COUNCIL FAVORABLY NEW SIDEWALKS

ACCEPTS RECOMMENDATION OF COMMISSIONER PORTER

Report and accompanying plat on file at City Clerk's Office—Public to be notified that an Ordinance Will be Drawn Calling for Replacement of Wooden Walks with Concrete.

The completeness and thoroughness of the report of Street Commissioner W. F. Porter, on the replacement of all of the board sidewalks in the city, and the building of new sidewalks where necessary, received much favorable comment from the members of the city council in session Wednesday night, and favorable action was taken on it.

The report was accepted and filed with the city clerk, and the accompanying plat was ordered to be placed on file in the city clerk's office. Clerk Williams was instructed to notify the public that an ordinance would soon be drawn ordering in the new sidewalks as recommended by Commissioner Porter.

Approximately eight miles of new walks are advised in this report, 24, 681 lineal feet of which will replace, with concrete, wooden sidewalks now in use, and 15,672 lineal feet of which will be entirely new walks.

The total expenditure for all crosswalks and alley crossings would be \$113,750, which would be borne by the city from the \$10,000 bond issue before the voters, and the contingent expense fund. The total for sidewalks, \$23,040.40, would be borne by the property owners.

BAPTISTS HOLDING SPECIAL CONFERENCE

DISCUSSIONS HELD ON SUBJECT OF EFFICIENCY IN ALL LINES OF CHURCH WORK

In Session Wednesday and Thursday of this week—Rev. A. B. Minaker, State Pastor, Leads Discussion Opening Night—Rev. J. E. George, Field Missionary, Takes Part—Address Given by Dr. Courtney of Phoenix

Efficiency in all lines of church work was the keynote of the special conference held on Wednesday and Thursday night at the Baptist church. The conference opened Wednesday, when the subjects, "The Church Program," "A Proper Organization for the Program," and "Practical Application of the Program," were discussed, led by Rev. A. B. Minaker, state pastor, and Rev. J. E. George, field missionary.

The conference was opened at 7 o'clock with Bible study. At 11 o'clock Rev. George conducted a conference on "The Sunday School Program." In the afternoon the financial and missionary phases of the work were taken up.

At 6:30 this evening a big supper was served to the men of the church and their families. A large number of guests were present. "Methods in Bible Study" was the subject considered early in the evening, closing with a big fellowship meeting. A special address was delivered by Dr. Courtney of Phoenix, Ariz. Rev. W. H. Bowler, state superintendent of the Baptist work, led the evening discussion.

The conference was well attended and, according to all who were present, was one of special encouragement and inspiration.

J. A. BYBEE MAKES A RECOMMENDATION

Acting upon the request of the council, City Engineer J. A. Bybee filed with that body an adjourned regular meeting Wednesday night a report on the Jones sewer proposition, the main recommendation of which is that the city build a sewer district in the eastern part of town, including the Sylvester Newton, Murtagh, Ashton and Sanger subdivisions. According to the report, the sewer district which might be formed, be provided by means of a new general sewer system.

OUTCOME STILL IN DOUBT AND AN OFFICIAL COUNT IS PROBABLY NECESSARY TO DETERMINE RESULT

FOUR STATES STILL DOUBTFUL AND NO CHOICE POSSIBLE UNTIL FIGURES ARE OBTAINED—NEITHER SIDE WILL MAKE CONCESSIONS AND BOTH CLAIM VICTORY—RECOUNT OF NEW HAMPSHIRE TAKES FOUR VOTES FROM HUGHES IN FAVOR OF WILSON—IDAHO LEGISLATURE CLEARLY DEMOCRATIC

BOISE, Idaho, Nov. 9, p. m.—With both the Presidency and the Governorship in doubt, it is still safe to predict a safely Democratic Legislature. The Idaho Senate will open its fourteenth session with at least 20 Democratic Senators and 13 Republicans. Four counties are not yet heard from. In the House 36 Democrats have been returned, as against 25 Republicans, with two counties still to hear from.

At this hour the Democrats of Boise and the state and county Democratic committees are claiming the election of Moses Alexander as Governor by a plurality of 500. The Republicans claim the election of their candidate, D. W. Davis, by 250. In all probability, an official count will be necessary to establish the result of the election as far as the office.

John W. Engleson, state treasurer, has been elected by the Republicans by what is regarded as a safe, though narrow margin. Robert Bell, Republican, is safely elected inspector of mines. Miss Ethel R. Redfield, Republican, has been elected superintendent of instruction. The balance of state officers have been filled by Democrats by safe margins, it is believed, in each case.

According to such returns as have been received in Boise from outside points, President Wilson is the probable president-elect. As matters now stand, Wilson has safely 231 votes in the electoral college, with California, Minnesota, North Dakota and New Mexico in the doubtful column. Wilson has a distinct lead of around 230 in California, and while subsequent returns might result in the election of Hughes, it is believed here to be altogether more probable that when all the figures are in, a narrow majority of electoral votes will be for Wilson.

In Minnesota, Hughes, at this time is about 700 votes ahead, with about 300 county precincts still to hear from. In New Mexico Hughes is 250 ahead. In North Dakota Wilson is over 1500 votes ahead of Hughes, with 180 precincts still to hear from. The Los Angeles Times declares to concede Wilson's carrying California, but Hughes' chances are regarded in the light of the fact that he is how it happened. Boise is still in political turmoil and the general judgment is that this condition may obtain for some days.

GUESTS WAIT TABLE WHILE GIRLS DANCE

Cafe Employees Entertain at a Big Cabaret Ball—With Many Friends and Guests in Attendance—Wedding Party Has Place of Honor—Buffet Supper Served—Dancing Indulged in by Merymarians

Girls were in demand at the Rogerson cafe Wednesday night, when the employees entertained their many friends and guests at a big cabaret ball. The occasion being the marriage of one of the girls, Miss Blanche Babcock, to James Taggart, the chef of the cafe. Not only was it necessary upon this occasion to speak for dances far ahead, but, although there were bountiful supplies of punch, sandwiches and cakes of all kinds, the young couple and their friends were not able to get to the wedding party. Shortly before 10 o'clock, the guests began to arrive and from then on the wedding, for which the reception was especially given, took place at the home of the groom's sister, Mrs. Mary Wood, at the home in Twin Falls. Mr. Taggart has been chef at the Rogerson for the past four years.

RED CROSS SEALS SOON ON MARKET

DAILY PURCHASE OF CHRISTMAS STAMPS IS URGED UPON HOLY DAY SHOPPERS

Proceeds Devoted Mainly to Study and Prevention of Tuberculosis in Idaho—Twin Falls Was Sixth Town in State in Point of Seals Sold—Campaign for Much Larger Sale Starts Soon

Campaigns for the sale of the Red Cross Christmas seals will begin in earnest soon in Idaho, as in every state in the Union. Owing to various delays last year, the sale of the stamps was not begun in Twin Falls until about two weeks before Christmas. Instead of the latter part of November, yet Twin Falls was only sixth town in the state in the list showing the number of stamps sold. "Boise" headed the list with the sale of \$400,211 worth of stamps, Wallace \$154,364, Nampa \$140,750, Pocatello \$118,844, Lewiston \$109,782, Twin Falls \$82,077. In December of the previous year, Twin Falls sold only \$10 worth of the stamps. Penannans are given the two towns in Idaho selling the greatest number of seals per capita. At the National campaign, Wednesday evening, November 1, at 9:30—Walter J. Connolly and Bertha E. McDougall, Rev. C. L. Bent, officiating minister.

CITY EMPLOYEES TO GET WAGE INCREASE

Council Believes Higher Living Costs Justifies the Petition of the Street Men

No longer will you be compelled, if you are a city employee in the street department, to work eight hours a day and maintain your wife and babies on the two dollars and four bits you receive. The council has agreed that, instead, the benign city fathers have decreed that your salary will be three bones, and if by luck you are a repair man, the waterworks department, your daily stipend will be changed to a monthly honorarium of \$75 per month. At the council meeting Wednesday night, the council chairman, Mayor Robie's report and granted the increase.

A RIVER BRIDGE WAS PREDICTED LONG TIME AGO

TWO DECADES HAVE ELAPSED SINCE OAKLEY MAN WROTE ODE

Pioneer Poet Did Not Live to See His Dream Made Possible by Action of the Voters in Twin Falls County, and Hillsdale Highway District in Voting Bonds

A Murtagh correspondent has forwarded the following original poem, composed some twenty years ago by A. A. Tanner, of Oakley, at the time when the bridging of the Snake river was first agitated in Cassia county. Unfortunately Mr. Tanner died before any of the bridges uniting Minidoka and Cassia counties were built, and long before the question of a bridge which will unite Twin Falls and Minidoka counties was even contemplated.

THE SNAKE RIVER BRIDGE

Behind the hills the sun sank low,
And darkness hung o'er Idaho,
When on the banks of River Snake
A youth was seen to sit, sad, and
And sit and sing unto the moon
A wild, yet sweet, pathetic tune.
They're going to build—old fellow,
—A bridge across the River Snake.

HANSEN BRIDGE BONDS

That the Hansen bridge bonds gained the necessary two-thirds vote is apparent from the returns actually received. Many of these figures were not included by the placing place officials in their election returns, and as a result it will not be until an official canvass is made that the vote in detail will be known.

Manhard, stated that he has prepared a lecture on the Idaho state penitentiary, which he will deliver at the Pinney theatre in Boise some time next week and speak here on the same subject at a later date.

Spurling was released from that institution several weeks ago and has been doing newspaper work since. He was in the city only a few hours visiting the courthouse while here to file at the clerk's office an appeal from the judgment rendered against him on his last day of confinement. His appeal will carry the case to the supreme court of the state.

THE MARY SHAKEN—LIMITED
TRAIN CRASHES INTO FREIGHT

Every Car Ahead of Them Derailed
and Locomotive Tender Struck With

—Buffalo People En Route to Twin
Falls Figure in Union Pacific Catastrophe

Delayed 19 hours and forced to spend the night in an unheated car on the plains of Nebraska, with the thermometer hovering uncomfortably near zero, was the unpleasant experience of Mrs. John Hickler and her daughter, Mrs. C. A. Domair of Montreal, who were unwilling participants in the disastrous train wreck on the Union Pacific, near Bushnell, a short time ago, when the Los Angeles Limited, on which they were traveling, crashed into a freight wreck and four locomotives were piled up.

Every car on the train, with the exception of the Pullmans, was derailed and the tourist car, immediately ahead of them, vaulted clear over a baggage car and locomotive without seriously injuring any of the passengers. The Pullman in which Mrs. Hickler and daughter were sleeping escaped derailment by a scant 18 inches, the tender and one of the locomotives stopping that near. Mrs. Domair escaped entirely unharmed, but Mrs. Hickler was badly shaken up and suffered for several days from the nervous shock incident to the catastrophe.

The wreck occurred at 10:30 at night and the mass of wreckage necessitated a delay of 19 hours.

Mrs. Hickler is proprietor of the Hickler's Cash store and expects to spend a couple of months looking after her business interests here.

During the year and a half in which Mr. McCracken has been in charge of affairs at the Regerson, the business of that popular hostelry has nearly tripled.

The automobile business is not a new one to Mr. McCracken, and he takes to it an invaluable business experience and understanding of human nature gained behind the desk at the Regerson.

MAN SUFFERS BROKEN LEG IN A RUNAWAY

Wagon Shift Drops, Frightened Horse
Ties Over Wagon, Fracturing
O. E. King's Right Leg

While delivering clothing for the Heartfield & Bedwood Dry Cleaning company, Friday, O. E. King, driver of the wagon, suffered a broken leg when his horse ran away.

King was driving along Eighth avenue, near Third street north, when one of the wagon shafts dropped, frightening the horse into running. It tipped the wagon over, throwing King in such manner as to fracture his right leg below the knee. A physician was summoned at once and the injured man removed to his home.

Mr. King was for some time with Company D and accompanied the Second Idaho regiment to the border in July, but was permitted to return home to care for his family.

ROBINSON'S

I do not believe in talking about the "Bogie Man" or telling "sure-enough ghost stories," but I do want to impress on you Men Folks that my stock of Men's and Boys' Coats is going, and going fast. Duck (canvas), moleskin, sheep-lined and mackinaw coats for men and boys "have sure been moving" during the past week or ten days, and now that colder and stormy weather has come, they will probably go faster.

My price on these goods is lower than elsewhere and the quality is good.

Come in while the "going is good."

Club Women and the Matter of Preparedness

President of General Federation of Clubs Would Have Members Defend, Conserve and Improve the Welfare of Their Homes and Communities

"Preparedness for personal efficiency should be the watchword of every club woman," said Mrs. Joseph Evans Cowles, president of the General Federation of Clubs, recently. She went on to explain: "As the men of a nation should be equipped with ammunition and military training in case of war, so women should be capable of defending, conserving and improving the welfare of their homes and communities."

Mrs. Cowles recognizes as necessary the military training of men to defend their country.

Since she made this statement an armed German submarine visited one of our harbors, and the next day sank ships, just outside the three-mile limit.

A few weeks before that the Deutschland sailed at Baltimore for weeks. As

a merchant submarine she brought over and took back a large cargo.

We are no longer isolated. The perfecting of the submarine puts us very close to other nations and shows our need of adequate preparedness.

While the torpedoes of the German submarine were not in this case directed against American vessels, yet the whole affair suggested how easily a fleet of enemy submarines could do enormous damage along our extended coast line. If we did not need preparedness in past years, we do now.

Our dreams of world peace have been rudely shaken. Some day they may come again, but meanwhile our club women may well take the lead in seeing that women understand how to defend, conserve and improve the welfare of their homes and communities.

Women here have a broader sphere than the mere military training, which may well be left to men. Perhaps, have inherited the traditions of war.

BUEL BUILDS MANY BEAUTIFUL RESIDENCES

Thirty Modern Homes Are Under
Course of Construction and More
Are Being Planned

Buel is going through one of the most active residence building booms in the history of the city, and it is said that more farm homes of the modern type are being built than at any other period of the country's development. The "prove-up shock" is being replaced by up-to-date modern rural residences.

As one of the lumber dealers expressed it, "they are all good ones, but the best will have, when completed, the most modern and most expensive home in this part of the district, either city or country."

Thirty modern residences are either just ready to move into or are now being built in this city. Four of them were begun this week and practically all of the thirty were rented before the first spade was stuck into the ground for building. They have either been leased or the builder intends to move into the new home when completed.

The names of those who are either just completing a new home or who are building here in the city are: Glen Pritchard, Albert Amos, Ira Patton, A. D. Wilson, J. Z. Arenas, two houses, E. R. Sherman, J. W. Scribner, all on Fifth street; Len Wiseman, Gen. Thompson, Peter Butts, on 13th street; Dr. McCluskey, Miss Chamberlain, Robert Hays, on ninth street; Charles Maynard, William Bligden, on Broadway; E. C. Swanner, N. Layne, J. G. Smith, on 8th street. The following are building new homes in the McCollum addition: A. J. Milford, Neil Peterson and Frank Wise.

The following new farm homes which are being built come to the attention of the city reporter: E. L. May, J. D. Murphy, Carl Miller, G. F. Thompson, L. A. Warner, James Winegar, and E. J. Spoke. Gustav Kunze is building a new horse barn, as is Otto Yell, Len Combs, and O. M. Everson. Silos are being built by Jacob Schaffer, E. J. Green, N. J. Chellene and Charles Schaffer is building four mammoth silos.

PRETTY HARD TO SAY

"How's the family?" a fond parent was asked.

"Well, my children are at a difficult age now."

"Long ago. But you don't know a father's trouble. My children are at the age where, if I use slang, my wife says I'm setting a bad example, and, if I speak correctly, the youngsters think I'm a back number. Which would you do?"

SOUTHERN IDAHO VERY, VERY DRY

Government Report Records No Trace
of Moisture During the Month
of September

There was decidedly "nothing doing" in the rainfall line in Twin Falls county during September, not entirely cloudy days, no departures in temperatures from the normal, and, in fact, nothing at all out of the ordinary happened in the climate line, according to the report of the weather bureau of the United States department of agriculture.

The report was sent out monthly by the department, the observer for Twin Falls being, Miss Zora Waters.

TELEGRAPHED BIG BET TO CHICAGO

J. J. Gray, the well-known sheepman, came up from Bellevue yesterday on land office business. While in the city he telegraphed a bet of \$1000 on Hughes to John King of Chicago, agent for Rossmore Bros. & Co., commission merchants.

The wager is placed at even money, Mr. King acting as stakeholder. The commission firm has nothing to do with the wager.

"SAFETY FIRST" GETS HARD BLOW

The "Safety First" monument at the corner of "A" street and Shoup street was put out of business Wednesday night, says the Idaho Falls Register. The shock of the impact was so great that the monument will have to be reconstructed and the car is in the garage. The repair bill can only be guessed at.

ASSAULT CASE DISMISSED

The case of Ricardo Escamillo, charged with assault upon Domingo Savala, was heard in the probate court last week before Judge Wilson. The jury brought in a verdict of not guilty. Escamillo was charged with having drawn a gun against Savala in the Enroka rooming house, of which Savala is manager, over the matter of a watch which Escamillo owned, and which was held by Savala as security for a debt of \$9 which Escamillo owed Savala. Escamillo demanded the return of the watch and displayed a gun by way of emphasis.

He was engaged in the moving picture business in Denmark.

The huller finished his work and pulled out Tuesday afternoon. The seed, crop, on the whole, was very light, although some fair yields have been reported. Peter Newman had the heaviest yield of any, but was light when compared with that of last year.

Here is a play that is unusual in its solution that one would be safe in venturing an opinion concerning its outcome up to the last minute of its closing. The struggle of this little girl of the mountains first to save her city from death at the hands of the mountaineers and then to save the heart of her mountain lover, who has been true to her in spite of ample opportunity for misunderstanding, furnishes a theme that is not only thrilling, but that will hold the interest of all to the last foot of the film.

SMITH CANDY CO. IS "MAKING GOOD"

ATTRACTS MUCH FAVORABLE ATTENTION DURING HIS AUTO-MOBILE SHOW

Former Twin Falls Concern Moves Into New Factory in Pocatello—Keeps Open House During the Fair—Company Organized in Twin Falls, Moving to the Gate City One Year Ago—Many Visitors View Plant.

The Smith Candy company has been holding "open house" during the week of the Auto show. This plant, says the Pocatello Tribune, is a revelation to the citizens not acquainted with the wholesale and distributing possibilities of Pocatello. The company manufactures all kinds of candies from stick candy to the choicest chocolates, from bucket candies to the elaborately boxed affairs.

The company has been organized under the present management for about a year and within the last 10 days has moved into their new factory. There are 33 employees at the present time, but at the completion of the plant the employees will number considerably more. The visitors when shown through the plant first inspect the dipping room, where the girls are all dressed in neat uniforms; then into the melting room, where the chocolates for dipping are prepared. The candy is made under the supervision of experts and with the aid of the latest machinery in candy manufacture. Throughout the entire factory the most sanitary conditions prevail. The candy is packed and boxed in the shipping room by girls neatly dressed in uniform.

This industry, although in its infancy, speaks for itself as to its progressiveness and is one of the liveliest of the Pocatello wholesale concerns. The officers of the company are: J. T. Young, president; W. Z. Smith, vice-president and manager; J. A. Youngren, vice-president; M. Buckner, secretary; I. N. Antches, treasurer. W. N. McCarty, E. O. White, George A. Gross, Fred Murphy and Jesse R. Budge are the directors of the company.

A TWICE-TOLD TALE

One of interest to our readers. Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a Twin Falls man is confirmed after two years.

Cornelius Peters, shoe repair shop, 323 Shoshone St., Twin Falls, says: "I suffered a great deal from my back and kidneys, sharp pains going through me like knife-thrusts. One box of Doan's Kidney Pills drove away every bit of kidney trouble."

MORE THAN TWO YEARS LATER, Mr. Peters said: "My former statement recommending Doan's Kidney Pills still holds good. They rid me of kidney trouble. Don't shy at a kidney remedy—get Doan's Kidney Pills—the same that Mr. Peters has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y."

CHARLES A. KRUEGER FIGHTS EXTRADITION

Considerable delay is being experienced in the effort to return Charles A. Krueger to this city for trial. Deputy Sheriff V. H. Ormsby went to Los Angeles, armed with court papers from Governor Alexander, and the Governor of California honored the regulation papers, but Krueger appealed to the federal court and the matter is being delayed. Krueger was arrested last month, charged by the United States Fidelity & Guaranty company with having obtained the signature of another to an instrument in writing whereby a liability was created by false representation and guarantee concerning a bond in connection with Krueger's contract to build the garage of the Johnson Auto Sales company of this city.

Consult Economy in Dress Among Women

Writer in American Club Woman Deplores Fact That Members of Various Organizations Are Unable or Unwilling to Cut Down Expenses by Reducing Cost of Dressing

An authority, writing on European conditions, said recently that it has become fashionable there to dress simply and live economically. It would lighten a good many burdens in this country, says the American Club Woman, if there were some influence to persuade us all to drop the frills and extravagance from living until the war is over and conditions become normal.

People who are by no means to be classed as wage workers find it cruelly hard to meet the increasing prices in everything they use in life. Salaries have not gone up to any extent. Wage workers in some cases have forced higher rates because through organization they could effectively present their case to the cost of living clubs for higher wages.

People in other walks of life cannot do that. They must maintain the standard set by the people of their class, no matter how painful the effort. What a relief it would be if the women of some big club would take their courage in their hands and decide to dress simply and live plainly. Such a course would not involve a single sacrifice of anything worth having.

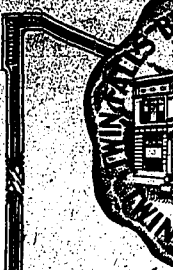

The sacrifice to the individual who tries this plan is that his friends and neighbors make him and his wife and

his children feel the weight of social conditions. To drop below the standard of one's associates is to offend and excite an aversion. Few have the courage to do that. The social side of life is, rightly, very dear to all of us.

But if a club resolved to defeat the high cost of living, by getting back to the simple life, that would be different. It would have dignity, as an organized effort, to solve one of the most distressing problems of the day.

A club in one big city this fall took just a wee step in that direction by agreeing that all members would dress simply on a reception day, which had been usually characterized by elaborate gowning. The idea was a success. Everybody had a good time.

The writer spent the summer in a quiet country place, where people wear their clothes until they are worn out. There was a good matron, who had been wearing the same silk dress to church every Sunday for the last 15 years. It was very restful not to have to care about the style of your clothes. Simply to solve one of the most distressing problems of the day. Clubwomen would get their dividends of happiness from that alone. Will some club try the plan?

BANKING EXPLAINED

ARTICLE 21 NOTES

A promissory note is an unconditional promise in writing to pay on a certain date, or on demand, a specified sum of money absolutely, to a person named therein (the payee) or to "his order" or "to bearer," and is signed by the maker.

All persons capable of entering into a contract (not minors, or persons of unsound mind) may be parties to a note. There are two original parties to a note, the maker (one who makes the note and signs to it), and the payee (one to whom note is payable, or in whose favor the note is drawn). The delivery of a note by the person making, drawing, or indorsing it, is essential to completing the contract.

BUHL WINS HARD FOUGHT BATTLE

TWIN FALLS HIGH SCHOOL TEAM SUFFERS FIRST DEFEAT OF THE SEASON

Score of 6 to 2 Registered Against Them on the West End Gridiron—Well-Executed Forward Pass Brings Winning Touchdown—Third Game Will Probably Be Played on Thanksgiving Day

In a hard-fought game on the Buhl gridiron, Friday afternoon, the west end team got revenge for their previous defeat at the hands of Twin Falls by scoring a 6-to-2 victory over the latter aggregation.

Supported by a large delegation of ardent rooters, the Twin Falls boys went down to Buhl with the determination to repeat their previous success, but the breaks in the game went against them and they were forced to bow down to the first defeat of the season. At that, they succeeded in wrestling two points from their opponents by means of a touchdown, saving them from a scoreless game.

The two points made by Twin Falls

came just before the close of the first half, when the Buhl boys made high to Watkins, who was attempting to punt out of danger. He recovered the pigskin back of his own goal line. Cost the Buhls on the game and the west enders kept them from registering a score until early in the fourth quarter, when a well-executed forward pass was picked out of the air by Woodward for a touchdown.

Brilliant 40-Yard Dash—Another touchdown made by Buhl in a brilliant 40-yard dash by fardling, fullback and captain, was lost through his being forced outside the foul line. Neumann, captain of the local team, played the particular star game, although all of the boys played well, it simply being an off day for them as far as the luck of the game was concerned.

RECEIPTS DECLINE AT OMAHA MARKET

OMAHA—After the record-breaking receipts of cattle of the past two weeks the moderate supply of the past six days has been something of a relief to the market. About 25,000 head arrived this week and, although prices were somewhat lower than in the week at the start, the general market for both beef steers and butcher stock was strong and closing prices around 15c to 25c higher than a week ago.

Prime heavy grass hives have been conspicuously scarce, but good to choice 1050 to 1200-pound steers are selling from \$7.75 to \$8.75. The fair to good 1000 to 1200-pound steers are bringing \$6.75 to \$7.50 and the common to fair grades, including Texans and Mexicans, are going all the way from \$5.75 to \$6.50. Best cows and heifers are higher than a week ago, but canners have been plentiful and prices are at the lowest of the season. The range is from \$3.50 to \$4.75, the bulk of the butchers and beef stock going at \$5.50 to \$6.25.

Feeder Trade Demoralized—Feeder trade was badly demoralized the early part of the week, as receipts were tolerably liberal and country demand was slack on account of the high price of corn. Values declined sharply and the market was in the worst condition of the season. Later in the week the sharp decline in prices attracted country buyers and orders and a fair clearance was effected, most of the early weeks' decline being regained. Values are still from a dime to a quarter lower than they were a week or ten days ago. Good to choice feeders are selling at \$7.50 to \$8, the fair to good grades selling largely around \$6.00 to \$7.10 and the common to fair stuff from \$5.75 to \$6.50 and on down. Stock buyers have held up fairly well, selling largely at \$6 to \$7, and stock cows at \$4.50 to \$6. Stock calves have been in liberal supply and prices are generally lower for the week at \$3 to \$7.50, with choice stock at \$8 to \$9.50.

Prices of Lambs Good—In sheep and lambs the moderate receipts have been somewhat stronger, although there has been no very radical advance as compared with a week ago. For the six days the supply has been about 25,000 head and packers and feeder buyers. Fat lambs have sold up to \$11 every day this week, the price being paid for choice range and corn-fed stock. Demand for feeders has let up some lately on account of the high price of corn, but choice feeder grades would readily bring \$9.75 to \$10.50. Aged stock of all kinds is selling in pretty much the same notches as a week ago.

Current quotations on sheep and lambs are about as follows: Lambs—Good to choice, \$10.50 to \$11; fair to good, \$10.25 to \$10.75; feeders, \$8.75 to \$9.50. Yearlings—Good to choice, \$7.50 to \$8.50; fair to good, \$7 to \$7.50; feeders, \$6 to \$8. Wethers—Fair to choice, \$6.50 to \$8. Ewes—Good to choice \$7.25 to \$8; fair good, \$6.50 to \$7; plain to culls, \$4 to \$4.75; feeding, \$4.50 to \$5.75; breeders, all ages, \$3 to \$5.50.

WOMEN WORK HARD FOR THE AMENDMENT

W. C. T. U. DOES THOMAS SHREVE IN THE INTEREST OF A DRY IDAHO

Courthouse Polling Place Is Scene of Amusing Incident When Arrest of Woman Is Demanded on Ground of Violation of Election Law

The quiet steadfastness of women is the face of great unpleasantness and even suffering, when their mind is made up on a matter of principle, is shown in the work of the members of the W. C. T. U. of this city. In relays some 30 women stood for hours at a time all day, from the time the polls opened until they closed, reminding the people as they approached their various voting places that the prohibition amendment was to be considered and should be given every voter's serious consideration.

Near every polling place they stood. Across their coats was a white sash ribbon bearing the injunction "Keep Idaho Dry." They guarded every approach to the polls and as prospective voters came they were halted and shown a sample amendment slip, such as would be handed them with their ballot, and their attention called to the significance of the amendment, although they were not advised as to how they were to vote.

Wants Worker Arrested

At the courthouse polling place an amusing incident occurred. One of the women became so cold that she stepped into the courthouse a moment for warmth. A man, evidently of the wet species, angered by the presence of the women and the work they were doing, saw her enter the courthouse, and, thinking this might be a chance for revenge, he hastily called the sheriff and ordered him to arrest the woman on the ground that she was soliciting votes for prohibition closer to the voting place than the law allowed. But the sheriff, knowing the prominent woman in question, and that she was not in any way transgressing the law, told the indignant man that he would not arrest the woman. The woman

also stated emphatically that she was not trying to influence anyone, even in the prescribed bounds, much less at the very door of the polls. She remained near the radiator until sufficiently warm to permit of her returning to the cold post of duty outside, where she again took up her stand in the interests of a dry Idaho.

Suspect Political Motives

"Many people resent our stopping them," said one of the faithful women of the white ribbon band. "They seem to think we are working for either the Democrats or the Republicans, always on the side opposed to their party, and we could not convince some of them of our object. Among our numbers were both Democratic and Republican women, but we were not working for party politics. Our one object was to call the attention of the people to the amendment that would be handed them at the booths for their consideration." These faithful women stood for hours at a time in the cold, penetrating wind, without a word of complaint, intent only on the one purpose. Among them were some of the most prominent women of the city.

HER SON SUBJECT TO COUGH

"My son Edwin is subject to cough," writes Mrs. E. O. Girvin, New Kensington, Pa. "I put in many sleepless hours at night before I learned of Chamberlain's Cough Remedy. Mothers need not fear this disease if they keep a bottle of Chamberlain's Cough Remedy in the house and use it as directed. It always gave my boy relief." Obtainable everywhere.—Adv.

HIGH SCHOOL MOVIE STRONG FOR WILSON

Thousands of straw votes were taken in the city during the afternoon and evening. In nearly every store where several clerks were employed straw votes were taken, with differing results. In the high school the vote for President and Governor resulted as follows: Hughes 177, Wilson 145; Davis 194, Alexander 124. Opinions differed as to the general vote of the Business Women's association, which held its regular weekly meeting last night. The members themselves wondered about the general voting ideas of the association and a straw vote was taken showing: Hughes 19, Wilson 11, Davis 24, Alexander 1. After the straw vote had been taken at the Business Women's meeting, ballot voting took place for teacher and assistant for the literary department and instructor and assistant in the gymnasium department. One member, when she was about to hand in her slip, exclaimed in amazement: "Why, I forgot what I was doing and voted for Hughes." Early laughter followed the announcement and a number of enthusiastic Hughes members rushed over and enthusiastically shook the hand of the absent-minded member.

RUPERT TO HAVE NEW OPERA HOUSE

Lots Purchased Preparatory to Erection of Theatre and Picture Show Building

A deal was closed on Monday of this week whereby Ward Wilson became the owner of the W. N. Shilling and George Ballard lots, opposite the Booth Idaho Mercantile company and adjoining the Mitchell property, on Fremont avenue, and it is understood he will put up an opera house and picture show building next spring, says the Rupert Pioneer-Record.

Mr. Wilson has selected one of the very best locations in the city for this enterprise and one upon which a number of people have looked with longing eyes, having the same idea in view. All details concerning the new building are yet to be worked out, but by this time operations can begin in the spring everything will be in readiness and Rupert will have one of the most modern playhouses in the state.

FIRM BELIEVER IN TWIN FALLS' FUTURE

BUFFALO BUSINESS WOMAN HAS GREAT FAITH IN THE GROWTH OF TOWN AND COUNTRY

Mrs. John Hickler, Proprietor of Hickler's Cash Store, Business After Five Years—Sees Many Changes—Sees H. A. Hale as New Manager for Her Store—Will Make Many Alterations and Improvements

It takes an absence of a few years to make one realize the really sweeping changes and rapid growth of a town and country like Twin Falls, according to Mrs. John Hickler, a business woman of Buffalo, N. Y., who, with her daughter, Mrs. C. A. Dornier of Montreal, is registered at the Rogerson.

"I was never more enthusiastic over the future prospects of Twin Falls than now," declared Mrs. Hickler, who as owner of Hickler's Cash store, has always kept an active interest in the growth of the town. Five years have elapsed since Mrs. Hickler's last visit in Twin Falls, business interests having always intervened just when she was planning to make a trip out here. Commenting upon the business growth of the town, Mrs. Hickler says: "It takes a non-resident to really see what has been done and is being done in building up the town. In my opinion, business conditions here were never so good and all indications point to a continued rapid growth and development. I have faith in Twin Falls." As an evidence of the sincerity of her statement, Mrs. Hickler has ordered extensive improvements and enlargements in the Hickler's Cash store and intends to remain here until the first of January to see that they are carried out. In the development of the town, Mrs. Hickler has employed H. A. Hale, formerly with the Idaho Department store, as manager. Mr. Hale will assume charge the first of December, taking the place of C. L. Binkert, who has been manager since the departure of Captain P. W. McRoberts for the border. Mr. Hale has been advertising manager at the Idaho Department store for the past few years and in that position has become well and favorably known to the people of Twin Falls.

BUHL CHEESE GIVEN HIGH RECOGNITION

Idaho Wins Second Premium in Annual Competition of Cheese-makers

In the American cheese division in the big show at Springfield, Mass., the Clover Leaf Cheese factory was second premium among all competitors, says the Buhl Herald. The score of the Buhl cheese was but a slight fraction under the first prize winner. In all divisions in the cheese show Idaho cheese stood high, and the Western cheese-makers won over the Eastern states and over the far-famed dairy state of Wisconsin.

The show which is held at Springfield is one of the big events of the United States and exhibitors from every state compete with all dairy products. It is interesting and an honor to the Buhl country, that the cheese made at the Kunze factory should receive such high recognition. Mr. Kunze states that the cheese factory he formerly owned at Tillamook, Ore., won highest honors in the American cheese division and was awarded the gold medal.

NOBODY KNOWS.

THOSE who recall the election of eighteen hundred ninety-two will be struck with the similarity existing as to the head of the ticket then and now.

For four days Harrison was generally acclaimed President-elect. Many Democrats conceded his election and all Republicans were

convinced that Cleveland was hopelessly beaten. On the fourth day some new features were encountered as the count progressed. These were strengthened by subsequent returns and at the end of seven days Grover Cleveland was universally hailed as the next President of the United States.

In the present election returns to date do not permit of a definite announcement of victory for either candidate. Neither side will concede the election of the head of the opposite ticket, and until such concession is made it will be dangerous to assign the victory to either. It may be some days before the matter is cleared up.

A similar situation exists in Idaho with relation to the office of Governor. The result is apparently so close that a complete count will be necessary to establish the claims of either.

HEAVY VOTE IS CAST AT KIMBERLY

Total Is 100 Larger Than at Any Election Ever Held There Before

KIMBERLY.—Election day in Kimberly was a busy one, there being 470 votes cast, which is about 100 larger than ever before at an election.

The recent bad weather has delayed the digging of the beet roots. The latter is about all in, but many of the beets are yet to be dug. George Lutz left Tuesday evening for California and other points, where he will spend the winter months.

John Balch, wife and son left Tuesday evening for St. Louis, where they will visit friends and relatives.

Mrs. C. T. Brown left Wednesday morning for her old home in Iowa, where she will visit for some time with her parents and friends.

Dr. J. N. Davis and F. J. Belden have returned from the Sawtooth mountains, where they were hunting last week. They report one deer to their credit.

W. A. Gill and wife have returned after a few weeks' visit with relatives in Nebraska.

W. F. Brockton and W. R. Summers were elected as justices of the peace in Kimberly precinct and W. B. Silvers landed the office of constable.

W. S. Martin has about completed his new house west of the new school.

H. P. Brown and J. C. Stange have bought two lots west of the new school and will build on them.

Henry Jones, A. B. Norton and H. P. Larsen were here Saturday attending the regular meeting of the directors of the Bank of Kimberly.

The Ladies' Aid of the M. E. church served dinner on election day, and the ladies of the Christian church served supper the same day. Both received good support and the proceeds will be used in helping pay for the new grand old walks about the church and other expenses.

J. M. Stoolsmith expects to erect two new residences on his lots in the east part of town, which he will rent.

GRATEFUL THANKS

We would extend grateful thanks to the many lady volunteers of the churches who so faithfully and bravely assisted the few members of the W. G. T. U. who were able to work in the cold and wind on election day. We might, indeed, have a "dry Idaho." Also thanks are due the Anti-Saloon league for its splendid business methods and support, and all who helped in any way.

NOTICE

The replacing of the wooden sidewalks throughout the city with concrete and the building of new concrete sidewalks where there are no sidewalks, and where such sidewalks are needed will be ordered in by the City Council at an early date. AND SPEND IT ON SHOWS

"It is really cheaper to own your own home than to pay rent!"
"Of course it is. When you live in a rented house you are always dissatisfied about something, and you move on an average about once a year. But when you own your house you have to stay there whether you like it or not, and so that way you save all the moving expenses."

THE REAL MEANING

Justice Hughes was talking about the American business man.

"It is hard and cruel," said the justice, "which puts the American business man at the very top of the tree. He doesn't know the meaning of the word failure."

"A little boy said to his father, a millionaire business man:

"What's a failure?"

"That," replied the father, "is the condition on which he was going with his gold fountain pen, and answered:

"Failure, my son, is spare time that Providence affords you for cleaning up various jobs of unfinished work."

"The eternal question-asker turned to the guide, and said:

"The guide chuckled before he answered:

"No, madam. Never more than once."

Contractors of the city, Ray Atwood and others appeared before the city council Wednesday night and asked that body to reduce or rescind the water

rates on construction work. Upon resolution by Parrott, seconded by Brack, accepted and filed with the city clerk, and the city attorney was instructed to draft an ordinance requiring all builders to make application for a builder's permit to the city clerk. For all building construction a flat water rate will be charged, about \$10 for the business block and about \$1.50 for the ordinary residence.

Other business transacted by the council included the acceptance and fil-

ing of the monthly reports of the various city officers, included in which this time was the semi-annual report of the city treasurer and the city clerk.

1916 has been an unusual year with us in several ways. For instance, Christmas sittings were made in July in our studio this year—the earliest record for holiday work we have ever had in all our studio experience. These sittings were made for people who planned to lay all the pictures aside for holiday gifts.

Pictures that are out of the ordinary in style and excellence—that's the kind we make.

July may seem too soon to have pictures taken for Christmas giving, but in planning for photographs, it is very much better to be extremely early than it is to depend upon extremely late sittings.

The days are short in December, the daylight is bright for such a little time each day, and last but not least, several hundred other people are eager for photographs just when you are trying to hurry us in the finishing of yours.

The best service presupposes time enough for thoughtful work; the best service can not be unduly hurried—Come early.

LAWYERS MAY ALSO REJOICE

The standard of success neatly portrayed in Short Stories will be appreciated by the devotees of church basins: Mabel—Was your basins a success? Gladys—Yes, indeed, the minister will have come to be grateful. Mabel—How much were the profits? Gladys—Nothing. The expenses were more than the receipts, but ten of us got engaged and the minister is in for a good thing in wedding fees.

FRANKS THE MARK

The minister of a Scottish village being away on a holiday, a young deputy took over his duties. During the long journey north he had caught cold, and arrived at the village late on Saturday night with a headache which threatened to spoil his preaching powers next morning. After being shown to his room he suddenly decided to have a glass of hot toddy and sang the hymn which sounded rather undecidedly. When the servant appeared he remarked pleasantly: "That bell seems to be like myself—a bit hoarse." "Ay," replied the girl, calmly, "it's cracked."

WELL, HANLEY

"Did the star impress you with the sincerity of her performance?" "She did. In fact, I'm sure the tears she shed were genuine." "Why do you think so?" "As the play was a tragedy, and not a comedy, I don't think she would have dared to assume a 'handkerchief' that had been previously soaked in water."

A clearing house of building ideas for the prospective home builder—

—that correctly describes our lumber office, and especially so for the man who wants a combination of attractiveness and moderate cost in his new home.

A few minutes spent in looking over our "Cottage Home Series" of Customers-Aid Plans, may readily prove worth your while.

These Customers-Aid Plans are what their name implies. They do not attempt the completeness and thoroughness available from the professional architect.

—but they will help you to get your ideas carried out by either your architect or your contractor. And the service costs you nothing.

What might have been a fatal accident occurred here Friday. John Wilkinson, manager and overseer of the potato sales on this tract, was returning from Burley to Kimberly on his speeder. Near Murtaugh some children had put rocks on the track, which threw the speeder off the track onto Mr. Wilkinson. A few bones were crushed in his left foot and a deep gash cut in his leg.

Little Johnnie Silvers had his finger cut off while topping beets last week. Beets are being piled on the town dump, but the beet company has not yet finished the dump. If this weather continues the farmers may not get their beets out till spring.

The linemen for the Idaho Power company are working in Hollister and vicinity and we are informed that the are lights will be removed and incandescent lights will take their place on main street. It is claimed they will give a stronger light and consume much less current.

There were a number of people in town yesterday, it being election day, and despite the raw weather, most of the voters came out. There were 204 votes cast and the judges did not finish counting till nearly 10 o'clock. A number of people gathered down town to receive the early reports.

The Ladies' Aid of Hollister held a business and social meeting at the church last week and some 40 covers were laid for members and visitors. They report a most excellent meeting.

FOUR DAYS CONDENSED TO TWENTY SECONDS. Four days for the taking of one scene which appears on the screen for not more than fifteen or twenty seconds, has established a new record for motion picture accuracy, and the scene will be shown at the Idaho on Monday and Tuesday, when Blanche Sweet will be seen in the Jesse L. Lasky production of "The Public Opinion," a photo-play written especially for the star by Margaret Turnbull, the celebrated novelist. It is shown on the Paramount program.

The arrangements were entered into recently for the exhibition of the famous Jungle Comedies to be shown at the Idaho every Friday and Saturday for a few weeks only.

In these pictures will appear the educated E. & R. Jungle trained animals. The first showing will be "Faint Hearted," a picture of a lioness, which, in which will appear Napoleon the Great and Sally his mate, the two chimpanzees.

The children's program shown every Saturday at 2 p. m. and 3:30 p. m., are proving more than a success. Last Saturday there were fully 300 waiting to get seats. We should appreciate it if more would make an effort to be present at the commencement of the first show, which will always be at 2 o'clock sharp.

DELICIOUS APPLES. Philie's Delicious apples are on the track. Can be distributed Thursday.

YEOMAN MEETING. Business of importance will be transacted at the regular meeting of the Yeoman at the Elgin hall Friday night. All Yeomen are urged to be present.
