Miss Stewart of Twin Falls will teach our school the coming year.

The E. B. Howes ranch has furnished the only apples seen in this locality this year. The orchard is near the hot wells and during the frosty nights of early spring the hot water was turned on the trees.

Several enlarged homesteads have been taken up in the foothills south of here and fair crops are growing on a portion of each.

Mrs. Hutchinson visited in Kimberly several days last week.

HANDLE LOTS OF JARBIDGE MAIL

HEAVY PARCEL POST SHIPMENTS TO MINING CAMP

Rogerson Postoffice Has Handled 134,459 Pounds for the Star Route Since August First

ROGERS—Up to noon August 28 the Rogerson postoffice has handled 134,459 pounds of mail proper, 134,459 pounds on the Jarbridge-Three Creek star route during August.

J. W. Langford, Mr. and Mrs. J. M. Bell and Miss Mary Slocomb motored to Twin Falls and returned Saturday.

Miss Dorothy Wright of Twin Falls is visiting the Vandenberg at Rogers.

Mr. and Mrs. Ed Askew were Twin Falls visitors last week.

Mr. and Mrs. T. H. Thompson, accompanied by Mr. and Mrs. E. B. Corkle, motored to Salmon Dam Sunday evening.

L. W. Reynolds was a business caller at Twin Falls Friday, returning home Saturday evening.

Mrs. F. F. Hendricks and daughter Daisy and Erma returned home Iowa Friday afternoon.

Mr. and Mrs. Charles Glah returned home Sunday evening from an extended motor trip to Buhl, Gooding and Boise, Idaho.

Mr. and Mrs. J. A. Penwell returned home Thursday.

Dr. J. H. Barton of Boise, Idaho, will preach at the Presbyterian church Sunday morning, September 3, at 11 a. m.

Mrs. H. B. Gott is visiting relatives at Twin Falls.

FILIPINES IN CARE OF LOCAL HOSPITAL

Three Children Have Been Operated Upon Here for Appendicitis Within Past Week

FILIPIN—In one hospital in the county last week, the five Filip people, four of whom are children, and three of them have undergone operations for appendicitis within the last week. The sufferers were: Mrs. D. W. Dwyer, serious operation; Mildred Potter, blood poisoning; Earl Smith, appendicitis; a son of Mr. and Mrs. W. H. Payre, and a son of Mr. and Mrs. Jay Hastings, two of whom underwent operations.

Price McAllister had four acres of pure Dicklow wheat that made 91 bushels to the acre and brought him \$128 an acre or a total of \$512.

The foundation for the new Baptist church at this place is completed. The building is to be completed immediately.

The foundation for the new Baptist church at this place is completed. The building is to be completed immediately.

In the bond election held last week in the Piler independent school district and the eight districts surrounding it, held for the purpose of forming a rural high school district, the proposition carried in six of the districts, with few dissenting votes. The bond was defeated in the Piler and Draw districts by a decisive majority and may be the means of defeating the proposition entirely.

At 5:30 Monday morning there was united in marriage at the home of the bride, in Twin Falls, Eulah, the daughter of Mr. and Mrs. C. B. Taylor, to Mr. Frank Stricklin of this place. The newly-married couple left on an early morning train for a honeymoon at Salt Lake and intermediate points, after which they will be at Elko, Nev., where the groom will conduct a moving picture theater.

BERGER NEWS NOTES

BERGER—Philo Hill is hauling lumber to erect a new house. The Abramson brothers will do the work.

R. W. Lammons is on the sick list this week.

A son was born to Mr. and Mrs. William Summer August 20, the child living but a short time.

Perry Tarr suffered the loss of two fingers last week when caught in the machinery of a threshing machine.

H. L. Brandt of Nampa was here on business last week.

School will begin here September 4. Threshing is mostly done in this vicinity, nearly all the grain having been hauled directly to the elevator from the machine.

Mrs. Christensen and daughter of Kansas are visiting the former's daughters, Mesdames Orvil and Arthur Parrott.

Mr. and Mrs. C. L. Smith have moved to Kimberly.

Fred Bates moved his house, which he built this summer, to Piler.

Mr. Thomas, the lumberman, has moved his family into the C. L. Smith house.

"Corns All Gone! Let's ALL Kick!"

Every Corn Vanishes by Using Wonderful, Simple "Get-It" Never Fails. Applied in 2 Seconds.

Isn't it wonderful what a difference just a little "Get-It" makes in your corns and calluses? It's always right somewhere in the world, with many

"Wheel! I Don't Care! I Get Rid of My Corns With 'Get-It'!"

folks humped up, with cork-screwed faces, gouging, picking, drilling out their corns, making packages of their toes with plasters, bandages, tape and contraptions—and then "holer!" to their corns goes on forever! Don't you do it! "Get-It" is the marvelous, simple, never fails. Apply it in 2 seconds. Nothing to stir to the fore, no itching, no burning, no irritation, no pain, no stop. Corns come "clean out," quick. It's one of the gems of the world. Try it—your kick—from joy. For complete, complete "Get-It" is sold everywhere. It's a little, or sent direct by R. Lawrence & Co., Chicago, Ill.

Sold in Twin Falls and recommended as the world's best corn remedy by Skeels-Wiley, Drug Co., City Pharmacy.

KIMBERLY CHURCH IS FORMALLY DEDICATED

Newest Church is Largest in the Town—Rev. Mr. Parker, Presiding Elder, at the Dedication

KIMBERLY—The M. E. church was dedicated last Sunday by Rev. Mr. Parker, the presiding elder. There was a large crowd present and nearly all the money was raised to pay for the new addition, basement and opera chairs. This makes one of the largest churches for a town this size in this part of Idaho and is a credit to the town.

The school teachers have arrived and are attending the Institute at Twin Falls this week. School work will begin next Wednesday and a good start is looked for. Temporary masters will have to be secured for the high school pupils until the new building is completed.

Mr. F. Albert, cashier of the First National bank of Payette, has been here the past ten days looking after business affairs in connection with land interests north of town.

Mr. F. Albert, cashier of the First National bank of Payette, has been here the past ten days looking after business affairs in connection with land interests north of town.

A new grocery store will open soon in the Odd Fellows' building, which is expected to be completed about the 15th of September. Local people, as well as Twin Falls people, are expected to be in charge of the store.

Quite a little interest is being taken in the coming primary next Tuesday and no doubt a good vote will be polled. School election will be held the same day and two directors will be elected to fill the places of Henry Slevin and W. E. Lewis.

The wheat market is ranging from \$2.10 per hundred to \$1.90, and quite a number of farmers have contracted at those prices. The yield is from 40 to 60 bushels per acre, which is a profitable crop this year.

C. W. Brannon, fruit inspector, has been here the past few days and has ordered a number of orchards sprayed at once for woolly aphis. Most of the parties are spraying with an axe, which seems to be quite a cure, and the land is then free for boots or clover seed, which have proved to be much more valuable crops than fruit.

MANY POLITICIANS VISIT ROCK CREEK

Past Week Seen Them "Thick as Grasshoppers" Around Foot of Hill Town

ROCK CREEK—Politicians are almost as thick as grasshoppers this week. Among those who spent some time here were: M. J. Sweely, for attorney general; P. O. Horlman, for sheriff; H. C. Van Ausden, for county commissioner; C. Local people, as well as Twin Falls people, are expected to be in charge of the store.

BIG PUBLIC SALE AT KERLIN FARM

Stock, Implements and Household Goods to Go Under Hammer—Will Serve Lunch

A big sale of horses, cattle, sheep, hogs, farm implements, household goods and hay is to be held Wednesday September 6, at the home of B. D. Kerlin, one and one-quarter miles west and one and one-half miles south of the west end of Shoshone street. The firm of Lue & Van Ausden, auctioneers, will conduct the sale. A big lunch will be served at 11:30 and the sale will open immediately after the lunch has been disposed of.

CARD OF THANKS

We desire to express our sincere thanks to our many friends for their many expressions of sympathy and assistance during our recent bereavement in the loss of our wife and mother.

L. E. SALLADAY, RUTH SALLADAY.

NEW SPEED RECORDS AT CHICAGO MOTOR TRIALS

CHICAGO—Thursday Dario Resta made one lap of the two-mile track at the Chicago speedway in 1:03:44, an average of 113.5 miles per hour, in his Peugeot mount on Goodrich Silvertown tires.

This is the fastest two miles that has ever been made in qualifying heats on American speedways.

Such speed would never be possible, were it not for the wonderful tires, which have been made in tire-building, Goodrich Silvertown tires, which are of a patented cord construction, are the shoes which most of the racers have relied upon for the past three years. They have been on the winning cars in every important race since 1914. It is stated by the makers, the B. F. Goodrich Co., of Akron, Ohio.

DEFEAT COUNTY DIVISION!

County Division Means

That the new county would have one-third of our present assessed valuation

That county taxes would, therefore, be increased by one-third

This would mean a reduction of property values

County Division is Demanded by Buhl Office-Seekers

NOMINATE THIS TICKET IN REPUBLICAN PRIMARIES:

For State Senator:

ARTHUR L. SWIM, of Twin Falls

For State Representatives:

JOHN R. HINTON, of Hansen

W. F. MIKESELL, of Salmon Tract

NORMAN BARKER, of Filer

This is not a political movement--it is a taxpayers' movement, backed by voters all over the County--Democrats as well as Republicans. Buhl will combine Democratic and Republican votes on their division candidates, J. H. Barker and Fred Nihart. We must combine our vote on the above ticket to defeat the division scheme

The Integrity of the County Must be Maintained

BAPTIST PEOPLE EXTEND CALL TO REV. ANDERSON

CHURCH VOTES UNANI- MOUSLY TO RETAIN ACTING PASTOR

Holds Pastorage in Marley, Ill., Near
Chicago—Attended Chicago Uni-
versity—Is Young Man in
the Ministry

At the close of the morning preaching service of the Baptists, in their temporary quarters in the Idaho theatre, Sunday morning, a brief business meeting was held, at which it was unanimously voted that a call to this pastorate be extended to the Rev. O. T. Anderson, acting pastor of the church during the month of August.

During his brief stay in Twin Falls, Rev. Mr. Anderson has won many friends, both in the church and outside its membership. He is generally acknowledged to be a "good mixer" and is especially popular with the young people.

In the evening Rev. Mr. Anderson stated, before beginning his sermon, that he had also received a call from a promising new church in Virginia. He left Monday evening for his home in Marley, but stated before leaving that after talking the matter over with his wife, he would advise the local church as to which call he would accept and that his reply would be in their hands by next Sunday. It might be announced, at that time, Rev. Mr. Anderson was spending his vacation month of August here and, if he returns, he stated he would be ready to take up his work here the first of October.

The Baptist people will hold their first service in their newly-acquired church edifice, the Presbyterian church property, on next Sunday, and the Presbyterian people will hold their services in the high school auditorium, in which place they will hold their Sunday services until their new building is completed. In view of the changes to take place, the Presbyterians and Baptists will hold a union farewell prayer meeting in the former Presbyterian church Wednesday evening, conducted by the Rev. Dr. Shepherd of the Presbyterian church.

ANNOUNCEMENT

I am a candidate for the nomination of sheriff on the Democratic ticket in the primaries to be held September 5, 1916.

I am asking for the nomination and re-election, recognizing the principle that if an official makes good it is the custom to accept a second term.

I have endeavored to serve the people of Twin Falls county faithfully, efficiently and with economy conductive of first-class service, and in standing on my record for the nomination and re-election I trust that it has been such as will appeal to the voters and merit their support.

On account of the work of the office, I have not been able to devote time to campaigning or calling on the voters personally to solicit their support, but assure all that any effort extended in my behalf will be appreciated.

Yours very truly,
FRANK M. KENDALL

Just the Thing for Diarrhoea.

"About two years ago I had a severe attack of diarrhoea which lasted over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever. Many friends recommend this remedy because they know that it is reliable. Obtainable everywhere.—Adv.

ARTHUR L. SWIM

Republican Candidate for Nomination of State Senator
—Photo by Flower.

"I am a candidate for the state senate because I was urgently requested by many people to make the race, and for the further reason that I am deeply interested in the vital questions that affect our county and state. The making of laws is a business matter, and if elected I shall do all within my power for the benefit of my county and state.

"I am well informed of conditions on the Salmon River tract, and I take the position that the state of Idaho is big enough to take care of the rights of all the settlers, and to this end I favor such special legislation as may be necessary to protect the rights of the people on the Salmon tract.

"It is well known, of course, all over the county that I am absolutely opposed to county division. I know that the division of this county would be prejudicial to all interests, including my own. I know that county division would be disastrous. Some rather foolish stories have been circulated. I understand, for the purpose of misleading certain voters as to my position on this question, but as I am daily receiving assurances of support from

all over the county, these stories apparently are reacting in my favor.

"If elected, my main endeavor in the senate will be in the interests of the Salmon tract and against county division. These are the two big vital matters affecting the interests of Twin Falls county that must receive attention at the next session of the legislature. It would be useless to attempt to minimize the importance of either.

If elected, I shall be obliged to undergo many sacrifices, both of time and money, in order to carry out my ideas on these matters. We want and must have legislation that will permanently and equitably settle the Salmon River controversy. Those people who have been injured and who will be injured must be taken care of in hard American dollars, and it is the duty of the state of Idaho to play fair. County division must be beaten so decisively that it never again will become an issue.

"I also receive assurances from over the county of support for the candidates for the state representatives who are opposed to county division, Mr. Mikesell, Mr. Hinton and Norman Barker.—Adv.

NEW AUTO FIRM TO LOCATE HERE

COLE EIGHT ENTERS TWIN FALLS TERRITORY

Temporary Quarters With Twin Falls
Auto Company—Will Build
Garage Early Next
Spring

With their entry into Twin Falls territory, the Shank Auto company, distributors in six states for the Cole Eight, will have six branches in the adjacent intermountain country, located at Caldwell, Idaho Falls, Pocatello, Salt Lake and Twin Falls.

J. E. McDermond, sales manager, has been in Twin Falls the past two weeks completing arrangements for

display space and a service station with the Twin Falls Auto company. It is the intention of the company to make preparations for building a garage of their own early next spring.

Mr. McDermond is accompanied by his wife, and they expect to make their home here. With Twin Falls as his headquarters, Mr. McDermond will make monthly trips to the other five branch houses.

CANNING PEACHES AT CRYSTAL SPRINGS

On sale September 1, also grapes, plums and pears. Prices reasonable. Fruit crop lasts about ten days. Come early. Phone orchards before coming and have fruit waiting for you. Orchards 4.2 miles north of Peaverville. Also on sale at Fruit Growers' warehouse, Twin Falls.—Adv.

If you want the law enforced and the Sheriff's Office run in an economical and Business Like Manner—

Vote for
C. L. GREEN
at the Democratic
Primaries Sept.
5th, 1916

Read What Others Have to Say

Oklahoma City, Okla., Aug. 8, 1916.

Editor Twin Falls Times, Twin Falls, Idaho.

Dear Sir: I note that my friend and your citizen, C. L. Green, is a candidate for sheriff of your county. I at one time was fortunate enough to be mayor and ex officio police judge of the city of Sapulpa, Okla., and by virtue of the office I had the appointment and control of the police force of the city. Though a Republican myself, I stepped over the line and appointed Charley Green as one of the policemen. I soon found him to be one of my truest men, one in whom I could always place the utmost confidence. He was fearless, honest and to be trusted under all circumstances and ready and willing to enforce the law at all times.

I feel that I want to recommend him to your people and hope that he may secure the nomination and election, for I believe you will make no mistake in securing him as your sheriff. I am, very truly,
JOHN M. WEEKS.

R. R. No. 7, Box 46, Oklahoma City, Okla.

Sapulpa, Okla., August 5, 1916.

Twin Falls Times, Twin Falls, Idaho.

Gentlemen: I received word that C. L. Green, formerly of Sapulpa, is a candidate for sheriff in your county.

Mr. Green was a resident of Sapulpa for several years and at one time was on the police force here. I know Mr. Green well and personally know him to be an honest man, kind of heart but fearless, and if the people of your county elect him as sheriff they will surely not make any mistake, as he will fill the office to the satisfaction of everyone that wishes to see the law in force. Mr. Green can get a recommendation from everyone that knew him in this neighborhood. I never heard his integrity questioned.

I hope to hear that he has been elected sheriff of your county, not only on his own account but on account of the welfare of the people of your county.

Yours very truly,
L. B. JACKSON,
President American National Bank.

OLIVER P. DUVALL

Studied law three years, practiced in county district courts. Elected two terms as clerk of the district court and judge pro tem of probate court of Smith county, Kansas. Served as probation officer one year in same county and handled juvenile cases exclusively. Am a married man and have two children. Have been a resident of Twin Falls county six years and served as deputy county treasurer without fail during the past winter. Am competent to interpret the law and will to the very best that is in me apply just and legal decisions in all matters arising in the office to which I aspire. Your vote will be appreciated.

ANNOUNCEMENT

I will be a candidate for the office of Probate Judge on the Republican ticket, subject to primary election. (Adv.) O. P. DUVALL.

TWIN FALLS NEWS

A Republican Newspaper Printed at the County Seat of Twin Falls County

THE ATTORNEY GENERALSHIP

THERE is, perhaps, no man on the entire state primary ticket more worthy of support than Marlin J. Sweeley of Twin Falls, who seeks the nomination for Attorney General at the hands of the Republican voters of Idaho.

There can be no question as to Mr. Sweeley's qualifications for the office, and no single valid reason why his candidacy should not be acceptable to a large majority of the voters of both parties. There has never been a time in the history of the State when Idaho stood more in need of a broad-gauge lawyer of ability and experience, foresight and sound judgment at the head of her legal department, and the legal work of the office is, perhaps, of secondary importance in comparison with the duties of the position in connection with the various State boards of which the Attorney General, under the constitution, is a member.

The News regards Mr. Sweeley as eminently qualified for the position. Well posted on the needs of the State, possessed of a thorough knowledge of Idaho's resources and familiar with the character of these and the needs of her citizenship, it is a question if a better man for the work in hand could be found anywhere in the State.

THE LAW, AND HOW IT WORKS.

THE matter of the selection of fit and proper men for the various offices to be voted upon in the coming election should be of grave moment to the members at large of each of the two parties. Under the spirit, at least, of the direct primary law, there can be no such thing as the making of slates, or the selection by any group of voters of anyone candidate in a primary election to the detriment of the chances of some other candidate of the same political faith for the same office—which is one of the greatest weaknesses of the Direct Primary Law.

Yet this was clearly the intent of the law. It was not taken into consideration that it is no more possible to make the average man keep to a strictly hands-off policy in a primary election than it would be to keep ducklings from taking to water. There is no such thing as the elimination of this feature of the workings of matters political, and if there were there would not be the slightest interest in the selection of candidates of any party.

If the practice be an evil, it is a necessary one; but the same cannot be said of the acts of those leaders who will urge the members of their party to invade the primary election of another party for the purpose of selfishly securing the election of men pledged to matters outside the realms of party politics. Under the Primary Law as it now exists, such action is criminal. The man who urges another to do this is more of a political crook than the actual criminal. It makes no difference as to the provocation. Law is law, and common honesty cries out against deliberate violation.

This by way of presenting a phase of Twin Falls county politics which, from all indications, will be strongly in evidence in the forthcoming Primary.

COUNTY DIVISION

IF there was a single fact of a character to show to a disinterested observer the slightest basis in the shade of a valid reason in favor of the division of Twin Falls county, The News would be glad to know of it. If it could even be shown that the feeling in favor of such division was general in that portion of the county desiring separation from the old unit, it might be an altogether different story. But there has been no petition general signed, no meeting of the citizenry as a whole in support of the proposition, no concerted movement of any kind that would enable a fair and unbiased onlooker to gain the slightest idea as to whether the desire is general or merely the result of a professionally-wrought-up sentiment emanating from a little group of selfish, self-seeking men, who, for various reasons, have kept the flames of discontent alight, and who are today clamoring as loudly as was the case four years ago.

In line with this idea there is abundant evidence to support the belief that the desire for division is by no means as general as was the case two years ago in and around the town of Buhl. As time has been taken for the study of the problem, it has probably become apparent to many that county division is by no means the roseate dream pictured in glowing colors by the leaders of the division movement of two years ago. Sober thought has toned down the high lights. The facts have been pretty well set forth and, viewed in the calm, cold light of reason, they do not lend strength to the argument.

THE STRIKE

A RAILROAD strike of nation-wide scope is something which would be of almost criminal import. There is no means of measuring the extent of the damage which would result from such a strike.

It would appear that fresh legislation, designed expressly for the occasion, is the one way out, but it is a question if the law can be made to stand up in the face of the tremendous forces which will be brought to bear. Eleventh-hour remedies never have the efficacy of measures designed in a spirit of calm reflection and mature judgment. But if there is possible virtue in such remedy, by all means apply it.

FOR CONGRESS

THERE is one man in the Congressional race whose defeat for nomination and election would be little short of a crime. This man is Addison T. Smith of Twin Falls. Happily, there is little room for doubt as

to the result. In all likelihood, Mr. Smith will be nominated with a regular old-time majority. Which is as it should be.

MANHATTAN

FIVE million people on a little island! In the artificial canyons of a mighty city they crowd and push and hurry along. In the dust of the street they drag their weary way. In the confusion of the crossings they wait and fret. In the filth of the alleyways they hasten onward. In the darkened doorways they slouch and linger. In the reeking tenements they toss in nervous sleep. In the roaring factories they toil and sweat. In the sweltering shops they droop and falter. In the dingy basements they work and worry. And always there is noise—the roar of the trains, the clang of the car, the rumble of the drays, the shouts of men—discordant, rasping, harsh, unnering sound. The night comes, and the pushing, hurrying, crowding, feverish, stumbling mass of hu-

manity rushes to its hovel. Some faint, some cry out, some fall and are trampled upon, but always they rush forward and crowd onward. The cafes, with their thousand glittering lights, are filled with men and women, drinking, singing and drowning in feverish effort the cares of a complex day. But the day comes again and the cares come to mock them. Some there are who die for want of food, and some there are who die for want of air, and some there are who never lived.

Five million people on a little island, and they call it life!

Carlyle once said, in describing his own country: "England is composed of thirty-seven million people—mostly fools."

Upon them who perish in the maelstrom of city life should be thrown the mantle of compassion, for they are strangers to freedom.

While the man far removed from the centers of congested population drinks deep each day of the pure air about him and may go about his daily work unhampered by nerve-racking contact with his fellows, the man in the crowded street of the great cities finds himself daily but one of millions—the most ignorant, the most provincial and the most pitiable spectacle upon the highway of human existence—the victim of civilization's boom-crang.

ONE GOOD FEATURE

IN connection with the State Senatorial fight, there is one good point which should not be lost sight of. Namely, it will bring out a heavier vote. From all indications there is no more than the usual interest in the country. Farmers are busy with the harvest, and a dollar in the hand is better than a State Senator in the bush.

Over the State, as a whole, it is reasonable to assume that the vote will be heavier than that in the primaries of two years ago. This is generally true of a general election year. In theory, at least, the heavier the vote the better and more representative the selection of candidates.

Let it be borne in mind that those who have failed to register are not necessarily debarred from voting. Votes may be registered at the polling places on the day of election. In another column will be found a complete list of these, with the hours of voting and such general information as is necessary to the voters.

May the best men win!

THE MENACE

IN connection with the opening of the Anti-Saloon League campaign in Twin Falls county last week, a number of remarkable statements were made as to the activity of the liquor interests over the State within the past few months.

The News has no means of judging as to the correctness of these statements, but if there is any chance on earth that they are true, it behooves every decent man and woman in the State to put his or her every last ounce of strength into the work of helping to secure the adoption of the proposed constitutional amendment.

It is idle to figure on the ethical niceties of the situation pro and con. Twin Falls county has repeatedly said that the saloon should go, and, if anything, the feeling is stronger today than was the case at the last election. The man who today stands for a return to the saloon is simply an enemy of the public good and should be so regarded.

However it is but fair to say that within the judgment of The News there are but few of him in Twin Falls county.

"A CLUBWOMAN'S CREED," written by Ella E. Lane Bowes, president of the Chicago Press league, is being widely circulated among clubwomen. It is as follows:

"Keep us, O God, from pettiness; let us be large in thought, in order, in deed.

"Let us be done with fault-finding and leave off self-seeking.

"May we put away pretense and meet each other face to face—without self-pity and without prejudice.

"May we never be hasty in judgment and always generous.

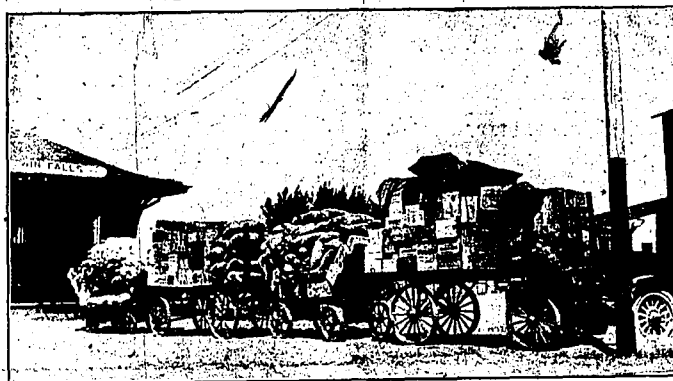

"Let us take time for all things; make us grow calm, serene, gentle.

"Teach us to put into action our better impulses, straightforward and unafraid.

"Grant we may realize it is the little things that create differences; that in the big things of life we are one.

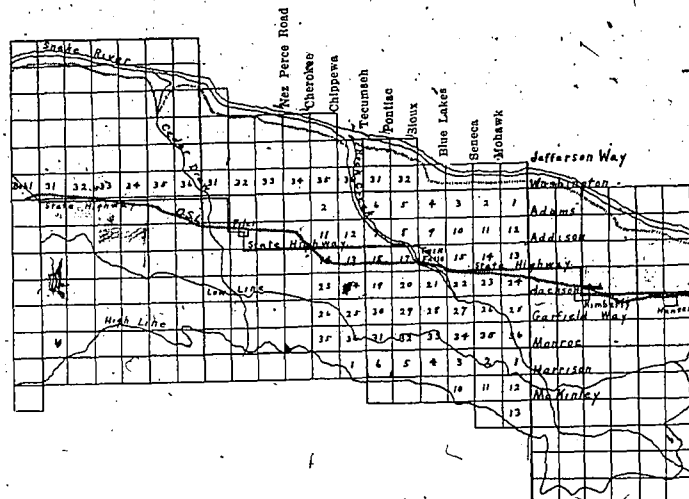

"And may we strive to touch and to know the great common woman's heart of us all, and, O Lord God, let us not forget to be kind."

THE PARCEL POST OF A SINGLE DAY FROM TWIN FALLS INTO JARBIDGE. PHOTO TAKEN LAST WEEK AT O. S. L. DEPOT.

New System of Naming the Country Roads, as Proposed by the Federation of Rural Clubs and Approved by the Board of County Commissioners

NEW COUNTRY ROAD MAP IS NOW COMPLETE

COUNTRY CLUB FEDERATION SUBMITS PROPOSED PLAN

Distinctive Names Given to North and South Roads—Signboards to Be Placed at Intersections. Criticism Welcomed

In the new plan proposed for the naming of the country roads in the vicinity of Twin

Falls by the special roads committee of the Federation of Women's Country Clubs, the north and south section lines will be called roads and given Indian tribal names, while the east and west roads will be called ways and given the names of various presidents.

The three exceptions to this system will be the Blue Lakes boulevard, Addison avenue and state highway, it being considered by the committee that these roads were well named and, by precedent, firmly established in the public mind.

Commissioners Approve In the work of giving the Twin Falls country roads definite names for the main lines of travel, the federation has had the complete approval and co-operation of the board of county commissioners, who have

been enthusiastic supporters of the plan. It is the intention of the committee, of which Mrs. F. E. Chamberlain is chairman, to give names to half-section roads, where the residents adjacent to the roads agree upon a definite appellation, and will, in fact, be glad to have the co-operation of all residents of the tract.

Buhl Ladies Co-operate

The ladies of Buhl have already named two of the roads leading east from their city, and it is suggested that if the people of Filer, Kimberly and Hansen are interested, these names and those suggested in the new road map of Twin Falls could be continued throughout the length of the tract and the balance of the north and south roads named.

Signboards will be placed at each intersection, under the direction of the committee. Any suggestions or criticisms will be welcomed, as it is the wish of the federation to use names that will be acceptable to all.

LOCAL WOMAN SPENT SEVERAL YEARS IN OLD MEXICO

Tells How to Prepare Mexican Culinary Mixtures—Thinks Idaho Boys on Border May Acquire Lik-ing for Such

Thinking that the Twin Falls boys who are now in camp with the Idaho National Guard on the border might acquire a liking for certain Mexican dishes, a Twin Falls woman who spent several years in Old Mexico gives the following recipes for a number of dishes. She promises to give later, recipes for tortillas, enchiladas and tamales, and suggests that it is a good idea to save the corn husks from sweetcorn if you plan to make tamales.

Green Chilli Pepper. With the large, sweet peppers now to be had at groceries and from gardeners, many everyday dishes can be prepared in a new and appetizing way. Chilli adds an exquisite flavor to meats, gravies, soups, some vegetables, and aids digestion, Mexicans claim.

The following recipes were collected in Old Mexico and are genuine Mexican dishes, except in the matter of grease and garlic. The natives use tallow, lard, olive oil, garlic more than is wholesome or agreeable to Americans. So these recipes call for less of those ingredients than Mexican cooks use. However, you can use a little of the despised garlic to get that Mexican tang that is often missing in home-made chili dishes.

Before using peppers in cooked dishes, they should have the outer skin and seeds removed. Boil or scald a few minutes, then the skin is easily removed. I have seen Mexican cooks use a different method. They place them in the oven or on top of their primitive stoves till they are blistered all over, then they wrap them in a cloth and in a few minutes the blistered skin is picked off by the patient peons.

Chileas Rellenas (Stuffed Green Peppers)

Boil one-half pound of beef till tender, then grind fine. Chop one to-mato, one large onion, one bulb of garlic and a small onion and fry a few minutes in a tablespoon of lard. Add the meat and four table-spoonsful of cornmeal, sealed with boiling meat broth. Mix well and add salt and black pepper. The mixture should be rather thick.

After the peppers are skinned and seeded, stuff with the above mixture, place close together in a deep pan, add meat broth or hot water and lard, cover and cook slowly in the oven. In Sonora they add raisins or pecans to the meat stuffing and roll the peppers in beaten eggs and fry in olive oil.

Left-over meats can be used to good advantage in the preparation of this dish.

Huevos Revueltos Con Chilli (Scrambled Eggs With Chilli)

Remove the skin and seeds from a dozen fresh sweet peppers, chop fine and cook till tender in a very little water seasoned with butter and salt. Beat six or eight eggs. Add salt and black pepper, then the cooked chilies, and fry in a little olive oil or butter.

Chile Con Carne

This is the way to make "chili con carne" with the green peppers instead of dried ripe peppers or chili powder.

Skin and seed a dozen green peppers and run through a food chopper. Cut a pound of beef into small pieces, put in a kettle with a little lard, salt and water and cook till nearly done, then add an onion cut fine, a bulb of garlic and a dash of cayenne pepper. After a few minutes stir in a

tablespoonful of flour and the chilies. Stir well and let simmer a half hour. Serve with frijoles, Mexican beans.

Ensalada Mexicana (Salad)

Chop three small sweet peppers and one onion in a chopping bowl, then add four sliced tomatoes, salt and a little prepared chili powder. Serve on lettuce with vinegar and olive oil or with your favorite salad dressing.

Polluelo Guisado (Baked Chicken)

Cut up two "under spring chickens" and steam them for 30 minutes. Strain half a can of tomatoes, add to half can of corn, three green peppers chopped fine and a little parsley; season with cayenne and black pepper. Put the chicken into this and thicken with bread crumbs. Turn into a baking dish and bake till chicken is tender.

Tamale Pie

This dish has a similar flavor to tamales and is easier to prepare. Tamales are usually made with dried ripe peppers or with chili powder, but with green peppers. Mexicans have a tamale pie—something like ground hominy—but scalded cornmeal is nearly as good.

Cut into small pieces a pound of pork and chicken and black pepper. Put into small pieces a pound of pork and chicken and black pepper. Put into small pieces a pound of pork and chicken and black pepper.

To the minced meat add a few tomatoes, a scraped onion, a little garlic, a teaspoonful of chili powder, a dash of cayenne and about four chopped green peppers. Thicken with a handful of bread crumbs. Spread this meat filling on the meal mixture, then spread a thin layer of the mush on top, dot with butter or drippings, cover and bake in a hot oven.

Slices with a gravy made by adding a little chili powder to the meat broth.

A MODERN SOLOMON

Judge Landis of the federal court in Chicago had two women before him the other day, each claiming to be the mother of a 1-year-old baby. One was a rich young woman. The other was a poor Canadian girl, who alleged that the baby had been stolen from her soon after its birth in a hospital.

The rich woman had two eloquent and high-priced lawyers, and several witnesses who testified the baby belonged to her. The poor girl had only one friend, her lawyer, and no testimony except her own, but she swore positively the baby was hers.

The rich woman declined to testify at all and, for this reason, Judge Landis brushed aside the testimony of her witnesses and the eloquent pleas of her lawyers and gave the baby to the poor girl, saying:

"A mother whose child is at stake will not sit mute. If this woman was the mother of this baby, nothing could stop her from taking the witness stand. But she refuses to testify, and this, gentlemen, is what makes me believe she is not the mother of the child."

Cure for Cholera Morbus

"When our little boy, now seven years old, was a baby he was cured of cholera morbus by Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Mrs. Sidney Simkins, Fair Haven, N. Y. "Since then other members of my family have used this valuable medicine for colic and bowel troubles with good satisfaction, and I gladly endorse it as a remedy of exceptional merit." Obtainable everywhere.—Adv.

HIS ESTHETIC APPETITE

"For one so young, my baby, Rowdy, has a terrible taste for music," boasts Dr. Max Johnson of Rumpus Ridge, Ark. "Tutur night at the dance, while the beauty of our community was eating the top supper and the whisky for the chivalry was on tap out in the smokehouse, Rowdy crawled up and gnawed a hole in the orchestra leader's fiddle, which was laying on a chair. By chuck!—if he keeps on that way we'll make a professor of that boy!"

GOVERNMENT CROP FORECAST FOR IDAHO NOT FLATTERING

ESTIMATES AS COMPILED BY THE DEPARTMENT OF AGRICULTURE PREDICT DECREASE IN GRAINS. POTATOES AND HAY INCREASE

In a summary of the August crop report for the state of Idaho and for the United States, as compiled by the bureau of crop estimates, U. S. department of agriculture, all grains are estimated below last year's production. Potatoes and hay are estimated higher, while the forecast on apples is less than half of last year's production, the country as a whole showing an increase. Prices in general are higher. The summary follows:

Winter Wheat
State—Preliminary estimate, 8,200,000 bushels; production last year (final estimate), 11,510,000 bushels.
United States—Preliminary estimate, 455,000,000 bushels; production last year (final estimate), 655,045,000 bushels.

Spring Wheat
State—August 1 forecast, 6,410,000 bushels; production last year (final estimate), 7,420,000 bushels.
United States—August 1 forecast, 190,000,000 bushels; production last year (final estimate), 356,450,000 bushels.

Oats
State—August 1 forecast, 14,200,000 bushels; production last year (final estimate), 15,745,000 bushels.
United States—August 1 forecast, 1,200,000,000 bushels; production last year (final estimate), 1,540,362,000 bushels.

Barley
State—August 1 forecast, 7,350,000 bushels; production last year (final estimate), 7,735,000 bushels.
United States—August 1 forecast, 120,000,000 bushels; production last year (final estimate), 237,000,000 bushels.

Potatoes
State—August 1 forecast, 4,400,000 bushels; production last year (final estimate), 3,500,000 bushels.
United States—August 1 forecast, 364,000,000 bushels; production last year (final estimate), 382,550,000 bushels.

Hay
State—August 1 forecast, 1,910,000 tons; production last year (final estimate), 1,825,000 tons.

United States—August 1 forecast, 84,500,000 tons; production last year (final estimate), 82,255,000 tons.

Pasture
State—August 1 condition, 90, compared with the 10-year average of 94. United States—August 1 condition, 89, compared with the 10-year average of 81.6.

Apples
State—August 1 forecast, 223,000 barrels; production last year (final estimate), 675,000 barrels.

United States—August 1 forecast, 71,600,000 barrels; production last year (final estimate), 76,670,000 barrels.

Prices
The first price given below is the average on August 1 this year, and the second the average on August 1 last year:

State—Wheat, 81 and 84 cents per bushel of corn, and 41 and 42 cents per bushel of oats; 100 and 100; hay, \$8.90 and \$7.20 per ton; eggs, 24 and 23 cents per dozen.

United States—Wheat, 107 and 106.5 cents per bushel; corn, 73.4 and 78.9 cents; oats, 40.1 and 45.4 cents; potatoes, 35.4 and 50.3 cents; hay, \$10.70 and \$11.00 per ton.

rent prices to show the profit made by Mr. Burditt, Professor Fjeldstad says:

Topped the Market

It will be noted that the feedings work was divided into two periods. During the growing period the hogs received as a grain allowance 1.55 per cent of their live weight. During the fattening period 3.85 per cent of their live weight was fed in the form of grain. Mr. Burditt comments that the grain allowance during the growing period was rather small. By feeding a grain ration of from two to three per cent, with pasture, for the growing period, gains can be secured with just as much economy and within a much shorter time. At the end of the fattening period the hogs were tops for western markets.

The hogs fed in this work were from six to eight months old at the beginning of the period. From the initial weights it will be seen that they were a little under size, thus the returns were not as good as they otherwise would have been.

Value of Alfalfa

"The margin over the cost of grain (\$4.62) and the selling price (\$7.75) was \$3.13 per 100 pounds of pork produced. Taking these figures, alfalfa pasture in worth \$132.50 per acre for 75 days in pork production."

"Figuring the other way, the grain fed to these hogs made a return of \$2.39 per 100 pounds of gain fed, also, reducing the bulk to be marketed approximately two-thirds."

"It is for the producer to study this table thoroughly and answer the questions for himself, if hog feeding on his particular farm will pay. It will be found that where balanced livestock farming is practiced, the problem of combating the grasshoppers, clover aphids and other insect pests will be well on the road to solution."

“When Is a Fish?” Asks Warden

Life of the State Game Official Not a Continued Round of Pleasure—His Path Not Always Strawn With Roses—Complexity of Con-flicting State Laws

Those who imagine that the life of a state game warden is a continual round of pleasure, or that his is a path of sunshine and roses are sadly mistaken. For, compared to the life of the said official, the career of a private on the Texas border is like a Sunday school picnic.

Those who have read history will doubtless remember that old question which caused the famous quarrel between Caesar and King Solomon, the wise man, as to "Why is an owl? Well, a far weightier matter is now disturbing the peace and tranquility of the game warden of Idaho and Utah, and if the trouble increases it may be necessary to send for Company D to come home and settle it. For Bear lake is half in Idaho and two-thirds of the remainder is in Utah, and the game laws are different.

THE WEED QUESTION

Grasshoppers are doing considerably damage this year. Weeds are doing much more. Farmers are alive to the necessity of destroying the hoppers. Only those who have been hit sense the necessity of organizing against weeds. The hoppers are less of a menace and more easily combated than the Jim Hill mustard or Russian thistle.

For the past several years a few farmers have agitated earnestly for weed destruction, says the American Falls Press. They are farmers who have been burned and cleared because of weeds. While talking earnestly, they have been unable to arouse sufficient interest to secure action. There is a weed law, but it takes community action to put it into effect, and no such action has been taken.

This year one of the very best farmers of Power county, a man who has kept his own place free, was compelled to mow and burn 150 acres of wheat because the Jim Hill mustard was so thick that he could not harvest it.

Somebody else grow the mustard that seeded his field.

A WAR OF RIVERS

One curious fact may be noted in passing: This war is a war of rivers. The important battles on the western front have been fought with some river, namely, the Snake, Snake, Snake and Snake. On the eastern front great conflicts have taken place on the Yellowstone, Snake, Snake, Snake, Snake, Snake and Snake. The River Tigris was the scene of the British disasters before Kut-el-Amarah.—Literary Digest.

"Well," was the reply, "if he's as smart as I was at his age, he's a sucker that I'm liable to get mad after a while and rough him up some."

\$8.00 SET

OF GRANITE AND COPPER WARE

FREE

With Every MAJESTIC RANGE Sold

SPECIAL DEMONSTRATION AND SALE

\$8.00 SET

OF GRANITE AND COPPER WARE

FREE

With Every MAJESTIC RANGE Sold

Great Majestic Ranges

ONE WEEK ONLY MONDAY MORNING, SEPTEMBER 4TH SATURDAY NIGHT, SEPT. 9TH, 1916 ONE WEEK ONLY

SAVE \$8.00

As a special inducement during our demonstration week only, with every MAJESTIC RANGE sold (prices always the same), we will give free one handsome set of ware as illustrated here.

Every piece of this ware is the best of its kind. Not a piece that is not needed in every kitchen. It cannot possibly be bought for less than \$8.00. This ware is on exhibition at our store. **DON'T FAIL TO SEE IT.**

WHICH SHALL IT BE?

Do you intend to continue laboring, burning valuable fuel and destroying high-priced food with that old worn-out cook-stove?

You **KNOW** that old stove eats up a lot of fuel each year.

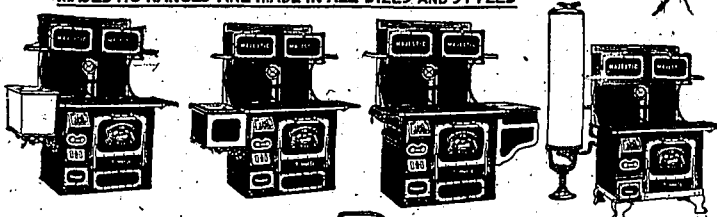

You **KNOW** you have trouble in getting it to bake just right; in fact, spoil a batch of bread every once in a while—you know it costs considerable for yearly repairs.

Stop and think and figure. Wouldn't it pay you to buy a good range—a range with a reputation?

You make no mistake in buying the **GREAT MAJESTIC**. It's the range with the reputation—ask your neighbors. Then, too, it's made just right and of the right kind of material—**MALLEABLE AND CHARCOAL IRON**—riveted together practically air tight—lined with pure asbestos—parts being malleable can't break—has a movable reservoir and an oven that doesn't warp—that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (browns bread just right all over without turning), heats 15 gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.

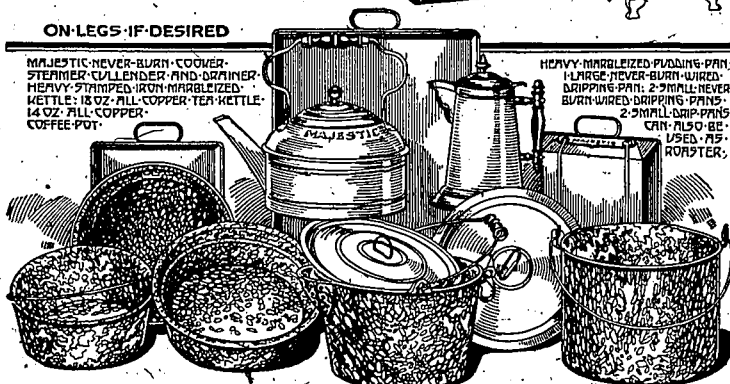

Don't buy the range you expect to last a lifetime "unsight and unseen"; you'll be sure to be disappointed. Come to our store during demonstration week, see the **GREAT MAJESTIC**—have its many exclusive features explained—find out why the MAJESTIC is 300 per cent stronger than other ranges where most ranges are weakest.

MAJESTIC RANGES ARE MADE IN ALL SIZES AND STYLES

ON LEGS IF DESIRED

MAJESTIC NEVER-BURN COOKER-STEAMER-COLLENDER-AND-DRAINER-HEAVY STAMPED-IRON-MARBLEIZED KETTLE-18 OZ. ALL-COPPER-TEA KETTLE-14 OZ. ALL-COPPER COFFEE POT

HEAVY-MARBLEIZED PUDDING-PAN-1-LARGE-NEVER-BURN-WIRED-DIPPING-PAN-2-3-MALL-NEVER-BURN-WIRED-DIPPING-PANS-2-3-MALL-NEVER-BURN-WIRED-GRILL-ROASTER. CAN ALSO BE USED AS ROASTER.

This Set of Ware Free

Don't Overlook the Date. This is a Special Invitation to You and Your Friends and Neighbors

CHILDREN'S SOUVENIR DAY

TUESDAY OF DEMONSTRATION WEEK

3:00 TO 5:00 P. M.

125 MAJESTIC AEROPALMES FREE

FUN! FUN! FUN!

Boys and girls, old and young, you can have a world of fun with the Majestic Aeroplane. It is easily made to fly from 10 to 50 feet in the air. You will all want one. Don't fail to get yours!

The first 125 boys and girls who present to the Majestic Range salesman at our store, between 3 and 5 p. m. on Tuesday, written answers to the following questions will receive one of these aeroplanes—FREE:

- 1.—What is the name of your mother's range and how long has it been in use?
- 2.—Give names of any persons you know needing a new range.
- 3.—Why is the Majestic known as the Range with a reputation?
- 4.—What is your age?
- 5.—When is your birthday?

\$1.00 ARTICLE FREE

The boy or girl giving the neatest and best answer to the third question may select any \$1.00 article from our stock in addition to the souvenir.

A PRIZE FOR EVERYBODY

Don't be discouraged if you are not one of the 125 to get an aeroplane. You will receive a **MAJESTIC PUZZLE CARD** that will afford you many hours of amusement. Be sure to have your answers ready to hand in at our store **TUESDAY** afternoon, between 3 and 5. They must be **WRITTEN** if you wish to receive a souvenir or prize.

SPECIAL

All during this week a special demonstrator direct from the MAJESTIC FACTORY will be glad to show you "ALL ABOUT RANGES"—show you why the MAJESTIC is the best range on earth at any price.

COME, IF YOU INTEND TO BUY OR NOT—EDUCATION lies in **KNOWING THINGS**—KNOW why the oven of a range is heated—KNOW how the water is heated—HOW the top is heated—WHY the MAJESTIC uses so little fuel!—KNOW how a range is made inside and outside. This education may serve you in the future. **DON'T OVERLOOK** a chance to **KNOW THINGS** shown by one who knows. **COME.**

Everything Baked Will be Given Away at the Lectures.

Hot Coffee and Cake Served Here Every Afternoon.

The Lectures Are All New

THIS IS THE FIRST of a series of lectures by Prof. Stark, the great Majestic Range Co.'s celebrated French chef, who has spent a lifetime mastering the art of cooking. His lectures will be new—subjects, new recipes not taken up in previous lecture works will now be covered thoroughly.

HE WILL DELIVER A LECTURE EACH DAY, BEGINNING TUESDAY, FROM 2 TO 4:30 P. M., ON **THE ART OF COOKING, EXPLAINING THE MOST ECONOMICAL AND SCIENTIFIC METHODS IN USE TODAY. COME AND BRING YOUR FRIENDS. EVERYTHING BAKED DURING THE DEMONSTRATION WILL BE GIVEN AWAY.**

Prof. Stark will take pleasure in answering questions and untangling your problems; he will also give out recipes daily which cannot be found in any American cook book. Bring a pad and pencil and be prepared to take notes; you can't know too much about cooking in these days of high prices.

**Program for the Week**

MONDAY will be devoted to window display and preparatory work. Demonstrating work and giving out recipes will begin Tuesday afternoon at 2 o'clock.

RECIPES FOR TUESDAY

Lecture on Preserving, Pickling and Canning, and

Recipes for—

Macaroni Milanaiso

Cheese Souffle

French Pan Cakes

French Waffles

Graham Muffins

Amber Pudding

Crown Prince Suggestions

PROGRAM FOR WEDNESDAY

Majestic Walking Cake

This is a 6-layer cake, 18-19

inches, weighing 23 pounds.

When completed at 3:30 p. m.

Wednesday, 2 12-foot planks

will be placed across the

cake, when 25 ladies will all

step on the planks at a given

word and mash it perfectly

flat. In five to eight minutes

it will regain its original

height and then will be cut

and served to all present.

Ladies don't fail to see this

and learn the advantages of

the Majestic Range Air Tight

Oven. Lecture on Cake Work

from 2 to 3 p. m.

The Professor will be pleased to answer any and all questions pertaining to the art of cooking, and to those who call in the forenoon he will gladly give any recipes desired. He will be on the platform at 9 a. m. every day in the interest of our demonstration. Don't hesitate to ask questions; they will be cheerfully answered. Domestic science pupils cordially invited.

PROGRAM FOR THURSDAY

Recipes for—

Japanese Nut Cake

Angel Food Cake

Fontanelle Cake

Butter Sponge Cake

English Pound Cake

Mock Angel Cake

Feather Cakes

Demonstrating the making

of a Marshmallow Filling in

10 minutes—using no eggs

and no cooking.

DEMONSTRATION FOR FRIDAY

This will be devoted to

Yeast Making, Bread

and Bread Making, demonstrating

the short process of making

good bread in hour hours

from the time you set your

sponge.

TWIN FALLS HARDWARE CO.

White Outlines Precautions Against Infantile Paralysis

State Sanitary Inspector J. K. White Offers Timely Suggestions Along Lines of Sanitation, With a View to Minimizing Conditions Favorable to Spread of Disease.

No subject is exciting more concern and public interest throughout the nation at the present time than the epidemic of infantile paralysis, or anterior poliomyelitis (as scientifically known), prevailing in New York City.

It has been reported there may be some cases in Idaho, and pending investigation into the matter the following sanitary precautions are suggested in the care of suspected cases:

1. Put the patient in clean, bare, well-ventilated room, screened to keep out insects.
2. The rest of the family should be kept at home as far as possible.
3. No persons should be allowed to enter sick room except doctor and nurse.
4. Disinfection should be thoroughly carried out. Make disinfecting solution as follows:
Solution No. 1, for stools and urine: Add 1/2 pound of fresh chloride of lime to two gallons of water. Make fresh every day.
Solution No. 2, for hands and clothing: Add two teaspoonfuls of carbolic acid, 95 per cent, to one quart of water.
Solution No. 3, for hands and clothing: Add two teaspoonfuls of formalin to one quart of water.
5. To disinfect stool add one quart of solution No. 1 and let stand for one hour. To disinfect urine add one pint of solution No. 1 and let stand one hour.
6. When nurse leaves the room she should wash her hands in solution No. 2 or solution No. 3. She should wear an overgarment and remove the same on leaving the room.
7. All clothes and bed clothes be-

fore removing from sick room and all washable clothes before removing from premises should be soaked for one hour in Solution No. 2 or No. 3, as preferred.

8. All eating utensils and remnants of food used by patients should be boiled before taken from sick room.

9. All milk bottles received at the house must be boiled before returning to the dairy.

10. The rest of the family should take frequent baths and use hydrogen peroxide, one tablespoonful to a glass of water, as a gargle and nose spray.

11. The house should be kept as free from dust as possible by sprinkling floors before sweeping and by using damp cloths for dusting.

12. All dogs, cats and other pets should be kept from the sick room.

13. All instances of acute paralysis in domestic animals about the house or the farm should be carefully investigated and all such affected animals should be promptly killed and the quarters in which they had been kept carefully disinfected.

14. Surrounding premises should be disinfected daily.

15. Patients shall be kept isolated until placard is removed and house has been fumigated.

The above instructions should be carried out minutely, not only for infantile or spinal paralysis, but for all contagious and infectious diseases.

The use of deodorants to create smell in the room is useless and objectionable.

Infantile paralysis is serious enough to be careful and too serious to be panicky.

J. K. WHITE,
State Sanitary Inspector.

MISS B. WOLFE

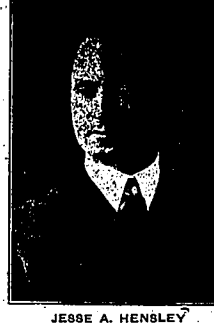

Candidate for County Superintendent of Schools, Republican Ticket

To Whom It May Concern: I have known Miss Britomart Wolfe for the last eleven years, and she has taught three years in the Twin Falls schools. While I was a member of the School Board of the Twin Falls city schools she was one of our best teachers and was always up to the times in her methods. From a very close acquaintance with Miss Wolfe, and her methods of teaching, I would unhesitatingly say that she would make one of the best School Superintendents that Twin Falls County has ever had. She is well qualified to hold the position of Superintendent, as she holds a life diploma in the State of Idaho.

Adv.— C. D. THOMAS.

JESSE A. HENSLEY

Republican Candidate for County Superintendent of Schools, Subject to the Primary, Sept. 5

I am a candidate for the office of county superintendent of schools on the Republican ticket, subject to the vote of the party at the primary election, September 5.

As to qualifications and experience, I attended Springfield, Mo., normal school four years, took graduate work in Columbia university, one year and taught school for fifteen years, six of which were supervision work. The past two years I have taught in the Hansen high school, where I was superintendent of schools. Have been resident and teacher in Twin Falls county eight years, and believe the office of county superintendent is one requiring the effort of a man to administer the affairs of the office.

I hope to succeed on my reputation for ability and integrity, sincerely believing that I can fill this highly important office with credit to the county of Twin Falls and to myself. Your favorable consideration will be gratefully received.

Adv.— JESSE A. HENSLEY.

FOR CORONER

DR. C. A. EMES
Republican Candidate for Nomination as Coroner of Twin Falls County

Dr. C. A. Emes, Twin Falls, candidate on the Republican ticket for the nomination of coroner, is a member of the undertaking firm of Grossman & Emes. He has been a resident of Twin Falls since 1908 and owns considerable property in the city and county.

Dr. Emes' record shows unusual qualifications for this position. He graduated in medicine and for 15 years was actively engaged in the practice of medicine and surgery. He is also a registered pharmacist. Furthermore, he is a graduate of the Massachusetts College of Embalming, of Boston, in which institution he was for some time engaged as instructor. He was also a licensed embalmer in the states of Rhode Island, New York and Idaho. During his active practice in medicine he was elected to the office of coroner in Jasper county, Missouri, and was re-elected at the expiration of the first term, thus filling the office four years.—Adv.

CHICAGO SUFFERED IN TERRIBLE HEAT

IDAHOAN APPRECIATES THE COOL NIGHTS OF THE WEST

Miss Stella Riley Experiences Hot Weather On Eastern Trip—Tells of Sufferings of Chicago People

In her recent business trip to Chicago, Miss Stella Riley of the S. M. Riley & Co. milliners, experienced some very warm weather and heard tales of hotter weather than she found that had swept Chicago this summer.

"For 19 days and nights at one time Chicago was held rapt in a terrible heat wave," stated Miss Riley. "I was visiting with some friends who live in one of the cooler, more comfortable parts of Chicago, and they told me that, although they slept on an open porch, the members of the family were compelled, in order to secure any relief from the heat all night, to wring their night clothes from cold water when they retired, and were forced to repeat the process two or three times during the night in order to be able to remain in bed at all. And many girls who worked in the unusually comfortable offices kept a piece of ice between two cloths on the back of their necks all day long in order to 'stay on their jobs' and not be overcome with the heat."

Miss Riley stated that travelers was uncomfortable when she went East, owing to the fact that the doors and windows had to be kept shut to keep out the dust and heat, and hence the trains were most uncomfortably hot and stuffy.

ASK SHIPPERS TO DO THEIR PART

The following bulletin has been issued by the interstate commerce commission:

"Reports are being received by the commission indicating that a car shortage is again threatened, caused in part by the heavy movements of grain at this season of the year."

"The commission therefore takes this opportunity of again bringing to the attention of the carriers and shippers the necessity for close supervision of the methods of loading, unloading and moving of cars so as to secure the fullest possible use of available equipment."

"Shippers should endeavor to secure the prompt and full loading of cars, and consignees their prompt unloading and release."
"The commission feels justified in urging upon shippers and consignees that they shall not use cars for storage purposes, but should endeavor to release them as promptly as possible and not avail themselves of the full limit of free time provided by the tariffs."

"Carriers should also make every endeavor to eliminate delays and expedite the movement of shipments. Cars should be promptly returned to the home line. Company material promptly unloaded, and close supervision given to operations at terminals."

"Individual shippers and their associations and the carriers should cooperate in order that the delays and losses consequent to a shortage of cars may, so far as possible, be avoided."

"By the commission:
"GEORGE B. MCGINTY, Sec."

Liver Trouble.

"I am bothered with liver trouble about twice a year," writes Joe Dingman, Webster, City, Iowa. "I have pains in my side and back and an awful soreness in my stomach. I heard of Chamberlain's Tablets and tried them. By the time I had used half a bottle of them I was feeling fine and had no signs of pain." Obtainable everywhere.—Adv.

CAPTAIN L. V. PATCH
TO STAY WITH GUARDPAYETTE MAN LEAVES CAMPAIGN
IN HANDS OF STATE FRIENDSAnnounced Candidacy for Lieutenant
Governor Months Before
Border Trouble, But Will
Play the Game

FORT HUACHUCA, Ariz.—That he will not leave his post as an officer of the National Guard of Idaho to further his political fortunes, but that he has left the campaign in his behalf in the hands of his friends, and that, if nominated and elected, he will then resign his military position or secure a leave of absence, and so be able to personally administer the affairs of the office to which he aspires, is the announcement of Captain L. V. Patch of Payette, Republican candidate for the nomination for lieutenant governor of Idaho. Three months or more before the Idaho regiment was called into service on the Arizona border, Captain Patch announced his candidacy for the nomination for this office. The announcement met with instant cordial welcome in all quarters of the state. No opposition developed until on the eve of the departure of the Idaho troops, when D. M. McCall of Caldwell shield his castor in the primary arena. Reports that Captain Patch has abandoned his candidacy

CAPTAIN L. V. PATCH

Candidate for Lieutenant-Governor on
the Republican Ticket

for state office, or that he will be disqualified from administering the duties of the civil office if elected, are effectually laid at rest by his announcement made here.

As a practical fruitgrower, stockman, irrigator and large property owner in Idaho, Captain Patch is thoroughly familiar with the needs of the various industries of the state, and is eminently qualified to administer the duties of the office to which he aspires. He has been a resident of

Idaho for 15 years. He was a member of the tenth session of the Idaho legislature; for three years colonel of the Idaho regiment. He is a fruitgrower and raiser of thoroughbred Holstein cattle. He is president of the Idaho State Poultry & Pot Stock association, a director of the Idaho State Dairyman's association, director of the First National Bank of Payette and manager of the Idaho Canning company; is president of three canal companies and has built two canal systems in Idaho. He has considerable property in and around Twin Falls and Kimberly. He is a graduate of the Nebraska State university, a Shriner and an Elk.

Changed Jobs to Go

When the call to arms came, Captain Patch was inspector general of the National Guard of Idaho, a staff officer. The regiment, but not the staff was ordered out. Captain Patch was appointed to fill a vacant regimental office, namely, the captaincy of Company M, formerly of Emmett. This company is made up largely of recruits from Idaho Falls, who, under command of Captain Patch, have become known among the best-trained soldiers in the regiment.

LARGE FIRM PROVES
ADVERTISING PAYS

In 1910 the R. J. Reynolds Tobacco company started its first general advertising campaign. They were consistent believers in the motto that "advertising pays," especially newspaper advertising. Their policy was to put a certain percentage of their profits into telling the public through the columns of the newspapers of their products. Their sales have been enormous, and the firm has scarcely been able to keep ahead of the millions of orders that have poured in upon them.

They attribute their success to three things. First, their goods are meritorious; they give the greatest of care to the growing of the tobaccos that go into their different brands, and their manufacture under sanitary conditions; second, the firm places great stress upon fair dealing with the public; and, third, they are diligent and progressive advertisers. And they openly claim that without the advertising which they have done, their merit or treatment of the public would avail them nothing.

Their experience is similar to that of thousands of other firms, such as Ford, Studebaker, Post, Tostitos, Shredded Wheat Biscuit, Yoplait and many others. The firm has learned that unless the public knows that he is in business, his wares will stay on his shelves. And the one good way to let the public know he is on earth is through the columns of his local newspaper.

The Best Laxative.

To keep the bowels regular the best laxative is outdoor exercise. Drink a full glass of water half an hour before breakfast and eat an abundance of fruit and vegetables, also establish a regular habit and be sure that your bowels move once each day. When medicine is needed, take Chamberlain's Tablets. They are pleasant to take and mild and gentle in effect. Obtainable everywhere.—Adv.

FITTING SHEEP
FOR THE SHOWSpecial Care is Advised in Preparing
Good Displays—Wool Surface
Should Be Trimmed

That sheep prepared for the show require more expert care than any other class of livestock is the opinion of E. J. Iddings of the University of Idaho. His advice in the matter follows:

"The modern livestock show is primarily an educational institution. Farm animals of all kinds are assembled and competent judges arrange them in order of merit according as they approach closely or fail to meet certain well-defined ideals of type. Livestock shows help toward uniformity of type and harmony of effort in animal breeding and are the meeting places of those who are producing live stock to sell and those who desire to purchase livestock.

Big Advertising Value
"The exhibitor learns much in the showing that is of value to him in his breeding operations, but the principal benefit comes in the way of advertising. Hence the advantage of specially preparing and fitting animals for show. There is certainly nothing to be gained educationally in driving sheep from a pasture and showing them to visitors without any attempt to clean or prepare them for critical inspection. Some fitting is necessary even for our smaller fairs and livestock shows."

"The first effort should be made in selecting animals of such conformation as to properly represent their type and breed. In most breeds of sheep the choice for the show ring should fall on a reasonably low set, thick, strong-backed and vigorous animal that shows to a considerable degree the particular characteristics of the breed to which it belongs. Additional flesh as compared with carcass condition will result from a little especially good pasture for the cooler hours of the day, shade during the midday hours and a grain ration of bran and oats. If the animals are quite thin and need to be crowded, they may be left on pasture but one hour daily and given a heavier grain ration and clover and alfalfa hay in addition to the grain.

Fest Should Be Trimmed
"The feet should be trimmed and the sheep taught to stand squarely on the legs. The fleece should be freed from straw or other coarse material and blocked out with a pair of hand shears. In the blocking-out process the wool over the back is cut down and leveled, and the side lines straightened, and the entire form as represented by the wool is made more shapely. The wool surface is then evening by careful trimming until the entire outline is regular and attractive to the eye. Brushing straightens the fibers, so that when once trimmed, the fleece keeps the form given it with the shears.

"Some experience must be had in order to get good results in trimming. A little preliminary instruction and some practice on sheep not judged for show, however, often enables a beginner to materially improve the appearance of animals destined for the show ring."

THE INGREDIENTS
OF A "KNOCKER"

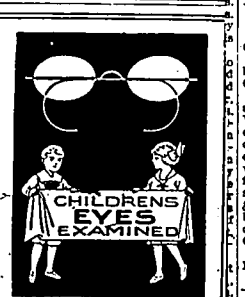

A contemporary utters the following truth:

After God had fashioned the rattlesnake, the toad and the vampire. He had some awful substance left with which He made the knocker. A knocker is a two-legged animal with a corkscrew soul, a water-sogged brain and a combination backbone made of jelly and glue. Where other people have hearts he has a tumor of rotten principles. When the knocker comes down the street, honest men turn their backs and the devil shuts the gates to keep him out.

No man has the right to knock as long as there is a pool of water deep enough to drown his body in, or a rope to hang his carcass with. Judiciously, a knocker is a gentleman compared to a knocker, for, after betraying the Master, he had enough character to hang himself, and a knocker has not

PROGRAM FOR FALL-WINTER WORK FORMED

COUNTY AGRICULTURIST, AIDED BY DIRECTOR, MAKES PLANS

Plans Formulated for Fight Against Menacing Pests—Winter Good Time to Clean Up Lands

Plans have been formulated which will be the guiding ones for the fall and winter work of the local agriculturist's office in the Twin Falls district. They will be divided into four different lines, viz: First, the potato problem; second, pest control; third, dairy improvement, and fourth, organization of farm bureaus.

County Agriculturist Birch is planning a farmers' excursion for Friday, September 1. This will consist of a number of the agriculturists of the Twin Falls, Buhl and Piler communities, and they will cover these three districts, making thorough investigation of the experiments with that vegetable, the potato, which Birch started earlier in the season, keeping a certain number of patches under observation, so that a study might be made of the various diseases that threatened to harm the industry earlier in the season.

Take all successful farming regions, Twin Falls has had its various pests, and a close observation has been made of them by the department. Not only the grasshopper, but also the clover aphid, their habits, their prevention and destruction have been some of the things that have caused Agriculturist Birch much thought during the past summer. The study of the pests peculiar to this section will be continued during the winter, with a view of killing whatever grasshopper eggs have been laid, and which would otherwise hatch during the spring and cause a return of the pest. They are not buried deeply, the eggs being deposited a few inches from the surface of the ground, and the destroying of weeds growing along roadways and in other vacant spots is the surest guarantee that these eggs will be destroyed.

Take Steps Against Aphids
The clover aphid is a pest that has caused much damage in the Twin Falls country during the past summer, and during the fall and winter the department will plan a rigid campaign against them. During the summer the agricultural department has had 14 machines spraying in the district, as there are 35,000 acres of clover seed in the tract. Woods in clover fields will also receive their share of attention.

The third subject on the program is that of dairy improvement. Efforts will be made to bring to the farmers' attention the fact that diversified farming, in connection with livestock, is a source of great profit to the farmer who handles both carefully. The organization of farm bureaus will occupy much of the county agriculturist's time and attention. These bureaus occupy much the same position to farm communities that commercial clubs do in cities. They meet, talk over matters that involve the farmers' welfare, study the problems of the farm, unite in a body to work with the county agriculturist and in general serve a most useful purpose. In some eastern communities these bureaus have aided growers greatly, and it is a system that is in fine standing with eastern farmers, there being 450 of them in eastern states and 750 in southern states.

The campaign will not interfere with the agriculturist's work of attending to the miscellaneous demands that are usually made upon that official, and the office will continue to be a useful information bureau, as it has been in the past.

Report of Hog Cholera Work Carried on in Southern Idaho

Dr. Sullivan Gives Summary of Cases Treated and Cures Effected by Department of Agriculture During the Past Year—Big Saving to Farmers.

Results of the government hog cholera work in the south and north side Twin Falls segregation, Salmon River tract, Gooding county and the Minidoka government reclamation project, Idaho, for the period of July 1, 1914, to June 30, 1916:

Number of infected herds treated	165
Pounds sick at time of treatment	3,004
Total number of hogs treated	12,291
Total number died after treatment	669
Exposed herds treated from July 1, 1914, to June 30, 1916	6
Number of herds treated	441
Number of hogs that died after treatment	8
Number of infected herds treated in which hog cholera later reappeared	8

The reappearance of hog cholera upon eight farms may be explained by the fact that the farmers upon this number of farms did not properly clean and disinfect their hog lots and pens, thus harboring the disease.

The above table shows the number of herds, also number of hogs treated with the serum alone treatment by the bureau of animal industry during the period of July 1, 1914 to June 30, 1916.

5 1/2 Per Cent Loss
It will be noted that there were 12,291 hogs treated in 165 herds with a loss of 669 hogs, or 5 1/2 per cent. This makes a total saving to the farmer of 79 1/2 per cent of the infected herds, or 11,622.

The following table shows the number of hogs raised and lost from cholera for the years 1912 and 1913 within all the territory in which hog cholera control demonstration work is now being carried on by the bureau

of animal industry; these demonstrations were begun July 1, 1914:

Year	Hogs Raised	Hogs Lost
1912	48,116	3,152
1913	83,267	12,978

The greatest losses occurred within the south side Twin Falls segregation. Thus it is known from a survey made that the farmers of the Maroa independent school district No. 5, north of Piler, Idaho, lost 56 per cent of their hogs during the year 1913.

The total losses in the south side Twin Falls tract during the year of 1913 alone amounted to 10,887 hogs. Losses Heavy in 1913

During the year of 1913, when no proper precautions were exercised by the farmers to control the disease, the losses amounted to 20 times the losses that have occurred since the demonstration work was begun under the direction of the bureau of animal industry.

The above statistics prove conclusively that hog cholera can be successfully controlled where the methods advocated by the bureau of animal industry are put into practice. Those are outlined as follows:

1. Proper organization of farmers.
2. Co-operation on part of farmers in promptly notifying proper authorities of the presence of disease within their herds.
3. Prompt immunization of hogs upon farms with potent anti-hog cholera serum.
4. Quarantining of all infected premises.
5. Proper maintaining of quarantine by owners of herds, such as keeping all visitors off premises during presence of disease. Keeping sick hogs properly confined and off public highways.
6. Warning neighbors of disease.
7. Proper cleaning and disinfecting of all infected premises.

Hogwallow News

DUNK BOTTS, Regular Correspondent. (George Bingham.)

(Copyright, 1916, Adams Syndicate.)
Raz Barlow mobilized at Tickville Saturday evening.

Yam Sims has sent a dime to Chicago after a book of things to say while carrying on a conversation with a nice girl.

Jeff Potlucks says the eclipse of the moon is a mighty big thing and attracts a lot of attention not to make any more noise than it does.

Poke Easley's eyes are getting so bad he is going to have to move his house nearer the road.

Fit Smith had the misfortune Tues-

day night of catching his jug full of rain water.

Sim Finders, who has not done anything lately to attract attention, was seen at church Sunday wearing a new shirt.

Health is very good in this vicinity, with the exception of the report that two of Tobe Moseley's hogs have been grunting around for the past several days.

Isaac Tellwanger, who is a staunch Democrat, has had his whiskers cut off until after the presidential election.

Wash Hooks caught a nice wooden

HAS MADE GOOD AND WILL BE RETURNED TO CONGRESS BY THE PEOPLE OF IDAHO

ADDISON T. SMITH of Twin Falls

Hon. Addison T. Smith, representative in Congress from Idaho, has formally announced his candidacy for re-election. Mr. Smith is now serving his second term in Congress. He was admirably equipped for the position at the beginning of his first term, for he has long been in the national capital, first as private secretary to Senator Shoup and afterwards in the same position with Senator Hoyburn. He therefore had a wide acquaintance among public men and gained a intimate knowledge of the methods of procedure in Congress and the manner in which public business is transacted through the various departments. He was therefore not a stranger to the work that confronted him when he took his seat in the lower house. His service since that time has matured his judgment, increased his influence in the capital and added to his efficiency, facts which fortunately seem to be fully recognized and appreciated by the people of Idaho. It will be a delight to the Republicans of Idaho to re-nominate Mr. Smith for a third term, and he will be elected by a majority that will express the high esteem in which he is held by the people of the State.

leg in the drift that came down Gander creek during the late last week. He is very proud of it and will not let it during the rainy weather to keep one of his feet from getting muddy.

Yam Sims says one beauty about having only one shirt is that you don't have to be bothered with such a heavy laundry bill.

Fletcher Henstap has had the holes in his pockets sewed up as he expects to make some money this fall.

Poke Easley thinks nobody but a married man could keep out of a fight as gracefully as President Wilson has done.

A moonlight picnic was given at Hog Ford Saturday night. The moon, however, arrived too late to do any good.

The wife of the cashier of the bank of Tickville is the object of much envy in social circles since she has become able to buy a dollar's worth of sugar at one time.

The kinfolks of Frisby Hancock's wife, Jean Buzzard Knop, spent Saturday night and Sunday with him. Frisby says nearly every person has kinfolks he is ashamed of, but can't help it.

Miss Hostetter Hooks has at last wrote to her unknown correspondent that she is willing, and the mail carrier is hoping his horse in the direction of Tickville with a hope that he will get the letter to him before she changes her mind.

The Wild Onion school teacher has found several misspelled words in the big dictionary.

Miss Furlie Allsop has a new hat. She thinks it is right pretty, but won't admit it unless pressed.

Atlas Peck has been attending the bedside of one of his well-to-do uncles at the upper end of Musket Ridge. He got tired and returned home, however, as it looks like the old man is going to pull through.

Isaac Tellwanger has improved the appearance of his premises by cutting down the sprouts and trimming his whiskers.

In life nearly all of the hardest storms always go around.

Filmore Hooks has moved to a house near Gander creek bridge. He is left-handed and will get around rather awkwardly for some time, as his new home sits on the right hand side of the road.

Cricket Hicks bought a dime's worth of bananas at Tickville Saturday. He says they taste a whole lot better shucked than unshucked.

The Widow of the Calf Ribs neighborhood went over to the Rye Straw store Saturday after a spoon of thread. Raz Barlow went with her to help take it home.

The Tin Peddler was here the past week. His trade in clippers is getting better since the creeks have got too low for the people to drink out of.

A man's eyes have a great deal to do with his looks.

GEO. WILCOX ANNOUNCEMENT

I am a candidate for assessor on the Republican ticket at the primaries, September 5th. With my past experience in assessing and equalizing property values throughout the county, I feel myself competent and qualified for the position, and if nominated and elected I will perform the duties of assessor to the best of my knowledge and ability.

I earnestly solicit your support. Very respectfully,
GEO. W. WILCOX

"Service" is the Inside of Business

AUTO SUPPLY CO.

FIRST NATIONAL BANK BUILDING, TWIN FALLS, IDAHO

PHONE 733

Carrying the most complete stock of Automobile Supplies in Southern Idaho. The list below gives you a fair idea of the quality of merchandise we handle.

If you think that "Service" means "Delivery" you're dead wrong

Distributers and Jobbers of DIAMOND (SQUEEGEE) TIRES

Note prices: Non-skid, 30-3, \$10.40; 30x3 1-2, \$13.40; 32x3 1-2, \$15.45; 33x4, \$22.00; 34x4, \$22.40. Guaranteed 3500 miles.

VEEDOL Oils and Grease

Veedol Service

The foregoing facts are not guesswork. As manufacturers with a clean business record of over a third of a century, we could not afford to hazard our reputation by statements which have not been substantiated by tangible results. So sincere have been our desires in this direction that we have spent large sums in laboratory equipment to clothe the skeleton of empty assertion with the flesh and blood of actual accomplishment.

Our Motor-Oil Testing Laboratory is the first and only one of its kind. All scientific instruments which have any bearing on the testing of automobile mechanisms are at the disposal of our engineers. We are fortunate to possess the greatest factor in producing the highest grade lubricants—namely, the best of raw material. We control the output of the majority of the oil works in the Bradford District in Pennsylvania where the highest quality of paraffin base petroleum is found. In chemical stability under extreme heat, Pennsylvania Motor Oils are recognized to be unsurpassed. With this as a foundation, our laboratory studies of the needs of motor lubrication and the effects of heat on motor lubricants have enabled us to put the solution of this problem on a firm and scientific basis. In all cases these results have been made certain by actual service tests under everyday operating conditions.

Our engineering department is entrusted with the supervision and management of the lubrication of many of the largest fleets of trucks and taxicabs in the world. Guaranteed lubrication—not selling oils—is the gist of our service policy. This, in brief, is the conclusive proof back of VEEDOL.

Rayfield Carburetors

SERVICE STATION

New models for Buick, Dodge, Ford Special, Reo

READ THIS GUARANTEE

You can prove what we claim, at our risk. The RAYFIELD is guaranteed to give absolute satisfaction. Read the guarantee.

Regardless of make of car or type of carburetor in use, we guarantee the RAYFIELD Carburetor to give the following results:

Easier starting.
A lower throttled motor.
Faster getaway.
More speed.
Greater power on the hills.

A smoother, more flexible motor.
And at the same time, from 10 to 50 per cent more miles per gallon.

All RAYFIELD Carburetors are sold with the understanding that in case they do not give absolute satisfaction (purchaser to be the sole judge) they may be returned prepaid any time within thirty days from date of invoice and full purchase price will be refunded.

BOSCH

Magneto

The Proof of Superiority

THE WINNERS OF THE VANDERBILT CUP, THE GRAND PRIZE, THE 500-MILE SWEEPSTAKES AND THE ELGIN TROPHY RACES, BESIDES THE WINNERS OF PRACTICALLY EVERY OTHER IMPORTANT CONTEST HELD HERE AND ABROAD DURING 1914, USED THE BOSCH MAGNETO FOR IGNITION.

THE BOSCH MAGNETO WON ALMOST EVERY RACE THAT COULD BE WON, AND NOT A WHISPER OF TROUBLE FROM ANY CAR SO EQUIPPED. THAT'S IGNITION AS EVERYONE HAS A RIGHT TO EXPECT IT.

WHAT ARE YOU DOING ABOUT YOUR IGNITION?

"SERVICE" means that we've got to treat you right every inch of the way, and that we've got to be clean-souled and decent as long as our connection lasts

MILLER (GEARED TO THE ROAD) TIRES

WITH INCREASED FACILITIES THE PRICES ON TIRES HAVE BEEN REDUCED

YOURS FOR SERVICE

AUTO SUPPLY CO.

MEANS HONOR, REPUTATION, STANDING, DECENCY, WHOLESOMENESS, AND EVERY OTHER OLD THING THAT YOU THINK IT OUGHT TO MEAN

"SERVICE"

"SERVICE" Means so many things we haven't space to tell them all. We know, however, so far as we are concerned, there isn't anything it doesn't mean, and if any one of the things it means is missing, you haven't the "Service" you have a right to expect.
